Modular building units (metal-); Modular portable building structures (metal-); Modular portable buildings of metal; Prefabricated building components (metal-); Modular prefabricated steel framing; Building structures of metal; Water tanks (metal-); Water reservoirs of metal; Ducts of metal for housing water pipes; Ducts of metal for trunking conduits for liquids; Modular metallic structures; Floating metal structures for treatment of bodies of water; Floating metal floors; Floating docks and walkways.

Class 7:

Water pumps; Water separators; Waste management and recycling machines; Sewage treatment machines; Water pumps for water treatment systems; Aeration pumps for bodies of water; Aeration pumps for water treatment systems; Water supply machines [pumps].

Class 11:

Water filters; Water treatment apparatus for water purification; Waste water treatment and purification installations; Bioreactors for use in the treatment of waste water; Waste water purification installations; Industrial waste water purification plants; Biological reactors for clarifying industrial effluents; Membranes for the filtration of water; Membrane filtration units for water treatment; Membrane purifying apparatus for the purification of water; Reverse osmosis filtration units; Membranes for reverse osmosis units; Reverse osmosis membrane filters for water treatment; Reverse osmosis elements for reducing the brackishness of water; Water desalination apparatus using reverse osmosis; Reverse osmosis elements for reducing the salt content of water; Reverse osmosis elements for industrial use in reducing the salt content of water; Reverse osmosis elements for domestic use in reducing the salt content of water; Water treatment filters; Water purification filters; Waste water treatment tanks; Water purification tanks; Water treatment units for aerating and circulating water; Installations for water treatment under osmotic process; Ultraviolet sterilisation units (water treatment equipment); Ultraviolet water sterilisation units for industrial use; Chemical installations for conditioning drinking water; Water purification,

List of cases accepted for opposition purposes as shown in Journal 2025/027 published on 04 July 2025 .

desalination and conditioning installations; Water desalination plants; Water control valves; Water regulating apparatus; Water taps; Water heaters [apparatus]; Moving bed biofilm reactors; Ion exchange installations; Aeration apparatus; Water disinfection installations; Transportable instruments for processing water; Apparatus for decontaminating water; Apparatus for waste water purification. Regulating and safety accessories for water installations.

Class 19:

Modular building units (non metallic-); Modular units (non metallic-) for constructing prefabricated buildings; Water tanks (non metallic-) [structures]; Plastic water conduits for water treatment systems; Ducts made of plastics for trunking pipes for liquids; Timber modular building units; Timber prefabricated buildings for water and waste water treatment; Transportable buildings of timber; Modular portable buildings of timber; Water pipes (non metallic-); Floating non-metallic structures for treatment of bodies of water; Floating docks and walkways, not of metal; Floating floors.

Class 20:

Plastic water tanks; Water tanks (non metallic-); Water storage tanks (non metallic-); Tanks (non metallic-) for transport of chemicals for water treatment; Tanks (non metallic-) for storage of chemicals for water treatment.

Class 37:

Cleaning of water tanks; Installation of water tanks; Installation of water pipes; Installation of water supply apparatus; Installation of water treatment systems; Maintenance and repair of water and waste water treatment systems; Cleaning of water supply plumbing; Construction of steel structures for water treatment systems; Erection of prefabricated buildings and structures for water and waste water treatment; Building and construction services for water and waste water treatment; Supervision and inspection of building and construction of water and waste water treatment systems and structures; Civil engineering relating to water and waste water treatment.

Class 40:

Water treatment; Water purification; Waste water treatment; Environmental remediation services; Waste water reprocessing; Reclamation of material from waste; Treatment of waste water from industrial processes. Industrial treatment of effluents; Purification of waste water from industrial processes; Disposal of waste water from industrial processes; Recycling and waste treatment; Treatment of waste water from generating operations; Treatment of effluent; Sewage treatment services; Desalination of water; Providing information relating to water treatment; Rental of water and waste water treatment and purification equipment; Rental of water filters; Providing information relating to the rental of water treatment systems; Regeneration of water; Water conditioning.

Class 42:

Analysis of water and waste water; Engineering services in the field of environmental technology; Engineering services in the field of water supply, water purification, and water treatment; Technical design and planning of pipelines for water and waste water; Technical design and planning of water purification plants; Design of water and waste water treatment systems; Design of buildings for water and waste water treatment; Research and development relating to water and waste water treatment; Biotechnical research relating to water and waste

water treatment; Inspection of water and waste water treatment installations; Water quality control services; Monitoring of water quality; Environmental testing services to detect contaminants in water.

Class 44:

Aquatic habitat restoration; Aquaculture services; Landscape architecture; Landscape design; Rental of aquaculture equipment; Advisory and consultancy services relating to aquaculture; Planting of flora; Advisory and consultancy services relating to planting of flora.

BIOMATRIX

Class 6:

Modular building units (metal-); Modular portable building structures (metal-); Modular portable buildings of metal; Prefabricated building components (metal-); Modular prefabricated steel framing; Building structures of metal; Water tanks (metal-); Water reservoirs of metal; Ducts of metal for housing water pipes; Ducts of metal for trunking conduits for liquids; Modular metallic structures; Floating metal structures for treatment of bodies of water; Floating metal floors; Floating docks and walkways.

Class 7:

Water pumps; Water separators; Waste management and recycling machines; Sewage treatment machines; Water pumps for water treatment systems; Aeration pumps for bodies of water; Aeration pumps for water treatment systems; Water supply machines [pumps].

Class 11:

Water filters; Water treatment apparatus for water purification; Waste water treatment and purification installations; Bioreactors for use in the treatment of waste water; Waste water purification installations; Industrial waste water purification plants; Biological reactors for clarifying industrial effluents; Membranes for the filtration of water; Membrane filtration units for water treatment; Membrane purifying apparatus for the purification of water; Reverse osmosis filtration units; Membranes for reverse osmosis units; Reverse osmosis membrane filters for water treatment; Reverse osmosis elements for reducing the brackishness of water; Water desalination apparatus using reverse osmosis; Reverse osmosis elements for reducing the salt content of water; Reverse osmosis elements for industrial use in reducing the salt content of water; Reverse osmosis elements for domestic use in reducing the salt content of water; Water treatment filters; Water purification filters; Waste water treatment tanks; Water purification tanks; Water treatment units for aerating and circulating water; Installations for water treatment under osmotic process; Ultraviolet sterilisation units (water treatment equipment); Ultraviolet water sterilisation units for industrial use; Chemical installations for conditioning drinking water; Water purification, desalination and conditioning installations; Water desalination plants; Water control valves; Water regulating apparatus; Water taps; Water heaters [apparatus]; Moving bed biofilm reactors; Ion exchange installations; Aeration apparatus; Water disinfection installations; Transportable instruments for processing water; Apparatus for decontaminating water; Apparatus for waste water purification. Regulating and safety accessories for water installations.

Class 19:

Modular building units (non metallic-); Modular units (non metallic-) for constructing prefabricated buildings; Water tanks (non metallic-) [structures]; Plastic water conduits for water treatment systems; Ducts made of plastics for trunking pipes for liquids; Timber modular building units; Timber prefabricated buildings for water and waste water treatment; Transportable buildings of timber; Modular portable buildings of timber; Water pipes (non metallic-); Floating non-metallic structures for

List of cases accepted for opposition purposes as shown in Journal 2025/027 published on 04 July 2025 .

treatment of bodies of water; Floating docks and walkways, not of metal; Floating floors.

Class 20:

Plastic water tanks; Water tanks (non metallic-); Water storage tanks (non metallic-); Tanks (non metallic-) for transport of chemicals for water treatment; Tanks (non metallic-) for storage of chemicals for water treatment.

Class 37:

Cleaning of water tanks; Installation of water tanks; Installation of water pipes; Installation of water supply apparatus; Installation of water treatment systems; Maintenance and repair of water and waste water treatment systems; Cleaning of water supply plumbing; Construction of steel structures for water treatment systems; Erection of prefabricated buildings and structures for water and waste water treatment; Building and construction services for water and waste water treatment; Supervision and inspection of building and construction of water and waste water treatment systems and structures; Civil engineering relating to water and waste water treatment.

Class 40:

Water treatment; Water purification; Waste water treatment; Environmental remediation services; Waste water reprocessing; Reclamation of material from waste; Treatment of waste water from industrial processes. Industrial treatment of effluents; Purification of waste water from industrial processes; Disposal of waste water from industrial processes; Recycling and waste treatment; Treatment of waste water from generating operations; Treatment of effluent; Sewage treatment services; Desalination of water; Providing information relating to water treatment; Rental of water and waste water treatment and purification equipment; Rental of water filters; Providing information relating to the rental of water treatment systems; Regeneration of water; Water conditioning.

Class 42:

Analysis of water and waste water; Engineering services in the field of environmental technology; Engineering services in the field of water supply, water purification, and water treatment; Technical design and planning of pipelines for water and waste water; Technical design and planning of water purification plants; Design of water and waste water treatment systems; Design of buildings for water and waste water treatment; Research and development relating to water and waste water treatment; Biotechnical research relating to water and waste water treatment; Inspection of water and waste water treatment installations; Water quality control services; Monitoring of water quality; Environmental testing services to detect contaminants in water.

Class 44:

Aquatic habitat restoration; Aquaculture services; Landscape architecture; Landscape design; Rental of aquaculture equipment; Advisory and consultancy services relating to aquaculture; Planting of flora; Advisory and consultancy services relating to planting of flora.

Class 9:

Downloadable mobile applications; downloadable software for health tracking, wellness monitoring, and contextual health insights; wearable electronic devices for tracking biometric and lifestyle data; sensors for detecting heart rate, sleep patterns, stress levels, and activity; downloadable software for caregivers to monitor and manage health data remotely; Downloadable software development kits (SDKs); APIs for integrating contextual health data into third-party platforms, apps, or devices; developer tools for building services on top of a contextual wellness framework; Software for simulating health trajectories based on contextual data inputs; systems that generate non-diagnostic predictive health outcomes, “digital twin” simulations, or AI-generated aging insights. ; Embedded operating systems for wearable wellness devices; firmware and middleware for contextual health processing and ambient monitoring systems; Software and embedded systems for humanoid robots or smart companions used in elder care and wellness assistance; AI interfaces designed for embodied systems; Software for managing personal wellness profiles, identity-linked health histories, and contextual wellness data passports; digital ID systems for securely transmitting health-related data across platforms; Software for managing ethical decision-making logic, consent rules, and escalation protocols in AI-powered wellness systems; Smart wearable devices in the nature of bracelets or bands for wellness purposes, not for medical use; smart rings; smart accessories for health and fitness tracking.

Class 10:

Wearable medical devices for monitoring physiological functions including heart rate, respiratory rate, stress levels, and emergency status; emergency alert devices worn on the wrist; apparatus for tracking biometric data for health risk assessment.

Class 11:

Smart lighting systems, ambient air filters, temperature regulators, circadian rhythm lighting, and home environment optimization devices; systems integrated with wellness platforms to promote sleep, reduce stress, and improve daily health conditions; lighting and air systems responsive to contextual health data; smart environmental controls designed to assist elderly individuals or vulnerable populations.

Class 16:

Printed publications, namely guides, manuals, instructional booklets, workbooks, and reference materials in the fields of health, wellness, aging, caregiving, and lifestyle management; printed user guides and training manuals for digital wellness platforms; printed onboarding kits for enterprise users,

caregivers, and patients; printed posters and brochures for health education and engagement programs.

Class 20:

Furniture and furnishings incorporating wellness technology, including biometric sensors, ambient lighting controls, and posture correction features; adaptive and ergonomic seating, beds, and workstations designed for aging users; smart furniture connected to health monitoring platforms; physical support systems integrated into the living environment for wellness optimization.

Class 21:

Non-medical containers for wearable devices; protective cases and holders for smart bands or health tracking devices; packaging containers for wellness products.

Class 28:

Exercise equipment for physical rehabilitation, balance improvement, and elderly mobility; brain-training kits and cognitive health tools; wellness kits combining physical and mental stimulation; low-impact fitness devices adapted for aging or at-risk populations; gamified wellness tools and activity systems that promote daily movement, stretching, and health engagement.

Class 35:

Business consulting services relating to the implementation and optimization of wellness platforms for enterprise clients, including care homes, health insurers, clinical networks, and corporate wellness providers; advisory services in the field of digital wellness transformation, patient and caregiver engagement strategies, and integration of contextual health data into enterprise workflows; consultancy relating to the design and delivery of care coordination systems, health monitoring dashboards, and partner network activation; Online marketplace services for connecting wellness professionals with caregivers or elderly users; community engagement and management services for health and wellness networks; influencer and brand ambassador program management; Talent and workforce coordination systems for caregivers, health aides, and wellness specialists; scheduling, credential verification, and on-demand deployment of care professionals; Business services relating to data licensing, anonymized wellness data exchanges, and platform-mediated marketplace access to non-personal health trends and behavioral insights. Why: Protects the data economy side — if you later monetize de-identified trends via B2B.

Class 36:

Advisory services relating to the design and administration of wellness-linked insurance programs; consultancy regarding the integration of wellness data into health insurance platforms and employer benefit schemes; financial services relating to rewards and incentives based on health behavior and contextual wellness tracking; platforms facilitating data-sharing between wellness platforms and insurers; financial analytics based on pre-clinical and behavioral health patterns.

Class 38:

Providing access to communication platforms for messaging and video between caregivers and wearers; telecommunications services enabling data exchange, voice and video communication for health and wellness check-ins; Enterprise-level communication platforms for team coordination, patient monitoring, and care updates; real-time communication software for distributed care teams; Voice-enabled software for delivering

***List of cases accepted for opposition purposes as shown in Journal 2025/027 published on
04 July 2025 .***

contextual wellness guidance, updates, and alerts; voice interface for caregiver check-ins or emotional wellness prompts.

Class 39:

Delivery and distribution services for wellness devices, smart home kits, or aging-in-place bundles.

Class 41:

Providing educational content in the field of health, wellness, caregiving, and aging; online training sessions and courses for caregivers and family members; non-downloadable instructional videos and resources for using wellness platforms; Hosting conferences, publishing expert content, podcasts, webinars, and non-downloadable video media in the field of health innovation, aging, wellness technology, and digital caregiving; Providing certifications, digital credentials, or verified training programs for caregivers and wellness specialists using the Wivie platform; Educational resources and toolkits for helping children and families understand aging, caregiving, and emotional wellness in multigenerational households.

Class 42:

Software as a service (SaaS) and platform as a service (PaaS) featuring software for health and wellness monitoring, contextual data analysis, and lifestyle recommendation generation; providing temporary use of non-downloadable software to analyze health metrics, lifestyle patterns, and generate wellness summaries for end users; Software as a service (SaaS) for enterprise clients including care homes, insurers, and wellness providers; providing non-downloadable software for multi-party care coordination, proactive alerting, and longitudinal health data contextualization across multiple users; Clinical Software Layer: Non-diagnostic artificial intelligence software for early identification of health pattern changes and contextual interpretation of wellness data; data fusion platform for clinicians to receive structured health summaries; integration tools for clinical decision support and care team collaboration; providing temporary use of white-label software platforms for contextual health, wellness monitoring, and care coordination; technology licensing services in the field of health informatics and contextual wellness operating systems; Providing machine learning platforms as a service (MLaaS) for health-related signal interpretation, real-time trend detection, anomaly detection, and personalized wellness decision support; Software for detecting, analyzing, and interpreting emotional states using physiological and behavioral data; contextual recommendation engines for emotional wellness support and cognitive resilience; Provision of APIs, developer sandboxes, and integration frameworks for third-party wellness applications, smart home devices, insurers, hospitals, or robotics platforms. ; AI-driven tools for scoring, tagging, and escalating health-related risks before clinical intervention thresholds are crossed; early detection platforms for preclinical warning signs.

Class 44:

Wellness information services; providing health and lifestyle insights based on aggregated and contextualized user data; advisory services relating to personal well-being, sleep, nutrition, hydration, and stress management; remote wellness monitoring services; lifestyle consulting for older adults and their caregivers; Wellness Oversight & Risk Detection: Providing wellness assessment tools for enterprise use; health insight generation services for population-level trend detection; consulting services relating to pre-clinical wellness monitoring and intervention guidance within institutional care settings; Clinically Adjacent

Support: Health and wellness advisory services for clinicians, therapists, and caregivers; providing contextualised health information to support proactive care planning and patient education; non-diagnostic monitoring of health status changes in elderly or at-risk individuals.

Class 45:

Non-medical personal support services for elderly individuals and their caregivers; digital care coordination services; AI-powered personal assistant platforms for wellness guidance and caregiving logistics; concierge-style wellness management; systems for managing user consent, relational permissions, and health data access within family or care networks; digital guardianship tools and escalation pathways for wellness scenarios; Providing digital tools and services for managing user consent, privacy preferences, legal rights relating to health data, and ethical data-sharing between caregivers, companions, and third parties; platforms for establishing personal data guardianship, delegation of wellness authority, and emergency override permissions.
