Class 9:

Software and software suites consisting of residential multimedia routers and gateways for digital broadcasting of audio content, video content and the transmission of sound, images and data; software platforms for Internet and home automation networks enabling interoperability between different telecommunication terminals and software applications; residential multimedia gateways, namely gateway routers in the nature of computer control hardware; apparatus for receiving, recording, transmitting, reproducing, storing, encrypting and decrypting sound or images, namely decoders for receiving multimedia content, video decoders and audio decoders; modems; telecommunications routers, namely network routers; domestic communication terminals, via ADSL (Asymmetric Digital Subscriber Line), VDSL (Very high-speed Digital Subscriber Line), SDSL (Symmetric Digital Subscriber Line), fiber, Internet access via coaxial cable, fixed Internet access by wireless technology, used in smart homes and domestic networks; connected apparatus,

namely cell phones, multimedia players, smartphones, wireless communication apparatus for voice transmission, laptop computers, tablets, USB flash drives including cellular network technology connected to the mobile network for saving, storing and accessing electronic data via local and remote computer networks; wireless network extenders; wireless network extender (repeater); wireless network repeater; power-line communication terminals; wireless digital telephones; virtual and augmented reality glasses and headsets; smartphone software applications, namely software for exchanging smartphone data with residential multimedia routers and gateways; computer hardware; apparatus and equipment for mobile and wireless communication connected via ADSL (Asymmetric Digital Subscriber Line), VDSL (Very high-speed Digital Subscriber Line), SDSL (Symmetric Digital Subscriber Line), fiber, Internet access via coaxial cable, fixed Internet access by wireless technology, used in smart homes and domestic networks, namely cell phones, home theater, multimedia players, smartphones, virtual and augmented reality glasses and headsets, wireless communication apparatus for voice transmission, laptop computers, tablets, USB flash drives including cellular network technology connected to the mobile network, analog facsimile machines for saving, storing and accessing electronic data via local and remote computer networks; computer apparatus, namely laptop computers, smartphones, cell phones, wireless communication apparatus for voice transmission, laptop computers, tablets, USB flash drives including cellular network technology connected to the mobile network, for saving, storing and accessing electronic data via local and remote computer networks; communication apparatus, namely analog telephones; multimedia apparatus, namely home theater; universal serial bus (USB) operating hardware and software; USB flash drives containing personal data such as videos, movies, images, photos; data storage apparatus and equipment, namely hard drives, blank electronic storage media, network-attached storage (NAS); graphical user interface software.

Class 38:

Services for the electronic transmission of voice, data and images by television and video; communication services, namely transmission of voice, audio, visual images and data by telecommunications networks, wireless communication networks, the Internet and private networks, restricted access networks, information service networks and data networks; provision of telecommunication connectivity services for the transfer of images, messages, audio, visual, audiovisual and multimedia works; providing access to a global computer network on a cloud server which acts as a proxy for customer premises equipment (CPE); transmission and exchange of messages and data via wired and wireless services on a global computer network, on a private network, used in smart homes and home networks; providing access to a website featuring technology enabling third-party electronic apparatus manufacturers to configure, ensure connectivity between various electronic apparatus and retrieve digital certificates for the purpose of ensuring compatibility and connectivity between various electronic apparatus.

Class 42:

Cloud computing services comprising temporary provision of non-downloadable software and non-downloadable software suites for the use and digital distribution of audio content, video content and the transmission of sound, images and data;

***List of cases accepted for opposition purposes as shown in Journal 2026/026 published on
26 June 2026 .***

technical assistance services; providing technical advice related to the installation of multimedia gateways and cloud servers; computer design, development and research in the field of multimedia routers and gateways, and cloud servers; technical advice relating to operation of computers in the field of video and communication networks; providing temporary use of non-downloadable software in the field of residential multimedia routers and gateways for the startup and initialization sequence of services; design and development of computer hardware and software; services for conducting wireless apparatus tests for establishing a network connectivity for the purpose of research and development of networked apparatus, namely computers, telephones and other communication apparatus, access points, IoT (Internet of things) apparatus and gateways; analysis and evaluation of wireless apparatus for scientific research and development purposes, namely computers, telephones and other communication apparatus, access points, IoT (Internet of things) apparatus and gateways; computer services, namely temporary provision of a non-downloadable software application, featuring technology enabling third-party electronic apparatus manufacturers to configure, ensure connectivity between various electronic apparatus and retrieve digital certificates for the purpose of ensuring compatibility and connectivity between various electronic apparatus.

MOFFETT AUTOMATION

International priority date claimed: 15 August 2025 (IE)
(2025/01903)

Class 7:

Automated goods storage and distribution machines; automated machines for loading materials; automated storage and retrieval machines; devices and installations for automated storing and dispensing of goods; machines and apparatus for storage,

***List of cases accepted for opposition purposes as shown in Journal 2026/026 published on
26 June 2026 .***

retrieval, conveying, stock control, lifting and mechanical handling; machines and apparatus for automatically depositing articles in or retrieving articles from a store, conveying, lifting, hoisting and handling; machines for the handling of materials; handling machines; load carrying (lifting) machines; lifting apparatus; lifting machines; mobile vehicle lifting apparatus; stacking machines; conveyor installations; conveyors [machines]; unmanned transportation conveyors being cargo handling machines; loaders [conveyors]; roller conveyors; pallet conveyors; pallet shuttle systems; drives for conveyors; robotic mechanisms for conveying; industrial robots; robots [machines]; robots, namely industrial robots and robotic mechanisms [machines] for loading, unloading, movement, handling, and storage of goods; indoor self-driving robots for industrial use; robotic apparatus; robotic arms for industrial purposes; robotic handling apparatus; robots for material handling; robots for transferring pallets; industrial robots for transporting goods; elevating apparatus; freight elevators; hoists; mechanical control apparatus for lifts; loaders [machines]; loading ramps; drives for machines and motors; packaging machines; palletising machines; pallet transferring machines; transferring machines; linear transfer machines; sorting machines for industry; control mechanisms for machines, engines or motors; machines for use in warehousing and logistics; parts and fittings for all the aforesaid goods, included in this class.

Class 9:

Electronic apparatus and instruments; electronic and electrical data storage and retrieval apparatus; electronic monitoring instruments, other than for medical use; sensors; electronic sensors for measuring and detecting the location of goods within automated storage systems; cameras; barcode scanners; radio frequency identification devices; radio-frequency identification (RFID) readers; radio-frequency identification (RFID) tags; measuring, signalling, regulating and control devices, and security devices for storage systems and conveyor installations; network communication apparatus for industrial automation systems; computers; computer hardware; computer hardware and electronic control apparatus for use in warehouse automation; computers and other computer hardware for use in storage systems, conveyors and commissioning installations; computer touchscreens; electronic controllers for industrial machines; programmable logic controllers (PLCs); computer software; downloadable software applications; recorded computer programs; computer operating systems; computer operating programs, recorded; computer programs, recorded; computer software, recorded; logistics software; industrial automation software; warehouse management software; warehouse control systems (WCS) software; software for integrating warehouse control systems with enterprise resource planning (ERP) platforms; software for robotic control; robotic process automation (RPA) software; software for conveyor system control; software for lifting apparatus control; downloadable and recorded software for warehouse automation; downloadable cloud-based software for managing and operating industrial machinery and automated handling systems; downloadable software for monitoring warehouse automation systems remotely; control systems comprising hardware and software for operating, monitoring and managing automated goods storage and distribution machines, automated storage and retrieval machines, conveyors, lifting apparatus, industrial robots, robotic apparatus, robotic arms, packaging machines, palletising machines, sorting machines and material

handling systems; safety monitoring software and hardware for industrial equipment; parts and fittings for all the aforesaid goods, included in this class.

Class 37:

Machinery installation, maintenance and repair; repair and maintenance of loading-unloading machines and apparatus; installation, repair and maintenance of lifting equipment, hoisting equipment, transportation equipment and safety systems; repair and maintenance of machinery, packaging and wrapping machines and apparatus, and elevators; upgrading and retrofitting of warehouse automation machinery and equipment; installation of storage facilities; assembling [installation] of storage systems; maintenance and repair of storage installations; installation of automated storage and retrieval systems; installation of conveyor systems and pallet shuttle systems; installation of racking and lifting apparatus; maintenance, servicing and repair of automated storage and retrieval systems; maintenance, servicing and repair of conveyor systems, pallet shuttles and vertical transfer units; construction and repair work on warehouses; servicing and repair of mechanical access platforms; maintenance and repair of computer hardware; installation of hardware for computer systems; advisory services relating to the installation of building automation facilities; consulting related to the construction of buildings.

Class 41:

Training and education services relating to automated warehouse systems and industrial automation; training in the installation, operation, programming and maintenance of automated material-handling equipment and warehouse software; arranging and conducting workshops, seminars, conferences and training courses; provision of on-line non-downloadable instructional videos, e-learning platforms and training materials in the field of warehouse automation; vocational skills training relating to the operation and maintenance of automated warehouse systems; educational services, namely, providing training leading to certification for operators, technicians and engineers in the field of warehouse automation.

Class 42:

Installation, customisation, maintenance, repair and updating of computer software for use in storage systems, conveyors and commissioning installations; technical consultancy relating to the installation and maintenance of computer software for use in storage systems, conveyors and commissioning installations; design and development of automated storage and retrieval systems; design and development of computer hardware and software for use in warehouse automation; industrial engineering services in the field of warehouse logistics; consultancy relating to the design and development of automated material handling systems; bespoke engineering of pallet shuttle systems and conveyor systems; technological research and development in the field of warehouse automation; software engineering and programming for warehouse control systems; integration of warehouse automation software with enterprise resource planning systems; industrial design; construction drafting; programming of software for inventory management; providing temporary use of on-line non-downloadable software for inventory management; design of storage systems; design and development of computer software for logistics and supply chain management; maintenance

List of cases accepted for opposition purposes as shown in Journal 2026/026 published on 26 June 2026 .

and repair of software; computer systems analysis; computer programming; design and development of computer software and hardware.

(5182515)

Class 3:

Non-medicated toiletry preparations and cosmetic products; cosmetics; cosmetic creams; balms other than for medical use; beauty masks; essential oils; body oils; perfumery products; perfumes; incense; incense sticks; incense cones; air fragrance reed diffusers; essences for perfuming; bath tea for cosmetic use; non-medicated dentifrices; lotions for hair; tissues impregnated with cosmetic lotions; herbal extracts for cosmetic use; massage candles for cosmetic use; make-up and make-up removing products; soaps; mouthwashes other than for medical use; deodorants for human beings or animals; talcum powder for toiletry use; adhesives for cosmetic use; breath freshening strips; depilatory wax; skin-whitening cream; bleaching preparations and other substances for laundry use; cleaning, polishing and abrasive preparations.

Class 5:

Pharmaceutical products, medical and veterinary preparations; sanitary preparations for medical use; disinfectant soaps; mouthwashes for medical use; medicated shampoos, soaps, lotions, balms and dentifrices; dietetic food and beverages for medical or veterinary use; medicinal infusions; dietary fibers; nutritional supplements; food supplements for human beings or animals; medicated candy; medicinal herbs; medicinal herbal teas; medicinal tea; food for babies; food supplements; food supplements with cosmetic effect; vitamin supplement patches; mineral dietary supplements; bath preparations for medical use; anti-insect cedar wood; mud for baths; massage candles for therapeutic use; cannabis for medical use; gum for medical use; poultices; herbal extracts for medical use; plant extracts for pharmaceutical use; tobacco-free cigarettes for medical use; decoctions for pharmaceutical use; massage gels for medical use; sexual stimulation gels; diet pills; aloe vera preparations for pharmaceutical use; phytotherapy preparations for medical use; materials for dressings; materials for dental fillings and dental impressions; disinfectants; preparations for destroying vermin; fungicides, herbicides; sanitary panties; sanitary towels.

Class 29:

Meat, fish, poultry and game; meat extracts for culinary use; preserved, frozen, dried and cooked fruits, vegetables and seaweed; preserved mushrooms; preserved berries; prepared seaweed; aloe vera prepared for human consumption; processed fruit compositions; jellies, jams, compotes; eggs; milk, cheese, butter, yogurt and other dairy products; oils and fats for food; almond-milk-based beverages; coconut-milk-based beverages; lactic-acid beverages; broths; seaweed-based snacks; seaweed extracts for food; dried edible flowers; edible insects, not live; freeze-dried vegetables; powdered freeze-dried mushrooms; milk beverages with milk predominating, flavored with mushrooms; preparations for making bouillon; pollen prepared as foodstuff.

Class 30:

Coffee, tea, cocoa and substitutes thereof; vegetable preparations for use as coffee substitutes; chicory [coffee

***List of cases accepted for opposition purposes as shown in Journal 2026/026 published on
26 June 2026.***

substitute]; flowers or leaves as tea substitutes; infusions other than medicinal infusions; beverages based on chocolate, coffee, tea or cocoa; herbal teas other than for medicinal use; rice, pasta and noodles; tapioca and sago; flour and preparations made from cereals; bread, pastry and confectionery products; sugar confectionery; candy; chewing gum and lozenges [confectionery]; chocolate; filled chocolates; chocolate-coated nuts; chocolate-based spreads; bars of chocolate; cereal bars; cookies (biscuits); cakes; ice cream, sherbets and other edible ices; sugar, honey, treacle; yeast, baking powder; salt, seasonings, spices, preserved herbs; vinegar, sauces and other condiments; ice for refreshment; edible beeswax; ground ginger; chewing gum for freshening breath; kombucha; coffee-based beverages containing mushroom flavors.

Class 32:

Beers; alcohol-free beverages; mineral and aerated waters; beverages based on fruit and fruit juices; vegetable juices [beverages]; syrups and other non-alcoholic preparations for making beverages; non-alcoholic aperitifs; non-alcoholic beverages flavored with coffee, tea or fruits or dried mushrooms; non-alcoholic fruit extracts; powders for making soft drinks; preparations for making non-alcoholic beverages; non-alcoholic beverages flavored with mushrooms.

Class 35:

Advertising; sales promotion for third parties; presentation of goods on all communication media for retailing; retail services, in stores or online, for cosmetic and perfumery products, incense, mouthwashes, dietetic substances for medical use, massage instruments, hygiene products, tongue scrapers, foodstuffs, chocolates, beverages, powdered mushrooms, clothing; commercial business administration, organization and management; administration of consumer loyalty programs; shop window dressing; demonstration of goods; dissemination of advertising material; distribution of samples; business management of hotels, restaurants, cafés and tea rooms; provision of commercial information and advice to consumers regarding choice of goods and services; organization and conducting of commercial events; organization of exhibitions, for commercial or advertising purposes; procurement services for third parties [purchasing goods and services for other businesses]; online ordering services in the field of takeaway and delivery by restaurants; promotion of goods through influencers; office functions.

Class 43:

Services for providing food and beverages; take-away food and beverage services; catering services; temporary accommodation; provision of information and advice with respect to meal and beverage preparation; bar, café and tea room services; home chef services.

The mark consists of a design of a half-spiral staircase formed from eight contiguous trapezoidal step shapes, with each subsequent step being about 20 percent longer than the one before it, the aforementioned steps, comprising the half-spiral staircase design, appear in gradient fashion to produce the appearance of a longer edge of each trapezoidal step.

International priority date claimed: 24 September 2025 (US)
(99409937)

Class 1:

Chemicals for use in industry and science; chemicals for industrial purposes, namely, chemicals for use in the manufacture of cement, concrete, mortar, masonry, shotcrete, or other cementitious compositions; chemical and oil dispersants and water-reducing chemical additives for use in the manufacture of cement, concrete, mortar, masonry, shotcrete, or other cementitious compositions; fireproofing preparations; adhesives for industrial use; chemical preparations for use as dispersants and plasticizers in cementitious materials such as concrete and mortar; concrete additives for applications in the sprayed concrete sector; additives for concrete and mortar; concrete additives, namely, chemical agents for hardening concrete surfaces except paint, chemical agents for protecting and preserving concrete except paint; concrete additives, namely, concrete bonding agents and concrete antifreeze additives; adhesive primer for use on building substrates to adhere weatherizing tape, flashing or membrane; weatherizing membrane, in liquid chemical form, for use on building substrates to prevent air and water infiltration.

Class 17:

Compounds not in the nature of paints for sealing joints, namely, waterproofing compounds in the nature of moldable compounds for use in jointing and packing, sealant compounds for joints, jointing material for filling and plugging openings in buildings and construction surfaces and for joining together sheet-like rollable membranes on building and construction surfaces; non-metallic materials for filling or plugging, all for use in building and civil engineering construction and in the repair of buildings, namely, water stops in the nature of sealant compounds for joints; sealant materials for filling or plugging joints or openings in building structures, namely, sealant compounds for joints; insulating waterproofing membranes and vapor barriers; waterproofing adhesive tapes for foundation of buildings; packing and insulating materials; sealants for construction joints; sealing compounds for buildings; moisture barrier materials, namely, insulating and waterproofing membrane strips and adhesive tapes; compounds not in the nature of paints for sealing joints, namely, sealing compounds for joints.

Class 19:

Materials for use in building and civil engineering, construction and repair, namely, non-metal flashing for building in the nature of self-adhered non-metallic window, door and deck flashings; bituminous coatings or sheet-like waterproofing membranes for roofing; non-metallic roof flashing; non-metallic building flashing for windows and doors; cementitious fireproofing mixes for application to steel floors and beams, concrete surfaces or other construction materials; non-metal building flashing in the nature of adhesive tape; non-metallic materials for filling or plugging, all for use in building and civil engineering construction and in the repair of buildings, namely, water stops in the nature of bitumen-based sealants for roofing, grout, and sealant materials for filling or plugging joints or openings in building structures; non-metallic building materials, namely, sheet-like rollable membranes in the nature of weatherizing membranes and vapor barriers for providing water-, air-, and vapor-barrier protection for building or construction surfaces.

Class 42:

Research, namely, scientific research and research on new and future construction products; development services, namely, product development; testing services, namely, product testing; consultancy services in the field of scientific research and the creation of new products; industrial research relating to production of chemicals and construction products; technical consultation relating to development of new products for others in the field of construction; technical consultation in the field of development of chemical production methods; performance of chemical analyses.

Vehicle valuation services; providing information about vehicle financing via an online website and database financial services, namely, facilitation of financing for the purchase of motor vehicles and automobiles; facilitating the acceptance, and processing of electronic payment transactions via a global computer network; facilitating and providing information about the financing of automobiles and vehicles; providing automobile value advisory and price evaluation services, namely, vehicle valuation services; providing information to others concerning available lines of credit for use in connection with transactions; providing financing information in the field of vehicles via a website.

Class 42:

Providing online non-downloadable software for use in lead generation for vehicle dealers; providing online non-downloadable software featuring technology that enables users to find information on automotive dealers and vehicles, including automotive dealer location and vehicle pricing, match consumer requests for vehicle pricing and information, and submit information to the automotive dealers; providing online non-downloadable software for use in vehicle valuation and providing product research; providing online non-downloadable computer software for creating, managing, organizing, displaying, tagging, bookmarking, storing and sharing electronic media content or information over the Internet or other global communications network; providing online non-downloadable computer software for creating, managing, organizing, displaying, tagging, bookmarking, storing and sharing electronic media content or information over the Internet or other global communications network; providing online non-downloadable software to facilitate business transactions via a global computer network for the purchase of vehicles being sold by sellers; providing online non-downloadable software for accessing financing information in the field of vehicles; providing online non-downloadable software for use in providing advertisement and promotional services for others in the automotive field; providing online non-downloadable software for providing information regarding motor vehicle history, namely, information identifying problems with title, registration, previous accidents, previous owners, and other information affecting vehicle value, safety, and performance when given vehicle identification; providing online non-downloadable software featuring computer software platforms to provide real-time offers for vehicles to sellers; application service provider featuring application programming interface (API) software for use by sellers to receive real-time offers on vehicles, based on real time market data; providing online non-downloadable software featuring technology that displays user vehicle pricing and value information, assembles display user and seller profiles, and otherwise provides means by which users can list for sale, offer to buy, buy and sell vehicles through an online platform; providing online non-downloadable software for use

in connection with searching for new and used vehicle listings and accessing vehicle related information; providing online non-downloadable computer software for data processing, analysis and intelligence; providing online non-downloadable computer software for use in motor vehicle valuation, sales management, sourcing, and marketing information management in the motor vehicle field; providing online non-downloadable software featuring consumer product information about vehicles that allows users to input their preferences and find vehicles based on logic controls defined by user-configurable settings; providing online non-downloadable software featuring artificial intelligence technology that enables users and dealers to receive information related to research and recommendations in the automotive field.

Class 9:

Computers; computer systems; computer hardware; computer software; quantum computers and processors; computer hardware and software for quantum programming and quantum computing; quantum machine learning processors; analogue quantum simulator hardware; quantum control hardware; quantum computing and conventional computing coolers, including cryogenic system coolers; cloud-based access hardware for quantum computing; central processing units; circuit boards; compilers; components for electric circuits; computer chips; chips (integrated circuits); computer controllers; computer firmware; computing apparatus and installations, including interface apparatus for computing, multiprocessor computer apparatus, and interfaces for quantum qubit-based computers, hardware and software for controlling, operating or interfacing with quantum computing devices; computer networking apparatus and installations; computer networks; computer components; computer design hardware; computer programming units; computer storage devices, including high-speed storage subsystems for physical storage and backup of electronic data either locally or via a telecommunications network; electronic apparatus for logging, storing, processing, transmitting and receiving data; quantum-based memories being quantum-mechanical computer memory hardware; quantum sensors; quantum materials for quantum detection and computing; electronic chips for the manufacture of integrated circuits; semiconductor chips, devices, wafers, apparatus, memories, integrated circuits; semiconductor

memory apparatus and devices; semiconductor elements; epitaxially coated semiconductor wafers; semiconductors being electronic devices; silicon voltage apparatus; substrates (wafers); metal casings for semiconductor devices; semiconductor testing apparatus, including complimentary metal oxide semiconductor testers; silicon wafers; silicon chips; silicon epitaxial wafers; wafers for integrated circuits; containers adapted for containing semiconductor wafers; quantum dots [crystalline semi-conductor materials]; photomask substrates for integrated circuits; containers adapted for carrying semiconductor wafers; silicon wafer carriers for handling integrated circuits; electronic circuit substrate; optical emitters; photo-semiconductors; cases adapted for semiconductors; microelectronic components; unijunction transistors; transistors (electronic); diodes; waveguides (electronic devices); waveguides (telecommunications components); semiconductor apparatus for use with computers; visual instruments for examining semiconductor apparatus; silicon controlled reactors; waveguides (optical components); semiconductor memory devices being computer memories; integrated optical chips; laser diodes; optical waveguides; metal oxide semi-conductor transistors; transistor testers; recording substrates (magnetic); optical processing apparatus; optical measurement apparatus; ceramic wafers bearing printed circuits; optical fibre telecommunications apparatus; programmable telecommunication apparatus; flexible printed circuits incorporating substrates; masks for integrated optics circuits exposed by electron beam; optical signalling apparatus; amplifiers; security devices for computer hardware; security devices for computer software; communications electronics for computers; graphic printers for use with computing apparatus; simulation software for use in digital computers; broadband data interconnecting computer installations; downloadable computer software; computer programs for analysing computer hardware; computer software for communicating purposes between microcomputers; computer software for constructing, analyzing and running quantum programs, quantum algorithms, and quantum instruction language; computer software for quantum programming and developing and testing quantum algorithms; computer software for quantum computing; computer software for developing quantum virtual machines (QVM); software for solving quantum qubit-based algorithms; simulation of quantum qubit-based processes; quantum qubit-based machine learning hardware and software; quantum qubit-based analytics software; quantum qubit-based search analysis and solving quantum qubit-based mathematical problem software; software for sensing, acquiring, analyzing, processing, storing, or providing quantum qubit-level information; high performance clustered processors; high performance clustered computers; clustered supercomputers; parts and accessories in relation to all of the foregoing.

Class 40:

Treatment and transformation of materials; providing information relating to the treatment of materials; encapsulation of semi-conductors; encapsulation of semi-conductors for others; treatment of semi-manufactured products by means of electrolysis; custom manufacturing of chips [integrated circuits] for others; custom manufacture of semiconductor devices; custom manufacture of semiconductor circuits; custom manufacture of semiconductor components, devices and integrated circuits; custom manufacture of semiconductor components, devices and circuits; custom manufacture of semiconductor

***List of cases accepted for opposition purposes as shown in Journal 2026/026 published on
26 June 2026 .***

wafers; custom manufacture of semiconductor components; custom manufacturing of semiconductor components; custom manufacturing of semiconductor devices; custom manufacturing of semiconductor wafers; prototype fabrication of new products for others; custom assembling of computer hardware; custom assembling of materials; custom assembling of materials for others; custom manufacture of computers for others; custom additive manufacturing for others, including custom additive manufacturing of electronic components, quantum technology components, devices, and chips; custom manufacturing consultancy; custom manufacturing, including custom manufacturing using scanning tunnelling microscopy, lithographic processes including electron beam lithography and photolithography, and other atomic-scale and sub-atomic scale processes, custom manufacturing in relation to circuits, semiconductor components, qubits, semiconductor devices, semiconductor circuits, semiconductor devices, quantum computing hardware and components, quantum processors and parts thereof, quantum machine learning processors, quantum simulation processors computing devices, specialised computing hardware, advancing computing technologies, specialised cloud computing systems, integrated circuits, microchips, nanochips, silicon wafers, semiconductor wafers; custom assembling of products for others, including custom assembling using scanning tunnelling microscopy, lithographic processes including electron beam lithography and photo lithography, and other atomic-scale and sub-atomic scale processes, custom assembling of products involving precision manufacturing and/or precision assembling, custom assembling of products in relation to circuits, semiconductor components, qubits, semiconductor devices, semiconductor circuits, semiconductor devices, quantum computing hardware and components, quantum processors and parts thereof, quantum machine learning processors, quantum simulation processors computing devices, specialised computing hardware, advancing computing technologies, specialised cloud computing systems, integrated circuits, microchips, nanochips, silicon wafers, semiconductor wafers; custom assembly of products for others, including custom assembly of products involving precision manufacturing and/or precision assembly, custom assembly of products in relation to circuits, semiconductor components, qubits, semiconductor devices, semiconductor circuits, semiconductor devices, quantum computing hardware and components, quantum processors and parts thereof, quantum machine learning processors, quantum simulation processors computing devices, specialised computing hardware, advancing computing technologies, specialised cloud computing systems, integrated circuits, microchips, nanochips, silicon wafers, semiconductor wafers; custom manufacturing and assembling services in relation to semiconductor parts and integrated circuit products; custom manufacturing and assembling services relating to semiconductor parts and integrated circuits; custom manufacturing and assembling services relating to semiconductor parts and integrated circuits; custom manufacturing of semiconductor components, devices and integrated circuits; custom manufacturing of semiconductor components, devices and circuits.

Class 42:

Scientific and technological services and research and design relating thereto; industrial analysis and industrial research services; design and development of computer hardware and software; technology consultation and research in the field of quantum computing, quantum programming, quantum

engineering, quantum algorithms and cryogenics; high performance clustered computing services; cloud computing; cloud computing featuring software for use in quantum programming and quantum computing; platform-as-a-service (PaaS) services featuring computer software platforms for programming and running software on quantum qubit-based computers; software as a service (SaaS) services featuring software for constructing, analyzing and running quantum qubit-based programs and quantum qubit-based algorithms; providing virtual computer systems through cloud computing; application service provider featuring application programming interface (API) software for use in quantum programming and developing and testing quantum algorithms; software engineering; design, development and programming of computer software; development of technologies for the fabrication of chips and circuits for quantum programming and quantum computing; computer engineering; computer security engineering; computer programming consultancy; scientific computer programming services; development of computer software application solutions; computer programming; computer analysis; information technology (IT) services (computer hardware, software and peripherals design and technical consultancy); computer security services (design and development of secure computer hardware, software and systems); troubleshooting with respect to computer systems and diagnosing computer hardware and software problems in the fields of information technology, cloud computing, artificial intelligence, computer simulations and quantum computing; computer engineering consultancy services; design of computer hardware; computer system analysis; computer security consultancy; computer consultancy; cryptographic engineering; upgrading of computer software; advisory services relating to computer hardware; computer software advisory services; computer research services; consulting services in the field of quantum computing; quantum computing services for others; computing using different physical phenomena, such as overlaying, entanglement and interference for storing and processing data and information; designing computer hardware and software for cognitive computing, including, simulating human thought processes in a computerized model; research, development and advisory services relating to information technology, cloud computing, artificial intelligence, computer simulations, quantum computing, and cognitive computing; performing quantum simulation and executing quantum algorithms for others; cloud computing services featuring software for data and source code processing in the field of quantum qubit-based computing; testing of computing equipment; computer technology consultancy; advisory and consultancy services in relation to all of the foregoing.

List of cases accepted for opposition purposes as shown in Journal 2026/026 published on 26 June 2026 .

Panasonic

Class 7:

Machine tools, power-operated tools; motors and engines, except for land vehicles; machine coupling and transmission components, except for land vehicles; agricultural implements, other than hand-operated hand tools; incubators for eggs; automatic vending machines; welding machines; industrial robots; robotic exoskeleton suits, other than for medical purposes; transporting machines; cargo handling robots and machines; soldering apparatus, gas-operated; soldering apparatus, electric; chip mounting machines; semiconductor manufacturing apparatus and machines; plasma washing machines and apparatus; electric arc welding machines and apparatus; cutting machines; metal cutting machines and apparatus; electronic component placement machines and apparatus; electronic component insertion machines and apparatus; soldering paste printing machines and apparatus; feeders for machines; electronic component feeding machines and apparatus; bonding machines; assembly machines; machines and apparatus for use in assembly of flat panel displays; laser processing machines and apparatus; laser marking machines; engraving machines; condensing installations; electric power tools; chucks for power drills; grinding machines; saws (machines); blades for electric power tools; heat exchangers [parts of machines]; heat exchangers, parts of machines; dispensing machines; printing machines; 3d printers; electric motors, other than for land vehicles; servomotors; driving motors other than for land vehicles; electricity generators; wind-powered electricity generators; ac generators; solar power generating apparatus; fuel cell power generating apparatus; centrifugal blowers; axial flow blowers; reduction gears, other than for land vehicles; lifting machines; elevators; electric door openers; automatic door apparatus, electric; curtain drawing devices, electrically operated; washing apparatus; electric washing machines; laundry washing machines; dish washing machines; vehicle washing installations; drums, parts of machines; compressors (machines); pumps for machines; electric pumps; mixing machines; chopping machines; food mixing machines; food cutting machines; food chopping machines; apparatus for use in processing food; electric hand-held mixers for household purposes; food processors, electric; electric coffee mills; electric blenders for household purposes; electric juicers for household purposes; electric meat grinders for household purposes; rice polishing machines; electric ice crushers; garbage disposals; machines and apparatus for cleaning, electric; electric vacuum cleaners; electric floor polishers; blowing machines; air suction machines; dust filters and bags for vacuum cleaners; electric dust collecting machines; household cleaning and laundry robots with artificial intelligence; robotic arms for preparing beverages; apparatus for aerating water; packaging machines; filters for motors and engines; gas filters for engines; vending machines; temperature-controlled food and beverage dispensing units in the nature of vending machines; agricultural machines; plant growth chambers and incubators for agricultural purposes; composting machines; chemical supplying apparatus for use in production lines; exhaust gas treatment apparatus; urethane foaming machines; painting machines; coating machines; scrap recovery

machines; waste disposal machines; waste solvent recovery and recycling installations; filling machines; processing machines using ultraviolet rays; hydrogen cell electricity generators; hydrogen pumping station equipment; fuel dispensing machines for service stations; power tool belts being holders adapted for electric power tools; non-metallic carry cases for electric power tools; parts and fittings for all the aforesaid goods.

Class 8:

Hand tools and implements, hand-operated; cutlery; side arms, except firearms; razors; electric shavers; electric razors; razor blades; blades (hand tools); blades for electric shavers; blades for electric clippers; blades for electric hair trimmers; electric hair clippers; hair clippers for animals (hand instruments); electric beard trimmers; depilation appliances, electric and non-electric; nail polishers, electric and non-electric; manicure sets, electric and non-electric; pedicure sets, electric and non-electric; trimmers (hand operated tools); electric hair trimmers; electric ear hair trimmers; electric nasal hair trimmers; hair straightening irons; hair styling irons; hair curling irons; eyelash curlers; hand implements for hair curling; clothes irons; blades for electric razors; electric nail files; electric hair clippers for pets; electric eyelash curlers; electric shavers for removing fuzz from fabric (hand instruments); exfoliating files, electric or non-electric; electric and non-electric depilation appliances; depilation appliances using intense pulsed light (IPL); parts and fittings for all the aforesaid goods.

Class 9:

Scientific, research, navigation, surveying, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media, computer software, blank digital or analogue recording and storage media; mechanisms for coin-operated apparatus; cash registers, calculating devices; computers and computer peripheral devices; diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming; fire-extinguishing apparatus; cameras; camera cases; digital still cameras; digital photo frames; batteries; dry cells; rechargeable batteries; electric accumulators; electric batteries for vehicles; electric batteries for electric vehicles; batteries for mobile phones; battery chargers; nickel cadmium batteries; nickel-metal hydride batteries; lithium batteries; lithium ion batteries; fuel cells; solar batteries; electric converters; solar panels for electricity generation; battery chargers for electric vehicles; electric wiring devices and instruments; sensor switches; electrical connectors; electric switches; electric sockets; dimmer switches; time switches; magnetic switches; light dimmers; switchboards; electric switch boxes; electric cables; electricity conduits; electricity ducts; racks adapted for electric cables; lighting ballasts; circuit breakers; electro-magnetic switches; electric circuit protectors; thermal surge protectors; power distributing boxes; electrical outlets; power strips; current converters; electrical outlet covers; electrical outlet plates; antennas; aerials; power distribution boards; electric power monitoring units; electrical control panels; indicator panels; electrical terminals; indicator lights; signalling lamps; modular jacks for telephones; electrical adaptors; power

***List of cases accepted for opposition purposes as shown in Journal 2026/026 published on
26 June 2026 .***

adapters; earth terminals; electrical power extension cords; modular jacks for networks; electric wiring ducts; warning apparatus and instruments; video intercoms; intercoms; gas leak alarms; anti-theft warning apparatus; glass break detectors; passive infrared detectors; infrared detectors; electric door chimes; radio receivers and transmitters; buzzers; fire alarms; fire detectors; emergency alarms; electric warning lights; emergency signalling lights; emergency warning lights; electric locks; video surveillance systems; access control devices; face recognition equipment for access controls; iris recognition access control systems; cameras for iris recognition security; surveillance cameras; illuminated exit signs; apparatus and instruments for remote monitoring; apparatus and instruments for remote communication; apparatus and instruments for remote controlling; radios; audio tape recorders and players; digital audio players and recorders; digital video players and recorders; portable media players; MP3 players; audio speakers; stereo tuners; amplifiers; power amplifiers; microphones; record players; record player turntables; cases for record player turntables; digital voice recorders; digital sound processors; headphones; earphones; stereos; stereo components; audio mixers; audio head cleaning apparatus; optical fiber cables; audio and video cables; wireless microphone systems comprising microphones, transmitters and receivers, speakers, amplifiers and tuners; audio equalizers; electronic audio signal processors; car audio apparatus; rearview cameras for vehicles; rearview monitors for vehicles; woofers; subwoofers; automatic disc changers; video apparatus; television sets; stands for televisions; mounting brackets adapted for televisions; liquid crystal display (LCD) televisions; liquid crystal displays; liquid crystal display panels; wireless liquid crystal display (LCD) monitors; organic light emitting diodes (OLED) displays; organic light emitting diodes (OLED) televisions; organic light emitting diodes (OLED); 3D televisions; audio and video player-combined televisions; video tuners; projectors; liquid crystal display (LCD) projectors; lenses for projectors; video tape recorders; video tape players; camcorders; tripods for cameras; cable television receivers; set top boxes; computer hardware and software for displaying educational materials; electronic display boards; video cameras for broadcasting; light emitting diode displays; in-vehicle cameras; network monitoring cameras; video surveillance cameras; live image switchers; downloadable electronic publications; video monitors; video switchers; video mixers; home theater systems, comprising digital video players, audio amplifiers and audio speakers; video signal splitters; image recognition apparatus; eyeglasses; three-dimensional eyeglasses; satellite receivers; optical disc drives; optical disc recorders; optical disc players; communication apparatus; facsimile machines; telephones; mobile phones; smartphones; smart watches; accessories for mobile phones, namely, battery packs, cases, lanyards, chargers, holders, power supply adapters, headsets, earphones and microphones; hands-free kits for mobile phones; cordless telephones; telephone answering machines; private branch exchanges; global positioning system apparatus; transceivers; encoding and decoding apparatus; navigation apparatus for vehicles (on-board computers); car navigation systems; digital signage; remote controllers; transmitters and receivers for remote controls; apparatus for distributing or controlling electricity; electric power controllers; programmable logic controllers; controllers for servomotors; computers; computer peripheral devices; laptop computers; tablet computers; wearable computers; hard disc drives; USB cables; image scanners; 3D scanners; printers for computers; ultrasonic

imaging apparatus, not for medical purposes; empty toner cartridges for computer printers; toner cartridges sold empty; photo printers; video printers; digital color copiers; multi-function copiers; multi-function printers; electronic blackboards; electronic whiteboards; PC cards; computer keyboards; electronic card readers; electronic card readers and writers; bar code readers; bar code scanners; electronic mobile data terminals; electronic mobile payment terminals; electronic cash registers; electronic calculators; routers; computer monitors; ethernet adapters; computer port replicators; downloadable electronic maps; downloadable image and video files; downloadable electronic data files for computer programs; pre-recorded DVDs; downloadable computer programs; computer software, recorded; computer software for processing images and graphics; scientific research and laboratory apparatus; computer hardware and software for image recognition for security and surveillance; computer hardware and software for video surveillance of factory production lines; radio-frequency modulators; computer networks; computer servers; data storage media; blank video tapes; head cleaning tapes for audio and video tape recorders and players; blank audio tapes; blank optical discs; memory cards; IC memory cards; dosimeters; counters; ammeters; thermometer, not for medical purposes; voltmeters; weighing machines; pedometers; calorie consumption monitors for use during sporting activities; exercise intensity and pitch monitors for use during sporting activities; electricity meters; gas meters; water meters; wattmeters; distance measuring apparatus; sensors; light-emitting diodes; microcomputers; semiconductors; semiconductor memory devices; integrated circuits; oxygen regulators; signal tuners; radio frequency modulators; coin validators; coin sorters; banknote validators; banknote sorters; electric power supply modules; DC/DC converters; electrical inductors; capacitors; power capacitors; diodes; transistors; electric signal filters; electromagnetic noise reduction filters; optical modulators; optical transmitters; optical sensors; optical connectors; optical lenses; electric circuits; transformers; thermistors; varistors; oscillators; acousto-optic devices; electric resistors; potentiometers; thermal cutoffs; encoders; magneto-resistive devices; electric chip coils; electric choke coils; current sensors; touch panels; remote controls; duplexers; surface acoustic wave devices; surface acoustic wave filters; baluns; electric power distributors; wireless communication devices; radio frequency amplifiers; frequency synthesizers; laser diodes; magnetic cores; fuses; electric relays; solenoids; electric power supplies; electric inverters; electric timers; electric circuit boards; printed circuit boards; circuit overload protector devices; ionization apparatus for scientific or laboratory use; ionization apparatus, not for the treatment of air or water; magnetron oscillators; internal cooling fans for electronic devices for computers; internal cooling fans for communication devices; lasers, not for medical purposes; marking gauges for joinery purposes; laser marking apparatus; luminous or mechanical road signs; uninterruptible electrical power supplies; time clocks (time recording devices); power line communication adapters; temperature indicators; moisture meters; microscopes; protective helmets; riding helmets; protective helmets for sports; humanoid robots with artificial intelligence; telepresence robots; user-programmable humanoid robots, not configured; humanoid robots with artificial intelligence for use in scientific research; electronic robots having communication and learning functions for assisting and entertaining people; laboratory robots; teaching robots; security surveillance robots; temperature controllers; electric

List of cases accepted for opposition purposes as shown in Journal 2026/026 published on 26 June 2026 .

terminal blocks; image processors; semiconductor inspection apparatus; incubators for bacteria culture; incubators for laboratory use; plant growth chambers for laboratory use; clean benches for laboratory use; biological safety cabinets for laboratory use; computer hardware and software for VLC (visible light communications) for the transmission of electronic data, namely video, music, image, text and sound; computer hardware and software for internet of things (IoT); computer hardware and software for machine-to-machine (M2M) communication; computer hardware and software for text-to-speech converting; computer hardware and software for management of customer information; computer hardware and software for point-of-sales (POS) systems; computer database servers; computer groupware; downloadable cloud computing software; electronic control units for vehicles; electronic control units for vehicle batteries; head-up displays for vehicles; sonars; digital panel meters; electronic data archiving apparatus; electronic data storing apparatus; clothing for protection against accidents, irradiation and fire; gloves for protection against accidents, irradiation and fire; downloadable computer software for use in face recognition; event recorders; computer software for in-vehicle infotainment systems; computer operating system software for in-vehicle infotainment systems; computer software for in-vehicle infotainment systems for processing digital images; downloadable computer anti-virus software; computer hardware for integrated managements of security functions to protect computer networks from computer virus and intrusions; computer hardware and software for use in vehicle locating, tracking and security systems; radio transmitters and receivers for use in vehicle locating, tracking and security systems; parking meters; recorded and downloadable computer software for navigation systems; downloadable computer programs and software for booking, dispatching and arranging taxis used for mobile phones; downloadable computer programs and software for processing electronic payments used for mobile phones; downloadable computer software for virtual reality software; downloadable computer software for augmented reality; operating system software for virtual private networks; downloadable computer software for blockchain technology; downloadable software in the nature of virtual objects, digital collectibles and non-fungible tokens (NFTs); downloadable digital files authenticated by non-fungible tokens (NFTs); downloadable computer software for use as digital wallets; downloadable computer software capable of displaying objects virtually; downloadable image files featuring virtual goods in the form of electronic and electric appliances for use in online virtual environments; downloadable image files featuring virtual goods in the form of industrial equipment for use in online virtual environments; downloadable computer programs for blockchain data storage; downloadable computer software featuring the purchase and sale of rights to digital goods; endoscopic equipment for industrial purposes; electronic locks; diagnostic apparatus for research laboratory use; fluorescent material inspection machines; photovoltaic power plants; non-contact power supply apparatus; wetsuits for surfing; wetsuits for water-skiing; electronic writing boards; parts and fittings for all the aforesaid goods.

Class 11:

Apparatus and installations for lighting, heating, cooling, steam generating, cooking, drying, ventilating, water supply and sanitary purposes; lighting apparatus and installations; electric light bulbs; incandescent lamps; miniature light

bulbs; flashlights; electric lanterns; motion sensitive security lights; discharge lamps; stage lighting apparatus; wall lights; ceiling lights; germicidal lamps; chandeliers; downlights; desk lights; sockets for electric lights; lanterns; spotlights; safety lamps; light diffusers; searchlights; cycle lights; electric fans; portable searchlights; pen lights; installations for cooking; electric cooking utensils; microwave ovens; bread baking machines; electric kettles; electric cooking pots; hot pots, electric; electric pressure cookers; electric rice cookers; electric rice warmers; electric food warmers; electric roasters; cooking ovens; toasters; electric sandwich toasters; smokers [cooking apparatus]; coffee machines, electric; coffeepots, electric; electric ice cream makers; electric cooking stoves; gas cookers; induction cookers; electric cookers; electric cooling pans; fermenting machines for food products; sinks; faucets; frying pans, electric; refrigerators; gas refrigerators; freezers; water dispensers; water coolers; ice makers; cool boxes, electric; ultra-low temperature freezers; refrigerating display cabinets; refrigerating showcases; freezing showcases; heat exchanger-typed air cooling units; ventilating apparatus and instruments; ventilating fans for household use; dehumidifiers; humidifiers; air curtains; ceiling fans; ventilating fans; electrostatic precipitators for cleaning air; electric air blowers for air conditioning or ventilating; air purifying apparatus and machines; filters for air purifiers; range hoods; air filtering installations; air heating apparatus and installations; air cooling apparatus and installations; misting installations for outdoor cooling; air conditioners; air conditioners for vehicles; air filters for air conditioners; heat exchangers; electrically heated carpets; electric space heaters; electric blankets, not for medical purposes; electric radiant heaters; hot-water space heating apparatus; electric heating apparatus; electric foot warmers; floor heating apparatus; heaters for vehicles; electric water heaters; gas fired heaters; water heaters; gas water heaters; heat pumps; solar water heaters; waste water treatment apparatus; water supply installations; watering installations, automatic; sanitary installations and apparatus; toilet stool units with a washing water squirter; saunas; showers; shower apparatus; shower heads; water boilers; bathtubs; bathroom installations; bathtub jets; whirlpool baths; toilets; toilet bowls; water ionizers; bidets; portable toilets; portable bidets; wash-hand basins (parts of sanitary installations); sterilizers; water softening apparatus; water purifying apparatus; drying apparatus; clothes drying machines; electric clothes drying machines; electric hand dryers; electric hair dryers; electric dish dryers; dish dryers; electric hair steamers; steam facial apparatus (saunas); electric autoclaves; facial saunas; fabric steamers; watering machines for agricultural purposes; fog generators for air conditioning, purifying and sterilising purposes; ventilation hoods; air deodorizing apparatus; apparatus for generating ultrapure water; cooling water circulation apparatus; hazardous wastewater treatment apparatus; air nozzles being parts of air conditioning apparatus; thermal incineration installations; automatic temperature regulators for central heating radiators; fan coil units for air conditioning; ionisation apparatus for the treatment of air or water; ozone water generators; refrigerated shipping containers; freezer shipping containers; refrigerated lockers; coffee roasters; electric sous-vide cookers; clothes steamers; clothes sterilizers; clothes deodorizing installations; electric steamers for removing wrinkles from clothes; clothes steamers; electronic steamers for deodorizing clothing; personal cooling packs, not for medical purposes; electric towel racks; food defrosting apparatus and installations; sterilizers for dental

List of cases accepted for opposition purposes as shown in Journal 2026/026 published on 26 June 2026 .

instruments; ultraviolet curing lamps; ultraviolet irradiation machines for curing resins in manufacturing processes; parts and fittings for all the aforesaid goods.

Class 35:

Advertising; business management, organization and administration; office functions; providing information concerning commercial sales; business information; commercial information agencies; rental of photocopying machines; publicity material rental; rental of vending machines; rental of office machinery and equipment; retail or wholesale services for consumer electric or electronic appliances; retail or wholesale services for nursing care products; retail or wholesale services for communication apparatus; retail or wholesale services for sports goods; retail or wholesale services for building materials; retail or wholesale services for pharmaceutical, veterinary and sanitary preparations, and medical supplies; retail or wholesale services for food and beverage; advertising and publicity services; providing employment information; arranging newspaper subscriptions for others; providing information or news in the field of business; data processing services; commercial information and advice for consumers [consumer advice shop]; arranging subscriptions to telecommunication services for others; business information or consulting services relating to the electric energy industry; business management analysis and business consultancy; marketing research or analysis; preparation and auditing of financial statements; administrative services relating to the relocation or personnel; retail or wholesale services for scientific or laboratory apparatus and instruments; retail or wholesale services for electric washing machines; retail or wholesale services for vacuum cleaners; retail or wholesale services for dish washing machines; retail or wholesale services for audio visual equipment; retail or wholesale services for navigation apparatus; retail or wholesale services for computers; retail or wholesale services for computer software; retail or wholesale services for batteries and cells; retail or wholesale services for medical apparatus and instruments; retail or wholesale services for electric shavers; retail or wholesale services for electrical cooking apparatus; retail or wholesale services for cooling apparatus; retail or wholesale services for heating apparatus; retail or wholesale services for refrigerating apparatus; retail or wholesale services for drying apparatus; retail or wholesale services for lighting; retail or wholesale services for beauty implements for humans; business planning services; inventory management services; sales management services; business process management services; client and customer management services; business management and administration of the purchase and sale of goods; company receptionist services; providing commercial information in multiple languages; computerized business management services relating to production; tracking and monitoring energy consumption for others for account auditing purposes; management of customer data and information; data management services; development of advertising concepts; production and distribution of advertising materials; billing services in electronic commerce transactions; business consulting services in the fields of energy consumption and usage conservation to improve energy efficiency; personnel management services; compilation and business analysis of customer data and information; business information analysis; business research and analysis of behavior patterns of customers, employees and users; business research and analysis of moving patterns of objects, cargos and materials; business

administration services for rental of senior citizen complex and nursing care facilities; organization and management of trade fairs for commercial and advertising purposes; provision of information and advice to consumers regarding the selection of products and items to be purchased; business consultancy services in the field of agriculture; clerical employment agency services; business management and operation of vehicle parking spaces and facilities; business management of car parking facilities; management of customer data and information via computer databases; compilation of customer information into computer databases; provision of business information and advice on the construction of information in databases related to customers; updating and maintenance of data in computer databases; compilation of information into computer databases; promoting the goods and services of others by distributing coupons; business management and operation in the field of waste collection, disposal, removal, handling and recycling; business information in the field of waste collection, disposal, removal, handling and recycling; business consultancy in the field of waste collection, disposal, removal, handling and recycling; commercial intermediation services; management of electronic data files using communication networks; commercial information and advice for consumers in the choice of products and services; procurement services for others [purchasing goods and services for other businesses]; product merchandising; online virtual retail store services featuring software; online virtual auction services for virtual goods; provision of an online marketplace for buyers and sellers of goods and services; providing online marketplaces for buyers and sellers of virtual goods; product placement services in virtual environments for commercial and promotional purposes; conducting interactive virtual auctions; retail store and online retail store services featuring digital media and digital files authenticated by blockchain tokens, digital tokens or non-fungible tokens [NFTs]; online retail services for downloadable virtual goods, namely, electronic and electric appliances for use in online virtual environments; online retail services for downloadable virtual goods, namely, industrial equipment for use in online virtual environments; provision of an online marketplace for buyers and sellers of artwork, text, audio, and video; provision of an online marketplace for buyers and sellers of virtual goods, digital media, digital files, and digital assets authenticated by blockchain tokens, digital tokens or non-fungible tokens [NFTs]; supply chain management services; drawing up of financial statements; information, advisory and consultancy services relating to all the aforesaid services.

Class 37:

Construction services; mining extraction, oil and gas drilling; installation, repair or maintenance of electric appliances; installation, repair or maintenance of radios; installation, repair or maintenance of television sets; installation, repair or maintenance of telecommunication apparatus and machines; installation, repair or maintenance of household electric appliances; installation, repair or maintenance of lighting apparatus; installation, repair or maintenance of power distribution and control apparatus; installation, repair or maintenance of electric motors; installation, repair or maintenance of measuring apparatus and instruments; installation, repair or maintenance of testing apparatus and instruments; installation, repair or maintenance of medical apparatus and instruments; installation, repair or maintenance of metalworking machines and tools; installation, repair or maintenance of cooking apparatus; installation, repair or

List of cases accepted for opposition purposes as shown in Journal 2026/026 published on 26 June 2026 .

maintenance of automatic vending machines; installation, repair or maintenance of water purifying apparatus; installation, repair or maintenance of musical instruments; installation, repair or maintenance of watches and clocks; installation, repair or maintenance of water heaters; installation, repair or maintenance of bath equipment; installation, repair or maintenance of toilet stool units with a washing water squirter; installation, repair or maintenance of computer hardware; installation, repair or maintenance of air-conditioning apparatus; installation, repair or maintenance of office machines and equipment; installation, repair or maintenance of machinery; repair or maintenance of vehicles; installation, repair and maintenance of computers and computer peripherals; installation, repair or maintenance of computer printers; installation, repair or maintenance of printing machines; installation, repair or maintenance of 3D printers; installation, repair or maintenance of telephones; telecommunication wiring; rental of construction equipment; installation, repair or maintenance of laboratory apparatus and instruments; installation, repair or maintenance of electronic apparatus; installation, repair or maintenance of wheelchairs; construction; construction consultancy; construction information; installation, repair or maintenance of freezing machines and apparatus; rental of laundry washing machines; rental of dish washing machines; rental of cleaning machines; rental of drying machines; rental of laundry dryers; rental of dish drying machines; installation, repair or maintenance of audio-visual apparatus and equipment; installation, repair or maintenance of industrial machinery; installation, repair or maintenance of manufacturing machines and apparatus; installation, repair or maintenance of welding machines and apparatus; installation of radio apparatus and instruments; installation of radio systems and networks; consultancy relating to the repair or maintenance of measuring and testing machines and instruments; providing information relating to the repair or maintenance of measuring and testing machines and instruments; rental of lifting apparatus; installation or adjustment of antennas; maintenance and repair of buildings; building construction supervision; installation, repair or maintenance of transport and storage containers; installation, repair or maintenance of lockers; vehicle battery charging; charging station services for electric vehicles; providing information on vehicle battery charging stations; battery charging services; installation, repair or maintenance of electric vehicle charging equipment; installation, repair or maintenance of battery chargers; rental of electric vehicle charging equipment; rental of battery chargers; rental of DC chargers and dischargers; snow removal; providing information relating to the snow removal; installation, maintenance and repair of photovoltaic cells and modules; information, advisory and consultancy services relating to all the aforesaid services.

Class 38:

Telecommunications services; communication services; communications by fiber optic networks; communications by computers; electronic mail services; communications by mobile phones; mobile communication services; satellite communication services; rental of telecommunication apparatus and equipment; rental of smartphones; data transmission; broadcasting services; news agencies; streaming of data; providing access to a computer database; leasing access time to a computer database; providing access to virtual environments; providing access to online platforms in virtual environments; providing chatrooms in virtual environments; multimedia

broadcasting services via virtual environments; transmitting electronically and streaming digital media content for use in virtual environments for third parties via computer networks; file sharing services, namely, transmission of electronic files, including upload and download of electronic files, via a website; photo sharing services, namely, transmission of digital photo, including upload and download of digital photo, via a website; information, advisory and consultancy services relating to all the aforesaid services.

Class 42:

Scientific and technological services and research and design relating thereto; industrial analysis, industrial research and industrial design services; quality control and authentication services; design and development of computer hardware and software; computer software design; computer programming; maintenance of computer software; computer system design; configuration of computer systems; testing and research services relating to electric and electronic machines, apparatus and instruments; computer rental; providing temporary use of non-downloadable computer software; website design; hosting computer sites (websites); updating of computer software; recovery of computer data; hosting and maintaining the websites of others; providing non-downloadable computer software for use in digital image processing; providing non-downloadable computer software for browsing information on the internet; electronic data storage; rental of electronic storage space on the internet; rental of web servers; providing meteorological information; technological advice relating to operation of computers, automobiles and other machines, apparatus and instruments; testing and research services in the field of electricity; architectural design; designing; cartography and mapping services; platform as a service [PaaS] featuring technology that enables online electronic conference systems via cloud computing; computer diagnostic services; providing computer systems for remote desktop solutions through cloud computing; computer system monitoring; maintenance of software for computer systems; computer system design services; installation of software for computer systems; technical support services relating to computer systems; technological advice relating to equipment inspection; technological advice relating to information security diagnosis; technological advice relating to assessment of information security vulnerability; technological advice relating to data and information analysis; technological advice relating to cloud computing; technological advice relating to business information security and protection; technological advice relating to Internet of Things (IoT); technological advice relating to machine-to-machine (M2M) communication; technological advice relating to digital content distribution; technological advice relating to identification and authentication of persons; technological advice relating to billing in electronic commerce transactions; technological advice relating to remote video monitoring; technological advice relating to operation and control of plant factory systems; technological advice relating to operation and control of agricultural apparatus and systems; technological advice relating to management and control of plant cultivation; technological advice relating to operation and control of water treatment systems; technological advice relating to monitoring of air contaminants and pollutants; technological advice relating to visualization and analysis of air flow; technological advice relating to operation and control of autonomous-driving vehicles; design, development and maintenance of

Class 9:

Application software for blockchain platforms, namely software platforms for distributed applications and software using a consensus engine with blockchain technology for securing data using cryptographic information; computer software platforms

***List of cases accepted for opposition purposes as shown in Journal 2026/026 published on
26 June 2026 .***

for developing and creating distributed software applications and distributed computer platforms; software platforms for blockchains and smart contracts; software for computers; application software; application software for mobile telephones; e-commerce software for processing electronic business transactions via a global computer network; computer software platforms; electronic publications (downloadable); downloadable image, video and audio; downloadable podcasts; audio recordings; video recordings; audiovisual recordings; computer software for electronic games, computer games and video games (software), games for mobile telephones.

Class 16:

Paper, cardboard; printed matter; books, magazines, picture books; bookbinding material; photographs (printed); stationery; instructional and teaching material; plastic materials for packaging, provided they are not included in other classes; printing type; printing blocks.

Class 35:

Advisory and consultation services relating to business; advertising, promotional services and public relations; market canvassing, market research and analysis; e-commerce services, namely promotion via computer networks, in the form of data, texts, images, sounds or a combination thereof, with a view to the sale of goods and services of all kinds; advice during the conclusion of commercial operations; advertising services provided via the Internet; Internet advertising services; compilation, systematization and management of data using computers; compilation and systematization of data in electronic databases; advertising, promotional and marketing services relating to real estate and related rental properties, as well as relating to services in the field of real estate; business analysis for optimal use of real property and optimization of construction projects; commercial management of hotels; retailing via global computer networks; retailing of software, in particular via global electronic networks (the Internet); retail or wholesale services for tea, coffee and cocoa, tobacco and smokers' articles, rice and cereals, fruits and vegetables, electric machines and apparatus, woven fabrics and bed linen, motorized two-wheeled vehicles, confectionery, bread and buns, sports goods, furniture, bags and pouches, shoes, paper and stationery, cosmetic products, toiletries, dentifrices, soaps and detergents, bicycles, printed matter, clothing, motor vehicles, fishing tackle.

Class 36:

Cryptocurrency-related services, namely provision of a digital currency or digital token intended for use by members of an online community via a global computer network; cryptocurrency-related services, namely digital currencies or digital tokens using cryptographic protocols, used for operating and creating applications and blockchains on a decentralized computing platform and as a means of payment for goods and services, provision of digital tokens and execution of transactions with digital tokens; provision of information and data on real estate via global computer networks (the Internet); real estate services; development of usage concepts for real estate; charitable fundraising; crowdfunding; e-wallet payment services; real estate development, namely, real estate planning (financial operations); real property management; real property rental; rent collection.

Class 37:

Construction services; carrying out construction projects; building maintenance, upkeep and renovation; monitoring and management of construction projects; construction advice.

Class 38:

Telecommunication; provision of access to databases, platforms and global computer networks (the Internet) via electronic communication systems; provision of access to data, information, electronic publications and databases; provision of access to electronic information, communication and transaction platforms and markets; provision of access to platforms on the Internet; transmission of sound recordings and audiovisual and multimedia content via the Internet; provision of access to information via the Internet; provision of access to websites on the Internet or on any other communication network; provision of access to electronic communication networks; provision of access to databases; transmission of podcasts.

Class 41:

Education; training; entertainment services; production, processing and publication of sound and visual recordings as well as audiovisual and multimedia content; publication and distribution of books, newspapers and magazines; publication of books, newspapers and magazines on the Internet; publication of digital entertainment offers in the form of videos, audio recordings and multimedia content; provision of information and audiovisual material from computer databases and the Internet in the fields of education, training and entertainment; organization and conducting of seminars, conferences, congresses and symposiums, workshops, retreats, camps; podcast production.

Class 42:

Services in the field of science and technology, as well as research and development services in this field; industrial analysis, industrial research and industrial design services; architectural services; interior design services to create optimal leisure, work and living environments; construction planning; design and development of computer programs; development of software for data processing programs; development and testing in the field of engineering; design, maintenance and updating of computer software; software development; online provision of non-downloadable software applications for temporary use; provision of non-downloadable data import and management software for temporary use; storage of tokens and securities in software applications; design, creation, hosting and maintenance of Web sites for others; design of space information systems related to real estate and location; conducting of technical project studies for construction projects.

Class 35:

Business management consultancy; personnel management consultancy; computerised file management; business management and commercial management; business consultancy and business management consultancy; business management assistance; corporate management consultancy; auditing; financial auditing; tracking and monitoring energy consumption for others for account auditing purposes; data processing, in particular compilation and systemization of information into computer databases; assistance and consultancy services in the field of business management of companies in the energy sector; retail and wholesale services relating to electrical energy, fasteners of metal, metallic cable fasteners, connectors and holders, trunking [channels] of metal for electric cables, electric wires and data signal cables, cable trunking of metal [other than electric], apparatus, instruments and cables for electricity, electronic and electrical components, devices, apparatus and instruments for switching, transforming, accumulating, regulating, conducting or distributing energy, devices, apparatus and instruments for conducting, switching, converting, storing, regulating or controlling electricity, electricity conduits, electric cable conduits, electric cable ducts, ducts [electricity], busbars, distribution cabinets, distribution boxes, distribution housings, distribution boards, small installation distribution devices, meter stations, meter panels, charging stations for electric vehicles, information technology and audio-visual, multimedia and photographic devices, apparatus and instruments for recording, transmission, reproduction, storage, encryption, decoding, conversion, editing of sound and images, in particular sound, image and video recordings, data storage devices, data processing equipment and accessories (electrical and mechanical), communications equipment, telecommunications equipment, telecommunication devices, instruments and apparatus, computer networking and data communications devices and equipment, intercoms, door intercom and video systems, display devices and film and video devices, safety, security, protection and signalling devices and equipment, alarms and warning equipment, signalling apparatus, alarms, electric and electronic surveillance apparatus and devices, measuring, metering, detecting and monitoring devices and instruments, indicators and controllers, measuring, counting, alignment and calibrating instruments and devices, measuring apparatus and devices, electricity measuring devices and instruments, electric sensors, controllers (regulators), electrical controls, electronic regulators, data processing equipment and accessories (electrical and mechanical), data storage devices, peripherals adapted for use with computers, computers and computer hardware, artificial intelligence apparatus, recorded content, computer software, testing and quality control devices, computer data bases, apparatus for lighting, lighting installations, LED lights, light emitting apparatus, lamps, light diffusers, lamp sockets, lamps in separate parts, heating, ventilating, and air conditioning and purification equipment (ambient), components for cleaning, tempering, distempering, degassing, fumigation, disinfection, heating and cooling of water, and for cleaning, disinfection, dehumidification, humidification, fumigation, heating and cooling of air, heat pumps, non-metallic channels for trunking of electric cables, electric wires and data signal cables, fasteners [non-metallic], cable fasteners, connectors and holders [non-metallic], cable trunking of non-metallic materials [other than

electric], insurance services, real estate services, financial and monetary services, and banking, securities and commodities trading services, loan and credit, and lease-finance services, fundraising and sponsorship, financial appraisal services, financial transfers and transactions, and payment services, credit card services, cash card services, charge card services, debit card services, services in the field of bank, credit and debit cards, warranty services, provision of sureties, guarantees and warranties, installation, cleaning, repair and maintenance work related to electrical devices, installation, cleaning, repair and maintenance work related to machines, vehicle battery charging, telecommunications, telecommunication services, computer communication and Internet access, provision of access to content, websites and portals, providing access to databases, providing access to telecommunication networks, provision and rental of telecommunications facilities and equipment, distribution by pipeline and cable, distribution of energy, storage of energy, physical storage of electronically stored data or documents, rescue services, scientific and technological services, technical consultation in the fields of science, engineering and information technology, technical consultation in the field of electrical installation, technological consultancy, energy auditing, consultancy in the field of energy-saving, development of energy and power management systems, technical data analysis, analysing of air quality in building environments, environmental monitoring services, analysis of air and water quality, water analysis, water quality control services, IT services, namely development, programming and implementation of computer software, design and development of computer hardware, hosting services and software as a service and rental of software, rental of computer hardware and facilities, installation, setting up and maintenance of computer software, IT consultancy, advisory and information services, IT security services in the nature of protection and recovery of computer data, data duplication and conversion services, electronic data storage, data coding services, computer analysis and computer-aided diagnostic testing services, computer services for the analysis of data, research and development, and implementation and use of computer hardware and computer systems, computer project management, data mining, digital water-marking, computer advisory services, cloud computing services, computer development and engineering services, technological services in relation to computers, computer network services, updating the memory banks of computer systems, data migration services, updating of websites for others, monitoring of computer systems by remote access, testing, authentication and quality control, and design services; rental and leasing of goods in connection with the provision of the aforesaid services included in this class; consultancy and information relating to the aforesaid services included in this class.

Class 36:

Insurance services; real estate services; financial and monetary services, and banking; securities and commodities trading services; loan and credit, and lease-finance services; fundraising and sponsorship; financial appraisal services; financial transfers and transactions, and payment services; credit card services; cash card services; charge card services; debit card services; financial services relating to bank, credit and debit cards; warranty services; provision of sureties, guarantees and warranties; rental and leasing of goods in connection with the provision of the aforesaid services included

***List of cases accepted for opposition purposes as shown in Journal 2026/026 published on
26 June 2026 .***

in this class; consultancy and information relating to the aforesaid services included in this class.

Class 37:

Installation, cleaning, repair and maintenance work related to electrical devices; installation, cleaning, repair and maintenance work related to machines; vehicle battery charging; installation, cleaning, repair and maintenance work relating to fasteners of metal, metallic cable fasteners, connectors and holders, trunking [channels] of metal for electric cables, electric wires and data signal cables, cable trunking of metal [other than electric], apparatus, instruments and cables for electricity, electronic and electrical components, devices, apparatus and instruments for switching, transforming, accumulating, regulating, conducting or distributing energy, devices, apparatus and instruments for conducting, switching, converting, storing, regulating or controlling electricity, electricity conduits, electric cable conduits, electric cable ducts, ducts [electricity], busbars, distribution cabinets, distribution boxes, distribution housings, distribution boards, small installation distribution devices, meter stations, meter panels, charging stations for electric vehicles, information technology and audio-visual, multimedia and photographic devices, apparatus and instruments for recording, transmission, reproduction, storage, encryption, decoding, conversion, editing of sound and images, in particular sound, image and video recordings, data storage devices, data processing equipment and accessories (electrical and mechanical), communications equipment, telecommunications equipment, telecommunication devices, instruments and apparatus, computer networking and data communications devices and equipment, intercoms, door intercom and video systems, display devices and film and video devices, safety, security, protection and signalling devices and equipment, alarms and warning equipment, signalling apparatus, alarms, electric and electronic surveillance apparatus and devices, measuring, metering, detecting and monitoring devices and instruments, indicators and controllers, measuring, counting, alignment and calibrating instruments and devices, measuring apparatus and devices, electricity measuring devices and instruments, electric sensors, controllers (regulators), electrical controls, electronic regulators, data processing equipment and accessories (electrical and mechanical), data storage devices, peripherals adapted for use with computers, computers and computer hardware, artificial intelligence apparatus, recorded content, computer software, testing and quality control devices, computer data bases, apparatus for lighting, lighting installations, LED lights, light emitting apparatus, lamps, light diffusers, lamp sockets, lamps in separate parts, heating, ventilating, and air conditioning and purification equipment (ambient), components for cleaning, tempering, distempering, degassing, fumigation, disinfection, heating and cooling of water, and for cleaning, disinfection, dehumidification, humidification, fumigation, heating and cooling of air, heat pumps, non-metallic channels for trunking of electric cables, electric wires and data signal cables, fasteners [non metallic], cable fasteners, connectors and holders [non-metallic], and cable trunking of non-metallic materials [other than electric]; rental and leasing of goods in connection with the provision of the aforesaid services included in this class; consultancy and information relating to the aforesaid services included in this class.

Class 38:

Telecommunications; telecommunication services; computer communication and Internet access; provision of access to content, websites and portals; providing access to databases; providing access to telecommunication networks; provision and rental of telecommunications facilities and equipment; rental and leasing of goods in connection with the provision of the aforesaid services included in this class; consultancy and information relating to the aforesaid services included in this class.

Class 39:

Distribution by pipeline and cable; distribution of energy; storage of energy; physical storage of electronically stored data or documents; rescue services; rental and leasing of goods in connection with the provision of the aforesaid services included in this class; consultancy and information relating to the aforesaid services included in this class.

Class 42:

Scientific and technological services; technical consultation in the fields of science, engineering and information technology; technological consultation in the field of electrical installation; technological consultancy; energy auditing; consultancy in the field of energy-saving; development of energy and power management systems; technical data analysis; analysing of air quality in building environments; environmental monitoring services; analysis of air and water quality; water analysis; water quality control services; IT services, namely development, programming and implementation of computer software; design and development of computer hardware; hosting services and software as a service and rental of software; rental of computer hardware and facilities; installation, setting up and maintenance of computer software; IT consultancy, advisory and information services; IT security services in the nature of protection and recovery of computer data; data duplication and conversion services; electronic data storage; data coding services; computer analysis and computer-aided diagnostic testing services; computer services for the analysis of data, namely computer analysis services; research and development, and implementation and design of computer hardware and computer systems; computer project management; data mining; digital water-marking; computer advisory services, cloud computing services, computer development and engineering services; technological services in relation to computers; computer network services; updating the memory banks of computer systems; data migration services; updating of websites for others; monitoring of computer systems by remote access; testing, authentication and quality control; design services; rental and leasing of goods in connection with the provision of the aforesaid services included in this class; consultancy and information relating to the aforesaid services included in this class.

Date of Designation in the UK: 04 November 2025

List of cases accepted for opposition purposes as shown in Journal 2026/026 published on 26 June 2026 .

International priority date claimed: 13 October 2025 (DE) (30 2025 121 164)

Class 4:
Electrical energy.

Class 6:
Fasteners of metal; metallic cable fasteners, connectors and holders; trunking [channels] of metal for electric cables, electric wires and data signal cables; cable trunking of metal [other than electric].

Class 9:
Apparatus, instruments and cables for electricity; electronic and electrical components; devices, apparatus and instruments for switching, transforming, accumulating, regulating, conducting or distributing energy; devices, apparatus and instruments for conducting, switching, converting, storing, regulating or controlling electricity; electricity conduits; electric cable conduits; electric cable ducts; ducts [electricity]; busbars; distribution cabinets, distribution boxes, distribution housings, distribution boards, small installation distribution devices, meter stations, meter panels; charging stations for electric vehicles; information technology and audio-visual, multimedia and photographic devices; apparatus and instruments for recording, transmission, reproduction, storage, encryption, decoding, conversion, editing of sound and images, in particular sound, image and video recordings; data storage devices; data processing equipment and accessories (electrical and mechanical); communications equipment; telecommunications equipment; telecommunication devices, instruments and apparatus; computer networking and data communications devices and equipment; intercoms; door intercom and video systems; display devices and film and video devices; safety, security, protection and signalling devices and equipment; alarms and warning equipment; signalling apparatus; alarms; electric and electronic surveillance apparatus and devices; measuring, metering, detecting and monitoring devices and instruments, indicators and controllers; measuring, counting, alignment and calibrating instruments and devices; measuring apparatus and devices; electricity measuring devices and instruments; electric sensors; controllers (regulators); electrical controls; electronic regulators; data processing equipment and accessories (electrical and mechanical); data storage devices; peripherals adapted for use with computers; computers and computer hardware; data processing apparatus with artificial intelligence; recorded content; computer software; testing and quality control devices; computer data bases; parts and accessories for all the aforesaid goods, included in this class.

Class 11:
Apparatus for lighting; lighting installations; LED lights; light-emitting diodes [LED] lighting apparatus; lamps, light diffusers; lamp sockets, parts and fittings for lamps, included in this class; heating, ventilating, and air conditioning and purification equipment (ambient); parts and fittings for apparatus for cleaning, tempering, distempering, degassing,

fumigation, disinfection purification, heating and cooling of water, and for cleaning, disinfection, dehumidification, humidification, fumigation, purification, heating and cooling of air; heat pumps; parts and accessories for all the aforesaid goods, included in this class.

Class 19:
Non-metallic channels for trunking of electric cables, electric wires and data signal cables; cable trunking of non-metallic materials [other than electric].

Class 20:
Fasteners [non metallic]; cable fasteners, connectors and holders, non-metallic.

Class 35:
Business management consultancy; personnel management consultancy; computerised file management; business management and commercial management; business consultancy and business management consultancy; business management assistance; corporate management consultancy; auditing; financial auditing; tracking and monitoring energy consumption for others for account auditing purposes; data processing, in particular compilation and systemization of information into computer databases; assistance and consultancy services in the field of business management of companies in the energy sector; retail and wholesale services relating to electrical energy, fasteners of metal, metallic cable fasteners, connectors and holders, trunking [channels] of metal for electric cables, electric wires and data signal cables, cable trunking of metal [other than electric], apparatus, instruments and cables for electricity, electronic and electrical components, devices, apparatus and instruments for switching, transforming, accumulating, regulating, conducting or distributing energy, devices, apparatus and instruments for conducting, switching, converting, storing, regulating or controlling electricity, electricity conduits, electric cable conduits, electric cable ducts, ducts [electricity], busbars, distribution cabinets, distribution boxes, distribution housings, distribution boards, small installation distribution devices, meter stations, meter panels, charging stations for electric vehicles, information technology and audio-visual, multimedia and photographic devices, apparatus and instruments for recording, transmission, reproduction, storage, encryption, decoding, conversion, editing of sound and images, in particular sound, image and video recordings, data storage devices, data processing equipment and accessories (electrical and mechanical), communications equipment, telecommunications equipment, telecommunication devices, instruments and apparatus, computer networking and data communications devices and equipment, intercoms, door intercom and video systems, display devices and film and video devices, safety, security, protection and signalling devices and equipment, alarms and warning equipment, signalling apparatus, alarms, electric and electronic surveillance apparatus and devices, measuring, metering, detecting and monitoring devices and instruments, indicators and controllers, measuring, counting, alignment and calibrating instruments and devices, measuring apparatus and devices, electricity measuring devices and instruments, electric sensors, controllers (regulators), electrical controls, electronic regulators, data processing equipment and accessories (electrical and mechanical), data storage devices, peripherals adapted for use with computers, computers and computer hardware, artificial intelligence apparatus, recorded content, computer software, testing and

***List of cases accepted for opposition purposes as shown in Journal 2026/026 published on
26 June 2026 .***

quality control devices, computer data bases, apparatus for lighting, lighting installations, LED lights, light emitting apparatus, lamps, light diffusers, lamp sockets, lamps in separate parts, heating, ventilating, and air conditioning and purification equipment (ambient), components for cleaning, tempering, distempering, degassing, fumigation, disinfection, heating and cooling of water, and for cleaning, disinfection, dehumidification, humidification, fumigation, heating and cooling of air, heat pumps, non-metallic channels for trunking of electric cables, electric wires and data signal cables, fasteners [non-metallic], cable fasteners, connectors and holders [non-metallic], cable trunking of non-metallic materials [other than electric], insurance services, real estate services, financial and monetary services, and banking, securities and commodities trading services, loan and credit, and lease-finance services, fundraising and sponsorship, financial appraisal services, financial transfers and transactions, and payment services, credit card services, cash card services, charge card services, debit card services, services in the field of bank, credit and debit cards, warranty services, provision of sureties, guarantees and warranties, installation, cleaning, repair and maintenance work related to electrical devices, installation, cleaning, repair and maintenance work related to machines, vehicle battery charging, telecommunications, telecommunication services, computer communication and Internet access, provision of access to content, websites and portals, providing access to databases, providing access to telecommunication networks, provision and rental of telecommunications facilities and equipment, distribution by pipeline and cable, distribution of energy, storage of energy, physical storage of electronically stored data or documents, rescue services, scientific and technological services, technical consultation in the fields of science, engineering and information technology, technical consultancy in the field of electrical installation, technological consultancy, energy auditing, consultancy in the field of energy-saving, development of energy and power management systems, technical data analysis, analysing of air quality in building environments, environmental monitoring services, analysis of air and water quality, water analysis, water quality control services, IT services, namely development, programming and implementation of computer software, design and development of computer hardware, hosting services and software as a service and rental of software, rental of computer hardware and facilities, installation, setting up and maintenance of computer software, IT consultancy, advisory and information services, IT security services in the nature of protection and recovery of computer data, data duplication and conversion services, electronic data storage, data coding services, computer analysis and computer-aided diagnostic testing services, computer services for the analysis of data, research and development, and implementation and use of computer hardware and computer systems, computer project management, data mining, digital water-marking, computer advisory services, cloud computing services, computer development and engineering services, technological services in relation to computers, computer network services, updating the memory banks of computer systems, data migration services, updating of websites for others, monitoring of computer systems by remote access, testing, authentication and quality control, and design services; rental and leasing of goods in connection with the provision of the aforesaid services included in this class; consultancy and information relating to the aforesaid services included in this class.

Class 36:

Insurance services; real estate services; financial and monetary services, and banking; securities and commodities trading services; loan and credit, and lease-finance services; fundraising and sponsorship; financial appraisal services; financial transfers and transactions, and payment services; credit card services; cash card services; charge card services; debit card services; financial services relating to bank, credit and debit cards; warranty services; provision of sureties, guarantees and warranties; rental and leasing of goods in connection with the provision of the aforesaid services included in this class; consultancy and information relating to the aforesaid services included in this class.

Class 37:

Installation, cleaning, repair and maintenance work related to electrical devices; installation, cleaning, repair and maintenance work related to machines; vehicle battery charging; installation, cleaning, repair and maintenance work relating to fasteners of metal, metallic cable fasteners, connectors and holders, trunking [channels] of metal for electric cables, electric wires and data signal cables, cable trunking of metal [other than electric], apparatus, instruments and cables for electricity, electronic and electrical components, devices, apparatus and instruments for switching, transforming, accumulating, regulating, conducting or distributing energy, devices, apparatus and instruments for conducting, switching, converting, storing, regulating or controlling electricity, electricity conduits, electric cable conduits, electric cable ducts, ducts [electricity], busbars, distribution cabinets, distribution boxes, distribution housings, distribution boards, small installation distribution devices, meter stations, meter panels, charging stations for electric vehicles, information technology and audio-visual, multimedia and photographic devices, apparatus and instruments for recording, transmission, reproduction, storage, encryption, decoding, conversion, editing of sound and images, in particular sound, image and video recordings, data storage devices, data processing equipment and accessories (electrical and mechanical), communications equipment, telecommunications equipment, telecommunication devices, instruments and apparatus, computer networking and data communications devices and equipment, intercoms, door intercom and video systems, display devices and film and video devices, safety, security, protection and signalling devices and equipment, alarms and warning equipment, signalling apparatus, alarms, electric and electronic surveillance apparatus and devices, measuring, metering, detecting and monitoring devices and instruments, indicators and controllers, measuring, counting, alignment and calibrating instruments and devices, measuring apparatus and devices, electricity measuring devices and instruments, electric sensors, controllers (regulators), electrical controls, electronic regulators, data processing equipment and accessories (electrical and mechanical), data storage devices, peripherals adapted for use with computers, computers and computer hardware, artificial intelligence apparatus, recorded content, computer software, testing and quality control devices, computer data bases, apparatus for lighting, lighting installations, LED lights, light emitting apparatus, lamps, light diffusers, lamp sockets, lamps in separate parts, heating, ventilating, and air conditioning and purification equipment (ambient), components for cleaning, tempering, distempering, degassing, fumigation, disinfection, heating and cooling of water, and for cleaning, disinfection, dehumidification, humidification, fumigation, heating and cooling of air, heat

pumps, non-metallic channels for trunking of electric cables, electric wires and data signal cables, fasteners [non metallic], cable fasteners, connectors and holders [non-metallic], and cable trunking of non-metallic materials [other than electric]; rental and leasing of goods in connection with the provision of the aforesaid services included in this class; consultancy and information relating to the aforesaid services included in this class.

Class 38:

Telecommunications; telecommunication services; computer communication and Internet access; provision of access to content, websites and portals; providing access to databases; providing access to telecommunication networks; provision and rental of telecommunications facilities and equipment; rental and leasing of goods in connection with the provision of the aforesaid services included in this class; consultancy and information relating to the aforesaid services included in this class.

Class 39:

Distribution by pipeline and cable; distribution of energy; storage of energy; physical storage of electronically stored data or documents; rescue services; rental and leasing of goods in connection with the provision of the aforesaid services included in this class; consultancy and information relating to the aforesaid services included in this class.

Class 42:

Scientific and technological services; technical consultation in the fields of science, engineering and information technology; technological consultation in the field of electrical installation; technological consultancy; energy auditing; consultancy in the field of energy-saving; development of energy and power management systems; technical data analysis; analysing of air quality in building environments; environmental monitoring services; analysis of air and water quality; water analysis; water quality control services; IT services, namely development, programming and implementation of computer software; design and development of computer hardware; hosting services and software as a service and rental of software; rental of computer hardware and facilities; installation, setting up and maintenance of computer software; IT consultancy, advisory and information services; IT security services in the nature of protection and recovery of computer data; data duplication and conversion services; electronic data storage; data coding services; computer analysis and computer-aided diagnostic testing services; computer services for the analysis of data, namely computer analysis services; research and development, and implementation and design of computer hardware and computer systems; computer project management; data mining; digital water-marking; computer advisory services, cloud computing services, computer development and engineering services; technological services in relation to computers; computer network services; updating the memory banks of computer systems; data migration services; updating of websites for others; monitoring of computer systems by remote access; testing, authentication and quality control; design services; rental and leasing of goods in connection with the provision of the aforesaid services included in this class; consultancy and information relating to the aforesaid services included in this class.

Class 1:

Industrial chemicals for use in the automotive industry; coolants for vehicle engines; antifreeze for vehicles; paste fillers for automobile body repair.

Class 2:

Dyestuffs; pigments; anti-rust greases for use in automobiles; paints for automobiles.

Class 3:

Rust removing preparations; stain removing benzene; paint stripping preparations; polishing preparations; soaps; detergents, other than for use in manufacturing operations and for medical purposes; shampoos; windshield cleaning liquids; perfumes; natural essential oils; synthetic perfumery; aromatic oils; incense; fragrances; scented room sprays; polishing

List of cases accepted for opposition purposes as shown in Journal 2026/026 published on 26 June 2026.

paper; car polish; fragrances for automobiles; detergents for automobiles; automobile wax.

Class 4:

Solid lubricants; preservatives for leather (oils and greases); solid fuels; liquid fuels; gaseous fuels; mineral oils and greases for industrial purposes, not for fuel; lubricating oil for motor vehicle engines; lubricating grease for vehicles; non-mineral oils and greases for industrial purposes, not for fuel; waxes (raw material); lamp wicks; candles; additives, non-chemical, to motor fuel.

Class 5:

Deodorizers for automobiles.

Class 6:

Iron and steel; alloys of common metal; common metals, unwrought or semiwrought; ingots of common metal; metals in powder form; tubes of metal; wire of common metal; ores of metal; pulleys of metal, other than for machines; springs (metal hardware); valves of metal, other than parts of machines; junctions of metal for pipes; flanges of metal (collars); cotter pins of metal; signs, non-luminous and non-mechanical, of metal; tool boxes of metal, empty; joinery fittings of metal.

Class 7:

Compressed air engines; mechanical engine parts for land vehicles; exhaust pipes for land vehicle engines; timing belts for land vehicle engines; mufflers for motors and engines; injectors for engines; fuel injectors; filter elements for fuel filters; radiators (cooling) for motors and engines; oil filters for motors and engines; air filters for automobile engines; filter elements for air cleaners for land vehicle engines; sparking plugs for internal combustion engines; glow plugs for diesel engines; hydraulic turbines; pumps (parts of machines, engines or motors); water pumps for land vehicle engines; water pumps for motors and engines; vacuum pumps (machines); compressors (machines); compressors for air conditioners; vehicle washing installations; shaft bearings (parts of machines); axles for machines; couplings other than for land vehicles; bearings (parts of machines); bearings for transmission shafts; bearings for machines; transmissions, other than for land vehicles; transmission gears for machines; power transmission belts for machines; driving chains other than for land vehicles; gear boxes other than for land vehicles; pulleys (parts of machines); shock absorbers for machines; springs (parts of machines); brakes for machines; brake segments other than for vehicles; brake linings other than for vehicles; brake pads other than for vehicles; brake shoes other than for vehicles; valves (parts of machines); starters for motors and engines; starter motors; alternators; direct current generators; alternators for land vehicles; dynamo brushes; car washing machines.

Class 9:

Mathematical instruments; time clocks (time recording devices); anti-theft warning apparatus; luminous or mechanical; vehicle breakdown warning triangles; luminous or mechanical road signs; game programs for arcade video game machines; simulators for the steering and control of vehicles; apparatus and instruments for physics; cosmographic instruments; graduated glassware; photographic, cinematographic and optical apparatus and instruments; measuring apparatus; measuring instruments; testing apparatus not for medical

purposes; surveying apparatus and instruments; battery chargers; regulating apparatus, electric; control panels (electricity); converters, electric; electrical adapters; fuses; inverters (electricity); electrical plugs and sockets; relays, electric; resistances, electric; switches, electric; transformers (electricity); voltage regulators for vehicles; solar batteries; electric batteries; photovoltaic cells; batteries, electric, for vehicles; ammeters; electric loss indicators; frequency meters; galvanometers; ohmmeters; oscillographs; voltmeters; wavemeters; electric wires; electric cables; telecommunication devices and apparatus; mobile phone straps; straps for mobile telephones; cases for mobile phones; camera straps; loudspeakers; cabinets for loudspeakers; battery chargers for use with telephones; headphones; earphones; telephone apparatus; intercoms; mobile phones; antennas; audio- and video-receivers; camcorders; capacitors; compact disc players; DVD players; electro-dynamic apparatus for the remote control of signals; global positioning system (GPS) apparatus; hands free kits for phones; high-frequency apparatus; intercommunication apparatus; microphones; navigation apparatus for vehicles [on-board computers]; optical data media; sound recording apparatus; sound recording carriers; sound reproduction apparatus; sound transmitting apparatus; transmitters of electronic signals; vehicle radios; video recorders; personal computers for vehicles; tablet computers; computers for use in remote monitoring of fuel cell power generators using communication networks; carrying cases adapted for computers; covers and cases for mobile telephones; covers and cases for tablet computers and notebook computers; computer programs for mobile phones, downloadable; computer programs for fuel saving drive diagnosis devices, downloadable; computer keyboards; central processing units (processors); chips (integrated circuits); computer memory devices; computer operating programs, recorded; computer peripheral devices; computer programs, recorded; computer programs (downloadable software); computer software applications, downloadable; computer software, recorded; data processing apparatus; disks, magnetic; electronic agendas; integrated circuit cards (smart cards); integrated circuits; interfaces for computers; lasers, not for medical purposes; light-emitting diodes (LED); magnetic data media; microprocessors mouse pads; mouse (computer peripheral); optical character readers; printed circuit boards; printed circuits; printers for use with computers; electronic components; electronic memory devices; magnetic cores; anodes; anticathodes; cathodes; satellites for scientific purposes; fire engines; respirators for filtering air; gloves for protection against accidents; eyeglasses; goggles for sports; spectacles; sunglasses; eyeglass cases; eyeglass chains; eyeglass cords; eyeglass frames; containers for contact lenses; spectacle lenses; game programs for home video game machines; electronic circuits and CDROMs recorded with programs for handheld games with liquid crystal displays; electronic circuits and CD-ROMs recorded with automatic performance programs for electronic musical instruments; electric and electronic effects units for musical instruments; phonograph records; downloadable music files; downloadable image files; pre-recorded video discs; pre-recorded videos; downloadable electronic publications; optical glass; electric buzzers; slide-rules; virtual reality headsets; downloadable application software for virtual environments; downloadable virtual clothing; downloadable virtual cars; virtual reality game software; security surveillance robots; teaching robots; laboratory robots; humanoid robots having communication and learning functions for assisting

List of cases accepted for opposition purposes as shown in Journal 2026/026 published on 26 June 2026 .

and entertaining people; telepresence robots; 3D scanners; biometric scanners; biometric locks; downloadable digital image files authenticated by non-fungible tokens [NFTs]; downloadable digital music files authenticated by non-fungible tokens [NFTs]; downloadable computer software applications for minting non-fungible tokens [NFTs]; downloadable computer software for managing cryptocurrency transactions using blockchain technology; encoding and decoding apparatus and instruments; cryptocurrency hardware wallets; scanners [apparatus] for performing automotive diagnostics; electronic keys for automobiles; electric wire harnesses for automobiles; navigation computers for cars; car antennas; charging stations for electric vehicles; insulating gloves.

Class 11:

Air conditioners for vehicles; condensers for air conditioners for vehicles; air filters for air conditioning units; air filters for air conditioning units in vehicle passenger compartments; electric lamps; lighting apparatus and installations; lighting apparatus for vehicles; light-emitting diodes (LED) lighting apparatus; pocket searchlights; LED desk lights; LED light bulbs; headlights for automobiles; rear combination lamps for automobiles.

Class 12:

Traction engine; driving motors for land vehicles; engine mounts for land vehicles; engines for land vehicles; jet engines for land vehicles; motors for land vehicles; propulsion mechanisms for land vehicles; turbines for land vehicles; axle bearings for land vehicles; axles for land vehicles; axle journals; axles for vehicles; cardan shafts for vehicles; universal joints for land vehicles; wheel bearings for land vehicles; automobile chains; connecting rods for land vehicles, other than parts of motors and engines; gear boxes for land vehicles; gearing for land vehicles; hydraulic circuits for vehicles; reduction gears for land vehicles; torque converters for land vehicles; transmission chains for land vehicles; transmission shafts for land vehicles; transmissions for land vehicles; buffers for railway rolling stock; shock absorbers for automobiles; shock absorbing springs for vehicles; suspension shock absorbers for vehicles; torsion bars for vehicles; vehicle suspension springs; brake discs for vehicles; brake linings for vehicles; brake pads for automobiles; brake segments for vehicles; brake shoes for vehicles; brakes for vehicles; parachutes; anti-theft alarms for vehicles; wheelchairs; motors, electric, for land vehicles; vessels (boats and ships); structural parts for boats; aircraft; structural parts for aircraft; railway rolling stock; structural parts for trains; two-wheeled motor vehicles; bicycles; structural parts for motorcycles; structural parts for bicycles; rickshaws; sleighs (vehicles); trolleys; carts; horse-drawn carriages; bicycle trailers; adhesive rubber patches for repairing inner tubes; baby carriages; automobiles and structural parts thereof; buses; structural parts for buses; trucks; structural parts for trucks; dune buggies [vehicles]; vans [vehicles]; sports utility vehicles; coaches; electric cars; hybrid cars; fuel cell cars; hydrogen-fueled cars; driverless cars; vehicles with artificial intelligence; robotic cars; self-driving robots for delivery; ambulances; racing cars; amphibious vehicles; snowmobiles; armored vehicles; fork lift trucks; camping cars; tractors; trailers [vehicles]; trolley buses; hearses; automobile brake control systems for applying emergency braking at low vehicle speeds; electronic brake control apparatus for automobiles.

Class 14:

Precious metals, unwrought or semi-wrought; unwrought precious stones; semi-wrought precious stones and their imitations; key rings [split rings with trinket or decorative fob]; jewellery cases; prize cups of precious metal; ornaments of precious metal in the nature of jewelry; bracelets (jewelry); brooches (jewelry); necklaces (jewelry); pendants (jewelry); tie pins; badges of precious metal; jewelry charms; cuff links; shoe ornaments of precious metal; clocks; watches; horological and chronometric instruments and parts thereof.

Class 16:

Paintbrushes; stationery; stationery-type portfolios; file folders; writing instruments; pouches for writing instruments; writing cases (stationery); printed matter; magazines (periodicals); newsletters; paintings and calligraphic works; photographs (printed); photograph mounts; electric pencil sharpeners.

Class 17:

Gaskets for automotive use; junctions for pipes for use in automobiles, not of metal; insulators for cables; plastic substances, semi-processed; rubber, raw or semiworked.

Class 18:

Handbag frames; purse frames; bags of leather, for packaging; boxes of leather or leatherboard; bags [envelopes, pouches] of leather, for packaging; pouches, of leather, for packaging; bags; drawstring pouches; coin purses, not of precious metal; briefcases; suitcases; wheeled shopping bags; attache cases; shopping bags of textile or leather; bags for sports; rucksacks; small backpacks; school satchels; travelling bags; tote bags; travelling cases of leather; wallets, not of precious metal; business card cases; key cases; pocket wallets; purses; commutation-ticket holders; credit card cases of leather; luggage tags of leather; vanity cases, not fitted; umbrellas; walking sticks; canes; metal parts of canes and walking-sticks; handles for walking-sticks; saddlery; leather straps; rawhides; raw skins; tanned leather; fur; baggage tags of paper.

Class 20:

Binding screws for use in the automotive industry, not of metal, for cables; bolts for use in the automotive industry, not of metal; casters for use in the automotive industry, not of metal; pipe clamps of plastic for use in the automotive industry; cable clips of plastic for use in the automotive industry; pipe clips of plastic for use in the automotive industry; dowels for use in the automotive industry, not of metal; nuts for use in the automotive industry, not of metal; pins (pins) for use in the automotive industry, not of metal; rivets for use in the automotive industry, not of metal; screws for use in the automotive industry, not of metal; washers of plastic for use in the automotive industry; locks, not of metal, for vehicles; locks, other than electric, not of metal; plastic key cards, not encoded and not magnetic; rings, not of metal, for keys; cushions (furniture); pillows; ; tool boxes, not of metal (furniture); furniture; stools; chairs (seats); beds; chests, not of metal; trays, not of metal; indoor window blinds [shade] [furniture]; screens (furniture); freestanding partitions (furniture).

Class 21:

Glass, unworked or semi-worked, except building glass; powder compacts, empty; brushes for pipes; glass jars; glass vials [receptacles]; tableware, other than knives, forks and spoons; dishes; beer mugs; liqueur sets; lunch boxes;

List of cases accepted for opposition purposes as shown in Journal 2026/026 published on 26 June 2026 .

pitchers; salad bowls; saucers; services [dishes] of precious metal; services [dishes], not of precious metal; table plates; teapots; glassware, porcelain and earthenware; cups; tea canisters; tumblers for use as drinking glasses; drinking glasses; nonelectric portable coldboxes; food preserving jars of glass; drinking flasks; insulating flasks; drinking straws; cooking skewers; ice pails; whisks, non-electric, for household purposes; pepper pots; sugar bowls; salt shakers; funnels; corkscrews, non-electric; bottle openers, non-electric; egg cups; tart scoops; napkin holders; napkin rings; chopsticks; chopstick cases; sifters (household utensils); trays for domestic purposes; toothpicks; toothpick holders; cocktail shakers; coffee grinders, hand-operated; mills for household purposes, handoperated; cutting boards for the kitchen; lemon squeezers; citrus juicers; waffle irons, non-electric; coasters, not of paper and other than table linen; candle extinguishers; candlesticks; cinder sifters for household purposes; coal scuttles; fly swatters; mouse traps; feeding vessels for pets; brushes for pets; non-metal piggy banks; boot jacks; vases; flower bowls; upright signboards of porcelain or glass; perfume burners; shoe brushes; shoe horns; shoe shine cloths; shoetrees (stretchers); cattle hair for brushes, raccoon dog hair for brushes, pig bristles for brushes and horsehair for brushes.

Class 22:

Awnings for vessels; tarpaulins; sails; raw textile fibers; cotton fibers; hemp fibers; silk fibers; coarse animal hairs; chemical fibers for textile use; glass fibers for textile use; carbon fibers for textile use; cotton waddings for clothes; hammocks; cotton batting for futon; knitted cords; cordage; netting, not of metal; industrial packaging containers of textile; textile gift bags for wine; straw wrappers for bottles; elastic bands for binding; tarpaulins, not for ships; tents, not for camping; wax ends; mountaineering ropes; tents for mountaineering or camping; sawdust; kapok; wood shavings; wood wool; cattle hair, not for textile use, not for brushes; feathers and downs.

Class 24:

Woven fabrics; knitted fabric; felt and non-woven textile fabrics; oilcloth; gummed waterproof cloth; rubberized cloth; filtering materials of textile; towels of textile; handkerchiefs of textile; mosquito nets; bed sheets; comforters (bedding); quilts; duvet covers; pillowcases; bed blankets; table napkins of textile; glass cloths (towels); wall hangings of textile; curtains; tablecloths, not of paper; draperies (thick drop curtains); labels of cloth.

Class 25:

Clothing; coats; sweaters; cardigans; vests; waistcoats; shirts; cuffs; sport shirts; dresses; skirts; blouses; polo shirts; shirts for suits; sweatshirts; T-shirts; trousers; wind-resistant jackets; jerseys (clothing); nightwear; underwear; swimsuits; traditional Japanese clothing; sleep masks; aprons (clothing); socks; stockings; puttees and gaiters; fur stoles; shawls; scarves; Japanese style socks (tabi); gloves (clothing); neckties; neckerchiefs; bandanas (neckerchiefs); mufflers as neck scarves; ear muffs (clothing); pocket squares; neck warmers; hoods (clothing); nightcaps; headgear for wear; caps being headwear; hats; visors being headwear; garters; sock suspenders; braces (suspenders) for clothing; waistbands (parts of clothing); belts (clothing); footwear; driving shoes; fittings of metal for footwear; sandals; slippers; mules; masquerade costumes; clothing for sports; sports shoes; golf shoes; windsurfing shoes; horse-riding boots; motorists' clothing.

Class 27:

Floor mats for automobiles.

Class 28:

Home video game machines; hand-held games with liquid crystal displays; toys; stuffed toys; toy vehicles; teddy bears; dolls; go games; dice; chess games; checkers (games); conjuring apparatus; dominoes; playing cards; mah-jong; sports equipment; golf equipment; golf balls; golf ball markers; golf gloves; golf clubs; golf club heads; fitted head covers for golf clubs; golf bags, with or without wheels; bags specially adapted for sports equipment; toy cars; model cars.

Class 30:

Binding agents for ice cream; meat tenderizers for culinary purposes; preparations for stiffening whipped cream; aromatic preparations for food; tea; coffee; cocoa; ice, natural or artificial; almond confectionery; biscuits; bread; buns; cakes; candy; caramels (candies); chewing gum; chips (cereal products); chocolate; confectionery; cookies; crackers; edible ices; fruit jellies (confectionery); ice cream; pastries; meat pies; pizzas; peppermint sweets; popcorn; puddings; quiches; rice cakes; rusks; sandwiches; sugar confectionery; waffles; soya bean paste; meat gravies; ketchup (sauce); soya sauce; vinegar; dressings for salad; mayonnaise; barbecue sauce; cube sugar; sugar; maltose; honey; glucose for culinary purposes; starch syrup for culinary purposes; table salt mixed with sesame seeds; cooking salt; celery salt; umami seasonings; spices; ice cream mixes; sorbets [ices]; unroasted coffee; cereal preparations; cake dough; cereal bars; corn flakes; dough; macaroni; oat flakes; oatmeal; pasta; spaghetti; Chinese stuffed dumplings; Chinese steamed dumplings; sushi; boxed lunches consisting of rice, with added meat, fish or vegetables; ravioli; yeast powder; yeast; baking powder; instant confectionery mixes; husked rice; husked oats; husked barley; flour; almond paste.

Class 32:

Beer; aerated water; carbonated beverages, non-alcoholic; mineral water (beverages); non-alcoholic beverages; fruit juices; vegetable juices (beverages); extracts of hops for making beer; whey beverages.

Class 35:

Advertising and publicity services; promoting the goods and services of others through the administration of sales and promotional incentive schemes involving trading stamps; business management analysis or business consultancy; marketing research; auctioneering; import-export agencies; retail services or wholesale services for woven fabrics and beddings; retail services or wholesale services for clothing; retail services or wholesale services for footwear; retail services or wholesale services for bags and pouches; retail services or wholesale services for handkerchiefs of textile, household linen, lockets (jewelry), decorative articles for the hair, cosmetic utensils, charms for key rings and key cases; retail services or wholesale services for foods and beverages; retail services or wholesale services for liquor; retail services or wholesale services for two-wheeled motor vehicles; retail services or wholesale services for bicycles; retail services or wholesale services for furniture; retail services or wholesale services for printed matter; retail services or wholesale services for paper and stationery; retail services or wholesale services for sports goods; retail services or wholesale services for toys, dolls, game

List of cases accepted for opposition purposes as shown in Journal 2026/026 published on 26 June 2026 .

machines and apparatus; retail services or wholesale services for clocks, watches and spectacles (eyeglasses and goggles); online retail services for downloadable virtual clothing; online retail services for downloadable virtual cars; conducting virtual trade show exhibitions on-line; retail services relating to downloadable digital image files authenticated by nonfungible tokens [NFTs]; provision of an online marketplace for buyers and sellers of downloadable digital image files authenticated by non-fungible tokens [NFTs]; retail services or wholesale services for automobiles.

Class 36:

Financing services; discount of bills; acceptance of bills of exchange; liability guarantee and acceptance of bills of exchange; issuing of letters of credit; brokerage services relating to hirepurchase; brokerage of non-life insurance; claims adjustment for non-life insurance; non-life insurance underwriting; insurance premium rate computing; used automobiles appraisal; financial assessment of company credit; charitable fund raising; online banking services rendered in virtual environments; financial trading of cryptocurrency; car broker services.

Class 37:

Repair or maintenance of automobiles; repair or maintenance of two-wheeled motor vehicles; repair or maintenance of vehicle washing installations; repair of bags or pouches; repair of personal ornaments; repair of toys or dolls; rental of car washing apparatus; rental of electric washing machines; car cleaning; tuning of bodies for automobiles; charging of electric vehicles.

Class 38:

Telecommunication (other than broadcasting); computer aided transmission of messages; satellite communication services; rental of telecommunication equipment; providing chatrooms in virtual environments; communication via virtual private networks [VPN].

Class 40:

Treatment or processing of cloth, clothing or fur; metal treating; electroplating; metal tempering; hot dipping; processing of rubber; processing of plastic materials; ceramic processing; woodworking; processing of bamboo, tree barks, rattan, vines or other mineral vegetable materials, other than processing of ingredients; treatment of waste materials; custom manufacture of automobiles for others.

Class 41:

Educational and instruction services; educational and instruction services relating to arts and crafts; educational and instruction services relating to music and dance; arranging and conducting of seminars; providing online electronic publications, not downloadable; reference libraries of literature and documentary records; art exhibition services; publication of books; organization of entertainment shows; organization of shows and concerts; organization, presentation and production of shows and live performances; live entertainment services; production of television, mobile phone television and radio programs; production of radio and television programs for the internet and other media; production of videotape film in the fields of education, culture, entertainment or sports (not for movies or television programs and not for advertising or publicity); organization of automobile races; virtual reality

game services provided on-line from a computer network; art exhibitions using virtual reality; simulated museum services provided in virtual environments for entertainment purposes; virtual physical fitness training services; entertainment services provided in virtual environments; rental of digital image files authenticated by non-fungible tokens [NFTs].

Class 42:

Providing weather information; design services; computer programming; research in the field of artificial intelligence technology; artificial intelligence consultancy; hosting virtual environments; providing virtual computer systems through cloud computing; providing user authentication services using biometric hardware and software technology for e-commerce transactions; providing online non-downloadable computer software for minting nonfungible tokens [NFTs]; data encryption services; cryptomining; automotive design.

Class 43:

Providing food and drink; bar services; cafeteria and restaurant services; providing conference rooms; providing facilities for exhibitions.

Date of International Registration: 03 March 2026

Date of Designation in the UK: 03 March 2026

SMARTBIOME

International priority date claimed: 26 November 2025 (FR)
(5202862)

Class 1:

Chemical and biochemical reagents for non-medical use; diagnostic reagents for scientific use or for research; reagents and media for verification, detection, diagnosis and analysis of micro-organisms in industrial, food, cosmetic and pharmaceutical products, not for medical or veterinary use.

Class 9:

Software for in-vitro diagnostics; software for the purpose of advice, information, diagnosis, monitoring and detection of microorganisms in the pharmaceutical, medical, industrial, veterinary, agri-food and cosmetic fields; software for analyzing and tracking data in the field of the microbiome and microorganisms; software for use in the fields of genetic sequencing of microorganisms, diseases, epidemiology and pathological infections; software for laboratory management in the pharmaceutical, medical, veterinary, industrial, agri-food and cosmetic field; apparatus and instruments for research in laboratories and apparatus and instruments for use in scientific research; diagnostic apparatus and instruments not for medical use.

Class 42:

Software as a Service (SaaS) for in-vitro diagnostics; Software as a Service (SaaS) for advice, information, diagnosis, tracking and detection of microorganisms in the pharmaceutical, medical, industrial, veterinary, agri-food and cosmetic fields; Software as a Service (SaaS) for analyzing and tracking data in the field of the microbiome and microorganisms; Software as a Service (SaaS) for use in the fields of genetic sequencing of microorganisms, diseases, epidemiology and pathological infections; Software as a Service (SaaS) for laboratory management in the pharmaceutical, medical, veterinary, industrial, agri-food and cosmetic field.

bioMérieux

WO0000001304438(43)

Office of Origin: JP

Date of International Registration: 15 April 2016

Date of Designation in the UK: 16 May 2026

Class 43:

Services for providing foods and drinks.

**List of cases accepted for opposition purposes as shown in Journal 2026/026 published on
26 June 2026 .**

Corrections to published marks

UK00004392724 (2026/023, 05 June 2026)

The mark should have advertised in the following form:
MMD

The specification for this application has been amended to read as follows:

Class 12:

Vehicles; autonomous vehicles; trucks; autonomous trucks; wheeled vehicles for loading purposes; parts and fittings for the aforesaid goods; all the aforesaid goods in relation to excavation, mineral prospecting, mining and quarrying.

UK00004383844 (2026/022, 29 May 2026)

The specification for this application has been amended to read as follows:

Class 10:

Spectacles; eye glasses; sunglasses; cases for eyewear; eyeglass and sunglass cords; apparatus to take medical diagnostic readings by contact with the user's skin; ear plugs for noise reduction; ear plugs [ear protection devices].

UK00004357123 (2026/014, 03 April 2026)

The specification for this application has been amended to read as follows:

Class 42:

A { text-decoration: none; color: #464feb; } tr th, tr td { border: 1px solid #e6e6e6; } tr th { background-color: #f5f5f5; }
Research, design and development of software in the field of health, wellness and physiotherapy; providing temporary use of web-based computer applications in the field of health, wellness and physiotherapy; providing temporary use of online non-downloadable computer software in the field of health, wellness and physiotherapy; software as a service (SaaS) in the field of health, wellness and physiotherapy; platform as a service (PaaS) in the field of health, wellness and physiotherapy; cloud computing relating to health, wellness and physiotherapy; application programming interface (API) software in the field of health, wellness and physiotherapy; providing an interactive website relating to health, wellness and physiotherapy; hosting of digital content in the field of

health, wellness and physiotherapy; hosting of platforms in the field of health, wellness and physiotherapy; hosting of portals, blogs and podcasts; rental and leasing of computer software in the field of health, wellness and physiotherapy; providing a website supplying information in relation to personal physical and mental health, medical services, chiropractic services, physiotherapy services, acupuncture services, osteopathy services, sports medicine, massage services, paramedical services, testing, monitoring and analysis of the human body for the provision of medical treatments, clinics, conducting clinical examinations, psychological treatment and care, mental health services, psychiatric services, psychological care, nutritional services, hearing tests, dietary advice, fitness testing, health care, counselling, clinical testing, medical evaluation services, medical examination services, occupational therapy, nursing services, rehabilitation services, physical therapy, therapeutic services; consultancy, information and advisory services in respect of all the aforesaid services; technical data analysis; technical data analysis relating to healthcare; medical and healthcare data analysis; software as a service (SaaS) featuring data analysis platforms.

Class 45:

A { text-decoration: none; color: #464feb; } tr th, tr td { border: 1px solid #e6e6e6; } tr th { background-color: #f5f5f5; }
Licensing of intellectual property rights; intellectual property management services; consultancy relating to the licensing of intellectual property; enforcement of intellectual property rights; licensing of software in the field of health, wellness and physiotherapy; licensing of computer software in the field of health, wellness and physiotherapy.

UK00004348909 (2026/012, 20 March 2026)

The specification for this application has been amended to read as follows:

Class 20:

Baby gates; Baby walkers; Non-metal safety gates for babies, children, and pets; Baby Nests; Cots for babies; Playpens for babies; Expandable safety gates for door openings; Cribs for babies; Mats for infant playpens; Infant playpens (Mats for -); Playpens (Mats for infant -); Baby changing tables; Reusable baby changing mats; Nursery furniture; Furniture for babies; Bedding for nursery cots [other than bed linen].

UK00004352280 (2026/012, 20 March 2026)

The specification for this application has been amended to read as follows:

Class 20:

Baby gates; Non-metal safety gates for babies, children, and pets; Playpens for babies; Cots for babies; Cribs for babies; Baby Nests; Mats for infant playpens; Furniture for babies; Baby changing platforms; Nursery furniture.

UK00004388574 (2026/023, 05 June 2026)

The mark should have advertised in the following form:
The EDII Digital Mindset

The specification for this application has been amended to read as follows:

Class 41:

Education and training services; learning and development programmes focused on the behaviours to thrive in a digital world; organisation of teaching activities; organisation of courses using open learning methods; organisation of courses using programmed learning methods; arranging and conducting workshops, seminars, courses and conferences in the fields of innovation, design thinking, digital transformation, digital skills, data and AI literacy, and leadership for the insurance and financial services industries; development and delivery of curricula and hybrid/online training programmes; providing online non-downloadable videos, webinars and publications; coaching and mentoring for professional development and organisational change; awarding of certificates for course and programme completion; consultancy relating to training and education.

UK00004199381 (2025/022, 30 May 2025)

The specification for this application has been amended to read as follows:

Class 10:

Medical syringes; Injection syringes [syringe barrels] for medical purposes; Medical infusion apparatus for therapeutic purposes; Medical infusion instruments; Medical diagnostic and analytical apparatus, namely, microplates for medical use; Injection solution cartridges for pen-shaped medical syringes; Syringe barrels with a needle for medical purposes in the nature of medical injection syringes; Medical syringes of the type that pharmaceutical preparations are filled before their supply to end users in the nature of prefilled medical syringes; Injection solution containers that are loaded and filled in medical syringe barrels in the nature of medical injection syringes and medical cartridge syringes; Plastic vessels for medical use; Vial-shaped vessels for medicine.

UK00004391018 (2026/023, 05 June 2026)

UK00004341496 (2026/010, 06 March 2026)

The specification for this application has been amended to read as follows:

Class 7 has been deleted in its entirety from the specification for this application.

Class 9:

Thermostats for showers; electronic programmers for showers; electrical solenoids and electrical actuators for use in showers; electrical solenoids and electrical actuators for use as water flow regulators for showers; electrical and electronic apparatus, equipment and sub-assemblies, all for use in or forming electrical parts of pumps, showers and shower installations; parts and fittings for all the aforesaid goods.

UK00004351314 (2026/012, 20 March 2026)

The mark should have advertised in the following form:
Reflexi

The specification for this application has been amended to read as follows:

Class 9:

Computer software packages; Software; Computer software; AI Software; Downloadable software for remote monitoring and analysis; all the foregoing relating to providing a route to market for flexible energy assets to access energy markets; Electrical and electronic instruments and apparatus for logging data; Electrical and electronic instruments and apparatus for storing data; Electrical and electronic instruments and apparatus for processing data; Electrical and electronic instruments and apparatus for the transmission of data; Electrical and electronic instruments and apparatus for the reception of data; Electronic data processing equipment; Electronic data processing apparatus; Electricity indicators; Receivers of electronic signals; Home automation software; Smart home software; Smart house software; Home automation systems; Home automation devices; Servers for home automation; Computer software for time control; Computer software for the control of lighting; Business technology software; Home automation hubs; Business software; Electricity control panels; Control panels [electricity]; Panels for the control of electricity; Optimisation software; Trading software; AI Software; Software for improving electricity supply services; Energy control devices; Apparatus for monitoring electrical energy consumption; Instrument for monitoring electrical energy consumption; Electric control devices for energy management; IoT connectivity; Internet of Things.

Class 38:

Telecommunications services; Portal services; Providing user access to the internet; SIM connectivity; Communications platform; Meter Communications; Device Communications; Electronic data transmission services.

Class 42:

Technological services; Computer programming; Installation, maintenance and repair of computer software; Computer consultancy services; Computer software integration; Computer software development; Development of computer software; Computer software (Design of -); Computer software design; Testing of computer software; Consultancy (Computer software -); Development and maintenance of computer software; Computer software consulting; Development and maintenance of computer database software; Software authoring; Software development in the framework of software publishing; Software creation; Developing computer software; Design and writing of computer software; Services for designing computer software; Software development; Design of software; Computer software consultancy; Computer software (Updating of -); Software consulting services; Consulting services in the field of software as a service [SaaS]; Services provided by consultants in the field of energy eAiciency; Design and development of energy management software; Computer programming for the energy sector; Design and development of software for control, regulation and monitoring of energy systems; development of software for logistics management; Advice related to energy saving; Services provided by consultants relating to technological services in the field of electricity and energy supply; Engineering services relating to energy supply systems; Engineering services in the field of energy technology; services provided by technical consultants in the field of energy saving and energy eAiciency; Technological consultancy services in the field of electromobility (e-mobility); all the foregoing relating to providing a route to market for flexible energy assets to access energy markets.

UK00004361338 (2026/021, 22 May 2026)

The specification for this application has been amended to read as follows:

Class 28:

Games, in particular gambling, casino games, slot machines, all the aforesaid with or without prize payout; slot machines [gaming machines]; gambling machines with or without a prize payout; housings for gambling machines' counters, notes and cards to operate gambling apparatus; electric, electronic or electromechanical apparatus for conducting gambling games; bingo games, lottery games, video lottery games, all the aforesaid networked or unnetworked; machines for playing games of skill or chance.

UK00004349778 (2026/022, 29 May 2026)

The specification for this application has been amended to read as follows:

Class 9:

Software; hardware; AI, automation solutions including hardware and software in support of delivering operational improvements to operating facilities, none of the aforementioned goods/services being for use for or in connection with compressed air, blower air or vacuum technologies, in particular, none of the goods/services being for use for or in connection with compressors, blowers, vacuum pumps or compressed air treatment devices.

Class 42:

Multi-disciplined engineering consultancy services; troubleshooting process operations services; delivering operational excellence services; engineering design, procurement and construction (EPC) services; measurement and analysis services, remote equipment performance monitoring/surveillance services; software solutions and programming services, none of the aforementioned goods/services being for use for or in connection with compressed air, blower air or vacuum technologies, in particular, none of the goods/services being for use for or in connection with compressors, blowers, vacuum pumps or compressed air treatment devices.

UK00004342921 (2026/013, 27 March 2026)

UK00004365581 (2026/020, 15 May 2026)

UK00004345504 (2026/013, 27 March 2026)

The mark should have advertised in the following form:
MONUMENT CLO

The specification for this application has been amended to read as follows:

Class 36:

Financial services; financial management; investment services; investment management services, management of equity and debt investment portfolios, investment asset management, management of equity and debt investment portfolios, investment asset management, investment management services; financial and investment planning and research; financial analysis and investment, management of securities; information, advisory and consultancy services relating to the aforesaid services all of the foregoing services being provided

in connection with collateralised loan obligations and structured credit vehicles; none of the foregoing including or relating to retail banking services or digital banking.

Restrictions

UK00004320008 (2026/013, 27 March 2026)

Specifications have been restricted as follows:

Class 45:

Verification of compliance with professional standards by wedding venues and wedding service businesses.

UK00004371599 (2026/017, 24 April 2026)

Specifications have been restricted as follows:

Class 7:

Floor scrubbing machines; industrial robots; machines and apparatus for cleaning, electric; vending machines; conveyors [machines]; Dust exhausting installations for cleaning purposes; robotic lawnmowers; mobile cranes; Electric window cleaning equipment; Floor cleaning machines; Robotic arms for industrial purposes; Cleaning (Machines and apparatus for -), electric; Conveying machines; handling machines, automatic [manipulators]; cranes [lifting and hoisting apparatus]; lifting apparatus; Atomizers [machines]; machine wheelwork; Electric kitchen machines; dishwashing machines for household purposes; none of the aforesaid goods being steam cleaning apparatus.

UK00004349672 (2026/012, 20 March 2026)

Specifications have been restricted as follows:

Class 29:

Fresh, frozen and processed foods made from fish, meat, shellfish, poultry, fruits and vegetables; frozen, chilled food products and foodstuffs containing meat, fish, shellfish, poultry, fruits and vegetables; none of the aforesaid being prepared or ready-made meals, baked goods, sandwiches, snack foods, pasties or pastry products; preserved, frozen, dried and cooked fruits and vegetables; meat spreads, vegetable spreads, cheese spreads, fish and seafood spreads; ; preserved, dried and cooked fruits and vegetables; pulses; jellies; jams; dairy products; eggs; milk and milk based drinks and products; butter and dairy spreads; cheese and cheese products; yoghurt; cream; nuts and potato crisps; processed nuts; soups; pate; salads; edible oils, oils for use as salad dressings; pickles and preserves; frozen prepared meals; desserts and mousses; dairy desserts; crisps; preserved, canned, dried and processed fruits; fillings for sandwiches; pickles, relish; meat extracts; pickled, preserved, dried and cooked vegetables; compotes; edible oils and fats.

Class 30:

Food products made from pasta and cereals; cereal food products; flour and preparations made of flour; bakery products [fresh and frozen]; bread; none of the aforesaid being prepared or ready-made meals, baked goods, sandwiches, snack foods, pasties or pastry products; frozen pizza; frozen cakes and frozen waffles; coffee, mixtures of coffee and chicory; drinking chocolate and cocoa; tea and herbal tea; sugar; rice; bread; cakes; pasta; biscuits; chocolate and confectionery; ice creams and sorbets; sauces and spices; vanilla pods; salad dressings and mayonnaise; condiments; frozen foodstuffs made predominantly of confectionary, chocolate and ice cream; baguettes; pizzas, paninis; food flavouring essential oils.

Class 35:

Wholesale services in relation to foodstuffs; wholesale services in relation to meats, fish, fruit and vegetables (fresh, frozen, preserved and processed); wholesale services in relation to confectionery; wholesale services in relation to dairy products; wholesale services in relation to desserts; wholesale services in relation to chocolate; purchasing of food products for other businesses; none of the aforesaid being wholesale or intermediary procurement services in relation to prepared or ready-made meals, baked goods, sandwiches, snack foods, pasties or pastry products; wholesale services in relation to catering supplies; wholesale services in relation to food preparation implements; wholesale services in relation to kitchen supplies and kitchenware; wholesale services in relation to tableware and cookware.

UK00004348289 (2026/012, 20 March 2026)

Specifications have been restricted as follows:

Class 41:

Educational services relating to the conservation of nature, namely, a biodiversity certification scheme.

Class 42:

Environmental surveys; Research in the field of ecology; Environmental protection (Research in the field of -); Research relating to environmental protection; Consultancy services relating to research in the field of environmental protection; all of the aforesaid services provided in relation to a biodiversity certification scheme.

Class 44:

Reintroduction and conservation of wildlife; Wildlife management; Wildlife inventory services.

UK00004376583 (2026/020, 15 May 2026)

Specifications have been restricted as follows:

Class 9:

Blue light blocking glasses; spectacles; sunglasses; smart glasses; downloadable mobile applications.

Class 10:

Acupressure mats; sunglasses; spectacles; massage apparatus; Blue light blocking glasses; therapeutic massage devices; red light therapy masks; red light therapy lamps; light-based therapeutic apparatus; massage rollers; massage balls; reflexology devices; red light therapy devices; sleep masks; therapeutic weighted blanket; spectacle frames; spectacle lenses; anti-glare glasses; cases for spectacles and sunglasses; spectacle chains; spectacle cords; mouth tape for breathing; nasal strips.

Class 21:

Tongue scrapers; toothbrushes; dental floss; interdental brushes; tongue cleaners; reusable water bottles; sports bottles; shaker bottles; gym bottle with magnetic attachment; magnetic water bottles; water bottles with magnetic attachment; ice baths; cold plunge baths.

UK00004349671 (2026/012, 20 March 2026)

Specifications have been restricted as follows:

Class 41:

Publishing in the field of health, wellness and physiotherapy; editing in the field of health, wellness and physiotherapy;

providing on-line and electronic publications (non-downloadable) in the field of health, wellness and physiotherapy; electronic library services in the field of health, wellness and physiotherapy; provision of online, non-downloadable videos in the field of health, wellness and physiotherapy; audio, visual and multimedia production in the field of health, wellness and physiotherapy; digital video, audio and multimedia publishing services in the field of health, wellness and physiotherapy; video library services in the field of health, wellness and physiotherapy; education & training services in the field of health, wellness and physiotherapy; conducting exercise and fitness classes, yoga classes, pilates classes; providing non-downloadable pre-recorded videos featuring physiotherapy, bio-medical rehabilitation, fitness & exercise sessions via a website; wellness and health coaching services; online journals, namely, blogs featuring commentary, advice and information in the fields of health, wellness, physiotherapy, bio-medical rehabilitation, sleep, fitness and nutrition; health coaching services, namely, providing personal coaching services in the fields of diet, nutrition, wellness, fitness, physiotherapy, bio-medical rehabilitation, mental health, and chronic medical condition management; health care coaching services, namely offering calls or chats, notifications, the ability to track activities, incentive management solutions and wellness challenges; including the provision of all the aforementioned services online; information, advice and consultancy services for all the aforesaid services.

Class 42:

Research, design and development of software in relation to health, wellness and physiotherapy; providing temporary use of web-based computer applications in relation to health, wellness and physiotherapy; providing temporary use of online non-downloadable computer software in relation to health, wellness and physiotherapy; software as a service (SaaS) in relation to health, wellness and physiotherapy; platform as a service (PaaS) in relation to health, wellness and physiotherapy; cloud computing; application programming interface (API) software; providing an interactive website in the field of health, wellness and physiotherapy; hosting of digital content in relation to health, wellness and physiotherapy; hosting of platforms in relation to health, wellness and physiotherapy; hosting of portals, blogs and podcasts in relation to health, wellness and physiotherapy; rental and leasing of computer software; providing a website supplying information in relation to personal physical & mental health, medical services, chiropractic services, physiotherapy services, acupuncture services, osteopathy services, sports medicine, massage services, paramedical services, testing, monitoring and analysis of the human body for the provision of medical treatments, clinics, conducting clinical examinations, psychological treatment and care, mental health services, psychiatric services, psychological care, nutritional services, hearing tests, dietary advice, fitness testing, health care, counselling, clinical testing, medical evaluation services, medical examination services, occupational therapy, nursing services, rehabilitation services, physical therapy, therapeutic services; consultancy, information, advisory services in respect of all the aforesaid services.

UK00004344582 (2026/012, 20 March 2026)

Specifications have been restricted as follows:

Class 7:

Electrical water pumps, namely submersible water pumps for clean and dirty water; parts and fittings for all the aforesaid

goods: none of the aforementioned goods for use in or on vehicles.

UK00004394391 (2026/024, 12 June 2026)

Specifications have been restricted as follows:

Class 9:

Downloadable mobile applications; Downloadable software applications for mobile phones; Downloadable applications for mobile devices; Educational mobile applications; Mobile application software; Mobile apps; Software applications; Downloadable software; Educational tablet applications; Software downloadable from the internet; all relating to fitness, exercise, strength training, balance training, physical activity, rehabilitation and healthy ageing, and associated educational content.

Class 41:

Exercise instruction; Fitness and exercise instruction; Exercise [fitness] training services; Fitness and exercise training services; Provision of instruction relating to exercise; Physical fitness instruction; Exercise [fitness] advisory services; Physical fitness assessment services for training purposes; Physical fitness training services; Health and fitness training; Fitness training services.

UK00004365091 (2026/016, 17 April 2026)

Specifications have been restricted as follows:

Class 5:

Vitamin supplements; Gummy vitamins; Dietary and nutritional supplements; Nutritional supplements; Food supplements; Herbal supplements; Pharmaceutical drugs; Herbal medicine.

UK00004346711 (2026/012, 20 March 2026)

Specifications have been restricted as follows:

Class 9:

Thermistor probes; monitors; wearable monitors; computer display monitors; thermal imaging cameras; weighing scales; scales; weighing scales for medical use; portable digital electronic scales; cameras; lasers; programmable timers; countdown timers; electric timers; temperature gauges; temperature sensors; batteries; laboratory centrifuges; laboratory swabs [laboratory instruments]; diagnostic apparatus for research laboratory use; laboratory oscilloscopes; test tubes; refractometers; microscopes; parts, fittings and accessories for the aforesaid; all of the aforesaid goods being for use in the medical and veterinary industries.

Class 42:

Laboratory testing; laboratory testing services; laboratory analysis; veterinary laboratory services; technical research and development services in the fields of animal science, veterinary science, chemistry and pharmaceuticals; information, advisory and consultancy services relating to all of the aforesaid services; all of the aforesaid services only in relation to medical and veterinary research and laboratory services.

UK00004346909 (2026/012, 20 March 2026)

Specifications have been restricted as follows:

Class 9:

Thermistor probes; monitors; wearable monitors; computer display monitors; thermal imaging cameras; weighing scales; scales; weighing scales for medical use; portable digital

electronic scales; cameras; lasers; programmable timers; countdown timers; electric timers; temperature gauges; temperature sensors; batteries; laboratory centrifuges; laboratory swabs [laboratory instruments]; diagnostic apparatus for research laboratory use; laboratory oscilloscopes; test tubes; refractometers; microscopes; parts, fittings and accessories for the aforesaid; all of the aforesaid goods being for use in the medical and veterinary industries.

Class 42:

Laboratory testing; laboratory testing services; laboratory analysis; veterinary laboratory services; technical research and development services in the fields of animal science, veterinary science, chemistry and pharmaceuticals; information, advisory and consultancy services relating to all of the aforesaid services; all of the aforesaid services only in relation to medical and veterinary research and laboratory services.

UK00004327891 (2026/015, 10 April 2026)

Specifications have been restricted as follows:

Class 9:

Data sets, recorded or downloadable; data processing apparatus; computer programs, downloadable; computer software platforms, recorded or downloadable; computer software for database management; downloadable application software for virtual environments; computer software for authorising access to databases; computer software for accessing databases; computer software for accessing computer networks; none of the aforesaid goods in relation to management of digital signage networks; chemistry apparatus and instruments; measuring apparatus and instruments; artificial intelligence software for analysis; devices for analyzing protein sequence used as laboratory apparatus; research laboratory analyzers for measuring, testing and analyzing blood and other bodily fluids.

Class 42:

Research and development of new products for others; research in the field of artificial intelligence technology; scientific laboratory services; chemical research and analysis; working on and evaluation of chemical syntheses; pharmaceutical research services; pharmaceutical research and development services; development, updating and maintenance of software and database systems, excluding services relating to management of digital signage networks; development of data processing programs by order of third parties; software as a service [SaaS], excluding services relating to management of digital signage networks; platform as a service [PaaS], excluding services relating to management of digital signage networks.

UK00004331461 (2026/013, 27 March 2026)

Specifications have been restricted as follows:

Class 9:

On-line publications; downloadable electronic publications; computer software relating to education and training; education software; downloadable educational course materials; CD-ROMs; DVDs; CDs; sound recordings; video recordings; podcasts; all the aforesaid goods in the field of primary, secondary and tertiary education and training.

Class 16:

Educational materials for use in teaching; teaching manuals; teaching materials; printed schemes of work for educational courses; instructional materials; periodical publications; printed material; printed publications; books; printed matter;

instructional and teaching materials; training manuals; magazines; brochures; all the aforesaid goods in the field of primary, secondary and tertiary education and training; calendars; stationery materials; pictures; photographs; school stationery supplies; stationery; posters; paper; cardboard; adhesives for stationery or household purposes; artists' materials; paint brushes; typewriters and office requisites (except furniture); plastic materials for packaging (not included in other classes); printers' type; printing blocks; postcards; maps; albums; photograph albums; charts.

Class 41:

Primary, secondary and tertiary education; training in relation to primary, secondary and tertiary education; advanced training in relation to primary, secondary and tertiary education; primary, secondary and tertiary education services; primary education services; primary and secondary school services; primary, secondary and tertiary education academies; primary, secondary and tertiary academy education services; academic mentoring of primary and secondary school-age children; distance learning courses in the field of primary, secondary and tertiary education and training; arranging of courses of instruction in relation to primary, secondary and tertiary education and training; conducting of primary, secondary and tertiary educational courses; designing of primary, secondary and tertiary education courses; preparing schemes of work for primary, secondary and tertiary educational courses; production of course material in the nature of schemes of work relating to primary, secondary and tertiary educational courses; services for arranging teaching programmes in relation to primary, secondary and tertiary education and training; operating of primary and secondary schools; physical education instruction; sporting education services; provision of sports and recreational facilities; providing recreation facilities; educational examination services; provision of primary, secondary and tertiary educational examination facilities; providing facilities for primary, secondary and tertiary educational purposes; arranging of award ceremonies in the field of primary, secondary and tertiary education and training; arranging of award ceremonies to recognise achievement in the field of primary, secondary and tertiary education and training; publication of primary, secondary and tertiary educational teaching materials; publication of texts in relation to primary, secondary and tertiary education and training; publishing texts other than advertising texts, in relation to primary, secondary and tertiary education and training; publishing books in relation to primary, secondary and tertiary education and training; electronic desktop publishing in relation to primary, secondary and tertiary education and training; providing instant electronic publications (online) non-downloadable in relation to primary, secondary and tertiary education and training; publishing instant electronic books and newspapers (online) in relation to primary, secondary and tertiary education and training; writing texts other than advertising texts, in relation to primary, secondary and tertiary education and training; advisory services relating to publishing in relation to primary, secondary and tertiary education and training; developing primary, secondary and tertiary educational manuals; arranging musical and theatrical events in the field of primary, secondary and tertiary education; provision of facilities for musical and theatrical events in the field of primary, secondary and tertiary education; arranging and conducting conferences, seminars and exhibitions in the field of primary, secondary and tertiary education and training; arranging for students to participate in primary, secondary and tertiary educational courses; arranging

for students to participate in recreational activities in the field of primary, secondary and tertiary education; arranging for students to participate in recreational courses in the field of primary, secondary and tertiary education; arranging group recreational activities in the field of primary, secondary and tertiary education; organising events for cultural purposes in the field of primary, secondary and tertiary education; organisation of exhibitions for cultural or educational purposes in the field of primary, secondary and tertiary education and training; entertainment in the field of primary, secondary and tertiary education and training; holiday camps services (entertainment); arranging and conducting educational discussion groups, not online in the field of primary, secondary and tertiary education and training; arranging and conducting educational events for charitable purposes in the field of primary, secondary and tertiary education and training; organising of games or competitions (for education and entertainment) in the field of primary, secondary and tertiary education and training; organising sports matches; sports camp services; adult education services in the field of primary, secondary and tertiary education and training; professional development services provided by way of adult training in the field of primary, secondary and tertiary education and training; training relating to the provision of primary, secondary and tertiary education; professional training in relation to primary, secondary and tertiary education; practical training (presentation) in relation to primary, secondary and tertiary education; workshops (training) in relation to primary, secondary and tertiary education; vocational training in relation to primary, secondary and tertiary education; vocational guidance (primary, secondary and tertiary educational or training advice); adult education services relating to primary, secondary and tertiary teaching; information and advisory services relating to primary, secondary and tertiary education; primary, secondary and tertiary education information; information services relating to primary and secondary schools; primary, secondary and tertiary education advisory services; arranging of conferences in relation to primary, secondary and tertiary education; arrangement of training courses in teaching institutes in relation to primary, secondary and tertiary education; arranging and conducting educational discussion groups in relation to primary, secondary and tertiary education; analysing educational test scores and data for others; primary, secondary and tertiary educational consultancy services; primary, secondary and tertiary education and training consultancy; consultancy services relating to primary, secondary and tertiary education; consultancy services relating to the provision of primary, secondary and tertiary education; consultancy services relating to the design of primary, secondary and tertiary educational courses; consultancy and training services in relation to the management of primary and secondary schools; education and training in relation to the management of primary and secondary schools; primary, secondary and tertiary education services relating to management; consultancy services relating to primary, secondary and tertiary education management; boarding primary and secondary schools; nurseries; religious education; mobile library services in relation to primary, secondary and tertiary education and training; loaning libraries in relation to primary, secondary and tertiary education and training; services of mobile libraries in relation to primary, secondary and tertiary education and training; rental of gaming equipment; rental of sports equipment other than vehicles; rental of sports stadiums; rental of stadium facilities; tennis courts rentals; consultancy,

information and advisory services related to all the aforesaid services.

UK00004357627 (2026/014, 03 April 2026)

Specifications have been restricted as follows:

Class 5:

Dental abrasives; Air purifying preparations; Albuminous foodstuffs for medical purposes; Alloys of precious metals for dental purposes; Adhesive plasters; Vitamin preparations; Solutions for contact lenses; Chemical contraceptives; Haemostatic pencils; Teeth filling material; Dental impression materials; Dental mastics; Porcelain for dental prostheses; Deodorants, other than for human beings or for animals; Medicinal tea; Herb teas for medicinal purposes; Herbs (Medicinal); Cod liver oil; Medicinal oils; Semen for artificial insemination; Menthol; Nutritive substances for microorganisms; Tonics [medicines]; By-products of the processing of cereals for dietetic or medical purposes; Medicines for human purposes; Medicines for veterinary purposes; Dietetic substances adapted for medical use; Dietary fibre; Mineral dietary supplements; Nutritional supplements; Air deodorising and air purifying preparations; Stem cells for medical purposes; Personal sexual lubricants; Vaginal lubricants; Preparations for inhibiting sexual coupling; Preparations for facilitating sexual coupling; Preparations for reducing sexual activity; Appetite suppressant pills; Slimming pills; Tanning pills; Dietary supplements for animals; Pesticides; Diapers for pets; Medicated animal feed; Pharmaceuticals; Sexual stimulant gels; Antibacterial gels; Analeptic stimulants; Lubricant gels for personal use; Herbal male enhancement capsules; Hair growth stimulants; Chemical contraceptive sponges; Dietary supplements for pets in the nature of a powdered drink mix; Immunostimulants; Freeze-dried food adapted for medical purposes; Vitamin supplement patches; Dietary supplements with a cosmetic effect; Disposable house training pads for pets; Wipes impregnated with disinfectants for hygiene purposes; Aromatherapy oils; Orgasm creams; Nicotine preparations for use as aids to stop smoking; Psychomotor stimulants; Respiratory stimulants; Pharmaceutical for the treatment of erectile dysfunction; Vaginal washes for medical purposes; Male fertility test kits.

UK00004369623 (2026/017, 24 April 2026)

Specifications have been restricted as follows:

Class 42:

Engineering consultancy relating to scientific instruments; Scientific consultancy relating to scientific instruments; Technological consultancy relating to scientific instruments; Engineering consultancy services relating to scientific instruments; Advisory services relating to scientific instruments; Technical consultancy relating to product development of scientific instruments for use in university and research environments.

UK00004331588 (2026/013, 27 March 2026)

Specifications have been restricted as follows:

Class 9:

On-line publications; downloadable electronic publications; computer software relating to education and training; education software; downloadable educational course materials; CD-ROMs; DVDs; CDs; sound recordings; video recordings; podcasts; all the aforesaid goods in the field of primary, secondary and tertiary education and training.

Class 16:

Educational materials for use in teaching; teaching manuals; teaching materials; printed schemes of work for educational courses; instructional materials; periodical publications; printed material; printed publications; books; printed matter; instructional and teaching materials; training manuals; magazines; brochures; all the aforesaid goods in the field of primary, secondary and tertiary education and training; calendars; stationery materials; pictures; photographs; school stationery supplies; stationery; posters; paper; cardboard; adhesives for stationery or household purposes; artists' materials; paint brushes; typewriters and office requisites (except furniture); plastic materials for packaging (not included in other classes); printers' type; printing blocks; postcards; maps; albums; photograph albums; charts.

Class 41:

Primary, secondary and tertiary education; training in relation to primary, secondary and tertiary education; advanced training in relation to primary, secondary and tertiary education; primary, secondary and tertiary education services; primary education services; primary and secondary school services; primary, secondary and tertiary education academies; primary, secondary and tertiary academy education services; academic mentoring of primary and secondary school-age children; distance learning courses in the field of primary, secondary and tertiary education and training; arranging of courses of instruction in relation to primary, secondary and tertiary education and training; conducting of primary, secondary and tertiary educational courses; designing of primary, secondary and tertiary education courses; preparing schemes of work for primary, secondary and tertiary educational courses; production of course material in the nature of schemes of work relating to primary, secondary and tertiary educational courses; services for arranging teaching programmes in relation to primary, secondary and tertiary education and training; operating of primary and secondary schools; physical education instruction; sporting education services; provision of sports and recreational facilities; providing recreation facilities; educational examination services; provision of primary, secondary and tertiary educational examination facilities; providing facilities for primary, secondary and tertiary educational purposes; arranging of award ceremonies in the field of primary, secondary and tertiary education and training; arranging of award ceremonies to recognise achievement in the field of primary, secondary and tertiary education and training; publication of primary, secondary and tertiary educational teaching materials; publication of texts in relation to primary, secondary and tertiary education and training; publishing texts other than advertising texts, in relation to primary, secondary and tertiary education and training; publishing books in relation to primary, secondary and tertiary education and training; electronic desktop publishing in relation to primary, secondary and tertiary education and training; providing instant electronic publications (online) non-downloadable in relation to primary, secondary and tertiary education and training; publishing instant electronic books and newspapers (online) in relation to primary, secondary and tertiary education and training; writing texts other than advertising texts, in relation to primary, secondary and tertiary education and training; advisory services relating to publishing in relation to primary, secondary and tertiary education and training; developing primary, secondary and tertiary educational manuals; arranging musical and theatrical events in the field of primary, secondary and tertiary education; provision of facilities for musical and

theatrical events in the field of primary, secondary and tertiary education; arranging and conducting conferences, seminars and exhibitions in the field of primary, secondary and tertiary education and training; arranging for students to participate in primary, secondary and tertiary educational courses; arranging for students to participate in recreational activities in the field of primary, secondary and tertiary education; arranging for students to participate in recreational courses in the field of primary, secondary and tertiary education; arranging group recreational activities in the field of primary, secondary and tertiary education; organising events for cultural purposes in the field of primary, secondary and tertiary education; organisation of exhibitions for cultural or educational purposes in the field of primary, secondary and tertiary education and training; entertainment in the field of primary, secondary and tertiary education and training; holiday camps services (entertainment); arranging and conducting educational discussion groups, not online in the field of primary, secondary and tertiary education and training; arranging and conducting educational events for charitable purposes in the field of primary, secondary and tertiary education and training; organising of games or competitions (for education and entertainment) in the field of primary, secondary and tertiary education and training; organising sports matches; sports camp services; adult education services in the field of primary, secondary and tertiary education and training; professional development services provided by way of adult training in the field of primary, secondary and tertiary education and training; training relating to the provision of primary, secondary and tertiary education; professional training in relation to primary, secondary and tertiary education; practical training (presentation) in relation to primary, secondary and tertiary education; workshops (training) in relation to primary, secondary and tertiary education; vocational training in relation to primary, secondary and tertiary education; vocational guidance (primary, secondary and tertiary educational or training advice); adult education services relating to primary, secondary and tertiary teaching; information and advisory services relating to primary, secondary and tertiary education; primary, secondary and tertiary education information; information services relating to primary and secondary schools; primary, secondary and tertiary education advisory services; arranging of conferences in relation to primary, secondary and tertiary education; arrangement of training courses in teaching institutes in relation to primary, secondary and tertiary education; arranging and conducting educational discussion groups in relation to primary, secondary and tertiary education; analysing educational test scores and data for others; primary, secondary and tertiary educational consultancy services; primary, secondary and tertiary education and training consultancy; consultancy services relating to primary, secondary and tertiary education; consultancy services relating to the provision of primary, secondary and tertiary education; consultancy services relating to the design of primary, secondary and tertiary educational courses; consultancy and training services in relation to the management of primary and secondary schools; education and training in relation to the management of primary and secondary schools; primary, secondary and tertiary education services relating to management; consultancy services relating to primary, secondary and tertiary education management; boarding primary and secondary schools; nurseries; religious education; mobile library services in relation to primary, secondary and tertiary education and training; loaning libraries in relation to

primary, secondary and tertiary education and training; services of mobile libraries in relation to primary, secondary and tertiary education and training; rental of gaming equipment; rental of sports equipment other than vehicles; rental of sports stadiums; rental of stadium facilities; tennis courts rentals; consultancy, information and advisory services related to all the aforesaid services.

UK00004371399 (2026/018, 01 May 2026)

Specifications have been restricted as follows:

Class 35:

Benchmarking (evaluation of business organisation practices) related to women's health and women's health technology.

Class 41:

Education and training consultancy; Education and training services related to women's health and women's health technology.

Class 42:

Testing, analysis and evaluation of services in the field of women's health and femtech companies, and service provision towards the women's health and women's health technology sector, for the purpose of certification.

UK00004358850 (2026/014, 03 April 2026)

Specifications have been restricted as follows:

Class 35:

Marketing consulting; Marketing; Advertising and marketing consultancy; Advertising and marketing services; Business advisory services; Business consultancy and advisory services; Business management advisory services relating to commercial enterprises; Business management consultancy; Business management consultancy in the field of executive and leadership development; Business marketing consultancy; Career advisory services (other than education and training advice); Consultancy and advisory services in the field of business strategy; Consultancy regarding advertising communications strategy; Management (Advisory services for business -); Marketing consultancy; Marketing research; Marketing services; Strategic business consultancy; none relating to clothing, footwear, headwear or fashion.

UK00004371247 (2026/017, 24 April 2026)

Specifications have been restricted as follows:

Class 21:

Garlic presses [kitchen utensils]; Basins [bowls]; Cloths for cleaning; Molds [kitchen utensils]; Blenders, non-electric, for household purposes; Cookery molds; Ice cube molds; Cutting boards for the kitchen; Frying pans; Toothbrushes; Mills for household purposes, hand-operated; Containers for household or kitchen use; Table napkin holders; Tableware, other than knives, forks and spoons; Kitchen utensils; Make-up sponges; Lint removers, electric or non-electric; Roaster pans; Pet feeding bowls, automatic.

UK00004347763 (2026/024, 12 June 2026)

Specifications have been restricted as follows:

Class 9:

Electric wiring; Kitchen scales; Temperature monitors [valves] for central heating radiators; Radios; Radio sets; Transistors [electronic]; Flash memory; Flash memory card; Flash memory

cards; USB flash drives; Memory sticks; Memory devices; Memory storage devices; None of the aforesaid goods being used in relation to mobile phones, smart phones and/or their accessories thereof.

Class 25:

Clothing; Knitwear [clothing]; Jackets [clothing]; Ready-to-wear clothing; Woolen clothing; Garments for protecting clothing; Jerseys [clothing]; Denims [clothing]; Shorts [clothing]; Cashmere clothing; Silk clothing; Knitted clothing; Hoods [clothing]; Windproof clothing; Belts [clothing]; Belts for clothing; Rainproof clothing; Infant clothing; Leisure clothing; Clothing for children; none of the aforesaid in relation to golf, all the aforesaid excluding athletic apparel, sports uniforms and performance sports clothing.

UK00004375365 (2026/020, 15 May 2026)

Specifications have been restricted as follows:

Class 9:

Software; Software testing software; Software reliability software; Computer software; Collaboration software platforms [software]; Computer software packages; Antivirus software; Software for computers; Enterprise software; Antispyware software; Computer software development tools; Multimedia software; Plugin software; System software; Computer software applications; Antimalware software; Software applications; Workflow software; Programming software; Bioinformatics software; Debugging software; Computer antivirus software; Downloadable computer software; Computer software for computer aided software engineering; Computer application software; Compiler software; Software compiler; Computer software platforms; Server-side software; Application software; Encryption software; Networking software; Computer e-commerce software; Computer software programs; Hardware testing software; Graphics software; Interface software; Telecommunications software; E-commerce software; Computer software for encryption; Computer telephony software; Downloadable software; Server software; Computer software applications, downloadable; Downloadable computer software applications; Simulation software; Computer interface software; Editing software; Computer programming software; Computer hardware for use in computer-assisted software engineering; Business software; Platform software; Cryptography software; Operating software; Accounting software; Downloadable computer security software; Programs (Computer -) [downloadable software]; Computer programs [downloadable software]; Computer operating software; Smartphone software; Software suites; Publishing software; Gaming software; Computer firewall software; Intranet software; Embedded software; Security software; Downloadable computer utility software; Optimisation software; Downloadable computer software for blockchain technology; Computer software for advertising; Computer graphics software; Hardware reliability software; Educational computer software; Software development tools; Music software; Mobile software; Utility software; Manufacturing software; Computer software [programmes]; Diagramming software; Software for smartphones; Communications software; Testing software; Biometric software; Animation software; Computer game software; Downloadable software applications; Business technology software; Computer software for database management; Downloadable computer software for the management of data; AI software; Financial management software; Training software; Risk detection

software; Operational risk management software; Threat detection software, but not including radiology software; artificial intelligence software or radiology; downloadable software for radiology reporting; downloadable software for medical imaging, diagnostic imaging, DICOM view

Class 16:

Manuals for computer software; Manuals for use with software.

Class 35:

Retail services for computer software; Wage payroll preparation; Pay per click advertising; Preparation of wage slips; Recruitment of flight personnel; Secretarial employment services; Secretarial employment agency services; Business management of insurance agencies and brokers on an outsourcing basis; Secretarial services provided by hotels; Secretarial and clerical services; Employment recruiting consultancy; Rental of advertising time on communication media; Financial auditing; Financial marketing; Auditing of financial statements; Financial records management; Business management; Commercial management; Inventory management; Business organization and management consultancy including personnel management; Business management supervision; Business project management; Inventory management services; Business management planning; Business project management services; Business administration and management; Business management services; Business risk management services; Consultancy relating to business management; Assistance with business management; Commercial business management; Career advisory services (other than education and training advice); Provision of business management assistance; Corporate management assistance; Provision of business management information.

Class 36:

Financial banking; Financial investment; Financial investments; Financial underwriting; Financial and monetary services; Financial lending; Financial transactions; Financial securities; Financial and monetary services, and banking; Financial assistance; Financial management; Management (Financial -); Financial services; Financial evaluations [banking]; Financial brokerage; Brokerage (Financial -); Financial affairs; Financial engineering; Financial sponsorship; Sponsorship (Financial -); Financial consulting; Financial economic analysis; Financial forecasting; Banking and financial services; Insolvency services [financial]; Financial investment services; Financial information; Information (Financial -); Financial consultancy; Consultancy (Financial -); Financial planning; Financial valuations; Valuations (Financial -); Financial and monetary transaction services; Financial economic advisory services; Economic research services [financial]; Economic financial research services; Financial information services relating to financial bond markets; Financial advice; Financial research; Research (Financial -); Financial information services relating to financial stock markets; Financial appraisal; Financial leasing; Personal financial banking services; Financial analysis; Analysis (Financial -); Financial credit services; Financial analyses; Financial appraisals; Appraisals (Financial -); Financial patronage; Financial solvency investigations; Financial evaluations; Financial management of funds; Financial exchange; Financial evaluation; Financial investment brokerage; Financial loan services; Personal financial planning; Financial information for investors; Financial management for businesses; Management of financial assets; Financial

assessments; Financial management of pensions; Financial sponsorship services; Financial transaction services; Financial loan consultancy; Financial guardianship; Financial affairs services; Financial studies; Studies (Financial -); Financial savings services; Financial management relating to banking; Financial fund management; Financial investment management services; Financial banking services for the withdrawal of money; Financial valuation services; Financial trust operations; Financial management of stocks; Financial management of companies; Financial planning services; Financial investment fund services; Financial brokerage services; Financial consultation; Financial management services; Financial loss management; Personal financial planning services; Financial investment research services; Financial appraisal services; Factoring of financial undertakings; Risk management [financial]; Brokerage of financial derivatives; Consultations [financial]; Financial risk management; Financial loans to commerce; Arranging of financial investments; Financial services relating to investment; Financial asset management; Financial management of cash accounts; Financial research services; Financial investment advisory services; Financial management relating to investment; Financial analysis services; Planning (estate -) [financial]; Financial payment services; Provision of financial securities; Financial credit services for exporters; Business liquidation services, financial; Evaluation (Financial -) [insurance, banking, real estate]; Financial evaluation [insurance, banking, real estate]; Financial information services; Acquisition for financial investment; Clearing-houses, financial; Financial trust management; Financial investigation services; Clearing, financial; Financial clearing; Financial management services relating to banking institutions; Financial advisory services; Financial risk management services; Financial market information services; Financial consulting services; Financial nominee services; Financial and investment consultancy services; Actuarial services relating to financial transactions; Financial trust planning; Financial intermediary services; Financial planning for retirement; Asset evaluation [financial]; Financial pre-payment services; Financial assessment of company credit; Financial exchange services; Financial services relating to business; Financial investment in the field of securities; Financial consultancy relating to loans; Brokerage services in financial markets; Financial portfolio management; Personal financial planning advisory services; Pension fund financial management; Financial planning and management; Financial management and planning; Trading of financial derivatives; Financial underwriting and securities issuance (investment banking); Management of property; Property management; Property portfolio management; Property management services; Property asset management services; Estate management; Property (Real estate -) management; Real estate property management; Real estate and property management services; Management of land; Asset management; Real estate services related to management of property investments; Management of commercial properties; Management of assets; Estate management services relating to transactions in real property; Asset management services; Investment management; Investment asset management; Leasing of property; Financial valuation of freehold property; Estate trust management; Asset and portfolio management; Wealth management; Management of apartments; Valuation of property; Property valuation; Provision of finance for property development; Building management; Administration of property portfolios; Property investment services; Financial valuation of leasehold property;

Advertising, marketing, promotional and publicity services in relation to talent representation, modelling agencies, models, creative artists, performers, actors, influencers, entertainers, and content creators; Booking agent services for models; Business administration, advisory, consultancy, organisation and management in relation to talent representation, modelling agencies, models, creative artists, performers, actors, influencers, entertainers, and content creators; Business intermediary services in relation to talent representation, modelling agencies, models, creative artists, performers, actors, influencers, entertainers, and content creators; Employment agency services; Employment booking services for performing artists; Event marketing in relation to talent representation, modelling agencies, models, creative artists, performers, actors, influencers, entertainers, and content creators; Job agency services; Management of performing artists; Providing a searchable online advertising guide featuring the goods and services of online vendors in relation to talent representation, modelling agencies, models, creative artists, performers, actors, influencers, entertainers, and content creators; Provision of an online marketplace for buyers and sellers of goods and services; Promotional and sales promotion services in relation to talent representation, modelling agencies, models, creative artists, performers, actors, influencers, entertainers, and content creators; Recruitment services; Staff placement services; Talent agency services [business management of performing artists]; information, consultancy and advice in relation to the foregoing.

UK00004351659 (2026/012, 20 March 2026)

Specifications have been restricted as follows:

Class 9:

Downloadable application software for business networking; downloadable software for arranging introductions and in-person meetings between entrepreneurs & business professionals.

UK00004354701 (2026/013, 27 March 2026)

Specifications have been restricted as follows:

Class 35:

Lead generation services; Marketing services provided by means of digital networks; Business intermediary and advisory services in the field of selling products and rendering services; Provision of commercial and business contact information; Market research and analysis services; all of the aforesaid services being limited to customer relationship management, sales prospecting, and marketing analytics for general commercial purposes, and not for use in connection with financial services, banking, or payments, and expressly excluding software or platforms for financial transaction processing, payment routing, electronic funds transfer, interbank communications, financial messaging networks, or the transmission of financial transaction data.

Class 42:

Providing online non-downloadable software for generating business leads, enriching prospect data, assisting with sales prospecting, providing marketing analytics, and business intelligence; Database development services; Design and development of new technology for others; Data duplication and conversion services, data coding services; all of the aforesaid services being limited to customer relationship management, sales prospecting, and marketing analytics for general commercial purposes, and not for use in connection with financial services, banking, or payments, and expressly excluding software or platforms for financial transaction processing, payment routing, electronic funds transfer, interbank communications, financial messaging networks, or the transmission of financial transaction data.

UK00004364505 (2026/016, 17 April 2026)

Specifications have been restricted as follows:

Class 9:

Educational software applications; AI-powered learning support software for students with special educational needs and disabilities (SEND); software for cognitive scaffolding and adaptive learning; downloadable mobile applications for educational purposes; software for recording and monitoring student learning progress; all of the foregoing excluding software to support the delivery of legal or professional services.

Class 41:

Educational services; provision of online learning support tools; educational consultancy; tutoring services; provision of AI-assisted learning support for students with learning differences; special educational needs support services; educational assessment services; all of the foregoing excluding education, consultancy, and training services in the field of software to support the delivery of professional services.

Class 42:

Design and development of educational software and applications; development of AI-powered tools for educational use; technical consultancy in the field of educational

technology (EdTech); software as a service (SaaS) relating to educational support and student learning; all of the foregoing excluding software as a service (SaaS) to support the delivery of legal or professional services.

UK00004360150 (2026/023, 05 June 2026)

Specifications have been restricted as follows:

Class 9:

Cameras [photography]; Global Positioning System [GPS] apparatus; Teaching robots; Wireless communication devices for voice, data, or image transmission; Downloadable mobile applications for the management of information.

UK00004354424 (2026/021, 22 May 2026)

Specifications have been restricted as follows:

Class 7:

Machines and machine tools; motors and engines (except for land vehicles); machine coupling and transmission components (except for land vehicles); bearings; engines for aircraft; gas turbines; gas turbines, not for land vehicles; air turbines, other than for land vehicles; heat shields for turbines; turbines for power generation; turbines other than for land vehicles; steam turbines, other than for land vehicles; welding and soldering machinery; welding apparatus; turbines for aeroplanes; machine coupling and transmission components (except for land vehicles); bearings; turbines; turbine and compressor blades and vanes for use in aerospace and industrial gas turbine engines; impellers; compressor wheels; exhausts; manifolds; valves; turbochargers; turbocompressors; turbo wheels; silencers for motors and engines; parts, fittings and accessories for any of the aforesaid goods; parts, fittings and accessories for any of the aforesaid goods; machine components; turbochargers and compressor blades and vanes; gears for water vehicles; machine coupling and transmission components for water vehicles; couplings for vehicles; turbochargers for vehicles.

Class 40:

Metal treating; blacksmithing; casting; metal casting; precision casting; metal moulding; moulding of metal; die-casting of metals; gravity-casting of metals; forging of metal; metal working services; welding services; machining of metals; surfaces treatment of metals; galvanizing of metals; metal plating; metal tempering; forging, machining, metal casting and die casting; die casting and gravity casting of metal goods to the order and specification of others; metal working services, metal heat treatment for metals, surface treatment of metals, galvanizing of metals, and metal tempering; custom manufacturing of metal hardware, castings, forgings, turbine and compressor blades and vanes, motors and engines, engines for aeroplanes, gas turbines, air turbines, heat shields for turbines, turbines for power generation, steam turbines, welding apparatus, turbines for aeroplanes, machine coupling and transmission components (except for land vehicles), bearings, impellers, compressor wheels, exhausts, manifolds, valves, turbochargers, turbowheels, silencers for motors and engines.

UK00004368145 (2026/017, 24 April 2026)

Specifications have been restricted as follows:

UK00004356051 (2026/023, 05 June 2026)

Specifications have been restricted as follows:

Class 9:

Downloadable software applications for mobile phones; Computer software applications, downloadable; Downloadable application software; Computer application software for use with wearable computer devices; Software as a medical device [SaMD], downloadable; Electrodes; Apparatus and instruments for processing data; Computer peripheral devices; Computer memory devices; Smart bracelets; Cellular telephone cases; Ear pads for headphones; Headphones; Smartglasses; Smartwatches; Smartphones; Monitoring apparatus, other than for medical purposes; Television apparatus; Neural helmets, not for medical purposes; Electronic publications, downloadable.

Class 10:

Transcutaneous electrical nerve stimulation electrodes; Electrodes for medical use; Medical apparatus and instruments; Ear plugs for sleeping; Diagnostic apparatus for medical purposes; Physiological monitoring apparatus for medical use; Body rehabilitation apparatus for medical purposes; Acupuncture instruments; Electronic acupuncture instruments; Neck massage apparatus; Massage apparatus; Physiotherapy apparatus; Nerve muscle stimulators; Electronic nerve stimulators for medical purposes; Low frequency electric therapy apparatus; Physiotherapy and rehabilitation equipment; Heart rate monitoring apparatus; Vibromassage apparatus; Soporific pillows for insomnia; Artificial sleep apparatus.

Class 35:

Retail services in relation to medical apparatus; Wholesale services in relation to medical instruments; Business information (Provision of-); Providing commercial and business contact information; Organisational consultancy regarding customer loyalty programmes; Business invoicing services; Retail services in relation to information technology equipment; Compilation of statistics relating to health care utilization.

UK00004359908 (2026/014, 03 April 2026)

Specifications have been restricted as follows:

Class 36:

Financial services; financial exchange services; commodity exchange services; electronic trading of financial instruments; financial clearing and settlement services; financial index creation and maintenance; compilation and provision of financial indices; financial benchmarking services; provision of financial market information; provision of financial data; financial data processing; financial consultancy; financial research and analysis; licensing of financial data; financial risk assessment services; all of the aforementioned relating to the assessment of artificial intelligence outputs, artificial intelligence output quality, artificial intelligence models, AI-enabled products and services, artificial intelligence pricing, valuation and performance; none of the aforementioned relating to operation of stock (equity) exchanges.

UK00004369124 (2026/017, 24 April 2026)

Specifications have been restricted as follows:

Class 42:

Creating, maintaining and hosting the web sites of others; Hosting of digital content on the Internet; Hosting a website for the electronic storage of digital photographs and videos; Hosting online web facilities for others for sharing online content; Hosting of digital content online; Provision of an online database for others.

UK00004364156 (2026/017, 24 April 2026)

Specifications have been restricted as follows:

Class 25:

Aprons.

UK00004384905 (2026/024, 12 June 2026)

Specifications have been restricted as follows:

UK00004357125 (2026/017, 24 April 2026)

Specifications have been restricted as follows:

Class 35:

Retail services, wholesale services and online retail services related to confectionery and chocolate; Retail services in relation to chocolate and its alternatives; Retail services in relation to Cacao; Retail services in relation to confectionery; Retail services in relation to dairy alternative products; Retail services in relation to foodstuffs; Retail services via global computer networks related to foodstuffs; Wholesale services in relation to baked goods; Wholesale services in relation to chocolate; Wholesale services in relation to cacao and its alternatives; Wholesale services in relation to confectionery; Internet marketing relating to confectionery, chocolate and chocolate alternatives; Online advertisements relating to confectionery, chocolate and chocolate alternatives; Online advertising relating to confectionery, chocolate and chocolate alternatives; On-line advertising relating to confectionery, chocolate and chocolate alternatives; Online advertising on a computer network relating to confectionery, chocolate and chocolate alternatives; Marketing services relating to confectionery, chocolate and chocolate alternatives; Updating of advertising material relating to confectionery, chocolate and chocolate alternatives; Market research relating to confectionery, chocolate and chocolate alternatives; Opinion polling relating to confectionery, chocolate and chocolate alternatives; Providing commercial and business information relating to confectionery, chocolate and chocolate alternatives; Organisation of events, exhibitions, fairs and shows relating to confectionery, chocolate and chocolate alternatives for commercial, promotional and advertising purposes; The bringing together, for the benefit of others, of a variety of food and drink, paper and cardboard, books, printed matter, instructional and teaching material (except apparatus), recipe cards, plastic materials for packaging (not included in other classes), recyclable paper and cardboard for packaging and cardboard boxes, enabling customers to conveniently view and purchase those goods by mail order or by means of telecommunications or from an Internet web site; Retail services connected with the sale of subscription boxes containing food and drink; Retail services connected with the sale of monthly subscription boxes containing food and drink, including recipe cards and cooking instructions; Advisory, consultancy and information services relating to all the aforesaid .

UK00004314609 (2026/012, 20 March 2026)

Specifications have been restricted as follows:

Class 18:

Backpacks; book bags; collars, leashes and clothing for animals; leather and imitations of leather; umbrellas; walking sticks; parts and fittings for all the aforesaid goods; all the aforesaid goods being character merchandise items.

Class 24:

Bath linen; bath mitts; beach towels; bed linen; children's blankets; curtains of textile or plastic; diaper changing cloths for babies; duvet covers; household linen; pillowcases; quilts; shower curtains; sleeping bags; table covers; table linen; textiles and substitutes for textiles; towels; throws; wall hangings (of textile); all the aforesaid being character merchandise items.

UK00004313346 (2026/011, 13 March 2026)

Specifications have been restricted as follows:

Class 9:

Electrical and electronic apparatus, instruments and components for the control, supply, storage, monitoring and distribution of electrical current and power; electrical power equipment; electrical power outlets; electric plugs, sockets and switches; electric wires and electric cables; chargers; power supplies; USB ports and sockets; outdoor electric power distribution leads, cables, sockets, boxes and adaptors; cable reels; extension leads; connectors, couplings, junction boxes and adaptors; electrical timers; fuses, fuse boxes, fuse boards, circuit breakers, residual current devices, earth leakage breakers and relays; voltage stabilisers; transformers; anti-surge protection sockets and devices; electrical distribution units comprising assemblies of plugs, sockets, switches, fuses, indicator lamps and cables; electric distribution boards, distribution boxes and junction boxes; testing apparatus and installations for electrical systems; control consoles and remote control apparatus for lighting installations; control apparatus for lighting; trailing sockets; electric wiring; electric ceiling accessories; electric cable accessories; starters for fluorescent lighting; universal serial bus (USB) cabling; batteries; power charging apparatus; portable electrical power units, supplies and equipment; electric door chimes; electronic alarms; socket covers; parts, fittings and accessories for all the aforesaid goods.

UK00004324141 (2026/014, 03 April 2026)

Specifications have been restricted as follows:

Class 37:

Building and civil engineering [construction] consultancy services; building and civil engineering [construction] consultancy services relating to accommodation buildings, high-rise accommodation buildings, office buildings, high-rise office buildings, sports stadia, retail outlets, hotels, and special structures including lampposts, masts and flagpoles; none of the aforementioned services being provided in the fields of, or relating to, aeronautics, aviation, aircraft or aerospace, or in relation to fire safety, thermal insulation and acoustic insulation.

Class 42:

Engineering consultancy; engineering consultancy services; engineering consultancy relating to testing; engineering; engineering and computer-aided engineering services; technical consultancy services relating to structural engineering; civil engineering consultancy; engineering consultancy relating to accommodation buildings, high-rise accommodation buildings, office buildings, high-rise office buildings, sports stadia, retail outlets, hotels, and special structures including lampposts, masts and flagpoles, civil engineering consultancy relating to accommodation buildings, high-rise accommodation buildings, office buildings, high-rise office buildings, sports stadia, retail outlets, hotels, and special structures including lampposts,

masts and flagpoles; none of the aforementioned services being provided in the fields of, or relating to, aeronautics, aviation, aircraft or aerospace, or in relation to fire safety, thermal insulation and acoustic insulation.

UK00004351055 (2026/013, 27 March 2026)

Specifications have been restricted as follows:

Class 9:

Mobile application software; Computer software platforms, recorded or downloadable; all the aforesaid goods being related to children's activities only, and none relating to healthcare.

Class 35:

Provision of an online marketplace for buyers and sellers of children's recreational activities and recreational services only.

Class 41:

Providing information relating to children's recreational activities; Providing information about children's sporting activities; Providing information about children's cultural activities; none relating to healthcare.

Class 42:

Software as a service [SaaS] for discovering and booking children's activities; hosting of transaction platforms relating to children's activities; all the aforesaid services being non-medical and none relating to healthcare.

UK00004334458 (2026/018, 01 May 2026)

Specifications have been restricted as follows:

Class 9:

Downloadable software for medical imaging and picture archiving and communication systems (PACS); downloadable software for receiving, uploading, transferring and managing medical images and diagnostic imaging data; downloadable computer applications for image viewing and DICOM data handling; application programming interfaces (APIs); Software for use with medical imaging apparatus and diagnostic imaging systems; picture archiving and communication systems (PACS); medical imaging systems; parts and fittings for the aforesaid goods; all the aforesaid goods solely for medical and healthcare purposes.

Class 42:

Software as a service (SaaS) for medical imaging and picture archiving and communication systems (PACS); cloud computing services for storing, managing, archiving, viewing, processing and sharing medical images and diagnostic imaging data; hosting of medical imaging data; provision of online non-downloadable software for diagnostic imaging workflows; all the aforesaid goods solely for medical and healthcare purposes.

UK00004349708 (2026/012, 20 March 2026)

Specifications have been restricted as follows:

Class 35:

Advertising and marketing consultancy; brand strategy services; marketing consultancy; advertising and marketing services; advertising services to create corporate and brand identity; brand creation services (advertising and promotion); consultancy regarding advertising communication strategies; consulting services in the field of development of advertising concepts; creative marketing plan development services.

UK00004366774 (2026/018, 01 May 2026)

Specifications have been restricted as follows:

Class 35:

Psychometric testing for the selection of personnel;
Psychological testing for the selection of personnel; Personality testing for the selection of personnel.

Class 42:

Software as a service [SaaS]; Application service provider (ASP) services, namely, hosting computer software applications of others; Cloud computing services; Technical data analysis services; Computer services for the analysis of data; all the aforesaid in the field of human behaviour, human performance and psychophysiology and none relating to financial data, to financial communications or to the facilitation of financial transactions.

Class 44:

Psychological testing services; Personality testing for psychological purposes; Psychological testing; Psychological assessment services; Preparation of psychological reports; Psychological examination.

UK00004351655 (2026/012, 20 March 2026)

Specifications have been restricted as follows:

Class 36:

Open-ended investment funds; exchange traded funds (ETFs).

UK00004347944 (2026/013, 27 March 2026)

Specifications have been restricted as follows:

Class 9:

Apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; computers; computer hardware; computer software; application software; downloadable computer software applications; computer software platforms; cloud computing software; platform software; interface software; cloud servers; computer servers; internet servers; intranet servers; network servers; computer database servers; downloadable electronic publications; none of the aforesaid relating to video games, video game development, game engines, real-time rendering technologies, debuggers or compilers for use in video game development.

Class 42:

Software design; software development; software rental; customised design of computer software; computer software installation; computer software implementation; computer software integration; computer software leasing; computer software maintenance; computer software updating; computer software support services; computer software research; software as a service [SaaS]; platform as a service [PaaS]; design and development of data storage systems; configuration of computer software; computer software technical support; server administration; server hosting; hosting computer databases; hosting web portals; hosting platforms on the Internet; hosting computer software applications for others; hosting digital content on the Internet; hosting computerised data, files, applications and information; providing temporary use of online non-downloadable operating software for computer networks and servers; cloud computing; information technology services; design and development of firmware systems; design and development of hardware; advice, consultancy and information relating to all of the aforesaid services; none of the aforesaid relating to video games,

video game development, game engines, real-time rendering technologies, debuggers or compilers for use in video game development.

UK00004342921 (2026/013, 27 March 2026)

Specifications have been restricted as follows:

UK00004359892 (2026/017, 24 April 2026)

Specifications have been restricted as follows:

Class 5:

Pharmaceutical products; medical preparations; dietetic foods and products for medical purposes; food supplements for humans; liquid food supplements; micronutrient concentrates; vitamin preparations; mineral preparations; all the aforesaid for human use.

UK00004334439 (2026/017, 24 April 2026)

Specifications have been restricted as follows:

Class 9:

Downloadable software; downloadable computer applications; downloadable software for data management and image viewing; application programming interfaces (APIs); downloadable digital data files; Software for use with medical imaging apparatus and diagnostic imaging systems; picture archiving and communication systems (PACS); medical imaging systems; parts and fittings for the aforesaid goods; all of the aforesaid goods solely for medical and healthcare purposes.

Class 42:

Software as a service (SaaS); cloud computing services; hosting of digital content and data; design, development and maintenance of software; providing temporary use of online non-downloadable software for managing, storing, archiving, processing and sharing data and digital images; all of the aforesaid goods solely for medical and healthcare purposes.

UK00004368242 (2026/017, 24 April 2026)

Specifications have been restricted as follows:

Class 20:

High chairs for babies; High chairs.

UK00004319331 (2026/017, 24 April 2026)

UK00004349778 (2026/022, 29 May 2026)

Specifications have been restricted as follows:

Class 9:

Software; hardware; AI, automation solutions including hardware and software in support of delivering operational improvements to operating facilities, none of the aforementioned goods/services being for use for or in connection with compressed air, blower air or vacuum technologies, in particular, none of the goods/services being for use for or in connection with compressors, blowers, vacuum pumps or compressed air treatment devices.

Class 42:

Multi-disciplined engineering consultancy services; troubleshooting process operations services; delivering operational excellence services; engineering design, procurement and construction (EPC) services; measurement and analysis services, remote equipment performance monitoring/surveillance services; software solutions and

programming services, none of the aforementioned goods/ services being for use for or in connection with compressed air, blower air or vacuum technologies, in particular, none of the goods/services being for use for or in connection with compressors, blowers, vacuum pumps or compressed air treatment devices.

UK00004365956 (2026/025, 19 June 2026)

UK00004370900 (2026/017, 24 April 2026)
Specifications have been restricted as follows:

Class 35:

Retailing of homeware, furniture, mirrors and picture frames, excluding curtains and blinds.

UK00004342919 (2026/013, 27 March 2026)

UK00004357792 (2026/014, 03 April 2026)

UK00004349804 (2026/012, 20 March 2026)

UK00004342921 (2026/013, 27 March 2026)
Specifications have been restricted as follows:

UK00004339755 (2026/017, 24 April 2026)
Specifications have been restricted as follows:

Class 36:

Financial planning; Financial planning and management; Financial management and planning; Planning (estate -) [financial]; Financial trust planning; Financial planning for retirement; Financial planning services; Personal financial planning; Independent financial planning advice; Financial advice relating to tax planning; Estate planning services [arranging financial affairs]; Personal financial planning services; Financial planning and investment advisory services; Pension planning; Personal financial planning advisory services; Financial planning services relating to taxation; Advisory services relating to financial planning; Financial planning relating to school fees; Financial planning services relating to building projects; Planning of finances relating to taxation; Tax planning [not accounting]; Estate trust planning; Pension planning services; Financial consulting; Financial management; Insurance services relating to contingency planning; Financial forecasting; Financial fund management; Financial management of funds; Arranging of financial investments; Financial consultancy; Consultancy (Financial -); Financial management of employee pension plans; Risk management consultancy [financial]; Financial advisory services relating to retirement plans; Financial management relating to investment; Financial trust management; Financial investment management services; Financial management of collective investment schemes; Financial management of pensions; Financial research; Research (Financial -); Pension fund financial management; Planning services relating to pensions; Financial risk management; Risk management [financial]; Management of financial assets; Financial investment; Financial management of building renovation projects; Financial administration of employee pension plans; Preparation of financial analysis; Financial affairs; Financial advice; Financial consulting services; Financial management services; Financial advisory services; Financial economic advisory services; Financial investment advisory services; Financial consulting and advisory services; Financial advisory and management services; Financial management advisory services; Financial advisory and consultancy services; Financial

consultancy and advisory services; Financial information and advisory services; Advisory services relating to financial investment; Computerised financial advisory services; Financial advisory services for companies; Financial advisory services for individuals; Financial advisory services relating to tax; Financial advisory services relating to securities; Advisory services relating to financial investments; Advisory services relating to [financial] risk management; Advisory services relating to financial asset management; Investment advisory services; Financial advisory services relating to assets management; Advisory services relating to financial matters; Financial and investment consultancy services; Capital investment advisory services; Financial investment services; Investment trusteeship and advisory services; Financial advisory services relating to life assurance; Financial investment research services; Advisory services relating to investment finance; Financial advice and consultancy services; Brokerage (Financial -); Management (Financial -); Financial consultancy services; Financial investment brokerage; Financial analysis and consultancy; Financial services; Pension advisory services; Consultancy services relating to financial investment; Financial research services; Financial investment fund services; Financial consultation; Financial evaluation; Advisory services relating to investments and finance; Advisory services relating to finance; Financial consultancy and information services; Financial analysis; Analysis (Financial -); Financial intermediary services; Insurance advisory services; Financial assessments; Financial services relating to investment; Financial risk assessment services; Financial consultancy and insurance consultancy; Financial appraisal services; Financial consultation services; None of the aforementioned services being military insurance services namely military kit insurance, personal accident insurance, travel insurance, mortgage insurance cover, life insurance, critical illness products and serious life insurance, medical insurance, health insurance, all for members of the armed forces and military personnel.

UK00004377881 (2026/021, 22 May 2026)
Specifications have been restricted as follows:

Class 5:

Pharmaceutical and veterinary preparations and articles, available with or without a prescription; diagnostic preparations and materials, for medical and veterinary purposes; sanitary preparations for medical or veterinary purposes; dietetic substances adapted for veterinary use; chemical preparations for veterinary purposes; food supplements for veterinary use; dietetic substances for veterinary use; biological reagents for veterinary use; veterinary vaccines; antibiotics for veterinary use; medicines for veterinary purposes; anti-infective preparations for veterinary use; pharmaceutical products for veterinary use; medicated animal feed supplements; prescription medicines for animals; medicine for animals; non-prescription medicines for animals; pharmaceutical preparations; pharmaceuticals and natural remedies; pharmaceuticals and natural remedies for animals; materials for dressings; disinfectants; natural dietetic foodstuffs and medicines made from medicinal plants included in this class for veterinary purposes; beverages and foodstuffs for veterinary purposes; nutritional supplements for veterinary purposes; herbal products, including herbal extracts for veterinary purposes; medicinal preparations for veterinary purposes; all of the aforesaid for veterinary purposes only and excluding all goods for human nutritional or dietary use, including

dietetic substances, nutritional supplements, fortified foods and beverages, and medical nutrition products.
