SUPER NOVA FASHION LTD

UK00004211614 30 May 2025
(9, 39, 42)

The mark consists of a stylized maritime logo rendered in navy blue. At its center is a forward-facing ship bow cutting through stylized ocean waves. Behind the ship is a ship's wheel integrated with a compass rose. To the right of the wheel, a series of three curved wireless signal lines radiate outward. To the left of the bow, three branching digital circuit lines emerge.

No claim is made to the exclusive right to use the depiction of a ship, compass, waves, or circuit lines apart from the mark as shown.

Daniel Randell-Sly

UK00004225068 26 June 2025
(1, 6, 11, 17, 19, 35, 37)

Class 1:

Adhesives for industrial purposes; chemical preparations for sealing joints; cement-waterproofing chemicals (except paints);

concrete preservatives (chemical); concrete-aerating chemicals; concrete additives; hardeners for concrete; chemical substances for insulating buildings; anti-corrosive chemicals (not paints); waterproofing chemical compositions; retarders for concrete and mortar; chemical substances for use in building materials; soil stabilising compositions; surface active chemical agents for use in construction; desiccants for industrial use; fireproofing preparations (excluding paints); chemicals for the manufacture of coatings; unprocessed plastics in the form of powders, liquids or pastes; chemical additives for mortar; chemical compositions for dust suppression; salts for industrial purposes; oil cement (putty for sealing pipes); anti-freeze preparations for industrial use; epoxy resins (unprocessed); chemical bonding agents for construction; primers (chemicals, not paints); etching agents for concrete; degreasing preparations for industrial use; .

Class 6:

Metallic building and construction materials; drainage apparatus of metal; drain channels of metal; trench drains of metal; drain end caps of metal; drain mats of metal; drain grates of metal; drain bases of metal; leaf guard covers of metal for drain pipes; gutter covers of metal; troughs of metal; silt boxes of metal; collection boxes of metal; drain pipe attachments of metal, namely end outlets, corners and tees; covers of metal for use in drainage channels; drain covers of metal; drain gullies of metal; drains of metal; access covers and frames of metal; surface access covers and frames of metal; manhole assemblies of metal; manhole covers and frames of metal; gully gratings of metal; steel; stainless steel; galvanized steel sheets and plates; metal sewer grilles; metal gratings; steel grating; handrails of metal; steps [ladders] of metal; metal step irons; safety chains of metal; steel chains; parts and fittings for all of the aforesaid goods; Metal valves for use in heating and plumbing installations; radiator valves of metal; lockshield valves of metal; parts and fittings for the aforesaid goods. .

Class 11:

Installations and apparatus, all for handling water, waste water, flood water and storm water; cisterns for holding/storing and attenuating water, waste water, flood water or storm water; water, waste water, flood water and storm water distribution installations; water, waste water, flood water and storm water drainage installations; water, waste water, flood water and storm water filtering apparatus and installations; storm water and flood water attenuation installations; urban water, waste water, flood water and storm water drainage systems and installations; water collection chambers; storm and flood water collection chambers; sustainable urban water, waste water, flood water and storm water drainage systems; cisterns and tanks for holding/storing water, waste water, flood water or storm water; glass reinforced plastic tanks for holding/storing water, waste water, flood water or storm water; parts and fittings for all the aforesaid goods.

Class 17:

Adhesive tapes for building and construction; self#adhesive tapes; scrim tape; caulking materials and putty; sealant compounds; gaskets, joint packings, O#rings, oil seals; flexible non-metal hoses and tubes (including irrigation, radiator, textile, hydraulic hoses) and non-metal fittings and junctions; insulating materials (paper, felt, fabrics, varnish, plaster, refractory materials), mineral wool, glass wool and fibres, acoustic baffles; rubber and plastic padding, stuffing materials, sleeves, stoppers, buffers, non-slip pads, door-stop rubbers, dock bumpers; semi#processed acrylic and plastic resins and foils; chemical compositions for sealing leaks and boiler use;

List of cases accepted for opposition purposes as shown in Journal 2025/034 published on 22 August 2025 .

dielectrics and insulating oils; non-conducting heat-retention materials; Flexible rubber couplings; adapter couplings made of rubber; non-metallic flexible pipe couplings; rubber expansion joints; flexible non-metallic hose couplings.

Class 19:

Drainage apparatus; drainage apparatus for collecting storm and/or rainwater for channelling, collection or recycling; drain channels; trench drains; drain end caps; drain mats; drain grates; drain bases; leaf guard covers for drain pipes; gutter covers; troughs; silt boxes; collection boxes; drain pipe attachments, namely end outlets, corners and tees; non-metallic construction materials for use in drainage systems; plastic building materials; large diameter plastic pipes; non-metallic articles for drainage purposes; non-metallic drainage installations; non-metallic pipes for the storage, attenuation and filtration of storm water; non-metallic inspection chambers; non-metallic manhole covers; non-metallic modular crates for underground drainage; non-metallic geocellular units for water management; non-metallic soakaway systems; non-metallic tanks for stormwater attenuation; lawn edging not of metal; parts and fittings for all the aforesaid goods; Sawn timber; planed timber; treated wood for construction; wood for building; wooden beams and posts; sleepers not of metal. .

Class 35:

The bringing together, for the benefit of others, of a variety of goods, enabling customers to conveniently view and purchase those goods from an internet website; an intranet website; any other computer network; a virtual retail or wholesale store or outlet; a physical retail or wholesale store or outlet; through a television shopping channel; by mail order; or by means of telecommunications; said goods comprising: metallic building and construction materials; drainage apparatus of metal; drain channels of metal; drain covers of metal; drain gullies of metal; drain gratings of metal; manhole assemblies of metal; manhole covers and frames of metal; access covers and frames of metal; surface access covers and frames of metal; steel; stainless steel; galvanized steel sheets and plates; metal sewer grilles; metal pipes; steel pipes; metal gratings; steel grating; handrails of metal; steps [ladders] of metal; metal step irons; safety chains of metal; steel chains; non-metallic building and construction materials; non-metallic road building materials; plastic building materials; drainage apparatus not of metal; drain channels not of metal; drain covers not of metal; drain gullies not of metal; drain gratings not of metal; manhole assemblies not of metal; manhole covers and frames not of metal; access covers and frames not of metal; surface access covers and frames not of metal; non-metallic pipes; geosynthetic materials; geotextiles; mesh for construction purposes; mats for construction purposes; composite materials for construction purposes; membranes for construction purposes; impermeable membranes for construction purposes; mesh for use in civil engineering; mats for use in civil engineering; composite materials for use in civil engineering; membranes for use in civil engineering; impermeable membranes for use in civil engineering; mats and membranes for ground reinforcement; land drainage; soil protection; erosion control; ground and soil protection; ground drainage containment; membranes used to control ground fluid movements; impermeable membranes for the foregoing purposes; non-woven geotextiles; woven geotextiles; fabrics for use in civil engineering; non-woven and woven fabrics for land stabilisation; soil stabilisation; land drainage; land protection; soil protection; soil drainage; erosion control sheeting or fabric for construction use; erosion control fabrics; stabilisation fabrics for use in construction; reinforcing

mesh made of textile fibres for construction purposes; parts and fittings for all of the aforesaid goods. .

Class 37:

Building construction; construction services; construction of civil engineering infrastructures; contract building and construction services; civil engineering construction; construction of civil engineering works; civil infrastructure construction; civil construction services; installation, repair and maintenance of building constructions and civil engineering infrastructures; installation, repair and maintenance of drainage apparatus; covers for use in drainage channels; drain channels; drain covers; drain gullies; drains; access covers and frames; surface access covers and frames; manhole assemblies; manhole covers and frames; gully gratings; gratings; sewer grilles; safety chains; handrails; installation, repair and maintenance of geosynthetic materials; geotextiles; mesh for construction purposes; mats for construction purposes; composite materials for construction purposes; membranes for construction purposes; impermeable membranes for construction purposes; paving; mesh for use in civil engineering; mats for use in civil engineering; composite materials for use in civil engineering; membranes for use in civil engineering; impermeable membranes for use in civil engineering; materials for ground reinforcement; land drainage; soil protection; erosion control; ground and soil protection; ground drainage containment; materials used to control ground fluid movements; non-woven geotextiles; woven geotextiles; fabrics for use in civil engineering; non-woven fabrics for land stabilisation; soil stabilisation; land drainage; land protection; soil protection; soil drainage; erosion control sheeting for construction use; erosion control fabric; mats and sheeting, not of metal, being geotextiles; stabilisation fabrics for use in construction; reinforcing mesh made of textile fibres for construction purposes; parts and fittings for all of the aforesaid goods; advisory services relating to the aforesaid; information services relating to the aforesaid; consultancy services relating to the aforesaid.

List of cases accepted for opposition purposes as shown in Journal 2025/034 published on 22 August 2025 .

digital images; Project management software; Computer software for document management; Graphical user interface software; Database synchronization software; Collaboration tools [software]; Image management software; Video editing software; Audio editing software; Industrial process control software; Process controlling software; Desktop publishing software; Control segment integration software; Content management software; Integrated software packages for use in the automation of laboratories; Factory automation software; Middleware for management of software functions on electronic devices; Computer software for processing digital images; Data processing software for word processing; Interface cards for data processing apparatus; Collaborative software; Network management software; Mobile apps; Software for mobile phones; Downloadable emoticons for mobile phones; Downloadable mobile applications for booking taxis; Computer game software for use on mobile devices; Electronic game software for mobile phones; Computer software for mobile applications that enable interaction and interface between vehicles and mobile devices; Computer software for mobile phones; Mobile phone covers; Computer game software for use on mobile and cellular phones; Augmented reality software for use in mobile devices; Mobile applications for booking taxis; Mobile phone speakers; Mobile phone chargers; Mobile phone cases; GPS navigation device; Mobile phones; Devices for hands-free use of mobile phones; Mobile phone docking stations; Displays for mobile phones; Mobile phone straps; USB web keys for automatically launching pre-programmed website URLs; Instant messaging software; Interactive database software; Mobile phone screen protectors; Mobile phone battery chargers; Display modules for mobile phones; Map software; Downloadable computer game software via a global computer network and wireless devices; Braille mobile phones; Downloadable emoticons for mobile telephones; Software for GPS navigation; Computer applications for car audio video navigation; Operating system software; Operating systems; Operating system programs; Network operating system programs; Computer operating systems; Computer operating system software; Computer operating system programmes; Operating system programs for smartphones; Network operating systems programs; Operating system programs for smart television; System and system support software, and firmware; Operating system programs for smart TV; Computer operating programs; Software for operating and managing integrated circuit components; Computer software for use in migrating between different computer network operating systems; Embedded operating software; System support software; Computer operating programmes; Network access server operating software; Utility programs for performing computer system diagnostics; Programs (Computer operating -) recorded; Computer operating programs, recorded; Recorded computer operating programs; Valves (Electronic controls for automatically operating -); USB operating software; Computer systems for automated vehicle control; Valves (Remote controls for automatically operating -); Remote controls for operating vehicle alarms; Valves (Electric controls for automatically operating -); Reservation systems software; Computer software for system cleaning and optimization; Global positioning system [GPS] computer software; LAN [local area network] operating software; Global Positioning System [GPS] apparatus; Global positioning system (GPS) apparatus; Computer software for Global Positioning Systems; WAN [wide area network] operating software; Smart manufacturing system controls; LAN [local operating network] hardware; Management information system [MIS] software; Building

management system [BMS]; Vehicle tracking systems; Global positioning system (GPS) devices; Electronic access control system for buildings; Alarm systems; Alarm monitoring systems; Computer software to operate vehicles; Intrusion detection system [IDS] software; Loudspeaker systems; Electronic control systems; Software for satellite navigation systems; Electronic navigation systems; Temperature controllers apparatus for use in vehicle heating systems; Electronic entry systems; Radar systems; Electronic locking systems; Geographic information system [GIS] software; Electronic control systems for machines; Satellite navigational system for bicycles; Global positioning system [GPS] receivers; Videoconferencing systems; Fire-extinguishing systems; Wireless controllers to remotely monitor and control the function and status of security systems; Satellite navigation systems; Software for GPS navigation systems; Access control systems (Automatic -); Static grounding systems and apparatus; Automated drone detection systems; Vehicle speed control systems; Voice processing systems; Computer software for use in medical decision support systems; USB chargers; Tablet PCs; USB [universal serial bus] operating software; CD drives for computers ; Battery chargers for tablet computers; Point-of-sale [POS] terminals; Blank USB flash drives; Blank USB cards; Universal serial bus (USB) devices; UPI [universal peripheral interface] software; BIOS software; CD storage wallets; Firmware and device drivers; 3D computer graphics software; Software drivers; 3D Scanners; Operating and user instructions stored in digital form for computers and computer software, in particular on floppy disks or CD-ROM; USB wireless routers; Universal serial bus [USB] dongle [Wireless network adapters]; Tablet computers; USB port cards; Network-attached storage [NAS]; Software for generating virtual images; Computer software supplied on the Internet; NAS (Network attached Storage); Multimedia software recorded on CD-ROM; Workforce management software; Operational risk management software; Financial management software; Building management software; Traffic management software; Time coding apparatus; Computer utility programs [program performs computer maintenance work]; Software for monitoring, analysing, controlling and running physical world operations; Computer programs for project management; Process controlling apparatus [electronic]; Process controlling apparatus [electric]; Computer software for time control; Work stations [computer apparatus]; Computer software designed to estimate resource requirements; Time programmers; Position fixing apparatus; Humanoid robots having communication and learning functions for assisting and entertaining people; Balancing apparatus; Clocks (Time -) [time recording devices]; Time clocks [time recording devices]; Time control switches; Test weights; Test leads; Test beds; Test probes [Electrical]; Test adapters for testing printed circuit boards; Test pins for testing printed circuit boards; Electrical test apparatus; Test leads [Electrical]; Test probe assemblies for integrated circuits; Testing apparatus for testing printed circuit boards; Battery testing apparatus; Semiconductor devices; Networking devices; Multimedia devices; Telecommunications devices; Input devices for computers; Calibration devices; Handheld communication devices; Memory devices; Video devices; Wireless portable printers for use with laptops and mobile devices; Peripherals adapted for use with computers and other smart devices; Batteries for use with mobile telecommunication devices; Electronic imaging devices; Electronic memory devices; Measuring devices; Earphones for use with mobile telecommunication devices; Telecommunication devices and apparatus; Portable navigation devices; Wristband computer devices; Microphones

List of cases accepted for opposition purposes as shown in Journal 2025/034 published on 22 August 2025 .

for communication devices; Computer peripheral devices; Peripheral devices (Computer -); Wireless communication devices; Semiconductor memory devices; Remote controls for mobile electronic devices; Fast chargers for mobile devices; Filters for optical devices; Calculating devices; Electrical controlling devices; Firmware memory devices; Testing devices for electronic parts; Wireless remote controls for portable electronic devices and computers; Display devices, television receivers and film and video devices; Wearable communications devices in the form of wristwatches; Electronic game software for wireless devices; Watchbands that communicate data to other electronic devices; Cases for music storage devices; Electronic metering devices for faucets; Network communication devices; Electronic device software drivers that allow computer hardware and electronic devices to communicate with each other; Digital sensory devices; Software related to handheld digital electronic devices; Multi-room audio devices; Electronic baby monitoring devices; Wearable digital electronic communication devices; Personnel tracking devices; Anti-interference devices [electricity]; Cases for data storage devices; Portable flash memory devices; Measuring devices, electric; Electric measuring devices; Oscillation sensor devices; Electronic personal alarm devices; Electronic paper (display devices); Electronic paper being display devices; Memory storage devices; Electric mobile digital communication devices; Computers for managing control devices for aircraft; Peripheral devices for data reproduction; Electronic game software for handheld electronic devices; Telemetry devices for motor vehicles; Data storage devices and media; Devices for the projection of virtual keyboards; Home automation devices; Testing apparatus for checking electronic devices; Display screens; Display monitors; Visual display screens; Display terminals; Video display screens; Head-up displays; Graphic display terminals; Display screen filters; Visual display units; Electroluminescent display panels; Electronic display panels; Computer display monitors; OLED displays; Video display units; Digital signage display panels; Display panels for vehicles; Information display terminals; Wearable video display monitors; Television display apparatus; Electronic display interfaces; Wearable displays; Radar displays; Electronic display boards; Liquid crystal display screens; Head-mounted video displays; Liquid crystal display [LCD] monitors; LCD [Liquid Crystal Display] monitors; Displays for smartphones; Video display software; Display screen filters adapted for use with computer monitors; Head-mounted holographic displays; Electronic numeric displays; LCD [liquid crystal display]; Integrated circuits for enhancing graphical and video display; Advertising display signs [mechanical or luminous]; Flat panel displays; Score display apparatus [electric]; File servers; Computer utility programs for file management; Computer software for processing digital music files; Computer programs for processing digital music files; Computer software for converting document images into electronic formats; Computer utility programs for data compression; Computer software for scanning images and documents; Print server software; Computer software for creating searchable databases of information and data; Blank tapes for storage of computer data; Computer programs for document management; Computer programs for editing images, sound and video; Computer software for accessing databases; Computer software for organizing and viewing digital images and photographs; Data sets, recorded or downloadable; Apparatus for improving power efficiency; Production support software; Industrial automation controls; Health monitoring software; Home automation systems; Computer hardware for the control

of lighting; Firmware for computer peripherals; Computer hardware for the collection of positioning data; Computer hardware for the compilation of positioning data; Augmented reality computer hardware; Computer hardware for tracking driver behaviour; Computer hardware for the transmission of positioning data; Hardware for electronic driving assistance systems; Computer hardware for the dissemination of positioning data; Virtual reality hardware; Software for the redirection of messages; Electronic panels for displaying messages; Microwave transmission apparatus for delivering radio programs and messages; Voice response equipment; Wireless communication devices for voice, data, or image transmission; Electronic mail and messaging software; Electrical engineering software; Chemical engineering software; Civil engineering software; Teacher software; Coding modulators; Electronic coding units; Electronic coding apparatus; Mechanised coding apparatus; Encoding and decoding apparatus; Encoding and decoding apparatus and instruments; Bar code decoders; Bar code labels, encoded; Computer software for use in creating and designing websites; Encoding apparatus; Programming units (Computer -); Labels with machine-readable codes; Software for Digital Distributed Storage; Optical data storage media; Magnetic data storage media; Media streaming software; Electronic data storage media; Digital storage media; Virtual reality software for telecommunications; Optical data storage drives; Devices for streaming media content over local wireless networks; Storage apparatus for computer data; Internet bots being computer programs; Software for accessing information on a global computer network; Computer software for the creation of firewalls; Computer programmes for use in telecommunications; Speakers for video conferencing; Communication, networking and social networking software; Computer software to enable teleconferencing, videoconferencing and videophone services; Interactive casino games provided through a computer or mobile platform; Video conferencing monitors; Downloadable interactive entertainment software for playing video games; Telepresence robots; Machine learning software for advertising; Computer software for controlling self-service terminals; Virtual assistant software; Software for converting natural language into machine executable commands; Software for evaluating customer behaviour in online shops; Computer programs for user interface design; Software converters of natural language into machine executable commands; Digital telephone platforms and software; Communication software for connecting computer network users; Interactive databases; Computer search engine software; Mobile communication terminals; Wearable smartphones; Automated teller machines; Headsets for smartphones; Smartphones; Smartglasses; User-programmable humanoid robots, not configured; Teaching robots; Automated cash machines; Smartwatches; Watchbands that communicate data to smartphones; Dictation machines; Answering machines; Keyboards for smartphones; Privacy software; Sound masking apparatus for speech privacy; Perimeter Access Control [PAC] safety light curtains; Area Access Control [AAC] safety light curtains; Protection devices for personal use against accidents; Personal alarms; Computer software for the administration of on-line games and gaming; Gaming software that generates or displays wager outcomes of gaming machines; Computer games entertainment software; Electronic publications, downloadable, relating to games and gaming; Downloadable information relating to games and gaming; Games software for use with video game consoles; Downloadable interactive entertainment software for playing computer games; Interactive multimedia software for playing games; Audiovisual headsets for playing

List of cases accepted for opposition purposes as shown in Journal 2025/034 published on 22 August 2025.

video games; Headsets for playing video games; Monitors for arcade video game machines; Joysticks for use with computers, other than for video games; Virtual reality headsets adapted for use in playing video games; Games software; Computer programs for playing games; Video games cartridges; Computer programmes for playing games; Games cartridges for use with electronic games apparatus; Video games software; Computer games programs; Software programs for video games; Computer games of chance; Video game programs; Games software for use with computers; Educational software featuring instructions for playing games; Video game cartridges; Video game discs; Computer game cartridges; Computer game discs; Video game cassettes; Computer game programs; Programs (Computer game -); Computer game cassettes; Computer game programmes; Memory cards for video game machines; Electronic game software; Electronic game programs; Bar code scanners; Bar code printers; Optical code readers; Coded identification cards; Barcode scanner; Compilers; Revision control platforms [software]; Barcode scanners; Coded bank cards; Telephone cards (coded); Identification labels [machine readable]; Reference software; Character recognition software; Character verification apparatus; Computer programs in machine readable form for use in database management; Signal decoders; Identification labels [encoded]; Cards encoded with security features for identification purposes; Computer software for the compilation of positioning data; Language translating apparatus; Speech recognition software; Translation apparatus; Pocket translators; Electronic pocket translators; Pocket translators, electronic; Electric pocket translators; Ultrahigh frequency translator apparatus; Simultaneous interpretation receivers; Audio dubbing apparatus; Smartphones in the shape of a watch; Personal digital assistants in the shape of a watch ; Communication interface units; Computer interface apparatus; Interface network modems; Computer interface boards; Musical instrument digital interface controllers being audio interfaces; Computer interface cards; Audio interfaces; Data bus interface units; Digital audio interface apparatus; Bus interfaces; Interfaces for computers; High definition multimedia interface cables; Interfaces for detectors; Interface circuits for video cameras; Electronic Interfaces for Motion Simulator Platforms; Interactive touchscreen terminals; Interface cards for data processing equipment in the form of printed circuits; Access interfaces for managed private circuit networks; Interactive touch screen terminals; Display management software; Remote controls for multimedia systems; Communication software; Computer software to enhance the audio-visual capabilities of multimedia applications, namely, for the integration of text, audio, graphics, still images and moving pictures; Computer software for use in providing multiple user access to a global computer information network; Video graphics controller; Wireless controllers to remotely monitor and control the function and status of other electrical, electronic, and mechanical devices or systems; Computer software for controlling and managing access server applications; Wireless communication devices for the transmission of multimedia content; Computer software for controlling the operation of audio and video devices; Unified communications software; Network management computer software; Ethernet controllers; Communications controllers; Programmable controllers; Components for computers; Input modules; Ethernet transceivers; Telephones incorporating intercommunication systems; Computer software to enable the provision of electronic media via communications networks; Electronic components for computers; Programmable logic arrays; Multimedia terminals; Electronic controllers; Computer

modules; Search engine software; Software for search engine optimisation; Search marketing software; Tools [software] for search engine optimisation; Computer software used for providing search engine services; Third party search marketing software; Computer programs for accessing, browsing and searching online databases; Computer software for accessing, browsing and searching online databases; Database engines; Computer software to enable searching and retrieval of data; Software for searching and retrieving information across a computer network; Computer software to enable the searching of data; Computer software to enable searching of data; Navigation, guidance, tracking, targeting and map making devices; Engine analyzers; Engine diagnostic apparatus; Computerized vehicle engine analyzers; Disc storage containers; Electronic storage media; Facial analysis software; Analysis instruments for photogrammetric purposes; Food analysis apparatus; USB web keys; HTML editor; Gyro sensors using GPS functions; Mail server software; Internet of Things [IoT] range extenders [antennas]; AC adapters for consumer video game apparatus; Web site development software; Software for designing online advertising on websites; Software for embedding online advertising on websites; Servers for web hosting; All-in-one computers; Notebook computers; Laptops [computers]; Handheld computers; Thin client computers; Portable computers; Tablet monitors; Typeface font computer software; Computer software for generation of typefaces and fonts; Computer network server; Intranet servers; Computer database servers; Network servers; Printer servers; Internet servers; Communications servers; Network facsimile servers; Video servers; Print servers; Servers for home automation; Electronic mail servers; Digital video servers; Computer network routers; Computer hardware for remotely accessing and transmitting data; LAN [local area network] access points for connecting network computer users; Computer network switches; LAN [local area network] computer cards for connecting portable computer devices to computer networks; Computer software for communication between computers over a local network; Digital audio servers; Network routers; Databases; Backup drives for computers; Computer network adapters; Databases (electronic); Electronic databases; Computer software programs for database management; Computer software to enable retrieval of data; Computer software for the collection of positioning data; Electronic databases recorded on computer media; Computer programs for using the internet and the worldwide web; Software for diagnostics and troubleshooting; Software compiling tools; Software for remote diagnostics; Reporting software; Computer component testing and calibrating equipment; Microcontrollers; Devkits; Firmware; Environmental control software; Environmental monitoring software; Digital cameras; Digital recordings; Digital recording media; Digital sensors; Digital phones; Digital amplifiers; Digital electronic controllers; Digital telephones; Digital transmitters; Digital tablets; Digital notepads; Digital audio recorders; Digital data recording media; Digital video cameras; Digital plotters; Audio digital discs; Computer digital maps; Digital graphic scanners; Digital boards; Digital video discs; Digital media streaming devices; Digital indicators; Digital signs; Blank digital recording media; Digital audio players; Digital voice recorders; Digital video players; Digital organizers; Digital signal processors; Digital telecommunications apparatus; Digital sound processors; Personal digital assistants; Programmable digital read-out units; Digital cellular phones; Prerecorded digital audio tapes; Portable digital audio broadcasting [DAB] radios; Digital video disc players; Digital voice signal processors; Digital signage; Process

List of cases accepted for opposition purposes as shown in Journal 2025/034 published on 22 August 2025 .

control digital controllers; Digital optical transmission apparatus; Computer programmes stored in digital form; Digital signal processing apparatus; Digital video recorders; Digital photo frames; Digital radios; Personal digital assistants (pda's); Adaptive software; Market prediction software; Mesh network software; Approximation detectors; Decoding apparatus; Data processing software for graphic representations; Computer software for the transmission of positioning data; Image recognition software; Information retrieval software; Risk detection software; Table representation software; Mathematical instruments; Numerical counters; Instruments for diagnosis [for scientific use]; Physics (Apparatus and instruments for -); Numerical control apparatus; Scientific apparatus and instruments; Instruments for surveying physical data.

Class 42:

Development of computer hardware and software; Computer software integration; Computer software consultancy; Consultancy (Computer software -); Computer software development; Development of computer software; Software engineering; Computer software consulting; Design of computer hardware and software; Software authoring; Software development in the framework of software publishing; Computer hardware and software design; Computer software design; Design of computer software; Software design (Computer -); Computer software (Design of -); Computer software engineering; Testing of computer software; Computer software installation; Computer software (Installation of -); Installation of computer software; Update of computer software; Software development; Development of software; Rental of computer hardware and software; Design of software; Software design; Development of computer database software; Installation of software; Software installation; Design and development of computer hardware and software; Configuration of computer software; Duplication of computer software; Maintenance of computer software; Computer software maintenance; Computer software (Maintenance of -); Leasing of computer software; Computer software design services; Services for the design of computer software; Design of computer database software; Software as a service [SaaS] featuring software for machine learning; Developing computer software; Upgrading of computer software; Development of computer software application solutions; Updating of computer software; Software (Updating of computer -); Computer software (Updating of -); Computer software programming services; Hiring of computer software; Design and development of antivirus software; Computer software research; Computer and computer software rental; Computer programming of computer games; Rental of computer hardware and computer software; Rental of computer hardware and computer peripherals; Computer rental and updating of computer software; Rental of computers and computer software; Development of computer hardware for computer games; Computer programming; Programming (Computer -); Computer forensics; Computer programming of video and computer games; Time-sharing (Computer -); Computer engineering; Computer programming for the internet; Computer programming and maintenance of computer programs; Writing of computer software; Updating of computer software relating to computer security and prevention of computer risks; Copying of computer software; Repair of computer software; Up-dating of computer software; Computer programming for telecommunications; Computer design; Maintenance of computer software relating to computer security and prevention of computer risks; Renting computer software; Software (Rental of computer -); Computer software rental; Computer software (Rental of -);

Rental of computer software; Quantum computing; Quantum computing services; Cloud computing services; Computing consultancy; Fog computing; Providing virtual computer systems through cloud computing; Consulting in the field of cloud computing networks and applications; Providing virtual computer environments through cloud computing; Consulting services in the field of quantum computing; Programming of operating software for accessing and using a cloud computing network; Design and development of operating software for cloud computing networks; Consulting services in the field of cloud computing; Rental of operating software for accessing and using a cloud computing network; Design and development of operating software for accessing and using a cloud computing network; Testing of computing equipment; Provision of computing facilities; Development and testing of computing methods, algorithms and software; Rental of computing equipment; Providing temporary use of online non-downloadable software for accessing and using a cloud computing network; Providing temporary use of on-line non-downloadable operating software for accessing and using a cloud computing network; Consultancy services relating to computing; Provision of technical support in the operation of computing networks; Computer programming for data processing and communication systems; Rental of computer software, data processing equipment and computer peripheral devices; Computer programming for data processing; Expert consultancy services in connection with computing networks; Computer programming services for data processing; Computer time-sharing services; Computer programming services for electronic data security; Computer programming services for data warehousing; Programming of operating software for computer networks and servers; Programming of computers; Computer hardware development; Development of computer hardware; Research in the field of computer hardware; Provision of technical support in the supervision of computing networks; Scientific computer programming services; Providing temporary use of non-downloadable computer software for shipment processing over computer networks, intranets and the internet; Computer hardware (Consultancy in the field of -); Consultancy in the field of computer hardware; Cloud storage services for electronic data; Computer services concerning electronic data storage; Computer programming for the energy industry; Advisory services relating to man-machine interfaces for computer software; Programming of computer software for reading, transmitting and organising data; Advisory services relating to the rental of computers or computer software; Computer technology consultancy; Expert consultancy services in connection with computing equipment; Designing of computer hardware; Programming of computer software for evaluation and calculation of data; Rental of computers for data processing; Engineering services relating to computer programming; Engineering services relating to computers; Data warehousing; Data mining; Electronic data storage and data back-up services; Decoding of data; Computer services for the analysis of data; Computerised data storage; Data encryption services; Technical data analysis; Data conversion of electronic information; Electronic data storage; Electronic storage of data; Recovery of computer data; Data decryption services; Data duplication and conversion services, data coding services; Temporary electronic storage of information and data; Hosting of computerized data, files, applications and information; Data conversion of computer program data or information [not physical conversion]; Research relating to data processing; Recovery of smartphone data; Online data storage; Recordal of

List of cases accepted for opposition purposes as shown in Journal 2025/034 published on 22 August 2025.

seismic data; Data migration services; Data back-up services; Data recovery services; Technical data analysis services; Off-site data backup; Updating of software for data processing; Data storage via blockchain; Computerised data storage services; Data encryption and decoding services; Electronic data back-up; Compression of data for electronic storage; Data security services [firewalls]; Authentication services for computer security; IT security, protection and restoration; Data security services; Computer security services for protection against illegal network access; Computer security threat analysis for protecting data; Internet security consultancy; Provision of security services for computer networks, computer access and computerised transactions; Computer security system monitoring services; Computer security services in the nature of administering digital certificates; Computer security consultancy; Data security consultancy; Monitoring of computer systems for security purposes; Infrastructure as a Service [IaaS]; Rental of Internet security programs; Software as a service [SaaS]; Software as a service [SAAS] services; Platforms for gaming as software as a service [SaaS]; Platforms for artificial intelligence as software as a service [SaaS]; Platforms for graphic design as software as a service [SaaS]; Software as a service [SaaS] featuring software for deep learning; Consulting services in the field of software as a service [SaaS]; Software as a service [SaaS] featuring software platforms for graphic design; Software as a service [SaaS] featuring computer software platforms for artificial intelligence; Software as a service [SaaS] featuring software for deep neural networks; Software as a service [SaaS] featuring software platforms for electronic gaming; Platform as a Service [PaaS]; Platform as a service [PaaS]; Software as a service [SaaS] services featuring software for machine learning, deep learning and deep neural networks; IT service management [ITSM]; Software consultancy services; Software as a service; Application service provider [ASP], namely, hosting computer software applications of others; Application service provider (ASP) services, namely, hosting computer software applications of others; Blockchain as a Service [BaaS]; Application service provider (ASP); Software consulting services; Application service provider [ASP] services; Computer and software consultancy services; Computer software consultancy services; Programming of software for e-commerce platforms; Hosting services, software as a service, and rental of software; Software customisation services; User authentication services using single sign-on technology for online software applications; Providing on-line non-downloadable software for database management; Software development services; Development services relating to computer software application solutions; Cloud-based data protection services ; Computer software consulting services; Software engineering services; Providing user authentication services using biometric hardware and software technology for e-commerce transactions; Consultancy services relating to software used in the field of e-commerce; Design and development of computer software for logistics, supply chain management and e-business portals; Development of computer software for logistics, supply chain management and e-business portals; Cloud hosting provider services; Design and development of software for instant messaging; Artificial intelligence consultancy; Design and development of computer software for vehicle simulation; Development of computer programs for simulating laboratory experiments; Design of computer-simulated models; Developing programs for simulating experiments or series of experiments in a virtual optical laboratory; Design and development of computer game software and virtual reality software; Design and

development of computer software for evaluation and calculation of data; Design and development of virtual reality software; Development of virtual reality software; Design of virtual reality software; Design and development of video game software; Design of mathematical models; Mathematical models (Design of -); Design and development of computer game software; Video game software development; Video game software design; Analysis (Computer systems -); Systems analysis (Computer -); Computer systems analysis; Computer system analysis; Development of computer game software; Consultancy in the field of computer system analysis; Design and development of testing and analysis methods; Comparative analysis studies of the performance of computer systems; Design of computer game software; Development of video and computer games; Computer analysis; Comparative analysis studies of the efficiency of computer systems; Development of computer software for use with computer-controlled switching systems; Development of computer programs for combustion process analysis inside an engine; Laboratory analysis; Computer graphic design for video projection mapping; Design of computer machine and computer software for commercial analysis and reporting; Programming of video game software; Design and development of computer software for process control; Computer-aided design of video graphics; Computer system design and development; Design of measurement systems; Design services relating to virtual reality software; Development of computer programs for analysis of exhaust gas emissions; Creation of control programs for automated measurement, assembly, adjustment, and related visualisation; Programming of computer game software; Design and development of data output systems; Design and development of data retrieval software; Consultancy in the field of computer system integration; Development services relating to virtual reality software; Cryptocurrency mining; Mining of cryptocurrency; Electronic storage of cryptocurrency; Encryption, decryption and authentication of information, messages and data; Data authentication via blockchain; Encryption of digital music; User authentication services using blockchain technology; Computer programming of smart contracts on a blockchain; Authenticating coins; Authenticating banknotes; Encryption of digital images; Providing online non-downloadable computer software for minting non-fungible tokens [NFTs]; Certification of data via blockchain; Coin analysis [authentication] services; Authentication of diamonds; Design and development of virtual private network (VPN) operating software; Authentication of stamps; Design and development of electronic data security systems; User authentication services using technology for e-commerce transactions; Design of hardware for compression and decompression of multimedia contents; Programming of Internet security programs; Architectural design; Engineering design; Interior design; Construction design; Graphic design; Design of artwork; Design of prototypes; Packaging design; Design of packaging; Fashion design; Product design; Design of typefaces; Visual design; Design consultancy; Styling [industrial design]; Technical design; Pattern design; Hardware design; Design of furnishings; Design of stationery; Design planning; Design of ornamental layouts; Industrial design; Design (Industrial -); Design of furniture; Furniture design; Design of interior decoration; Architectural design for interior decoration; Website design; Design and graphic arts design for the creation of web sites; Design of tooling; Preparation of architectural design; Brochure design; Design of models; Jewelry design; Urban design; Website design and development; Design of products; Architectural design services; Design services for

List of cases accepted for opposition purposes as shown in Journal 2025/034 published on 22 August 2025 .

architecture; Architecture design services; Engineering design and consultancy; Architectural design for exterior decoration; Automotive design; Interior decorating design; Graphic art design; Design of interior decor; Decor (Design of interior -); Interior decor design; Design of jewellery; Interior design services; Design of engineering products; Graphic design services; Product design and development; Design consultation; Dress design; Commercial interior design; Design of moulds; Logo design services; Design of buildings; Kitchen design; Design of sculptures; Design of costumes; Graphic illustration design; Aircraft design; Software design and development; Design of clothing; Design of kitchens; Design of websites; Design services; Design and development of engineering products; Design of tools; Tool design; Design of building interiors; Shop interior design; Computer-aided industrial design; Illustration services (design); Toy design; Engineering design services; Shop design; Design of heating; Design of prostheses; Design and development of prostheses; Design and development of endoprostheses; Design of headgear; Analysis of product design; Industrial art design; House design; Landscape lighting design; Graphic arts design; Design (Graphic arts -); Computer specification design; Graphic illustration design services; Industrial and graphic art design; Website design consultancy; Consultancy in the field of architectural design; Design services (Packaging -); Design services for packaging; Packaging design services; Hat design; Design of instruments; Design of games; Design of graphic software systems; Design services for art-work; Evaluation of product design; Space planning [design] of interiors; Design and development of computer hardware architecture; Database design and development; Database design; Art work design; Custom design services; Computer-aided engineering design services; Commercial art design; Computer-aided engineering design and drawing services; New product design; Planning [design] of buildings; Design of pipelines; Design and development of databases; Design and development of networks; Design and development of computer software architecture; Design of fashion accessories; Design, development and implementation of software; Design and development of multimedia products; Design services relating to model making for entertainment purposes; Biotechnology research for determining the neuronal survival of molecules in animal models; Research (Scientific -); Scientific research; Biological research, clinical research and medical research; Scientific research and analysis; Laboratory research; Scientific research and development; Clinical research; Research laboratories; Archaeological research; Biotechnology research; Engineering research; Medical research; Scientific research services; Biotechnological research; Consultancy in the field of scientific research; Technical research projects and studies; Technical research; Biological research and analysis; Genetic research; Technological research; Biochemical research; Biological research; Research (Biological -); Scientific research in the field of genetics; Physics [research]; Research (Physics -); Physics research; Industrial analysis and research; Industrial research and analysis; Scientific research relating to genetics; Scientific and industrial research; Geological research; Research (Geological -); Biomedical research services; Research laboratory services; Biochemical research and analysis; Agricultural research; Product research; Scientific research relating to biology; Research of fisheries; Research in instrumentation; Pharmaceutical research and development; Scientific research for medical purposes; Research of pharmaceuticals; Bacteriological research and analysis; Chemical research and analysis; Bacteriological research;

Software research; Biochemical research and development; Meteorological research; Research services; Research relating to science; Industrial research; Architectural research; Research of agriculture; Archaeological exploration and research; Scientific research in the field of pharmacy; Hydrological research; Scientific research conducted using databases; Scientific research relating to bacteriology; Scientific research relating to ecology; Chemical research; Analysis for oil research; Scientific research relating to chemistry; Cosmetics research; Research of cosmetics; Scientific research relating to cosmetics; Research and development for others; Research in the field of pharmacogenetics; Genetic testing for scientific research purposes; Preparation of reports relating to scientific research; Cosmetic research; Geological surveys or research; Oceanographic research services; Research and development in the field of biotechnology; Research relating to biotechnology; Research in cosmetology; DNA screening for scientific research purposes; Biochemistry research services; Development (Research and -) of products; Blood analysis services for scientific research purposes; Preparation of technological research reports; Consultancy in the field of technological research; Research in the field of excavation; Food research; Product research and development; Consultancy in the field of bacteriological research; Research and development services; Advisory services relating to scientific research; Consultancy in the field of pharmaceutical research; Conducting of scientific studies; Mechanics research; Research in the field of materials science; Scientific research in the field of social medicine; Mechanical research; Research relating to technology; Research in the field of ecology; Mathematical research services; Research in measurement technology; Scientific research relating to genetics of plants; Research in the field of information technology; Chemical research and analysis services; Consultancy relating to research in the field of pharmacogenetics; Bacteriological consultation and research; Industrial analysis and research services; Industrial research and analysis services; Scientific and technological research relating to patent mapping; Research relating to medicine; Design and development of software for website development; Product development; Industrial process development; Evaluation of product development; Development of construction projects; Analysis of product development; Development of industrial processes; Development and testing of software; Product development consultation; Software development, programming and implementation; Industrial development services; Development of aircraft; Development of prostheses; Development of vehicles; Consultancy relating to software design and development; Design and development of energy management software; Development of engines; Development of computers; Intranet design, development and maintenance; Biological development services; Design and development of route planning software; Consultancy relating to research and development in the field of therapeutics; Development of industrial products; Analysis and evaluation of product development; Design and development of medical technology; Design and development of industrial products; Pharmaceutical research and development services; Design and development of software for inventory management; Consultancy services in the field of technological development; Design and development of telecommunications systems; Development of testing methods; Research and development services in the field of immunology; Research and development of new products; Research and development services in the field of engineering; Design and testing for new product
