Class 7:
Machines for treatment of materials and for manufacturing,
machine tools, power-operated tools; motors and engines;
machine coupling and transmission components; power
management systems (generators); thrusters for machinery;

propulsion systems; industrial robots; generators of
electricity; machines for use in assembly of vehicles; all of the
aforementioned goods related to military vehicles, air vehicles,
unmanned air vehicles, drones, air weapons and their parts.

Class 9:

Satellite communication devices; satellite transmitters;
satellite apparatus; satellite transceivers; satellite antennas;
target surveillance apparatus [satellite]; antennas for satellite
communication, including software-defined antennas; computer
software; software; downloadable or recorded computer
software; data management software, especially software
for stream data management, real-time data management,
adaptive data exchange, data indexing, geo-temporal data
indexing, distributed data management, distributed data
synchronization as well as temporal data synchronization;
downloadable software for detecting, disabling and/or targeting
moving targets; downloadable software for electro-optical
and infrared sensors, downloadable computer graphics
and software; electronic equipment computer software for
management, network and storage management of digital
media and enhancement of graphical and video display;
computer hardware for ground stations; hardware and recorded
software system for remotely monitoring environmental
conditions and controlling devices within a building, facility,
grounds, or designated spatial area; computer software for
operating and managing unmanned vehicles with the aid
of artificial intelligence; computer software for operating
hardware and hardware to detect aerial objects; computer
software for creating and visualizing a common air picture and
display target information; computer software for operating
hardware and hardware to engage aerial objects; computer
software for the security of premises, vehicles and persons,
for surveillance, and for reconnaissance; computer software
for operating and deploying defence systems; computer
software for coordinating the operation and management
of a variety of sensors, communications equipment, and
unmanned vehicles; hardware and software for artificial
intelligence, deep learning, machine learning, reinforcement
learning, statistical learning, natural language generation,
supervised learning, un-supervised learning, data mining,
predictive analytics and business intelligence applications;
telecommunications apparatus and networks for security and
surveillance; telecommunications networks; hardware and
software for use in operating artificial intelligence platforms;
hardware and software for use in managing and/or storing
artificial intelligence models; electronic equipment for
detecting, disabling, and/or targeting moving targets; sensors
(hardware and software) for the detection of electromagnetic,
radar, ultraviolet and infrared radiation; sensors and software
for the detection of objects in the visible spectrum; sensors and
software for the detection of acoustic emissions; programmable
electronic devices, namely micro-processors, for hardware,
robots, vehicles, drones or surveillance cameras; software
for detecting, classifying, and identifying vehicles and other
entities; hardware and software for detecting, classifying and
analyzing presence, location, motion and nature of moving
targets; motion detection software and hardware; downloadable
software for 3D visualization, 3D rendering and 3D modeling;
electronic systems and equipment namely, hardware and
software for directing strategic operations; computer software
for implementing swarm intelligence programs as well as
algorithms; hardware and software systems for computer
vision, artificial intelligence, and mesh networking; software

for recording and processing data for controlling, steering, flying, navigating, monitoring and securing vehicles; software for secure communications; software for satellite imaging and data; downloadable software for radar, downloadable computer graphics and software; hardware and software for target recognition, target identification and target tracking; software for processing and analysing presence, location, identification, classification and motion data of aerial targets; software to optimise fire control; mesh networking software and hardware; wireless mesh sensing hardware and software; software for connecting, operating and managing networked computing systems, sensors and actuators; software for recording, storing, transmitting, receiving, displaying and analyzing data from wearable computer hardware; hardware and software for processing, reproducing, synchronizing, recording, organizing, downloading, uploading and transmitting text, multimedia and data files; sensor fusion hardware and software; pattern recognition software; software for modifying and enabling transmission of images, audio, audio visual and video content and data; software and hardware for threat assessment and intelligence; electronic display interfaces; hardware and software for detecting objects and commands; software platforms for artificial intelligence applications; interactive software based on artificial intelligence; artificial intelligence software for processing real-time data for predictive analytics; artificial intelligence software for use in tactical decision support systems; artificial intelligence software for training personnel in strategic cooperations; artificial intelligence software for air combat; software for processing audio, graphics, video, and text; voice command and recognition software; scientific instruments, namely, instruments for gathering, measuring and processing data for use in the fields of artificial intelligence, deep learning, machine learning, distributed computing, high performance computing, virtualization, statistical learning, supervised learning, data mining, un-supervised learning, business intelligence and predictive analytics; software development tools; simulation, modeling and data processing software and hardware for use in data visualization, data analysis, data interpretation, data mining, predictive analytics, accessing and editing large-scale data, interactive visual computing, design of information graphics, video streaming, maximizing graphics processing and performance; electronic computing software platform for self-driving and autonomous vehicles; hardware and software for vehicle components for the purpose of vehicle navigation, travel and trip planning and communication with vehicles; interactive software based on artificial intelligence for use in safety, security, military and inspection applications; artificial intelligence software in the field of security, law-enforcement, defense and military; artificial intelligence software and hardware for controlling and operating autonomous aerial vehicles.

Class 12:

Military vehicles; vehicles adapted for military purposes; military aircraft; military drones; trucks; container vehicles; airplane towing vehicles; drones; unmanned aerial vehicles (UAVs); autonomous aerial vehicles; autonomous aerial vehicles based on artificial intelligence solutions; unmanned aerial vehicles based on artificial intelligence solutions; pilotless aircraft; remote controlled flying objects; aircraft and their parts and fittings; aircraft carriers; modular multi-mission unmanned vehicles; warplane; combat vehicles.

Class 13:

Firearms; ammunition and projectiles; explosives; fireworks; guided missiles.

Class 37:

Machinery installation; machinery repair; machinery installation services; assembly [installation] of parts for military vehicles, air vehicles, unmanned air vehicles, drones and air weapons; maintenance, servicing and repair of military vehicles, air vehicles, unmanned air vehicles, drones, air weapons and their parts; all of the aforementioned services related to military vehicles, air vehicles, unmanned air vehicles, drones, air weapons and their parts.

Class 38:

Electronic transmission and exchange of data and messages; telecommunication services, namely, local and long-distance transmission of data; telecommunication services, namely, transmission of audio, graphics and video by means of wired and wireless networks; telephony communication services; streaming and live streaming of video, audiovisual, and interactive audiovisual content via the Internet; teleconferencing services; providing access to electronic communications networks and electronic databases; communications by computer networks; digital and satellite transmission; on-board wireless and satellite data networks, namely, transmission of data between linked computer systems; computer transmission of communications, sounds and images; communications by computer terminals; transmission of information by data communications for assisting decision making; electronic transmission of sensor data from vehicles to ground stations.

Class 41:

Training services; practical training; training courses; providing of training; flying instruction; airplane flight instruction; training services relating to flying; educational services in the nature of flight schools; pilot training; all of the aforementioned services related to military vehicles, air vehicles, unmanned air vehicles, drones, air weapons and their parts.

Class 42:

Industrial analysis, industrial research and industrial design services; quality control and authentication services; scientific research and technological services and design relating thereto; software as a service; software as a service for use in safety, security, military and inspection applications; platform as a service; providing online non-downloadable software; development and design of interactive websites; providing online non-downloadable software for data management, especially software for stream data management, real-time data management, adaptive data exchange, data indexing, geo-temporal data indexing, distributed data management, distributed data synchronization as well as temporal data synchronization; providing online non-downloadable software for detecting, disabling, and targeting moving targets; providing online non-downloadable software for radar, radio frequency, and signal jamming; advanced product research in the field of artificial intelligence; providing non-downloadable artificial intelligence software; providing non-downloadable interactive software based on artificial intelligence; providing non-downloadable artificial intelligence software for processing real-time data for predictive analytics; providing non-downloadable artificial intelligence software

Class 7:

Hoists; power tools; pumps, working cylinder and conveyors [machines], all of the aforementioned goods hydraulically operated; machine tools and power-operated tools; motors, other than for land vehicles; machine coupling and transmission components (except for land vehicles); agricultural implements other than hand operated hand tools; hydraulic rescue tools; hydraulic shears [for emergency and rescue]; hydraulic spreader [for emergency and rescue]; emergency and rescue machines and machine tools; pneumatic lifting bags [for emergency and rescue]; rescue saws [power tools]; jaws of life [powered rescue shears]; hydraulic extension rams [for emergency and rescue]; pneumatic hoists; air ratchet wrenches; pneumatic shears; air-powered tools; battering ram [hydraulic]; wood grippers (hydraulic -) for forestry use; diamond cutting tools for machines; glass cutters (electrically-operated -); power saws; saw blades [parts of machines]; saws [machines]; chain saws; saws, electric; portable saw mills; adapters for machine tools; extensions for power tools; drive mechanisms for machine tools; power operated tools; hydraulic tools [machine parts]; machines for cutting tools; broaches [machine tool]; cutting inserts for machine tools; dies for use with machine tools; slotting tools for machines; machine tools for sawing; machine tools for grinding; machine tools for cutting; machine tools for parting; pressure cylinders [machine parts]; steering cylinders with centering function [machine parts]; cab cylinders [machine parts]; working cylinders with integrated sensors [machine parts]; working cylinders with integrated force measurement [machine parts]; working cylinders with integrated displacement measurement [machine parts]; suspension cylinders [machine parts]; suspension cylinders with integrated piston accumulator [machine parts]; crown cylinders [machine parts]; synchronization cylinders [machine parts]; differential cylinders [machine parts]; press cylinders with integrated damping [machine parts]; hydraulic components for controlling machines; hydraulic control elements for machines; hydraulic control blocks [parts of machines] and parts thereof; hydraulic control blocks [parts of machines] with discharge function, in particular for hydraulic consumers; hydraulic control blocks [parts of machines] with load-sensing function;

hydraulic control blocks [parts of machines] for controlling hydraulic consumers, in particular pressure cylinders; hydraulic control blocks for controlling a mobile working machine and its hydraulic components; hydraulic control blocks for controlling support elements of a forklift truck, in particular swivel traverse forks; hydraulic control blocks for controlling a vertical order picker, in particular for raising and lowering a lift mast; hydraulic control blocks [parts of machines] with blocking function; control valves [parts of machines]; way valves [parts of machines]; proportional way valves [parts of machines]; proportional pressure limiting valves [parts of machines]; proportional pressure control valves [parts of machines]; proportional throttle valves of metal [parts of machines]; proportional throttle valves, not of metal [parts of machines]; proportional flow control valves [parts of machines]; pressure limiting valves [parts of machines]; switching valves [parts of machines]; high/low pressure switching valves [parts of machines]; throttle valves of metal [parts of machines]; throttle valves, not of metal [parts of machines]; flow limiting valves [parts of machines]; flow control valves [parts of machines]; check valves [parts of machines]; pressure relief valves [parts of machines]; rapid/creep speed valves [parts of machines]; jacks [machines]; jacks, electric; power-operated jacks; hydraulic jacks; pneumatic jacks; trolley jacks [machines]; hydraulic trolley jacks; workshop cranes; support trestles [storage stands for machines].

Class 8:

Hand tools and implements [hand-operated]; cutlery; side arms, other than firearms; emergency and rescue hand tools; emergency hammers; emergency multi-tools [hand tools]; emergency cutting tools [hand tools]; emergency spreading tools [hand tools]; emergency door spreader [hand tools]; cutters [hand operated tools]; cutting pliers [lineman's pliers]; stretchers for wire and metal bands [hand tools]; ratchets [hand tools]; tensioners [hand-operated tools]; glass cutters; glass cutters (hand operated -); saws [hand tools]; saw blades; pocket knives with multi-purpose attachments; snips [hand operated tools]; ripping bars [hand-operated tools]; bolt cutters [hand-operated tools]; pearl catchers [hand-operated tools]; hand tools and implements [hand-operated]; stone crushers [hand-operated tools]; tool belts [holders]; tool holders; tool bags [filled].

Class 9:

Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; measuring apparatus and instruments; recorded and downloadable media; computer software; computers; computer peripherals; diving suits; divers' masks; ear plugs for divers; nose clips for divers; gloves for divers; breathing apparatus for underwater swimming; fire extinguishers; inflatable jackets for use in life saving; inflatable vests for use in life saving; smoke hoods [life-saving apparatus]; radio-controlled lifebuoys; line throwers for safety and rescue purposes; mechanical life-saving apparatus; safety nets; survival blankets; life-saving capsules for natural disasters; fire escapes; evacuation chutes [life-saving apparatus]; safety tarpaulins; life belts; escape chutes; life-saving apparatus and equipment; life jackets; flotation clothing; nautical rescue apparatus and instruments; emergency light bars for vehicles [light signalling devices]; transmitters for use in emergency communications; asbestos screens for

land vehicles; camber cylinders for land vehicles; synchronous cylinders for land vehicles; differential cylinders for land vehicles; press cylinders with integrated damping for land vehicles; hydraulic components for controlling land vehicles; hydraulic control blocks for land vehicles and parts thereof; hydraulic control blocks for land vehicles with relief function, in particular for hydraulic consumers; hydraulic control blocks for land vehicles with load sensing function; hydraulic control blocks for land vehicles for controlling hydraulic consumers, in particular pressure cylinders; hydraulic control blocks for land vehicles with blocking function; control valves for land vehicles; way valves for land vehicles; proportional directional control valves for land vehicles; proportional pressure relief valves for land vehicles; proportional pressure control valves for land vehicles; proportional throttle valves made of metal for land vehicles; proportional flow control valves for land vehicles; pressure relief valves for land vehicles; switching valves for land vehicles; high-/low-pressure switching valves for land vehicles; throttle valves made of metal for land vehicles; flow limiter valves for land vehicles; flow control valves for land vehicles, shut-off valves for land vehicles; pressure relief valves for land vehicles; fast/slow valves for land vehicles; life-saving rafts; rafts (life -) for emergency use; inflatable lifeboats.

Class 16:

Printed matter except for recipe books, brochures and instruction manuals for grills and accessories; bookbinding material; teaching materials [except apparatus]; plastic sheets, films and bags for wrapping and packaging; educational publications except for grilling, cooking, food and gastronomic applications; instructional manuals for teaching purposes except for grilling, cooking, food and gastronomic applications; wrapping, packaging and storage bags and articles made of paper, cardboard or plastics.

Class 17:

Flexible pipes, tubes and hoses, not of metal; hoses for pneumatic tools.

Class 18:

Holdalls; rucksacks; luggage, bags, wallets and carrying bags; tool bags, empty.

Class 20:

Containers, not of metal, for storage or transport; tool boxes, not of metal, empty.

Class 25:

Clothing except for grilling, cooking, food and gastronomic applications; footwear; headwear other than chefs' hats; coveralls; work shoes; work boots; work clothes.

Class 28:

Games, toys and playthings, except for grilling and cooking; apparatus for playing video games; toy tools, except for grilling and cooking; toy tool sets, except for grilling and cooking; hand tool being toys, except for grilling and cooking; building games; toy exercise apparatus; toy sets of carpenters' tools; drones [toys].

Class 35:

Advertising; business management; business administration; business administration services; advertising and marketing

services; accounting services; personnel management services; operational management services, namely assistance in business matters, management, and administrative services; customer relation management [crm] services; services relating to public relations communication strategy services and public relations; clerical services; retail services in relation to educational supply except for grilling and cooking; wholesale services in relation to educational supplies; retail services in relation to clothing and clothing accessories except for grilling and cooking; retail services in relation to clothing except for grilling and cooking; mail order retail services in relation to clothing except for grilling and cooking; wholesale services in relation to clothing except for grilling and cooking; online mail order retail services in relation to clothing except for grilling and cooking; online retail services in relation to clothing except for grilling and cooking; retail services in relation to hand-operated tools for construction; retail services relating to hydraulic components; retail services relating to hydraulic pressure cylinders; retail services relating to hydraulic control components; retail services relating to hydraulic control blocks; retail services relating to hydraulic valves; retail services relating to hydraulic rescue tools; retail services relating to hydraulic jacks; retail services relating to machine shop equipment; online retail services relating to hydraulic components; online retail services relating to hydraulic pressure cylinders; online retail services relating to hydraulic control components; online retail services relating to hydraulic control blocks; online retail services relating to hydraulic valves; online retail services relating to hydraulic rescue tools; online retail services relating to hydraulic jacks; online retail services relating to machine shop equipment; wholesale services in relation to hand-operated tools for construction; retail services relating to downloadable electronic publications except for grilling and cooking; retail services in relation to headwear except for grilling and cooking; retail services in relation to footwear except for grilling and cooking; retail services in relation to diving equipment; retail services relating to recorded content except for grilling and cooking; retail services in relation to hand-operated implements for construction; retail services in relation to construction equipment; wholesale services in relation to headgear; wholesale services in relation to construction equipment; retail services in relation to hearing protection devices; retail services relating to life saving apparatus; retail services relating to life saving equipment; wholesale services relating to life saving apparatus; wholesale services relating to life saving equipment; wholesale services relating to hydraulic components; wholesale services relating to hydraulic pressure cylinders; wholesale services relating to hydraulic control components; wholesale services relating to hydraulic control blocks; wholesale services relating to hydraulic valves; wholesale services relating to hydraulic rescue tools; wholesale services relating to hydraulic jacks; wholesale services relating to machine shop equipment; online wholesale services relating to hydraulic components; online wholesale services relating to hydraulic pressure cylinders; online wholesale services relating to hydraulic control components; online wholesale services relating to hydraulic control blocks; online wholesale services relating to hydraulic valves; online wholesale services relating to hydraulic rescue tools; online wholesale services relating to hydraulic jacks; online wholesale services relating to machine shop equipment.

Class 37:

List of cases accepted for opposition purposes as shown in Journal 2026/024 published on 12 June 2026 .

Construction; mining extraction; oil and gas drilling; maintenance and repair of security installations; rental of tools, machines and equipment for construction, demolition, cleaning and maintenance purposes; servicing, installation, maintenance, and repair of life saving apparatus; servicing, installation, maintenance, and repair of life saving equipment.

Class 41:

Educational instruction; training; entertainment services; sporting and cultural activities; training services relating to health and safety; technical training relating to safety; providing online electronic publications, not downloadable; electronic publication of texts and printed matter, other than publicity texts, on the internet; publication of printed matter and printed publications; on-line publishing services; publishing services; dissemination of educational material; publication of educational teaching materials; publication of training materials for educational purposes; publication of literature for educational purposes; education and training services in the field of occupational health and safety; instruction and training services; computer education training services; provision of training courses; provision of training seminars; production of course material distributed at professional courses; organisation of training; arranging of training courses; training services relating to the use of fire fighting equipment; teaching of life saving techniques; vocational education relating to first aid; provision of educational courses; arranging and conducting of workshops and seminars, except for grilling and cooking; provision of education courses; arranging professional workshop and training courses; arranging and conducting of seminars, workshops and training courses in the field of accident rescue; arranging and conducting of seminars, workshops and training courses in the field of testing hydraulic life saving apparatus; arranging and conducting of seminars, workshops and training courses in the field of testing of pneumatic life saving apparatus; arranging and conducting of seminars, workshops and training courses in the field of ventilation of accident sites; instruction and training services, namely, providing on-line, non-downloadable virtual goods in the nature of non-downloadable virtual hydraulic components, also for use in virtual environments; instruction and training services, namely, providing on-line, non-downloadable virtual goods in the nature of virtual hydraulic control components, pressure cylinders, hydraulic control blocks, hydraulic valves, hydraulic rescue tools, hydraulic jacks and workshop equipment.

Class 42:

Scientific and technological services and research and design relating thereto; industrial analysis, industrial research and industrial design services; quality control and authentication services; design and development of computer hardware and software; measurement evaluation services; technical measuring and testing; development of measuring and testing methods; measurement services; monitoring of activities which influence the environment within buildings; electronic storage of files and documents; electronic storage services for archiving electronic data; electronic storage services for archiving databases; electronic storage services for archiving databases, images and other electronic data; monitoring of computer systems to detect breakdowns; machine condition monitoring; process monitoring for quality assurance; condition monitoring relating to fluids; technological services; design and development of computer software for reading, transmitting and

organising data; consulting services in the field of software as a service [SaaS]; infrastructure as a service [IaaS]; platform as a service [PaaS]; software as a service [SaaS]; all of the above services, where applicable, except for grilling and cooking.

Class 45:

Security services for the physical protection of tangible property and individuals; security, lifesaving, protection and enforcement services, namely, consultancy services relating to occupational safety, occupational risk assessment, occupational safety information services; consultancy relating to emergency response coordination services and emergency response reporting services; services for saving lives, namely, security consultancy services, providing consultancy and information in the field of emergency response for communities; lifesaving services using rescue boats; rental of security, life-saving, protection and enforcement equipment; rental of life jackets; rental of security apparatus; rental of safety equipment; rental of protective clothing and equipment.
