Monitoring and surveillance services for the protection of offshore assets and marine installations; security services based on AIS data and other marine tracking systems; verification and validation of crew certifications and vessel compliance documentation; consultancy relating to regulatory compliance and risk mitigation in offshore operations; incident reporting and response coordination services for marine and offshore environments; none of the abovementioned services are in relation to games, game software, computer games, video games, online games, e-sports, online and computer game platforms and/or online and computer game distribution services.

UK00004255508 (2025/037, 12 September 2025)
Specifications have been restricted as follows:

Class 41:

Educational services relating to psychiatry, and neurodevelopmental conditions; provision of training courses, workshops, and webinars for healthcare professionals, carers, and patients, all of the aforesaid in the field of ADHD and autism.

Class 44:

Provision of healthcare services; neurodevelopmental assessments including ADHD and autism; healthcare information and advisory services, all of the aforesaid in the field of ADHD and autism.

UK00004268147 (2025/040, 03 October 2025)

Specifications have been restricted as follows:

Class 9:

Scientific, nautical, surveying, signalling, checking (supervision), and teaching apparatus and instruments; data processing equipment; computers, computer hardware and computer peripheral devices; computer software; computer application software; application software for mobile devices; downloadable software applications for use in marine operations, crew management, vessel compliance, and offshore asset protection; software for managing crew certifications, qualifications, training records, boarding events, and compliance documentation; software for vessel record-keeping, operational reporting, and asset monitoring; software for processing and visualizing AIS (Automatic Identification System) data; software for issuing alerts and notifications regarding expiry dates of certifications and licences; software for secure transmission of crew data to third parties; downloadable mobile applications for use in the maritime and offshore energy sectors; electronic publications and instructional materials; electronic publications and instructional materials in the field of marine operations and fisheries; none of the abovementioned goods are in relation to games, game software, computer games, video games, online games, e-sports, online and computer game platforms and/or online and computer game distribution services.

Class 41:

Education and training services; arranging and conducting conferences, workshops, seminars, symposia, competitions, conventions and meetings; provision of training and education services in the fields of marine certification, safety, compliance, and vessel operations; online training modules and certification tracking for maritime personnel; educational services relating to offshore energy operations and marine logistics; publication of training materials and operational manuals; writing, reporting and publication of non-downloadable guidelines, reports, data and case studies; advisory and consultancy services relating to all of the abovementioned services; none of the abovementioned services are in relation to games, game software, computer games, video games, online games, e-sports, online and computer game platforms and/or online and computer game distribution services.

Class 42:

Design and development of computer hardware and software; providing temporary use of non-downloadable software applications accessible via a web site; Software as a Service (SaaS); Platform as a Service (PaaS); design and development of software and platforms for marine crew management, vessel compliance, operational reporting, and offshore asset protection; software as a service (SaaS) for use in the fields of marine operations, crew logistics, energy infrastructure, regulatory compliance and asset monitoring; development of mobile and web-based applications for use in the maritime and offshore energy sectors; hosting of software platforms for use in crew certification and compliance management; technical consultancy relating to software for marine logistics and compliance, marine personnel administration and digital credentialing; integration of third-party data sources into crew management platforms; provision of temporary use of non-downloadable software for managing crew records and transmitting compliance data; integration of AIS data into digital platforms for real-time monitoring and reporting; none

of the abovementioned services are in relation to games, game software, computer games, video games, online games, e-sports, online and computer game platforms and/or online and computer game distribution services.

Class 45:

Monitoring and surveillance services for the protection of offshore assets and marine installations; security services based on AIS data and other marine tracking systems; verification and validation of crew certifications and vessel compliance documentation; consultancy relating to regulatory compliance and risk mitigation in offshore operations; incident reporting and response coordination services for marine and offshore environments; none of the abovementioned services are in relation to games, game software, computer games, video games, online games, e-sports, online and computer game platforms and/or online and computer game distribution services.

Specifications have been restricted as follows:

Class 18:

Leather and imitations of leather, and goods made of these materials and not included in other classes; leather, un-worked or semi-worked; animal skins, hides; artificial leather, cowhide, lining leather; bags; leather bags, bags of synthetic materials; luggage and carrying bags; sports bags; gym bags; athletic bags; trunks; travelling bags and cases; duffel bags; bags for campers; handbags; shoulder bags; cases of leather; satchels; briefcases; suitcases; rucksacks and backpacks; satchels made of leather and imitation leather; beach bags; bumbags; shoe bags; casual bags; school bags; shopping bags; tote bags; tool bags; messenger bags; document bags; belt bags; hip bags; waist packs; key cases; waterproof protective covers specifically adapted for backpacks; straps for luggage; wallets and purses; luggage tags made of leather; umbrellas, parasols and walking sticks; whips, harness and saddlery; clothing for pets; collars and leashes for animals; parts and fittings for all the aforesaid goods; none of the aforesaid goods specifically designed or adapted for use in relation to cycling.

Class 25:

Clothing, footwear, headgear; body building clothing, fitness clothing, gym clothing, T-shirts, vests, tank tops, hoody jackets and jumpers, jumpers, articles of lifting fitness and gym clothing, body building and weightlifting clothing straps, shorts, trousers, tracksuits, tracksuit bottoms, jogging bottoms, wristbands and wrist straps, sweatbands, headbands, underwear, socks, gloves, base layer clothing, athletic tights and leggings; hats, caps, beanie hats; shoes, trainers, track shoes, boots, sandals, flip flops; none of the aforesaid goods specifically designed or adapted for use in relation to cycling.

UK00004252810 (2025/036, 05 September 2025)

Specifications have been restricted as follows:

Class 9:

Application software; Artificial intelligence and machine learning software and apparatus; Cloud computing software; Computer chatbot software for simulating conversations; Computer software; Computer software for use as an application programming interface (API); Computer software applications; Downloadable software in the nature of a mobile application; Downloadable or recorded e-books, publications, videos, guides, manuals, templates, checklists,

and training materials; Humanoid robots with artificial intelligence for use in roleplays and simulated conversations; Software; Software applications; Software for the analysis, collection, management, compilation, transcription, retrieval, systemisation, verification, recording, administration, research, monitoring, coding, decoding, encryption, storage, conversion, recovery, duplication, migration and compression of data; Teaching and instructional apparatus; Training guides and manuals in electronic format; none of the aforesaid goods for use in the field of fashion.

Class 35:

Advertising, marketing and promotional services; Advice and consultancy in relation to business communications; Advice and consultancy in relation to business matters; Analysis of business trends, data and statistics; Arranging, managing, planning, and providing business networking events, seminars and conferences; Business advisory and consultancy; Business administration, analysis, management, organisation, planning, research, strategy and development services; Business intelligence services; Business intermediary and networking services; Business management consultancy in the field of executive and leadership development; Business organisation and management consulting; Business performance management services; Business process management; Business reputation management and improvement services; Commercial information services; Commercial intermediation for business purposes; Commercial management assistance; Competitive intelligence services; Consultancy regarding business organisation and development; Consulting in sales techniques and strategies; Corporate communications services; Customer relationship management assistance; Market analysis and intelligence services; Media relations and management services; Office functions; Personnel management; Preparation of expert evaluations and reports relating to business matters; Preparation of speeches and oral presentations for others for use in business and commercial settings; Publicity and public relations services; Public relations management; Scriptwriting services, for advertising and publicity purposes; Statistical analysis and reporting services for business purposes; Statistical evaluations of sales and marketing styles; information, consultancy and advice in relation to the foregoing; none of the aforesaid services relating to the field of fashion.

Class 41:

Arranging, managing, planning, and providing educational and training events, seminars, forums, workshops, courses and conferences; Business mentoring services; Coaching; Corporate training and coaching; Creation and production of educational content for podcasts, videos and films; Education and training services; Education in the field of occupational health and safety; Electronic publication; Health and wellness training; Providing on-line non-downloadable audio and video content; Provision of training courses; Publication of information and multimedia material online; Publication of educational information; Publishing; Roleplay training; Teaching; Training in communication techniques; Training services for personnel; Transfer of business knowledge and know-how [training]; information, consultancy and advice in relation to the foregoing; none of the aforesaid services relating to the field of fashion.

Class 42:

Artificial intelligence consultancy; Artificial intelligence as a service [AIaaS]; Cloud computing services; Coding,

decoding, encrypting, storing, converting, recovering, duplicating, researching, migrating and compressing data; Design and updating of home pages and web pages; Design and development of computer hardware and software; Design and development of computer databases; Design and development of chatbot software for simulating conversations; Development, updating and maintenance of software and database systems; Electronic data storage and data back-up services; Hosting of databases; Hosting of computerised data, files, applications and information; Hosting of mobile applications; Hosting on-line facilities for conducting interactive discussions; Hosting platforms on the Internet; Hosting of digital content, namely, on-line journals and blogs; Hosting of web portals; Hosting of weblogs; Information technology services; IT consultancy, advisory and information services; IT services; Machine learning as a service [MLaaS]; Platform as a service [PaaS]; Platform as a service [PaaS] featuring software platforms for the transmission of speech, images, audio-visual content, video content and messages; Programming of software for Internet portals, chatrooms, chat lines and Internet forums; Providing information and consultation in the field of artificial intelligence; Providing online, non-downloadable software; Providing online non-downloadable chatbot software for simulating conversations; Providing temporary use of non-downloadable software applications accessible via a web site; Research in the field of artificial intelligence; Software as a service [SaaS]; Software as a service [SaaS] featuring software using artificial intelligence for machine learning; Software as a service [SaaS] services featuring software for machine learning, deep learning and deep neural networks; Technological consultancy; Technical data analysis; Website hosting services; information, consultancy and advice in relation to the foregoing; none of the aforesaid services relating to the field of fashion.

UK00004242451 (2025/033, 15 August 2025)

Specifications have been restricted as follows:

Class 7:

Robots, robotic machines, robotic mechanisms and robotic platforms; industrial robots, robotic machines, robotic mechanisms and robotic platforms; robots, robotic machines, robotic mechanisms and robotic platforms for conveying; robots, robotic machines, robotic mechanisms and robotic platforms for transportation; control mechanisms for robots, robotic machines, robotic mechanisms and robotic platforms; wheels for robots, robotic machines, robotic mechanisms and robotic platforms; chassis for robots, robotic machines, robotic mechanisms and robotic platforms.

Class 9:

Computer software for use with robotic products; application software for use with robotic products; electronic and sensor controls and apparatus; robotic controls and apparatus; computer software and application software for robots, robotic machines, robotic mechanisms, robotic platforms, robotic vehicles, robotic mechanisms for vehicles and robotic platforms for vehicles; electronic controllers, devices, drivers and amplifiers for use with robotic products; electronic controllers, devices, drivers and amplifiers for robots, robotic machines, robotic mechanisms, robotic platforms, robotic vehicles, robotic mechanisms for vehicles and robotic platforms for vehicles; electronic and sensor controls and apparatus for robots, robotic machines, robotic mechanisms, robotic platforms, robotic vehicles, robotic mechanisms for vehicle and robotic platforms

for vehicles; electronic controllers, devices, drivers and amplifiers for servo motors and drivers used within robotic products; robotic platform controllers for communication and systems and power integration.

Class 12:

Robotic vehicles, robotic mechanisms for vehicles and robotic platforms for vehicles; robotic vehicles, robotic mechanisms for vehicles and robotic platforms for vehicles for conveying; robotic vehicles, robotic mechanisms for vehicles and robotic platforms for vehicles for transportation; control mechanisms for robotic vehicles, robotic mechanisms for vehicles and robotic platforms for vehicles; wheels for robotic vehicles, robotic mechanisms for vehicles and robotic platforms for vehicles; chassis for robotic vehicles, robotic mechanisms for vehicles and robotic platforms for vehicles.

Class 42:

Engineering and design services in the fields of mechanical, electronics, software, motion control, mechatronics; custom engineering and custom design services in the fields of mechanical, electronics, software, motion control, mechatronics; engineering and design services in respect of robotics and robotic platforms; custom engineering and custom design services in respect of robotics and robotic platforms; systems integration services; information, advisory and consultancy services relating to all the aforementioned services; none being in respect of automotive brake pads, shoes, rotors and related components.

UK00004249518 (2025/034, 22 August 2025)

Specifications have been restricted as follows:

Class 16:

Cards, Books, None relating to computer software, computer hardware, or I.T. services.

UK00004246864 (2025/034, 22 August 2025)

Specifications have been restricted as follows:

UK00004250946 (2025/036, 05 September 2025)

Specifications have been restricted as follows:

Class 9:

Computer software; computer hardware; computer programmes relating to vehicles, internal combustion engines and other propulsion units and components thereof; computer programmes for vehicle testing; scientific instruments and apparatus, laboratory instruments and apparatus; measuring and testing instruments and apparatus for use in or in connection with vehicles, internal combustion engines and other propulsion units and components thereof; test dolls and test models; simulators; simulators for driving or control of vehicles; simulation apparatus and software; downloadable electronic reports; downloadable electronic certificates; apparatus for input, recording, analysis, storing, processing and output of measuring and testing data; parts and fittings for all the aforesaid goods; all of the aforementioned goods relating to vehicle engineering.

Class 16:

Printed matter; printed publications; printed charts, reports and tables relating to scientific and industrial research, evaluation and testing; printed certificates; instructional and teaching

materials (except apparatus); teaching and training manuals; instructional manuals; all of the aforementioned goods relating to vehicle engineering.

Class 35:

Data processing, systematisation and management; business assistance, management and administrative services; facilities management, namely administration; office functions; all of the aforementioned services relating to vehicle engineering.

Class 42:

Engineering, scientific, technical and technical information consultancy services; computer engineering and consultancy services; provision of technical consultancy in the field of renewable energy, transport and the environment; advisory and consultancy services relating to scientific and technological research, product development and technical problem resolution; consultancy services relating to the development of advanced driving assistance, automated systems and autonomous systems; provision of research facilities and testing facilities; professional consultancy relating to ergonomics; research, development and design services; engineering services including virtual engineering services in relation to autonomous systems; provision of virtual testing environments through cloud computing; battery engineering; testing of vehicles; technical test evaluation, trials and analytical services; technical project management; provision of vehicle testing ecosystems; rental of scientific and engineering and trials equipment and facilities; research relating to security; testing of security products; calibration [measuring]; calibration of instruments and machines; chemical analysis services for use in evaluation; materials evaluation and testing; product evaluation; testing, evaluating and assessing robots and vehicles, aviation apparatus and instruments; development of prototypes and products; electrical, engineering and mechanical research; research in the field of environmental protection and environmental impact assessment; management of scientific and engineering research projects; preparation of reports relating to scientific and technical research; technical data analysis; scientific data analysis; electronic data storage; measurement services; measurement evaluation services; laboratory services, research and analysis; laboratory testing of materials; inspection and testing of vehicles for safety, performance and roadworthiness; testing, verifying and creating safety cases for autonomous systems; provision of virtual research and testing facilities; computer and computer software research; software engineering services for data processing programmes; design and maintenance of software; design and development of computer based networks, design and development of data processing apparatus; design and development of data processing systems; computer codes, computer languages; management of and conducting of technical trials for others; development of engines and industrial machinery; development of testing methods; rental and leasing of scientific, environmental and engineering test facilities, including wind tunnels, climatic test facilities, vehicle emission test facilities and vehicle testing facilities; engineering project management services; management of scientific research projects; project management [design]; forensic advice relating to damage assessment, and vehicle accidents; advisory services relating to design and industrial engineering; computer aided design engineering services; electrical engineering services; engineering; engineering project studies; engineering services relating to robotics, vehicles, communications systems, electronic systems; engineering services in the field of energy

technology; engineering services in the field of environmental technology; 3D and 4D scanning and modelling services; testing, analysis and evaluation of goods of others for the purpose of certification; testing services for the certification of quality or standards; all of the aforementioned services relating to vehicle engineering.

UK0000422044 (2025/040, 03 October 2025)
Specifications have been restricted as follows:

Class 25:
Sportswear.

UK00004209537 (2025/033, 15 August 2025)
Specifications have been restricted as follows:

Class 36:
Real estate affairs; Consultancy, advisory and information services in the field of assessing collision damage, vehicle maintenance and breakdowns; Assistance services in the financial evaluation of vehicle damage.

UK00004252034 (2025/036, 05 September 2025)
Specifications have been restricted as follows:

Class 30:
Unfilled bread, rolls, burger buns and sandwich loaves; all being for sale at room temperature.

Specifications have been restricted as follows:

UK00004262395 (2025/038, 19 September 2025)
Specifications have been restricted as follows:

Class 5:
Pharmaceutical preparations for treating hypoglycemia; Pharmaceutical preparations for treating diabetes; Glucose for use as an additive to foods for medical purposes; Beverages adapted for medicinal purposes; Glucose dietary supplements; Dietary supplemental drinks; Food supplements in liquid form; Glucose preparations for medical purposes; Dietary supplements for human beings; Glucose for medical purposes; Dietetic substances adapted for medical use.

Class 30:
Glucose syrups for food; Glucose for food; Confectionery; Glucose powder for food; Glucose preparations for food.

Class 35:
Retail services in relation to non-alcoholic beverages; Wholesale services in relation to non-alcoholic beverages; Online ordering services; Retail services in relation to dietary supplements; Wholesale services in relation to dietary supplements; Mail order retail services related to non-alcoholic beverages.

UK00004263476 (2025/040, 03 October 2025)
Specifications have been restricted as follows:

Class 9:
Apparatus and instruments for chemical and biological analysis for scientific, laboratory or medical research use; Scientific instruments or devices for chemical or biological analysis for scientific, laboratory or medical research use; Cartridges for use in chemical or biological analysis for scientific, laboratory

or medical research use; Diagnostic apparatus for research laboratory use; none of the aforesaid being computer software.
