(1, 17, 19, 35, 37, 42)

List of cases accepted for opposition purposes as shown in Journal 2025/031 published on 01 August 2025.

Class 1:

Chemicals for use in industry, science and photography, as well as in agriculture, horticulture and forestry, Unprocessed artificial resins, unprocessed plastics, Tempering and soldering preparations, Adhesives for use in industry, Adhesives for use in the building industry, Industrial adhesives, Industrial adhesives and glues, Adhesives for use in the construction industry, Adhesives for use in the electronics industry, Adhesives for use in the mechanical industry, Adhesives for use in the electro-optical industry, Adhesives for use in the electroacoustical industry, Hot-melt adhesives, Adhesives for waterproofing, Adhesives for mortar, Adhesives for glazing, Adhesives for glass, Spray adhesives, Contact adhesives, Screen adhesives, Polyurethane adhesives, Tile adhesives, Roofing adhesives, Wallpaper adhesives, Conductive adhesives [other than for household or stationery use], Surface adhesives [not for medical, stationery or household use], Rubber adhesives [other than for household or stationery use], Thermofusible adhesives [other than for stationery or household purposes], Plastic adhesives, other than for stationery or household purposes, Water based adhesives [other than for household or stationery use], Rubber based adhesives [other than for household or stationery use], Metal to metal adhesives [other than for stationery or household use], Adhesives, other than for stationery or household purposes, Cement [adhesives], other than for household or stationery use, Gums [adhesives], other than for stationery or household purposes, Commercial adhesives [other than for stationery or household use], Putties, and fillers and pastes for use in industry, Putties and other paste fillers, Glaziers' putty, Oil cement putty, Pastes containing metal-filled glass for use in industry, Plastic in the form of pastes for use in industry, Pastes containing glass for use in industry, Glues for use in industry, Glues for industrial use, Fabric glues for industrial use, Liquid glues, other than for household or stationery use, Commercial glues [other than for stationery or household use], Sealant mastics for use in industry, Tyre puncture sealants, Urethane floor sealants, Sealants [chemicals] for tiles, Monomers for use as sealants, Sealants [chemicals] for the sealing of surfaces, Coated wollastonite [calcium metasilicate] for use as a reinforcing filler in sealants, Binders for use in the formulation of sealants, Additives (Chemical -) for the flow control of sealants, Reinforcing fillers, Screen fillers, Putties [Fillers], Paste fillers, Fillers derived from white minerals, Fillers derived from calcitic calcium carbonate, Fillers for absorption agents, Mineral fillers for use in industry, Wallpaper removing preparations, Automobile power steering system leak sealants.

Class 17:

Unprocessed and semi-processed rubber, gutta-percha, gum, asbestos, mica and substitutes for all these materials, Plastics and resins in extruded form for use in manufacture, Packing, stopping and insulating materials, Flexible pipes, tubes and hoses, not of metal, Extruded plastics [semi-finished products], Insulating adhesives, Adhesive tapes, strips, bands and films, adhesive tapes and strips other than for medical, stationery or household purposes, Adhesive tapes for industrial use, Self-adhesive tapes,

other than stationery and not for medical or household purposes, Duct tape, strapping tapes, carpet seam tape, Plastics materials in the form of tapes [semi-finished products], Plastics in the form of sheets, films, blocks, rods and tubes, Photographic splicing tape, Carpet tape [other than for household use], electrical tapes, masking tapes, Seals, sealants and fillers, Sealing compounds [mastics], sealing materials, Mastics for sealing joints, Mastic compositions for sealing and jointing, sealant compounds for joints, Sealants for buildings, facade sealants, Adhesive sealants, Joint sealants, Waterproof sealants, Silicone sealants, Polyurethane sealants, Pipe joint sealants, Silicone rubber sealants, Anti-rust sealants, Dust proofing sealants, Sealants for pavement joints, Sealants for sealing joints, Rubber sealants for joints, Sealants for expansion joint covers, Adhesive sealants for general use, Sealants for joints for building purposes, Sealants for seams in vehicle bodywork, Weatherstripping sealants in the nature of caulk, Sealants for repairing leaks in water cooling systems, Elastomeric sealants in the form of extrudable pastes for joints, Insulating fillers, Expansion joint fillers, Fillers for expansion joints, Fillers for panel joints, Fillers for joint packing, Fillers for expansion joints for pavement, Insulating lacquer, Reflective plastic films for use on windows, sealing, packaging and insulating materials, insulating tapes, electric insulating tapes, caulking and stopping compounds and materials, caulking and insulating materials for laying all types of wall coverings, Heat insulation and soundproofing materials, insulating coatings, insulating adhesives, insulating panels, thermal insulating articles, thermal insulating materials, jointing compounds, cellulose acetate, floating anti-pollution barriers, artificial resins [semi-finished products], clutch and brake linings, carbon fibres for use in industry, Compressed air pipe fittings, not of metal, Cylinder jointings, compressed air pipe fittings, not of metal, Foam supports for flower arrangements, Non-conducting materials for retaining heat, junctions for pipes, not of metal, reinforcing materials, not of metal, for pipes, Plastic sheeting for agricultural purposes, Plastic substances, semi-processed, Synthetic resins [semi-finished products], Valves of india-rubber or vulcanised fiber fibre, Vulcanised fiber [fibre], Washers of rubber or vulcanised fiber [fibre], mineral wool [insulator], mineral wool for insulating purposes, insulation board made from mineral wool, stone wool, lightweight mineral wool slabs for thermal insulation purposes, lightweight mineral wool slabs for thermal insulation purposes, lightweight mineral wool slabs for acoustic insulation purposes, stone wool for insulation, fleeces of crude fibres of rock [insulation], rock fibres in the form of matting for insulation, crude fibres of rock for insulation purposes, insulation with sealing functions for heat protection, metal foils for insulation, adhesive coated foils for use in insulation and construction, insulation and barrier articles and materials, fibreglass insulation, insulation for pipes, insulation material for roofing and building, fabrics for insulation, thermal insulation materials, insulating materials for insulation against heat, sound and light, insulation sheets, acoustic insulation for building, fibreboard for use as insulation, foil tapes for insulation, metal foil for building insulation, insulation materials of plastic, thermal insulation articles and materials, insulating adhesives, insulating panels, insulation for building purposes, insulating waterproofing membranes, waterproof membranes, sealing membranes, polymeric porous membranes, membranes and semi-processed synthetic filtering materials, laminated vapour barriers, laminated foil for application to a substrate, insulating foils, metal foil for building insulation, metal foil for building protection, fire resistant and fire preventative articles and materials.

List of cases accepted for opposition purposes as shown in Journal 2025/031 published on 01 August 2025.

Class 19:

Building and construction materials and elements, not of metal, non-metallic building materials, fireproof seals in the nature of building materials, non-metallic fire protection materials for use in building, gypsum board, boards of gypsum plaster, gypsum board for construction purposes, sheathing boards, not of metal, plasterboards, wood-fibre reinforced cement boards, facade and building sheathing boards of gypsum, facade and building sheathing boards of cement, roofing membranes, non-metallic building facade materials and elements, membranes, facade membranes, building membranes.

Class 35:

Retail, online retail and wholesale services relating to chemicals for use in industry, science and photography, as well as in agriculture, horticulture and forestry, Unprocessed artificial resins, unprocessed plastics, Tempering and soldering preparations, Adhesives for use in industry, Adhesives for use in the building industry, Industrial adhesives, Industrial adhesives and glues, Adhesives for use in the construction industry, Adhesives for use in the electronics industry, Adhesives for use in the mechanical industry, Adhesives for use in the electro-optical industry, Adhesives for use in the electroacoustical industry, Hot-melt adhesives, Adhesives for waterproofing, Adhesives for mortar, Adhesives for glazing, Adhesives for glass, Spray adhesives, Contact adhesives, Screen adhesives, Polyurethane adhesives, Tile adhesives, Roofing adhesives, Wallpaper adhesives, Conductive adhesives [other than for household or stationery use], Surface adhesives [not for medical, stationery or household use], Rubber adhesives [other than for household or stationery use], Thermofusible adhesives [other than for stationery or household purposes], Plastic adhesives, other than for stationery or household purposes, Water based adhesives [other than for household or stationery use], Rubber based adhesives [other than for household or stationery use], Metal to metal adhesives [other than for stationery or household use], Adhesives, other than for stationery or household purposes, Cement [adhesives], other than for household or stationery use, Gums [adhesives], other than for stationery or household purposes, Commercial adhesives [other than for stationery or household use], Putties and fillers and pastes for use in industry, Putties and other paste fillers, Glaziers' putty, Oil cement putty, Pastes containing metal-filled glass for use in industry, Plastic in the form of pastes for use in industry, Pastes containing glass for use in industry, Glues for use in industry, Glues for industrial use, Fabric glues for industrial use, Liquid glues, other than for household or stationery use, Commercial glues [other than for stationery or household use], Sealant mastics for use in industry, Tyre puncture sealants, Urethane floor sealants, Sealants [chemicals] for tiles, Monomers for use as sealants, Sealants [chemicals] for the sealing of surfaces, Coated wollastonite [calcium metasilicate] for use as a reinforcing filler in sealants, Binders for use in the formulation of sealants, Additives (Chemical -) for the flow control of sealants, Reinforcing fillers, Screen fillers, Putties [Fillers], Paste fillers, Fillers derived from white minerals, Fillers derived from calcitic calcium carbonate, Fillers for absorption agents, Mineral fillers for use in industry, Wallpaper removing preparations, Automobile power steering system leak sealants, Unprocessed and semi-processed rubber, gutta-percha, gum, asbestos, mica and substitutes for all these materials, Plastics and resins in extruded form for use in manufacture, Packing, stopping and insulating materials, Flexible pipes, tubes and hoses, not of metal, Extruded plastics [semi-finished products], Insulating adhesives, Adhesive tapes, strips, bands and films, adhesive tapes and

strips other than for medical, stationery or household purposes, Adhesive tapes for industrial use, Self-adhesive tapes, other than stationery and not for medical or household purposes, Duct tape, strapping tapes, carpet seam tape, Plastics materials in the form of tapes [semi-finished products], Plastics in the form of sheets, films, blocks, rods and tubes, Photographic splicing tape, Carpet tape [other than for household use], electrical tapes, masking tapes, Seals, sealants and fillers, Sealing compounds [mastics], sealing materials, Mastics for sealing joints, Mastic compositions for sealing and jointing, sealant compounds for joints, Sealants for buildings, facade sealants, Adhesive sealants, Joint sealants, Waterproof sealants, Silicone sealants, Polyurethane sealants, Pipe joint sealants, Silicone rubber sealants, Anti-rust sealants, Dust proofing sealants, Sealants for pavement joints, Sealants for sealing joints, Rubber sealants for joints, Sealants for expansion joint covers, Adhesive sealants for general use, Sealants for joints for building purposes, Sealants for seams in vehicle bodywork, Weatherstripping sealants in the nature of caulk, Sealants for repairing leaks in water cooling systems, Elastomeric sealants in the form of extrudable pastes for joints, Insulating fillers, Expansion joint fillers, Fillers for expansion joints, Fillers for panel joints, Fillers for joint packing, Fillers for expansion joints for pavement, Insulating lacquer, Reflective plastic films for use on windows, sealing, packaging and insulating materials, insulating tapes, electric insulating tapes, caulking and stopping compounds and materials, caulking and insulating materials for laying all types of wall coverings, Heat insulation and soundproofing materials, insulating coatings, insulating adhesives, insulating panels, thermal insulating articles, thermal insulating materials, jointing compounds, cellulose acetate, floating anti-pollution barriers, artificial resins [semi-finished products], clutch and brake linings, carbon fibres for use in industry, Compressed air pipe fittings, not of metal, Cylinder jointings, compressed air pipe fittings, not of metal, Foam supports for flower arrangements, Non-conducting materials for retaining heat, junctions for pipes, not of metal, reinforcing materials, not of metal, for pipes, Plastic sheeting for agricultural purposes, Plastic substances, semi-processed, Synthetic resins [semi-finished products], Valves of india-rubber or vulcanised fiber fibre, Vulcanised fiber [fibre], Washers of rubber or vulcanised fiber [fibre], mineral wool [insulator], mineral wool for insulating purposes, insulation board made from mineral wool, stone wool, lightweight mineral wool slabs for thermal insulation purposes, lightweight mineral wool slabs for thermal insulation purposes, lightweight mineral wool slabs for acoustic insulation purposes, stone wool for insulation, fleeces of crude fibres of rock [insulation], rock fibres in the form of matting for insulation, crude fibres of rock for insulation purposes, insulation with sealing functions for heat protection, metal foils for insulation, adhesive coated foils for use in insulation and construction, insulation and barrier articles and materials, fibreglass insulation, insulation for pipes, insulation material for roofing and building, fabrics for insulation, thermal insulation materials, insulating materials for insulation against heat, sound and light, insulation sheets, acoustic insulation for building, fibreboard for use as insulation, foil tapes for insulation, metal foil for building insulation, insulation materials of plastic, thermal insulation articles and materials, insulating adhesives, insulating panels, insulation for building purposes, insulating waterproofing membranes, waterproof membranes, sealing membranes, polymeric porous membranes, membranes and semi-processed synthetic filtering materials, laminated vapour barriers, laminated foil for application to a substrate, insulating foils, metal foil for building insulation, metal foil

List of cases accepted for opposition purposes as shown in Journal 2025/031 published on 01 August 2025.

for building protection, fire resistant and fire preventative articles and materials, building and construction materials and elements, not of metal, non-metallic building materials, fireproof seals in the nature of building materials, non-metallic fire protection materials for use in building, gypsum board, boards of gypsum plaster, gypsum board for construction purposes, sheathing boards, not of metal, plasterboards, wood-fibre reinforced cement boards, facade and building sheathing boards of gypsum, facade and building sheathing boards of cement, roofing membranes, non-metallic building facade materials and elements, membranes, facade membranes, building membranes; data processing; provision of business information; provision of consumer product information; provision of product sales information; providing consumer product recommendations; business project management; advisory, consultancy and information services relating to all the aforesaid.

Class 37:

Installation of sheathing boards, insulation, glazing components, frame systems, recladding, cladding and accessories; site preparation; site inspection [in the course of building construction]; on site building project management; provision of construction information; supply of installation guidelines; installation inspection; advisory, consultancy and information services relating to all the aforesaid.

Class 42:

Technical support services; product quality testing; product testing; product design, research and development; consumer product safety testing and consultation; preparation of design reports; materials testing and evaluation; product safety testing; product quality testing services; quality testing of products for certification purposes; preparation of reports relating to technical project studies for construction projects; quality assessments; preparation of technical reports; conformance testing services; technical data analysis; technical supervision and inspection; inspection and assessment of buildings and sites prior to installation of sheathing boards, insulation, glazing components, frame systems, recladding and cladding; product quality evaluation; advisory, consultancy and information services relating to all the aforesaid.

Class 3:

Substances for bleaching and cleaning purposes; detergents, bleaches, fabric softeners, stain removers, dishwashing

List of cases accepted for opposition purposes as shown in Journal 2025/031 published on 01 August 2025.

substances, cleaning cloths impregnated with cleaning agents; Perfumery, perfumed wipes, cologne wipes; cosmetic products, non-medicated cosmetic goods, fragrance diffusers for personal use and for spaces (including deodorants for humans and animals); Soaps (excluding medicated soaps); Dental care products: toothpastes, teeth polishing and whitening substances, non-medical mouthwashes; Abrasive products: abrasive cloths, sandpapers, pumice stones, abrasive pastes; Polishing and care products for leather, vinyl, metal, and wood: polishes, care creams, waxes for polishing.

Class 6:

Ores of non-precious metals; Common metals and their alloys and semi-finished products: construction steels; common metal meshes and stirrups for construction; plates, billets, bars, profiles, sheets of common metals; Metal materials and tools for housing, storage, preservation, coating, wrapping, enclosing, storing, and placement purposes; metal structures, mobile metal homes, metal boxes, metal packaging, metal fences, railings, metal tubes, metal containers, metal storage tanks, metal shipping crates, portable metal ladders; Metal doors and windows, shutters, blinds, and their frames; Non-electric metal cables and wires; Metal hardware goods: screws, nails, bolts, nuts, pins, washers, metal pitons for climbers, chains, metal furniture connectors and wheels, furniture and bed wheels made of metal, door and window handles, metal hinges, espagnolettes, metal locks, lock keys, metal key rings, metal reels; Metal ventilation, heating, sewage, telephone, underground electrical, and air conditioning installation materials: ventilation ducts, grilles, grille covers, chimneys, chimney caps, manhole covers, grates; Metal goods for indicating, directing, pointing, and advertising purposes: signs, boards, plaques, non-illuminated metal traffic signs; Metal pipes and pipe fittings for transporting liquids or gases: metal valves, couplings, elbows, clips, extensions; Metal safes; Metal railway materials: rails, rail joints, turnouts; Metal dock bollards and buoys, metallic floating buoys, anchors for marine vehicles; Metal moulds for casting (excluding machine parts); Works of art made from common metals or their alloys; trophies made of common metal awarded in competitions; Metal lids, bottle caps; Metal poles, posts, scaffolding, piles; Metal pallets, ropes, hangers, bindings, slings, straps, bands and ribbons used for lifting, loading, and transporting; Metal wheel chocks for vehicles; Metal profile trims for vehicles (for decorative purposes).

Class 7:

Machines, machine tools and industrial robots used for processing wood, metal, glass and plastic materials and minerals, three-dimensional printers; Construction machinery: dozers, diggers, excavators, road construction and coating machinery, drilling machinery, rock drilling machinery, sweeping machinery and robotic mechanisms with the same function; Lifting, carrying and conveying machinery: elevators, escalators, cranes, robotic mechanisms with the same function; Machines and robotic mechanisms used in agriculture, animal husbandry, agricultural sectors and grain/fruit/vegetable/food processing, beverage production and processing machinery; Engines, electric engines, parts and assemblies thereof, except for those for land vehicles; hydraulic, pneumatic controls, brakes, pads, crankshafts, gears, cylinders, pistons, turbines, filters except for land vehicles; parts used in land vehicles and included in this class; oil, fuel and air filters for vehicles, exhausts, exhaust manifolds, cylinders, cylinder heads, pistons, carburettors, fuel conversion devices, injectors, fuel saving devices, pumps, valves, starters, dynamos, spark plugs; Bearings, ball or roller bearings;

Tyre removal and installation machines; Alternators, generators, electric generators, solar generators; Paint machines, automatic paint spray guns, electric, hydraulic and pneumatic staplers and guns, electric glue guns, guns for compressed air or liquid sprayers, electric hand drills, motorized hand saws, jigsaws, spiral machines, compressed air generators, compressors, car washers and robots having the same function as the machines and vehicles listed above; Electric and gas welding machines, electric arc welding devices, electric soldering devices, electric arc cutting devices, electric welding machine electrodes and robots having the same function as the above; Printing machines; Packaging machines, filling-capping and closing machines, labelling machines, sorting machines and robots and robotic mechanisms having the same function as the machines listed above (including electric plastic closing/sealing devices [packaging]); Textile machines, sewing machines and industrial robots having the same function as the machines listed above; sewing machine needles; Pumps that are not part of a machine or motor (including fuel filling and dispensing pumps and their guns); Kitchen electric appliances for chopping, grinding, crushing, beating and crushing; washing machines (including washing/dishwashing machines, non-heated centrifugal tumble dryers); electric machines for cleaning floors, carpets or upholstery, vacuum cleaners and parts thereof; Automatic vending machines; Galvanizing and electrolytic (electroplating) machines; Electric opening and closing mechanisms; Cylinder seals for machines and engines.

Class 9:

Measuring instruments and devices, including those for scientific, maritime, topography, meteorological, industrial and laboratory use; non-medical thermometers, barometers, ammeters, voltmeters, hygrometers, testers, telescopes, periscopes, binoculars, magnifiers, compasses; vehicle indicators; materials used in laboratories; microscopes, experimental materials and devices; Devices for recording, transferring or reproducing (reproducing) sound and image; cameras, photo machines, televisions, videos, CD-DVD recording and player devices, MP3 players and remote control devices used with them, computers, desktop-tablet computers, wearable technological devices (smart watches, bracelets, head-mounted devices), microphones, speakers, headphones; communication and reproduction devices and computer peripherals; mobile phones and their cases, mobile phone screen savers; landline phones, telephone switchboards, computer printers, scanners, photocopiers; Magnetic, optical record carriers and computer programs and software recorded on them; electronic publications, mobile applications, crypto currencies (software), unchangeable tokens (Qualified Intellectual Property Title) that can be downloaded via computer networks and recorded on magnetic and optical media; magnetic/optical reader cards, movies, series and video music clips recorded on magnetic, optical and electronic media; Antennas, satellite antennas, amplifiers and their parts; Ticket machines, cash machines; Elements used in the electronics of machines and devices; semiconductors, electronic circuits, integrated circuits, chips (chips), diodes, transistors, magnetic heads, deflectors; electronic locks, photocells, electronic opening and closing mechanisms and remote control devices and sensors used as parts of these; Counters and timers that measure the amount of consumption per unit of time; Protective clothing, protective and life-saving equipment; Eyeglasses, sunglasses, lenses and their boxes, cases, parts and accessories; Electrical energy transmission, conversion, storage control devices and tools; plugs, junction boxes, keys, switches, fuses, ballasts, starters, electrical panels,

List of cases accepted for opposition purposes as shown in Journal 2025/031 published on 01 August 2025.

resistors, sockets, transformers, adapters, chargers, cables used in electricity and electronics, batteries, accumulators, solar panels for electrical energy production, charging stations for electric vehicles; Devices whose main function is warning and alarm (except vehicle alarms), electric bells; Signalling, signalling devices and tools for traffic use; Fire extinguishing tools and devices, including vehicles for fire extinguishing purposes (including fire extinguishing hoses and fire extinguishing valves); Radars, submarine radars (sonars), night vision providing or enhancing devices and appliances; Decorative magnets; Metronomes; Artificial intelligence humanoid robots, laboratory robots, educational robots, security monitoring robots.

Class 11:

Lighting devices (lighting fixtures for vehicles, interior and exterior spaces); Solid, liquid, gas fuelled and electric heating devices; combi boilers, boilers, heating boilers and radiators, exchangers, stoves, cookers; solar energy collectors; Steam, gas and fog (smoke) generators; steam generators (boilers), acetylene generators, oxygen generators, nitrogen generators;

Air conditioning and ventilation devices; Coolers and freezers; Electrical and gas powered appliances, machines and devices used for cooking, drying and boiling; ovens, electric pots, electric water boilers, barbecues, electric clothes dryers, hair dryers and hand dryers; Sanitary products; taps, shower sets, toilet inner sets, bath-shower cabins, bathtubs, toilets, sinks, washbasins, gaskets for taps, packings (tap inner sets); Water softening devices, water purification devices, water purification systems, waste treatment systems; Non-medical electric under pads and electric blankets, heating pads, electric or non-electric foot warmers, hot water bags (thermophores), electric heated socks; Filters and filter-motor combinations for aquariums; Industrial cooking, drying and cooling installations; Pasteurising and sterilising machines.

Class 35:

Advertising, marketing, and public relations services; organization of commercial and advertising exhibitions and fairs; providing online marketplaces (websites) for buyers and sellers; Business management, administration, and consultancy related to these areas; accounting and financial auditing services; personnel placement, recruitment, staff selection and supply services; import-export agency services; temporary personnel assignment services (e.g., bill payment, tax payment, traffic procedures on behalf of others); Retail services enabling customers to conveniently view and purchase: Whitening and cleaning substances, detergents, bleach, fabric softeners, stain removers, dishwashing agents, cleaning wipes, Perfumery, perfumed wipes, cologne wipes, cosmetics, non-medicated cosmetic products, air and personal fresheners (including deodorants for humans and animals), Soaps (excluding medicated soaps), Oral care products: toothpaste, teeth polishing and whitening agents, non-medical mouthwashes, Abrasives: sandpaper, abrasive cloths, pumice stones, abrasive pastes, Polishing and maintenance products for leather, vinyl, metal, and wood: polishes, creams, waxes, Pharmaceuticals for human and animal health, medical and veterinary chemical substances, radioactive chemicals for medical/veterinary use, medicated cosmetics, Dietetic substances for medical/veterinary use, dietary and nutritional supplements, slimming preparations, infant formulas, medicinal herbs and herbal beverages, Dental products (excluding tools/devices): filling materials, impression materials, adhesives, and repair materials for dentures, Hygiene products: pads, tampons, medical cauterizers, dressings, diapers for babies, adults, and pets (made of paper or textile), Pesticides, fungicides, rodenticides, Deodorizers excluding those for humans and

animals, air purifiers and odour neutralizers, Disinfectants, antiseptics, medical detergents, medicated and disinfecting soaps, antibacterial lotions and wipes, Non-precious metal ores, Common metals and their alloys, semi-finished products: rebars, wire mesh for construction, metal sheets, bars, profiles, rods, Metal housing, storage, wrapping, and protective materials, metal structures, mobile homes, metal boxes and packaging, fences, railings, pipes, containers, tanks, portable ladders, Metal doors, windows, shutters, blinds, and their frames, Non-electric metal wires and cables, Metal hardware items: screws, nails, bolts, nuts, pins, washers, carabiners, chains, connectors, wheels, handles, hinges, locks, key rings, pulleys, HVAC, plumbing, telephone, and underground electric system fittings made of metal: ducts, vents, chimneys, manhole covers, grates, Metal signage: signs, boards, plates, traffic signs, Metal pipes for liquid/gas transport, drilling pipes and fittings: valves, couplings, elbows, clips, extensions, Metal safes, Railway materials made of metal: rails, fasteners, switches, Mooring and anchoring equipment, buoys for maritime use, Casting moulds (excluding machine parts), Artworks made of common metal, trophies made of common metal, Metal bottle caps, lids, Poles, posts, scaffolds, piles made of metal, Metal pallets, ropes, straps, belts for lifting and transporting, Metal chocks for vehicle wheels, Decorative trims for vehicles made of metal, Machinery and Equipment Machines and tools for processing wood, metal, glass, plastic, and minerals, industrial robots for shaping, 3D printers, Construction machines: bulldozers, excavators, road-building equipment, drilling and sweeping machines, and robotic mechanisms with similar functions, Lifting and transporting machines: elevators, escalators, cranes, robotic mechanisms, Machines for agriculture, animal husbandry, food and beverage processing, Engines (excluding those for land vehicles), electric motors and parts, hydraulic and pneumatic systems, brakes, crankshafts, gears, cylinders, pistons, turbines, filters, Vehicle parts: filters, exhausts, manifolds, carburettors, fuel converters, injectors, pumps, valves, starters, spark plugs, Bearings, ball and roller bearings, Tire mounting/removal machines, Alternators, generators, solar-powered generators, Painting and spraying machines, electric/hydraulic/pneumatic staplers and glue guns, spray guns, power drills, saws, jigsaws, grinders, air compressors, car washers, robotic versions of the above, Electric and gas welding machines, arc welding/cutting devices, soldering devices, electrodes, robotic counterparts, Printing machines, Packaging machines, filling/capping machines, labelling, sorting machines, robotic mechanisms for the same purposes, Textile machines, sewing machines and related industrial robots, sewing needles, Non-vehicle pumps (including fuel dispensers and nozzles), Electric kitchen appliances for chopping, grinding, mixing, washing machines, dryers, electric vacuum cleaners and parts, Vending machines, Galvanization and electroplating machines, Electric open-close mechanisms, Gaskets for machines and engines, Cutlery and Hand Tools Non-electric table cutlery, knives, scissors, Beauty and personal care tools: razors, epilators, manicure/pedicure tools, hair straighteners/curlers, Non-electric hand tools for repair, construction, gardening, forestry, Irons (electric/non-electric, steam), Handles for tools of all materials, Scientific, Electronic and IT Equipment Measuring devices for science, meteorology, topography, marine and industrial use: thermometers, barometers, voltmeters, hygrometers, testers, telescopes, microscopes, binoculars, compasses, magnifiers, lab materials, Audio-visual equipment: cameras, TVs, CD/DVD players, MP3 players, remotes, computers, tablets, smartwatches, microphones, speakers, headphones, communication devices,

List of cases accepted for opposition purposes as shown in Journal 2025/031 published on 01 August 2025.

peripherals, mobile phones and accessories, Magnetic/optical data carriers, downloadable software, mobile apps, cryptocurrencies, NFTs, Card readers, electronic publications, film, TV series, music clips on media, Antennas, satellite dishes, amplifiers, Ticket machines, ATMs, Electronic components: semiconductors, chips, circuits, sensors, remote control units, electronic locks, photocells, Meters and timers, Protective clothing, safety and rescue equipment, Glasses, sunglasses, lenses, and accessories, Electricity transmission, conversion, storage devices: plugs, switches, fuses, chargers, batteries, solar panels, EV charging stations, Warning and alarm devices (excluding vehicle alarms), bells, Traffic signals and devices, Firefighting vehicles and equipment (hoses, valves), Radars, sonars, night vision devices, Decorative magnets, Metronomes, AI-powered humanoid robots, lab robots, educational robots, security robots, Lighting, Heating, Cooling, Cooking Lighting appliances (for vehicles, indoor/outdoor use), Heating devices (solid, liquid, gas, electric): boilers, radiators, stoves, solar heaters, Steam, gas, and smoke generators, HVAC systems, Refrigerators, freezers, Electric/gas cooking, drying, boiling appliances: ovens, kettles, grills, dryers, hair dryers, hand dryers, Sanitary installations: taps, showers, toilets, sinks, gaskets, Water softeners, purifiers, waste treatment systems, Electric/non-electric blankets, heating pads, hot water bottles, heated socks, Aquarium filters, Industrial cooking, drying, cooling installations, Pasteurization and sterilization machines, Vehicles and Transport Motor land vehicles (including motorcycles and mopeds) and their engines, clutches, transmissions, gears, brakes, shock absorbers, suspensions, chassis, bodies, steering systems, wheels, forklifts, caravans (motor and tow types), Bicycles and parts: frames, handlebars, fenders, seats, Vehicle bodies: dump beds, trailers, refrigerated containers, trailer hitches, Vehicle seats, headrests, child safety seats, seat covers, fitted car covers, sunshades, Turn signal levers, windshield wipers and arms, Tires, tubeless tires, repair kits, patches, tire valves, Vehicle glass, safety glass, mirrors, Snow chains, Car roof racks, bicycle/ski carriers, Tire inflators, Vehicle alarms, reverse alarms, horns, Passenger safety belts, airbags, Baby strollers, wheelchairs, carriers, Handcarts, shopping trolleys, multi-wheel carts, Rail vehicles: locomotives, trains, trams, wagons, cable cars, chair lifts, Marine vehicles and parts (excluding motors), Aircraft and parts (excluding engines), Drones, unmanned aerial vehicles, Paper, Packaging, Stationery Paper, cardboard, packaging and wrapping materials made of these, cardboard boxes, disposable paper products (excluding stationery): paper towels, toilet paper, napkins, Plastic packaging and wrapping materials, plastic bags, cling films, wrapping sheets, Printing and bookbinding materials, Printed publications and documents: books, magazines, newspapers, invoices, delivery notes, receipts, calendars, posters, photos, artworks, stickers, stamps, Stationery, office, educational and art supplies (excluding furniture and devices): papers, adhesives, pens, erasers, tapes, cardboards, copy paper, receipt rolls, drawing tools, blackboards, paints, Office machines, Brushes and rollers for painting and whitewashing, Rubber, Plastics, Insulation Semi-finished synthetic materials in the form of powder, sheets, rods, foils made of rubber, gutta-percha, asbestos, mica, Insulation, filling, sealing materials: insulating paints, fabrics, tapes, covers, joint fillers, gaskets, O-rings (excluding engine and faucet gaskets), Flexible hoses and pipes made of rubber/plastic (including those for vehicles), pipe sheaths and fittings, textile hoses, non-metallic pipe fittings and accessories, radiator hoses (excluding fire hoses), Synthetic vehicle trim mouldings (decorative), Household and Cleaning Products Non-electric

cleaning tools: brushes (excluding paint brushes), sponges, steel wool, scouring pads, cloth wipes, dish gloves, non-electric polishers, carpet sweepers, mop sticks, Toothbrushes, electric toothbrushes, dental floss, shaving brushes, hairbrushes, makeup brushes, combs, Non-electric household and kitchen utensils (including those made of precious metal, excluding cutlery): serving sets, containers, bottle openers, flower pots, straws, non-electric cooking tools, manual water pumps, Ironing boards and covers, clothes drying racks, Pet cages, aquariums, vivariums, terrariums, Decorative items made of glass, porcelain, ceramics, or clay: statues, figurines, vases, competition trophies, Pest traps, electric pest-killing devices, flycatchers, electric fly swatters, Perfume burners, spray bottles, vaporizers, makeup removers, powder puffs, toilet item containers, Spray nozzles for hoses, garden sprayers, tap fittings, Unprocessed, semi-processed glass, decorative glass mosaics and powders (excluding construction glass), non-insulation glass wool, Retail & Sales Bringing together of all the listed goods for consumers to conveniently view and purchase via retail and wholesale stores, electronic platforms, catalogues, or similar methods.

Class 37:

Construction services; rental services for construction tools, equipment, and machinery; Cleaning services; disinfection services; pest control services; rental services for cleaning tools and machines; Motor vehicle service station services (maintenance, repair, and fuel filling). Charging services for electric vehicles. Rental services for portable charging units for electric vehicles; Maintenance and repair services for marine vehicles; shipbuilding services; Maintenance and repair services for aircraft; Upholstery, repair, and restoration services for furniture; Installation, maintenance, and repair services for heating, ventilation, and plumbing systems; Cleaning, maintenance, and repair services for clothing; Installation, maintenance, and repair services for industrial machines and devices, office machines and devices, communication devices, and electrical and electronic devices; Repair and maintenance services for elevators; Watch repair services; Mining services; Repair services for shoes, bags, and belts.

Class 42:

Scientific and industrial analysis and research services; engineering services; engineering and architectural design services; quality and standards certification and testing of goods/services for these purposes. Motor vehicle inspection services: accident check; exterior checks, interior checks, undercarriage checks, engine compartment inspections, detection and reporting of existing faults; Computer services: computer programming, virus protection for computers, computer system design, website design, maintenance, and updates on behalf of others; software design, rental, and updates; provision of internet search engines; hosting services; consultancy in the field of computer hardware; rental services for computer hardware; All types of design services that fall within this class but are not part of engineering, architectural, or computer services; graphic design, product design services (excluding landscape design); Originality authentication services for works of art.

Class 3:

Soaps; perfumery, essential oils, body lotions, body oils, body washes; cosmetics, hair lotions; perfumes; fragrances; after shaves; milks [cosmetics]; hand milks, body milks, beauty milks, after-sun milks [cosmetics], tanning milks [cosmetics], moisturizing milk, cleansing milks for skin care, aftershave milk, bath milk; scented oils, perfume oils, essential oils, massage oils, oils for the skin, cuticle oils, massage oils hair oils, shaving oils, body oils, bath oils, facial oils, non-medicated oils, sun-tanning oils, shower oils, suntan oils [cosmetics], mineral oils [cosmetic], after-sun oils [cosmetics], cosmetics in the form of oils, tanning oils [cosmetics]; body and facia butters; balms [non-medicated]; suntan creams [self-tanning creams], moisturising creams, cosmetic creams, skin creams, exfoliating creams, sun-tanning creams, shaving creams, creams (cosmetic -), after-shave creams non-medicated creams, pre-shave creams, facial creams, perfumed creams, bath creams, hair creams, cleansing creams, beauty creams, skin creams [non-medicated], washing creams, hand creams, eye creams, cosmetic massage creams, cold creams, shower creams, fluid creams [cosmetics], conditioning creams, body creams, non-medicated cleansing creams, beauty balm creams, day creams, blemish balm creams, night creams, make-up removing creams, skin care creams [cosmetic]; hair gel, shave gel, tooth gel, nail gel, bath and shower gels, not for medical purposes, massage gels other than for medical purposes, gel scrub, cosmetics in the form of gels, moisturising gels [cosmetic], foaming bath gels, facial gels [cosmetics], aftershave gels, soapy gels, cleansing gels, styling gels, sun-tanning gels, body gels, hand gels, soaps in gel form; Talcum powders, soap powders, perfumed powders, hand powders, cosmetics in the form of powders, face powders, bath powders (non-medicated); anti perspirants; deodorants for personal use; preparations for the care of the skin, scalp and the body; sun tanning preparations; preparations for use in the bath and shower; face and body

preparations namely lotions, creams, moisturisers, cleansers, serums, butter, balms, scrubs, masks, toners, mists; hair care and hair styling preparations namely shampoos, conditioners, styling products, finishing spray and gels; sunscreen oils and lotions.

Class 35:

Retail services in respect of soaps, perfumery, essential oils, body lotions, body oils, body washes, cosmetics, hair lotions, perfumes, fragrances, after shaves, milks, oils, butters, balms, creams, gels, powders and lotions, anti perspirants, deodorants for personal use, preparations for the care of the skin, scalp and the body, sun tanning preparations, preparations for use in the bath and shower, face and body preparations namely lotions, creams, moisturisers, cleansers, serums, butter, balms, scrubs, masks, toners, mists, hair care and hair styling preparations namely shampoos, conditioners, styling products, finishing spray and gels, sunscreen oils and lotions.

and instruments for scanning ion conductance microscopy; Acoustic coupling devices; Optical amplifiers; Electronic frequency converters for high velocity electro motors; Semiconductor devices; Physics (Apparatus and instruments for -); Apparatus and instruments for physics; Electronical sensors for measuring solar radiation; Holographic apparatus; Electron tubes; Circuits [electric or electronic]; Magnetic flux sensors; Optical measurement apparatus; Optical electronic components; Electronic memory circuits; Particle emission monitors; Piezoelectric vibratory gyroscopes; Optical fibre temperature probes, other than for medical use; Semi-conductors; Organic light-emitting diode televisions; Polymer light-emitting diodes; Polarization-maintaining optical fibers; Organic light-emitting diodes; Electric diodes; Electromagnetic conduits; Photovoltaic apparatus for converting solar radiation to electrical energy; Optical speed sensors; Digital optical transmission apparatus; Crystal oscillators; Commutation reactors; Magnetic detectors; Electronic resonators; Electromagnetic relays; Organic light-emitting diodes [OLED]; Signals, luminous or mechanical; Optical sensors; Infrared optical apparatus; Organic light emitting diodes (OLED); Electric circuits; Computer applications for automotive control; Computer software development tools; Software; Software testing software; Software reliability software; Computer software for the creation of firewalls; Enterprise software; Software development tools; Simulation software [entertainment]; Collaboration software platforms [software]; Electromechanical software; Media development software; Hardware testing software; Biometric software; Computer software for Global Positioning Systems; Computer software for the control of lighting; Communication software; Downloadable computer security software; Embedded software; Smart manufacturing software; Entertainment software; Computer software for the collection of positioning data; Computer software platforms; Computer software for application and database integration; Table representation software; Air-gas producers for scientific experiments in laboratories; Glassware for scientific experiments in laboratories; Lasers for scientific use; Electrodes for laboratory research; Models for scientific experiments in laboratories; Optimisation software; Search engine software; Data compression software; Decoder software; Computer software for system cleaning and optimization; Computer search engine software; Database synchronization software; Compiler software; Software compiler; Encryption software; Encoding and decoding apparatus; Data encoding apparatus; Market prediction software; Fire mapping and analysis software; Data encryption apparatus; Authentication software; Encoding and decoding apparatus and instruments; Mesh network software; Server-side software; Computer software for the compilation of positioning data; File synchronization software; Map software; Decoding apparatus; Data mining software; Image recognition software; Scheduling software; Interface software; Interactive database software; Software for Automated Business Process Discovery (ABPD); Search marketing software; Workflow software; Encryption apparatus; Vehicle simulation software; Simulation apparatus; Computer software designed to estimate resource requirements; Data and file management and database software; Risk detection software; Plugin software; Predictive maintenance software; Application software; Computer hardware for the compilation of positioning data; Data engines; Encoding apparatus; Graphical user interface software; Workflow management system software; Apparatus for improving power efficiency; Industrial process control software; Operational risk management software;

Business performance management [BPM] software; Speed regulators [electronic]; Computer games programmes for simulating financial securities trading [software]; Gaming software that generates or displays wager outcomes of gaming machines; Market forecasting software; Computer software for producing financial models; Numerical position indicating apparatus; Particle classifying apparatus; Numerical counters; Particle detecting apparatus; Betting software; Virtual reality software for simulation; Oscillators; Temperature compensated crystal oscillators; Laboratory photochemical reactors ; Commutators; Coupling capacitors; Electric couplings; Couplings, electric; Photo electron spectroscopy analyzers [not for medical purposes]; Photo electron spectroscopy analyzers, not for medical purposes; Radio-frequency modulators; Electrical couplings; Scientific and laboratory devices for treatment using electricity; X-ray tomography apparatus for scientific use; Interferometers; Planar triodes; Cyclotrons; Radio-frequency components; Laboratory chemical reactors; Electromagnetic locks; Electrostatic precipitators; Electronic valves [thermionic]; Decoders; Signal decoders; Self-synchronizing digital encryptors; Linear encoders; Coding modulators; Bar code decoders; Demultiplexers; Multiplexors; Camera containing a linear image sensor; Television decoder; Simulation software [training]; Linear transducers; Demodulators; Raster image processors; Encoded integrated circuit cards; Time-code generators; Film matrices; Amplitude modulation tuners; Signal expanders; Thick film hybrid integrated circuits; Multichip modules; Decoders for television sets; Graphic decoders for use with audio karaoke systems; Television decoders; Software for X-ray tomography; Electronic decoders; Encoders; Encoded programs; Thick film hybrid circuits; Application-specific integrated circuits; Data networks; Vocoders; Input modules; Double layer capacitors; Encoded tapes; Linear actuators [electric]; Electric linear actuators; Label readers [decoders]; Computer utility programs for data compression; Stereo signal generator apparatus; Signal limiters; Image processing software for in-vehicle cameras; Generators (Signal -); Middleware; Signal compressors; Hybrid integrated circuits; Air quality sensors; Air analysis apparatus; Air traffic control apparatus; Air traffic control radio equipment; Respirators for filtering air; Measuring and control devices for air conditioning technology; Air temperature sensors; Fire detection apparatus; Leak detection apparatus; Fire detection software; Gas leak alarm systems; Vapour monitoring apparatus for the detection of leaks; Internal combustion engine testing apparatus; Timing devices for industrial processing apparatus; Mobile data communications apparatus; Electrical communications apparatus; Fire detecting apparatus; Control devices (Automatic -); Programmable control apparatus; Remote control apparatus for controlling lighting; Automatic control apparatus; Control apparatus (Automatic -); Remote control apparatus; Touch sensitive control panels; Access control apparatus (Automatic -); Parental control software; Remote control apparatus (Electronic -); Process control digital controllers; Thermostat control apparatus; Energy control devices; Motion control software; Network management control apparatus; Environmental control software; Remote controls for controlling electronic products; Automatic vehicle speed control devices; Control circuits; Electronic apparatus for the remote control of signals; Electronic control apparatus; Control apparatus (Electronic -); Remote control apparatus (Electro-dynamic -); Electrical remote control apparatus; Remote control apparatus (Electrical -); Traffic control apparatus [mechanical]; Automatic vacuum control apparatus; Access control units (Automatic -); Traffic control

List of cases accepted for opposition purposes as shown in Journal 2025/031 published on 01 August 2025 .

apparatus [luminous]; Biometric access control systems; Time control switches; Pneumatic control apparatus; Electronic cruise control apparatus; Electro-dynamic apparatus for the remote control of signals; Remote control of signals (Electro-dynamic apparatus for the -); Infrared remote control apparatus; Vehicle control software; Security control apparatus; Traffic control apparatus [electronic]; Access control installations (Automatic -); Electric control devices for energy management; Automatic vehicle speed control apparatus; Remote control units; Lighting control apparatus; Vehicle speed control systems; Access control devices; Remote control receivers; Monitoring control apparatus [electric]; Remote control telemetering apparatus; Remote control transmitters; Electrical power control apparatus; Process control apparatus [electronic]; Electrical control apparatus; Engine control sensors; Electrical access control apparatus; Flight control apparatus; Content control software; Electronic control circuits; Access control apparatus (Electric -); Automatic control apparatus and instruments; Remote air conditioning control devices; Vehicle automatic driving control devices; Variable speed control apparatus; Sensors used in plant control; Electric control apparatus; Control apparatus (Electric -); Programmable controls; Testing and quality control devices; Electronic control units; Electronic process control units; Process control units [electronic]; Remote control sockets; Climate control digital thermostats; Remote controllers for controlling electronic products; Computer software for the remote control of security apparatus; Electric control devices for heating management; Temperature control apparatus [thermostats]; Control amplifiers; Process control apparatus [electric]; Remote control telemetering machines and apparatus; Traffic control apparatus [lighting]; Vehicle control assistance software; Vehicle speed control apparatus; Sensors for use in the control of engines; Traffic control apparatus [electric]; Computer software for the remote control of electric lighting apparatus; Remote entry point control apparatus; Remote control apparatus for starting vehicles; Electronic control sensors for motors; Sensors for use in the control of motors; Operation control panels [electric]; Control apparatus for audio signals; Car automatic driving control devices; Control segment integration software; Multifunctional remote controls; Autonomous driving control systems for vehicles; Temperature control apparatus [electric switches]; Remote controls; Personal digital assistants; Personal digital assistants [PDA]; Personal digital assistants (pda's); Protective cases for personal digital assistants; Personal digital assistants (PDAs); Personal digital assistants [PDAs]; Covers for personal digital assistants; Personal digital assistants in the shape of a watch; Personal computers; Virtual assistant software; Covers for personal digital assistants [PDAs]; Personal computer cameras; Interactive entertainment software for use with personal computers; Handheld personal computers; Personal home computers; Electronic personal organizers; Personal alarms; Electronic personal organisers; Personal speakers; Personal computer application software for managing document control systems; Personal alarm apparatus; Electronic personal alarm devices; Personal security alarms; Personal computer application software for document control systems; Computerised personal organisers; Smart home software; Personal stereos; Stereos (Personal -); Personal media players; Computer programs for providing an all-around view for a vehicle; Personal transceivers; Personal flotation devices; Data transmission networks; Data buffers; Data switches; Data terminals; Data processors; Data processing programs recorded on machine-readable data carriers; Data wires; Data transmitters; Computers for use in data management; Data storage programs; Data

synchronization cables; Data storage discs; Synchronous data units; Data processing terminals; Data banks; Data loggers; Data storage devices; Data processing programs; Optical data links; Data cables; Optical data storage drives; Computer hardware for the collection of positioning data; Cases for data storage devices; Data management software; Data cards; Data storage media; Apparatus for the transmission of data; Data transmission apparatus; Data exchange units; Data carriers; Data bus interface units; View data terminals; Data collection apparatus; Computer software for creating searchable databases of information and data; Data retrieving devices; Data entry terminals; Data cartridges; Big data management software; Object detecting sensors; Instruments for detecting traffic; Ultrasonic flaw detectors; Position detection sensors; Sensors, detectors and monitoring instruments; Water leakage detection alarms; Detecting apparatus and instruments; Leak detectors; Intruder detecting apparatus [other than for vehicles]; Smoke detecting apparatus; Sensors for monitoring physical movements; Measuring, detecting, monitoring and controlling devices; Seismic detectors; Avalanche probes featuring sensors for measuring snow depth; Heat detecting apparatus; Gas detecting apparatus; Infrared detection apparatus; Underwater acoustic detecting apparatus; Light Imaging Detection and Ranging [LIDAR] apparatus; Intruder detection apparatus; Alarms for the detection of inflammable gases; Magnetic object detectors; Oscillation sensor devices; Magnetic metal detector monitors; Sensors for determining temperature; Light Detection and Ranging [LIDAR] apparatus; Detection apparatus; Ultrasonic wave type intruder sensors; Apparatus and instruments for scanning probe microscopy; Minesweeping [detecting] apparatus; Sensors for determining acceleration; Rapid scan cameras; Sensors for determining velocity; Scanning probe microscopes; Vibration detectors; Radar detectors; Ultraviolet detection apparatus; Light detection and ranging [LIDAR] apparatus for vehicles; Magnetic sensors; Smoke detection apparatus; Mine detecting apparatus; Motion recognizing sensors; Fingerprint imagers; Universal disturbance analyzers; Impact sensors; Frequency indicators; Frequency scanners; Infrared detectors; Sensors for measuring instruments; Heat sensing identification indicators; Dust emission monitors; Fingerprint scanners; Temperature monitors for scientific use; Sensors for measuring depth; Radiation detectors; Simulators for simulating the effect of earthquakes; Transmitters for emitting distress signals; Ultrasonic object detectors for use on vehicles; Automatic solar tracking sensors; Counterfeit money detecting apparatus; Resistance temperature detectors; Temperature sensitive testing apparatus for scientific use; Magnetic data carriers bearing recorded software; Infrared sensors; Detectors; Timing sensors; Temperature sensors; X-ray fluorescence analyzers; Avalanche probes; Interfaces for detectors; Vibration sensors; Transparency projection apparatus; Augmented reality software for education; Spectacles for correcting color blindness; Spectacles for correcting colour blindness; Virtual reality software for education; Augmented reality software; Optical character recognition apparatus; Augmented reality game software; Virtual reality glasses; Virtual reality models; Colour blindness correction glasses; Color blindness correction glasses; Augmented reality software for creating maps; Virtual and augmented reality software; Character recognition apparatus; Virtual reality goggles; Software for virtual reality cinema; Virtual reality software for playing virtual reality games; Virtual reality software for medical teaching; Sound masking apparatus for speech privacy; Distance and dimension measuring instruments; Software for optical

List of cases accepted for opposition purposes as shown in Journal 2025/031 published on 01 August 2025.

character recognition; Communications networks; Computer software to enable the provision of electronic media via communications networks; Software for conducting general meetings; Computer software used for providing search engine services; Third party search marketing software; Tools [software] for pay per click optimisation; Database engines; Software for pay per click optimisation; Engine analyzers; Computer software for accessing, browsing and searching online databases; Computer programs for accessing, browsing and searching online databases; Engine diagnostic apparatus; Software for embedding online advertising on websites; Software for renting advertising space on websites; Solid state drives; Computer software for administration of local area networks; Devices for analyzing protein sequence used as laboratory apparatus; Cloud network monitoring software; Network surveillance cameras; Network monitoring cameras namely for surveillance; Network monitoring cameras for surveillance; Data capture apparatus; Target surveillance apparatus [satellite]; Target surveillance apparatus [electronic]; Data protection backup units; Security tokens [encryption devices]; Software for network and device security; Computer software for authorising access to data bases; Security alarms; Electronic data storage media; Data storage devices and media; Security cameras; Mechanised coding apparatus; Static power convertors; Electric power distribution machines; Hybrid circuits; Apparatus for diagnosing electrical power installations; Dynamic tomography apparatus, other than for medical use; Power sources connected to audio apparatus for use in motor vehicles; Static exciters; Software for generating virtual images; High-frequency switching power supplies; Voice command devices; Fire control apparatus; Access control units (Electric -); Volume control pedals; Multiple control signal transmission units; Boiler control apparatus; Remote control apparatus for air conditioning installations; Access control installations (Electric -); Instruments for temperature control; Process control units [electric]; Vehicle speed control apparatus and instruments; Control devices for vehicle navigation apparatus; Cooker control units; Simulators for the steering and control of vehicles; Lift control panels; Flow control installations [electric]; Electronic key fobs being remote control apparatus; Control installations (Electric -); Cruise control systems for vehicles; 3D animation software; CAE software; Collaborative software; Audio dynamic characteristic modifiers; Real-Time Collaborative Editing [RTCE] platforms [software]; Downloadable software in the nature of a mobile application; Optical Barcode Recognition [OBR] software; Analogue sound modifiers; Interactive software; Interactive game software; Computer-aided design (CAD) software; Downloadable software in the nature of a mobile application for playing games; Digital Input/Output [I/O] modules; UPI [universal peripheral interface] software; Digital functional generators; Graphic art software; Animation software; Circulators in the nature of electronic components; Software as a medical device [SaMD], downloadable; Computer software for creating and editing music and sounds; Downloadable computer software for designing and modelling of three dimensional printable products; Digital sound processors; AC adapters for consumer video game apparatus; Interactive multimedia computer game program; Interactive multimedia computer game programs; Downloadable digital music files authenticated by non-fungible tokens [NFTs]; Portable sound reproducing apparatus; Audio visual teaching apparatus; Interactive multimedia game programs.

Class 42:

Artificial intelligence consultancy; Artificial intelligence as a service (AIAAS); Research in the field of artificial intelligence; Technology consultation in the field of artificial intelligence; Research in the field of artificial intelligence technology; Platforms for artificial intelligence as software as a service [SaaS]; Providing artificial intelligence computer programs on data networks; Software as a service [SaaS] featuring computer software platforms for artificial intelligence; Data security consultancy; Computer security threat analysis for protecting data; Technological analysis relating to energy and power needs of others; Analysis of human serum for medical research; Data security services; Consultancy in the field of data security; Expert consultancy services in connection with computing networks; Technological advisory services relating to machine engineering analysis; Computer aided scientific analysis services; Computer security consultancy; Internet security consultancy; Data security services [firewalls]; Analytic services relating to computers; Research relating to security; Software as a service [SaaS] services featuring software for machine learning, deep learning and deep neural networks; Analytic laboratory services; Telecommunication network security consultancy; Technical data analysis services; Computer programming services for electronic data security; Design and development of electronic data security systems; Expert reporting services relating to technology; Professional consultancy relating to computer security; Blood analysis services for scientific research purposes; Computer services for the analysis of data; Consultancy relating to technological services in the field of power and energy supply; Analytical and testing services for oil workings; Engineering services relating to data processing technology; Information technology consultancy; Biological analysis; Technological analysis services; Technical data analysis; Computer and information technology consultancy services; Testing, analysis and monitoring of telecommunication signals; Analysis of telecommunication signals; Advisory services relating to computer systems analysis; Chemical analysis services for use in gemological analysis; Analytical services relating to computers; Biological research and analysis; Information technology [IT] consultancy; Technical advisory services relating to data processing; Monitoring of computer systems for security purposes; Expert consultancy services in connection with computing equipment; Software as a service [SaaS] featuring software for deep neural networks; Analysis of human tissues for medical research; Scientific services relating to the isolation and cultivation of human tissues and cells; Biotechnology research for determining the neuronal survival of molecules in animal models; Science and technology services; Computer technology consultancy; Engineering services in the field of communications technology; Providing science technology information; Research in the field of communications technology; Telecommunications technology consultancy; Engineering services in the field of energy technology; Information technology consulting; Information technology services; Design and development of computer software for use with medical technology; Research in the field of telecommunications technology; Research in measurement technology; Rental of science and technology equipment; Design and development of medical technology; Research in the field of telecommunication technology; Engineering services relating to information technology; Control technology consulting services; Consultancy and information services in the field of information technology architecture and infrastructure; Information technology consulting services; Engineering services in the field of environmental technology; Research in the field of data processing technology; Research

List of cases accepted for opposition purposes as shown in Journal 2025/031 published on 01 August 2025.

in the field of information technology; Research relating to technology; Development of technologies for the protection of electronic networks; Engineering services in the field of building technology; Information technology [IT] consulting services; Consultancy relating to filtration technology; Research and development services in the field of antibody technology; Consultancy and information services relating to information technology architecture and infrastructure; Research in the area of semiconductor processing technology; Information technology support services; Consultancy and information services in the field of information technology; Technical consultancy services relating to information technology; Information technology services for the pharmaceutical and healthcare industries; Consultancy relating to membrane technology; Information technology [IT] support services [troubleshooting of software]; Technical advice and consultancy services in the field of information technology; Consultancy services relating to information technology; Professional consultancy relating to technology; Technological engineering analysis; Technological research services; Providing information about the design and development of computer software, systems and networks; Professional advisory services relating to food technology; Scientific technological services; Professional consultancy relating to marine technology; Scientific and technological services; Design and development of operating software for cloud computing networks; Development of new technology for others; Technological consulting services in the field of alternative energy generation; Software engineering services for data processing; Technological consultancy in the field of aerospace engineering; Development of software for communication systems; Cell separation technology services; Development and testing of computing methods, algorithms and software; Design and development of new technology for others; Technological design services; Technological consultancy services for digital transformation; Technological consulting services for digital transformation; Consultancy services in the field of technological development; Design services relating to process systems for the biotechnology industry; Expert opinion relating to technology; Research in the field of technology provided by engineers; Technological research relating to computers; Consultancy and information services in the field of computer system integration; Technological consultancy; Services for the design of electronic data processing software; Consultancy and information services relating to information technology; Technological studies relating to machine tools; Engineering services relating to the design of communications systems; Technological services relating to computers; Providing user authentication services using biometric hardware and software technology for e-commerce transactions; User authentication services using blockchain technology; Design and development of computer software for logistics; Technological services; Advisory and information services relating to the design and development of computer hardware; Assessment in the field of technology provided by engineers; Technical consultancy regarding the field of road cutting technology; Design and development of data processing software; Consultancy relating to software for communication systems; Troubleshooting in the nature of diagnosing problems with consumer electronics; Diagnosing computer hardware problems using software; Troubleshooting of computer hardware and software problems; Technical consulting in the field of pollution detection; Technical research relating to automatic identification systems; Scientific and technological research in the field of natural disasters; Development of

computer software application solutions; Development services relating to computer software application solutions; Technical research relating to automatic numbering systems; Research relating to the computerised automation of technical processes; Providing technical advice relating to computer hardware and software; Development of computer programs for combustion process analysis inside an engine; Conducting research and technical project studies relating to the use of natural energy; Provision of information concerning research and technical project studies relating to the use of natural energy; Technical advice relating to operation of computers; Technical research relating to computers; Providing scientific information in the field of global warming; Advice relating to the development of computer systems; Quality control relating to computer software; Behavioural analysis of chemicals; Computer aided scientific testing; Biological cloning services; Biotechnology testing; Genetic mapping for scientific purposes; Genetic testing of laboratory animals for research purposes; Laboratory research in the field of gene expression; Culturing of cells for scientific research purposes; Genetic fingerprinting; Genetic testing for scientific research purposes; DNA screening for scientific research purposes; Research in the field of gene therapy; Biotechnology research; Biotechnological research relating to enzymatic synthesis; Scientific research in the field of genetics and genetic engineering; Genetic research; Research and development services in the field of gene expression systems; Scientific research relating to genetics of plants; Animal semen testing services for research purposes; Biotechnological research; Duplication of computer software; Biotechnological research relating to livestock; Research of livestock breeding; Research relating to plant breeding; Research and development in the field of biotechnology; Research and development in the pharmaceutical and biotechnology fields; Development of software for Automated Business Process Discovery (ABPD); Research relating to biotechnology; Copying of computer software; Development of testing methods; Development of computer programs for simulating laboratory experiments; Genetic engineering services; Research (Biological -); Biological research; Genetic engineering services relating to plants; Scientific research relating to genetics; Scientific research in the field of genetics; Biochemical research; Biochemical research and development; Chemical technological research; DNA testing services to determine paternity (laboratory services); Paternity testing; Preparation of biological samples for testing and analysis in research laboratories; Preparation of biological samples for analysis in research laboratories; Testing of chemicals; Testing of pharmaceuticals; Testing of nuclear material; Bacteriological research and testing; Research of pharmaceuticals; Inspection of pharmaceuticals; Development of pharmaceutical preparations and medicines; Research relating to pharmaceuticals; Pharmaceutical products development; Pharmaceutical drug development services; Pharmaceutical research services; Laboratory research services relating to pharmaceuticals; Computer programming of computer games; Computer and computer software rental; Computer programming of video and computer games; Computer programming; Programming (Computer -); Rental of computers and computer software; Computer rental and updating of computer software; Rental of computer hardware and computer software; Computer programming and maintenance of computer programs; Computer forensics; Programming of computer game software; Rental of computer hardware and computer peripherals; Computer programming for the internet; Computer engineering; Development of computer hardware

List of cases accepted for opposition purposes as shown in Journal 2025/031 published on 01 August 2025.

for computer games; Programming of computer animations; Computer software engineering; Computer programming for telecommunications; Time-sharing (Computer -); Up-dating of computer software; Repair of computer software; Updating of computer software relating to computer security and prevention of computer risks; Writing of computer software; Editing of computer programs; Maintenance of computer software relating to computer security and prevention of computer risks; Programming of software for Internet portals, chatrooms, chat lines and Internet forums; Hosting online web facilities for others for conducting interactive discussions; Hosting online facilities for conducting interactive discussions; Hosting online web facilities for others for sharing online content; Hosting on-line facilities for conducting interactive discussions; Hosting of communication platforms on the internet; Interactive hosting services which allow the users to publish and share their own content and images online; Telecommunications engineering consultancy; Telecommunications engineering; Design and development of telecommunications networks; Programming of telecommunications software; Technical advice and consultancy services in the field of telecommunications; Technical design and planning of telecommunications networks; Provision of technical consultancy (advice) in the field of telecommunications; Provision of technical consultancy to the petrochemical industry; Rental of user-programmable humanoid robots, not configured; Engineering services relating to robotics; Neuromorphic engineering; Development of computer software for use with programmable controllers; Design and development of computer software for vehicle simulation; Software engineering; Design, development and programming of computer software; Engineering and computer-aided engineering services; Design and development of computer hardware for the manufacturing industries; Development of computer hardware for the manufacturing industries; Design and development of computer game software and virtual reality software; Computer-aided industrial design; Computer programming in the medical field; Research and development of computer software; Design and development of computer hardware for the manufacturing industry; Design and development of computer game software; Computer programming and software design; Development of computer software for use with computer-controlled switching systems; Design and development of computer hardware and software; Design and development of computer software; Computer software design and development; Design of computer hardware for the manufacturing industries; Design and development of computer software architecture; Computer-aided engineering design services; Design of computer microchips; Development of computer game software; Development of computer hardware and software; Computer software development; Development of computer software; Design and development of computer peripherals; Design and development of computer hardware; Research in the field of computer programs and software; Technical project studies in the field of computer hardware and software; Design and development of software in the field of mobile applications; Engineering; Engineering (engineering work); Mechanical engineering; Technical engineering; Engineering design; Engineering surveying; Surveying [engineering]; Engineering consultancy; Engineering research; Chemical engineering; Civil engineering; Mechanical engineering services; Engineering design and consultancy; Engineering testing; Civil engineering consultancy; Engineering services; Engineering design services; Engineering work; Architectural and engineering services; Civil engineering design services; Electrical engineering services; Industrial

engineering design services; Structural engineering services; Engineering services for the design of machinery; Engineering drawing; Drawing (Engineering -); Technical consulting in the field of environmental engineering; Design of engineering products; Technical consultation in the field of aerospace engineering; Research relating to mechanical engineering; Biochemical engineering services; Engineering project studies; Research in the field of electrical engineering; Tissue engineering; Levee engineering; Nuclear engineering services; Software engineering services; Engineering consultancy relating to design; Civil engineering drawing services; Design and development of engineering products; Engineering drawing services; Computer-aided engineering design and drawing services; Technical project planning in the field of engineering; Industrial testing of engineering works; Engineering services for the design of structures; Engineering services for the analysis of machinery; Computer engineering consultancy services; Design services relating to civil engineering; Technical consultancy in the field of light engineering; Explosives engineering services; Engineering consultancy services; Civil engineering planning services; Technical consultancy services relating to structural engineering; Computer assisted engineering design services; Engineering project management services; Technical consultancy services relating to civil engineering; Engineering feasibility studies; Engineering consultancy relating to computer programming; Technical planning and consulting in the field of light engineering; Technical consultancy services relating to marine engineering; Engineering services relating to architecture; Engineering consultancy relating to manufacture; Engineering consultancy relating to testing; Preparation of engineering drawings; Research and development services in the field of engineering; Engineering services for the analysis of structures; Engineering consultancy relating to data-processing; Testing of apparatus in the field of electrical engineering; Engineering services relating to the design of electronic systems; Consultancy services relating to nuclear engineering; Advisory services relating to design engineering; Design of engineering works for flood prevention; Advisory services relating to industrial engineering; Engineering services relating to computer programming; Technical consultancy in the field of environmental science; Engineering services for the gas industry; Engineering services for others; Preparation of engineering reports; Engineering services relating to computers; Engineering services relating to machine tool design; Consultancy services relating to product engineering; Programming of computers; Computer programming services; Computer programming consultancy; Computer programming for others; Computer software programming services; Computer programming of video games; Scientific computer programming services; Computer design and programming services; Computer programming for data processing; Programming of operating software for computer networks and servers; Design of computer programs; Designing of computer programs; Writing of computer programs; Updating of computer programs; Research relating to computer programming; Computer programming for the energy industry; Modifying of computer programs; Installing computer programs; Installation of computer programs; Development of computer programs; Maintenance of computer programs; Programming of educational software; Duplicating computer programs; Testing of computer programs; Rental of computer software and programs; Programming of computer software for reading, transmitting and organising data; Programming of Internet security programs; Computer programming services for data processing; Creating of computer programs; Computer

List of cases accepted for opposition purposes as shown in Journal 2025/031 published on 01 August 2025.

software research; Developing computer software; Design services relating to computer hardware and to computer programmes; Computer programming for data processing and communication systems; Computer software design; Software design (Computer -); Computer software (Design of -); Design of computer software; Updating and maintenance of computer software and programs; Computer software maintenance; Computer software (Maintenance of -); Maintenance of computer software; Programming of computer software for electronic language translation dictionaries and databases; Computer programs (Duplication of -); Duplication of computer programs; Programming of computer software for evaluation and calculation of data; Updating of computer software; Computer software (Updating of -); Software (Updating of computer -); Design services in the field of naval shipbuilding; Computer security services for protection against illegal network access; Consultancy services relating to research in the field of environmental protection; Consultancy in the field of computer security; IT security, protection and restoration; Consultancy in the field of security software; Design of computer machine and computer software for commercial analysis and reporting; Maintenance of computer software used for operating filling apparatus and machines; Analysis of used machine oils; Software as a service [SaaS] featuring software for machine learning; Machine condition monitoring; Mathematical research services; Design of software for digital signal processing; Development of software for digital signal processing; Design and development of computer software for evaluation and calculation of data; Analysis (Computer systems -); Systems analysis (Computer -); Computer systems analysis; Comparative analysis studies of the efficiency of computer systems; Engineering services relating to automatic data processing; Computer analysis; Computer programming services for commercial analysis and reporting; Research relating to the computerised automation of industrial processes; Scientific analysis; Research relating to the computerised automation of administrative processes; Advisory services relating to man-machine interfaces for computer software; Programming of software for market research purposes; Testing of electronic data processing systems; Computer aided industrial analysis services; Development of hardware for digital signal processing; Computer analysis services; Comparative analysis studies of the performance of computer systems; Design and development of data retrieval software; Design of hardware for digital signal processing; Design services relating to data processing test tools; Computer programming services for data warehousing; Design and development of data processing systems; Quantum computing; Quantum computing services; Fog computing; Computing consultancy; Consulting services in the field of quantum computing; Cloud computing services; Consulting in the field of cloud computing networks and applications; Providing virtual computer systems through cloud computing; Providing virtual computer environments through cloud computing; Testing of computing equipment; Programming of operating software for accessing and using a cloud computing network; Consulting services in the field of cloud computing; Design and development of operating software for accessing and using a cloud computing network; Computer hardware development; Development of computer hardware; Rental of computer software, data processing equipment and computer peripheral devices; Research relating to the development of computer hardware; Rental of operating software for accessing and using a cloud computing network; Computer systems development; Development of computer systems; Research

in the field of computer hardware; Provision of computing facilities; Development of computers; Research and development services relating to computer hardware; Provision of technical support in the operation of computing networks; Provision of technical support in the supervision of computing networks; Development of computer peripherals; Computer time-sharing services; Computer software integration; Consultancy services relating to computing; Integration of computer systems and networks; Design and development of computer software for reading, transmitting and organising data; Development of computer based networks; Design and development of wireless computer networks; Rental of computing equipment; Development of hardware for multimedia data storing and recalling; Computer project management in the field of electronic data processing [EDP]; Computer integration services; Testing of computer hardware; Providing temporary use of on-line non-downloadable operating software for accessing and using a cloud computing network; Development of systems for the processing of data; Design and development of operating software for computer networks and servers; Software as a service [SaaS] featuring software for deep learning; Underwater exploration; Exploration (Underwater -); Analysing of air in building environments; Natural science services; Development of word processing software; Design and development of electronic language translation dictionaries and databases; Design and development of word processing software; Programming of data processing equipment; Design of word processing software; Development of hardware for processing and distribution of multimedia contents; Programming of data processing programs; Writing of programs for data processing; Writing of data processing programs; Development and creation of computer programmes for data processing; Engineering services in the field of motive power; Technical research in the field of aeronautics; Provision of information relating to industrial engineering; Technical consultancy in relation to the technical research in the field of food and beverages; Analysis and testing services relating to electrical engineering apparatus; Professional consultancy relating to the science of ergonomics; Technological consultancy in the field of geology; Technical design and planning of telecommunications equipment; Technical planning and technical project management for the development of lighting equipment; Technical research; Research in the field of science provided by engineers; Providing information relating to scientific research in the fields of biochemistry and biotechnology; Engineering services relating to energy supply systems; Computerised data storage; Design of data storage systems; Electronic storage services for archiving electronic data; Electronic storage services for archiving databases, images and other electronic data; Electronic storage services for archiving databases; Design services relating to computerised information processing systems; Design of data processing apparatus; Design services relating to the development of computerised information processing systems; Design and development of data storage systems; Design and development of data processing apparatus; Design and development of systems for data input, output, processing, display and storage; Development of systems for the storage of data; Compression of data for electronic storage; Computerised data storage services; Electronic data storage; Electronic storage of data; Design of software for multimedia data storing and recalling; Design services relating to data processing systems; Computer services concerning electronic data storage; Computerised business information storage; Designing of data processing systems; Development of data processing apparatus; Design services

List of cases accepted for opposition purposes as shown in Journal 2025/031 published on 01 August 2025.

for data processing systems; Maintenance of data processing software; Development of software for multimedia data storing and recalling; Design of storage systems; Design of information systems relating to management; Electronic data storage and data back-up services; Design of communication systems; Development services relating to data processing systems; Design services relating to data processing tools; Design and development of wireless data transmission apparatus; Design of software for processing and distribution of multimedia contents; Maintenance of software for communication systems; Electronic data storage services; Software development, programming and implementation; Programming of software for database management; Programming of energy management software; Programming of software for inventory management; Programming of electronic control systems; Provision of technical studies relating to computer programming; Programming of multimedia applications; Programming of EDP software; Programming of video game software; Programming of software for website development; Programming of software for e-commerce platforms; Programming of multimedia equipment; Computer programming of smart contracts on a blockchain; Technical consultancy services relating to computer programming; Programming of software for importing and managing data; Programming of software for Internet platforms; Mathematical models (Design of -); Design of mathematical models; Consultancy services relating to computer programming; Advisory services relating to computer programming; Programming of software for online advertising; Provision of information relating to computer programming; Design and development of data processing programs; Consultancy and information services relating to the design, programming and maintenance of computer software; Preparation of reports relating to computer programming; Design and development of computer software for process control; Programming of software for information platforms on the Internet; Implementation of computer programs in networks; Consultancy and information services relating to computer programming; Computer system analysis; Design and development of data output systems; Design and development of testing and analysis methods; Programming of software for evaluating customer behaviour in online shops; Writing of computer code; Design and writing of computer software; Creation of computer programmes for data processing; Design and development of software and hardware for signal amplification and transmission; Research (Physics -); Physics research; Physics [research]; Research in the field of physics; Consultation in the field of physics; Analysis in the field of molecular biology; Optical laboratories; Prediction measurement of steady state exhaust emissions; Design of mechanical, electromechanical and optoelectronic apparatus and instruments; Research in the field of materials science; Scientific research in the field of social medicine; Research relating to science; Research relating to molecular sciences; Earth science services; Scientific research relating to biology; Research relating to physics; Information on the subject of scientific research in the field of biochemistry and biotechnology; Scientific research relating to chemistry; Research in the field of chemistry; Scientific research relating to ecology; Scientific research in the field of pharmacy; Laboratory research in the field of chemistry; Scientific research in the field of environmental protection; Scientific and industrial research; Scientific and industrial research in particular in the field of electricity; Mechanics research; Scientific and technological design; Research in the field of ecology; Research (Scientific

-); Scientific research; Scientific and technological research relating to patent mapping; Assessment in the field of science provided by engineers; Digital forensic investigations in the field of computer crimes; Computer aided scientific research services; Research in the field of environmental conservation; Laboratory analysis in the field of chemistry; Scientific research relating to bacteriology; Contract research services relating to molecular sciences; Estimations in the field of science provided by engineers; Research and development services in connection with physics; Consultancy in the field of scientific research; Biology consultancy; Technological studies; Rental of scientific microscopes; Industrial analysis and research services in the field of chemistry; Scientific research and development; Mechanical research; Mechanical research in the field of motor sports; Consultancy in the field of agricultural chemistry; Decoding of data; Updating of software for data processing; Image processing software design; Data encryption and decoding services; Design of computer database software; Configuration of computer networks using software; Updating and design of computer software; Computer software design and updating; Configuration of computer networks by software; Design and development of image processing software; Update of computer software; Design and development of computer database software; Providing search engines for obtaining data on a global computer network; Updating of software databases; Operation of search engines; Encryption, decryption and authentication of information, messages and data; Updating of software data bases; Image processing software development; Design of software for compression and decompression of multimedia contents; Services for assessing the efficiency of pharmaceuticals; Advisory services relating to energy efficiency; Services for assessing the efficiency of industrial chemicals; Certification services for the energy efficiency of buildings; Professional consultancy relating to energy efficiency in buildings; Design and development of software for control, regulation and monitoring of solar energy systems; Services for assessing the efficiency of agricultural chemicals; Energy performance testing of buildings ; Design and development of regenerative energy generation systems; Development of energy and power management systems; Services for assessing the efficiency of veterinary drugs; Design of measurement systems; Design and development of energy management software; Creation of control programs for automated measurement, assembly, adjustment, and related visualisation; Design and development of energy distribution networks; Performance of chemical analyses; Evaluation of performance of computer systems against bench-mark references; Development of computer programs for analysis of exhaust gas emissions; Quality control relating to computer systems; Structural and functional analysis of genomes; Technological consultancy in the fields of energy production and use; Scientific risk assessment; Analysis of the mode of action of chemical combinations on animals; Providing scientific information, advice and consultancy relating to net zero emissions; Biochemical analysis; Chemical analysis; Geological estimation and research; Providing temporary use of online, non-downloadable computer software for language translation; Development of computer languages; Developing programs for simulating experiments or series of experiments in a virtual optical laboratory; Conducting magnetic resonance imaging interpretation and analysis for the petroleum industry; Chemical analytical examinations; Design of mechanical and micromechanical components; Custom design of electromagnetic inductors; Encoding of digital images; Digital compression of computer data; Data authentication

Class 9:

Non-downloadable mobile applications and software platforms for accessing streamed educational content in the field

List of cases accepted for opposition purposes as shown in Journal 2025/031 published on 01 August 2025 .

of healthcare; electronic tools for curriculum mapping, clinical decision-making training, and continuing professional development (CPD); excludes downloadable media, medical diagnostic software, or physical healthcare devices.

Class 38:

Provision of non-downloadable streaming of audio and video educational content; internet-based broadcasting services for clinical training podcasts and medical education programming.

Class 41:

Delivery of educational content for healthcare professionals; production and distribution of educational podcasts; provision of continuing professional development (CPD) programmes; publication of digital medical training materials; development of clinical reasoning tools and exam preparation resources for medical education.

Class 42:

Software as a service (SaaS) featuring tools for streaming educational content, managing CPD tracking, organising teaching sessions, supporting peer communication, and delivering medical training resources; excludes software for physical diagnostics or patient-facing clinical tools.
