Description of the Mark: The mark consists of the word 'EUPHEREAL' rendered in a unique, uppercase, custom-designed stylized font with a three-dimensional metallic and chrome-like appearance. Design Elements: The letterforms are constructed with clean, geometric lines. Each character features a "severed" design element where the top horizontal portions of the letters 'E', 'U', 'P', 'H', 'E', 'R', 'E', 'A' and 'L' are detached, appearing as distinct horizontal bars suspended directly above the main body of the letters, and detached portions of the letters 'E' and 'A' are suspended internally within the letters themselves. Visual Effects and Shading: The mark utilises a complex gradient of silver, grey, white, and black to simulate a polished steel finish. This includes high-contrast highlights and deep shading to create a reflective, 3D effect. The characters feature an intentional glow. These light-reflective details are a primary feature of the mark, designed to resolve into a cohesive metallic finish across different scales and digital displays. The subtle drop shadowing visible in this representation is used solely to define the periphery of the mark against the white background for the purposes of this application; these shadows do not form part of the mark. Colour Claim and Background: The colours silver, grey, white, and black are claimed as a feature of the mark. The white background

shown in the representation is for illustrative purposes only and does not form part of the mark.

Description of the Mark: The mark consists of the words 'PARADISE EDITION' rendered in a three-dimensional, bevelled font with a polished metallic appearance. Design Elements: The lettering is constructed with clean, geometric lines. The word 'EDITION' is oriented vertically and positioned in the space typically occupied by the letter 'I' in the word 'PARADISE', functioning as a visual substitute for that character. The overall kerning is tightly compressed. Positioned at the summits of the letter 'A' in 'PARADISE' is a proprietary light-flare element consisting of a brilliant white core emitting radiant pink and purple rays. These light sources are intentional, source-identifying features of the mark. Visual Effects and Shading: The lettering features a complex gradient of rose-gold, silver, lavender, white and black to create a reflective, multi-tonal metallic finish. High-contrast highlights and deep shading define the 3D bevelled edges. The subtle drop shadowing visible in this representation is used solely to define the periphery of the mark against the white background for the purposes of this application; these shadows do not form part of the mark. These radiant light effects and metallic gradients are primary features of the mark, designed to resolve into a cohesive finish across different scales. Colour Claim and Background: The colours rose-gold, silver, lavender, pink, purple, white, and black are claimed as a feature of the mark. The white background shown in the representation is for illustrative purposes only and does not form part of the mark.

Description of the Mark: The mark consists of the words 'DREAMY ISLAND' rendered in a three-dimensional, bevelled font with a polished metallic appearance. Design Elements: The letter 'A' in both 'DREAMY' and 'ISLAND' is a unique, custom-designed geometric triangular form. Positioned at the summit of each 'A' is a proprietary light-flare element consisting of a brilliant white core emitting radiant pink and purple rays. This light source is an intentional, source-identifying feature of the mark. Visual Effects and Shading: The lettering features a complex gradient of rose-gold, silver, lavender, white and black to create a reflective, multi-tonal metallic finish. High-contrast highlights and deep shading define the 3D bevelled edges. The subtle drop shadowing visible in this representation is used solely to define the periphery of the mark against the white background for the purposes of this application; these shadows do not form part of the mark. These radiant light effects and metallic gradients are primary features of the mark, designed to resolve into a cohesive finish across different scales. Colour Claim and Background: The colours rose-gold, silver, lavender, pink, purple, white, and black are claimed as a feature of the mark. The white background shown in the representation is for illustrative purposes only and does not form part of the mark.

DESTINATION SNOW

Description of the Mark: The mark consists of the words 'DESTINATION SNOW' rendered in a highly stylized, three-dimensional font. The letter 'A' in 'DESTINATION' is a unique, custom-designed geometric triangular form. Design Elements: The lettering is constructed with clean, geometric lines and tightly compressed kerning. The word 'DESTINATION' features a solid, polished metallic finish with bevelled edges. The remaining letters 'S', 'N', 'O', and 'W' in the word 'SNOW' feature a translucent, "hollowed-out" icy effect. Positioned at the apex of the letter 'A' in 'DESTINATION' and at the upper-right curve of the letter 'O' in 'SNOW' are proprietary light-flare elements, each consisting of a brilliant white core emitting radiant pink and purple rays. Visual Effects and Shading: The mark utilises a complex gradient of rose-gold, silver, lavender, white, black, and mint green. The solid metallic portions feature high-contrast highlights and deep shading, while the "hollowed-out" characters utilise thin, luminous outlines to simulate a glassy, ice-like texture. The subtle drop shadowing visible in this representation is used solely to define the periphery of the mark against the white background for the purposes of this application; these shadows do not form part of the mark. Colour Claim and Background: The colours rose-gold, silver, lavender, pink, purple, white, black, and mint green are claimed as a feature of the mark. Description of the Mark: The mark consists of the words 'COSMIC FATE' rendered in a highly stylised, three-dimensional font with a polished metallic appearance. Design Elements: The lettering is constructed with clean, geometric lines and tightly compressed kerning. The letter 'A' in 'FATE' is a unique, custom-designed geometric triangular form. Functioning as a visual substitute for the letter 'E' in 'FATE' is a stylised, brilliant white partial eclipse element, depicted as a dark circular form partially obscured to create a luminous crescent shape with an intense, hazy, pink, purple and violet glow. Positioned at the summit of the letter 'A' in 'FATE' is a proprietary light-flare element consisting of a brilliant white core emitting radiant pink and purple rays. These elements are intentional, source-identifying features of the mark. Visual Effects and Shading: The lettering features a complex gradient of rose-gold, silver, lavender, white and black to create a reflective, multi-tonal metallic finish. High-contrast highlights and deep shading define the 3D bevelled edges. The partial eclipse element features a soft-focus, luminous, pink, purple, and violet "halo" effect that bleeds into the surrounding space. Description of the Mark: The mark consists of the word 'TRANCE' rendered in a three-dimensional, bevelled font with a polished metallic appearance, presented in a complex mirrored arrangement. Design Elements: The lettering is constructed with clean, geometric lines. The mark features a dual-axis reflection: the word 'TRANCE' is mirrored both vertically (top-to-bottom) and horizontally (left-to-right) from a central point, creating a symmetrical, four-way visual composition. The letter 'A' is a unique, custom-designed geometric triangular form. Positioned at the apex and the mirrored base of the central 'A' characters are proprietary light-flare elements, each consisting of a brilliant white core emitting radiant pink and purple rays. Visual Effects and Shading: The lettering features a complex gradient of rose-gold, silver, lavender, white and black to create a reflective, multi-tonal metallic finish. in both 'STARS' and 'ALIGN' is a unique, custom-designed geometric triangular form. Positioned at the summit of each 'A' is a proprietary light-flare element consisting of a brilliant white core emitting radiant pink and purple rays. This light source is an intentional, source-identifying feature of the mark. Visual Effects and Shading: The lettering features a complex gradient of rose-gold, silver, lavender, white and black to create a reflective, multi-tonal metallic finish. High-contrast highlights and deep shading define the 3D bevelled edges. The subtle drop shadowing visible in this representation is used solely to define the periphery of the mark against the white background for the purposes of this application; these shadows do not form part of the mark. These radiant light effects and metallic gradients are primary features of the mark, designed to resolve into a cohesive finish across different scales. Colour Claim and Background: The colours rose-gold, silver, lavender, pink, purple, white, and black are claimed as a feature of the mark. The white background shown in the representation is for illustrative purposes only and does not form part of the mark.
