Printed list of National Trade marks accepted for opposition purposes as shown in Trade Marks Journal No 2016/053 published 30 December 2016.

Please note that the opposition period for the trade marks contained in this printed list began on 30 December 2016.
Printed List of Applications Published for Opposition Purposes Under the 1994 Act

UK00003202667  16 December 2016
(35)
MagicBiz Members Club, MAGICBIZ

Class 35:
Administration of a discount program for enabling participants to obtain discounts in restaurants, activity and entertainment centres, hair and beauty salons, hotels through use of a discount membership card.

Magicbiz Ltd

UK000031998513  24 November 2016
(6, 7, 8, 9, 11, 21, 24)

TOWER

Class 6:
Bins, containers, racks, towel holders, and towel dispensers, all being wholly or principally of metal; soundproof cabinets [structures] of metal; fire safe cabinets [safes] of metal; fireproof cabinets of metal [other than furniture]; ladders and steps; parts and fittings for all the aforesaid goods.

Class 7:
Electric kitchen apparatus and appliances; electric blenders; electric meat grinders; electric mincing machines; food processors; electric food processors; electric salt and pepper mills; knives, electric; electric food choppers; mixers [machines]; food mixers (electric -); aerated beverage making machines; food slicing machines; can openers; food preparation and processing machines; food mixers and processors; electric knives; pressure valves [parts of machines]; electric appliances for preparing drinks; electric appliances for preparing food; electrically operated mixing appliances for kitchen use; electric carving knives; electric coffee grinders; electric graters; electric juice extractors; electric knife sharpeners; electric meat slicers for kitchen use; electric mixers for mixing food; electric meat slicers for kitchen use; ironing machines; clothes pressing machines; floor sanders; floor polishers; floor buffers; floor cleaning machines; polishing discs for use with electric floor polishers; pads for floor polishing and floor cleaning machines; floor washing machines; floor scrubbing machines; automatic floor scrubbers; electric vacuum cleaners; vacuum pads for vacuum pump machines; vacuum cleaner bags; vacuum cleaner hoses; vacuum cleaners for cars; hand-held vacuum cleaners; carpet and rug washing machines; carpet and rug beaters (electric -); carpet and rug cleaning machines; carpet and rug shampooers; electric steam mops; parts and fittings for all the aforesaid goods.

Class 8:
Knives parts and fittings for all the aforesaid goods.; kitchen knives; household knives; table knives; carving knives; electric irons; electric steam irons; flat irons; hand-operated food processors; vegetable choppers; cutlery, forks and spoons; blade sharpeners; knife holders; parts and fittings for all the aforesaid goods.

Class 9:
Pressure valves; Pressure indicator plugs for valves; weighing scales; electronic weighing scales; battery chargers; parts and fittings for all the aforesaid goods.

Class 11:
Domestic apparatus for lighting, heating, cooking, refrigerating, freezing and drying; installations and appliances for cooking; appliances for heating foodstuffs and beverages; domestic electric heating utensils; installations for cooking; appliances for cooking and heating foodstuffs or beverages; domestic electric heating and cooking utensils; electric pressure cookers; electric kettles; ovens; microwave ovens; boiling spits; boiling devices; coffee roasting machines; appliances for making and cooking pies; electric panini makers; ice makers; ice cream makers; coffee makers; electric espresso machines; electric deep fryers; electric fryers; toasters; kettles; rotisseries; grills; grill lighters; cooking grills; barbecue grills; electric vegetable steamer; electric food steamer; electric casseroles; electric pans; electric soup makers; electric cookers; digital cookers; home bread makers; apparatus for smoking food; electric sandwich makers; pressure cookers, electric; valves for electric pressure cookers; parts and fittings for electric pressure cookers; refrigerated cabinets for the storage of food and drink; griddles, electric; heated towel rails; electric cooking utensils and containers; tea machines; steam sterilizers for floors; parts and fittings for all the aforesaid goods.

Class 21:
Kitchen utensils; small domestic utensils and containers; kitchenware, cookware, tableware, glassware, stoneware, earthenware; articles made of china and of porcelain; roasting dishes; roasting pans; racks for roasting food; non-electric pressure cookers; non-electric blenders; non-electric meat grinders; dust bins not of metal; bread bins not of metal; towel racks; spice racks; mug racks; vegetable racks; non-electric ice cream makers; pressure cookers; valves for pressure cookers; parts and fittings for pressure cookers; coffee makers, non-electric; coffee filters not of paper being part of non-electric coffee makers; non-electric deep fryers; non-electric fryers; non-electric kettles; grill supports; grill scrapers [cleaning articles]; grills in the nature of cooking utensils; steamer baskets; steamers [cookware]; non-electric food steamers; casseroles [dishes]; grill pans; cooking pans; metal pans; pie pans; cookware [pots and pans]; bread bins; bread boards; cutting boards; mug trees; salt and pepper mills; graters for kitchen use; knife blocks; kitchen mixers, non-electric; mixers, manual [cocktail shakers]; storage jars; food storage containers; griddles [non-electric]; floor brushes; floor cloths; anti-static cloths for household use; floor wax applicators mountable on a mop handle; carpet sweepers; mops; buckets; parts and fittings for all the aforesaid goods.

Class 24:

List of cases accepted for opposition purposes as shown in Journal 2016/053 published on 30 December 2016.
Domestic textile articles; table covers and cloths; napkins; table mats; coasters; curtains; cushion covers; towels; tea towels; parts and fittings for all the aforesaid goods.

**R K Wholesale Ltd**

**Representative:** Groom Wilkes & Wright LLP

'The Haybarn' Upton End Farm Business Park Meppershall Road Shillington, Hitchin, SG5 3PF, GB

UK00003202038 13 December 2016

(1, 3, 21)

Class 1:
Chemicals used in industry, science and photography, as well as in agriculture, horticulture and forestry; chemical sprays for cleaning purposes; dust removal chemicals; chemicals for the removal of dust and dirt; gas propellants for aerosols; gaseous hydrocarbon compounds; gases for use with aerosols; inert gases for industrial use; gas mixtures for use in cleaning; liquefied gases for use in aerosol dispensers; liquefied gases, other than for medical use; Canned pressurized gases for cleaning purposes.

Class 21:
Articles for cleaning purposes; aerosol dispensers, not for medical purposes; cleaning cloths and instruments; cleaning materials namely cleaning articles; brushes, dusters, pads, mops, sponges; cleaning wipes namely articles for cleaning purposes; plastic spray nozzles; parts, fittings and accessories for all the aforesaid goods.

Class 26:
Lace; embroidery; ribbons; braid; buttons; hooks and eyes; pins; needles; artificial flowers.

**Simply Breathe Ltd**

UK00003202655 16 December 2016

(1)

Class 1:
Nitrogenous fertilisers; Liquid fertilisers; Additives (Chemical -) for fertilisers; Phosphates [fertilisers]; Fertilisers for soil and potting soil; Compound fertilisers; Fertilisers consisting of compounds of nitrogen; Organic fertilisers; Fertilisers, and chemicals for use in agriculture, horticulture and forestry; Fertilisers.

**Angus Horticulture Ltd**

UK00003189099 04 October 2016

(3, 14, 26)

Class 3:
Perfumery; essential oils; cosmetics; make-up; eye make-up; eyeliners; blushers; lipsticks; hair lotions; soaps.

Class 14:
Precious metals; jewellery; precious stones; chronometric instruments.

Class 26:
Lace; embroidery; ribbons; braid; buttons; hooks and eyes; pins; needles; artificial flowers.

**LULU**

UK00003189099 04 October 2016

(3, 14, 26)

Class 9:
Recording discs; compact discs, DVDs and other digital recording media.

Class 35:
Business management of performing artists.

Class 36:
Charitable fund raising services.
Class 41:  
Entertainment and entertainment services and production;  
live entertainment and entertainer services; arranging and  
conducting of concerts; music composition services; production  
of music; providing on-line music and videos (both not  
downloadable); orchestra services; organisation of exhibitions  
for cultural, musical or educational purposes; presentation of live  
performances; production of shows; theatre productions.

LA FOLIA MUSIC LIMITED  
Representative: Paris Smith LLP  
No 1 London Road, Southampton, SO15 2AE, GB

Mark 1

The Romantic POETS

Mark 2

The Romantic POETS

Application for a series of 2 marks.

Class 33:  
Alcoholic beverages, gin, spirits, whisky and whisky based  
liqueurs.

Speyside Distillers Company Limited  
Representative: Murgitroyd & Company  
Scotland House 165-169 Scotland Street, GLASGOW, G5 8PL, GB

Mark 1

UK00003202770  16 December 2016  
(33)

Mark 2

UK00003202940  19 December 2016  
(11, 37, 42)

Class 11:  
Air conditioning, heating, steam extraction, refrigerating, drying  
and ventilating apparatus and installations; air conditioning  
and ventilating installations, plant and apparatus; air filtering  
and purifying apparatus; radiators for buildings; dehumidification  
units; ventilators and air distribution systems; air purifying  
apparatus, air cooling equipment; fans, fan coils and air  
blowers; mechanical ventilation & heat recovery apparatus and  
installations; parts, components and accessories, included in class  
11, for all the aforesaid goods, controls for all the aforesaid goods,  
and parts, components and accessories for these controls, all  
included in class 11.

Class 37:  
Installation, maintenance and repair of air conditioning, heating,  
steam extraction, refrigerating, drying and ventilating apparatus  
and installations; installation, maintenance and repair of air  
conditioning and ventilating installations, plant and apparatus;  
installation, maintenance and repair of air filtering and  
purifying apparatus; installation, maintenance and repair of  
radiators for buildings; installation, maintenance and repair of  
dehumidification units; installation, maintenance and repair of  
ventilators and air distribution systems; installation, maintenance  
and repair of air purifying apparatus and air cooling equipment;  
installation, maintenance and repair of fans, fan coils and air  
blowers; installation, maintenance and repair of mechanical  
ventilation & heat recovery apparatus and installations;  
installation, maintenance and repair of controls, components,  
parts and fittings.

Class 42:  
Surveying buildings and structures to assess the requirements for  
air conditioning, heating, steam extraction, refrigerating, drying  
and ventilating apparatus and installations; surveying buildings  
and structures to assess the requirements for air conditioning  
and ventilating installations, surveying buildings and structures  
to assess the requirements for plant and apparatus; surveying  
buildings and structures to assess the requirements for mechanical  
ventilation & heat recovery apparatus and installations;  
surveying buildings and structures to assess the requirements for  
air purifying apparatus, air cooling equipment; surveying buildings  
and structures to assess the requirements for fans, fan coils and air  
blowers; surveying buildings and structures to assess the requirements  
for mechanical ventilation & heat recovery apparatus and  
installations; designing and configuring air conditioning, heating,  
steam extraction, refrigerating, drying and ventilating apparatus  
and installations; designing and configuring air conditioning  
and ventilating installations, plant and apparatus; designing and  
configuring air filtering and purifying apparatus; designing and  
configuring radiators for buildings; designing and configuring  
dehumidification units; designing and configuring ventilators  
and air distribution systems; designing and configuring air  
purifying apparatus, designing and configuring air cooling  
equipment; designing and configuring mechanical ventilation &  
heat recovery apparatus and installations; parts, designing and  
configuring control equipment.

UK00003202748 16 December 2016 (33)

Class 33:
Cider; Ciders; Dry cider; Sweet cider; Perry.

Love Brewing Limited
UK00003188924 03 October 2016 (44)
List of cases accepted for opposition purposes as shown in Journal 2016/053 published on 30 December 2016.

Class 44:
Hairdressing services; Haircare services.
Suzanne Kohler
UK00003202788 16 December 2016
(37)

Class 37:
Chimney sweeping.
Anthony Douglas Preston
UK00003202804 16 December 2016
(9, 10, 16, 35, 36, 37, 38, 39, 41, 42, 44, 45)
the form of printed circuits; Digital music downloadable provided from a computer database or the internet; Microcircuits data carriers; Recorded data files; Time data generators; Data buffers; Data communications receivers; Data exchange units; Data networks; Blank magnetic data carriers; Magnetic data carriers, recording discs; Data terminals; Video games [computer games] in the form of computer programs recorded on data carriers; Computer software for creating searchable databases of information and data; Data encryption apparatus; Data encoding apparatus; Recorded data [magnetic]; Data processing equipment and accessories (electrical and mechanical); Computer networking and data communications equipment; Data loggers and recorders; Interface cards for data processing apparatus; Memory devices for use with data processing apparatus; Machine-readable data carriers recorded with programs; Data processing programs recorded on machine-readable data carriers; Apparatus for verifying data on magnetically encoded cards; Prerecorded data carriers for use with computers; Electronic databases recorded on computer media; Computer chips for use in transmitting data to and from a central processing unit; Blank tapes for storage of computer data; Central processing units for processing information, data, sound or images; Data carriers containing stored typographic typefaces; Computers for use in data management; Computer software for database management; Computer software programs for database management; Database management software; Data processing apparatus; Data-processing apparatus; Apparatus for the processing of data; Apparatus for data processing; Data processing equipment; Watchbands that communicate data to smartphones; Data gloves; Data suits; Augmented reality software for use in mobile devices for integrating electronic data with real world environments; Cases for data storage devices; Computer utility programs for data compression; Covers for data storage devices; Data compact discs; Data synchronization cables; Wireless communication devices for voice, data, or image transmission; Data loggers; Prerecorded magnetic data carriers; Computer software to enable retrieval of data; Computer software for the collection of positioning data; Computer software for the compilation of positioning data; Computer software for the processing of positioning data; Computer software for the transmission of positioning data; Computer software for the dissemination of positioning data; Computer hardware for the collection of positioning data; Computer hardware for the compilation of positioning data; Computer hardware for the processing of positioning data; Computer hardware for the transmission of positioning data; Computer hardware for the dissemination of positioning data; Peripheral devices for data reproduction; Magnetic data carriers bearing recorded software; Optical data carriers bearing recorded software; Watchbands that communicate data to other electronic devices; Computer programs for accessing, browsing and searching online databases; Apparatus for recording data; Apparatus for the reproduction of data; Apparatus for broadcasting sound, data or images; Downloadable computer software for the management of data; Downloadable computer software for the transmission of data; Downloadable mobile applications for the management of data; Downloadable mobile applications for the transmission of data; Software for the analysis of business data; Magnetic cards for carrying data; Speech analytics software; Artificial intelligence apparatus; Scientific specimens for laboratory use; Nucleic acid sequencers for scientific purposes; Imaging devices for scientific purposes; Ionization apparatus for scientific or laboratory use; Prisms for scientific purposes; Glass tubes for scientific purposes; Cases fitted with dissecting instruments for scientific or research purposes; Air-gas producers for scientific experiments in laboratories; Models for scientific experiments in laboratories; Glassware for scientific experiments in laboratories; Scientific apparatus for determining the water content in petroleum products; Liquid chromatography columns for scientific use; Scientific research and laboratory apparatus, educational apparatus and simulators; Scientific apparatus and instruments; Liquid chromatography injectors for scientific use; Temperature sensing apparatus for scientific use; Chromatogram analyzers for scientific or laboratory use; Incubation plates for scientific or laboratory use; Incubation dishes for scientific or laboratory use; Magnetic separators for scientific use; Instruments for recording heart activity [for scientific purposes]; Tubes [pipettes] for scientific use; Satellites for scientific purposes; Temperature sensitive testing apparatus for scientific use; Anaerobic chambers for laboratory or scientific use; Spirometers for scientific use; Instruments for diagnosis [for scientific use]; Membranes for filtration [scientific]; Vacuum probes for scientific use; Heat exchange crucibles for scientific use; Glassware for scientific use [specifically adapted]; Separation columns for scientific purposes; Temperature measuring apparatus for scientific use; Diaphragms for scientific apparatus; Chromatographs for scientific or laboratory use; Chromatography instruments for scientific or laboratory use; Vials for scientific purposes; Probes for scientific purposes; Temperature meters for scientific use; Lasers for scientific use; Immunostaining instruments [for scientific purposes]; Temperature monitors for scientific use; Distillation apparatus for scientific purposes; Bioreactors for research use; Electrodes for laboratory research; Cases fitted with dissecting instruments for scientific or research purposes; Laboratory instrument for the detection of pathogens and toxins in a biological sample for research use; Petri dishes used in laboratory research; Research laboratory analyzers for measuring, testing and analyzing blood and other bodily fluids; Scientific research and laboratory apparatus, educational apparatus and simulators; Geophysical research apparatus; Software for online messaging; Computer programs for accessing, browsing and searching online databases; Artificial intelligence apparatus.

Class 10: Medical instruments for recording physiological data; Medical apparatus for the display of tomographic data; Medical instruments for reproducing physiological data; Membrane test plates for use in medical research.

Class 16: Printed news releases; News bulletins; Newsletters; Printed newsletters; Daily newspaper; Newspapers; Newsprint paper; Magazine supplements for newspapers; Data books; Data processing programmes in printed form; Journals; Blank journals; Legal journals; Medical journals; Trade journals; Printed research reports.

Class 35: Providing advertising space in periodicals, newspapers and magazines; Arranging for the provision of advertising space in newspapers; Administration of newspaper subscription [for others]; Arranging newspaper subscriptions; Advertising in periodicals, brochures and newspapers; Advertising services relating to newspapers; Newspaper advertising; Subscriptions (arranging of) to books, reviews, newspapers or comic books; Newspaper subscriptions; Arranging newspaper

List of cases accepted for opposition purposes as shown in Journal 2016/053 published on 30 December 2016.

8
submissions for others; Newspaper subscription services for others; Newspaper subscription (Arranging -) for others; Subscriptions (Arranging newspaper -) for others; Arranging of newspaper subscriptions for others; Subscriptions for newspapers (Arranging of for others -); Analysis of market research data; Employment consultancy services relating to data processing personnel; Updating of advertising information on a computer database; Online data processing services; Market research by means of a computer database; Market research by means of a computer database; Data transcription; Updating and maintenance of data in computer databases; Information services relating to data processing; Compilation of mathematical data; Compilation and systemization of written communications and data; Data processing; Data processing services; Data processing management; Electronic data processing; Provision of computerized data relating to business; Provision of computerized business information data; Market research data retrieval services; Provision of business data; Provision of commercial business information by means of a computer database; Computerized data processing; Computer data processing; Commercial information agencies [provides business information, e.g., marketing or demographic data]; Dissemination of data relating to advertising; Compilation of statistical data relating to business; Interpretation of market research data; Data-based stock control; Data search in computer files for others; Data searches in computerized files for others; Commercial information services provided by access to a computer database; Collection of data; Updating of business information on a computer data base; Database marketing; Compilation and input of information into computer databases; Subscriptions to telecommunications database services; Data processing services in the field of healthcare; Data processing services in the field of payroll; Data processing services in the field of transportation; Compilation of information into computer databases; Computer databases (Compilation of information into -); Compiling of information into computer databases; Compilation of data in computer databases; Advice on the analysis of consumer buying habits and needs provided with the help of sensory, quality and quantity-related data; Administrative data processing; Collection and systematization of business data; Provision of commercial information from online databases; Data retrieval services; Collating of data in computer databases; Computerized point-of-sale data collection services for retailers; Advertising services provided via a data base; Preparation of business statistical data; Data entry and data processing; Business data analysis services; Business data analysis; Management and compilation of computerized databases; Compilation of business data; Compilation of statistical data relating to medical research; Data-based stock location services; Computerized data verification; Advertising services relating to data bases; Business information services provided on-line from a computer database or the internet; Consultancy relating to data processing; Data management services; Compilation and systematization of information in databanks; Compilation and systematization of information into computer databases; Compilation and systematization of information into computer databases; Compilation of statistical data for use in scientific research; Data compilation for others; Data collection [for others]; Statistical evaluations of marketing data; Business consultancy services relating to data processing; Data processing verification; Analysis of market research data and statistics; Systemization of information into computer databases; Systematization of data in computer databases; Computer databases (Systemization of information into -); Systematization of information into computer databases; Information and data compiling and analyzing relating to business management; Data processing for businesses; Data processing for the collection of data for business purposes; Advisory services relating to data processing; Compilation of computer databases; Provision of information relating to data processing; Automated data processing; Advisory services relating to electronic data processing; Collection and systematization of information into computer databases; Market research data collection services; Providing business information, also via internet, the cable network or other forms of data transfer; Dissemination of data relating to business; Computerized database management; Database management; Computerized database management services; Database management services; Computerized data-base management; Computer database management; Computerized data management; Computerized database management services; Database-base management (Computerised -); Services comprising the recording of statistical data; Services comprising the transcription of statistical data; Services comprising the composition of statistical data; Outsourcing services in the field of business analytics; Arranging subscriptions to electronic journals; Subscriptions to electronic journals; Compilation of statistical data for use in scientific research; Compilation of statistical data for use in scientific research; Compilation of business statistics and commercial information; Business statistical studies; Statistical studies (Business -); Provision of statistical information relating to business; Provision of business statistical information; Statistical information (Provision of business -); Administration (Business -) relating to statistical methods; Business statistical information services; Compilation of statistics [for business or commercial purposes]; Compilation of statistics for business or commercial purposes; Market information services relating to market statistics; Preparation of business statistical data; Compilation of statistical data relating to medical research; Compilation of statistics relating to advertising; Obtaining business statistics [for others]; Provision of business statistical information relating to medical matters; Analysis of market research data and statistics; Statistical evaluations of marketing data; Consultancy relating to the preparation of business statistics; Compilation and provision of trade and business price and statistical information; Provision of computerised business statistics; Compilation of statistical models for the provision of market dynamics information; Compilation of statistical data relating to business; Collection of statistics for business; Collecting business statistics; Analysis of market research statistics; Compilation of business statistics; Analysis of business statistics; Business statistical analysis; Drawing up of business statistical information; Preparation of business statistics; Preparation of statistics [business]; Statistics (Preparation of business -); Compilation of statistics relating to health care utilization; Statistical analysis and reporting services for business purposes; Compilation of statistical information; Compilation of statistics; Statistics (Compilation of -); Statistical analysis and reporting; Services comprising the recording of statistical data; Services comprising the transcription of statistical data; Services comprising the composition of statistical data; Interviewing for market research purposes; Advertising research; Advertising research services; Research services relating to advertising; Research
and analysis in the field of market manipulation; Analysis of advertising response and market research; Research services relating to advertising and marketing; Business research; Research services relating to business; Research (Business -); Business research services; Conducting online business management research surveys; Marketing research and analysis; Market research consultancy; Interpretation of market research data; Marketing research in the fields of cosmetics, perfumery and beauty products; Market research data retrieval services; Business research and surveys; Business research and survey services; Business and market research; Conducting business and market research surveys; Analysis of market research statistics; Business analysis, research and information services; Market research; Marketing research; Market research studies; Marketing research services; Conducting of market research; Market research services; Research (Market -); Market analysis and research; Market research and analysis; Market analysis and research services; Market research and analysis services; Business research consulting; Market research services regarding customer loyalty; Market research services regarding Internet usage habits; Market research for advertising; Market research for compiling information on viewers of television; Analysis of market research data; Business research and information services; Business information and research services; Collection of information relating to market research; Collection of market research information; Conducting of business research; Market research and business analyses; Market research by means of a computer data base; Market research by means of a computer database; Computerised market research; Research of business information; Interviewing for qualitative market research; Market research data collection services; Advisory services relating to market research; Computerised business research; Analysis of market research data and statistics; Provision of market research information; Business research for new businesses; Market research and marketing studies; Consumer research; Compilation of statistical data relating to medical research; Market research for compiling information on readers of publications; Business research and advisory services; Commercial information research studies; Compilation of statistical data for use in scientific research; Market research services for publishers; Market research services relating to broadcast media; Computerized market research services; Business information services provided online from a global computer network or the Internet; Online ordering services; Conducting online business management research surveys; Providing searchable online advertising guides; Dissemination of advertising via online communications networks; Provision of commercial information from online databases; Online community management services; Online advertising network matching services for connecting advertisers to websites; Promoting the artwork of others by means of providing online portfolios via a website; Promoting the designs of others by means of providing online portfolios via a website; Online advertising via a computer communications network; Online advertising on a computer network; Provision of online price comparison services; Arranging subscriptions of the online publications of others; Online advertisements; Providing a searchable online advertising guide featuring the goods and services of other on-line vendors on the Internet; Conducting virtual trade show exhibitions online; Compilation of online business directories; Advertising the goods and services of online vendors via a searchable online guide; Dissemination of advertising matter online; Arranging commercial transactions, for others, via online shops; Providing online commercial directory information services.

Class 36: Information services relating to finance, provided on-line from a computer database or the Internet; Financial database services relating to commodities; Financial database services relating to foreign exchange; Financial information services provided by access to a computer database; Financial data base services; Financial database services relating to stocks; Financial database services relating to shares; Evaluation of credit bureau data; Computerised financial data services; Providing online information about reinsurance from a computer database or the Internet; Providing online information about insurance from a computer database or the Internet; Financial information provided by means of a computer database; Providing financial information by means of a computer database; Providing on-line stock exchange information from a computer database or the Internet; Stock exchange information provided on-line from a computer database or the Internet; Stock exchange information provided online; Providing financial information, data, advice and consultancy services; Provision of information and data concerning stock exchanges; Insurance research; Research (Insurance -); Research services relating to investment; Research services relating to finance; Financial research services; Research (Financial -); Research services relating to banking; Economic financial research services; Economic research services (financial); Research services relating to real estate acquisition; Financial investment analysis and stock research; Financial investment research services; Investment research; Financial analysis and research services; Financial research in the field of risk management; Venture capital funding services for research institutions; Providing fundraising activities to support medical research and procedures for those in need; Providing funding for research institutions.

Class 37: Maintenance and repair of data communications networks; Wiring of offices for data transmission; Maintenance of data communication networks; Maintenance of data-processing terminals; Installation of data network apparatus; Maintenance and repair of hardware for data processing apparatus; Recalibration of data processing apparatus; Maintenance of data processing apparatus.

Class 38: News agencies; News agency services; News agency services; Transmission of news; News agency services for electronic transmission; Sending [transmission] of news; News agency services for telecommunications; Electronic transmission of news; Transmission of news and current affairs information; Electronic news agency services; News agency services [transmission of news]; Cable transmission of sounds, images, signals and data; Transmission of data by teletypewriter; Transmission of data through the use of electronic image processing by telephone link; Leasing of access time to a computer database; Rental of access time to a computer database; Leasing access time to a computer database; Electronic transmission of data and documents via computer terminals; Electronic transmission of data and documents via computer terminals and electronic devices; Transmission of data, sound and images by satellites; Satellite transmission of data, sounds and images; Transmission of data, sound and images by satellite; Transmission of information by data communications for assisting decision making; Data transmission; Data transmission services; Transmission of

apparatus; Transmission of data by cable; Satellite transmission of sounds, images, signals and data; Providing access to electronic communications networks and electronic databases; Voice and data transmission services; Secure transmission of data, sound or images; Communication of data by means of telecommunications; Providing access to databases; Arranging access to a computer database; Provision of access to computer databases; Providing access to computer databases; Packet transmission of data and images; Providing access to multimedia content; Providing online chatrooms for the transmission of messages, comments and multimedia content among users; Provision of telecommunication access to video and audio content provided via an online video-on-demand service; Providing user access to a global computer network and online sites containing information on a wide range of topics; Transfer of information and data via online services and the Internet; Online document delivery via a global computer network; Online messaging services; Providing online facilities for real-time interaction with other computer users; Communication by online blogs; Providing access to online computer databases; Providing online forums; Providing an online interactive bulletin board.

Class 39:
Provision of data relating to timetables; Physical storage of electronically stored digital data, photographs, audio and image files; Physical storage of electronically stored data, documents, digital photographs, music, images, video, and computer games; Vehicle routing by computer on data networks; Provision of data relating to the transportation of passengers; Provision of data relating to methods of transport; Storage (Physical) of electronically-stored data or documents; Physical storage of electronically-stored data or documents; Physical storage of electronically stored data or documents.

Class 41:
Publication of documents in the field of training, science, public law and social affairs; Organisation of medical symposia relating to marine sciences; Organisation of conferences and symposia in the field of medical science; Conducting of educational courses in science; Courses (Training) relating to science; Education in the field of computing science; Training services relating to the science of primary cause analysis by hypnosis; Publishing a newspaper for customers on the Internet; Multimedia publishing of magazines, journals and newspapers; Rental of newspapers and magazines; News programming services for transmission across the internet; News syndication reporting; Publication of newspapers, periodicals, catalogs and brochures; Providing online information and news in the field of employment training; Online publication of electronic newspapers; Multimedia publishing of newspapers; Newspaper publication; Publishing of newspapers; Publication of newspapers; Newspaper publishing; Online library services, namely, providing electronic library services which feature newspapers, magazines, photographs and pictures via an on-line computer network; News reporters services; News reporting; Reporters services (News); News reporting services; News reporter services; News syndication for the broadcasting industry; Library services provided by means of a computerised database containing information extracted from newspapers; News programme services for radio or television; Services for the publication of newsletters; Publishing of newsletters; Preparation of news programmes for broadcasting; Provision of television news shows; Publication of electronic newspapers accessible via a global computer network; Provision of information relating to entertainment online from a computer database of the Internet; Education in the field of data processing; Publication of material which can be accessed from databases or from the internet; Information relating to entertainment, provided on-line from a computer database or the internet; Analyzing educational tests scores and data for others; Electronic data processing training; Tuition in data processing; Library services provided by means of a computerised database containing information extracted from newspapers; Services for setting up data processing teaching programs; Information relating to education, provided on-line from a computer database or the internet; Educational information provided on-line from a computer database or the internet; Electronic games services provided from a computer database or by means of the internet; Instructional services relating to data processing; Services for data processing instruction; Publication of material on magnetic or optical data media; Entertainment services provided on-line from a computer database or the internet; Training services relating to data communications; Provision of instruction relating to data processing; Educational services relating to data processing; Training relating to data processing; Education services relating to data processing; Education services for imparting data processing teaching methods; Provision of education on-line from a computer database or via the internet or extranets; Information relating to computer gaming entertainment provided online from a computer database or a global communication network; Education and training in the field of electronic data processing; Rental of recorded data carriers for entertainment purposes; Training in the use and operation of data processors; Library services provided by means of a computerised database; Library services related to data stored and retrieved by electronic means; Training courses relating to data base designs; Training in the use of data processing programs; Training relating to data processing techniques; Training in data processing techniques; On-line publication of electronic books and journals (non-downloadable); Publication of scientific information journals; Multimedia publishing of magazines, journals and newspapers; Multimedia publishing of journals; Publication of electronic books and journals on-line; Online publication of electronic books and journals; On-line publication of electronic books and journals on-line; Publishing of electronic books and journals online; Publication of electronic books and journals online; Publishing of journals; Publishing of journals; Publishing of journals; books and handbooks in the field of medicine; Publication of books, magazines, almanacs and journals; Freelance journalism; Publishing scientific papers in relation to medical technology; Publishing of scientific papers in relation to medical technology; Publishing and issuing scientific papers in relation to medical technology; Publishing of scientific information journals; Training for handling scientific instruments and apparatus for research in laboratories; Publishing of scientific papers; Online research library services; Research library services; Courses (Training) relating to research and development; Training for handling scientific instruments and apparatus for research in laboratories; Educational research; Research in the field of education; Provision of online tutorials; Publication of multimedia material online; Distance learning services provided online; Provision of online training; Electronic online publication of periodicals and books; Providing online electronic publications; Providing online electronic publications; Providing online electronic publications, not downloadable; Online research library services; Online reference service; Providing user access to a global computer network and online sites containing information on a wide range of topics; Transfer of information and data via online services and the Internet; Online document delivery via a global computer network; Online messaging services; Providing online facilities for real-time interaction with other computer users; Communication by online blogs; Providing access to online computer databases; Providing online forums; Providing an online interactive bulletin board.

List of cases accepted for opposition purposes as shown in Journal 2016/053 published on 30 December 2016.
library services; Online academic library services; Providing online courses of instruction; Online publication of electronic newspapers; Providing online training seminars; Providing information about online education; Online electronic publishing of books and periodicals; Online publication of electronic books and journals; Publishing of electronic books and journals online; Publication of electronic books and journals online; Online interactive entertainment; Provision of online information relating to audio and visual media.

Class 42:
Research relating to molecular sciences; Earth science services; Natural science services; Research in the field of materials science; Contract research services relating to molecular sciences; Technical consultancy in the field of environmental science; Providing science technology information; Professional consultancy relating to the science of ergonomics; Science and technology services; Advisory services relating to science; Basic and clinical research in the field of respiratory science and medicine; Research relating to science; Assessment in the field of science provided by engineers; Estimations in the field of science provided by engineers; Research in the field of science provided by engineers; Services for the design of electronic data processing software; Engineering services relating to data processing; Development of software for data and multimedia content conversion from and to different protocols; Design of computer databases; Database design; Database development services; Design of computer database; Leasing of computer software for reading a data base of price quotes; Development of data programs; Engineering consultancy relating to data-processing; Rental of computer software, data processing equipment and computer peripheral devices; Preparation of computer programs for data processing; Off-site data backup; Electronic data storage; Computerised data storage; Electronic data storage services; Providing search engines for obtaining data on a global computer network; Decoding of data; Design and development of data processing programs; Design and development of computer database programs; Consultancy relating to the design and development of computer database programs; Development of computer database software; Design and development of computer database software; Scientific research conducted using databases; Development of data processing apparatus; Design of data processing apparatus; Design and development of data processing apparatus; Design of data storage systems; Maintenance of data processing software; Design and development of data processing software; Design and development of data retrieval software; Providing scientific research information and results from an online searchable database; Rental services relating to data processing equipment and computers; Rental of data processing equipment and computers; Development of computer programs recorded on data media (software) designed for use in construction and automated manufacturing (cad/cam); Time sharing services for data processing apparatus; Design of cd-rom electronic format for computer databases; Design services relating to data processors; Engineering services relating to data processing technology; Design of software for data and multimedia content conversion from and to different protocols; Design of hardware for multimedia data storing and recalling; Development of data processing programs by order of third parties; Technical data analysis services; Design and development of data output systems; Provision of information and data relating to medical and veterinary research and development; Providing on-line information in the field of technological research from a computer database or the Internet; Providing search engines for obtaining data via communications networks; Rental of software for importing and managing data; Programming of software for importing and managing data; Design and development of software for importing and managing data; Providing temporary use of on-line non-downloadable software for importing and managing data; Rental of database management software; Programming of software for database management; Design and development of software for database management; Providing temporary use of on-line non-downloadable software for database management; Hosting of computerized data, files, applications and information; Electronic data back-up; Design and development of wireless data transmission apparatus; Design and development of wireless data transmission apparatus, instruments and equipment; Design and development of systems for data input, output, processing, display and storage; Design and development of data storage systems; Design and development of data display systems; Design and development of data processing systems; Design and development of data entry systems; Design and development of electronic database software; Programming of computer software for electronic language translation dictionaries and databases; Design and development of electronic language translation dictionaries and databases; Programming of computer software for evaluation and calculation of data; Design and development of computer software for evaluation and calculation of data; Programming of computer software for reading, transmitting and organising data; Design and development of computer software for reading, transmitting and organising data; Computer programming for data processing; Compression of data for electronic storage; Rental of computer database software; Development and maintenance of computer database software; Consultancy relating to the recovery of computer data; Software engineering services for data processing programs; Consultancy relating to computer database programs; Installation of database software; Installation and maintenance of database software; Installation, maintenance and updating of database software; Research in the field of data processing technology; Providing temporary use of non-downloadable software for analyzing financial data and generating reports; Hosting of databases; Computer programming for data processing and communication systems; Computer programming services for electronic data security; Rental of data processing programs; Electronic data storage and data back-up services; Computer services concerning electronic data storage; Rental of computers for data processing; Computer programming services for data warehousing; Programming of data processing programs; Electronic storage services for archiving databases; Electronic storage services for archiving databases; Images and other electronic data; Electronic storage services for archiving electronic data; Providing computer facilities for the electronic storage of digital data; Reconstruction of database systems for others; Temporary electronic storage of information and data; Providing on-line non-downloadable software for database management; Computer services for the analysis of data; Rental of software for data processing; Updating of software for data processing; Providing temporary use of on-line non-downloadable software for the management of data; Providing temporary use of on-line non-downloadable software for the transmission of data; Data decryption services; Online data storage; Data duplication and
conversion services, data coding services; Backup services for computer hard drive data; Development, updating and maintenance of software and database systems; Rental of data processing apparatus; Hiring out data processing equipment; Rental of data processing equipment; Design services relating to data processing test tools; Development of systems for the processing of data; Design services for data processing systems; Designing of data processing systems; Digital compression of computer data; Leasing of computer software for reading a data stream; Development of data bases; Designing of data processing programmes; Creation of computer programmes for data processing; Design and development of electronic data security systems; Design of software for multimedia data storing and recalling; Leasing of data processing systems; Data recovery services; Engineering services relating to automatic data processing; Programming of data processing equipment; Compilation of data processing programs; Conversion of data or documents from physical to electronic media; Research relating to data processing; Data encryption and decoding services; Rental of a database server (to third parties); Preparation of data processing programmes; Encryption, decryption and authentication of information, messages and data; Installation and actualisation of programs for data processing; Updating of software data bases; Rental of data carriers; Testing of electronic data processing systems; Data security services (firewalls); Programming of computers for the regulation of data between buyers and suppliers; Design services relating to data transmission test tools; Recovery of computer data; Reconstitution of databases; Development of systems for the transmission of data; Data conversion of computer programs and data (not physical conversion); Conversion of data and computer programs (except physical conversion); Data conversion of computer program data or information (not physical conversion); Data conversion of computer programs and data, not physical conversion; Data encryption services; Development and creation of computer programmes for data processing; Recording of seismic data; Data migration services; Design of hardware for data and multimedia content conversion from and to different protocols; Development of hardware for data and multimedia content conversion from and to different protocols; Development of software for multimedia data storing and recalling; Development of hardware for multimedia data storing and recalling; Data security services; Creating programmes for data processing; Writing of programs for data processing; Writing of data processing programs; Recording data relating to energy consumption in buildings; Design services relating to data processing tools; Maintenance of data bases; Data warehousing; Document data transfer from one computer format to another; Data conversion of electronic information; Development of programmes for data processing; Development of systems for the storage of data; Disaster recovery services for data communications systems; Data mining; Evaluation of performance of data processing against bench-mark references; Technical advisory services relating to data processing; Database design and development; Certification services of data transmitted via telecommunication; Authentication services (control) of data transmitted via telecommunications; Data back-up services; Technical services for the downloading of digital data; Hosting of digital content, namely, on-line journals and blogs; Providing temporary use of non-downloadable computer software for use in the creation and publication of on-line journals and blogs; Scientific research conducted using databases; Computer aided scientific testing; Consultancy in the field of scientific research; Providing scientific research information and results from an online searchable database; Providing scientific information in the fields of climate change and global warming; Scientific research for medical purposes; Providing scientific information in the field of medical disorders and their treatment; Scientific and technological design; Provision of scientific information relating to the chemical industry; Provision of information relating to scientific research; Preparation of scientific reports; Scientific research in the field of pharmacy; Scientific research relating to genetics; Genetic testing for scientific research purposes; Scientific research relating to biology; Scientific research relating to cosmetics; Scientific research relating to ecology; Scientific research for medical purposes in the area of cancerous diseases; Advisory services relating to scientific instruments; Provision of scientific information; Issuing of scientific information; Integrated scientific research on vermin for greenhouses and harvest crops; Blood analysis services for scientific research purposes; Scientific research relating to hair care preparations; Scientific services relating to the isolation and cultivation of human tissues and cells; Scientific analysis; Computer aided scientific analysis services; Computer aided scientific research services; Scientific research and analysis; Conducting of scientific studies; Providing scientific information in the field of global warming; Providing scientific information in the field of climate change; Scientific investigations for medical purposes; Scientific research and development; Scientific research; Scientific research services; DNA screening for scientific research purposes; Compilation of scientific information; Advisory services relating to scientific research; Scientific services and research relating thereto; Scientific services and design relating thereto; Preparation of reports relating to scientific research; Laboratory (Scientific -) services; Scientific laboratory services; Scientific research relating to genetics of plants; Scientific testing services; Leasing of scientific instruments; Rental of scientific equipment; Scientific and technological services; Providing medical and scientific research information in the field of pharmaceuticals and clinical trials; Airborne remote monitoring relating to scientific explorations; Airborne remote sensing relating to scientific explorations; Scientific and industrial research; Scientific advisory services; Scientific consultancy; Scientific research relating to bacteriology; Provision of scientific information relating to chemicals; Provision of surveys [scientific]; Information on the subject of scientific research in the field of biochemistry and biotechnology; Providing information relating to scientific research in the fields of biochemistry and biotechnology; Research (Scientific -); Provision of scientific information, advice and consultancy in relation to carbon offsetting; Scientific research in the field of genetics and genetic engineering; Scientific and industrial research in particular in the field of electricity; Scientific computer programming services; Scientific research in the field of social medicine; Scientific research relating to chemistry; Toxicity testing for research purposes; Research and development services in connection with physics; Research relating to mechanical engineering; Research and consultancy services relating to computer software; Scientific and industrial research in particular in the field of electricity; Mathematical research services; Technical research relating to automatic numbering systems; Building research services; Laboratory research in the field of cosmetics; Chemical research and...
searchable database; Architectural research; Laboratory research in the field of gene expression; Technical research in the field of carbon offsetting; Cell separation research services; Advisory services relating to scientific research; Biotechnological research relating to the petroleum industry; Research relating to buildings; Research relating to architecture; Tyre research services; Research and testing services in the fields of bacteriology and virology; Technical research relating to automatic identification systems; Agrochemical research services; Research in measurement technology; Scientific research in the field of pharmacy; Scientific research relating to genetics; Genetic testing for scientific research purposes; Engineering research; Chemical research; Research in the field of chemistry; Research relating to chemistry; Chemical research services; Preparation of reports relating to chemical research; Research relating to metals; Research relating to mineral resources; Research on urban planning; Consultancy in the field of bacteriological research; Optical research laboratory services; Medical research laboratory services; Industrial research; Industrial research services; Pharmaceutical research and development; Pharmaceutical research and development services; Scientific research; Scientific research services; Geological research; Research (Geological -); Dental research laboratory services; Biological research and analysis; Biochemical research and analysis; Bacteriological research and analysis; Scientific research and development; Research and development for the pharmaceutical industry; Research and development in the field of biotechnology; Blood analysis services for scientific research purposes; Laboratory research in the field of chemistry; Research and development services relating to vaccines; Technical research projects and studies; Stem cell research; Scientific research relating to hair care preparations; Research and development services relating to fertilisers; Provision of information concerning research and technical project studies relating to the use of natural energy; Conducting research and technical project studies relating to the use of natural energy; Provision of information and data relating to medical and veterinary research and development; Providing on-line information in the field of technological research from a computer database or the Internet; Provision of information relating to technological research; Preparation of technological research reports; Preparation of biological samples for testing and analysis in research laboratories; Preparation of biological samples for research purposes; Industrial analysis and research services relating to automobile tires; Research and development services relating to automobile tires; Preparation of immunohistological samples for analysis in research laboratories; Research and development services in the field of immunohistology; Research in the field of gene therapy; Advisory services relating to gene therapy research; Research and development in the field of diagnostic preparations; Preparation of biological samples for analysis in research laboratories; Consultancy relating to research and development in the field of therapeutics; Consultancy in the field of pharmaceutical research; Computer aided scientific research services; Computer aided industrial research services; Research and development services in the field of antibodies; Scientific research and analysis; Providing online information about industrial analysis and research services; Providing information about industrial analysis and research services; Industrial analysis and research services in the field of chemistry; Research relating to the development of computer hardware; Research and development in the field of microorganisms and cells; Research and development services in the field of gene expression systems; Research and development services in the field of immunology; Research and development services in the field of chemistry; Research and development services in the field of antibody technology; Research and development services in the field of cytology; Research and development services in the field of bacteriology; Research and development services relating to computer hardware; Research in the field of computer hardware; Research relating to the development of computer programs and software; Research in the field of computer programs and software; Research relating to the development of computer software; Research in the field of data processing technology; Research in the field of communications technology; Research in the field of information technology; Research to develop new products; Consultancy services relating to research in the field of environmental protection; Scientific research for medical purposes; Research in the field of environmental conservation; Genetic testing of laboratory animals for research purposes; Research in the field of social media; Research in the field of science provided by engineers; Research in the field of technology provided by engineers; Biological research laboratory services; Chemical research laboratory services; Interactive hosting services which allow the users to publish and share their own content and images online; Planning, design, development and maintenance of online websites for third parties; Hosting online web facilities for others for sharing online content; Hosting online web facilities for others for conducting interactive discussions; Online data storage; Providing online non-downloadable software for use in supply chain management; Providing online non-downloadable software for use in communication; Providing online non-downloadable software for word processing; Providing temporary use of online non-downloadable software for word processing; Providing scientific research information and results from an online searchable database; Hosting of digital content online; Creating electronically stored web pages for online services and the Internet; Hosting an online website for creating and hosting micro websites for businesses; Providing temporary use of online, non-downloadable computer software for use in broadcast monitoring applications; Providing temporary use of online, non-downloadable computer software for language translation; Hosting online facilities for conducting interactive discussions; Providing online information about industrial analysis and research services; Providing temporary use of online non-downloadable investment software.

Class 44:
Providing news and information in the field of medicine.

Class 45:
Consultancy in the field of data theft and identity theft; Licensing of databases; Legal and judicial research services in the field of intellectual property; Licensing of research and development; Intellectual property consultancy services for universities and research institutions; Legal research; Legal research services; Provision of legal research; Genealogical research; Genealogy research; Legal information research services; Background investigation and research services; Online social networking services accessible by means of downloadable mobile applications; Online social networking services.
