Class 28:

Action figures; adhesive abdominal exercise belts, electric, for muscle stimulation; amusement machines, automatic and coin-operated; apparatus for games; appliances for gymnastics; arcade video game machines; archery implements; artificial fishing bait; artificial snow for Christmas trees; ascenders [mountaineering equipment]; baby gyms; backgammon games; bags especially designed for skis; bags especially designed for surfboards; balance bicycles [toys]; ball pitching machines; ball-jointed dolls [BJD]; balls for games; balls for playing boules games; bar-bells; baseball gloves; batting gloves [accessories for games]; bells for Christmas trees; billiard balls; billiard cue tips; billiard cues; billiard markers; billiard table cushions; billiard tables; bingo cards; bite indicators [fishing tackle]; bite sensors [fishing tackle]; bladders of balls for games; board games; bobsleighs; body-building apparatus / body rehabilitation apparatus / body-training apparatus; bodyboards; boomerangs; bowling apparatus and machinery; bowling balls; bows for archery; boxing gloves; building blocks [toys]; building games; butterfly nets; camouflage screens [sports articles]; candle holders for Christmas trees; caps for pistols [toys]; card games; carnival masks; chalk for billiard cues; chess games; chessboards; chest expanders [exercisers] / exercisers [expanders]; chips for gambling; Christmas crackers [party noveltie], Christmas tree stands, Christmas trees of synthetic material; clay pigeon traps; clay pigeons [targets]; climbers' harness; coin-operated billiard tables; cone markers for sports; confetti; conjuring

apparatus; controllers for game consoles; controllers for toys; counters [discs] for games; creels [fishing traps]; cricket bags' cups for dice; darts; decoys for hunting or fishing / lures for hunting or fishing; dice; discusses for sports; divot repair tools [golf accessories] / pitch mark repair tools [golf accessories]; dolls; dolls' beds; dolls' clothes; dolls' feeding bottles; dolls' houses; dolls' rooms; dominoes; draughtboards / checkerboards; draughts [games] / checkers [games]; drones [toys]; dumb-bells; edges of skis; elbow guards [sports articles]; electric muscle stimulation bodysuits for sports; electronic targets; exercise weights; external cooling fans for game consoles; fairground ride apparatus; fencing gauntlets / fencing gloves; fencing masks; fencing weapons; fidget toys; fish hooks; fishing gaffs; fishing lines; fishing tackle; flippers for diving; flippers for swimming; floats for fishing; flying discs [toys]; foosball tables; games*; gaming machines for gambling; gloves for games; golf bag tags; golf bag trolleys / golf bag carts; golf bags, with or without wheels; golf clubs; golf gloves; grip tapes for rackets; gut for fishing; gut for rackets; gyroscopes and flight stabilizers for model aircraft; hand clappers [noisemaker toys], hand-held consoles for playing video games; hang gliders; harness for sailboards; hockey sticks; hoops for exercise incorporating measuring sensors; horseshoe games; hunting game calls; ice skates; in-line roller skates; inflatable games for swimming pools; jigsaw puzzles; joysticks for video games; kaleidoscopes; kite reels; kites; knee guards [sports articles]; landing nets for anglers; machines for physical exercises; mah-jong; marbles for games; masks [playthings]; masts for sailboards; matryoshka dolls; men's athletic supporters [sports articles]; needles for pumps for inflating balls for games; nets for sports; novelty toys for parties; novelty toys for playing jokes; ornaments for Christmas trees, except lights, candles and confectionery; pachinkos; paddleboards; paintball guns [sports apparatus]; paintballs [ammunition for paintball guns] [sports apparatus]; paper party hats; paragliders; party balloons; party poppers [party novelties]; percussion caps [toys] / detonating caps [toys]; piñatas; play tents; playground sandboxes; playhouses for children; playing cards; plush toys; plush toys with attached comfort blanket; poles for pole vaulting; portable games and toys incorporating telecommunication functions; portable games with liquid crystal displays; protective cups for sports; protective films adapted for screens for portable games; protective paddings [parts of sports suits]; pumps specially adapted for use with balls for games; punching bags; puppets / marionettes; quoits; rackets / bats for games; rattles [playthings]; reels for fishing; remote-controlled toy vehicles; rhythmic gymnastics ribbons; ring games; rocking horses; rods for fishing; roller skates; roller skis; rollers for stationary exercise bicycles; rosin used by athletes; roulette wheels; sailboards; scale model kits [toys]; scale model vehicles; scent lures for hunting or fishing; scooters [toys]; scratch cards for playing lottery games; seal skins [coverings for skis]; shin guards [sports articles]; shuttlecocks; skateboards*; skeleton sleds; ski bindings; ski sticks / ski poles; ski sticks for roller skis / ski poles for roller skis; skis; skittles; skittles [games] / ninepins; sleds [sports articles]; slides [playthings]; sling shots [sports articles]; slot machines [gaming machines]; snow globes; snowboards; snowshoes; soap bubbles [toys]; sole coverings for skills; spinning tops [toys]; spring boards [sports articles]; starting blocks for sports; stationary exercise bicycles; strings for rackets; stuffed toys; surf skis; surfboard leashes; surfboards; swimming belts; swimming jackets; swimming kickboards; swimming pool air floats; swimming pools [play articles]; swimming webs / webbed gloves for swimming; swings; table-top games; tables for table tennis; targets; teddy

List of cases accepted for opposition purposes as shown in Journal 2026/004 published on 23 January 2026 .

bears; tennis ball throwing apparatus; tennis nets; theatrical masks; toy air pistols; toy dough; toy figures; toy glow stick bracelets for parties; toy imitation cosmetics; toy mobiles; toy models; toy musical instruments; toy pistols; toy putty; toy robots; toy vehicles; toys for pets; toys*; trading card games; trading cards for games; trampolines; tricycles for infants [toys]; twirling batons; video game consoles; video game machines; waist trimmer exercise belts; water wings; waterskis; weight lifting belts [sports articles]; weight vests for physical training purposes; yoga swings .

Class 32:

Aloe vera drinks, non-alcoholic; aperitifs, non-alcoholic; barley wine [beer]; beer; beer wort; beer-based cocktails; carbonated water / aerated water; preparations for making carbonated water / preparations for making aerated water; cider, non-alcoholic; cocktails, non-alcoholic; energy drinks; extracts of hops for making beer; fruit juices / fruit juice; fruit nectars, non-alcoholic; ginger beer / ginger ale; grape must, unfermented; isotonic beverages; kvass; lemonades; lithia water; malt beer; malt wort; mineral water [beverages]; must; non-alcoholic beverages; non-alcoholic beverages flavoured with coffee / non-alcoholic beverages flavored with coffee; non-alcoholic beverages flavoured with tea / non-alcoholic beverages flavored with tea; non-alcoholic dried fruit beverages; non-alcoholic essences for making beverages; non-alcoholic fruit extracts; non-alcoholic fruit juice beverages; non-alcoholic honey-based beverages; non-alcoholic preparations for making beverages; orgeat; pastilles for effervescing beverages; powders for effervescing beverages; protein-enriched sports beverages; rice-based beverages, other than milk substitutes; sarsaparilla [non-alcoholic beverage]; seltzer water; shandy; sherbets [beverages] / sorbets [beverages]; smoothies; soda water; soft drinks; soya-based beverages, other than milk substitutes; syrups for beverages; syrups for lemonade; table waters; tomato juice [beverage]; vegetable juices [beverages]; waters [beverages]; whey beverages .

Class 44:

Aerial and surface spreading of fertilizers and other agricultural chemicals / aerial and surface spreading of fertilisers and other agricultural chemicals; alternative medicine services; animal breeding; animal grooming; animal-assisted therapy; rental of animals for gardening purposes; aquaculture services; aromatherapy services; artificial insemination services; beauty salon services; rental of beehives; blood bank services; body piercing; chiropractic; convalescent home services; dentistry services; depilatory waxing; farming equipment rental; in vitro fertilization services / in vitro fertilisation services; flower arranging; gardening; hair implantation; hairdressing; health centre services / health center services; health spa services; horticulture; hospice services; hospital services; human tissue bank services; landscape design; landscape gardening; lawn care; manicuring; massage; medical advice for individuals with disabilities; medical analysis services for diagnostic and treatment purposes provided by medical laboratories; medical assistance; medical clinic services; medical equipment rental; medical screening; midwife services; nursing home services; nursing, medical; opticians' services; orthodontic services; palliative care; pest control services for agriculture, aquaculture, horticulture and forestry; pet grooming; pharmacy advice; physiotherapy / physical therapy; plant nursery services; plastic surgery; preparation of prescriptions by pharmacists; public bath services for hygiene purposes; reforestation services; rest home services; sanatorium services; rental of sanitary

installations; sauna services; solarium services; speech therapy; tattooing; telemedicine services; tree planting for carbon offsetting purposes; tree surgery; Turkish bath services; vermin exterminating for agriculture, aquaculture, horticulture and forestry; veterinary assistance; visagists' services; weed killing; wreath making .

Class 45:

Alternative dispute resolution services; arbitration services; astrology consultancy; babysitting; bereavement counselling / bereavement counselling; burial services; cartomancy services; chaperoning / escorting in society [chaperoning]; clothing rental; concierge services; copyright management; crematorium services; dating services; detective agency services; dog walking services; embalming services; evening dress rental; rental of fire alarms; rental of fire extinguishers; fire-fighting; conducting funeral ceremonies; funerary undertaking; genealogical research; guard services; horoscope casting; house sitting; inspection of factories for safety purposes intellectual property consultancy; kimono dressing assistance; leasing of internet domain names; legal administration of licences; legal advice in responding to calls for tenders / legal advice in responding to requests for proposals [RFPs]; legal advocacy services; legal compliance auditing; legal consultancy relating to patent mapping; legal document preparation services; legal research; legal services in relation to the negotiation of contracts for others; legal services in the field of immigration; legal watching services; licensing [legal services] in the framework of software publishing; licensing of computer software [legal services]; licensing of intellectual property; lifeguard services; litigation services; lost property return; marriage agency services; mediation; missing person investigations; monitoring intellectual property rights for legal advisory purposes; monitoring of burglar and security alarms; night guard services; online social networking services; opening of security locks; personal background investigations; personal body guarding; personal letter writing; personal wardrobe styling consultancy; pet sitting; physical security consultancy; planning and arranging of wedding ceremonies; organization of political meetings; registration of domain names [legal services]; regulatory compliance auditing; releasing doves for special occasions; conducting religious ceremonies; organization of religious meetings; rental of safes; security screening of baggage; spiritual consultancy; tarot card reading services for others; tracking of stolen property .

Class 9:

Software; computer operating software; downloadable software; downloadable cloud-based software; software in the nature of a mobile application; software, downloadable software, downloadable cloud-based software, and software in the nature of a mobile application for managing, storing, analyzing, securing, testing, and authenticating data, business data, business policies, customer data, sale and purchase data, inventory data, data analytics, databases, customer interactions and information, notifications and geolocation and global positioning systems (gps) data; software, downloadable software, downloadable cloud-based software, and software in the nature of a mobile application for use in customer relationship management (CRM), marketing automation, sales automation, sales performance management, field services management, mapping and route planning, customer service and support, customizable marketing and advertising, managing online content, deploying customized interactive content, optimization of online websites for third parties for marketing purposes, predictive analytics, big data and business data analysis and visualization, complex event processing, machine learning, artificial intelligence, mining the most relevant information from disparate data sources, providing automated solutions to enable organizations to integrate disparate data and translate and structure that data into actionable insights, creating searchable databases of information and data, security and authentication, monitoring employee efficiency, social media management and publication, data storage, collaboration, e-commerce, and software and application development, programming, and implementation; software, downloadable software, downloadable cloud-based software, and software in the nature of a mobile application for integration of computer systems, applications, data, and databases; software, downloadable software, downloadable cloud-based software, and software in the nature of a mobile application for creation and connectivity to application programming interfaces (APIs), governance and management of web services, APIs and integration applications, development and deployment of integrations; software, downloadable software, downloadable cloud-based software, and software in the nature of a mobile application in the fields of business, marketing, promotion, sales, customer service, customer relationship management, data analytics, business intelligence, artificial intelligence, machine learning, education and training, professional development, employee efficiency, social media, corporate social responsibility, philanthropy, and e-commerce; software, downloadable software, downloadable cloud-based software, and software in the nature of a downloadable mobile application for use in generating and executing automated and autonomous processes and tasks; software, downloadable software, downloadable cloud-based software, and software in the nature of a downloadable mobile application that uses artificial intelligence and machine learning to generate, process, understand and analyze speech, text, images, videos, sounds, and tasks; software, downloadable software, downloadable cloud-based software, and software in the nature of a downloadable mobile application for the generation, processing, understanding and analysis of multi-modal machine-learning based language, text, speech, and tasks; software, downloadable software, downloadable cloud-based software, and software in the nature of a downloadable mobile application for facilitating interaction, communication, and actions between humans and artificial intelligence chatbots and agents and between artificial intelligence chatbots and agents; downloadable task-oriented

chatbot and agent software; software, downloadable software, downloadable cloud-based software, and software in the nature of a downloadable mobile application for building, managing, updating, developing, training, evaluating, and monitoring generative user experiences powered by machine learning, deep learning, and artificial intelligence; software, downloadable software, downloadable cloud-based software, and software in the nature of a downloadable mobile application for building, managing, updating, developing, training, evaluating, and monitoring machine learning and artificial intelligence agents, algorithms, and programs; software recorded on computer media, downloadable software, downloadable cloud-based software, and software in the nature of a downloadable mobile application for generating and executing autonomous tasks in response to exposure to data using machine learning and artificial intelligence; software development tools, downloadable software development tools, software and downloadable software for developing, customizing, and managing computer systems, mobile and computer software applications, websites, client interfaces, frameworks, and templates.

Class 35:

Compilation and management of computerized databases and consulting services related thereto; business consultation services; business consultation services in the fields of business, marketing, promotion, sales, customer service, customer relationship management, data analytics, business intelligence, artificial intelligence, machine learning, education and training, professional development, employee efficiency, social media, corporate social responsibility, philanthropy, e-commerce, and software and application development, programming, and implementation; business management services in the fields of customer relationship management (CRM), marketing automation, sales automation, sales performance management, field services management, mapping and route planning, customer service and support, customizable marketing and advertising, managing online content, deploying customized interactive content, optimization of online websites for third parties for marketing purposes, predictive analytics, big data and business data analysis and visualization, complex event processing, machine learning, artificial intelligence, mining the most relevant information from disparate data sources, providing automated solutions to enable organizations to integrate disparate data and translate and structure that data into actionable insights, creating searchable databases of information and data, security and authentication, monitoring employee efficiency, social media management and publication, data storage, collaboration, e-commerce, and software and application development, programming, and implementation; new business venture development consulting services; providing general information of interest in the fields of business, marketing, promotion, sales, customer service, customer relationship management, data analytics, business intelligence, artificial intelligence, machine learning, education and training, professional development, employee efficiency, social media, corporate social responsibility, philanthropy, e-commerce, software and application development, programming, and implementation, and advisory services via a website; sales promotion (for others); marketing and advertising services; market research services; business and marketing data analytics services; operating online marketplaces for buying, selling, and sharing computer software, on-demand applications, artificial intelligence software and applications, and data; organizing and conducting tradeshow in the fields of business, marketing, promotion, sales, customer service,

List of cases accepted for opposition purposes as shown in Journal 2026/004 published on 23 January 2026 .

customer relationship management, data analytics, business intelligence, artificial intelligence, machine learning, education and training, professional development, employee efficiency, social media, corporate social responsibility, philanthropy, e-commerce, and software and application development, programming, and implementation.

Class 38:

Providing online facilities for real-time interaction with other computer users concerning topics of customer relationship management, customer service, marketing and promotion, artificial intelligence, and software design and development; telecommunication services, namely, electronic transmission of messages, images, data, and information; electronic transmission of data via the internet, global computer networks, wireless networks, private secure networks, and electronic communication networks; providing internet chatrooms; providing online forums and portals on the Internet; instant messaging services; internet services, namely providing multiple-user access to information on the internet concerning the development and generation of computer software for use in businesses as well as the functions and application of such business software.

Class 41:

Providing information about education, training; educational services, namely, providing online learning platforms and learning management systems; providing online learning portals, e-learning platforms and learning management systems, namely, learning modules, courses and interactive classes in the fields of online computer services, managing data, software and application development, programming, and implementation, business, marketing, promotion, sales, customer service, customer relationship management, data analytics, business intelligence, artificial intelligence, machine learning, education and training, professional development, employee efficiency, social media, corporate social responsibility, philanthropy, and e-commerce; providing certified training for use in customer relationship management (CRM), marketing automation, sales automation, customer service and support, data management, predictive analytics, big data and business data analysis and visualization, complex event processing, machine learning, artificial intelligence, social media management and publication, education, philanthropy, software and application development, programming, and implementation; educational examination services; arranging and conducting of educational conferences, congresses, symposiums, expositions, seminars, classes, conferences, workshops, training, retreats, lectures, tutorial sessions, webinars, courses, and instructional and lecture events; educational services, namely, arranging, conducting, and organizing educational conferences, congresses, symposiums, expositions, seminars, classes, conferences, workshops, training, retreats, lectures, tutorial sessions, webinars, courses, and instructional and lecture events in the fields of business, marketing, promotion, sales, customer service, customer relationship management, data analytics, business intelligence, artificial intelligence, machine learning, education and training, professional development, employee efficiency, social media, corporate social responsibility, philanthropy, e-commerce, and software and application development, programming, and implementation, and distributing course materials in connection therewith; conducting entertainment, cultural events, and live cultural events, namely, presentation of live dance and musical performances, live show performances and concerts, organizing arts events, planning and conducting parties and award shows

for people and organizations, arranging of contests, organizing and hosting social entertainment events, organizing cultural and arts festivals and fairs not for commercial purposes; providing online publications in the nature of newsletters, bulletins, articles, reports, books, blogs, and magazines in the fields of business, marketing, promotion, sales, customer service, customer relationship management, data analytics, business intelligence, artificial intelligence, machine learning, education and training, professional development, employee efficiency, social media, corporate social responsibility, philanthropy, e-commerce, and software and application development, programming, and implementation; providing podcasts and webcasts in the fields of business, marketing, promotion, sales, customer service, customer relationship management, data analytics, business intelligence, artificial intelligence, machine learning, education and training, professional development, employee efficiency, social media, corporate social responsibility, philanthropy, e-commerce, and software and application development, programming, and implementation.

Class 42:

Software as a service (SaaS), platform as a service (PaaS), and providing temporary use of non-downloadable software; software as a service (SaaS), platform as a service (PaaS), and providing temporary use of non-downloadable software for managing, storing, analyzing, securing, testing, and authenticating data, business data, business policies, customer data, sale and purchase data, inventory data, data analytics, databases, customer interactions and information, notifications, and geolocation and global positioning systems (gps) data; software as a service (SaaS), platform as a service (PaaS), and providing temporary use of non-downloadable software for use in customer relationship management (CRM), marketing automation, sales automation, sales performance management, field services management, mapping and route planning, customer service and support, customizable marketing and advertising, managing online content, deploying customized interactive content, optimization of online websites for third parties for marketing purposes, predictive analytics, big data and business data analysis and visualization, complex event processing, machine learning, artificial intelligence, mining the most relevant information from disparate data sources, providing automated solutions to enable organizations to integrate disparate data and translate and structure that data into actionable insights, creating searchable databases of information and data, security and authentication, monitoring employee efficiency, social media management and publication, data storage, collaboration, e-commerce, and software and application development, programming, and implementation; software as a service (SaaS), platform as a service (PaaS), and providing temporary use of non-downloadable software for integration of computer systems, applications, data, and databases; software as a service (SaaS), platform as a service (PaaS), and providing temporary use of non-downloadable software for creation and connectivity to application programming interfaces (APIs), governance and management of web services, APIs and integration applications, development and deployment of integrations; software as a service (SaaS), platform as a service (PaaS), and providing temporary use of non-downloadable software in the fields of business, marketing, promotion, sales, customer service, customer relationship management, data analytics, business intelligence, artificial intelligence, machine learning, education and training, professional development, employee efficiency, social media, corporate social responsibility, philanthropy, and e-commerce; software as a service (SaaS), platform as a service

(PaaS), and providing online non-downloadable software for use in generating and executing automated and autonomous processes and tasks; software as a service (SaaS), platform as a service (PaaS), and providing online non-downloadable software using artificial intelligence and machine learning to generate, process, understand and analyze speech, text, images, videos, sounds, and tasks; software as a service (SaaS), platform as a service (PaaS), and providing online non-downloadable software for the generation, processing, understanding and analysis of multi-modal machine-learning based language, text, speech, and tasks; software as a service (SaaS), platform as a service (PaaS), and providing temporary use of online non-downloadable software for facilitating interaction, communication, and actions between humans and artificial intelligence chatbots and agents and between artificial intelligence chatbots and agents; providing online non-downloadable task-oriented chatbot and agent software; research and development services in the fields of multi-modal content understanding and generation, natural language processing, artificial intelligence, and machine learning; providing information from searchable indexes and databases of information, including text, music, sounds, images, videos, software algorithms, mathematical equations, and electronic documents, by means of non-downloadable chatbot software; software as a service (SaaS), platform as a service (PaaS), and providing online non-downloadable software for building, managing, updating, developing, training, evaluating, and monitoring generative user experiences powered by machine learning, deep learning, and artificial intelligence; software as a service (SaaS), platform as a service (PaaS), and providing online non-downloadable software for building, managing, updating, developing, training, evaluating, and monitoring machine learning and artificial intelligence agents, algorithms, and programs; software as a service (SaaS), platform as a service (PaaS), and providing online non-downloadable software for generating and executing autonomous tasks in response to exposure to data using machine learning and artificial intelligence; technology consultation in the fields of multi-modal content understanding and generation, natural language processing, artificial intelligence, and machine learning; providing temporary use of on-line non-downloadable software development tools; non-downloadable software for developing, customizing, and managing computer systems, mobile and computer software applications, websites, client interfaces, frameworks, and templates; computer software development and technical consulting services; computer software development and technical consulting services in the fields of business, marketing, promotion, sales, customer service, customer relationship management, data analytics, business intelligence, artificial intelligence, machine learning, education and training, professional development, employee efficiency, social media, corporate social responsibility, philanthropy, e-commerce, and software and application development, programming, and implementation; design, development, installation, and maintenance of computer software and websites; providing search engines for the internet; server hosting.

Class 45:

Online social networking services; online social networking services in the fields of business, marketing, promotion, customer relationship management, sales, customer service, data analytics, business intelligence, artificial intelligence, machine learning, education and training, social media, professional development, corporate social responsibility, philanthropy, e-commerce, and

software and application development, programming, and implementation.

HYPERSONICA

Class 7:

Jet engines; rocket engines; air-breathing engines; pre-cooled propulsion systems; hybrid propulsion units for aerospace vehicles; turbine engines for aircraft; electric propulsion systems for aerospace vehicles; cryogenic fuel systems; parts and fittings for aerospace engines; parts and fittings for all the aforesaid goods.

Class 9:

Flight control software; avionic systems; satellite navigation systems; guidance systems for hypersonic vehicles; flight simulation software; sensors and instrumentation for aerospace vehicles; downloadable software for aerospace simulation and vehicle management; artificial intelligence software for aerospace applications; software for autonomous navigation and control; data analytics platforms for aerospace telemetry; missile aiming systems; drones; remote-controlled aircraft; autonomous aerial surveillance systems; aerial mapping and imaging systems; software and hardware for controlling and operating drones; sensors and cameras for use with unmanned aircraft; artificial intelligence integrated sensors and monitoring devices embedded in aerospace-grade materials; software for designing, simulating, and testing artificial intelligence enhanced materials and hypersonic vehicle components; data processing systems for predictive modelling of material behaviour under extreme conditions; embedded systems and control units comprising artificial intelligence responsive materials for autonomous flight; parts and fittings for all the aforesaid goods.

Class 12:

Hypersonic aircraft; spacecraft; aerospace vehicles; launch vehicles; unmanned aerial vehicles (UAVs); unmanned aerial system (UAS); high-temperature resistant materials for use in aerospace and hypersonic applications; ultra-high temperature ceramics; carbon-carbon composites; refractory metals and alloys; ceramic matrix composites; thermal barrier coatings; structural and protective materials engineered for sustained performance in extreme thermal environments; structural parts and fittings for drones and unmanned aerial system (UAS); propulsion systems for unmanned aircraft; hypersonic aircraft and aerospace vehicles incorporating artificial intelligence advanced materials; autonomous aerial vehicles designed for defence and space applications; structural components and propulsion systems for high-speed aerospace transport; reusable

spaceplanes; rocket-powered vehicles; high-altitude pseudo satellites (HAPs); suborbital transport vehicles; structural parts and fittings for the aforementioned vehicles; parts and fittings for all the aforesaid goods.

Class 13:

Missiles; guided missiles; ballistic missiles; missile launching apparatus; hypersonic missiles; hypersonic missiles exclusively for military use; parts and fittings for all the aforesaid goods.

Class 35:

Business consultancy in the field of aerospace and defence; commercial management of aerospace missions; procurement services relating to aerospace hardware and systems; information, consultancy and advice relating to any of the aforesaid services.

Class 37:

Construction, repair and maintenance of aircraft, spacecraft, missiles and hypersonic vehicles; information, consultancy and advice relating to any of the aforesaid services.

Class 40:

Custom manufacturing of aircraft, spacecraft, missiles and hypersonic vehicles; information, consultancy and advice relating to any of the aforesaid services.

Class 41:

Provision of training, education, workshops, seminars and courses in relation to aerospace technologies, aerospace vehicles, propulsion systems, flight control software, avionics systems, satellite navigation, guidance systems, aerospace simulation, artificial intelligence for aerospace applications, autonomous navigation and control, aerospace telemetry, hypersonic vehicles, spacecraft, missiles, and dual-use technologies; educational services relating to aerospace engineering, space mission planning, and defence technology; organisation and conducting of educational events, workshops and seminars in the fields of aerospace, defence, and space access; provision of online and in-person training programmes in aerospace innovation, compliance, and mission planning; provision of simulator-based and computer-based training for aircraft systems, namely avionics, propulsion, navigation, communications, and weapons systems; publication of training materials, manuals, user guides, technical documentation and maps, in printed and electronic formats, all relating to aerospace and defence systems; organising and conducting conferences and exhibitions relating to aerospace technologies and training; information, advice and consultancy relating to all of the aforesaid services.

Class 42:

Design and development of hypersonic vehicles; aerospace engineering services; space mission planning and consultancy; testing of aerospace vehicles and propulsion systems; technological research in the field of hypersonic and space access; simulation services for aerospace applications; design and development of propulsion systems; design and development of autonomous aerospace systems; engineering services for dual-use aerospace technologies; scientific and technological services relating to the development and testing of high-temperature materials for aerospace and hypersonic systems; materials engineering; thermal performance analysis; consultancy in the field of advanced materials for high-speed flight applications; design and development of unmanned aerial systems (UAS); engineering services relating to drones; software development for autonomous flight systems; consultancy in

Rian Limited

UK00004319728 06 January 2026
(16, 35)

A circular logo design featuring a stylized tree with curling decorative branches and cloud-like forms, surrounded by scalloped wave patterns at the bottom and a circular border with small rectangular details at cardinal points. Above the circular logo, the text 'Oakingham Art' is set in elegant Baskerville typeface, following the curve of the circle's top arc. The text maintains appropriate spacing from the logo itself, appearing to float just above it. The entire composition is rendered in clean black line art on a cream background, with the typography matching the sophisticated aesthetic of the decorative logo beneath it.

Class 16:
Works of art made of paper; Works of art of paper; Art pictures; Art prints; Art etchings.

Class 35:
Retail services in relation to works of art.
