Class 6:

Metal building materials; metal fixings; metal fasteners; screws of metal; bolts of metal; nuts of metal; washers of metal; nails of metal; wall ties of metal; brick ties of metal; brick tie channels of metal; brick tie channel systems of metal; masonry anchors of metal; anchor channels of metal; channel systems of metal for use in brickwork, masonry and building construction; masonry support channels of metal; windposts of metal; metal brackets; metal hardware; parts and fittings for all the aforesaid goods.

Class 8:

Hand tools and implements, hand-operated; hand-operated tools for use in building, brickwork and masonry; trowels; pointing trowels; scrapers; hand-operated brushes; parts and fittings for all the aforesaid goods.

Class 17:

Damp proof membranes; damp proof courses; waterproofing membranes; insulating membranes; moisture barriers; sealing membranes; flexible damp proofing materials; vapour control layers; breather membranes; insulating materials; sealing materials; all being for use in building and construction; parts and fittings for all the aforesaid goods.

Class 19:

Non-metallic building materials; non-metallic construction materials; non-metallic masonry products; non-metallic facade products; damp proof courses being non-metallic building materials; non-metallic damp proofing materials for use in building; waterproofing materials for use in building, not of metal; cavity trays, not of metal; cavity closers, not of metal; cavity barriers, not of metal; fire stopping materials, not of metal, for use in building; insulation materials, not of metal, for use in building; parts and fittings for all the aforesaid goods.

Class 35:

Retail services connected with the sale of building products, building materials, masonry products, facade products, damp proofing materials, waterproofing materials, cavity trays, cavity closers, fire stopping materials, insulation materials, tools, wheelbarrows, fixings, fasteners, wall ties, brick ties, brick tie channel systems, masonry anchors and hardware; wholesale services connected with the sale of building products, building materials, masonry products, facade products, damp proofing materials, waterproofing materials, cavity trays, cavity closers, fire stopping materials, insulation materials, tools, wheelbarrows, fixings, fasteners, wall ties, brick ties, brick tie channel systems, masonry anchors and hardware; online retail services connected with the sale of building products, building materials, masonry products, facade products, damp proofing materials, waterproofing materials, cavity trays, cavity closers, fire stopping materials, insulation materials, tools, wheelbarrows, fixings, fasteners, wall ties, brick ties, brick tie channel systems, masonry anchors and hardware; procurement services for others in relation to building products, building materials, masonry products, facade products, damp proofing materials, waterproofing materials, tools, wheelbarrows, fixings, fasteners and hardware; information, advisory and consultancy services relating to the aforesaid services.

specially adapted for mobile phones, tablet computers, laptop computers and netbooks, portable media players, cameras and other photographic equipment, namely, photographic filters; downloadable electronic game software for use on mobile phones, tablets and other electronic mobile devices; downloadable video game software; downloadable interactive multimedia computer game programs; downloadable interactive multimedia computer game programs offered via social media; downloadable computer software for mobile phones, PC tablets and other electronic mobile devices in the field of social media for the creation and exchange of user-generated content, marketing research, for transmission of electronic communications, and for posting advertisements; downloadable software in the nature of a mobile application for use in the field of social media for the creation and exchange of user-generated content, marketing research, and also for transmission of electronic communications and also for posting advertisements not relating to dating services; downloadable computer application software in the nature of video and computer game software; downloadable computer application software for mobile phones, portable media players, PC tablets, handheld computers and other electronic mobile devices, namely, video and computer game software; downloadable computer application software for mobile phones, portable media players, tablets, handheld computers and other electronic mobile devices, namely, video and computer game software offered via social media not relating to dating services; mobile phone covers; radios incorporating alarm clocks; all the aforementioned goods not relating to wagering activities, wagering devices, wagering and non-wagering versions of casino style games, lottery, games, lottery tickets, and lottery terminals.

Class 28:

Electronic games, namely, arcade-type electronic video games; handheld units for playing electronic games; action skill games; action figures as toys; toys, namely, soft dolls, stuffed toys, water toys, wooden toys, plastic toys, games, namely, board games, game cards and playing cards; children's multiple activity toys; jigsaw puzzles; playthings, namely, play sets for action figures; balloons; bags, cases and sleeves specially adapted for storing and carrying handheld video games; all the aforementioned goods not relating to wagering activities, wagering devices, wagering and non-wagering versions of casino style games, lottery games, lottery tickets, and lottery terminals.

Class 41:

Educational services, namely, conducting classes, seminars, workshops in the field of games; training in the field of games; entertainment, namely, providing on-line video games; entertainment, namely, providing on-line computer games available on social media; entertainment in the nature of computer games, namely, providing temporary use of non-downloadable computer games; entertainment, namely, providing non-downloadable computer games online; entertainment services, namely, providing online video games available on social media; entertainment services, namely, providing temporary use of non-downloadable interactive games; entertainment services, namely, providing temporary use of non-downloadable electronic games; entertainment services, namely, providing games and puzzles via a website; entertainment services, namely, providing online video games; organizing sporting and cultural activities, namely, conducting

compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halosubstances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; industrial chemical reactors; industrial electrochemical reactors; industrial biochemical reactors; industrial chemical reactors for decomposing chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; industrial electrochemical reactors for decomposing chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; industrial chemical reactors for reducing the concentration of chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halosubstances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; industrial biochemical reactors for decomposing chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; industrial biochemical reactors for reducing the concentration of chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; industrial biochemical reactors for reducing the concentration of chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; industrial biochemical reactors for working with aqueous media; industrial electrochemical reactors for working with aqueous electrolytes; industrial electrochemical flow-through reactors; industrial electrochemical flow-by reactors; industrial chemical reactors using plasma; industrial chemical reactors using hot plasma; industrial chemical reactors using cold atmospheric

plasma; industrial chemical reactors using sonication; reactors using plasma for decomposing chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/polyfluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, polycyclic-aromatic compounds, and transformer oils; bioremediation reactors for decomposing chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; bioremediation reactors for reducing the concentration of chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/polyfluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, polycyclic-aromatic compounds, and transformer oils; reactors using super critical water oxidation; reactors using hydrothermal alkaline treatment; industrial photochemical chemical reactors; industrial ozonation reactors; incineration apparatus, in particular apparatus for waste incineration and apparatus for incineration of contaminated matter; pyrolysis reactors; ozonation reactors; incineration reactors.

Class 37:

Installation, repair and maintenance of reactors, apparatus and machines for decomposing chemicals, for decreasing concentration of chemicals and for treatment of water, groundwater, drinking water, wastewater, surface water, soil, sediments, air and sludge; repair or maintenance of chemical reactors, of electrochemical reactors, apparatus and machines, in particular for decomposing chemicals, for decreasing concentration of chemicals and for treatment of water, groundwater, drinking water, wastewater, surface water, soil, sediments, air and sludge; installation, repair and maintenance of filtering units and apparatus; repair or maintenance of water pollution control equipment; pump repair or maintenance; installation of environmental engineering systems; repair and maintenance of water pollution control equipment; repair and maintenance of chemical and electrochemical reactors; repair of industrial waste treatment machines; repair and maintenance of water purifying apparatus; installation, assembly [installation], repair and maintenance of water and waste water purifying apparatus and machines as well as purification installations for sewage, soil, sediments, air and sludge; repair of air filtering apparatus.

Class 40:

Chemical decontamination services; electrochemical decontamination services; land decontamination; decontamination of hazardous materials; decontamination of contaminated soil; decontamination of contaminated water; decontamination of contaminated waste; decontamination of contaminated waste water; decontamination of contaminated sediments; decontamination of contaminated

The mark consists of a stylized geometric design depicting three concentric bold arcs and a solid circle arranged symmetrically along a vertical axis. The uppermost element is a thick, bold semicircular arc open at the bottom. Immediately below and concentric with the outer arc is a second, slightly smaller thick semicircular arc, also open at the bottom, creating a layered band effect between the two arcs. At the horizontal center of the design sits a solid filled circle. Below the circle, a third bold arc curves upward, open at the top, mirroring the upper arcs and completing the composition.

Chemicals used as ingredients in the manufacture of cleaning preparations, namely hair shampoos containing hyaluronic acid; plant extracts for cosmetic manufacturing, excluding essential oils containing hyaluronic acid; protein for manufacturing hair care cosmetics containing hyaluronic acid; chemical fragrancings ingredients for use in the manufacture of hair care cosmetics containing hyaluronic acid; chemicals for manufacturing hair care cosmetics containing hyaluronic acid; esters for manufacturing hair care cosmetics containing hyaluronic acid; vitamins for manufacturing hair care cosmetics containing hyaluronic acid; collagen peptides for hair care cosmetics containing hyaluronic acid; oligopeptide for manufacturing hair care cosmetics containing hyaluronic acid; unprocessed collagen for manufacturing hair care cosmetics containing hyaluronic acid; peptides, other than for medical purposes; protein for use in the manufacture of cosmetics; oligopeptides for industrial purposes; oligopeptides for use in the manufacture of cosmetics; peptides for industrial purposes.

Class 3:

Cosmetic preparations for the hair and scalp; non-medicated preparations for the care of skin, hair and scalp; shampoo for the care of scalp; non-medicated scalp treatment creams; scalp protective lotions, not for medical use; scalp stimulating preparations, not for medical use; toners for scalp, not for medical use; non-medicated hair care preparations; cosmetic preparations for hair care; hair care creams; non-medicated cosmetics; functional cosmetics being skin care preparations; anti-aging cosmetic preparations; wrinkle removing skin care preparations; skin moisturizer; cosmetic preparations for body care; cosmetic preparations for protecting the skin from the sun's rays; cosmetic preparations for skin care.

Class 5:

Hair growth stimulants; medicated hair lotions; medicated hair care preparations; medicated grooming preparations; implantable medicines; pharmacological preparations for skin care; medicinal hair growth preparations; dietary supplements; medicines for human purposes; sodium hyaluronate gels for medical purposes; dermatological preparations; gels for dermatological use; creams for dermatological use; pharmaceutical preparation for skin care; injectable dermal fillers; dermatological pharmaceutical preparations.

Class 10:

Medical apparatus for facilitating the inhalation of pharmaceutical preparations; medical apparatus for scalp treatment to stimulate hair growth; medical implants made of artificial materials; syringes for medical purposes; medical skin care apparatus; medical apparatus for injecting fillers; medical apparatus and instruments other than for dental purposes; implantable subcutaneous drug delivery devices; high frequency electric therapy apparatus.

Class 7:

Industrial robots; robotic machines and systems comprised of articulated robot arms for use in warehouse automation; automated conveyors for processing and filling orders at warehouses; automated material handling systems composed primarily of robotic picking stations and robotic re-binning stations for picking, storing, and distributing goods at warehouses for distribution and fulfillment operations.

Class 9:

Machinery and equipment for use in automated materials handling and storage systems, namely, automated digital controls for commercial handling and storage systems; downloadable computer software for controlling automated materials handling and storage systems and computer hardware and computer peripherals for use in automated materials handling systems, namely, computer hardware, downloadable software, and peripherals for use in the guidance of transfer vehicles for use in the field of automated materials handling and computer hardware, downloadable software and peripherals for use in the control of automated materials picking; and electric and electronic instruments and apparatus for use in automated materials handling systems, namely, control cabinets specifically adapted for housing automated materials handling and storage equipment in the nature of controller hardware, downloadable software, and programmable logic controllers; radio frequency controls, namely, RFID tags and readers; infrared controls, namely, bar code scanners and infrared optical data couplers; laser scanners, voice actuated controls for commercial handling and storage systems, sensors for sensing speed, location, dimensions and weight, electric switches for

electric motors, electrical wires and cables, capacitors, power supplies, and emergency power supplies.

Class 12:

Automated transport vehicles in the nature of automatic guided vehicles for use in automated materials handling and storage systems.

Class 35:

Business management of logistics for others; business consulting services relating to product distribution, operations management services, logistics, reverse logistics, supply chain, and production systems and distribution solution; comprehensive warehouse solutions, namely, business consulting and business project management services, all relating to warehouse operations, product distribution, supply chain and logistics solutions; business consulting services relating to logistics and supply chain solutions; business management services, namely, managing logistics, reverse logistics, supply-chain services, supply-chain visibility and synchronization, warehouse-space optimization, warehouse automation, and product distribution for others.

Class 36:

Financing services; equipment financing services; financing of industrial activities; financing of logistics and warehouse systems and solutions.

Class 37:

Installation, maintenance and repair of automated warehouse systems and automated materials handling and storage systems; installation, maintenance and repair of machines for transporting and lifting goods and loads; installation of warehouse automation machinery; consultation services relating to the installation of warehouse automation machinery.

Class 39:

Leasing of warehouse space; leasing of pallets for industrial and commercial use; supply chain logistics and reverse logistics services, namely, storage of goods for others; packing, crating and warehousing services; warehousing services; warehousing services, namely, storage, distribution, pick-up, and packing for shipment of packages, raw materials, and other freight for others; packaging and storage of goods; storage services, namely, provision of storage facilities; warehouse services, namely, rental of warehouse space for others; consultation services in the fields of supply chain logistics and reverse logistics services; product warehousing excluding business record warehousing.

Class 42:

Engineering; plant engineering; robotics engineering; automation engineering; consultation in the field of robotics and automation, namely, designing workplace facilities and equipment to optimize efficiency and safety; IT integration services; design, development, and consulting services related to the design and development of products in the fields of robotics, automation, warehousing, logistics, fulfillment and supply; software as a service (SAAS) services featuring software for controlling automated materials handling and storage systems, guidance of transfer vehicles for use in the field of automated materials handling, and for use in the control of automated materials picking; software as a service (SAAS) services featuring software for logistics and warehousing
