

**THE PATENTS ACT 1977**

CLAIMANT Highway Care Ltd  
RESPONDENT Laura Metaal Eyselshoven BV  
ISSUE Application under section 72 for  
revocation of UK patent GB2403500  
HEARING OFFICER H Jones

---

**DECISION**

- 1 The application for revocation had been stayed to allow for a mediation to take place between the parties. It has since been confirmed that the parties have now agreed a settlement in respect of this matter and the claimant thereby requests withdrawal of the application. In such circumstances, it is normal for the comptroller to consider whether the grounds for revocation should be pursued in the public interest, and the parties were informed of this in an Office communication dated 5 February 2019.
- 2 Having carefully considered the grounds for revocation set out in the claimant's statement of case dated 19 March 2018, I decide to make no order for revocation of the patent.

**H Jones**  
Deputy Director, acting for the Comptroller
