Mark 1

Mark 2

Application for a series of 2 marks.

Class 1:

DNA Biometric testing kit; Rapid genetic identification solution testing kit; isothermal amplification for DNA finger printing testing kit; DNA-biometric testing kit for human identification; DNA-biometric testing kit for non-human identification; reagent kits for human identification; multiomics based identity solutions testing kit; Chemical reagents and preparations for scientific and forensic use; reagents for DNA extraction, purification, and amplification; buffer solutions; enzyme formulations; chemicals for use in molecular biology, genomics, and next-generation sequencing (NGS); preservatives and stabilizers for biological samples; reagents for use in forensic DNA analysis and identity testing.

Class 5:

Reagents, including genetic testing panels used in medical research; reagents for paternity and genetic genealogy.

Class 9:

DNA based biometric identity systems; biometric reader with DNA and/or protein and/or carbohydrates and/or RNA based markers and detection systems; computer programme that translates DNA, RNA, Protein and carbohydrate-based biological and individual identity or ID solutions; DNA arrays; DNA multiplex assays for medical purposes ; protein arrays and multiplex assays for medical purposes; analysis software for multimodal biometric systems; Scientific apparatus and instruments for DNA collection, analysis, and sequencing; forensic DNA collection kits; laboratory equipment for use in genetic testing; computer software for genomic data analysis, bioinformatics, and forensic identification; software platforms for DNA-based biometric databases; downloadable software for managing sequencing workflows, identity matching, and quality control in molecular testing; DNA Analysis Platform; Protein Analysis Platform; RNA analysis Platform; Platform comprising of the end-to-end sample to answer solution, including medical devices that identifies human and non-human targets for clinical diagnostics for healthcare and non-healthcare, including wellness applications.

Class 10:

List of cases accepted for opposition purposes as shown in Journal 2025/048 published on 28 November 2025 .

Genetic probes for DNA detection; Saliva collection kits for DNA analysis; saliva collection kits for RNA analysis; saliva collection kits for protein analysis; saliva collection kits for carbohydrate analysis; saliva collection kits for multi-omics analysis; blood and all other body fluid collection kits for DNA, RNA, protein, multi-omics analysis; medical diagnostic devices identifying human and non-human genetic and/or proteomic targets; Medical and diagnostic apparatus for analysing biological samples; DNA testing kits for medical and forensic purposes; sample collection devices for human and veterinary use; instruments for in vitro diagnostics, molecular diagnostics, and genetic screening; diagnostic swabs and containers for the collection and transport of biological samples.

Class 35:
Bioinformatics data processing and pipeline development.

Class 41:
Consulting and training for genetic testing.

Class 42:
Genetic testing for research and development; genetic testing for identity; genetic testing for quantitation of biological analytes; body fluid analysis using transcripts and expressed genes; time of death analysis; paternity testing services; paternity and kinship analysis consultancy; microbiome analysis and identity; metagenomics analysis and identity solutions; Scientific research and development services in the fields of genomics, forensic science, molecular diagnostics, and biometric identification; DNA sequencing services; design and development of software for genomic and forensic analysis; validation of molecular assays and lab workflows; consultancy relating to forensic DNA testing and identity verification systems; hosting of software-as-a-service (SaaS) for genomic data interpretation and sample tracking; DNA fingerprinting for paternity; DNA fingerprinting for criminal justice; DNA fingerprinting for genetic identification of human remains; DNA fingerprinting of non-human sources; DNA extraction from human and non-human DNA; DNA quantitation from human and non-human sources; NGS based DNA analysis for identity, bodyfluid source and other related applications; Genetic identity for patient tracking; genetic identity of cells and cell lines; genetic identity of stem cells for quality and manufacturing purposes; multiomics identity and characterisation of samples from patients; multiomics analysis of medico-legal cases; consulting services to aid multi-modal biometric systems involving DNA, RNA, Protein, carbohydrate and other biochemical and microbiome containing identity; Genetic and forensic DNA testing services for use in legal, investigative, and clinical contexts; analysis of biological samples for medico-legal cases including paternity, identity, and sexual assault investigations; forensic sample analysis services; interpretation and reporting of genetic test results; Forensic investigative genetic testing; forensic investigative genetic genealogy; Forensic identity verification services; identification of human remains, missing persons.

Class 44:
DNA analysis for genetic testing for health and medical applications, DNA and RNA analysis for cancer diagnosis and screening; genetic counselling and consultancy services; genetic testing for animals; genetic testing for screening of populations and databasing (services); Genetic testing services for medical, forensic, and identity verification purposes; DNA profiling services; consulting services related to molecular diagnostics,

ancestry, and inherited conditions; medical analysis of biological samples.

Class 45:
Forensic advice for criminal investigations; human remain identification; missing persons identification; genealogical research; consultancy in forensic science related to legal and criminal investigations; expert witness services in the field of DNA evidence; advisory services relating to the legal use of biometric and DNA-based identification; support services for law enforcement and government in forensic policy and implementation; Medico-legal consulting services; expert witness services in genetic and forensic evidence; advisory services related to the legal interpretation of DNA test results; support services for legal professionals, courts, and law enforcement in DNA-based casework.

Class 17:
Insulating underlay membranes for floors; insulators; insulating materials; insulating materials for construction; insulating materials for building; glass fiber insulation materials for use in construction; fiberglass insulation materials for buildings; expanded foam insulation materials for use in building and construction; foam insulation materials for use in building and construction; insulating materials made of polyethylene foam; insulating materials made of polyurethane foam; building insulation materials; insulating refractory materials; insulating coatings; thermal insulating materials; sealing, stopping and insulating materials; insulating adhesives; insulation slabs; products for insulating buildings against moisture; foam sheeting for use as building insulation; adhesive sealant compounds; insulated joints; hydro-expansive joints; pipe joint sealants; sealant compounds for joints; sealing foam for joints; polyurethane sealants; waterproofing sealants; sealants for buildings; polyurethane foam sheeting for use as building insulation; filtering materials of semi-processed plastic foams; low-density polyurethane foam for insulation; insulating foam for use in building and construction; acoustic baffles for soundproofing purposes; sheets for sound insulation; cladding for thermal insulation; non-woven fabrics for proofing against water and moisture; industrial coatings [insulation]; insulation panels; insulating boards; insulating materials in the form of floor coverings; corner protectors of rubber; acoustic insulation panels; acoustic boards for ceilings [insulation]; insulating fibreboard panels for high temperatures; insulation fiber boards; panels made of polyvinylchloride based expanded polymer [semi-finished]; soundproofing boards for insulation; soundproofing boards made from non-metallic materials; panels made of polyvinylchloride based expanded polymer for use in manufacture; polystyrene panels for insulating purposes; insulation boards made from mineral wool; fibreglass meshes for insulation; non-metallic couplings for pipes; non-metallic connectors for pipe joints; weatherstripping for use in homes; adhesive compounds for sealing; insulating mineral wool; mineral wool for building insulation; glass wool for insulation; fiberglass for insulation; fiberglass fabrics for insulation; glass fibers for the manufacture of building

***List of cases accepted for opposition purposes as shown in Journal 2025/048 published on
28 November 2025 .***

insulation materials; semi-processed artificial resins; semi-processed synthetic resins; polymeric fibers, other than for textile use; silicone sealants; silicone rubber; polyurethane panels for thermal insulation; polyurethane substrates for thermal insulation; polymer resin fibres [other than for use in textiles]; acoustic insulating panels; acoustic insulation barrier panels; acoustic insulators; fire-resistant insulation panels; glass wool panels for acoustic insulation; glass wool panels for thermal insulation; materials to prevent heat radiation; acoustic insulating materials; joint sealants for building purposes; sealing compounds; fabrics made of mixed synthetic and natural fibres for use as insulation; chemical compositions for sealing leaks; insulating fabrics; carbon fibres, other than for textile use; plastic fibres, other than for textile use; semi-worked polymer resins in the form of fibres; unbonding and waterproofing membranes for use under flooring; waterproofing products for water-holding and below-grade structures, namely, waterproofing membranes for waterproofing procedures of underground structures, elastic cement coatings for waterproofing of structures subject to positive or negative hydrostatic pressure, waterproofing membranes for hydraulic structures including tanks, canals and basins, foundation walls, cellars and below-grade rooms, basement manholes, elevator shafts and below-grade structures in general; polyethylene insulating materials in rolls; insulating tapes; fabric adhesive tapes; adhesive tapes other than stationery and not for medical or household purposes; self-adhesive tapes, other than stationery and not for medical or household purposes; self-adhesive sealing tapes for joints, for construction use; bentonite sheets for acoustic insulation; waterproofing sheathing for construction; waterproofing membranes for use under flooring; insulating materials for roofs; insulating materials for floor coverings; products for covering flat roofs, namely, insulating waterproofing white elastic membranes for passive cooling, ready-to-use elastic waterproofing membranes, not of bitumen or asphalt, ready-to-use insulating wear-resistant coloured walkable coatings, insulating waterproofing macroperforated polypropylene non-woven fabrics; unprocessed and semi-processed rubber, gum, mica and substitutes for all these materials; plastics and resins in extruded form for use in manufacture; packing, stopping and insulating materials; flexible pipes, tubes and hoses, not of metal.

FASSA S.R.L.

Representative: Dr. Modiano & Associati SpA
Via Meravigli, 16 I-20123 Milano ITALY

WO0000001885801(9)
Office of Origin: EM

Date of International Registration: 30 September 2025
Date of Designation in the UK: 30 September 2025

The mark contains the colour green (Pantone #008484).

Class 9:

SCR power regulators; thyristor power regulators; AC power converters; AC switches; solid-state relays; temperature regulators; communication ports; fieldbus communication terminal units; operator interfaces (HMI); configuration software; general electronic and electrical components; regulating apparatus, electric; converters, electric; switches, electric; limiters [electricity]; relays, electric; remote checkers; electric light regulators; lighting ballasts; control units for electrical power and controllers thereof; heat regulating apparatus; electrical plants for the remote control of industry; electric apparatus for commutation; distribution consoles [electricity]; electricity control panels; inverters [electricity]; industrial automation controls and controls for power station automation.

CD Automation s.r.l.

Representative: FERRAILOLO S.R.L.
Via Napo Torriani, 10 I-20124 Milano (Lombardia) ITALY

WO0000001886615(9, 12, 25, 28)
Office of Origin: IT

Date of International Registration: 12 March 2025
Date of Designation in the UK: 12 March 2025

The trademark consists of an imprint depicting the wording FERRARI 296 GT3 in fancy characters and arranged on two lines, the component 296 being of larger dimensions and profiled both internally and externally, the central horizontal stroke of the numerals 9 and 6 being interrupted at the vertical stroke of each numeral, said number being followed on the right by the component GT3, both elements 296 and GT3 having a slight inclination to the right, the verbal expression FERRARI being placed above the number 2 and having the letter F with the upper stroke extending to surmount the remaining letters

***List of cases accepted for opposition purposes as shown in Journal 2025/048 published on
28 November 2025 .***

except for the final I, the latter being surmounted by a small rectangular figure and flanked at the base by a segment that extends horizontally to the right to surmount the underlying components 96 and GT3.

International priority date claimed: 24 October 2024 (IT)

energy control devices; apparatus for managing energy devices; devices for measuring energy; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; building automations apparatus; automatic access control apparatus and systems; electronic digital automation systems; computer software and programs; automated control panels; automatic access security systems; automatic programming and control apparatus; computer control devices; electronic digital building automation systems; digital controls and electric control apparatus for robots; digital controllers; electric apparatus for controlling the operations of machines and machine tools; electric devices for programming machine cycles; electronic control screens; electric apparatus for monitoring; electronic apparatus for measuring environmental conditions; electric power controllers and distributors; electric remote control devices; electronic control systems and installations; network controlling apparatus; power controllers and distributors (electric); remote control devices (electric, other than remote control devices for toys); apparatus for connecting electronics; apparatus for controlling computer programmes; batteries; apparatus for controlling lighting; control consoles for lighting; computer controllers for operating lighting apparatus; apparatus for controlling the operation of machines (electronic, remote, computer); apparatus for controlling the supply of electrical current; apparatus and instruments for controlling, regulating and switching electricity; electricity control panels; apparatus for electricity distribution and supply; solar cells and solar panels for electricity generation; sensor controllers; automatic control apparatus and systems; thermostats; control apparatus (thermostats and time clocks); control panels for electronic supervision; control devices, namely, thermostats and timing devices for heating installations and ovens; controllers for interface modules; electric control installations; temperature controllers and monitors for household use; communications controllers; electronic apparatus for controlling access; telecommunications apparatus; voice processors and recognisers; apparatus for carrying sound and images; apparatus for linking computers; computers; computer programs (downloadable software); computer software; computer software programs; application software; downloadable software applications (apps); computer controllers; computer interface devices; computer interfaces; computer hardware; computer network installations; computer programs for use in telecommunications; electricity inverters; data communications installation and apparatus; interactive display apparatus and instruments (electric); interactive video apparatus; interactive graphics screens; all associated parts, accessories and fittings in this class.

Class 11:

Apparatus for heating and cooling purposes; apparatus for heating and cooling purposes, namely, air conditioning and heaters; electrical installations for heating purposes, namely, residential heating units, air conditioning units and ventilating units; solar heating apparatus and installations; energy-related apparatus, devices and systems being solar heating apparatus; solar collectors, solar thermal receivers and solar heating panels; solar cooling apparatus.

Class 35:

Advertising services; business management and consultancy services; business project management services; promotion services; all being in relation to the provision, supply and

distribution of energy, electricity, water and gas; business management services, including business management assistance; business management consultancy services in relation to energy usage, energy cost reduction, energy management and energy information management; retail and wholesale services; retail and wholesale services for solar batteries, electronic control units, electricity inverters, solar panels for electricity generation, and water heaters; online advertising services for others, namely providing advertising space on internet websites; advertising for others via a global communications network; promoting the goods and services of others; advisory, information and consultancy services relating to the administrative and business management of electric vehicles, electric vehicle fleets, vehicle fleet platforms, vehicle sharing, electric vehicle charging stations data; electric vehicle fleet business management services including fleet performance monitoring, analysis and reporting, business consultancy services related to electric vehicle fleet composition, utilisation and practices; business services provided in connection with electric vehicle leasing namely consultancy services provided to consumers regarding the selection of commercial products and services to be purchased, in particular vehicle selection, comparison of lease and insurance options, recommendation of vehicle maintenance service providers and providing commercial information about power supply management options; arranging for the provision of goods and services from external suppliers, consultants and contractors.

Class 37:

Construction, installation, maintenance and repair of domestic or commercial electricity, gas or water supply components; home maintenance and repair services; installation, maintenance and repair services in relation to the provision, supply and distribution of electricity, gas or water; installation, maintenance and repair services in relation to plant, apparatus and equipment used in the production, generation, distribution, transportation and supply of energy, electricity, water and gas; installation of emissions reduction apparatus such as energy efficient apparatus (including light bulbs, power boards and appliances), water efficient apparatus and renewable energy apparatus (including photovoltaic panels and systems and solar hot water systems), including such services subject to, related to or giving rise to environmental, carbon and emission products (including credits, permits, rights, certificates, allowances and derivatives of or relating to those products); electrical contracting services, being installation, maintenance and repair; rental in relation to apparatus for drying and ventilating; construction, maintenance and repair; installation, maintenance and repair services in relation to plant, apparatus and equipment used in the production, generation, distribution, transportation and supply of energy (including electricity), including solar panels for electricity generation, electricity inverters and regulators, switches, monitors, controllers, filters, transformers, circuit breakers and capacitor banks for monitoring, managing, controlling, converting, conditioning and testing energy operations, energy usage and energy quality; plumbing; maintenance of plumbing; electric appliance installation and repair; electrical installation services; electrical wiring services; home repair and maintenance services; residential, commercial and industrial installation and repair of electrical and computer wiring and cabling; cleaning of building interiors and exteriors; installation and repair of air conditioning apparatus; installation of heating and ventilation apparatus; installation of apparatus for sanitation and ventilating;

List of cases accepted for opposition purposes as shown in Journal 2025/048 published on 28 November 2025 .

installation of alarms; installation of computer hardware and audio electrical apparatus; installation of computers; installation of doors; installation of communications network instruments and apparatus; installation of computerised information systems; installation of lighting systems; installation of kitchen appliances and equipment; installation of security systems; maintenance and repair of electrical apparatus and electronic installations; maintenance and repair of heating; maintenance and repair of washing machines; maintenance of electronic monitoring devices; maintenance and repair of home automation systems; maintenance and repair services for electric vehicles; installation, maintenance and repair services for electric vehicle battery systems; charging of electric vehicles; arranging maintenance and repair services for electric vehicles; arranging installation, maintenance and repair services for electric battery systems; battery charging services including vehicle battery charging; replacement and repairs of electric batteries.

Class 38:

Telecommunication and communication services including mobile telephone, other telephone, radio, wireless and broadband communication services; mobile voice, mobile data and telecommunication services through telecommunication devices including mobile handsets; fibre optic telecommunications services; telecommunication of information (including web pages), computer programs and any other data; local, long distance and international voice, text, facsimile, video and data telecommunication services; telecommunications services for the collection, transmission, processing and storage of messages and data; broadcasting services; netcasting (broadcasting over a global computer network); webcasting services; broadband Internet services; Internet service provider services; audio-visual communication services and transmission services; communications by closed circuit audio or video systems; audio communication services; communication by electronic means; communication by computer; communication network consultancy; communication of information by computer; communication services for the electronic transmission of data, images and voices; communication services for the transmission of information by electronic means; communication services for audio and video conferencing purposes; data broadcasting services; data transmission; data communication services; data communication by electronic means; electronic communication services; delivery of music, video, data and information by means of wired or wireless broadband or electronic transmission; electronic transmission (uploading, posting or displaying) of data, information, pictures, images, audio and/or video via online forums; electronic transmission of data, documents, images, information, messages, videos, texts, voices and written communications; provision of telecommunication access and links to computer databases and the Internet; electronic mail services; voice mail and messaging services; rental of communication goods, equipment, apparatus and systems; streaming of data; transmission of data; video communication services; web portal services (providing user access to a global computer network); providing access to and leasing access time to computer databases and the Internet; telecommunications security (providing secure connections and access including to computers and the global computer network); provision of the aforementioned services through telecommunication devices including mobile handsets; providing information, consultation

and advisory services for all of the aforementioned, including online.

Class 39:

Distribution and transportation of energy, electricity, water and gas; supply of energy, electricity, water and gas; consultancy services in relation to the distribution and transportation of energy, electricity, water and gas; provision (distribution) of energy, gas, water and electricity; rentals in relation to apparatus for refrigerating and water supply; supply (distribution) of power for electric vehicles; arranging leases for electric vehicles; vehicle rental, including rental of electric vehicles; vehicle leasing, including leasing of electric vehicles.

Class 40:

Production, and generation of energy, electricity and gas; production and generation of energy, electricity and gas with the aforementioned by-products being subject to environmental, carbon and emission credits, permits, rights, certificates, allowances; rentals in relation to apparatus for heating; including all the foregoing services provided over a global computer network.

Class 42:

Software as a service (SaaS); online provision of web-based applications and software (non-downloadable); software as a service (SaaS) services for buying, selling, and trading energy, electricity, water and gas; software as a service (SaaS) for monitoring energy efficiency, energy conservation, and the supply and usage of energy, electricity, water and gas; providing web-based online, non-downloadable software for buying, selling, and trading energy, electricity, water and gas; providing web-based online, non-downloadable software for monitoring energy efficiency, energy conservation, and the supply and usage of energy, electricity, water and gas; software as a service (SaaS) services for monitoring and controlling energy devices, solar power systems, electric batteries, electric hot water systems, heat pumps; providing web-based online, non-downloadable software for monitoring and controlling energy devices, solar power systems, electric batteries, electric hot water systems, heat pumps; software as a service (SaaS) services for managing and controlling energy usage and consumption, managing and controlling energy and utility systems and energy and utility devices, managing and measuring energy output and efficiency of energy and utility systems and energy and utility devices; providing online and web-based online non-downloadable software for managing and controlling energy usage and consumption, managing and controlling energy and utility systems and energy and utility devices, managing and measuring energy output and efficiency of energy and utility systems and energy and utility devices; research services relating production, generation, distribution, transportation, supply and usage of energy, electricity, water and gas; research services relating to energy efficiency and conservation; design and project management services to develop and achieve energy saving opportunities; providing and hosting applications and software for use in energy usage tracking, monitoring, controlling and management; application service provider, namely providing and hosting applications and software for use in energy usage tracking, monitoring, controlling and management; energy auditing and energy efficiency auditing; research, consulting and advisory services in relation to energy usage, energy efficiency and energy saving; including all the foregoing services provided over

List of cases accepted for opposition purposes as shown in Journal 2025/048 published on 28 November 2025 .

a global computer network; online provision of web-based computer software (non-downloadable); online provision of web-based applications (non-downloadable); computer programming services; provision of online non-downloadable software; providing temporary use of non-downloadable software for home automation purposes; hosting of software as a service (SaaS); design and development of computer software relating to energy efficiency, energy conservation, and the production, generation, distribution, transportation, supply and usage of energy, electricity, water and gas; computer research services relating to energy efficiency, energy conservation, and the production, generation, distribution, transportation, supply and usage of energy, electricity, water and gas; computer security consultancy; computer system design and analysis relating to energy efficiency, energy conservation, and the production, generation, distribution, transportation, supply and usage of energy, electricity, water and gas; computer technology consultancy relating to energy efficiency, energy conservation, and the production, generation, distribution, transportation, supply and usage of energy, electricity, water and gas; information technology (IT) consultancy; installation and maintenance of computer firmware and software; maintenance of computer programs and software; monitoring of computer systems by remote access; research and development of products relating to energy efficiency, energy conservation, and the production, generation, distribution, transportation, supply and usage of energy, electricity, water and gas; research relating to technology in the field of energy efficiency, energy conservation, and the production, generation, distribution, transportation, supply and usage of energy, electricity, water and gas; provision of information, technical assistance and advice in relation to the design and development of software; providing and hosting applications and software for use in buying, selling, and trading energy, electricity water and gas; computer services, namely, hosting online web facilities for others to buy, sell and trade energy, electricity, water and gas; providing information about energy usage, energy efficiency or energy saving; providing information about how to achieve reductions in energy usage; design, installation, maintenance and repair of computer programs, and software for the management and operation of electric vehicles, electric vehicle fleets and electric vehicle charging stations.

GATEKEEPER SYSTEMS

Class 9:

Downloadable software for use in cart and trolley containment, inventory location tracking, inventory loss prevention solutions, and shoplifting prevention, and for monitoring of the foregoing and for creating downloadable reports related to the foregoing; downloadable software enabling remote monitoring and remote management of motorized and non-motorized vehicles, carts, shopping carts, mobility carts, trolleys and luggage trolleys, computer hardware, product inventory, and technology security solutions for monitoring premises, location, and inventory; downloadable software for inventory loss prevention and inventory management to help retail operators improve operating margins; downloadable software used to collect and distribute actionable business intelligence to enhance profitability; downloadable software for inventory management; downloadable reports about shopping cart containment, inventory location tracking, shoplifting vulnerabilities, and loss prevention; downloadable software for providing access to equipment location and status, system performance, user statistics, and reference materials, and preparing reports regarding the foregoing; computer hardware used for monitoring and mitigating retail store crime and

shoplifting; computer hardware used in the field of asset loss prevention; computer hardware and downloadable software utilizing ai technology to detect the presence or absence of items in a shopping cart, to detect and prevent theft and shoplifting, to count the number and location of carts in a store, to analyze traffic and location of carts, and to enable monitoring and surveillance at a pay point; computer hardware and downloadable software for monitoring human behavior for theft prevention; remote monitoring apparatus, namely, remote monitoring system consisting primarily of a monitor for recording and transmitting footage to a remote location for the purpose of retail store loss prevention; radio transmitters; radio transmitters for use with motorized and non-motorized vehicles, carts, shopping carts, mobility carts, trolleys, luggage trolleys, and computer hardware at retail store locations for locking, unlocking, and otherwise monitoring and controlling such items; radio transmitters for use with software systems for controlling theft alarms, sound alarms or security alarms on motorized and nonmotorized land vehicles, carts, shopping carts, trolleys and luggage trolleys, and computer hardware at retail store locations; electronic security system comprising electronic components of security systems in the nature of computer hardware, embedded software, transmitters, receivers, and circuitry, for monitoring, tracking, managing, and preventing theft of products, inventory, motorized and non-motorized vehicles, carts, shopping carts, mobility carts, trolleys, luggage trolleys, and computer hardware; alarm monitoring systems for use with motorized and non-motorized vehicles, carts, shopping carts, trolleys, luggage trolleys, and computer hardware; anti-theft alarms and sensors for mobile assets, except for vehicles; theft alarms, except for vehicles; anti-theft sensors, except for vehicles; computer hardware and computer hardware with embedded software for monitoring, detecting, and tracking the location of mobile assets; security alarm controllers for use with mobile assets; wireless controllers and electronic monitors for monitoring mobile assets; computer hardware and computer hardware with embedded software for estimating the location of mobile assets; electrical and scientific apparatus and devices used for dead reckoning modules for calculating the position of mobile assets, namely, electronic mobile sensors, dead-reckoning positioning accelerometers and magnetometers, and digital signal processors; computer hardware and computer hardware with embedded software for commercial use for monitoring, tracking, managing, and preventing theft of mobile assets; geofencing apparatus in the nature of electronic fences; computer operating hardware with embedded software for operating electronic fences; dead reckoning modules for calculating the position of mobile assets; dead-reckoning positioning systems consisting primarily of electronic mobile sensors and digital signal processors for calculating the position of mobile assets; electronic device for tracking and locating mobile assets; rfid tags; rfid readers; remote controls for operating carts, shopping carts, shopping cart wheels, personal mobility carts, trolleys, luggage trolleys, motors, brakes, vehicles, computers and computer hardware; sensors for the determination of positions and distances; wireless controllers to remotely monitor and control the function and status of other electrical, electronic, and mechanical devices or systems, namely, motorized and non-motorized vehicle tracking devices, shopping cart systems, and inventory theft prevention systems; computer hardware and computer hardware with embedded computer software for retail inventory management, sold as a unit; video cameras; electronic video surveillance products,

List of cases accepted for opposition purposes as shown in Journal 2025/048 published on 28 November 2025 .

namely, electronic components of security systems; security systems and apparatus, namely, electronic video surveillance installations; downloadable software for providing access to security video footage; downloadable software for providing access to security video footage for playback and analysis of footage by customers and distributors; downloadable software for enabling access to live and recorded security video footage; downloadable software for compiling and storing video footage from security systems, for allowing video playback and analysis of stored video footage, and for compiling, analyzing and storing data collected from security events; downloadable reports about security data and loss prevention.

Class 12:

Electronic wheels for non-motorized vehicles, carts, shopping carts, trolleys, and luggage trolleys; electronic brakes for non-motorized vehicles, carts, shopping carts, trolleys, and luggage trolleys; motorized transportation vehicle for retrieving carts, shopping carts, trolleys, and luggage trolleys; wheels for carts; land vehicle parts, namely, wheels; wheel parts, namely, treads for cart tires; anti-theft system, in the nature of anti-theft devices for vehicles, non-motorized carts, shopping carts, mobile storage carts, trolleys, and luggage trolleys; brakes for land vehicles, motorized and non-motorized vehicles, carts, shopping carts, trolleys, luggage trolleys, and cart wheels; anti-theft locks specially adapted for non-motorized vehicles, carts, shopping carts, trolleys, luggage trolleys, and cart wheels; motorized land vehicles for retrieving, monitoring, organizing, or stacking carts, shopping carts, trolleys, and luggage carts; anti-theft systems comprising locking devices for non-motorized vehicles, carts, shopping carts, trolleys, luggage trolleys, wheels, and other wheeled vehicles; wireless anti-theft systems in the nature of antitheft alarms for carts, shopping carts, mobile storage carts, and luggage carts; wheels incorporating rfid blocking technology.

Class 35:

Business consultation in the field of loss prevention; business consulting services relating to product distribution, operations management services, logistics, inventory management, reverse logistics, supply chain, production systems and distribution solutions; reporting and tracking of retail goods for business purposes via an online computer database; monitoring carts, shopping carts, mobile storage carts, luggage carts for business purposes; compilation of statistics for commercial purposes; providing business information and business intelligence regarding the monitoring, controlling, tracking, and managing of security systems and apparatus used in the field of asset loss prevention for business purposes via an online computer database; business advisory services, consultancy and information; providing business information via the internet; business information in the field of loss prevention; compiling and analyzing statistics, data and other sources of information for business purposes; business records management; inventory monitoring of carts, shopping carts, mobile storage carts, luggage carts, and cart retrievers and inventory management; inventory monitoring of retail store merchandise; online services, namely, inventory monitoring of carts, shopping carts, mobile storage carts, luggage carts, and cart retrievers; providing information via an online portal for customers and distributors regarding equipment status, system performance, usage statistics, and reference material; monitoring services for business purposes to ascertain the geographic locations of movable objects, namely, motorized and non-motorized land

vehicles, carts, shopping carts, trolleys, luggage trolleys, and cart retrievers; business consulting services, namely, consulting regarding inventory monitoring and management strategies, and theft prevention strategies; business risk management consultation; business consultancy and information services.

Class 45:

Monitoring of security alarm systems; providing security surveillance of premises of others; security threat analysis for protecting personal and business property; providing security surveillance of premises for businesses; surveillance services; physical and tangible property security consultancy for businesses, retail stores and supermarkets; consultation in the field of merchandise and inventory theft and loss prevention; providing information on physical and tangible property security for business premises, and merchandise and inventory theft and loss prevention via a website; forensic analysis of surveillance video to protect against theft of business property and inventory; advisory and consultancy services in the field of merchandise and inventory theft and loss prevention.

Class 1:

Chemical preparations and materials for film, photography and printing.

Class 6:

Building and construction materials and elements of metal; metal hardware; doors, gates, windows and window coverings of metal; structures and transportable buildings of metal; containers of metal for storage, transport and packaging.

Class 7:

Agricultural, earthmoving, construction, oil and gas extraction and mining equipment; pumps [machines], compressors [machines] and axial flow blowers; moving and handling equipment; machines and machine tools for treatment of materials and for manufacturing; dispensing machines; sweeping, cleaning, washing and laundering machines.

Class 8:

Hand-operated hygienic and beauty implements for humans and animals; cutlery, kitchen knives, and cutting implements for kitchen use; hand-operated tools and implements for treatment of materials, and for construction, repair and maintenance; lifting tools; edged and blunt weapons.

Class 9:

Apparatus, instruments and cables for electricity; information technology and audio-visual, multimedia and photographic devices; safety, security, protection and signalling devices; measuring, detecting, monitoring and controlling devices.

Class 10:

Medical and veterinary apparatus and instruments; physical therapy equipment.

Class 11:

Heating, ventilating, and air conditioning and purification equipment (ambient); cooking, heating, cooling and preservation equipment, for food and beverages; fireplaces; lighting apparatus and installations; lighting and lighting reflectors; personal heating and drying implements; refrigerating and freezing equipment; sanitary installations, water supply and sanitation equipment.

Class 12:

Land vehicles and conveyances.

Class 14:

Time instruments; jewellery boxes and watch boxes.

Class 16:

Printed matter, and stationery and educational supplies.

Class 17:

List of cases accepted for opposition purposes as shown in Journal 2025/048 published on 28 November 2025 .

Anti-dazzle films for windows; plastic film, not for wrapping; flexible pipes, tubes, hoses and fittings therefor (including valves), and fittings for rigid pipes, all non-metallic.

Class 18:

Luggage, bags, wallets and carrying bags; walking sticks; umbrellas and parasols.

Class 19:

Building and construction materials and elements, not of metal; doors, gates, windows and window coverings, not of metal; structures and transportable buildings, not of metal.

Class 20:

Furniture; mirrors (silvered glass); animal housing and beds; ladders and movable steps, non-metallic; displays, stands and signage, non-metallic.

Class 21:

Household utensils for cleaning, brushes and brush-making materials; tableware, cookware and containers; flower pots; raised garden planters; articles for the care of clothing and footwear, namely brushes, polishing cloth, shoe and clothing stretchers, shoe horns; containers for household or kitchen use; toilet paper holders; cosmetic utensils, eyelash brushes, brushes and sponges for personal hygiene.

Class 22:

Sails; nets; slings, not of metal, for handling loads; wrapping or binding bands, not of metal; tarpaulins, awnings, tents, and vehicle covers, not fitted.

Class 24:

Textile goods, and substitutes for textile goods.

Class 25:

Clothing.

Class 26:

Artificial fruit, flowers and vegetables.

Class 27:

Floor coverings and artificial ground coverings.

Class 28:

Sporting and physical exercise equipment; toys, games and playthings, sports and physical exercise equipment; party balloons, party poppers, party novelties, Christmas tree ornaments and artificial Christmas trees; toys, games, and playthings.

Class 34:

Articles for use with tobacco.

Class 35:

Online retail and wholesale services in relation to chemicals and materials for films, photography and printing; Online retail and wholesale services in relation to construction materials and components of metal, articles of metal hardware, doors, gratings, windows and window coverings, all the aforesaid being of metal, transportable buildings and structures of metal, containers, and transportation and packaging articles, of metal; Online retail and wholesale services in relation to mechanical equipment for use in agriculture, earthworks, construction

work, oil and gas extraction, and mining extraction, pumps, compressors and fans, moving and handling equipment, machines and machine tools for the treatment of materials and manufacturing, dispensing machines, sweeping, cleaning and washing machines; Online retail and wholesale services in relation to hand-operated hygienic and beauty implements for humans and animals, flatware, kitchen knives and cutting tools for kitchen use, hand-operated devices and tools for treatment of materials, and building construction, repair and maintenance work, lifting tools, sharp and blunt side arms, other than firearms; Online retail and wholesale services in relation to apparatus, instruments and cables for electricity, information technology, audiovisual, multimedia and photographic apparatus, security, safety, protective and signalling apparatus and equipment, measuring, detecting, monitoring and testing apparatus; Online retail and wholesale services in relation to medical and veterinary apparatus and instruments, physical therapy equipment; Online retail and wholesale services in relation to apparatus and installations for heating, ventilating, air conditioning and air purification, cooking, heating, cooling and preservation equipment, for food and beverages, fireplaces, apparatus and installations for lighting, lighting and light reflectors, heating and drying implements, refrigerating and freezing equipment, sanitary installations and devices, water supply installations; Online retail and wholesale services in relation to land vehicles and conveyances; Online retail and wholesale services in relation to chronometric instruments, jewellery boxes and watch boxes; Online retail and wholesale services in relation to printed matter, stationery and educational supplies; Online retail and wholesale services in relation to anti-glare films for windows, plastic films other than wrapping, flexible pipes, tubes, hoses and fittings therefor (including valves), and fittings for rigid pipes, all non-metallic; Online retail and wholesale services in relation to luggage, handbags, pocket wallets and other object carriers, walking sticks, umbrellas and parasols; Online retail and wholesale services in relation to building materials and construction elements, non-metal tubes, doors, windows and window covers, not of metal, buildings and transportable buildings, non-metal tubes; Online retail and wholesale services in relation to furniture, mirrors, animal housing and beds, ladders and movable steps not of metal, displays, stands and signage, non-metallic; retail trade services and wholesale services via the internet in relation to the following fields: household utensils for cleaning, brushes and brush-making materials, tableware, cooking pot sets and containers, flower pots, raised plant containers, articles for treating items of clothing and footwear, small hand-operated kitchen apparatus for mincing, grinding, pressing or crushing, household or kitchen containers, toilet paper holders, cosmetic, sanitary and beauty care utensils; Online retail and wholesale services in relation to sails, nets, ropes, string, slings and tapes; tarpaulins, awnings, tents and unfitted coverings and liners; Online retail and wholesale services in relation to textile goods and substitutes for textile goods; Online retail and wholesale services in relation to clothing; Online retail and wholesale services in relation to artificial fruit, flowers and vegetables; Online retail and wholesale services in relation to floor coverings and artificial ground coverings; Online retail and wholesale services in relation to sporting and physical exercise equipment, festive decorations, party novelties and artificial Christmas trees, toys, games and playthings; Online retail and wholesale services in relation to smokers' articles.

Date of International Registration: 08 September 2025
Date of Designation in the UK: 08 September 2025

International priority date claimed: 20 August 2025 (EM)
(019234864)

Class 4:

Electrical energy; electrical energy from renewable sources; electrical energy from wind power; electrical energy from solar power; electricity generated from tidal power; electricity generated from hydrogen; electricity generated from geothermal energy.

Class 7:

Wind-powered electricity generators; solar-powered generators of electricity; current generators.

Class 9:

Photovoltaic apparatus and instruments for generating electricity; solar panels; apparatus and instruments for accumulating and storing electricity; apparatus and instruments for controlling electricity; apparatus and instruments for the generation of electricity; electric cables and wires; computer software for use with information systems providing information relating to electricity generation, transmission, distribution and accumulation; accumulators, electric.

Class 35:

Business consultancy and advisory services; consultancy services regarding business strategies; risk management consultancy [business]; business consultancy in the field of electricity transmission and distribution; business assistance, management and administrative services; administrative management of electricity transmission and distribution; negotiation and concluding of commercial transactions, for others, relating to electricity supply; business consultancy in the field of managing electricity transmission businesses and electricity distribution businesses; business management of high-voltage networks; business management of electricity networks; business management of interconnectors; business management of offshore transformer platforms and energy hubs; providing of business data in connection with electricity transmission, distribution, use, import and export.

Class 37:

Construction of wind power plants; construction of solar energy facilities; construction of offshore transformer platforms; installation of offshore transformer platforms; maintenance and repair of wind energy and solar energy installations; construction, repair and installation in connection with national

List of cases accepted for opposition purposes as shown in Journal 2025/048 published on 28 November 2025 .

and international high-voltage networks; construction, repair and installation in connection with electricity transmission and distribution networks.

Class 38:

Telecommunications, in particular in connection with electricity transmission and distribution.

Class 39:

Electricity transmission, distribution and accumulation; transport, distribution and accumulation of electricity generated from wind power, solar energy and from renewable sources; providing of transport data, accumulating and switching of electric energy; transmission and distribution of electricity via interconnectors; electricity accumulation, involving the conversion of electricity into gas.

Class 40:

Generation of electricity from wind power; generation of electricity from solar energy; electric power generation; generation of electricity using tidal power.

Class 42:

Technical design in relation to electricity installations; software design and development; technical services in connection with monitoring electricity generation, import, export and consumption.

Office of Origin: AU

Date of International Registration: 04 April 2025

Date of Designation in the UK: 04 April 2025

Class 3:

Powders, creams, lotions, aerosols, fluids, shampoos, sprays and conditioners all being non-medicated pet grooming preparations grooming aids for pets, and other goods in this class adapted for use in connection with pet animals.

Class 5:

Veterinary preparations, sanitary preparations for veterinary purposes, medicated lotions, air fresheners, medicated shampoos and grooming aid preparations, insecticides, insecticidal sprays and powders, medicated deodorants for animals, insecticidal collars and tags for animals, insect repellents and animal repellents; disinfectants, medicated breath fresheners, vitamin preparations, dietetic preparations for medical purposes, nutritional food additives for medical purposes, and dietary supplements; pharmaceutical preparations for animal training purposes, including house-training aid preparations, animal gnawing prevention preparations; fungicides and pesticides; food supplements for animals (minerals); food supplements for animals (trace elements); food supplements for animals (vitamins); medicated supplements for foodstuffs for animals; medicinal food supplements for animals; medicines for animals; nutritional feed supplements for animals; pharmaceutical preparations for animals.

Class 6:

Chains for pets; accessories for pets including collars, chains, bells, buckles (not for clothing), leads, hooks, choker chains, identity tags, all the foregoing being goods made of metal; doors of metal and door flaps of metal for use with pet animals; badges made of metal, containers including bins and baskets made of metal, door knockers made of metal, keyrings made of metal, money boxes made of metal; bells for animals.

Class 9:

Application software; application software for comparing pet insurance providers; application software for online pet stores; application software managing and accessing data in relation to pets; communication software; communications processing computer software; computer software; computer software (programs); computer software (recorded); computer software applications (downloadable); computer software for business purposes; virtual assistant software; electronic publications (downloadable); electronic publications including those sold and distributed online; downloadable mobile software application for searching pets available for adoption and lost and found pets; microchips for the monitoring and identification of pets; downloadable computer software for use in animal shelter management, database management, document management, receiving, processing, transmitting, displaying and storing data, preparing invoices and receipts, payment processing, mapping of routes of animal control officers and for responding to animal control and rescue requests, for tracking people, objects and pets using gps data, monitoring activities of animal control officers and rescuers, purchasing and renewing animal licenses, making donations to animal shelters and animal welfare organizations, tracking and recording veterinary visits and medical information, tracking animal adoptions and completing animal adoption documents, sending automatic e-mail messages, integrating photos into databases and allowing non-registered users to upload pet health; computer software for sending and receiving electronic correspondence, images, audio, video, and other rich content primarily relating to pets and animals for social media via computer and communication networks; computer software

***List of cases accepted for opposition purposes as shown in Journal 2025/048 published on
28 November 2025 .***

that allows consumers to search, access, and otherwise utilize online databases for the purposes of storing and retrieving correspondence, images, audio, video, and other rich content in the field of pets, animals, and products and services relating thereto; computer software that allows consumers to access information about goods and services for pets and animals.

Class 18:

Articles of clothing for animals; leashes (leads) for animals; collars for animals; collars for cats and dogs; coats for animals; coats for cats and dogs; clothing for pets; blankets for animals; leads for animals, muzzles, harnesses, leather chews and bits; non-electronic training aids for animals (collars, harnesses, leashes, muzzles).

Class 20:

Beds for animals; carrier baskets for animals (other than bags); carrier baskets for transporting domestic pets (other than bags); pet carrier baskets; pet cushions; pet furniture; beds for domestic pets; beds for household pets; cushions for lining pet crates; hutches for pets; kennels for household pets; racks, namely, furniture for pet requisites.

Class 21:

Food bowls for pets; containers for pet food; food containers for birds; food containers for pets; food containers of metal for pets; food containers for domestic animals; food containers for pet animals; pet feeding bowls.

Class 25:

Clothing; articles of clothing; footwear; headgear.

Class 28:

Toys for pets; imitation bones being playthings for dogs; toys and playthings for cats.

Class 31:

Pet food; dog biscuits; dog food; bones for dogs; bird food; canned foods for animals; cereals products for consumption by animals; distillery waste for animal consumption; edible chews for animals; food for animals; animal foodstuffs.

Class 35:

Wholesale, and retail services relating to the sale of pet and animal supplies including accessories, care and grooming accessories and equipment, apparatus for cleaning of droppings, training pads, litters, odour and stain control products, water treatments, training equipment, bedding, breeding boxes, houses, kennels, transport containers, cages, aquariums, tanks, poultry feeders and waterers, food products, food containers and storage units, watering bottles, animal health products, food and dietary supplements, sports drinks, exercise and stress recovery products, veterinary products; sale of pets and animals; membership programs and customer loyalty programs for commercial, promotional and advertising purposes; provision of business consultancy and information services relating to the sale of pets and animals; provision of advice relating to the sale of pets and animals, business administration and assistance services relating to the sale of pets and animals; administration of the business affairs of franchises, business administration, management, establishment, planning, operation and marketing services for businesses, retail outlets and franchises; the bringing together for the benefit of others a variety of goods, enabling customers to conveniently view

and purchase goods in a retail store or on pages of a website specialising in pet and animal products and accessories; advertising, marketing, promotion and publicity services provided in connection with any of the foregoing services; subscription-based order fulfilment services for retail and wholesale services in the field of pet food, edible pet treats and oral care products for pets, namely receiving and processing orders of such goods to end customers, and providing customer information relating to the orders; online retail services.

Class 36:

Pet and animal insurance; pet and animal health insurance; provision of insurance information; advisory services relating to insurance; arranging of insurance.

Class 41:

Pet and animal training; animal obedience training.

Class 42:

Creating and maintaining weblogs (blogs) for others; hosting of weblogs (blogs); cloud computing; providing virtual computer systems through cloud computing; hosting of software as a service (saas); software as a service (saas); creating and designing website based indexes of information for others using information technology; information technology (it) services (computer hardware, software and peripherals design and technical consultancy); computer software consultancy; computer support services (programming and software installation, repair and maintenance services); development of computer software application solutions; online provision of web-based software (non-downloadable); provision of online non-downloadable software (application service provider); development of computer platforms; platform as a service (paas); internet portal services (designing or hosting); web portal services (designing or hosting); data storage, other than physical storage; electronic data storage; computerised data storage services; providing non-downloadable software application for searching pets available for adoption and lost and found pets; providing temporary use of web-based, non-downloadable computer software for use by animal shelters and humane societies, animal welfare organizations to manage and organize the intake, treatment and placement of lost or abandoned animals; software as a service (saas) services featuring software for invoicing, appointment and medical procedure scheduling and calendaring, uploading medical data, documents and images and generating reports; software as a service (saas) services featuring software for use in database management, calendar management, contact management and reminder generation relating to contacts; software as a service (saas) services featuring software that enables a business's customers to book appointments online; online provision of web-based computer software (non-downloadable) that provides web-based access to applications and services through a web operating system or portal interface; software as a service (saas) services featuring software that enables users to request and confirm appointments via a dashboard; providing temporary use of non-downloadable computer software for use in animal shelter management, database management, document management, receiving, processing, transmitting, displaying and storing data, preparing invoices and receipts, payment processing, mapping of routes of animal control officers and for responding to animal control and rescue requests, for tracking people, objects and pets using gps data, monitoring activities of animal control officers and rescuers,

***List of cases accepted for opposition purposes as shown in Journal 2025/048 published on
28 November 2025 .***

purchasing and renewing animal licenses, making donations to animal shelters and animal welfare organizations, tracking and recording veterinary visits and medical information, tracking animal adoptions and completing animal adoption documents, sending automatic e-mail messages, integrating photos into databases and allowing non-registered users to upload pet health data; computer technology support services, namely, help desk services; providing electronic storage of pet medical information; hosting a web site featuring technology which enables users to create profiles for themselves, their pets, and animals; providing temporary use of non-downloadable social networking software applications primarily focused on pets and other animals; providing temporary use of non-downloadable software for the transmission of text, graphics, images, video, audio, and other electronic data primarily relating to pets and other animals; hosting a web site featuring technology that enables internet users to upload, download, share, comment on, post, access, link, blog, modify, alter and otherwise view and manipulate media and information content, including text, graphics, images, video, audio, and other data, for social media primarily focused on pets and other animals; creating an online community for pet and animal goods and services providers, pet owners, and others who interact with pets and other animals for the purpose of discussions regarding topics relating to pets and animals, organizing charitable and for-profit events relating to pets and animals; file sharing services, namely, hosting a website featuring technology enabling users to upload and download electronic files.

Class 43:

Pet and animal boarding; boarding house services for pets and animals; kennel boarding services for pets; animal feeding services (in owner's absence).

Class 44:

Veterinary services; veterinary assistance; pet and animal grooming services (including clipping, brushing and washing); health care services for pets and animals; information services relating to veterinary pharmaceuticals; providing information, including online, about veterinary services; advisory services relating to the care of animals; advisory services relating to the care of pet animals; animal breeding.

Class 45:

Pet sitting; dog walking services; adoption agency all relating to pets; information, consultancy and advisory services in relation to all of the aforementioned services.

Class 6:

Metallic pipes with diaphragm valves, metal springs, metal basic products, flexible metal hoses, pressure capsules and metallic expansion joints, metal pipes, particularly corrugated tubes, outlet pipes for exhaust gas, belt tensioners, particularly belt tighteners dependent on temperature.

Class 7:

Appliances for controlling and regulating pressure, particularly valves, air compressor and fuel compressor governors, pressure and vacuum regulating motors, vacuum boxes air, diaphragm type shock absorbers, oil mist lubricators, appliances for upsetting exhaust gas, particularly valves and housings with or without pipes for upsetting exhaust gas, respectively for machines; belt tensioners for internal combustion engines, particularly belt tighteners dependent on temperature, fuel heat exchangers for internal combustion engines; thermostatic regulating motors, valves, appliances for upsetting exhaust gas, particularly valves and housings with or without pipes for upsetting exhaust gas, respectively for vehicles.

Class 9:

Temperature controlling and regulating appliances, particularly thermostats, thermal switches, oil temperature controllers, control fittings for cooling agents, thermostat valves, barometric pressure control appliances, particularly circuit closers; barometer cases.

Class 12:

Vehicle components, particularly car parts, reinforcing materials for automobiles.

Class 9:

Communications servers [computer hardware]; computer controlled apparatus for furnishing voice responses to data

inputs; computer controlled workstations for data entry; computer data in recorded form; computer data input apparatus; computer data input devices; computer data interchange apparatus; computer data storage apparatus; computer databases; computer installations for the communication of data; computer installations for the processing of data; computer installations for the storage of data; computer network routers; computer network server; computer networks for the communication of data; computer networks for the processing of data; computer networks for the storage of data; computer programs for connecting remotely to computers or computer networks; computer programs for providing a graphical presentation of data; computer programs for scientific data analysis; computer programs for the analysis of data processing efficiency; computer related data communication apparatus; computer servers; computers for use in data management; connecting devices for data collection; connecting devices for data transfer; data access apparatus for use in accessing stored information; data acquisition apparatus; data acquisition instruments; data banks; data buffers; data bus interface units; data carriers; data carriers bearing computer programmes; data carriers bearing machine readable data; data carriers equipped with governing programs; data carriers for computers having software recorded thereon; data carriers for electronic data processing; data carriers for use with data processing apparatus; data carriers incorporating computer programs; data carriers incorporating machine readable data; data communications apparatus; data communications hardware; data communications installations; data communications instruments; data communications receivers; data communications software; data handling apparatus; data handling installations; data information processing apparatus; data information processing units; data loggers; data logging apparatus; data memories; data meters; data networks; data processing apparatus; data processing components; data processing devices; data processing equipment; data processing information carriers; data processing installations; data processing instruments; data processing machines; data processing terminals; data processing units; data processors; data processors for business data; data programmes; data protection backup units; data receivers; data recorded electronically; data recorded electronically from the internet; data recorded in electronic form; data retrieval apparatus; data security apparatus; data security instruments; data sets, recorded or downloadable; data storage apparatus; data storage devices; data storage installations; data storage instruments; data storage machines; data switches; databases; electric apparatus for data processing; electric apparatus for storing computer data; electric devices for transmission of data between computers; electric devices for transmission of data between microprocessors; electrical apparatus for data acquisition; electrical apparatus for recording data; electrical apparatus for the input of data; electrical apparatus for the output of data; electrical apparatus for use in the encoding of data; electrical communication apparatus for transmitting data; electrical devices for storage of data; electrical devices for transmission of data; electrical units for data conditioning; electrically recorded data for computers; electronic apparatus for data processing; electronic apparatus for manipulating data; electronic apparatus for relaying data; electronic apparatus for the transmission of data; electronic data apparatus for use with computers of the Regulations; electronic data carriers; electronic data collection apparatus; electronic data communications apparatus; electronic data

List of cases accepted for opposition purposes as shown in Journal 2025/048 published on 28 November 2025 .

communications installations; electronic data processing apparatus; electronic data processing devices; electronic data processing equipment; electronic data processing installations; electronic data processing machines; electronic databases recorded on computer media; electronic devices for data processing; electronic devices for the transmission of data between computers; electronic devices for the transmission of data between microprocessors; electronic devices for transmitting data; electronic industrial network apparatus for high speed data transmission; electronic instruments for the receiving of data; electronic mail servers; electronic memories for the control of computer data; electronic memories for the input of computer data; electronic memories for the output of computer data; electronic memories for the storage of computer data; electronic remote data transfer apparatus; electronic telecommunications apparatus; expandable data processing apparatus; external storage apparatus for use with data processing apparatus; flat screens for electronic data processing apparatus; hard discs for electronic data processing; high speed data transmission apparatus; information storage devices for use in data processing apparatus; instruction programmes for the processing of data; instruction programmes for the storage of data; instruments for electronic data processing; integrated data processing installations; interactive data transfer apparatus; internet servers; intranet servers; local area networking apparatus for the switching of data; local area networking apparatus for the transmission of data; magnetic data media; magnetic data memories; magnetic data recording apparatus; magnetic data storage materials; magnetic media for the handling of data; magnetic media for the storage of data; memories for data processing equipment; memory devices for use with data processing apparatus; microchips for recording data; microcircuit data carriers; mobile communication terminals; mobile computers; mobile data apparatus; mobile data communications apparatus; mobile data instruments; mobile data receivers; multiplexers for bearing data; multiplexers for use in the alternate transmission of data; network access server hardware; network access server operating software; network routers; network servers; operating software for network access servers; portable electronic apparatus for the collection of machine data; private automatic branch exchanges for data; processing programmes recorded on data carriers; program carriers for electronic data processing apparatus; real-time data processing apparatus; recorded data files; recorded data, encoded; recording materials for the storage of data, magnetic; remote data gathering apparatus; repeaters for use in data networking; scanners for entering data into computers; sensors for real time data input apparatus; sensors for real time data output apparatus; servers for web hosting; solid-state electrical apparatus for storing computer data; solid-state electronic data storage materials; storage apparatus for computer data; storage materials for data in electronic form; storage materials for data in magnetic form; synchronous data communications apparatus; synchronous data units; synchronous data-link control adaptors; telecommunications apparatus for transferring data to computers; telecommunications apparatus for transmitting data for use with computers; VPN [virtual private network] hardware; VPN [virtual private network] operating software; WAN [wide area network] hardware; watches that communicate data to smartphones; wide area network (WAN) routers; wire free data transmission apparatus; wireless routers; access control cards, encoded or magnetic; access interfaces for managed private circuit networks;

actuators [electric switches]; add-in cards for micro computers; alarm central units; alarm control apparatus; alarm devices, other than for vehicles; alarm installations; alarm instruments, other than for vehicles; alarm management apparatus; alarm management installations; alarm monitoring systems; alarm systems; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; apparatus designed to monitor the performance of apparatus; apparatus for collecting encoded data for supply to computers; apparatus for communication; apparatus for computing; apparatus for converting digital values into graphic information; apparatus for data collection; apparatus for data communications between computers; apparatus for data entry; apparatus for data processing; apparatus for data storage; apparatus for data transmitting; apparatus for decoding encoded signals; apparatus for decoding magnetically recorded information; apparatus for digital signal processing; apparatus for digitising geometric data contained in documents; apparatus for electronic digital processing; apparatus for electronic image reception; apparatus for electronic image transmission; apparatus for electronic information processing; apparatus for electronic mail; apparatus for electronic payment processing; apparatus for electronic publishing; apparatus for information processing; apparatus for information teleprocessing; apparatus for information transmission; apparatus for inputting information into a computer; apparatus for processing data; apparatus for processing data programmes; apparatus for processing data relating to images; apparatus for processing digital data; apparatus for processing digital video signals; apparatus for processing electronic payments; apparatus for programming data; apparatus for reading encoded data; apparatus for reading encoded information; apparatus for recording, transmission or reproduction of sound or images; apparatus for remote data transmission; apparatus for retrieving data; apparatus for searching electronic information; apparatus for sending data; apparatus for the acquisition of data; apparatus for the acquisition of information; apparatus for the communication of data; apparatus for the conversion of data; apparatus for the conversion of information; apparatus for the graphic display of data; apparatus for the processing of data; apparatus for the processing of digital information; apparatus for the processing of information; apparatus for the storage of data; apparatus for the storage of information; apparatus for the transmission of data; apparatus for verifying data on magnetically encoded cards; appliances for communication; cable installations for the transmission of data; cable management installations for data signal transmission; cards bearing data for use in data processing apparatus; cards carrying magnetically, optically or electronically recorded or encoded information; cards encoded to access computer software; cards encoded with security features for authentication purposes; cards encoded with security features for identification purposes; coding apparatus; communication devices; communication devices for linking computer networks; communication hubs; communication installations; communication instruments; communication interface units; communication modems; communication routing apparatus; communication routing instruments; communications networks; communications systems; computer apparatus; computer apparatus for filing information; computer apparatus for gathering information; computer apparatus for use with computer networks; computer controls; computer hardware; computer hardware for telecommunications; computer heat sinks; computer housings; computer installations; computer installations incorporating a

List of cases accepted for opposition purposes as shown in Journal 2025/048 published on 28 November 2025 .

central processing unit; computer interface apparatus; computer interface devices; computer interface instruments; computer interface units; computer interfaces; computer monitoring apparatus; computer monitoring instruments; computer network adapters; computer network bridges; computer network hubs; computer network operating installations; computer network switches; computer network-attached storage (NAS) hardware; computer networking apparatus; computer networking hardware; computer networking installations; computer networks; computer operated digitisers; computer peripheral apparatus; computer peripheral devices; computer peripheral equipment; computer peripherals; computers and computer peripheral devices; computing apparatus; computing apparatus for handling information; computing installations; data being electrically recorded for computers; data being magnetically recorded for computers; data being optically recorded for computers; data cables; data capture apparatus; data capture instruments; data carriers bearing machine readable programs; data carriers containing computer programs; data carriers equipped with controlling programs; data carriers incorporating computer programs written in machine code; data carriers incorporating controlling programs; data carriers incorporating programs; data carriers recorded with programs to enable data to be displayed; data collecting machines; data collection apparatus; data collection computer installations; data collection instruments; data collectors; data conversion apparatus; data encoding apparatus; data encryption apparatus; data entry apparatus; data entry terminals; data exchange units; data exit terminals; data feeders; data feeders for use with artificial intelligence; data feeders linked with artificial intelligence; data files, downloadable; data in machine readable form; data input apparatus for use with computers; data interconnecting computer installations; data processing apparatus for use in information storage; data processing apparatus for use with computers; data processing input devices; data sorting apparatus; data terminals for the validation of data; data transfer apparatus; data transfer instruments; data transmission apparatus; data transmission installations; data transmission networks; data transmitting instruments; downloadable applications for use with mobile devices; electrical data converters; electrical data input apparatus for use with computers; electrical data input devices; electrical data output apparatus for computers; electronic instruments for monitoring systems associated with buildings; firmware; hard drives; local area computer installations; local area networks; memory devices; memory devices for use with computer apparatus; memory expansion cards; memory expansion modules; memory modules; microcomputer apparatus; microcomputer assemblies; microcomputers; microcomputing apparatus; microcomputing instruments; microelectronic components; microprocessors; minicomputers; multiplexers; multiplexers for recording data; multiplexers for use in the alternate transmission of voice signals; network management apparatus; network protection devices, electric; network protection devices, electronic; networks for the interconnection of communication systems; optical data carriers; optical data media; optical data receiving apparatus; optical data recording apparatus; optical data reproducing apparatus; optical data storage apparatus; optical data storage drives; optical data transmission systems; portable computers; power stabilisers; power supplies for computers; power switches; power system meters; power testers; power units for supplying electrical current; regulated power supply apparatus; regulating apparatus, electric; regulating transformers; remote

monitoring apparatus; repeaters; secure microprocessors; secure transmission apparatus; secure transmission instruments; security tokens [encryption devices]; solid state drives; solid-state component relays; solid-state devices; solid-state electrical apparatus for storing computer programs; solid-state memories; solid-state memory devices; telecommunication exchangers; telecommunication machines and apparatus; telecommunication switches; telecommunications equipment; uninterruptible electrical power supplies; uninterruptible power supply apparatus [battery]; uninterruptible power supply instruments; units for converting information received in machine readable format; units for decoding information received in machine readable format; units for displaying information received in machine readable format; USB adapters; USB dongles [wireless network adapters]; USB flash drives; USB hubs; USB port cards; USB web keys; utility programs for performing computer system diagnostics; webcams; wide area networks; wired communication apparatus; wireless communication apparatus; wireless transmission apparatus; work stations [computer apparatus]; work stations [computers].

Class 35:

Advice relating to personnel management; advisory services relating to data processing; analysis of business data; analysis of market research data and statistics; automated data processing; business consultancy relating to the administration of information technology; business consultancy services relating to data processing; business data analysis; business efficiency advice; business management and administration services supporting utilisation of a global computer network; business organisation and management consultancy in the field of personnel management; business process management and consulting; business risk assessment services; business risk management consultancy; business risk management services; collating of data in computer databases; collection of data; collection of personnel information; commercial information services provided by access to a computer database; company data information services; company record-keeping; compilation and systemization of information into computer databases; compilation of business data; compilation of business statistics and commercial information; compilation of indexed addresses; compilation of information into computer databases; compiling of information into computer databases; computer data entry services; computer data processing; computerised business records keeping; computerised data processing; computerised data verification; computerised database management; computerised file management; computerised office management; consultancy of personnel recruitment; consultancy relating to business efficiency; consultancy relating to data processing; consultancy relating to personnel management; consultancy relating to personnel recruitment; consultancy relating to the selection of personnel; data collection for others; data compilation for others; data entry services; data handling; data management; data management advice; data management consultancy; data preparation [office functions]; data processing; data processing for the collection of data for business purposes; data processing verification; data retrieval [office functions]; data search in computer files for others; data transcription; database management; database marketing; electronic data processing; evaluation of personnel requirements; information retrieval [office functions]; maintenance of personnel records for others; management and compilation of computerised databases; market research data collection services; market research data

List of cases accepted for opposition purposes as shown in Journal 2025/048 published on 28 November 2025 .

retrieval services; online data processing services; providing business information, also via internet, the cable network or other forms of data transfer; provision of business data; recruitment and personnel management services; registration of written communications and data; selection of staff; statistical analysis and reporting services for business purposes; systematization of data in computer databases; systemization of information into computer databases; tracking and monitoring energy consumption for others for account auditing purposes; updating and maintenance of data in computer databases.

Class 36:

Building leasing; lease financing of telecommunication equipment; leasing of buildings; leasing or renting of buildings; management of buildings; providing information relating to the rental of buildings; real estate management services relating to industrial premises; rental of buildings; financial information processing; financial information provided by electronic means; providing financial information by means of a computer database; providing on-line stock exchange information from a computer database or the internet; provision of information and data concerning stock exchanges; leasing of office space, namely leasing of rack space and purpose-built high specification space to facilitate the housing of telecommunication or computer-related equipment and services.

Class 37:

Installation of data network apparatus; installation of data processing apparatus; installation of electric light and power systems; installation of electronic and digital connection to a call centre; installation of security and safety equipment; installation of security systems; maintenance and repair of data communications networks; maintenance and repair of data processing apparatus; maintenance and repair of hardware for data processing apparatus; maintenance and servicing of data processing installations; building and construction of real estate subdivisions and developments; building maintenance and repair; commissioning [installation and maintenance] services; computer installation and repair; custom construction of buildings; diagnostic maintenance services; electric appliance installation and repair; electrical wiring services; installation and repair of telecommunication apparatus; installation of apparatus for air-conditioning; installation of apparatus for ventilating; installation of clean room environmental control systems; installation of clean room systems; installation of communication equipment; installation of communications network apparatus; installation of communications network instruments; installation of computer hardware; installation of computer systems; installation of computerised information systems; installation of computers; installation of electricity generators; installation of electronic apparatus; installation of energy-saving apparatus; installation of environmental control systems; installation of environmental protection systems; installation of hardware and cables for internet access; installation of hardware for computer systems; installation of heating and cooling apparatus; installation of storage facilities; installation of telecommunications apparatus; installation of ventilation and dust extraction systems; installation, maintenance and repair of computer hardware; installation, repair and maintenance of computers and computer peripherals; installing of electronic communications networks; installing of telecommunications networks; interference suppression in electrical apparatus; maintenance and repair of communications

systems; maintenance and repair of computer hardware; maintenance and repair of computers; maintenance and repair of cooling appliances and installations; maintenance and repair of telecommunications apparatus; property development [building and construction services]; property maintenance; providing information relating to the repair or maintenance of telecommunication machines and apparatus; repair and maintenance of computer and telecommunications hardware; repair of electrical equipment and electrotechnical installations; repair of electronic apparatus; repair or maintenance of telecommunication machines and apparatus.

Class 38:

Telecommunications services; advisory and consultancy services relating to wireless communications and wireless communications equipment; advisory services relating to communications equipment; advisory services relating to telecommunications; automatic transfer of digital data using telecommunications channels; broadcast transmission by satellite; broadcasting services; cable broadcasting and transmission; cable transmission of sounds, images, signals and data; call centre services [electronic call diversion and messaging]; communication between computers; communication by computer; communication by computer terminals; communication by electronic means; communication of data by means of telecommunications; communication of information by satellite; communication services between data banks; communication services by cable; communication services by electronic means; communication services by radio; communication services for the electronic transmission of data; communication services for the transmission of information; communication services over computer networks; communication services provided electronically; communication services, namely, electronic transmission of data and documents among users of computers; communication via computer terminals, by digital transmission or by satellite; communication via fibre-optic networks; communications services for accessing a database; communications services for the exchange of data in electronic form; communications services provided over the Internet; communications via analogue and digital computer terminals; communications via multinational telecommunication networks; computer aided transmission of messages, data and images; computer data transmission services; computer network communication services; computerised data communications; consultancy in the field of telecommunications; consultancy services relating to communications; consultancy services relating to data communications; data broadcasting services; data communication services; data streaming; data transfer services; data transmission; data transmission and reception services via telecommunication means; data transmission for others; data transmission services; data transmission services between networked computer systems; data transmission services over telecommunications networks; data transmission via telematic networks; digital network telecommunications services; digital transmission of data; digital transmission of data via the Internet; digital transmission services; digital transmission services for audio and video data; electronic communication services; electronic communication services for the transmission of data; electronic data communications; electronic data exchange services; electronic data interchange [EDI] services; electronic data transmission; electronic exchange of data stored in databases accessible via telecommunication networks;

List of cases accepted for opposition purposes as shown in Journal 2025/048 published on 28 November 2025 .

electronic transmission and retransmission of sounds, images, documents, messages and data; electronic transmission of data; electronic transmission of data and documents via computer terminals and electronic devices; electronic transmission of messages and data; fiber optic telecommunications services; geolocation services [telecommunications services]; high bit-rate data transmission services for telecommunication network operators; hire of communications apparatus; hire of electronic mail boxes; hire of telecommunications apparatus; hire of telecommunications installations; hire of telecommunications instruments; information services relating to broadcasting; information services relating to electronic communication networks; information services relating to telecommunications; internet access provider services; internet broadcasting services; internet communication services; internet portal services; internet service provider [ISP] services; leasing of access time to a computer database; leasing of access time to global computer networks; leasing of telecommunication equipment; netcasting [broadcasting over a global computer network]; network transmission of sounds, images, signals and data; news agency services for electronic transmission; operating of electronic communications networks; operating of electronic communications systems; operation of cellular communications systems; operation of local area networks; operation of telecommunications apparatus; operation of telecommunications systems; providing access to computer networks; providing access to computer software; providing access to databases; providing access to information on the Internet; providing access to information via data networks; providing access to information via the Internet; providing access to multimedia content online; providing access to online computer databases; providing access to platforms and portals on the Internet; providing access to telecommunication networks; providing access to the Internet and other communications networks; providing access to web portals; providing access to websites on the Internet or any other communications network; providing electronic telecommunication connections; providing frame relay connectivity services for data transfer; providing high speed access to computer and communication networks; providing information about wireless communication; providing information, including online, about telecommunications; providing of access to telecommunication warehousing services; providing telecommunication connections to the internet or databases; providing telecommunications connections to a global communication network or databases; providing third party users with access to telecommunication infrastructure; providing user access to computer programmes in data networks; providing user access to computer software in data networks; providing user access to global computer network and online sites containing information on a wide range of topics; providing user access to global positioning signals for navigation purposes; providing virtual private network (VPN) services; provision of access to an electronic on-line network for information retrieval; provision of access to computer databases; provision of access to data on communication networks; provision of access to data or documents stored electronically in central files for remote consultation; provision of access to data via the Internet; provision of communications between computers; provision of electronic communications facilities; provision of electronic data links; provision of email services; provision of telecommunication connections to a global computer network; provision of telecommunication facilities; provision of user

access to the internet; remote transmission of data by means of telecommunications; rental of access time to a computer database; rental of access time to a database server; rental of access time to databases; rental of access time to global computer networks; rental of communication apparatus and implements; rental of communications equipment; rental of communications instruments; rental of communications systems; rental of data communication apparatus; rental of data communications equipment; rental of data communications installations; rental of telecommunication apparatus; rental of telecommunication devices and equipment enabling connection to networks; rental of telecommunication facilities; rental of telecommunications apparatus and installations; rental of telecommunications routers; satellite transmission of sounds, images, signals and data; satellite transmission services; secure e-mail services; secure telecommunications [providing secure connections and access including to computers and the global computer network]; signal transmission for electronic commerce via telecommunication systems and data communication systems; streaming of audio, visual and audiovisual material via a global computer network; streaming of data; switching network services [telecommunications]; telecommunication access services; telecommunication gateway services; telecommunications; telecommunications services for the distribution of data; telecommunications services provided via fiber optic, wireless and cable networks; telecommunications services provided via the Internet, intranet and extranet; transfer of data by telecommunications; transfer of information and data via online services and the Internet; transferring and disseminating information and data via computer networks and the Internet; transmission and distribution of data or audiovisual images via a global computer network or the Internet; transmission and reception of database information via telecommunication networks; transmission of computerised data; transmission of data; transmission of data and information by computer and electronic communication means; transmission of data by cable; transmission of data by computer; transmission of data by electronic means; transmission of data via ISDN lines; transmission of data via satellite; transmission of data via the Internet; transmission of data, audio, video and multimedia files, including downloadable files and files streamed over a global computer network; transmission of data, messages and information; transmission of data, sound and images by satellite; transmission of database information via telecommunications networks; transmission of electronic mail; transmission of information by computer; transmission of information by data communications for assisting decision making; transmission of information by electronic communications networks; transmission of information by electronic means; transmission of information on a wide range of topics, including online and over a global computer network; transmission of information via computer networks; transmission of information via national and international networks; transmission of information via wireless or cable networks; transmission of messages, data and content via the Internet and other communications networks; transmission of stock market information with the help of telecommunication media; transmission of videos, movies, pictures, images, text, photos, games, user-generated content, audio content, and information via the Internet; video broadcasting; video communication services; video conference services [telecommunications services]; video, audio and television streaming services; web portal services [providing

List of cases accepted for opposition purposes as shown in Journal 2025/048 published on 28 November 2025 .

user access to global computer network]; webcasting services; wire service; wireless broadcasting; wireless communication services; wireless electronic transmission of data; wireless PBX services; wireless transfer of data via digital mobile telephony; wireless transfer of data via the Internet; wireless transfer of data via wireless application protocols.

Class 39:

Physical storage of electronically stored data or documents; physical storage of electronically stored data, documents, digital photographs, music, images, video, and computer games; physical storage of electronically stored digital data, photographs, audio and image files; physical storage of electronically stored files and documents; physical storage of electronically stored information; providing information about temporary storage services; providing information relating to storage services; packaging and storage of goods; transport; travel arrangement; collection of documents; computerised distribution planning relating to transportation; computerised transport information services; consultancy services relating to the distribution of electricity; depository storage; electricity storage; GPS navigation services; information and advisory services in relation to the distribution of energy; rental of warehouse space; vehicle routing by computer on data networks; bonded storage; bonded warehousing; warehousing.

Class 42:

Design and development of computer hardware and software; industrial analysis, industrial research and industrial design services; quality control and authentication services; administration of mail servers; administration of user rights in computer networks; advisory services in the field of product development and quality improvement of software; advisory services relating to building design; advisory services relating to computer hardware; advisory services relating to computers; advisory services relating to energy efficiency; analysis and evaluation of product design; analysis and evaluation of product development; analysis of telecommunication signals; application service provider [ASP] services; authentication services for computer security; authentication services for electronic documents and e-mail; back-up of computer data; backup services for computer hard drive data; building design services; cloud hosting provider services; cloud storage services for electronic data; cloud storage services for electronic files; coding of messages; commissioning [testing and inspection] services; comparative analysis studies of the performance of computer systems; compilation of computer programs; compilation of data-processing programs; compilation of web pages for the Internet; compression of data for electronic storage; computer advisory services; computer analysis; computer rental; computer code conversion for others; computer co-location services; computer consultancy; computer database design consultancy services; computer design services; computer disaster recovery planning; computer disaster recovery services; computer engineering; computer firewall services; computer forensic services; computer hardware design; computer hardware development; computer leasing; computer network configuration services; computer network design for others; computer network services; computer performance testing; computer program advisory services; computer program maintenance services; computer program updating services; computer project management in the field of EDP; computer research services; computer security consultancy; computer security engineering;

computer security services [design and development of secure computer hardware, software and systems]; computer security services [programming and software installation, repair and maintenance services]; computer security services [testing and risk assessment of computer networks]; computer security services for protection against illegal network access; computer security services in the nature of administering digital certificates; computer security threat analysis for protecting data; computer services in the nature of hosting web sites for others; computer software advisory services; computer software development; computer software installation and maintenance; computer software integration; computer software programming services; computer software repair; computer software research; computer software technical support services; computer software updating services; computer systems design; computer systems development; computer time-sharing services; computer virus protection services; computerised business information storage; computerised communication network security; computerised data storage services; configuration of computer firmware; configuration of computer networks by software; configuration of computer software; configuration of computer systems and networks; consultancy in the field of technological design; consultancy in the field of technological research; creating of computer programs; creating programmes for data processing; creating, maintaining, and updating computer software; cross-platform conversion of digital content into other forms of digital content; cryptocurrency mining; cryptomining; customization of computer software; cybersecurity consultancy; data conversion of computer programs and data, not physical conversion; data conversion of electronic information; data migration services; data mining; data security services [firewalls]; database design and development; debugging computer software for others; decoding of data; design and development of computer firmware; design and development of computer peripherals; design and development of computer software; design and development of electronic database software; design and development of energy distribution networks; design and development of energy management software; design and development of Internet security programs; design and development of wireless computer networks; design and development of wireless data transmission apparatus, instruments and equipment; design and planning services relating to telecommunication equipment; design of communication systems; design of communications apparatus; design of computer cluster configurations; design of computer codes; design of computer databases; design of computer hardware; design of computer languages; design of computer peripherals; design of computers; design of diagnostic apparatus and equipment; design of information systems; design of telecommunications apparatus and equipment; design of telecommunications installations; maintenance and updating of computer software; developing data feed formats featuring user-defined information; developing of driver and operating system software; development and creation of computer programmes for data processing; development and maintenance of computer database software; development of computer based networks; development of computer codes; development of computer hardware; development of computer programs; development of computer software; development of computer software application solutions; development of computer systems; development of computers; development of data processing programs by order of third parties; development of energy and power

List of cases accepted for opposition purposes as shown in Journal 2025/048 published on 28 November 2025 .

management systems; development of programmes for data processing; development of software; development of software for secure network operations; development of systems for the processing of data; development of systems for the storage of data; development of systems for the transmission of data; development services in the field of computer software and advisory services relating thereto; development, maintenance and updating of a telecommunication network search engine; development, updating and maintenance of software and database systems; diagnosis of computer hardware problems through the use of software; diagnosis of faults in computer software; digital compression of computer data; digital signature verification services [electronic cryptology services]; digital watermarking; digitization of documents [scanning]; disaster recovery services for computer systems; disaster recovery services for data communications systems; document data transfer from one computer format to another; duplication of electronic documents; editing of computer programs; electronic data backup services; electronic data storage services; electronic document duplicating; electronic monitoring services being IT security services in the nature of protection and recovery of computer data; electronic monitoring services for computer security services for protection against illegal network access; electronic monitoring services for computer security threat analysis for protecting data; electronic signature verification services [electronic cryptology services]; electronic site authoring; electronic storage of data; electronic storage of digital audio files; electronic storage of digital images; electronic storage of digital music; electronic storage of digital photographs; electronic storage of digital video files; electronic storage of documents and archived e-mails; electronic storage of files and documents; electronic storage of images; electronic storage of videos; electronic storage services for archiving databases, images and other electronic data; electronic storage services for archiving electronic data; engineering services in the field of communications technology; engineering services relating to computer programming; hiring of data processing apparatus; hosting a website for the electronic storage of digital photographs and videos; hosting an online website for creating and hosting micro websites for businesses; hosting and rental of memory space for websites; hosting internet sites for others; hosting memory space on the Internet; hosting of computerized data, files, applications and information; hosting of customized web pages; hosting of databases; hosting of digital content on the Internet; hosting of e-commerce platforms on the Internet; hosting of platforms on the Internet; hosting of software as a service [SaaS]; hosting of software for use in library management; hosting of web portals; hosting of weblogs; hosting of websites; hosting online web facilities for others; hosting the web sites of others on a computer server for a global computer network; implementation of computer programs in networks; information security consultancy; information services relating to computers; information services relating to information technology; information technology services; information technology services provided on an outsourcing basis; infrastructure as a service [IaaS]; installation and maintenance of computer software; installation and maintenance of database software; installation of computer programs; installation of computer software; installation of database software; installation of firmware; installation of Internet access software; installation of middleware; installation of software; installation, maintenance and repair of computer software; installation, maintenance and repair of software for computer systems; installation,

maintenance and updating of computer software; installation, maintenance and updating of database software; installation, maintenance, updating and upgrading of computer software; installation, repair and maintenance of computer software; installation, repair and maintenance of firmware; installation, repair and maintenance of middleware; integration of computer systems and networks; Internet security consultancy; leasing computer facilities; leasing of computer apparatus; leasing of computer equipment; leasing of computer hardware; leasing of computer programs; leasing of computer software; leasing of computers; location of utility lines [mapping services]; maintenance and repair of software; maintenance and updating of software for communication systems; maintenance of computer software relating to computer security and prevention of computer risks; maintenance of software; mapping services; modifying of computer programs; monitoring of computer systems by remote access; monitoring of computer systems for detecting unauthorized access or data breach; monitoring of computer systems to detect breakdowns; monitoring of telecommunication signals; network security services [testing and risk assessment of electronic networks]; off-site data backup; online data storage; online provision of web-based applications; online provision of web-based software; outsource service providers in the field of information technology; packaging design; preparation of reports relating to computer programs; preparation of reports relating to computers; preparation of technical reports; preparation of technical studies; preparation of technological reports; preparation of technological research reports; product design; product research and development; professional consultancy relating to computer security; programming and software installation, repair and maintenance services; programming of computer software for evaluation and calculation of data; programming of computer software for reading, transmitting and organising data; programming of data processing programs; programming of EDP software; programming of energy management software; programming of Internet security programs; programming of operating software for accessing and using a cloud computing network; programming of operating software for computer networks and servers; programming of software for database management; programming of software for importing and managing data; programming of telecommunications software; providing computer facilities for the electronic storage of digital data; providing electronic memory space on the Internet; providing information about the design and development of computer software, systems and networks; providing information in the field of computer software design; providing information in the field of computer software development; providing information, including online, about design and development of computer hardware and software; providing user authentication services using single sign-on technology for online software applications; providing virtual computer environments through cloud computing; providing virtual computer systems through cloud computing; provision of online non-downloadable software; reconstitution of databases; reconstruction of database systems for others; recording data relating to energy consumption in buildings; recovery of computer data; remote computer backup services; remote server administration; rental and maintenance of computer software; rental of a database server to third parties; rental of application software; rental of computer apparatus; rental of computer database software; rental of computer equipment; rental of computer firmware; rental of computer hardware and computer peripherals; rental of computer middleware; rental of computer

Date of Designation in the UK: 20 February 2025

The mark consists of a stylized wedge sloping toward a smaller inverted stylized wedge, the letters, slb above the horizontal plane of the smaller inverted stylized wedge, the stylized word, Capturi to the right of stylized wedge with slb.

International priority date claimed: 23 August 2024 (US)
(98714251)

Class 1:

Chemicals and chemical agents for absorbing carbon and carbon dioxide (CO₂); chemicals and chemical preparations for carbon dioxide sequestration and carbon dioxide conversion; chemical products for industrial purposes, namely, captured carbon dioxide for industrial purposes.

Class 7:

Carbon capture apparatus and installations, namely, equipment for the separation and capture of carbon dioxide (CO₂) from industrial and commercial sources; equipment for the separation and capture of carbon dioxide from industrial and commercial combustion sources, pre and post combustion; machines for use in the, transmission, distribution, supply and storage of captured carbon; installations for utilization of the process for capturing emissions, namely, carbon capture machines for processing carbon emissions; machines for use in the extraction, capture, treatment, conversion and storage of gases; machines for separating and capturing carbon dioxide from air and mixed gases; machines incorporating chemical absorbents for the removal of carbon dioxide; machines for processing carbon emissions; machines for separating carbon dioxide from mixtures of materials; separating machines for chemical processing.

Class 9:

Apparatus and instruments for use in controlling the actuation and operation of instruments, controls, apparatus, equipment, and machines for use in the, separation, transmission, distribution, supply and storage of carbon, carbon dioxide (CO₂), carbon emissions, and greenhouse gas emissions; emission measuring and dispensing equipment, namely, carbon emission measuring gas meters, gas detectors, gas alarms, apparatus for analyzing gases, liquid analyzers, carbon capture dispensing control valves for regulating the flow of gases and liquids, and flow switches for monitoring and controlling the flow of gases and liquids; computers and microprocessor-based equipment for industrial purposes related to carbon capture and storage; downloadable software for operating carbon capture instruments, controls, apparatus, equipment, and machines; downloadable software for collecting, analyzing, and organizing data in the fields of carbon capture, carbon emissions, and greenhouse gas emissions.

Class 11:

***List of cases accepted for opposition purposes as shown in Journal 2025/048 published on
28 November 2025 .***

Heating, cooling, steam generating, drying, absorption, desorption, carbon dioxide (CO₂) conditioning, intermediate CO₂ storage and ventilating installations for carbon capture processing and parts therefor; equipment for carbon dioxide capture and acid gas processing, namely, separator equipment for the absorption of carbon dioxide and acid gas from ambient air; installations for controlling the flow of gases, namely, air filtration units for regulating air flow and capturing of carbon dioxide; carbon capture and exhaust heat recovery systems, namely, heat exchangers, direct and indirect condensers, filters for heating apparatus, heat pumps, boilers, and hot air blowers; chimneystacks and installations for conveying exhaust gases; installations for the treatment of waste products.

Class 35:

Business administration and management, namely, assistance in the management and administration of companies; business organization advisory services; business administration assistance; business consulting services; business project management services for construction projects; promotional services, namely, promoting the services of others in the fields of environmental science, carbon capture and storage and greenhouse gas emissions; promotional services, namely, promoting and developing marketing concepts for others in the field of carbon capture and storage and greenhouse gas emissions; provision of advertising and promotional services to promote the sale of captured carbon dioxide for others.

Class 36:

Trading of carbon dioxide (CO₂) and greenhouse gas emission credits, allowances or offsets of others; brokerage of carbon dioxide and other greenhouse gas emission credits, allowances or offsets on behalf of offset producers.

Class 37:

Installation, maintenance and repair services related to installations and systems for capturing, conditioning, treatment and storage of captured carbon dioxide (CO₂); installation of carbon capture environmental containment systems; construction services; carbon capture machine installation, maintenance, and repair services; rental of carbon capture machines.

Class 39:

Transport, storage, distribution and delivery of captured carbon dioxide; transport brokerage services; transport of captured carbon dioxide via pipelines, ships, land vehicles, trucks and trains; facilitating the transport of captured carbon dioxide; consulting and advisory services related to the transport, storage, distribution, and delivery of captured carbon dioxide; consulting and advisory services related to the transport, storage, and handling of captured carbon dioxide.

Class 40:

Carbon capture services; carbon capture for others using direct capture technology and chemicals; treatment of industrial waste to sequester carbon; treatment of greenhouse gasses, namely, processing of hydrocarbons; chemical treatment and recycling of waste products; consulting in the field of carbon capture for others using direct air capture technology; consulting and advisory services in the field of carbon capture relating to physical and chemical treatment processes; environmental remediation services, namely, treatment of materials from emissions; environmental remediation services, namely, air,

soil, waste and water treatment services; electricity generation using carbon capture and sequestration; consulting and advisory services related to processing of captured carbon dioxide.

Class 42:

Research and development in the field of carbon capture and storage; research and development in the field of carbon dioxide (CO₂) treatment and conditioning; research and development of direct air capture (DAC) technology, namely, development and optimization of chemical sorbents, engineering, airflow hydraulics, carbon dioxide capture kinetics, chemical sorbent regeneration and facility designs; research and development of technology in the field of carbon dioxide mitigation, carbon dioxide reduction, and carbon dioxide removal; research and development of technology in the field of carbon capture from combustion gas, coal, cement, refineries, combustion sources, material production processes, and waste-energy emissions; engineering services in field of carbon capture and storage; engineering services in the field of reducing and removal of carbon dioxide emissions; engineering services in the field of carbon dioxide treatment and conditioning; providing software technologies in the nature of providing temporary use of online non-downloadable software applications for use with processes involving carbon capture; industrial analysis and research services in the field of carbon capture; industrial design services in the field of carbon capture; engineering design services in the field of carbon capture.

Key rings [split rings with trinket or decorative fob]; key chains [split rings with trinket or decorative fob]; charms for key rings; jewelry boxes; coins; jewelry; jewelry charms; necklaces [jewelry]; bracelets [jewelry]; earrings; tie pins; rings [jewelry]; medals; ornamental pins; shoe jewelry; watches; clocks; watch bands; works of art of precious metal; commemorative coins; precious metals; precious stones.

Class 15:

Tuning apparatus for musical instruments; musical instruments; electronic musical instruments; musical instruments for children; cases for musical instruments; stands for musical instruments; straps for musical instruments; plectrums; tuning forks; music stands; guitars; tambourines; melodicas; musical boxes.

Class 16:

Office requisites, except furniture; wrapping paper; bags [envelopes, pouches] of paper or plastics, for packaging; place mats of paper; coasters of paper; table napkins of paper; tablecloths of paper; paper; issue paper; stationery; note books; pen cases; paint boxes for use in schools; writing instruments; pencil sharpeners, electric or non-electric; cards; greeting cards; stickers [stationery]; printed matter; books; comic books; posters; pictures; decals; paper party decorations; decoration of paper for foodstuffs; sewing patterns; stencils; tailors' chalk; trading cards, other than for games; passport holders; bookends; coloring pictures; photographs [printed].

Class 18:

Clothing for pets; collars for animals; bags; school bags; rucksacks; suitcases; card cases [notecases]; purses; wallets; key cases; luggage tags; garment bags for travel; bags for sports; vanity cases, not fitted; umbrellas; leather straps; canes.

Class 20:

Nesting boxes; pillows; cushions; mattresses; packaging containers of plastic; decorations of plastic for foodstuffs; fans for personal use, non-electric; beds for household pets; furniture; chests for toys; inflatable publicity objects; cradles; infant walkers; camping mattresses; picture frames; statues of wood, wax, plaster or plastic; nameplates, not of metal; wind chimes [decoration]; hand-held mirrors [toilet mirrors]; works of art of wood, wax, plaster or plastic; packaging containers of wood; bamboo containers; deck chairs; display stands;

List of cases accepted for opposition purposes as shown in Journal 2025/048 published on 28 November 2025 .

photo frames; mirrors [looking glasses]; indoor window shades [furniture]; kennels for household pets; pet cushions; tool boxes, not of metal, empty.

Class 21:

Floss for dental purposes; brushes; combs; toothbrushes; toilet cases; cosmetic utensils; containers for household or kitchen use; utensils for household purposes; kitchen utensils; bottles; mugs; cups; dishes; paper plates; cookie jars; lunch boxes; drinking bottles for sports; insulated lunch bags; drinking straws; coasters, not of paper or textile; place mats, not of paper or textile; tablemats, not of paper or textile; trays for household purposes; dustbins for household purposes; coin banks; soap holders; dishes for soap; flower pots; watering cans; cold packs for chilling food and beverages; soap dispensing bottles; covers for tissue boxes; shoe horns.

Class 22:

Sails; raw textile fibers; hammocks; cordage; string; nets; industrial packaging containers of textile; straw wrappers for bottles; elastic bands for binding; outdoor blinds of textile; wax ends; tents; sails for windsurfing; upholstery wool.

Class 23:

Thread; yarn; spun wool; sewing thread and yarn.

Class 24:

Fabrics for textile use; adhesive fabric for application by heat; towels of textile; handkerchiefs of textile; quilts; children's blankets; bed blankets; blanket throws; travelling rugs [lap robes]; lap blankets; covers for cushions; pillowcases; bed linen; tablemats of textile; table napkins of textile; place mats of textile; coasters of textile; flags of textile or plastic; banners of textile or plastic; blankets for household pets; wall hangings of textile; loose covers for furniture; bed covers; curtains of textile or plastic; picnic blankets; household linen; sleeping bags; textile material; knitted fabric; printed fabrics; plastic material [substitute for fabrics]; shower curtains of textile or plastic; fitted toilet lid covers of fabric; billiard cloth.

Class 25:

Clothing; shirts; tee-shirts; pajamas; underwear; bathing suits; socks; scarves; ear muffs [clothing]; gloves [clothing]; bibs, not of paper; hats; caps being headwear; cap peaks; belts [clothing]; footwear; sports shoes; sandals; slippers; masquerade costumes; sleep masks.

Class 26:

Sewing kits; knitting kits; sewing boxes; brooches [clothing accessories]; ornamental novelty badges [buttons]; pinback buttons; charms, other than for jewelry, key rings or key chains; decorative articles for the hair; ribbons for the hair; ribbons and bows, not of paper, for gift wrapping; hair clips; hair pins; hair extensions; shoe laces; fastenings for clothing; lace trimmings; artificial flowers; clasps for bags; fancy goods [embroidery]; braids; armband for holding sleeves; human hair; hair curlers, electric and non-electric, other than hand implements.

Class 27:

Carpets for automobiles; mats; floor coverings; carpets; rugs; wall hangings, not of textile; yoga mats; wallpaper.

Class 28:

Games; toys; stuffed toys; dolls; portable games with liquid crystal displays; protective films adapted for screens for portable games; video game machines; controllers for game consoles; hand-held consoles for playing video games; apparatus for games; arcade video game machines; board games; playing cards; ornaments for Christmas trees, except lights, candles and confectionery; party balloons; protective carrying cases specially adapted for handheld video games; trading cards for games; trading card games; cases for trading cards for games; card games; joysticks for video games; toys for pets; portable games and toys incorporating telecommunication functions; puzzles; fishing tackle; butterfly nets; sports equipment; strength training apparatus; ride-on toys.

Class 29:

Fruit-based snack food; potato chips; meat-based snack food; fish-based snack food; vegetable-based snack food; nut-based snack foods; oils for food; milk products; cheese; milk beverages, milk predominating; yogurt; frozen fruits; charcuterie; fish-based foodstuffs; vegetables, processed; fruit, processed; jellies for food; jams; nuts, prepared; soups; preparations for making soup; pre-cooked curry stew; pre-cooked stew; eggs; milk substitutes; vegetable-based meat substitutes; soya patties; sausage casings, natural or artificial; meat; fish, not live; frozen vegetables; processed eggs; preserved pulses; beans, preserved.

Class 30:

Tea; tea-based beverages; coffee; coffee-based beverages; cocoa; cocoa-based beverages; confectionery; pastries; candies; ice cream; cookies; chocolate; popcorn; chewing gum; bread; sandwiches; pizzas; pies; cakes; frozen yogurt [confectionery ices]; crackers; mints for breath freshening; fruit jellies [confectionery]; seasonings; ketchup [sauce]; dressings for salad; cereal preparations; cereal-based snack food; noodles; pasta; pasta sauce; rice; baking soda [bicarbonate of soda for cooking purposes]; aromatic preparations for food; ice [frozen water]; powders for making ice cream; unroasted coffee beans; chocolate-based spreads; baking powder; flour; cake powder.

Class 31:

Litter for animals; wreaths of natural flowers; fishing bait, live; unprocessed hops; edible aquatic animals, live; fish, live; crustaceans, live; molluscs, live; seaweed, unprocessed, for human or animal consumption; vegetables, fresh; sugarcane; fruit, fresh; malt for brewing and distilling; buckwheat, unprocessed; animal foodstuffs; plant seeds; flowers, natural; plants; dried flowers; live animals; silkworm eggs; eggs for hatching, fertilized; urushi tree seeds; rough cork.

Class 32:

Soda water; table waters; fruit juice; soft drinks; vegetable juices [beverages]; non-alcoholic beverages; whey beverages; extracts of hops for making beer; beer.

Class 35:

Advertising; public relations; organization of exhibitions for commercial or advertising purposes; demonstration of goods; promotion of goods and services through sponsorship of sports events; marketing; sales promotion for others; presentation of goods on communication media, for retail purposes; online retail services for downloadable and pre-recorded music and movies; online retail services for downloadable virtual

***List of cases accepted for opposition purposes as shown in Journal 2025/048 published on
28 November 2025 .***

clothing; retail services in relation to games; retail services in relation to toys; commercial administration of the licensing of the goods and services of others; negotiation and conclusion of commercial transactions for third parties; updating and maintenance of data in computer databases; retail services for computer software.

Class 37:

Construction; airplane maintenance and repair; repair of bicycles; motor vehicle maintenance and repair; repair or maintenance of consumer electric appliances; photographic apparatus repair; repair or maintenance of electronic machines and apparatus; mobile telephone battery charging services; installation, maintenance and repair of computer hardware; repair or maintenance of telecommunication machines and apparatus; repair or maintenance of amusement machines and apparatus; furniture maintenance; umbrella repair; shoe maintenance and repair; repair of bags or pouches; repair of personal ornaments; repair of toys or dolls; repair of game machines and apparatus; repair of spectacles; laundering; clothing repair.

Class 38:

Providing telecommunications connections to a global computer network; communications by computer terminals; mobile telephone communication services; computer aided transmission of messages and images; video-on-demand transmission; providing online forums; transmission of greeting cards online; streaming of data; transmission of electronic mail; providing access to blockchain networks; providing information in the field of telecommunications; news agency services; rental of message sending apparatus.

Class 39:

Transport; delivery of goods; message delivery; railway transport; car transport; providing traffic information; vehicle-driving services; boat transport; air transport; packaging of goods; gift wrapping; removal services; piloting; warehousing services; temporary safekeeping of personal belongings; storage of goods; parking lot services; car rental; rental of bicycles; rental of mechanical parking systems; rental of freezers for household purposes; rental of wheelchairs; escorting of travellers.

Class 41:

Entertainment services; providing online videos featuring animation, not downloadable; providing non-downloadable videos in the field of animation via a website; provision of non-downloadable videos via a video-on-demand service; entertainment, namely, a continuing animation show broadcast over the Internet; providing information in the field of entertainment; providing online electronic publications, not downloadable; providing online videos, not downloadable; providing online images, not downloadable; providing online music, not downloadable; organization of shows [impresario services]; games equipment rental; toy rental; game services provided online from a computer network; organization of competitions [education or entertainment]; providing amusement arcade services; amusement park services; organization of electronic sports competitions; organization of games; arranging and conducting of entertainment events; providing amusement facilities; rental of motion pictures; presentation of live performances; presenting museum

exhibitions; publication of books; providing sports facilities; providing museum facilities; teaching.

Class 42:

Meteorological information; architectural services; geological research; development of video and computer games; industrial design; computer programming; creating or maintaining web sites for others; technological advice relating to computers, automobiles and industrial machines; testing, inspection and research services in the fields of pharmaceuticals, cosmetics and foodstuffs; cosmetic research; research on building construction or city planning; research in the field of building construction; testing, inspection and research services in the fields of agriculture, livestock breeding and fisheries; testing and research services relating to machines, apparatus and instruments; technical writing; rental of measuring apparatus; rental of meters for the recording of energy consumption; providing computer programs on data networks; providing online non-downloadable computer software; hosting software platforms for virtual reality-based work collaboration; software as a service [SaaS]; rental of laboratory apparatus and instruments; rental of scientific microscopes; rental of technical drawing instruments.

Class 43:

Providing temporary accommodation; hotel accommodation services; accommodation bureau services [hotels, boarding houses]; hotel reservations; providing food and beverages; restaurant services; café services; cafeteria services; food and drink catering; take-away restaurant services; boarding for animals; day-nursery [crèche] services; rental of meeting rooms; rental of futon and quilts; rental of cooking apparatus; rental of furniture; rental of chairs, tables, table linen, glassware; rental of towels.

Class 45:

Kimono dressing assistance; information relating to fashion coordination services for individuals; personal wardrobe styling consultancy; online social networking services; dating services; planning and arranging of wedding ceremonies; fortune-telling; pet sitting; babysitting; clothing rental.

Nintendo Co., Ltd.

Class 1:
Chemical test kits for indicating the presence or absence of toxins; chemical and biochemical reagents for non-medical purposes for indicating the presence or absence of toxins; chemically treated non-medical test strips for indicating the presence or absence of toxins; reagents for laboratory

*List of cases accepted for opposition purposes as shown in Journal 2025/048 published on
28 November 2025 .
1425*

use; reagents for scientific and research use; analytical standard solutions and reagents for scientific and research use; analytical standard solutions and reagents for testing soil for the purpose of monitoring contaminants; chromatography chemicals; sample preparation kits for scientific and research purposes, comprising biological standards, namely, monoclonal antibodies, and chemical reagents for biological analysis; chemical reagents for preparing samples for chromatography and mass spectrometry for non-medical, laboratory use; chemicals, namely, buffers and standard solutions used in analytical chemistry; buffers in the nature of chemicals used in analytical chemistry; chemically-treated non-medical test strips and test-strip holders specifically adapted for, and sold with, the aforementioned test strips for the detection of mycotoxins by antibody affinity reactions in grain, feed, and food products; assay kits comprising an affinity chromatography column and chemical reagents for testing for mycotoxin contamination in grain, feed, and food products; environmental quality control fluid, gas, and soil samples for calculating standards for testing and verifying the quality of soil and air.

Class 9:

Analytical apparatus and instruments for laboratory use and their parts, fittings, and accessories therefor; analytical apparatus and instruments for performing biological testing, physical testing, biological and chemical separation, purification, screening and identification; laboratory instruments, namely, chromatography and spectrometry instruments for laboratory use; material testing laboratory instruments; laboratory apparatus and instruments for solid phase extraction; positive pressure manifolds for chromatography instruments; laboratory analytical instruments for detecting and measuring visual and ultraviolet light; laboratory analytical instruments for detecting and measuring fluorescence; laboratory analytical instruments, namely, ultraviolet and visual light sensors; laboratory analytical instruments, namely, photodiode array sensors; laboratory analytical instruments, namely, evaporative light scattering detectors; laboratory analytical instruments, namely, refractive index detectors; analytical instruments featuring light-guiding flow cell for performing and analyzing biological and chemical samples, not for medical use; wheeled carts specially adapted for laboratory instruments; laboratory instruments for organizing, storing, and processing laboratory samples in a temperature controlled environment; fluid temperature control system for laboratory use and scientific purposes; laboratory instrument for controlling sample temperature; laboratory instrument for controlling sample temperature for use in connection with laboratory automation systems; laboratory instruments for processing samples with liquid chromatography columns; laboratory instruments for heating and cooling laboratory samples and chromatography columns; chromatography columns for laboratory use featuring radio frequency identification (RFID) transponders; radio frequency identification (RFID) transponders and readers for use with chromatography columns; radio frequency radio frequency identification (RFID) transponders, tags, labels, and stickers sold as components of a chromatography column; analytical laboratory instruments for automating sample analyses, diluting samples, tracking and tracing results of sample processing; spectral detectors for use in connection with mass spectrometers and liquid chromatographs not for medical use; detectors for detecting and quantifying ultraviolet and visible spectral exposure for laboratory use; fluorescence

detectors for analysis and detection of samples containing chemiluminescent properties for laboratory use; laboratory robots; laboratory robots used for the purpose of handling laboratory pipettes; laboratory pipettes; automated laboratory pipettes; electronic laboratory pipettes; automated pipetting instrument for laboratory use for use in connection with liquid chromatography or mass spectrometry; pipette racks for laboratory use; pipette tips for laboratory use; pipette accessories, namely, magnetic beads used for laboratory use for DNA and RNA extraction within pipette tips; laboratory equipment and apparatus, namely, magnetic beads for laboratory use for use in purifying genomic, plasmid and mitochondrial DNA; accessories for analytical apparatus and instruments for scientific and laboratory research purposes, namely, peltier plates in the nature of electrical cooling and heating plates for cooling and heating laboratory samples; laboratory equipment, namely, orbital shakers for laboratory use; automated laboratory sample extraction instruments comprised of vacuum control valves and alignment posts; laboratory equipment and apparatus, namely, column tube grippers and microplate grippers for transfer of centrifuge tubes and microplates; laboratory equipment and supplies, namely, microfluidic chips for analyzing RNA and DNA; magnetic blocks for holding, organizing, agitating, stirring, heating, cooling, and storing consumables for laboratory use; laboratory equipment and supplies, namely, glass bottles, tanks, tubes, vials, and caps for tubes for laboratory use; laboratory equipment and supplies, namely, plastic tubes and bottles for laboratory use; plates for collecting and analyzing samples, namely, optimization plates, elution plates, photoredox plates, and well plates having multi-well arrays that can be used in chemical analysis, biological analysis or patterning for scientific or laboratory research use; non-medical immunostaining racks for scientific or laboratory purposes; disposable reusable dispenser syringes for laboratory sample use, not for medical use; laboratory instrument for measuring and locating the liquid levels of consumables for laboratory use in the nature of liquid level sensors; computer hardware for laboratory, scientific, and clinical use for use in managing laboratory operations and analyzing laboratory samples; electronic measurement systems, namely light scattering photometers, differential refractometers, online particle fractionators for use with light scattering photometers, sonication (non-chemical) optical flow cell cleaners; laboratory apparatus and instruments, namely multi-angle light scattering instruments; laboratory apparatus and instruments, namely dynamic light scattering instruments; laboratory apparatus and instruments, namely electrophoretic light scattering instruments; laboratory apparatus and instruments, namely field-flow fractionation instruments; laboratory analytical instruments for measuring and characterizing molecular molar mass, molecular size, molecular charge, molecular interaction, molecular shape and confirmation, and molecular conjugation and bonding; computer laboratory workstations comprised of downloadable and recorded software for scientific, clinical, and diagnostic laboratory use, namely, for use in managing laboratory operations, analyzing laboratory samples, and automating laboratory experiments; downloadable or recorded application programming interface (API) software; downloadable or recorded software for analyzing materials by measuring changes in the physical or chemical properties of the material as the material is subjected to controlled changes in ITS environment; downloadable or recorded software for analyzing

List of cases accepted for opposition purposes as shown in Journal 2025/048 published on 28 November 2025 .

samples for compliance with environmental regulations; downloadable or recorded software for analyzing samples for toxins or contaminants; downloadable or recorded software for automating chromatography and mass spectrometry operations in a chromatography and mass spectrometry apparatus; downloadable or recorded software for automating laboratory instruments; downloadable or recorded software for automating pipetting; downloadable or recorded software for calibrating pipettes; downloadable or recorded software for collecting, analyzing, organizing, storing, and reporting data for use in scientific analysis; downloadable or recorded software for collecting, analyzing, organizing, storing, and reporting chromatography and mass spectrometry data; downloadable or recorded software for collecting, analyzing, organizing, storing, and reporting data from analytical equipment in the chemical, pharmaceutical, life sciences, environmental, clinical diagnostic, food science and safety, and forensic toxicology fields; downloadable or recorded software for controlling chromatography and spectrometry instruments; downloadable or recorded software for controlling laboratory instruments; downloadable or recorded software for creating and executing laboratory methods and protocols; downloadable or recorded software for data analysis for laboratory instruments and laboratory data; downloadable or recorded software for facilitating laboratory compliance with government regulation; downloadable or recorded software for identifying and analyzing the components of a sample; downloadable or recorded software for laboratory analytical method development, testing, and validation management, namely, for creating, testing, and validating methods for using analytical instruments for laboratory use; downloadable or recorded software for laboratory and laboratory sample management; downloadable or recorded software for laboratory informatics; downloadable or recorded software for laboratory robot control; downloadable or recorded software for laboratory, scientific, and clinical use, namely, computer software for use in managing laboratory operations and analyzing laboratory samples; downloadable or recorded software for managing laboratory workflow, namely, software for controlling, organizing, and tracking laboratory testing projects, laboratory test results, laboratory staff utilization, and reagent and sample inventories; downloadable or recorded software for operating laboratory instruments; downloadable or recorded software for purification of samples in chromatography and spectrometry applications; downloadable or recorded software for use in connection with light scattering and refractive index detection, data acquisition applications, and liquid chromatographic separations; downloadable or recorded software for validating pipette performance; downloadable or recorded software for validating processes in chromatography and mass spectrometry laboratories; downloadable or recorded software for validating processes in laboratories; analytical apparatus and instruments for performing biological testing, physical testing, biological and chemical separation, purification, screening and identification and structural parts and structural fittings therefor, namely, liquid chromatography apparatus and instruments for laboratory use and structural parts and structural fittings therefor, gas chromatography apparatus for laboratory use and structural parts and structural fittings therefor, ION mobility chromatography apparatus for laboratory use and structural parts and structural fittings therefor, mass spectrometry apparatus and instruments for laboratory use and structural parts and structural fittings therefor; analytical apparatus and instruments, namely, detectors for indicating

the presence or absence of toxins in the fields of agriculture and food processing and structural parts and structural fittings therefor; analytical apparatus and instruments for laboratory use, namely, magnetic suspension balances and structural parts and structural fittings therefor; analytical apparatus and instruments for laboratory use, namely, mechanical testing instruments, rubber testing instruments and structural parts and structural fittings therefor; scientific analytical apparatus and instruments in the nature of magnetic suspension balances for isothermal measuring equilibrium and kinetics of ad-or absorption processes and for thermogravimetric measurements at high temperatures and high pressures, gravimetric analysis, thermogravimetric analysis or sorption analysis and structural parts and structural fittings therefor; analytical apparatus and instruments for laboratory use for gas and vapor dosing, mixing, and pressure control and structural parts and structural fittings therefor; analytical apparatus and instruments for laboratory use, namely, electrosurgical instruments used with analytical instruments to identify the presence or absence of toxins in sample tissues, electrosurgical smoke evaluation devices, devices for identification of chemicals in electrosurgical smoke for non-medical diagnostic and analytical purposes; fluorometers and structural parts and structural fittings therefor; lateral flow readers and structural parts and structural fittings therefor; rheometers and structural parts and structural fittings therefor; calorimeters and structural parts and structural fittings therefor; dilatometers and structural parts and structural fittings therefor; laboratory chemical reactors; diagnostic apparatus for testing food; diagnostic apparatus for testing agricultural products; diagnostic apparatus for the detection and identification of microbes and pathogens for laboratory or research use; diagnostic apparatus for testing for illegal drugs, diagnostic apparatus for forensic toxicology; chromatography columns for laboratory use; laboratory consumables, namely, vials, containers, sample trays, sample plates, sample containers, tubing, cartridges, pipettes; solid phase extraction cartridges and plates for laboratory use; affinity columns, comprising monoclonal antibodies, for purifying samples for subsequent liquid-chromatography and mass-spectrometry testing for mycotoxin contamination in grain, feed, and food products; computer operating software for analytical apparatus and instruments; computer operating software for analyzing materials by measuring changes in the physical or chemical properties of the materials; computer operating software for bioinformatics, laboratory data analysis, analysis and visualization of data from liquid chromatography and mass spectrometry instruments, discovery, identification, and analysis of chemical compounds; computer operating software for analyzing materials by measuring changes in the physical or chemical properties of the material as the material is subjected to controlled changes in ITS environment; analytical apparatus and instruments for laboratory use, namely, flash diffusivity analyzers and parts thereof; mechanical testing instruments, for testing the mechanical or material properties of test samples; mass spectrometer and parts thereof; analytical apparatus and instruments for analyzing mechanical or material properties of material samples for scientific research purposes, namely, thermal analyzers, thermal conductivity meters; laboratory instruments, namely, specimen testing instruments used to apply cyclic and static loads to a specimen integrated with a controller used for fatigue testing and material testing of the specimen subjected to loads; rheometers for measuring the viscosity and viscoelasticity of fluids, and parts and therefor; laboratory chemical reactors and parts thereof;

List of cases accepted for opposition purposes as shown in Journal 2025/048 published on 28 November 2025 .

laboratory instruments, namely, autosamplers; laboratory instruments, namely, pressure cells in the nature of vessels that can withstand high internal pressures; computer operating software for analyzing materials by measuring changes in the physical or chemical properties of the material as the material is subjected to controlled changes in ITS environment; accessories for use with analytical apparatus and instruments for scientific research purposes, namely, grips and platens, stent and graft testers, cylinders, equipment for cutting specimens, and temperature control units; accessories for analytical apparatus and instruments for scientific research purposes, namely, peltier plate systems in the nature of electrical heating and cooling plates, plate pressure cells in the nature of vessels that can withstand high internal pressures, sensors for sensing the mechanical and material properties of samples, temperature, pressure, motion, distances, force, torque, viscosity, elasticity, material strain, tension, deflection, compression, electrically heated cylinders in the nature of test chambers, relative humidity sensors, optical plates, modular microscope accessory in the nature of microscopes, environmental test chambers, namely, temperature simulation equipment, small angle light scattering diodes, interfacial rheology accessories, namely, accessories for analyzing viscoelasticity, triborheometry accessories, namely, accessories for analyzing friction, magneto-rheology accessories, namely, accessories for analyzing properties of materials subject to magnetic fields, electro-rheology accessories, namely, accessories for analyzing properties of materials subject to electric currents, UV curing accessories, namely, accessories for analyzing properties of materials subject to ultraviolet radiation, dielectric measurement accessories, namely, accessories for analyzing properties of materials subject to an oscillating electrical field, dielectric thermal analysis accessories, namely, accessories for analyzing properties of materials subject to controlled temperatures and an oscillating electrical field, immobilization cells, namely, test chambers for characterizing the drying, retention, and immobilization kinetics of paints, coatings, and slurries; starch pasting cells, namely, test chambers for analyzing starches, dynamic mechanical analysis accessories, namely, accessories for analyzing material properties of solid materials, refrigerated cooling systems, namely, analytical instrument accessories for controlling sample temperature, laboratory instruments, namely, autosamplers and automated sample processing apparatus and carousels, forced convection oven accessories, namely, analytical instrument accessories for controlling sample temperature, orthogonal superposition accessories, namely, accessories for analyzing nonlinear viscoelasticity, 2-dimensional small amplitude oscillatory shear accessories, namely, accessories for analyzing nonlinear viscoelasticity, extensional viscosity fixture accessories, namely, accessories for analyzing extensional viscosity and stress, cone and partitioned plate accessories, namely, accessories for analyzing elastic materials, interfacial rheology accessories, degassing stations, namely, instruments for removing gasses from samples, clamps for use with analytical instruments, evacuated ampoules made of glass, metal, or plastic for use in testing and analyzing samples for non-medical purposes, sample measuring system accessories, namely, accessories for measuring the mechanical and material properties of samples, temperature, pressure, motion, distances, force, torque, viscosity, elasticity, material strain, tension, deflection, compression.

Class 35:

Promoting the exchange of information and resources within the laboratory research community to achieve advances in the field of the separation sciences; promoting the exchange of information and resources within the laboratory research community to achieve advances in the fields of chemistry, biochemistry, pharmaceuticals, environmental science, material science, and material characterization; business consulting services in best practices for laboratory research in the field of chemistry, biochemistry pharmaceutical science, forensic toxicology, food science, environmental science, material science, and material characterization; online, catalog, and mail order services featuring computer operating software for analytical apparatus and instruments, analyzing and manipulating data; online, catalog, and mail order services featuring computer operating software data acquisition, processing, and reporting.

Class 42:

Providing facilities for scientific research in the nature of a laboratory for the separation sciences; providing facilities for scientific research in the nature of a laboratory featuring instruments for chromatography, mass spectrometry, and material science; consulting services in the field of laboratory research for chemistry, biochemistry, pharmaceutical science, material science, and material characterization; consulting services in the field of laboratory science; technical consulting services in best practices for laboratory research in the field of chemistry, biochemistry pharmaceutical science, material science and material characterization; scientific research and development; laboratory study and research in the fields of chemistry, biochemistry, pharmaceutical science, material science, and material characterization; scientific laboratory research services in the field of chemistry, biochemistry pharmaceutical science, material science and material characterization; research and development of laboratory instruments in the field of chemistry, biochemistry pharmaceutical science, material science, and material characterization; advisory services relating to the fields of development of laboratory instruments in the field of chemistry, biochemistry pharmaceutical science, material science, and material characterization advisory services related to material testing; updating, repair, and maintenance of laboratory software; technical support services, namely, providing information, consultation and diagnostic services in the fields of electronic and optical components, computer software, and scientific, electronic test, measurement, biological and chemical analytical, and optical equipment; services for updating and maintenance of laboratory instrument and laboratory management computer software; technical support services, namely, troubleshooting of laboratory computer software problems; technical support services, namely, operational qualification services for scientific analytical apparatus and instruments, specifically, technical verification and validation of laboratory equipment; providing technical advice relating to use, operation, and function of scientific analytical apparatus and instruments; software as a service (SaaS) services featuring software for analyzing materials by measuring changes in the physical or chemical properties of the material as the material is subjected to controlled changes in ITS environment software as a service (SaaS) services featuring software for analyzing samples for compliance with environmental regulations; software as a service (SaaS) services featuring software for analyzing samples for toxins or contaminants; software as a service (SaaS) services featuring software for

List of cases accepted for opposition purposes as shown in Journal 2025/048 published on 28 November 2025 .

automating chromatography and mass spectrometry operations in a chromatography and mass spectrometry apparatus; software as a service (SaaS) services featuring software for automating laboratory instruments; software as a service (SaaS) services featuring software for automating pipetting; software as a service (SaaS) services featuring software for calibrating pipettes; software as a service (SaaS) services featuring software for collecting, analyzing, organizing, storing, and reporting data for use in scientific analysis; software as a service (SaaS) services featuring software for collecting, analyzing, organizing, storing, and reporting chromatography and mass spectrometry data; software as a service (SaaS) services featuring software for collecting, analyzing, organizing, storing, and reporting data from analytical equipment in the chemical, pharmaceutical, life sciences, environmental, clinical diagnostic, food science and safety, and forensic toxicology fields; software as a service (SaaS) services featuring software for controlling chromatography and spectrometry instruments; software as a service (SaaS) services featuring software for controlling laboratory instruments; software as a service (SaaS) services featuring software for creating and executing laboratory methods and protocols; software as a service (SaaS) services featuring software for data analysis for laboratory instruments and laboratory data; software as a service (SaaS) services featuring software for facilitating laboratory compliance with government regulation; software as a service (SaaS) services featuring software for identifying and analyzing the components of a sample; software as a service (SaaS) services featuring software for laboratory analytical method development, testing, and validation management, namely, for creating, testing, and validating methods for using analytical instruments for laboratory use; software as a service (SaaS) services featuring software for laboratory and laboratory sample management; software as a service (SaaS) services featuring software for laboratory informatics; software as a service (SaaS) services featuring software for laboratory robot control; software as a service (SaaS) services featuring software for laboratory, scientific, and clinical use, namely, computer software for use in managing laboratory operations and analyzing laboratory samples; software as a service (SaaS) services featuring software for managing laboratory workflow, namely, software for controlling, organizing, and tracking laboratory testing projects, laboratory test results, laboratory staff utilization, and reagent and sample inventories; software as a service (SaaS) services featuring software for operating laboratory instruments; software as a service (SaaS) services featuring software for purification of samples in chromatography and spectrometry applications; software as a service (SaaS) services featuring software for use in connection with light scattering and refractive index detection, data acquisition applications, and liquid chromatographic separations; software as a service (SaaS) services featuring software for validating pipette performance; software as a service (SaaS) services featuring software for validating processes in chromatography and mass spectrometry laboratories; software as a service (SaaS) services featuring software for validating processes in laboratories; providing online, non-downloadable software for analyzing materials by measuring changes in the physical or chemical properties of the material as the material is subjected to controlled changes in ITS environment; providing online, non-downloadable software for analyzing samples for compliance with environmental regulations; providing online, non-downloadable software for analyzing samples for toxins or

contaminants; providing online, non-downloadable software for automating chromatography and mass spectrometry operations in a chromatography and mass spectrometry apparatus; providing online, non-downloadable software for automating laboratory instruments; providing online, non-downloadable software for automating pipetting; providing online, non-downloadable software for calibrating pipettes; providing online, non-downloadable software for collecting, analyzing, organizing, storing, and reporting data for use in scientific analysis; providing online, non-downloadable software for collecting, analyzing, organizing, storing, and reporting chromatography and mass spectrometry data; providing online, non-downloadable software for collecting, analyzing, organizing, storing, and reporting data from analytical equipment in the chemical, pharmaceutical, life sciences, environmental, clinical diagnostic, food science and safety, and forensic toxicology fields; providing online, non-downloadable software for controlling chromatography and spectrometry instruments; providing online, non-downloadable software for controlling laboratory instruments; providing online, non-downloadable software for creating and executing laboratory methods and protocols; providing online, non-downloadable software for data analysis for laboratory instruments and laboratory data; providing online, non-downloadable software for facilitating laboratory compliance with government regulation; providing online, non-downloadable software for identifying and analyzing the components of a sample; providing online, non-downloadable software for laboratory analytical method development, testing, and validation management, namely, for creating, testing, and validating methods for using analytical instruments for laboratory use; providing online, non-downloadable software for laboratory and laboratory sample management; providing online, non-downloadable software for laboratory informatics; providing online, non-downloadable software for laboratory robot control; providing online, non-downloadable software for laboratory, scientific, and clinical use, namely, computer software for use in managing laboratory operations and analyzing laboratory samples; providing online, non-downloadable software for managing laboratory workflow, namely, software for controlling, organizing, and tracking laboratory testing projects, laboratory test results, laboratory staff utilization, and reagent and sample inventories; providing online, non-downloadable software for operating laboratory instruments; providing online, non-downloadable software for purification of samples in chromatography and spectrometry applications; providing online, non-downloadable software for use in connection with light scattering and refractive index detection, data acquisition applications, and liquid chromatographic separations; providing online, non-downloadable software for validating pipette performance; providing online, non-downloadable software for validating processes in chromatography and mass spectrometry laboratories; providing online, non-downloadable software for validating processes in laboratories; design and development of analytical apparatus and instruments and parts therefor for scientific and research use; design and development of chemistry consumables for laboratory use; design and development of computer software for analytical apparatus and instruments or scientific and research use; scientific consulting services in the field of analytical chemistry; scientific consulting services in the field of analytical chemistry in the nature of product qualification and validation, implementation project management of scientific research for chemical analyses, computer software testing for chemical analyses,

List of cases accepted for opposition purposes as shown in Journal 2025/048 published on 28 November 2025 .

laboratory analytics, and informatics for chemical analyses; scientific consulting in the field of analytical chemistry, namely, development of practical applications and usage of laboratory apparatus and instruments for use in research in analytical chemistry; cloud computing featuring software and software as a service featuring software for use with analytical apparatus and instruments in bioinformatics, laboratory data analysis, analysis and visualization of data from liquid chromatography and mass spectrometry instruments, discovery, identification, and analysis of chemical compounds, analyzing materials by measuring changes in the physical or chemical properties of the material as the material is subjected to controlled changes in ITS environment; maintenance and repair services for database systems and computer operating software.

IMI ADAPTAS

International priority date claimed: 18 December 2024 (US)
(98910230)

Class 7:
Fluidic syringe pumps being machines and valves being component parts of fluidic syringe pump machines; hydraulic linear actuators, other than for land vehicles; brushless direct current servo motors.

Class 9:
Electric linear actuators; scientific instrument for automatically introducing thermal desorption samples into a gas chromatograph; electron multipliers; electric power supply apparatus; electronic controllers for motors; scientific equipment for laboratory use, namely, particle detectors being radiation detectors; laboratory research device for housing a column containing volatile components passing therethrough wherein the device is adapted to be rapidly heated and/or cooled for trapping and/or release of the volatile components as desired to facilitate analysis thereof during gas and liquid chromatography; laboratory apparatus, namely integrated fluidic platforms consisting of glass syringes, solenoid and shear valves, and associated tubing and fittings in the nature of analytical syringe, solenoid valve and shear valve fittings, compression fittings for syringes, solenoid valves and shear valves, capillary tubing, and microbore tubing; downloadable and recorded simulation software for modeling of electron and ion optics; instruments for chemical analysis, namely, mass spectrometers and gas and liquid chromatographs and replacement parts used therewith; replacement parts for mass spectrometers for laboratory use, namely, filaments,

continuous flow probes, flanges, thermocouples and heaters; scientific equipment, namely, ion detectors; basic laboratory equipment for laboratory use, namely, syringes, automated syringe pumps, needles, probes, and associated tubing and fittings in the nature of analytical syringe, needle, syringe pumps and probe fittings, compression fittings for syringes, needles, syringe pumps and probes, capillary tubing, and microbore tubing, all used for controlling the flow of liquids and gases; parts sold as components of scientific instruments, namely, emission filaments which produce electron beams or a focused energy beam for use in mass spectrometers and electron microscopes; scientific equipment, namely, residual gas analyzers, electron energy spectrometers, electron energy analyzers, hemispherical analyzers, photo electron spectroscopy analyzers; fluidic components and subassemblies for laboratory use, namely, solenoid valves and fittings thereof, shear valves, valve drivers, and spring loaded fittings for such valves, all used for controlling the flow of liquids and gases and not being parts of heating or cooling installations or machines; thermal desorption unit for laboratory use comprising a tube holder, a mass spectrometer, a mass spectrometer interface, a cryogenic trap, a capillary column, an injection port, a computer monitor and printer used for direct desorption of both volatile and semi-volatile samples into the injection port and column of a gas chromatograph; laboratory equipment, namely, ion detectors; scientific laboratory equipment, namely, short path thermal desorber and structural parts therefor, conditioning oven, sampling oven, and liquid sampling apparatus in the nature of laboratory pipettes and laboratory storage tubes.

Class 10:
Medical apparatus, namely, syringe pumps, and probes all used for controlling the flow of liquids and gases; all the aforesaid goods for use in medical sampling; medical tubing for fluidic pumps and associated valves used for controlling the flow of liquids and gases; liquid and gas syringes sold empty for medical purposes; needles for medical use specifically used in instruments in the medical field.

Class 16:
Printed newsletter on the topics of mass spectrometry and chromatography.

Class 40:
Glass extrusion services; machine shop services, namely, machining parts for others, in the field of laboratory science, analytical, and clinical equipment design; joining of components by laser welding, tungsten inert gas welding and vacuum brazing, in the field of laboratory science, analytical, and clinical equipment design; glass fabrication services, glass tempering and processing and finishing of glass.

Class 42:
Technical consulting in the field of fluidics equipment design; product development services in the field of laboratory science, analytical, and clinical equipment design.

alloys including stainless steel; steel in the form of plates; steel in the form of coils; cold rolled sheet metal; steel; bright steel; stainless steel; carbon steel; steel poles; bar steel; plated steel; rerolled steel; rolled steel; sheet steel; profile steel; steel pipes; cast steel; steel alloys; unwrought steel; steel rails; steel rods; steel sheets; steel wire; coated steels; alloyed steels; carbon steels; rerolled steels; stainless steels; rolled steels; galvanized steel sheets; steel sheet for automobile bodies; steel, unwrought or semi-wrought; steel in sheet, rod, bar and billet form; tubes of steel, including those rolled, peeled or ground; valves of metal other than parts of machines including those from alloy steel and titanium; branching pipes of metal including those from alloy steel and titanium.

Class 35:

Business management and administration; business management assistance; business management planning and supervision; business management and organization consultancy; business consulting; business consulting services relating to manufacturing; advisory services relating to business operations; provision of business assistance and management assistance; import-export agencies; sales promotion, including distribution of printed and audio promotional materials; advertising and promotional services; market research; market analysis services; marketing assistance; marketing information; marketing services; advisory services relating to marketing; providing business information and business and marketing consultancy services, each in the field of the iron and steel industry including information on market trends, pricing, supply and demand of specific products of interest to suppliers and customers; compilation and provision of business information; business information provided online from a computer database or the internet; marketing studies; professional marketing support, assistance and consultancy services, especially relating to the iron and steel industry, including sales agency services; retail services in relation to refractory materials and raw materials for the iron and steel industry, steel, iron, coke and coal; wholesale services in relation to raw materials for the iron and steel industry, steel, iron, coke and coal; business operation of iron and steel mills; foreign trade information and consulting; wholesale services in relation to refractory materials and common metals and their alloys, namely pellets, slabs, blocks, ribbons, profiles, bars, sections, poles, rods, blooms, sheets, wires, billets, tubes, pipes, strips and ingots made of steel, iron, white iron, pig iron, iron ore, coal, tinplate, scrap iron and spare parts relating to the iron and steel industry; information and advice in relation to wholesale trade and commodity trading in the iron and steel industry; business project management; customs clearance services; procurement of goods on behalf of businesses and procurement services for others; provision of computerized business information.

Class 40:

Custom manufacture of metal building and construction elements; custom manufacture of refractory materials; custom manufacture of doors, gates, windows and window coverings of metal; custom manufacture of metal hardware; custom manufacture of structures and transportable buildings of metal; custom manufacture of unprocessed and semi-processed materials of metal; custom manufacture of pipes, tubes and hoses, and fittings therefor, including valves, of metal; custom manufacture of arches of metal; custom manufacture of facade elements of metal; custom manufacture of bracings of

metal; custom manufacture of frameworks of metal; custom manufacture of joists of iron or steel; custom manufacture of metal beams; custom manufacture of plating metals; custom manufacture of sheet piles of metal; custom manufacture of roofing materials of metal; custom manufacture of tiles of metal; custom manufacture of cables, wires and chains; custom manufacture of expansion joints of metal; custom manufacture of metal coils; custom manufacture of nuts, bolts and fasteners; custom manufacture of semi-finished articles of aluminium or its alloys; custom manufacture of steel grating; custom manufacture of steel grinding balls; custom manufacture of steel grinding rods; custom manufacture of common metals and their alloys including stainless steel; custom manufacture of containers, and transportation and packaging articles, of metal; custom manufacture of railway material, of metal; custom manufacture of beams of common metal for building; custom manufacture of blocks (metal) for construction; custom manufacture of building beams (metal); custom manufacture of building castings of metal; custom manufacture of building materials of metal; custom manufacture of castings of lead or its alloys; custom manufacture of ceiling units of metal; custom manufacture of fabricated metal components for building foundations; custom manufacture of facade construction components of metal; custom manufacture of facade facings of metal; custom manufacture of facades of metal; custom manufacture of fired refractory materials of metal [building materials]; custom manufacture of frames of metal for building; custom manufacture of ironmongery of metal for building; custom manufacture of pipes, tubes and hoses, and fittings therefor, including valves; custom manufacture of slabs of metal for building; custom manufacture of roofing plate of metal; custom manufacture of roofing sheets of metal; custom manufacture of structural steels; custom manufacture of steel beams; custom manufacture of steel building materials; custom manufacture of steel frames for building; custom manufacture of steel reinforcement for use in the construction of concrete floors; custom manufacture of steel sheet for use in building; custom manufacture of brackets of metal for building; custom manufacture of bed casters of metal; custom manufacture of beak-irons; custom manufacture of cable drums (non-mechanical -) of metal; custom manufacture of cable thimbles of metal; custom manufacture of steel forgings; custom manufacture of steel in the form of plates; custom manufacture of steel in the form of coils; custom manufacture of cold rolled sheet metal; custom manufacture of steel; custom manufacture of bright steel; custom manufacture of stainless steel; custom manufacture of carbon steel; custom manufacture of steel poles; custom manufacture of bar steel; custom manufacture of plated steel; custom manufacture of rerolled steel; custom manufacture of rolled steel; custom manufacture of sheet steel; custom manufacture of profile steel; custom manufacture of steel pipes; custom manufacture of cast steel; custom manufacture of steel alloys; custom manufacture of unwrought steel; custom manufacture of steel rails; custom manufacture of steel rods; custom manufacture of steel sheets; custom manufacture of steel wire; custom manufacture of coated steels; custom manufacture of alloyed steels; custom manufacture of carbon steels; custom manufacture of rerolled steels; custom manufacture of stainless steels; custom manufacture of rolled steels; custom manufacture of galvanized steel sheets; custom manufacture of steel sheet for automobile bodies; custom manufacture of steel, unwrought or semi-wrought; custom manufacture of steel in sheet, rod, bar and billet form; custom manufacture of tubes of steel, including

List of cases accepted for opposition purposes as shown in Journal 2025/048 published on 28 November 2025 .

those rolled, peeled or ground; custom manufacture of valves of metal other than parts of machines including those from alloy steel and titanium; custom manufacture of branching pipes of metal including those from alloy steel and titanium; contract manufacture of metal building and construction elements; contract manufacture of refractory materials; contract manufacture of doors, gates, windows and window coverings of metal; contract manufacture of metal hardware; contract manufacture of structures and transportable buildings of metal; contract manufacture of unprocessed and semi-processed materials of metal; contract manufacture of pipes, tubes and hoses, and fittings therefor, including valves, of metal; contract manufacture of arches of metal; contract manufacture of facade elements of metal; contract manufacture of bracings of metal; contract manufacture of frameworks of metal; contract manufacture of joists of iron or steel; contract manufacture of metal beams; contract manufacture of plating metals; contract manufacture of sheet piles of metal; contract manufacture of roofing materials of metal; contract manufacture of tiles of metal; contract manufacture of cables, wires and chains; contract manufacture of expansion joints of metal; contract manufacture of metal coils; contract manufacture of nuts, bolts and fasteners; contract manufacture of semi-finished articles of aluminium or its alloys; contract manufacture of steel grating; contract manufacture of steel grinding balls; contract manufacture of steel grinding rods; contract manufacture of common metals and their alloys including stainless steel; contract manufacture of containers, and transportation and packaging articles, of metal; contract manufacture of railway material, of metal; contract manufacture of beams of common metal for building; contract manufacture of blocks (metal) for construction; contract manufacture of building beams (metal); contract manufacture of building castings of metal; contract manufacture of building materials of metal; contract manufacture of castings of lead or its alloys; contract manufacture of ceiling units of metal; contract manufacture of fabricated metal components for building foundations; contract manufacture of facade construction components of metal; contract manufacture of facade facings of metal; contract manufacture of facades of metal; contract manufacture of fired refractory materials of metal [building materials]; contract manufacture of frames of metal for building; contract manufacture of ironmongery of metal for building; contract manufacture of pipes, tubes and hoses, and fittings therefor, including valves; contract manufacture of slabs of metal for building; contract manufacture of roofing plate of metal; contract manufacture of roofing sheets of metal; contract manufacture of structural steels; contract manufacture of steel beams; contract manufacture of steel building materials; contract manufacture of steel frames for building; contract manufacture of steel reinforcement for use in the construction of concrete floors; contract manufacture of steel sheet for use in building; contract manufacture of brackets of metal for building; contract manufacture of bed casters of metal; contract manufacture of beak-irons; contract manufacture of cable drums (non-mechanical -) of metal; contract manufacture of cable thimbles of metal; contract manufacture of steel forgings; contract manufacture of steel in the form of plates; contract manufacture of steel in the form of coils; contract manufacture of cold rolled sheet metal; contract manufacture of steel; contract manufacture of bright steel; contract manufacture of stainless steel; contract manufacture of carbon steel; contract manufacture of steel poles; contract manufacture of bar steel; contract manufacture of plated steel; contract

manufacture of rerolled steel; contract manufacture of rolled steel; contract manufacture of sheet steel; contract manufacture of profile steel; contract manufacture of steel pipes; contract manufacture of cast steel; contract manufacture of steel alloys; contract manufacture of unwrought steel; contract manufacture of steel rails; contract manufacture of steel rods; contract manufacture of steel sheets; contract manufacture of steel wire; contract manufacture of coated steels; contract manufacture of alloyed steels; contract manufacture of carbon steels; contract manufacture of rerolled steels; contract manufacture of stainless steels; contract manufacture of rolled steels; contract manufacture of galvanized steel sheets; contract manufacture of steel sheet for automobile bodies; contract manufacture of steel, unwrought or semi-wrought; contract manufacture of steel in sheet, rod, bar and billet form; contract manufacture of tubes of steel, including those rolled, peeled or ground; contract manufacture of valves of metal other than parts of machines including those from alloy steel and titanium; contract manufacture of branching pipes of metal including those from alloy steel and titanium; custom manufacture of refractory materials; firing of refractory ceramic materials; custom manufacture of refractory materials for the steel industry, including refractory plates for slide-gates systems, ceramic and carbon-bonded isocratic products, silica bricks and unshaped products; custom steel rolling and fabrication to the order and specification of others; finishing of metal surfaces; galvanizing of metals and metal alloys; hammering of metals and metal alloys; heat treatment of metals; laminating of metal plates; metal coating; metal fabrication and finishing services; metal cutting; metal forging; metal moulding; metal polishing; metal pressing; metal casting; metal plating; metal stamping; metal tempering; metal treatment; metal milling; tin plating; metal shaping; metallurgical smelting; hardening of metal; processing of semi-finished metal goods by coating; custom manufacture of steel for third parties in compliance with their specifications, including converting steel blocks into plates and sheets; processing of semi-finished metal goods by blanking, coating or heat treatment; millworking; steel cutting; zinc plating; chromium plating of metal goods; surface plating; consulting, advisory and information services relating to the aforementioned services; applying finish to stainless steel sheets and coils; cold forming of metal; cutting of metal; extruding of metal alloys; galvanising of metal; heat treatment of ores; hot dipping; heat treatment and coating of steel; heat treatment of metal surfaces; galvanizing; metal finishing; metal hardening; metal laminating; metal plating and laminating; metallurgical processing; metal treating; processing of metal surfaces by precision grinding and abrasive polishing; processing of metal surfaces using precision grinding techniques; processing of coal; stainless steel brushing services; treating [forging] of metal; treating [shaping] of metal; surface finishing of metal articles; stainless steel polishing services; metal stamping; metal pressing; treatment of metal parts to prevent corrosion; treatment of metal parts to prevent corrosion using hot-dip galvanizing and powder coating processes; treatment of materials using chemicals.

Scientific apparatus and instruments; data processing equipment; software (recorded programs); software embedded in signaling, control and monitoring devices for rail vehicles, particularly for the control of driving and braking operations; brake control software; devices for weighing rail rolling stock; braking system energy storage devices; anti-brake lock software; electronic wheel rotation monitoring equipment; software for controlling wear and/or heating of braking devices; control software for traction sanding (braking assistance); electronic sand level indicators; electronic brake wear monitoring devices; electric and electronic anti-slip, anti-brake lock and braking systems; electric or electronic brake controls; electric or electronic devices for brake control monitoring available to the driver; electric or electronic devices for monitoring brake wear; capacitors; all the aforesaid goods being parts of rail vehicle braking systems.

Class 12:

Brakes and braking systems; brake disks, wheel-mounted segmented brake disks, brake shoes, brake pads, sintered metal disk brake pads, brake linings, brake segments, electronic brakes, magnetic brakes, electromagnetic roller brakes, brake drums, wheel cylinders, brake power amplifiers, brake rods, freewheel couplings and brake blocks; automatic braking systems, in particular including compressed air generation units, autonomous or non-autonomous electric vehicles; compressed air supply devices; components of brake systems; braking installations and the command or control devices therefor; hydraulic circuits; compressed air and suction or vacuum axle, rail, motor and induction brakes; electromotive and resistance brakes; friction pairings; friction devices; brake cylinders; radiator hoses for motors; tire valves for pneumatic tires; control, regeneration, compressed air, air tanks; hydraulic tanks; brake disks made of carbon, cast iron, ceramic; cable brakes; braking warning lights (mechanical) and warning lights for brake wear and/or heating; online immobilization brakes; parking brakes; pneumatic brake controls (parts of braking systems); hydraulic brake controls (parts of braking systems); mechanical brake controls (parts of braking systems); electro-pneumatic brake control (part of braking systems); electro-hydraulic brake controls (parts of braking systems); brake interfaces (parts of braking systems) for the driver, namely, a mechanical braking setpoint device for enabling interaction between the driver and the braking control device; braking piloting devices; emergency brake levers; brake valves; brake indicators; braking control units; brake panels; brake modules; pneumatic manifolds; brake distributors; brake pipe accelerators; electro-pneumatic converters; pneumatic relays; devices for weighing rail rolling stock; valves and medium-pressure relays (parts of braking systems); brake linkages;

*List of cases accepted for opposition purposes as shown in Journal 2025/048 published on
28 November 2025 .*

brake calipers; brake blocks; brake shoes; brake block carriers; brake shoe carriers; brake lining carriers; braking particle capture systems; braking system energy storage devices; devices for monitoring brake energy storage; safety valves; isolation valves (brake circuit valves); hydraulic pressure generation (braking systems); pressure limiters; handbrakes; anti-slip devices; braking-generated particle recovery systems (parts of braking systems); installations, systems and equipment for traction sanding for braking assistance, namely, sand boxes, sand ejectors, sand nozzles, sand boxheaters, sand level indicators; adhesion regeneration devices; all the aforesaid goods being parts of rail vehicle braking systems.

Class 17:

Brake components for railway vehicles, namely, flexible brake hoses.

Class 37:

Repair, renovation, corrective or predictive maintenance of brake systems for rail vehicles; repair and maintenance of rail vehicle braking equipment and devices.

Class 42:

Scientific and technological services as well as research and design services relating thereto; industrial analysis and industrial research services; design and development of computers and software; design and development of computer languages for simulation and modeling; engineering work, research and development of new equipment and apparatus; designing and developing software for brake monitoring and control; developing stop point control algorithms; developing braking distance control algorithms; designing and developing anti-slip software; designing and developing software for traction sanding monitoring and control (braking assistance); designing and developing adhesion regeneration systems (engineering work); developing adhesion regeneration algorithms; all the aforesaid services provided in the field of rail vehicle braking system design and development.

disease, insomnia, parkinson's disease, schizophrenia, bipolar disorder, oncology, pain, migraine, headache, cluster headache, traumatic brain injury, post-traumatic brain injury, dizziness, seizures, stroke, cognitive impairment, cognitive disorders and diseases, mood swings, falls, movement disorders and movement disorders, tremor, agitation, mania, aggression, autism, melancholia, OCD, tourette's syndrome, restlessness, akathisia, fatigue, drowsiness, nausea, cushing's disease, adrenogenital syndrome (AGS), narcolepsy, PTSD, ADHD, PSP, thyroid associated orbitopathy (TAO), graves' orbitopathy, hashimoto's thyroiditis, alcoholism and addiction; preparations, chemical substances, reagents and agents for diagnostic and medical purposes.

Class 9:

Electronic publications (downloadable), including books, reports, brochures, booklets, magazines, leaflets, journals, educational and training materials in the fields of research and development, science, clinical testing, diagnostics, medicine, pharmaceuticals, disorders, diseases, treatment and prevention; computer software, recorded, including software for medical and pharmaceutical information, education and sales activities; software for websites, intranets and the internet; downloadable software in the form of downloadable virtual goods authenticated by NFTs (non-fungible tokens), namely virtual pharmaceutical preparations and substances, including for use in online environments, virtual environments, augmented virtual reality environments and metaverses; downloadable software for use in digital consulting; downloadable digital files authenticated by NFTs (non-fungible tokens); downloadable software for the creation, management, storage, provision, sending, receiving, exchanging, validating and selling of virtual pharmaceutical preparations and substances; downloadable software, including in the form of mobile applications, to facilitate communication between patients and healthcare professionals for the purpose of accessing and sharing data and information in the medical, pharmaceutical and healthcare fields; downloadable software that allows patients to review medication details and receive automatic alerts about potential adverse drug interactions; downloadable software that allows patients to request, receive, track shipment of, and manage prescriptions and orders for medications.

Class 35:

Advertising; business management, organization and administration; office functions; arranging and managing commercial events; business auditing; financial auditing; market intelligence services; dissemination of business information; business strategy development; wholesale and retail services in relation to pharmaceuticals; advertising and promotional services in the field of research and development, science, clinical testing and trials, diagnostics, medicine, pharmaceutical preparations, disorders, diseases, treatment and prevention; provision of the aforesaid services online, via cable or the internet or other electronic media; online retail services in relation to virtual goods, digital goods, digital assets, namely pharmaceutical preparations and substances; providing an online marketplace for buyers and sellers of virtual goods, digital goods, digital assets, digital tokens and non-fungible tokens (NFTs) of pharmaceutical preparations and substances; compilation of statistical data for use in scientific research; data collection company; data processing, systematization and management; statistical analysis and reporting.

Class 36:

Insurance business, financial business, foreign exchange business, real estate business; capital investments; financial analysis; financial management; financial sponsorship; financing services; fund investments; providing financial information; providing grants for scientific research projects; financial assistance services; investment of funds for charitable purposes; providing monetary grants to charitable organizations; fundraising; advice in connection with the above.

Class 38:

Providing online forums, chat rooms and electronic bulletin boards allowing users to post, search, view, share, critique, rate and comment on topics of interest; providing access to computer, electronic and online databases; broadcasting of audio, text, video and multimedia via computer and electronic communications networks, namely, uploading, posting, displaying, tagging and electronic transmission of data, audio and video; providing access to electronic databases regarding patient records.

Class 41:

Education; provision of education; entertainment services; sporting events and cultural events; arranging and conducting seminars, conferences, symposia, workshops (training) and courses; educational and teaching activities in the fields of research and development, science, clinical testing, diagnostics, medicine, pharmaceutical preparations, disorders, diseases, treatment and prevention; educational and training services in the field of research and development, science, clinical testing, diagnostics, medicine, pharmaceuticals, disorders, diseases, treatment and prevention, delivered electronically, online, via cable or the Internet or other electronic media; providing online publications (not downloadable), including books, reports, brochures, booklets, magazines, leaflets, journals, educational and training materials in the fields of research and development, science, clinical testing, diagnostics, medicine, pharmaceuticals, disorders, diseases, treatment and prevention; research library services including online and mobile research library services; providing online journals, namely blogs in the medical, pharmaceutical and health fields; production of webcasts and podcasts in the field of scientific research, pharmaceuticals and healthcare; publication of clinical trial results; hosting (organisation) of exhibitions, conferences and seminars and networking events for educational purposes; organization and holding of online education and training events, including virtual meetings and seminars.

Class 42:

Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and computer software; development of software applications for computers and mobile devices in the medical and healthcare fields; providing non-downloadable online software in the fields of research and development, science, clinical testing, diagnostics, medicine, pharmaceuticals, disorders, diseases, treatment and prevention; provision of scientific data and information in the areas of research and development, science, clinical testing; pharmaceutical research and development; scientific and technological services and research in the field of disorders, diseases and prevention; scientific and technological services and research in the field of the central nervous system and

(98706060)

Class 7:

Industrial robots; robotic machines and systems comprised of articulated robot arms for use in warehouse automation; automated conveyors for processing and filling orders at warehouses; automated material handling systems composed primarily of robotic picking stations and robotic re-binning stations for picking, storing, and distributing goods at warehouses for distribution and fulfillment operations.

Class 9:

Machinery and equipment for use in automated materials handling and storage systems, namely, automated digital controls for commercial handling and storage systems; downloadable computer software for controlling automated materials handling and storage systems and computer hardware and computer peripherals for use in automated materials handling systems, namely, computer hardware, downloadable software, and peripherals for use in the guidance of transfer vehicles for use in the field of automated materials handling and computer hardware, downloadable software and peripherals for use in the control of automated materials picking; and electric and electronic instruments and apparatus for use in automated materials handling systems, namely, control cabinets specifically adapted for housing automated materials handling and storage equipment in the nature of controller hardware, downloadable software, and programmable logic controllers; radio frequency controls, namely, radio frequency identification (RFID) tags and readers; laser scanners, voice actuated controls for commercial handling and storage systems, sensors for sensing speed, location, dimensions and weight, electric switches for electric motors, electrical wires and cables, capacitors, power supplies, and emergency power supplies.

Class 12:

Automated transport vehicles in the nature of automatic guided vehicles for use in automated materials handling and storage systems.

Class 35:

Business management of logistics for others; business consulting services relating to product distribution, operations management services, logistics, reverse logistics, supply chain, and production systems and distribution solution; comprehensive warehouse solutions, namely, business consulting and business project management services, all relating to warehouse operations, product distribution, supply chain and logistics solutions; business consulting services relating to logistics and supply chain solutions.

Class 36:

Financing services; equipment financing services; financing of industrial activities; financing of logistics services and warehouse services and solutions.

Class 37:

Installation, maintenance and repair of automated warehouse systems and automated materials handling and storage systems; installation, maintenance and repair of machines for transporting and lifting goods and loads; installation of warehouse automation machinery; consultation services relating to the installation of warehouse automation machinery.

Class 39:

Leasing of warehouse space; leasing of pallets for industrial and commercial use; supply chain logistics and reverse logistics services, namely, storage of goods for others; packing, crating and warehousing services; warehousing services; warehousing services, namely, storage, distribution, pick-up, and packing for shipment of packages, raw materials, and other freight for others; packaging and storage of goods; storage services, namely, provision of storage facilities; warehouse services, namely, rental of warehouse space for others; consultation services in the fields of supply chain logistics and reverse logistics services; product warehousing excluding business record warehousing.

Class 42:

Engineering; plant engineering; robotics engineering; automation engineering; consultation in the field of robotics and automation, namely, designing workplace facilities and equipment to optimize efficiency and safety; IT integration services; design, development, and consulting services related to the design and development of products in the fields of robotics, automation, warehousing, logistics, fulfillment and supply; software as a service (SAAS) services featuring software for controlling automated materials handling and storage systems, guidance of transfer vehicles for use in the field of automated materials handling, and for use in the control of automated materials picking; software as a service (SAAS) services featuring software for logistics and warehousing services; platform as a service (PAAS) services featuring software platforms for controlling automated materials handling and storage systems, guidance of transfer vehicles for use in the field of automated materials handling, and for use in the control of automated materials picking; platform as a service (PAAS) services featuring software platforms for logistics and warehousing services; providing online, non-downloadable software for controlling automated materials handling and

role playing [LARP] games; entertainment services provided in virtual environments.

Oana Leonte

Representative: Jochen Lederhilger
Möschfelder Straße 28 85591 Vaterstetten GERMANY

WO0000001887028(6, 35, 40)

Office of Origin: EM

Date of International Registration: 12 September 2025

Date of Designation in the UK: 12 September 2025

Class 6:

Building and construction materials and elements of metal; containers of metal for storage, transport and packaging; doors, gates, windows and window coverings of metal; metal hardware; structures and transportable buildings of metal; common metals, unwrought or semi-wrought; pipes, tubes and hoses, and fittings therefor, including valves, of metal; railway material of metal; arches of metal; beams of common metal for building; blocks (metal -) for construction; bracings of metal; building beams (metal -); building castings of metal; building materials of metal; castings of lead or its alloys; ceiling units of metal; fabricated metal components for building foundations; facade construction components of metal; facade elements of metal; facade facings of metal; facades of metal; fired refractory materials of metal [building materials]; frames of metal for building; frameworks of metal; joists of iron or steel; ironmongery of metal for building; metal beams; pipes, tubes and hoses, and fittings therefor, including valves; plating metals; slabs of metal for building; sheet piles of metal; roofing materials of metal; roofing plate of metal; roofing sheets of metal; tiles of metal; structural steels; steel beams; steel building materials; steel frames for building; steel reinforcement for use in the construction of concrete floors; steel sheet for use in building; brackets of metal for building;

bed casters of metal; beak-irons; cable drums (non-mechanical -) of metal; cable thimbles of metal; cables, wires and chains of metal; expansion joints of metal; metal coils; nuts, bolts and fasteners; semi-finished articles of aluminium or its alloys; steel forgings; steel grating; steel grinding balls; steel grinding rods; common metals and their alloys including stainless steel; steel in the form of plates; steel in the form of coils; cold rolled sheet metal; steel; bright steel; stainless steel; carbon steel; steel poles; bar steel; plated steel; rerolled steel; rolled steel; sheet steel; profile steel; steel pipes; cast steel; steel alloys; unwrought steel; steel rails; steel rods; steel sheets; steel wire; coated steels; alloyed steels; carbon steels; rerolled steels; stainless steels; rolled steels; galvanized steel sheets; steel sheet for automobile bodies; steel, unwrought or semi-wrought; steel in sheet, rod, bar and billet form; tubes of steel, including those rolled, peeled or ground; valves of metal other than parts of machines including those from alloy steel and titanium; branching pipes of metal including those from alloy steel and titanium.

Class 35:

Business management and administration; business management assistance; business management planning and supervision; business management and organization consultancy; business consulting; business consulting services relating to manufacturing; advisory services relating to business operations; provision of business assistance and management assistance; import-export agencies; sales promotion, including distribution of printed and audio promotional materials; advertising and promotional services; market research; market analysis services; marketing assistance; marketing information; marketing services; advisory services relating to marketing; providing business information and business and marketing consultancy services, each in the field of the iron and steel industry including information on market trends, pricing, supply and demand of specific products of interest to suppliers and customers; compilation and provision of business information; business information provided online from a computer database or the Internet; marketing studies; professional marketing support, assistance and consultancy services, especially relating to the iron and steel industry, including sales agency services; retail services in relation to refractory materials and raw materials for the iron and steel industry, steel, iron, coke and coal; wholesale services in relation to raw materials for the iron and steel industry, steel, iron, coke and coal; business operation of iron and steel mills; foreign trade information and consulting; wholesale services in relation to refractory materials and common metals and their alloys, namely pellets, slabs, blocks, ribbons, profiles, bars, sections, poles, rods, blooms, sheets, wires, billets, tubes, pipes, strips and ingots made of steel, iron, white iron, pig iron, iron ore, coal, tinplate, scrap iron and spare parts relating to the iron and steel industry; information and advice in relation to wholesale trade and commodity trading in the iron and steel industry; business project management; customs clearance services; procurement of goods on behalf of businesses and procurement services for others; provision of computerized business information.

Class 40:

Custom manufacture of metal building and construction elements; custom manufacture of refractory materials; custom manufacture of doors, gates, windows and window coverings of metal; custom manufacture of metal hardware; custom

List of cases accepted for opposition purposes as shown in Journal 2025/048 published on 28 November 2025 .

manufacture of structures and transportable buildings of metal; custom manufacture of unprocessed and semi-processed materials of metal; custom manufacture of pipes, tubes and hoses, and fittings therefor, including valves, of metal; custom manufacture of arches of metal; custom manufacture of facade elements of metal; custom manufacture of bracings of metal; custom manufacture of frameworks of metal; custom manufacture of joists of iron or steel; custom manufacture of metal beams; custom manufacture of plating metals; custom manufacture of sheet piles of metal; custom manufacture of roofing materials of metal; custom manufacture of tiles of metal; custom manufacture of cables, wires and chains; custom manufacture of expansion joints of metal; custom manufacture of metal coils; custom manufacture of nuts, bolts and fasteners; custom manufacture of semi-finished articles of aluminium or its alloys; custom manufacture of steel grating; custom manufacture of steel grinding balls; custom manufacture of steel grinding rods; custom manufacture of common metals and their alloys including stainless steel; custom manufacture of containers, and transportation and packaging articles, of metal; custom manufacture of railway material, of metal; custom manufacture of beams of common metal for building; custom manufacture of blocks (metal) for construction; custom manufacture of building beams (metal); custom manufacture of building castings of metal; custom manufacture of building materials of metal; custom manufacture of castings of lead or its alloys; custom manufacture of ceiling units of metal; custom manufacture of fabricated metal components for building foundations; custom manufacture of facade construction components of metal; custom manufacture of facade facings of metal; custom manufacture of facades of metal; custom manufacture of fired refractory materials of metal [building materials]; custom manufacture of frames of metal for building; custom manufacture of ironmongery of metal for building; custom manufacture of pipes, tubes and hoses, and fittings therefor, including valves; custom manufacture of slabs of metal for building; custom manufacture of roofing plate of metal; custom manufacture of roofing sheets of metal; custom manufacture of structural steels; custom manufacture of steel beams; custom manufacture of steel building materials; custom manufacture of steel frames for building; custom manufacture of steel reinforcement for use in the construction of concrete floors; custom manufacture of steel sheet for use in building; custom manufacture of brackets of metal for building; custom manufacture of bed casters of metal; custom manufacture of beak-irons; custom manufacture of cable drums (non-mechanical -) of metal; custom manufacture of cable thimbles of metal; custom manufacture of steel forgings; custom manufacture of steel in the form of plates; custom manufacture of steel in the form of coils; custom manufacture of cold rolled sheet metal; custom manufacture of steel; custom manufacture of bright steel; custom manufacture of stainless steel; custom manufacture of carbon steel; custom manufacture of steel poles; custom manufacture of bar steel; custom manufacture of plated steel; custom manufacture of rerolled steel; custom manufacture of rolled steel; custom manufacture of sheet steel; custom manufacture of profile steel; custom manufacture of steel pipes; custom manufacture of cast steel; custom manufacture of steel alloys; custom manufacture of unwrought steel; custom manufacture of steel rails; custom manufacture of steel rods; custom manufacture of steel sheets; custom manufacture of steel wire; custom manufacture of coated steels; custom manufacture of alloyed steels; custom manufacture of carbon steels; custom manufacture of rerolled steels;

custom manufacture of stainless steels; custom manufacture of rolled steels; custom manufacture of galvanized steel sheets; custom manufacture of steel sheet for automobile bodies; custom manufacture of steel, unwrought or semi-wrought; custom manufacture of steel in sheet, rod, bar and billet form; custom manufacture of tubes of steel, including those rolled, peeled or ground; custom manufacture of valves of metal other than parts of machines including those from alloy steel and titanium; custom manufacture of branching pipes of metal including those from alloy steel and titanium; contract manufacture of metal building and construction elements; contract manufacture of refractory materials; contract manufacture of doors, gates, windows and window coverings of metal; contract manufacture of metal hardware; contract manufacture of structures and transportable buildings of metal; contract manufacture of unprocessed and semi-processed materials of metal; contract manufacture of pipes, tubes and hoses, and fittings therefor, including valves, of metal; contract manufacture of arches of metal; contract manufacture of facade elements of metal; contract manufacture of bracings of metal; contract manufacture of frameworks of metal; contract manufacture of joists of iron or steel; contract manufacture of metal beams; contract manufacture of plating metals; contract manufacture of sheet piles of metal; contract manufacture of roofing materials of metal; contract manufacture of tiles of metal; contract manufacture of cables, wires and chains; contract manufacture of expansion joints of metal; contract manufacture of metal coils; contract manufacture of nuts, bolts and fasteners; contract manufacture of semi-finished articles of aluminium or its alloys; contract manufacture of steel grating; contract manufacture of steel grinding balls; contract manufacture of steel grinding rods; contract manufacture of common metals and their alloys including stainless steel; contract manufacture of containers, and transportation and packaging articles, of metal; contract manufacture of railway material, of metal; contract manufacture of beams of common metal for building; contract manufacture of blocks (metal) for construction; contract manufacture of building beams (metal); contract manufacture of building castings of metal; contract manufacture of building materials of metal; contract manufacture of castings of lead or its alloys; contract manufacture of ceiling units of metal; contract manufacture of fabricated metal components for building foundations; contract manufacture of facade construction components of metal; contract manufacture of facade facings of metal; contract manufacture of facades of metal; contract manufacture of fired refractory materials of metal [building materials]; contract manufacture of frames of metal for building; contract manufacture of ironmongery of metal for building; contract manufacture of pipes, tubes and hoses, and fittings therefor, including valves; contract manufacture of slabs of metal for building; contract manufacture of roofing plate of metal; contract manufacture of roofing sheets of metal; contract manufacture of structural steels; contract manufacture of steel beams; contract manufacture of steel building materials; contract manufacture of steel frames for building; contract manufacture of steel reinforcement for use in the construction of concrete floors; contract manufacture of steel sheet for use in building; contract manufacture of brackets of metal for building; contract manufacture of bed casters of metal; contract manufacture of beak-irons; contract manufacture of cable drums (non-mechanical -) of metal; contract manufacture of cable thimbles of metal; contract manufacture of steel forgings; contract manufacture of steel in the form of plates; contract

List of cases accepted for opposition purposes as shown in Journal 2025/048 published on 28 November 2025 .

manufacture of steel in the form of coils; contract manufacture of cold rolled sheet metal; contract manufacture of steel; contract manufacture of bright steel; contract manufacture of stainless steel; contract manufacture of carbon steel; contract manufacture of steel poles; contract manufacture of bar steel; contract manufacture of plated steel; contract manufacture of rerolled steel; contract manufacture of rolled steel; contract manufacture of sheet steel; contract manufacture of profile steel; contract manufacture of steel pipes; contract manufacture of cast steel; contract manufacture of steel alloys; contract manufacture of unwrought steel; contract manufacture of steel rails; contract manufacture of steel rods; contract manufacture of steel sheets; contract manufacture of steel wire; contract manufacture of coated steels; contract manufacture of alloyed steels; contract manufacture of carbon steels; contract manufacture of rerolled steels; contract manufacture of stainless steels; contract manufacture of rolled steels; contract manufacture of galvanized steel sheets; contract manufacture of steel sheet for automobile bodies; contract manufacture of steel, unwrought or semi-wrought; contract manufacture of steel in sheet, rod, bar and billet form; contract manufacture of tubes of steel, including those rolled, peeled or ground; contract manufacture of valves of metal other than parts of machines including those from alloy steel and titanium; contract manufacture of branching pipes of metal including those from alloy steel and titanium; manufacture of refractory materials; firing of refractory ceramic materials; manufacture of refractory materials for the steel industry, including refractory plates for slide-gates systems, ceramic and carbon-bonded isocratic products, silica bricks and unshaped products; custom steel rolling and fabrication to the order and specification of others; finishing of metal surfaces; galvanizing of metals and metal alloys; hammering of metals and metal alloys; heat treatment of metals; laminating of metal plates; metal coating; metal fabrication and finishing services; metal cutting; metal forging; metal moulding; metal polishing; metal pressing; metal casting; metal plating; metal stamping; metal tempering; metal treatment; metal milling; tin plating; metal shaping; metallurgical smelting; hardening of metal; processing of semi-finished metal goods by coating; manufacture of steel for third parties in compliance with their specifications, including converting steel blocks into plates and sheets; processing of semi-finished metal goods by blanking, coating or heat treatment; millworking; steel cutting; zinc plating; chromium plating of metal goods; surface plating; consulting, advisory and information services relating to the aforementioned services; applying finish to stainless steel sheets and coils; cold forming of metal; cutting of metal; extruding of metal alloys; galvanising of metal; heat treatment of ores; hot dipping; heat treatment and coating of steel; heat treatment of metal surfaces; galvanizing; metal finishing; metal hardening; metal laminating; metal plating and laminating; metallurgical processing; metal treating; processing of metal surfaces by precision grinding and abrasive polishing; processing of metal surfaces using precision grinding techniques; processing of coal; stainless steel brushing services; treating [forging] of metal; treating [shaping] of metal; surface finishing of metal articles; stainless steel polishing services; metal stamping; metal pressing; treatment of metal parts to prevent corrosion; treatment of metal parts to prevent corrosion using hot-dip galvanizing and powder coating processes; treatment of materials using chemicals.

Duferco International Trading Holding S.A.

Representative: Carpmaels & Ransford LLP
One Southampton Row London WC1B 5HA UNITED KINGDOM

WO0000001887219(9, 41, 42)
Office of Origin: US

Date of International Registration: 09 October 2024
Date of Designation in the UK: 09 October 2024

The mark consists of the numeral 1 within a four corner box shape followed by uppercase letters "N" and "E".

International priority date claimed: 09 April 2024 (US)
(98491013)

Class 9:

Downloadable and recorded native computer software for connecting, operating, collecting data and managing data for networked loading dock and industrial facility management systems comprised of air duct systems, fans, loading dock warning systems and safety equipment, loading dock levelers and lifts, loading dock seals, barriers, gates, guard rails, locks, vehicle restraints, loading dock shelters, industrial doors and controls in the Internet of things (IoT); microcontrollers for Internet of things (IoT) enabled devices; downloadable and recorded native computer software for use in monitoring, communicating with, obtaining data from and tracking and managing loading dock equipment and vehicles; cameras, electric sensors and timers for loading dock equipment, vehicles and trailers; electronic control panels for fan systems; electro-mechanical, self-aligning control apparatus used to secure trucks and semi-trailers and like vehicles to the face of a loading dock; electric warning lights utilizing LED lights and other means of visual, tactile or audible communication to notify and or warn people and or material handling equipment of oncoming traffic, primarily in an industrial setting; electric warning light systems that alerts pedestrians of moving vehicles, comprised primarily of electronic sensors, lights and alarms; electrical controllers being a control box which integrates the controls of multiple loading dock devices, namely, the dock leveler, vehicle restraint, dock door and dock shelter into one control panel.

Class 41:

Education services, namely, providing workshops, product demonstrations, design analysis and demonstrations in the field of loading dock and facility operations.

Class 42:

Software-as-a-service (SaaS) services featuring software for use in monitoring, communicating with, tracking and managing loading dock equipment, vehicles and trailers, air

List of cases accepted for opposition purposes as shown in Journal 2025/048 published on 28 November 2025 .

duct systems, fans, loading dock warning systems and safety equipment, loading dock levelers and lifts, loading dock seals, barriers, gates, guard rails, locks, vehicle restraints, loading dock shelters, industrial doors and controls therefor; providing temporary use of non-downloadable cloud-based software for connecting, operating, collecting data and managing data for networked loading dock and industrial facility management systems comprised of air duct systems, fans, loading dock warning systems and safety equipment, high speed doors, loading dock levelers and lifts, loading dock seals, barriers, locks, vehicle restraints and loading dock shelters; providing on-line non-downloadable software for connecting, operating, collecting data and managing data for networked loading dock and industrial facility management systems comprised of air duct systems, fans, loading dock warning systems and safety equipment, loading dock levelers and lifts, loading dock seals, barriers, locks, vehicle restraints, loading dock shelters, industrial doors and controls in the Internet of things (IoT); electronic remote monitoring of the functioning and use of electrical equipment, namely, environmental conditions and controlling devices within refrigerated semi-trailers, cargo enclosures and containers using computer software; providing temporary use of non-downloadable cloud-based software for use in facilitating communications between truck drivers and facility logistic offices and personnel; consulting services for others in the field of industrial planning and building design; planning and design of factory buildings, namely, loading docks; consulting regarding the design of loading dock facilities.

Rite-Hite Holding Corporation

Representative:Melinda S. Giftos Husch Blackwell LLP

The logo for EDMA, featuring the letters 'EDMA' in a bold, stylized, italicized sans-serif font. The letters are black with a white outline, giving them a three-dimensional appearance.

International priority date claimed: 14 October 2024 (FR)
(5090216)

Class 7:

Plate lifters; tips for screwdriver tools; electric cutting tools; cutting tools [electric]; electric or power tools, in particular electric or power hand tools.

Class 8:

Hand-operated hand tools and implements; plasterers' tools [hand tools], namely crimping pliers, drywall hawks [hand tools], putty knives [hand tools], plaster smoothing blades [hand tools], putty rollers [hand tools], plastering wedges

[hand tools], plastering guns [hand tools], manual joint-tape applicator [hand tools], plaster applicators [hand tools], plasterboard transporting tools, manual tools for cutting profiles and threaded rods, tools for cutting insulation and plasterboard [hand tools], expansion guns and pliers [hand tools]; knives (tools); knives with retractable blades [cutter]; shears; scissors (tools); tools for lifting apparatus and plate lifters; hand tools and instruments for the processing of materials, and for construction, repair and maintenance; lifting tools; fastening and assembling tools; hammers, mallets and sledgehammers; block cutters [hand-operated tools]; tile-cutting tools [hand-operated tools]; manual cutting tools; cutters; chalk line reels; expansion clamps for dowels of metal; abrasive blocks; sanding tools other than machines; pliers; pliers; scrapers [tools].

Class 9:

Measuring instruments; instruments for measuring length; tape measures.

Class 16:

Packaging materials of plastic, paper or cardboard for the pharmaceutical industry; plastic materials for packaging; plastic sheets, films and bags for wrapping and packaging; plastic sheets for use in food packaging; laminated plastic film packaging materials; laminated and film blister packaging; paper capsules and all other packaging materials included in this class; protective films for pharmaceutical blister packaging; single-layer or multilayer polymer films for use in the preparation of packaging for consumer goods; single layer or multilayer polymer film, paper-based film or film blister packaging; pharmaceutical and medical blister packs; plastic blister packs for packaging; blister packaging of polypropylene film; polypropylene foil for packaging; polyethylene terephthalate (PET) blister packs; polyethylene terephthalate (PET) films for packaging; blister packaging made of recycled plastic; recycled plastic films for packaging.

Class 17:

Packing, stopping and insulating materials; plastic film other than for wrapping; plastic films for use as laminates; plastic layers for laminates; plastic material in extruded form for general industrial use; films for use as moisture and gas barriers; polypropylene films, other than for packaging; polyethylene terephthalate (PET) films, other than for packaging; recycled plastic films, other than for packaging; shrink film for labels and soft capsules; foils of metal for insulating; multi-layer composite films and panels consisting of layers of polymers, films and paper, coated or uncoated, used for the processing industry; biodegradable polymer films for use in the processing industry; stiff polymer films for use in the manufacture of credit cards, debit cards, customer cards; polymer coating films, coated and non-coated, for use in the processing industry; rolls and sheets of polymer films for use in the processing industry; transparent, translucent, opaque and colored polymer films for use in the processing industry; printed films used for the processing industry.

Class 42:

Scientific and technological services as well as research and design services relating thereto; research and development in the field of packaging for medicines; industrial analysis,

industrial research and industrial design services; design of packaging; design and development of computers and software; scientific laboratory services; quality control and authentication services; consulting services concerning pharmaceutical packaging development.

GRIDLE

International priority date claimed: 17 September 2024 (EM)
(019080364)

Class 4:

Electrical energy; electrical energy from renewable sources; electrical energy from solar or wind power; electricity.

Class 9:

Computer databases and online databases, software platforms, software applications, computer software and hardware for energy and for the energy industry; computer software and hardware for power plants and virtual power plants; computer software for collecting, monitoring and analyzing energy production data of virtual power plants; computer hardware, computer software, displays and control units relating to energy generation, energy management, energy consumption, energy optimization and energy flexibility; cooperation software platforms for electricity transmission system operators and energy network operators; appliances, instruments, devices and systems to accumulate, store and supply electricity and electric power, for battery charging and energy storage solutions, to level electricity use with peak shaving and for grid stabilization with frequency containment reserves; computer software for transactions and mediation of electric power; software for setting and control of power system; apparatus and instruments for measuring, monitoring and analyzing energy and electricity consumption; energy control devices; distributed energy storage apparatus; distributed energy storage system for grid optimization and stabilization; distributed energy storage system for backup power batteries to control electricity supply in base stations; computer software for power grid data communication networks; software for monitoring, analyzing and controlling apparatus and installations for energy generation; application software for production of energy, distribution of power, storage of energy, energy use; apparatus and instruments for regulating, accumulating, conducting, switching, converting, transforming, controlling, distributing and storing electricity; computer software for monitoring, optimizing and regulating the storage, transmission and discharge of energy to and from electric battery systems; data communications apparatus for the energy industry; recorded content in relation to electricity industry; measuring, detecting and monitoring instruments, electric loss indicators and controllers for use in the electricity industry; batteries; sensors for measuring and controlling electric current, electric power, power consumption; electricity meters; electric power supply units; computer software and computer software platforms relating to the management of energy metering, the supply of energy and load balancing of energy and electricity; data processing programs, systems and apparatus for use in connection with the operation of virtual power plants; electric energy storage devices managed by a virtual power plant; energy monitoring and management system; battery management system; battery energy storage system; computer software for virtual power plants for energy and electricity

generation; computer software for managing, controlling, monitoring and checking of virtual power plants; computer software and software applications for networking and/or cloud connection of decentralized energy systems and for the development of energy management systems for virtual power plants; battery and energy storage devices; computer hardware and software for monitoring and controlling the performance of batteries; computer software, application software and programs for use in monitoring and controlling decentralized distributed energy resources and distributed energy assets; computer software for the electronic commerce with energy; computer software programs for database management in virtual power plants; computer software for monitoring and detecting abnormalities of power plants and virtual power plants; databases, applications and computer systems for the management of energy storage, for monitoring and control supervision, for managing the assets of distribution networks; computer software to enable the provision of information via communications networks; software for monitoring, analyzing, controlling and running technical data relating to virtual power plants.

Class 35:

Business management and administration in the energy sector; business management and administration of electricity transmission, supply and distribution apparatus, including business management and administration of electricity and energy demand response and load balancing services; business expertise in the field of energy production, energy distribution and energy storage; commercial management of projects for energy production, energy distribution, energy storage, energy optimization and energy flexibility; business management for the implementation and harnessing of the energy flexibility of virtual power plants; advertising, online advertising and promotional activities in the energy sector; compilation and systematization of information into databases in relation to virtual power plants; updating and maintenance of data in databases in relation to virtual power plants; computerized file management in relation to virtual power plants; commercial and business consultancy services relating to energy supply, generation, transmission, transportation, distribution, frequency regulation and grid stabilization; business consultancy and advisory services for energy grid balancing, optimization and management; business operation and management services in the fields of energy sales and marketing; promotion and marketing of power facilities and virtual power plants; business management and administration of virtual power plants; negotiation of contracts for the supply of electrical energy; sales promotion and marketing relating to energy production, energy distribution, energy storage and power plant equipment; business statistical information in the field of energy plant management; retail services and online retail services connected with the sale of computer software, computer hardware, computer systems, firmware, telecommunications networking hardware, internet technology applications, telecommunications networking apparatus, telecommunications networking instruments for computer network operations including accessories and parts and fittings therefor relating to virtual power plants; the bringing together, for the benefit of others, of a variety of electricity provider services, enabling customers to conveniently compare and purchase those services; electricity meter reading for billing purposes; procurement of contracts concerning energy supply;

***List of cases accepted for opposition purposes as shown in Journal 2025/048 published on
28 November 2025 .***

information, advisory and consultancy services relating to all the aforesaid services.

Class 36:

Financing services; financing services relating to electric battery systems for the storage, discharge, supply, transmission and stabilization of electricity; monetary activities; real estate affairs; brokering service activities for power supply; financing services relating to virtual power plants; commodity trading including energy trading on the electricity market; the trading of electricity through a virtual power plant; real estate management; financial and monetary affairs in the fields of energy; market operation services for buying and selling of electricity; financial information and advice in the field of energy production, energy consumption, energy performance, energy optimization and energy flexibility; financial management assistance services in the energy field; energy brokerage services; information, advisory and consultancy services relating to all the aforesaid services.

Class 37:

Maintenance and repair of energy generating installations and energy supply installations; repair of energy production plants and machines; installation, construction and repair of power plants; installation, repair and maintenance in relation to the equipment and installations for use in energy production, energy distribution, energy storage; installation, integration, maintenance and repair and upgrading of electric battery systems; maintaining electric battery systems for storage, discharge, supply, transmission and stabilization of electricity; installation, integration, maintenance and repair and upgrading of virtual power plant systems; construction, assembly, maintenance and servicing of electricity apparatus, installations and networks; installation of connections from energy generating and consumption installations to energy networks; machinery installation, maintenance and repair; repair of power lines; installation, maintenance and repair of electric apparatus and installations; construction or installation of energy supply infrastructure; repair and maintenance of power plant equipment; information, advisory and consultancy services relating to all the aforesaid services.

Class 38:

Telecommunication services relating to energy sector, energy production, energy distribution, energy storage, energy optimization, energy flexibility and virtual power plants; providing telecommunication connections for virtual power plants; remote transmission of data for system control relating to virtual power plants; providing access to electronic communications networks relating to virtual power plants; electronic data transmission, namely, transmission of information by electronic means relating to virtual power plants; communication services for the electronic transmission of data relating to virtual power plants; communications via a global computer network or the Internet relating to virtual power plants; providing access to online computer databases relating to virtual power plants; transfer of electronic information and data via computer networks and the Internet relating to virtual power plants; providing access to platforms and portals on the Internet relating to virtual power plants; electronic, electric and digital transmission and distribution of measured data relating to energy via data networks; remote transmission of data relating to energy by means of telecommunications; provision of telecommunication operator

services of virtual power plant and energy demand and supply management; information, advisory and consultancy services relating to all the aforesaid services.

Class 39:

Transport, distribution, storage and supply of energy; transport, transmission, storage and supply of electricity; power supply services; distribution of electrical power; distribution of energy through a virtual power plant; energy storage, distribution and provision by way of virtual power plants; distribution and supply of energy including renewable energy by using batteries; energy network services, namely, distribution of energy; virtual power plant service, being electric power dispatching; operation of power distribution systems and networks for the provision of electricity; operation of virtual power plants for the distribution of electricity; management and control of electricity networks to distribute energy; management of energy and distribution networks to distribute energy; distribution of reserve power; operating and regulating electric battery systems for storage, discharge, supply, transmission and stabilization of electricity to distribute electricity; information, advisory and consultancy services relating to all the aforesaid services.

Class 40:

Production of energy by power plants; production of energy by virtual power plants; generation of power; generation of energy; generation of electricity; processing and treatment of materials of all kinds for energy production; lease and rental of batteries; lease and rental of electricity generators; lease and rental of power inverters; operation of virtual power plants for the production of electricity; leasing services relating to electric battery systems for the storage, discharge, supply, transmission and stabilization of electricity; operating and regulating electric battery systems for storage, discharge, supply, transmission and stabilization of electricity to generate electricity; management and control of electricity networks to produce electricity; management of energy and distribution networks to produce electricity; information, advisory and consultancy services relating to all the aforesaid services.

Class 42:

Design and development of energy distribution networks; design and development of software for control, regulation and monitoring of virtual energy systems; design and development of computer hardware and software for applications in the fields of energy production, energy management, energy distribution, energy storage, energy optimization and energy flexibility; design and development of infrastructure for virtual power plants; design and development of IT infrastructure, operating systems, database systems and web applications for virtual power plants; rental of IT infrastructure, operating systems, database systems and web applications for virtual power plants; scientific and technological services and research and design relating thereto in the field of energy production, energy distribution, energy storage, energy optimization and energy flexibility; designing alternative energy systems; monitoring and optimizing electric battery systems for storage, discharge, supply, transmission and stabilization of electricity; development of energy and power management systems; cloud services relating to energy production, energy distribution, energy storage, energy optimization, energy flexibility and virtual power plants; design and development of energy supply networks; technical data analysis services relating to energy supply and distribution; platform as a service (PaaS) relating

List of cases accepted for opposition purposes as shown in Journal 2025/048 published on 28 November 2025 .

to energy production, energy distribution, energy storage, energy optimization, energy flexibility and virtual power plants; providing online non-downloadable software for database management relating to energy production, energy distribution, energy storage, energy optimization, energy flexibility and virtual power plants; hosting services, software as a service (SaaS) and rental of software relating to energy production, energy distribution, energy storage, energy optimization, energy flexibility and virtual power plants; provision of software as a service (SaaS) or non-downloadable software for operating, maintaining, optimizing and regulating the distribution storage, discharge, supply, transmission and stabilization of energy including virtual power plants and electric battery systems; monitoring of power plants including virtual power plants, wirelessly connected electric battery systems with embedded firmware and software for storing and supplying electricity; technical planning, development and calculation services for combining decentralized power generation sources into a unit known as a virtual power plant; monitoring of network systems for control and operation, including ensuring the functionality and utilization of virtual power plants; design, development, implementation, update, maintenance, rental and adaptation of software and software packages for networking and/or cloud connection of decentralized energy systems and for the development of energy management systems for virtual power plants; software as a service for virtual power plant systems; providing temporary use of non-downloadable software for virtual power plant services; software as a service for use in monitoring and controlling distributed energy resources and distributed energy assets; engineering services in the energy sector and energy technology; consultancy in the field of energy-saving; software as a service for monitoring and analyzing virtual power plant management data; software as a service for remote controlling virtual power plant installations; software as a service for predicting the energy production; design and development of energy generation systems; testing, authentication and quality control of virtual power plants; cloud hosting provider services relating to energy production, energy distribution, energy storage, energy optimization, energy flexibility and virtual power plants; development of communication systems relating to energy and power management; energy auditing services; energy optimization services; energy management services for the implementation and development of the energy flexibility; providing temporary use of online non-downloadable applications in order to manage energy; cloud storage services for electronic data relating to energy production, energy distribution, energy storage, energy optimization, energy flexibility and virtual power plants; energy usage monitoring services, namely recording and monitoring data; remote metering of energy; installation, maintenance and updating of computer software for virtual power plants; supervision of energy and distribution networks; information, advisory and consultancy services relating to all the aforesaid services.

Class 6:

Conduits of metal for ventilating and air-conditioning installations; junctions of metal for pipes; connecting hoses of metal; brackets of metal for air conditioners supports; metal pipes to collect condensation from air-conditioning installations; copper pipes for gas transfer; metal supports for air conditioners; metal gutters for air-conditioning, ventilation and heating installations; metal pipes and fittings therefor; pipework of metal; elbows of metal for pipes; pipe muffers of metal; sleeves [metal hardware]; fastening nails of metal; threaded fasteners of metal; strappings or tie downs of metal; sash locks of metal; zip ties of metal; clips of metal for pipes; ironmongery; metal trim for pipework; cap closures of metal; structural joint connectors of metal; couplings and joints of metal for pipes; metal clips for condensate drain pipes; manifolds of metal for pipelines; cantilevered brackets of metal; metal brackets for use in the construction and assembly of decking; tension links; bright steel bars; grab bars of metal; metal supports for flooring; common metals and their alloys, ores; metal materials for building and construction; transportable buildings of metal; non-electric cables and wires of common metal; small items of metal hardware; metal containers for storage or transport; safes.

Class 7:

Condensate collection and drainage pumps [parts of air-conditioning installations]; pump diaphragms; pump impellers; suction pumps; centrifugal pumps; pumps and parts thereof [parts of machines, engines or motors]; pumps for heating installations; valves [parts of pumps]; exhaust manifold for engines; ball valves [parts of machines]; lifting apparatus other than lifting apparatus adapted for people with reduced mobility; mechanical elevating apparatus; hydraulic elevating apparatus; electric elevating apparatus; machine tools, power-operated tools; motors and engines, except for land vehicles; machine coupling and transmission components, except for land vehicles; agricultural implements, other than hand-operated hand tools; incubators for eggs; automatic vending machines.

Class 11:

Built-in boxes for air-conditioning installations arrangement, being parts of air-conditioning installations; built-in boxes for heating installations arrangement, being parts of heating installations; built-in boxes for ventilating installations arrangement, being parts of ventilating installations; waste pipes for sanitary installations; condensate drain pans [parts of air-conditioning installations]; plastic elbow bends for pipes [parts of sanitary installations]; fans [parts of air-conditioning installations]; coils [parts of distilling, heating or cooling installations]; solar energy collectors for heating; solar thermal collectors [heating]; evacuated heat pipe solar collectors [heat exchangers]; apparatus and installations for lighting, heating, cooling, steam generating, cooking, drying, ventilating, water supply and sanitary purposes.

Class 17:

List of cases accepted for opposition purposes as shown in Journal 2025/048 published on 28 November 2025 .

Pipe fittings, not of metal, for air-conditioning installations; flexible hoses, nor of metal, to collect condensation for air-conditioning installations; flexible hoses, not of metal; elbows, not of metal, for pipes; fittings, not of metal, for flexible compressed air pipes; junctions, not of metal, for water pipes; pipe mufflers, not of metal; junctions, not of metal, for pipes; rubber stoppers; gaskets other than sail gaskets; gaskets of metal; pipe gaskets; insulators; insulating tapes; insulating coatings; insulating jackets for water heaters; insulation materials for pipes; filtering materials of semi-processed plastic foams; filtering materials of semi-processed plastic films; unprocessed and semi-processed rubber, gutta-percha, gum, asbestos, mica and substitutes for all these materials; plastics and resins in extruded form for use in manufacture; packing, stopping and insulating materials; flexible pipes, tubes and hoses, not of metal.

Class 19:

Branching pipes and junctions, not of metal, for ventilating and air-conditioning installations; non-metal ventilating and air-conditioning conduits; rigid pipes, not of metal, to collect condensation from air-conditioning installations; supports, not of metal, for air conditioners; non-metal gutters for air-conditioning, ventilating and heating installations; polyethylene pipes used in geothermal heating and cooling systems; ducts, not of metal, for ventilating and air-conditioning installations; branching pipes, not of metal; expansion joints, not of metal, for floors and walls; gutter pipes, not of metal; secondary moisture drainage systems consisting of non-metal troughs and collection boxes; brackets, not of metal, for building; materials, not of metal, for building and construction; rigid pipes, not of metal, for building; asphalt, pitch, tar and bitumen; transportable buildings, not of metal; monuments, not of metal.

UK00004243122 (2025/038, 19 September 2025)

Specifications have been restricted as follows:

Class 35:

Business services; business information services; business management services; business advisory and business administration services; marketing and publicity services; administration of employee benefit programmes; administration of employee incentive and motivation programmes; organisation and administration of employee benefit programmes including lifestyle benefits such as retail vouchers, discount vouchers, holiday benefits, insurance benefits and motoring benefits, wellbeing benefits such as dental cover, optical cover, hospital cash plans, distance learning, gym membership, and employee assistance programmes, and salary sacrifice schemes such as cycle to work schemes, child care vouchers, health assessments and income protection plans; advisory and consultancy services relating to the aforesaid services; advertising; organisation, operation and supervision of loyalty schemes and incentive schemes; administration of a discount program for enabling participants to obtain discounts on goods and services through use of a discount membership card; promoting the sale and goods and services of others; the bringing together, for the benefit of others, of a

variety of employee benefit services, enabling customers to conveniently view and purchase those services; management and administration services; business analysis, research and information services; income protection policies; arranging of presentations for commercial purposes; marketing and promotional consultancy, advisory and assistance service; planning and conducting of trade fairs, exhibitions and presentations for economic or advertising purposes; distribution of advertising, marketing and promotional material; human resources management and recruitment services; administration of employee benefit plans; consultancy, information and advisory services relating to all the foregoing.

Class 41:

Education; sports; training services; arranging of presentations for training purposes; health club services; consultancy, information and advisory services relating to all the foregoing; all the aforementioned services not provided in relation to gaming and gaming-related software.

Class 42:

Software as a Service [SaaS] featuring software for the provision of financial services in relation to the sales, management and administration of insurance policies; Software as a Service [SaaS] featuring software for the provision of employee benefit programmes; Software as a Service [SaaS] featuring software for the provision of employee incentive and motivation programmes; Software as a Service [SaaS] featuring software for the provision of loyalty, discount and incentive schemes; Software as a Service [SaaS] featuring software for the provision of business analysis, research and information; Software as a Service [SaaS] featuring software for the provision of financial services in relation to the provision of employee benefit, incentive, discount, loyalty and motivation programmes; Software as a Service [SaaS] featuring software for the provision of access to health-related goods and services, GP services, online doctor services, employee assistance services; Software as a Service [SaaS] featuring software for the provision of access to wellbeing-related goods and services; Platform as a Service [PaaS]; Platform as a Service [PaaS] services; Platform as a Service [PaaS] featuring software platforms for the provision of employee benefit programmes; Platform as a Service [PaaS] featuring software platforms for the provision of employee incentive and motivation programmes; Platform as a Service [PaaS] featuring software platforms for the provision of loyalty, discount and incentive schemes; Platform as a Service [PaaS] featuring software platforms for the provision of business analysis, research and information; Platform as a Service [PaaS] featuring software platforms for the provision of financial services in relation to the provision of employee benefit, incentive, discount, loyalty and motivation programmes; Platform as a Service [SaaS] featuring software for the provision of access to health-related goods and services, GP services, online doctor services, employee assistance services; Software as a Service [SaaS] featuring software for the provision of access to wellbeing-related goods and services; information, advisory and consultancy services relating to the aforesaid; all the aforementioned services not provided in relation to gaming and gaming-related software.

UK00004239746 (2025/035, 29 August 2025)

Specifications have been restricted as follows:

Class 27:

Carpets, linoleum and other materials for covering existing floors; carpet tiles; floor coverings and artificial ground coverings; floor coverings for existing floors; floor coverings having insulating properties; protective floor coverings; linoleum floor coverings; linoleum tiles [floor coverings]; vinyl floor coverings; vinyl floor tiles; carpet underlay; underlay for carpet tiles; underlay for floor coverings; underlay for vinyl floor coverings; underlay for vinyl floor tiles; underlay for linoleum floor coverings; underlay for linoleum tiles [floor coverings]; underlay for mats, carpets, linoleum and other materials for covering existing floors; parts and fittings for the aforesaid goods; none of the aforesaid goods to include rugs.

Class 35:

Wholesale and retail services connected with the sale of carpets, linoleum and other materials for covering existing floors, carpet tiles, floor coverings and artificial ground coverings, floor coverings for existing floors, floor coverings having insulating properties, protective floor coverings, linoleum floor coverings, linoleum tiles [floor coverings], vinyl floor coverings, vinyl floor tiles, carpet underlay, underlay for carpet tiles, underlay for floor coverings, underlay for vinyl floor coverings, underlay for vinyl floor tiles, underlay for linoleum floor coverings, underlay for linoleum tiles [floor coverings], underlay for carpets, underlay for linoleum and other materials for covering existing floors, parts and fittings for the aforesaid goods; online retail and wholesale services connected with the sale of carpets, linoleum and other materials for covering existing floors, carpet tiles, floor coverings and artificial ground coverings, floor coverings for existing floors, floor coverings having insulating properties, protective floor coverings, linoleum floor coverings, linoleum tiles [floor coverings], vinyl floor coverings, vinyl floor tiles, carpet underlay, underlay for carpet tiles, underlay for floor coverings, underlay for vinyl floor coverings, underlay for vinyl floor tiles, underlay for linoleum floor coverings, underlay for linoleum tiles [floor coverings], underlay for carpets, underlay for linoleum and other materials for covering existing floors, parts and fittings for the aforesaid goods; advisory, information and consultancy services relating to all of the aforementioned services; none of the aforementioned services to be provided in relation to rugs.

UK00004206241 (2025/038, 19 September 2025)

Specifications have been restricted as follows:

Class 36:

Finance leasing; Finance services; Arranging of finance; Raising of finance; Finance (Raising of -); Provision of finance; Finance (Provision of -); Trade finance services; Arranging finance for businesses; Personal finance services; Provision of finance for leasing; Provision of finance for sales; Provision of finance for credit sales; Credit sales (Provision of finance for -); Provision of finance for business ventures; Provision of finance for trade credit; Trade credit (Provision of finance for -); Consultations relating to corporate finance; Provision of finance for enterprises; Provision of trade finance; Consultancy services relating to corporate finance; Providing finance for credit sales; Provision of finance for hire-purchase; Provision of finance for companies; Lease purchase finance; Provision of commercial finance; Advisory services relating to investments and finance; Banking and financing services; Consultancy services relating to finance; Professional consultancy relating to finance; Consultancy services relating to personal finance;

Advisory services relating to finance; Arranging finance for construction projects; Financial loans to commerce; Arranging the provision of finance; Provision of finance for the purchase of vehicles; Provision of finance for equipment leasing; Provision of equipment finance; Provision of lease-purchase finance facilities; Financing services for the securing of funds for business; Information services relating to finance; Hire-purchase financing; Auto financing services; Provision of finance for the purchase of motor vehicles; Financing services; Financing of bridging loans; Financial leasing; Consultancy concerning financing of energy projects; Retail financing services.

Class 41:

Training services relating to finance; Educational courses relating to finance; Courses (Training -) relating to finance.

UK00004250515 (2025/039, 26 September 2025)

Specifications have been restricted as follows:

Class 41:

Exercise and fitness classes; Health and fitness club services; Health club [fitness] services; Exercise [fitness] training services; Fitness and exercise training services; Fitness club services; Physical fitness centres; Physical fitness training services; Fitness training services; Gym activity classes; None of the aforementioned services relating to football.

UK00004246700 (2025/047, 21 November 2025)

Specifications have been restricted as follows:

Class 9:

Downloadable software; Downloadable computer software; Downloadable mobile applications; Electric storage batteries; Electrical storage batteries; Computer software for use in remote meter monitoring; none of the aforesaid goods for use in connection with high-pressure waterjet machines or systems, lasers or press brakes; and all of the aforementioned goods being for use in or in relation to air source heat pumps, water source heat pumps and ground source heat pumps.

Class 11:

Heat pumps; Heat exchangers; none of the aforementioned goods being for or relating to aquaria (aquariums) or terraria (terrariums) or filters for heating or cooling systems.

Class 37:

Recharging of batteries; Recharging of batteries and accumulators.

Class 39:

Distribution of heat; Distribution of energy for heating and cooling buildings.

Class 40:

Generation of electricity; Electricity generation; Generation of power; Generation of energy.

Class 42:

Software as a service [SaaS]; Engineering services; none the aforesaid services being related to or used in connection with high-pressure waterjet machines or systems, lasers or press brakes.

UK00004246730 (2025/047, 21 November 2025)

Specifications have been restricted as follows:

Class 9:

Batteries; Rechargeable batteries; Lithium batteries; Solar-powered rechargeable batteries; Chargeable batteries; none of the aforesaid to be used in relation to meter reading and energy management and all of the aforementioned goods being for use in or in relation to air source heat pumps, water source heat pumps and ground source heat pumps.

Class 11:

Heat pumps; Heat exchangers; none of the aforementioned goods being for use in or in relation to filters for heating or cooling systems.

Class 37:

Recharging of batteries; Recharging of batteries and accumulators.

Class 39:

Distribution of energy; Distribution of renewable energy; Distribution of heat; Heat supplying [distribution].

Class 40:

Energy production; Production of energy; Production of renewable green energy; Generation of electricity from solar energy; Generation of energy; Electricity generation.

UK00004238551 (2025/034, 22 August 2025)

UK00004248586 (2025/034, 22 August 2025)

Specifications have been restricted as follows:

Class 9:

Software for operating an online shop; Software for arranging online transactions; all of the aforesaid software being for the operation of the applicant's own online marketplace for buyers and sellers of goods and services in the fields of apiculture, agriculture and artisanal production, and not being software for use with loyalty reward or loyalty card.

Class 35:

Provision of an online marketplace for buyers and sellers of goods and services in the fields of apiculture, agriculture and artisanal production; none of the aforesaid being the provision of loyalty schemes, administration of points-based programmes, customer relationship management (CRM), retail customer analytics, shopper marketing, retail media network services.

UK00004242529 (2025/033, 15 August 2025)

Specifications have been restricted as follows:

UK00004261049 (2025/039, 26 September 2025)

Specifications have been restricted as follows:

UK00004260043 (2025/038, 19 September 2025)

Specifications have been restricted as follows:

Class 9:

Electronic signal emitters for use in operational readiness training, electronic warfare training, aircraft flight instruction or training in the field of adversary services and tactical defence; electronic radio wave emitters for use in operational readiness training, electronic warfare training, aircraft flight instruction or training in the field of adversary services and tactical defence; ground electronic warfare signal emitters; radar apparatus and installations for use in operational readiness training, electronic warfare training, aircraft flight instruction or training in the field of adversary services and tactical

defence; GPS equipment; communications apparatus for use in operational readiness training, electronic warfare training, aircraft flight instruction or training in the field of adversary services and tactical defence; radar jamming apparatus; GPS jamming apparatus; communications jamming apparatus; flight simulators; parts and fittings for the aforesaid goods; downloadable communications software for use in operational readiness training, electronic warfare training, aircraft flight instruction or training in the field of adversary services and tactical defence; downloadable computer software for use in operational readiness training; downloadable computer software for use with military mission equipment; downloadable computer software for use with ground electronic warfare signal emitters; downloadable computer software for use in military mission planning; downloadable computer software for use in military communications; downloadable computer software for use in air systems; downloadable computer software for use with aircraft and drones.

Class 45:

Surveillance by air; reconnaissance services; rental of surveillance equipment for use in operational readiness training, electronic warfare training, aircraft flight instruction or training in the field of adversary services and tactical defence; security services for individuals, businesses and governments provided by means of aircrafts and drones; consultancy and advice relating to defence and security of persons, armed forces, military, borders and ports; information, consultancy and advisory services relating to the aforesaid services.

UK00004248103 (2025/036, 05 September 2025)

Specifications have been restricted as follows:

Class 25:

Clothing; headgear; footwear; T-shirts; hoodies; sportswear; designer clothing; children's clothing; fashion clothing with embroidery; clothing featuring characters; clothing accessories (hats, scarves, belts, gloves); none of aforesaid being orthopaedic footwear.

UK00004282230 (2025/044, 31 October 2025)

Specifications have been restricted as follows:

Class 10:

Electronic light therapy apparatus for the skin; Apparatus using a light emitting diode (LED) for performing aesthetic facial treatment procedures; Medical instruments for use in cosmetic skin procedures, namely, microneedling devices for cosmetic use for the face; Facial rollers in the nature of massage apparatus.

UK00004250901 (2025/035, 29 August 2025)

Specifications have been restricted as follows:

Class 9:

Electronic publications; downloadable electronic publications; all the aforementioned relating to legal matters and business.

Class 41:

Education and instruction services relating to business; legal education services; news reporting services; interviewing of contemporary figures for entertainment purposes; interviewing of contemporary figures for educational purposes; electronic publication services relating to legal and business matters; provision of online electronic publications relating to legal and business matters; publishing of educational material relating

to legal and business matters; writing services for blogs; organisation of conferences, exhibitions and competitions; arranging, conducting and organisation of workshops; advisory, consultancy and information services in relation to the aforesaid services.

UK00004269799 (2025/042, 17 October 2025)

Specifications have been restricted as follows:

Class 9:

Computer software applications, downloadable; computer memory devices; computer programs for Internet of Things [IoT] enabled devices ; transmitters of electronic signals; electric control devices for energy management; transformers [electricity]; ionization apparatus not for the treatment of air or water; photovoltaic apparatus for electricity generation; accumulators, electric, for vehicles; chargers for electric accumulators; solar batteries; batteries, electric; accumulator boxes; electric car charging piles; computer software platforms, recorded or downloadable; gauges; feeder cables; inverters [electricity]; Ultracapacitors for energy storage; photovoltaic inverters; Solar wafers; photovoltaic cells; solar panels for the production of electricity; charging stations for electric vehicles ; battery storage systems comprised of batteries, charge controllers, cooling installations and fireproof shell in form of cabinets; storage batteries ; electricity storage apparatus; none of the aforesaid being software for the booking of accommodation and travel, property management, financial management and database management software for the booking of accommodation and travel .

UK00004251387 (2025/035, 29 August 2025)

Specifications have been restricted as follows:

Class 9:

Artificial intelligence software; Artificial intelligence apparatus; Downloadable software applications; Computer programs; Downloadable computer software; Downloadable applications; Smartphone software applications, downloadable; Downloadable computer utility software; Computer application software; Alarm monitoring systems; Fire detection software; Downloadable computer software for remote monitoring and analysis; Electronic publications, downloadable; Downloadable electronic publications; Downloadable instruction manuals in electronic form; Downloadable electronic brochures; Downloadable publications; Training manuals in electronic format; Instruction manuals in electronic format; Training guides in electronic format; Downloadable electronic books; Downloadable electronic reports; Interactive electronic publications; Downloadable electronic newsletters; all of the aforesaid for use in connection with fire detection, fire alarms and fire monitoring systems.

Class 42:

Artificial intelligence as a service (AIAAS); Software as a service [SaaS] featuring computer software platforms for artificial intelligence; Software as a service [SaaS]; Software as a service [SAAS] services; Software as a service; Consulting services in the field of software as a service [SaaS]; Software as a service [SaaS] featuring software for machine learning; Software as a service [SaaS] featuring software for deep learning; Platforms for artificial intelligence as software as a service [SaaS]; Software maintenance services; Platform as a Service [PaaS]; Platform as a service [PaaS]; Cloud computing services; Cloud storage services for electronic

data; Cloud storage services for electronic files; Cloud hosting provider services; Providing temporary use of non-downloadable software; Providing temporary use of on-line non-downloadable software; Testing services for alarm and monitoring systems; Technical consultancy relating to the application and use of computer software; Technical project studies in the field of computer hardware and software; Technical engineering; Engineering consultancy relating to testing; Design and development of software in the field of mobile applications; Software design and development; Product design and development; Engineering design services; all of the aforesaid for use in connection with fire detection, fire alarms and fire monitoring systems.

UK00004261950 (2025/038, 19 September 2025)

Specifications have been restricted as follows:

Class 30:

Coffee; Oatmeal; Cereal snacks; Cereal bars; Chocolate; Tea beverages; Shrimp chips; Honey; Potato flour; Biscuits; Corn flakes; Starch for food; Pastries; Ice cream; Oat-based foods.

UK00004260048 (2025/039, 26 September 2025)

Specifications have been restricted as follows:

Class 9:

Computer software for document management; Computer software to automate data warehousing; software for the electronic processing of data; Computer software for application and database integration; Computer software for HR services, downloadable computer software in the form of a mobile application for HR services via the internet; downloadable software in the nature of a mobile application in the field of social media, namely, for sending status updates to subscribers of web feeds, uploading and downloading electronic files to share with others; Application software for social networking services via internet; Access interfaces for managed private circuit networks; all the aforementioned goods excluding goods relating to the digital forensics field.

Class 35:

Services of a temporary employment agency; secondment of personnel, recruitment and selection of personnel; provision of personnel; services of an employment intermediary, including employment mediation and advice on personnel and personnel matters; outplacement; personnel selection by psychological methods; career guidance; information and advice on career and career development; promotion of jobs by placing advertisements, recruitment of traineeships; personnel management services; administration, in particular payroll and personnel administration; compilation and management of databases; business organization and management consultancy; distribution of advertising material; personnel selection by means of psychotechnical testing; professional consultation in relation to personnel selection and recruitment, also by electronic means, downloadable mobile application or website; all the aforementioned services also by electronic means, downloadable mobile application or website; Event, concert promotion [advertising]; Acquisition of commercial information; business risk assessment; commercial project management for others; supply chain management services; procurement services for others [purchasing goods and services for other businesses]; procurement management services; business supervision; advice on organizational and commercial risk management; advertising; business

management; business administration; advice on organization and business management; cost-benefit analyses; computer file management; public relations; marketing; commercial intermediation services; advisory services relating to business document management; industrial management consultancy, including cost-benefit analysis; compilation of information in computerized registers; data gathering; business planning assistance; database management; market research; planning relating to business management, namely the search for industrial partners; computer data processing; collection and systematization of information in computer databases; systematization of data in a central file; computerized management of a commercial and/or advertising database; management and compilation of data in computer databases; updating and maintenance of data in computer databases; staff recruitment; recruitment of temporary technical staff; recruitment and placement services; provision of commercial data; traffic optimization for websites; arranging commercial transactions and contracts; administrative assistance in responding to calls for tenders; interim management; negotiation of business contracts on behalf of third parties; business intelligence services; Online professional matchmaking between employers and employees; information, advice and assistance services relating to all of the aforesaid services; all the aforementioned services excluding services relating to the digital forensics field.

Class 38:

Telecommunication services; The transmission, by telecommunications means, of sound, images, computer programmes, data, information, news items or news flashes, in electronic form, including via the Internet; news agency services; all the aforementioned services excluding services relating to the digital forensics field.

Class 41:

Organization of recreative and educational events; Live event production; Presentation live entertainment events; Conducting of entertainment events; Organisation of workshops, seminars, lectures, conferences, exhibitions for educational and leisure purposes; Arranging and conducting of concerts; Booking of seats for concerts; Consultancy and information services relating to arranging, conducting and organisation of concerts; Education, in particular staff training; courses, training and further training; the aforementioned services, including via the Internet; vocational guidance; Career advisory services (education or training advice); impresario; publishing and publishing of books, newspapers and magazines; organisation of exhibitions for educational, cultural or recreational purposes; Education and training services; education and training programs in the field of risk management; technical training relating to natural and industrial risks; organization, conduct and presentation of seminars, workshops, classes, webinars, conferences, colloquia, online education and distance learning and training programs; training and education in the field of engineering, computing and office automation; providing online non-downloadable electronic publications; publication, in particular electronic, of texts, books and periodicals online; production of films other than advertising films; desktop publishing; information, advice and assistance services relating to all of the aforesaid services; all the aforementioned services excluding services relating to the digital forensics field.

Class 42:

Computer programming; Computer software design; Computer services, namely providing websites featuring technology in the field of social media, namely for sending status updates to subscribers of webfeeds, for uploading and downloading electronic files to share with others, the aforesaid services in the field of human resource management, personnel recruitment, personnel selection and policy and job matching; Engineering; engineering design and advice; engineering project management services; evaluations, estimates and research in the scientific and technological fields carried out by engineers; technical assistance services (advice) in the fields of automotive, rail, aeronautics, civil engineering, energy, transport, industry, chemistry, pharmaceuticals as well as agribusiness and technology of information and communication; technical assistance services (advice) in computing in the fields of insurance, banking, finance and the tertiary sector; mechanical Engineering; civil engineering (engineering work); research and development of industrial processes; mechanical research; design and development of computers and software; research and development of new products for others; studies and monitoring of technical projects; development (design), installation, maintenance, updating or rental of software; computer graphics services; graphic design; technical inspection and supervision services; software feasibility study services; design feasibility study services; carrying out technical feasibility studies; technical project study concerning construction economics [construction costs]; computeraided design services relating to industrial engineering and design; environmental risk assessment; environmental studies; environmental survey and monitoring services; environmental assessments within civil engineering structures; computer system and network integration services; advisory services relating to environmental safety; monitoring of events influencing the environment inside buildings; research in the field of environmental protection and preservation; monitoring of building structures; scientific risk assessment; cartography; cartographic design services; planning and professional advice on urban and commercial development; security research; urban planning; geographic planning consultancy services; consulting services in the field of environmental planning; industrial process monitoring services; software, computer and computer system configuration services; electronic storage of files, emails and documents; cloud computing; software as a service [SaaS]; platform as a service [PaaS]; computer consultancy; document scanning; conversion of data and computer programs other than physical conversion; conversion of data or documents from a physical medium to an electronic medium; computer data recovery; industrial design services; industrial design; technical drawing; computer-aided graphic design; model design; engineering services relating to energy supply systems; certification services relating to the energy efficiency of buildings; energy efficiency consulting services; testing, authentication and quality control; metallurgical analyzes and tests; industrial tests and research; quality control for certification; engineering testing; environmental exhaust emissions testing; environmental vibration testing; environmental noise pollution tests; research in the field of carbon emission reduction; achievement studies of technical projects and research relating to the use of natural energy; product quality testing for certification purposes; trial, testing, analysis and evaluation of third party products and services for certification purposes; data mining services; information, advice and assistance services relating to all of the

aforesaid services; all the aforementioned services excluding services relating to the digital forensics field.

Class 45:

Online social networking services accessible by means of downloadable mobile Applications; Health and safety risk assessment; health and safety risk management; security services; security consultancy; security services for the protection of property and individuals; advice on workplace safety regulations; legal monitoring services; legal advice for responding to calls for tenders; information on occupational health and safety; security inspection services for others; information, advisory and assistance services relating to all of the aforesaid services; all the aforementioned services excluding services relating to the digital forensics field.

UK00004251513 (2025/039, 26 September 2025)

Specifications have been restricted as follows:

Class 18:

Baggage; all-purpose carrying bags; tool bags sold empty; leather bags; imitation leather bags; travel bags; duffel bags; none of the aforesaid being sports bags.

UK00004251516 (2025/039, 26 September 2025)

Specifications have been restricted as follows:

Class 18:

Baggage; all-purpose carrying bags; tool bags sold empty; leather bags; imitation leather bags; travel bags; duffel bags; none of the aforesaid being sports bags.

UK00004231062 (2025/039, 26 September 2025)

UK00004249189 (2025/035, 29 August 2025)

Specifications have been restricted as follows:

Class 25:

Clothing; Jackets [clothing]; Knitwear [clothing]; Ready-to-wear clothing; Woolen clothing; Furs [clothing]; Garments for protecting clothing; Layettes [clothing]; Clothing layettes; Linen clothing; Headbands [clothing]; Headbands for clothing; Gloves [clothing]; Gloves as clothing; Clothes; Maternity clothing; Kerchiefs [clothing]; Jerseys [clothing]; Denims [clothing]; Shorts [clothing]; Cashmere clothing; Capes (clothing); Oilskins [clothing]; Gabardines [clothing]; Leather clothing; Clothing of leather; Leather (Clothing of -); Parts of clothing, footwear and headgear; Collars [clothing]; Silk clothing; Veils [clothing]; Knitted clothing; Hoods [clothing]; Windproof clothing; Corsets [clothing, foundation garments]; Embroidered clothing; Wristbands [clothing]; Belts [clothing]; Belts for clothing; Rainproof clothing; Waterproof clothing; Bandeaux [clothing]; Casual clothing; Visors [clothing]; Jackets (Stuff -) [clothing]; Stuff jackets [clothing]; Playsuits [clothing]; Bottoms [clothing]; Clothing for leisure wear; Ready-made clothing; Latex clothing; Trunks being clothing; Woven clothing; Infant clothing; Drawers [clothing]; Drawers as clothing; Leisure clothing; Ties [clothing]; Clothing for children; Muffs [clothing]; Bodies [clothing]; Clothing for babies; Clothing for infants; Tops [clothing]; Weatherproof clothing; Pockets for clothing; Fabric belts [clothing]; Handwarmers [clothing]; Water-resistant clothing; Cowls [clothing]; Chaps (clothing); Beach clothing; Thermal clothing; Men's clothing; Fishing clothing; Dance clothing; Braces for clothing; Mitts [clothing]; Printed t-shirts; Sleeveless jerseys;

T-shirts; Jerseys; Shirts; Tee-shirts; None of the aforementioned being for sports or their promotion.

Class 35:

Retail services connected with the sale of clothing and clothing accessories no such clothing or accessories being for sports or for the promotion of a sport; Design of advertising materials, none being for the promotion of a sport.

Class 42:

Design of clothing, footwear and headgear; Designing of clothing; Design of clothing; Design of clothing accessories; Hat design; Design of logos for t-shirts; Design and development of consumer products; Design of products; none of the aforementioned services concerning sports goods, fashion design, jewellery design, design of jewellery, design of furnishings, design of artwork, graphic design, design of fashion accessories.

UK00004257619 (2025/039, 26 September 2025)

Specifications have been restricted as follows:

Class 9:

Cameras for vehicle safety and security; video recorders for vehicle safety and security; sensors; warnings apparatus; alarms; CCTV for vehicle safety and security.

Class 12:

Warning alarms [reversing] for vehicles; warning alarms (Anti-theft) for vehicles; reversing warning alarms for use on vehicles; Alarms for vehicles.

Class 37:

Installation and repair of Cameras for vehicle safety and security, video recorders for vehicle safety and security, sensors, warnings apparatus, alarms, CCTV for vehicle safety and security, Warning alarms [reversing] for vehicles, warning alarms (Anti-theft) for vehicles, reversing warning alarms for use on vehicles, Alarms for vehicles.
