Chemicals for use in industry and science; chemicals, namely, ethyl levulinate; biochar for industrial purposes; biochar for agricultural purposes; biochar for horticultural purposes; chemicals, namely, potassium formate; chemicals, namely, levulinic acid; formic acid; chemicals, namely, acrylic acid; chemicals, namely, 3-hydroxypropanoic acid; chemicals, namely, diphenolic acid; succinic acid.

Class 4:

Biofuels; renewable fuels; fuels based on renewable raw materials.

Class 40:

Fuel refining; production of renewable green energy; production of energy via renewable resources.

Class 42:

Engineering services in the field of biorefining processes; engineering; scientific research in the field of renewable energy; scientific research; scientific research and development.

cone clamping elements, in particular those fitted with sensors for recording of operating conditions, functional controls and status controls; hub clamping elements, in particular those fitted with sensors for recording of operating conditions, functional controls and status controls; clamping elements for foundation bolts, in particular those fitted with sensors for recording of operating conditions, functional controls and status controls; clamping elements for screw threading, in particular those fitted with sensors for recording of operating conditions, functional controls and status controls; electromechanical clamping elements, in particular those fitted with sensors for recording of operating conditions, functional controls and status controls; machine parts, the aforesaid goods in particular being equipped with sensors for collecting operating statuses, function and status checks, namely axles, engage and release apparatus, eccentrics, linkages, casings, casing covers, frames for machines, stands for machines, machine beddings, connecting and piston rods, camshafts, cams, cranks, crank shafts, grooved pulleys, sheaves, belt tensioners, friction couplings, magnetic couplings, shaft couplings, brakes and brake linings, coupling and brake operating levers, bearings, pillow blocks, bearing caps, ring lubricating, standing and hanger bearings, ball-bearings, needle bearings, roller bearings, oilers, grease guns, grease presses, stuffing boxes, bevel wheels, worm wheels, snails, frictional wheels, wheelwork, flywheels, flywheels, speed controls, controlling devices, valve controllers, valves for steam engines and power machinery, gear drives, stepless variators, variators, the aforesaid goods in particular being equipped with sensors for collecting operating statuses, function and status checks; saddlery, belts and leather goods for technical purposes, namely driving belts, V-belts, flat belts, link belts, wide V-belts, belt connectors, elastic clutch packs, sealing washers, sleeves, discs, in particular those fitted with sensors for recording of operating conditions, functional controls and status controls.

Class 9:

Regulating, control and monitoring apparatus, devices and instruments, in particular for windmills for generating energy, rotors, generators and transmissions; sensors and software for recording, monitoring, function checking, maintenance, servicing, inspection, tracking, access control, optimisation of the lifecycle and reliability of couplings, transmissions, generators, machines and engines.

Class 35:

Collection, compilation and systemisation of data, management of data, compilation of statistics for the purposes of monitoring, maintaining, servicing and adjusting machine parts, couplings and gears and electronic controls for machines, machine parts, electronic controls, machine coupling and transmission components and parts therefor (other than for land vehicles), gears and parts therefor (other than for land vehicles), in particular gears for machines (other than for land vehicles), in particular gears for mills, mills (machines), electric driving motors for mills, wind turbines, generators, wind-powered electricity generators, gear boxes, other than for land vehicles, gear box casings, other than for land vehicles, motors and engines, other than for land vehicles, brakes, other than for land vehicles, safety couplings, torque limiting elements for couplings, cam sprockets, belt pulleys, in particular belt pulleys for timing belts and V-belts, chains for power engines and drive units and starters therefor (other than for land vehicles), articulated chains, link chains for continuously

variable transmissions, torque limiters, clamping elements, in particular clamping elements for couplings, sprocket gears and belt pulleys, drive trains, clamping elements for drive units, chain clamping elements, timing belts, V-belts, cone clamping elements, hub clamping elements, clamping elements for foundation bolts, clamping elements for screw threads, electromechanical clamping elements, machine parts, namely axles, engaging and disengaging devices, tappets, rods, housings, housing covers, machine frames, stands for machines, machine beds, connecting rods and piston rods, cam shafts, cams, cranks, crank shafts, V-belt pulleys, pulleys, belt tensioners, friction couplings, magnetic couplings, shaft couplings, brakes and brake linings, clutch and brake levers, bearings, bearing brackets, bearing shells, ring lubrication bearings, pedestal bearings and hanging bearings, roller bearings, needle bearings, roller bearings, oils, lubrication guns, grease guns, stuffing boxes, bevel wheels, worm wheels, worm gears, friction wheels, toothed wheels, flywheels, disc flywheels, cruise control apparatus, controls, valve operators, valves for steam engines and power engines, toothed gear transmissions, continuously variable transmissions, variators, saddlery, belts and leather goods for technical purposes, namely driving belts, V-belts, flat belts, link belts, wide V-belts, belt connectors, elastic clutch packs, sealing washers, gaskets, sleeves, discs and electronic controls, in particular for the purposes of monitoring, maintenance, servicing, optimising the service life and reliability and adapting the aforesaid goods by means of software.

Class 37:

Repair and maintenance of machines, machine parts and electronic controls; consultancy relating to the maintenance and repair of machines, machine parts and electronic controls; repair and maintenance of wind turbines, in particular electrical generators and gears; installation of couplings and gear boxes; cleaning, repair and maintenance of couplings and gear boxes; repair and maintenance of sensors for recording of operating conditions, functional controls and status controls; repair and maintenance of machine coupling and transmission components and parts therefor (other than for land vehicles), gears and parts therefor (other than for land vehicles), in particular gears for machines (other than for land vehicles), in particular gears for mills, mills (machines), electric driving motors for mills, wind turbines, generators, wind-powered electricity generators, gear boxes, other than for land vehicles, gear box casings, other than for land vehicles, motors and engines, other than for land vehicles, brakes, other than for land vehicles, safety couplings, torque limiting elements for couplings, cam sprockets, belt pulleys, in particular belt pulleys for timing belts and V-belts, chains for power engines and drive units and starters therefor (other than for land vehicles), articulated chains, link chains for continuously variable transmissions, torque limiters, clamping elements, in particular clamping elements for couplings, sprocket gears and belt pulleys, drive trains, clamping elements for drive units, chain clamping elements, timing belts, V-belts, cone clamping elements, hub clamping elements, clamping elements for foundation bolts, clamping elements for screw threading, electromechanical clamping elements, machine parts, namely axles, engaging and disengaging devices, tappets, rods, housings, housing covers, machine frames, stands for machines, machine beds, connecting rods and piston rods, cam shafts, cams, cranks, crank shafts, v-belt pulleys, pulleys, belt tensioners, friction couplings, magnetic couplings, shaft couplings, brakes and brake linings,

clutch and brake levers, bearings, bearing brackets, bearing shells, ring lubrication bearings, pedestal bearings and hanging bearings, roller bearings, needle bearings, roller bearings, oils, lubrication guns, grease guns, stuffing boxes, bevel wheels, worm wheels, worm gears, friction wheels, toothed wheels, flywheels, disc flywheels, cruise control apparatus, controls, valve operators, valves for steam engines and power engines, toothed gear transmissions, continuously variable transmissions, variators, saddlery, belts and leather goods for technical purposes, namely driving belts, V-belts, flat belts, link belts, wide V-belts, belt connectors, elastic clutch packs, sealing washers, gaskets, sleeves, discs; maintenance of wind turbines, in particular electric generators and gears; maintenance of sensors for recording of operating conditions, functional controls and status controls; maintenance of machine coupling and transmission components and parts therefor (other than for land vehicles), gears and parts therefor (other than for land vehicles), in particular gears for machines (other than for land vehicles), in particular gears for mills, mills (machines), electric driving motors for mills, wind turbines, generators, wind-powered electricity generators, gear boxes, other than for land vehicles.

Class 40:

Custom manufacturing of machines, machine parts, driving belts, transport belts and electronic controls; custom manufacturing of wind turbines, in particular electric generators and gears; custom manufacturing of sensors for recording of operating conditions, functional controls and status controls; custom manufacturing of machine coupling and transmission components and parts therefor (other than for land vehicles), gears and parts therefor (other than for land vehicles), in particular gears for machines (other than for land vehicles), in particular gears for mills, mills (machines), electric driving motors for mills, wind turbines, generators, wind-powered electricity generators, gear boxes, other than for land vehicles, gear box casings, other than for land vehicles, motors and engines, other than for land vehicles, brakes, other than for land vehicles, safety couplings, torque limiting elements for couplings, cam sprockets, belt pulleys, in particular belt pulleys for timing belts and V-belts, chains for power engines and drive units and starters therefor (other than for land vehicles), articulated chains, link chains for continuously variable transmissions, torque limiters, clamping elements, in particular clamping elements for couplings, sprocket gears and belt pulleys, drive trains, clamping elements for drive units, chain clamping elements, timing belts, V-belts, cone clamping elements, hub clamping elements, clamping elements for foundation bolts, clamping elements for screw threading, electromechanical clamping elements, machine parts, namely axles, engaging and disengaging devices, tappets, rods, housings, housing covers, machine frames, stands for machines, machine beds, connecting rods and piston rods, cam shafts, cams, cranks, crank shafts, V-belt pulleys, pulleys, belt tensioners, friction couplings, magnetic couplings, shaft couplings, brakes and brake linings, clutch and brake levers, bearings, bearing brackets, bearing shells, ring lubrication bearings, pedestal bearings and hanging bearings, roller bearings, needle bearings, roller bearings, oils, lubrication guns, grease guns, stuffing boxes, bevel wheels, worm wheels, worm gears, friction wheels, toothed wheels, flywheels, disc flywheels, cruise control apparatus, controls, valve operators, valves for steam engines and power engines, toothed gear transmissions, continuously variable transmissions, variators, saddlery, belts and leather goods for technical purposes, namely driving belts, V-belts, flat belts, link belts, wide V-belts, belt connectors, elastic clutch packs, sealing washers, gaskets, sleeves, discs.

saddlery, belts and leather goods for technical purposes, namely driving belts, V-belts, flat belts, link belts, wide V-belts, belt connectors, elastic clutch packs, sealing washers, gaskets, sleeves, discs; all the above in particular for the purposes of inspecting, monitoring and optimising the service life and reliability of machines, machine parts and electric controls; custom construction of machines, machine parts and electronic controls; custom construction of wind turbines, in particular electric generators and gears; custom construction of sensors for recording of operating conditions, functional controls and status controls; custom construction of machine coupling and transmission components and parts therefor (other than for land vehicles), gears and parts therefor (other than for land vehicles), in particular gears for machines (other than for land vehicles), in particular gears for mills, mills (machines), electric driving motors for mills, wind turbines, generators, wind-powered electricity generators, gear boxes, other than for land vehicles, gear box casings, other than for land vehicles, motors and engines, other than for land vehicles, brakes, other than for land vehicles, safety couplings, torque limiting elements for couplings, cam sprockets, belt pulleys, in particular belt pulleys for timing belts and V-belts, chains for power engines and drive units and starters therefor (other than for land vehicles), articulated chains, link chains for continuously variable transmissions, torque limiters, clamping elements, in particular clamping elements for couplings, sprocket gears and belt pulleys, drive trains, clamping elements for drive units, chain clamping elements, timing belts, V-belts, cone clamping elements, hub clamping elements, clamping elements for foundation bolts, clamping elements for screw threading, electromechanical clamping elements, machine parts, namely axles, engaging and disengaging devices, tappets, rods, housings, housing covers, machine frames, stands for machines, machine beds, connecting rods and piston rods, cam shafts, cams, cranks, crank shafts, V-belt pulleys, pulleys, belt tensioners, friction couplings, magnetic couplings, shaft couplings, brakes and brake linings, clutch and brake levers, bearings, bearing brackets, bearing shells, ring lubrication bearings, pedestal bearings and hanging bearings, roller bearings, needle bearings, roller bearings, oils, lubrication guns, grease guns, stuffing boxes, bevel wheels, worm wheels, worm gears, friction wheels, toothed wheels, flywheels, disc flywheels, cruise control apparatus, controls, valve operators, valves for steam engines and power engines, toothed gear transmissions, continuously variable transmissions, variators, saddlery, belts and leather goods for technical purposes, namely driving belts, V-belts, flat belts, link belts, wide V-belts, belt connectors, elastic clutch packs, sealing washers, gaskets, sleeves, discs.

Class 42:

Development of machine, machine parts and electronic controls; monitoring and inspection of machines, machine parts and electronic controls, in particular with regard to their service life; technical advice relating to the development of machines, machine parts and electronic controls; IT services, namely the development, programming and implementation of software for selecting drive mechanisms and for monitoring and functional and status control of electric, electronic and mechanical equipment or systems, machines, machine parts and electronic controls, in particular for the purposes of inspecting, monitoring and optimising the service life and reliability of machines, machine parts and electronic controls; computer system analysis for the purposes of monitoring, maintenance,

Class 9:

Electronic monitoring tags; electronic tags; apparatus, instruments and appliances for electronic tags; radio frequency identification tags (RFID tags); global positioning system (GPS) apparatus; electrical tracking apparatus and instruments; electrical tracking apparatus, including biologging apparatus; radio signalling instruments for use in tracking; wireless-enabled tracking apparatus utilising short-range communication technology; proximity-based digital tracking devices for monitoring and data transmission; near-field communication (NFC) tags and devices; electronic devices for tracking and verifying animal origin and supply chain compliance; apparatus for ensuring traceability of livestock from origin to market; devices incorporating solar-powered or renewable energy technology for animal monitoring; electronic animal identification apparatus; biometric sensors for animal health, welfare, bio-security and theft monitoring; sensors for scientific use to gather animal biometric data; temperature sensors for gathering animal biometric data, not for medical purposes; temperature sensors for animal health and welfare monitoring; wireless communication sensors and apparatus for data transmission; telemetry sensors and apparatus for use in relation to animals; telemetry sensor and apparatus for animal tracking and health, welfare, bio-security and theft monitoring, other than for medical purposes; environmental monitoring sensors for use with animals; compliance tracking sensors and apparatus for animal regulations; data processing sensors and apparatus for compliance with sustainability and deforestation regulations; accelerometers; accelerometers integrated with global positioning apparatus; accelerometers for monitoring health, welfare, bio-security and theft of animals; electrical switching apparatus; data capture apparatus; data capture instruments; apparatus for data processing; data collection apparatus; data collection apparatus incorporating LED displays; apparatus for data storage; apparatus for data transmitting; data stored for access by computer programs; electronically recorded data stored for access by computer programs (downloadable); data terminals for the validation of data; parts, fittings and accessories in this class for the aforesaid goods; application software; application software for tracking animals; application software for tracking animals, including biologging application software; data processing software; computer programs; computer systems using blockchain technology for use in data management, namely for recording sustainability data in livestock management; computer software products and accessories in this class for use with the aforesaid goods; all of the aforementioned goods only being in relation to animals.

Class 35:

Data collection; data collection for others; collection of data for market studies; compilation of data; data compilation for others; data processing and collection of data for commercial purposes; data processing for the collection of data for business purposes; collection, systematization, compilation and analysis of business data and information stored in computer databases; market research data collection and compilation services; collection and analysis of healthcare quality data for business purposes; market analysis; market analysis reporting services; provision of an online marketplace for buyers and sellers of goods and services; commercial information; business information; collecting and compiling commercial information; acquisition of commercial information; business advice; business management; advice relating to business

management; business risk management; advisory services relating to business risk management; advisory services relating to commercial planning; benchmarking services; benchmarking (evaluation of business organization practices for business management purposes); business analysis; business analysis being the conducting of productivity studies; business consultancy services relating to the supply of quality management systems; business data management consultancy in information analysis; business data analysis; collation of data; collection of financial information; commercial information services provided by access to a computer database; company data information services; compilation of statistical data; computerised business information services; computerized business information retrieval; computerised business research; computerized data verification; computerized stock control services; computerized stock management; dissemination of commercial information; economic analysis for business purposes; farm management (business management); financial auditing; livestock auctioneering services; preparation of business reports; preparation of commercial reports; preparation of economic reports; providing commercial information; providing commercial information and advice for consumers in the choice of products and services; sponsorship (promotion and marketing services); stock and station services (buying and selling of goods); systemization of information into computer databases; biologging data analysis and reporting for business purposes; biologging (data collection, systematization, compilation and analysis) consultancy services for businesses in the fields of agriculture, companion animals and wildlife monitoring and research; retail services for biologging devices; wholesale services for biologging devices; data processing; biologging data processing services; information, advisory and consultancy services for the aforementioned services; all of the aforementioned services only being in relation to animals.

Class 38:

Advisory services relating to communications equipment; audiovisual communication services; communications consultancy; communication network consultancy; communication of information by satellite; communication services for the electronic transmission of data; communication services for the exchange of data in electronic form; data transmission; providing access to online computer databases; preparation of reports relating to communications; provision of information relating to communications; relaying of messages (electronic); transmission of data; transmission of information; electronic transmission of information; transmission of global positioning signals for navigation purposes; biologging data transmission services related to remote tracking and data transfer; wireless communication services for biologging devices that transmit short-range wireless, GPS, behavioural or physiological data; wireless electronic transmission of data and information; Internet of Things (IoT) connectivity for biologging sensors communicating via satellite or other networks; communication services for the Internet of Things; information, advisory and consultancy services for the aforementioned services; all of the aforementioned services only being in relation to animals.

Class 42:

Providing information, including online, about scientific and technological services and research and design relating thereto; provision of information relating to scientific research;

technological research; scientific research; technical data analysis services; scientific and technical analysis; preparation of technical reports; advisory services relating to computer software; advisory services relating to energy efficiency; advisory services relating to environmental protection; analysis of statistical data for scientific research; application service provider (ASP) services; quality control of goods and services; association services being the quality control of goods or services provided by members of the association; preparation of scientific reports; authentication services (verification of the attributes of goods); certification services (testing, verification and authentication of the goods of others for the purpose of certification); computer software design; computer support services (software advisory and information services); computerized business information storage; computerized data storage services; environmental monitoring services; evaluation of performance against benchmark references; evaluation of product development; evaluation of product design; product quality evaluation; information services regarding quality standards; livestock assessment (testing, inspection and research services in the field of livestock); testing, inspection and research services in the field of livestock; quality assessment; mapping services; online provision of web-based applications (non-downloadable); platform as a service (PaaS); provision of information relating to environmental sustainability; environmental assessment services; quality accreditation services; quality control services for certifying product quality; software as a service (SaaS); web portal services (designing or hosting); design and development of computer software for the collection, transmission and analysis of data; biologging technological consultancy services for agriculture, companion animals and wildlife monitoring and research; software development services for biologging data collection, visualization and analysis; platform as a service (PaaS) featuring software for biologging data collection, visualization and analysis; platform as a service (PaaS) for the purposes of providing biologging data collection, visualization and analysis; hosting and providing electronic platforms for data sharing and transmission; hosting and providing electronic platforms for the purposes of providing biologging data collection, visualization and analysis; scientific research and design related to biologging technologies; online data storage; electronic data storage; cloud-based biologging data storage services; artificial intelligence as a service (AIaaS) featuring software using artificial intelligence for data exploration, data assessment, data analytics and business analytics; software as a service (SaaS) featuring artificial intelligence software for machine learning; providing non-downloadable computer software for use in manipulation of collections of user-defined data in the field of machine learning; AI as a service (AIaaS) featuring software using artificial intelligence and machine learning models for interpreting biologging data; information, advisory and consultancy services for the aforementioned services; all of the aforementioned services only being in relation to animals.

NATCURE

Class 1:

Chemicals for use in industry, science and photography, as well as in agriculture, horticulture and forestry; unprocessed artificial resins, unprocessed plastics; fire extinguishing and fire prevention compositions; tempering and soldering preparations; substances for tanning animal skins and hides; adhesives for use in industry; putties and other paste fillers; compost, manures, fertilizers; biological preparations for use in industry and science; acetate of cellulose, unprocessed; acetates [chemicals]; acetic anhydride; acetone; acetylene; acetylene tetrachloride; acid proof chemical compositions; acids; acidulated water for recharging batteries / acidulated water for recharging accumulators; acrylic resins, unprocessed; actinium; activated carbon / activated charcoal; active chemical ingredients; active chemical ingredients for use in the manufacture of pharmaceuticals; additives, chemical, to drilling muds / chemical additives to drilling muds; additives, chemical, to fungicides / chemical additives to fungicides; additives, chemical, to insecticides / chemical additives to insecticides; additives, chemical, to motor fuel / chemical additives to motor fuel; adhesive preparations for surgical bandages; adhesives for billposting; adhesives for industrial purposes; adhesives for paperhanging / adhesives for wallpaper; adhesives for wall tiles; adjuvants, other than for medical or veterinary purposes; agar-agar for industrial purposes; agglutinants for concrete; agricultural chemicals, except fungicides, herbicides, insecticides and parasiticides; albumenized paper; albumin [animal or vegetable, raw-material]; alcohol for industrial purposes; aldehydes; alginates for industrial purposes; alginates for the food industry; alkalis; alkaline iodides for industrial purposes; alkaline metals; alkaline-earth metals; alkaloids; alum; alumina; aluminium acetate; aluminium alum; aluminium chloride; aluminium hydrate; aluminium iodide; aluminium silicate; americium; ammonia [volatile alkali] for industrial purposes / volatile alkali [ammonia] for industrial purposes; ammonia alum; ammonia; ammoniacal salts; ammonium aldehyde; ammonium nitrate; ammonium salts; amyl acetate; amyl alcohol; anhydrides; anhydrous ammonia; animal albumen [raw material]; animal carbon; animal carbon preparations; animal charcoal; animal extracts for the food industry; animal manure; anthranilic acid; anti-boil preparations for engine coolants; anti-frothing solutions for batteries / anti-frothing solutions for accumulators; anti-incrustants; anti-knock substances for internal combustion engines; anti-sprouting preparations for vegetables; anti-tarnishing chemicals for windows; antifreeze; antimony; antimony oxide; antimony sulfide; antioxidants for use in manufacture; antioxidants for use in the manufacture of cosmetics; antioxidants for use in the manufacture of food supplements; antioxidants for use in the manufacture of pharmaceuticals; antistatic preparations, other than for household purposes; argon; arsenic; arsenious acid; artificial sweeteners for industrial purposes; artificial sweeteners for the food industry; aspartame for industrial purposes; aspartame for the food industry; astatine; auxiliary fluids for use with abrasives; bacterial preparations, other than for medical and veterinary use; bacteriological preparations for acetification; bacteriological preparations,

other than for medical and veterinary use; barium; barium compounds; barium sulfate; baryta; baryta paper; barytes; bases [chemical preparations]; basic gallate of bismuth; bate for dressing skins / dressing, except oils, for skins; bauxite; beer clarifying agents; beer preserving agents; bentonite; benzene; benzene derivatives; benzene-based acids; benzoic acid; benzoic sulfimide for industrial purposes; benzol; berkelium; bicarbonate of soda for chemical purposes; bichloride of tin; bichromate of potassium; bichromate of soda; biochemical catalysts; biological preparations, other than for medical or veterinary purposes; biological tissue cultures, other than for medical or veterinary purposes; biostimulants for plants; birdlime; bismuth; bismuth subnitrate for chemical purposes; blood charcoal; blue vitriol / copper sulfate / blue vitriol; blueprint cloth; blueprint paper; bone charcoal; borax; boric acid for industrial purposes; bouillons for bacteriological cultures, other than for medical or veterinary purposes / bacteriological culture mediums, other than for medical or veterinary purposes / media for bacteriological cultures, other than for medical or veterinary purposes; brake fluid; brazing fluxes; brazing preparations; brickwork preservatives, except paints and oils; bromine for chemical purposes; by-products of the processing of cereals for industrial purposes; caesium; calcined soda; calcium carbide; calcium cyanamide [fertilizer] / calcium cyanamide [fertiliser]; calcium salts; californium; calomel [mercurous chloride]; camphor for industrial purposes; carbides; carbolineum for the protection of plants; carbon; carbon black for industrial purposes; carbon dioxide for industrial purposes; carbon disulfide; carbon for filters; carbon tetrachloride; carbonates; carbonic acid; carbonic hydrates; casein for industrial purposes; casein for the food industry; cassiopium [lutetium] / lutetium [cassiopium]; catalysts; catechu; caustic alkali; caustic soda for industrial purposes; caustics for industrial purposes; cellulose; cellulose derivatives [chemicals]; cellulose esters for industrial purposes; cellulose ethers for industrial purposes; cement [metallurgy]; cement for footwear; cement for mending broken articles; cement preservatives, except paints and oils; cement-waterproofing chemicals, except paints; ceramic compositions for sintering [granules and powders]; ceramic glazings; ceramic materials in particulate form, for use as filtering media; cerium; chemical additives for oils; chemical coatings for ophthalmic lenses; chemical condensation preparations; chemical intensifies for paper; chemical intensities for rubber; chemical preparations for facilitating the alloying of metals; chemical preparations for scientific purposes, other than for medical or veterinary use; chemical preparations for smoking meat; chemical preparations for use in photography; chemical preparations to prevent diseases affecting cereal plants; chemical preparations to prevent diseases affecting vine plants; chemical preparations to prevent mildew; chemical preparations to prevent wheat blight / chemical preparations to prevent wheat smut; chemical reagents, other than for medical or veterinary purposes; chemical substances for analyses in laboratories, other than for medical or veterinary purposes / chemical preparations for analyses in laboratories, other than for medical or veterinary purposes; chemical substances for preserving foodstuffs; chemicals for the manufacture of paints; chemicals for the manufacture of pigments; chemicals for use in forestry, except fungicides, herbicides, insecticides and parasiticides; chemicals, except pigments, for the manufacture of enamel; chimney cleaners, chemical; chlorates; chlorides; chlorine; cholic acid; chromates; chrome alum; chrome salts; chromic acid; chromic salts; chromium oxide; cinematographic film, sensitized but not

List of cases accepted for opposition purposes as shown in Journal 2026/033 published on 14 August 2026.

exposed / cinematographic films, sensitized but not exposed; citric acid for industrial purposes; clarification preparations / purification preparations; coal saving preparations; cobalt oxide for industrial purposes; collagen for industrial purposes; collodion; colour-brightening chemicals for industrial purposes / color-brightening chemicals for industrial purposes; combusting preparations [chemical additives to motor fuel]; compositions for repairing inner tubes of tyres / compositions for repairing inner tubes of tires; compositions for repairing tyres / compositions for repairing tires; compositions for the manufacture of phonograph records; compositions for the manufacture of technical ceramics; compositions for threading; compost; concrete preservatives, except paints and oils; concrete-aeration chemicals; condensation-preventing chemicals; conductive adhesives; conductive resins, unprocessed; coolants for vehicle engines; corrosive preparations; cream of tartar for chemical purposes; cream of tartar for industrial purposes; cream of tartar for the food industry; creosote for chemical purposes; crotonic aldehyde; cryogenic preparations; cultures of microorganisms, other than for medical and veterinary use; curium; currying preparations for leather; currying preparations for skins; cyanides [prussiates] / prussiates; cymene; damp-proofing chemicals, except paints, for masonry; decolorants for industrial purposes / bleaching preparations [decolorants] for industrial purposes; defoliant; degreasing preparations for use in manufacturing processes; dehydrating preparations for industrial purposes; dendrimer-based polymers for use in the manufacture of capsules for pharmaceuticals; descaling preparations, other than for household purposes; detergent additives to petrol / detergent additives to gasoline; detergents for use in manufacturing processes; dextrin [size]; diagnostic preparations for research laboratory use; diagnostic preparations, other than for medical or veterinary purposes; diagnostic strips for testing breast milk, other than for medical or veterinary use; diastase for industrial purposes; diatomaceous earth; diazo paper; dielectric fluids as a chemical preparation for use in metalworking, except oils; disincrustants; dispersions of plastics; distilled water; dolomite for industrial purposes; drilling muds; dry ice [carbon dioxide]; dysprosium; electrophoresis gels; emollients for industrial purposes; emulsifiers; enamel-staining chemicals; engine-decarbonising chemicals / chemical preparations for decarbonising engines; enzyme preparations for industrial purposes; enzyme preparations for the food industry; enzymes for industrial purposes; enzymes for the food industry; epoxy resins, unprocessed; erbium; esters; ethane; ethers; ethyl alcohol; ethyl ether; europium; expanded clay for hydroponic plant growing [substrate]; fat-bleaching chemicals; fatty acids; ferments for chemical purposes; fermium; ferrocyanides; ferrotype plates [photography]; fertilizers / fertilisers; fertilizing preparations / fertilising preparations; filtering materials of chemical substances; filtering materials of mineral substances; filtering materials of unprocessed plastics; filtering materials of vegetable substances; filtering preparations for the beverages industry; finishing preparations for use in the manufacture of steel; fire extinguishing compositions; fireproofing preparations; fish meal fertilizers / fish meal fertilisers; fissionable chemical elements; fissionable material for nuclear energy; fixing baths [photography]; fixing solutions [photography]; flashlight preparations; flavonoids [phenolic compounds] for industrial purposes; flocculants; flour for industrial purposes; flower preservatives; flowers of sulfur for chemical purposes; fluids for hydraulic circuits / liquids for hydraulic circuits; fluorine; fluorspar compounds; formic

acid; formic aldehyde for chemical purposes; foundry binding substances; foundry moulding preparations / foundry molding preparations; foundry sand; francium; fuel for nuclear reactors; fuel-saving preparations; fuller's earth for use in the textile industry; fulling preparations; fulling preparations for use in the textile industry; gadolinium; gallic acid for the manufacture of ink; gallium; gallnuts; gallotannic acid; galvanizing baths / baths for galvanizing; galvanizing preparations; gambier; gas purifying preparations / preparations for the purification of gas; gelatine for industrial purposes; gelatine for photographic purposes; genes of seeds for agricultural production; getters [chemically active substances]; glass-frosting chemicals; glass-staining chemicals; glaziers' putty; glucose for industrial purposes; glucose for the food industry; glucosides; glue for industrial purposes; glutamic acid for industrial purposes; gluten [glue], other than for stationery or household purposes; gluten for industrial purposes; gluten for the food industry; glutinous tree-grafting preparations / glutinous preparations for tree-banding / glutinous preparations for tree-grafting / glutinous tree-banding preparations; glycerides; glycerine for industrial purposes; glycol; glycol ether; gold salts; grafting mastic for trees; grafting wax for trees; graphene; graphite for industrial purposes; guano; gum arabic for industrial purposes; gum solvents / degumming preparations; gum tragacanth for industrial purposes; gums [adhesives] for industrial purposes; gurjun balsam for use in the manufacture of varnish; gypsum for use as a fertilizer; heavy water; helium; holmium; hormones for hastening the ripening of fruit; horticultural chemicals, except fungicides, herbicides, insecticides and parasiticides; humus; humus top dressing; hydrates; hydrazine; hydrochlorates; hydrochloric acid; hydrofluoric acid; hydrogen; hydrogen peroxide for industrial purposes; hypochlorite of soda; hyposulfites; industrial chemicals; iodic acid; iodine for chemical purposes; iodine for industrial purposes; iodised albumen; iodised salts; ion exchangers [chemicals]; iron salts; isinglass, other than for stationery, household or alimentary-purposes; isotopes for industrial purposes; kainite; kaolin / china clay / china slip; ketones; kieselgur; krypton; lactic acid; lactose [raw material]; lactose for industrial purposes; lactose for the food industry; lamp black for industrial purposes; lanthanum; lead acetate; lead arsenate; lead oxide; leather glues; leather-dressing chemicals; leather-impregnating chemicals; leather-renovating chemicals; leather-waterproofing chemicals; lecithin [raw material]; lecithin for industrial purposes; lecithin for the food industry; lime acetate; lime carbonate; lime chloride; limestone hardening substances; liquids for removing sulfates from batteries / liquids for removing sulfates from accumulators; lithia / lithium oxide; lithium; litmus paper; loam; lye water for the food industry; magnesite; magnesium carbonate; magnesium chloride; magnetic fluid for industrial purposes; malt albumen; manganate; manganese dioxide; mangrove bark for industrial purposes; masonry preservatives, except paints and oils; mastic for leather; mastic for tyres / mastic for tires; meat tenderizers for industrial purposes; mercuric oxide; mercury; mercury salts; metal annealing preparations; metal hardening preparations; metal tempering preparations; metalloids; methane; methyl benzene; methyl benzol; methyl ether; milk ferments for chemical purposes; milk ferments for industrial purposes; milk ferments for the food industry; mineral acids; moderating materials for nuclear reactors; moistening [wetting] preparations for use in bleaching / wetting preparations for use in bleaching; moistening [wetting] preparations for use in dyeing / wetting preparations for use in

dyeing; moistening [wetting] preparations for use in the textile industry / wetting preparations for use in the textile industry; mordants for metals; mould-release preparations / mold-release preparations; must-lining preparations; nanopowders for industrial purposes; naphthalene; neodymium; neon; neptunium; nitrate paper; nitrates; nitric acid; nitrogen; nitrogenous fertilizers / nitrogenous fertilisers; nitrous oxide; oenological bactericides [chemical preparations for use in wine making]; oil cement [putty]; oil dispersants; oil-bleaching chemicals; oil-purifying chemicals; oil-separating chemicals; oils for currying leather; oils for preparing leather in the course of manufacture; oils for tanning leather; oils for the preservation of food; oleic acid; olivine [silicate mineral]; opacifiers for enamel; opacifiers for glass; organic digestate [fertilizer] / organic digestate [fertiliser]; oxalates; oxalic acid; oxygen for industrial purposes; palladium chloride; paper pulp; paste fillers for automobile body repair / paste fillers for car body repair; peat [fertilizer] / peat [fertiliser]; peat pots for horticulture; pectin [photography]; pectin for industrial purposes; pectin for the food industry; perborate of soda; percarbonates; perchlorates; persulfates; persulfuric acid; petroleum dispersants; phenol for industrial purposes; phosphates [fertilizers] / phosphates [fertilisers]; phosphatides; phosphoric acid; phosphorus; photographic developers; photographic emulsions; photographic paper; photographic sensitizers; photometric paper; photosensitive plates; picric acid; plant extracts, other than essential oils, for the food industry; plant extracts, other than essential oils, for use in the manufacture of cosmetics; plant extracts, other than essential oils, for use in the manufacture of pharmaceuticals; plant growth regulating preparations; plasticizers; plastics, unprocessed; plastisols; plutonium; polish removing substances / substances for removing polish; polonium; polymer resins, unprocessed; potash; potash water; potassium; potassium dioxalate; potato flour for industrial purposes; potting soil; power steering fluid; praseodymium; preparations for preventing the tarnishing of glass; preparations for preventing the tarnishing of lenses; preparations for stimulating cooking for industrial purposes; preparations for the separation of greases; preparations of microorganisms, other than for medical and veterinary use; preparations of the distillation of wood alcohol; preparations of trace elements for plants; preservatives for tiles, except paints and oils; preservatives for use in the pharmaceutical industry; promethium; propellant gases for aerosols; protactinium; protective gases for welding; protein [raw material]; proteins for the food industry; proteins for use in manufacture; proteins for use in the manufacture of food supplements; pyrogalllic acid; quebracho for industrial purposes; radiator flushing chemicals; radioactive elements for scientific purposes; radium for scientific purposes; radon; rare earths; reagent paper, other than for medical or veterinary purposes; reducing agents for use in photography; refrigerants; renovating preparations for phonograph records; rhenium; rock salt; rubber preservatives; rubidium; saccharin for industrial purposes; saccharin for the food industry; sal ammoniac; sal ammoniac spirits; salicylic acid; salt for preserving, other than for foodstuffs; salt, raw; saltpeter / salpetre; salts [chemical preparations]; salts [fertilizers] / salts [fertilisers]; salts for colouring metal / salts for coloring metal; salts for galvanic cells / salts for galvanic batteries; salts for industrial purposes; salts from rare earth metals; salts of alkaline metals; salts of precious metals for industrial purposes; samarium; scandium; seawater for industrial purposes; seaweeds [fertilizers] / seaweeds [fertilisers]; sebacic acid; seed preserving substances;

selenium; self-toning paper [photography]; sensitized cloth for photography; sensitized films, unexposed; sensitized paper; sensitized photographic plates; sensitized plates for offset printing; separating and unsticking [ungluing] preparations / ungluing preparations / unsticking and separating preparations; silicates; silicon; silicon carbide [raw material]; silicones; silver nitrate; silver salt solutions for silvering; size for finishing and priming; size for use in the textile industry; sizing preparations; slag [fertilizers] / slag [fertilisers]; soap [metallic] for industrial purposes; soda ash; sodium; sodium salts [chemical compounds]; soil conditioning preparations; soil for growing; soldering chemicals / welding chemicals; soldering fluxes; solidified gases for industrial purposes; solutions for cyanotyping; solvents for varnishes; soot for industrial or agricultural purposes; sorrel salt; spinel [oxide mineral]; spirits of salt; spirits of vinegar [dilute acetic acid]; stain-preventing chemicals for use on fabrics; starch for industrial purposes; starch paste [adhesive], other than for stationery or household purposes; starch-liquifying chemicals [ungluing agents] / ungluing agents [chemical preparations for liquifying starch]; stearic acid; stem cells, other than for medical or veterinary purposes; strontium; substances for preventing runs in stockings; substrates for soil-free growing [agriculture]; sulfates; sulfides; sulfonic acids; sulfur; sulfuric acid; sulfuric ether; sulfurous acid; sumac for use in tanning; superphosphates [fertilizers] / superphosphates [fertilisers]; synthetic materials for absorbing oil; synthetic resins, unprocessed / artificial resins, unprocessed; talc [magnesium silicate]; tan; tan-wood; tannic acid; tannin; tanning substances; tapioca flour for industrial purposes; tartar, other than for pharmaceutical purposes; tartaric acid; tea extracts for the food industry; tea extracts for use in the manufacture of cosmetics; tea extracts for use in the manufacture of pharmaceuticals; technetium; tellurium; tensio-active agents / surface-active chemical agents; terbium; test paper, chemical; tetrachlorides; textile-brightening chemicals; textile-impregnating chemicals; textile-waterproofing chemicals; thallium; thermal paste; thiocarbanilide; thorium; thulium; thymol for industrial purposes; titanite; titanium dioxide for industrial purposes; toluol / toluene; toning baths [photography]; toning salts [photography]; topsoil; toxic gas neutralizers; transmission fluid; transmission oil; tree cavity fillers [forestry]; tungstic acid; uranium; uranium nitrate; uranium oxide; vinic alcohol; viruses, other than for medical and veterinary purposes; viscose; vitamins for the food industry; vitamins for use in the manufacture of cosmetics; vitamins for use in the manufacture of food supplements; vitamins for use in the manufacture of pharmaceuticals; vulcanization accelerators; vulcanizing preparations; wallpaper removing preparations; water glass [soluble glass]; water-purifying chemicals; water-softening preparations; wax-bleaching chemicals; wine finings; witherite; wood alcohol; wood pulp; wood vinegar [pyroligneous acid] / pyroligneous acid [wood vinegar]; X-ray films, sensitized but not exposed; xenon; xylene; xylol; yeast for scientific purposes; yeast for use in biofuel production; ytterbium; yttrium; zirconia.

Class 30:
