conveyor troughs, conveying chains and drag chain conveyors; gluing flash tube [part of a machine]; transferring machines; mechanical process engineering installations for forming a mixture of free-flowing scatter material, namely fibrous material, chip material, plastic, carbon, dry binding material, resins or mineral material, in a defined geometric shape with a defined grammage, with the help of dosing, scattering and transport equipment that has been synchronised through monitoring and measuring systems; conveyors; moving and handling equipment; conveyors and conveyor belts; lifting and hoisting equipment; process control units [mechanical]; process control instruments [mechanical]; machines and mechanical appliances for conveying, feeding and dosing materials into a production process, and parts thereof; stuffing screws; archimedian screws; auger fillers; sorting machine locks [sluices]; cell wheel dosing devices [parts of machines]; unmanned transportation conveyors being cargo handling machines; guides for machines; indoor self-driving robots for industrial use; drives for conveyors; vibrators [machines] for industrial use; valves [parts of machines]; lifting machines and installations for transporting bulk materials; lifting machines for load transport; machines and installations in the field of press automation, industrial automation and transport automation and parts thereof; transporters [machines]; valves and sluices for machines and transport systems; control and regulating units and installations for manually operated, partly automated or fully automated machines [such as material production and processing machines], mechanical appliances, machine tools, installations and parts of installations for the material processing and production of material assets [goods] and semi-finished products, preferably within mechanical or chemical process engineering and general and special-purpose machine construction, vehicle construction and series production support; all of the aforementioned goods for processing continuous or finite shaped pieces and bulk materials, as well as pasty, flowable, vegetable, and fibrous materials and mixtures of materials, as well as liquids, fluid-solid mixtures and low- and high-consistency suspensions, in particular fibrous materials such as lignin-containing or lignocellulose-containing materials, composite materials such as organic sheets in particular, plastics and plastics with admixtures of perennial or annual plant components such as wood, waste wood, grass, bark, paper, cardboard, cellulose, or with components of other materials, such as textiles, waste, rubber, resins, leather, food, luxury foods, and animal feed, minerals, carbons, plastics, pigments, dyes, pharmaceuticals, chemical products, metals, composite materials, electronic scrap, cables, and old tires, parts, spare parts, accessories, and tools for the aforementioned goods, insofar as included in this class; parts, spare parts, accessories and tools for the aforementioned goods, included in this class; machine tools; power operated tools; motors, other than for land vehicles; propulsion mechanisms, other than for land vehicles; power transmission couplings [other than for land vehicles]; transmission components (except for land vehicles); agricultural implements other than hand operated hand tools; engines, drive units and parts of engines, engine housings, pistons, piston rods, piston rings, gear rods, gear wheels, toothed wheels, axles, shafts and valves, turbines, compressors, all being parts of machine; rolling mills, mills and wind turbines, in particular wind turbine foundations, casings, frameworks and rotor casings; gantry cranes and parts of gantry cranes; moulds [parts of machines], in particular chill-moulds and matrices; moulds for production [parts of

machines]; regulators [parts of machines]; control mechanisms for machines, engines or motors; electricity generators; machines and machine tools for treatment of materials and for manufacturing; parts of machines, namely cast iron parts, for machines and machine tools for the treatment of materials and production; machines for generating and converting energy, for example steam engines, wind turbines, hydroelectric power plants, turbines; steam engine boilers for power generation, other than for land vehicles; woodworking machines; machine tools for woodworking machines; machine tools; woodworking machines; composite material treatment machines; tools for composite material treatment machines; machines for processing composite materials; industrial robots; material production and processing machines; rollers; thrust pieces; matrices (parts of machines); linings (parts of machines); power operated tools; motors [other than for land vehicles]; propulsion mechanisms, other than for land vehicles; power transmission couplings [other than for land vehicles]; transmission components (except for land vehicles); agricultural implements other than hand operated hand tools; agricultural, earthmoving, construction, oil and gas extraction and mining equipment; bonding machines; industrial mixing machines; shaping and moulding machines; foundry machines; metal production machines; generators; engine housings; parts of engine housings; compressors for refrigerators; compressors; machines and mechanically driven appliances as well as energy-generating installations formed therefrom and industrial drying installations heated both directly via hot gases and indirectly via steam, hot water and thermal oil; blowing engines; sound absorbers being parts of machines; heat exchangers (parts of machines); pumps for industrial heating installations and furnaces; metalworking machines; machines for processing organic and inorganic homogeneous and composite materials; machines for manufacturing structures and architecture; machines for manufacturing organic and inorganic homogeneous and composite architecture; machines for manufacturing organic and inorganic homogeneous and composite structures; machines for manufacturing simply or multiply curved organic and inorganic homogeneous and composite structures and architecture; machines for manufacturing curved organic and inorganic homogeneous and composite panels and surfaces; machines for treating organic and inorganic homogeneous and composite materials; machines and mechanical apparatus for mechanical process engineering, and installations constructed from the aforesaid goods; machines and mechanical appliances for mixing and homogenising materials; mechanical equipment for foundry machines and metal production machines; aids for producing castings, namely hoppers and filters [parts of machines]; cast iron parts for pipes [parts of machines]; atomising machines; dispensing machines; automatic dispensing machines; blending machines for chemical processing; vacuum pumps [machines]; stud tensioning technology systems; stud tensioning machines, namely for pressurised water reactors, boiling water reactors; stud tensioning devices for steam generators; single tensioners for pressurised and boiling water reactors; multi-stud tensioners; stud turning devices such as single-stud turning devices, double-stud turning devices, multi-stud turning devices, namely for industrial applications; cleaning machines, namely for industrial applications; cleaning machines for reactors; bolt cleaning machines, reactor pressure vessel bolt cleaning machines; blind hole cleaning machines, namely for industrial applications; hydraulic high-pressure components and sealing systems [parts of machines]; machines

for washing materials, in particular wood, fibrous materials, food and animal foodstuffs, plastics, chemicals, pharmaceutical and cosmetic products and minerals; control appliances for machines and installations; parts and fittings for all the above goods; parts of casings, parts of engines, in particular moving parts of engines.

**Class 8:**

Hand tools, hand-operated; hand implements, hand-operated; cutlery; cutlery; side arms, other than firearms; razors; razors; parts and fittings for all the aforesaid goods.

**Class 9:**

Robotic process automation [RPA] software; recorded content; software; databases; software for monitoring, analysing, controlling and running physical world operations; physical analysing apparatus [other than for medical use]; machine learning software for analysis; artificial intelligence software for analysis; downloadable computer software for collecting, analyzing and organizing data in the field of deep learning; surveillance cameras; monitoring units [electric]; monitoring control apparatus [electric]; video cameras adapted for monitoring purposes; checking (supervision) apparatus and instruments; monitoring instruments; computer software for the monitoring of computer systems; sensors for monitoring physical movements; measuring, detecting, monitoring and controlling equipment; monitoring apparatus, other than for medical purposes; machine learning software for surveillance; sensors, detectors and monitoring instruments; cloud network monitoring software; industrial automation controls; industrial automation software; artificial intelligence software; artificial intelligence software for surveillance; interactive software based on artificial intelligence; software for the integration of artificial intelligence and machine learning in the field of big data; process monitors; process controlling software; process controlling apparatus [electric]; process controlling apparatus [electronic]; process control digital controllers; process controllers [electric]; process controlling apparatus [electric]; process controlling apparatus [electronic]; process controlling apparatus [electronic]; process controlling apparatus [electronic]; process controlling apparatus [electronic]; information technology and audio-visual, multimedia and photographic equipment; navigation, guidance, tracking, targeting and map making equipment; data storage devices and media; data processing equipment and accessories (electrical and mechanical); communications equipment; signal cables for it, av and telecommunication; computer networking and data communications equipment; point-to-point communications equipment; computers and computer hardware; sensors; electric sensors; optical sensors; sensors for use with machine tools; sensor controllers; sensors for measuring instruments; sensors used in plant control; sensors for determining position; internet of things [iot] sensors; network communication apparatus; network operating system programs; networking software; local area networks; computer software platforms for social networking; computer software for wireless network communications; telecommunications apparatus for use with mobile networks; smart manufacturing software; smart manufacturing system controls; editing software; computer operating programs; operating systems; operating system programs; computer operating system software; factory automation software; production support software; computer programs for connecting remotely to computers or computer networks; computer hardware for remotely accessing and

transmitting data; downloadable software for remotely accessing and controlling a computer; cloud servers; cloud server software; cloud computing software; application software for cloud computing services; downloadable cloud computing software; optimisation software; automatic control apparatus; automatic control apparatus; control installations (electric -); electric control apparatus; electric control apparatus; electronic controllers; electronic control units; electronic control instruments; electronic control systems; programmable controllers; industrial process control software; scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded media; downloadable media; computer software; blank digital or analogue recording and storage media; coin-operated mechanisms; calculating devices; computers; computer peripheral devices; fire extinguishers; pressure indicator plugs for valves; surveying apparatus and instruments; air analysis apparatus; switchboxes [electricity]; control units for machines and installations; all of the aforementioned goods, in particular for the areas of press automation, industry automation and transport automation; apparatus for broadcasting sound, data or images; cabinets for loudspeakers; cases for loudspeakers; loudspeakers; studio monitor loudspeakers; speakers for video conferencing; multi-room audio devices; power cables; connection cables; loudspeaker cables; microphone cables; electrical power extension cords; electronic cables; connection boards [electric]; lighting control panels; instrument panels [electric]; distribution boards [electricity]; loudspeaker systems; horns for loudspeakers; speaker switches; portable speakers; speaker docks; personal speakers; speakers [audio equipment]; monitor speakers; loudspeakers with built in amplifiers; signal processors for audio speakers; led screen displays; electronic controllers; measuring, signalling, inspecting, switching and monitoring appliances and instruments; electromagnetic valves; computer software [saved] for controlling installations for heating installations and furnaces for generating heat and steam, drying installations, cooling installations, thermotechnical installations for saving energy, installations for exhaust gas purification and exhaust gas filtration, installations for exhaust air purification and exhaust air filtration, installations for air treatment, and installations for treating water; numerical controllers for controlling the aforementioned installations; measuring appliances, control appliances, regulating appliances, indicators for the aforementioned installations; fire-extinguishing devices for the aforementioned installations; video screens; all of the aforementioned goods, in particular for the areas of press automation, industry automation and transport automation; apparatus for broadcasting sound, data or images; cabinets for loudspeakers; cases for loudspeakers; loudspeakers; studio monitor loudspeakers; speakers for video conferencing; multi-room audio devices; power cables; connection cables; loudspeaker cables; microphone cables; electrical power extension cords; electronic cables; connection boards [electric]; lighting control panels; instrument panels [electric]; distribution boards [electricity]; loudspeaker systems; horns for loudspeakers; speaker switches; portable speakers; speaker docks; personal speakers; speakers [audio equipment]; monitor speakers; loudspeakers with built in

amplifiers; signal processors for audio speakers; led screen displays; video screens; numerical controllers for controlling the aforementioned installations; measuring appliances, control appliances, regulating appliances, indicators for the aforementioned installations; fire-extinguishing devices for the aforementioned installations; measuring, detecting, monitoring and controlling equipment; controllers and regulators; sensors, detectors and monitoring instruments; appliances and equipment for testing, weighing, analysing and measuring materials; all of the aforementioned goods for controlling and regulating processes, machines, appliances and installations for mechanical engineering; apparatus for scientific research and laboratories; lighting transformers; fire safety installations, essentially consisting of sliding plate fire dampers of metal and/or plastic and/or mineral materials, sliding plate smoke dampers of metal and/or plastic and/or mineral materials, smoke detectors, all of the aforementioned components also as individual goods and parts thereof; electronic monitoring systems.

#### Class 11:

Appliances and installations, and parts of appliances and installations for heating, cooling, steam-generating, cooking, drying, ventilating and water supply purposes; heat pumps for energy processing; industrial water treatment installations; industrial air treatment installations; industrial wastewater treatment installations; burners, boilers and heaters; drying installations; industrial ovens and furnaces [not for food and beverages] for grate firing; distillation apparatus; drying machines, humidifying (other than for medical use) and wetting apparatus, in particular for wood, fibrous materials, food and animal feed, plastics, chemical fiber and cosmetic products and minerals; machines and installations constructed therefrom for industrial drying purposes; gas/heating boilers, including industrial steam boilers, water tube boilers, saturated steam and hot steam boilers, hot water boilers, waste heat boilers, fire-tube boilers, special boilers for thermal disposal and afterburning, including installations for stoking and ash removal, process heat generation, heat transfer oil installations and in particular including installations that essentially consist of heat transfer heaters, heat transfer pumps, heat exchangers and heat transfer lines; heat recovery installations; ventilation stacks and exhaust air installations; appliances and installations connected to heating boilers for heating purposes, namely regulating and safety accessories for water and gas pipes, taps for pipes and pipelines, water supply installations; pressure vessels, expansion tanks, valves, taps for heat transfer and steam pipes, appliances for the treatment of heat transfer media; cooling installations for industrial purposes; oil burners; gas burners; dust and granule burners and combination burners as well as surface burners; oil burner control units; automatic gas stokers; appliances and equipment for exhaust air purification and exhaust gas purification; gas cleaners and purifiers; heating, ventilating, and air conditioning and purification equipment (ambient); air filtering installations; water filtering apparatus; lighting apparatus; lamp mantles; safety lamps; incandescent light bulbs; lighting installations; security lighting; lamps; lamp shades; light diffusers; lamp reflectors; floodlights; luminaires for security use; strobe lights [light effects]; light projectors; decorative lights; electric lamps; lights for vehicles; led luminaires; light-emitting diode [led] light bulbs; led lighting installations; fans [air-conditioning]; fans [parts of air-conditioning installations]; evaporators; air deodorizing apparatus; air heating apparatus; air filters; air

filtering installations; air sterilizers; air dryers; refrigerators and refrigerating installations; refrigerating chambers; chilling machines; cooling installations for panels; cooling installations for reactors; cooling installations for liquids; air conditioning installations and air conditioning apparatus; ventilation installations, essentially consisting of ventilation grilles, ceiling diffusers, slot diffusers, floor diffusers, window parapet induction diffusers, swirl diffusers, induction swirl diffusers, ventilation valves, multi-leaf dampers, weather grilles, airtight steel doors, fans, water level regulators [valves] being parts of sanitary installations, the aforementioned components also as individual goods and parts thereof; apparatus for filtering water, consisting of automatic roll filters, wall and channel filters, bag filters, particulate filter modules for ceilings, mini dust extractors, centrifugal separators and filter media, namely glass fibre paper, glass fibre matting, randomly-oriented-fibre fleeces and activated carbon, all being parts of sanitary installations; the aforementioned components also as individual goods and parts thereof; hydrogen reactors and parts thereof; parts and fittings for all the aforesaid goods, included in this class.

#### Class 12:

Vehicles; apparatus for locomotion by land; apparatus for locomotion by air; apparatus for locomotion by water; powertrains, including engines and motors, for land vehicles; rail vehicles; rail vehicles; autonomous cars; load carrying vehicles; trolleys; sledges for transportation; self-driving transport vehicles; autonomous vehicles; transport vehicles for internal transport tasks; vehicles and conveyances; apparatus for locomotion by land; appliances for locomotion by air and appliances for locomotion by water, in particular for carrying loads, freight or passengers, in particular railbound or non-railbound vehicles and conveyances, and appliances for locomotion by land, air or water; unmanned, manned, autonomous, remotely operated, automated guided and manually guided vehicles and conveyances, and appliances for locomotion by land, air or water; wheeled vehicles; land vehicles and conveyances; mobility conveyances; rail vehicles, in particular trains, locomotives, trams, underground railway trains, magnetic trains; elevated trains, cable cars, chairlifts, rack railway trains, and vehicles on rails, such as sledges for transportation, trolleys, mine cars, handcars; air and space vehicles; water vehicles; cars, carts and trailers; vehicles adapted for military purposes, in particular armoured vehicles; parts and components for vehicles and appliances for locomotion by land, air or water; hulls and superstructures for boats, ships, maritime, aviation and local transport structures; structural parts for boats, ships, maritime, aviation and local transport structures; parts and accessories for all of the aforementioned goods, included in this class, in particular casings, chassis, drive units, propulsion mechanisms, gearboxes and gearbox parts, steering racks, gearbox casings and parts of gearbox casings, axles and shafts, wheels, protective heat shields, brake discs, brake drums; powertrains, including engines and motors, for land vehicles; rail vehicles; rail vehicles; autonomous cars; load carrying vehicles; trolleys; sledges for transportation; self-driving transport vehicles; autonomous vehicles; transport vehicles and transport appliances for machine and plant construction, not included in other classes; hulls and superstructures for boats, ships, maritime, aviation and local transport structures; structural parts for boats, ships, maritime, aviation and local transport structures; and parts and fittings for the aforesaid goods;

driverless transport systems; hulls and superstructures for boats, ships, maritime, aviation and local transport structures.

Class 17:

Unprocessed and semi-processed rubber, gutta-percha, gum, asbestos, mica and substitutes for all these materials; goods and semi-finished products of plastics or resins, namely for use in manufacturing processes; goods and semi-finished products of plastics or resins in extruded form, namely for use in manufacturing processes; goods and semi-finished products of fibre composite materials, namely for use in manufacturing processes; fibre-matrix semi-finished products for use in manufacturing processes; thermoplastic laminate composite materials; thermosetting laminate composite materials; goods and semi-finished products made of natural fibre composites, namely for use in manufacturing processes; asbestos sheets; plastic sheeting for agricultural purposes; viscose sheets, other than for wrapping; self-adhesive plastic sheets for use in industry; injection-moulded goods and semi-finished products of plastic, thermoplastic polymer, thermosetting plastic, reinforced plastic, carbon-fibre-reinforced plastic, glass-fibre-reinforced plastic, composite products of artificial or natural fibres for insulating, sealing, packing and padding, composite products of resin and carbon or resin and ceramics; compression-moulded goods and semi-finished products of plastic, thermoplastic polymer, thermosetting plastic, reinforced plastic, carbon-fibre-reinforced plastic, glass-fibre-reinforced plastic, composite products of artificial or natural fibres for insulating, sealing, packing and padding, composite products made from resin and carbon or resin and ceramics; sealing materials; packing materials; insulating materials; flexible hoses, not of metal; flexible hoses, not of metal; flexible hoses, not of metal; artificial fibres made from synthetic polymers [not for textile use] such as polycondensation fibres, polymerisation fibres, polyaddition fibres; all of the aforementioned goods also in conjunction with plastics, in particular with a thermoplastic shell; all of the aforementioned goods for industrial and commercial purposes, namely for making composite products from artificial or natural fibres, for example wpc products, insulating, sealing and packing materials and materials for padding; goods [semi-finished products] made of plastic or composites involving plastics, in particular wpc goods; the aforementioned goods in the form of blocks, also being fabrics, mats and laminates; fibre-reinforced plastics for industrial purposes [as semi-finished products]; fibres infused with natural or synthetic resin [not for textile use]; artificial insulating fibres for reinforcing concrete, cement and mortar; artificial insulating fibres made from natural polymers, namely, cellulose, rubber, plant protein, animal protein; the aforementioned goods also in conjunction with plastics, in particular with a thermoplastic shell; natural fibres as insulating materials, in particular made from cotton, kapok, poplar fluff, bamboo, palm tree, stinging nettles, hemp, jute, linen, kenaf, ramie, wood, sisal, manila, coconut, wool, hair; the aforementioned goods also in conjunction with plastics, in particular with a thermoplastic shell; insulating materials made from materials containing cork and bark, from plastic and from material mixtures of plastic, cork and/or materials containing bark; all of the aforementioned goods in the form of agglomerates and compounds; semi-finished products of plastic in the form of agglomerates and compounds, included in class 17; parts and fittings for all the aforesaid goods.

Class 19:

Building materials, not of metal, namely for building purposes; rigid pipes, not of metal, for building; asphalt; pitch; tar; bitumen; buildings, transportable, not of metal; monuments, not of metal; building materials, not of metal; shutters, shuttering and moulds [not of metal] for concrete; shuttering, shuttering and moulds for concrete, organic and inorganic composite materials and glass; shuttering, shuttering and moulds for precast and cast-in-situ concrete, organic and inorganic composite materials and glass; composite structures, namely non-metallic composite structures [building material]; building structures, not of metal; architecture [structures] of concrete, organic and inorganic composite materials or glass; mouldings, not of metal, for building; structures for use in the building industry, in bridge construction and in the construction of energy-generating installations; structures for use in architecture; flap valves, not of metal or plastic, namely for water pipes; flap valves, not of metal or plastic, namely for drainage pipes; ducts, not of metal, for ventilating and air-conditioning installations; building products (non-metallic); building materials, not of metal, in the form of rods, blocks, boards, profiles, containers, mouldings, fleeces, felts, fabrics; non-metal cladding for windows; non-metallic window frames; non-metal door panels; door casings, not of metal; non-metal coverings for ceilings; roof coverings, not of metal; wall panels, not of metal; the aforementioned goods as composites, especially with fibres or composite fibres; natural fibres [building materials not of metal] for building and construction purposes, in particular as an admixture in building materials that can be cast and hardened, in particular cement, mortar and concrete; parts and fittings for all the aforesaid goods.

Class 35:

by means of a global computer network; fully integrated electronic system incorporating sensing layer embedded into belt wearable; pregnancy monitoring system comprising of wearable abdominal belt including sensors and vital signs sensors and computer software/application for listening, monitoring, tracking recording, storing, managing, displaying, sharing and analyzing the mother and fetus medical parameters, signs, symptoms, and conditions, mother and fetus vitals including heartbeats, fetus position in-utero, fetus movements and kicks, fetus and mother's activity and sleep cycle, mothers skin temperature and breathing patterns, contractions, and the womb surroundings and sounds; computer software/app which helps guiding the mother toward lower stress breathing; computer software/app which enables to manually capture and record baby kicks, contractions, upcoming and past events relating to the pregnancy including doctor appointments, tests results, photos and due date; computer software/app that displays environmental conditions and provide activity recommendations based on air quality; computer software/app that enables live video chats and/or messages with caregivers; computer hardware and software for use in big data analysis and data management and for listening, monitoring, tracking, recording, storing, managing, displaying and analyzing medical parameters, signs, symptoms, activity and sleep cycles and conditions; a computer software/app which enables sending, sharing, tagging and posting of medical parameters, signs, symptoms, activity and sleep cycle and conditions by means of global computer network; health monitoring system comprised of electric sensors, electronic computer hardware, and computer software that reads and transmits data to and from electronic sensors and facilitates communications between consumers, patients and caregivers; abdominal belts containing an audio controller, speakers, microphone, music player and audio transmitters for purposes of transmitting music/sounds/educational material to a fetus; an interactive system comprising of sensors, actuators and central control unit for the purpose of providing controlled stimulation to babies and children; computer hardware, namely a recording and processing unit for recording inputs and for processing the input in relation to pregnancies; computer hardware, namely reproduction unit for controlled reproduction of events sensed by the system in relation to pregnancies; bio-feedback software; scientific teaching apparatus and instruments, namely, bio-feedback apparatus for measuring physical properties or parameters.

#### Class 10:

Medical device to be used during pregnancy comprising of an abdominal wearable belt including sensory hub that function as a audio controller and smart bio-physical raw data recorder, speakers and microphones, vibrio-acoustics sensors, vital signs and bio-feedback sensors and computer software and computer application software for mobile phones, portable media players, handheld computers sold therewith as a unit for the purpose of a continuous monitoring, tracking, recording, displaying, analyzing, sharing and predicting mother and fetus medical parameters, signs, symptoms, and conditions, mother and fetus vitals including heartbeats, fetus position in-utero, fetus movements and kicks, fetus and mother's activity and sleep cycle, mother's skin temperature and breathing patterns, contractions, and the womb surroundings and sounds; medical bio-feedback apparatus for measuring physical properties or parameters, in particular for fetus stimulation, continuous monitoring, tracking, recording, displaying,

analyzing, sharing and predicting, and affecting mother and fetus medical parameters, signs, symptoms, and conditions, mother and fetus vitals including heartbeats, fetus position in-utero, fetus movements and kicks, fetus and mother's activity and sleep cycle, mother's skin temperature and breathing patterns, contractions, and the womb surroundings and sounds; medical apparatus, namely fetus movement, acoustic and ECG (electrocardiography) sensors and monitors in the nature of electronic sensors for monitoring mother and fetus medical parameters, signs, symptoms, and conditions, mother and fetus vitals including heartbeats, fetus position in-utero, fetus movements and kicks, fetus and mother's activity and sleep cycle, mother's skin temperature and breathing patterns, contractions, and the womb surroundings and sounds.

#### Class 42:

Software as a services (SAAS) featuring a computer software/application for continuous monitoring, tracking, analyzing, displaying, predicting and storing mother and fetus medical parameters, signs, symptoms, and conditions, mother and fetus vitals including heartbeats, fetus position in-utero, fetus movements and kicks, fetus and mother's activity and sleep cycle, mother's skin temperature and breathing patterns, contractions, and the womb surroundings and sounds; analytical and statistic services relating to mother and fetus medical parameters, signs, symptoms, and conditions, mother and fetus vitals including heartbeats, fetus position in-utero, fetus movements and kicks, fetus and mother's activity and sleep cycle, mother's skin temperature and breathing patterns, contractions, and the womb surroundings and sounds, not for diagnosis or treatment purposes; computer technical support, namely upgrading, repair and maintenance of computer software/applications; providing temporary use of on-line non-downloadable cloud computing software for listening, monitoring, tracking, recording, analyzing, storing, managing, sharing, tagging, sending the mother and fetus medical parameters, signs, symptoms, and conditions, mother and fetus vitals including heartbeats, fetus position in-utero, fetus movements and kicks, fetus and mother's activity and sleep cycle, mother's skin temperature and breathing patterns, contractions, and the womb surroundings and sounds during pregnancy all for use in connection with a cloud-based data management platform and online software tools for big data analytics, software as a services (SAAS) featuring computer software/app for listening, monitoring, tracking, recording, analyzing, storing, managing, sharing, tagging, sending the mother and fetus heartbeats and the womb surroundings and sounds; software as a services (SAAS) featuring a computer software/application monitoring, tracking, analyzing, displaying, predicting and storing the mother and fetus heartbeats, fetus position in-utero, fetus and mother's activity level; software as a services (SAAS) featuring a computer software/application for use in big data analysis and data management and for listening, monitoring, tracking, recording, storing, managing, displaying, predicting and analyzing medical parameters, signs, symptoms, activity, sleep cycles and conditions; providing temporary use of on-line non-downloadable cloud computing software for sending, sharing, tagging and posting of medical parameters, signs, symptoms, activity and sleep cycle and conditions by means of a global computer network; software as a services (SAAS) featuring a computer software/application that allows bio-feedback data recording and retrieval.

phones, downloadable emoticons for cell phones, telepresence robots, climate control digital thermostats, piezoelectric sensors, organic light-emitting diodes [OLED], quantum dot light-emitting diodes [QLED], droppers for measuring other than for medical or household purposes, electric sockets, computer game software downloadable, rescue flares non-explosive and non-pyrotechnic, stands adapted for laptops, headgear being protective helmets, padlocks electronic, weight belts for divers, earpieces for remote communication, parking sensors for vehicles, ticket printers, body harnesses for support when lifting loads, animal signalling rattles for directing livestock, video projectors, downloadable software for generating cryptographic keys for receiving and spending cryptocurrency, downloadable e-wallets, credit card terminals, biometric passports, e-passports, biometric identity cards, home automation hubs, smart home hubs, data sets recorded or downloadable, head-up display apparatus for vehicles, smart speakers, biometric locks, fire-extinguishing balls, wearable speakers, portable ultrafine dust meters, foldable smartphones, flash lamps for smartphones, 3D scanners, thin film speakers, wireless speaker microphones, scanners [apparatus] for performing automotive diagnostics, haptic suits other than for medical purposes, selfie ring lights for smartphones, chargers for mobile telephones, chargers for cell phones, screen protectors for mobile telephones, screen protectors for cell phones, warning signs [luminous], safety signs [luminous], ring holders for mobile telephones, ring holders for cell phones, ring stands for mobile telephones, ring stands for cell phones, headsets, headsets for playing video games, downloadable computer software for managing cryptocurrency transactions using blockchain technology, electrolysis apparatus for laboratory use, apparatus for generating gas for calibration purposes, apparatus for testing breast milk other than for medical or veterinary use, portable power chargers, amplifiers for servo motors, electronic controllers for servo motors, quantum computers, musical instrument digital interface controllers being audio interfaces, bioreactors for laboratory use, bioreactors for cell culturing for scientific research, holders adapted for mobile telephones and smartphones, holders adapted for cell phones and smartphones, in-car telephone handset cradles, head-mounted displays, wireless portable printers for use with laptops and mobile devices, airbags for safety purposes for fall protection, neural helmets not for medical purposes, portable speakers, breathalyzers, cooling pads for laptop computers, internal cooling fans for computers, effects pedals for guitars, software as a medical device [SaMD] downloadable, dashboard mats adapted for holding mobile telephones and smartphones, dashboard mats adapted for holding cell phones and smartphones, controllers for servo motors, dust masks incorporating air purification, electric actuators, electric linear actuators, insulating gloves for protection against accidents, dosage dispensers not for medical use [measuring apparatus], dry suits, dive skins, wet suits, computer network routers, frequency extenders, humanoid robots having communication and learning functions for assisting and entertaining people, missile warning systems, autonomous navigation systems for ships, self-checkout terminals, portable document scanners, cases for smartphones incorporating a keyboard, wheel alignment meters, video mixing desks, humanoid robots with artificial intelligence for preparing beverages, user-programmable humanoid robots not configured, downloadable digital image files authenticated by non-fungible tokens [NFTs], ozonizers for calibration purposes, ozone generators for calibration purposes, lanyards

for mobile telephones, lanyards for cell phones, gimbals for digital cameras, gimbals for smartphones, point-of-sale [POS] terminals, holographic projection apparatus, laboratory burettes, laboratory burets, motion tracking mounts for cameras, cryptocurrency hardware wallets, downloadable virtual clothing, virtual reality controllers, sounding rockets, motorcyclists' clothing for protection against accident or injury, downloadable digital music files authenticated by non-fungible tokens [NFTs], downloadable application software for virtual environments, downloadable computer software applications for minting non-fungible tokens [NFTs], dust measuring apparatus, diagnostic apparatus for research laboratory use, ultrasonic imaging apparatus not for medical purposes, capacitive finger sleeves for touchscreen devices, music sequencer devices, traffic signals for pedestrians, electronic shelf labels, electronic storage media, dashboard cameras, electronic oscillators, electronic resonators, polarizing films for displays, transparent conductive films for displays, medical training simulators, downloadable video files, stylus pens for touchscreens, biometric scanners, humanoid robots with artificial intelligence for use in household cleaning and laundry, traffic mirrors.

#### Class 16:

Steel letters, steel pens, adhesive tape dispensers [office requisites], address stamps, addressing machines, paper, posters, advertisement boards of paper or cardboard, franking machines for office use, postage meters for office use, clips for offices, staples for offices, pen clips, stapling presses [office requisites], albums, scrapbooks, pictures, prints [engravings], cigar bands, pencil sharpening machines, electric or non-electric, bookends, hand-rests for painters, aquarelles, watercolors [paintings], watercolours [paintings], architects' models, document files [stationery], writing slates, slate pencils, modelling clay, arithmetical tables, calculating tables, engravings, lithographic works of art, paintings [pictures], framed or unframed, pencils, newspapers, periodicals, atlases, loose-leaf binders, ring binders, gummed tape [stationery], mats of paper for beer glasses, tickets, biological samples for use in microscopy [teaching materials], printing blocks, drawing pads, pads [stationery], spools for inking ribbons, wristbands for the retention of writing instruments, pamphlets, embroidery designs [patterns], drawing pins, thumbtacks, moisteners [office requisites], painters' brushes, blotters, stamps [seals], sealing stamps, inking pads, sealing wax, sealing machines for offices, sealing compounds for stationery purposes, writing or drawing books, trays for sorting and counting money, tracing patterns, tracing paper, tracing cloth, fingerstalls for office use, printing type, carbon paper, paper for recording machines, note books, square rulers for drawing, cards, charts, teaching materials [except apparatus], index cards [stationery], paper sheets [stationery], cardboard, hat boxes of cardboard, perforated cards for Jacquard looms, cardboard tubes, catalogues, tags for index cards, song books, composing frames [printing], folders for papers, jackets for papers, painters' easels, numbers [type], Indian inks, chromolithographs [chromos], chromos, modelling wax, not for dental purposes, files [office requisites], office perforators, toilet paper, hygienic paper, books, compasses for drawing, type [numerals and letters], letters [type], composing sticks, letter trays, conical paper bags, correcting fluids [office requisites], correcting ink [heliography], pencil leads, histological sections for teaching purposes, French curves, covers [stationery], wrappers [stationery], writing chalk, chalk for lithography, tailors' chalk,

chalk holders, pencil holders, pencil lead holders, cream containers of paper, paper clasps, rollers for typewriters, transfers [decalcomanias], decalcomanias, graphic prints, graining combs, drawing boards, drawing materials, drawing instruments, diagrams, envelopes [stationery], duplicators, etchings, wrapping paper, packing paper, nibs, typewriters, electric or non-electric, pen cases, boxes for pens, nibs of gold, erasing products, writing materials, shields [paper seals], erasing shields, erasers, electrocardiograph paper, punches [office requisites], ink, inking ribbons, inkwells, envelope sealing machines for offices, photographs [printed], pen wipers, seals [stamps], fabrics for bookbinding, drawing sets, ledgers [books], indexes, statuettes of papier mâché, figurines of papier mâché, filter paper, filtering materials of paper, forms, printed, office requisites, except furniture, charcoal pencils, stencils [stationery], galley racks [printing], electrotypes, printed geographical maps, terrestrial globes, artists' watercolour saucers, artists' watercolor saucers, graphic reproductions, graphic representations, scrapers [erasers] for offices, engraving plates, hectographs, printed timetables, moisteners for gummed surfaces [office requisites], postcards, printed matter, hand labelling appliances, printers' blankets, not of textile, printing sets, portable [office requisites], printed publications, manuals [handbooks], handbooks [manuals], writing paper, paperweights, tracing needles for drawing purposes, drawing pens, table linen of paper, lithographs, lithographic stones, booklets, luminous paper, papier mâché, manifolds [stationery], marking chalk, plastics for modelling, modelling materials, modelling paste, handkerchiefs of paper, inking sheets for duplicators, tablecloths of paper, blackboards, paper-clips, numbering apparatus, oleographs, binding strips [bookbinding], sealing wafers, palettes for painters, pantographs [drawing instruments], stationery, parchment paper, pastels [crayons], sewing patterns, stencil cases, house painters' rollers, canvas for painting, paint boxes for use in schools, plastic film for wrapping, apparatus for mounting photographs, photo-engravings, blueprints, plans, paper creasers [office requisites], fountain pens, stencil plates, stencils, portraits, flower-pot covers of paper, covers of paper for flower pots, mimeograph apparatus and machines, prospectuses, paper for radiograms, drawing rulers, printers' reglets, bookbinding material, cloth for bookbinding, bookbinding cloth, cords for bookbinding, bookbinding cords, inking sheets for document reproducing machines, pens [office requisites], magazines [periodicals], paper ribbons, other than haberdashery or hair decorations, typewriter ribbons, bags [envelopes, pouches] of paper or plastics, for packaging, stamp pads, school supplies [stationery], bookmarks, bookmarkers, greeting cards, steatite [tailor's chalk], balls for ball-point pens, tablemats of paper, desk mats, typewriter keys, holders for stamps [seals], cases for stamps [seals], postage stamps, stamp stands, transparencies [stationery], vignetting apparatus, adhesives [glues] for stationery or household purposes, adhesive tapes for stationery or household purposes, address plates for addressing machines, almanacs, calendars, starch paste [adhesive] for stationery or household purposes, paintbrushes, self-adhesive tapes for stationery or household purposes, elastic bands for offices, bibs of paper, wood pulp board [stationery], wood pulp paper, boxes of paper or cardboard, stands for pens and pencils, bottle envelopes of paper or cardboard, coasters of paper, announcement cards [stationery], plastic blister packs for packaging, plastic bubble packs for packaging, flags of paper, paper shredders for office use, sheets of reclaimed cellulose for wrapping, desktop cabinets for stationery [office requisites],

glue for stationery or household purposes, pastes for stationery or household purposes, paper knives [letter openers], garbage bags of paper or of plastics, pencil sharpeners, electric or non-electric, tissues of paper for removing make-up, table napkins of paper, place mats of paper, squares for drawing, T-squares for drawing, penholders, writing cases [stationery], inkstands, handwriting specimens for copying, bottle wrappers of paper or cardboard, placards of paper or cardboard, towels of paper, face towels of paper, labels of paper or cardboard, etching needles, viscose sheets for wrapping, gums [adhesives] for stationery or household purposes, gummed cloth for stationery purposes, isinglass for stationery or household purposes, paper coffee filters, plastic cling film, extensible, for palletization, signboards of paper or cardboard, stickers [stationery], bookbinding apparatus and machines [office equipment], comic books, copying paper [stationery], holders for cheque books, holders for checkbooks, ink sticks, ink stones [ink reservoirs], musical greeting cards, newsletters, packaging material made of starches, waxed paper, passport holders, writing brushes, writing instruments, drawer liners of paper, perfumed or not, credit card imprinters, non-electric, document laminators for office use, papers for painting and calligraphy, writing board erasers, clipboards, chart pointers, non-electronic, paper bows, other than haberdashery or hair decorations, moulds for modelling clays [artists' materials], molds for modelling clays [artists' materials], money clips, trading cards, other than for games, absorbent sheets of paper or plastic for foodstuff packaging, humidity control sheets of paper or plastic for foodstuff packaging, correcting tapes [office requisites], paint trays, marking pens [stationery], flyers, document holders [stationery], page holders, polymer modelling clay, obliterating stamps, packing [cushioning, stuffing] materials of paper or cardboard, padding materials of paper or cardboard, stuffing of paper or cardboard, banknotes, spray chalk, printed coupons, rice paper, plastic bags for pet waste disposal, washi, table runners of paper, printed sheet music, banners of paper, bunting of paper, animation cels, paper bags for use in the sterilization of medical instruments, paper bags for use in the sterilisation of medical instruments, name badge holders [office requisites], retractable reels for name badge holders [office requisites], clips for name badge holders [office requisites], paper for medical examination tables, dental tray covers of paper, bibs, sleeved, of paper, paper cutters [office requisites], stencils for decorating food and beverages, name badges [office requisites], barcode ribbons, glitter for stationery purposes, baggage claim check tags of paper, paper wipes for cleaning, protective covers for books, colouring books, coloring books, coloring pictures, colouring pictures, origami folding paper, shopping bags of paper or plastic, carrier bags of paper or plastic, mezuzah parchments, mezuzah cases, baking paper, magnetic boards being office requisites, flip charts, souvenir banknotes, plantable seed paper [stationery], floor decals, seaweed-based film for wrapping, plastic bubble film for wrapping, pens [writing implements] incorporating tips for operating touchscreen devices, tissue paper, food bags of paper or plastics, paper party decorations, blank punch cards for knitting machines.

heaters; humidifiers; induction units [heating systems]; water purification units; cooling units; heating units; temperature control valves [parts of central heating radiators]; valves for air conditioners; taps for pipes and pipelines; air filters for air-conditioning units; filters for use with apparatus for air-conditioning; filters for cleaning air [parts of air cleaning machines or installations]; thermal storage instruments [solar energy] for heating; gas-fired heating installations; gas fuelled central heating installations; gas purifying apparatus; hot water boilers; boilers, other than parts of machines; level control valves in tanks; water control valves for faucets; thermostatic radiator valves; fans [parts of air-conditioning installations]; electric hot water bottles; infrared heating panels; safety valves for water pipes; bactericidal lamps for heating, ventilation and air-conditioning installations; condensate collection and drainage pumps [parts of air-conditioning installations]; air-vents, not of metal.

**Class 17:**

Insulating materials for photovoltaic panels; insulating supports for photovoltaic panels; insulating supports for raising and spacing photovoltaic panels; spacers for insulation and ventilation of photovoltaic panels; flexible hoses, not of metal, for ventilating installations; pipe muffs, not of metal; seals, not of metal, for conduits; plastic hoses; air hoses, not of metal; flexible plastic hoses for use with ventilation, air-conditioning and heating systems; insulating sleeves for pipelines; flexible hoses, not of metal, to collect condensation for air-conditioning installations; water-tight rings; reinforcing materials, not of metal, for pipes; insulating paper; paper for electrical capacitors; non-metallic seals for preventing leakage of gases; gaskets other than sail gaskets; pipe gaskets; waterproof packings; expansion joint fillers; gaskets, not of metal; insulators; rubber sleeves for protecting parts of machines; sealant compounds for joints; insulating materials; insulating refractory materials; compositions to prevent the radiation of heat; boiler compositions to prevent the radiation of heat; adhesive tapes, other than stationery and not for medical or household purposes; insulating tapes; insulating coatings; hoses of textile material; valves of rubber or vulcanized fibre; junctions, not of metal, for pipes; fittings, not of metal, for compressed air lines; rubber insulating sheaths for gas pipelines; fittings, not of metal, for flexible pipes for use with air-conditioning installations.

**Class 19:**

Ballast [rubble]; supports, not of metal, for spacing photovoltaic panels in construction; ducts, not of metal, for ventilating and air-conditioning installations; rigid pipes, not of metal, for air-conditioning installations; conduits, not of metal, for ventilation and air-conditioning systems; branching pipes and junctions, not of metal, for ventilating and air-conditioning installations; non-metal gutters for air-conditioning installations; rigid pipes, not of metal, to collect condensation from air-conditioning installations; roof flashing, not of metal; roof gutters, not of metal; chimney shafts, not of metal; fireplace mantles, not of metal; water-pipes, not of metal; branching tubes of plastic for gas pipelines; penstock pipes, not of metal; roofing, not of metal, incorporating photovoltaic cells; branching pipes, not of metal; drain traps [valves], not of metal or plastic; building materials, not of metal; water-pipe valves, not of metal or plastic; linings, not of metal, for building; mounting frames (or brackets), not of metal, for securing photovoltaic panels.

**Class 22:**

Protective covers for split air conditioner units and box air conditioner units.

**Class 35:**

Tracking and monitoring energy consumption for others for account auditing purposes; organizing and conducting trade fairs, events and exhibitions for commercial or advertising purposes; presentation of goods on communication media, for retail purposes; providing commercial information to consumers; providing commercial information and advice for consumers in the choice of products and services; provision of an online marketplace for buyers and sellers of goods and services; sales promotion for others; outsourcing services [business assistance]; demonstration of goods; shop window dressing; sponsorship search; business inquiries; procurement services for others [purchasing goods and services for other businesses]; providing business information; commercial administration of the licensing of the goods and services of others; retail and wholesale services, also on-line, of descaling preparations, gases for use in air conditioners, detergent, descaling and abrasive preparations, cleaning, polishing and abrasive liquids and powders, detergents, purifying spray deodorants; retail and wholesale services, also on-line, of fragrances for air conditioners, foaming cleansers, descalers, scented fragrances, spray preparations and sprays for cleaning air conditioner filters, disinfectant spray cleaners, sanitizing detergents; retail and wholesale services, also on-line, of bactericidal disinfectants, sanitizing tablets, sanitizing sprays, spray preparations for sanitizing hands, bactericidal lamps, ducts for ventilating and air-conditioning installations, ring-shaped fittings of metal; retail and wholesale services, also on-line, of screws, metal fasteners, clips for cables and pipes, tension links, supports of metal, anchor plates, shims, fittings, spacer brackets, profiles, angle irons; retail and wholesale services, also on-line, of bars, junctions for profiles and pipes, roofing incorporating photovoltaic cells, roofing supports, nuts, rivets, zip ties, balls, threaded bars, clamps, nails, threaded fasteners, expanding sleeves for affixing screws; retail and wholesale services, also on-line, of cable junction sleeves, stoppers, fastening anchors, brackets, chocking plates, lock washers, ball lock pins, springs, hooks for roofing slates, supports for fastening to roofs, rings; retail and wholesale services, also on-line, of chains, hinges, flanges [collars], supports for spacing photovoltaic panels, pipe muffs, connectors for pipes, tanks, ventilating ducts, manifolds for pipelines, reinforcing materials for pipes; retail and wholesale services, also on-line, of bottles, chimney shafts, penstock pipes, ducts, ferrules, cable joints, elbows for pipes, sheets and plates, slabs, sleeves, containers, framework for building, pipework, pipes, branching pipes; retail and wholesale services, also on-line, of gutter pipes, drain pipes, pipelines valves, drain traps [valves], valves, air vents [ventilation systems], gutters, connecting hoses, gas cylinders, metal parts for pipes, seals for pipes, branching tubes; retail and wholesale services, also on-line, of steam cleaners for air conditioners and condensing units, high pressure washers for cleaning air conditioners and condensing units, sanitizing machines, vacuum pumps, pumps, centrifugal pumps; retail and wholesale services, also on-line, of taps, washing apparatus, welding machines, suction machines, dust exhausting installations, filters, electric motors and parts thereof, control mechanisms for machines, engines or motors, screwdrivers, safety valves,

screw clamps, tube cutters, spanners [hand tools]; retail and wholesale services, also on-line, of connectors, photovoltaic cells and modules, thermostats, chronothermostats, temperature indicators, temperature sensors, temperature detection probes, electrical and electronic control apparatus; retail and wholesale services, also on-line, of temperature monitors, temperature measuring apparatus, devices to monitor temperature and humidity, control apparatus for use with systems or installations for air-conditioning, ventilating, and heating; retail and wholesale services, also on-line, of controllers to remotely monitor and control the function and status of other devices or systems, remote controls, protective goggles, protective visors, gloves for protection, protection devices for personal use, clothing for protection, pressure gauges; retail and wholesale services, also on-line, of vacuum gauges, scales, thermometers, gas testing instruments, batteries, probes, cables; retail and wholesale services, also on-line, of photovoltaic apparatus for converting solar radiation to electrical energy, solar panels for the production of electricity, solar collectors for electricity generation, photovoltaic modules; retail and wholesale services, also on-line, of solar cells, solar panels for generating electricity, calibrated photovoltaic reference cells, analysis apparatus, mirrors for inspecting work, air analysis apparatus, gas detectors; retail and wholesale services, also on-line, of extractors, air-conditioning installations and apparatus, air-conditioning units, air-conditioning installations, filters for ventilation apparatus, automatic thermostats, temperature regulators [thermostatic valves] for radiators; retail and wholesale services, also on-line, of air vents, cooling appliances and installations, heating apparatus and installations, climate control installations and apparatus, cooling installations and machines, air-conditioning systems, bactericidal sanitizing lamps, internal refrigerating and air-conditioning installations; retail and wholesale services, also on-line, of air-cooling apparatus, thermostatic valves, fans, ventilation apparatus and installations, air purifying apparatus, LED strips with sanitizing lamps for air conditioners and fan coils, heat regenerators, air barriers, regulating and safety accessories for gas pipes and apparatus; retail and wholesale services, also on-line, of air deodorizing apparatus, solar collectors, grills and air diffusers, air control dampers, friction lighters for igniting gas, gas lighters, regulating and safety accessories, feeding apparatus for boilers, hot air apparatus, ionization apparatus for the treatment of air; retail and wholesale services, also on-line, of refrigerating apparatus and machines, air purifying apparatus and machines, drying apparatus and installations, refrigerating appliances and installations, hot air bath fittings, refrigerating cabinets; retail and wholesale services, also on-line, of kettles, burners, boilers, heaters, refrigerating chambers, condensers, fuel economisers, heating elements, heat generators, water conduits installations, water distribution installations, steam generating installations; retail and wholesale services, also on-line, of air filtering installations, heating plates, hot plates, heat pumps, radiators [heating], cooling installations for water, refrigerators, dampers [heating], air reheaters, stop cocks being safety apparatus; retail and wholesale services, also on-line, of recuperators for preheating combustion air in heating plants, stop cocks, heaters for baths, water heaters, heat exchangers, coils, radiator caps, humidifiers, heat accumulators, hot water apparatus; retail and wholesale services, also on-line, of ventilating apparatus, air-circulating apparatus, temperature and pressure control apparatus, air filtration apparatus, preheating apparatus, humidification apparatus; retail and wholesale services, also on-line, of air

recirculating apparatus, air flow generating apparatus, heat generating apparatus, water distributor armatures for heating, air curtains, solar energy collectors; retail and wholesale services, also on-line, of refrigeration condensers, electric strip heating units, air purifiers, air dehumidifiers, diffusers for dispensing air; retail and wholesale services, also on-line, of heating and refrigerating devices, cooling and heating elements, evaporators, radiant fan heaters, aeration installations, dehumidifying installations; retail and wholesale services, also on-line, of evaporation, humidifying and ventilation installations, refrigerating machines, heaters, impellers, taps and fittings, ventilation systems, cooling, ventilating and heating systems; retail and wholesale services, also on-line, of blowers for ventilation, ionization devices for the treatment of air, fan heaters, induction units, water purification units, cooling and heating units, thermal storage instruments for heating; retail and wholesale services, also on-line, of gas purifying apparatus, hot water bottles, infrared heating panels, insulating materials, insulating supports for photovoltaic panels, insulating supports for raising and spacing photovoltaic panels; retail and wholesale services, also on-line, of spacers for insulation and ventilation of photovoltaic panels, flexible hoses, seals for conduits, water-tight rings, reinforcing materials for pipes, insulating paper, paper for capacitors; retail and wholesale services, also on-line, of seals for preventing leakage of gases, gaskets, insulators, sealant compounds, refractory materials, compositions to prevent the radiation of heat, adhesive tapes, insulating tapes; retail and wholesale services, also on-line, of insulating coatings, insulating sheaths, ballast, roof gutters, fireplace mantles, building materials, linings, protective cloths for cleaning purposes.

#### Class 37:

Installation, maintenance and repair of photovoltaic cells and modules; installation, maintenance and repair of photovoltaic power plants; installation of apparatus for the production of electricity; routine servicing of photovoltaic cells and modules; routine servicing of photovoltaic installations; routine servicing of electricity generating apparatus.

#### Class 40:

Production of electricity from solar, wind and hydraulic sources; generation of electricity from solar energy; generation of electricity using solar energy; consultancy services relating to the generation of electrical energy.

#### Class 42:

Design and development of photovoltaic systems; scientific research in relation to photovoltaic technology and solar collectors; technical development of structural elements, devices and installations for solar collectors and photovoltaic plants; development of energy and power management systems.
