level indicators and switches; scientific, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision) apparatus and instruments; inspection cameras; apparatus and instruments for measuring, monitoring, regulating and controlling water consumption; meters, recorders and regulators for flow rate and pressure; ultrasonic flow meter; level sensors (scientific measurement); temperature probe (not for medical use); luminous or mechanical distribution terminals; boiler control instruments; metal detectors; fire pumps; protective clothing; luminous signboards; electronic components; electronic circuits.

Class 11:

Apparatus for heating, steam generating, drying, ventilating, water supply and sanitary purposes; water distribution and supply apparatus and installations; heating boiler tubes; heating boiler feeders; pipeline valves; water meter valves; drinking water connection valves; regulating and safety accessories (straps, clamps, tubes, tabernacles) for water meters, water apparatus, water pipes and heating installations; water filtering apparatus; water intake apparatus; filters for drinking water; water pipe installations; water hydrants; fountains (water distribution terminals); water metering posts and manholes; hydraulic disconnectors for protecting water distribution networks; humidifiers for central heating radiators; non-automatic traps for steam heating installations; expansion tanks for central heating installations; hot air apparatus; steam generators other than parts of machines.

Class 12:

Vehicles; apparatus for locomotion by land, air or water; custom-fitted vehicles intended for detecting leaks on water networks; remote-controlled vehicles other than toys; remote-guided vehicles for inspecting water distribution and supply equipment, installations, pipelines and materials.

Class 17:

Semi-processed plastics; non-metallic fittings and sleeves for pipe conduits and water pipelines; non-metallic fittings for drinking water connection valves; rubber valves; rubber seals; non-metallic flexible pipes; packing, stopping and insulating materials; sealing rings, gaskets and packings; insulators for cables; synthetic resins (semi-finished products); plastic joints; materials for preventing the radiation of heat in boilers.

Class 19:

Valves, neither of metal nor of plastic, for water pipes; anti-pollution valves, neither of metal nor of plastic, for drinking water installations; rigid non-metallic pipes for building; non-metallic signboards, neither luminous nor mechanical.

Class 20:

Plastic valves for water pipes; plastic anti-pollution valves for drinking water installations; non-metallic valves (other than parts of machines) for water distribution; non-metallic cable ties for pipes; non-metallic fasteners for cables, connectors and supports; plastic cable supports; non-metallic clips for cables and tubes; non-metallic storage or transport containers.

Class 37:

Construction, supervision [direction] of construction work, care, maintenance and repair of metal fittings, metal valves, metal regulating valves (other than parts of machines), metal anti-pollution valves, metal support rails for water meters, metal pipes, metal cables and pipelines, metal signboards, smart meters, software, software for managing home automation equipment,

circuit breakers, water level indicators and switches, apparatus and instruments for measuring, monitoring, regulating and controlling water consumption, pressure meters and recorders, ultrasonic flow meters, level sensors (scientific measurement), temperature probes (not for medical use), metal detectors, leak detectors, fire pumps, luminous signboards, water distribution and supply apparatus and installations and sanitary installations, pipeline valves, water meter valves, drinking water connection valves, regulating and safety accessories (straps, clamps, tubes, tabernacles) for water meters and for water apparatus and water pipes, water filtering apparatus, water intake apparatus, filters for drinking water, water pipe installations, water hydrants, fountains (water distribution terminals), water metering posts and manholes, hydraulic disconnectors for protecting water distribution networks, heating apparatus and installations, steam generators other than parts of machines, non-metallic fittings and sleeves for pipe conduits and water pipelines, non-metallic fittings for drinking water connection valves, rubber valves, rubber seals, non-metallic flexible pipes, sealing rings, gaskets and packings, valves, neither of metal nor of plastic, for water pipes, anti-pollution valves, neither of metal nor of plastic, for drinking water installations, rigid non-metallic pipes for building, non-metallic signboards, plastic joints, plastic valves for water pipes, plastic anti-pollution valves for drinking water installations, non-metallic valves (other than parts of machines) for water distribution; all these services being related to water pipes, pipelines and installations.

Class 42:

Scientific and technological services in the field of water distribution, heating apparatus and sanitary installations (engineering works); water analysis; geological surveys; engineering; environmental protection consultancy; technical project study, technical assessments and audits (engineering works); research and development of new products (for third parties); laboratory services, namely chemical analysis, biological and bacteriological research; quality control services; health control services; industrial analysis and research; technical design offices; design, installation, development and maintenance of computer systems; updating and installation of software; creation, hosting and development of websites; scientific and technological services in the electronic field; research and development services in the electronic field; all the aforementioned services relating to the field of manufacturing connections and metering environments (apparatus, installations, equipment) for drinking water supply.
