Class 1:

Adhesives for use in industry; putties, and fillers and pastes for use in industry.

Class 2:

Coatings; lacquers and varnishes; preservatives; anti-rust preparations; undercoating for vehicle chassis; wood preservatives; dyestuffs; mordants; raw natural resins; paints.

Class 3:

Cleaning and fragrancing preparations; grinding preparations; vehicle cleaning preparations; automobile polishes; car shampoos; automobile wax; windscreen cleaning liquids; emery paper; emery cloth; laundry preparations; abrasives; cleaning and fragrancing preparations, other than for personal use.

Class 6:

Building and construction materials and elements of metal; shaped metal portions; scaffolding of metal; steps [ladders] of metal; tool storage containers of metal [empty]; metal containers for the storage and transportation of goods; tool chests of metal, empty; tool boxes of metal, empty; containers of metal for storage, transport and packaging; wire rope; keys of metal; welding and soldering materials; anchors; metallic mountings; bushings of metal [other than parts of machines]; springs [metal hardware]; knobs of metal; metal hardware; sprigs [dowel pins] of metal; washers [metal hardware]; adjustable collars [metal]; ferrules of metal; metal hardware; nuts, bolts and fasteners, of metal; cables, wires and chains, of metal; non-electric wires of common metal; wire of common metal; non-electric cables and wires of common metal; locks and keys, of metal; locks of metal; bolts of metal.

Class 7:

Machines and machine tools for treatment of materials and for manufacturing; electric rotary hammers; power tools; hand-held tools, other than hand-operated; agitators for circulating liquid media; percussion hammers [machines]; grinding machines; screw extractors [machines]; portable air-powered tools; portable electric power tools; tool bits for use in power operated hand tools; tools [parts of machines]; hot melt glue guns; dispensing machines; pallet loading belts; elevating apparatus; lifting apparatus; compressed air pumps, battery-powered pumps, electric pumps, vacuum pumps, air compressors; agricultural, earthmoving, construction, oil and gas extraction and mining equipment; vending machines; distribution machines, automatic.

Class 8:

Hand-operated tools and implements for treatment of materials, and for construction, repair and maintenance; lifting tools; agricultural, gardening and landscaping tools; hand tools, hand-operated; bench vices [hand implements]; tool bags [filled];

tool pouches for attachment to tool belts; lifting jacks, hand-operated.

Class 9:

Measuring, detecting, monitoring and controlling devices; monitoring instruments; safety, security, protection and signalling devices; counting instruments; aligning instruments; calibrating apparatus; measuring instruments; current-meters; laser measuring systems; tyre-pressure measurers; spirit levels; electric current meters; respiratory masks, other than for artificial respiration; fall arrest apparatus; filters for respiratory masks, not for medical purposes; respiratory mask filters [non-medical]; respiratory masks, not for medical purposes; protective masks, not for medical purposes; welding masks; apparatus, instruments and cables for electricity; information technology and audio-visual, multimedia and photographic devices; navigation, guidance, tracking, targeting and map making devices.

Class 11:

Electric light fittings; halogen lamps; inspection lamps; LED luminaires; luminaires; electric torches; heat guns; heating, ventilating, and air conditioning and purification equipment (ambient); lighting and lighting reflectors; sanitary installations, water supply and sanitation equipment; electric heat guns.

Class 12:

Tool trolleys; vehicles and conveyances.

Class 17:

Pipe connectors, non-metallic.

Class 20:

Fasteners of plastic; fasteners, non-metallic; cable fasteners, connectors and holders, non-metallic; non-metallic pipe fasteners; fasteners, non-metallic; non-metallic pipe supports, namely pipe clamps; fixing bolts, not of metal; plugs [dowels], not of metal; threaded fasteners made of plastic; rivets made of plastics materials; screws, not of metal; nuts, not of metal; screw bushings, not of metal; ladders and movable steps, non-metallic; containers, and closures and holders therefor, non-metallic; locks and keys, non-metallic; door, gate and window fittings, non-metallic.

Class 35:

Commercial trade and consumer information; retail services in relation to metal hardware; retail services in relation to cleaning preparations; retail services in relation to hand-operated implements for construction; retail services in relation to hand-operated tools for construction; wholesale services in relation to metal hardware; wholesale services in relation to cleaning preparations; wholesale services in relation to hand-operated implements for construction; wholesale services in relation to hand-operated tools for construction; wholesale services in relation to: mountings, fastening fittings; retail services in relation to: mountings, fastening fittings; e-commerce, namely of, wholesale, commercial retailing, mail order services, in relation to the following goods: machine tools; e-commerce, wholesale, commercial retailing, mail order services, in relation to the following goods: building materials and chemical technical intermediate goods for craft and industry; e-commerce, namely of, wholesale, commercial retailing, mail order services, in relation to the following goods: tool chests of metal (empty), drill chucks (parts of

machines), head attachments for power tools, press tools [parts of machines], grindstones [parts of machines], vacuum control valves (parts of machines), cutting shoes [parts of machines], screw milling cutters (parts of machines), press rollers [parts of machines], linking mechanisms (parts of machines), shafts (parts of machines), grease rings (parts of machines), machine guides (parts of machines), multiple holders (parts of machines), cutting inserts [parts of machines], rock drills [parts of machines], planing tools (parts of machines), angle joints (parts of machines), casing rings [parts of machines], machine tools for parting [parts of machines], socket wrenches (parts of machines), spools (parts of machines), ball bearings (parts of machines), oil filters (machine parts), valves [parts of machines], chainguards (parts of machines), grinding tools [parts of machines], bushings (parts of machines), sealing joints (parts of machines), taps [machine tools], tools (parts of machines), with holding devices (machine parts), chucks (parts of machines), blades (parts of machines), bearing rod ends, propeller shafts, gearboxes for machines, electrically driven pumps, suction pumps, pressure controllers (regulators) being parts of machines, pressure regulating devices (valves) being parts of machines, pressure control devices (regulators) being parts of machines, roller bearings, drilling heads (parts of machines), regulators (parts of machines), saw blades (parts of machines), cranks (parts of machines), drilling bits [parts of machines], springs [parts of machines], brushes (parts of machines), valves (parts of machines), hoods [parts of machines], stators (parts of machines), pumps being machine parts, chains, being parts of machines, jets being parts of machines, cog wheels being parts of machines, rollers being parts of machines, cylinders, being parts of machines, valves being machine parts, milling cutters being parts of machines, crimping tools (machines or parts of machines), bearings and bushings (parts of machines), carbon brushes for electrical machines, machine holders being stands (being adapted for the machine), spark plugs, drill presses being machines, connector cables; electronic commerce (e-commerce), namely sales consultancy by means of telecommunications networks for advertising and sales purposes; electronic commerce (e-commerce), namely providing of online marketplaces for the arranging of contracts for the buying and selling of goods via the Internet; provision of information and advisory services relating to e-commerce; wholesale services in relation to hand tools; retail services in relation to hand tools; mail order services of the following goods: hand tools; wholesale services in relation to machine tools; retail services in relation to machine tools; mail order services of the following goods: machine tools; wholesale services in relation to: building materials and chemical technical intermediate goods for craft and industry; retail services in relation to: building materials and chemical technical intermediate goods for craft and industry; mail order services of the following goods: building materials and chemical technical intermediate goods for craft and industry; wholesale services in relation to: tool chests of metal (empty), drill chucks (parts of machines), head attachments for power tools, press tools [parts of machines], grindstones [parts of machines], vacuum control valves (parts of machines), cutting shoes [parts of machines], screw milling cutters (parts of machines), press rollers [parts of machines], linking mechanisms (parts of machines), shafts (parts of machines), grease rings (parts of machines), machine guides (parts of machines), multiple holders (parts of machines), cutting inserts [parts of machines], rock drills [parts of machines], planing tools (parts of machines), angle joints

saturation (SpO2) data, movement data, temperature data and skin conductance data; downloadable mobile software for creating, recording, managing, and exporting user questionnaires and diaries related to physiological monitoring sessions; communication hubs and relay devices for wireless transmission and streaming of physiological signals to external systems; software for enabling interactive data review, annotation, scoring, and hybrid manual/automated analysis of physiological data for research and diagnostic purposes; software for study management, including participant data tracking, metadata management, and study protocol administration.

Class 10:

Medical systems, apparatus and instruments for the acquisition, recording, processing, storing, transmitting or streaming of physiological signal data for diagnostic, monitoring and screening purposes, including electroencephalography (EEG) data, electromyographic (EMG) data, electrocardiographic (ECG) data, photoplethysmography (PPG) data, acoustic data, respiratory data, blood oxygen saturation (SpO2) data, movement data, temperature data, biometric signal data and skin conductance data; wearable medical systems, apparatus and instruments for the acquisition, recording, processing, storing, transmitting or streaming of physiological signals for diagnostic, monitoring and screening purposes use, including electroencephalography (EEG) data, electromyographic (EMG) data, electrocardiographic (ECG) data, photoplethysmography (PPG) data, acoustic data, respiratory data, blood oxygen saturation (SpO2) data, movement data, temperature data and skin conductance data; medical devices and sensors for monitoring heart rate, pulse, brain waves, respiration, oxygen, motion, electrocardiogram and glucose; medical accessories for wearable monitoring devices, namely reusable and disposable electrode arrays, adhesive patches, sensor bands and earpieces for physiological signal acquisition; physiological signal sensors for medical use, namely photoplethysmography (PPG) sensors, temperature sensors, and stethoscope microphones analyte sensors; medical hubs and relay devices for wireless transmission and streaming of physiological signals to external systems; medical alert systems for generating or supporting alerts to patients or healthcare personnel based on physiological signal monitoring; electromyography and stimulation sensors for medical use; wearable monitors and sensors used to measure biometric data for medical use; wearable monitors and sensors used to measure monitoring heart rate, pulse, brain waves, respiration, oxygen, motion, electrocardiogram and glucose; medical testing apparatus for non-invasive physiological monitoring including neurological, cardiovascular, respiratory and metabolic indications and activities; wearable medical testing systems for non-invasive physiological electroencephalography monitoring including neurological, cardiovascular, respiratory and metabolic indications and activities applicable to including epilepsy, sleep disorders, neurodegenerative diseases, migraine, depression, stress, and hypoglycemia.

Class 42:

Scientific and technological services, namely, design and development of wearable neurotechnology and biosensing systems; research and development consultancy in the fields of medical devices, physiological monitoring systems, sensor integrations, and medical algorithms, including hardware and software development for third parties; cloud-based data

storage and management for physiological data monitoring, including electrophysiological, cardiovascular, respiratory, temperature, acoustic, and movement data, accessible via web-based interfaces; cloud-based software for physiological signal processing, signal quality analysis, data synchronization, event detection, and data annotation, including epilepsy and sleep disorder analysis; providing online non-downloadable software for enabling interactive data review, annotation, scoring, and hybrid manual/automated analysis of physiological data for research and diagnostic purposes; providing online non-downloadable software for study management, including participant data tracking, metadata management, and study protocol administration; software as a service (SaaS) for processing, analyzing, and visualizing physiological signals, including automated data processing and algorithmic analysis for neurological, cardiovascular, and general patient monitoring purposes; providing cloud-based platform for the collection, storage, processing, quality analysis and remote access to physiological data; providing temporary use of non-downloadable software for monitoring of physiological parameters including vital signs monitoring; software for remote patient monitoring, including data transmission, data visualization, and communication between patients and healthcare providers; research and development services in the fields of neuroscience, biosensing, and wearable technology; cloud-based systems for data analysis, pattern recognition, and alert generation based on physiological data, including neurological, cardiovascular, and metabolic indicators; remote neurological assessment services using electroencephalography (EEG) and other physiological signal data for research purposes.

Class 44:

Medical and health monitoring services using wearable neurotechnology and biosensing devices including real-time and retrospective data analysis; remote neurological assessment services using electroencephalography (EEG) and other physiological signal data for clinical purposes; providing health information based on analysis of brain activity, cardiovascular, and respiratory parameters; telemedicine services utilizing wearable devices for real-time monitoring of neurophysiological and physiological conditions; Health wellness and neurofeedback services based on brainwave and biometric signal interpretation; Medical data annotation and scoring services for physiological data, excluding medical and diagnostic purposes, provided as a non-software-based service for research, academic, or data analysis purposes; telemedicine and remote patient monitoring services utilizing wearable neurotechnology and biosensing devices for real-time and retrospective acquisition, transmission, analysis, and interpretation of physiological data and conditions; medical data interpretation services for physiological monitoring data, including electroencephalography (EEG), electromyographic (EMG), electrocardiographic (ECG), photoplethysmographic (PPG), and other physiological signals; manual review, annotation, and scoring of physiological data to support clinical diagnostics, including hybrid manual/automated scoring for epilepsy, sleep disorders, and neurological assessments; medical reporting services, including preparation of diagnostic reports based on physiological monitoring data and data annotation outcomes; consultation services in the field of physiological monitoring data interpretation, including analysis of neurological, cardiovascular, and metabolic indicators; clinical support services for long-term patient monitoring,

for use on any surface; lanyards for carrying paper badges and paper passes; works of art, decorations and figurines of paper or cardboard, and architects' models; art and modelling materials and media, namely, art mounts, photograph mounts, modelling clay, modelling paste, and plastics for modelling; arts, crafts and modelling equipment; filtering materials of paper; wrapping, packaging and storage bags and articles made of paper, cardboard or plastic; writing and stamping instruments; correcting and erasing instruments; articles for use in printing and bookbinding, namely printing blocks, printing type, bookbinding office apparatus and machines, bookbinding materials; packing [cushioning, stuffing] materials of paper or cardboard; bottle wrappers of paper or cardboard; franking machines for office use; correcting ink [heliography]; paper and cardboard; printed matter; bookbinding material; photographs; stationery and office requisites, except furniture; adhesives for stationery or household purposes; drawing materials and materials for artists; paintbrushes; instructional and teaching materials; plastic sheets, films and bags for wrapping and packaging; printers' type, printing blocks; lanyards of precious metal or coated therewith for carrying cards, identity cards, name badges and plastic name badges.

Class 22:

Sails for boats; marine sails; canvas for sails; sails; sail rigging; covers for boats, not fitted; unfitted covers for boats and marine vehicles; cords made of textile fibers; synthetic ropes; ropes for marine use; string; awnings for vessels; bags for storage purposes; cloth bags for storage [but not luggage or travel]; ropes and string; nets; tents and tarpaulins; awnings of textile or synthetic materials; sails; sacks for the transport and storage of materials in bulk; padding, cushioning and stuffing materials, except of paper, cardboard, rubber or plastics; raw fibrous textile materials and substitutes therefor.

Class 25:

Jackets [clothing]; rainwear; waterproof clothing; wind-resistant jackets; wind pants; wind suits; wind vests; down jackets; bomber jackets; parkas; blazers; overcoats; coats; dust coats; raincoats; rash guards; deck shoes; beach clothes; bathing suits; bathing caps; swimming costumes; bathing trunks; bathing suits for men; bikinis; bath robes; trench coats; vests; padded vests; cardigans; pullovers; sweaters; shirts; tee-shirts; polo shirts; sport shirts; blouses; sweatshirts; jerseys [clothing]; sports jerseys; trousers; shorts; Bermuda shorts; jeans; skirts; overalls; jogging suits; training suits; track suits; automobile racing suits not in the nature of protective clothing; suits; dresses; singlets; braces [suspenders] for clothing; wristbands [clothing]; aprons [clothing]; combinations [clothing]; clothing for gymnastics; leggings [leg warmers]; leggings [trousers]; pockets for clothing; collars [clothing]; ready-made clothing; golf clothing, other than gloves; body warmers; knee warmers [clothing]; knitwear [clothing]; sweat bands; gaiters; pocket squares; underwear; slippers [undergarments]; pyjamas; dressing gowns; nightgowns; girdles; clothing for children; babies' clothing; babies' overalls; baby bibs, not of paper; children's and infants' cloth bibs; bibs, not of paper; romper suits for children; romper suits for babies; rompers; layettes [clothing]; baby sleepwear; socks; stockings; tights; hosiery; shoes; sports shoes; gymnastic shoes; sneakers; slippers; mules; sandals; boots; footwear for sports; flip-flops; clogs; bath sandals; bath slippers; soles for footwear; footwear uppers; fittings of metal for footwear; inner soles; tips for footwear; heelpieces for footwear; heels; non-slipping devices for footwear; welts for

footwear; shoe straps; shoe inserts for non-orthopedic purposes; toe caps [parts of footwear]; tongues or pullstraps for shoes and boots; overshoes; galoshes; gaiter straps; footmuffs, not electrically heated; neckwear; scarves; bandanas [neckerchiefs]; foulards [clothing]; neckties; gloves [clothing]; driving gloves; belts [clothing]; muffs [clothing]; mittens; shawls; sashes for wear; money belts [clothing]; caps being headwear; hats; cap peaks; visors being headwear; berets; headbands [clothing]; hoods [clothing]; balaclavas; helmet liners [headwear]; sun visors [headwear]; ear muffs [clothing]; masks for protection against the cold; clothing incorporating digital connections; clothing incorporating infant carriers; clothing incorporating slings for carrying infants; smart clothing equipped with wireless data communication devices; smart clothing with built-in biochip sensors; clothing incorporating LEDs; sportswear incorporating digital sensors; gloves with conductive fingertips that may be worn while using hand-held electronic touch screen devices; thermal gloves for touchscreen devices; footwear incorporating digital connections; smart footwear equipped with wireless data communication devices; smart footwear with built-in biochip sensors; headwear incorporating digital connections; physical clothing, physical footwear, physical headwear, authenticated by non-fungible tokens [NFTs]; clothing, footwear, headwear.

Class 28:

Toy boats; waterskis; gloves for water-skiing; bindings for water skis; carrying cases for water skis; sailboards; masts for sailboards; sailboard leashes; harness for sailboards; sailboard foot straps; water wing swim aids for recreational use; inflatable floats for swimming; toys; amusement apparatus adapted for use with an external display screen or monitor; apparatus for games adapted for use with an external display screen or monitor; video game machines for use with televisions; video game machines; television game sets, namely, games adapted for use with television receivers; apparatus for games; amusement machines, automatic and coin-operated; amusement machines, other than those adapted for use with television sets and with an external display screen or monitor; pocket-sized apparatus for playing video games; pocket-sized video games; pocket-sized electronic games; hand-held video games; portable electronic games; portable electronic toys; hand-held units for playing video games; stand alone video game machines; computer game equipment, namely computer game joysticks and game controllers for computer games; electronic games consoles adapted for use with an external display screen or monitor; controllers for game consoles; joysticks for video games; bags specially adapted for hand-held video game apparatus; bags specially adapted for video games consoles; games consoles; gamepads for use with game consoles; handheld game consoles; handheld video game consoles; video game consoles; video game consoles for use with an external display screen or monitor; protective carrying cases specially adapted for video game consoles for use with an external display screen or monitor; mouse for video game machines; gaming keyboards; toy models; models featuring racing or regatta scenes [toys]; scale model competition sailboats and racing cars [toys]; scale model competition sailboats and racing cars for collectors; scale model vehicles [toys]; scale model vehicles for collectors; physical model watercraft and cars, being toys, authenticated by non-fungible tokens [NFTs]; physical model water and land vehicles, being toys, authenticated by non-fungible tokens [NFTs]; physical model sailboats and cars, for collectors, authenticated by non-

Class 9:

Downloadable software for simulating integrated operation of power grids and large electrical loads and generating predictive control signals with virtual, real-time replicas of physical objects, systems and environments; downloadable software employing artificial intelligence (AI)-driven optimization algorithms to co-optimize computing load, battery storage, and on-site or remote electrical generation.

Class 42:

Software as a service (SaaS) services featuring artificial-intelligence and machine-learning algorithms for modeling, forecasting, and optimizing electricity consumption of data-center, cloud-computing, high-performance computing, and artificial intelligence workloads; software as a service (SaaS) services featuring software for monitoring, analyzing, and controlling electric-grid conditions, demand-response events, and power-system reliability; software as a service (SaaS) services featuring artificial intelligence (AI) software for real-time orchestration, scheduling, and power capping of computing workloads, battery systems, and other electrical infrastructure to meet grid constraints and computing performance targets; software as a service (SaaS) services featuring software for telemetry collection and visualization from graphics processing units (GPUs), servers, facilities, and electrical or storage assets to safeguard and optimize data-center performance; providing temporary use of non-downloadable cloud-based software for coordinating interactions between utilities, system operators, and large electricity consumers to increase grid reliability and unlock interconnection capacity; platform as a service (PaaS) services featuring application programming interfaces (APIs) for integrating utility signals, market prices, and computational workload performance into automated power-aware workload-management systems; cloud-computing software services featuring non-downloadable software for predictive maintenance, fault detection, and resilience analysis of data-center and power-infrastructure assets; providing online non-downloadable software employing artificial intelligence (AI)-driven optimization algorithms to co-optimize computing load, battery storage, and on-site or remote electrical generation; providing online non-downloadable software for providing dashboards that generate reports, alerts, and compliance documentation related to energy usage, computing workload performance, and grid-service participation.
