for industrial use in pharmaceutical and biotechnological manufacturing; fatty substances and carrier compounds for use in the production of therapeutic and nutritional products; lipid nanoparticles and other excipients for industrial use in drug delivery and supplement formulation.

Class 5:

Pharmaceutical preparations and substances; biological and biopharmaceutical preparations for medical and veterinary use; sanitary preparations for medical use; mRNA-based vaccines and therapeutics; RNA-based therapeutics, including small interfering RNA (siRNA), self-amplifying RNA (saRNA), microRNA (miRNA), guide RNA (gRNA), transfer RNA (tRNA), and circular RNA (circRNA); oligonucleotide-based therapeutics, including antisense oligonucleotides (ASOs), aptamers, and RNA interference (RNAi) agents; gene therapy preparations; CRISPR-based therapeutics and genome editing agents; immunotherapeutic agents; therapeutic preparations for modulation of immune responses; personalised medicine formulations; cell-based pharmaceutical preparations; in vivo cell therapy preparations in the form of pharmaceutical compositions; ex vivo cell therapy preparations in the form of pharmaceutical compositions comprising modified or unmodified cells for administration to patients; regenerative and tissue-based therapeutic products; pharmaceutical preparations incorporating lipid nanoparticles or other delivery systems; diagnostic reagents and test kits for medical use; veterinary preparations; dietetic food and substances adapted for medical or veterinary use; dietary supplements; nutritional supplements; protein, vitamin, and mineral supplements; herbal and plant-based supplements; food supplements for medical and non-medical use; dietary supplements for infants, children, and animals.

Class 9:

Downloadable software and mobile applications for use in the design, analysis, modelling, or optimisation of nucleic acid sequences, including RNA-based therapeutics; software for use in therapeutic delivery system design; software for bioinformatics, genetic analysis, and molecular diagnostics; downloadable databases and data management tools for drug discovery and personalised medicine; Downloadable machine learning software for identifying and predicting therapeutic targets, molecular interactions, or genetic biomarkers; downloadable artificial intelligence software for bioinformatics, genetic analysis, and drug discovery; software for use in pharmaceutical research, formulation design, and RNA delivery platform development.

Class 10:

Medical and diagnostic apparatus and instruments; injectors and drug delivery devices; wearable and implantable medical devices for administering pharmaceutical or gene therapy preparations; microneedle patches; transfection devices; medical diagnostic test kits for clinical and laboratory use; apparatus for RNA-based therapeutic delivery; devices for personalised medicine and genetic diagnostics; medical apparatus incorporating biosensors, nucleic acid detection systems, or AI-based diagnostic components; devices for nucleic acid transfection and RNA delivery.

Class 35:

Retail and wholesale services in connection with pharmaceuticals, biopharmaceuticals, dietary and nutritional supplements, medical devices, chemical substances and

organic compounds for biotechnology and pharmaceutical use, laboratory reagents, diagnostic test kits, lipids and lipid-based formulations, plant-based supplements, vitamins, minerals, and other nutraceuticals; online retail services in the field of biotechnology, diagnostics, and healthcare products; retail services relating to RNA-based therapeutics, delivery systems, and oligonucleotide products.

Class 40:

Custom manufacture of pharmaceuticals, biopharmaceuticals, gene therapy products, dietary supplements, and therapeutic delivery systems; manufacturing of personalised medicine products; processing and synthesis of nucleic acids, including mRNA and DNA; production and purification of biological substances and reagents; formulation of lipid and polymer-based drug delivery systems; chemical or biological processing or transformation of organic substances, lipids, polymers, and excipients at the request of third parties; contract manufacturing of therapeutics, supplements, and RNA delivery platforms; production of synthetic genes, oligonucleotides, chemically modified RNAs, polymer conjugates, and lipid-polymer complexes.

Class 42:

Scientific and technological research in the fields of pharmaceuticals, biotechnology, and healthcare; pharmaceutical and biopharmaceutical research and development; development of mRNA-based therapeutics and vaccines; development of RNA-based therapeutics including siRNA, saRNA, and ASO platforms; genetic and molecular biology research; laboratory services; laboratory testing and analysis; bioinformatics and computational biology; AI-based drug discovery services; genetic profiling for therapeutic purposes; design and testing of drug delivery systems and personalised medicine platforms; industrial research and quality control services; technological consultancy in complex scientific fields; consultancy relating to biotechnology and pharmaceutical development; research and development of dietary supplements and nutraceuticals; software as a service (SaaS) and platform services for the design, modelling, or optimisation of RNA sequences, delivery technologies, and therapeutic formulations.

pots and pans, bottle openers, flower pots, drinking straws, non-electric cooking utensils; Ironing boards and shaped covers therefor, drying racks for washing, clothes drying hangers; Cages for household pets, indoor aquariums, vivariums and indoor terrariums for animals and plant cultivation; Ornaments and decorative goods of glass, porcelain, earthenware or clay namely statues, figurines, vases and trophies; Mouse traps, insect traps, electric devices for attracting and killing flies and insects, fly catchers, fly swatters; Perfume burners, perfume sprayers, perfume vaporizers, electric or non-electric make-up removing appliances, powder puffs, toilet cases; Nozzles for sprinkler hose, nozzles for watering cans, watering devices, garden watering cans; Unworked or semi-worked glass, except building glass, mosaics of glass and powdered glass for decoration, except for building, glass wool other than for insulation or textile use .

Class 25:

Clothing, including underwear and outer clothing, other than special purpose protective clothing; socks, mufflers [clothing], shawls, bandanas, scarves, belts [clothing]; Footwear, shoes, slippers, sandals; Headgear, hats, caps with visors, berets, caps [headwear], skull caps .

Class 35:

The bringing together, for the benefit of others, of a variety of goods, namely, furniture, mattresses, pillows, air mattresses and cushions, not for medical purposes, water beds, mirrors, beehives, artificial honeycombs and sections of wood for honeycombs, bouncing chairs for babies, playpens for babies, cradles, infant walkers, display boards, frames for pictures and paintings, identity plates, identification bracelets, name plates, identification tags, made of wood or synthetic materials, packaging containers of wood or plastics, casks for use in transportation or storage, barrels, storage drums, tanks, boxes, storage containers, transportation containers, chests, loading pallets and closures for the aforementioned goods, of wood or plastics, small hardware goods of wood or synthetic materials, namely, bolts, screw bolts, nails, plugs [dowels], nuts, washers, hinges, latches, furniture handles, drawer handles, window handles, door handles, locks and keys, furniture fittings, opening and closing mechanisms, all of the foregoing goods being of wood or synthetic materials, ornaments and decorative goods of wood, cork, reed, cane, wicker, horn, bone, ivory, whalebone, shell, amber, mother-of-pearl, meerschaum, beeswax, plastic or plaster, namely, figurines, holiday ornaments for walls, sculptures, trophies, baskets, not of metal, fishing baskets, kennels, nesting boxes and beds for household pets, portable ladders and mobile boarding stairs of wood or synthetic materials, bamboo curtains, roller indoor blinds [for interiors], slatted indoor blinds, vertical indoor blinds, bead curtains for decoration, curtain hooks, curtain rings, curtain tie-backs, curtain rods, non-metal wheel chocks, hand-operated non-electric cleaning instruments and appliances, brushes, except paintbrushes, steel chips for cleaning, sponges for cleaning, steel wool for cleaning, cloths of textile for cleaning, gloves for dishwashing, non-electric polishing machines for household purposes, brooms for carpets, mops, toothbrushes, electric toothbrushes, dental floss, shaving brushes, hair brushes, combs, non-electric household or kitchen utensils [other than forks, knives, spoons], services [dishes], pots and pans, bottle openers, flower pots, drinking straws, non-electric cooking utensils, ironing boards and shaped covers therefor, drying racks for washing, clothes drying hangers, cages for household pets, indoor aquariums, vivariums and indoor terrariums for animals and plant cultivation, ornaments and decorative goods of glass, porcelain, earthenware or clay,

towers for use in the severance, decommissioning and recovery of onshore and offshore energy infrastructure and nuclear energy infrastructure; junctions of metal for joining a mast to a piling; junctions of metal for connection to subsea metallic structures; supporting structures of metal for wind turbines; supporting structures of metal for tide water turbines; Subsea metallic anchoring hardware for mooring vessels; anchor chains of metal; anchor channels of metal; anchor flanges of metal; anchor lugs of metal; anchor plates of metal; anchoring devices of metal; anchors of metal; boat anchors of metal; mooring lines and tethers and associated release mechanisms; parts and fittings relating to the aforesaid goods.

Class 7:

Machine tools, power-operated tools; Motors and engines, except for land vehicles; Machine coupling and transmission components, except for land vehicles; Abrading tools for use with machines; Access platforms [mechanical]; Actuators for mechanisms; Actuators for valves; Attachments for excavators; Attachments for cranes; Barrels for use with boring machines; Barrels for use with drilling rigs; Barrels for use with drilling machines; Battering ram [hydraulic]; Bearings and bushings [machine parts]; Bits for mining machines; Boring machines; Clamping tools for holding piece parts during machining; Compressors as parts of machines, motors and engines; Construction machines; Controls (Hydraulic -) for machines, motors and engines; Controls (Pneumatic -) for machines, motors and engines; Core drilling bits; Couplings for machines; Couplings for pneumatic apparatus; Couplings of metal for hydraulic apparatus; Cranes; Crushing machines; Cutters being parts of machines; Cutting, drilling, abrading, sharpening and surface treatment machines and apparatus; Distribution pumps; Dredging machines; Drilling machines; Drilling rigs; Drilling rigs, floating or non-floating; Drilling rigs for drilling offshore wells; Drives for valves; Elevating or lifting work platforms [including mobile]; Engine mufflers; Gantry cranes [bridge cranes]; Generators; Generators for wind turbines; Ground boring machines; Ground drilling apparatus [machines]; Ground surface finishing and compacting machines; Guides for machines; Hammering machines; Hydraulic rams; Hydraulic power tools; Hydraulic valves; Impact crushers [machines or parts of machines]; Impact drills [machines or parts of machines]; Impact enhancing tools for use in the drilling of oil wells and gas wells; Impact enhancing tools for use in the completion of oil wells and gas wells; Industrial cleaning machines; Industrial cutting machines; Laser welding apparatus; Laser welding machines; Laser cutting torches; Lifting and hoisting equipment, elevators and escalators; Machine coupling and transmission components (except for land vehicles); Machines and machine tools for treatment of materials and for manufacturing; Machines for drilling wells; Machines for handling nuclear fuels; Machines for metal working; Machines for pressure washing; Machines, machine tools, and power-operated tools and apparatus, for fastening and joining; Material production and processing machines; Marine propulsion units; Marine mounted dock cranes; Marine engines; Oil drilling rigs; Oil drilling tools; Pile drivers; Pile-extractors; Pile preparing devices [machines]; Pile raising devices [machines]; Pneumatic controls for machines, motors and engines; Power drills and bores; Power operated cutting tools; Pressure regulating apparatus being parts of machines; Process control units [hydraulic]; Process control units [mechanical]; Process control units [pneumatic]; Pumps, compressors and blowers; Rammers [machines]; Regulators for machines; Safety couplings for machines; Silencers; Silencers for motors and engines; Steerable drilling machinery

for earth displacement; Steerable excavating machinery for earth displacement; Surface treatment machines; Transportation machines; Turbines for power generation; Valves; Vertical turbine pumps; Welding and soldering machines and equipment; Well drilling machines; Winches; Wind turbines; Earthmoving, construction, oil and gas extraction and mining equipment; Boring tools operated by machines; High pressure cleaning machines; Wind-powered electricity generators; Turbine blades for power generation; Turbine shafts [parts of machines]; drives for machines and motors; tools for holding and positioning members to be cut, all for use in renewable energy structures or oil or gas wells or oil or gas fields; water-jet cutting tools; cutting tools and water-jet cutting tools for use in oil or gas wells and oil or gas fields, including on-shore, marine or off-shore oil or gas wells and oil or gas fields; cutting tools and water-jet cutting tools for severance activities for on-shore, marine and off-shore and oil or gas wells and oil or gas fields; cutting, drilling, abrading, sharpening and surface treatment machines and apparatus for oil wells, gas wells and offshore and onshore renewable energy installations; machines for controlling the movement and position of remote underwater camera and camera systems; tools for use with oil wells or gas wells or oil fields or gas fields, including on-shore, marine or off-shore oil wells or gas wells; tools for use with metallic drill strings and pipes and metallic connectors and fittings for drill strings and pipes for use in the drilling of oil wells or gas wells; mechanical ramming apparatus; impact transmission devices for mechanical ramming apparatus; tools for tensioning and clamping drilling risers and wellheads; subsea cutting machines; water-jet cutting tools for use offshore; valve assemblies of metal [parts of machines]; blowout preventers for use in the drilling of oil wells or gas wells; tools for severance activities for on-shore, marine and offshore oil wells or gas wells; cutting tools and saws for use in oil wells or gas wells or oil fields or gas fields, including on-shore, marine or off-shore oil wells or gas wells; cutting tools and saws for severance activities for on-shore, marine and offshore oil wells or gas wells; recovery towers (hydraulic) for use in the severance, decommissioning and recovery of onshore and offshore energy infrastructure and nuclear energy infrastructure; grippers of metal for use in connecting drilling rigs to pipes in subsea well installation, maintenance and decommissioning; laser cutting machines; laser welding machines; laser ablation apparatus; laser cutting machines, welding machines and ablation apparatus for cutting subsea infrastructure and subsea wells; mechanical pile-driving equipment; double-acting hammers; pile driving rigs; mechanical pile-driving equipment, namely, offshore and onshore hydraulic hammers, hydraulic underwater hammers, steam hammers, air hammers, double-acting hammers, pile driving rigs, pile hammers, winches, hoses, power packs; impact transfer devices for mechanical pile-driving equipment, namely, pile caps, hammer cushions, rebound rings, guide rings, anvils; double-impact hammers; machinery for soil and hydraulic engineering, namely, scrapers, cable crane scrapers, tracked scrapers and crawler carriers; noise reduction mufflers and noise reduction skirts for use with hammers and pile drivers; christmas trees; christmas trees to provide flow control on oil and gas wells; parts and fittings relating to the aforesaid goods.

Class 9:

Scientific, research, navigation, surveying, photographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing and inspecting apparatus and instruments; Apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; Recorded and downloadable media, blank digital or analogue recording

List of cases accepted for opposition purposes as shown in Journal 2025/033 published on 15 August 2025.

and storage media; Computers and computer peripheral devices; Podcasts; downloadable podcasts; audio recordings; audiovisual recordings; downloadable educational media; downloadable electronic publications; videocasts; downloadable videocasts; electronic publications; multi-media recordings; pre-recorded films; Measuring, detecting, monitoring and controlling equipment; Controllers and regulators; Audio signal range expanders; Artificial intelligence software for analysis; Application software; Computer programs, downloadable; Data processing programs; Data processing software; Software for monitoring, analysing, controlling and running physical world operations; System and system support software, and firmware; Data processing equipment and accessories (electrical and mechanical); Data capture apparatus; Digital signal processing apparatus; Electronic communication equipment and instruments; Valve amplifiers; Alarm signalling transmitters; Image transmitting apparatus; Marine communication apparatus; Noise cancelling apparatus; Noise suppression apparatus; Information storage apparatus [electric or electronic]; Readers [data processing equipment]; Endoscopic equipment for industrial purposes; Power packs [batteries]; Borescopes; Lasers; Computer hardware for the collection of positioning data; Electronic navigational and positioning apparatus and instruments; Nautical apparatus and instruments; Navigational buoys; Navigational instruments; Sensors for determining position; Satellite navigational systems; Data loggers and recorders; Light Detection and Ranging [LIDAR] apparatus; Geophysical research apparatus; Geoseismic apparatus; apparatus for testing, measuring, monitoring and control purposes; apparatus for recording data on the performance of oil wells and gas wells; computer hardware and computer software; data carriers; data processing equipment; audio and video receivers and transmitters; remote control apparatus; remote control apparatus for the operation of subsea and offshore drilling, cutting and mining apparatus; digital cameras for industrial use; endoscopy cameras for industrial purposes; cameras for use in the energy generation industry; underwater cameras and underwater camera systems; control systems and instrumentation for use with underwater cameras, underwater camera systems and underwater lights; power supply units for hydraulic or pneumatic machines; mechanical, electric, hydraulic and pneumatic control apparatus; electro-technical apparatus for monitoring and regulating hydraulic or pneumatic machines; apparatus for controlling pressure; apparatus for measuring pressure; cathodic tubes; cathodic protection apparatus; cathodic anti-corrosion apparatus; mechanical, electrical, hydraulic or pneumatic control apparatus, namely, monitors and documentation systems comprised of sensors for differential pressure, oil pressure, temperature, voltage, amperage, oil level and output devices; electrotechnical controllers for hammers and power packs; radar apparatus and proximity sensors; electrical and electronic instruments and apparatus for logging data; software for remote diagnostics; remote monitoring apparatus and instruments; transmitters and receivers for positioning systems; transmitters and receivers for positioning and alignment of piles, flanges and hammers; process control instruments and units; sensors, detecting and monitoring and controlling equipment; Apparatus for monitoring underwater structures; instrumentation for monitoring underwater structures; motion logging devices; riser monitoring systems; data control pods; electrical apparatus for corrosion control; noise reduction apparatus; parts and fittings relating to the aforesaid goods.

Class 17:

Flexible pipes, tubes and hoses, not of metal; Acoustic insulation articles and materials; Articles made of rubber for sealing; Barriers for protection against heat; Barriers for protection against sound; Casings of rubber for pipes and tubes; Caulking compounds; Chemical compositions for preventing leaks; Compositions to prevent the radiation of heat; Compounds for jointing; Compressed air pipe fittings, not of metal; Connectors (Non-metallic -) for pipes and tubes; Fire resistant and fire preventive articles and materials; Flexible pipes, tubes, hoses and fittings therefor (including valves), and fittings for rigid pipes, all non-metallic; Gaskets; Hoses; Industrial coatings [insulating]; Inflatable articles for sealing enclosed chambers to allow cutting and welding; Inflatable articles for sealing pipes to allow cutting and welding; Insulating coatings; Insulating materials for insulation against heat; Insulating materials for insulation against sound; Insulation for pipes; Insulation and barrier articles and materials; Jackets (Pipe -), not of metal; Joint sealing compounds; Junctions, not of metal, for pipes; Pipe insulation; Seals, sealants and fillers; Shock-absorbing and packing materials, vibration dampers; Sleeves of rubber for protecting parts of machinery; Sound dampening blankets; Sound proofing materials; Structures (non-metallic -) for noise abatement [soundproofing]; Structures (non-metallic -) for noise absorption [insulation]; Thermal insulating articles; Thermal insulating materials; Valves of rubber; Waterproofing and moisture proofing articles and materials; Couplings; Thermal insulation articles and materials; inflatable articles for sealing pipes, wellbores and chambers to prevent air escaping; sealing and insulating materials for pipework in offshore, onshore and subsea energy infrastructure; buoyancy modules for supporting risers; parts and fittings relating to the aforesaid goods.

Class 19:

Materials, not of metal, for building and construction; Rigid pipes, not of metal, for building; Asphalt, pitch, tar and bitumen; Transportable buildings, not of metal; Access covers (Non-metallic -); Building and construction materials and elements made of pitch, tar, bitumen or asphalt; Building and construction materials and elements made of sand, stone, rock, clay, minerals and concrete; Building and construction materials and elements made of wood and artificial wood; Buildings, not of metal; Cement; Concrete; Concrete pipes; Concrete piles; Construction materials with soundproofing qualities, not of metal; Expansion joints of non-metallic materials for use in construction; Fire resistant collars (Non-metallic -) for pipes; Fire retardant panels (Non-metallic -) for use in construction; Floating docks, not of metal, for mooring boats; Forms (Non-metallic -) for concrete; Foundry moulds, not of metal; Grouting compounds; Industrial concrete for use in civil engineering works; Non-metal floating docks; Non-metal rails; Non-metallic building materials; Non-metallic ramps; Non-metallic ramps for use with scaffolding; Non-metallic transportable structures; Pilings, not of metal; Pipes made of cement; Portable non-metal buildings; Posts of non-metallic materials; Preformed concrete building elements; Reinforcing bars, not of metal; Rigid pipes and valves therefor, non-metallic; Bridge units [not of metal]; Civil engineering structures (Non-metallic -); Non-metal barricades; Scaffolding, not of metal; Fireproof seals in the nature of building materials; filling cement; materials, not of metal, for the construction of onshore, offshore and subsea engineering infrastructures; materials, not of metal, for the construction of oil wells and gas wells; materials, not of metal, for the construction of onshore and offshore renewable energy infrastructures; parts and fittings relating to the aforesaid goods.

Class 35:

Advertising; Business management, organization and administration; Office functions; Advice relating to personnel management; Advice relating to the organisation and management of business; Advisory services relating to the purchase of goods on behalf of others; Arranging and conducting of commercial exhibitions and shows; Arranging of trading transactions and commercial contracts; Assistance and consultancy services in the field of business management of companies in the energy sector; Business administrative services for the relocation of personnel; Business analysis; Business and commercial information services; Business consultancy services relating to data processing; Collection of data; Compilation of data; Computer database management; Computerised inventory control; Conducting of commercial events; Consultancy and advisory services relating to personnel management; Dissemination of business information; Economic forecasting and analysis; Human resources management and recruitment services; Management advice relating to the placing of staff; Organization of events, exhibitions, fairs and shows for commercial, promotional and advertising purposes; Personnel management; Placement of temporary personnel; Presentation of goods and services; Procurement services; Personnel recruitment; Management advice relating to the recruitment of staff; Conducting, arranging and organizing trade shows and trade fairs for commercial and advertising purposes; Business project management services for construction projects; Data processing, systematisation and management; Market analysis and research; Retail and online retail services connected with the sale of metal structures, metal structures (onshore and offshore) for use in the oil industry, metal structures (onshore and offshore) for use in the gas industry, metal structures (onshore and offshore) for use in the renewable energy industry, transportable buildings, cables, wires, chains, metal containers for storage or transport, access chamber covers, access platforms, air hose reels, airlock chambers, anchors, anchor plates and chains, mooring lines and tethers and associated release mechanisms, bridges, buoys, cable couplings, diving platforms, floating metal docks, high-pressure pipelines, inspection chambers, joints for pipes and tubes, lifting and hoisting apparatus, pilings, pipework, valves, valve assemblies, drilling platforms, articles of metal for the use in drilling of oil and gas wells, subsea metal structures, metal conductor guides, subsea riser connectors of metal, seals of metal, wellheads, regulators, metal hubs for wellheads, flanges, christmas trees, rigless recovery towers, junctions of metal, supporting structures for wind turbines and subsea metallic anchoring hardware; Retail and online retail services connected with the sale of machine tools, power operated tools, motors and engines, machine coupling and transmission components, compressors, abrading tools, access platforms, actuators, bearings and bushings [machine parts], cranes, attachments for cranes, boring machines and equipment, drilling machines and equipment, ramming equipment, mining machines and equipment, clamping tools, cutters, cutting machines and apparatus, drilling machines and apparatus, sharpening machines and apparatus, surface treatment machines and apparatus, pumps, dredging machines, drilling rigs, work platforms, crushing machines, generators, earth moving and earth preparation machines and equipment, hammering equipment and hammering machines, industrial cleaning machines, welding and laser welding machines and apparatus, marine propulsion units, oil drilling tools, gas drilling tools, piledrivers and piledriving equipment, water-jet cutting equipment, tensioners, recovery towers, grippers of metal, wind

turbines, onshore and offshore structures for use in the generation of renewable energy, piledriving rigs, winches, power packs, noise reduction apparatus, noise reduction mufflers and noise reduction skirts for use with hammers and piledrivers; Retail and online retail services connected with the sale of podcasts, audio and audiovisual recordings, educational media, electronic publications, videocasts, multi-media recordings, artificial intelligence software for analysis, data processing programs, software for monitoring physical world operations, software for analysing physical world operations, software for controlling and running physical world operations, data processing equipment and accessories (electrical and mechanical), data readers, electronic navigational and positioning apparatus and instruments, data loggers and recorders, satellite navigational systems, Light Detection and Ranging [LIDAR] apparatus, software for remote diagnostics, remote monitoring apparatus and instruments, scientific apparatus and instruments, research apparatus and instruments, navigation apparatus and instruments, surveying apparatus and instruments, photographic apparatus and instruments, audiovisual apparatus and instruments, optical apparatus and instruments, weighing apparatus and instruments, measuring apparatus and instruments, signalling apparatus and instruments, detecting apparatus and instruments, testing apparatus and instruments, inspecting apparatus and instruments, apparatus and instruments for recording sound, apparatus and instruments for transmitting sound, apparatus and instruments for reproducing or processing sound, apparatus and instruments for recording images, apparatus and instruments for transmitting images, apparatus and instruments for reproducing or processing images, apparatus and instruments for recording data, apparatus and instruments for transmitting data, apparatus and instruments for reproducing or processing data, computers and computer peripheral devices, controllers, regulators, data capture apparatus, valve amplifiers, alarm signalling transmitters, noise cancelling and noise suppression apparatus, endoscopic equipment, borescopes, lasers, nautical apparatus and instruments, geophysical research apparatus, geoseismic apparatus, remote control apparatus, underwater cameras, underwater lights, power supply units for hydraulic or pneumatic machines, cathodic anti-corrosion apparatus, radar apparatus and proximity sensors and apparatus for monitoring structures (onshore, offshore and subsea); Retail and online retail services connected with the sale of flexible pipes, flexible tubes, flexible hoses, acoustic insulation articles and materials, barriers for protection against heat and sound, casings for pipes and tubes, inflatable articles for sealing enclosed chambers to allow cutting and welding, pipe jackets and pipe insulation, vibration dampers, structures for noise abatement, inflatable articles for sealing pipes and wellbores, inflatable articles for sealing chambers, sealing and insulating materials for pipework; Retail and online retail services connected with the sale of rigid pipes, concrete piles, expansion joints, civil-engineering structures, barricades and scaffolding, materials for building and construction, asphalt, tar, bitumen, cement, concrete, construction materials with soundproofing qualities, fire resistant collars, ramps, foundry moulds, grouting compounds and reinforcing bars; information, advisory and consultancy services relating to all the aforesaid.

Class 37:

Construction services; Mining extraction, oil and gas drilling; building, construction and demolition services; oil and gas drilling; installation, cleaning, repair and maintenance services for offshore, onshore and subsea structures in the oil, gas and renewable energy sector; rental of tools, plant and equipment for installation, construction, removal, inspection,

scrapers, hammering equipment and hammering machines, guide rings, industrial cleaning machines, welding and laser welding machines and apparatus, marine propulsion units, oil drilling tools, gas drilling tools, piledrivers and piledriving equipment, water-jet cutting equipment, tensioners, recovery towers, grippers of metal, wind turbines, onshore and offshore structures for use in the generation of renewable energy, piledriving rigs, winches, power packs, noise reduction apparatus, noise reduction mufflers and noise reduction skirts for use with hammers and piledrivers; rental of apparatus and instruments for recording sound, apparatus and instruments for transmitting sound, apparatus and instruments for reproducing or processing sound, apparatus and instruments for recording images, apparatus and instruments for transmitting images, apparatus and instruments for reproducing or processing images, apparatus and instruments for recording data, apparatus and instruments for transmitting data, apparatus and instruments for reproducing or processing data, underwater cameras, underwater lights, power supply units for hydraulic or pneumatic machines, cathodic anti-corrosion apparatus and radar apparatus, rental of flexible pipes, flexible tubes, flexible hoses, acoustic insulation articles and materials, barriers for protection against heat and sound, casings for pipes and tubes, inflatable articles for sealing enclosed chambers to allow cutting and welding, pipe jackets and pipe insulation, vibration dampers, structures for noise abatement, inflatable articles for sealing pipes and wellbores, inflatable articles for sealing chambers, sealing and insulating materials for pipework; rental of rigid pipes, concrete piles, expansion joints, civil-engineering structures, fire resistant collars, ramps, foundry moulds, barricades and scaffolding; information, advisory and consultancy services relating to all the aforesaid.

Class 39:

Transport; Packaging and storage of goods; Travel arrangement; Power supply and distribution; Transport by pipeline; Marine transport; Navigation (positioning, and route and course plotting); Transport and delivery of goods; Provision of shipborne storage services; Storage of energy and fuels; Storage of ships; Provision of moorings; distribution of renewable energy; removal services for onshore and offshore energy generation equipment and apparatus; commercial removal services for onshore and offshore energy generation equipment and apparatus; overseas removal services for onshore and offshore energy generation equipment and apparatus; industrial removal services [transportation] for onshore and offshore energy generation equipment and apparatus; storage services onshore and offshore energy generation equipment and apparatus; underwater recovery services; charter of sea vessels; chartering of marine vessels; storage of spooling; transmission of oil or gas through pipelines; transportation of metal structures used for the installation and removal of oil wells and gas wells; transportation of subsea metal structures; transportation of metal structures used offshore for energy generation; rental of surveillance drones; rental of self-propelled lifting platforms for lifting purposes; storage information, transportation information and packaging; rental of satellite navigational systems, navigation apparatus and instruments, nautical apparatus and instruments; information, advisory and consultancy services relating to all the aforesaid.

Class 40:

Heat treatment of metals; heat treatment of polymers; heat treatment of composite materials; surface treatment of metals to prevent corrosion; anodic surface treatment of metals; Energy production; Cutting services for onshore and offshore oil wells or gas wells or oil fields or gas fields; Cutting services for

onshore or offshore renewal energy infrastructures; laser cutting services; rental of cutting equipment; rental of laser cutting machines, subsea laser cutting machines, laser welding machines and laser ablation apparatus; rental of cutting equipment for oil wells or gas wells or oil fields or gas fields, including onshore, marine or offshore oil wells or gas wells; rental of subsea cutting equipment; rental of subsea jetting equipment; custom manufacture and construction of equipment and metal structures for onshore and offshore energy infrastructures; metal cutting; subsea metal cutting; steel cutting; grit blasting services; cutting of metal; cutting of cemented casings for oil wells or gas wells or oil fields or gas fields, including onshore, marine or offshore oil wells or gas wells; welding services; friction welding services; remotely controlled hydraulic powered friction welding services; rental of welding apparatus; rental of hydraulic welding apparatus; rental of remotely controlled hydraulic powered friction welding apparatus; subsea jetting services; high pressure jetting services; rental of high pressure jetting equipment; cleaning treatment and transformation of materials for energy production; rental of equipment for the treatment and transformation of materials for energy production and for custom manufacturing; gas production services; metal treatment services; metal plating and laminating; treatment of metal parts to prevent corrosion; rental of equipment for the treatment of metal, including plating and laminating; rental of generators; assembly for others of mechanical pile-driving equipment, impact transfer devices for mechanical pile-driving equipment, cranes, mechanical rock-breaking devices, excavators, machinery for soil and hydraulic engineering, steam engines, pumps, compressors, valves as mechanical, electrical, hydraulic or pneumatic control apparatus, and electrotechnical apparatus; custom manufacture and construction of equipment and metal structures for subsea or offshore use in the installation of piles and monopiles; pneumatic abrasion of services; rental of power supply units for hydraulic or pneumatic machines, cathodic anticorrosion apparatus; information, advisory and consultancy services relating to all the aforesaid.

Class 41:

Rental of podcasts, audio and audiovisual recordings, educational media, electronic publications, videocasts, multi-media recordings, photographic apparatus and instruments, audiovisual apparatus and instruments, apparatus and instruments for recording sound, apparatus and instruments for reproducing or processing sound, apparatus and instruments for recording images, apparatus and instruments for reproducing or processing images, apparatus and instruments for recording data, apparatus and instruments for reproducing or processing data and underwater cameras.

Class 42:

Technological services and research and design relating thereto; Industrial analysis, industrial research and industrial design services; Quality control and authentication services; Design and development of computer hardware and software; Technical data analysis; design services; engineering design services; structural engineering design services; industrial engineering design services; civil engineering design services; civil infrastructure design services; engineering project management services; engineering services for the design of machinery; engineering services for the design of structures; custom design services; services for monitoring industrial processes; design and development of industrial products; design and development of engineering products; project engineering services; technical project planning; technical project planning in the field of

Scientific, research, navigation, surveying, photographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing and inspecting apparatus and instruments; Apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; Recorded and downloadable media, blank digital or analogue recording and storage media; Computers and computer peripheral devices; Podcasts; downloadable podcasts; audio recordings; audiovisual recordings; downloadable educational media; downloadable electronic publications; videocasts; downloadable videocasts; electronic publications; multi-media recordings; pre-recorded films; Measuring, detecting, monitoring and controlling equipment; Controllers and regulators; Audio signal range expanders; Artificial intelligence software for analysis; Application software; Computer programs, downloadable; Data processing programs; Data processing software; Software for monitoring, analysing, controlling and running physical world operations; System and system support software, and firmware; Data processing equipment and accessories (electrical and mechanical); Data capture apparatus; Digital signal processing apparatus; Electronic communication equipment and instruments; Valve amplifiers; Alarm signalling transmitters; Image transmitting apparatus; Marine communication apparatus; Noise cancelling apparatus; Noise suppression apparatus; Information storage apparatus [electric or electronic]; Readers [data processing equipment]; Endoscopic equipment for industrial purposes; Power packs [batteries]; Borescopes; Lasers; Computer hardware for the collection of positioning data; Electronic navigational and positioning apparatus and instruments; Nautical apparatus and instruments; Navigational buoys; Navigational instruments; Sensors for determining position; Satellite navigational systems; Data loggers and recorders; Light Detection and Ranging [LIDAR] apparatus; Geophysical research apparatus; Geoseismic apparatus; apparatus for testing, measuring, monitoring and control purposes; apparatus for recording data on the performance of oil wells and gas wells; computer hardware and computer software; data carriers; data processing equipment; audio and video receivers and transmitters; remote control apparatus; remote control apparatus for the operation of subsea and offshore drilling, cutting and mining apparatus; digital cameras for industrial use; endoscopy cameras for industrial purposes; cameras for use in the energy generation industry; underwater cameras and underwater camera systems; control systems and instrumentation for use with underwater cameras, underwater camera systems and underwater lights; power supply units for hydraulic or pneumatic machines; mechanical, electric, hydraulic and pneumatic control apparatus; electro-technical apparatus for monitoring and regulating hydraulic or pneumatic machines; apparatus for controlling pressure; apparatus for measuring pressure; cathodic tubes; cathodic protection apparatus; cathodic anti-corrosion apparatus; mechanical, electrical, hydraulic or pneumatic control apparatus, namely, monitors and documentation systems comprised of

sensors for differential pressure, oil pressure, temperature, voltage, amperage, oil level and output devices; electrotechnical controllers for hammers and power packs; radar apparatus and proximity sensors; electrical and electronic instruments and apparatus for logging data; software for remote diagnostics; remote monitoring apparatus and instruments; transmitters and receivers for positioning systems; transmitters and receivers for positioning and alignment of piles, flanges and hammers; process control instruments and units; sensors, detecting and monitoring and controlling equipment; Apparatus for monitoring underwater structures; instrumentation for monitoring underwater structures; motion logging devices; riser monitoring systems; data control pods; electrical apparatus for corrosion control; noise reduction apparatus; parts and fittings relating to the aforesaid goods.

Class 17:

Flexible pipes, tubes and hoses, not of metal; Acoustic insulation articles and materials; Articles made of rubber for sealing; Barriers for protection against heat; Barriers for protection against sound; Casings of rubber for pipes and tubes; Caulking compounds; Chemical compositions for preventing leaks; Compositions to prevent the radiation of heat; Compounds for jointing; Compressed air pipe fittings, not of metal; Connectors (Non-metallic -) for pipes and tubes; Fire resistant and fire preventive articles and materials; Flexible pipes, tubes, hoses and fittings therefor (including valves), and fittings for rigid pipes, all non-metallic; Gaskets; Hoses; Industrial coatings [insulating]; Inflatable articles for sealing enclosed chambers to allow cutting and welding; Inflatable articles for sealing pipes to allow cutting and welding; Insulating coatings; Insulating materials for insulation against heat; Insulating materials for insulation against sound; Insulation for pipes; Insulation and barrier articles and materials; Jackets (Pipe -), not of metal; Joint sealing compounds; Junctions, not of metal, for pipes; Pipe insulation; Seals, sealants and fillers; Shock-absorbing and packing materials, vibration dampers; Sleeves of rubber for protecting parts of machinery; Sound dampening blankets; Sound proofing materials; Structures (non-metallic -) for noise abatement [soundproofing]; Structures (non-metallic -) for noise absorption [insulation]; Thermal insulating articles; Thermal insulating materials; Valves of rubber; Waterproofing and moisture proofing articles and materials; Couplings; Thermal insulation articles and materials; inflatable articles for sealing pipes, wellbores and chambers to prevent air escaping; sealing and insulating materials for pipework in offshore, onshore and subsea energy infrastructure; buoyancy modules for supporting risers; parts and fittings relating to the aforesaid goods.

Class 19:

Materials, not of metal, for building and construction; Rigid pipes, not of metal, for building; Asphalt, pitch, tar and bitumen; Transportable buildings, not of metal; Access covers (Non-metallic -); Building and construction materials and elements made of pitch, tar, bitumen or asphalt; Building and construction materials and elements made of sand, stone, rock, clay, minerals and concrete; Building and construction materials and elements made of wood and artificial wood; Buildings, not of metal; Cement; Concrete; Concrete pipes; Concrete piles; Construction materials with soundproofing qualities, not of metal; Expansion joints of non-metallic materials for use in construction; Fire resistant collars (Non-metallic -) for pipes; Fire retardant panels (Non-metallic -) for use in construction; Floating docks, not of metal, for mooring boats; Forms (Non-metallic -) for concrete; Foundry moulds, not of metal; Grouting compounds; Industrial concrete for use in civil engineering works; Non-metal floating

regulators, metal hubs for wellheads, flanges, christmas trees, rigless recovery towers, junctions of metal, supporting structures for wind turbines and subsea metallic anchoring hardware; rental of machine tools, power operated tools, motors and engines, machine coupling and transmission components, compressors, abrading tools, access platforms, actuators, bearings and bushings [machine parts], cranes, attachments for cranes, boring machines and equipment, drilling machines and equipment, ramming equipment, mining machines and equipment, clamping tools, cutters, cutting machines and apparatus, drilling machines and apparatus, sharpening machines and apparatus, surface treatment machines and apparatus, pumps, dredging machines, drilling rigs, work platforms, crushing machines, generators, earth moving and earth preparation machines and equipment, mechanical rock breaking devices, rock crushers, excavators, scrapers, hammering equipment and hammering machines, guide rings, industrial cleaning machines, welding and laser welding machines and apparatus, marine propulsion units, oil drilling tools, gas drilling tools, piledrivers and piledriving equipment, water-jet cutting equipment, tensioners, recovery towers, grippers of metal, wind turbines, onshore and offshore structures for use in the generation of renewable energy, piledriving rigs, winches, power packs, noise reduction apparatus, noise reduction mufflers and noise reduction skirts for use with hammers and piledrivers; rental of apparatus and instruments for recording sound, apparatus and instruments for transmitting sound, apparatus and instruments for reproducing or processing sound, apparatus and instruments for recording images, apparatus and instruments for transmitting images, apparatus and instruments for reproducing or processing images, apparatus and instruments for recording data, apparatus and instruments for transmitting data, apparatus and instruments for reproducing or processing data, underwater cameras, underwater lights, power supply units for hydraulic or pneumatic machines, cathodic anti-corrosion apparatus and radar apparatus, rental of flexible pipes, flexible tubes, flexible hoses, acoustic insulation articles and materials, barriers for protection against heat and sound, casings for pipes and tubes, inflatable articles for sealing enclosed chambers to allow cutting and welding, pipe jackets and pipe insulation, vibration dampers, structures for noise abatement, inflatable articles for sealing pipes and wellbores, inflatable articles for sealing chambers, sealing and insulating materials for pipework; rental of rigid pipes, concrete piles, expansion joints, civil-engineering structures, fire resistant collars, ramps, foundry moulds, barricades and scaffolding; information, advisory and consultancy services relating to all the aforesaid.

Class 39:

Transport; Packaging and storage of goods; Travel arrangement; Power supply and distribution; Transport by pipeline; Marine transport; Navigation (positioning, and route and course plotting); Transport and delivery of goods; Provision of shipborne storage services; Storage of energy and fuels; Storage of ships; Provision of moorings; distribution of renewable energy; removal services for onshore and offshore energy generation equipment and apparatus; commercial removal services for onshore and offshore energy generation equipment and apparatus; overseas removal services for onshore and offshore energy generation equipment and apparatus; industrial removal services [transportation] for onshore and offshore energy generation equipment and apparatus; storage services onshore and offshore energy generation equipment and apparatus; underwater recovery services; charter of sea vessels; chartering of marine vessels; storage of spooling; transmission of oil or gas through pipelines; transportation of metal structures used for the

installation and removal of oil wells and gas wells; transportation of subsea metal structures; transportation of metal structures used offshore for energy generation; rental of surveillance drones; rental of self-propelled lifting platforms for lifting purposes; storage information, transportation information and packaging; rental of satellite navigational systems, navigation apparatus and instruments, nautical apparatus and instruments; information, advisory and consultancy services relating to all the aforesaid.

Class 40:

Heat treatment of metals; heat treatment of polymers; heat treatment of composite materials; surface treatment of metals to prevent corrosion; anodic surface treatment of metals; Energy production; Cutting services for onshore and offshore oil wells or gas wells or oil fields or gas fields; Cutting services for onshore or offshore renewable energy infrastructures; laser cutting services; rental of cutting equipment; rental of laser cutting machines, subsea laser cutting machines, laser welding machines and laser ablation apparatus; rental of cutting equipment for oil wells or gas wells or oil fields or gas fields, including onshore, marine or offshore oil wells or gas wells; rental of subsea cutting equipment; rental of subsea jetting equipment; custom manufacture and construction of equipment and metal structures for onshore and offshore energy infrastructures; metal cutting; subsea metal cutting; steel cutting; grit blasting services; cutting of metal; cutting of cemented casings for oil wells or gas wells or oil fields or gas fields, including onshore, marine or offshore oil wells or gas wells; welding services; friction welding services; remotely controlled hydraulic powered friction welding services; rental of welding apparatus; rental of hydraulic welding apparatus; rental of remotely controlled hydraulic powered friction welding apparatus; subsea jetting services; high pressure jetting services; rental of high pressure jetting equipment; cleaning treatment and transformation of materials for energy production; rental of equipment for the treatment and transformation of materials for energy production and for custom manufacturing; gas production services; metal treatment services; metal plating and laminating; treatment of metal parts to prevent corrosion; rental of equipment for the treatment of metal, including plating and laminating; rental of generators; assembly for others of mechanical pile-driving equipment, impact transfer devices for mechanical pile-driving equipment, cranes, mechanical rock-breaking devices, excavators, machinery for soil and hydraulic engineering, steam engines, pumps, compressors, valves as mechanical, electrical, hydraulic or pneumatic control apparatus, and electrotechnical apparatus; custom manufacture and construction of equipment and metal structures for subsea or offshore use in the installation of piles and monopiles; pneumatic abrasion of services; rental of power supply units for hydraulic or pneumatic machines, cathodic anticorrosion apparatus; information, advisory and consultancy services relating to all the aforesaid.

Class 41:

Rental of podcasts, audio and audiovisual recordings, educational media, electronic publications, videocasts, multi-media recordings, photographic apparatus and instruments, audiovisual apparatus and instruments, apparatus and instruments for recording sound, apparatus and instruments for reproducing or processing sound, apparatus and instruments for recording images, apparatus and instruments for reproducing or processing images, apparatus and instruments for recording data, apparatus and instruments for reproducing or processing data and underwater cameras.

Date of International Registration: 08 January 2025

Date of Designation in the UK: 08 January 2025

The mark contains the colours dark purple, light purple, lilac and green.

Class 1:

Chemicals for use in industry and science as well as in agriculture; gases (solidified -) for industrial purposes; unprocessed artificial and synthetic resins; ammonia; methanol; hydrogen; fertilizers.

Class 3:

Chemical cleaning preparations for electric and electronic apparatus, equipment, instruments and installations.

Class 6:

Non-electric cables and wires of common metal.

Class 7:

Electricity generating machines, power transmission machines, machine tools, power-operated tools; machine coupling and transmission components, except for land vehicles; electrical and other generators, namely hydroelectric generators, geothermal power generators, gas generators; power generation plants and equipment, namely gas and steam turbine power plants, wind and hydroelectric power plants, solar power plants [generators], components and parts of these plants as included in this class; centrifuges; power supply apparatus (generators); electric motors and parts thereof, except for land vehicles; electric power generators for ships equipped with electric azimuth thrusters; diesel motors for ships equipped with azimuth thrusters; thrusters for machinery; thrusters [marine propulsion apparatus]; vessels of all kind, namely containers designed to hold gases or liquids at a specific pressure [parts of machines]; high pressure vessels [parts of machines]; electricity generators, in particular driven by wind power; wind turbines, windmills, wind power plants, wind turbine towers; turbines; turbine blades for power generation; turbines for power generation; pumps, compressors, fans for engines; bushings as parts of machines; gears for machines; gear boxes other than for land vehicles; turbine vanes other than parts for land vehicle engines; couplings for machines; rotating equipment for power generation; machines and equipment for combined compression and chemical processes (rotating olefin cracker),

as far as included in this class; equipment for conversion of mechanical into electrical energy; parts of machines, namely pipes (fitted parts of machines), storage vessels for co2 (fitted parts of machines), containers designed to hold co2 gases or liquids at a specific pressure (parts of machines) in the field of carbon management, including capture, utilization and storage of carbon; power generating apparatus for biomass installations and plants and parts thereof such as machines, engines and components (as far as included in this class); water heaters (parts of machines); heat pumps (parts of machines); electrolysis apparatus for generating hydrogen, oxygen, carbon monoxide and other gases; industrial machines for generating fuels, gases and chemicals by electrolysis; electrolytic apparatus for generating fuels, gases and chemicals; electric azimuth thrusters for ships; industrial robots; robots for industrial use; windmill sails, sail panels, windmill housings; machine foundations being parts of machines for generating and converting energy; machine foundations being parts of wind power plants; parts of machines, namely sail pitch setting devices for wind energy generating machines; brakes and brake devices for machines for generating and converting energy; main shafts for machines for generating and converting energy; cardan joints; drives for machines for generating and converting energy; couplings for machines for generating and converting energy; yaw rings for machines for generating and converting energy; parts of machines, namely devices for setting the pitch of the wings, brakes and brake devices, main drive shafts, universal joints; steam engine boilers; electro-chemical generators for generating electricity; rotating grid stabilizer, namely rotating machines for providing grid stability to maintain frequency and voltage stability during disturbances in the grid; parts and accessories for the afore-mentioned goods as far as included in this class.

Class 9:

Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable computer software; computers and computer peripheral devices; solar cells for generating energy; photovoltaic apparatus and installations for generating solar electricity; photovoltaic cells; solar panels, modules and cells for electricity generation; electricity storage apparatus; batteries; accumulators; downloadable software for blockchain technology; sensors and detectors; servicing equipment and automated monitoring apparatus for power plant engineering, namely testing equipment to examine rotor discs, machine parts, weldings and generators; equipment for non-destructive testing of materials in power plants, namely ultrasonic test devices to examine rotor discs and other parts of a turbine; eddy-current test equipment; ultrasonic test equipment; leakage detectors; electricity-generating fuel cell power modules; controllers, electric control valves, switches and circuits; electrolyzer cells; fuel cell power units; test stations for fuels, gas and chemical generators; hydrogen fuel cells; chargers for electric batteries.

Class 11:

List of cases accepted for opposition purposes as shown in Journal 2025/033 published on 15 August 2025.

Apparatus and installations for heating, steam generating, drying, cooling, ventilating in the field of energy generation and energy storage; heat generating apparatus; heat pumps; nuclear generators; nuclear reactors; nuclear power plant installations; reactor vessels; laser driven fusion reactors; power generation equipment and machines for nuclear applications, namely nuclear power plant installations; sanitary installations and equipment, water supply systems; water cleaning, desalination and conditioning systems; steam boilers, other than parts of machines; gas boilers; the aforesaid goods not relating to or not as parts of surface heating and surface cooling systems.

Class 17:

Seals, silicone sealants and expansion joint fillers; insulation and barrier articles and materials; expansion joint fillers for insulating.

Class 35:

Advertising; advertising and marketing research for others, in particular on digital networks (webvertising); market research; business administration; business consultancy and advisory services; business management; adjustment and structuring of data in computer databases; updating data in computer databases; maintenance of data in computer databases; organization of data in computer databases; systemization of information into computer databases; compilation of information into computer databases; computer data processing; data acquisition and data evaluation for data modeling, namely collection, systematization, compilation and management of data; all of the aforesaid services in the field of wind energy, solar energy, hydrogen energy, renewable energy, conventional and nuclear energy.

Class 36:

Financial and insurance consultancy in the field of wind energy, solar energy, hydrogen energy, renewable energy, conventional and nuclear energy; brokerage of electricity.

Class 37:

Construction services; installation and repair services of power plants, machines and machine parts and equipment in the field of wind energy, solar energy, hydrogen energy, renewable energy, conventional and nuclear energy; mining extraction, oil and gas drilling; erection, construction, installation, maintenance and repair of power plants in the field of wind energy, solar energy, hydrogen energy, renewable energy, conventional and nuclear energy; installation, maintenance and repair of machines and machine parts and equipment in the field of wind energy, solar energy, hydrogen energy, renewable energy, conventional and nuclear energy; installation, maintenance and repair of machine equipment in the field of wind energy, solar energy, hydrogen energy, renewable energy, conventional and nuclear energy, namely pipe network; installation, maintenance, repair, and supervision in the framework of repair and maintenance of systems, products and equipment used in power generation, transmission and distribution, electrical engineering, electronics, information technology and mechanical engineering; laying of cables; installation of machines and machine parts in the field of wind energy, solar energy, hydrogen energy, renewable energy, conventional and nuclear energy; installation of machine equipment in the field of wind energy, solar energy, hydrogen energy, renewable energy, conventional and nuclear energy, namely cranes, power transmission and distribution machines.

Class 39:

Energy storage; storage of gas; distribution of energy; distribution of gas; electricity distribution; distribution of renewable energy.

Class 40:

Treatment of waste materials; recycling of waste and trash; recycling services; rental of equipment for the treatment and transformation of materials, for energy production and for custom manufacturing; generation of energy, in particular by use of fusion energy; generation of electricity, in particular from wind energy and from solar energy; generation of electrical power using carbon sequestration; conversion of nuclear fuels; production of electrical energy from renewable sources; production of hydrogen and other gases; leasing of energy generating machines and systems, namely, leasing of energy conversion equipment, in particular of turbines, compressors, and electrolyzers for production of energy and generation of electricity, leasing of electric and electronic equipment for use in clean energy production; assembly of systems, products and equipment for others used in power generation, transmission and distribution, electrical engineering, electronics, information technology and mechanical engineering; generation of electricity; generation of renewable energy; generation of electric energy; custom manufacturing of fuel cell systems and hydrogen generators.

Class 41:

Education; providing of training; entertainment; sporting and cultural activities; providing online electronic publications, not downloadable.

Class 42:

Scientific and technological services and research and design relating thereto in the field of wind energy, solar energy, hydrogen energy, renewable energy, conventional energy and nuclear energy; industrial analysis, industrial research and industrial design services; research and development for third parties in the fields of electrical engineering, electronics, information technology, medical engineering, physics, chemistry and mechanical engineering as well as planning, consulting, engineering services and technical supervision in these fields; construction and design planning and consulting relating thereto; materials testing; technical support services, namely, remote and on-site infrastructure management services for monitoring, administration and management of public and private cloud computing IT and application systems; quality control and authentication services; design and development of computer hardware and software; software as a service (SaaS); platform as a service (PaaS); blockchain as a service (BaaS); electronic data storage; data storage via blockchain; hosting platforms on the internet; cloud computing; technical consultancy in the field of energy production and conversion; leasing of products and systems, namely, of information technology apparatus for use in energy production; engineering services relating to robotics; maintenance and installation of software.
