Sentiment

Sentiment launches as a clean, lightweight online guest comment and feedback tool designed for events, venues, and feedback-driven experiences. With nothing to install and no technical setup required, Sentiment offers a modern alternative to traditional guest books and clunky feedback systems—allowing organizers to capture authentic sentiments from guest and patrons instantly. Built for simplicity and speed, Sentiment helps events, exhibitions, and organizations collect meaningful feedback in a format that feels natural, human, and effortless.

Hand tools; hand tools sold in kit form; lifting jacks; vehicle lifting jacks; vehicle trolley jacks; hand tools for use in the repair and maintenance of vehicles; socket sets; ratchets; spanners; spanner sets; windscreen scrapers; snow shovels; parts and fittings for all the aforesaid goods.

Class 9:

Software; computer software; artificial intelligence software and programmes; computer software and programmes for use with the Internet of Things; batteries; alarms; visors; electrical and electronic equipment and apparatus; fire extinguishers; mirrors; gauges; railway signals; traffic light apparatus; traffic control apparatus; signalling apparatus; electrical shunt apparatus for use with track circuits; Radio Electronic Token Block signalling systems; electrical conductivity control apparatus; electrical and mechanical relay apparatus; speed indicators; tachometers; temperature indicators; fuel gauges; battery condition indicators; brake-wear indicators; on-board computers; distance indicating devices; radios, tape and disc players and audio equipment; anti-glare glasses; electric cables; sensors; artificial intelligence and Internet of Things systems and devices; digital control systems; safety lights and lamps; electric, electromechanical, electronic apparatus and instruments in the form of motor alternator control equipment, push button switches, railway signalling equipment, push button shroud assemblies, electronic and electromechanical chokes, control modules; transformers, voltage regulators, battery chargers; battery charger control equipment; thyristors; diodes; static invertors; static convertors; electric and electromechanical interlock assemblies and traction fins; harmonic detection units; pressure switches; circuit breakers; electrical and electronic sensors and probes; electrical cables, connectors and braids; electrical and electromechanical invertors and diffusers; fusers; electrical insulating equipment; emergency circuit breakers; telecommunications hardware and software; whistle and horn alarms; electric alarm and warning systems; apparatus for transmission, reception, recording and reproduction of sound or images; electrical wire and cable; electrical conduits; industrial safety clothing; parts and fittings for the aforesaid goods; electronic publications; downloadable publications in electronic form; publication of text in electronic form; training manuals in electronic form; teaching materials in electronic form; computer software relating to business management methods and business efficiency; computer programs relating to business management methods and business efficiency; in-vehicle electrical power cables; in-vehicle charges for electrical equipment; adaptors for electrical data cables; electrical data cables; in-vehicle chargers for mobile phones, tablets, smart phones, computers, hand held games consoles, portable satellite navigation systems; in-vehicle power supply splitters; tyre pressure gauges; tyre tread depth gauges; vehicle hazard warning signs; high visibility jackets for the prevention of accidents; protective gloves; fire extinguishers; fuses for vehicles; antennas; vehicle battery jump leads; vehicle battery chargers; vehicle battery jump starters; holders for mobile phones, tablets, smart phones, satellite navigation systems, video camera's all for in-vehicle use; inspection mirrors for use in the

***List of cases accepted for opposition purposes as shown in Journal 2026/005 published on
30 January 2026 .***

repair and maintenance of vehicles; CD wallets and holders; magnetic pick up tools; parts and fittings for land vehicles, namely, batteries, alarms, visors, fire extinguishers, mirrors, gauges, speed indicators, tachometers, temperature indicators, fuel gauges, battery condition indicators, brake-wear indicators, on-board computers, distance indicating devices, radios, tape and disc players and audio equipment, anti-glare glasses, electric cables, distributor caps and electrical equipment for vehicles; parts and fittings for all the aforesaid goods.

Class 10:

Medical prosthetics; prosthetics made of Carbon fibre, composite materials and polymers; component parts for medical prosthetics; parts and fittings for all the aforesaid goods.

Class 11:

Apparatus and installations for lighting, heating, cooling, steam generating, cooking, drying, ventilating, water supply and sanitary purposes; air filters; lighting installations and apparatus; light bulbs; heating apparatus and fans; heat exchangers, combined heat and power generators, heat recovery apparatus; traffic lamps; road lamps; electrically heated rugs; electrically heated vehicle seat covers; fans for use in vehicles; electrically heated mugs; electrically heated overs for use in vehicles; electrically heated kettles; electrically heated coffee makers; electrically heated units for vehicle interiors; torches; rechargeable torches; inspection lamps; rechargeable lights; vehicle indicator bulbs; bulbs for use in lighting vehicle interiors; headlamp bulbs for vehicles; parts and fittings for land vehicles, namely, air filters, lighting installations and apparatus, light bulbs, heating apparatus and fans; parts and fittings for all the aforesaid goods.

Class 12:

Vehicles; vehicle components and systems; parts and fittings for land vehicles; parts and fittings for engines for motor land vehicles; injection moulded exterior panels for land, sea, air and space vehicles; injection moulded interior panels for land, sea, air and space vehicles; injection moulded bumper systems for land, sea, air and space vehicles; injection moulded aerospace vehicle interior parts; injection moulded nylon polyamide vehicle engine components; injection moulded nylon polyamide vehicle engine and vehicle body brackets; injection moulded vehicle interior components; injection moulded heat resistant resin products for use in vehicle engine bays; injection moulded heat resistant resin products for use on or adjacent to vehicle exhaust systems; injection moulded radiator grills; injection moulded interior and exterior body parts for vehicles; polyetheretherketone high performance engineering parts for land, sea, air and space vehicles; carbon fibre composite parts for land, sea, air and space vehicles; carbon fibre and polymer composite components for land, sea, air and space vehicles; vehicle body parts; steering wheel covers; fuel filler caps; dog guards for use in vehicles; vehicle seat covers; car shaped protective covers; vehicle window covers; automobile sunshades; automobile windscreen covers; anti-theft devices for vehicles; door guards for vehicles; windscreen wiper blades; plastic wheel trim covers for vehicles; mirrors for vehicles; parts and fittings for engines for motor land vehicles; but not including wheels, tyres, tubes for tyres; none of the aforesaid goods being or including wheels, tyres, tubes for tyres, parts, fittings or accessories for tyres, apparatus for use in relation to tyres, apparatus for inflating tyres, tyre inflators, pumps for inflating tyres or air pressure checkers; parts and fittings for the aforesaid goods.

Class 13:

Detonators for railway signalling; parts and fittings for the aforesaid goods.

Class 16:

Printed matter; printed publications; stationery; office requisites (except furniture); instructional and teaching material (except apparatus); vehicle bumper stickers; vehicle warning stickers; adhesive tapes.

Class 17:

Clutch and brake linings, seals and sealing compounds; gaskets and insulators; adhesive, masking and insulating tape; adhesive tape for electrical insulating purposes; flexible tubing; chemical compositions for repairing leaks; two-pack resin fillers; carbon fibre; carbon fibre composites; resign impregnated carbon fibre; carbon fibre not for textile use; carbon fibre reinforced synthetic resins for use in manufacture: injection moulds for vehicles parts; injection moulded plastics; injection moulded composites; composite panels having insulating; parts and fittings for all the aforesaid goods.

Class 18:

Bags and cases; bags and cases for portable navigation systems.

Class 19:

Non-metal construction materials; rigid pipes and tubes, not of metal; transportable buildings; concrete; reinforced concrete; pre-moulded concrete; pre-moulded building materials; construction support frames; construction building supports; modular building supports; armour plating not of metal; composite armour plating not of metal; armour plating not of metal for vehicles; armour plating not of metal for humans; parts and fittings for all the aforesaid goods.

Class 20:

Non-metallic fuel cans; cans and containers not made of metal; combs and sponges, brushes articles for cleaning purposes; inflatable neck support cushions; vehicle number plates; vehicle number plate holders; parts and fittings for the aforesaid goods; furniture, mirrors, picture frames, goods (not included in other classes) of wood, cork, reed, cane, wicker, horn, bone, ivory, whalebone, shell, amber, mother-of-pearl, meerscham and substitutes for all these materials, or of plastics.

Class 21:

Funnels; funnel sets; flexible funnels; cleaning cloths; polishing cloths; micro fibre cloths; synthetic chamois cloths; drying cloths; brushers and other articles for cleaning; cleaning sponges; de-mister pads.

Class 22:

Vehicle tow ropes; bungee cords; webbing (straps for holding loads).

Class 25:

Clothing; footwear; headgear.

Class 27:

Vehicle mats; carpet mats for vehicles; cushioned floor mats for domestic and industrial use.

Class 35:

Retail services connected with the sale of Hydraulic fluid, antifreeze, distilled water, battery acid for batteries, epoxy and unprocessed resins, deionised water, hydraulic fluid, antifreeze,

List of cases accepted for opposition purposes as shown in Journal 2026/005 published on 30 January 2026 .

distilled water, battery acid for batteries, epoxy and unprocessed resins, deionised water, for land vehicles or for use in the repair and maintenance of land vehicles, paints and lacquers, anti-rust preparations, undercoating and undersealing preparations, paint thinners, primers, protective preparations for metals, paints and lacquers, anti-rust preparations, undercoating and undersealing preparations, paint thinners, primers, protective preparations for metals, for vehicles or for use in the repair and maintenance of land vehicles, cleaning, polishing, scouring and abrasive preparations, upholstery cleaners, de-greasers, wheel cleaners, glass cleaners, abrasive cloths and papers, degreasing preparations, grinding preparations, rust removing preparations, shampoo and detergents, windscreen cleaning liquids, grinding preparations, rust removing preparations, shampoo and detergents, windscreen cleaning liquids, for vehicles or for use in the repair and maintenance of land vehicles, lubricants, lubricating graphite, grease and oil, industrial oils and greases, dust absorbing, wetting and binding compositions, lubricants, lubricating graphite, grease and oil, dust absorbing, wetting and binding compositions, for vehicles or for use in the repair and maintenance of land vehicles, air deodorising preparations, portable first aid kits, medical kits, air fresheners, air deodorising preparations, linkages of metal, cables and joints therefor, collars, clips, brackets, chains, pins and other fasteners, locks and latches, handles, hinges, registration plates of metal, foot plates of metal, metal plates for welding, cover plates of metal, fixing plates of metal, plates, number plates, pipes or tubes, tool boxes and wire wool, metal building materials, materials of metal for railway tracks, non-electric cables and wires of common metal, small items of metal hardware, pipes and tubes of metal, fuel cans of metal, tool boxes and wire wool, tow cables of metal, parts and fittings for engines, hydraulic cylinders and pistons, hydraulic and pneumatic lifting jacks, alternators, oil and water pumps, radiators for cooling, carburettors, exhaust and silencing systems for engines, choke mechanisms for use in the choke conversions all sold in kit form, fan belts, spark plugs and igniting devices, all for internal combustion engines, constant velocity, universal and cardan joints, starters, superchargers, tools, exhaust mufflers, vacuum cleaners, ratchet tie downs, paint applying machines, machines for use in connection with railway stock, railway engines, rolling stock, track, railway infrastructure and railway building, maintenance and repair, and machine tools, motors and engines (except for land vehicles), machine coupling and transmission components (except for land vehicles), motor driven electric current generators, having facilities for supplying low pressure hot water, heat exchangers for use with the aforesaid machines, robotic devices and automation systems, industrial machinery, machines and machine tools for manufacturing, injection moulding machine tools, compression moulding machine tools, injection moulding machine tools for the manufacture of carbon fibre products, carbon fibre composite products, carbon fibre composite resin products and fibre glass products, machine fixtures, assembly fixtures, inspection fixtures being parts of machines in the manufacture of products made of composite materials, carbon fibre, carbon fibre composites, carbon fibre composite resin or fibre glass, injection moulding machines, electrically operated sonic brushes, electrically operated polishing machines for vehicles, air compressors for vehicles, mobile air compressors for vehicles, parts and fittings for the aforesaid goods, hand tools, hand tools sold in kit form, lifting jacks, vehicle lifting jacks, vehicle trolley jacks, hand tools for use in the repair and maintenance of vehicles, socket sets, ratchets, spanners, spanner sets, windscreen scrapers, snow shovels, computer software,

artificial intelligence software and programmes, computer software and programmes for use with the Internet of Things, batteries, alarms, visors, electrical and electronic equipment and apparatus, fire extinguishers, mirrors, gauges, railway signals, traffic light apparatus, traffic control apparatus, signalling apparatus, electrical shunt apparatus for use with track circuits, Radio Electronic Token Block signalling systems, electrical conductivity control apparatus, electrical and mechanical relay apparatus, speed indicators, tachometers, temperature indicators, fuel gauges, battery condition indicators, brake-wear indicators, on-board computers, distance indicating devices, radios, tape and disc players and audio equipment, anti-glare glasses, fuel pumps, electric cables, distributor caps, sensors, artificial intelligence and Internet of Things systems and devices, digital control systems, safety lights and lamps, electric, electromechanical, electronic apparatus and instruments in the form of motor alternator control equipment, push button switches, railway signalling equipment, push button shroud assemblies, electronic and electromechanical chokes, control modules, transformers, voltage regulators, battery chargers, battery charger control equipment, thyristors, diodes, static invertors, static convertors, electric and electromechanical interlock assemblies and traction fins, harmonic detection units, pressure switches, circuit breakers, electrical and electronic sensors and probes, electrical cables, connectors and braids, electrical and electromechanical invertors and diffusers, fusers, electrical insulating equipment, emergency circuit breakers, telecommunications hardware and software, whistle and horn alarms, electric alarm and warning systems, apparatus for transmission, reception, recording and reproduction of sound or images, electrical wire and cable, electrical conduits, industrial safety clothing, electronic publications, downloadable publications in electronic form, publication of text in electronic form, training manuals in electronic form, teaching materials in electronic form, computer software relating to business management methods and business efficiency, computer programs relating to business management methods and business efficiency, in-vehicle electrical power cables, in-vehicle charges for electrical equipment, adaptors for electrical data cables, electrical data cables, in-vehicle chargers for mobile phones, tablets, smart phones, computers, hand held games consoles, portable satellite navigation systems, in-vehicle power supply splitters, tyre pressure gauges, tyre tread depth gauges, vehicle hazard warning signs, high visibility jackets for the prevention of accidents, protective gloves, fire extinguishers, fuses for vehicles, antennas, vehicle battery jump leads, vehicle battery chargers, vehicle battery jump starters, holders for mobile phones, tablets, smart phones, satellite navigation systems, video camera's all for in-vehicle use, inspection mirrors for use in the repair and maintenance of vehicles, CD wallets and holders, magnetic pick up tools, parts and fittings for land vehicles, namely, batteries, alarms, visors, fire extinguishers, mirrors, gauges, speed indicators, tachometers, temperature indicators, fuel gauges, battery condition indicators, brake-wear indicators, on-board computers, distance indicating devices, radios, tape and disc players and audio equipment, anti-glare glasses, electric cables, distributor caps and electrical equipment for vehicles, medical prosthetics, prosthetics made of Carbon fibre, composite materials and polymers, component parts for medical prosthetics, apparatus and installations for lighting, heating, cooling, steam generating, cooking, drying, ventilating, water supply and sanitary purposes, air filters, lighting installations and apparatus, light bulbs, heating apparatus and fans, heat exchangers, combined heat and power generators, heat recovery apparatus, traffic lamps, road lamps, electrically heated rugs,

List of cases accepted for opposition purposes as shown in Journal 2026/005 published on 30 January 2026 .

electrically heated vehicle seat covers, fans for use in vehicles, electrically heated mugs, electrically heated ovens for use in vehicles, electrically heated kettles, electrically heated coffee makers, electrically heated units for vehicle interiors, torches, rechargeable torches, inspection lamps, rechargeable lights, vehicle indicator bulbs, bulbs for use in lighting vehicle interiors, headlamp bulbs for vehicles, parts and fittings for land vehicles, namely, air filters, lighting installations and apparatus, light bulbs, heating apparatus and fans, vehicle components and systems, parts and fittings for land vehicles, parts and fittings for engines for motor land vehicles, injection moulded exterior panels for land, sea, air and space vehicles, injection moulded interior panels for land, sea, air and space vehicles, injection moulded bumper systems for land, sea, air and space vehicles, injection moulded aerospace vehicle interior parts, injection moulded nylon polyamide vehicle engine components, injection moulded nylon polyamide vehicle engine and vehicle body brackets, injection moulded vehicle interior components, injection moulded heat resistant resin products for use in vehicle engine bays, injection moulded heat resistant resin products for use on or adjacent to vehicle exhaust systems, injection moulded radiator grills, injection moulded interior and exterior body parts for vehicles, polyetheretherketone high performance engineering parts for land, sea, air and space vehicles, carbon fibre composite parts for land, sea, air and space vehicles, carbon fibre and polymer composite components for land, sea, air and space vehicles, vehicle body parts, steering wheel covers, fuel filler caps, dog guards for use in vehicles, vehicle seat covers, car shaped protective covers, vehicle window covers, automobile sunshades, automobile windscreen covers, anti-theft devices for vehicles, door guards for vehicles, windscreen wiper blades, plastic wheel trim covers for vehicles, mirrors for vehicles, parts and fittings for engines for motor land vehicles, but not including wheels, tyres, tubes for tyres, none of the aforesaid goods being or including wheels, tyres, tubes for tyres, parts, fittings or accessories for tyres, apparatus for use in relation to tyres, apparatus for inflating tyres, tyre inflators, pumps for inflating tyres or air pressure checkers, parts and fittings for the aforesaid goods, detonators for railway signalling, parts and fittings for the aforesaid goods, printed matter, printed publications, stationery, office requisites (except furniture), instructional and teaching material (except apparatus), vehicle bumper stickers, vehicle warning stickers, adhesive tapes, clutch and brake linings, seals and sealing compounds, gaskets and insulators, adhesive, masking and insulating tape, adhesive tape for electrical insulating purposes, flexible tubing, chemical compositions for repairing leaks, two-pack resin fillers, carbon fibre, carbon fibre composites, resin impregnated carbon fibre, carbon fibre not for textile use, carbon fibre reinforced synthetic resins for use in manufacture: injection moulds for vehicles parts, injection moulded plastics, injection moulded composites, composite panels having insulating, bags and cases, bags and cases for portable navigation systems, non-metal construction materials, rigid pipes and tubes, not of metal, transportable buildings, concrete, reinforced concrete, pre-moulded concrete, pre-moulded building materials, construction support frames, construction building supports, modular building supports, armour plating not of metal, composite armour plating not of metal, armour plating not of metal for vehicles, armour plating not of metal for humans, non-metallic fuel cans, combs and sponges, brushes articles for cleaning purposes, inflatable neck support cushions, vehicle number plates, vehicle number plate holders, parts and fittings for the aforesaid goods, funnels, funnel sets, flexible funnels,

cleaning cloths, polishing cloths, micro fibre cloths, synthetic chamois cloths, drying cloths, brushers and other articles for cleaning, cleaning sponges, de-mister pads, vehicle tow ropes, bungee cords, webbing (straps for holding loads), clothing, footwear, headgear, vehicle mats, carpet mats for vehicles, cushioned floor mats for domestic and industrial use, parts and fittings for all the aforesaid goods; business management and consultancy services in the automotive spare parts and automotive repair market; business advice and consultancy services in relation to automotive workshop and body shop management, design and set up; goods procurement services; tender issuing and tender evaluation services; letting of contracts; contract services; purchasing services; cost price analysis services; business and market survey services for engineering materials, components and products; business consultancy; supply chain consulting, planning and management; supply chain management and auditing for environmental compliance; consultancy services related to digital transformation, supply chain optimisation and operational efficiency; business management of logistics for others; business management consultancy services; business management assistance; business appraisals; professional business consultancy; commercial or industrial management assistance; business efficiency consultancy services; business administration; office functions; business performance management; personnel performance management consultancy services; personnel management consultancy.

Class 36:
Factoring services.

Class 37:
Construction, construction information, building construction, supervision, warehouse construction and repair; machinery installation, maintenance and repair; lift installation; automotive maintenance and repair services; heating and ventilation equipment installation, maintenance and repair; modification, installation, repair and maintenance services; modification, installation, repair and maintenance of automation systems, artificial intelligence and Internet of Things devices and monitoring equipment; modification, installation, repair and maintenance services relating to third party goods; consultancy services relating to modification, installation, repair and maintenance.

Class 38:
Telecommunications; rental and hire of telecommunications apparatus and instruments; provision of digital communication systems and infrastructure; provision of digital communication systems and infrastructure for use in transportation, logistics and warehousing; consultancy, information and advisory services related to the aforesaid.

Class 39:
Storage, storage of goods; storage information; warehousing and rental of warehousing; freight brokerage; courier services; delivery of goods; transport and storage of waste; transportation information; transportation, logistics and warehousing; distribution services; collection, transport and storage of products; logistics services for reused or refurbished goods; distribution, transportation, packaging, storage, and collection of goods; freight forwarding services; wharferage services; route planning services; packing, crating and warehousing services; arrangement of transport; rental of warehousing; transport brokerage; vehicle rental; logistics

***List of cases accepted for opposition purposes as shown in Journal 2026/005 published on
30 January 2026 .***

services relating to the aforesaid; provision of information relating to the supply (distribution) of stocks; tracking freight by computer; consultancy, information and advisory services related to the aforesaid.

Class 40:

Custom manufacture and assembly services; electroplating services; upcycling, refurbishing and material recovery services; recycling, remanufacturing; advanced manufacturing and precision fabrication; custom manufacturing and assembly services; treatment of materials; transformation of materials; custom manufacturing of parts for land, sea, air and space vehicles; consultancy, information and advisory services related to the aforesaid.

Class 41:

Education; providing of training; arranging and conducting of seminars, training workshops, symposiums and conferences; education examination; publication of books; publication of texts (other than publicity texts); provision of online training; conducting online training courses relating to business management methods; conducting online training courses relating to business efficiency; provision of information relating to education and training; consultancy, information and advisory services related to the aforesaid.

Class 42:

Design services; technological services relating to manufacture; engineering services; design and development of computer software for logistics; design and development of computer software for use in supply chain consulting, planning and management; research and development services; software development; development of artificial intelligence software; artificial intelligence, Internet of Things, data science and engineering services; digital innovation services; engineering consultancy services; civil engineering; mechanical engineering; engineering drawing services; testing services for engineering materials, components and products; quality control services; quality assurance services; supplier accreditation services; consultancy services for engineering materials, components and products; research and development of new engineering products; design of parts and components for land, sea, air and space vehicles for third parties; design consultancy services in respect of parts and components for land, sea, air and space vehicles; computer aided design of parts and components for land, sea, air and space vehicles for third parties; research and development of parts and components for land, sea, air and space vehicles for third parties; consultancy, information and advisory services related to the aforesaid.

audio mixers; bar code readers; cryptocurrency hardware wallets; downloadable software for generating cryptographic keys for receiving and spending cryptocurrency; downloadable computer software for managing crypto asset transactions using blockchain technology; downloadable computer software applications for minting non-fungible tokens [NFTs]; credit card terminals; data processing apparatus; devices for the projection of virtual keyboards; digital signs; downloadable application software for virtual environments; downloadable emoticons for cell phones; electronic tags for goods; electronic shelf labels; integrated circuit cards [smart cards]; interactive touchscreen terminals.

Class 35:

Order management for commercial transactions; order and order reception management of goods; sales management of goods; inventory management of goods; operating and managing online shopping mall businesses; providing consulting services and information on operation and management of online shopping mall businesses; providing business support and advice to business owners of Internet shops; providing consulting services and information on corporate management; business intermediary services for negotiating of business contracts; presentation of goods on communication media, for retail purposes; business intermediary services for carrying out administrative processing related to computer-based order, order reception, and order placement of goods; intermediary services for sale and purchase contracts of goods in electronic commerce transactions; commercial intermediary services relating to commercial transactions; providing online markets for buyers and sellers of goods and services; sales promotion of goods and services through the customer loyalty programmes by issuing, managing and settling coupons or loyalty points; providing information on businesses; business intermediary services for sale and purchase contracts of goods via online shopping malls; administration of consumer loyalty programs; advertising by demonstration of goods; online advertising on computer networks; direct mail advertising; advertising by mail order; arranging and conducting of commercial events; conducting of auctions; compiling indexes of information for commercial or advertising purposes; consumer profiling for commercial or marketing purposes; search engine optimization for sales promotion.

Class 36:

Appraisal of secondhand goods and provision of information related to such appraisal; appraisal of antiques and provision of information related to such appraisal; appraisal of works of art and provision of information related to such appraisal; appraisal of diamonds, gemstones and precious metals and provision of information related to such appraisal; payment settlements for the purchases of goods and services via electronic communication networks; payment settlements on behalf of users of electronic money via electrical communication networks; fund transfer services; on-line bill payment services; issuance of prepaid electronic money; monetary transfer services; providing information relating to issuance of prepaid electronic money; issuing pre-paid payment instruments; issuing prepaid cards (issuing third-party issue type prepaid payment instruments); credit card payment processing services; electronic credit card transactions; processing credit card transactions; electronic processing of payments.

Class 42:

Providing computer programs on data networks; providing computer programs for managing electronic payment systems; leasing of server storage space for electronic bulletin boards on the Internet; providing application software online (SaaS); providing computer software platforms (PaaS); providing search engines; design, development or maintenance of computer programs; design, development or maintenance of application software; website hosting; hosting of platforms on the Internet or other communication networks; rental of computers; design, development of computer systems, advisory services relating thereto; research, development and testing of computer software; analysis of computer systems; design services; design and development of computer hardware, computer software and databases; blockchain as a service [BaaS]; user authentication services using blockchain technology; computer programming of smart contracts on a blockchain; hosting software platforms for virtual reality-based work collaboration; hosting virtual environments; user authentication services using single sign-on technology for online software applications; user authentication services using technology for e-commerce transactions; online identification and verification of users identity to third parties on the Internet.

Class 9:

Software; mobile apps; artificial intelligence and machine learning software; computer chatbot software for simulating conversations; communication and networking software; server software; interactive software; interactive software based on artificial intelligence; artificial intelligence software for generating analyses; development tools for computer software; interfaces as devices for computers; interfaces as software for computers; display serial interfaces [DSI]; computer software for use as an application programming interface (API); computer software for application and for database integration; downloadable and recorded data; software for the integration of artificial intelligence and machine learning in the field of big data; cloud server software; downloadable computer programs and downloadable computer software that use artificial intelligence for processing, generating, understanding and analysing natural language; downloadable computer programs and downloadable computer software for machine learning; downloadable computer programs and downloadable computer software for image recognition and image generation; downloadable computer programs and downloadable computer software that use artificial intelligence for music creation; downloadable computer programs and downloadable computer software for artificial intelligence, namely computer software for developing, executing and analysing algorithms that are capable of learning, analysing, classifying and performing actions in response to data; downloadable computer software for simulation environments for testing agents, algorithms or artificial intelligence programs; computer hardware; computers; computer peripherals; computer systems; data processing equipment; computer servers; cloud server; computer network and data communication devices and equipment; database server; database engines; interactive databases; humanoid robots with artificial intelligence; apparatus and instruments for the field of artificial intelligence, namely data processing devices, data processing systems, data processing software for the following applications: Human-Machine interfaces, machine learning, deep learning and deep neural networks, distributed data processing, high-performance computing,

data mining, natural language generation, statistical learning, supervised learning, unsupervised learning, analysis of large amounts of data with regard to the relationships between the data, predictive analyses and applications relating to business information, business intelligence [business analytics] and predictive analyses; simulators for the fields of artificial intelligence, Human-Machine interfaces, machine learning, deep learning and deep neural networks, distributed data processing, high-performance computing, data mining, natural language generation, statistical learning, supervised learning, unsupervised learning, analysis of large amounts of data with regard to the relationships between the data, predictive analyses and applications relating to business information, business intelligence [business analytics] and predictive analyses; electronic publications, downloadable; image recordings, image sound recordings, sound recordings, and video recordings [stored and downloadable]; devices and equipment, namely devices for data processing for the collection, recording, measuring, processing, transmission, and playback of media, data, and information in the fields of artificial intelligence, Human-Machine interfaces, machine learning, deep learning and deep neural networks, distributed data processing, high-performance computing, data mining, natural language generation, statistical learning, supervised learning, unsupervised learning, the analysis of large amounts of data with regard to the relationships between the data, predictive analyses and applications relating to corporate information, business intelligence [business analytics] and predictive analyses; robots, electrical systems for remote control of industrial processes, for the acquisition, recording, measurement, processing, transmission, and playback of media, data, and information in the fields of artificial intelligence, Human-Machine interfaces, machine learning, deep learning and deep neural networks, distributed data processing, high-performance computing, data mining, natural language generation, statistical learning, supervised learning, unsupervised learning, the analysis of large amounts of data with regard to the relationships between the data, predictive analyses and applications relating to corporate information, business intelligence [business analytics] and predictive analyses.

Class 35:

Business consultancy; collection of data; data management services; analyses and information on commercial and business matters in the fields of artificial intelligence, human-machine interfaces, machine learning, deep learning and deep neural networks, distributed data processing, high-performance computing, data mining, natural language generation, statistical learning, supervised learning, unsupervised learning, the analysis of large amounts of data with regard to the relationships between the data, predictive analyses and applications relating to corporate information, business intelligence [business analytics] and predictive analyses; management and compilation of data in computer databases; collection of data and information in the fields of artificial intelligence, human-machine interfaces, machine learning, deep learning and deep neural networks, distributed data processing, high-performance computing, data mining, natural language generation, statistical learning, supervised learning, unsupervised learning, the analysis of large amounts of data with regard to the relationships between the data, predictive analyses and applications relating to corporate information,

business intelligence [business analytics] and predictive analyses.

Class 42:

Software as a service [SaaS]; platform as a service [PaaS]; platforms for artificial intelligence as software as a service [SaaS]; AI as a service [AIaaS]; cloud computing; services provided by an application service provider [ASP] with software; providing online non-downloadable computer software; providing computer programs for artificial intelligence on data networks; providing online non-downloadable computer programs and non-downloadable computer software that use artificial intelligence for the processing, generation, understanding, and analysis of natural language; providing online non-downloadable computer programs and non-downloadable computer software for machine learning; providing online non-downloadable computer programs and non-downloadable computer software for image recognition and image generation; providing online non-downloadable computer programs and non-downloadable computer software that use artificial intelligence for music creation; providing online non-downloadable computer programs and non-downloadable computer software for artificial intelligence, namely computer software for developing, executing, and analyzing algorithms that are capable of learning, analyzing, classifying, and performing actions in response to data; providing online non-downloadable computer programs and non-downloadable computer software for simulation environments for testing agents, algorithms, or artificial intelligence programs; data center services, namely rental of data processing software, database server and computer equipment for data centers, rental of data center facilities; server administration; hosting of servers and software; hosting services; rental of computers, computer hardware [including parts and accessories] and data center components; cloud hosting provider services for a public cloud; cloud hosting provider services for a private cloud; IT services; IT project management; design, development, programming, implementation, installation, maintenance, and updating of software; design, development of computer hardware, namely design of computer hardware and computer hardware replacement components; technological services in the fields of capture, recording, measurement, processing, transmission, and playback of media, data, and information in the areas of artificial intelligence, Human-Machine interfaces, machine learning, deep learning and deep neural networks, distributed data processing, high-performance computing, data mining, natural language generation, statistical learning, supervised learning, unsupervised learning, analysis of large amounts of data with regard to the relationships between the data, predictive analytics and applications relating to corporate information, business intelligence [business analytics] and predictive analytics; technological consultation services in the fields of artificial intelligence, Human-Machine interfaces, machine learning, deep learning and deep neural networks, distributed data processing, high-performance computing, data mining, natural language generation, statistical learning, supervised learning, unsupervised learning, analysis of large amounts of data with regard to the relationships between the data, predictive analyses and applications relating to corporate information, business intelligence [business analytics] and predictive analyses; research and development services in the fields of artificial intelligence, Human-Machine interfaces, machine learning, deep learning and deep neural networks,

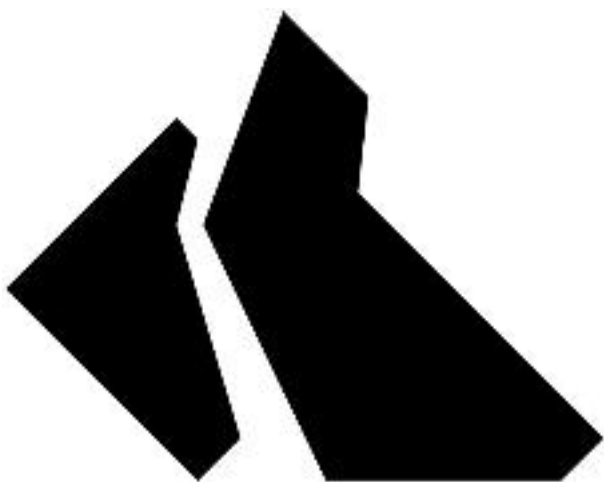

distributed data processing, high-performance computing, data mining, natural language generation, statistical learning, supervised learning, unsupervised learning, analysis of large amounts of data with regard to the relationships between the data, predictive analyses and applications relating to corporate information, business intelligence [business analytics] and predictive analyses; development and testing of computing methods, algorithms and software; electronic data storage in the fields of artificial intelligence, human-machine interfaces, machine learning, deep learning and deep neural networks, distributed data processing, high-performance computing, data mining, natural language generation, statistical learning, supervised learning, unsupervised learning, analysis of large amounts of data with regard to the relationships between the data, predictive analyses and applications relating to corporate information, business intelligence [business analytics] and predictive analyses; providing non-downloadable computer software for processing media, data, and information in the fields of artificial intelligence, Human-Machine interfaces, machine learning, deep learning and deep neural networks, distributed data processing, high-performance computing, data mining, natural language generation, statistical learning, supervised learning, unsupervised learning, analysis of large amounts of data with regard to the relationships between the data, predictive analyses and applications relating to corporate information, business intelligence [business analytics] and predictive analyses; IT services for the provision of media, data, and information in the fields of artificial intelligence, Human-Machine interfaces, machine learning, deep learning and deep neural networks, distributed data processing, high-performance computing, data mining, natural language generation, statistical learning, supervised learning, unsupervised learning, analysis of large amounts of data with regard to the relationships between the data, predictive analyses and applications relating to corporate information, business intelligence [business analytics] and predictive analyses; advice and information regarding the aforementioned services.

International priority date claimed: 07 May 2025 (IL) (383454)

Class 5:

Antibodies for medical purposes; pharmaceutical preparations for use in the treatment of pulmonary, oncological, vascular, autoimmune, infectious, endocrinal, metabolic, cardiological and ocular diseases and disorders; pharmaceutical preparations for use in the treatment of edema; pharmaceutical preparations for use in immune suppression and for immune activation.

Class 42:

Drug discovery services; research and development services in the field of antibodies; research and development services in the field of antibody technology; product design and development in the field of antibodies and pharmaceuticals; product design and development; computer aided scientific research in the fields of new drugs discovery and development, antibodies

List of cases accepted for opposition purposes as shown in Journal 2026/005 published on 30 January 2026 .

research, development and design, and antibody technology; pharmaceutical research and development; medical research.

Biologic Design Ltd.

WO0000001896049(9, 42)
Office of Origin: JP

Date of International Registration: 19 September 2025
Date of Designation in the UK: 19 September 2025

TELEMOTION

Class 9:

Remote control, autonomous or unmanned driving systems comprised of surveillance cameras, sensors for determining position, motion detectors, distance measuring apparatus, power controllers, wireless radio transmission devices, computer hardware and software to remotely operate and manage vehicles on production lines in factories via wireless communication; remote control, autonomous or unmanned driving systems comprised of surveillance cameras, sensors for determining position, motion detectors, distance measuring apparatus, power controllers, wireless radio transmission devices, computer hardware and software installed outside the vehicle to operate and manage the vehicles remotely via wireless communication; remote control, autonomous or unmanned driving systems comprised of surveillance cameras, sensors for determining position, motion detectors, distance measuring apparatus, power controllers, wireless radio transmission devices, computer hardware and software installed along public roads to operate and manage the vehicles remotely via wireless communication; surveillance cameras to remotely control autonomous or unmanned driving systems to manage vehicles via wireless communication; sensors for determining position to remotely control autonomous or unmanned driving systems to manage vehicles via wireless communication; motion detectors to remotely control autonomous or unmanned driving systems to manage vehicles via wireless communication; distance measuring apparatus to remotely control autonomous or unmanned driving systems to manage vehicles via wireless communication; power controllers to remotely control autonomous or unmanned driving systems to manage vehicles via wireless communication; wireless radio transmission devices to remotely control autonomous or unmanned driving systems to manage vehicles via wireless communication; computer hardware and software to remotely control autonomous or unmanned driving systems to manage vehicles via wireless communication; surveillance cameras; power controllers; proximity sensors; velocity sensors; position sensors; motion sensors; motion recognizing sensors; sensors for determining position; motion detectors; radar apparatus; radar detectors; antennas; aerials; wireless transmitters and receivers; Global Positioning System [GPS] apparatus; GPS tracking and location devices; navigational apparatus for

automobiles; navigational instruments; navigation apparatus for vehicles [on-board computers]; measuring or testing machines and instruments; power distribution or control machines and apparatus; rotary converters; phase modifiers; telecommunication machines and apparatus; computer software, recorded; computer game software, downloadable; computer hardware; navigation computers for cars; electronic control systems for machines; remote control apparatus; remote control receivers; remote control telemetering apparatus; electronic control circuits; electronic speed controllers; electric installations for the remote control of industrial operations; camcorders; video cameras; rearview cameras for vehicles; digital cameras for industrial use; data processing apparatus; computer peripheral devices; interfaces for computers; data sets, recorded or downloadable; readers [data processing equipment]; central processing units [processors]; computer software for autonomous and unmanned vehicles, recorded; downloadable computer software for autonomous and unmanned vehicles.

Class 42:

Designing of machines, apparatus, instruments [including their parts] or systems composed of such machines, apparatus and instruments; computer software design, computer programming, or maintenance of computer software; technological advice relating to computers, automobiles and industrial machines; testing or research on machines, apparatus and instruments; rental of computers; providing computer programs on data networks; providing online non-downloadable computer software for autonomous vehicles; monitoring of computer system operation by remote access; monitoring of computer control systems by remote access for autonomous and unmanned driving.

Date of International Registration: 11 July 2025
Date of Designation in the UK: 11 July 2025

Class 2:

Paints; varnishes; lacquers; additives for paints; dyestuffs; mordants; Unprocessed natural resins; preservatives against rust and against deterioration of wood and metals; preservatives against rust and against deterioration of wood; oil paints used

List of cases accepted for opposition purposes as shown in Journal 2026/005 published on 30 January 2026 .

as primary layer for paints, lacquers, varnishes and other similar products; oils against rust and for preservation of wood, particularly for use as corrosion stabilizers; binding agents, thickeners and thinners for primers, paints, varnishes and dyes based on oil and alkyd; mastics in the form of natural resins and primers in the form of oil for preserving wood; primers and protective coatings for metal; siccatives for paints and mastics (natural resin); finishing products (coatings) for wood and raw materials; colorants, lacquers and oils for preserving wood; metals in foil and powder form for painting, decoration, printing and art works.

Class 3:

Bleaching preparations and other substances for laundry use; cleaning, polishing, degreasing and abrasive preparations; bleaching and cleaning preparations for wood, vinyl, glass fibers and metal.

GROUPE DURIEU

Representative: Madame Bailey Sarah Simmons & Simmons LLP

KURL HERO

International priority date claimed: 11 February 2025 (FR)
(5120515)

Class 3:

Hair care products and preparations (cosmetics); textured hair care products (cosmetics); hair preparations and treatments; care products and preparations for stimulating hair growth and reducing hair loss; hair care in the nature of creams, in the form of pastes, in the form of gels, in liquid or semi-liquid form (particularly mists, sprays, lotions, oils), in the form of foams or in solid form; shampoos; hair conditioners; hair detangling preparations; lotions for hair; masks for hair care; creams for hair care; hair mist (cosmetics); hair mousses; serums for hair care; beauty care products and preparations (cosmetics); cosmetics; toiletry products; soaps; cleaning products for the hair and body.

Class 8:

Hair curling devices, hand implements; hand tools for hairdressing other than combs or brushes; hand-held apparatus for hair styling other than combs or brushes; cases, pouches and holders specially adapted for the aforementioned products included in this class; parts, components and accessories for the aforementioned products, included in this class.

Class 10:

Medical apparatus and instruments; dermatological apparatus and instruments for treating the skin and scalp, in particular microneedling rollers; dermarollers; dermarollers (microneedling) for the skin and scalp; medical instruments for esthetic treatment of the skin and scalp; microdermabrasion medical devices and medical apparatus; medical device in the nature of a needle roller for the skin and scalp for microperforation (microneedling); microperforation (microneedling) medical devices; microneedles for medical use; hypodermic needles; lasers for cosmetic treatment of the face, skin and hair follicles; scalp massaging apparatus and devices; aesthetic massage apparatus; rollers in the nature of massage apparatus; massage rollers; massage apparatus for personal use; cosmetic microneedling devices; cosmetic microneedling devices to improve skin and scalp tone, texture and hydration; facial rollers being esthetic massage apparatus, namely skin care rollers, natural stone rollers for cosmetic use; microneedle rollers (dermarollers) for hair use for stimulating hair growth and reducing hair loss.

Class 21:

Toilet cases; cosmetic dermabrasion apparatus; brushes and brush-making materials; toilet brushes; hair brushes; scrubbing brushes; exfoliating brushes; brushes for cleaning the body, face and scalp; brushes for care of the skin and scalp; cosmetic microdermabrasion apparatus; combs; sponges; scrubbing sponges and mitts; exfoliating sponges and mitts; boxes for cosmetic, hygiene and toiletry utensils; toiletry bags [filled]; containers for cosmetics.

(202504065)

Class 6:

Offshore wind power structures; mobile partitions [structures] made of metal; metal stand for pipe support [constructions]; supporting platforms [structures] of metal; structures and transportable buildings of metal.

Class 7:

Wind-powered electricity generators; offshore wind power structures, namely wind turbines; wind turbines; wind power installations for generating electricity [wind farms]; turbine towers and masts, blades and machine foundations, threads, gears, blade hubs and turbine housings for onshore and offshore wind turbines and wind power installations; machine tools for adjusting blade angles; brakes and braking devices; wind power plants; wind turbines and machines powered by wind; generators and backup power supply systems.

Class 9:

Electronics and computer accessories for wind turbines, wind power plants, windmills and other wind-powered machinery; vibration sensors for installation in mill houses; flow instruments, including flow measuring instruments for use in connection with wind turbines and windmills; flow control installations (electric), including flow control installations for use in connection with wind turbines and windmills; computer software for operation, control and maintenance of wind turbines; computer software and computer hardware for operation, control, maintenance and optimization of wind turbines; applications (software) for use in connection with wind turbines, windmills and wind power plants; flow control installations [electric].

Class 37:

Construction of structures for offshore power plants and steel structures for offshore power plants; construction of structures for the transportation of offshore wind power plants; supervision of the engineering of structures for offshore power plants; installation, repair and maintenance services of working and building platforms for offshore power plants; installation, construction, maintenance, erection, servicing

List of cases accepted for opposition purposes as shown in Journal 2026/005 published on 30 January 2026 .

and repair of offshore wind mills, offshore wind power plants, offshore wind turbines and other offshore wind-operated machines, offshore wind generating apparatus, equipment and installations of wind power and offshore wind power systems; construction and maintenance services for offshore power plants; consultancy, advisory and information services relating to wind mill generated installations; repair of energy supply installations; installation, maintenance and repair of apparatus for wind power plant generating power; installation, advisory, maintenance and repair of electronic monitoring apparatus related to wind power plants; repair and maintenance of wind power supervision machines; building construction; installation services for the production of power and energy products; construction, installation, maintenance and repair of electronic apparatus, electronic installations, industrial apparatus, instruments, machine parts for industrial machines, parts and fittings of pipeline systems, pipelines, pipes used in industrial equipment; maintenance services for manned and unmanned offshore installations; decommissioning services for offshore and onshore assets, namely structure demolition; building demolition; civil engineering demolition; demolition of turbines, offshore turbines, wind mills, wind power plants, wind turbines, offshore wind turbines, wind powered machines and other wind-operated machines, engines, onshore and offshore electricity substations, onshore and offshore transmission cables; information, advisory and consultancy services relating to all the aforesaid.

Class 40:

Wind power generation; wind power production; wind power production from onshore and offshore wind farms; electricity production; electricity production from wind power; rental of wind power generators; rental of wind turbines and wind power plants; information, advisory and consultancy services relating to all of the aforesaid.

Class 42:

Consultancy relating to technical and scientific analysis of offshore wind turbines and wind power projects; consultancy relating to technical and scientific monitoring related to offshore wind power projects; technical consultancy relating to power plant product development; technical consultancy relating to power plant structure development; engineering services for the design of concrete structures; technical planning and consultancy in the field of offshore wind power projects; execution of technical planning and consulting within offshore wind power projects; development and testing of wind mills, wind power plants, wind turbines, wind-operated machines, concrete structures; advisory, consultancy, scientific and technological services and research and design relating thereto and information services relating to all the aforesaid services; industrial analysis and research services; advisory services relating to the use of energy; research and development in floating offshore wind energy systems and technologies; scientific research and engineering services related to floating offshore wind energy systems and technologies; development of floating offshore wind energy technologies for multiple end use applications; providing information and guidance in the field of development of floating offshore wind energy systems and technologies; provision of information concerning research and technical project studies relating to the use of natural energy; consultancy in the field of energy-saving; testing services for the certification of quality or standards; testing or research on wind power generation; technological development

on wind power generation; advisory services for designing of renewable power generation, transmission, and distribution; testing, study, and research on power generation, thermal power generation, and applied electric power regarding power generation, transmission, and distribution; industrial research relating to power generation, transmission, and distribution plans or distributed power generation, and provision of information thereof; wind turbines and wind power projects; engineering services, namely engineering work for the offshore wind energy industry; information, advisory and consultancy services relating to all the aforesaid.

dynamic data banks; electronic data banks; full-text data banks; interactive data banks; static data banks; data bus interface units; data communication computer software; computer hardware for compiling location data; computer hardware for compiling positioning data; computer hardware for the compilation of location data; computer hardware for the compilation of positioning data; data compilations; data loggers; data meters; networks for data transmission; computer networking and data communications equipment; computer installations for the processing of data; computer hardware for the compilation, processing and transmission of location data; data processing apparatus with artificial intelligence; apparatus for data information processing; apparatus for data processing; apparatus for processing data information; apparatus for the processing of data; computer hardware for processing positioning data; computer hardware for the processing of positioning data; computer installations for data processing; computer programmes for data processing; computers for data processing; computers for the processing of data; couplers [data processing equipment]; data processing apparatus; data information processing units; data information processing apparatus; data processing apparatus and computers; data processing equipment; data processing programmes; data processing systems; electronic data processing apparatus; interface cards for data processing apparatus; scanners [data processing equipment]; scanners for data processing; memory devices for use with data processing apparatus; hardware for data processing; data processing software for graphic representations; computer software for data processing; data processing software; data and image processing computer software for making three dimensional models; data processors; data programs; computer programs for accessing data banks; computer programs for accessing, browsing and searching online data banks; data processing programs; computer programs for data transmission; computer programs for providing graphical representation of data; computer programs for the transmission of data; computer programs for transmitting data; computer utility programs for data compression; downloadable computer programs for data authentication via blockchain technology; downloadable computer programs for data storage; stored data for access by computer programs; downloadable computer programs using machine learning for data models; downloadable computer programs using artificial intelligence for data models; data receivers; downloadable data sets; downloadable computer programs using artificial intelligence in the field of machine translation; downloadable computer programs using machine learning and artificial intelligence; downloadable software applications [apps]; education software; interactive computer game programs with artificial intelligence; interactive computer software; computer software packages; integrated software packages; packaged software; pre-recorded software; process control units [electronic]; process control software; production process control, optimization and management software; industrial process control software; computer programs for data processing; downloadable computer programs for data processing; downloadable computer programs for use in data processing in the field of data archiving; downloadable computer programs for use in data processing in the field of data back-up; downloadable computer programs for use in processing data in the field of recovery of computer data; computer programs for analyzing data processing efficiency; computer programs for analyzing data processing performance; computer programs for analyzing data processing procedures;

List of cases accepted for opposition purposes as shown in Journal 2026/005 published on 30 January 2026 .

downloadable computer programs for use in data processing in the field of computer data recovery; computer software, recorded; downloadable computer programs and recorded software distributed online; pre-recorded computer software; computer data in recorded form; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; apparatus and instruments for recording, transmitting, processing or reproducing sound, data or images; apparatus for recording, transmission, processing and reproduction of sound, images or data; apparatus for recording, transmission, reception, processing or reproduction of sound, images or data; data processing programs recorded on machine-readable data carriers; data recorded in electronic form; electronic data recorders; electronically recorded data; data recorded in computer accessible form; data sets, recorded or downloadable; recorded or downloadable data sets; data sets, recorded; recorded data sets; computer programs for data processing relating to financial records; computer software for recording, storing, transmitting, receiving, displaying and analysing data; recorded data; computer hardware for remotely accessing and transmitting data; apparatus for remote data transmission; computer apparatus for remote meter reading; computer hardware for remote data access and transmission; computer hardware and software for providing secure remote access to computer and communication networks; apparatus for remote meter reading; computer programs for connecting remotely to computers or computer networks; computer software for remote controls; computer software for remote control apparatus; downloadable computer programs for providing remote data archiving and back-up; safety, security, protection and signalling devices; simulation software for use in digital computers; software for the integration of artificial intelligence and machine learning in the field of Big Data; space robots with artificial intelligence [AI] for use in conducting scientific research experiments; artificial intelligence software for analysis; computer software for market data analysis; downloadable computer software for fire mapping and analysis; downloadable computer software using machine learning for data analysis; computer programs for data analysis; computer programs for use in the evaluation and analysis of data utilizing computational linguistics; downloadable computer programs using machine learning for data analysis; downloadable computer programs using artificial intelligence for data analysis; downloadable computer software using artificial intelligence for data analysis; computer programs for the analysis of data processing efficiency; computer programs for the analysis of data processing performance; computer programs for the analysis of data processing procedures; intelligent gateways for real-time data analysis; downloadable computer software for remote monitoring and analysis; software for the analysis of business data; downloadable computer software for the collection of data and information; computers and computer software for data collection, transmission, archiving, management and processing; computer programs using blockchain technology for use in data management; computers for use in data management; data retrieving devices; software for searching and retrieving information across a computer network; cloud computing software; downloadable computer software for the development of computer database integrations; downloadable computer software for the development of computer systems; downloadable computer programs using artificial intelligence for use in software development; computer software for blockchain data mining; data mining

software; computer software platforms, recorded; computer software platforms, recorded or downloadable; recorded or downloadable computer software platforms; computer software platforms, downloadable, for cybersecurity data analysis; downloadable computer software platforms for cybersecurity data analysis; downloadable computer program platforms for cybersecurity data analysis; program platforms, downloadable, for cybersecurity data analysis; downloadable program platforms for cybersecurity data analysis; computer program platforms, downloadable, for cybersecurity data analysis; computer software platforms, downloadable; computer software platforms; downloadable computer software platforms; downloadable software platforms.

Class 35:

Business analysis; business statistical analysis; benchmarking [evaluation of business organisation practices for business management purposes]; benchmarking services; advisory services relating to business administration; advisory services relating to business analysis; business analysis services; business planning, analysis, strategy and modelling services; business consultancy and advisory services; business consultancy and information services; business consultancy for digital transformation; business consulting services; business consulting services for digital transformation; business management consulting services in the field of information technology; business efficiency expert services; advisory services relating to business management and business operations; advisory services relating to business risk management; advisory and consultancy services relating to business management; consultancy and advisory services relating to business management; business monitoring services; business project management; business project management services; business statistical studies; collating of data in computer databases; collation of data; collecting business information; collection of commercial information; collection of statistics for business; company data information services; compilation of information relating to information technology; compilation of data into computer databases; compiling of data into computer databases; compiling data into computer databases; computerized business research; computerized file management; computerized file management services; computerized information processing; compilation of information into computerised registers; data cleansing services; collection of data; collection of data for others; collection of data and statistics on sports performance; collection of data for market studies; collecting data in a central file; archiving [data entry, collection, systematization] for companies; collection of data in a central file; data collection; data collection for others; data collection in a central file; data collection services; compilation of data for others; data compilation for others; data inputting services; computer data management; computer data management services; computerized data management; computerized data management services; computerised data management; computerised data management services; data cleansing services [data management services]; data file management services; data management; data management advice; data management services; data management consultancy; data scrubbing services [data management services]; advisory services relating to data processing; computer data processing; computerized verification of processed data; demand based computerized data processing; demand-based computerized data processing; on-demand computerized data

List of cases accepted for opposition purposes as shown in Journal 2026/005 published on 30 January 2026 .

processing; computerized data processing; computerized data processing services; computerized data processing verification; computerised verification of processed data; demand based computerised data processing; demand-based computerised data processing; on-demand computerised data processing; consultancy relating to data processing; consultancy relating to electronic data processing; data processing and collection of data for commercial purposes; data processing for the collection of data for commercial purposes; data entry and data processing; data entry and data processing services; data processing management; data processing, systematization and management; processing, systemization and management of data; data processing consultancy; data processing for the compilation of data for commercial purposes; data processing services; data processing verification; electronic data processing; electronic data processing consultancy; electronic data processing services; online data processing services; market research data retrieval services; data search in computer files for others; data search services in computer files for others; data transcription; transcription of data; computerized database management; computerized database management services; computerised database management; computerised database management services; maintenance of data in databases; analysis of business data; business data analysis; business data analysis services; business data analysis services in the field of automotive industry; business data analysis services in the field of aviation industry; business consultancy services relating to data and information sharing software architecture; business data research; compilation of business data; compilation of business statistical data; compilation of statistical data of businesses; compilation of statistical data relating to business; collection, systematization, compilation and analysis of business data and information stored in computer databases; collecting business information, commercial information, financial information and data; business data management consultancy in the field of information analysis; compilation and analysis of data and information relating to business management; preparation of business data; preparation of business statistical data; data processing for the compilation of data for business purposes; business consultancy services relating to data processing; business consultancy services relating to sharing and processing of data amongst supply chain parties; data processing for the collection of data for business purposes; data processing for businesses and management; business data processing verification; data processing for businesses; business risk assessment services in the field of data privacy; business risk assessment services in the field of data security; compilation and analysis of business data in the field of blockchain technology and cryptocurrency; provision of business information; updating and maintenance of data in computer databases; updating data in databases; updating of data in computer databases; preparing business reports.

Class 42:

Cloud storage services for electronic data lakes; product benchmarking; product benchmarking services; advisory services relating to computer system design; application service provider [ASP] services; AI as a service [AIaaS] featuring software using artificial intelligence for creating complex data science analyses; AI as a service [AIaaS] featuring software using artificial intelligence for writing custom algorithms and implementing algorithms into dataflows; AI as a service [AIaaS] featuring software using artificial

intelligence for improving business operations; AI as a service [AIaaS] featuring software using artificial intelligence for developing and running data science models and programmatic applications; AI as a service [AIaaS] featuring software using artificial intelligence for generating, manipulating and displaying images, illustrations, charts and graphs for general business use; AI as a service [AIaaS] featuring software using artificial intelligence for model creation, integration, management and optimization; AI as a service [AIaaS] featuring software using artificial intelligence for machine-human interaction; AI as a service [AIaaS] featuring software using artificial intelligence for human interaction and text analysis; AI as a service [AIaaS] featuring software using artificial intelligence to automate and perform software tasks; AI as a service [AIaaS] featuring software using artificial intelligence for managing, deploying, and optimizing artificial intelligence and machine learning models; AI as a service [AIaaS] featuring software using artificial intelligence to control software tools; AI as a service [AIaaS] featuring software using artificial intelligence for general-purpose reasoning; AI as a service [AIaaS] featuring software using artificial intelligence for use in database management; AI as a service [AIaaS] featuring software using artificial intelligence for data exploration, data assessment, data analytics and business analytics; artificial intelligence as a service [AIaaS] featuring software using artificial intelligence for data exploration, data assessment, data analytics and business analytics; artificial intelligence as a service [AIaaS]; artificial intelligence as a service [AIaaS] featuring software using artificial intelligence for creating complex data science analyses; artificial intelligence as a service [AIaaS] featuring software using artificial intelligence for generating, manipulating and displaying images, illustrations, charts and graphs for general business use; technology consultancy in the field of artificial intelligence; technology consultancy services in the field of artificial intelligence; artificial intelligence technology services provided on an outsourcing basis; cloud computing; cloud computing consulting; cloud computing services; consultancy services in the field of cloud computing; creating programs for data processing; component testing services; computer program advisory services; computer program updating services; computer programming; computer programming consultancy for data processing; computer programming consultancy; computer security consultancy; computer software consultancy; computer software development; advisory services relating to computer systems analysis; computer system analysis; computer technology consultancy; computer technology consultancy in the field of data integration; computer technology consultancy in the field of data sharing; computer technology consultancy in the field of data transformation; computer technology consultancy in the field of data migration; computer technology consultancy in the field of data analytics; computer technology services provided on an outsourcing basis in the field of artificial intelligence; computer and technology services for securing computer data; technology services for securing computer data; data conversion of electronic information; data mining; data mining services; data storage, other than physical storage; computer database design; design and development of computer databases; computer software design services provided on an outsourcing basis in the field of artificial intelligence; development and hosting of computer platforms; development of computer platforms; development of computer codes, computer platforms and computer programmes; development,

List of cases accepted for opposition purposes as shown in Journal 2026/005 published on 30 January 2026 .

programming and rental of data processing programs; design and development of data processing programs; creation and development of computer programs for data processing; development of data programs; development, programming and rental of data processing programmes; design and development of programs for data processing; design and development of computer software for process control; design and development of computer hardware and software; design and development of computer software application solutions; design and development of computer software and computer programs that facilitate the synchronisation of geographical map data from different computer software or databases and allow users to view that data concurrently; design and development of software application solutions; development of systems for the processing of data; development of testing methods; AI as a service [AIaaS] featuring software using artificial intelligence for use in electronic setup, storage, backup and management of data and applications; electronic storage of data; compression of data for electronic storage; electronic storage of data logs; artificial intelligence as a service [AIaaS] featuring software using artificial intelligence for use in electronic setup, storage, backup and management of data and applications; temporary electronic storage of information and data; engineering services relating to information technology; information services relating to quality standards; information technology [IT] services [computer hardware, software and peripherals design and technical consultancy]; information technology services provided on an outsourcing basis relating to the installation, maintenance and repair of software; monitoring of computer systems by remote access; monitoring of computer systems for detecting unauthorized access or data breach; monitoring of computer systems to detect breakdowns; online data storage; online data storage services; online provision of non-downloadable web-based applications; platform as a service [PaaS]; platform as a service [PaaS] for the purpose of providing product information and data exchange services; platform as a service [PaaS] using blockchain technology; preparation of reports relating to computers; preparation of technical reports; product development consultancy for inventors in the field of artificial science; product testing; providing artificial intelligence computer programs on data networks; providing non-downloadable computer software development tools in the field of artificial intelligence; providing non-downloadable computer software for use in communications between computers in the field of artificial intelligence; providing virtual computer systems and virtual computer environments through cloud computing; provision of artificial intelligence computer programs on data networks; provision of online non-downloadable software; online provision of non-downloadable web-based software; research and development of new products for others; research relating to the development of computer programs and software; research relating to data processing; research, design and development services relating to data processing systems; research to develop new products; assessing information technology security and vulnerability of computers and networks; computer security consultancy in the field of scanning of computers and networks to assess information security vulnerability; hosting computer websites, software as a service [SaaS], and rental of software; software as a service [SaaS]; software engineering; design, development, maintenance and updating of computer software for process control; design, development, maintenance and updating of computer software for word processing, data processing

and process control; research, development, design and updating of computer software; configuration, installation, fault diagnosis, repair, upgrading and maintenance of computer software; upgrading of computer software; user authentication services using single sign-on technology for online software applications.

LOGLEADS COMPENDIUM PTY LTD

Representative: Adrienn Hegyesi

16 Brown Street Norwood South Australia 5067 AUSTRALIA

WO0000001896052(6, 9, 17, 19, 35, 37, 42)

Office of Origin: DE

Date of International Registration: 02 October 2025

Date of Designation in the UK: 02 October 2025

TELLIGENT

International priority date claimed: 08 April 2025 (DE) (30 2025 106 430)

Class 6:

Building and construction materials and elements of metal; structures and transportable buildings of metal; containers of metal for storage, transport and packaging; metal hardware; doors, gates, windows and window coverings of metal; building beams of metal; insulated metal panels for buildings; metallic building facade elements; wire cloth; nails; nuts, bolts and fasteners, of metal; nuts of metal; ties of metal for use in building; architectural hardware made of common metals and alloys thereof; wall linings of metal for building; linings of metal for building; door fittings of metal; transportable metal constructions; frameworks of metal for ceilings; beams of metal; rods of metal; steel buildings; steel alloys unwrought or semi-wrought; steel reinforcement for use in the construction of concrete floors; steel, unwrought or semi-wrought; overhead suspension tracks of metal; screws of metal; frames of metal for building; frames of metal for building; ores of metal; reinforcing materials, of metal, for concrete; alloys of common metal; hooks [metal hardware]; framework of metal for building; scaffolding of metal; mouldings of metal for building; refractory construction materials of metal; fabricated metal components for building foundations; facade construction components of metal; brackets of metal for building; wall plugs of metal; dowels of metal; bridge bearings [construction materials] of metal; bolts of metal; reinforcement materials (metal -) for construction; steel building materials; building structures of metal; modular building units (metal -); building components (metal -) in the form of slabs; building materials of metal; cladding of metal for building; reinforcing pins of metal for formwork; reinforcement rods of metal; reinforcing materials of metal for building; anchor plates; anchors of metal; spacers being building elements made of metal; statues and works of art of common metals; buildings of metal; non-electric cables and wires of common metal; buildings, transportable, of metal; common metals and their alloys; reinforcing bars of metal for use in concrete; building panels of metal; fittings

List of cases accepted for opposition purposes as shown in Journal 2026/005 published on 30 January 2026 .

of metal for building; metal brackets; brackets of metal for building; frameworks of metal; pillars of metal; pillars of metal for building; wall claddings of metal for building; steel sheets; props of metal; bracings of metal; partitions of metal; beams of common metal for formwork systems; architectural fasteners of metal; reinforcing materials of metal for building; structural frames of metal for building; linings (metal -) for use in construction; metal goods for use in construction; mouldings of metal for building; pillars of metal for building; wall covering of metal for buildings; reinforcing bars of metal for use in brickwork; ties of metal for use in brickwork; shuttering of metal for concrete; reinforcing iron; reinforcing elements made of metal; metal reinforcement cages; metal reinforcement mats; metal reinforcement nets; building materials of metal; metal reinforcement connections; metal reinforcement elements for reinforced concrete; metal expansion joint elements; metal spacers for reinforcement; metal punching shear reinforcements; metal facade panel anchors; metal scaffolding [supporting structures for buildings, scaffolding]; ducts of metal for ventilating and air conditioning installations; ducts of metal for heating installations; metal ducts for gas pipelines; metal ducts for gas conduits; cantilever slab connecting elements made of metal; metal wall anchors for facades and/or for insulation material; metal wall connection rails; shear force mandrels and shear force sleeves made of metal; formwork components made of metal; formwork parts predominantly made of metal for construction purposes; ironmongery, small items of metal hardware; staircases of metal; stair connection elements made of metal; stair treads [steps] of metal; stringers [parts of staircases] of metal; metal anchoring elements; metal connecting sleeves for structural steel; prefabricated metal reinforcement elements; tension, compression or shear elements made of metal for connecting two concrete parts; modular metallic structures; modular building units (metal -); modular wall panelling of metal; modular portable buildings of metal; modular prefabricated steel framing; modular portable building units of metal; modular portable building structures [metal]; all the above goods only in connection with thermal insulation, sound insulation, reinforcement technology and/or formwork technology for construction applications.

Class 9:

Application software; artificial intelligence and machine learning software; software for monitoring, analysing, controlling and running physical world operations; system and system support software, and firmware; virtual and augmented reality software; web application and server software; media content; software; databases; scientific research and laboratory apparatus, educational apparatus and simulators; downloadable and recorded content; information technology and audio-visual, multimedia and photographic equipment; measuring, detecting, monitoring and controlling equipment; navigation, guidance, tracking, targeting and map making equipment; optical apparatus, instruments, enhancers and correctors; safety, security, protection and signalling devices; civil engineering software; recording apparatus; compact discs; DVDs; digital recording media; computers; computer software; electronic publications, downloadable; mobile apps; distance and dimension measuring instruments; security surveillance apparatus; monitoring instruments; thermal imaging cameras; apparatus for monitoring heat consumption; bioinformatics software; downloadable software; integrated software packages; computer software, recorded; software for GPS navigation systems; industrial process

control software; gesture recognition software; software for diagnostics and troubleshooting; downloadable applications for use with mobile devices; downloadable software applications for use with three dimensional printers; safe load indicating apparatus; testing and quality control equipment; logistics software; software for monitoring, controlling and running physical world operations; scheduling software; application simulation software; business intelligence software; business process management [BPM] software; CAD-CAM software; CMS software [content management system]; data carriers for computers having software recorded thereon; computer hardware for use in computer-assisted software engineering; collaboration software platforms [software]; artificial intelligence software for analysis; artificial intelligence software for surveillance; supply chain management software; real-time collaborative editing [RTCE] platforms [software]; computer-aided engineering [CAE] software; computer-aided design (CAD) software; computer-aided manufacturing [CAM] software; customer relation management [CRM] software; software for operating an online shop; building management software; geographic information system [GIS] software; electronic article surveillance [EAS] software; management information system [MIS] software; optical mark recognition [OMR] software; virtual reality software for simulation; teaching apparatus; coin-operated mechanisms; data processing equipment; apparatus, instruments and cables for electricity; geophysics apparatus; speed measuring instruments; weight measuring instruments; thermal imaging apparatus [other than for medical use].

Class 17:

Waterproofing and moisture proofing articles and materials; semi-processed synthetic filtering materials, namely polymers and filter media made from synthetic fibers being polyester or polypropylene; adhesive tapes, strips, bands and films; thermal insulation articles and materials; electrical insulation articles and materials; acoustic insulation articles and materials; thermal insulating materials for use in fire prevention; fire-retardant fabrics; glass fibre and glass wool; carbon fibre; polyester; semi-worked plastic substances; resins in extruded form; mineral fibers; elastomers; seals, sealants and fillers; flexible pipes, tubes, hoses and fittings therefor (including valves), and fittings for rigid pipes, all non-metallic; insulation and barrier articles and materials; semi-processed plastics, resins, polymers or synthetic fibres other than for textile use; unprocessed and semi-processed asbestos fibres, glass wool and rock wool or elastomers; glass fibers for use in the manufacture of building insulation; glass fiber insulation for use in construction; insulators; insulating materials for building; glass fiber insulation materials for use in construction; soundproofing materials; metal foil for building insulation; sound proofing boards for use in building; foam insulation materials for use in building and construction; thermal insulation material for the construction of lofts; acoustical insulation for buildings; foam sheeting for use as a building insulation; polyurethane foam sheeting for use as building insulation; substances for insulating buildings against moisture; fiberglass insulation for buildings; mineral wool for use as a building insulator; acoustical panels for buildings; soundproofing materials for buildings; acoustic board for ceilings [insulation]; insulation sheets; barriers for protection against sound; fire resistant insulated panels; insulating materials; insulating matting; acoustical insulation barrier panels; sound-damping wall coverings; foam for use in sound insulation; flexible elastomeric thermal

List of cases accepted for opposition purposes as shown in Journal 2026/005 published on 30 January 2026 .

insulation; insulating materials for insulation against heat; non-conducting materials for retaining heat; glass wool for insulation; insulating paints; foils of metal for insulating; insulating fabrics; mineral wool [insulator]; compositions to prevent the radiation of heat; insulation material for sound insulation; insulating materials produced from plastics; rubber for sound insulation; lightweight mineral wool slabs for acoustic insulation purposes; structures (non-metallic -) for noise abatement [insulation]; structures (non-metallic -) for noise absorption [soundproofing]; sound-absorbing ceiling coverings; sound-absorbing plates; sound-absorbing wall coverings; sound control flooring underlayment; acoustical insulation barrier panels; acoustic insulants; sealants for joints for building purposes; insulation for building purposes; sealants for buildings; foam insulation for use in building and construction; weatherstripping sealants in the nature of caulk; resins for use in forming a hardened skin on walls; shaped strips of rubber for use as seals in the manufacture of doors; weather strips (non-metallic -) for doors; weather strips (non-metallic -) for windows; concrete curing blankets made of plastic; latex [rubber]; gutta-percha; latex [rubber]; asbestos; mica; flexible hoses, not of metal; flexible pipes, not of metal; ceilings made of mineral fibres for insulating buildings; dielectrics [insulators]; heat resistant fabrics [insulation]; fibres for insulating purposes; synthetic fibres, other than for textile use; insulating refractory materials; resin impregnated fabrics for the fabrication of components; fabrics of inorganic fibres for use as insulation; fabrics of chemically produced fibres for use as insulation; fibreglass fabrics for insulation; glass fiber fireproof textiles; glass fibre reinforced hose; fibreglass for insulation; fibreglass fabrics for insulation; insulating materials produced from plastics; fibreglass webs for insulating purposes; insulators for use in the protection of buildings; insulating materials produced from plastics; extruded plastics [semi-finished products]; extruded plastic in the form of bars, blocks, pellets, rods, sheets and tubes for use in manufacturing; extruded plastics in the form of rods for use in manufacture; extruded plastics in the form of bars for use in manufacture; extruded plastics in the form of tubes for use in manufacture; injection moulding plastics; plastics materials in the form of sections [semi-finished products]; flexible hose of plastics with wire braiding; flexible hoses composed of plastics; flexible plastic pipe insulation; insulating materials produced from plastics; plastics in the form of sheets, films, blocks, rods and tubes; plastics materials in the form of rods [semi-finished products]; plastics materials in the form of sections [semi-finished products]; fiberglass fabrics for building insulation; expansion joint fillers; packing, stopping and insulating materials; weatherstripping compositions; mineral-based sealing materials, not made of metal; sealing mats and sheets [insulating materials]; caulking materials; sheathing pipes as formwork elements, not made of metal, in particular of plastic; insulators and insulating materials [heat, sound]; rubber, gutta-percha, gum, asbestos, mica; carbon fibres, other than for textile use; synthetic resins, semi-processed; materials for thermal and/or sound insulation of walls, ceilings and floors of buildings; battens for sound insulation; sound absorbing structures of metal for buildings; sound insulating structures of metal; force-transmitting and/or moment-transmitting structural elements for thermal insulation made of thermal insulation material with integrated reinforcement elements, in particular for components projecting from the thermally insulated area of buildings; all the above goods only in connection with thermal insulation,

sound insulation, reinforcement technology and/or formwork technology for construction applications.

Class 19:

Building and construction materials and elements made of pitch, tar, bitumen or asphalt; building and construction materials and elements made of sand, stone, rock, clay, minerals and concrete; building materials and elements made of wood and wood imitations; scaffolding, non-metallic; stone, rock, clay and minerals; pitch, tar, bitumen and asphalt; building and construction materials and elements, not of metal; structures and transportable buildings, not of metal; semi-processed or artificial wood; doors, gates, windows and window coverings, not of metal; unprocessed and semi-processed stone, clay, bitumen or concrete, or substitutes therefor; works of art, decorations and sculptures made of stone, bitumen or concrete; non-metallic transportable buildings; building panels, not of metal; concrete building elements; refractory construction materials, not of metal; mouldings, not of metal, for building; linings, not of metal, for building; building materials [non-metallic]; wall claddings, not of metal, for building; beams, not of metal; partitions, not of metal; staircases, not of metal; stair-treads [steps], not of metal; reinforced concrete; reinforcing materials, not of metal, for building; mortar for building; building stone; concrete; sandstone for building; shuttering, not of metal, for concrete; spacers being building elements made of fibre reinforced cement; non-metallic shuttering; monocoque buildings (non-metallic -); non-metallic building materials having acoustic properties; prefabricated building components (non-metallic -); preformed concrete building elements; prefabricated non-metal buildings; cladding, not of metal, for building; structural reinforcement (non-metallic -) for construction purposes; expansion joints of non-metallic materials for use in construction; bedding-in compositions for use in building; fibreboard for building; ready-to-use cement for building purposes; fireproof panels for use in building (non-metallic -); expanded plastics for use in construction; materials, not of metal, for building and construction; ties (non-metallic -) for use in building; slabs, not of metal, for building; pillars, not of metal, for building; beams (non-metallic -) for building purposes; building sections (non-metallic -); reinforcing fabrics (non-metallic -) for building; concrete building materials; building materials of concrete reinforced with plastics and glass fibres; building elements made of concrete; concrete poles for use as building materials; concrete beams; concrete walls for building; woven fabrics (non-metallic -) for concrete; concrete retaining walls; aggregates for use in the preparation of concrete; shuttering (non-metallic -); shuttering made of wood; wood sheeting; capping stones for wall panels; fillers for repairing walls [building and construction materials]; moveable walls made of non-metallic materials; laminated boards (non-metallic -) for walls; textured surfaces for walls; textured wall surfacings (non-metallic -); synthetic flooring materials or wall-claddings; glazed wall panels [non-metallic frame]; prefabricated non-metal walls; plastic wallboards; walls (non-metallic -); wall tiles, not of metal; wainscoting, not of metal; gypsum wallboards; wall boards, not of metal; wall stone; wall panelling made of non-metallic materials; wall linings, not of metal, for building; wall coatings (cementitious -); balcony enclosures (non-metallic -); non-metal railings for balconies; lintels, not of metal; door frames, not of metal; door frames, not of metal; door frames, not of metal; window frames, not of metal; non-metal window sills; cladding (non-metallic -) for windows; window frames, not of metal;

List of cases accepted for opposition purposes as shown in Journal 2026/005 published on 30 January 2026 .

stringers [parts of staircases], not of metal; stair components (non-metallic -); stairways, not of metal for use in buildings; stairways, not of metal for use in buildings; capping stones for support posts; access covers (non-metallic -); bituminous coverings for use in building construction; expansion joint covers (non-metallic -); coverings, not of metal, for building; non-metal vent covers; woven covers (non-metallic -) for use as geotextile materials for building; cementitious protective coatings; forms (non-metallic -) for concrete; concrete panels; concrete retaining walls; textured concrete finishes; rigid pipes, not of metal, for building; paperboard for building; scantlings [carpentry]; drain pipes, not of metal; geotextiles; non-metal trellises; ceilings, not of metal; windows, not of metal; roof coverings, not of metal; pitch, bitumen and asphalt; bituminous products for building; felt for building; cement; mortar; sand; gravel; ready-to-use concrete; xylolith; bituminous coatings for roofing; marble; natural stone; tiles; building glass; window glass for building; plate glass [windows] for building; insulating glass for building; window glass, other than vehicle window glass; non-metallic spacers as structural elements for reinforcements and formwork; reinforcing cages for building purposes, not made of metal; reinforcing mats for building purposes, not made of metal; reinforcing nets for construction purposes, not of metal; non-metallic building materials, namely fibre-reinforced concrete reinforcement elements; concrete, cement, mortar; precast concrete elements for the construction of buildings; roof coverings, not of metal; expansion joint elements made of non-metallic materials for construction purposes; punching shear reinforcements [reinforcements for construction purposes not made of metal]; roofing, not of metal; window glass, other than vehicle window glass; scaffolding, not of metal [supporting structures for buildings, scaffolding]; cantilever slab connecting elements not made of metal for building purposes; non-metal wall anchors for facades and/or insulation material; sand, gravel, ready-mixed concrete; formwork and formwork elements for concrete construction, in particular formwork, formwork elements and formwork tubes made of plastic and/or cardboard; formwork auxiliary material for concrete construction [non-metallic]; formwork material [non-metallic]; gates, doors and windows [not made of metal]; stair connecting elements, not made of metal; connecting sleeves for crimp or wedge connections not made of metal of structural steel; non-metallic connecting sleeves for structural steel; cladding, not of metal, for building; bricks, sandstone for building purposes, marble, natural stones, tiles, as far as included in this class; tension elements made of fiber composite materials for earth and rock anchors; prefabricated reinforcing elements for building purposes, not of metal; modular building units (non-metallic -); modular units (non-metallic -) for constructing prefabricated buildings.

Class 35:

Business analysis and information services, and market research; data processing, systematisation and management; business consultancy and advisory services; administrative support and data processing services; advertising, marketing and promotional consultancy, advisory and assistance services; provision and rental of advertising space, time and media; distribution of advertising, marketing and promotional material; organization of trade shows and exhibitions for commercial purposes; product demonstrations and product display services; public relations services; business assistance, management and administrative services; advertising, marketing and promotional services; advertising; business administration; clerical

services; updating of advertising material; business inquiries; personnel management consultancy; procurement services for others [purchasing goods and services for other businesses]; import-export agency services; book-keeping; advertising agency services; auctioneering services; transcription of communications [office functions]; administrative services for the relocation of businesses; business investigations; compilation of statistics; commercial information agency services; commercial information and advice for consumers [consumer advice shop]; television advertising; photocopying services; publication of publicity texts; business information; commercial administration of the licensing of the goods and services of others; layout services for advertising purposes; payroll preparation; marketing; market research; marketing research; opinion polling; online advertising on a computer network; organization of exhibitions for commercial or advertising purposes; organization of fashion shows for promotional purposes; employment agency services; personnel recruitment; psychological testing for the selection of personnel; bill-posting; presentation of goods on communication media, for retail purposes; price comparison services; production of advertising films; radio advertising; news clipping services; shop window dressing; word processing; secretarial services; sponsorship search; telephone answering for unavailable subscribers; telemarketing services; organization of trade fairs for commercial or advertising purposes; dissemination of advertising matter; writing of publicity texts; sales promotion for others; rental of office machinery and equipment; arranging subscriptions to telecommunication services for others; advertising by mail order; distribution of samples; direct mail advertising; document reproduction; administrative processing of purchase orders; demonstration of goods for advertising purposes; publicity columns preparation; business appraisals; administrative processing and organising of mail order services; administrative processing of purchase orders within the framework of services provided by mail-order companies; rental of advertising space on the internet; demonstration of goods; sales demonstration [for others]; dissemination of advertising for others via an on-line communications network on the internet; sales promotion; promoting the sale of goods and services of others by awarding purchase points for credit card use; trade promotional services; promoting the sale of the services [on behalf of others] by arranging advertisements; sales promotion for others provided through the distribution and the administration of privileged user cards; rental of sales stands; distribution and dissemination of advertising materials [leaflets, prospectuses, printed material, samples]; demonstration of goods for promotional purposes; administration of the business affairs of retail stores; business project management services for construction projects; retail services in relation to building materials; retail services in relation to hand-operated implements for construction; retail services in relation to construction equipment; wholesale services in relation to construction equipment; wholesale services in relation to hand-operated implements for construction; wholesale services in relation to hand-operated tools for construction; advertising services relating to public works; compilation of statistical data for use in scientific research; affiliate marketing; on-line advertising and marketing services; promotion, advertising and marketing of on-line websites; administration relating to marketing; all the above-mentioned services only in connection with construction.

List of cases accepted for opposition purposes as shown in Journal 2026/005 published on 30 January 2026 .

Class 37:

Interior and exterior cleaning of buildings; computer hardware and telecommunication equipment installation, maintenance and repair; HVAC (heating, ventilation and air conditioning) installation, maintenance and repair; building maintenance and repair; glazing services; installation, maintenance and repair of glass, windows and blinds; plumbing installation, maintenance and repair; charging of batteries and power storage devices, and rental of equipment therefor; excavation services, and extraction of natural resources; building, construction and demolition; rental of tools, machines and equipment for construction, demolition, cleaning and maintenance purposes; provision of construction information; construction information; construction consultancy; building construction management; construction management services; building construction supervision; on site project management relating to the construction of buildings; construction; building construction supervision; consulting on the execution of construction projects; consultation in building construction supervision; advisory services relating to the construction of public works; consultancy, information and advisory services relating to the construction of public works; consultancy and information services relating to construction; building construction advisory services; information services relating to maintenance of security systems; information services relating to the construction of buildings; on-site construction supervision of civil engineering works; on site building project management; construction project management services; provision of construction information by electronic means; providing information relating to building construction; provision of construction information relating to public works; providing information relating to building renovation; providing online information relating to building construction; building construction supervision services for building projects; building inspection [in the course of building construction]; building repair; concrete repairs; repairing construction works; installation of insulating materials in buildings, roofs and structures; installing wallboard; installation of thermal insulation for buildings; installation of fittings for buildings; roofing installation; assembly of prefabricated houses; scaffolding; construction of cubicles; installation of bolts; erection of prefabricated buildings and structures; building sealing; refurbishment of buildings; construction of hard-standing areas; construction of ceilings; construction of foundations for buildings; construction of complexes for business; construction of steel structures for buildings; construction of partition walls for interiors; building of underground structures; construction of curtain walls; construction of screens; construction of steel fabrications; construction works for prefabricated houses; supervision of building demolition; building construction supervision services for real estate projects; supervision of building renovation; building services relating to building for industry purposes; building services relating to building for habitation; temporary structure construction services; dismantling of structures; installation of fixtures and fittings for buildings; installation of glazed building structures; building construction and repair; construction of buildings and other structures; building sealing; general building contractor services; installation of building scaffolds, working and building platforms; installation of fabricated construction units; maintenance of buildings; building insulating; custom construction of buildings; custom construction of houses; building construction supervision;

supervision of building repair; erection of pre-fabricated buildings; assembling [installation] of building framework; renovation and repair of buildings; renovation and repair of buildings; building restoration; restoration of architectural works; building construction supervision; rental of construction tools; demolition services; building reinforcing; insulation services; building insulating; installation of insulating materials; insulating of internal and external walls, ceilings and roofs; heat insulation of windows; insulation of roofing; building insulating; building sealing; installation of building insulation; application of protective coatings for buildings; advisory services relating to the alteration of buildings; advisory services relating to building refurbishment; building construction consultancy; consultancy services relating to the repair of buildings; providing information relating to the construction, repair and maintenance of buildings; building sealing; renovation and restoration of buildings; thermal insulating of buildings; building sealing and caulking services; construction services; residential and commercial building construction; building construction supervision; maintenance of buildings; erection of formwork for building and construction; installation of prefabricated building elements; building repair; renovation of buildings; building construction supervision; all the above services only in connection with thermal insulation, sound insulation, reinforcement technology and/or formwork technology for construction applications.

Class 42:

Design services for architecture, and interior and exterior design for buildings; web and graphic design; software development, programming and implementation; computer hardware development; hosting services, software as a service, and rental of software; rental of computer hardware and facilities; IT consultancy, advisory and information services; data duplication and conversion services, data coding services; IT security, protection and restoration; earth science services; rental of science and technology equipment; engineering services; architectural and urban planning services; natural science services; design services; IT services; testing, authentication and quality control; science and technology services; civil engineering drawing services; preparation of civil engineering designs; architectural services for the preparation of architectural plans; house plans (drawing-up of -); preparation of architectural plans; building design services; estates (planning of building -); building design services; building inspection services [surveying]; civil engineering planning services; component testing; advisory services relating to building design; advisory services relating to planning applications; consultancy in the field of architecture and construction drafting; computer-aided engineering design and drawing services; computer aided design services relating to building projects; civil engineering; conducting technical project studies for construction projects; analysis of the structural behaviour of building materials; research in the field of building construction; conducting technical project studies for construction projects; construction engineering services [construction design]; design services relating to roof covering components; design services relating to civil engineering; designing feasibility studies on designs; preparation of reports relating to design; preparation of architectural plans; construction drafting; preparation of reports relating to design; research in the field of building construction; research on building construction or city planning; engineering services for the analysis of structures; monitoring of building

List of cases accepted for opposition purposes as shown in Journal 2026/005 published on 30 January 2026 .

structures; quality control of building materials; technical consultancy services relating to civil engineering; technical project studies in the field of construction; technological research for the building construction industry; surveying of defective structures; preparation of reports relating to technical project studies for construction projects; construction drafting; consultancy services relating to quality control; quality control; quality checking and testing; inspection of goods for quality control; process monitoring for quality assurance; testing services for quality and standard certification; quality assessment; quality control of completed buildings; quality control of completed buildings; consultation services relating to architectural planning; planning [design] of buildings; engineering design and consultancy; provision of temporary use of non-downloadable software, only in connection with standardized software solutions; provision of temporary use of non-downloadable online software for database management, only in connection with standardized software solutions; providing temporary use of on-line non-downloadable software for inventory management; providing temporary use of non-downloadable software applications accessible via a web site; online provision of non-downloadable software for use in supply chain management, only in connection with standardized software solutions; online provision of non-downloadable database management software, only in connection with standardized software solutions; platform as a service [PaaS] featuring software platforms for transmission of images, audio-visual content, video content and messages; artificial intelligence platforms as software as a service [SaaS], only in connection with standardized software solutions; providing temporary use of non-downloadable computer software for shipment processing over computer networks, intranets and the internet; provision of non-downloadable software for tracking freight via computer networks, intranets and the internet for temporary use, only in connection with standardised software solutions; industrial analysis and research services; provision of non-downloadable online software for temporary use, only in connection with standardized software solutions; design of space-truss structures; building research services; design of remedial treatment to remedy defects in structures; geological probing of building plots; design services relating to real estate; preparation of reports relating to real estate planning; recording data relating to energy consumption in buildings; analysis of the structural behaviour of buildings; professional consultancy relating to energy efficiency in buildings; engineering services in the field of building technology; estates (planning of building -); monitoring of events which influence the environment within buildings; measuring the environment within buildings; certification services for the energy efficiency of buildings; architectural and engineering services; civil engineering consultancy; design of engineered building systems; structural engineering services; technical project planning in the field of engineering; technical consultancy services relating to structural engineering; providing science technology information; provision of scientific information, advice and consultancy in relation to carbon offsetting; computer aided scientific testing; scientific testing services; research in the field of science provided by engineers; technological consultancy; safety technological testing services; technological planning services; technological consultancy; scientific and technological services; preparation of technological reports; services for the provision of technological information; estimations in the field of technology provided by engineers; surveying;

conducting engineering surveys; providing information in the field of architectural design via a website; computer aided design services relating to architecture; professional services relating to architectural design; architectural and engineering services; architectural project management; testing of architectural ironmongery; all the above-mentioned services only in connection with steel construction for thermal and/or sound insulation, reinforced concrete construction, timber construction and/or modular construction.

Drink better. Do better

International priority date claimed: 27 November 2024 (ES)
(4293899)

Class 1:
Additives for making beverages.

Class 5:
Dietary supplements for non-medical use produced with vitamins, minerals, trace elements, calcium, magnesium, syrups, carbon dioxide, carbonic acid, all of the foregoing separately or in combination; food supplements for non-medicinal applications in the form of beverage or preparation for making beverages; disinfectants for hygiene.

Class 7:
Machines for making beverages; machines for aerating beverages, namely machines for producing water enriched with carbon dioxide; electromechanical apparatus for preparing beverages; vending machines for selling beverages; filling machines; vending machines; dishwashers and component parts therefor; mixing machines for beverages; machines for gasifying water; dishwasher filter; utensil baskets for dishwashing machines; vending machines for cups.

Class 9:
Software for the Internet; computer software; application software, in particular for mobile devices; software which can be downloaded from the Internet; downloadable video recordings; mobile applications; downloadable computer applications; software applications for smartphones; downloadable smartphone applications [software]; computer software (recorded); data carriers, including pre-recorded; measuring, detecting and monitoring instruments; apparatus and instruments for verification (supervision); electronic controllers; electronic voice controls; programmable controllers; sensors and detectors; electric control apparatus, control panels for electronic devices; remote controls; interfaces [computers]; in particular all of the aforesaid in connection with water filters, jugs and water dispensers.

Class 11:
Apparatus and installations for the treatment of water; installations and filters for water sterilization by removal of bacteria and viruses; purification filters; filters for drinking water; membrane filters for microfiltration, ultrafiltration, nanofiltration and reverse osmosis; component parts for water treatment apparatus and installations, in particular filter discs, filter pouches, activated carbon filter; filter for water treatment, in particular ion exchange; apparatus for water conditioning;

water filtering apparatus; water conditioning apparatus; tap water purifying devices; systems for water treatment; water filters and water filtering apparatus based on membrane technology, reverse osmosis technology, UV technology, ozone technology, carbon technology in particular activated carbon blocks; water filters and water filtering apparatus for microbiological sterilization; pressure-operated water filters; gravity water filters; suction water filter cartridges; hand-operated filter cartridges; water filter cartridges with a submerged filter mechanism; water filter cartridges with ion exchangers and/or adsorbents; filter for electric kettles (pava), electric coffee makers, espresso machines, tea making machines, electric samovars, rice cookers, water dispensers, ice machines, combination steamers, steam cookers, ovens, refrigerators, refrigerating apparatus; chilled beverage dispensers; component parts for taps; water taps being parts of water supply installations; water bearing armatures, in particular for water taps with integrated filtering systems; water bearing armatures, specifically pipes as part of a water meter for control and as part of water mixing installations; cold/hot water dispensers; chilled beverage dispensers; temperature-controlled beverage dispensers, except automatic sales machines; automatic water treatment equipment with automated shut-off equipped with consumption indicators, fittings, filters, water mineralization units, heating devices, cooling devices, aromatization devices, carbon dioxide devices; water treatment installations consisting of the aforesaid apparatus; refill elements, cartridges, faucet extenders and replacement parts; electric kettles; beverage cooling devices for household use; apparatus for dispensing hot, boiled and refrigerated water (except for vending machines).

Class 21:
Apparatus, non-electric, for producing carbonated water and beverages; non-electric tea and coffee makers; utensils and containers for household or kitchen use made of plastic materials or glass; cups made of paper, plastic and polylactic acid; containers for cups; decanters; bottles, glass bottles, reusable stainless steel water bottles; jugs of plastic materials or jugs of glass; containers for drinking water with and without filters; non-electric tea and coffee makers; glasses for drinking, containers for drinking in the form of bottles; dishes [tableware]; drip trays; cleaning brushes; glassware, porcelain and earthenware; bottles, heat-insulated containers for beverages; cooling bottles.

Class 32:
Filtered water; products for making mineral waters, aerated waters, table waters, drinking water, spring water; non-alcoholic carbonated beverages; non-alcoholic beverages, non-alcoholic fruit beverages and non-alcoholic fruit nectars; syrups and other preparations for making non-alcoholic beverages; beverages made of natural mineral water and fruit extracts, flavored mineral waters, flavored drinking waters.

Class 35:
Advertising; promotion of sales; promotion of sales; administrative processing of orders; administrative processing of purchase orders; invoicing, including in the context of e-commerce; presentation of goods and services on the Internet; invoice management services; company management; providing information and advice to consumers regarding the range of products and items to be sold; online advertising via a computer network; presentation of products on

***List of cases accepted for opposition purposes as shown in Journal 2026/005 published on

Class 4:

Lubricants and industrial oils and greases; motor oil and fuels (including motor spirit).

Class 5:

First-aid boxes, filled.

Class 6:

Rain shelters of metal; badges of metal for vehicles; nuts, bolts and fasteners, of metal; wheel chocks made primarily of metal; ladders of metal.

Class 7:

Motors, other than for land vehicles; marine engines; motors for boats; driving devices for machines; motors and engines for agricultural machines; motors and engines for stationary, industrial and marine use; engine cases [vehicle parts]; control mechanisms for machines, engines or motors; hoists; connecting rods for machines, motors and engines; turbo-superchargers for engines; turbochargers for motors; regulators for engines; catalytic converters; belts for motors and engines; fans for motors and engines; fan belts for motors; oil filters for motors and engines; fuel filters for motors and engines; air filters for motors; ball bearings for engines; gear boxes, other than for land vehicles; exhaust manifold for engines; fuel economisers for motors and engines; universal joints [cardan joints]; crank shafts; couplings, other than for land vehicles; ignition magnetos for engines; gear transmissions, other than for land vehicles; transmission shafts, other than for land vehicles; valves; clack valves [parts of machines]; starters for

motors and engines; intake manifolds for motors; pistons for engines; fuel injection systems for motors and engines; anti-pollution devices for motors and engines; antipollution devices for motors and engines; speed governors for machines, engines and motors; cylinder heads for engines; injectors for engines; spark plugs for engines; radiators [cooling] for motors and engines; mufflers for motors and engines; cylinders for engines and machines; oil pumps for use in motors and engines; dust removing installations for cleaning purposes.

Class 8:

Scrapers; hand-operated tools for repair of vehicles.

Class 9:

Application software; computer software; computers and computer peripheral devices; encoded gift cards; electronic navigation systems; software for GPS navigation systems; GPS receivers; GPS transmitters; vehicle navigation systems featuring interactive displays; multimedia navigation systems for vehicles; navigation apparatus for vehicles [on-board computers]; computer software to operate vehicles; tachographs; on-board computers; artificial intelligence software for vehicles; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; vehicle tracking systems; radar systems; electronic driver display systems for vehicles; protective films adapted for tablet computers; protective films adapted for computer screens; electronic keys for vehicles; electric locks for vehicles; sirens for vehicles; speed measuring apparatus for vehicles; displays for vehicles; display panels for vehicles; autonomous driving control systems for vehicles; communications apparatus for vehicles; vehicle speed control systems; multi-camera systems for vehicles; integrated electronic safety systems for land vehicles; integrated electronic hazard and collision avoidance systems for vehicles; on-board electronic systems in land vehicles for providing driving assistance; alcoholmeters; simulators for the steering and control of vehicles; simulators for training personnel in the driving of vehicles; water level indicators for vehicles; oil level indicators for vehicles; fuel level indicators for vehicles; temperature control apparatus for vehicles; fuel regulating apparatus; batteries for vehicles; battery chargers; electric charging cables; power banks; USB flash drives; loudspeakers; batteries, electric, for vehicles; fire trucks; fire extinguishers; safety helmets; protective clothing for the prevention of injury; reflective safety vests; vehicle breakdown warning triangles; sunglasses; magnetic badges.

Class 11:

Vehicle lighting and lighting reflectors; electric torches; electric space cooling apparatus; electric space heating apparatus; heaters for vehicles; air-conditioning apparatus; coffee machines (electric); electric coffee brewers; refrigerators; freezer cabinets; kettles, electric.

Class 12:

Vehicles for use on land; lorries; tow trucks; tippers [lorries]; structural parts for trucks; motorized tailgates for trucks; spray prevention flaps for vehicles; safety rims of rubber for the mudguards of lorries; motor buses; buses and structural parts therefor; framing for land vehicles; bodies for land vehicles; bodies for vehicles; sun visors being parts of vehicle bodywork; air deflectors for vehicles; air deflectors for vehicles; load-bearing sections for chassis frames of land vehicles; external load carriers for vehicles; engines for land vehicles; electric

***List of cases accepted for opposition purposes as shown in Journal 2026/005 published on
30 January 2026 .***

motors (for vehicles); transmission belts for land vehicles; powertrains, including engines and motors, for land vehicles; fan motors for land vehicles; servomotors for land vehicles; transmission chains for land vehicles; alarm systems for land vehicles; tipping bodies for lorries; tow bars for trailers; brakes for land vehicles; disc brakes for land vehicles; brake pads for land vehicles; brake blocks for land vehicles; brake drums for land vehicles; gear boxes for land vehicles; shafts for land vehicles; sliding roofs for land vehicles; power trains for land vehicles; clutches for land vehicles; clutch disks for land vehicles; heat engines for land vehicles; windscreens for land vehicles; spoilers for land vehicles; suspension systems for land vehicles; suspension shock absorbers for motor vehicles; propulsion mechanisms for land vehicles; gas tanks for land vehicles; horns for vehicles; seat trays adapted for use in vehicles; seat cushions for the seats of land vehicles; protective covers for vehicle seats [shaped]; aerofoils for land vehicles; steps for attachment to land vehicles; wheel trims; hub caps; containers adapted for use in vehicle interiors; drinks holders adapted for use in land vehicles; storage containers adapted for use in vehicles; shelves adapted for use in vehicles; interior pouches for vehicles; trash containers adapted for use in vehicles; window rain guards for cars; tyres for land vehicles; anti-slide chains for vehicle wheels; parts and components of land vehicles; rubbish trucks; air bags [safety devices for land vehicles]; filler caps for vehicle fuel tanks.

Class 14:
Lanyards for keys; key rings; clocks; wristwatches; ornamental pins.

Class 16:
Clipboards; stickers [decalcomanias]; vehicle bumper stickers; decorative stickers for automobile wheel hubs; 3D decals for use on any surface; note books; books; document portfolios; gift vouchers; pens [office requisites]; name badges.

Class 18:
Sports packs; all-purpose carrying bags; rucksacks; pouches; umbrellas.

Class 20:
Beds; mattresses; indoor window blinds [shades], [furniture]; hooks for clothing; decorative ribbons of plastic; non-metal wheel chocks; plastic road cones; holders for photographs [frames].

Class 21:
Squeegee sponges; bottles; drinking vessels; mugs; bottle openers, electric and non-electric; insulating flasks; coasters (tableware).

Class 24:
Protective covers for mattresses; curtains; hand towels; bath sheets; bed linen and blankets; flags and pennants of textile; banners of textile or plastic.

Class 25:
Clothing; footwear; headgear; jackets [clothing]; waistcoats; tops [clothing]; hooded sweatshirts; tee-shirts; polo shirts; shirts; baseball caps; caps with visors; knitted caps; pants; sweatpants; leggings [trousers]; sportswear; children's wear; pyjamas; underwear; trunks; boxer shorts; stockings; belts [clothing].

Class 27:
Vehicle mats and carpets.

Class 28:
Sports equipment; soccer balls; volley balls; toys; stuffed toy animals; scale model vehicles; scale model kits [toys].

Class 34:
Ashtrays.

Class 36:
Financial services; insurance services.

Class 37:
Vehicle maintenance and repair; repair services relating to engines; vehicle maintenance; service stations for the repair of vehicles; service stations for the maintenance of vehicles; advisory services relating to vehicle maintenance; advisory services relating to vehicle repair; anti-rust treatment for vehicles; retreading of tyres; installation of automobile accessories.

Class 39:
Vehicle salvage services; rescue, recovery, towing and salvage services; vehicle rental; transport services; provision of information relating to road transport; computerised transport information services; providing information relating to vehicle driving services.

Class 42:
Software as a service [SaaS], in relation to the following fields: transportation, planning of transportation, fleet management, driver performance evaluation, vehicle positioning, vehicle tracking, vehicle performance, vehicle diagnostics, service intervals and repair of land vehicles; platform as a service [PaaS], in relation to the following fields: transportation, planning of transportation, fleet management, driver performance evaluation, vehicle positioning, vehicle tracking, vehicle performance, vehicle diagnostics, service intervals and repair of land vehicles; providing temporary use of non downloadable computer software, in relation to the following fields: transportation, planning of transportation, fleet management, driver performance evaluation, vehicle positioning, vehicle tracking, vehicle performance, vehicle diagnostics, service intervals and repair of land vehicles; design and development of navigation systems; safety technology services relating to land vehicles.

chemical compositions for water treatment; bacteria for waste water treatment.

Class 9:

Downloadable mobile applications for data transmission; photovoltaic cells; electric power analyzers; converters, electric; energy control devices; voltage regulators for electric power; apparatus and instruments for accumulating electricity; thermal energy measuring apparatus; electric power controllers; apparatus and instruments for regulating electricity; electricity storage apparatus; downloadable publications; audio adaptors; optical receivers; virtual assistant software; communication, networking and social networking software; web application software; speech recognition apparatus; apparatus, instruments and cables for electricity; virtual reality models; downloadable podcasts; downloadable computer graphics; educational tablet applications; humanoid robots with artificial intelligence; data loggers and recorders; application-specific integrated circuits; measuring devices; downloadable mobile applications for the transmission of information; holographic images; sensors, detectors and monitoring instruments; pickups for telecommunication apparatus; computer software to enhance the audio-visual capabilities of multimedia applications, namely, for the integration of text, audio, graphics, still images and moving pictures; software for the planning, integration and optimization of smart city applications; talking books; cinematographic films; software for pay per click optimisation; software for the integration of artificial intelligence and machine learning in the field of big data; home automation systems; photovoltaic modules; photovoltaic inverters; multimedia apparatus and instruments; downloadable electronic publications in the nature of magazines; virtual reality software for education; application development software; data storage devices and media; virtual reality headsets; humanoid robots with artificial intelligence for use in scientific research; virtual reality software for telecommunications; downloadable mobile applications for the management of data; radio apparatus and instruments; apparatus and instruments for conducting the distribution of electricity; augmented reality software; communications equipment; facial recognition apparatus; downloadable mobile applications for use with wearable computer devices; weekly publications downloaded in electronic form from the Internet; virtual reality hardware; receiving terminals for signals; digital organizers; virtual reality software for simulation; electronic publications recorded on computer media; educational mobile applications; measuring, detecting, monitoring and controlling devices; signal cables for IT, AV and telecommunication; apparatus and instruments for controlling electricity; navigation, guidance, tracking, targeting and map making devices; optical encoders; application server software; electrical and electronic components; information technology and audio-visual, multimedia and photographic devices; software and applications for mobile devices; information retrieval applications; multimedia terminals; indicator lights for telecommunication apparatus; scientific research and laboratory apparatus, educational apparatus and simulators; downloadable postcards; photovoltaic apparatus for generating electricity; electronic databases recorded on computer media; testing and quality control devices; application software for social networking services via Internet; telephone ring tones [downloadable]; data processing equipment and accessories (electrical and mechanical); scanners for data processing; data gloves; water level indicators; electronic and magnetic ID cards for use in connection with payment

for services; databases (electronic); office and business applications; virtual reality game software; application simulation software; magnetic encoders; radio-frequency identification (RFID) readers; downloadable electronic greeting cards for sending by regular mail; artificial intelligence software; wearable monitors; water leakage detection alarms; e-books; downloadable electronic maps; electricity mains apparatus; downloadable digital music; virtual reality [VR] motion simulators; application processors; virtual and augmented reality software; home automation devices; time programmers; downloadable electronic newsletters; downloadable mobile coupons; computer programs for accessing, browsing and searching online databases; encoding and decoding apparatus and instruments; safety, security, protection and signalling devices; virtual classroom software; computer software platforms for social networking; ultrahigh frequency translator apparatus; apparatus and instruments for accumulating and storing electricity; speech processors; label readers [decoders]; controllers and regulators; augmented reality software for use in mobile devices for integrating electronic data with real world environments; magneto-optical pens; virtual reality glasses; water temperature gauges; downloadable mobile applications for the management of information; vehicle simulation software; collaboration management software platforms; batteries for electric vehicles; home automation software; detectors for electric meters; computer hardware for the dissemination of positioning data; counters; rechargeable electric batteries; enterprise software; computer hardware for routing audio, video, and digital signals; facial analysis software; fire detection software; gesture recognition software; media development software; computer hardware modules for use in electronic devices using the Internet of things [IoT]; instruments for distributing electrical current; charging appliances for rechargeable equipment; computer hardware; vehicle control assistance software; predictive maintenance software; computer software for wireless network communications; software platforms to allow users to collect money; computer software for use in remote meter reading; environmental monitoring software; cloud server software; electronic device software drivers that allow computer hardware and electronic devices to communicate with each other; computer hardware for the processing of positioning data; computer chatbot software for simulating conversations; meter testing apparatus; electronic meters; computer operating programs; artificial intelligence software for driverless cars; instruments for monitoring traffic; sensory software; computer software; electric-car charger; integrated electronic driver assistance systems for land vehicles; computer software platforms; electric current meters; computer software relating to the handling of financial transactions; computer hardware for the transmission of positioning data; reservation systems software; computer apparatus for remote meter reading; computer hardware for the collection of positioning data; hardware for electronic driving assistance systems; software for electronic driving assistance systems; computer hardware for the control of lighting; apparatus and instruments for switching the distribution of electricity; computer software for global positioning systems; machine control software; on-board electronic systems in land vehicles for providing driving assistance; electric batteries for powering electric vehicles; smart meters; robotic process automation [RPA] software; electrical engineering software; on board electronic systems for providing driving assistance; business process management [BPM] software; document management software;

List of cases accepted for opposition purposes as shown in Journal 2026/005 published on 30 January 2026 .

instruments for detecting traffic; real-time collaborative editing [RTCE] platforms [software]; Internet of things [IoT] range extenders [antennas]; artificial intelligence software for analysis; risk detection software; traffic control apparatus [electronic]; battery charging devices for motor vehicles; geographic information system [GIS] software; charging docks; computer software for analysing market information; apparatus for monitoring electrical energy consumption; image recognition software; apparatus and instruments for regulating the distribution of electricity; computer software for use in remote meter monitoring; Internet of things [IoT] sensors; charging stations for electric vehicles; speech recognition software; industrial automation software; biometric software; hardware for processing electronic payments to and from others; computer application software for use in implementing the Internet of things [IoT]; electronic article surveillance [EAS] software; machine learning software for surveillance; remote monitoring apparatus; monitoring control apparatus [electric]; acoustic alarms; communication software for connecting computer network users; communications networks; computer software to enable the provision of information via communications networks; electronic devices used to locate lost articles employing the global positioning system or cellular communication networks; accumulators, electric; nickel-cadmium storage batteries; accumulators for photovoltaic power; chargers for electric batteries; computers for autonomous-driving vehicles; vehicle drive training simulators; autonomous driving control systems for vehicles; computer applications for automatic vehicle driving control; simulators for training personnel in the driving of vehicles; vehicle automatic driving control devices; vehicle autonomous driving systems featuring interactive displays; photovoltaic apparatus for converting solar radiation to electrical energy; electrical power distribution blocks; solar panels for the production of electricity; apparatus and instruments for switching electricity; solar cells for electricity generation; solar energy collectors for electricity generation; energy regulators; apparatus and instruments for transforming electricity; electric control devices for energy management; electricity measuring instruments; electrical adapters; photovoltaic apparatus and installations for generating solar electricity; apparatus for controlling static electricity; distribution boxes [electricity]; distribution consoles [electricity]; branch boxes [electricity]; electricity conduits; distribution boards [electricity]; winding wires [electricity]; electricity indicators; armatures [electricity]; inductors [electricity]; circuit breakers; limiters [electricity]; inverters [electricity]; terminals [electricity]; control panels [electricity]; panels for the distribution of electricity; switch points [electric]; wire connectors [electricity]; junction boxes [electricity]; electrochemical gas sensors; gas detecting apparatus; residual gas analyzers; combustion gas detectors; gas mixers for laboratory use; gasometers [measuring instruments]; flue gas analyzers; gas flow monitors; gasifiers for laboratory use; gas testing instruments; gas flow meters; water meters; water temperature regulators; water level detection apparatus; electric loss indicators; solar powered radios; portable solar panels for generating electricity; solar powered telephones; solar-powered rechargeable batteries; advertising signboards [mechanical]; computer software for advertising; software for designing online advertising on websites; electronic advertising displays; machine learning software for advertising; illuminated advertisements; advertising signboards [luminous]; advertising display apparatus [mechanical or luminous]; software for embedding online advertising on websites.

Class 11:

Heating installations; water dispensers; filters for use with lighting apparatus; lighting apparatus; settler apparatus for waste; waste disposal incinerators; thermal storage instruments [solar energy] for heating; hot water heaters; water mixing appliances; water coolers; filters for drinking water; hot water installations; hot water cylinders; hydrants; water cisterns; water supply installations; water conduits installations; water distribution installations; strainers for water lines; water cooling towers; water intake apparatus; drinking water supply apparatus; water purification, desalination and conditioning installations; induction water heaters; hot-water space heating apparatus [for industrial purposes]; spray units being parts of water supply installations; water distributor armatures for heating; air cleaning apparatus; ionization apparatus for the treatment of air or water; installations for the collection of gases; gas cleaners and purifiers; filters for gases [household or industrial installations]; flues and installations for conveying exhaust gases; regulating apparatus for gas installations; filters for cleaning gases [parts of household or industrial installations]; regulating apparatus for gas pipe installations; recuperators for pre-heating combustion air in heating systems by the use of hot flue gas; feed water heaters [for industrial purposes]; solar thermal collectors [heating]; heat pumps for energy processing; solar energy powered heating installations; solar powered ventilation apparatus; solar lamps; water filtering installations; water conditioning installations; fittings for the draining of water; chemical installations for conditioning drinking water; water filters [installations] for agricultural purposes; filter apparatus for water supply installations; water softening apparatus and installations; sanitary installations, water supply and sanitation equipment; installations for water treatment under osmotic process; cooling installations for gas; installations for the burning off of gases; industrial installations for filtering liquids; sewage treatment [purification] installations; launders for trapping impurities in molten metal; sewage disposal plants; gas purification installations; separators for scrubbing gas; smoke purifiers; regulating and safety accessories for gas apparatus; regulating and safety accessories for water apparatus; regulating accessories for water or gas apparatus and pipes; regulating and safety accessories for gas pipes; regulatory fittings for water pipes; pressure relief apparatus for use with gas installations; pressure relief apparatus forming part of water supply systems; pressure supervision apparatus [safety apparatus for gas pipes]; apparatus for controlling water supply; storage heaters; combined heating and air conditioning apparatus; electric space heaters; industrial ventilation apparatus; air heat recovery installations; terminal water supply fittings; air recirculating apparatus; appliances for water distribution [automatic]; air purgers for use with water distribution installations.

Class 35:

Cost price analysis regarding waste disposal, removal, handling and recycling; water meter reading for billing purposes; online retail services for electric scooters; retail services for electric bicycles; online retail services for electric vehicles; retail services for electric vehicles; energy price comparison services; billing services in the field of energy; assistance and consultancy services in the field of business management of companies in the energy sector; advertising; gas meter reading for billing purposes; tracking and monitoring energy consumption for others for account auditing purposes;

List of cases accepted for opposition purposes as shown in Journal 2026/005 published on 30 January 2026 .

advertising the goods and services of online vendors via a searchable online guide; import-export agencies in the field of energy; provision and rental of advertising space, time and media; business assistance, management and administrative services; public relations services; development of market surveys; product demonstrations and product display services; sponsorship search; providing on-line auction services; development of promotional campaigns; production of television and radio advertisements; marketing; updating of advertising material; preparation of advertising material; preparation of publicity leaflets; advertising, marketing and promotional services; development of advertising concepts; dissemination of advertising for others via an on-line communications network on the internet; promotion services relating to esports events; providing marketing consulting in the field of social media; administration of incentive award programs to promote the sale of the goods and services of others; advertisement via mobile phone networks; internet marketing; blogger outreach services; updating of advertising information on a computer database; promotional marketing; event marketing; advertising services to promote public awareness of environmental matters; direct marketing; bill-posting; advertising and marketing services provided by means of social media; online advertising on a computer network; advertising, including on-line advertising on a computer network; advertising services relating to the travel industries; arranging and placing of advertisements; providing business information in the field of social media; advertising services to promote public awareness of the benefits of shopping locally; retail services in relation to non-alcoholic beverages; marketing services in the field of travel; distribution of advertising, marketing and promotional material; preparation of marketing plans; marketing agency services; on-line data processing services; brand positioning services; on-line promotion of computer networks and websites; preparation of publicity publications; arranging and conducting trade shows relating to publishing; business promotion; arranging promotion of charitable fundraising events; providing an on-line commercial information directory on the internet; business administration services for the processing of sales made on a global computer network; retail services in relation to electric vehicles; business advice and consultancy relating to franchising; advisory services (business -) relating to the establishment of franchises; transportation fleet (business management of -) [for others]; franchising services providing marketing assistance; providing business information via a web site; electricity meter reading for billing purposes; marketing services provided by means of digital networks; advice in the running of establishments as franchises; web site traffic optimization; management advisory services related to franchising; retail services in relation to electric bicycles; business management advisory services relating to industrial enterprises; utility meter reading for billing purposes; merchandising; business management advisory services relating to commercial enterprises; business organisation advice; water meter reading for billing purposes; business research and advisory services; administrative assistance in responding to calls for tenders; procurement of contracts concerning energy supply; business management services relating to the acquisition of businesses; advertising of business web sites; business research for new businesses; business management services relating to the development of businesses; web indexing for commercial or advertising purposes; business office services; promoting the goods and services of others via a global computer network; commercial

information services provided by access to a computer database; promotion of special events; advertising and marketing services provided via communications channels; business intermediary services relating to the matching of potential private investors with entrepreneurs needing funding; corporate communications services; online advertising network matching services for connecting advertisers to websites; promotion of goods and services through sponsorship of sports events.

Class 37:

Repair of water supply apparatus; installation of computer hardware; maintenance and repair services of computer hardware; installation of artificial intelligence software for surveillance; repair and maintenance of artificial intelligence software for surveillance; installation of machine learning software for surveillance; repair and maintenance of machine learning software for surveillance; installation of remote monitoring apparatus; repair and maintenance of remote monitoring apparatus; installation of electric monitoring control apparatus; repair and maintenance of electric monitoring control apparatus; installation of communication networks; repair and maintenance of communication networks; installation of communication software for connecting computer network users; repair and maintenance of communication software for connecting computer network users; installation of software enabling the transmission of electronic media via communications networks; repair and maintenance of software enabling the transmission of electronic media via communications networks; installation of software for the transmission of information via communications networks; repair and maintenance of software for the transmission of information via communications networks; installation of electronic devices for locating lost objects using global positioning systems or cellular communication networks; repair and maintenance of electronic devices for locating lost objects using global positioning systems or cellular communication networks; installation of electric accumulators; repair and maintenance of electric accumulators; installation of electric vehicle batteries; repair and maintenance of electric vehicle batteries; installation of electric vehicle charging stations; repair and maintenance of electric vehicle charging stations; installation of computers for autonomous vehicles; repair and maintenance of computers for autonomous vehicles; installation of vehicle driving training simulators; repair and maintenance of vehicle driving training simulators; installation of autonomous driving control systems for vehicles; installation and repair of pipelines; repair and maintenance of autonomous driving control systems for vehicles; installation and maintenance of photovoltaic installations; maintenance, repair and reconditioning of photovoltaic apparatus and installations; installation of residential solar panel power systems; installation of non-residential solar panel power systems; installation of water softeners; beneath ground construction work relating to gas supply pipes; beneath ground construction work relating to gas supply mains; natural gas refuelling service for motor vehicles; installation of pipe systems for conducting of gases; installation of plumbing, gas and water systems; construction of structures for the transportation of natural gas; construction of structures for the production of natural gas; construction of structures for the storage of natural gas; providing information relating to the repair or maintenance of water purifying apparatus; civil engineering maintenance involving the use of water-

List of cases accepted for opposition purposes as shown in Journal 2026/005 published on 30 January 2026 .

jet cutting equipment; repair of gas supply systems; cleaning of drains by high pressure water jetting; renovating services relating to conduits for water supply; electrical installation services; repair or maintenance of power distribution or control machines and apparatus; mechanical cleaning of waterways; cleaning of water supply plumbing; providing information relating to the repair or maintenance of gas water heaters; cleaning by water jetting (services for -); emergency servicing of apparatus for supplying electricity; installation of rainwater harvesting systems; installation of gas supply and distribution apparatus; repair or maintenance of water pollution control equipment; emergency servicing of water supply apparatus; repair of water purifying apparatus; installation of rainwater drainage systems; installation of rainwater collection systems; repair of water supply installations; emergency servicing of gas supply apparatus; installation of gas and water pipelines; installation of water supply apparatus; maintenance of water purifying apparatus; installation of rainwater tanks; maintenance and repair of gas and electricity installations; boring of water wells; repair of water supply apparatus; repair or maintenance of water purifying apparatus for industrial purposes; building, construction and demolition; plumbing installation, maintenance and repair; charging of electric vehicles; maintenance and repair of electric vehicles; installation of traffic management systems; repair of energy production plants and machines; maintenance and repair of solar power installations; maintenance and repair of solar heating installations; servicing of power generating apparatus and installations; maintenance of power generating apparatus and installations; installation of power generating apparatus; maintenance, servicing and repair of power generating apparatus and installations; installation of electric light and power systems; repair of power generating apparatus and installations; cleaning of water tanks; electric appliance installation and repair; installation and repair of telecommunications networks; heating equipment installation and repair; installation of pipelines; pipe laying; pipeline maintenance; services for the repair of pipelines; maintenance and repair of gas turbines; maintenance of water pollution control equipment; installation of solar powered systems; maintenance and repair of energy generating installations; repair of machines for treating organic waste; repair of industrial waste treatment machines; dismantling of industrial machinery; cleaning of industrial plant; installation of electric and electronic equipment in automobiles; installation of electrical and generating machinery; recharging of batteries; upgrading of computer hardware; maintenance of computer hardware; installation and repair of computer hardware; vehicle fueling services; installation and maintenance of hardware for computer networks and internet access; vehicle battery charging; vehicle service stations [refuelling and maintenance]; repair of energy supply installations; vehicle repair, maintenance, refuelling and recharging.

Class 39:

Transport and storage of waste and recycling materials; provision of heating generated from waste, disposal of liquid waste; public utilities in the nature of supplying water; public utility services in the nature of electricity distribution; public utility services in the nature of natural gas distribution; electricity supply and distribution; transport of water by pipeline; water supplying; removal of waste; storage of waste; hire of waste storage containers; hire of waste handling containers; supply of electricity; packaging and storage of

goods; information and advisory services in relation to the distribution of energy; providing information relating to the distribution of electricity; water distribution; arranging of sightseeing tours and excursions; route planning services; distribution of gas; consultancy services relating to the distribution of electricity; tourist travel reservation services; booking of transport via global computer networks; transport information, advice and reservation services; services for the supply of water by pipeline; reservation services for bus transportation; providing information to tourists relating to excursions and sightseeing; route planning [navigation services]; delivery of bottled water to homes and offices; arranging and booking of city sightseeing tours; supply of water by pipeline; providing taxi booking services via mobile applications; water distribution and supply; travel ticket reservation services; automobile rental reservation services; storage of water in tanks; distribution by pipeline and cable; vehicle parking and storage; transport services and trips for disabled persons; contract hire of motor vehicles; car rental; chauffeur driven car hire services; rental of electric cars; rental of cycles; motorcycle rental; rental of scooters for transportation purposes; motor land vehicle hire services; bicycle sharing services; carpooling services; vehicle location services; passenger vehicle hire; arranging of car hire; reservation services for vehicle rental; arranging the hire of all means of transport; hired car transport; electricity distribution; distribution of renewable energy; management of vehicular traffic flow through advanced communications network and technology; services for arranging transportation by road; gas supplying [distribution]; transmission of oil or gas through pipelines; supply [transport] of water through pipes; distribution of heat; electricity distribution via cables; distribution of electricity to households; distribution of energy for heating and cooling buildings; heat supplying [distribution]; providing information relating to water supplying services; leasing the use of power lines to third parties for the transmission of electricity; collection of sewage through public sewers; transportation of fluids by pipeline; pipeline transport of gases; transport of liquefied natural gas by sea; transport and distribution of natural gas and liquefied gas; marine transport of liquefied natural gas; storage of electricity; gas storage services; storage of liquefied natural gas on ships; supply [transport] of water for agricultural use; supply [transport] of water for industrial use; collection of industrial waste; land freight services; road transport services for passengers; advisory services relating to road transportation; providing information relating to bicycle rental services; arrangement of transportation; agency services for arranging the transportation of persons; transport services for the disabled; information services relating to traffic; arranging of passenger transportation services for others via an online application; storage of energy and fuels.

Class 40:

Production of electrical power from renewable sources; consultancy services relating to the generation of electrical power; rental of equipment for the treatment and transformation of materials, for energy production and for custom manufacturing; sorting of waste and recyclable material [transformation; electricity generating; generation of electricity from solar energy; generation of electricity from wave energy; production of hydroelectric power; production of energy by power plants; generation of gas and electricity; information and advisory services relating to the generation of

List of cases accepted for opposition purposes as shown in Journal 2026/005 published on 30 January 2026 .

electricity from wave energy; water treatment and purification; rental of water treatment equipment; desalination of water; regeneration of water; demineralisation of water; water treatment [demineralising] services; providing information relating to the rental of water purifying apparatus; treatment of waste water in the field of environmental pollution control; waste and/or water treatment services; rental of water filtration units for commercial use; waste water treatment; purification of industrial waste water; treatment of waste water from industrial processes; generation of electricity from wind energy; rental of power-generating equipment; soil, waste or water treatment services [environmental remediation services]; leasing of water purification equipment; providing information relating to water treatment; energy production; production of energy by nuclear power plants; waste treatment [transformation]; treatment [transformation] of waste; treatment [reclamation] of industrial waste; leasing of energy generating equipment; generation of electrical power using carbon sequestration; destruction of waste; rental of waste crushing machines; waste incineration; upcycling [waste recycling]; recycling of waste; treatment of waste; extraction of minerals contained in waste residues; rental of electricity generators; waste disposal [treatment of waste]; treatment of hazardous waste; on-site water purification services; air and water conditioning and purification; recycling and waste treatment.

Class 42:

Design and development of regenerative energy generation systems; drafting and development of photovoltaic systems; scientific research in the field of renewable energy; technological consulting services in the field of alternative energy generation; environmental testing services to detect contaminants in water quality control services; consultancy relating to technological services in the field of power and energy supply; advisory services relating to the use of energy; development of energy and power management systems; technological analysis relating to energy and power needs of others; engineering services in the field of electrical power and natural gas production; engineering services for the gas industry; technical design and planning of pipelines for gas, water and waste water; technical design and planning of water purification plants; development of computer hardware and software; conducting research and technical project studies relating to the use of natural energy; technological consultancy in the fields of energy production and use: energy auditing; consultancy in the field of energy-saving; engineering services in the field of energy technology; professional consultancy relating to the conservation of energy; engineering services relating to gas transport and supply systems; design and development of energy distribution networks; design services relating to the creation of networks; intranet design, development and maintenance; environmental monitoring of waste treatment areas; design of equipment for the transportation of waste; research relating to waste analysis; scientific and industrial research; environmental monitoring of waste storage areas; scientific and industrial research in particular in the field of electricity; design and development of software for control, regulation and monitoring of solar energy systems; provision of information concerning research and technical project studies relating to the use of natural energy; exploration and searching of oil and gas; environmental testing of exhaust emissions; development of computer programs for analysis of exhaust gas emissions; water analysis; user authentication services using single sign-

on technology for online software applications; cartography and mapping; scientific research relating to ecology; scientific and technological services; writing of computer programs for biotechnological applications; hosting of interactive applications; engineering services for applications on large and medium-sized computer systems; providing temporary use of non-downloadable software applications accessible via a web site; hosting of mobile applications; platforms for artificial intelligence as software as a service [SaaS]; computer programming; monitoring of water quality; programming of educational software; programming of multimedia equipment; hosting of computerized data, files, applications and information; providing artificial intelligence computer programs on data networks; technical support services relating to computer software and applications; research in the field of artificial intelligence technology; programming of web pages; analysis of stream water quality; advice and consultancy in relation to computer networking applications; design of virtual reality software; programming of multimedia applications; application service provider [ASP], namely, hosting computer software applications of others; hosting of multimedia applications; advisory services relating to the safety of the environment; IT services; computer software programming services; advisory services relating to planning applications; research in the field of environmental protection; design and development of virtual reality software; computer programming of video games; providing temporary use of on-line, non-downloadable software for use in publishing and printing; providing technological information about environmentally-conscious and green innovations; providing temporary use of web-based applications; creating electronically stored web pages for online services and the internet; programming of computer animations; research in the field of social media; design services; design and development of software in the field of mobile applications; testing, authentication and quality control; providing temporary use of on-line non-downloadable operating software for accessing and using a cloud computing network; providing information on computer technology and programming via a web site; information services relating to information technology; computer technology consultancy; design services for architecture; providing online, non-downloadable software; providing temporary use of non-downloadable computer software; providing temporary use of on-line non-downloadable software for the management of data; providing temporary use of on-line non-downloadable software for the transmission of data; providing temporary use of on-line non-downloadable software for processing electronic payments; providing temporary use of online, non-downloadable computer software for use in broadcast monitoring applications; providing temporary use of non-downloadable computer software for tracking freight over computer networks, intranets and the internet; providing temporary use of non-downloadable software to enable content providers to track multimedia content; providing temporary use of non-downloadable software to enable sharing of multimedia content and comments among users; software design and development; development of computer software application solutions; computer software development for others; design and development of software for website development; research relating to the development of computer software; development of industrial machinery; industrial process research; design of industrial products; research relating to industrial machinery; development of industrial processes; design of industrial plant; web site design and creation services;

List of cases accepted for opposition purposes as shown in Journal 2026/005 published on 30 January 2026 .

remote computer backup services; town planning advisory services; industrial design; platforms for gaming as software as a service [SaaS]; advisory and consultancy services relating to the design and development of computer hardware; design and development of computer hardware; programming of software for information platforms on the internet; troubleshooting of computer hardware and software problems; computer security services in the nature of administering digital certificates; smartphone software design; urban planning; configuration of computer software; computer security services for protection against illegal network access; rental of meters for the recording of energy consumption; consultation services relating to computer hardware; software development, programming and implementation; computer hardware development; software customisation services; hosting web sites; hosting computer sites [web sites]; computer security consultancy; computer programming services for commercial analysis and reporting; design of computer hardware; scientific design services; technical design; writing of computer software; authentication services for computer security; computer website design; computer engineering consultancy services; programming of software for online advertising; platform as a service [PaaS] featuring software platforms for transmission of images, audio-visual content, video content and messages; rental of computer software; research on urban planning; testing of computer software; planning in relation to town planning and commercial town planning; computer network services; programming of software for e-commerce platforms; providing technical advice relating to computer hardware and software; creating and designing website-based indexes of information for others [information technology services]; research services; creating, designing and maintaining web sites; computer programming services for data warehousing; updating of smartphone software; updating of computer software; landscape lighting design; computer software design; conducting feasibility studies relating to computer hardware; architectural design for town planning; design and development of computer software architecture; website development services; designing websites for advertising purposes; IT security, protection and restoration; maintenance of computer software; IT consultancy, advisory and information services; outsource service providers in the field of information technology; maintenance of web sites; development of hardware for digital signal processing; industrial research; software development; research and development services; rental of computer hardware; consultancy and information services relating to computer programming; information technology [IT] consultancy; advisory services relating to computer software used for publishing; computer programming services for electronic data security; providing user authentication services using biometric hardware and software technology for e-commerce transactions; development of technologies for the protection of electronic networks.

Class 25:

Clothing; footwear; headwear; sweaters; sweatshirts; tee-shirts; tracksuits and sports clothing; scarves, sashes for wear; caps; aprons (clothing); socks.

Class 32:

Beers; alcohol-free beverages; mineral and aerated waters; fruit beverages and fruit juices; syrups and other non-alcoholic preparations for making beverages.

Class 33:

Alcoholic beverages with the exception of beers; whisky; gin; rum; vodka; agave-based spirits complying with the specifications of PDO Tequila; alcoholic beverages containing agave-based spirits Complying with the specifications of PDO Tequila; pre-mixed alcoholic beverages, other than beer-based beverages; pre-mixed alcoholic beverages (hard seltzers); wines; sparkling wines; alcoholic preparations for making beverages.

Class 43:

Services for providing food and beverages; cafeteria services; restaurant, bar and cocktail lounge services; wine bar services; catering services; temporary accommodation.

Class 35:

Advertising; commercial business management; commercial administration; office functions; distribution of prospectuses, of samples; rental of advertising material; business operation assistance to industrial or commercial companies; business consultancy, information or inquiries; accounting; document reproduction; employment agencies; rental of typewriters and office equipment; newspaper subscriptions for others, dissemination of advertising matter (leaflets, prospectuses,

**List of cases accepted for opposition purposes as shown in Journal 2026/005 published on
30 January 2026 .**

printed matter, samples); business management and organization advice, business appraisals; sales promotion for third parties; on-line advertising on a computer network, rental of advertising time on all communication media, publication of advertising texts, rental of advertising space, dissemination of advertisements; public relations; the bringing together, for the benefit of third parties (excluding the transport thereof) of foodstuffs, alcoholic and non-alcoholic beverages, cleaning products, textile products, namely sheets, duvet covers, pillowcases, bath and beach towels, tablecloths, and cloth napkins, fashion accessories namely jewelry articles, belts, long scarves, beanies, gloves, watches, stoles, scarves, pareos, badges, timepieces and jewelry, leather goods, namely suitcases, travel bags, briefcases, wallets, and purses, bags namely handbags, rucksacks, clothing, lingerie, shoes, bedroom slippers, slippers, headwear, hygiene and beauty products, cosmetics, baby products namely, strollers, prams, cribs, cradles, baby bottles, pacifiers, children's tableware, haberdashery articles, home decoration articles namely candles, candleholders, candle jars, incense holders, sticks, perfume diffusers, storage boxes, small baskets, baskets, chests, lamps, lanterns, standard lamps, vases, bowls, pots, artificial plants and flowers, picture frames, photograph frames, trays, door mats, adhesives, magnets, hot water bottles, trivets, flasks, ornaments for Christmas trees except illumination articles and confectionery, artificial garlands, hooks (haberdashery), hooks (metal hardware), snow globes, Christmas trees, statuettes made of wood, wax, plaster or plastic, Nativity scenes, household or kitchen utensils, stationery, school supplies, books, magazines, newspapers, compact discs, DVDs, cassettes, computer consumables, toys and games, furniture, lighting apparatus and accessories thereof namely, light bulbs, electrical wires, sockets, switches, adapters, cords and extension cables, casings, lampshades, spotlights, do-it-yourself articles, gardening articles, grains (seeds), electrical household appliances, enabling customers to conveniently view and purchase those goods; commercial information and sales promotion services; organization of promotional and advertising operations; organization of commercial operations for customer loyalty; organization of exhibitions or events for commercial or advertising purposes; institutional communication (advertising); advertising and commercial sponsorship and patronage; administrative management of purchases of goods and/or services online via the Internet; assistance with the operation of commercial companies as franchises; commercial information and advice for consumers (consumer advice shop); administrative processing of purchase orders; demonstration of goods via any means of communication for retail sales purposes.

Class 36:

Insurance services; financial affairs; monetary affairs; real estate affairs, namely administrative management of shopping centers and real estate management of shopping centers; real estate agencies, office rental agencies; provident funds; home banking; issuing of travelers' checks or credit cards; real estate appraisal, real estate brokerage; real estate management, financing of real estate development projects; financing services; financial analysis; raising or investing capital; financial consultation; financial evaluation (insurance, banking, real estate); fund investment; electronic funds transfer, financial transactions and issuing of vouchers, tickets, checks, payment cards.

Class 37:

Construction of permanent buildings, roads and bridges; construction of shopping centers and of office buildings; information with respect to construction; building construction supervision; masonry; plastering or plumbing; roofing services; sealing services (building); demolition of buildings; rental of construction equipment; cleaning of building interiors, building exteriors or windows; cleaning or servicing of vehicles; vehicle breakdown assistance (repair); disinfection; rat exterminating; laundering; renovation of clothing; leather or fur care, cleaning and repair; linen ironing; shoe maintenance and repair; retreading or vulcanization (repair) of tires; installation, maintenance and repair of office apparatus; machine installation, maintenance and repair; installation, maintenance and repair of computers; maintenance and repair of timepieces; repair of locks; furniture restoration; shipbuilding; computer assistance (repair of computers); property development [building and construction services].

Class 42:

Design and development of computers and software; technical project studies; architecture; design of interior decor; development (design), installation, maintenance, updating or rental of software; computer programming; consultation with respect to computers; conversion of computer programs and data (other than physical conversion); conversion of documents from a physical medium to an electronic medium; motor vehicle roadworthiness testing; designer services in connection with graphic arts; styling (industrial design); authentication of works of art; computer assistance (maintenance of software).

IsoQlick

International priority date claimed: 21 March 2025 (DE) (30 2025 105 272)

Class 6:
Anchor plates; reinforcing materials of metal for building; reinforcing iron; reinforcing materials of metal for building;

reinforcement cages of metal for construction; reinforcing mats of common metals for buildings; reinforcement mesh of metal; reinforcing pins of metal for formwork; metal reinforcing bars; metal reinforcing bars for masonry; cladding of metal for building; beams of common metal for formwork systems; fittings of metal for building; building elements of metal for construction purposes; metal building structures; metal building materials; metal building materials and metal building elements; buildings of metal and buildings, transportable, of metal; metal fasteners for construction purposes; shuttering of metal for concrete; metal concrete reinforcement bars; connecting elements for reinforcement elements of metal; metal reinforcement elements for reinforced concrete; containers of metal for storage, transport and packaging; metal expansion joints; spacers being building elements made of metal; punching shear reinforcements of metal; dowels of metal; wall plugs of metal; metal corner rails [for construction purposes]; brackets of metal for building; metal facade components; facade panel anchors of metal; refractory construction materials of metal; metal molded parts for construction purposes; metal scaffolding [supporting structures for buildings, scaffolding]; ducts of metal for ventilating and air conditioning installations; ducts of metal for heating installations; metal ducts for gas pipelines; metal ducts for gas conduits; ironmongery; cantilever slab connection elements of metal; wall anchors of metal for facades and/or for insulation material; wall connection rails of metal; reinforcing materials, of metal, for concrete; metal reinforcement mesh for construction purposes; metallic tension anchors for construction purposes; metal beams for buildings; metal goods for construction purposes; metal tie rods for construction purposes; mouldings of metal for building; shear force dowels of metal; shear force sleeves of metal; formwork components made of metal; steel formworks; reinforcing pins of metal for formwork; ironmongery and small items of metal hardware; props of metal; metal columns [components]; metal supporting structures for ceilings; partitions of metal; staircases of metal; stair connection elements of metal; stair treads [steps] of metal; stringers [parts of staircases] of metal; metal doors, gates, windows and window coverings; metals and metal alloys; anchoring bolts of metal; anchors of metal; connecting sleeves for structural steel; prefabricated modules of metal; metal reinforcement materials for building; reinforcement elements of metal for pre-cast concrete; prefabricated metal components; metal wall cladding for construction purposes; metal tension rods for construction purposes; tension, compression or shear elements made of metal for connecting two concrete parts; modular metal buildings; modular components made of metal; modular metal wall paneling; transportable modular buildings made of metal; prefabricated modular scaffolding made of steel; transportable modular components made of metal; modular transportable building structures made of metal; connecting sleeves [metal hardware] for crimp or wedge connections of structural steel; connecting sleeves [metal hardware] for structural steel.

Class 17:
Joint sealants for building purposes; acoustic panels for ceilings [insulating materials]; articles and materials for sound insulation; articles and materials for thermal insulation; expansion joint fillers; packing, stopping and insulating materials; sealing films and semi-processed synthetic filter materials; weatherstripping compositions; mineral-based sealing materials; sealing mats and sheets; caulking materials; insulation boards; insulation material for soundproofing;

***List of cases accepted for opposition purposes as shown in Journal 2026/005 published on
30 January 2026 .
1275***

elastomers; substances for insulating buildings against moisture; fire-resistant insulated panels; flexible thermal insulation material made of elastomers; fibreglass fabrics for insulation; fiberglass insulation material for construction purposes; glass fibers for insulation; glass wool for insulation; rubber for sound insulation; insulators and insulating materials [heat, sound]; insulating and barrier materials; insulating paints; foils of metal for insulating; insulating materials; glass fiber insulation materials for use in construction; plastic insulating material; insulating materials for building; thermal insulating materials; soundproofing materials; insulating mats [insulating material]; rubber, gutta-percha, gum, asbestos, mica; carbon fibres, other than for textile use; synthetic resins and synthetic resins [semi-finished products]; materials for thermal and/or sound insulation of walls, ceilings and floors of buildings; foils of metal for building insulation; fibres for insulating purposes; polymeric fibres for reinforcing concrete; carbon fibres, not for textile use; carbon fibres for reinforcing building materials; plastic fibres for reinforcing building materials; mineral wool [insulator]; mineral wool as insulation material for buildings; mats for sound insulation; sound insulation panels for construction purposes; sound insulation panels for buildings; acoustic insulators; sound insulation materials for buildings; foam for sound insulation; non-conducting materials for retaining heat; insulating refractory materials; thermal insulating materials with integrated reinforcement elements, in particular for components projecting from the thermally insulated area of buildings; sound-insulating metal structures; soundproof metal structures for buildings.

Class 19:

Non-metallic spacers being building elements for reinforcements and formwork; reinforcing materials, not of metal, for building; reinforcement cages, not of metal, for building; reinforcing mats, not of metal, for building; reinforcement nets, not of metal, for building; asphalt, pitch and bitumen; cladding, not of metal, for building; non-metallic structural reinforcements for building purposes; concrete building elements; felt for building; building glass; concrete building materials; building materials made of concrete reinforced with plastic and glass fibers; non-metallic building materials, namely fibre-reinforced concrete reinforcement elements; building materials and elements made of wood and wood imitations; building and construction materials and elements made of pitch, tar, bitumen or asphalt; building and construction materials and elements made of sand, stone, rock, clay, minerals and concrete; building materials and components, not of metal; building materials, not of metal; building panels, not of metal; building stone; transportable buildings and structures, not of metal; concrete; concrete, cement, mortar; concrete building elements; precast concrete elements for the construction of buildings; concrete beams; shuttering, not of metal, for concrete; concrete walls for building; bituminous products for building; roof coverings [non-metallic]; scantlings [carpentry]; expansion joint covers, not of metal, for building; expansion joints made of non-metallic materials for construction purposes; drain pipes, not of metal; punching shear reinforcements [reinforcements for construction purposes not made of metal]; roofing, not of metal; mortar for building; grout; cement for embedding; fiberboard for construction purposes; window glass, excluding glass for vehicle windows; window panes [building glass]; prefabricated components, not made of metal; precast concrete components; prefabricated parts for buildings, not of metal;

ready-mixed cement for construction purposes; refractory construction materials, not of metal; fire-resistant boards [not of metal] for building purposes; geotextiles; scaffolding, not of metal [supporting structures for buildings, scaffolding]; foamed plastics for construction purposes; non-metallic fabric for concrete reinforcement; latticework, not of metal; glass panes for construction purposes; xylolith; insulating glass for building; cantilever slab connection elements being building elements, not of metal; wall anchors, not of metal, for facades and/or for insulation material; wall claddings, not of metal, for building; mortar for building; non-metallic building materials with sound-insulating properties; paperboard for building; pitch, tar, bitumen and asphalt; slabs, not of metal, for building; mouldings, not of metal, for building; rigid pipes, not of metal, for building; sand, gravel, ready-mixed concrete; sandstone for building; formwork and formwork elements for concrete construction, in particular formwork, formwork elements and formwork tubes made of plastic and/or cardboard; formwork, not of metal; formwork auxiliary material for concrete construction [non-metallic]; formwork material, not made of metal; reinforced concrete; stone, rock, clay and minerals; concrete retaining walls; pillars, not of metal, for building; partially processed or artificial wood; gates, doors and windows [not of metal]; structural profiles [not of metal] for building purposes; buildings, transportable, not of metal; partitions, not of metal; staircases, not of metal; stair connection elements being building elements, not of metal; stair-treads [steps], not of metal; beams [not of metal] for building purposes; beams, not of metal; doors, gates and windows, not of metal; window coverings [outdoor blinds, not of metal and not of textile]; cladding parts for buildings, not of metal; linings, not of metal, for building; reinforcing fabric, not of metal, for construction purposes; bricks, sandstone for building purposes, marble, natural stones, tiles, as far as included in this class; tension elements made of fiber composite materials for earth and rock anchors; aggregates for use in the preparation of concrete; bituminous coatings for roofing; prefabricated reinforcing elements for building purposes, not of metal; modular building elements [non-metal]; non-metallic modular elements for the construction of prefabricated buildings; rigid sheathing pipes as formwork elements, not made of metal, in particular of plastic.

Class 41:

Training or education services in the field of life coaching; Coaching [training]; Career counselling [training and education advice]; Career counselling relating to education and training; Education services relating to vocational training; Career advisory services (education or training advice); Personal coaching [training]; Life coaching (training); Provision of training courses in personal development; Vocational training services; Guidance (Vocational -) [education or training advice]; Vocational guidance [education or training advice]; Career information and advisory services (educational and training advice); Educational services in the nature of coaching; Computer training services; Training in business skills; Vocational training courses (Provision of -); Personal training services; Consultancy relating to vocational skills training; Career counseling [education]; Vocational skills training; Coaching services; Vocational training; Provision

of training courses for young people in preparation for employment; Career and vocational training; Provision of training courses for young people in preparation for careers; Business training; Vocational skills training (Provision of -); Personal development training; Conducting of instructional, training courses for young people and adults; all of the aforesaid relating to the provision of coaching services to support adults with impostor syndrome and BAME (Black and Minority Ethnic) adults who face DEI (Diversity, Equality and Inclusion) related barriers and challenges within workspace settings.

UK00004316223 (2026/004, 23 January 2026)

UK00004273955 (2025/043, 24 October 2025)

Specifications have been restricted as follows:

Class 41:

Education and training services; all of the aforesaid relating to education and training within the construction industry.

UK00004265677 (2025/046, 14 November 2025)

Specifications have been restricted as follows:

Class 9:

Vests (Am.) Bullet-proof ; Ph meters; Three dimensional viewers; Digital pH meters; Point Of Sale [POS] systems; Volt metres; PC mice; PH electrodes; 3D television receivers; 3D Scanners; Volt meters; Step up transformers; X-Y plotters; Books recorded on disc; 3D glasses; Books recorded on tape; Bullet-proof vests (Am.); Tee squares [measuring]; System on a Chip [SoC]; Length measuring apparatus; Ampere-hour meters; Square rulers for measuring; Length measuring gauges; Humidity meters; PC boards; System on Chip [SOC]; Microcomputer apparatus; Rotary gas meters; Squares for measuring; Meters; Banking software; Computer terminals for banking purposes; Computer communication software to allow customers to access bank account information and transact bank business; Telecommunications networks; Telecommunications cable; Telecommunications switchboards; Telecommunications equipment; Telecommunications software; Telecommunications cables; Telecommunications devices; Telecommunications transmitters; Telecommunications apparatus; Telecommunications multiplexers; Telecommunications apparatus for use with mobile networks; Aerials for telecommunications networks; Mobile telecommunications apparatus; Telecommunication satellites; Telecommunications switches; Electrical telecommunications apparatus; Telecommunications instruments; Telecommunication equipment; Digital telecommunications apparatus; Telecommunications instruments for use in cellular radio networks; Telecommunication cables; Electrical telecommunications instruments; Mobile telecommunications handsets; Computer hardware for telecommunications; Electronic telecommunications apparatus; Electric telecommunications apparatus; Computer programmes for use in telecommunications; Computer software for inter-network accounting in the telecommunications field; Transmitters [telecommunication]; Telecommunication transmitters; Telecommunication apparatus; Fibre optic telecommunications apparatus; Mobile telecommunication apparatus; Telecommunication switches; Electronic telecommunications instruments; Portable telecommunications apparatus; Telecommunications apparatus and instruments;

Telecommunication exchangers; Telecommunications base stations; Wireless telephony apparatus; Software; Software testing software; Software reliability software; Computer software; Collaboration software platforms [software]; Computer software packages; Antivirus software; Enterprise software; Software for computers; Antispyware software; Computer software development tools; Plugin software; Workflow software; Programming software; Antimalware software; System software; Software applications; Computer software applications; Multimedia software; Bioinformatics software; Debugging software; Computer antivirus software; Computer software for computer aided software engineering; Computer application software; Downloadable computer software; Compiler software; Software compiler; Computer software platforms; Server-side software; Networking software; Encryption software; Computer e-commerce software; Application software; Computer software programs; Hardware testing software; Interface software; Graphics software; E-commerce software; Computer telephony software; Downloadable computer software applications; Computer software for encryption; Downloadable software; Computer software applications, downloadable; Simulation software; Server software; Computer programming software; Computer interface software; Editing software; Computer hardware for use in computer-assisted software engineering; Business software; Platform software; Cryptography software; Operating software; Accounting software; Downloadable computer security software; Programs (Computer -) [downloadable software]; Computer programs [downloadable software]; Computer operating software; Software suites; Smartphone software; Gaming software; Publishing software; Computer firewall software; Embedded software; Intranet software; Security software; Downloadable computer utility software; Optimisation software; Computer software for advertising; Downloadable computer software for blockchain technology; Hardware reliability software; Educational computer software; Computer graphics software; Music software; Software development tools; Manufacturing software; Mobile software; Utility software; Software for smartphones; Diagramming software; Computer software [programmes]; Testing software; Communications software; Animation software; CAD software; Biometric software; Computer game software; Computer software for database management; Business technology software; Downloadable software applications; Assistive software; Wireless broadband radios; Wireless routers; Wireless transmitters; Wireless headsets; Wireless headphones; Wireless telephones; Wireless chargers; USB wireless routers; Wireless keypads; Wireless receivers; Wireless communication devices; Wireless keyboards; Wireless speakers; Wireless switches; Devices for wireless radio transmission; Wireless headsets for cellphones; Wireless headsets for use with mobile telephones; Wireless headsets for smartphones; Wireless locks; Antennas for wireless communications apparatus; Wireless headsets for mobile phones; Adapters for wireless network access; Wireless computer peripherals; Wireless headsets for smart phones; Wireless transmitters and receivers; Wireless computer mice; Wireless communication apparatus; Wireless headsets for tablet computers; Wireless charging pads for smartphones; USB Dongles [Wireless network adapters]; Wireless speaker microphones; Computer software for wireless network communications; Wireless signal boosters; Aerials for wireless communications apparatus; Wireless communication instruments; Wireless battery chargers; Wireless portable printers for use with laptops and mobile devices; Masts for

wireless aerials; Wireless aerials (Masts for -); Masts [wireless aerials]; Wireless audio speakers; Wireless remote controls for portable electronic devices and computers; Two-way wireless communication systems; Wireless communication devices for the transmission of multimedia content; Wireless local area network devices; Universal serial bus [USB] dongle [Wireless network adapters]; Wireless weather stations; Application software for wireless devices; Pairable wireless speakers; Electronic game software for wireless devices; Cooling pads for wireless computers; Wireless audio and video receivers; Apparatus for wireless transmission of acoustic information; Wireless communication devices for voice, data, or image transmission; Wireless transmitting and receiving equipment; Earphones for use with mobile telecommunication devices; Downloadable computer game software via a global computer network and wireless devices; Wireless queue buzzers; Wireless lock assemblies; Computer software for wireless content delivery; Super High Frequency [SHF] wireless network apparatus; Downloadable electronic game software for wireless devices; Wireless locking mechanisms; Wireless high frequency transmission instruments; Extremely High Frequency [EHF] wireless network apparatus; Devices for streaming media content over local wireless networks; Electric mobile digital communication devices; LAN [local area network] computer cards for connecting portable computer devices to computer networks; Batteries for use with mobile telecommunication devices; Ethernet transceivers; Ethernet repeaters; Cable modems; Electronic wirelessly enabled doorbells; Earphones for cellular telephones; Modem cables; Network communication devices; Computer network routers; Internet phones; Handheld communication devices; Internet telephones; Ethernet switches; Ethernet cables; Thermostat wires; Telegraph wires; Cables and wires; Telephone wire connection boxes; Electrical telegraph wires; Wire connectors [electricity]; Fuse wire; Telephone wires; Wires (Telephone -); Electric wires and cables; Electric cables and wires; Electrical telephone wires; Ethernet controllers; Electric wire and cable; Electrical wires; Insulated wires [electric]; Electric wiring; Connecting electrical cables; Fused connection units; Connections for electric cables; Electrical cables for use in connections; Insulated electric wire; Electric wires; Wires, electric; Ethernet adapters; Telephone connecting cords; Threaded electrical cable connectors; Connection cables; Wires for communication; Magnetic telephone wires; Power wires; Connection plugs (Electric -); Copper wire, insulated; Insulated copper wire; Connecting plugs (Electric -); Insulated electrical cables; Electric wiring harnesses; Electrical cable connectors; Coaxial switches; Ethernet adapter; Wire (Electric -); Electric wire; Plug connections [electric]; Thermocouple wires; Fibre-optic cables; USB cables for cellphones; Computer network switches; Male connectors for electrical cables; Two-way plugs for headphones; Winding wires [electricity]; Insulated electrical connectors; Electric wires for communication equipment; Cable splices for electric cables; Integrated electrical circuits; Insulated cable for electrical installations; Ethernet hardware; Insulated cables (Electric -); Insulated electric cables; Wire gauges; Magnetic wires; Electricity mains (Materials for -) [wires, cables]; Materials for electricity mains [wires, cables]; Metal alloys (Wires of -) [fuse wire]; Wires of metal alloys [fuse wire]; Computer cabling; USB cables; Computer cables; Antenna transmission wires; Electrical bare wires; Electrical cable; Electrical wiring installations; Adapter cables for headphones; Connection blocks [electric cable]; Coaxial cable connectors; Hook switches; Rubber covered electrical wires;

Electrical cabling; Cable connectors; Sheaths for electrical wires; Winding wires; Electrical connection boxes; Point of sale terminals; Point of sale apparatus; Electronic point of sale terminals; Encoded cards for use in point of sale transactions; Electronic Point Of Sale [EPOS] systems; Remote entry point control apparatus; Weekly publications downloaded in electronic form from the internet; Downloadable email software; Content access software; Downloadable electronic newsletters; Downloadable publications; Software for pay per click optimisation; Electronic and magnetic ID cards for use in connection with payment for services; Tools [software] for pay per click optimisation; Payment software; GPS software; GPS transmitters; GPS receivers; GPS navigation device; Software for GPS navigation; GPS navigation devices; GPS navigation systems; Software for GPS navigation systems; Global positioning systems (GPS); Global positioning system [GPS] receivers; Global positioning system (GPS) devices; Gyro sensors using GPS functions; Global positioning system [GPS] computer software; Computer software for Global Positioning Systems (GPS); Global Positioning System [GPS] apparatus; Global positioning system (GPS) apparatus; Navigation compasses; Loran navigation machines; Satellite navigation devices; Directional compasses; Compasses (Directional -); Compasses [directional]; Navigation, guidance, tracking, targeting and map making devices; Missile trackers; Mobile phone chargers; Mobile phone battery chargers; Chargers for cell phone; Car navigation computers; Mobile phone straps; Software for satellite navigation systems; Compasses; Target trackers [satellite]; Cell phone battery chargers for use in vehicles; Satellite finder meters; Cell phone battery chargers; Cell phone straps; Map software; Radio direction finders; VOIP phones; Computer software for cellular phones; Satellite navigation systems; Navigation software; USB chargers; Marine compasses; Straps for cellular phones; Computer game software for use on mobile and cellular phones; Cases for satellite navigation devices; Satellite navigational system for bicycles; Closed circuit TV [CCTV] software; Loran navigation machines and apparatus; Battery chargers for mobile phones; Surveying compass needles; Control devices for car audio video navigation; Software for mobile phones; Automatic solar tracking sensors; USB hardware; Direction beacons; Chargers for mobile phones; Portable navigation devices; USB flash drives with micro USB connectors compatible with mobile phones; Computer software for mobile phones; Magnetic compasses; USB modems; Satellite navigational systems; Altimeters; Cellular phones; Downloadable smart phone application software; Mobile phone docking stations; Computer applications for car audio video navigation; Straps for mobile phones; Magnetic compasses [for surveying]; Magnetic compasses for surveying; Phone plugs; Mobile phone connectors for vehicles; USB web keys; Auxiliary batteries for mobile phones; Car charger; Downloadable smart phone applications (software); Batteries for mobile phones; Vehicle tracking systems; Geographic information system [GIS] software; Navigating apparatus [compasses]; Computer hardware for tracking driver behaviour; Signal cables for IT, AV and telecommunication; Mobile data receivers; Fixed location telephones; Braille mobile phones; Computer application software for mobile phones; Mobile phone speakers; Hands-free headsets for cell phones; USB web keys for automatically launching pre-programmed website URLs; Downloadable ringtones for mobile phones; Digital cellular phones; Application software for smart TV; Hands-free microphones for cell

phones; Computer software for use on handheld mobile digital electronic devices and other consumer electronics; Computer software for tracking driver behaviour; Joystick chargers; Computer programs for use in the autonomous navigation of vehicles; Application software for smart phones; Navigational buoys; Chargers for mobile telephones; Application software for mobile phones; Radio buoys; Smartphone battery chargers; Software as a medical device [SaMD], downloadable; USB operating software; Devices for hands-free use of mobile phones; Satellite transceivers; Computer hardware for the transmission of positioning data; Satellite navigational instruments; Interactive computer software that provides navigational and travel information; Satellite telephones; Downloadable graphics for cell phones; Workflow applications; Downloadable applications; Software applications for use with mobile devices; Software applications for mobile devices; Software and applications for mobile devices; Telemetry devices for engine applications; Educational mobile applications; Application processors; Downloadable applications for use with mobile devices; Downloadable applications for mobile devices; Downloadable mobile applications; Educational tablet applications; Educational computer applications; Application software for mobile devices; Smartphone software applications, downloadable; Information retrieval applications; Application software for televisions; Office and business applications; Mobile application software; Downloadable mobile applications for the management of data; Application suites [software]; Computer applications for automotive control; Machine-to-Machine [M2M] applications; Downloadable mobile applications for the management of information; Web application software; Downloadable software applications for mobile phones; Application development software; Downloadable mobile applications for the transmission of data; Downloadable mobile applications for use with wearable computer devices; Downloadable mobile applications for the transmission of information; Business application software; Application software for cloud computing services; Application simulation software; Application server software; Enterprise application software [EAS]; Downloadable application software for virtual environments; Downloadable software applications for use with three dimensional printers; Downloadable application software; Computer software to enhance the audio-visual capabilities of multimedia applications; Downloadable game related software applications; Computer applications for automotive electronic control; Web application and server software; Computer software for mobile applications that enable interaction and interface between vehicles and mobile devices; Computer software for application and database integration; Software for the planning, integration and optimization of Smart City applications; Application software for robot; Application specific integrated circuits; Computer application software for mobile telephones; Software for the planning, integration and optimisation of smart city applications; Sports betting applications; Downloadable software in the nature of a mobile application; Computer applications for vehicle navigation apparatus; Computer application software for use with wearable computer devices; Computer software for controlling and managing access server applications; Mobile applications for booking taxis; Computer software that assists computers in deploying parallel applications and performing parallel computations; Personal computer application software for document control systems; Downloadable application software for smart phones; Downloadable mobile applications for

booking taxis; Application software to control lighting; Sport whistles; Helmets for use in sports; Sports helmets; Sports eyewear; Sports training simulators; Protection helmets for sports; Navigation apparatus for boats; Marine navigation apparatus; Satellite-aided navigation systems; Electronic navigation systems; Navigation apparatus and instruments; Electronic navigation apparatus; Multimedia navigation systems for vehicles; Autonomous navigation systems for ships; Dashboard mounts for navigation devices; Control devices for vehicle navigation apparatus; Vehicle navigation systems featuring interactive displays; Vehicles (Navigation apparatus for -) [on-board computers]; Navigation apparatus for vehicles [on-board computers]; Navigation apparatus for vehicles [on-board computers]; Satellite navigational apparatus; Inertial navigational instruments; Navigational instruments; Navigating apparatus [sextants]; Underwater sonar navigational apparatus; Navigational apparatus for automobiles; Electronic navigational and positioning apparatus and instruments; Electric navigational instruments; Navigating apparatus (Electronic -); Navigating apparatus (Electric -); Satellite communication apparatus; Satellites for communication purposes; Remote controls for multimedia systems; Aircraft landing guidance apparatus; Traffic control apparatus [lighting]; Traffic guidance apparatus [mechanical]; Aeronautical communications apparatus; Missile guidance systems; Missile guiding systems; Gyrocompasses; Control apparatus for audio signals; Air traffic control radio equipment; Traffic guidance apparatus [electronic]; Haptic communications apparatus; Maritime patrol radar; Electronic devices used to locate lost articles employing the global positioning system or cellular communication networks; Missile launch control apparatus; Flight path controls for missiles; CMS software [Content management system]; Computer software to enhance the audio-visual capabilities of multimedia applications, namely, for the integration of text, audio, graphics, still images and moving pictures; Vehicle autonomous driving systems featuring interactive displays; Digital audio interface apparatus; Underwater sonar surveying apparatus; Beacon lights [safety equipment]; Content control software; Optical waveguides; Optical lenses; Lenses (Optical -); Optical fibers; Optical semiconductors; Optical reflectors; Optical disks; Optical encoders; Optical fibres; Optical transceivers; Optical glasses; Optical discs; Discs (Optical -); Optical sensors; Optical amplifiers; Optical cables; Optical glass; Optical scanners; Polarization-maintaining optical fibers; Optical apparatus; Optical emitters; Optical couplers; Optical connectors; Infrared optical apparatus; Optical mirrors; Nonlinear optical fibers; Optical instruments; Nonlinear optical fibres; Optical fibre sensors; Optical shutters; Optical breadboards; Optical transmitters; Optical switches; Optical receivers; Optical condensers; Condensers (Optical -); Optical printers; Optical filters; Optical lamps; Optical finders; Optical fiber connectors; Optical semiconductor amplifiers; Recording substrates [optical]; Optical profilers; Optical fiber cables; Optical networks; Optical enhancers; Optical fibre cables; Optical goods; Optical lanterns; Lanterns (Optical -); Optical lens sights; Topographic apparatus [optical]; Optical electronic components; Optical cards; Optical lens blanks; Optical lenses for spectacles; Optical lenses for eyeglasses; Optical communications instruments; Optical disk readers; Optical transmitters for use with fibre optic cables; Optical measurement apparatus; Optical disc testers; Digital optical transmission apparatus; Optical memories; Optical lenses for use with sunglasses; Optical lenses for sunglasses; Optical

readers; Optical measuring components; Optical speed sensors; Sight glasses [optical]; Optical disc drives; Optical glass filters; Polarisation maintaining optical fibres; Optical frequency metrology devices; Optical tables; Optical position sensors; Optical recording media; Dispersion shifted optical fibres; Optical apparatus and instruments; Optical disc recordings; Filters for optical devices; Optical disk drives; Shooting glasses [optical]; Optical disc players; Laboratory optical apparatus; Optical data media; Data media (Optical -); Optical beam deflectors; Optical fibers [fibres]; Blank optical disks; Cables for optical signal transmission; Sheaths for optical fibre cable; Pouches for optical apparatus; Cleaning apparatus for magnetic or optical data media; Splice connectors [optical]; Blank optical discs; Optical fibre temperature probes, other than for medical use; Optical character recognition apparatus; Optical data recording media; Optical data carriers; Optical filters for screens; Optical data links; Optical fibers [light conducting filaments]; Target trackers [optical]; Optical fibres [light conducting filaments]; Optical phase shifters; Target surveillance apparatus [optical]; Micrometer screws for optical instruments; Optical media players; Optical devices, enhancers and correctors; Optical character recognition apparatus [OCR]; Optical viewing screens; Optical data storage media; Software for optical character recognition; Nautical apparatus and instruments; Nautical rescue apparatus and instruments; Marine autopilots; Maritime patrol radars; Marine depth finders; Marine depth sounders; Marine radios; Sextants; Meteorological balloons; Balloons (Meteorological -); Maritime rescue apparatus; Life buoys; Ship to shore communications apparatus; Electronic distance meters; Measuring apparatus; Measuring sensors; Measuring instruments; Compasses for measuring; Distance measuring apparatus; Height measuring instruments; Measuring devices; Measuring rods; Precision measuring apparatus; Volumetric measuring apparatus; Instruments for measuring length; Temperature measuring instruments; Speed measuring apparatus; Measuring cables; Humidity measuring apparatus; Pressure measuring apparatus; Radioactivity measuring instruments; Digital measuring apparatus; Lasers for measuring; Measuring converters; Tool measuring instruments; Instruments for measuring speed; Speed measuring instruments; Torque measuring apparatus; Sensors for measuring depth; Flow measuring apparatus; Instruments for measuring pressure; Distance and dimension measuring instruments; Sensors for measuring instruments; Transparency measuring apparatus; Sensors for measuring speed; Measuring, detecting, monitoring and controlling devices; Electric measuring apparatus; Sound measuring apparatus; Compasses [measuring instruments]; Automatic measuring instruments; Logs [measuring instruments]; Rotation measuring sensors; Vacuum measuring instruments; Jigs [measuring instruments]; Antenna parameter measuring apparatus; Apparatus for measuring, monitoring and analyzing electricity consumption; Temperature measuring apparatus for scientific use; Wire diameter measuring devices; Astrometric measuring apparatus and instruments; Electricity measuring instruments; Electric measuring instruments; Electromagnetic measuring detectors; Laser level measuring apparatus; Electrical measuring equipment; Electric measuring devices; Measuring devices, electric; Fuel consumption measuring apparatus; Connected bracelets [measuring instruments]; Apparatus for measuring the speed of golf swing; Cameras [photography]; Photography projectors; Flashlights for use in photography; Flashlights [photography]; Screens [photography]; Photographic cameras; Photographic lenses; Photographic equipment; Computer

software for organizing and viewing digital images and photographs; Photographic instruments; Digital single-lens reflex (DSLR) cameras; Audiovisual recordings; Audiovisual apparatus; Audiovisual instruments; Audiovisual apparatus; Audiovisual receivers; Audiovisual apparatus and instruments; Audiovisual teaching apparatus; Audiovisual instruments; In-car audiovisual entertainment systems; Information technology and audio-visual, multimedia and photographic devices; Information technology and audiovisual equipment; Audio-visual teaching apparatus; Remote controls for audiovisual equipment; Audio visual recordings; Audio visual teaching apparatus; Audio electronic apparatus; Multi-media recordings; Cinematographic apparatus; Multimedia projectors; Pre-recorded cinematographic films; Cinematographic projectors; Audiovisual headsets for playing video games; Audio conferencing equipment; Multimedia apparatus and instruments; Audio dubbing apparatus; Audio apparatus; Cinematographic film (Apparatus for editing -); Apparatus for editing cinematographic film; Audio recording equipment; Electronic broadcasting apparatus; Audio equipment; Downloadable templates for designing audiovisual presentations; Audio recording apparatus; Audio conference apparatus; Audio processing apparatus; Equalisers [audio apparatus]; Equalisers being audio apparatus; DMB (Digital Multimedia Broadcasting) televisions; Audio effects apparatus; Cinematographic apparatus and instruments; Computer application software for streaming audio-visual media content via the internet; Editing appliances for cinematographic films; Films (Editing appliances for cinematographic -); Interactive multimedia computer games programmes; Cinematographic films; excluding; Point of Sale [POS] systems; Electronic Point Of Sale [POS] systems in class 9 and all related goods.

Class 35:

Subscriptions (arranging -) to a telematics, telephone or computer service [internet]; Sales promotions at point of purchase or sale, for others; Rental of electronic point of sale (EPOS) equipment; Negotiation of contracts relating to the purchase and sale of goods; Mediation of agreements regarding the sale and purchase of goods; Mediation of contracts for purchase and sale of products; Procuring of contracts for the purchase and sale of goods; Carrying out auction sales; Market analysis services relating to the sale of goods; Promoting the sale of goods and services of others by awarding purchase points for credit card use; Advertising services relating to the sale of personal property; Procurement of contracts for the purchase and sale of goods and services; Market analysis services relating to the sale of antiques; Procurement of contracts for the purchase and sale of goods and services for others; Arranging of contracts for the purchase and sale of goods and services, for others; Retail services connected with the sale of furniture; Advice relating to the sale of businesses; Procurement of contracts for others relating to the sale of goods; Retail service connected with the sale of power tools via a distributorship; Negotiation and conclusion of commercial transactions for third parties; On-line trading services in which seller posts products to be auctioned and bidding is done via the Internet; Advertising automobiles for sale by means of the Internet; Retail service connected with the sale of vehicles via a dealership; Advertising services relating to the sale of goods; Arranging of auction sales; Auction sales (Arranging of -); Promoting the sale of goods and services of others through promotional events; Retail services connected with the sale of subscription boxes containing beers; Conducting of auction sales; Promoting the sale of goods and services

of others through the distribution of printed material and promotional contests; Auction and reverse auction services; Price comparison services; Comparison services (Price -); Retail services connected with the sale of subscription boxes containing food; Rental of sales stands; Providing information via the Internet relating to the sale of automobiles; Arranging of buying and selling contracts for third parties; Provision of online price comparison services; Promoting the sale of fashion goods through promotional articles in magazines; Distribution of publicity materials (flyers, prospectuses, brochures, samples, particularly for catalogue long distance sales) whether cross border or not; Product sales information; Negotiating and concluding commercial transactions for others; Retail services connected with the sale of subscription boxes containing cosmetics; Distribution of publicity materials, namely, flyers, prospectuses, brochures, samples, particularly for catalogue long distance sales [whether crossborder or not]; Sales promotion for third parties; Sales promotion for others through trading stamp schemes; Provision of information concerning commercial sales; Cost price analysis; Analysis (Cost price -); Advertising services relating to the sale of motor vehicles; Provision of information and advice to consumers regarding the selection of products and items to be purchased; Arranging and conduction of auction sales; Trade marketing [other than selling]; Provision of an on-line marketplace for buyers and sellers of goods and services; Compilation and provision of trade and business price and statistical information; Negotiation and conclusion of commercial transactions for third parties via telecommunication systems; Retail services in relation to time instruments; Retail services connected with the sale of subscription boxes containing chocolates; Provision of an online marketplace for buyers and sellers of goods and services; Real estate auctions; Price comparing services; Arranging business introductions relating to the buying and selling of products; Advertising services to promote the sale of beverages; Wholesale services in relation to printed matter; Mediation and conclusion of commercial transactions for others; On-line auction bidding for others; Providing information concerning commercial sales; Advisory services relating to the purchase of goods on behalf of business; Business assistance relating to starting and running a franchise; Sales promotion services for third parties; Newspaper subscription services; Newspaper subscriptions; Newspaper subscription services for others; Administration of newspaper subscription [for others]; Arranging newspaper subscriptions; Arranging subscriptions to a television channel; Arranging subscriptions to media packages; Arranging subscriptions to Internet services; Arranging subscriptions to electronic journals; Arranging subscriptions to telephone services; Arranging subscriptions to information packages; Arranging subscriptions to information media; Arranging newspaper subscriptions for others; Newspaper subscriptions (Arranging -) for others; Subscriptions (Arranging newspaper -) for others; Arranging of newspaper subscriptions for others; Arranging of subscriptions for the publications of others; Arranging subscriptions to publications for others; Distribution of advertising mail and of advertising supplements attached to regular editions; Retail of third-party pre-paid cards for the purchase of multimedia content; Subscriptions for newspapers (Arranging of for others -); Answering (Telephone -) for unavailable subscribers; Retail of third-party pre-paid cards for the purchase of entertainment services; Telephone answering for unavailable subscribers; Administration of a discount program for enabling participants to obtain discounts on goods and

services through use of a discount membership card; Arranging subscriptions to telecommunication services for others; Subscriptions (Arranging -) to telecommunication services for others; Arranging subscriptions to telecommunication services [for others]; Telecommunication services (Arranging subscriptions to -) for others; Magazine advertising; Arranging subscriptions to electronic toll collection [ETC] services for others; Preparation of mailing lists for direct mail advertising services [other than selling]; Advertising text publication services; Retail of third-party pre-paid cards for the purchase of telecommunication services; Subscriptions (arranging of) to books, reviews, newspapers or comic books; Pay per click advertising; Credit card registration services; Provision of business data in the form of mailing lists; Online retail services for downloadable digital music; Advertising the goods and services of online vendors via a searchable online guide; Mailing list preparation services; Retail services in relation to downloadable electronic publications; Retail services in relation to navigation devices; Data processing services [office functions]; Consultancy services relating to the procurement of goods and services; Advertising services relating to financial services; Procurement services for others [purchasing goods and services for other businesses]; Procurement services; Secretarial services; Personnel services; Reprographic services; Billing services; Marketing services; Advertising services; Accounting services; Accountancy services; Telemarketing services; Management assistance services; Provision of secretarial services; Recruitment services; Employment consultancy services; Invoicing services; Auctioneering services; Providing advertising services; Relocation services for businesses; Businesses (Relocation services for -); Outsourcing services [business assistance]; Benchmarking services; Promotion of sports competitions and events; Wholesale services in relation to navigation devices; Advertising services relating to in vivo imaging apparatus; Advertising services relating to the marine and maritime industry; Demonstration of photographic equipment [for advertising purposes]; Preparing audiovisual presentations for use in advertising; Retail services relating to audiovisual equipment; Preparing audio-visual presentations for use in advertising; Retail services in relation to audio-visual equipment; Organisation of promotions using audiovisual media; Audio-visual displays for advertising purposes (Preparation or presentation of -); Producing promotional videotapes, video discs, and audio visual recordings; Promotional marketing services using audiovisual media; Wholesale services in relation to audio-visual equipment; Preparation and presentation of audio visual displays for advertising purposes; Organisation of promotions using audio-visual media; Sales promotion using audiovisual media; Preparation of audio and/or visual displays for businesses; Cinematographic film advertising; excluding Rental of electronic point of sale (EPOS) equipment in class 35 and all related goods.

Class 36:

Provision of ten year insurance policies; Mortgage banking; Investment banking; Merchant banking; Banking insurance; Private banking; International banking; Mortgage banking and brokerage; Investment banking services; Merchant banking services; Mortgage banking insurance; Personal financial banking services; Mortgage banking and mortgage broking; Financial evaluations [banking]; Mortgage banking and mortgage brokerage; Financial management relating to banking; insurance services; Financial underwriting and securities issuance (investment banking); Electronic banking

via a global computer network [internet banking]; Property investment banking services; Paperless electronic banking services; Investment bank services; Merchant bank (Services of a-); Investment banking consulting and advisory services; Evaluation (Financial-) [insurance, banking, real estate]; Financial evaluation [insurance, banking, real estate]; Advisory services relating to banking; Financial loans to commerce; Financial lending; Research services relating to banking; Bank account services; Banking services relating to travellers' cheques; Consultations relating to banking; Online financial transactions; Savings bank services; Brokerage services in financial markets; Financial services in the field of money lending; Financial brokerage; Brokerage (Financial -); Financial transactions; Financial transactions via blockchain; Computerised financial services for retail businesses; Banking services provided for schools; Financial investment brokerage; Mortgage lending and mortgage brokerage services; Brokerage of financial derivatives; Corporate finance services; Financial brokerage services; Financial trading of cryptocurrency; Mortgage broking services; Corporate lending; Financial lending against security; Information services relating to banking; Brokerage services on the financial markets; Financial securities; Corporate finance; Securities lending; Financial credit services; Financial investment in the field of securities; Computerised securities brokerage services; Organisation of trading markets for financial services; Computerised financial services relating to foreign currency dealings; Financial investment services in relation to the printing industry; Mortgage broking; Financial investment services; Financial customs brokerage services; Financial credit services for exporters; Brokerage services for arranging financing by other financial institutions; Securities brokerage account services; Financial investment management services; Finance services; Consumer lending services; Electronic financial trading services; Brokerage of financial investments in energy companies; Financial loan services; Mortgage brokerage services; Computerised information services relating to banking matters; Computerised financial services; Financial investment; Corporate finance consultancy; Commercial mortgage brokerage; Financial advisory services provided for bankers; Insolvency services [financial]; Real estate agency services relating to the purchase and sale of land; Real estate agency services relating to the purchase and sale of buildings; Provision of finance relating to the sale and purchase of boats; Agency services for the selling on commission of real property; Financial services relating to the sale of property; Real estates evaluation (fixing of a price); Brokerage services for the purchase and sale of obligations; Property leasing [real estate property only]; Securing of funds for the purchase of property; Leases (arranging of-) [real estate property only]; Financial services related to the sale and purchase of securities; Real estate selection and acquisition [on behalf of others]; Financing in relation to the buying and selling of businesses; Arranging the sale of loans; Stock price quotation services; Provision of information relating to the property market [real estate]; Quotation of stock market prices; Estate agency services for sale and rental of buildings; Stock exchange price quotations; Provision of pricing information about money market rates; Financing of lease purchase; Arranging the provision of finance for real estate purchase; Collection of debt on real estate rental; Buying and selling currency; Estate agency services for sale and rental of businesses; Stock exchange prices (Quotation of -); Quotation of stock exchange prices; Evaluation of real property; Real estate acquisition [on behalf of others];

Lease purchase finance; Real estate management services relating to retail premises; Provision of information relating to stock exchange prices; Lease purchase financing of vehicles; Financial services for the purchase of real estate; Charitable fundraising through the sale of charity stamps; Valuation of real estate property; Provision of information relating to property [real estate]; Preparation and quotation of stock exchange prices and indices; Lease of real estate; Providing real estate information relating to property and land; Insurance services relating to purchase protection, price protection and extended warranty for goods purchased using credit cards; Brokerage of share subscriptions; Issue of phone card services; Issuing tokens of value as part of a customer membership scheme; Credit services for use in the purchase of services; Rent payment services; none of the aforesaid being provided by or related to ATM or EFTPOS terminals.

Class 38:

Telecommunications services between financial institutions; Electronic communication services for banks; Transmission and receiving by radio; Communication via computer terminals, by digital transmission or by satellite; Telecommunications; Telecommunication; Telecommunications services; Telegraph telecommunications services; Cellular telecommunications services; Radio telecommunications; Telecommunications consultancy; Satellite telecommunications services; Mobile telecommunications services; Mobile telecommunications network services; Telecommunication services; Digital network telecommunications services; Aeronautical telecommunication services; Telecommunications gateway services; Telephone and telecommunication services; Telecommunications information; Telecommunication network services; Telecommunications services by satellite; Optical fibre telecommunications services; Operation of telecommunications satellites; Telecommunications consultancy services; Fibre optic telecommunications services; Operation of a telecommunications network; Mobile telecommunication network services; Telecommunications consultation; Telecommunications services between computer networks; Operation of wide-band telecommunications networks; Rental of telecommunications routers; Telecommunications services for typesetting; Interactive telecommunications services; Telecommunications services relating to electronic commerce; Communications via multinational telecommunication networks; Telecommunications portal services; Telecommunications services using cellular radio networks; Operation of telecommunications systems; Providing wireless telecommunications via electronic communications networks; Consultancy in the field of telecommunications; Electronic and telecommunication transmission services; Consulting services in the field of telecommunications; Provision of broadband telecommunications access; Telecommunications access services; Rental of telecommunications apparatus; Telecommunication gateway services; Telecommunications services for the distribution of data; Consultancy services relating to telecommunications; Rental of telecommunications equipment; Rental of equipment for telecommunications; Data transmission services over telecommunications networks; Telecommunications services, namely, ISDN services; Telecommunications routing and junction services; Operation of a network, being telecommunication services; Routing and connecting services for telecommunications; Rental of telecommunications lines; Renting of telecommunications equipment; Telecommunications services provided via fiber optic, wireless and cable networks; Advisory services

relating to telecommunications; Telecommunications services, namely providing fiber optic network services; Geolocation services [telecommunications services]; Cellular telephone communications services; Leasing of telecommunication equipment; Provision of telecommunication connections to a global computer network; Leasing of telecommunication apparatus; Computer telephony services; Leasing of telecommunication lines for access to computer networks; Telecommunication of information; Wireless communications services; Providing telecommunications connections to the Internet; Advisory and consultancy services relating to wireless communications and wireless communications equipment; Consultation in the field of telecommunications; Satellite capacity provision [telecommunications]; Provision of telecommunications connections to the internet or computer databases; Providing telecommunications connections to a global computer network; Wireless telephony; Hire of telecommunications apparatus; Interactive telecommunication services; Providing telecommunications connection to a global computer network; Wireless broadband communication services; News agency services for telecommunications; Rental of telecommunications apparatus and installations; Telecommunications by computer terminals, via telematics, satellites, radios, telegraphs, telephones; Professional consultancy relating to telecommunications; Telecommunications services, namely, personal communication services; Cellular communications services; Telecommunication access services; Cellular telephone communications; Hire of telecommunications installations; Internet based telecommunication services; Telecommunications services for facsimile transmission of information; Telecommunications services for aircraft passengers; Providing telecommunications connections to a global communication network or databases; Transfer of telephone or telecommunications calls; Wireless cellular telephone services; Broadband radio communication services; Providing telecommunications connections to a global computer network or databases; Telephone communications services; Wireless broadcasting; Wireless communication services; Wireless telephone services; Wireless mobile telephone services; Wireless cellular phone services; Wireless mobile phone services; Wireless transfer of data via wireless application protocols; Providing multiple-user wireless access to the Internet; Rental of wireless communication systems; Transmission of information via wireless or cable networks; Wireless PBX services; Wireless electronic transmission of informations; Wireless digital messaging services; Wireless electronic transmission of data; Wireless electronic transmission of images; Wireless transfer of data via digital mobile telephony; Wireless electronic transmission of voice signals; Wireless cell phone services; Wireless electronic transmission of facsimiles; Wireless transfer of data via the Internet; Wireless voice mail services; Simulcasting broadcast television over global communication networks, the Internet and wireless networks; Broadcasting of television and radio programs via cable or wireless networks; Broadcasting of radio and television programs via cable or wireless networks; Wireless facsimile mail services; Wireless transmission and broadcasting of television programmes; Rental of telecommunication devices and equipment enabling connection to networks; Communications via a global computer network or the internet; Computer communication and Internet access; Mobile radio communications; Provision of access to computer networks and the internet; Rental

of broadcasting time by satellite; Subscription television broadcasting; Subscription television broadcasting services; Provision of telephone directory information to subscribers; Provision of telecommunication access to video and audio content provided via an online video-on-demand service; Provision of access to an Internet portal featuring video-on-demand programs; Provision of telecommunication access to television programs provided via an on-demand service; Provision of telecommunication access to films and television programs provided via a video-on-demand service; E-mail and mailbox services; Provision of telecommunication access to films and television programmes via an on-demand service; Rental of access time to a database server; Email services; Provision of email services; Electronic mailing services; Electronic mail and mailbox services; Communications by cellular phones; Cell phone communication services; Mobile phone communication services; Communications services by mobile phone; Communications by mobile phones; Charitable services, namely telecommunication services; Communications services; Audiotext services; Telephony services; Information and advisory services relating to telecommunication services; Internet service provider services; Teleconferencing services; Videoconferencing services; Telematics services; Messaging services; Telephone services; Webcasting services; Broadcasting services; Videotext services; Communication services; Communication via optical fibre networks; Communication via fibre optical networks; Audiovisual transmission services; Audiovisual communication services; Broadcasting of audiovisual and multimedia content via the Internet; Streaming of audio, visual and audiovisual material via a global computer network; Transmission of information in the audiovisual field; Delivery of messages by audiovisual media; Transmission of data by audio-visual apparatus; Digital audio broadcasting; Rental of apparatus for the broadcast of audio signals; Audio broadcasting; Audio, video and multimedia broadcasting via the Internet and other communications networks; Transmission of data, audio, video and multimedia files; Delivery of digital audio and/or video by telecommunications; Digital transmission services for audio and video data; Transmission of sound via interactive multimedia networks; Transmission of sound and vision via satellite or interactive multimedia networks; Rental of apparatus for the broadcast of video signals.

UK00004275825 (2025/043, 24 October 2025)
Specifications have been restricted as follows:

Class 9:

Autonomous artificial intelligence systems for cybersecurity, namely self-directing software agents operating independently of human evaluation for the detection, prevention, mitigation and response to cyber threats; machine-operated artificial intelligence systems for securing digital networks, computer systems, cloud infrastructure, decentralised systems and information systems; autonomous machine-learning software for real-time cyber threat identification, intrusion detection, malware analysis and automated cyber defence; artificial intelligence software for the autonomous inspection, monitoring and protection of software agents, services and digital systems; excluding software or systems for the assessment, testing, training, evaluation or analysis of human knowledge, behaviour, competency, performance, confidence, compliance or workforce capability, and excluding software involving human-in-the-loop decision-making for such purposes.

Class 42:

Design, development, deployment, maintenance and operation of autonomous artificial intelligence systems for cybersecurity, namely self-directing software agents acting independently within digital, networked and decentralised environments; artificial intelligence as a service (AlaaS) featuring autonomous cybersecurity systems operating without human behavioural or competency evaluation; research and development of autonomous machine-learning systems for cyber threat prevention, detection and response; technical systems consultancy relating solely to the implementation, integration and operation of autonomous artificial intelligence systems for cybersecurity and machine-to-machine security; excluding consultancy, analysis or services relating to the assessment, testing, training, evaluation or management of human knowledge, behaviour, competency, performance, compliance, regulatory adherence or workforce capability.

UK00004265317 (2025/044, 31 October 2025)
Specifications have been restricted as follows:

Class 37:

Maintenance, installation and service of control and fail safe apparatus and installations, including valves, motorised valves and light mechanisms for use in pipelines and channels; maintenance, installation and service of control and fail safe apparatus and installations for industrial processes, electronic assemblies, computer hardware for monitoring and controlling industrial processes; maintenance, installation and service of control apparatus and installations including electrical/electronic means for controlling the operating of moveable equipment and mechanisms, including valves, motorised valves and light mechanisms for use in pipelines and channels and of parts and fittings for the aforesaid goods.

UK00004265357 (2025/044, 31 October 2025)
Specifications have been restricted as follows:

Class 37:

Maintenance, installation and service of control and fail safe apparatus and installations, including valves, motorised valves and light mechanisms for use in pipelines and channels; maintenance, installation and service of control and fail safe apparatus and installations for industrial processes, electronic assemblies, computer hardware for monitoring and controlling industrial processes; maintenance, installation and service of control apparatus and installations including electrical/electronic means for controlling the operating of moveable equipment and mechanisms, including valves, motorised valves and light mechanisms for use in pipelines and channels and of parts and fittings for the aforesaid goods.

UK00004105288 (2025/015, 11 April 2025)

UK00004277009 (2025/045, 07 November 2025)
Specifications have been restricted as follows:

Class 41:

Health and wellness training: Recreational services relating to hiking and hill walking; Recreational services relating to hiking; Recreational camp services; Educational courses delivered relating to hill walking; Wellbeing resilience and mindset training delivered through outdoor and adventure based experiences.

UK00004279306 (2026/002, 09 January 2026)

Specifications have been restricted as follows:

UK00004249100 (2025/044, 31 October 2025)

Specifications have been restricted as follows:

Class 9:

Software; Software applications; Mobile software; Software as a medical device [SaMD], downloadable; all of the aforesaid relating to perinatal, maternity, pregnancy, childbirth or post-natal care.

Class 42:

Software as a service [SaaS]; Software as a service [SAAS] services; all of the aforesaid relating to perinatal, maternity, pregnancy, childbirth or post-natal care.

Class 44:

Medical assistance; Medical assistance services; Medical clinic services; Medical services; Midwifery services; Health care; all of the aforesaid relating to perinatal, maternity, pregnancy, childbirth or post-natal care.

UK00004249100 (2025/044, 31 October 2025)

UK00004279171 (2025/045, 07 November 2025)

Specifications have been restricted as follows:

Class 35:

Accountancy; Taxation [accountancy] consultancy; Accountancy services; Taxation [accountancy] advice; Tax advice [accountancy]; Accountancy advice relating to taxation; Book-keeping and accounting services; Accounting consultancy relating to taxation; Accounting; Tax return advisory [accountancy] services; Accountancy advice relating to tax preparation; Business accounting advisory services; Accounting, in particular book-keeping; Accounting services; Accountancy advice relating to the preparation of tax returns; Accounting advisory services; Book-keeping; Bookkeeping; Administrative accounting; Management accounting; Computerised book-keeping; Accounting services relating to tax planning.

UK00004311950 (2026/002, 09 January 2026)

Specifications have been restricted as follows:

Class 25:

Clothing, footwear, headwear; Ties; shirts; casual shirts; trousers; jackets; jumpers; sweaters; polo knit tops; shoes; trainers; pumps [footwear]; vests; waistcoats [vests]; belts [clothing]; gloves; hoodies; jogging bottoms; t-shirts; caps; gilets; tracksuits; clothing for sports; woolly hats; outerwear, namely, gloves; snooker gloves; long sleeve t-shirts; sweatshirts; bow ties; necktie; parts and fittings for all the aforesaid goods.; all of the aforesaid goods in relation to snooker, pool and darts only.

UK00004310792 (2025/052, 26 December 2025)

Specifications have been restricted as follows:

Class 41:

Radio entertainment; television entertainment; providing information in the field of entertainment; providing information relating to recreational activities; providing online videos, not downloadable; providing online images, not downloadable; providing online electronic publications, not downloadable; production of radio and television programmes; arranging and conducting of entertainment events; arranging and conducting

of conferences not in relation to education and training services; arranging and conducting of congresses not in relation to education and training services; arranging and conducting of colloquiums not in relation to education and training services; publication of books; publication of texts, other than publicity texts; online publication of electronic books and journals; electronic desktop publishing; writing of texts; photographic reporting; multimedia library services; photography; scheduling of radio and television programmes; organization of cultural and arts events.

UK00004310812 (2025/052, 26 December 2025)

Specifications have been restricted as follows:

Class 41:

Radio entertainment; television entertainment; providing information in the field of entertainment; providing information relating to recreational activities; providing online videos, not downloadable; providing online images, not downloadable; providing online electronic publications, not downloadable; production of radio and television programmes; arranging and conducting of entertainment events; arranging and conducting of conferences not in relation to education and training services; arranging and conducting of congresses not in relation to education and training services; arranging and conducting of colloquiums not in relation to education and training services; publication of books; publication of texts, other than publicity texts; online publication of electronic books and journals; electronic desktop publishing; writing of texts; photographic reporting; multimedia library services; photography; scheduling of radio and television programmes; organization of cultural and arts events.

UK00004252706 (2025/044, 31 October 2025)

Specifications have been restricted as follows:

Class 30:

Coffee; tea; biscuits; cookies; sweets; cakes.

UK00004297331 (2025/048, 28 November 2025)

Specifications have been restricted as follows:

Class 9:

Software; Software for computers; Computer software development tools; Multimedia software; Plugin software; Programming software; Computer software applications; Software applications; Workflow software; System software; Computer software for computer aided software engineering; Server-side software; Application software; Cryptography software; Platform software; Computer software for database management; Business technology software; Machine learning software; Machine learning software for analysis; Machine learning software for finance; Artificial intelligence and machine learning software; Software for the integration of artificial intelligence and machine learning in the field of Big Data; Artificial intelligence software; Artificial intelligence software for analysis; None of the aforesaid relating to the medical and healthcare fields.

Class 16:

Paper; Paper stationery; Paper bags for packaging.

Class 36:

Finance services; Corporate finance services; Banking and financing services; Consultancy services relating to finance; Research services relating to finance; Mortgage loans and

financing services; Mortgage financing services; Financing and loan services; Loan financing; Arranging the provision of finance for real estate purchase; Mortgage investment management; Financial underwriting and securities issuance (investment banking); Financial services in the field of money lending; Financing of property loans; Property (Real estate -) finance; Banking and financial services; Administration of mortgage business; Financing of home loans; Financing of loans against security; Financial and monetary services, and banking; Mortgage banking; Financial loan services; Retail financing services; Mortgage refinancing; Mortgage loans; Mortgage lending; Mortgage lending and mortgage brokerage services; Mortgage loan services; Lending on mortgage; Mortgage (Lending on -); Mortgage services; Arranging of mortgages and loans; Agency services for lending on mortgage; Home equity loans; Arranging of mortgages; Provision of mortgages; Loans [financing]; Loans (Financing of -); Financing of loans; Provision of real estate loans; Arranging the finance for home loans; Lending and loans services; Financial services relating to mortgages; Loans against securities; Financial loan consultancy; Provision of home loans; Real estate lending services; Loan and credit, and lease-finance services; Loan services; Financial trading of cryptocurrency; Financial exchange of cryptocurrency; Cryptocurrency exchange services; Financial transactions via blockchain.

Class 42:

Development of computer hardware and software; Computer software integration; Computer software development; Development of computer software; Computer software consultancy; Consultancy (Computer software -); Software engineering; Computer software consulting; Design of computer hardware and software; Computer software design; re design (Computer -); Computer software (Design of -); Design of computer software; Computer software engineering; Software development; Development of software; Computer software installation; Computer software (Installation of -); Installation of computer software; Update of computer software; Testing of computer software; Design of software; Software design; Rental of computer hardware and software; Configuration of computer software; Computer software maintenance; Computer software (Maintenance of -); Maintenance of computer software; Leasing of computer software; Computer software design services; Services for the design of computer software; Developing computer software; Upgrading of computer software; Software as a service [SaaS] featuring software for machine learning; Computer software (Updating of -); Artificial intelligence consultancy; Artificial intelligence as a service (AIAAS); Research in the field of artificial intelligence; Technology consultation in the field of artificial intelligence; Platforms for artificial intelligence as software as a service [SaaS]; Software as a service [SaaS] featuring computer software platforms for artificial intelligence; None of the aforesaid relating to the medical and healthcare fields.

UK00004297331 (2025/048, 28 November 2025)
Specifications have been restricted as follows:

Class 9:

Software; Software for computers; Computer software development tools; Multimedia software; Plugin software; Programming software; Computer software applications; Software applications; Workflow software; System software;

Computer software for computer aided software engineering; Server-side software; Application software; Cryptography software; Platform software; Computer software for database management; Business technology software; Machine learning software; Machine learning software for analysis; Machine learning software for finance; Artificial intelligence and machine learning software; Software for the integration of artificial intelligence and machine learning in the field of Big Data; Artificial intelligence software; Artificial intelligence software for analysis; None of the aforesaid relating to the medical and healthcare fields.

Class 16:

Paper; Paper stationery; Paper bags for packaging.

Class 36:

Finance services; Corporate finance services; Banking and financing services; Consultancy services relating to finance; Research services relating to finance; Mortgage loans and financing services; Mortgage financing services; Financing and loan services; Loan financing; Arranging the provision of finance for real estate purchase; Mortgage investment management; Financial underwriting and securities issuance (investment banking); Financial services in the field of money lending; Financing of property loans; Property (Real estate -) finance; Banking and financial services; Administration of mortgage business; Financing of home loans; Financing of loans against security; Financial and monetary services, and banking; Mortgage banking; Financial loan services; Retail financing services; Mortgage refinancing; Mortgage loans; Mortgage lending; Mortgage lending and mortgage brokerage services; Mortgage loan services; Lending on mortgage; Mortgage (Lending on -); Mortgage services; Arranging of mortgages and loans; Agency services for lending on mortgage; Home equity loans; Arranging of mortgages; Provision of mortgages; Loans [financing]; Loans (Financing of -); Financing of loans; Provision of real estate loans; Arranging the finance for home loans; Lending and loans services; Financial services relating to mortgages; Loans against securities; Financial loan consultancy; Provision of home loans; Real estate lending services; Loan and credit, and lease-finance services; Loan services; Financial trading of cryptocurrency; Financial exchange of cryptocurrency; Cryptocurrency exchange services; Financial transactions via blockchain.

Class 42:

Development of computer hardware and software; Computer software integration; Computer software development; Development of computer software; Computer software consultancy; Consultancy (Computer software -); Software engineering; Computer software consulting; Design of computer hardware and software; Computer software design; re design (Computer -); Computer software (Design of -); Design of computer software; Computer software engineering; Software development; Development of software; Computer software installation; Computer software (Installation of -); Installation of computer software; Update of computer software; Testing of computer software; Design of software; Software design; Rental of computer hardware and software; Configuration of computer software; Computer software maintenance; Computer software (Maintenance of -); Maintenance of computer software; Leasing of computer software; Computer software design services; Services for the design of computer software; Developing computer software;

Upgrading of computer software; Software as a service [SaaS] featuring software for machine learning; Computer software (Updating of -); Artificial intelligence consultancy; Artificial intelligence as a service (AIAAS); Research in the field of artificial intelligence; Technology consultation in the field of artificial intelligence; Platforms for artificial intelligence as software as a service [SaaS]; Software as a service [SaaS] featuring computer software platforms for artificial intelligence; None of the aforesaid relating to the medical and healthcare fields.

UK00004291433 (2025/047, 21 November 2025)

Specifications have been restricted as follows:

Class 39:

Rental and hire of vehicles; Travel arrangements; Travel organisation; Car subscription services; Travel reservation and booking services; Holiday travel reservation services; All of the aforementioned only in relation to the provision of shared-access membership for campervans for personal leisure use; none of the aforementioned in relation to the organisation or provision of corporate incentive travel, prize experiences, or brand strategy for others.

UK00004308561 (2025/051, 19 December 2025)

Specifications have been restricted as follows:

Class 9:

ATMs; data processing equipment; software; apps; computer hardware; apparatus for transaction processing and related data, for payment processing and for managing expenses; software and hardware for transferring money and financial funds; software for approving online payments; magnetic, electronic and optically encoded credit cards and debit cards; equipment for verifying data on magnetic, electronic and optical cards; computer security equipment; electronic publications; all aforesaid goods in the field of banking services, finance, investments, asset management, management of financial risks, financial management, management of investment funds, risk capital management, investment advice, private banking, stock exchange services, money retention, financial analysis, fiduciary services, brokerage in stocks and other securities, financial management of credits, management of pension schemes, pension planning, pension fund administration, administration of pension schemes, preparation of pension payments and pension consultancy; and all aforesaid goods not including audio books of fiction or relating to fictional characters, electronic publications relating to fiction or fictional characters, or multimedia recordings relating to fiction or fictional characters.
