Substances (Chemical -) for cleaning concrete; Chemical acid thickening agents; Chemical grease removing agents for use in industrial manufacturing processes; Chemical agents for acid removal in industrial manufacturing applications; Chemical agents for the treatment of bilge water; Chemical brightening agents for use on metal surfaces; Chemicals for use in cleaning water; Degreasing agents [not for household use]; Stabilizing agents for solvents; Chemical compounds for use in bleaching; Chemical preparations for use as solvents; Agents for washing in a manufacturing process; Chemical degreasing liquids for use in manufacturing processes; Cleaning solvents for use in manufacturing processes; Absorbents for cleaning solvents; Defoaming agents; Additives (Chemical -) for detergents; Chemical preparations for protecting upholstery; Additives (Chemical -) for use in the disinfection of water; Chemical additives for fuel injection system cleaners; Chemical emulsifiers; Water purifying agents; Chemical substances for use as additives to industrial lubricating oils; Antimicrobial agents for use in manufacture; Detergents having disinfectant properties for use in manufacturing processes; Chemical brighteners for industrial use; Chemical preparations for neutralizing water; Chemical preparations for repelling stains; Bleach [chemical] for use in manufacturing processes; Agents for scouring in a manufacturing process; Caustic soda; Anhydrous caustic soda; Caustic soda (sodium hydroxide); Caustic soda for industrial purposes; Caustic alkali; Caustic potash; Hypochlorite of soda; Soda ash; Perborate of soda; Calcined soda; Caustic alkaline hydroxides; Bicarbonate of soda for chemical purposes; Caustic potash (potassium hydroxide); Spirits of vinegar [dilute acetic acid]; Alkaline salts; Corrosive acids; Alkaline pickling fluids; Phosphoric acid; Industrial salt for water softening; Sulphuric acid; Ammonia [volatile alkali] for industrial purposes; Liquid salt for deicing; Citric acid; Water softening chemicals; Chemicals for water softening; Salt pellets for use in the soap industry; Chemicals [other than household] in liquid form for use as descalers; Acetates used as industrial solvents; Solvents for use in industrial manufacturing processes; Solvents for industrial use in manufacturing operations; Additives (Chemical -) for industrial greases; Detergents for use in industrial processes; Non-ionic detergent compounds for use in industrial processes; Industrial detergents for use in manufacturing processes; Degreasing solvents for use in manufacturing processes; Solvents for industrial cleaning during manufacturing operations; Industrial salts; Aqueous ammonia for industrial purposes; Detergents for industrial use; Surfactants for industrial purposes; Chemicals for industrial purposes; Organic acids for industrial use; Water-based solvent cleaners for use in manufacturing processes; Alcohols for industrial purposes; Diluents for industrial use; Ethers for industrial use; Trichloromethane for industrial purposes; Industrial cleaners [preparations] for use in manufacturing processes; Inorganic salts for industrial purposes; Isopropanol for industrial purposes; Caustics for industrial purposes; Emulsifiers for industrial purposes; Industrial minerals; Salts for industrial purposes; Glycerine for industrial purposes; Emulsifiers for solvents; Solvents for lacquers; Synthetic linear alcohols for industrial use; Acetone; Isopropanol; Toluene; Xylene; Methanol; Ethyl alcohol; Gum solvents; Amyl alcohol (pentanol); Dichloromethane; Benzyl alcohol; Solvents for varnishes; Butanol; Ether alcohols; Solvents for use in aerosols; Dichloroethane; Hydrochloric acid (hydrogen chloride); Ethylene glycol antifreeze; Glycol ether; Propylene glycol antifreeze; Benzene; Tetrachloroethane; Cyclohexane; Hydrogen peroxide; Acetic acid; Wax remover; Ammonia water; Perchloroethylene; Trichloroethylene; Chlorinated chemicals; Anti-freeze chemicals; Defoamers for effluent; Chemicals for use in the treatment of liquid hydrocarbons; Detergent additives to gasoline; Chemical fluids for de-watering; Non-flammable volatile organic chemical liquids; Chemical substances for use in neutralizing malodorous gases; Chlorinated acids; Diethylene glycol; Purification chemicals; Solvent cleaners for removing grease during manufacturing operations; Chemicals for use in

the refining of liquid hydrocarbons; Chemical substances for use in dissolving malodorous gases; Surfactants for use in detergent compositions; Chemical additives for gasoline; White spirit; Spirits of salt; Rock salt; Rock salt for deicing; Salt, raw; Salt for use in the soap industry; Metal salts; Industrial salt for water purification; Salt for preserving, other than for foodstuffs; Magnesium carbonate for use in water treatment; Solid sodium silicate; Potash water; Calcium salts; Magnesium salts; Iron salts; Iron salt preparations for industrial use; Salts of alkaline metals; Ammonium salts; Metal chlorides; Sodium phosphate; Organic acid salts; Sodium carbonate; Chemical compounds for the removal of solids in water clarification; Pickling solutions for use in the removal of coatings from metals; Pickling solutions for industrial use; Pickling solutions for use in the removal of deposits from metal; Chemical compounds for use in removing solids from water in filtration; Inorganic precipitation agents for the purification of waste water; Chemical preparations for the binding of liquid waste; Decalcifying preparations [industrial] in liquid form; Phosphates for potable water treatment; Enzyme preparations for the decomposition of waste matter; Chemical products for the treatment of water; Inorganic precipitation agents for the purification of potable water; Enzyme preparations for the decomposition of excreta; Fuel injection cleaner chemical additive; Quaternary ammonium compounds; Ion exchange resins for use in water treatment; Chemical compounds for removing solid matter from water in settling tanks; Chemical adsorbents for removing impurities from fuel; Flocculating chemicals for treating waste and industrial process water; Enzyme preparations for the deodorising of waste matter; Nitrogen compounds; Chemical compositions for water treatment; Chemical additives for fuel treatment; Water decalcifying products; Bleaching chemicals (Wax- -); Bleaching chemicals (Organic- -); Bleaching chemicals (Oil- -); Bleaching chemicals (Fat- -); Chemicals for the treatment of fabrics; Chemicals for use in the treatment of oils; Wax-bleaching chemicals; Chemicals for impregnating textiles; Chemicals for use in removing coatings; Water-purifying chemicals; Chemicals for use in the treatment of yarns; Chemicals for use in metal treatment; Organic-bleaching chemicals; Chemical impregnating substances for textiles; Fat-bleaching chemicals; Fillers for bleaching earths; Chemical substances for use in the manufacture of scented detergents; Wetting preparations for use in bleaching; Anti-seize substances [chemicals]; Oil-bleaching chemicals; Chemical additives for oils; Weathering preservatives [chemical, other than paints]; Substances (chemical -) for inhibiting damage from oil [other than paints]; Chemicals for use in the refining of oils; Acetates [chemicals]; Coating agents [chemicals], other than paint.

Class 3:
Cleaning preparations; Cleaning and fragrancing preparations; Carpet cleaning preparations; Drain cleaning preparations; Oven cleaning preparations; Cleaning preparations for fabrics; Floor cleaning preparations; Hand cleaning preparations; Foam cleaning preparations; Glass cleaning preparations; Cleaning preparations for leather; Vehicle cleaning preparations; Windscreen cleaning preparations; Cleaning preparations for household purposes; Polishing preparations; Laundry preparations; Cleaning preparations for use on masonry; Dishwashing preparations; Alcoholic solvents being cleaning preparations; Cleaning preparations in the form of foams; Bleaching preparations [laundry]; Cleaning preparations for use on tiles; Carpet freshening preparations; Wipes impregnated with a cleaning preparation; Scouring preparations; Degreasing preparations for household purposes; Descaling preparations for household purposes; Room fragrancing preparations; Abrasive preparations; Paint removing preparations; Detergents; Dishwashing detergents; Laundry detergents; Household detergents; Liquid laundry detergents; Detergents for dishwashing machines; Detergents for automobiles; Biological laundry detergents; Liquid dishwasher detergents; Commercial laundry detergents; Powder laundry detergents; Foam detergents; Washing-up detergent; Detergent strengtheners; Laundry additives; Laundry additives for water softening; Toilet bowl detergents; Washing agents for textiles; Washing liquids; Bleaching preparations and other substances for laundry use; Emulsifying solvent cleaners; Laundry bleach; Fabric softeners for laundry; Fabric softeners for laundry use; Chemical laundry preparations; Laundry soaking preparations; Washing preparations; Bleaching preparations for laundry use; Laundry soaps; Laundry powder; Bleaching preparations; Laundry detergents for household cleaning use; Powder for laundry purposes; Laundry liquids; Laundry starch; Rinsing agents for laundry; Dishwashing liquid; Detergents for machine dishwashing; Drying agents for dishwashing machines; Dishwasher detergents; Liquid soap for dish washing; Washing soda, for cleaning; Washing-up liquids; Dishwasher detergents in gel form; Dishwasher rinsing agents; Dishwasher powder; Toilet cleaning gels; Detergent tablets for coffee machines; Dishwasher tablets; Degreasing preparations for engines; Degreasing preparations with a solvent base; Dewaxing preparations; Degreasing preparations for household purposes; Wax stripping preparations; Car cleaning preparations; Windscreen cleaning fluids; Cleaning preparations for use on vehicles; Automotive cleaning preparations; Car shampoos; Vehicle shampoos; Car wax; Carpet shampoo; Shampoos for vehicles; Car polish; Car wax with a paint sealant; Vehicle tyre polish; Automobile cleaners; Pine oils for cleaning floors; Floor polish; Floor finish removers; Floor stripping preparations; Floor wax; Cleaning foam; Floor wax removers; Cleaning fluids; Floor buffing compound; Cleaning sprays; Toilet cleaners; Kettle cleaner; Furniture cleaner; Lavatory cleaning compositions; Spray cleaners for household use; Hand soap; Hand soaps; Hand cleansers; Soap; Hand washes; Liquid soaps for hands and face; Refill packs for hand soap dispensers; Hand gels; Hand cleaner; Hand cleaners [hand cleaning preparations]; Detergent soap; Laundry soap; Liquid soap for laundry; Sugar soap; Soap powders; Paper hand towels impregnated with cleaning agents; Waterless soap; Liquid soap; Liquid soaps for laundry; Soap products; Soap pads; Soaps for laundry use; Dish soaps; Soap solutions; Windshield cleaner fluids; Windshield cleaning liquids; Carpet cleaners; Glass cleaners; Upholstery cleaners; Oven cleaners; Window cleaners [polish]; Chrome cleaners; Spray cleaners for use on textiles; Oven cleaners [preparations]; Window cleaners in spray form; Stain removers; Paint remover; Varnish removers; Rust removers; Paint removers; Stain removing benzine; Adhesive removers; Glue removers; Spot remover; Lime removers; Stain removing agents; Stain removing preparations; Salt crystal removers; Spot removers [preparations]; Stain removing preparations for use on household goods; Spray polish; Solvents for removing paints; Solvents for removing varnishes; Air fragrance preparations; Air fragrancing preparations; Abrasive preparations for polishing; Wood treatment preparations for polishing; Cloths impregnated with polishing preparations for cleaning; Furbishing preparations; Leather and shoe cleaning and polishing preparations; Shining preparations [polish]; Polishing powders; Prepared wax for polishing; Wipes incorporating cleaning preparations; Polishing creams; Paint stripping preparations; Tissues impregnated with

preparations for cleaning; Degreasers for cleaning purposes; Household cleaning substances; Oils for cleaning purposes; Ammonia for cleaning purposes; Degreasing solvents, other than for use in manufacturing processes; Caustic cleaning agents; Cleaning substances for household use; Cloths impregnated with a detergent for cleaning; Cleaning agents for metal; Cleaning agents for glass; Dewaxing agents for cleaning purposes; Ammonia [volatile alkali] detergent; Bleach; Household bleach; Bleaching soda; Bleaching salts; Soda lye; Bluing for laundry; Turpentine for degreasing; Caustic soda.

Class 5:
Disinfectants; Disinfectants and antiseptics; Disinfectants for chemical toilets; Disinfectants for sanitary use; Disinfectants for hygiene purposes; Germicides; Disinfectants for household use; Wipes impregnated with disinfectants for hygiene purposes; Disinfectants for medical instruments; Germicidal detergents; Disinfectants for medical use; Disinfectant soap; Antiseptics; Disinfecting handwash; Cleaning cloths impregnated with disinfectant for hygiene purposes; Disinfectants for medical apparatus and instruments; Disinfectants impregnated into tissues; Washes (disinfectant -) [other than soap]; Antiseptic cleansers; Disinfectants for swimming pools; Medicated and sanitising soaps and detergents; Alcohol-based antibacterial skin sanitizer gels; Biocides; Bactericides; Antibacterial handwashes; Antibacterial sprays; Germicidal preparations [other than soap]; Sanitizers for household use; Sanitisers for household use; Sanitising wipes; Disposable sanitising wipes; Anti-microbial handwash; Anti-bacterial soap; Antibacterial wipes; Deodorizers for toilets; Antibacterial gels; Medicated handwash; Toilet deodorants; Antiseptic washing preparations; Sterilising substances; Antibacterial preparations; Antiseptic preparations; Anti-microbial preparations; Sterilising preparations; Fungicidal preparations; Antifungal preparations; Preparations for the neutralising of odours; Air deodorising and air purifying preparations; Sanitary sterilising preparations; Air sanitizing preparations; Antiviral preparations; Tissues impregnated with antibacterial preparations; Air purifying preparations; Antiseptic sprays in aerosol form for use on hard surfaces; Substances in tablet form for use in the sterilisation of water; Urinal screen mats impregnated with sanitizing and deodorizing preparations; Air deodoriser gel; Hand-sanitising preparations; Car deodorants; Bathroom deodorants; Automobile deodorizers; Sanitizing preparations for hospital use.

Class 9:
Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signaling, checking, rescue, counting, recording, monitoring, teaching, testing, electrical switching, electrical control and electrical regulating apparatus and instruments and similar apparatus and instruments; electrical, electrotechnical and electronic apparatus and equipment in the field of automation technology, component and container conveyor technology, lighting technology, bridge technology, radio data transmission technology, data transmission technology, conveyor technology, building control technology, high-bay warehouse technology, high-frequency technology, industrial control technology, carton conveyor technology, small parts warehouse technology, in particular automatic small parts warehouse technology, order picking system technology, warehouse technology, light control technology, fiber optic technology, medium voltage technology, communications technology, navigation technology, control technology, safety technology, signal technology, sorting system technology, high and low current technology, tray conveyor technology, deep-freeze technology, transport technology, monitoring technology, traffic control technology and traffic engineering, as far as included in this class; apparatus and instruments for monitoring, conducting, switching, converting, storing, controlling and regulating electricity; busbars for headlights; voltage regulators; voltage devices [electrical]; electrical control devices and remote control devices for transport installations; parts of the aforementioned goods, as far as included in this class; programs for computers; computer operating programs; software; operating software; programs for data processing [software] stored on [machine-readable] data carriers; computers, network software, network cards and data transmission devices; systems composed of the aforementioned goods; downloadable software applications; stored or downloadable software platforms; computer systems; optimization software; web application and web server software; logistics software; specialized software; downloadable graphical user interface software; computer e-commerce software; downloadable computer software, namely, software for use in designing, developing, operating and managing artificial intelligence, machine learning, deep learning, reinforcement learning, building neural networks, tree search, high performance computing, distributed computing, cloud computing, analytics and data mining, virtual reality, augmented reality; downloadable mobile application for accessing and searching information in online databases using image capture; computer software for image recognition; downloadable computer programs and downloadable computer software for the artificial production of human speech, text and image; downloadable computer programs and downloadable computer software for natural language and image processing, generation, understanding and analysis; downloadable computer programs and downloadable computer software for machine-learning based language, speech and image processing software; downloadable computer chatbot software for simulating conversations; downloadable computer programs and downloadable computer software for creating and generating text, image and graph; set-top boxes; routers with embedded network configuration software; computer hardware, namely, wireless network extenders; smart home hubs using artificial intelligence (AI) comprised of voice activated speakers, computer hardware, and recorded software for controlling networked devices in the internet of things (IoT); computer hardware with embedded computer operating system software; downloadable computer software for application and database integration in the field of artificial intelligence (AI); downloadable computer software for remote monitoring and analysis of artificial intelligence (AI) engine performance, data filtering, and training of artificial intelligence (AI) engines; computer software for use in facilitating online social networking services; computer hardware, namely, network devices [Wireless Access Point - WAP]; cloud servers; application software for cloud computing services; computer software for cloud computing services; downloadable software for cloud computing services; intelligent gateways for real-time data analysis; web application software; computer programs for using the internet by the World Wide Web.

Class 35:
Business management; business administration; business consultancy and advisory services; business organization consultancy; professional business consultancy; personnel consultancy; personnel management consultancy; placement of staff; planning, organizing, holding and implementing presentations and exhibitions for commercial and advertising purposes; information services relating to advertising; public relations services; publication of printed matter for advertising purposes; sales promotion for others; import-export agency services; marketing; presentation of goods in communication media for retail, wholesale and online trade; provision of an online marketplace for buyers and sellers of goods and services; business management and organizational consulting for leasing and franchising concepts; preparation of cost-benefit analyses; carrying out business cost/benefit assessments; market research and market analysis; opinion polling; compilation of statistics; services for investigations and information in commercial and business matters; procurement services for third parties [purchase of goods and services for others]; budget determination [company analysis services]; arranging

commercial transactions for third parties; mediation of contracts for the purchase and sale of goods and services for third parties; advertising; advertising placement; planning, organization and implementation of exhibitions and trade fairs for commercial and advertising purposes; collecting and systematizing data in computer databases; reproduction of printed matter, [periodical] magazines, journals and newspapers, [printed] publications, prospectus and documentation as well as printed matter, [news] circulars, newsletters, books, handbooks and manuals, address books and [contents] directories, posters and placards, as far as included in this class; collecting data, text, graphics, images, audio and video signals in computer databases; arranging contracts for third parties for the provision of installation, maintenance, overhaul, cleaning and/or repair work for the following goods, in new and/or used condition: computers and (tele)communication equipment, computer, information and communication technology equipment, and parts of the aforementioned goods; administrative support for participation in tenders; wholesale and retail services relating to software; business organization and implementation of construction projects, namely with regard to awarding contracts, project implementation, construction management, control of the project and individual trades, coordination of sub-trades, monitoring of deadlines, costs and quality as well as responsibility for project results; business management of construction projects; retail, wholesale and online trading services, including online, relating to software and hardware; retail services relating to computer, information and communication technology equipment; wholesale services relating to computer, information and communication technology equipment; online retail services relating to computer, information and communication technology equipment; online ordering services; online advertising.

Class 37:
Installation, maintenance, overhaul, cleaning and/or repair of computers and (tele)communication equipment; installation, maintenance, overhaul, cleaning and/or repair of computer, information and communication technology equipment as well as parts of the aforementioned goods.

Class 38:
(electronic) communication services for transmission messages, information, sound and images, like communications by computer terminals, telex services, communications by telephone, television services, radio services, (radio) telephone services, network services, sending of telegrams, telephone services, telephone response services, telegraph services, telecommunication services, facsimile transmission, paging services; electronic e-mail services and word transmission; gathering of news [news agencies]; transmission of messages, information, data, signals, text, images and sound or melodies, respectively, including displaying of text-, sound and images in data networks; providing an access to messages, information, data, signals, text, images and sound or melodies, respectively, including displaying of text-, sound and images in data networks for third parties; transmission of information; communication via computers, networks and satellites; telecommunication, namely managing of a mailbox, news agencies, transmission of messages to mailboxes in connected systems/fields; sending and passing broadcasting and television programs, also via wire, cable and satellite transmission and the like technical means, transmission of sound and images via satellites; providing an access via software in data networks for the access to the Internet, to on-line information and to communication services; providing an access to information in the Internet; electronic message transmission; electronic message sending; electronic, electric, and digital transmission of voice, data, images, signals, and messages; providing access to e-commerce platforms on the Internet; providing telecommunication services for e-commerce platforms on the Internet and other electronic media, transmission, broadcasting and reception of audio, video, still and moving images, text and data in real time; provision of access to web, mail and news portals; forwarding of messages of all kinds to internet addresses [web messaging]; telecommunications services via content delivery networks [CDN].

Class 41:
Education, teaching, instruction, training and educational courses; publication services, as far as included in this class; computer advanced training; projecting, organising and conducting of trainings, correspondence courses, seminars, cultural exhibitions, conferences, film, television and video presentations and eventsfor sportive, cultural, social, educational or charity purposes; projecting, organizing and conducting of sportive, cultural and charity events and competitions; entertainment events for social purposes; organization of webinars.

Class 42:
Chemistry services; engineering services; physics [research]; programmer services, in particular for the creation of programs for data processing and databases as well as data collections; development, creation, maintenance and updating of programs for data processing [software]; design and development of computer software for transportation and warehouse management; technological consultancy and preparation of reports relation to technical research; technical consulting and preparation of technical reports, in particular in the fields of electrical engineering, materials handling, information technology and mechanical engineering; research and development for others with regard to new products; industrial design; services of an [interior] architect; engineering project management services; development of logistical process technologies; planning and design of new construction, conversion, renovation and modernization projects of logistic facilities; development of computer simulated planning models, process simulations and programs for system visualization; analysis of realization requirements [technological analysis services]; creation of specifications [technical project management]; technical organization and implementation of construction projects, namely with regard to awarding contracts, project implementation, construction management, control of the project and individual trades, coordination of sub-trades, monitoring of deadlines, costs and quality as well as responsibility for project results; technical execution of construction projects; assembly of logistics systems; technical acceptance and certification of logistics systems; hardware and software development for the modernization of it systems; provision of technical information for users of logistics systems [logistics, shipping, picking, distribution centers] via the internet; technical consulting regarding engineering services, week point analysis and the new construction and reorganization of logistics systems; software as a service (SaaS) services featuring software using artificial intelligence for data sharing, file sharing, document sharing, and document tagging and tracking; software as a service (SaaS) services

featuring software using artificial intelligence for workflow management; software as a service (SaaS) services featuring software using artificial intelligence for database management and document management; software as a service (SaaS) services featuring software using artificial intelligence for providing data, file, and document status; providing on-line non-downloadable software using artificial intelligence for data sharing, file sharing, document sharing, and document tagging and tracking; providing on-line non-downloadable software using artificial intelligence for workflow management; software as a service (SaaS) services featuring software using artificial intelligence for warehouse management, warehouse automation and warehouse monitoring systems; providing on-line non-downloadable software using artificial intelligence for warehouse management, warehouse automation and warehouse monitoring systems; software as a service (SaaS) services featuring software using artificial intelligence for data and document entry and organization for the trade in, administration, management and brokerage of warehouse management, warehouse automation and warehouse monitoring systems; providing on-line non-downloadable software using artificial intelligence for data and document entry and organization for the trade in, administration, management and brokerage of warehouse management, warehouse automation and warehouse monitoring systems; software as a service (SaaS) services featuring software using artificial intelligence for tracking documents over computer networks, intranets and the internet; software as a service (SaaS) services featuring software for data sharing, file sharing, document sharing, and document tagging and tracking; software as a service (SaaS) services featuring software for workflow management; software as a service (SaaS) services featuring software for database management and document management; software as a service (SaaS) services featuring software for providing data, file, and document status providing on-line non-downloadable software for data sharing, file sharing, document sharing, and document tagging and tracking; providing on-line non-downloadable software for workflow management; software as a service (SaaS) services featuring software for warehouse management, warehouse automation and warehouse monitoring systems; providing online non-downloadable software for warehouse management, warehouse automation and warehouse monitoring systems; software as a service (SaaS) services featuring software for tracking documents over computer networks, intranets and the internet; software as a service (SaaS) services featuring software for data and document entry and organization for the trade in, administration, management and brokerage of warehouse management, warehouse automation and warehouse monitoring systems; providing on-line non-downloadable software for data and document entry and organization for the trade in, administration, management and brokerage of warehouse management, warehouse automation and warehouse monitoring systems; file sharing services, namely, providing a website featuring technology enabling users to upload and download electronic files; user interface (UI) design; constructing an internet platform for electronic commerce; hosting of e-commerce platforms on the internet; software as a service (SaaS) services featuring software for e-commerce; software as a service (SaaS) services featuring software for processing sale and purchase transactions; software as a service (SaaS) services featuring software for use in designing, developing, operating and managing artificial intelligence, machine learning, deep learning, reinforcement learning, building neural networks, tree search, high performance computing, distributed computing, cloud computing, analytics and data mining, virtual reality, augmented reality; software as a service (SaaS) services featuring software for accessing and searching information in online databases using image capture; software as a service (SaaS) services featuring software for image recognition; providing online non-downloadable software for the artificial production of human speech, text and image; providing online non-downloadable software for natural language and image processing, generation, understanding and analysis; providing online non-downloadable software for machine-learning based language, speech and image processing; providing online non-downloadable chatbot software for simulating conversations; providing online non-downloadable software for creating and generating text, image and graph; research and development services in the field of artificial intelligence technology; research, design and development of computer programs and software; scientific and industrial research in the fields of machine learning and artificial intelligence (AI) engine designs; cloud storage services for electronic data; cloud storage services for electronic files; providing temporary use of non-downloadable software applications for social networking; design, deployment and management of wireless computer networks for others; software implementation and integration services; design and maintenance of websites; hosting services; rental of software; platform as a service [PaaS]; it services; programming of software for internet platforms; consultancy and information services relating to computer system integration; cloud-based data backup services; consulting services in the field of cloud computer networks and applications; provision of virtual computer systems through cloud computing; consulting in the field of cloud computing networks and applications; design and development of operating software for accessing and using cloud computing networks; programming of operating software for accessing and using cloud computing networks; rental of operating software for accessing and using cloud computing networks; provision of temporary use of non-downloadable online operating software for accessing and using a cloud computing network; design of homepages and websites; hosting of online web facilities for third parties for conducting interactive discussions; hosting of online web facilities for third parties for sharing online content; hosting computer databases; hosting web portals; hosting of podcasts; hosting of weblogs [blogs]; hosting computer websites; server hosting; design and hosting of web portals; hosting digital content on the internet; hosting and rental of memory space for websites; hosting computer software applications for others; hosting customized web pages; hosting multimedia educational content; hosting multimedia entertainment content; hosting multimedia and interactive applications; hosting multimedia entertainment and educational content for others; hosting on-line web facilities for others; hosting platforms on the internet; hosting software for use in library management; hosting memory space for websites; hosting virtual environments; hosting the websites of others; hosting websites on the internet; hosting internet sites for others; hosting an online website for creating and hosting micro websites for businesses; creating, maintaining and hosting the websites of others; hosting e-commerce platforms on the internet; hosting computerized data, files, applications and information; hosting software platforms for virtual reality-based work collaboration; hosting memory space on the internet for storing digital photographs; hosting a website for the electronic storage of digital photographs and videos; hosting

on-line web facilities for others for conducting interactive discussions; hosting on-line web facilities for others for sharing on-line content; interactive hosting services which allow the users to publish and share their own content and images on-line; testing, authentication and quality control; scientific and technological services; it consultancy, advisory and information services; preparation of computer programs for data processing; creation of computing platforms for third parties; creating and maintaining websites for cellular phones; providing information about the design and development of computer software, systems and networks; it project management; integration of computer systems and networks; maintenance of data processing software; monitoring of computer systems by remote access; monitoring of computer system operation by remote access; design, creation and programming of web pages; design of data processing apparatus; design of computer machine and computer software for commercial analysis and reporting; planning, design, development and maintenance of online websites for third parties; design of data storage systems; design and development of systems for data input, output, processing, display and storage; design and development of data storage systems; design and development of data entry systems; computer system design and development; design and development of electronic database software; design and development of data processing apparatus; technical research in the field of optical interconnection technology; machine vision technology research; research in the field of telecommunications technology; technological research relating to computers; technological research in the field of data mining; technical research in the field of computer vision; computer network services; development of computer systems; development of systems for the processing of data; development of systems for the transmission of data; development of systems for the storage of data; development and testing of computing methods, algorithms and software; software development, programming and implementation; storing data, text, graphics, images, audio and video signals in computer databases.

BSS Bohnenberg GmbH

Representative: Grape & Schwarzensteiner Patent & Trademark Attorneys
Sebastiansplatz 7 80331 München GERMANY

WO0000001936523(42)
Office of Origin: CH

Date of International Registration: 28 April 2026
Date of Designation in the UK: 28 April 2026

MENTALEX

Class 42:
Software as a Service (SaaS).

Cogimed Sàrl

WO0000001936588(7, 12)

Date of International Registration: 29 June 2026
Date of Designation in the UK: 29 June 2026

The mark consists of a stylized, front-facing dinosaur head centered between two hands and partial forearms. The front-facing dinosaur head features two pointed horns extending upward from the top of the head, 3D glasses over the eye area, and a snout-like lower portion with two small nostril openings. The dinosaur head is flanked on both sides by matching hands and partial forearms that are mirror-images of one another. Each hand features two long-nailed, stylized fingers pointed outward, and two long-nailed, stylized fingers, along with thumbs, gripping a stylized electronic gaming controller featuring mechanical details and buttons.

lifelounge

International priority date claimed: 07 November 2025 (DE) (30 2025 123 017)

Class 9:
Downloadable software applications for mobile devices [apps]; computer software; downloadable media; recorded media; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; electronic agendas; Customer Relationship Management (CRM) software.

Class 10:
Surgical, medical, dental and veterinary apparatus and instruments; artificial limbs; artificial eyes; artificial teeth; orthopaedic articles; suture materials; therapeutic and support devices adapted for people with disabilities; massage apparatus.

Class 35:
Advertising; commercial business management; business organization; business administration; office functions; wholesale and retail services, including online, connected with the sale of chemical materials, chemical preparations, industrial chemicals, skincare products, pharmaceutical preparations, medicines, hygiene and beauty care utensils, toiletries, cosmetics, machines for the treatment of materials and for manufacturing, machine tools, electrical and electrical components, electronic controllers, electrical and electronic apparatus for processing data, health monitoring software, prosthetic products and articles, medical apparatus, orthopedic articles and artificial limbs, vehicles and vehicle accessories, plastics, furniture and mattresses, woven fabrics and textiles, shoes, clothing and sporting goods; services related to customer loyalty, incentive and bonus programs; administration of customer loyalty and incentive schemes.

Class 37:
Repair and maintenance of mechanical, electrical and electronic devices, orthopedic articles, artificial limbs and vehicles, especially wheelchairs.

Class 38:
Telecommunications services, in particular the transmission of multimedia content; providing telecommunications connections to databases; providing user access to internet portals; providing access to an online computer database; provision of online forums and internet chat rooms.

Class 39:
Rental of wheelchairs and other vehicles; planning and organizing trips; transport of travellers; booking of tickets for travel; travel advice and information; providing information regarding the planning and booking of travel and transport via electronic media.

Class 40:
Material processing, namely the manufacture and adaptation of prostheses, orthoses, orthopedic bandages, orthopedic shoes and seating systems.

Class 41:
Teaching; training services; entertainment services; sporting activities; cultural activities; providing online publications; providing electronic publications; provision of audio and video clips, photographs and other multimedia content [not downloadable]; conducting training seminars for customers.

Class 42:
Scientific and technological services and research and design relating thereto; industrial analysis; industrial research; services of an industrial designer; design and development of computer hardware and software; IT services; provision of temporary use of non-downloadable software to enable the uploading, playback and viewing of multimedia content, videos, images, texts, photographs, user-generated content, audio content and information via the Internet and other communication networks; hosting websites with multimedia content for third parties; interactive hosting services which allow the users to publish and share their own content and images on-line; creating and maintaining customized web pages.

Class 43:
Services for providing food and drink; temporary accommodation; reservation and booking of travel accommodations.

Class 44:
Medical services; veterinary services; medical advice; hygienic care for human beings; hygienic care for animals; beauty care for people; beauty care services for animals; rental of medical equipment, especially orthopedic and rehabilitation items; fitting of orthopedic devices, prostheses and their parts and accessories.

Class 9:
Software, software for air traffic control; airport operations management software; electronic control systems; control apparatus and instruments; electronic automation systems; computer hardware; data processing equipment; navigation apparatus and instruments, aeronautical and aerospace engineering software; software for the control and management of air and aerospace traffic; software for the control, processing and management of incidents and anomalies relating to air and aerospace traffic; apparatus for the control and management of air and aerospace traffic; software for flight planning, integration, optimization and control; communication software; telecommunication software; electric communication apparatus; radio equipment for air and aerospace traffic control; security and surveillance software; aerospace and airspace surveillance and security networks; aerospace and airspace surveillance and security equipment; aerospace and airspace security control instruments; software for threat detection in aerospace and airspace; software for the surveillance, control and security of air navigation pathways; network management apparatus; network management software; air and aerospace data acquisition instruments; software for the registration, collection, compilation, recording, storage, retrieval, management, evaluation, analysis, handling, transmission, processing and communication of data, information, images and sounds; computer software for compiling positioning data; drone detection systems.

Class 37:
Installation, maintenance and repair of electronic systems, control systems and computer hardware, all relating to air and aerospace traffic control and management.

Class 38:
Telecommunication services; electronic communications; transmission of information via communications networks; communication services; aeronautical telecommunications services; data transmission and data dissemination; providing access to electronic data links; data broadcasting in real time; transmission of data, audio, video and multimedia files; automatic transfer of digital data by telecommunication channels; data transmission services among computer systems integrated in networks; transmission of information via data communications to facilitate decision making; advisory services relating to communications equipment.

Class 39:
Vehicle traffic management services; air traffic management services; information regarding transport; global positioning system navigation services; providing air traffic information; airport services; air and aerospace transport; air and aerospace navigation services; consultancy relating to air and aerospace transport; consultancy relating to air navigation; air and aerospace traffic control services; providing information relating to air and aerospace transport; services for the organization of air and aerospace transport; providing information regarding airline flight programming; flight route planning services; air route planning services; flight planning services; computerized planning of distribution relating to air and aerospace transport; physical storage of data, photographs and digital audio and image files stored electronically; air and aerospace traffic flow management via advanced communications networks and technologies; flight route calculation services provided via computer data networks; civilian drone piloting services; transport by land relating to

the aviation industry; traffic information services; aeronautical information services.

Class 42:
Scientific and technological services; software design and development; control system design and development; technological research and development; engineering; automation system development; computer programming; computer system integration; technological services, as well as research and design relating thereto; Telecommunications engineering; technical, aeronautical and aerospace engineering; data engineering; computer engineering; development of software for communication systems; technological services for the security, surveillance and control of computer systems relating to air and aerospace transport; technical project planning in the field of aeronautical and aerospace engineering; monitoring of computer systems for the security and surveillance of airspace; aerial and aerospace surveying; telecommunication signal analysis; computer programming services for data analysis; design and development of air route planning software; data storage; recovery of computer data; data encryption services; data security services; development of data programs; technical data analysis services; programming of software for evaluating and calculating data; encryption, decryption and authentication of information, messages and data; design and development of electronic data-security systems; development of software for the registration, collection, compilation, recording, storage, retrieval, management, evaluation, analysis, handling, transmission, processing and communication of data, information, images and sounds; development of software for the control and management of air and aerospace traffic; development of software for the control, processing and management of incidents and anomalies relating to air and aerospace traffic; development of software for the surveillance, control and security of air navigation pathways; aeronautical and aerospace engineering project studies; counselling services relating to aeronautical and aerospace engineering; technical research in the field of aeronautics.

NVIDIA NIM

International priority date claimed: 02 February 2026 (JM) (96591)

Class 9:
Downloadable computer software for execution, integration, and deployment of artificial intelligence applications and models; downloadable computer software for deployment of microservices for artificial intelligence applications and models on the cloud, data centers, graphic processor units (GPUs), computers, and workstations; downloadable computer software for scalable inference of foundation and generative artificial intelligence applications and models via optimized microservices; downloadable application programming interface (API) software for integrating and deploying artificial intelligence applications and models; downloadable computer software for managing, scaling, and orchestrating artificial intelligence microservices in computing environments; downloadable computer software for facilitating interaction with third-party application programming interfaces (APIs) and platforms; downloadable computer software for executing commands using a shell and for integration with and deployment of large language models (LLMs) and other artificial intelligence models, including generative artificial intelligence models, multimodal models, computer vision models, speech and audio models, recommendation engines, embedding models and other machine learning and foundation models; downloadable computer software for use in artificial intelligence and machine learning; downloadable computer software for data processing; downloadable computer software for use in developing, deploying, managing, and operating software applications; downloadable software; recorded software; preinstalled software; computer software; downloadable software development kits (SDKs); downloadable software development tools; downloadable software featuring libraries for software development; downloadable software for parallel computing; downloadable compiler software; downloadable software for developing software applications on GPUs, CPUs, and DPUs; downloadable software that assists computers in deploying parallel applications and performing parallel computations; downloadable software for use as an application programming interface (API) for use in building software applications; downloadable artificial intelligence software; downloadable software for facilitating data transmission, data collection, data analysis, and decision-making; downloadable software for simulation, modeling and data processing for use in data visualization, data analysis, data mining, data interpretation, predictive analytics, accessing and editing large-scale data, interactive visual computing, design of information graphics, and maximizing graphics processing and performance; downloadable software for use in general purpose computation, manipulation of collections of data, data analysis, image content analysis, information analysis, data transformation, data input/output, communications, speech recognition, graphics display, modeling and testing for use in the fields of artificial intelligence, deep learning, high performance computing, distributed computing, virtualization and machine learning; downloadable software for data management, analytics and pattern and activity recognition; downloadable software for data centers for use in collecting, analyzing and reporting of computer network data; downloadable software for artificial intelligence, machine learning, deep learning, natural language generation, statistical learning, supervised learning, unsupervised learning, data mining, predictive analytics, business intelligence, and computer vision; downloadable software for the storage of electronic data; downloadable software for managing large scale data centers, data analysis, data storage, and storage system performance analysis; downloadable software, namely, knowledge-based artificial intelligence platforms, data analytics

platforms, and automation platforms; downloadable software for enhancing computer performance and for operation of integrated circuits, semiconductors, computer chipsets, micro-processors, GPUs, CPUs, and DPUs; downloadable software for managing computer networks; downloadable software for deploying, distributing, configuring, testing, installing, upgrading, updating, customizing, debugging, and managing other software; downloadable software for data and application migration; downloadable machine learning (ML) models, large language models (LLMs), foundation models, and pretrained neural network (NN) models; downloadable electronic data files featuring source code, text, and images; downloadable electronic publications; downloadable computer software using machine learning for creating data models; downloadable machine learning software for enabling computers to learn to perform tasks autonomously; downloadable computer software using machine learning for developing predictive models; downloadable software using artificial intelligence (AI) for simulating natural conversation; downloadable and recorded computer programs for monitoring the performance of computer systems; downloadable chatbot software using large language models (LLMs); downloadable software using large language models (LLMs) for computer software code generation; downloadable software using large language models (LLMs) for language translation; downloadable software for programming physical movements for use in robots; downloadable software using artificial intelligence (AI) for speech recognition for use in robots; downloadable operating system software for robots; downloadable software for machine learning for use in robots.

Class 42:
Providing online non-downloadable computer software platforms for enabling execution, integration, and deployment of artificial intelligence applications and models; providing online non-downloadable computer software platforms for deployment of microservices for artificial intelligence applications and models on the cloud, data centers, graphic processor units (GPUs), computers, and workstations; providing online non-downloadable computer software platforms for scalable inference of foundation and generative artificial intelligence applications and models via optimized microservices; application service provider featuring application programming interface (API) software for integrating and deploying artificial intelligence applications and models; providing online non-downloadable computer software platforms for managing, scaling, and orchestrating artificial intelligence microservices in computing environments; providing online non-downloadable computer software platforms for facilitating interaction with third-party application programming interfaces (APIs) and platforms; providing online non-downloadable computer software platforms for executing commands using a shell and for integration with and deployment of large language models (LLMs) and other artificial intelligence models, including generative artificial intelligence models, multimodal models, computer vision models, speech and audio models, recommendation engines, embedding models and other machine learning and foundation models; consulting in the field of artificial intelligence inference software and microservices; providing information relating to the deployment of microservices for artificial intelligence applications and models on the cloud, data centers, graphic processor units (GPUs), computers, and workstations; providing temporary use of non-downloadable computer software; artificial intelligence as a service (AIAAS) services featuring software using artificial intelligence for creating and integrating computer models; providing online non-downloadable computer software platforms for use in artificial intelligence and machine learning; providing online non-downloadable computer software platforms for data processing; providing online non-downloadable computer software platforms for use in developing, deploying, managing, and operating software applications; design and development of computer software; providing technical information in the field of maintenance of computer software platforms; consulting services in the field of software as a service (SaaS); providing online non-downloadable software; software as a service (SaaS); cloud computing services featuring software for use in artificial intelligence; cloud-based supercomputing; providing online non-downloadable software development kits (SDKs); providing online non-downloadable software development tools; providing online non-downloadable software for parallel computing; providing online non-downloadable compiler software; providing online non-downloadable software for developing software applications on GPUs, CPUs, and DPUs; providing online non-downloadable software featuring libraries for software development; providing online non-downloadable software that assists computers in deploying parallel applications and performing parallel computations; providing online non-downloadable software for use as an application programming interface (API) for use in building software applications; providing online non-downloadable artificial intelligence software; providing online non-downloadable software for facilitating data transmission, data collection, data analysis, and decision-making; providing online non-downloadable software for simulation, modeling and data processing for use in data visualization, data analysis, data mining, data interpretation, predictive analytics, accessing and editing large-scale data, interactive visual computing, design of information graphics, and maximizing graphics processing and performance; providing online non-downloadable software for use in general purpose computation, manipulation of collections of data, data analysis, image content analysis, information analysis, data transformation, data input/output, communications, speech recognition, graphics display, modeling and testing for use in the fields of artificial intelligence, deep learning, high performance computing, distributed computing, virtualization and machine learning; providing online non-downloadable software for data management, analytics and pattern and activity recognition; providing online non-downloadable software for data centers for use in collecting, analyzing and reporting of computer network data; providing online non-downloadable software for artificial intelligence, machine learning, deep learning, natural language generation, statistical learning, supervised learning, unsupervised learning, data mining, predictive analytics, business intelligence, and computer vision; providing online non-downloadable software for the storage of electronic data; providing online non-downloadable software for managing large scale data centers, data analysis, data storage, and storage system performance analysis; providing online non-downloadable software, namely, knowledge-based artificial intelligence platforms, data analytics platforms, and automation platforms; providing online non-downloadable software for enhancing computer performance and for operation of integrated circuits, semiconductors, computer chipsets, micro-processors, GPUs, CPUs, and DPUs; providing online non-downloadable software for managing

computer networks; providing online non-downloadable software for deploying, distributing, configuring, testing, installing, upgrading, updating, customizing, debugging, and managing other software; providing online non-downloadable software for data and application migration; providing online non-downloadable machine learning (ML) models, large language models (LLMs), foundation models, and pretrained neural network (NN) models; cloud computing services; electronic storage of data; computer software technical support services, technical information and technical support regarding software patches, upgrades and updates; advanced product research in the field of artificial intelligence; writing of computer software for others; providing information relating to computer technology; providing information relating to computer programming; providing information relating to computer programs; providing computer software information online; Platform as a service (PAAS) services; Infrastructure as a service (IAAS); artificial intelligence as a service (AIAAS) services; artificial intelligence as a service (AIAAS) featuring software using artificial intelligence for writing custom algorithms and implementing algorithms into dataflows; infrastructure as a service (IAAS) being hosting software for operating virtual servers for use by others; hosting of computer platforms; design and development of artificial intelligence (AI) software on an outsourcing basis; research in the field of autonomous car technology; providing temporary use of online non-downloadable chatbot software using large language models (LLMs); technology consultation in the field of artificial intelligence (AI); application service provider (ASP), namely, hosting computer software applications of others.

Class 6:
Structures of metal; ducts of metal for central heating installations and for ventilating and air conditioning systems; transportable buildings of metal; valves of metal; valves of metal, other than parts of machines.

Class 9:
Heat regulating apparatus; switchgear [electric]; boiler control instruments; temperature indicating apparatus; temperature controlling apparatus; electronic controllers, software and electric sensors for heating, ventilating, air conditioning and air purification equipment; aforesaid goods particularly for rail, industrial, mining, or defense vehicles; parts of the aforesaid goods.

Class 11:
Heating, ventilating and air conditioning and purification equipment (ambient); air cleaning apparatus; heating installations; heat pumps; defrosters; heat exchangers, other than parts of machines; aforesaid goods particularly for rail, industrial, mining, or defense vehicles; parts of the foregoing.

Class 37:
Installation, maintenance and repair of heating, ventilating, air-conditioning and air purification equipment and installations, apparatus for the treatment of air, heating elements, heat pumps, heat exchangers, heat regulating apparatus, switching installations, boiler control instruments, temperature indicators, thermostats, electronic controllers, electric sensors for heating, ventilating, air-conditioning and air purification equipment and installations, and parts of the aforesaid goods, in particular for railway, industrial, mining, defense vehicles; installation services relating to the modernization of heating, ventilating, air-conditioning and air purification equipment and installations, apparatus for the treatment of air, heating elements, heat pumps, heat exchangers, heat regulating apparatus, switching installations, boiler control instruments, temperature indicators, thermostats, electronic controllers, electric sensors for heating, ventilating, air-conditioning and air purification equipment and installations, and parts of the aforesaid goods, in particular for railway, industrial, mining, defense vehicles.

Class 42:
Science and technology services; scientific and industrial research; engineering research; engineering services; engineering services relating to information technology; preparation of data processing programmes; engineering consultancy services; creating, maintaining and updating computer software.

Drijfhout

International priority date claimed: 03 December 2025 (EM) (019285729)

Class 6:
Anvils.

Class 8:
Hand-operated tools and precision tools for making and working jewellery, hand-operated tools and precision tools for forging gold and forging silver; hand-operated goods, namely files [tools], saws [hand tools], pliers, pincers, hammers [hand tools] and nibblers, lathe tools, abrading tools, graving tools and instruments for engraving; moulding tools and embossers

for metal parts; hand-operated tools for spark erosion and die sinking; hand-operated polishing and finishing tools; parts and fittings for aforesaid goods.

Class 14:
Precious metals and their alloys; unprocessed and semi-processed materials made from precious metals and alloys thereof, namely bars, circular blanks, bands, sheets, wire, pipes, sectional pipes, rings, profile rings, poles and rods, in particular for manufacturing coins, circulation coins, collectible coins and jewellery, clocks and technical apparatus and coatings; articles of precious metal and their alloys, namely coins, circulation coins and collectible coins; precious stones, pearls and imitations thereof; jewellery; rings [jewellery]; rings (jewellery), in particular wedding rings, of precious or common metals or their alloys.

Class 35:
Advertising, marketing and promotional services; business management; business administration; wholesaling, retailing and mail order, including the aforesaid trading services being provided online, in relation to chemical substances, chemical materials and chemical preparations; wholesaling, retailing and mail order, including the aforesaid trading services being provided online, in relation to alloys for dental, dental technology and medical technology purposes; wholesaling and retailing, and mail order, also via the Internet, in relation to the following goods: ceramics and materials of plastic for dental purposes, for dental technical purposes and for technical medical purposes, materials for filling teeth, teeth filling materials and sealing materials for dental and dental technical purposes; wholesaling, retailing and mail order, including the aforesaid trading services being provided online, in relation to materials for preparing and processing models for dental and dental technology; wholesaling, retailing and mail order, including the aforesaid trading services being provided online, in relation to adhesives for dental and dental technology purposes and solvents for dental and dental technology purposes; wholesaling and retailing, and mail order, also via the Internet, in relation to the following goods: common metals and their alloys, copper and copper alloys, unprocessed and semi-processed materials made from the aforesaid metals and alloys, namely bars, circular blanks, bands, sheets, wire, pipes, sectional pipes, rings, profile rings, poles and rods, in particular for manufacturing coins, circulation coins, collectible coins and jewellery, clocks and technical apparatus and coatings and welding and brazing materials; wholesaling, retailing and mail order, including the aforesaid trading services being provided online, in relation to scientific research and laboratory apparatus, measuring instruments and apparatus and instruments for measuring temperature; wholesaling, retailing and mail order, including the aforesaid trading services being provided online, in relation to apparatus for electrolytic separation, galvanising apparatus, electrolytic polishing apparatus, electric polishing apparatus, electrolysing apparatus and electric and electronic apparatus for electrophoretic separation; wholesaling, retailing and mail order, including the aforesaid trading services being provided online, in relation to centrifuges and drying centrifuges for laboratory purposes and ultrasonic cleaning apparatus; wholesaling and retailing, and mail order, also via the Internet, in relation to the following goods: electric and electronic control and inspection equipment, sensors, detectors and probes, software, including being recorded or provided via the Internet, electric and electronic apparatus for dental purposes, data-processing apparatus and computer programs recorded on data carriers; wholesaling, retailing and mail order, including the aforesaid trading services being provided online, in relation to furnaces, ceramic kilns, sintering furnaces, smelting furnaces and water treatment apparatus; wholesaling and retailing, and mail order, also via the Internet, in relation to the following goods: precious metals and alloys thereof, unprocessed and semi-processed materials made from precious metals and alloys thereof, namely bars, circular blanks, bands, sheets, wire, pipes, sectional pipes, rings, profile rings, poles and rods, in particular for manufacturing coins, circulation coins, collectible coins and jewellery, clocks and technical apparatus and coatings, articles made of precious metals and their alloys, namely precious stones, pearls and imitations thereof, jewellery, jewellery and rings being jewellery; wholesaling and retailing, and mail order, also via the Internet, in relation to the following goods: hand-operated tools and precision tools for making and working jewellery, hand-operated tools and precision tools for forging gold and forging silver, hand-operated goods, namely files [tools], sawing (saw mill), tongs and pliers, tweezers, hammers and anvils, milling apparatus, lathe tools, abrading instruments, graving tools and graving tools, moulding tools and cutting dies for metal parts, hand-operated tools for spark erosion and sink erosion, hand-operated polishing and finishing tools.

Class 40:
Treatment of materials, namely metal casting, metal plating, gilding, silver plating, engraving, embossing, custom 3D printing for others; recycling, in particular of metals and precious metals; galvanization, surface galvanisation; coating services, namely chemical coatings, electrodeposition, coating of surfaces, CVD (chemical vapour deposition) coating and PVD (physical vapour deposition) coating; engraving, in particular engraving of jewellery and coin engraving, embossing, in particular coin minting.

Date of International Registration: 04 March 2026
Date of Designation in the UK: 04 March 2026

The mark consists of an upper-rear view of a bee with it wings extended. The bee's body and the bottom portion of its wings are inside a hexagon, and the remaining top portion of its wings appear outside the hexagon. The bottom of the hexagon extends down to surround the bee's stinger. The bee's wings include hexagonal shapes, and the bee's abdomen partially consists of a basketball. The stylized term "HIVE" appears above the bee and hexagon, and the stylized wording "BASKETBALL CLUB" appears below the bee and hexagon. To the left and right of the bee and hexagon are clusters of hexagonal shapes resembling honeycombs. All the aforementioned elements are surrounded by circle which extends out to cover the bee's wings and is lined by a thinner circle.

International priority date claimed: 04 September 2025 (US) (99375342)

Class 25:
T-shirts, long-sleeved shirts, short-sleeved shirts; polo shirts; head wear; knitted caps; sports caps and hats; baseball caps and hats; athletic uniforms, jerseys being clothing, shorts, pants, hooded sweat shirts, sweatshirts; clothing jackets, footwear, bottoms as clothing, gloves, warm-up suits; sleeping garments; athletic apparel, namely, tops as clothing, shirts, sweaters; athletic jackets; infant and children's clothing, namely, shirts, hats, pajamas; footwear; wristbands as clothing.

Class 9:
Downloadable computer software using artificial intelligence (AI) for database management, business analytics, data exploration, data analytics, data assessments, analyzing data and interacting with humans, machine learning, providing data analysis, dashboards, reports, insights, forecasts, predictions, modeling, and visualizations, data administration, management, transformation, collection, generation, sharing, collaboration, and integration; downloadable computer software using artificial intelligence (AI) for data collection, management, administration, analytics, analysis, assessments, forecasting, modeling, generation, collaboration, sharing, integration, generation, and visualizing for use by entertainment venues, attractions, amusement parks, theme parks, sporting venues, ski resorts, fairs, festivals, museums, theatrical venues, arts, cultural, heritage, and educational events and venues, restaurants, retail stores, online retail stores, and related locations; downloadable computer programs using artificial intelligence (AI) for database management, business analytics, data exploration, data analytics, data assessments, analyzing data and interacting with humans, machine learning, providing data analysis, dashboards, reports, insights, forecasts, predictions, modeling, and visualizations, data administration, management, transformation, collection, generation, sharing, collaboration, and integration; downloadable computer programs using artificial intelligence (AI) for data collection, management, administration, analytics, analysis, assessments, forecasting, modeling, generation, collaboration, sharing, integration, generation, and visualizing for use by entertainment venues, attractions, amusement parks, theme parks, sporting venues, ski resorts, fairs, festivals, museums, theatrical venues, arts, cultural, heritage, and educational events and venues, restaurants, retail stores, online retail stores, and related locations; downloadable computer software for database management, business analytics, data exploration, data analytics, data assessments, analyzing data and interacting with humans, machine learning, providing data analysis, dashboards, reports, insights, forecasts, predictions, modeling, and visualizations, data administration, management, transformation, collection, generation, sharing, collaboration, and integration; downloadable computer software for data collection, management, administration, analytics, analysis, assessments, forecasting, modeling, generation, collaboration, sharing, integration, generation, and visualizing for use by entertainment venues, attractions, amusement parks, theme parks, sporting venues, ski resorts, fairs, festivals, museums, theatrical venues, arts, cultural, heritage, and educational events and venues, restaurants, retail stores, online retail stores, and related locations; downloadable computer software using machine learning for creating data models; downloadable computer software for analyzing visitor and venue data, managing venue locations, managing business and visitor contacts, ticketing, managing digital and multimedia content, and integrating onsite visitor presence data, digital instrumentation, indoor positioning of visitors, collections databases, and external data feeds; downloadable computer programs using artificial intelligence (AI) for analyzing visitor and venue data, managing venue locations, managing business and visitor contacts, ticketing, managing digital and multimedia content, and integrating onsite visitor presence data, digital instrumentation, indoor positioning of visitors, collections databases, and external data feeds; downloadable computer software using artificial intelligence (AI) for analyzing visitor and venue data, managing venue locations, managing business and visitor contacts, ticketing, managing digital and multimedia content, and integrating onsite visitor presence data, digital instrumentation, indoor positioning of visitors, collections databases, and external data feeds.

Class 42:
Artificial intelligence as a service (AIaaS) in relation to software using artificial intelligence for database management; artificial intelligence as a service (AIaaS) services in relation to software using artificial intelligence for business analytics; artificial intelligence as a service (AIaaS) services in relation to software using artificial intelligence for data exploration; artificial intelligence as a service (AIaaS) services in relation to software using artificial intelligence for data assessment; artificial intelligence as a service (AIaaS) services in relation to software using artificial intelligence for data analytics; artificial intelligence as a service (AIaaS) in relation to software using artificial intelligence for analyzing data and interacting with humans; design and development of software for machine learning; providing online non-downloadable software using artificial intelligence (AI) for machine learning; design and development of artificial intelligence (AI) software; design and development of artificial intelligence (AI) software for database management, business analytics, data exploration, data analytics, data assessments, analyzing data and interacting with humans, machine learning, providing data analysis, dashboards, reports, insights, forecasts, predictions, modeling, and visualizations, data administration, management, transformation, collection, generation, sharing, collaboration, and integration; design and development of artificial intelligence (AI) software for data collection, management, administration, analytics, analysis, assessments,

forecasting, modeling, generation, collaboration, sharing, integration, generation, and visualizing for use by entertainment venues, attractions, amusement parks, theme parks, sporting venues, ski resorts, fairs, festivals, museums, theatrical venues, arts, cultural, heritage, and educational events and venues, restaurants, retail stores, online retail stores, and related locations; software as a service (SaaS) services in relation to artificial intelligence (AI) software for generating business analysis reports; technical support services, namely, installation, administration, and troubleshooting of web and database applications; consulting services in the field of software implementation for others; technological consulting services for others in the field of design, planning, and implementation project management of database management, business analytics, data exploration, data analytics, data assessments, analyzing data and interacting with humans, machine learning, providing data analysis, dashboards, reports, insights, forecasts, predictions, modeling, and visualizations, data administration, management, transformation, collection, generation, sharing, collaboration, and integration; technological consulting services for others in the field of design, planning, and implementation project management of data collection, management, administration, analytics, analysis, assessments, forecasting, modeling, generation, collaboration, sharing, integration, generation, and visualizing for use by entertainment venues, attractions, amusement parks, theme parks, sporting venues, ski resorts, fairs, festivals, museums, theatrical venues, arts, cultural, heritage, and educational events and venues, restaurants, retail stores, online retail stores, and related locations; design, development and implementation of software; design, development, and implementation of software for database management, business analytics, data exploration, data analytics, data assessments, analyzing data and interacting with humans, machine learning, providing data analysis, dashboards, reports, insights, forecasts, predictions, modeling, and visualizations, data administration, management, transformation, collection, generation, sharing, collaboration, and integration; design, development, and implementation of software for data collection, management, administration, analytics, analysis, assessments, forecasting, modeling, generation, collaboration, sharing, integration, generation, and visualizing for use by entertainment venues, attractions, amusement parks, theme parks, sporting venues, ski resorts, fairs, festivals, museums, theatrical venues, arts, cultural, heritage, and educational events and venues, restaurants, retail stores, online retail stores, and related locations; technical support services, namely, troubleshooting of computer software problems; computer technology support services, namely, help desk services; artificial intelligence as a service (AIaaS) services in relation to software using artificial intelligence (AI) for database management, business analytics, data exploration, data analytics, data assessments, analyzing data and interacting with humans, machine learning, providing data analysis, dashboards, reports, insights, forecasts, predictions, modeling, and visualizations, data administration, management, transformation, collection, generation, sharing, collaboration, and integration; artificial intelligence as a service (AIaaS) services in relation to software using artificial intelligence (AI) for data collection, management, administration, analytics, analysis, assessments, forecasting, modeling, generation, collaboration, sharing, integration, generation, and visualizing for use by entertainment venues, attractions, amusement parks, theme parks, sporting venues, ski resorts, fairs, festivals, museums, theatrical venues, arts, cultural, heritage, and educational events and venues, restaurants, retail stores, online retail stores, and related locations; providing online non-downloadable virtual assistant software using artificial intelligence (AI) for database management, business analytics, data exploration, data analytics, data assessments, analyzing data and interacting with humans, machine learning, providing data analysis, dashboards, reports, insights, forecasts, predictions, modeling, and visualizations, data administration, management, transformation, collection, generation, sharing, collaboration, and integration; providing online non-downloadable virtual assistant software using artificial intelligence (AI) for data collection, management, administration, analytics, analysis, assessments, forecasting, modeling, generation, collaboration, sharing, integration, generation, and visualizing for use by entertainment venues, attractions, amusement parks, theme parks, sporting venues, ski resorts, fairs, festivals, museums, theatrical venues, arts, cultural, heritage, and educational events and venues, restaurants, retail stores, online retail stores, and related locations; providing non-downloadable software using artificial intelligence (AI) for database management, business analytics, data exploration, data analytics, data assessments, analyzing data and interacting with humans, machine learning, providing data analysis, dashboards, reports, insights, forecasts, predictions, modeling, and visualizations, data administration, management, transformation, collection, generation, sharing, collaboration, and integration, all via a website; providing temporary use of on-line non-downloadable software and applications using artificial intelligence (AI) for database management, business analytics, data exploration, data analytics, data assessments, analyzing data and interacting with humans, machine learning, providing data analysis, dashboards, reports, insights, forecasts, predictions, modeling, and visualizations, data administration, management, transformation, collection, generation, sharing, collaboration, and integration; providing temporary use of on-line non-downloadable software and applications using artificial intelligence (AI) for data collection, management, administration, analytics, analysis, assessments, forecasting, modeling, generation, collaboration, sharing, integration, generation, and visualizing for use by entertainment venues, attractions, amusement parks, theme parks, sporting venues, ski resorts, fairs, festivals, museums, theatrical venues, arts, cultural, heritage, and educational events and venues, restaurants, retail stores, online retail stores, and related locations; software as a service (SaaS) services in relation to software using artificial intelligence (AI) for database management, business analytics, data exploration, data analytics, data assessments, analyzing data and interacting with humans, machine learning, providing data analysis, dashboards, reports, insights, forecasts, predictions, modeling, and visualizations, data administration, management, transformation, collection, generation, sharing, collaboration, and integration; software as a service (SaaS) services in relation to software using artificial intelligence (AI) for data collection, management, administration, analytics, analysis, assessments, forecasting, modeling, generation, collaboration, sharing, integration, generation, and visualizing for use by entertainment venues, attractions, amusement parks, theme parks, sporting venues, ski resorts, fairs, festivals, museums, theatrical venues, arts, cultural, heritage, and educational events and venues, restaurants, retail stores, online retail stores, and related locations; software as a service (SaaS) services, namely, hosting software for use by others for database management, business

analytics, data exploration, data analytics, data assessments, analyzing data and interacting with humans, machine learning, providing data analysis, dashboards, reports, insights, forecasts, predictions, modeling, and visualizations, data administration, management, transformation, collection, generation, sharing, collaboration, and integration; software as a service (SaaS) services, namely, hosting software for use by others for data collection, management, administration, analytics, analysis, assessments, forecasting, modeling, generation, collaboration, sharing, integration, generation, and visualizing for use by entertainment venues, attractions, amusement parks, theme parks, sporting venues, ski resorts, fairs, festivals, museums, theatrical venues, arts, cultural, heritage, and educational events and venues, restaurants, retail stores, online retail stores, and related locations; software as a service (SaaS) services in relation to software for database management, business analytics, data exploration, data analytics, data assessments, analyzing data and interacting with humans, machine learning, providing data analysis, dashboards, reports, insights, forecasts, predictions, modeling, and visualizations, data administration, management, transformation, collection, generation, sharing, collaboration, and integration; software as a service (SaaS) services in relation to software for data collection, management, administration, analytics, analysis, assessments, forecasting, modeling, generation, collaboration, sharing, integration, generation, and visualizing for use by entertainment venues, attractions, amusement parks, theme parks, sporting venues, ski resorts, fairs, festivals, museums, theatrical venues, arts, cultural, heritage, and educational events and venues, restaurants, retail stores, online retail stores, and related locations; providing temporary use of on-line non-downloadable software for database management, business analytics, data exploration, data analytics, data assessments, analyzing data and interacting with humans, machine learning, providing data analysis, dashboards, reports, insights, forecasts, predictions, modeling, and visualizations, data administration, management, transformation, collection, generation, sharing, collaboration, and integration; providing temporary use of on-line non-downloadable software for data collection, management, administration, analytics, analysis, assessments, forecasting, modeling, generation, collaboration, sharing, integration, generation, and visualizing for use by entertainment venues, attractions, amusement parks, theme parks, sporting venues, ski resorts, fairs, festivals, museums, theatrical venues, arts, cultural, heritage, and educational events and venues, restaurants, retail stores, online retail stores, and related locations; providing non-downloadable software using artificial intelligence (AI) for analyzing visitor and venue data, managing venue locations, managing business and visitor contacts, ticketing, managing digital and multimedia content, and integrating onsite visitor presence data, digital instrumentation, indoor positioning of visitors, collections databases, and external data feeds, all via a website; software as a service (SaaS) services in relation to software using artificial intelligence (AI) for analyzing visitor and venue data, managing venue locations, managing business and visitor contacts, ticketing, managing digital and multimedia content, and integrating onsite visitor presence data, digital instrumentation, indoor positioning of visitors, collections databases, and external data feeds; providing temporary use of on-line non-downloadable software and applications using artificial intelligence (AI) for analyzing visitor and venue data, managing venue locations, managing business and visitor contacts, ticketing, managing digital and multimedia content, and integrating onsite visitor presence data, digital instrumentation, indoor positioning of visitors, collections databases, and external data feeds; design, development, and implementation of software for analyzing visitor and venue data, managing venue locations, managing business and visitor contacts, ticketing, managing digital and multimedia content, and integrating onsite visitor presence data, digital instrumentation, indoor positioning of visitors, collections databases, and external data feeds; providing online non-downloadable virtual assistant software using artificial intelligence (AI) for analyzing visitor and venue data, managing venue locations, managing business and visitor contacts, ticketing, managing digital and multimedia content, and integrating onsite visitor presence data, digital instrumentation, indoor positioning of visitors, collections databases, and external data feeds; artificial intelligence as a service (AIaaS) services in relation to software using artificial intelligence (AI) for analyzing visitor and venue data, managing venue locations, managing business and visitor contacts, ticketing, managing digital and multimedia content, and integrating onsite visitor presence data, digital instrumentation, indoor positioning of visitors, collections databases, and external data feeds; software as a service (SaaS) services, namely, hosting software for use by others for analyzing visitor and venue data, managing venue locations, managing business and visitor contacts, ticketing, managing digital and multimedia content, and integrating onsite visitor presence data, digital instrumentation, indoor positioning of visitors, collections databases, and external data feeds; technological consulting services for others in the field of design, planning, and implementation project management of analyzing visitor and venue data, managing venue locations, managing business and visitor contacts, ticketing, managing digital and multimedia content, and integrating onsite visitor presence data, digital instrumentation, indoor positioning of visitors, collections databases, and external data feeds; design and development of artificial intelligence (AI) software for analyzing visitor and venue data, managing venue locations, managing business and visitor contacts, ticketing, managing digital and multimedia content, and integrating onsite visitor presence data, digital instrumentation, indoor positioning of visitors, collections databases, and external data feeds; software as a service (SaaS) services in relation to software for analyzing visitor and venue data, managing venue locations, managing business and visitor contacts, ticketing, managing digital and multimedia content, and integrating onsite visitor presence data, digital instrumentation, indoor positioning of visitors, collections databases, and external data feeds; providing temporary use of on-line non-downloadable software for analyzing visitor and venue data, managing venue locations, managing business and visitor contacts, ticketing, managing digital and multimedia content, and integrating onsite visitor presence data, digital instrumentation, indoor positioning of visitors, collections databases, and external data feeds.

SWISS WATER ONE

International priority date claimed: 30 March 2026 (DE) (30 2026 106 812)

Class 5:
Dietary supplements; dietary supplements based on trace elements; dietary supplements for beverages.

Class 7:
Electromechanical machines for preparing beverages and liquid foods; electromechanical machines for preparing carbonated beverages; machines for the manufacture of carbonated beverages; parts of the aforementioned goods, insofar as they are included in this class.

Class 11:
Water treatment devices, in particular water filtering devices, water conditioning devices, water sterilization devices, water filter jugs, water filters with mineralization function; water filters; drinking water filters; cartridge filter devices [water treatment devices]; water treatment apparatus, namely cartridges for water treatment or for dispensing minerals or other additives into water; coffee machine water filters; espresso machine water filters; tea machine water filters; electric coffee machines; espresso machines; fully automatic coffee and espresso machines; water tanks as parts of coffee and espresso machines and fully automatic coffee and espresso machines; water dispensers; water dispensers with combined soda water preparation; heating and cooling devices for dispensing hot and cold beverages; beverage cooling systems with dispensing function; electric water heaters for beverage preparation; parts of the aforementioned goods included in this class; water treatment apparatus.

Class 21:
Beverage containers [household and kitchen]; drinking bottles; liquid dispensers for use with household bottles; manually operated household and kitchen appliances for preparing carbonated beverages [non-electric]; manually operated household and kitchen appliances for preparing beverages enriched with minerals or other supplements [non-electric]; portable containers for preparing carbonated beverages for household use.

Class 30:
Coffee, tea, cocoa and substitutes therefor; tea-based beverages; coffee-based beverages; flavourings for beverages; preparations for making tea and coffee beverages.

Class 32:
Non-alcoholic beverages; mineral and aerated waters; mineral-enriched water [beverages]; flavoured non-alcoholic beverages; fruit beverages; fruit juices; syrups, powders, extracts and non-alcoholic preparations for making beverages.

Class 35:
Online mail-order retail services relating to mineral water, non-alcoholic beverages, water filters, apparatus for water treatment and water purification, and accessories for coffee machines and fully automatic coffee machines; retail and wholesale services relating to mineral water, non-alcoholic beverages, water filters, apparatus for water treatment and water purification, and accessories for coffee machines and fully automatic coffee machines.

Class 37:
Installation, maintenance, replacement, and repair of water filters, water filters with mineralization function, and water treatment and purification devices.

Class 7:
Electric polishing apparatus and parts and fittings for electric polishing apparatus; ultrasonic cleaning apparatus (in the form of industrial cleaning apparatus) and parts and fittings for ultrasonic cleaning apparatus, 3D printers.

Class 8:
Hand-operated tools and precision tools for making and working jewellery, hand-operated tools and precision tools for forging gold and forging silver; hand-operated goods, namely files [tools], saws [hand tools], pliers, pincers, hammers [hand tools] and anvils, nibblers, lathe tools, abrading tools, graving tools and instruments for engraving; moulding tools and embossers for metal parts; hand-operated tools for spark erosion and die sinking; hand-operated polishing and finishing tools; parts and fittings for aforesaid goods.

Class 14:
Precious metals and their alloys; unprocessed and semi-processed materials made from precious metals and alloys thereof, namely bars, circular blanks, bands, sheets, wire, pipes, sectional pipes, rings, profile rings, poles and rods, in particular for manufacturing coins, circulation coins, collectible coins and jewellery, clocks and technical apparatus and coatings; articles of precious metal and their alloys, namely coins, circulation coins and collectible coins; precious stones, pearls and imitations thereof; jewellery; rings [jewellery]; rings (jewellery), in particular wedding rings, of precious or common metals or their alloys.

Class 35:
Advertising, marketing and promotional services; business management; business administration; wholesale, retail and mail order retail services in relation to chemical substances, chemical materials and chemical preparations, the aforesaid services also provided on line; wholesale, retail and mail order retail services in relation to alloys for dental, dental technology and medical technology purposes, the aforesaid services also provided on line; wholesale, retail and mail order retail services in relation to the following goods: ceramics and materials of plastic for dental purposes, for dental technical purposes and for technical medical purposes, materials for filling teeth, teeth filling materials and sealing materials for dental and dental technical purposes, the aforesaid services also provided on line; wholesale, retail and mail order retail services in relation to materials for preparing and processing models for dental and dental technology, the aforesaid services also provided on line; wholesale, retail and mail order retail services in relation to adhesives for dental and dental technology purposes and solvents for dental and dental technology purposes, the aforesaid services also provided on line; wholesale, retail and mail order retail services in relation to the following goods: common metals and their alloys, copper and copper alloys, unprocessed and semi-processed materials made from the aforesaid metals and alloys, namely bars, circular blanks, bands, sheets, wire, pipes, sectional pipes, rings, profile rings, poles and rods, in particular for manufacturing coins, circulation coins, collectible coins and jewellery, clocks and technical apparatus and coatings and welding and brazing materials, the aforesaid services also provided on line; wholesale, retail and mail order retail services in relation to scientific research and laboratory apparatus, measuring instruments and apparatus and instruments for measuring temperature, the aforesaid services also provided on line; wholesale, retail and mail order retail services in relation to apparatus for electrolytic separation, galvanising apparatus, electrolytic polishing apparatus, electric polishing apparatus, electrolysing apparatus and electric and electronic apparatus for electrophoretic separation, the aforesaid services also provided on line; wholesale, retail and mail order retail services in relation to centrifuges and drying centrifuges for laboratory purposes and ultrasonic cleaning apparatus, the aforesaid services also provided on line; wholesale, retail and mail order retail services in relation to the following goods: electric and electronic control and inspection equipment, sensors, detectors and probes, software, including being recorded or provided via the internet, electric and electronic apparatus for dental purposes, data-processing apparatus and computer programs recorded on data carriers, the aforesaid services also provided on line; wholesale, retail and mail order retail services in relation to furnaces, ceramic kilns, sintering furnaces, smelting furnaces and water treatment apparatus, the aforesaid services also provided on line; wholesale, retail and mail order retail services in relation to the following goods: precious metals and alloys thereof, unprocessed and semi-processed materials made from precious metals and alloys thereof, namely bars, circular blanks, bands, sheets, wire, pipes, sectional pipes, rings, profile rings, poles and rods, in particular for manufacturing coins, circulation coins, collectible coins and jewellery, clocks and technical apparatus and coatings, articles made of precious metals and their alloys, namely precious stones, pearls and imitations thereof, jewellery, jewellery and rings being jewellery, the aforesaid services also provided on line; wholesale, retail and mail order retail services in relation to the following goods: hand-operated tools and precision tools for making and working jewellery, hand-operated tools and precision tools for forging gold and forging silver, hand-operated goods, namely files [tools], sawing (saw mill), tongs and pliers, tweezers, hammers and anvils, milling apparatus, lathe tools, abrading instruments, graving tools and graving tools, moulding tools and cutting dies for metal parts, handoperated tools for spark erosion and sink erosion, hand-operated polishing and finishing tools, the aforesaid services also provided on line.

Class 40:
Treatment of materials, namely metal casting, metal plating, gilding, silver plating, engraving, embossing, custom 3D printing for others; recycling, in particular of metals and precious metals; galvanization, surface galvanisation; coating services, namely chemical coatings, electrodeposition, coating of surfaces, CVD (chemical vapour deposition) coating and PVD (physical vapour deposition) coating; engraving, in particular engraving of jewellery and coin engraving, embossing, in particular coin minting.

VELOGY

International priority date claimed: 16 January 2026 (EM) (019304422)

Class 1:
Basic chemicals and basic petrochemicals, including acetic acid, methane carboxylic acid, ethanoic acid, methane carbonyl and ethanoyl, all for industrial use; solvents for industrial use, insofar as not included in other classes; propylene oxide and its derivatives, including butane diol, glycol, deicing fluids and polyols, all for industrial use; styrene, benzene and chemical aromatic compounds insofar as not included in other classes, for industrial use; chemical compounds with aromatic properties, for industrial use; polymers, including olefin polymers, olefin copolymers and compositions thereof, all for industrial use; catalysts; chemical additives for fuels.

Class 4:
Fuels, including petrol, (jet) aircraft fuel and diesel; lubricants; refined petroleum products (fuels and lubricants); non-chemical additives for fuels.

Class 17:
Olefin polymers or copolymers being semi-finished products, compositions of olefin polymers or copolymers being semi-finished products for industrial use.

Class 42:
Research into chemical and petrochemical processes, whether or not for improving existing processes; development of chemical and petrochemical processes; engineering services in the field of chemical and petrochemical process technologies, as well as advising and consultancy on that subject; technical consultancy and design services regarding chemical and

petrochemical process technologies; industrial design; preparation of expert reports in the field of chemical and petrochemical process technologies, also to be used as technical documentation; chemical analyses; technical supervision and inspection services in the field of process technologies.

Class 45:
Consultancy in the field of intellectual property; administration of industrial rights, including licensing; all the aforementioned services in relation to chemical and petrochemical processes.

GAIA
Energie von hier

International priority date claimed: 01 August 2025 (EM) (019226899)
The mark contains the colours Dark blue, light blue, green and yellow.

Class 7:
Installations for generating energy, consisting of wind turbines, wind generators, wind wheels, electric generators, step generators and turbines; pump accumulators.

Class 9:
Solar collectors and modules for electricity generation; programmes for controlling wind power installations; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; fuel cells

for electricity generation; fuel cells for heat generation; charging stations for electric vehicles; batteries, electric, for vehicles; chargers for electric batteries; apparatus for storage and/or conversion of electric energy; photovoltaic apparatus and installations for generating solar electricity; calibrated photovoltaic reference cells; solar modules/solar collectors for electricity generation for solar parks.

Class 11:
Solar modules for heat generation; thermal solar collectors; steam accumulators; heat accumulators; installations for generating thermal energy, namely internal combustion engines with coupled heat exchangers for electricity and heat generation, being complete units (combined heat and power stations).

Class 35:
Marketing, advertising and public relations in relation to goods and services in the field of renewable energy; business consultancy and development of facility management strategies for real estate; business management and organisation consultancy in the field of renewable energies; business management of companies which operate machines and installations for energy production, conversion and storage; business consultancy and development of energy management strategies.

Class 36:
Brokerage of real estate (site acquisition); financial evaluation and development of real estate usage strategies; financial evaluation and development of energy management strategies.

Class 37:
Installation, repair and maintenance of machinery, including in the form of technical services; running of electrical installations; construction of power stations, in particular of solar power stations, wind power stations, hydropower stations, biogas power stations and combined heat and power stations; construction and maintenance of energy generation and distribution installations; construction consultancy; installation and maintenance of solar installations; installation and maintenance of photovoltaic installations; construction of utility solar installations; building of photovoltaic plants for supply purposes; installation services in relation to the following goods: battery storage systems.

Class 40:
Generation of energy and heat; energy generation services; operation of a solar plant for the generation and supply of solar energy in an energy distribution network; operation of a photovoltaic plant for the generation and supply of solar energy in an energy distribution network; operating wind power plants; generation of electricity from wind energy.

Class 42:
Construction drafting and consultancy, technical project planning; technical consultancy for operators of wind energy installations; technical control services; surveying; technological services, namely technical management of energy generation and distribution installations and power stations; technological services, namely technical operation of charging stations for electric vehicles; development of energy concepts with regard to technical matters; technological services, namely technical operation of machines and installations for energy generation, conversion and storage; design and development of photovoltaic systems; project development and project management of apparatus and installations for the distribution, generation and providing of energy and electrical energy in the business field of large accumulators and substations.

Class 9:
Computer applications (software) for rental of vehicles with or without a driver, for carpooling trips and for car parking services, storage of vehicles and MAAS (Mobility as a Service) services; interfaces (software), all these goods relating to mobility (transport) services; software for remote payment of highway tolls, rental of parking spaces and all services related to transport from cell phones, digital tablets and computers; computer programs and software for collecting, compiling, processing, transmitting and disseminating global positioning system (GPS) data for fixed, mobile and hand-held devices; electronic databases featuring information on road conditions, geographic information, information with respect to maps, information with respect to public transport, information with respect to public transport routes; navigation software for calculating and displaying routes; artificial intelligence software for vehicles; software for assisted vehicle control; vehicle fleet management assistance software; autonomous vehicle planning and coordination assistance software; software enabling the position of a vehicle to be determined; electric batteries; electric control boxes for electrical apparatus; electric cable housings; materials for electricity mains [wires, cables]; electric charging cables for electric land vehicles of all types; battery chargers for electric land vehicles of all types; charging stations for electric land vehicles of all types; electric sockets, including reinforced, for charging electric land vehicles of all types; prepaid or rechargeable payment cards enabling users to access public charging stations for electric land vehicles of all types; applications for mobile phones, for tablets, enabling consultation and monitoring of electricity consumption related to charging electric land vehicles, locating charging stations for electric land vehicles, accessing the after-sales service (maintenance, servicing and repair) for electric land vehicle batteries and charging cables; electricity meters for electricity consumed when charging electric land vehicles; apparatus for charging electric accumulators; apparatus and instruments for managing, switching, connecting, transforming, controlling electricity, including electrical supply systems, electric transformers, electric connection networks included in class 9; measuring, signaling, checking, monitoring apparatus and instruments especially for use in connection with electricity; apparatus for data processing, downloadable computer software and computer programs to be used for producing, managing, switching, connecting, transforming, storing and controlling electricity and energy; downloadable software applications intended for use in managing the distribution and transmission of electricity.

Class 35:
Commercial management services for vehicle fleets; consulting services for business management in the field of vehicle fleet sharing; business assistance and management services and administrative services in the field of mobility and transport; price comparison services for goods and services in the field of mobility and transport; retail and wholesale services for electric batteries, cables and electric charging stations for electric land vehicles; automatic billing services using remote electricity consumption readings related to the charging of electric land vehicles.

Class 36:
Financing services, financial services, insurance services, leasing services, all these services with respect to transport and mobility.

Class 37:
Construction management [supervision]; repair, servicing and maintenance of electricity networks, of energy production and electrical installations; construction, assembly, installation, servicing and repair, cleaning and dismantling of accumulators, batteries and cells, battery chargers, battery processing systems and energy storage systems; charging services for electric vehicles; commissioning energy installations; recharging electric batteries for vehicles; information and consulting services with respect to construction; consulting and information services with respect to vehicle repair; rental of charging units and charging stations for electric vehicles.

Class 38:
Provision of telecommunication services for platforms in connection with mobility services; services for providing user access to mobility and transport platforms on the Internet; telecommunications; telecommunication services, namely, transmission of voice data, images, signals and messages in the field of information with respect to mobility, motor vehicle diagnostics, servicing reminders, traffic status and guidance information for emergency personnel and vehicle operators; electronic transmission of signals for global navigation systems via satellite, namely, transmission of signals between a global positioning system and mobile telephones in connection with the provision of roadside assistance and travel services in connection with cars.

Class 39:
Rental, reservation and provision of vehicles and vehicle accessories (excluding batteries and battery chargers), rental of parking spaces and areas for vehicles, rental of vehicle parking lots, rental of garages for vehicles, car sharing services, taxi transport service, chauffeur service, carpooling services, transport of passengers; assistance services in the event of vehicle breakdown [towing]; fleet management services in the field of vehicle fleet sharing; information regarding public

transport; tracking of vehicles, public transport vehicles and passengers using stationary devices, mobile devices, handheld devices or by means of global positioning systems (GPS); online provision of advice with respect to tracking transport-line timetables and routes; online provision of information with respect to travel and public transport services; provision of road and geographic information, with respect to travel, location, navigation, traffic and points of interest via telecommunication networks, cellular telephones, hand-held devices and wireless navigation devices; online provision of information with respect to transport concerning public transport services, schedules and routes, traffic information, geographical information, information with respect to travel, location, navigation, traffic and points of interest via interactive databases; emergency roadside assistance services, namely, towing, winching and providing keys; provision of emergency road services, namely, voice routing and location assistance services by means of components integrated into a motor vehicle, namely, transmitters, receivers, microprocessors, software, mobile phones, and electronic architectures, all interacting with a global positioning system, satellite technology and a customer service center; navigation services, namely voice routing, navigation and location assistance, by means of an integrated and embedded communication system; distribution and transport of electric current; distribution of energy; electricity distribution; distribution of energy for charging electric land vehicles; electricity storage; energy storage; delivery services for electric charging cables for electric land vehicles of all types, battery chargers for electric land vehicles of all types, electric sockets, including reinforced, for charging electric land vehicles of all types; breakdown services [towing and transport], including in an emergency, of electric land vehicles of all types.

Class 3:
Cosmetics; fingernail sculpturing overlays [cosmetics]; body mists; deodorants for human beings or for animals; scented wood; nail tips; sachets for perfuming linen; scented oils; scented oils used to produce aromas when heated; perfumes for industrial purposes; toiletry preparations; perfumes; toilet water; breath freshening sprays; potpourris [fragrances]; fragrance for household purposes; air fragrancing preparations; wax melts [fragrancing preparations]; essential oils for cosmetic purposes and essential oils for fragrancing; natural essential oils for cosmetic purposes and natural essential oils for fragrancing; essential oils as fragrances for laundry use and essential oils for cosmetic purposes; fragrance refills for reed diffusers; air fragrance reed diffusers; cleaning preparations; toothpaste; nail art stickers; eyebrow pencils; eyeshadow palettes; blushes; lipsticks; foundation; nail care kits comprised of nail polish; non-medicated skincare products, namely creams, lotions, gels, toners, cleansers, and exfoliants; sunscreen preparations; shampoo; hair conditioners.

Class 4:
Perfumed candles; scented candles; candles; Christmas tree candles; lamp wicks; lanolin for use in the manufacture of cosmetics; industrial wax; scented candles.

Class 9:

Dictating machines; apparatus to check franking; money counting and sorting machines; testing apparatus not for medical purposes; air analysis apparatus; audiovisual teaching apparatus; measuring devices, electric; lasers, not for medical purposes; surveying apparatus and instruments; voltage regulators for vehicles; integrated circuits; optical fibers [light conducting filaments]; cell switches [electricity]; coils, electric; remote control apparatus; video screens; electro-dynamic apparatus for the remote control of railway points; lightning rods; electrolysis apparatus for laboratory use; fire extinguishing apparatus; radiological apparatus for industrial purposes; egg-candlers; downloadable music files; computer peripheral devices; computer game software, downloadable; mobile phone software applications, downloadable; computer software applications, downloadable; face recognition apparatus; earphone; materials for electricity mains [wires, cables]; battery chargers; mobile power supply [rechargeable battery]; animated cartoons; decorative magnets; electronic game programmes, downloadable; computer programs for pre-recorded games; downloadable computer game software via a global computer network and wireless devices; computer game software downloadable from a global computer network; computer game software; slides [photography]; scanners [data processing equipment]; computer software platforms, recorded or downloadable; straps for mobile telephones; cell phone cases; digital photo frames; headsets; cameras [photography]; data cables; lanyards for mobile telephones; refrigerator magnets; digital signage; ring holders for mobile telephones; stands adapted for mobile phones; in-car telephone handset cradles; plugs, sockets and other contacts [electric connections]; electric sockets; cell phone battery chargers for use in vehicles; battery charge devices; all-in-one tv and computer; telecommunication apparatus in the form of jewelry; television apparatus; microphones; audio equipment; portable media players; digital audio players; television cameras; teaching robots; audio amplifiers; downloadable image file containing artwork, text, audio, video, games and internet web links relating to sporting and cultural activities; downloadable virtual goods in the nature of image files of toys for use in online virtual worlds; digital collectibles in the nature of downloadable image files of toys authenticated by non-fungible tokens (nfts); document printers; smartphones; tablet computer; electronic pocket translators; portable dvd players; multimedia projectors; covers for smartphones; screen protectors for mobile telephones; protective films adapted for tablet computer screens; earphone accessories, namely, earphone cushions, earphone pads, earphone cases, and earphone extension cords; protective covers and cases for laptops; protective covers and cases for portable media players; cases adapted for holding smartwatches; cases adapted for photographic equipment; battery cases; computer stands specially designed for holding a computer, printer and computer peripherals; selfie sticks; selfie ring lights for smartphones; decorative switch plate covers; lcd picture frames with plush decorative outer surface; hourglasses [time measuring apparatus].

Class 10:
Eyeglasses; eyeglass cords; sunglasses; cases for spectacles and sunglasses.

Class 14:
Jewelry boxes; jade carving jewelry; necklaces [jewelry]; earrings; trinkets [jewelry]; silver figurines and silver ornaments; rings [jewelry]; watches; jewelry findings; key chains [split rings with trinket or decorative fob]; collectible coins; cuff links; clocks; wristwatches; jewelry; precious stones; emerald; chains [jewelry]; jade carving artworks; ornamental lapel pins; lapel badges of precious metal; precious metals, unwrought or semi-wrought; medals; badges of precious metal; statuettes of precious metal and their alloys; works of art of precious metal; jewelry charms; boxes of precious metal; lanyards for keys; precious metals; jewelry organizer cases; key rings [split rings with trinket or decorative fob]; watch cases [parts of watches]; watch bands; medallions; slapband bracelets; slap bracelets; shoe jewellery; jewelry for men; women's jewelry; children's jewelry; jewellery for pets; model figures being ornaments made of precious metal; holiday ornaments of precious metal, other than christmas tree ornaments.

Class 16:
Periodicals; printed publications; folders for papers; writing cases [stationery]; stationery; school supplies [stationery]; stamps [seals]; crayons; drawing materials; figurines made from paper; steatite [tailor's chalk]; paper; note books; lithographic works of art; painters' easels; writing chalk; architects' models; handkerchiefs of paper; figurines of papier mâché; postage stamps; apparatus for mounting photographs; passport holders; stickers [stationery]; oil paintings; carrier bags of paper or plastic; bags [envelopes, pouches] of paper or plastics, for packaging; packing [cushioning, stuffing] materials of paper or cardboard; boxes of paper or cardboard; teaching materials [except apparatus]; molds for modelling clays [artists' materials]; printed matter; writing paper pads; cards; calendars; stickers; magazines [periodicals]; pictures; posters; engravings; pens; modelling materials; signboards of paper or cardboard; pamphlets; etchings; lithographs; silk screen prints; shopping bags of paper or plastic; caricatures; paper badges; paper party decorations; paper tissues for cosmetic use; photo storage boxes; clips for name badge holders; lanyards for name badge holders; money clips; coasters of paper; moulds for modelling clays [artists' materials].

Class 18:
Umbrellas; travelling trunks; baggage tags; school bags; handbags; pocket wallets; wallets incorporating passport holders; backpacks; wheeled shopping bags; business card cases; walking sticks; clothing for pets; leather, unworked or semi-worked; leather laces; suitcases with wheels; bags; trimmings of leather for furniture; bags for sports; fur-skins; leather thongs; leather trimmings for furniture; harness fittings; trunks [luggage]; reusable shopping bags; key cases; canvas shopping bags; backpacks for carrying infants; textile shopping bags; cases of leather or leatherboard; leather shopping bags; grocery tote bags; fashion handbags; toiletry cases sold empty; card wallets; calling card cases; souvenir bags; collars for animals; pet hair bows; backpacks for pets; leather leashes; luggage tags for travel baggage.

Class 20:
Furniture; containers, not of metal [storage, transport]; valves of plastic being other than machine parts; mirrors [looking glasses]; bamboo and wood craftwork; lacquered wood-based decorative ornaments; placards of wood or plastics; furniture fittings, not of metal; bolsters; door fittings, not of metal; beds for household pets; display stand furniture; showcases [furniture]; chests for toys; trays, not of metal; casks, not of metal; split rings, not of metal, for keys; moldings for picture

frames; mirrors; picture frames; art craft of wheat straw; straw craftwork; resin-based decorative ornaments; craftwork of fiber reinforced plastic; statuettes of wood, wax, plaster or plastic; works of art of wood, wax, plaster or plastic; horn, ivory and shell pieces [unworked or semi-worked]; nameplates, not of metal; decorations of plastic for foodstuffs; nesting boxes for household pets; identification bracelets, not of metal; pillows; throw pillows; office furniture; funerary urns; display cases for merchandise; work benches; sofas; showshelves; bins, not of metal; boxes of wood or plastic; plastic storage tanks; fans for personal use, non-electric; hand-held flat fans; hand-held folding fans; wind chimes; wooden sculptures; plastic sculptures; statuettes of resin; upright signboards of plastic; display boards; kennels for household pets; coffins; neck pillows; personal compact mirrors.

Class 21:
Glass vials [receptacles]; perfume burners, electric and non-electric; brushes; material for brush-making; insulating flasks; enamelled glass, not for building; drinking troughs; insect traps; works of art of porcelain, ceramic, earthenware, terra-cotta or glass; utensils for household purposes; kitchen utensils; household glassware [including cups, plates, jugs and urns]; ceramics for household purposes; drinking vessels; valet trays [receptacles for small objects] for household purposes; combs; toothbrushes; floss for dental purposes; cosmetic utensils; thermally insulated containers for food; cleaning instruments, hand-operated; crystal [glassware]; cages for household pets; indoor terrariums [vivariums]; electric apparatus for killing mosquitoes; household pottery [including basins, bowls, plates, urns, jars, pots, marmites, jugs and stoneware tableware]; household chinaware [including basins, bowls, plates, jugs, tableware, urns, jars and pots]; bird baths; cups; indoor aquaria; dish drying racks; coasters, not of paper or textile; baskets for household purposes; pots; tableware, other than knives, forks and spoons; containers for household use; glass jars; glass cups; earthen pots; mosaics of glass, not for building and works of art of glass; crystal ornaments; tea services [tableware]; coffee services [tableware]; liqueur sets; drinking steins; aromatic oil diffusers, other than reed diffusers, electric and non-electric; chamber pots; vases; covers for tissue boxes; garbage cans for household purposes; candle jars [holders]; plates for diffusing aromatic oil; thermal insulated containers for food or beverage; noodle machines, hand-operated; stew pans, non-electric; jugs; coffeepots, non-electric; toothbrushes, electric; oral irrigators for household purposes; facial cleansing brushes, electric and non-electric; insulating jars; carpet sweepers; tablemats, not of paper or textile; terra cotta figurines; ceramic figurines; glass statuettes; non-electric fruit squeezer; mugs; mug cosies; cosmetic brushes; appliances for removing make-up, electric; candy boxes; piggy banks; perfume vaporizers; make-up mixing palettes sold empty; automatic pet waterers; pet treat jars.

Class 24:
Upholstery fabrics; fabric; cloth; wall hangings of textile; felt; wash cloths; household linen; bed linen; curtains of textile or plastic; flags of textile or plastic; plastic material [substitute for fabrics]; fabrics with designs printed thereon; fabrics for interior decoration; mats [coasters] of textile; decorative wall hangings of textile; spun silk fabrics; travel throws; blankets for outdoor use; yoga blankets.

Class 25:
Clothing; layettes [clothing]; swimsuits; waterproof clothing; shoes; caps being headwear; hosiery; gloves [clothing]; neckties; belts [clothing]; stage costumes; footwear; hats; scarfs; trousers; skirts; underwear; children's clothing; raincoats; insoles; bow ties; shower caps; wedding dresses; wimples; sleep masks; hairdressing capes; leather belts [clothing]; religious dresses; ear warmers being clothes; mantillas; cosplay costumes; fancy dress costumes.

Class 26:
Lanyard cords for clothing; lace trimmings; embroidery; hair curling papers; trimmings for clothing; decorative articles for the hair; hair curling pins; hair barrettes; badges for wear, not of precious metal; fastenings for clothing; false hair; sewing kits; knitting kits; breast lift tapes; ornamental novelty badges [buttons]; hair curlers, other than hand implements; hair curlers, electric and non-electric, other than hand implements; buckles [clothing accessories]; belt buckles of precious metal, for clothing; ribbons for the hair; charms, other than for jewellery, key rings or key chains; decorative charms for mobile telephones; hair ornaments, not of precious metal; shoe trimmings; shoe ornaments, not of precious metal; artificial plants, other than christmas trees; hair scrunchies.

Class 27:
Carpets; mats; floor coverings; yoga mats; gymnastic mats; floor mats; non-slip mats; wallpaper; textile wallcoverings; wall hangings, not of textile.

Class 28:
Toys; amusement apparatus adapted for use with television receivers only; dolls' clothes; dolls; chess; playing cards; body-building apparatus; skateboards; machines for physical exercises; protective paddings [parts of sports suits]; amusement machines, automatic and coin-operated; archery implements; hunting game calls; swimming pools [play articles]; snowshoes; fishing tackle; twirling batons; scratch cards for playing lottery games; camouflage screens [sports articles]; bladders of balls for games; swings; scaling ladders [playground equipment]; board games; balls for games; playing balls; ornaments for christmas trees, except lights, candles and confectionery; toy figures; interlocking construction toys; building blocks [toys]; hand-held consoles for playing video games; toy building blocks, large size; kites; apparatus for games; toy scooters; plush toys; soap bubbles [toys]; toy blocks; jigsaw puzzles; flying discs [toys]; toy mobiles; toy vehicles; action figures; party balloons; card games; frisbees; collectable toy figures; smart plush toys; talking dolls; dolls and accessories therefor; headwear for dolls; claw crane game machines; vending machine toys; gaming keyboards; toy for pets.

Class 29:
Meat-based snack food; fish-based snack food; seaweed extracts for food; meat, tinned; fruit-based or vegetable-based snack food; vegetables, processed; eggs; milk products; oils for food; nuts, prepared; jellies for food, other than confectionery; edible fungi, processed; tofu; milk tea, milk predominating; butter; cream [dairy products]; milk; yogurt; milk beverages, milk predominating; soya milk; milk shakes; coconut milk-based beverages.

Class 30:

Coffee; tea-based beverages; tea; sugar; sweets; pastries; cereal-based snack food; freeze-dried dishes with the main ingredient being rice; cereal preparations; noodle-based prepared meals; starch for food; ice cream; condiments; baking soda [bicarbonate of soda for baking purposes]; essences for foodstuffs, except etheric essences and essential oils; ices and ice creams; ice cream based snack foods; tea-based milk tea; fruit teas; fruit-flavoured tea-based beverages; confectionery; honey; pizzas; chocolate; cakes; bread; biscuits; baked desserts, namely, cakes, pastries, biscuits, pies and tarts; frozen confectionery; chewing gum for breath freshening.

Class 32:
Beer; bean-based beverages; soft drinks; non-alcoholic beverages; waters [beverages]; soda water; whey beverages; plant-based beverages; non-alcoholic beverages flavoured with tea; syrups and other non-alcoholic preparations for making beverages; fruit juices; soda pops; syrups for beverages; cola beverages; fruit smoothies.

Class 35:
Business administrative services for the relocation of businesses; online advertising on a computer network; presentation of goods on communication media, for retail purposes; business information services; business management consultancy; business management assistance; commercial administration of the licensing of the goods and services of others; procurement services for others [purchasing goods and services for other businesses]; advertising; personnel management consultancy; updating and maintenance of data in computer databases; accounting; rental of vending machines; sponsorship search; retail services for pharmaceutical, veterinary and sanitary preparations and medical supplies; import-export agency services; marketing; organization of exhibitions for commercial or advertising purposes; web indexing for commercial or advertising purposes; advertising on the internet for others; sales promotion for others; provision of an online marketplace for buyers and sellers of goods and services; compiling indexes of information for commercial or advertising purposes; business auditing; rental of sales stands; retail services connected with the sale of gifts, namely, toys, jewellery, clothing, food, collectible figures and figurines, headwear, bags, confectionery, stationery, greeting cards, mobile phone accessories, key rings, badges, household ornaments and decorations, tableware and drinkware, and cosmetics; on-line retail services connected with the sale of gifts, namely, toys, jewellery, clothing, food, collectible figures and figurines, headwear, bags, confectionery, stationery, greeting cards, mobile phone accessories, key rings, badges, household ornaments and decorations, tableware and drinkware, and cosmetics; wholesale and retail store services connected with the sale of toys, jewellery, clothing, food, collectible figures and figurines, headwear, bags, confectionery, stationery, greeting cards, mobile phone accessories, key rings, badges, household ornaments and decorations, tableware and drinkware, and cosmetics; pop-up retail store services connected with the sale of toys, jewellery, clothing, food, collectible figures and figurines, headwear, bags, confectionery, stationery, greeting cards, mobile phone accessories, key rings, badges, household ornaments and decorations, tableware and drinkware, and cosmetics; retail store services connected with the sale of downloadable digital image files of toys authenticated by non-fungible tokens (nfts); on-line wholesale and retail store services connected with the sale of toys, jewelry, clothing, food collectible figures and figurines, headwear, bags, confectionery, stationery, greeting cards, mobile phone accessories, key rings, badges, household ornaments and decorations, tableware and drinkware, and cosmetics; on-line retail store services connected with the sale of subscription boxes containing toys; online retail store services connected with the sale of digital collectibles in the nature of downloadable image files of toys authenticated by non-fungible tokens (nfts); subscription-based ordering services relating to toys; advertising and promoting the goods and services of a visual artist; arranging and conducting trade shows in the field of arts and crafts; customer loyalty services and customer club services, for commercial, promotional and/or advertising purposes; providing consumer product advice relating to toys, jewelry, clothing, food, collectible figures and figurines, headwear, bags, confectionery, stationery, greeting cards, mobile phone accessories, key rings, badges, household ornaments and decorations, tableware and drinkware, and cosmetics.

POP MART (SINGAPORE) HOLDING PTE. LTD.

Representative: Wynne-Jones IP Limited
Southgate House Southgate Street Gloucester Gloucestershire GL1 1UB UNITED KINGDOM

WO0000001923174(35)
Office of Origin: PT

Date of International Registration: 02 April 2026
Date of Designation in the UK: 02 April 2026

International priority date claimed: 04 December 2025 (PT) (758301)

Class 35:
Sales promotion for third parties; retail services and wholesale connected with the sale of physical and virtual products, namely perfumery products, spectacles, spectacle cases, mobile

phone accessories, tablet accessories, computer accessories via a catalogue, in store and via a global computer network; retail services and wholesale services connected with the sale of physical and virtual products, namely precious metals and their alloys, jewellery, precious and semi-precious stones, imitation of jewellery, watches, horological articles and chronometric instruments, beverages, tobacco, e-cigarettes and vaporisers, and smokers articles via a catalogue, in store and via a global computer network; advertising and commercial business services; commercial business management services, commercial administration, commercial business consultancy and evaluation; preparation and analysis of market research, market research and analyses, franchising services relating to support for the operation of commercial and industrial enterprises, management of franchise business affairs, business assistance relating to the establishment of franchise businesses.

PARADIGMARE

The mark contains the colours light blue and white.

Class 35:
Real estate auctions; real estate marketing services; real estate advertising; real estate market analysis; management of real estate sales; real estate market analysis; management of real estate sales; real estate sales management services.

Class 36:
Leasing of real estate; real estate brokerage; real estate consultancy; real estate appraisal; real estate management; real estate services; real estate agency services; real estate affairs; financial consultancy relating to investment in real estate; real estate agency services; real estate brokerage; financial services relating to real estate; real estate investment; real estate investment consortia; real estate valuations; real estate appraisals [valuations]; real estate services; real estate brokerage; real estate valuations; real estate appraisal; management of real estate investments; real estate management consultancy; provision of real estate information; administration of real estate; management of real estate; real estate portfolio management; property valuation (real estate); real estate fiduciary services; real estate valuation [financial affairs]; real estate acquisition services; consultancy relating to real estate investment; financial services relating to real estate; real estate appraisal and valuation; capital investment in real estate; real estate property management services; selection and acquisition of real estate [for others]; financial services for the purchase of real estate; administration of financial affairs relating to real estate; management of real estate assets, investments and finances; services relating to the sale, purchase and leasing of real estate; assistance in the acquisition and financial interest in real estate; analysis and consultancy for the

selection, acquisition, management and disposal of real estate properties for the optimization of real estate investment returns.

MONARCH QUANTUM

Registration of this mark shall not give right to the exclusive use of the word "QUANTUM".

International priority date claimed: 09 December 2025 (US) (99537528)

Class 9:
Quantum computers; computer hardware for quantum computing; downloadable computer software for operating quantum computers; downloadable computer software for developing quantum virtual machines; downloadable computer software for creating, analysing, and running quantum algorithms; downloadable computer software for programming and running software on quantum computers; downloadable cloud-based software for operating quantum computing platforms; lasers for measuring; lasers for non-medical purposes; lasers for industrial use; laser measuring systems; laser scanners for industrial inspection; lasers, not for medical purposes; laser equipment for non-medical purposes; fiber optics; telecommunications equipment, namely, fiber-optic transceivers, fiber optic repeaters, converters and optimizers, wave division multiplexers, free-space optics transmission systems, switches including ethernet switches and routers, fiber-to-the-home and ethernet-over-vdsl access aggregators, terminators and repeaters, and remote presence management products, namely, switches, and console, alarm, sensor and power management devices; optical reflectors; optical readers; optical cables; optical fibers; optical scanners; optical couplers; optical receivers; optical lenses; optical semiconductor amplifiers; optical fiber cables; electro-optic transducers; optical fiber connectors; fibre optic cables; optical position sensors; optical phase shifters; optical fiber arrays; electronic and optical communications instruments and components, namely, optical transmitters; electronic and optical communications instruments and components, namely, optical receivers; electronic and optical communications instruments and components, namely, optical transceivers; fiber optic beam combiners; electronic and optical communications instruments and components, namely, optical data links; fiber optic light and image conduits; optical inspection apparatus for industrial use; optical tube assemblies (otas) for telescopes; scientific and technical apparatus, namely, optical mirrors; labels carrying optically recorded or encoded information; photonic microchips; photonic integrated chips (pics).

Class 42:
Consultancy in the field of quantum computing; research in the field of quantum simulation; research in the field of quantum computing; scientific research in the field of quantum computing; research in the field of quantum precision measuring; research in the field of quantum communication technology; consulting services in the field of quantum computing; scientific research in the field of quantum engineering; providing temporary use of non-downloadable cloud-based software for operating quantum computing platforms; custom design and engineering of telephony systems, cable television systems and fiber optics; optical research laboratories; design of optical components; optical research laboratory services; design of optical and microoptical components; technical research in the field of 3d optical measurement; technical research in the field of optical interconnection technology; technical research in the field of magneto-optical recording; technical research in the field of silicon photonic chip manufacturing; technical research in the field of manufacturing silicon photonic chips; technical research in the field of manufacture of silicon photonic chips; engineering services; engineering design services; engineering research services; software engineering services; computer-aided engineering services for others; software engineering services for data processing; research services in the field of engineering; research and development services in the field of engineering; engineering services, namely, engineering for the development of lasers, photonics, electronics used to measure, characterize and support electronic computer systems; consulting services in the field of design and development of engineering processes; engineering services in the field of development of lasers, photonics, electronics used to measure, characterize and support electronic computer systems; engineering design services in the field of development of lasers, photonics, electronics used to measure, characterize and support electronic computer systems.

WO0000001929431(1, 2, 3, 4, 5, 7, 9, 11, 12, 16, 17, 18, 19, 21, 24, 25, 35, 37, 38, 41, 42, 45)
Office of Origin: EM

Date of International Registration: 21 January 2026
Date of Designation in the UK: 21 January 2026

International priority date claimed: 20 August 2025 (EM) (019234768)
The mark contains the colours Red, white and black.

Class 1:
Industrial chemicals; de-icing sprays; door lock de-icing agents; antifreeze; battery water; brake fluid; starter aids; fireproofing preparations; hardening agents; adhesives used in industry; viscose; materials for repairing silencers; chemicals (industrial –), including preservation chemicals, in particular cavity preservation chemicals; filter materials made from chemical and non-chemical substances, included in this class; alcohol; acidulated water for recharging batteries; anti-knock substances for internal combustion engines; corrosive preparations; fuel-saving preparations; engine-decarbonising chemicals; chemical additives for fuels and motor fuels; chemical additives for oils; distilled water; descaling preparations, other than for household purposes; dehydrating preparations for industrial purposes; leather-waterproofing chemicals; fire extinguishing compositions; carbon for filters; filtering materials [chemical preparations]; filtering materials [unprocessed plastics]; filtering materials [mineral substances]; filtering materials of vegetable substances; stain-preventing chemicals for use on fabrics; transmission fluid; power steering fluid; liquids for removing sulfates from batteries; brazing fluxes; soldering fluxes; fluids for hydraulic circuits; refrigerants; catalysts; ceramic materials in particulate form, for use as filtering media; cement for mending broken articles; coolants for vehicle engines; cryogenic preparations; synthetic materials for absorbing oil; anti-frothing solutions for batteries; solvents for varnishes; brazing preparations; oil-separating chemicals; oil-bleaching chemicals; oil dispersants; oil-purifying chemicals; anti-boil preparations for engine coolants; compositions for repairing tyres; mastic for tyres; detergent additives to petrol; compositions for repairing inner tubes of tyres; protective gases for welding; sulfuric acid; automobile body fillers; vulcanization accelerators; vulcanizing preparations; combusting preparations [chemical additives to motor fuel]; preparations for preserving leather; light benzene; benzol; hydraulic oils.

Class 2:
Paints; colorants; paints for leather; colorants for coloration of leather; varnishes; lacquers; fillers, namely thick paints or fillers for levelling surface irregularities; primer; varnish spray; siccatives; anti-rust preparations; anti-rust greases; grate primers; rust converters; anti- corrosive preparations; resins for cavity preservation in motor vehicles; underlay protection lacquers; cavity preservation agents; priming/undersealing of vehicle chassis; ground coatings [paints] (all aforesaid products including for motor vehicles and included in this class); preservatives; undersealing preparations.

Class 3:
Leather cleaning products; bleaching preparations and other substances for laundry use; soap powder; dyes for dyeing laundry; stain removing agents; preparations for cleaning leather; rust removing preparations; car maintenance preparations, namely cold motor cleaning preparations, rim cleaners, plastic cleaning preparations, upholstery cleaning preparations, window-cleaning preparations, tar removing preparations, beauty creams, lacquer-cleaning preparations, polishing paste, hard wax, hard wax polish, leather polishes; wax preserving preparations; shampoo; cleaning and polishing preparations (except for leather); emery; emery cloth; polishing stones; soap; perfumes; perfumery; cosmetics; room fragrances; detergents; lacquer-removing preparations; glass cloth [abrasive cloth]; abrasives; abrasive paste; abrasive paper; grinding preparations; abrasive granules; abrasive preparations for vehicle care; spray polish; car wax with a paint sealant; canned pressurized air for cleaning and dusting purposes.

Class 4:
Industrial oils and greases; automotive engine oils and motor oil; additives for petrol and oil; starter aids [non chemical fuel additives]; lubricants; lubricating oils; graphite oils; contact oils and greases; grease for chains; technical fuels for motor vehicles; white and yellow petroleum jelly; wax; industrial oil and greases, in particular motor oil; dust controlling compositions; alcohol [fuel]; petrol; fuel gas; fuel oil; methylated spirit; vaporized fuel mixtures; ethanol [fuel]; lubricating graphite; kerosene; dust absorbing compositions; non- chemical fuel additives; petroleum, raw or refined; lubricating grease; lubricating oil; carburants; hydrogen [being fuel for motors and engines]; solidified gases [fuel]; fuel; electrical energy; friction-reducing preparations; penetraiting oil or greases; lubricating fluids; lubricating oils; lubricating oil for motor vehicle engines; synthetic lubricants; lubricants having cleaning properties; industrial lubricants; lubricants containing low friction additives; motor vehicle lubricants; lubricants being gear oils; lubricants for machines; greases for lubricating joints and hinges; non-chemical additives for lubricants; lubricating agents in the form of talcum powder; lubricants for demounting pneumatic tyres; preparations for loosening rusted metal components; lubricants for mounting pneumatic tyres; synthetic lubricants in the form of aerosols; lubricating oils for cooling metal during cutting; metalworking products having lubricating properties; lubricants for the protection of the chains of chainsaws; grease for brake shoes; grease for brake pads; greases for use with ball-bearings; preservatives for metals [grease]; mineral oils and greases for industrial purposes [not for fuel]; automotive final drive oils; chain oil; preservatives for metals [oils]; fuels derived from oil; oils for surface treatment; waterproofing preparations in the form of oils for motor car ignition systems; combustion enhancers [oils]; non-chemical additives for oils; oils for the hydrodynamic drive for vehicles; synthetic oils; oils containing rust preventing additives; industrial oil for batteries; release agents [oils]; non-mineral oils for industrial purposes [not for fuel]; engine starting sprays.

Class 5:
Preparations for destroying vermin, herbicides; deodorants, other than for personal use.

Class 7:
Parts for automobile engines (included in class), in particular air and oil filters; pneumatic controls and parts thereof for use in automobile engines and motors (included in this class); starters for motors and engines; industrial robots; electricity generators; machines and machine tools for treatment of materials and for manufacturing; sweeping, cleaning, washing and laundering machines; motors and engines, drive units; grinding machines; flap discs for power-operated grinders; grinding tools for grinding machines; machines for scouring; machine tools for grinding; disc shaped rotating grinding tools [parts for machines]; cutting, drilling, abrading, sharpening and surface treatment machines and apparatus; spray paint machines; brake flushing machines; compressors for air conditioning apparatus; gas engines; gas turbine engines; compressors for gases; gas turbine engines; filters for gases [machines]; gas turbine engines for sea vehicles; gas turbine engines for air vehicles; butt welding machines for wire [gas-operated]; cutting tools being gas-operated blow pipes; tyre inflating machines [garage installations]; hydraulic pumps; hydraulic valves; hydraulic tools; hoses (metal -) for use in hydraulic systems in machines; hoses (non-metallic -) for use in hydraulic systems in machines; air hammers; compressed air pumps; compressed air engines; compressed air machines; air spray guns; pneumatic transporters; compressed air machines; compressed air sprayers; air drills; compressed air switch valves; screwdrivers, pneumatic; guns for compressed air spraying machines; grease guns operated by compressed air; discharge screws for compressed air [parts of machines]; air compressors for vehicle compressed air systems; filters being parts of machines; anti-pollution devices for motors and engines; filter housings being parts of engines; pumps for heating installations; power transmission couplings for aircraft; power transmission couplings for water vehicles; exhaust silencers; silencers as part of vehicle exhaust systems; clamp connectors for piping [parts of machines]; joints for tubes (metal -) [parts of engines]; water supply machines [pumps]; groundwater pumps; electrical pumps; valves for pumps; pumps for land vehicle engines; pumps [machines]; compressors; pumps for cooling engines; hand-held tools, other than hand-operated; hand-held tools, other than hand-operated; hand-held tools, other than hand-operated; tool bits for use in power operated hand tools; air driven hand tools; nut spinners [machines].

Class 9:
Fire extinguishers; consumer electronics and parts thereof, namely radios, audio cassette recorders, compact disc players and video units (all aforesaid products including for motor vehicles); magnets; electric batteries for vehicles; armatures [electricity]; starter cables for motors; anode batteries; junction boxes [electricity]; connections for electric lines; batteries, electric; anti-dazzle shades; encoded magnetic cards; compact discs [read-only memory]; computer keyboards; crash test dummies; choking coils [impedance]; resistances, electric; wires, electric; cables, electric; fire blankets; fire beaters; filters for respiratory masks; photovoltaic cells; grids for batteries; holders for electric coils; inductors [electricity]; electricity conduits; wire connectors [electricity]; sheaths for electric cables; materials for electricity mains [wires, cables]; optical data media; fibre optic cables; optical condensers; optical lenses; plates for batteries; reflecting discs for wear, for the prevention of traffic accidents; life jackets; cathodic anti-corrosion apparatus; fuses; head protection; solar energy collectors for electricity generation; solar modules for electricity generation; solar batteries; lens hoods; mirrors [optics]; goggles for sports; sockets, plugs and other contacts [electric connections]; covers for electric outlets; bags adapted for mobile phones; resuscitation mannequins [teaching apparatus]; nets for protection against accidents; usb flash drives; junction sleeves for electric cables; vehicle breakdown warning triangles; spirit levels; ignition batteries; straps for mobile telephones; safety, security, protection and signalling devices; navigation, guidance, tracking, targeting and map making equipment; measuring, detecting and monitoring instruments, indicators and controllers; clothing for protection against accidents, irradiation and fire; shoes for protection against accidents, irradiation and fire; gloves for protection against accidents.

Class 11:
Flues and installations for conveying exhaust gases; burners, boilers; lighting and lighting reflectors; heating, ventilating, and air conditioning and purification equipment (ambient); brake lights for vehicles; air conditioning apparatus for vehicles; air conditioning apparatus for vehicles; filters for air conditioning; ventilation [air-conditioning] installations and apparatus; fans [air-conditioning]; air conditioning apparatus for ships; evaporators for air conditioners; air-conditioning installations; combined heating and air conditioning apparatus; vehicle HVAC systems (heating, ventilation and air conditioning); gas regulators; gas lighters; gas cleaners and purifiers; pressure relief apparatus for use with gas installations; safety fittings for gas pipes; safety valves for gas pipes; light bulbs for gas-discharge lamps; gas cleaners and purifiers; regulating accessories for gas pipes and lines; regulating and safety accessories for water and gas installations; heating apparatus for solid, liquid or gaseous fuels; light bulbs; registration plates (illumination lights for -); lighting apparatus for vehicles; lighting installations; reflectors for light control; light emitting diode lights for automobiles; vehicle lighting and lighting reflectors; lamp glasses; lamp holders; lamp mantles; lamp holders; lamp reflectors; electric lamps; LED lamps; lamp chimneys; lamps for motor land vehicles; filaments for electric lamps; lamps for vehicle lighting; anti-glare devices for vehicles [lamp fittings]; directional lights for bicycles; light bulbs for directional signals for vehicles; turn sign-board lamps for motor vehicles; vehicle headlights; headlamp bulbs; headlamps for use on cycles; xenon arc lamps; filters for refrigeration systems; filters for cleaning air; dust filters; filters for air purifiers; filters for waste gas purification; valves for air conditioners; heating apparatus; hot air ovens; heating apparatus, electric; mobile heating apparatus; infrared heating panels; heaters for vehicles; solar energy powered heating installations; flexible heating elements for automobile seats; thermostatic valves [parts of heating installations]; heating apparatus for defrosting vehicle windows; ventilating fans.

Class 12:
Vehicles, for land, air and sea; automotive vehicles; bicycles; accessories for motor vehicles and bicycles, including bells, pumps, saddles, inner tubes, pneumatic tyres, luggage racks and brackets; vehicle parts; tyre repair kits for pneumatic tyres, namely tyre inflation devices [vehicle accessories]; vehicles;

spare parts for motor vehicles, as far as the aforesaid goods are included in this class, in particular brakes, suspension shock absorbers, couplings, wheels and wheel bearings, wheel rims, tyres, air deflectors; vehicle covers [shaped]; axle boots for vehicles; axle journals; trailers [vehicles]; trailer hitches for vehicles; transmission chains for land vehicles; transmission shafts for land vehicles; air balloons; fitted sleeping berths for vehicles; covers for vehicle steering wheels; balance weights for vehicle wheels; anti-dazzle devices for vehicles; brake segments for vehicles; brake linings for vehicles; brake blocks for vehicles; brake calipers for vehicles; brake discs for vehicles; brake shoes for vehicles; brake drums for vehicles; dining carriages; portholes; camping cars; torque converters for land vehicles; brakes for vehicles; windows for vehicles; bodies for vehicles; vehicle wheels; vehicle wheel spokes; vehicle tires; vehicle seats; rims for vehicle wheels; repair outfits for inner tubes; mine cart wheels; freewheels for land vehicles; front and rear skirts for automobiles; foot pedals for vehicles; crankcases for land vehicle components, other than for engines; luggage nets for vehicles; luggage carriers for vehicles; non-skid devices for vehicle tyres; covers for spare tyres; upholstery for vehicles; automobile bodies; automobile chains; head-rests for vehicle seats; refrigerated railway wagons; tailboard lifts [parts of land vehicles]; treads for retreading tyres; casings for pneumatic tyres; automobile hoods; hubs for vehicle wheels; bands for wheel hubs; connecting rods for land vehicles, other than parts of motors and engines; hub caps; hub caps; treads for vehicles [tractor type]; tyres for vehicle wheels; pneumatic tyres; spare wheel covers; rearview mirrors; gear lever knobs for vehicles; sleeping cars; inner tubes for pneumatic tyres; mudguards; snow chains; anti skid chains; seat covers for vehicles; adhesive rubber patches for repairing inner tubes; safety belts for vehicle seats; safety seats for children, for vehicles; ski carriers for cars; sun-blinds adapted for automobiles; spikes for tyres; tie rods; steering wheels for vehicles; vehicle bumpers; caps for vehicle fuel tanks; torsion bars for vehicles; driving chains for land vehicles; vehicle running boards; valves for vehicle tyres; undercarriages for vehicles; windscreens; blades for windscreen wipers; wipers for headlights; sculls; cigar lighters for automobiles; axles for vehicles; seat covers and covers for steering wheels for automobiles of the following materials: of leather and composition leather, fur and fur; dashboard and door panels in motor vehicles of the following materials: of leather and composition leather, fur and hides; clutch and brake linings for land vehicles; clutch linings materials, partly processed.

Class 16:
Adhesives for paper and household purposes, paint brushes; printed matter, brochures, magazines, books, teaching materials in the nature of educational books; note pads; note books; printed matter; filtering materials of paper; stationery and educational supplies; bags and articles for packaging, wrapping and storage, of paper, cardboard or plastics; tear-off calendars; transfers [decalcomanias]; address books; advent calendars; instruction sheets; iron-on transfers; stickers [stationery]; colouring books; display binders; vehicle bumper stickers; manuals for instructional purposes; printed flip charts; printed cards; adhesive printed labels; printed advertising boards of cardboard; printed advertising boards of paper; containers of card for packaging; cartons of cardboard for packaging; writing tablets; order forms; pencils; pads [stationery]; booklets; notepaper; pamphlets; crayons; decorative stickers for helmets; pencil lead holders; retractable pencils; labels of paper; bunting of paper; leaflets; fiber-tip markers; fibertip pens; felt marking pens; flyers; fibertip pens; forms, printed; fountain pens; printed leaflets; printed manuals; printed information sheets; printed periodicals; gel roller pens; headed notepaper; business forms; adhesive note pads; calendars; catalogues; ball pens; ball-point pen and pencil sets; highlighting markers; notepads; craft paper; industrial paper; paper and cardboard; filter paper; paper bags and sacks; placards of paper or cardboard; prospectuses; erasers; billbooks; newsletters; diagrams; writing and stamping implements; writing instruments; desk top planners; desk organisers; desk mats; cases for stationery; stickers [stationery]; vehicle bumper stickers; road maps; daily planners; partially printed forms; appointment books; highlighting markers; business record books; visiting cards; wall charts; promotional publications; advertising pamphlets; advertising pamphlets; printed timetables; printed promotional material.

Class 17:
Watering hose; caulking materials; sealing packings; sealing compounds, repair resins; rubber solutions, exhaust bandages; matting made from glass fibres; flexible pipes, tubesand fittings therefor, including valves, non-metallic; flexible tubing of plastics; seals, sealants and fillers; o-rings of rubber; insulation and barrier articles and materials; semi- processed clutch and brake lining materials; asbestos for use in the manufacture of brake linings; air conditioner hoses; insulation for air conditioners; air conditioner hoses; hydraulic packing; hydraulic hoses of rubber; hydraulic hoses of plastic; hydraulic hose [non-metallic, other than parts of vehicle hydraulic systems]; compressed air pipe fittings, not of metal; foam for use in sound absorption; shock-absorbing buffers of rubber; shock absorbent insulation of rubber; seals (non-metallic -) for shock absorbers; flexible tubes, not of metal; jackets [insulating] for pipes; pipe joint tape; glands for pipes; non-metallic couplings for tubes; non-metallic couplings for pipes; pipes made of plastic for motor vehicles; non- metallic couplings for pipes; non-metallic couplings for pipes; fittings, not of metal, for flexible pipes; fittings for rigid pipes, not of metal; graphite packing for pumps; washers of rubber for the protection of screws; brake hoses for vehicles.

Class 18:
Umbrellas and parasols; walking sticks; animal skins and imitation leather, fur and fur- skins; leather and imitations of leather; animal skins, hides; trunks and suitcases; saddlery.

Class 19:
Spackling compound; resin preparations, namely mastics with epoxy resin.

Class 21:
Cloths for cleaning; polishing cloths; cotton for cleaning; buckets; chamois leathers; broom and brush sets; sponges; plastic sponges; brushes; rubber brushes and rubber sponges; dishwashing brushes; fibreglass mats, not being for insulation or textile purposes; cleaning articles; steelwool.

Class 24:
Bath mitts; quick-drying cloths.

Class 25:
Work clothes; work shoes; sleeveless jerseys; driving gloves; baseball caps; printed T-shirts; motorists' clothing; clothing for men, women and children; clothing; motorcyclists' clothing

of leather; deck shoes; capes; car coats; cycling caps; cycling shoes; driving shoes; casual shirts; slacks; casual jackets; casualwear; leisure shoes; gloves for cyclists; shirts; trousers; hats; jackets, coats and vests for women and men; jerseys [clothing]; pinafores; headgear; light-reflecting jackets; motorcycle riding suits; motorcycle gloves; motorcycle jackets; boots for motorcycling; cap peaks; outerclothing; ear muffs [clothing]; cyclists' clothing; cycling shorts; cycling shorts; cravats; footwear; tee-shirts; waterproof suits for motorcyclists; clothing of animal materials; clothing of leather; gloves [clothing] of the following materials: leather and faux leather, hides or furs.

Class 35:
Advertising; arranging and handling of commercial transactions for others, including via the Internet; business assistance or assistance in commercial functions of motor vehicle workshops; arranging of contractual [trade]services with third parties; business management assistance for commercial companies and motor vehicle workshops; procurement services for others [purchasing goods and services for other businesses]; retail services connected with the sale of chemical products, coatings, fuels and carburants, oils, fats, lubricating agents, lubricants, machines for the manufacture and repair of vehicles and vehicle parts, motor vehicles, motor vehicle parts and motor vehicle accessories; retail services connected with the sale of tools and metal goods, namely vehicle parts for vehicle construction and vehicle repair, electrical goods and electronic goods, namely vehicle parts for the manufacture and repair of vehicles and vehicle parts, bicycles, saddlery, articles of clothing, shoes and textile goods, toys; wholesale services connected with the sale of chemicals, paints, fuels and carburants, oils, fats, lubricating agents, lubricants, machines for the manufacture and repair of vehicles and vehicle parts, motor vehicles, motor vehicle parts and motor vehicle accessories; wholesale services connected with the sale of tools and metal goods, namely vehicle parts for vehicle construction and vehicle repair, electrical goods and electronic goods, namely vehicle parts for the manufacture and repair of vehicles and vehicle parts, bicycles, saddlery, articles of clothing, shoes and textile goods, toys; online advertising on a computer network; consumer consultancy; arranging of trading and economical contacts, also over the Internet; demonstration of goods; good and service presentations; consultancy and information in relation to the aforesaid services, included in this class; business consultancy and advisory services, personnel consultancy and advertising consultancy for the benefit of others; arranging commercial transactions, for others, including within the framework of e-commerce; arranging of contracts for the providing of services in connection with motor vehicle workshops, included in this class.

Class 37:
Repair shops and mechanics for cars, the aforesaid services included in class 37, namely inspection of vehicles prior to repair, tyre mounting services, spare parts and chains, vehicle washing, accident repair services, accident repairs, tuning; vehicle services (repair, maintenance, servicing), included in this class; vehicle greasing; vehicle battery charging; vehicle cleaning; vehicle polishing; retreading of tyres; vulcanization of tyres [repair]; consultancy and information in relation to the aforesaid services, included in this class; vehicle servicing and vehicle repair, maintenance and refuelling; vehicle maintenance; vehicle undercoating services; anti-rust treatment for vehicles; repair of axles for vehicles; motor vehicle maintenance; reconditioning of vehicle engines; tuning of motor vehicle engines; reconstruction of vehicle radiators; anti-rust treatment for vehicles; repair of brake systems for vehicles; service stations for the maintenance of vehicles; service stations for the repair of vehicles; vehicle breakdown repair services.

Class 38:
Providing access to Internet platforms; computer-aided transmission of messages; transmission of information via the Internet; forwarding of messages of all kinds to web addresses (web messaging); telecommunication services; computer-aided transmission of messages, information, data and images; providing access to information on the Internet; telecommunication services; providing user access to the Internet (services providers); transmission of information on-line; providing online forums; providing access to online computer databases; providing on-line electronic bulletin board services and chat rooms; providing user access to a global computer network and online sites containing information on a wide range of topics.

Class 41:
Provision of training courses; provision of training courses; provision of training courses; provision of training courses; arranging of conferences; seminars; arranging of courses of instruction; vocational skills training (provision of -); arranging of lectures; organisation of shows; publication of calendars of events; organisation of webinars; presentation of live performances; arranging and conducting of workshops [training]; arranging and conducting of symposiums; providing training courses on business management; organisation of competitions and awards; arranging and conducting of commercial, trade and business conferences.

Class 42:
Garage and vehicle workshop services, namely testing of vehicle roadworthiness (official technical inspections and examinations of vehicle roadworthiness testing before the official inspection) and technical consultancy thereto; online provider services, namely creation of websites for garages and for vehicle tests; creation of Internet websites for others; providing an Internet platform for garages and for vehicle tests; computer aided industrial testing; technical data analysis services; technical project planning; provision of surveys [technical]; testing, authentication and quality control in vehicle repair shops; technical planning and consulting in the field of light engineering; consultancy relating to filtration technology.

Class 45:
Legal consultancy relating to regulatory affairs relating to motor vehicle inspections.

Nigrin GmbH & Co. KG

Representative: Toralf Hüttner
Wilhelm-von-Euch-Str. 31 49090 Osnabrück GERMANY

WO0000001937120(9)
Office of Origin: US

Date of International Registration: 10 August 2026
Date of Designation in the UK: 10 August 2026

BALL-IN-THE-WALL

Class 9:
Environmental monitoring system comprised of meters and sensors that measure pressure, and includes alarm and reporting functions; flow meters; pressure indicators.

AIRFLOW DIRECTION INC.

Representative: Douglas R. Wolf Wolf Greenfield & Sacks, P.C.
600 Atlantic Avenue Boston MA 02210 UNITED STATES OF AMERICA

WO0000001921949(1, 5, 16, 31, 41, 42, 44)
Office of Origin: EM

Date of International Registration: 13 May 2026
Date of Designation in the UK: 13 May 2026

RWA seeds

International priority date claimed: 15 January 2026 (EM) (019303604)

Class 1:
Chemicals for use in industry and science; unprocessed plastics [plastics in primary form]; synthetic resins, unprocessed; fire extinguishing compositions; fire prevention compositions; metal tempering preparations; soldering chemicals; tanning compositions for animal skins; adhesives for use in industry; putties and other paste fillers; compost, manures, fertilizers; biological preparations for use in industry and science; chemical substances for preserving foodstuffs; produce stabilizer used for preserving foods; oils for the preservation of food; salt, raw; salts [fertilizers]; salts [chemical preparations]; liquid salt for deicing; horticulture growing media; growing media.

Class 5:
Pharmaceuticals; medical preparations; veterinary preparations; sanitary preparations for medical purposes; dietetic food preparations adapted for medical use; dietetic substances adapted for veterinary use; dietary supplements for human beings and animals; plasters, materials for dressings; medical dressings; air deodorising and air purifying preparations; teeth filling material; dental impression materials; disinfectants; planaria destroying preparations; fungicides; herbicides; preparations for destroying flies; poisons; insecticides; insect repellents; preparations for destroying mice; medicated animal feed; mothproofing preparations; parasiticides; rat poison; vermin destroying preparations.

Class 16:
Millboard; bookbinding material; photographs [printed]; office requisites, except furniture; pens; adhesives for stationery or household purposes; drawing materials; artists' materials; drawing brushes; plastic films for wrapping and packaging; type [numerals and letters]; printing blocks.

Class 31:
Raw and unprocessed agricultural, aquacultural, horticultural and forestry products; raw and unprocessed grains; raw and unprocessed seeds; fresh fruit, nuts, vegetables and herbs; natural plants and flowers; seeds, bulbs and seedlings for planting; onions; sowing seeds; live animals; animal foodstuffs; beverages for animals; malt; unseasoned timber; litter for animals.

Class 41:
Presentation of live performances.

Class 42:
Science and technology services; scientific research; design services; industrial analysis and research services; quality control of services; authentication services; design and development of computer hardware; architectural and engineering services; engineering design and consultancy; estimations in the field of science provided by engineers; environmental hazard assessment; estimations in the field of technology provided by engineers; quality evaluation of standing timber; quality assessment; geological estimations and research; provision of surveys [technical]; provision of surveys [scientific]; laboratory services; material testing; soil testing services; veterinary research.

Class 44:
Human hygiene and beauty care; hygienic and beauty care for animals; farming (animals); veterinary advisory services; animal healthcare services; beauty salon services; hair cutting; providing public bath facilities; design of gardens and landscapes; consultancy relating to landscape design; weed control; weed killing; farming equipment rental; farming equipment rental; agriculture, aquaculture, horticulture and forestry services.

Date of Designation in the UK: 20 July 2026

WATCOR

International priority date claimed: 24 April 2026 (BX) (1547507)

Class 9:
Downloadable computer software for processing, correcting, analysing and visualising satellite imagery; downloadable computer software for satellite derived bathymetry; downloadable computer software for determining water depth and generating bathymetric grids and depth models; downloadable computer software for water column, atmospheric and seafloor reflectance correction; downloadable computer software for analysing, modelling and visualising geospatial, hydrographic, oceanographic and environmental data; downloadable computer software for mapping and modelling shallow water and coastal environments; downloadable computer software for geospatial and environmental risk assessment; downloadable computer software for scientific and research purposes in the field of earth observation; downloadable computer software for data collection, data processing, data analysis, data modelling and data visualisation.

Class 42:
Scientific and technological services in the field of earth observation; analysis of satellite imagery for scientific, environmental, geological and hydrographic purposes; hydrographic and geological data analysis and interpretation services; geological and hydrographic surveying services; cartographic mapping services; environmental monitoring services; design and development of computer software for geospatial, hydrographic and bathymetric analysis; technical data analysis services in the field of geospatial, geological and environmental data; providing temporary use of online non downloadable software for processing, analysing and visualising geospatial and bathymetric data; software as a service (SaaS) featuring software for satellite derived bathymetry; rental of application software; information technology consultancy services in the field of earth observation and geospatial analysis.

Date of Designation in the UK: 16 June 2026

SENSIFY

International priority date claimed: 09 June 2026 (IT) (302026000105154)

Class 1:
Brake fluid; hydraulic brake fluid; oils for brakes.

Class 4:
Industrial oils and greases, wax; lubricants; dust absorbing, wetting and binding compositions; fuels and illuminants; candles and wicks for lighting.

Class 6:
Non-electric cables and wires of common metal; small items of metal hardware; metal containers for storage or transport; bolts of metal; springs [metal hardware]; tubes of metal; steel tubes; nuts of metal; tension links; screws of metal; washers of metal; chains of metal; tanks of metal; valves of metal other than parts of machine.

Class 7:
Machines, machine tools, power-operated tools; motors and engines, except for land vehicles; machine coupling and transmission components, except for land vehicles; agricultural implements, other than hand-operated hand tools; incubators for eggs; automatic vending machines; brake linings, other than for vehicles; brake pads, other than for vehicles; brake segments, other than for vehicles; brake shoes, other than for vehicles.

Class 9:
Artificial intelligence software for vehicles; computer software to operate vehicles; electronic data recorders for vehicles; software for electronic driving assistance systems; telemetry apparatus for motor vehicles; electric actuators; downloadable installed interactive computer software for multimedia data acquisition used to provide service outputs for monitoring a vehicle's braking system; software for monitoring the particulate emissions of a vehicle's braking system, and for monitoring the condition of a vehicle's braking system; downloadable installed interactive computer software, namely, downloadable computer software using artificial intelligence for managing business and industrial processes; installed interactive software for collection of vehicle data; downloadable computer game software; electronic publications, downloadable, namely, books, magazines, brochures, manuals

featuring information in the field of vehicles and vehicle braking systems; automotive testing equipment, namely, transmission testing and brake testing equipment; brake controllers; sensors [measuring apparatus], not for medical use; vibration sensors; measurement sensors; synchronization sensors; ultrasonic fault detectors; software for diagnostics and troubleshooting; brake fluid tester; vehicle brake testing apparatus; optical sensors; downloadable virtual products, namely, computer programs relating to vehicles, vehicle brakes, structural parts for automobiles and motorcycles for use online and in online virtual worlds; downloadable digital resources and electronic data files provided with non-fungible tokens (nfts) and other crypto-collectibles and blockchain-based non-fungible assets.

Class 12:
Vehicles; apparatus for locomotion by land, air or water; band brakes for land vehicles; block brakes for land vehicles; main brake cylinders; brake discs; brake drums; brake linings for vehicles; brake pads for vehicles; brake rotors for land vehicles; brake segments for vehicles; brake shoes for land vehicles; brakes for vehicles; braking systems for vehicles and parts thereof; steering brakes; brake calipers for land vehicles; hydraulic disc brakes; hydraulic rim brakes; truck air brake hoses; brake discs for vehicles; brake shoes for vehicles.

Class 35:
Advertising; business management, organization and administration; office functions; retail services in relation to vehicles and vehicles spare parts; wholesale services in relation to vehicles and vehicles spare parts; advertising, promotional or marketing services relating to vehicles; distribution of advertising materials [flyers, brochures, printed matter, samples]; provision of business information through websites; commercial information and advice to consumers for the selection of products and services; organization of exhibitions for commercial or advertising purposes; presentation of goods on communication media, for retail purposes; sales promotion for third parties; commercial brokerage services; online marketplace provision of goods and services for buyers and sellers; wholesale and retail sales related to the following products: vehicles, structural parts for vehicles, accessories for automobiles, brakes for vehicles; online retail services of: vehicles, structural parts for vehicles, accessories for automobiles, brakes for vehicles; retail store services in relation to virtual products, namely: vehicles, structural parts for vehicles, accessories for automobiles, brakes for vehicles to be used online; provision of an online marketplace and registry for buyers and sellers of digital resources, digital collectibles, digital tokens and non-fungible tokens (nfts), digital resources and digital collectibles sold as non-fungible tokens (nfts); event marketing; promotion of third-party products and services through agreements with sponsors to associate their products and services with sports competitions.

Class 37:
Installation and repair services; vehicle maintenance; replacement of brakes.

Class 41:
Education; providing of training; entertainment; sporting and cultural activities; arranging and conducting of sports events; sports services; practical training [demonstration]; training services provided via simulators; organization of sports competitions; providing sports facilities; educational and instruction services relating to arts, crafts, sports or general knowledge; driving instruction of vehicles and racing vehicles; driver training; racing driver instruction; racing driver training; training and further training for personnel development; analyzing educational tests scores and data and provision of information therefor; know-how transfer [training]; advanced training; coaching [training]; providing training programs; arranging, conducting and organization of seminars; arranging and conducting of training seminars; organization of training sessions of automotive racing license; arranging professional workshop and training courses; organization of youth training schemes; organization, arranging and conducting of automotive racing tournaments or competitions; entertainment in the nature of automobile racing and exhibitions; provision of automobile driving courses and circuit; provision of car driving courses and circuit; provision of motor car driving courses and circuit.

Class 42:
Scientific and technological services and research and design relating thereto; industrial analysis, industrial research and industrial design services; quality control and authentication services; design and development of computer hardware and software; inspection services for new and used vehicles before sale; vehicle roadworthiness testing; development, updating and maintenance of software and database systems; design and development of data processing apparatus; artificial intelligence as a service (AIaaS); data security services; design and development of computer software for vehicle simulation.

Corrections to published marks

UK00004438433 (2026/037, 11 September 2026)

The mark should have advertised in the following form:
ONCE UPON A WISE

The specification for this application has been amended to read as follows:

Class 41:
Production of audio, video and animation recordings; Entertainment & educational services in the form of on-going audio, video and animation content created for distribution via the internet including via social media.

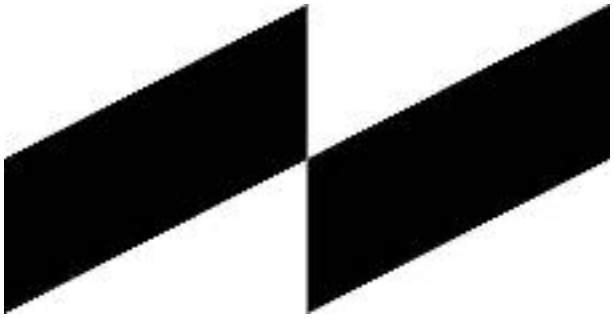
UK00004438550 (2026/038, 18 September 2026)

The mark should have advertised in the following form:

The mark description within the original advertisement should have read: .

The specification for this application has been amended to read as follows:

Class 5:
Vitamin supplements; Dietary supplements; Nutritional supplements; Herbal supplements; Probiotic supplements; Homeopathic supplements; Chlorella dietary supplements; Flaxseed dietary supplements; Calcium supplements; Colostrum supplements; Anti-oxidant supplements; Protein supplements; Dietary supplements consisting of vitamins; Prebiotic supplements; Lecithin dietary supplements; Colostrum dietary supplements; Food supplements; Mineral dietary supplements; Zinc dietary supplements; Mineral nutritional supplements; Propolis dietary supplements; Acai powder dietary supplements; Dietary and nutritional supplements; Liquid dietary supplements; Nutraceuticals for use as a dietary supplement; Vitamin supplements for animals; Protein dietary supplements; Vitamin and mineral supplements; Linseed dietary supplements; Liquid nutritional supplements; Yeast dietary supplements; Casein dietary supplements; Liquid vitamin supplements; Enzyme dietary supplements; Dietary food supplements; Anti-oxidant food supplements; Liquid herbal supplements; Dietary supplements for humans; Vitamin and mineral food supplements; Protein powder dietary supplements; Dietary supplements in powder form; Mineral dietary supplements for humans; Whey protein dietary supplements; Food supplements for sportsmen; Nutritional supplements consisting primarily of magnesium; Vitamin preparations in the nature of food supplements; Dietary supplement drinks; Multivitamins; Dietary supplement drink mixes; Health food supplements made principally of minerals; Food supplements for non-medical purposes; Food supplements in liquid form; Protein supplement shakes; Powdered nutritional supplement drink mix; Dietary supplements for human beings; Vitamins and vitamin preparations; Powdered fruit-flavored dietary supplement drink mix; Dietary supplemental drinks.



Class 32:
Preparations for making non-alcoholic beverages; Extracts for making non-alcoholic beverages; Dilutable preparations for making beverages; Non-alcoholic beverages; Beverages (Non-alcoholic -); Functional water-based beverages; Extracts for making beverages; Non-alcoholic carbonated beverages; Non-alcoholic beverages flavored with tea; Non-alcoholic beverages with tea flavor; Non-alcoholic drinks; Non-alcoholic beverages flavoured with tea; Non-alcoholic flavored carbonated beverages; Non-alcoholic soda beverages flavoured with tea; Powders for the preparation of beverages; Vitamin fortified non-alcoholic beverages; Protein-enriched sports beverages.

Class 35:
Retail services in relation to dietary supplements; Providing consumer product information relating to food or drink products.

Class 44:
Providing information relating to dietary and nutritional supplements; Providing information about dietary supplements and nutrition.

UK00004436203 (2026/037, 11 September 2026)

The mark should have advertised in the following form:

The specification for this application has been amended to read as follows:

Class 42:
Software as a services [SaaS]; Software as a service (SAAS) services featuring software for use in the operation of vehicles, semi-autonomous vehicles, autonomous vehicles, drones, semi-autonomous drones, autonomous drones, robots, and semi-autonomous and autonomous robots; Platform as a Service [PaaS]; Platform as a service (PAAS) featuring computer software for use in the operation of vehicles, semi-autonomous vehicles, autonomous vehicles, drones, semi-autonomous drones, autonomous drones, robots, and semi-autonomous and autonomous robots; Design and development of computer hardware and software; Maintenance of computer software; Engineering; Scientific and technological services and research and design relating thereto; Scientific and technological services, namely, research and design in the field of vehicles; Product research and development; Vehicle roadworthiness testing; Industrial design; Installation, updating, and maintenance of computer software for use with vehicle on-board computers for monitoring and controlling vehicle operation; Installation, maintenance, and repair of software for autonomous vehicles; Testing, validation, and evaluation of vehicle software and computer hardware; Software as a service (SaaS) services, namely, providing temporary use of non-downloadable software for remote monitoring, coordination, management, and optimization of vehicles, for coordinating and managing services for transporting cargo, goods, and delivery services, for scheduling, booking, and dispatching vehicles to transport passengers, cargo, and the delivery of goods, for management of transportation, rideshare, and ride hailing services, for vehicle fleet management and operations, for autonomous vehicle support including calibration, mapping, simulation, maintenance, repair, and software updates, for data analytics in the fields of transportation, utilities, insurance, mapping, infrastructure, and vehicle fleet management, for use as an application programming interface (API), for use as a software development kit (SDK), for use for software development, and for use in dataset use and management; Providing temporary use of software, datasets, and application programing interface (API) software; Providing temporary use of software for downloading, accessing, searching, and analyzing geographical, topographical, infrastructural, and location information; Research and development in the field of autonomous vehicles; Research and development of computer hardware and software for use with vehicle on-board computers for monitoring and controlling vehicle operations; Research and development of computer hardware and software for vehicle coordination, vehicle fleet optimization, navigation, calibration, and mapping; Research and development in the fields of artificial intelligence (AI), machine learning, and deep learning; Providing technology information regarding all of the foregoing; Providing technology information in the fields of computer software for vehicles, computer hardware for vehicles, electronics for vehicles, artificial intelligence, vehicle diagnostic and roadworthiness testing, autonomous vehicle design, autonomous vehicle development and deployment; Data searching in computer files for others, namely, searching information available on computer networks for others; Providing an online computer database of information derived from a multitude of driving scenarios; Providing an online computer database of information derived from a multitude of driving scenarios for use in the field of computer vision and autonomous driving; Providing an online computer database of information for use in product and service research and development, in research and development in the field of computer vision and autonomous driving, in technical and scientific research and development, in motion, path, and trajectory planning in the field of autonomous vehicles, and in urban and regional planning.

UK00004436709 (2026/038, 18 September 2026)

The specification for this application has been amended to read as follows:

Class 1:
Chemical products for industrial use, namely plant sterols and plant sterol esters for use in the manufacture of food and beverages, dietary supplements, cosmetics, and other industrial uses; chemicals for use in industry; Ingredients for food and beverages, namely, natural extracts derived from plant sterols sold as a component ingredient of dietary and nutritional supplements; chemical products for industrial use, namely, plant sterols and plant sterol esters for use in the manufacture of pharmaceuticals.

UK00004432798 (2026/036, 04 September 2026)

The mark should have advertised in the following form:
NestBook

The specification for this application has been amended to read as follows:

Specifications have been restricted as follows:

Class 25:
Clothing; clothing of leather and of imitation leather; casualwear; leisurewear; rainwear; shirts; casual shirts; long-sleeved shirts; short sleeve shirts; t-shirts; printed t-shirts; tops; long-sleeved tops; jumpers; polo shirts; knitted polo tops; jackets; raincoats; waterproof clothing; water resistant clothing; weatherproof clothing; pullovers; long sleeve pullovers; trousers; jeans; chinos; sweat pants; sweat shorts; sweat bottoms; jogging pants; track suits; socks; pullovers; hooded pullovers; sweatshirts; hooded sweatshirts; pants; jerseys; underwear; socks; outerwear; coats; fleeces; padded jackets; parkas; rainproof jackets; weatherproof jackets; leather jackets; bomber jackets; denim jackets; hooded tops; hooded pullovers; hooded sweatshirts; vests; shorts; motorsport racing suits; motorcycle suits; gloves; driving gloves; scarves; headwear; hats; caps; sun hats; beanies; bobble hats.

UK00004410676 (2026/028, 10 July 2026)
Specifications have been restricted as follows:

Class 25:
Clothing; clothing of leather and of imitation leather; casualwear; leisurewear; rainwear; shirts; casual shirts; long-sleeved shirts; short sleeve shirts; t-shirts; printed t-shirts; tops; long-sleeved tops; jumpers; polo shirts; knitted polo tops; jackets; raincoats; waterproof clothing; water resistant clothing; weatherproof clothing; pullovers; long sleeve pullovers; trousers; jeans; chinos; sweat pants; sweat shorts; sweat bottoms; jogging pants; track suits; socks; pullovers; hooded pullovers; sweatshirts; hooded sweatshirts; pants; jerseys; underwear; socks; outerwear; coats; fleeces; padded jackets; parkas; rainproof jackets; weatherproof jackets; leather jackets; bomber jackets; denim jackets; hooded tops; hooded pullovers; hooded sweatshirts; vests; shorts; motorsport racing suits; motorcycle suits; gloves; driving gloves; scarves; headwear; hats; caps; sun hats; beanies; bobble hats.

UK00004391697 (2026/025, 19 June 2026)

UK00004374017 (2026/027, 03 July 2026)

UK00004379805 (2026/028, 10 July 2026)
Specifications have been restricted as follows:

Class 3:
Cleaning preparations; polishing preparations; degreasing preparations, other than for use in manufacturing processes; polishing wax; leather preservatives [polishes]; none of the aforesaid being car, wheel, or tyre care preparations.

UK00004374130 (2026/024, 12 June 2026)
Specifications have been restricted as follows:

Class 16:
Printed matter, stationery and educational supplies; books; magazines; newspapers paper-based media; training materials for sports players; coaching manuals for sports; printed ID documents and achievement records for sports players; all of the aforesaid goods, excluding goods in relation to the education and teaching of curriculum subjects or for being provided to schools.

Class 41:
Education; providing of training; entertainment; sporting and cultural activities; organization of sporting competitions; organization of cricket competitions and cricket games; electronic games services, including provision of computer games on-line or by means of a global computer network; providing games; all of the aforesaid services, excluding services in relation to the education and teaching of curriculum subjects or the provision of services to schools.

UK00004401246 (2026/026, 26 June 2026)
Specifications have been restricted as follows:

Class 9:
Software; Computer software; Collaboration software platforms [software]; Computer software applications; Downloadable computer software; Computer application software; Computer software platforms; Downloadable software; Computer software applications, downloadable; Downloadable computer software applications; Programs (Computer -) [downloadable software]; Computer programs [downloadable software]; Smartphone software; Downloadable computer software

for blockchain technology; Mobile software; Business technology software; Downloadable computer software for use as a digital wallet; Downloadable computer software for use as an electronic wallet; Payment software; Electronic payment terminal; Electronic payment terminals; Apparatus for electronic payment processing; Apparatus for processing electronic payments; Computer hardware for facilitating payment transactions by electronic means; Software for facilitating secure credit card transactions; AI software; Ecommerce and e-payment software; Server software; Business software; Software applications; Artificial intelligence software; Artificial intelligence software for analysis; Artificial intelligence and machine learning software; none of the aforesaid relating to cosmetics, skin-care or beauty.

Class 36:
Financial assessment of company credit; Accounts receivables financing; Financial rating and credit reports; Financial information; Financial analysis services; Financial management services; Financial information and evaluations; Financial transaction services; Providing financial information relating to the creditworthiness of companies and individuals; Financial services relating to business; Computerised financial services for retail businesses; Electronic wallet services (payment services); Bank card, credit card, debit card and electronic payment card services; Credit card and debit card services; Debit card payment services; Payment processing; E-wallet payment services; Payment transaction card services; Payment card services; Automated payment; Bill payment services; Payment processing services; Credit card payment processing; Electronic payment services; On-line bill payment services; Acceptance of bill payments; Automated payment of accounts; Processing of debit card payments; Rental of payment terminals; Financial payment services; Automated payment services; Processing of payment transactions via the Internet; Processing of credit card payments; Financial transfers and transactions, and payment services; Credit card and payment card services; Money order payment guarantee services; Electronic commerce payment services; Processing of electronic payments; Electronic processing of payments; Processing of payments in relation to credit cards; Collection of payments; Credit card transaction processing services; Collection of payments for goods and services; Credit and cash card services; Credit and debit card services; Electronic credit card transactions; Instalment loan services; Instalment loan financing; Debt settlement negotiation services; Debit card services; Processing credit card transactions for others; Credit card payment services; Instalment credit financing; Processing of electronic credit card transactions; Loans [financing] and discount of bills; Provision of credit through instalment plans; Financing and loan services; Financial engineering.

Class 42:
Software as a service [SaaS]; Software as a service [SAAS] services; Platforms for artificial intelligence as software as a service [SaaS]; Software as a service [SaaS] featuring software for machine learning; Software as a service [SaaS] featuring computer software platforms for artificial intelligence; Software as a service [SaaS] featuring software for deep neural networks; Platform as a Service [PaaS]; Platform as a service [PaaS]; Software as a service [SaaS] services featuring software for machine learning, deep learning and deep neural networks ; Software as a service; Blockchain as a Service [BaaS]; Application service provider (ASP); Software development services; Software engineering services; Development of computer software; Computer software development; Software engineering; Computer software design; Computer software (Design of -); Design of computer software; Computer software engineering; Software development; Development of software; Design of software; Software design; Artificial intelligence as a service (AIAAS); Research in the field of artificial intelligence; Research in the field of artificial intelligence technology; Providing artificial intelligence computer programs on data networks; none of the aforesaid relating to cosmetics, skin-care or beauty.

UK00004405271 (2026/030, 24 July 2026)
Specifications have been restricted as follows:

Class 14:
Jewellery; Necklaces [jewellery]; Pendants [jewellery]; Bracelets [jewellery].

Class 25:
Socks for men; Jockstraps [underwear]; Briefs [underwear]; Trunks [underwear] ; Men's underwear, Swimwear [clothing]; Caps.

UK00004399802 (2026/029, 17 July 2026)
Specifications have been restricted as follows:

Class 36:
Financial services, namely cash flow reporting services and financial health checking services; cash flow reporting; financial health checking services; none of the aforesaid being regulated financial advice, financial planning advice, investment advice, insurance advice, pensions advice, tax planning advice, advice relating to inheritance tax, advice relating to trusts or independent financial advice.

UK00004407627 (2026/028, 10 July 2026)
Specifications have been restricted as follows:

Class 9:
Downloadable mobile applications; Downloadable applications for use with mobile devices; Downloadable applications for mobile devices; Downloadable software applications for mobile phones; Downloadable applications; Smartphone software applications, downloadable; Downloadable mobile applications for the management of data; Downloadable mobile applications for use with wearable computer devices; Downloadable mobile applications for the management of information; Downloadable mobile applications for the transmission of information; Downloadable software in the nature of a mobile application; Downloadable software applications; Software applications for mobile devices; Sensors; Sensor controllers; Sensor switches; Temperature sensors; Measuring sensors; Digital sensors; Measuring instruments; Measuring apparatus and instruments; Spectrophotometers; Spectrophotometer; Photometers; Spectrometers; Fluorescence analyzers; Luminescence analyzers; Multichannel analyzers; Flow meters; Fluid flow meters; Electric flow meters; Pressure transducers; Pressure sensors; Data processing apparatus; Apparatus for the processing of data; Apparatus for data processing; Real-time data processing apparatus; Electronic data processing apparatus; Data processing apparatus and instruments; Apparatus and instruments for processing data; Data processing equipment; Data processing systems; Operating software; Operating system software; Computer operating software; Computer operating system software; Embedded operating software; Computer operating systems; Software; Operating

systems; Computer operating programs; System software; Cloud computing software; Downloadable cloud computing software; Application software for cloud computing services; AI software; Artificial intelligence software; Artificial intelligence apparatus; Artificial intelligence software for analysis; Artificial intelligence and machine learning software; all of the aforesaid for use in connection with water purification, water sterilisation, water treatment, water quality monitoring and testing, water supply and distribution, and inland waterway navigation and information services.

Class 42:
Software as a service; Hosting services, software as a service, and rental of software; Software as a service [SAAS] services; Software as a service [SaaS]; Consulting services in the field of software as a service [SaaS]; Software maintenance services; Services for maintenance of computer software; Computer software maintenance services; Support and maintenance services for computer software; Software engineering services; Computer and software consultancy services; Software development services; Platform as a Service [PaaS]; Platform as a service [PaaS]; Platforms for artificial intelligence as software as a service [SaaS]; Application service provider (ASP); Design and development of computer software; Computer software design and development; Design and development of computer hardware and software; Design, development and programming of computer software; Design and development of computer software architecture; Design and development of computer database software; Computer software development; Development of computer software; Cloud computing services; Consulting in the field of cloud computing networks and applications; Environmental testing services to detect contaminants in water; Water analysis; Analysis of water; Monitoring of water quality; Environmental testing; Analysis of water quality; Quality testing; Scientific research and development; Product research and development; Research and development services; Research in the field of artificial intelligence; all of the aforesaid for use in connection with water purification, water sterilisation, water treatment, water quality monitoring and testing, water supply and distribution, and inland waterway navigation and information services.

UK00004411407 (2026/030, 24 July 2026)
Specifications have been restricted as follows:

Class 41:
Providing on-line non-downloadable video content; Entertainment services provided by on-line streams.

UK00004400792 (2026/028, 10 July 2026)
Specifications have been restricted as follows:

Class 38:
Online communications services; online messaging services; Transfer of information and data via online services and the internet; provision of on-line communications services; internet provider services; internet access provider services; all of the aforementioned relating to travel, tourism and exploration, research or investigation in connection with travel and/or tourism.

Class 42:
Scientific and technological services and research and design relating thereto; industrial analysis and industrial research services; Geological exploration; Archaeological exploration; Surveying and exploration; Underwater exploration; Geophysical exploration services; Surveying and exploration services; all of the aforementioned relating to travel, tourism and exploration, research or investigation in connection with travel and/or tourism.

UK00004397121 (2026/031, 31 July 2026)
Specifications have been restricted as follows:

Class 29:
Berry-based fool; blackberry jam; blended oil for food; blueberry jams; breaded and fried jalapeno peppers; butter; candied fruit; candied fruit snacks; candied walnuts; canned cooked meat; canned beans; canned fish; canned fruit; canned tomatoes; canned tuna; canned vegetables; cauliflower fungus, dried; chilli beans; choucroute garnie; cocoa butter; condensed tomatoes; cooked beans; cooked fruits; cooked vegetables; dried dates; dried edible algae; dried olives; extra virgin olive oil; extracts for soups; extracts of vegetables [juices] for cooking; falafel; flakes of dried fish meat (kezuri-bushi); flakes (potato -); flavoured edible oils; fool; fruit-based concentrate for cooking; fruit-based filling for cakes and pies; fruit-based snack food; fruit desserts; fruit jams; fruit jelly spreads; fruit juices for cooking; fruit pectin; fruit peel; fruit purees; game; gelatine; ghee; ginger jam; grapeseed oil; grilled vegetables; hot dog sausages; hummus chick pea paste; hummus [chickpea paste]; instant stew; jams; jellies, jams, compotes, fruit and vegetable spreads; juices (vegetable -) for cooking; legume salads; lemon curd; luncheon meats; luncheon meats, canned; margarine; mixed vegetables; mixed pickles; miso soup; mixtures of fruit and nuts; olive oils; olives, [prepared]; olives stuffed with almonds; palm hearts, processed; packaged meats; pickles; preserved ginger; preserved olives; preserved sausages; preserved vegetables; processed olives; processed olive puree; processed roots; processed tomatoes; tinned fruit; tinned meat; tinned tomatoes; tinned vegetables; vegetable-based cream; vegetable jellies; None of the aforementioned goods containing or consisting of rice.

Class 30:
Bakery goods; baklava; baking spices; barm cakes; basil, dried; beverages based on chocolate; black pepper; blends of seasonings; boiled sugar; bread; bread and buns; brown sugar; brownie dough; cacao powder; cakes; canned sauces; cane sugar; caramel; cereals; chicken gravy; cilantro, dried; cinnamon; cinnamon powder; cloves [spice]; coffee; coixseed flour; congee; dough; dough flour; dried coriander; dried mint; dried herbs; dried cumin seeds; edible salt; edible turmeric; egg noodles; fava bean flour; filled pasta; filo dough; filo pastry; flat bread; flavoring syrup; flavoured vinegar; flavouring syrups; food flavorings; food flavourings; french toast; fresh pasties; fruit bread; ginger [spice]; gravy; gravy mixes; halvah; herb sauces; herbal honey; honey; natural honey; pykelets; salsa; salt; sauce (tomato -); tomato sauce; turmeric; turmeric for food; vanilla flavorings; vegetable-based seasonings for pasta; vegetable pulps [sauces - food]; None of the aforementioned goods containing or consisting of rice.

UK00004400807 (2026/028, 10 July 2026)
Specifications have been restricted as follows:

Class 38:
Online communications services; online messaging services; Transfer of information and data via online services and the internet; provision of on-line communications services; internet

provider services; internet access provider services; all of the aforementioned relating to travel, tourism and exploration, research or investigation in connection with travel and/or tourism.

Class 42:
Scientific and technological services and research and design relating thereto; industrial analysis and industrial research services; Geological exploration; Archaeological exploration; Surveying and exploration; Underwater exploration; Geophysical exploration services; Surveying and exploration services; all of the aforementioned relating to travel, tourism and exploration, research or investigation in connection with travel and/or tourism.

UK00004400432 (2026/030, 24 July 2026)
Specifications have been restricted as follows:

Class 41:
Education; education and training services; tuition; teaching services; providing online electronic publications nondownloadable; coaching and mentoring services; vocational education and training; corporate education and training; business and entrepreneurship education and training; provision of education and training courses; arranging, organising and conducting of courses, classes, tutorials, seminars, workshops, lectures, conferences, conventions, presentations, events, shows, displays and exhibitions; advisory and consultancy services in relation to all of the aforesaid; All of the aforesaid educational services being provided exclusively in relation to careers, employment, employability, vocational guidance, entrepreneurship, business development, health and wellbeing support.

UK00004399707 (2026/027, 03 July 2026)
Specifications have been restricted as follows:

Class 9:
Databases relating to health and chiropractic services; Electronic publications; Interactive electronic publications; Downloadable electronic publications in the nature of magazines; Weekly publications downloaded in electronic form from the internet; Downloadable electronic books; Downloadable electronic newsletters; Downloadable electronic reports; Electronic databases; Downloadable podcasts; Downloadable video files; Downloadable electronic brochures; Downloadable video recordings; Downloadable digital photos; Downloadable digital assets; Downloadable image files; Downloadable publications in electronic form; Downloadable computer graphics; Audiobooks; Computer software applications; Electronic magazines; Digital books downloadable from the Internet; Pre-recorded videos; Downloadable sound recordings; Data recorded electronically; Audio visual recordings; Recorded content; Video recordings; Audio recordings; Multi-media recordings; all of the aforesaid goods relating to healthcare.

Class 16:
Printed matter; Printed matter for instructional purposes; Printed promotional material; Printed books; Printed forms; Printed publications; Printed leaflets; Printed information sheets; Leaflets; Pamphlets; Brochures; Booklets; Flyers; Posters; Printed periodicals; Magazines; Periodicals; Journals; Promotion al publications; Instructional and teaching material; all of the aforesaid goods relating to healthcare.

Class 35:
Business management and consulting; Promotional advertising services; Trade promotional services; Publicity services; Promotional services; Business management advisory services; Advertising services to promote public awareness of medical issues; Advertising services to promote public awareness of medical conditions; all of the aforesaid services relating to healthcare.

Class 36:
Professional indemnity insurance; Insurance information; Providing insurance information; Advice relating to insurance; Providing online information about insurance from a computer database or the Internet; all of the aforesaid services relating to healthcare.

Class 41:
Arranging of presentations for educational purposes; Arranging and conducting of workshops and seminars; Arranging and conducting of conferences, congresses and symposiums; Providing on-line electronic publications; Video production; Production of podcasts; Publication of material which can be accessed from databases or from the internet; Library services; Library services provided by means of a computerised database; Educational information; Educational and training services relating to healthcare; Education services relating to health; all of the aforesaid services relating to healthcare; Accreditation in chiropractic service health education; educational services in the field of health promotion; educational services in the field of injury and disease prevention.

Class 44:
Providing online information relating to the prevention of chiropractic injury and disease; providing information and advice relating to the prevention of chiropractic injury and disease; Chiropractic services; Health counselling; Providing health information; Health advice and information services; Providing information relating to chiropractics; Information services relating to health care.

UK00004377252 (2026/025, 19 June 2026)
Specifications have been restricted as follows:

Class 38:
Online communications services; online messaging services; Transfer of information and data via online services and the internet; provision of on-line communications services; internet provider services; internet access provider services; all of the aforementioned relating to travel, tourism and exploration, research or investigation in connection with travel and/or tourism.

Class 42:
Scientific and technological services and research and design relating thereto; industrial analysis and industrial research services; Geological exploration; Archaeological exploration; Surveying and exploration; Underwater exploration; Geophysical exploration services; Surveying and exploration services; all of the aforementioned relating to travel, tourism and exploration, research or investigation in connection with travel and/or tourism.

UK00004397908 (2026/028, 10 July 2026)
Specifications have been restricted as follows:

Class 9:
Downloadable computer software, application software and mobile applications, all for creating, storing, managing and transferring digital records of ownership and title transfer of physical consumer and trade goods; but not including security or cybersecurity software, software for use in software licensing, software licence management or controlling access to software, or software for tracking, organizing and reporting on usage of and access to licensed software, or providing software licence models.

Class 42:
Software as a service (SaaS) and provision of online non-downloadable software, all for creating, storing, managing and transferring digital records of ownership and title transfer of physical consumer and trade goods; but not including security or cybersecurity services, software as a service for use in software licensing, software licence management or controlling access to software, or software as a service for tracking, organizing and reporting on usage of and access to licensed software, or providing software licence models.

UK00004381034 (2026/028, 10 July 2026)
Specifications have been restricted as follows:

Class 9:
Gambling software; Gaming software; Computer software for the administration of on-line games and gaming; Interactive casino games provided through a computer or mobile platform; Electronic publications, downloadable, relating to games and gaming; Entertainment software; Computer software for entertainment; Computer game software for use with on-line interactive games; Interactive game software; Electronic game software; Computer games entertainment software; Game software; Video game software; Games software; Computer game software; Computer gaming software; Computer application software featuring games and gaming; Computer games; Computer games software; Computer games programs; Computer game programs; Computer games programs [software]; Computer programs for playing games; Software programs for video games; Video games programs [computer software]; Interactive multimedia computer game programs; Computer games of chance; n one of the aforementioned in relation to tennis and other racket sports.

Class 28:
Gaming machines for gambling; Gaming apparatus; Gaming machines namely devices which accept a wager; Slot machines (gaming devices); Slot machines [gaming machines]; Automatic gaming machines; Amusement game machines; Gaming machines; LCD game machines; Video game machines; Amusement apparatus being coinoperated; Video game apparatus, arcade games, and amusement machines ; Computer games apparatus; Computer game apparatus; Video game apparatus; n one of the aforementioned in relation to tennis and other racket sports.

Class 41:
Gambling; Casino, gaming and gambling services; Gambling services; Online gambling services; On-line gambling services; Leasing of casino games; Casino services; Online casino services; Online gaming services; Gaming machine entertainment services; Amusement arcade gaming machine rental services; Gaming services; Providing casino facilities; Rental of slot machines [gaming machines]; Gaming machine rental; Online computer game services; Games offered on-line (on a computer network); Provision of online computer games; Online entertainment services; On-line entertainment; On-line game services; Providing an online computer game; Provision of on-line computer games; Rental of casino games; Casino facilities [gambling] (Providing -); Rental of game machines and apparatus; Providing casino facilities [gambling]; Internet games (nondownloadable); Providing of casino and gaming facilities; Providing on-line computer games; n one of the aforementioned in relation to tennis and other racket .
