paper bibs for babies; holders for adhesive tapes; self-adhesive tapes for stationery or household purposes; film pens; cellulose acetate film for packaging; correction film for type; plastic film for packaging; plastic cling film, adhesive plastic film for wrapping and packaging; biodegradable pet waste bags of plastic; biodegradable paper pulp-based to-go containers for food; paper tissues; packaging material of plastic; merchandise bags of paper or plastic.

Class 17:

Film for mulching; mulching film; foam supports for flower arrangements [semi-finished products]; biodegradable plastic film for agricultural purposes.

Class 20:

Covers for clothing [wardrobe]; corks; packaging materials being rigid plastic trays; non-metal bottle caps; plastic labels, biodegradable plastic based containers for commercial packaging in the nature of bottles; biodegradable plastic based containers for commercial packaging in the nature of jars; biodegradable plastic based containers for commercial packaging in the nature of squeeze tubes; adhesive tags of plastic or rubber for bags; plastic trays for foodstuff packaging.

Class 21:

All-purpose portable household containers; bags for use in cooking; baking dishes; baskets for household purposes; beverage bottles; biodegradable make-up sponges; biodegradable rice straws for drinking; biodegradable tableware, other than knives, forks and spoons; bowls [basins]; boxes for cosmetic utensils; brushes; buckets; scrub sponges for washing dishes; coffee stirrers; cups; cup lids; dental floss picks; dental picks for personal use; kitchen gloves; dishwashing gloves; gloves for household purposes; pots; lollipop sticks; plant pots; spouts; sponges; plates [tableware]; coffee services [tableware]; tea services [tableware]; baby cups and bowls [baby tableware]; tea filters; candle jars [holders]; compostable trays for domestic purposes; ice cube trays; trays for household purposes; paper plates; non-impregnated cleaning wipes other than paper; disposable paper cooking containers; coffee cups; dispensing bottles for cleaning preparations; litter trays for pets; drinking straws; traps for pests; cosmetic bags, fitted; droppers sold empty for cosmetic purposes; bottles; pet feeding bowls; plastic place mats; compost bins for household or kitchen use; compost containers for household or kitchen use; compostable bowls; compostable cups; compostable plates; biodegradable 3D-polycapsule cups.

Class 22:

Commercial fishing nets.

Class 25:

Aprons [clothing]; aprons [for wear]; disposable aprons; paper apron; biodegradable clothing; biodegradable garments.

Metal fasteners; Clamps, ties and fasteners of metal; cables of metal; cable straps of metal; metal fasteners for renewable energy exploitation devices; fastening clips of metal; fastening clips of metal and grounding clips for renewable energy exploitation devices; clips of metal for earthing; metal stake clamps, ties and fasteners; fastening clips of metal for culture; metal rod reinforcements for crops; trellis clips and hooks of metal; connectors and couplings of metal; connectors and couplings of metal for transferring fluids; hardware of metal; metal fasteners, namely, clips, clips, ties, dowels; nuts of metal; protective and finishing fasteners of metal; anti-fluxing rings of metal; rivets of metal; metal clips for cable routing; clips of metal for fastening connectors; Metal couplings for pipes by means of clipping, screwing or welding; metal fastening parts, namely staples, clips, bolts, screws, fasteners, dowels; metal manifolds for pipes and pipelines; metal pipes, tubes, hoses, and component parts thereof; seals of metal for pneumatic systems; rails of metal; transportable buildings of metal; buildings of metal; building components and materials of metal; roofing of metal; roofing, of metal, incorporating photovoltaic cells; fixing devices of metal for installation of photovoltaic panels; fixation devices of metal; connectors, couplings and clips of metal for assembly of building elements and housing units.

Class 7:

Machine tools; machines and machine tools for fixing between parts by means of fasteners; cleaning apparatus and machines; cleaning devices for vehicle cameras and sensors; solar panel cleaning devices; automated assembly devices for photovoltaic power plants; valves; pressure reducers.

Class 8:

Hand-operated hand tools and implements; hand-operated hand tools and implements for fixing between parts by means of fasteners; manual photovoltaic power plant assembly device.

Class 9:

Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electric current; electric connectors, collectors and sensors; electric connections for vehicle batteries; Checking and measuring apparatus and instruments; apparatus and instruments for monitoring and measuring the proper assembly of fluid connectors, electrical connectors or clips; central processing and control unit; docking stations; data processors; sensors; gloves equipped with sensors; antennas; interfaces (for computers); human-machine interfaces; grounding systems and apparatus; locating and identification apparatus and devices; software; detectors; actuators; diagnostic apparatus, not for medical use; Sensors for monitoring and controlling pneumatic systems; pressure sensors; electronic pressure sensors; temperature sensors; photovoltaic power plants; photovoltaic

plates, modules and cells; connectors, connection boxes, switchboards, connections, electric contacts, electric converters, current rectifiers; monitors (hardware), monitors (computer programs); computer programs; electrical connections for solar panels with mechanical protection and electrical insulation for photovoltaic cells and modules; Electrical connection systems used in conducting, distributing, transforming, accumulating, regulating or controlling electric current for electric and hybrid land vehicle batteries, as well as for stationary storage devices, including sensors, collectors, electrical connectors and their thermal management devices.

Class 10:

Medical device, namely medicine vial adapter; syringe adapter for medicine bottles; packaging systems, namely packages for medical devices and implants; infusion bags; syringe adapter for reconstituting and transferring between a bottle and a syringe; tray for medical use; insulin pens sold empty; syringes in the form of pens.

Class 11:

Heat exchangers; cooling apparatus and installations; cooling plates; thermal regulation device for electrical energy storage systems of photovoltaic and wind power plants.

Class 12:

Parts and component parts of vehicles; fastening clips and systems adapted for fastening automobile parts; connectors and couplings for transferring fluids for vehicles; Pneumatic systems and components for land vehicles, being parts and component parts of vehicles; couplings for pneumatic systems in land vehicles; compressed air pipes for land vehicles; pneumatic manifolds, control units for pneumatic systems of land vehicles; adapters and manifolds of metal for pneumatic systems; connectors and couplings for transferring fluids, liquids, air and gases for vehicles (parts and components of vehicles); non-return valves for fluidic circuit for vehicles; nozzles for liquid dispersion as a component part of vehicles; solenoid valves being component parts of vehicles for blocking, activating or directing a flow of liquid, gas or air; windshield wipers.

Class 17:

Strips, sheets, films, sleeves and covers for soil mulching; strips of rubber for use in preventing the growth of herbs around trees; non-metallic connectors, adaptors and couplings for tubes and pipes; flexible pipes not of metal; flexible pipes, flexible tubes, and component parts thereof, not made of metal; couplings and joints for pipes not of metal; seals; connectors for pipes, tubes and cables not made of metal.

Class 19:

Building materials and elements not of metal; roofing not of metal; roofing, not of metal, incorporating photovoltaic cells; non-metallic fasteners for installation of photovoltaic panels.

Class 20:

Fasteners not of metal; collars, fasteners and fixings, not of metal; non-metal fixations, namely, clamps, fasteners, nails, bolts, dowels, staples, screws and clips; cable straps, not of metal; fastening clips, not of metal; fastening clips not of metal and grounding clips for renewable energy exploitation devices; Collars, ties and fasteners for staking not of metal; non-metallic clamps, clips and fasteners for trees or plants for

binding to a cable, guardianship or a carrier cable; non-metal stem reinforcements for tomato plants and seedlings; non-metallic stem reinforcements for crops; fastening clips not of metal for culture; trellis clips and hooks, not of metal; non-metallic connectors and couplings; non-metallic connectors and couplings for transferring fluids; non-metallic fasteners, namely clips, clips, screws, fasteners; nuts of plastic; protective and finishing fixings, not of metal; non-metal mouth and hole mounts; cable clips of non-metallic materials; rivets, not of metal; non-metallic clips for cable routing; non-metallic clips for fastening connectors; stoppers, not of glass, metal or rubber; bottle closing devices of plastic; plastic devices for closing bottles in the pharmaceutical, veterinary, medical and cosmetology fields; packaging and packing closure made of plastic; trays, not of metal; clips and supports for pipes, tubes and cables not of metal; empty plastic flexible tubes; valves not of metal; non-metallic fastening devices; non-metallic connectors, couplings and clips for the assembly of building element and housing modules; non-metallic hardware.

Class 35:

Wholesaling and retailing of fasteners for the mobility industry and in particular vehicles; purchasing goods and services for other businesses (procurement); advisory services relating to the purchase of goods on behalf of third parties; business mediation in the trading of fasteners for the mobility industry and in particular vehicles; import-export agencies in the field of fasteners for the mobility industry and in particular vehicles; supply chain management services; providing commercial information; business organization and business economics advice; commercial risk management services; commercial business project management; market research, studies with regard to markets and market analyses; compilation of statistics.

Class 37:

Installation, maintenance and repair of photovoltaic cells, modules and panels, machines for the manufacture of silicon panels and photovoltaic cells and modules; installation of photovoltaic power plants and parks, maintenance and repair of photovoltaic installations and parks and any other energy production system; installation services of fastening systems; installation, repair and maintenance of machines and machine tools.

Class 39:

Transport, packaging and storage of fastening devices for the mobility industry and in particular vehicles; logistics services with respect to transport.

Class 40:

Advisory Services relating to the production of energy; assembly of products for others; custom manufacture of floating structures and floating photovoltaic system structures.

Class 41:

Training services; organization and conducting of colloquiums, conferences or congresses.

Class 42:

Quality control; quality control of product assembly; testing of new products; engineering; research and development of new products for third parties; technical project study services; product assembly control solution study and development services; design and development of computers, computer

peripheral devices, computer systems, software and connected objects; Software as a Service (SaaS); maintenance of computer systems (software); electronic data storage; design of photovoltaic power plants and parks; engineering work in the field of photovoltaic energy; technical research in the field of photovoltaic energy; technical consulting in the field of photovoltaic energy; drawing up plans in the field of the exploitation of photovoltaic energy; advice with respect to energy saving; technical expertise in the fields of electrical energy production; technical implementation advice in the field of assembling and gluing; performance testing in the field of assembly and gluing; prototype fabrication [prototype design]; conducting and arranging of processes in the field of assembling and gluing [development of manufacturing techniques]; technical support services carried out by engineers for the industrialization of customer projects in the field of assembling and gluing; design and development of fasteners for the mobility industry and in particular vehicles; supply chain engineering services; engineering services; Scientific and technological services as well as research and design relating thereto; industrial analysis, industrial research and industrial design services; technical advice relating to energy production.

The logo for ENGEL AYURPURA, featuring the word 'ENGEL' in a large, stylized, black, sans-serif font, with the word 'AYURPURA' in a smaller, black, sans-serif font below it.

The figurative mark is arranged on two levels of different sizes. On the lower level there is the graphic representation of the fanciful wording "AYURPURA" in uppercase and uniform black writing. On the upper level is the graphic representation of the wording "ENGEL" in uppercase and uniform black handwriting. The wording "ENGEL" is positioned exactly above the wording "AYURPURA" and is approximately twice the size of the wording on the lower level. Between the lower and middle tier is a space the size equivalent to the height of the wording on the lower tier, so that there are no points of contact between the two tiers. The two upper horizontal lines of the initial letter "E" of "ENGEL" represent two curves stretched and extended to the left. The horizontal line of the final letter "L" of "ENGEL" represents a curve stretched out and extended to the right.
