regulators, pressure regulators, pressure switches, push-in fittings, connectors; ethernet controllers; ethernet switches; pressure switches; electronic sensors; electric sensors; control apparatus and instruments for pneumatic systems and parts thereof; valve islands; electric control modules; input/output [I/O] modules; centralised input/output [I/O] modules; valve manifolds and parts and fittings thereof; electric connection units for valves; connecting modules for valves; parts, fittings and accessories for all the aforesaid goods; software for remote diagnostics; software for remote diagnostic dashboards; computer software for the display of digital media; application software; application software for remote monitoring and diagnostics; application software for diagnostics of input/output [I/O] modules; software for diagnostics of input/output [I/O] modules and valve islands; parts and fittings for the aforesaid goods.

Class 11:

Air dryers; Apparatus for steam generating, drying, ventilating, water supply and sanitary purposes; Filters; Filters being parts of industrial apparatus and installations; Gas dryers; Gas drying installations; Irrigation spray nozzles; Regulators such as draft and gas and jet regulators constituting parts of taps; Regulators, filters and reservoirs (included in this class); driers for pneumatic systems, namely, air and gas driers and parts therefor, and air vents; dryers for pneumatic systems including air and gas dryers and parts therefor, and air vents; thermostatic valves; check valves, safety valves, relief valves, pilot valves, time delay valves; flow control valves and mixing valves; parts and fittings for the aforesaid goods.

Class 17:

Flexible pipes, not of metal, used in production; Flexible tubing not of metal; couplings, connectors, joints and unions for pipes, tubes and hoses all made wholly or principally of plastics materials; Non-metallic fittings for pipes and tubes; Non-metallic parts of pipes and tubing lubricators and valves being parts of industrial apparatus and installations; Plastic containers for holding lubricants or filter fluids, air or gas filters; Plastic materials in the form of pipes, blocks, rods and fittings; Plastic materials in the form of pipes, tubes, blocks, rods and of shaped sections, all for use in manufacture.

Class 42:

Technology consultation in the field of motion and fluid control products; Software as a service (SaaS); platform as a service (PaaS); cloud storage services for electronic data and files; preparation of technical reports; recording data relating to electronic compressed air network control systems and valve islands; reporting data relating to electronic compressed air network control systems and valve islands; providing online reports relating to electronic compressed air network control systems and valve islands; information, advisory and consultancy services relating to the aforesaid services.

The mark consists of a stylised hand-drawn illustration of a smiling woman wearing a chef's hat and glasses, representing the founder and owner of the business, with her express consent. The portrait is drawn in fine monochromatic line art, framed by the natural outline of her shoulders and headwear. To the right of the illustration appears the brand name "SIMA'S GRILL", in an uppercase serif typeface. The word "SIMA'S" is positioned above "GRILL", and the letters are custom styled, including a distinctive tail in the letter "R" of "GRILL". Beneath the brand name appears the tagline: "Charcoal Grill & Bar", written in a clean sans-serif font. The logo is presented in a single colour (brown/copper tone). No specific background colour is claimed as part of the mark.
