## **CONFIDENCE IN EVERY CONNECTION**

### **Class 6:**

Nuts, bolts and fasteners, of metal; metal bolts [fasteners]; clevis fasteners of metal; thumbscrews [fasteners] of metal; metal threaded fasteners; self-tapping metal screws; screw bolts of metal; screws of metal; screw threaded fasteners of metal; bolts of metal; metal clamps; metal washers; metal threaded fasteners; sash fasteners of metal; fixing bolts of metal; rivets of metal; screw rivets of metal; metal dock cleats; cleats of metal [other than for nautical use]; metal roof flashing; cladding panels of metal for roofing; roofing membranes of metal; screw caps of metal; screw rivets of metal; wall plugs of metal; ferrules of metal; metal brackets; spacer brackets of metal; spacers of metal; pipe spacers of metal; sealing caps of metal; metal vent covers; venting ducts of metal; drain covers of metal; clips of metal for cables and pipes; metal conduit; metal conduit; metal clips; clip clamps of metal; penstock [conduits] of metal; metal railings; metallic building facade elements; facade facings of metal; facade elements of metal; wall facades of metal; facades of metal; cladding of metal for facades; cladding of aluminium for facades; parts and fittings for all the aforementioned.

### **Class 7:**

Drill bits for machines; power drill bits; core drilling bits; bits for power drills; drill bits for rotary power tools; cutting tools [machine] in the form of drill bits; screwdriver bits for machines; drive pulleys; drive chains for machines; drive mechanisms; torsion bars for machines; cutter bars [parts of machines]; toothed wheels for driving chains; belt drives; socket wrenches [machines]; socket spanners [machines]; sockets [parts for machines]; cutting discs for use as parts of machines; discs for cutting for use with power tools; cutting grids being tools for cutting machines; electric shears; electric screwdrivers; welding and soldering equipment; Power tools; hydraulic power tools; blades for power tools; electric power tools; grinders being power tools; drills [power tools]; extensions for power tools; parts and fittings for all the aforementioned.

### **Class 8:**

Jig-saws; parts and fittings for all the aforementioned.

### **Class 17:**

Anti-rust sealants; adhesive sealants; polyurethane sealants; silicone sealants; waterproof sealants; waterproofing and moisture proofing articles and materials; waterproof membranes made of polymers; insulating paints; protective acrylic spray coatings for insulating purposes; fire resistant and fire preventive articles and materials; sealing membranes (Non-metallic -);

adhesive sealants for use in roofing; seals, sealants and fillers; adhesive sealing strip for roofing joints; adhesive sealants for use in roofing; adhesive anti-slip tape for flooring applications; anti-corrosion tape; metal faced bituminous mastic sealing strip [other than for building]; adhesive strips for use in industry; sealing strips (Non-metallic -); washers of rubber for the protection of bolts; washers of rubber for the protection of screws; washers of rubber for the protection of draw bolts; washers of vulcanised fibre for the protection of bolts washers of vulcanised fibre for the protection of screws; washers of vulcanised fibre for the protection of lag screws; washers of vulcanised fibre for the protection of draw bolts; spacer brackets (Rubber -); pipe spacers (Non-metallic -); thread (Screw -) sealing compounds; rubber thread [not for textile use]; rubber sheets for sealing; foam rubber; silicon rubber joint sealing compounds; sealing strips made of rubber; drywall joint tape; foam insulation for use in building and construction; foam insulation materials for use in building and construction; silicone foam thermal insulation; polyurethane foam in blocks; polyurethane foam in blocks for insulating; foam in the form of blocks for use as heat insulation; polyurethane foam sheeting for use as building insulation; pipe clips of rubber; clips of rubber for cables; profiled strips of rubber for use in manufacture; parts and fittings for all the aforementioned.

### **Class 19:**

Tar-based roofing sealants; tar-based sealants for roofing; cementitious waterproofing coatings; waterproof coatings [cementitious]; liquid plastics surface coatings for protection against moisture [not paints]; roofing membranes; bituminous sealing membranes; bitumen-based sealants for roofing; bitumen-based roofing sealants; bituminous products in the form of membranes for waterproofing; bitumen-based asphalt sealants; polymeric bitumen emulsion for waterproofing buildings; drain pipes (Non-metallic -); floor drains of non-metallic materials; drainage pipes (Non-metallic -); non-metallic drainage pipes; drainage installations (Non-metallic -); drainage channels (Non-metallic -); non-metallic conduits for water discharge; drains [other than of metal or plastic]; drainage courses (Non-metallic -); non-metallic pipes for roof drainage installation; foam plastic for use in construction; foam plastic for use in building; foam glass for building; flashings (Non-metallic -) for waterproofing buildings; non-metallic roof flashing; non-metal roof flashing; slates for roof cladding; foam plastic for use in building; PVC roofing membrane; non-metal vent covers; brackets, not of metal, for building; non-metallic building facade elements; cladding (Non-metallic -) for facades; facades (Non-metallic -); non-metallic wall panels; parts and fittings for all the aforementioned.

### **Class 20:**

Non-metallic fasteners for pipes; valves, non-metallic; drains [valves] made of plastic; non-metallic fasteners; non-metallic nuts [fasteners]; non-metallic fasteners for pipes; self-tapping non-metallic screws; threaded screws of plastic; threaded rivets of plastic; self-drilling screws in non-metallic materials; screw bolts, not of metal; screw threaded fasteners, not of metal; non-metal rivets; threaded rivets of plastic; screw rivets, not of metal; screw caps, not of metal; sealing caps, not of metal; pipe fasteners, connectors and holders, non-metallic; spacers of plastic for use with sandwich panels; cable or pipe clips of plastic; clips (Cable and pipe -) of plastics; plastics wall plugs; wall plugs, not of metal; parts and fittings for all the aforementioned.

### **Class 37:**

***List of cases accepted for opposition purposes as shown in Journal 2026/028 published on 10 July 2026 .***

Construction; application of waterproof coatings for roofs; rust-proofing; anti-rust treatment; damp proofing services; site grading; advisory services relating to the installation of fixings; advisory services relating to the maintenance of fixings; advisory, consultancy and information services relating to all the aforesaid.

Class 42:

Design and development of products for use with roofs, facades and cladding; quality checking of fasteners and components for use with roofs, facades and cladding; construction design; advisory services relating to architecture and building design; advisory, consultancy and information services relating to all the aforesaid.

exchanges for the benefit of the trade of stocks and other financial values; Providing information relating to securities trading; Commodity brokerage; Stock brokerage; Exchange brokerage; Brokerage of currency; Brokerage of shares and other securities; Brokerage of futures contracts; Stock broking services; Stocks and bonds brokerage; Stock bond brokerage; Stock brokerage services; Services of a stock broker; Brokerage services for stocks and bonds; Stocks and bonds brokerage services; Brokerage in the field of stocks; Securities brokerage; Brokerage of securities; Futures brokerage services relating to freight; Brokerage for securities liquidation; Stock exchange services; Futures exchange services; Trade finance services; Automated securities brokerage; Stock debenture brokerage; Electronic stock exchange services; Investment brokerage; Commodity exchange; Letting of trade centres; Business brokerage; Financial investment brokerage; Commodities exchange services; Financial services relating to the motor trade; Securities and assets brokerage; Provision of trade finance; Capital investment brokerage; Stock exchange quotation services; Stockbroking; Stock exchange quotations; Financial brokerage; Brokerage (Financial -); Stock exchange prices (Quotation of -); Quotation of stock exchange prices; Preparation and quotation of stock exchange prices and indices; Brokerage; Securities settlement; Stocks and shares information services; Stock exchange price quotations; Computerised information services for stocks; Financing services relating to trade; Advisory services relating to futures; Services of a stockbroker; Stock exchange information services; Currency exchange services; Exchange services (Currency -); Foreign exchange services; Foreign exchange information services; Underwriting in foreign exchange (Services for the -); Monetary exchange services; Money exchange services; Exchange services (Money -); Financial exchange; Money exchange and transfer; Computer analyses of stock exchange information; Foreign exchange transaction; Foreign monetary exchange advisory services; Foreign exchange transactions; Virtual currency exchange; Provision of pricing information about foreign exchange rates; Share exchange schemes; Money exchange agency services; Forecasting of foreign exchange rates; Exchange of currency (Agencies for the -); Financial information in the nature of rates of exchange; Financial database services relating to foreign exchange; Foreign currency exchange; Currency exchange and advice; Monetary exchange; Providing information relating to foreign exchange transactions; Monetary exchange operations; Foreign currency transfer services; Currency transfer services; Provision of financial information relating to the stock exchange; Virtual currency transfer services; Providing on-line stock exchange information from a computer database or the Internet; Cash and foreign exchange transactions; Transfer of funds for the purchase of goods, via electronic communication networks; Electronic money transfer services; Foreign exchange bureaux; Electronic stock transfer initiation services; Provision of information relating to stock exchange prices; Providing financial information relating to exchange rates; Stock exchange information provided on-line from a computer database or the Internet; Transfer of funds via electronic communication networks; Exchange of money (Agencies for the -); Stock exchange quotation and listing services; Monetary transfer services; Foreign currency services; Money transfer services; Fund transfer services; Financial services relating to the provision of vouchers for the purchase of goods; Funds transfer services; Share services; Provision of electronic funds transfer services; Rates of exchange (Provision of information relating to -); Provision of information relating to rates

of exchange; Virtual currency services; Domestic remittance services provided on-line; Electronic funds transfer services; Collection of payments for goods and services; Taxation consultancy services [not accounting]; Industrial financing services; Debt settlement negotiation services; Arranging of lease agreements; Negotiation for the collection of cheques and bills of payment; Arranging of loan agreements; Arranging of loan agreements secured on real estate; Arranging of loan agreements in relation to securities; Arranging of leases and rental agreements for real estate; Mortgage brokering; Brokerage of credit agreements; Arranging of loan agreements in relation to mortgage bonds; Arranging the provision of trade credit; Provision of finance for trade credit; Trade credit (Provision of finance for -); Consultations relating to credit; Recording of inter parties transactions in respect of finance; Hire-purchase financing; Provision of trade credit; Facilitating and arranging financing; Financing of lease purchase; Credit inquiry and consultation; Consultations relating to corporate finance; Lease-purchase financing; Debt settlement services; Financing of land acquisition; Forward interest rate agreements; Provision of finance for leasing; Financing of property development; Consultations relating to investment; Preparation and quotation of exchange rate information; Credit consultation; Financial valuation, adjustment and settlement services relating to insurance claims; Lease financing of telecommunication equipment; Financial appraisal; Financial clearing and settlement services; Factoring of financial undertakings; Financial advice relating to settlements; Financial consultancy relating to loans; Financial guardianship; Financial solvency investigations; Financial sponsorship; Sponsorship (Financial -); Consultations [financial]; Financial consultation; Conducting of financial transactions; Pension fund financial management; Advisory services relating to financial matters; Financial advice relating to investment; Financial evaluation for reinsurance purposes; Financial advice relating to pensions; Trusteeship of financial futures contracts; Financial trust operations; Provision of advice [financial] to accident investigators; Personal insurance services relating to the supply of legal advice; Claims settlement agency services; Electronic fund-transfer services; Loan and credit, and lease-finance services; Insurance services relating to structured settlements rendered to lawyers; Banking services relating to travellers' cheques; Advisory services relating to international securities; Viatical settlement services; Recording of inter parties transactions in respect of investments; Advisory services relating to financing; Consultancy services relating to the financing of civil works and infrastructure projects; Services for the provision of travellers' cheques; Advisory services relating to credit; Secured loans to fund the provision of instalment credit agreements on motor vehicles; Advisory services relating to investment finance; Administrative services relating to investments; Provision of finance for civil engineering constructions; Advisory services relating to finance; Provision of financial loans against security; Legal expenses insurance; Insurance for legal expenses; Financial lending against security.

#### Class 38:

Electronic communication services for financial institutions; Telecommunications services between financial institutions; Electronic communication services for preparing financial information; Geolocation services [telecommunications services]; Telecommunications services; Communications services; Telecommunications services, namely, personal communication services; Information and advisory services relating to telecommunication services; Telecommunications access services; Telecommunications services, namely, ISDN

***List of cases accepted for opposition purposes as shown in Journal 2026/028 published on 10 July 2026 .***

services; Telecommunication services; Charitable services, namely telecommunication services; Telecommunications consultancy services; Telecommunication access services; Telematics services; Provision of teleconferencing facilities for educational purposes; Provision of telecommunication facilities for educational purposes; Satellite communication services for business users; Online communications services; Messaging services; Broadcasting services; Audiotext services; Mobile media services in the nature of electronic transmission of entertainment media content; Digital communications services; Telephony services; Communication network consultancy; Operation of a telecommunications network; Computer network communication services; Operation of a network, being telecommunication services; Telecommunication network services; Providing telecommunications connections to a global communication network or databases; Provision of telecommunication connections to a global computer network; Radio communication network services; Network conferencing services; Providing telecommunications connections to a global computer network; Providing telecommunications connections to a global computer network or databases; Digital network telecommunications services; Worldwide computer network access services; Mobile telecommunications network services; Providing telecommunications connection to a global computer network; Providing access to global computer networks and other computer networks; Mobile telecommunication network services; Electronic network communications; Communications via a global computer network or the internet; Broadcasting programs via a global computer network; Telecommunications services between computer networks; Communication services over computer networks; Rental of telecommunication devices and equipment enabling connection to networks; Simulcasting broadcast television over global communication networks, the Internet and wireless networks; Leasing of telecommunication lines for access to computer networks; Telecommunications services using cellular radio networks; Provision of access to a global computer network; Operating of electronic communications networks; Data transmission services over telecommunications networks; Leasing of access time to global computer networks; Providing wireless telecommunications via electronic communications networks; Operation of wide-band telecommunications networks; Providing access to global computer networks; Mail services utilising the internet and other communications networks; Providing access to a worldwide computer network; Transmission of database information via telecommunications networks; Transmission and distribution of data or audiovisual images via a global computer network or the Internet; Communications via multinational telecommunication networks; High bit-rate data transmission services for telecommunication network operators; Providing computer access to communication networks; Maritime radio-telephone network services; Providing access to a global computer information network; Provision of telecommunications connections to the internet or computer databases; Data transmission services between networked computer systems; Provision of access to computer networks and the internet; Providing access to the Internet and other communications networks; Telecommunications services, namely providing fiber optic network services; Providing virtual private network (VPN) services; Internet service provider services; Internet provider services; Value added network [communication] services; Telecommunications gateway services; Routing and connecting services for telecommunications; Internet access provider services; Wireless communications services; Broadcast

services; Telecommunication gateway services; Internet service provider [ISP] services; Cellular communications services; Telecommunications services for the distribution of data; Cellular telecommunications services; Internet broadcasting services; Communication services; Data broadcasting services; Internet based telecommunication services; Provision of central switching services for electronic communications networks; Information transmission services via digital networks; Internet telephony services; Providing access to telecommunication networks; Wireless communication services; Mobile telecommunications services; Telecommunications services for providing access to computer databases; Mobile communications services; Data communications services; Satellite communications services; Internet communication services; Interactive telecommunications services; Satellite telecommunications services; Providing access to telecommunication channels for teleshopping services; Computer telephony services; Providing user access to the internet (services providers); Electronic bulletin board services [telecommunications services]; Telecommunications services provided via fiber optic, wireless and cable networks; Cablecasting services; Provision of on-line communications services; Internet access services; Telephone communications services; Satellite communication services; Interactive telecommunication services; Wireless telephone services; Providing of access to telecommunication warehousing services; Telecommunications routing and junction services; Communications services for accessing a database; Wireless broadband communication services; Telephone services; Television transmission services; Computer communication services; Broadband radio communication services; Teleshopping services (Providing telecommunication channels for -); Telecommunication channels (Providing -) for teleshopping services; Providing telecommunication channels for teleshopping services; Advisory and consultancy services relating to wireless communications and wireless communications equipment; Providing access to blockchain networks; Data bank interconnection services; Electronic exchange of data stored in databases accessible via telecommunication networks; Webcasting services; Telecommunications portal services; Internet services providers (isps); Providing user access to the internet (service providers); Communication services between data banks; Telecommunications services to obtain information from data banks; Communication services between computers for the brewing industry; Electronic data exchange services; Electronic data exchange; Communications services for the exchange of data in electronic form; Telephone exchange services; Exchange of messages via computer transmission; Provision of communications facilities for the interchange of digital data; Data transfer services; Provision of email services; Providing e-mail services; Supply of airtime for communication services; Consultation in the field of data communication; Radio/telephone paging services; Radio-facsimile services; Pay-telephone communication services; Electronic order-transmission; Radio-paging services; Advisory services relating to communications; Provision of televised information relating to radiophones; Electronic communications services relating to credit card authorization.

Class 42:

Science and technology services; Rental of science and technology equipment; Providing science technology information; Research in the field of telecommunications technology; Research in the field of communications technology;

***List of cases accepted for opposition purposes as shown in Journal 2026/028 published on 10 July 2026 .***

Research in the field of telecommunication technology; Engineering services in the field of environmental technology; Research in measurement technology; Engineering services in the field of communications technology; Research in the field of materials science; Computer technology consultancy; Engineering services in the field of energy technology; Design and development of computer software for use with medical technology; Research in the field of artificial intelligence technology; Design and development of medical technology; Engineering services in the field of building technology; Earth science services; Research in the field of information technology; Research relating to technology; Natural science services; Research in the field of data processing technology; Technical consultancy in the field of environmental science; Research relating to science; Telecommunications technology consultancy; Research and development services in the field of antibody technology; Research in the area of semiconductor processing technology; Scientific and technological design; Technological consultancy in the field of aerospace engineering; Engineering services relating to data processing technology; Scientific research in the field of social medicine; Information technology consultancy; Engineering services relating to information technology; Technology consultation in the field of artificial intelligence; Computer and information technology consultancy services; Information technology consulting; Scientific and technological research in the field of natural disasters; Scientific and technological services; Scientific technological services; Technological consultancy in the field of geology; Scientific research in the field of genetics and genetic engineering; Research in the field of science provided by engineers; Information technology [IT] consultancy; Research in the field of technology provided by engineers; Technological research; Professional consultancy relating to the science of ergonomics; Information technology services for the pharmaceutical and healthcare industries; Consultancy relating to filtration technology; Information technology services; Technological engineering analysis; Scientific computer programming services; Technological research relating to computers; Chemical technological research; Biotechnology research; Scientific and technological research relating to patent mapping; Engineering research; Computer aided scientific research services; Physics [research]; Physics research; Scientific research relating to biology; Research and development in the field of biotechnology; Research (Physics -); Development of new technology for others; Consultancy and information services in the field of information technology architecture and infrastructure; Design and development of new technology for others; Research and development services in the field of engineering; Professional consultancy relating to marine technology; Technological research services; Computer engineering; Information on the subject of scientific research in the field of biochemistry and biotechnology; Consultancy relating to membrane technology; Consultancy in the field of technological research; Scientific research in the field of genetics; Research in the field of physics; Control technology consulting services; Research and development in the pharmaceutical and biotechnology fields; Development of technologies for the protection of electronic networks; Providing information relating to scientific research in the fields of biochemistry and biotechnology; Scientific research in the field of environmental protection; Scientific and industrial research; Design services relating to process systems for the biotechnology industry; Technical research in the field of aeronautics; Research and development services

in the field of chemistry; Engineering services relating to robotics; Technological research for the building construction industry; Research in the field of computer hardware; Research in the field of computer programs and software; Professional consultancy relating to technology; Information technology [IT] consulting services; Information technology consulting services; Technological studies; Computer software engineering; Telecommunications engineering; Research and development of computer software; Industrial analysis and research services in the field of chemistry; Research relating to molecular sciences; Advisory services relating to science; Scientific design services; Consultancy in the field of technological design; Computer design research; Technical consultancy regarding the field of road cutting technology; Rental of financial management software; Technological services; Technological consulting services for digital transformation; Technical consultancy services relating to information technology; Information technology support services; Technical advice and consultancy services in the field of information technology; Technological consultancy services for digital transformation; Technological design services; Neuromorphic engineering; Development of computer software for use with programmable controllers; Design and development of computer software for vehicle simulation; Software engineering; Design and development of computer software for logistics; Design, development and programming of computer software; Engineering and computer-aided engineering services; Design and development of computer hardware for the manufacturing industries; Development of computer hardware for the manufacturing industries; Design and development of computer game software and virtual reality software; Computer-aided industrial design; Computer programming in the medical field; Design and development of computer hardware for the manufacturing industry; Design and development of computer game software; Computer programming and software design; Development of computer software for use with computer-controlled switching systems; Design of computer hardware for the manufacturing industries; Design and development of computer hardware and software; Design and development of computer software; Computer software design and development; Design and development of computer software architecture; Computer-aided engineering design services; Design of computer microchips; Development of computer game software; Development of computer hardware and software; Computer software development; Development of computer software; Design and development of computer peripherals; Technical project studies in the field of computer hardware and software; Design and development of computer hardware; Design and development of software in the field of mobile applications; Programming of telecommunications software; Programming of computer game software; Development of computer hardware for computer games; Artificial intelligence consultancy; Artificial intelligence as a service (AIAAS); Research in the field of artificial intelligence; Platforms for artificial intelligence as software as a service [SaaS]; Providing artificial intelligence computer programs on data networks; Software as a service [SaaS] featuring computer software platforms for artificial intelligence; Authentication services for computer security; Computer security consultancy; Design and development of electronic data security systems; Computer security system monitoring services; Data security services [firewalls]; Consultancy in the field of security software; Data security services; Internet security consultancy; Design and development of Internet security programs; Monitoring of computer systems for security

***List of cases accepted for opposition purposes as shown in Journal 2026/028 published on 10 July 2026 .***

purposes; Consultancy in the field of computer security; Data security consultancy; Computer programming services for electronic data security; Provision of computer security risk management programs; Safety technological testing services; Telecommunication network security consultancy; Computer security services in the nature of administering digital certificates; Computer security threat analysis for protecting data; Consultancy in the field of data security; Providing user authentication services using biometric hardware and software technology for e-commerce transactions; Safety technology services relating to land vehicles; Computer security services for protection against illegal network access; Provision of security services for computer networks, computer access and computerised transactions; Maintenance of computer software relating to computer security and prevention of computer risks; User authentication services using blockchain technology; Cell separation technology services; Professional consultancy relating to computer security; Rental of Internet security programs; Programming of Internet security programs; Updating of computer software relating to computer security and prevention of computer risks; Information technology [IT] support services [troubleshooting of software]; Consultancy and information services relating to information technology architecture and infrastructure; Providing information about the design and development of computer software, systems and networks; Design and development of operating software for cloud computing networks; User authentication services using technology for e-commerce transactions; Authentication services; Cloud-based data protection services; Software maintenance services; Technological advisory services; Computer integration services; Leasing of scientific instruments; Advisory services relating to scientific instruments; Scientific services; Engineering services; Biochemistry services; Scientific research services; Biochemistry research services; Laboratory (Scientific -) services; Scientific laboratory services; Research services; Medical research services; Computer research services; Scientific testing services; Biomedical research services; Chemistry services; Mathematical research services; Agricultural research services; Professional advisory services relating to food technology; Computer engineering consultancy services; Contract research services relating to molecular sciences; Scientific advisory services; Industrial research services; Biological research services; Pharmaceutical research services; Laboratory services; Medical laboratory services; Chemical research services; Engineering consultancy services; Engineering services relating to computers; Software engineering services; Medical research laboratory services; Technical research services; Geophysical research services; Biochemical engineering services; Research and development services in connection with physics; Technological advisory services relating to computer programs; Nuclear engineering services; Laboratory services for agricultural research; Engineering services relating to computer programming; Research laboratory services; Provision of research services; Genetic engineering services; Software engineering services for data processing programs; Computer services; Research services relating to computer programmes; Laboratory research services relating to pharmaceuticals; Scientific research relating to chemistry; Scientific research relating to ecology; Research (Scientific -); Scientific research; Scientific research in the field of pharmacy; Scientific research relating to genetics; Scientific research relating to genetics of plants; Scientific research relating to bacteriology; Laboratory research in the field of chemistry; Research in the field of chemistry;

Research relating to physics; Research in the field of ecology; Scientific research and development; Assessment in the field of science provided by engineers; Research of agriculture; Scientific research for medical purposes; Biology consultancy; Scientific research relating to cosmetics; Consultancy in the field of scientific research; Computer aided scientific testing; Scientific and industrial research in particular in the field of electricity; Scientific research and analysis; Research in the field of environmental conservation; Analysis in the field of molecular biology; Research in the field of electrical engineering; Estimations in the field of science provided by engineers; Scientific analysis; Biological research, clinical research and medical research; DNA screening for scientific research purposes; Research relating to medicine; Laboratory analysis in the field of chemistry; Mechanics research; Scientific consultancy; Research in the field of social media; Laboratory research in the field of cosmetics; Genetic testing for scientific research purposes; Conducting of scientific studies; Providing medical and scientific research information in the field of pharmaceuticals and clinical trials; Engineering project studies; Research relating to chemistry; Research relating to biotechnology; Medical and pharmacological research services; Veterinary laboratory services; Medical research; Medical laboratories; Design and development of medical diagnostic apparatus; X-ray imaging, other than for medical purposes; Programming of educational software; Certification of educational services; Consultancy services in the field of technological development; Services for the design of business premises; Programming of software for online advertising; Design and development of multimedia products; Design and development of consumer products; Design and development of computer software for logistics, supply chain management and e-business portals; Design and development of engineering products; Engineering services relating to the design of communications systems; Design and development of energy management software; Engineering project management services; Design and development of software for database management; Design and development of software for inventory management; Development of energy and power management systems; Computer project management services; Programming of energy management software; Design of information systems relating to management; Digital asset management; Design and development of computer software for supply chain management; Development of computer software for logistics, supply chain management and e-business portals; Enterprise content management; Development of software for communication systems; Design and development of software for control, regulation and monitoring of solar energy systems; Design and development of telecommunications systems; Programming of software for inventory management; Design and development of virtual private network (VPN) operating software; Development of software for secure network operations; Design and development of operating software for accessing and using a cloud computing network; Consulting in the field of cloud computing networks and applications; Software consultancy services; Software as a service [SAAS] services; Software consulting services; Consulting services in the field of software as a service [SaaS]; Software development services; Application service provider services; Architecture consultancy services; Hosting services, software as a service, and rental of software; Development of computer software application solutions; Development services relating to computer software application solutions; Consulting services in the field of cloud computing; Services for the industrial

***List of cases accepted for opposition purposes as shown in Journal 2026/028 published on 10 July 2026 .***

design of computers; Design and development of operating software for computer networks and servers; Technological consulting services in the field of alternative energy generation; Software as a service [SaaS] featuring software for machine learning; Software as a service [SaaS] featuring software platforms for electronic gaming; Design and development of telecommunications networks; Software engineering services for data processing; Development services relating to virtual reality software; Surveying of real estate; Design services relating to real estate; Rental of software for inventory management; Monitoring of network systems; Computer network configuration services; Computer network services; Programming of software for database management; Design and development of wireless computer networks; Integration of computer systems and networks; Expert consultancy services in connection with computing networks; Providing software on a global computer network; Configuration of computer systems and networks; Development of computer based networks; Computer network design for others; Programming of operating software for computer networks and servers; Technical design and planning of telecommunications networks; Implementation of computer programs in networks; Configuration of computer networks using software; Programming of operating software for accessing and using a cloud computing network; Consultancy services relating to computer networks; Information services relating to the development of computer networks; Expert consultancy services in connection with computing equipment; Information services relating to the application of computer networks; Computer consultancy services; Expert reporting services relating to technology; Consultancy services relating to information technology; Technological advisory services relating to machine engineering analysis; Consultancy and information services in the field of information technology; Expert advice relating to technology; Advisory services relating to technological research; Expert opinion relating to technology; Advisory services relating to man-machine interfaces for computer software; Advisory services relating to computer systems design; Provision of technical consultancy to the petrochemical industry; Data authentication via blockchain; Certification of data via blockchain; Blockchain as a Service [BaaS]; Data storage via blockchain; Cryptocurrency mining; Mining of cryptocurrency; Computer programming of smart contracts on a blockchain; Electronic storage of cryptocurrency; Hosting of transaction platforms on the internet; User authentication services using single sign-on technology for online software applications; Cloud computing services; Data mining; Providing online non-downloadable computer software for minting non-fungible tokens [NFTs]; Constructing an internet platform for electronic commerce; Cloud storage services for electronic data; Data encryption services; Encryption of digital music; Cloud storage services for electronic files; Programming of software for e-commerce platforms; Quantum computing services; Coin analysis [authentication] services; Consultancy services relating to computing; Architecture services; Development and testing of computing methods, algorithms and software; Services for the design of electronic data processing software; Providing user authentication services using single sign-on technology for online software applications; Design and development of electronic database software; Development of software solutions for internet providers and internet users; Providing technological information about environmentally-conscious and green innovations; Design and development of data processing software; Design services relating to plant for the biotechnology industry;

Laboratory research; Clinical research; Research laboratories; Archaeological research; Biotechnological research; Technical research projects and studies; Technical research; Biological research and analysis; Genetic research; Veterinary research; Biochemical research; Biological research; Industrial analysis and research; Geological research; Research (Geological -); Biochemical research and analysis; Agricultural research; Product research; Research of fisheries; Pharmaceutical research and development; Bacteriological research and analysis; Research of pharmaceuticals; Research in instrumentation; Chemical research and analysis; Bacteriological research; Biochemical research and development; Software research; Meteorological research; Architectural research; Industrial research; Archaeological exploration and research; Hydrological research; Scientific research conducted using databases; Analysis for oil research; Cosmetics research; Research of cosmetics; Research and development for others; Research in the field of pharmacogenetics; Cosmetic research; Preparation of reports relating to scientific research; Geological surveys or research; Oceanographic research services; Research in cosmetology; Preparation of technological research reports; Blood analysis services for scientific research purposes; Development (Research and -) of products; Research in the field of excavation; Product research and development; Food research; Research and development services; Consultancy in the field of bacteriological research; Advisory services relating to scientific research; Consultancy in the field of pharmaceutical research; Biological research laboratory services; Mechanical research; Chemical research and analysis services; Industrial analysis and research services; Industrial research and analysis services; Consultancy relating to research in the field of pharmacogenetics; Bacteriological consultation and research; Pharmaceutical research and development services; Research and development for the pharmaceutical industry; Research and development services in the field of immunology; Consultancy services relating to technological research; Research and development of new products; Biotechnological research relating to industry; Research and development services in the field of bacteriology; Research and development services in the field of immunohistology; Research and development services in the field of antibodies; Industrial research and analysis; Research and development services in the field of cytology; Consultancy in the field of industrial research; Research relating to the development of computer software; Optical research laboratory services; Consultancy relating to research and development in the field of therapeutics; Industrial analyses and research services; Consultancy relating to pharmaceutical research and development; Technological project studies; Research and development services relating to computer hardware; Research relating to the development of computer hardware; Quality control; Quality control services; Quality control of services; Quality control testing; Certification [quality control]; Quality control for others; Water quality control services; Quality control of soil products; Product quality control testing; Inspection of goods for quality control; Quality control and authentication services; Quality control of raw materials; Testing, authentication and quality control; Quality control of building materials; Quality control of manufactured goods; Quality control of goods and services; Consultancy relating to quality control; Quality control relating to the hygiene of food; Conducting of quality control tests; Monitoring the quality control of seismic procedures; Quality control relating to computer systems; Quality control of glass containers; Quality control of completed buildings; Quality control relating to the hygiene of foodstuffs;

***List of cases accepted for opposition purposes as shown in Journal 2026/028 published on 10 July 2026 .***

Quality control of partly manufactured goods; Quality control testing services for forestry equipment; Quality control testing services for horticultural equipment; Quality control testing services for agricultural machinery; Quality control testing services for industrial machinery; Quality control relating to computer software; Consultancy services relating to quality control; Process monitoring for quality assurance; Monitoring of water quality; Quality assurance services; Quality testing; Quality assessment; Quality audits; Providing quality assurance services; Product quality evaluation; Analysis of water quality; Product quality testing; Quality assurance consultancy; Access Control as a Service (ACaaS); Product quality testing services; Creation of control programs for electric operation control and drive modules; Quality checking; Evaluation of wool (Quality -); Quality evaluation of wool; Air quality data collection services; Cloud hosting provider services; Industrial analysis services; Technological analysis services; Computer analysis services; Computerised food analysis services; Analytic laboratory services; Technical data analysis services; Chemical analysis services; Engineering services for the analysis of machinery; Engineering services for the analysis of structures; Computer services for the analysis of data; Technical survey services; Seismic analysis services; Analytical laboratory services; Measurement services; Technological studies relating to machine tools; Comparative analysis studies of the efficiency of computer systems; Research relating to the computerised automation of industrial processes; Technological consultancy; Programming of software for market research purposes; Design and development of computer software for evaluation and calculation of data; Research, development, design and upgrading of computer software; Development of computer programs recorded on data media (software) designed for use in construction and automated manufacturing (cad/cam); Computer aided industrial analysis services; Design of computer machine and computer software for commercial analysis and reporting; Technological consultancy in the fields of energy production and use; Computer aided industrial research services; Research relating to the computerised automation of technical processes; Consultancy in the field of computer system analysis; Analysis (Computer systems -); Systems analysis (Computer -); Computer systems analysis; Computer aided scientific analysis services; Design of manufacturing methods; Design and development of testing and analysis methods; Computer software research; Provision of information and data relating to medical and veterinary research and development; Providing scientific information in the field of medical disorders and their treatment; Scientific investigations for medical purposes; Draftsman's services; Draftsman's services in the nature of technical drawing; Advisory services relating to industrial design; Development of data processing programs by order of third parties; Advisory services relating to industrial engineering; Industrial analysis and research services relating to automobile tires; Technical advisory services relating to data processing; Monitoring of events which influence the environment within civil engineering structures; Advisory services relating to environmental protection.

#### Class 45:

Licensing of technology; Security services; Monitoring of security systems; Security monitoring services; Security consultancy; Security guard services; Passport control services [security]; Physical security services; Safety, rescue, security and enforcement services; Airport security services; Rental of security surveillance equipment; Electronic monitoring services for security purposes; Security services for the protection of property; Security services for buildings; Physical security

consultancy; Security guard services for buildings; Rental of equipment for safety, rescue, security and enforcement; Security services for the protection of individuals; Consulting services in the field of national security; Microchip security services for pets; Security guarding for facilities; Security services for the physical protection of individuals; Rental of security surveillance apparatus; Security guard services for the protection of property and individuals; Security services for the protection of property and individuals; Security services for the physical protection of tangible property; Security guarding of facilities via remote monitoring systems; Public events security services; Security inspection services for others; Surveillance services; Providing information relating to security guard services; Airport baggage security inspection services; Guard services; Airport baggage security screening services; Airline passenger security screening services; Security services for the physical protection of tangible property and individuals; Consultancy services relating to health and safety; Police services; Bailiff services (legal services); Conveyancing services [legal services]; Vetting services; Attorney services [legal services]; Fingerprinting services; Advisory services in relation to safety; Bodyguard services; Providing reconnaissance and surveillance services; Concierge services; Fraud detection services in the field of health care insurance; Investigation services related to insurance claims; Litigation services [services of a lawyer]; Legal services relating to social insurance claims; Legal services relating to business; Management of patents; Intellectual property management services; Legal research relating to real estate transactions; Industrial property management; Management of intellectual property; Internet-based social networking services; Online social networking services; On-line social networking services; Legal services; Guardianship services; Legal consultancy services; Litigation services; Conveyancing services; Arbitration services; Genealogy research; Genealogical research; Political research and analysis; Legal research; Licensing of research and development; Information services relating to trading standards; Political consultancy services; Legal services in relation to the negotiation of contracts for others; Mediation; Arbitration, mediation and dispute resolution services; Legal services relating to the negotiation and drafting of contracts relating to intellectual property rights; Mediation services for marital disputes; Mediation in legal procedures; Divorce mediation services; Dispute resolution services; Legal mediation services; Mediation [legal services]; Mediation services; Alternative dispute resolution; Alternative dispute resolution services; Copyright management consultation; Legal consultation in the field of taxation; Professional legal consultations relating to franchising; Legal assistance in the drawing up of contracts; Alternative dispute resolution services [legal services]; Arbitration; Litigation consultancy; Arbitration services relating to industrial relations; Provision of legal research; Advisory services relating to consumers rights [legal advice]; Litigation support services; Advisory services relating to the law; Solicitors' services; Litigation advice; Legal compliance auditing; Patent licensing [legal services]; Monitoring industrial property rights for legal advisory purposes; Legal services in the field of immigration; Legal investigation services; Legal services for procedures relating to industrial property rights; Personal legal affairs consultancy; Legal advocacy services; Legal services relating to copyright licensing; Monitoring intellectual property rights for legal advisory purposes; Licensing of software [legal services]; Software licensing [legal services]; Trademark monitoring [legal services]; Licensing of intellectual property [legal services]; Licensing of patent applications [legal services];

Class 1:

Chemical preparations, fluids, pastes, cements and compounds for cleaning, bonding, sealing and surface preparation purposes; assembly pastes and talcs; tyre repairing compositions; adhesives; sealants; bead sealers; bead breaking compositions;

**List of cases accepted for opposition purposes as shown in Journal 2026/028 published on 10 July 2026 .**

deionised water; screenwash; de-icer; cements for repairing tyres; buffing preparations; tyre degreasing preparations.

**Class 3:**

Brake cleaning preparations; tyre cleaning preparations; wheel cleaning preparations; vehicle cleaning preparations.

**Class 4:**

Industrial oils, greases and lubricants.

**Class 6:**

Metal cable ties; metal ferrules; metal connectors and couplings; metal parts and accessories for hoses; metal adaptors; metal tool boxes; metal ramps for use with vehicles.

**Class 7:**

Air tools; air pumps and inflators; compressors; blow guns; torque wrenches; impact wrenches, jacks; axle stands; lifting and elevating machines and apparatus; vehicle handling machines and apparatus; bead breaking tools; bead sealing tools; machines and apparatus for buffing and polishing; rasps; drills; drill bits; abrasive bits; grinding tools; cutting tools; tyre routers, treader and retreaders; vulcanization machines and apparatus; extrusion machines and apparatus; hammering machines; chucks for machines; tube deflators; filters; equipment and apparatus for servicing, repairing, changing and fitting wheels; equipment and apparatus for servicing, repairing, changing and fitting tyres; tyre and wheel balancing machines and apparatus; tyre and wheel alignment machines and apparatus; equipment and apparatus for servicing and repairing vehicle air conditioning systems; grinders; rams; valves for machines; all of the above being machines, machine tools or parts for machines; parts for all of the aforesaid.

**Class 8:**

Air tools; air pumps and inflators(not for bicycles or balls); blow guns; torque wrenches; impact wrenches; jacks; axle stands; lifting and elevating apparatus; vehicle handling apparatus; bead breaking tools and apparatus; bead seating and sealing tools and apparatus; apparatus for buffing and polishing; rasps; drills; drill bits; abrasive bits; grinding tools; cutting tools; tyre routing, treading, regrooving and retreading tools; chucks for hand operated tools; tube deflators; pressure regulators; tools for servicing, repairing, changing and fitting wheels and tyres; tools for servicing repairing, changing and fitting wheels and tyres; equipment for servicing and repairing vehicle air conditioning systems; sockets; ratchets; grinding tools; rams; spanners; pliers; files; hammers and mallets; screwdrivers and screwdriver bits; screwdriver keys; hex keys; tyre irons, levers and braces; tyre puncture repair tools; chisels; wheel chocks; valve mounting tools; all of the above being hand operated; parts for all of the aforesaid.

**Class 9:**

Wheel alignment monitors, meters and apparatus; wheel balancing monitors, meters and apparatus; wheel safety monitors, meters and apparatus; wheel nut indicators; tyre testing and monitoring apparatus; tyre pressure gauges and tyre pressure monitoring apparatus; parts for all of the aforesaid; fuses; protective clothing, headwear, footwear and eyewear; knee-pads and kneeling mats.

**Class 10:**

Hearing protectors.

**Class 11:**

Electric torches; lighting apparatus.

**Class 12:**

Refill cartridges for tyres and inner tubes; wheel balance weights; valves for tyres, and parts, fittings and accessories therefor; valve caps for tyres; vehicle seat covers; tyre patches and tyre patching materials.

**Class 17:**

Rubber and plastic materials for sealing, protection and insulation purposes; rubber and plastic repair materials; adhesive sealants; hoses; non-metallic connectors and couplings; non-metallic adaptors; thread seal tapes; non-metallic parts and accessories for hoses; o-rings.

**Class 21:**

Brooms; brushes (not including paint brushes); mops and mop-heads; cleaning cloths.

**Class 35:**

Wholesale services relating to the following goods: preparations for cleaning, bonding, sealing and surface preparation; vehicle wheel and tyre servicing and repair equipment and accessories; rubber and plastic repair materials; hand tools and manually operated tools for vehicle servicing and workshop use; tool kits, tool storage containers, tool organisers and tool bags; measuring instruments, gauges and inspection tools; workshop accessories and general workshop apparatus ; fasteners, fixings, nuts, bolts, washers, screws and mechanical hardware; metal fittings, couplings, adaptors and connectors; hoses, hose accessories, reels and fittings; lifting accessories, supports, blocks and handling aids; safety equipment, protective equipment and personal protective equipment (PPE); workwear, gloves, protective clothing and safety accessories; lighting apparatus, inspection lamps, torches and portable lighting ; storage systems, bins, racks and organisational equipment; signage, charts, labels and instructional materials ; cleaning apparatus, janitorial equipment and non-chemical workshop cleaning accessories; and replacement parts, fittings, components and accessories for all the aforesaid goods.

**Class 37:**

Installation, maintenance, servicing and repair services relating to tyre changing machines, wheel balancing machines, wheel alignment systems, vehicle air-conditioning service equipment and advanced driver assistance systems (ADAS) calibration equipment; installation, maintenance and repair of workshop and garage equipment for vehicle servicing and inspection; technical support and engineering services relating to the installation, maintenance and repair of the aforesaid machines, systems and equipment.

**Class 41:**

Training and education services relating to tyre and wheel servicing, maintenance, repair, and replacement.
