ISSUE	Mention of additional inventor for patent number GB2551310
HEARING OFFICER	Susan Eaves

DECISION

- 1 Air Purification Skroll Ltd the patent proprietor, has filed an application in accordance with rule 10(2) of the Patents Rules 2007 to the effect that James Holcroft should have been mentioned as a joint inventor.
- 2 Air Purification Skroll Ltd the patent proprietor and Colin Thomas Billet the existing named inventor have filed written consent in support of the application. James Holcroft has also consented to being mentioned as a joint inventor. As such the application is treated as uncontested. I therefore conclude that James Holcroft should be named as a joint inventor along with Colin Thomas Billet.
- 3 Accordingly I find that James Holcroft should be mentioned as a joint inventor in the published patent application and the granted patent for the invention. I therefore direct, in accordance with rule 10(1), that an addendum slip be prepared to reflect this for the published patent application and the granted patent for the invention.
