Jewellery; Necklaces [jewellery]; Brooches [jewellery]; Jewellery, including imitation jewellery and plastic jewellery; Watches; Clocks and watches; Precious metals; Jewellery of precious metals; Jewellery in precious metals; Articles of jewellery.

Class 16:

Plastic bags for wrapping and packaging; Paper gift bags; Gift bags; Bags and articles for packaging, wrapping and storage of paper, cardboard or plastics; Plastic shopping bags; Paper bags; Stationery; Printed stationery; Books; Non-fiction books; Fiction books; Printed booklets; Printed pamphlets; Printed brochures; Printed flyers; Printed leaflets; Printed publications.

Class 18:

Bags; Tote bags; Cloth bags; Reusable shopping bags; Canvas shopping bags.

Class 20:

Furniture; Furniture and furnishings; Display stands; Display stands for posters; Display tables; Display boards; Furniture for display purposes; Display stands for selling goods; Display units [furniture]; Containers of plastic (Packaging -); Hutches for animals; Beds for animals.

Class 21:

Tableware, other than knives, forks and spoons; Cookware and tableware, except forks, knives and spoons; Tableware, except forks, knives and spoons; Crockery; Figurines [statuettes] of porcelain, ceramic, earthenware or glass; Household utensils; Household containers.

Class 25:

Articles of clothing; Articles of sports clothing; Articles of outer clothing; Headgear; Clothing; Clothes; Footwear.

Class 28:

Toys, games, and playthings; Toys, games and playthings for pet animals; Festive decorations, party novelties and artificial Christmas trees; Christmas tree decorations and ornaments; Decorations and ornaments for Christmas trees.

Class 29:

Pork; Pie fillings of meat; Meat; Meat and meat products; Cooked meat; Frozen meat products; Processed meat products; Smoked meats; Fish; Salted fish; Smoked fish; Food products made from fish; Seafood; Dairy products; Dairy products and dairy substitutes; Milk products; Drinks made from dairy products; Cheese products; Seafood products; Poultry; Cheese; Edible oils; Edible oils and fats; Processed fruits; Processed fruits, fungi, vegetables, nuts and pulses; Soups and stocks, meat extracts; all the aforesaid meat products complying with the specifications of the PGI "Melton Mowbray Pork Pies".

Class 30:

Coffee drinks; Coffee beverages; Pork pies; Meat pies; Pies; Non-meat pies; Dairy confectionery; Cocoa products; Pasta products; Chocolate based products; Sandwiches containing meat; Meal; Salts, seasonings, flavourings and condiments; Bakery goods; Confectionery; Chocolates; Puddings for use as desserts; Prepared desserts [pastries]; Sweets; Beverages (Chocolate-based -); Pies [sweet or savoury]; Cakes; Ice creams; Coffee; Teas; all the aforesaid meat products complying with the specifications of the PGI "Melton Mowbray Pork".

Class 31:

Raw agricultural products; Agricultural and aquacultural crops, horticulture and forestry products; Foodstuffs for animals; Foodstuffs (Animal -); Foodstuffs for farm animals; Foodstuffs for domestic animals; Bedding and litter for animals; Bait, not artificial.

Class 32:

Beer; Malt beer; Non-alcoholic beer; Beers; Low-alcohol beer; Craft beer; Craft beers; Lager; Ale; Non-alcoholic drinks; Non-alcoholic beer-based cocktails; Beer-based cocktails; Cocktails, non-alcoholic.

Class 33:

Beverages (Alcoholic -), except beer; Alcoholic beverages (except beer); Wine-based drinks; Gin; Whiskey; Vodka; Flavoured tonic liquors; Rum; Brandy; Alcoholic bitters; Vermouth; Alcoholic cocktails; Cocktails; Pre-mixed alcoholic beverages, other than beer-based; Alcoholic tea-based beverage; Grain-based distilled alcoholic beverages; Spirits; Wine; Cider.

Class 35:

Arranging of exhibitions for trade purposes; Organization of events, exhibitions, fairs and shows for commercial, promotional and advertising purposes; Public relations; Public relations services; Product demonstrations and product display services; Trade show and commercial exhibition services; Administration of loyalty rewards programmes; Loyalty scheme services; Loyalty, incentive and bonus program services; Advertising; Provision and rental of advertising space; Business and commercial information services; Commercial information services.

Class 41:

Organization of entertainment events; Organisation of musical events; Organisation of events for cultural, entertainment and sporting purposes; Organisation of entertainment and cultural events; Rental of entertainment halls; Organisation of live musical performances; Organising of entertainment; Organising of exhibitions for entertainment purposes; Music festival services; Live musical concerts; Organising of festivals; Cultural activities; Cultural services; Organizing cultural and arts events; Animal exhibitions and training of animals; Exhibiting of animals.

Class 43:

Catering (Food and drink -); Food and drink catering; Preparation of food and beverages; Take-away food and drink services; Providing of food and drink; Providing food and drink; Provision of food and drink; Hospitality services [food and drink]; Services for the preparation of food and drink; Food and drink preparation services; Takeaway food services; Food and drink catering for banquets; Catering for the provision of food and drink; Beer bar services; Beer garden services; Serving beverages in microbreweries; Serving beverages in brewpubs; Provision of food and drink in restaurants; Food preparation; Arranging of wedding receptions [venues]; Event facilities and temporary office and meeting facilities; Provision of event facilities and temporary office and meeting facilities; Provision of conference, exhibition and meeting facilities; Providing food and drink catering services for fair and exhibition facilities; Providing convention facilities; Outside catering; Providing food and drink catering services for convention facilities; Providing facilities for fairs and exhibitions; Providing facilities for exhibitions; Provision of facilities for exhibitions; Room rental for exhibitions; Take-away food services; Preparation

***List of cases accepted for opposition purposes as shown in Journal 2026/002 published on

PURDY

Class 6:

Central heating installations (Ducts and pipes of metal for -).

Class 7:

Pumps for heating installations, Pump installations.

Class 9:

Temperature monitors [valves] for central heating radiators,
Apparatus and instruments for conducting, switching,
transforming, accumulating, regulating or controlling
electricity; electronic publications; downloadable publications;
computer software; media content; intelligent gateways
for communication; mobile apps; recorded content;
telecommunications apparatus; cellular telephones and other
handheld communications or computing devices; personal
digital assistants; cables; electronic parts and components
namely, electronic sensors, printed circuit boards, electronic
circuit assemblies, microprocessors, microcontrollers, electronic
control modules, signal converters, communication modules
including wireless communication devices, modules supporting

wireless local area network protocols, short-range wireless
communication protocols, low-power mesh networking
protocols, cellular modules, integrated circuits, semiconductors,
electronic connectors, plugs and sockets, relays, switches
and contactors, voltage regulators, transformers, electronic
thermostat modules, actuators, battery packs, electronic displays,
electronic alarms and alert modules, wiring assemblies and
cable assemblies, electronic diagnostic and monitoring modules,
and gateway components for Internet-of-Things communication;
electronic and electrical connectors; thermostats and thermostat
controllers; temperature indicators; thermometers; scales;
meters; power supplies; electrical plugs and adaptors; electric
and electronic security apparatus and instruments; cameras;
monitoring alarms; parts and fittings for all the aforesaid
goods; Meters; Gasometers [measuring instruments]; electricity
meters; electricity metering apparatus; meter units; computer
software for use in remote meter reading and monitoring;
meter testing apparatus; power modules; connecting modules
for electric controls; control modules (Electric or electronic-);
regulating modules; databases; fire sprinklers; sprinkler systems
for fire protection and extinguishing; sprinkler apparatus
[automatic] for fire extinguishing; charging stations for
electric vehicles; wireless controllers to remotely monitor and
control the function and status of other electrical, electronic,
and mechanical devices or systems; Monitoring instruments;
Alarm monitoring systems; Environmental monitoring software;
Remote monitoring apparatus; Network monitoring cameras for
surveillance; Health monitoring software; Measuring, detecting,
monitoring and controlling devices; Instruments for monitoring
traffic; Network monitoring cameras; Visual monitoring
apparatus; Monitoring apparatus and instruments; Apparatus for
measuring, monitoring and analyzing electricity consumption;
Apparatus for monitoring water consumption; Aural monitoring
apparatus; Monitoring control apparatus [electric]; Apparatus
for monitoring gas consumption; Monitoring apparatus, electric;
Electric monitoring apparatus; Safety monitoring apparatus
[electric]; Vapour monitoring apparatus for the detection of leaks;
Sensors for monitoring physical movements; Electric motor
checking [monitoring or supervision] apparatus; Apparatus
for monitoring heat consumption; Sensors, detectors and
monitoring instruments; Monitoring apparatus, other than for
medical purposes; Listening devices for monitoring babies;
Computer software for use in remote meter monitoring;
Cloud network monitoring software; Electronic baby monitoring
listening devices; Liquid level monitoring apparatus; Voltage
monitoring units; Nonintrusive load monitoring [NILM]
apparatus; Software for monitoring, analysing, controlling and
running physical world operations; Electronic baby monitoring
devices; Monitoring units [electric]; Cameras for monitoring and
inspecting equipment in a nuclear power station; Downloadable
computer software for remote monitoring and analysis; Video
cameras adapted for monitoring purposes; Electronic monitoring
instruments, other than for medical use; Mains monitoring
apparatus (Electric -); Nonintrusive appliance load monitoring
[NIALM] apparatus; Apparatus for monitoring electrical energy
consumption.

Class 11:

Lighting fittings, heating apparatus and installations, cooling
elements, steam generating equipment and systems, cooking
apparatus and installations, drying apparatus and installations,
apparatus and installations for ventilating, water supply
equipment and installations and sanitary installations., Heating,
ventilating, and air conditioning and purification equipment
(ambient), Ventilators for heat exchangers, Electrically powered

***List of cases accepted for opposition purposes as shown in Journal 2026/002 published on
09 January 2026 .***

fans for ventilation purposes, Apparatus for ventilating, Ventilating apparatus, Residential ventilating units, Ventilating fans for industrial use, Ventilating fans for commercial use, Ventilating fans for household use.

Class 35:

Retail services in relation to heating equipment; information and telecommunication systems management services.

Class 36:

Advice and financial information in the field of energy consumption and energy performance; financial advice and information in the field of equipment for industrial plants, heating plants, refrigeration plants, air-conditioning and district heating networks, lighting, telecommunications and security, financial advisory services for billing and scheduling of energy consumption expenditure; financial consultancy services for billing and scheduling of equipment costs for industrial plants, heating plants, refrigeration plants, air-conditioning and district heating networks, energy transport infrastructure, energy storage, lighting, telecommunications and security, financial management support services in the field of energy consumption, energy performance or sustainable development; financial consulting in the field of energy consumption, energy performance or sustainable development; insurance services for repairs to collective and individual heating, air-conditioning, electricity, water, refrigeration or gas installations; financial consultancy on tariff offers in the field of energy consumption and management; financial study and advice for improving, developing and renewing energy facilities; energy brokerage services; negotiation (financial transactions) of contracts relating to energy fuels, energy distribution, transport, storage or reception of energy; negotiation (financial transactions) of contracts relating to energy, storage of energy fuels, energy distribution, energy transport; financial studies and advice to improve, develop and renew energy facilities; financial analysis, financial loans services in the field of development and improvement of energy facilities; financing and funding services, financial loans services for heating or production installations using all type of energy, in particular renewable energy; financial information services by telephone in the field of energy consumption and energy efficiency or sustainable development; intermediary services for the management of real estate; advice on real estate matters; real estate appraisal; management of real estate.

Class 37:

Retrofitting of heating, ventilating and air conditioning installations in buildings; Construction of geothermal heating installations; Installation of solar heating systems; Heating equipment installation; Retrofitting of heating installations in buildings; Installation of heating and cooling apparatus; Maintenance and repair of solar heating installations; HVAC (Heating, ventilation and air conditioning) installation, maintenance and repair; Maintenance and repair of heating installations; Repair or maintenance of gas water heaters; Construction of geothermal community heating installations; Heating equipment installation and repair; Installation and repair of heating equipment; Plumbing and gas and water installation; Maintenance and repair of gas and electricity installations; Installation of electricity generation and distribution installations, renewable energy generation installations, heating and cooling installations, district heating and cooling networks, heat storage or recovery, ventilation, water distribution, air-conditioning; Maintenance of electricity generation and distribution

installations, renewable energy generation installations, heating and cooling installations, district heating and cooling networks, heat storage or recovery, ventilation, water distribution, air-conditioning, ventilation, water distribution, air-conditioning; Servicing of electricity generation and distribution installations, renewable energy generation installations, heating and cooling installations, district heating and cooling networks, heat storage or recovery, ventilation, water distribution, air-conditioning; Troubleshooting of electricity generation and distribution installations, renewable energy generation installations, heating and cooling installations, district heating and cooling networks, heat storage or recovery, ventilation, water distribution, air-conditioning; Repair of electricity generation and distribution installations, renewable energy generation installations, heating and cooling installations, district heating and cooling networks, heat storage or recovery, ventilation, water distribution, air-conditioning; Commissions of electricity generation and distribution installations, renewable energy generation installations, heating and cooling installations, district heating and cooling networks, heat storage or recovery, ventilation, water distribution, air-conditioning, and air-conditioning services for energy performance or consumption control; installation, maintenance, servicing, troubleshooting, commissioning of heat pumps, photovoltaic panels, boilers; thermal equipment maintenance service, Heating, ventilation and air-conditioning maintenance; installation and repair of air conditioning equipment, cleaning and repair of boilers; electric appliance installation and repair of electrical appliances and technical equipment in the field of electricity, fire protection and refrigeration; maintenance and repair of energy networks; installation and maintenance of home automation systems as well as programmable logic controllers for energy performance, consumption control or smart grid management (energy distribution networks using computer technology to improve the matching of energy supply and demand).

Class 38:

Remote transmission of data relating to devices, equipment and systems for measuring, analysing and monitoring (control) the production and consumption of energy or fluids, in particular home automation systems or smart grids (energy distribution networks using computer technology to improve the matching of energy supply and demand), between computer terminals and/or between a meter, detector, sensor, information reader and a computer terminal; Provision of access for remote control of devices, equipment and systems for measuring, analysing and monitoring (control) energy or fluid consumption; Provision of access for remote control of devices, equipment and systems for measuring, analysing and monitoring (control) of production, distribution, storage, remote control of devices, equipment and systems for measuring, analysing and monitoring (control) of public transport, urban regulation, motorway regulation, motorway and urban traffic and traffic regulation; telecommunication services and provision of access for remote management services relating to, the control of temperature and heat in an environment, maintenance of gas in an environment, electricity storage in an environment, and/or facilities handling the distribution of stored energy; electronic display services of teletransmitted data and rental of telecommunication equipment for remote metering of energy or fluid consumption, telecommunication, radio communication and message transmission services in civil and military matters; information transmission services, data communication by telematic means, by radio, by telephone or by computer systems; telecommunications, radio communications and transmission of

List of cases accepted for opposition purposes as shown in Journal 2026/002 published on 09 January 2026 .

information messages in public transport networks; transmission and exchange of data and information by telematic, telephone, computer, Internet, Intranet or Extranet networks; on-line data and information transmission networks.

Class 40:

Electric energy production; production of energy from renewable sources, in particular thermal, climatic, geothermal, wind, solar, hydro or biomass energy; rental of energy generators; processing of biomass for energy production; information on biomass processing and energy production facilities; water treatment, air cooling, processing of plant biomass, natural gas and liquefied gas; information and consultancy services in the above fields; sorting and recycling of waste and recovered raw materials for energy production; processing of materials, namely metals, waste; Air and water conditioning and purification; waste and/or water treatment services; air treatment and purification; information, advisory and consultancy services relating to all of the aforesaid.

Class 41:

Organisation and conduct of training workshops, vocational guidance (education or training advice); organisation of competitions, exhibitions and games for educational purposes, publication of books and periodicals and production of films in the field of energy consumption, sustainable development and environmental protection; educational services related to raising the awareness of public or private companies, public or private promoters, craftsmen, industrialists or local authorities to the technological and interoperability needs in the field of energy consumption; organisation and supervision of sports and cultural activities; organisation of professional workshops.

Class 42:

Engineering services and technical analysis, research and consultancy services in the field of energy, sustainable development and energy efficiency; design, maintenance, updating and installation of software in the fields of energy and sustainable development; Engineering work for the establishment of construction plans in the field of energy, in particular gas transport networks, energy storage facilities, electricity production and distribution, renewable energy production facilities, energy installations, thermal heating and refrigeration installations, heating, urban heating networks and urban cooling networks, heat storage or recovery, ventilation, water distribution, air conditioning and air conditioning in the view of energy performance or consumption control; Research and development of new products for third parties in the field of sustainable development; Technical advice and engineering consultancy for the management of industrial installations operating with all types of energy, the management of energy storage facilities, and gas or electricity distribution and supply networks; Analyses (conducting technical projects studies) and industrial technical research relating to home automation and smart grids (energy distribution networks using computer technology to improve the matching of energy supply and demand); quality control services consisting of technical surveys of installations, measurements and condition reports; Technical studies and analyses and diagnoses (performed by engineers) for the installation of facilities for the provision and/or production and/or distribution of energy, namely electricity, gas, heating and water; studies, technical analyses, diagnoses (performed by engineers) for the installation and operation of data storage centres (data centres); studies, research and expertise (engineering services) in the fields of energy, the

environment and sustainable development; technical advice and information relating to energy and energy management; information and technical advice on installations using all types of energy; technical expertise in the fields of electrical, wind, solar, hydraulic, geothermal, thermal, refrigeration, climatic and renewable energy production; technical management of energy production and distribution facilities namely, control of the operation of the facilities, technical advice on the management and monitoring of electricity consumption; IT management services (IT engineering), namely management of IT networks, design, implementation of software; design of software for the management of physical infrastructure of data storage centres (data centres); electronic data storage for third parties; software services for the management of physical infrastructure of data storage centres (data centres); quality control services consisting of technical surveys of installations, measurements and condition reports; Services for the implementation, development and management of online services on information and telecommunication networks and systems; Preparation of technical reports (expertise) on the management of industrial installations and energy production sites; Drawing up technical reports (expertise) on the management of industrial installations and energy production sites, drawing up risk management plans and measurement indicators, proposing progress plans ; Programming for computers in the fields of energy production and consumption, computer platform as a service (PaaS) services offering services, application programming interfaces, and software development kits enabling companies and software developers to develop software services, products and applications; related research and design services in building, construction, architecture and engineering ; engineering in building data modelling ; urban design expertise; technical advice and expertise in construction; consultancy on urban and regional planning ; planning and technical advice for the development of construction projects ; Inspection of factories, all industrial or artisanal production sites, warehouses and buildings intended for the reception of the public, regarding safety [expertise]; technical inspections, especially energy inspections in the property sector (quality control); programming of home automation systems as well as programmable logic controllers for energy performance, consumption control or smart grid management (energy distribution networks using computer technology to improve the matching of energy supply and demand); information and telecommunication systems development services; Information technology services relating to the monitoring services to ensure of data for safety purposes is being collected from energy storage devices, energy installations, renewable energy production installations, heating and cooling installations, heating apparatus, district heating networks installation and district cooling networks or heat storage or recovery, ventilation system, water distribution, and air conditioning systems; Information technology services relating to the monitoring services in relation to the collection of data relating to humidity, temperature, air quality from energy installations, thermal heating and refrigeration installations, heating and district heating systems, district cooling systems, ventilation, water distribution, of air conditioning and air conditioning systems.

Class 45:

Surveillance services for energy facilities, for heating and cooling installations, for heating apparatus, for district heating and cooling networks, for ventilation systems, for water distribution, for air conditioning and climate control; Consultation in relation to the safety of energy installations, thermal and refrigeration

List of cases accepted for opposition purposes as shown in Journal 2026/002 published on 09 January 2026 .

installations, heating, urban heating networks and urban cold storage or heat recovery networks, ventilation, water distribution, air conditioning; Security services for protection of property and individuals; Security consultancy; Motorway and railway security services; Airport security services; Security services relating to the charging of electric vehicles; rental of clothing.
