Class 1:

Filtering materials in the form of chemical preparations or mineral substances; solidified gases for industrial purposes; gas purifying preparations; bacterial preparations and biological preparations (other than for medical and veterinary use); fertilizers and bio-fertilizers; horticultural, agricultural and forestry chemicals (except fungicides, herbicides, insecticides and parasiticides); salts (fertilizers and chemical preparations); plant growth regulating preparations; compost; earth, including for growing; metal earths; alkaline-earth metals.; catalysts for use in the control of carbon dioxide emissions; Carbon dioxide (other than for medical or veterinary use).

Class 4:

Biogas for use as fuel; biomethane; electrical energy from renewable resources.

Class 7:

Machines, machine parts, and plants for generating gas, including gas compressors and valves, gates and pumps, in particular for biogas generation; machines for sorting and separating different types of material for recycling purposes; agricultural implements (other than hand-operated); generators of electricity; sorting machines including garbage sorting machines, also for industry use; filters (parts of machines or engines); power generators and parts that convert biomass fuel into electricity; machines and parts for distributing energy.

Class 9:

Installations for generating energy; parts for the aforesaid installations, included in class 9.

Class 11:

Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes; incinerators; desiccating apparatus; water filtering apparatus; filters (parts of household or industrial installations); regulating and safety accessories for gas apparatus; gas burners; gas scrubbing apparatus; gas generators (installations); gas boilers; gas condensers (other than parts of machines); gas scrubbers (parts of gas installations).

Class 35:

Wholesale and retail trading services connected with the development and sale of installations for generating energy; business operation of energy generating and waste disposal, removal, handling and recycling businesses including for others; recruitment of electrical engineers and power supply contractors.

Class 37:

***List of cases accepted for opposition purposes as shown in Journal 2025/042 published on
17 October 2025 .***

Building construction; development, construction, maintenance, monitoring and repair of biogas power generation plants, waste storage, sorting and handling plants; electricity stations and plants, electricity stations and plants for gas and water and heating, as well as of other installations and machinery to produce alternative energy (including windmills); maintenance and repair of industrial machines; advisory services relating to the installation of biogas generation plants and bio-fertilizer production.

Class 39:

Distribution of energy; provision of electricity and heat; energy distribution; transport and storage, transport and distribution of electricity, gas, heat and water; transport of gases, liquids and solids, including through pipelines; rental of water supply apparatus; collection, storage and transport of biodegradable materials, green waste and energy crops or use in anaerobic digestors. ; transportation, removal, and storage of captured carbon dioxide in geological reservoirs.

Class 40:

Treatment of materials; production of energy including electrical power; refining of biogas; recycling, incineration and destruction of waste and trash; sorting of waste and recyclable material (transformation); material treatment information; waste treatment (transformation); decontamination of hazardous materials; production of gas; treatment of products and materials for use in agribusiness, agriculture and horticulture; professional consultancy and advisory services relating to the recovery and processing of biological materials and products as well as garbage into earth products, mould products and gas; installations to produce alternative energy from the sun, water or wind; facilities for bio gasification and compost-making of organic material.

Class 42:

Technological consultancy relating to energy management; scientific and technological consultancy regarding energy stations and plants; planning and consultancy with regard to building and construction; professional consultancy relating to the environment, research and innovation (design) in the field of environmentally friendly and sustainable energy production aimed at biomass.

Class 45:

Exploitation of industrial property rights, know-how and copyright.
