plugs and chains for basins, showers, baths and bidets; vanity units being wash hand basins; vanity units incorporating basins (connected to the water supply); lighting apparatus; wall lights, ceiling lights, light fittings; metal shower enclosures; industrial treatment installations; regulating and safety accessories for water and gas installations; lighting reflectors; parts and fittings for the aforesaid goods.

Class 17:
Unprocessed and semi-processed rubber, gutta-percha, gum, asbestos, mica and substitutes for all these materials; plastics and resins in extruded form for use in manufacture; packing, stopping and insulating materials; flexible pipes, tubes and hoses, not of metal; rubber, gutta-percha, gum, asbestos, mica and goods made from these materials and not included in other classes; seals, sealants and fillers; elastomeric sealants in the form of extrudable pastes for joints; joint sealants; silicone sealants; insulation and barrier articles and materials; thermal, electrical and acoustic insulation articles and materials; fire resistant and fire preventative articles and materials; products in the nature of sealants; silicone rubber sealants; insulating mastics; sealing compounds; adhesive tapes, strips, bands and films; flexible pipes not of metal; pipes, hoses and tubes not of common metal; pipe gaskets, pipe jackets, pipe muffs, joint packing for pipes, junctions for pipes, reinforcing materials for pipes; fastenings, connectors, couplings, clips, pipe clips, hose and tubes; pipe saddles; plastics in the form of rods, bars, sheets and shaped sections; pipes, tubes, and hose and fittings therefor; sleeving for electrical cable, cable and extension reels for use therewith; filters and filtering materials; waterproofing articles and materials; parts and fittings for the aforesaid goods.

Class 19:
Building materials (non-metallic); non-metallic rigid pipes for building; asphalt, pitch and bitumen; non-metallic transportable buildings; building and construction materials and elements, not of metal; pipes, tubes and valves; doors, gates, windows and window coverings not of metal; structures not of metal; non-metallic access covers and chambers; non-metallic grating; non-metallic drainage installations, channels, courses and pipes; non-woven fabrics for land drainage; non-electric, non-metallic ducting installations; tanks; tar and asphalt; stone, rock, clay and minerals; timber, wood and artificial wood; sealants; damp proofing membranes; roofing, flooring, tiles; parts and fittings for the aforesaid goods.

Class 20:
Furniture, mirrors, picture frames; containers, not of metal, for storage or transport; unworked or semi-worked bone, horn, whalebone or mother-of-pearl; shells; meerschaum; yellow amber; furniture for bathrooms; bathroom fittings of common metal or common metal alloys; non-metallic hardware; non-metallic wall plugs, cleats and clips; pipe clips; containers and closures; ladders; fastening, securing and locking devices; fasteners, fixings, fixing plugs and anchors, connectors, securing devices, pipe or cable clips, cleats, fixing plugs, coupling devices, joints, ball-joints, junctions, screws, bolts, locks, nuts, rivets, nails, clips, pins, collars, sleeves, clamps, rod ends, clevises, anchors, expansion plugs, frame anchors, frame fixings, hammer fixings, hollow wall anchors, anchor devices, sleeve anchors, drop-in anchors, cable drums (non-mechanical); mirrored tiles; non-metallic towel hooks and rails; shower curtain rails; shelves and racks; shelves of metal; parts and fittings for the aforesaid goods.

Class 35:
Advertising; business management; business administration; office functions; database management services; data processing; commercial information services; provision of business information; business consultancy and advisory services; business management and organisation consultancy; personnel management consultancy; personnel recruitment; business management assistance; business research; provision of product information; presentation of goods on communication media for retail purposes; demonstration of goods; organisation of exhibitions and trade fairs for commercial or advertising purposes; sales promotion for others; procurement services for others; direct mail advertising and dissemination of advertising matter; distribution of samples; efficiency expert services; data processing and dissemination; processing of purchase orders; preparation of invoices; pricing analysis; performance measurement services; computerised stock ordering and stock management; inventory management services; computerised inventory control; stock control services; stock location services; data processing services; organisation, operation and supervision of loyalty and incentive schemes; retail services connected with the sale of metal materials for building and construction, transportable buildings of metal, non-electric cables and wires of common metal, ironmongery, small items of metal hardware, pipes and tubes of metal, metal containers for storage or transport, building and construction materials and elements of metal, metal access covers and chambers, metal gratings, hoses, valves, drainage plates, channels, profiles, courses and pipes of metal, non-electric ducting, conduits and installations of metal, downpoles of metal for the ducting of wires, manifolds of metal for pipelines, high-pressure pipelines of metal, branching tubes of metal for pipelines, metal valves for controlling the flow of fluids or gases in pipelines, tanks of metal, separation tanks of metal, metal hardware, nuts, bolts and fasteners, metal cleats, locks and keys, welding and soldering material, cables, wires and chains, doors, gates, windows and window coverings of metal, structures of metal, metal handrails for baths and showers, metallic bathroom tiles, towel hooks, robe hooks of metal, baskets of metal, bath racks of metal, and parts and fittings for the aforesaid goods; retail services connected with the sale of apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, fire-extinguishing apparatus, electrical flexes, wires and cables, electrical wiring accessories, plugs, plug sockets, switches, switch boxes, protection devices for electric circuits, fuse boxes, safety fuses, connections, switchgear, transformers, earthing accessories, fuses, solar cell plates, fibre optics, fibre optic cables, couplings, panels, receptors, junctions, sheaths and sleeves, telecommunication equipment and apparatus, control units for electrical appliances, cable and extension reels for use therewith, circuit breakers, socket outlets for coaxial cable plugs, conduit and housings for electric cables, junction boxes, earth sleeves for cable, control apparatus and instruments for use with or being parts of heating or water supply installations, light switches, light pulls, ducting for electrical cables, measuring, detecting and monitoring instruments, indicators and controllers, sensors and detectors, meters and meter boxes, meter modules, street cabinets, testing and quality control devices, cable and pipe location devices, measuring, counting, alignment and calibrating instruments, controllers (regulators), thermostats, timers, educational and training computer software programs, computerised database, downloadable electronic publications, downloadable electronic training and educational publications, and parts and fittings for the aforesaid goods; retail services

connected with the sale of apparatus and installations for lighting, heating, cooling, air conditioning, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes, sanitary ware, flues and installations for conveying exhaust gases, sanitation equipment, sanitary and bathroom installations, bathroom suites, bathroom fixtures and fittings, basin, bath, bidet, sink, toilet and shower installations, shower systems, basins, baths, bidets, sinks, toilets, showers, spa baths, whirlpools, bath panels and shower screens, bath fillers, bath wastes, shower cubicles, enclosures, cabinets, stalls, doors, shower screens, panels, shower trays and cases, shower heads and spray heads, brackets for supporting shower heads and spray heads, shower spray sets, shower mixing valves, taps, mixers and faucets, bath/shower mixers, basin mixers, spouts, diverters, plumbing fixtures, water purification, desalination and conditioning installations, sterilisation, disinfection and decontamination equipment, filters for industrial use, irrigation systems, water pressure tanks, septic tanks, valves, burners, boilers and heaters, space heaters, water heaters, shower heaters, towel heaters, towel rails, heated towel rails, immersion heaters, cylinders, radiators, radiator valves, shower valves, isolating valves, safety valves, fireplaces, underfloor heating, solar panels, solar cylinders, solar thermal collectors, water tanks, toilet tanks, flushing tanks and lids for toilet tanks and flushing tanks, fans, extractor fans, extractor unit (ventilation), regulating and safety apparatus for water or gas apparatus and pipes, waste assemblies and fittings for baths, basins and sanitary ware, pipes, hoses and connector parts of bath, basin, shower and sink plumbing installations, shower hoses, toilet seats, toilet bowls, cisterns, cistern levers, plugs and chains for basins, showers, baths and bidets, vanity units being wash hand basins, vanity units incorporating basins (connected to the water supply), lighting apparatus, wall lights, ceiling lights, light fittings, metal shower enclosures, industrial treatment installations, regulating and safety accessories for water and gas installations, lighting reflectors, and parts and fittings for the aforesaid goods; retail services connected with the sale of unprocessed and semi-processed rubber, gutta-percha, gum, asbestos, mica and substitutes for all these materials, plastics and resins in extruded form for use in manufacture, packing, stopping and insulating materials, flexible pipes, tubes and hoses, not of metal, rubber, gutta-percha, gum, asbestos, mica and goods made from these materials and not included in other classes, seals, sealants and fillers, elastomeric sealants in the form of extrudable pastes for joints, joint sealants, silicone sealants, insulation and barrier articles and materials, thermal, electrical and acoustic insulation articles and materials, fire resistant and fire preventative articles and materials, products in the nature of sealants, silicone rubber sealants, insulating mastics, sealing compounds, adhesive tapes, strips, bands and films, flexible pipes not of metal, pipes, hoses and tubes not of common metal, pipe gaskets, pipe jackets, pipe muffs, joint packing for pipes, junctions for pipes, reinforcing materials for pipes, fastenings, connectors, couplings, clips, pipe clips, hose and tubes, pipe saddles, plastics in the form of rods, bars, sheets and shaped sections, pipes, tubes, and hose and fittings therefor, sleeving for electrical cable, cable and extension reels for use therewith, filters and filtering materials, waterproofing articles and materials, and parts and fittings for the aforesaid goods; retail services connected with the sale of building materials (non-metallic), non-metallic rigid pipes for building, asphalt, pitch and bitumen, non-metallic transportable buildings, building and construction materials and elements, not of metal, pipes, tubes and valves, doors, gates, windows and window coverings not of metal, structures not of metal, non-metallic access covers and chambers, non-metallic grating, non-metallic drainage installations, channels, courses and pipes, non-woven fabrics for land drainage, non-electric, non-metallic ducting installations, tanks, tar and asphalt, stone, rock, clay and minerals, timber, wood and artificial wood, sealants, damp proofing membranes, roofing, flooring, tiles, and parts and fittings for the aforesaid goods; retail services connected with the sale of furniture, mirrors, picture frames, containers, not of metal, for storage or transport, unworked or semi-worked bone, horn, whalebone or mother-of-pearl, shells, meerschaum, yellow amber, furniture for bathrooms, bathroom fittings of common metal or common metal alloys, non-metallic hardware, non-metallic wall plugs, cleats and clips, pipe clips, containers and closures, ladders, fastening, securing and locking devices, fasteners, fixings, fixing plugs and anchors, connectors, securing devices, pipe or cable clips, cleats, fixing plugs, coupling devices, joints, ball-joints, junctions, screws, bolts, locks, nuts, rivets, nails, clips, pins, collars, sleeves, clamps, rod ends, clevises, anchors, expansion plugs, frame anchors, frame fixings, hammer fixings, hollow wall anchors, anchor devices, sleeve anchors, drop-in anchors, cable drums (non-mechanical), mirrored tiles, non-metallic towel hooks and rails, shower curtain rails, shelves and racks, shelves of metal, and parts and fittings for the aforesaid goods; retail services connected with the sale of adhesives used in industry, solvents, fluxes, damp proofing membranes and preparations, mastics, industrial adhesives for use in metal working, plumbing and building, flushing agents for heating systems, chemical additives for boilers, water treatment chemicals, chemical compositions for use in construction, filtering media of chemical and non-chemical substances, putties, fillers and pastes for use in industry and construction, paints, varnishes, lacquers, preservatives against rust and against deterioration of wood, colorants, mordants, raw natural resins, metals in foil and powder form for use in painting, decorating, printing and art, thinners and thickeners for coatings, dyes and inks, additives for paints, cleaning, polishing, scouring and abrasive preparations, abrasives, sandpaper, sand cloths, sanding gloves, descaling preparations, polishing preparations, industrial oils and greases, lubricants, dust absorbing, wetting and binding compositions, fuels (including motor spirit) and illuminants, candles and wicks for lighting, electrical energy from renewable sources, oils for preserving concrete and masonry, pumps, compressors and fans, electric pumps, valves, water pumps, shower pumps, generators, construction equipment, moving and handling equipment, machines and machine tools for treatment of materials, cutting, drilling, abrading, sharpening and surface treatment equipment, power tools, power operated plumbing snakes, machinery and tools for cutting, stripping and laying of pipes and cables, dispensing machines and guns, hand tools and implements (hand-operated), lifting tools, household or kitchen utensils and containers, combs and sponges, brushes, except paintbrushes, articles for cleaning purposes, unworked or semi-worked glass, except building glass, glassware, porcelain and earthenware, bathroom fittings, soap boxes, soap dishes, soap dispensers, sponge holders, toothbrush holders, toilet utensils, toilet roll holders, towel rails, towel rings, bath racks of metal, toilet brush holders of metal, robe hooks, textiles and substitutes for textiles, household linen, curtains of textile or plastic, toilet covers, shower curtains, towels and flannels, carpets, rugs, mats and matting, linoleum and other materials for covering existing floors, wall hangings (non-textile), shower mats, bath mats, and parts and fittings for all the aforesaid goods; information, consultancy and advisory services relating to the aforesaid services.

Class 42:
Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; electronic data storage; calibration of measuring instruments; calibration services; testing of equipment; provision of energy efficiency advisory and consultancy services; design services; engineering services; surveying and exploration services; architectural and urban planning services; civil engineering; planning and design of buildings; design planning; design of engineered building systems; design of industrial and residential buildings; monitoring of building structures; quality control of building materials and completed buildings; research on building construction and development planning; technological research; architectural and engineering project management services; off-site building project management; project management (design); inspection of pipelines; project studies and professional consultancy services, all relating to bathrooms; geological, chemical, technical and scientific research services; geological surveys; industrial design services; materials evaluation and testing; technical consultancy services; materials testing; technical project studies; geological prospecting; consulting services relating to the science of water; engineering; land surveying; pilot plant and laboratory testing; mechanical engineering; information, consultancy and advisory services relating to the aforesaid.

## AVI-SPL VIDEOLINK

International priority date claimed:
15 September 2026 (EUROPEAN UNION INTELLECTUAL PROPERTY OFFICE (EUIPO))

Class 9:
Audiovisual apparatus; video equipment; apparatus for recording, storage, transmission and reproduction of sounds and images; apparatus for broadcasting, recording, transmission or reproduction of sound or images; computer hardware and software; computer software; computer software applications, downloadable; webcams.

Class 35:
Retail or wholesale services for electrical machinery and apparatus, namely video equipment, apparatus for recording, storage, transmission and reproduction of sounds and images, apparatus for broadcasting, recording, transmission or reproduction of sound or images, webcams; presentation of goods on communication media for retail purposes; online retail services for downloadable and pre-recorded music and movies; retail services for audiovisual apparatus and equipment; retail services for telecommunications equipment; retail services for computers and computer hardware; retail services for electronic apparatus and instruments, namely video equipment, apparatus for recording, storage, transmission and reproduction of sounds and images, apparatus for broadcasting, recording, transmission or reproduction of sound or images, webcams.

Class 37:
Installation, maintenance and repair of audiovisual equipment; installation of apparatus for recording, transmission or reproduction of sound or images; installation and maintenance of electronic apparatus; installation, maintenance and repair of electrical and electronic apparatus and equipment; installation, maintenance and repair of telecommunications equipment; installation, maintenance and repair of transmission and broadcasting equipment, apparatus and instruments; repair and maintenance of computer and telecommunications equipment; repair and maintenance of multimedia apparatus; repair and maintenance of electronic apparatus; advisory services relating to the installation of audiovisual equipment.

Class 38:
Videoconferencing services; teleconferencing and videoconferencing services; streaming of audio and video material on the internet; audio and video broadcasting services provided via the internet; video and audio communication and transmission services; transmission and distribution of data or audiovisual images via a global computer network or the internet; rental of telecommunication apparatus and installations; rental of telecommunication equipment.

Class 41:
Providing audio or video studio services; education; training; entertainment; training and onboarding of staff in the use of audiovisual systems and unified communications platforms; conducting seminars, workshops, and courses in the field of

media technology and collaboration software; providing online training and e-learning modules for digital workplace solutions; Organization and execution of conferences, conventions, meetings, and symposia (technical/organizational support); arranging and conducting online events, webinars, and virtual events; Provision of entertainment and interactive media content via collaboration platforms; operation and provision of audio and video studio facilities and providing audio or video studio services; production, editing, and creation of video and audio content; rental of video cameras, audio equipment, and accessories for event and production purposes.

Class 42:
Planning, development and technical support for audiovisual equipment; design and development of software and hardware for audio and video operators; design and development of software and hardware for processing and distribution of multimedia content; design and development of computer hardware and software; information technology (IT) support services (troubleshooting of software); troubleshooting of computer software problems (technical support); Software as a Service [SaaS]; Platform as a Service [PaaS].

Class 6:
Metal materials for building and construction; transportable buildings of metal; non-electric cables and wires of common metal; ironmongery, small items of metal hardware; pipes and tubes of metal; metal containers for storage or transport; building and construction materials and elements of metal; metal access covers and chambers; metal gratings; hoses; valves; drainage plates, channels, profiles, courses and pipes of metal; non-electric ducting, conduits and installations of metal; downpoles of metal for the ducting of wires; manifolds of metal for pipelines; high-pressure pipelines of metal; branching tubes of metal for pipelines; metal valves for controlling the flow of fluids or gases in pipelines; tanks of metal, separation tanks of metal; metal hardware; nuts, bolts and fasteners; metal cleats; locks and keys; welding and soldering material; cables, wires and chains; doors, gates, windows and window coverings of metal; structures of metal; metal handrails for baths and showers, metallic bathroom tiles, towel hooks, robe hooks of metal, baskets of metal, bath racks of metal; parts and fittings for the aforesaid goods.

Class 9:
Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; fire-extinguishing apparatus; electrical flexes, wires and cables;

electrical wiring accessories; plugs, plug sockets, switches, switch boxes, protection devices for electric circuits, fuse boxes, safety fuses, connections; switchgear, transformers, earthing accessories, fuses; solar cell plates; fibre optics, fibre optic cables, couplings, panels, receptors, junctions, sheaths and sleeves; telecommunication equipment and apparatus; control units for electrical appliances, cable and extension reels for use therewith; circuit breakers; socket outlets for coaxial cable plugs; conduit and housings for electric cables; junction boxes, earth sleeves for cable; control apparatus and instruments for use with or being parts of heating or water supply installations; light switches, light pulls; ducting for electrical cables; measuring, detecting and monitoring instruments, indicators and controllers; sensors and detectors; meters and meter boxes, meter modules, street cabinets; testing and quality control devices; cable and pipe location devices; measuring, counting, alignment and calibrating instruments; controllers (regulators); thermostats; timers; educational and training computer software programs; computerised database; downloadable electronic publications; downloadable electronic training and educational publications; parts and fittings for the aforesaid goods.

Class 11:
Apparatus and installations for lighting, heating, cooling, air conditioning, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes; sanitary ware; flues and installations for conveying exhaust gases; sanitation equipment; sanitary and bathroom installations; bathroom suites, bathroom fixtures and fittings; basin, bath, bidet, sink, toilet and shower installations; shower systems; basins, baths, bidets, sinks, toilets, showers, spa baths, whirlpools; bath panels and shower screens; bath fillers, bath wastes; shower cubicles, enclosures, cabinets, stalls, doors, shower screens, panels, shower trays and cases, shower heads and spray heads, brackets for supporting shower heads and spray heads, shower spray sets, shower mixing valves; taps, mixers and faucets, bath/shower mixers, basin mixers, spouts, diverters, plumbing fixtures; water purification, desalination and conditioning installations; sterilisation, disinfection and decontamination equipment; filters for industrial use; irrigation systems; water pressure tanks, septic tanks, valves, burners, boilers and heaters, space heaters, water heaters, shower heaters, towel heaters, towel rails , heated towel rails, immersion heaters, cylinders, radiators, radiator valves, shower valves, isolating valves, safety valves; fireplaces, underfloor heating; solar panels, solar cylinders, solar thermal collectors; water tanks, toilet tanks, flushing tanks and lids for toilet tanks and flushing tanks; fans, extractor fans; extractor unit (ventilation); regulating and safety apparatus for water or gas apparatus and pipes; waste assemblies and fittings for baths, basins and sanitary ware; pipes, hoses and connector parts of bath, basin, shower and sink plumbing installations; shower hoses; toilet seats, toilet bowls; cisterns; cistern levers; plugs and chains for basins, showers, baths and bidets; vanity units being wash hand basins; vanity units incorporating basins (connected to the water supply); lighting apparatus; wall lights, ceiling lights, light fittings; metal shower enclosures; industrial treatment installations; regulating and safety accessories for water and gas installations; lighting reflectors; parts and fittings for the aforesaid goods.

Class 17:
Unprocessed and semi-processed rubber, gutta-percha, gum, asbestos, mica and substitutes for all these materials; plastics and resins in extruded form for use in manufacture; packing, stopping and insulating materials; flexible pipes, tubes and hoses, not of metal; rubber, gutta-percha, gum, asbestos, mica and goods made from these materials and not included in other classes; seals, sealants and fillers; elastomeric sealants in the form of extrudable pastes for joints; joint sealants; silicone sealants; insulation and barrier articles and materials; thermal, electrical and acoustic insulation articles and materials; fire resistant and fire preventative articles and materials; products in the nature of sealants; silicone rubber sealants; insulating mastics; sealing compounds; adhesive tapes, strips, bands and films; flexible pipes not of metal; pipes, hoses and tubes not of common metal; pipe gaskets, pipe jackets, pipe muffs, joint packing for pipes, junctions for pipes, reinforcing materials for pipes; fastenings, connectors, couplings, clips, pipe clips, hose and tubes; pipe saddles; plastics in the form of rods, bars, sheets and shaped sections; pipes, tubes, and hose and fittings therefor; sleeving for electrical cable, cable and extension reels for use therewith; filters and filtering materials; waterproofing articles and materials; parts and fittings for the aforesaid goods.

Class 19:
Building materials (non-metallic); non-metallic rigid pipes for building; asphalt, pitch and bitumen; non-metallic transportable buildings; building and construction materials and elements, not of metal; pipes, tubes and valves; doors, gates, windows and window coverings not of metal; structures not of metal; non-metallic access covers and chambers; non-metallic grating; non-metallic drainage installations, channels, courses and pipes; non-woven fabrics for land drainage; non-electric, non-metallic ducting installations; tanks; tar and asphalt; stone, rock, clay and minerals; timber, wood and artificial wood; sealants; damp proofing membranes; roofing, flooring, tiles; parts and fittings for the aforesaid goods.

Class 20:
Furniture, mirrors, picture frames; containers, not of metal, for storage or transport; unworked or semi-worked bone, horn, whalebone or mother-of-pearl; shells; meerschaum; yellow amber; furniture for bathrooms; bathroom fittings of common metal or common metal alloys; non-metallic hardware; non-metallic wall plugs, cleats and clips; pipe clips; containers and closures; ladders; fastening, securing and locking devices; fasteners, fixings, fixing plugs and anchors, connectors, securing devices, pipe or cable clips, cleats, fixing plugs, coupling devices, joints, ball-joints, junctions, screws, bolts, locks, nuts, rivets, nails, clips, pins, collars, sleeves, clamps, rod ends, clevises, anchors, expansion plugs, frame anchors, frame fixings, hammer fixings, hollow wall anchors, anchor devices, sleeve anchors, drop-in anchors, cable drums (non-mechanical); mirrored tiles; non-metallic towel hooks and rails; shower curtain rails; shelves and racks; shelves of metal; parts and fittings for the aforesaid goods.

Class 35:
Advertising; business management; business administration; office functions; database management services; data processing; commercial information services; provision of business information; business consultancy and advisory services; business management and organisation consultancy; personnel management consultancy; personnel recruitment; business management assistance; business research; provision of product information; presentation of goods on communication media for retail purposes; demonstration of goods; organisation of exhibitions and trade fairs for commercial or advertising purposes; sales promotion for others; procurement services for others; direct mail advertising and dissemination of advertising

matter; distribution of samples; efficiency expert services; data processing and dissemination; processing of purchase orders; preparation of invoices; pricing analysis; performance measurement services; computerised stock ordering and stock management; inventory management services; computerised inventory control; stock control services; stock location services; data processing services; organisation, operation and supervision of loyalty and incentive schemes; retail services connected with the sale of metal materials for building and construction, transportable buildings of metal, non-electric cables and wires of common metal, ironmongery, small items of metal hardware, pipes and tubes of metal, metal containers for storage or transport, building and construction materials and elements of metal, metal access covers and chambers, metal gratings, hoses, valves, drainage plates, channels, profiles, courses and pipes of metal, non-electric ducting, conduits and installations of metal, downpoles of metal for the ducting of wires, manifolds of metal for pipelines, high-pressure pipelines of metal, branching tubes of metal for pipelines, metal valves for controlling the flow of fluids or gases in pipelines, tanks of metal, separation tanks of metal, metal hardware, nuts, bolts and fasteners, metal cleats, locks and keys, welding and soldering material, cables, wires and chains, doors, gates, windows and window coverings of metal, structures of metal, metal handrails for baths and showers, metallic bathroom tiles, towel hooks, robe hooks of metal, baskets of conducting, switching, transforming, accumulating, regulating or controlling electricity, fire-extinguishing apparatus, electrical flexes, wires and cables, electrical wiring accessories, plugs, plug metal, bath racks of metal, and parts and fittings for the aforesaid goods; retail services connected with the sale of apparatus and instruments for sockets, switches, switch boxes, protection devices for electric circuits, fuse boxes, safety fuses, connections, switchgear, transformers, earthing accessories, fuses, solar cell plates, fibre optics, fibre optic cables, couplings, panels, receptors, junctions, sheaths and sleeves, telecommunication equipment and apparatus, control units for electrical appliances, cable and extension reels for use therewith, circuit breakers, socket outlets for coaxial cable plugs, conduit and housings for electric cables, junction boxes, earth sleeves for cable, control apparatus and instruments for use with or being parts of heating or water supply installations, light switches, light pulls, ducting for electrical cables, measuring, detecting and monitoring instruments, indicators and controllers, sensors and detectors, meters and meter boxes, meter modules, street cabinets, testing and quality control devices, cable and pipe location devices, measuring, counting, alignment and calibrating instruments, controllers (regulators), thermostats, timers, educational and training computer software programs, computerised database, downloadable electronic publications, downloadable electronic training and educational publications, and parts and fittings for the aforesaid goods; retail services connected with the sale of apparatus and installations for lighting, heating, cooling, air conditioning, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes, sanitary ware, flues and installations for conveying exhaust gases, sanitation equipment, sanitary and bathroom installations, bathroom suites, bathroom fixtures and fittings, basin, bath, bidet, sink, toilet and shower installations, shower systems, basins, baths, bidets, sinks, toilets, showers, spa baths, whirlpools, bath panels and shower screens, bath fillers, bath wastes, shower cubicles, enclosures, cabinets, stalls, doors, shower screens, panels, shower trays and cases, shower heads and spray heads, brackets for supporting shower heads and spray heads, shower spray sets, shower mixing valves, taps, mixers and faucets, bath/shower mixers, basin mixers, spouts, diverters, plumbing fixtures, water purification, desalination and conditioning installations, sterilisation, disinfection and decontamination equipment, filters for industrial use, irrigation systems, water pressure tanks, septic tanks, valves, burners, boilers and heaters, space heaters, water heaters, shower heaters, towel heaters, towel rails, heated towel rails, immersion heaters, cylinders, radiators, radiator valves, shower valves, isolating valves, safety valves, fireplaces, underfloor heating, solar panels, solar cylinders, solar thermal collectors, water tanks, toilet tanks, flushing tanks and lids for toilet tanks and flushing tanks, fans, extractor fans, extractor unit (ventilation), regulating and safety apparatus for water or gas apparatus and pipes, waste assemblies and fittings for baths, basins and sanitary ware, pipes, hoses and connector parts of bath, basin, shower and sink plumbing installations, shower hoses, toilet seats, toilet bowls, cisterns, cistern levers, plugs and chains for basins, showers, baths and bidets, vanity units being wash hand basins, vanity units incorporating basins (connected to the water supply), lighting apparatus, wall lights, ceiling lights, light fittings, metal shower enclosures, industrial treatment installations, regulating and safety accessories for water and gas installations, lighting reflectors, and parts and fittings for the aforesaid goods; retail services connected with the sale of unprocessed and semi-processed rubber, gutta-percha, gum, asbestos, mica and substitutes for all these materials, plastics and resins in extruded form for use in manufacture, packing, stopping and insulating materials, flexible pipes, tubes and hoses, not of metal, rubber, gutta-percha, gum, asbestos, mica and goods made from these materials and not included in other classes, seals, sealants and fillers, elastomeric sealants in the form of extrudable pastes for joints, joint sealants, silicone sealants, insulation and barrier articles and materials, thermal, electrical and acoustic insulation articles and materials, fire resistant and fire preventative articles and materials, products in the nature of sealants, silicone rubber sealants, insulating mastics, sealing compounds, adhesive tapes, strips, bands and films, flexible pipes not of metal, pipes, hoses and tubes not of common metal, pipe gaskets, pipe jackets, pipe muffs, joint packing for pipes, junctions for pipes, reinforcing materials for pipes, fastenings, connectors, couplings, clips, pipe clips, hose and tubes, pipe saddles, plastics in the form of rods, bars, sheets and shaped sections, pipes, tubes, and hose and fittings therefor, sleeving for electrical cable, cable and extension reels for use therewith, filters and filtering materials, waterproofing articles and materials, and parts and fittings for the aforesaid goods; retail services connected with the sale of building materials (non-metallic), non-metallic rigid pipes for building, asphalt, pitch and bitumen, non-metallic transportable buildings, building and construction materials and elements, not of metal, pipes, tubes and valves, doors, gates, windows and window coverings not of metal, structures not of metal, non-metallic access covers and chambers, non-metallic grating, non-metallic drainage installations, channels, courses and pipes, non-woven fabrics for land drainage, non-electric, non-metallic ducting installations, tanks, tar and asphalt, stone, rock, clay and minerals, timber, wood and artificial wood, sealants, damp proofing membranes, roofing, flooring, tiles, and parts and fittings for the aforesaid goods; retail services connected with the sale of furniture, mirrors, picture frames, containers, not of metal, for storage or transport, unworked or semi-worked bone, horn, whalebone or mother-of-pearl, shells, meerschaum, yellow amber, furniture for bathrooms, bathroom fittings of common metal or common metal alloys, non-metallic hardware, non-metallic wall plugs, cleats and clips, pipe clips, containers

and closures, ladders, fastening, securing and locking devices, fasteners, fixings, fixing plugs and anchors, connectors, securing devices, pipe or cable clips, cleats, fixing plugs, coupling devices, joints, ball-joints, junctions, screws, bolts, locks, nuts, rivets, nails, clips, pins, collars, sleeves, clamps, rod ends, clevises, anchors, expansion plugs, frame anchors, frame fixings, hammer fixings, hollow wall anchors, anchor devices, sleeve anchors, drop-in anchors, cable drums (non-mechanical), mirrored tiles, non-metallic towel hooks and rails, shower curtain rails, shelves and racks, shelves of metal, and parts and fittings for the aforesaid goods; retail services connected with the sale of adhesives used in industry, solvents, fluxes, damp proofing membranes and preparations, mastics, industrial adhesives for use in metal working, plumbing and building, flushing agents for heating systems, chemical additives for boilers, water treatment chemicals, chemical compositions for use in construction, filtering media of chemical and non-chemical substances, putties, fillers and pastes for use in industry and construction, paints, varnishes, lacquers, preservatives against rust and against deterioration of wood, colorants, mordants, raw natural resins, metals in foil and powder form for use in painting, decorating, printing and art, thinners and thickeners for coatings, dyes and inks, additives for paints, cleaning, polishing, scouring and abrasive preparations, abrasives, sandpaper, sand cloths, sanding gloves, descaling preparations, polishing preparations, industrial oils and greases, lubricants, dust absorbing, wetting and binding compositions, fuels (including motor spirit) and illuminants, candles and wicks for lighting, electrical energy from renewable sources, oils for preserving concrete and masonry, pumps, compressors and fans, electric pumps, valves, water pumps, shower pumps, generators, construction equipment, moving and handling equipment, machines and machine tools for treatment of materials, cutting, drilling, abrading, sharpening and surface treatment equipment, power tools, power operated plumbing snakes, machinery and tools for cutting, stripping and laying of pipes and cables, dispensing machines and guns, hand tools and implements (hand-operated), lifting tools, household or kitchen utensils and containers, combs and sponges, brushes, except paintbrushes, articles for cleaning purposes, unworked or semi-worked glass, except building glass, glassware, porcelain and earthenware, bathroom fittings, soap boxes, soap dishes, soap dispensers, sponge holders, toothbrush holders, toilet utensils, toilet roll holders, towel rails, towel rings, bath racks of metal, toilet brush holders of metal, robe hooks, textiles and substitutes for textiles, household linen, curtains of textile or plastic, toilet covers, shower curtains, towels and flannels, carpets, rugs, mats and matting, linoleum and other materials for covering existing floors, wall hangings (non-textile), shower mats, bath mats, and parts and fittings for all the aforesaid goods; information, consultancy and advisory services relating to the aforesaid services.

Class 42:
Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; electronic data storage; calibration of measuring instruments; calibration services; testing of equipment; provision of energy efficiency advisory and consultancy services; design services; engineering services; surveying and exploration services; architectural and urban planning services; civil engineering; planning and design of buildings; design planning; design of engineered building systems; design of industrial and residential buildings; monitoring of building structures; quality control of building materials and completed buildings; research on building construction and development planning; technological research; architectural and engineering project management services; off-site building project management; project management (design); inspection of pipelines; project studies and professional consultancy services, all relating to bathrooms; geological, chemical, technical and scientific research services; geological surveys; industrial design services; materials evaluation and testing; technical consultancy services; materials testing; technical project studies; geological prospecting; consulting services relating to the science of water; engineering; land surveying; pilot plant and laboratory testing; mechanical engineering; information, consultancy and advisory services relating to the aforesaid.

## HELIO

Class 9:
Downloadable and recorded media content; downloadable electronic online media; downloadable electronic publications; downloadable electronic magazines, electronic bulletins and reports; multimedia recordings and publications; podcasts; computer software; computer programs; computer software to enable searching of data; artificial intelligence and machine learning software; artificial intelligence software; artificial intelligence software for analysis; agentic artificial intelligence software; software for the analysis of political, governmental and public affairs data.

Class 35:
Advertising and promotion services relating to relating to political, governmental and public affairs; business and market intelligence services; competitive intelligence services; business information services, all provided online from a computer database or by means of web pages on the Internet or by other forms of telecommunications; market research services; business monitoring and consulting services, namely, data and behaviour analysis to provide strategy, insight, and marketing guidance, and for analysing, understanding and predicting behaviour and motivations, and market trends; arranging, conducting, production and organisation of trade exhibitions, trade shows, business conferences and events; organising, arranging and conducting competitions, awards and award ceremonies for business or commercial purposes; business information and advisory services; interpretation and analysis of business or industry trends information; business strategy development services; strategic business consultancy; advertising, marketing and promotion services relating to political, governmental and public affairs; provision of commercial information,

provision of data and statistical information relating to political, government and public affairs; online data processing services, compilation, storage, analysis and retrieval of information and data; management of communication networks; provision of commercial and business information relating to politics; providing online business data and information analysis services, political analysis, statistical analysis and competitor tracking; preparation of reports; information, advisory and consultancy services relating to all the aforesaid.

Class 38:
Services for the transmission of information relating to political, governmental and public affairs by means of telecommunications; telecommunication of information, including web pages, computer programs and any other data electronic mail services; provision of telecommunications access and links to computer databases and the Internet; distribution and dissemination of news, press releases, and information by electronic means, telecommunication services; communication services; computer network communications; transmission of podcasts; transmission, broadcast, reception and processing of sound, data or images by computer, cable, electronic mail, television or satellite means; receiving and exchanging information, messages, text, sound, images and data; transmission and reception of data and information; broadcasting services; providing access to and leasing access time to computer data bases; online access to databases and reference material; leasing of access time to computer databases; online access to digital material and databases.

Class 41:
Publication services; online publication services; online publication of newsletters, reports, magazines, articles, and periodicals; providing online publications in the field of political, governmental and public affairs; arranging and organising of courses, seminars, webinars, lectures and workshops for educational purposes; publishing studies on trends and developments in the fields of political, governmental and public affairs; creation and production of podcasts; information, consultancy and advisory services relating to all of the aforesaid.

Class 42:
Hosting of online platforms for the provision of information relating to political, governmental and public affairs online from a computer database or provided from facilities on the Internet or by other forms of telecommunications; Internet search engine services; computer services facilitating the provision of and sharing of information over the Internet; providing temporary use of non-downloadable computer software and applications accessible via a website; providing temporary use of non-downloadable software that gathers and analyses data and information; online non-downloadable software for use in communication; design and development of databases; rental of databases for the storage of digitalised materials; hosting databases; hosting of online platform; hosting of communication platforms on the internet; hosting of podcasts; leasing of computer programmes; Platform as a Service [PaaS] featuring software platforms for transmission of images, audiovisual content, video content and messages; Platforms for artificial intelligence as software as a service [SaaS]; Software as a Service [SaaS] featuring software platforms for artificial intelligence; design, development or hosting information services relating to an online computer database in the fields of politics, government and public affairs; electronic storage of data relating to political, governmental and public affairs; design and development of interactive multimedia software; information, advisory and consultancy services relating to all of the aforesaid.

Class 45:
Political services; political advisory services; political consulting; political campaign consulting; political communications services; political information services; political research and analysis; analysis of political trends; provision of information relating to political, governmental and public affairs; information relating to politics; information, advisory and consultancy services relating to all of the aforesaid.

Generalist

International priority date claimed:
07 April 2026 (UNITED STATES OF AMERICA)

Class 7:
Robots and robotic arms for manufacturing, processing, handling and assembling goods; Robots for performing mechanical manipulation, assembly, and material handling tasks; Mechanical parts of robots, namely, actuators, drive units, and motorized joints; End-effectors, namely, end of arm robotic tools in the nature of mechanical gripping, holding, fastening, cutting, drilling, suctioning, carrying, lifting, folding, and material-handling tools, specifically adapted for manufacturing, processing, kitting, packing, and assembling goods.

Class 9:
Handheld electronic devices for data collection; Downloadable computer software for deploying robotic control models to robots and robotic grippers; Downloadable computer software and hardware for data processing in robotic applications, namely, edge processing software and hardware for executing computational models used in embodied robotic control; Downloadable computer software for operating, managing, and controlling robotic apparatus, namely, software for enabling dexterous manipulation, motion control, motion planning and sensorimotor coordination; Downloadable computer software for configuring, monitoring, and managing robotic systems and robotic components, namely, software for processing visual, positional, and force-related data generated during robotic interaction; Downloadable computer software for processing and analyzing data collected from robots, robotic components, and robotic sensors to support robotic performance, optimization and training; Downloadable computer software for collecting, receiving, and analyzing data generated from users manipulating robotic grippers; Downloadable computer software for measuring distance, position, proximity, and force applied by robotic end-effectors, namely grippers; Downloadable computer software for developing, training, and optimizing data driven computational models used in robotic perception and control; Downloadable software development kits (SDKs) for integrating robotic control functionalities, model training tools, and robotic manipulation data analysis into third party applications;

Electronic controllers for robots; Electrical integrated control systems for use in the field of robotics, namely, systems for coordinating multimodal input and high frequency robotic actions.

Class 42:
Providing temporary use of online non-downloadable computer software for deploying robotic control models to robots and robotic grippers; Providing temporary use of online non-downloadable computer software for data processing in robotic applications, namely, edge processing software for executing computational models used in embodied robotic control; Software as a service (SaaS) services featuring software for operating, managing, and controlling robotic apparatus, namely, software for enabling dexterous manipulation, motion control, motion planning, and sensorimotor coordination; Providing temporary use of online non downloadable computer software for configuring, monitoring, and managing robotic systems and robotic components, namely, software for processing visual, positional, and force related data generated during robotic interaction; Providing temporary use of online non downloadable computer software for processing and analyzing data collected from robots, robotic components, and robotic sensors to support robotic performance, optimization and training; Providing temporary use of online non downloadable computer software for collecting, receiving, and analyzing data generated from users manipulating robotic grippers; Providing temporary use of online non downloadable computer software for measuring distance, position, proximity, and force applied by robotic end-effectors, namely grippers; Platform as a service (PaaS) featuring computer software platforms for developing, training, and optimizing data driven computational models used in robotic perception and control; Providing online non downloadable software development kits (SDKs) for integrating robotic control functionalities, model training tools, and robotic manipulation data analysis into third party applications; Providing online non downloadable application programming interfaces (APIs) for enabling software applications to access robotic control functions, model training capabilities, and robotic manipulation data analysis tools; Research and development services in the field of robotics, namely, developing and testing data driven computational models for robotic manipulation, multimodal perception, and physical interaction; Design and development of computer hardware and software systems for embodied robotic control, namely, systems integrating multimodal input streams and robotic action outputs; Engineering services in the field of robotics, namely, designing, testing, and implementing robotic control architectures and embedded software for real time robotic operation.

## THE WORLD'S MOST EXPERIENCED DRIVER

Class 9:
Computer software; downloadable software; recorded software; computer hardware; computers; sensors; software for sensor operation; downloadable software for arranging, engaging, scheduling, managing, obtaining, booking, and coordinating travel, transportation, transportation services, ride-hailing, deliveries, and delivery services; downloadable software for the scheduling and dispatch of motorized vehicles; downloadable software for monitoring, managing, and tracking delivery of goods; downloadable software for requesting and ordering delivery services; downloadable software for planning, scheduling, controlling, monitoring, and providing information on transportation of assets and goods; downloadable software for tracking and providing information concerning pick-up and delivery of assets and goods in transit; downloadable software for accessing and providing online grocery and retail store services; downloadable software for providing and managing delivery of consumer goods, food, and groceries; downloadable real-time map software for tracking vehicles, trips, and deliveries; downloadable software for displaying transit routes; downloadable software for providing information on transportation and delivery services; downloadable software featuring information about food, grocery, and consumer products; downloadable software for users to administer, access, monitor, and manage loyalty programs and rewards; downloadable software for earning, tracking, and redeeming loyalty rewards, points, and discounts; downloadable software for issuing, setting up, distributing, and redeeming promotions, coupons, discounts, deals, vouchers, rebates, rewards, incentives, and special offers to customers; computer hardware and recorded software for the autonomous driving of motor vehicles; downloadable software in the nature of vehicle operating system software; downloadable software for autonomous vehicle operation, navigation, steering, calibration, and management; downloadable software for vehicle fleet management, namely, tracking fleet vehicles for commercial purposes; downloadable computer software for use as an application programming interface (API); recorded software and computer hardware for vehicle fleet launching, coordination, calibrating, direction, scheduling, booking, dispatching, and management; computer hardware and recorded software for use with vehicle cameras; recorded software for artificial intelligence (AI), machine learning, and deep learning; recorded software for artificial intelligence (AI), machine learning, and deep learning for data processing and contextual prediction, personalization, and predictive analytics; downloadable computer programs and downloadable software for artificial intelligence (AI), machine learning, and deep learning for use in connection with operating autonomous vehicles, systems, devices, and machinery; recorded software and computer hardware for use in connection with and for operating autonomous vehicles, systems, devices, and machinery; computer hardware and recorded software for operating vehicle cameras; downloadable computer software for use in operating and calibrating lidar; computer hardware for operating autonomous vehicles; navigational instruments for vehicles; laser object detectors; laser device for sensing objects; laser device for sensing outdoor terrain; audio detectors; laser device for sensing distance to objects in the nature of laser rangefinders; electric sensors for determining position, velocity, direction, and acceleration; perimeter sensors in the nature of sensors that measure the presence of objects in the environment and the speed, trajectory, and heading of objects; environmental sensors for measuring the presence of objects in the environment and the speed of objects; vehicle sensors, namely, environmental sensors for measuring the presence of objects in the environment and the speed of objects; sensors for determining position, velocity, direction, and acceleration; vehicle safety and detection equipment and hardware; safety and driving assistant systems comprised of sensors for determining position, velocity, direction, and acceleration of land vehicles; cameras; cameras for use with vehicles; downloadable data sets in the field of machine perception and autonomous driving technology.

Class 12:
Vehicles; self-driving transport vehicles; trucks; freight vehicles, namely, trucks and vans; shared transit vehicles; freight vehicles in the nature of land vehicles; autonomous land vehicles and structural parts thereof.

Class 35:
Business consultancy; business advice; business training; business management; business planning; business administration; business support services; advertising services; transportation services, namely, operations management relating to vehicles; transportation services, namely, tracking, locating, and monitoring of vehicles for commercial purposes; transport in the nature of transportation logistics services, namely, arranging the transportation of goods for others; freight logistics management; monitoring, managing, and tracking of transportation of persons and delivery of goods and packages in transit, for business purposes; providing a website featuring information for business management of transportation logistics services, namely, providing information about planning, coordinating, and tracking the transportation of

goods, freight, people, and conveyances; providing a website featuring information for transportation logistics management services, namely, about planning, coordinating, and tracking the transportation of people, and planning and scheduling shipments for users of transportation services; business data analysis; fleet management services in the nature of tracking, locating, and monitoring of fleet vehicles for commercial purposes; promoting the goods and services of others; arranging and providing discount programs that enable customers to obtain discounts on goods and services; administration of a customer loyalty program which provides discounted ride-hail rides; providing a website featuring information about discount and rewards programs; arranging and conducting incentive rewards programs to incentivize engagement with a ride-hailing platform; charitable services, namely, organizing and conducting volunteer programs and community service projects.

Class 39:
Transportation services; car rental services; truck rental services; rental of autonomous vehicles; truck transport; car transport; travel by land vehicles; transport of persons; transport of goods; delivery of goods; delivery by road; transportation and delivery services by autonomous vehicles; freight and cargo services; freight transportation; supply chain logistics and reverse logistics services, namely, storage, transportation, and delivery of goods for others; providing autonomous vehicle booking services; travel arrangement, namely, arranging time-based ride-hailing; transportation services, namely, coordinating the pickup and dropoff of passengers at designated or directed locations; transportation management services for others, namely, planning, coordinating, and tracking the transportation of people and conveyances; providing transportation information; providing a website featuring information regarding autonomous car transportation and delivery services and scheduling transportation services; providing a website featuring information in the field of transportation; providing a website featuring information regarding transportation services and bookings for transportation services; providing a website featuring information regarding delivery services and bookings for delivery services; providing a website featuring information about transportation management services in the nature of transportation of goods, namely, about planning, coordinating, and tracking the transportation of conveyances; charitable services, namely, transportation and delivery services by road.

Class 42:
Software as a service (SaaS) services; platform as a service (PaaS) services; online non-downloadable software; technical support services; software as a service (SaaS) services featuring software for sensor operation; platform as a service (PaaS) services featuring software for sensor operation; online non-downloadable software for sensor operation; online non-downloadable software for arranging, engaging, scheduling, managing, obtaining, booking, and coordinating travel, transportation, transportation services, ride-hailing, deliveries, and delivery services; online non-downloadable software for tracking, locating, and monitoring vehicles; online non-downloadable software for coordinating the transport and delivery of goods; online non-downloadable software for arranging, procuring, scheduling, engaging, coordinating, managing, and booking transportation and deliveries; online non-downloadable software for providing and managing delivery services; online non-downloadable software for providing and managing delivery of consumer goods, food, and groceries; online non-downloadable software for accessing and viewing transit information, schedules, routes, and prices; providing temporary use of online non-downloadable real-time map software for tracking vehicles and deliveries; providing a website featuring online non-downloadable software that enables users to request transportation; providing temporary use of online non-downloadable computer software for identifying trip delays and vehicle location; providing temporary use of online non-downloadable software for accessing transportation services, bookings for transportation services and dispatching motorized vehicles; online non-downloadable software for issuing, setting up, distributing, redeeming, and accessing promotions, coupons, discounts, deals, vouchers, rebates, rewards, incentives, and special offers; online non-downloadable software for vehicle fleet management; software as a service (SaaS) services featuring online non-downloadable computer software for use as an application programming interface (API); online non-downloadable software for vehicle coordination, navigation, calibrating, direction, and management for use with vehicle on-board computers; software as a service (SaaS) services featuring software for vehicle coordination, navigation, calibrating, direction, and management for use with vehicle on-board computers; online non-downloadable software for analyzing transportation and deliveries; electronic monitoring and reporting of transportation data using computers or sensors; online non-downloadable software for the autonomous driving of motor vehicles; online non-downloadable software for autonomous vehicle navigation, steering, calibration, and management; online non-downloadable software for visualization, manipulation, and integration of digital graphics and images; online non-downloadable software for artificial intelligence, machine learning, and deep learning; online non-downloadable software for use in operating and calibrating lidar; online non-downloadable software used for data analytics in the field of transportation; online non-downloadable software used for data analytics in the field of transportation fleet management; online non-downloadable open source software for use in data management; land and road surveying; surveying services and data collection and analysis in connection therewith; mapping services; online non-downloadable software for accessing location, GPS, and motion sensor data for safety and emergency response purposes; online non-downloadable software for emergency assistance; online non-downloadable software for safety and incident detection; providing data sets in the field of machine perception and autonomous driving technology; providing information about autonomous-vehicle and machine-perception research via a website; research, design, and development in the field of artificial intelligence; research, design, and development in the field of autonomous technology; research, design, and development in the field of perception and motion prediction; research, design, and development of computer hardware and software for use with vehicle on-board computers for monitoring and controlling motor vehicle operation; installation, updating, and maintenance of computer hardware and software for use with vehicle on-board computers for monitoring and controlling motor vehicle operation; research, design, and development of computer hardware and software for vehicle coordination, navigation, calibrating, direction, and management; research, design, and development of sensors and for structural parts thereof; research, design, and development of lasers for sensing objects and distance to objects, lasers for sensing indoor and outdoor terrain, lasers for measuring purposes, laser measuring systems, lidar (light detection and ranging apparatus), and laser equipment;

advanced product research, design, and development in the field of artificial intelligence in connection with autonomous vehicles; design and development of computer hardware and software; research, design, and development of vehicle software; technological, scientific and research services in the field of robotics, self-driving car and autonomous vehicle technology; providing virtual computer systems and environments through cloud computing for the purpose of training self-driving cars, autonomous vehicles and robots; virtual testing of self-driving cars, autonomous vehicles and robots using computer simulations; creation, development, programming and implementation of simulation software in the field of self-driving cars, autonomous vehicles and robots; creation of simulation programs for autonomous vehicles.

## NATURAL PROSPERITY

Class 9:
Computer software; mobile applications; mobile applications software; downloadable mobile applications; computer programs (downloadable software); all of the aforesaid for the field of investment, finance, natural capital markets, nature finance, nature restoration, land and habitat management, digital asset and cryptoasset management and transactions; computer applications for creating, authoring, downloading, transmitting, receiving, editing, extracting, encoding, decoding, displaying, storing and organising text, graphics, images, and electronic publications; computer databases; electronic databases; electronic numeric displays; computer software platform for users to raise money related to environmental, land and nature development and sustainability projects, biodiversity and global nature restoration projects, natural capital, habitat creation and restoration, rewilding, ecosystem services and biodiversity uplift; computer e-commerce software to allow users to perform electronic business transactions via a global computer network; computer software for e-commerce and exchange of digital assets; computer software for investing, fund raising, ownership and trading of digital assets; computer software for asset management; computer software to manage environmental and nature development and sustainability projects, biodiversity and global nature restoration projects, natural capital, habitat creation and restoration, rewilding, ecosystem services and biodiversity uplift, and the funding thereof; computer software providing investment platforms, fund platforms, asset management services; computer software for use in connection with the recording of legal, financial, business and other economic transactions in databases, including blockchain databases; downloadable newsletters, magazines or downloadable publications; downloadable graphics for use in mobile devices; downloadable software for land, estate and habitat management; downloadable software for mapping, modelling and assessing land, habitats, species and ecological condition; downloadable software for planning, costing, managing and monitoring nature restoration interventions; downloadable software for measuring, recording, verifying and reporting biodiversity and natural capital uplift; downloadable software for species recording and species registers; downloadable software for identifying, preparing and submitting applications for grants, subsidies and accreditations and for environmental reporting; downloadable software using artificial intelligence for the aforesaid purposes; computer software for operating an online marketplace connecting landowners and land managers with investors and funders; downloadable databases, data sets and reports relating to land, habitats, biodiversity and nature restoration; downloadable software for issuing, minting, holding, managing, transferring and exchanging cryptoassets, crypto tokens and blockchain-based tokens; downloadable software for use as a cryptoasset wallet; downloadable software for making, receiving and processing payments in cryptoassets, digital currency and digital tokens; downloadable digital tokens, including tokens issued by reference to measured or verified biodiversity or natural capital uplift; downloadable cryptographic keys for receiving and spending cryptoassets.

Class 35:
Business management for other companies; collection and systematisation of information into computer databases; computerised business information services; business administration, including conducting administrative services, for others, by means of outsourcing services in the field of asset management, financial consultancy and private equity investments, and undertaking environmental and economic analysis; business consultancy services relating to the marketing of fund raising campaigns; business intermediary services relating to the matching of potential private, corporate and institutional investors and funders with environment, land and nature projects, biodiversity and global nature restoration projects needing funding; provision of an on-line marketplace for buyers and sellers of digital assets; provision of an online marketplace connecting landowners, land managers and nature restoration projects with investors and funders; provision of an online marketplace for buyers and sellers of cryptoassets, digital tokens, biodiversity units and credits and natural capital assets; business consulting services related to digital assets; business consultancy related to environmental, land and nature development and sustainability projects, biodiversity and global nature restoration projects, natural capital, habitat creation and restoration, rewilding, ecosystem services and biodiversity uplift and funding thereof; business information services related to environmental, land and nature development and sustainability projects, biodiversity and global nature restoration projects, natural capital, habitat creation and restoration, rewilding, ecosystem services and biodiversity uplift and funding thereof; advertising and promotional services related to environmental, land and nature development and sustainability projects, biodiversity and global nature restoration projects, natural capital, habitat creation and restoration, rewilding, ecosystem services and biodiversity uplift; promoting public awareness of nature restoration, biodiversity and natural capital; business project management services for environmental, land and nature restoration projects; administrative services relating to the preparation and submission of applications for grants, subsidies and accreditations; compilation and maintenance of registers of land, habitats, species and nature restoration projects; data processing and business data analysis relating to land, biodiversity and natural capital; advertising and marketing services provided by means of social media; web-based marketing; intermediary services relating to advertising; business intermediary services in the field of selling products

and rendering services; consultancy, information and advisory services relating to the aforesaid.

Class 36:
Financial investment services; financial investment research services; equity capital investment; investment by electronic means; management of a capital investment fund; advisory services relating to investment, grants and financing of loans; capital investment brokerage; capital investment consultation; development of investment portfolios; private equity consultant services; private equity fund investment services; management of private equity funds; financial research and equity research brokerage services; providing investment funding; financial services, namely, raising debt and equity capital for others; providing information in the field of financial stock and equity markets; financial and investment consultancy services relating to environmental, land and nature development and sustainability projects, biodiversity and global nature restoration projects, natural capital, habitat creation and restoration, rewilding, ecosystem services and biodiversity uplift, and funding thereof; investment fund transfer and transaction services; fund investment consultation; fund investment services; funds investment; investment advisory services; investment analysis; investment brokerage; investment management services; investment of funds for others; management of investment portfolios; creating funding packages and financial frameworks for environmental, land and nature development and sustainability projects; electronic transfer of digital assets; arranging contracts regarding investments; equity and capital investment in relation to environmental, land and nature development and sustainability projects, and funding thereof; financial consultancy in relation to environmental, land and nature development and sustainability projects, natural capital, habitat creation and restoration, rewilding, ecosystem services and biodiversity uplift, and funding thereof; advisory services relating to financial matters; arranging and facilitating investment in and funding of environmental, land and nature restoration projects, natural capital, habitat creation and restoration, rewilding, ecosystem services and biodiversity uplift; financial intermediary services between landowners, land managers and investors; crowdfunding; arranging grants and finance for nature restoration projects; financial sponsorship of nature restoration projects; financial services relating to biodiversity units and credits and natural capital assets; financial valuation of land, natural capital and biodiversity uplift; provision of financial information relating to natural capital markets, nature restoration investment and cryptoassets; issuance of tokens of value; issuance, exchange, transfer and trading of cryptoassets and digital tokens; cryptoasset exchange services; virtual currency and digital currency services; cryptocurrency exchange and transfer services; payment services using cryptoassets, digital currency and digital tokens; processing of payments made in cryptoassets and digital currency; information, consultation and advisory services relating to the aforesaid.

Class 38:
Provision of access to online portals and platforms; provision of access to online portals and platforms, including AI platforms, relating to investments and capital; provision of access to online portals and platforms, including AI platforms, relating to environmental and nature development and sustainability projects, biodiversity and global nature restoration projects and funding thereof; communications by computer terminals; computer aided transmission of messages and images; electronic mail; communication by electronic means; communications services provided over the Internet; communications via multinational telecommunication networks; electronic bulletin board services; message sending; providing access to databases; transmission of digital files; data transmission and data broadcasting; transmission of financial information; automatic transfer of digital data using telecommunications channels; computer aided transmission of data; datacasting; data transfer; digital transmission of messages; electronic communication by means of chatrooms, chat lines and Internet forums; electronic delivery of documents; electronic exchange of data stored in databases accessible via telecommunication networks; information, advisory and consultancy services relating to the aforesaid.

Class 42:
Scientific and technological services and research and design relating thereto; research and development and consultation related thereto in the field of natural capital markets and management; research and development and consultation related thereto in the field of environmental, land and nature development and sustainability projects, biodiversity and global nature restoration projects; design of information systems relating to finance and funding of projects; digital asset management; providing a secure electronic online system featuring technology which allows the issuance, management, transfer, exchange and redemption of digital assets and crypto assets; carbon emissions calculations services; provision of information, advice and consultancy in relation to environmental, land and nature development and sustainability projects, biodiversity and global nature restoration projects, and carbon offsetting; collection of information relating to the environment; compilation of environmental information; consultancy services relating to environmental planning; consultancy services relating to research in the field of environmental protection; environmental consultancy services; environmental surveys; land surveying; land surveys; computer services, namely, creating an on-line platform for environmental, land and nature development and sustainability projects, biodiversity and global nature restoration projects and funding thereof; computer services, namely, creating an AI platform for environmental, land and nature development and sustainability projects, biodiversity and global nature restoration projects and funding thereof; hosting an on-line community website featuring information on environmental, land and nature development and sustainability projects, and funding thereof; providing a web site featuring technology that enables users to invest and explore investments; providing technology that enables users to promote environmental, land and nature development and sustainability projects, and funding thereof via a website; software as a service (SaaS) and platform as a service (PaaS) for land, estate and habitat management; software as a service (SaaS) and platform as a service (PaaS) for providing temporary use of non-downloadable software for mapping, modelling and assessing land, habitats, species and ecological condition; providing temporary use of non-downloadable software for planning, costing, managing and monitoring nature restoration interventions; providing temporary use of non-downloadable software for measuring, recording, verifying and reporting biodiversity and natural capital uplift; providing temporary use of non-downloadable software for species recording and species registers; providing temporary use of non-downloadable software for identifying, preparing and submitting applications for grants, subsidies and accreditations and for environmental reporting; providing

temporary use of non-downloadable software for operating an online marketplace connecting landowners and land managers with investors and funders; providing temporary use of non-downloadable software for issuing, minting, holding, managing, transferring and exchanging cryptoassets and digital tokens; providing temporary use of non-downloadable software for making, receiving and processing payments in cryptoassets, digital currency and digital tokens; artificial intelligence as a service (AIaaS); providing temporary use of non-downloadable artificial intelligence software for ecological modelling and nature restoration planning; development of methodologies, metrics and standards for measuring biodiversity, ecological condition and nature recovery; ecological and biodiversity surveys, assessment, monitoring and measurement; scientific measurement, monitoring and verification of biodiversity and natural capital uplift; biodiversity and natural capital calculation services; ecological modelling; habitat mapping; scientific research and consultancy relating to habitat restoration, rewilding and ecosystem services; scientific data analysis and data modelling relating to land, habitats and biodiversity; design, development and maintenance of software, databases and blockchain-based systems; blockchain as a service; data verification and authentication services using blockchain technology; information, advisory and consultancy services relating to the aforesaid.

Class 44:
Advisory and consultancy services relating to land management, agriculture, horticulture and forestry; advisory services relating to habitat creation, restoration and management; advisory services relating to rewilding, woodland, peatland and wetland restoration; preparation of land management and nature restoration plans; information, advisory and consultancy services relating to the aforesaid.

Class 45:
Licensing of intellectual property, including methodologies, metrics, data, models and computer software; regulatory compliance consultancy and auditing relating to environmental, land management and nature-related reporting obligations; reviewing standards and practices to assure compliance with environmental laws and regulations; information, advisory and consultancy services relating to the aforesaid.

**WO0000001939753**(35, 37, 39, 40, 41, 42, 45)
Office of Origin: EM

Date of International Registration: 22 July 2026
Date of Designation in the UK: 22 July 2026

Class 35:
Business data analysis services in the field of the aeronautical industry; retail and wholesale services in relation to aircraft engines; conducting of tests to determine employment qualifications; business advice relating to regulatory compliance; logistics business management in the field of air cargo logistics; logistics business management in the field of freight logistics; logistics business management in the field of air freight logistics; advisory services for companies with respect to logistics; company organization advice in the field of logistics means and facilities; business organization consulting services in the field of logistics means and facilities; computerized inventory management; electronic inventory management services; part and component inventory management for manufacturers and suppliers.

Class 37:
Construction of aeronautical infrastructures; aircraft maintenance, servicing and repair services; aircraft painting services; information relating to aircraft repair and maintenance; cleaning of aircraft exteriors and interiors; provision of information relating to aircraft repair and maintenance; aircraft maintenance, repair, cleaning and washing services; assembly of vehicle accessories; assembly of vehicle parts; assembly of parts for vehicles.

Class 39:
Advisory services in the field of aeronautical transport; parking for aircraft; rental of aircraft engines; logistics services with respect to transport; storage, transport and delivery of merchandise as logistics services.

Class 40:

Made-to-order manufacturing for third parties in the field of aeronautical and space vehicles; custom manufacturing services for third parties in the field of aeronautical and space vehicles; custom assembling of aircraft; made-to-order assembling of aircraft; custom manufacturing of aircraft; made-to-order assembling of aircraft engine pods; made-to-order manufacturing of propulsion systems for aircraft engine pods for third parties; made-to-order manufacturing services for third parties in the field of propulsion systems for aircraft engine pods; made-to-order assembling of materials for third parties; made-to-order assembling of products for third parties; made-to-order assembling of motors; made-to-order assembling of thrust reversers; made-to-order assembling of thruster units; custom assembling of aircraft engine pods; custom assembling of propulsion systems for aerospace vehicles.

Class 41:
Training in the field of piloting; advanced training; business training; vocational training; training and further training for personnel development; training in the field of data processing; organization of training courses; organization of computer training courses; organization and conducting of training seminars in the field of aeronautics; providing advice relating to training; conducting training courses; development of educational courses, examinations and qualifications; engineering training services; academic enrichment programs in the fields of science, technology, engineering and mathematics.

Class 42:
Technical aeronautical research; aircraft development services; aircraft design services; design of computer programs and software in relation to aircraft; quality testing of products for certification purposes; certification of goods [quality control]; quality control services for certification purposes; testing services for quality and standard certification; testing, analyzing and assessing services for third parties for the purpose of certification; testing of apparatus in the field of aeronautics for certification purposes; reference material certification services [quality tests]; tests, analysis and assessment services for third parties for the purpose of certification; testing, analysis and evaluation of services for third parties to determine compliance with certification standards; engineering design; engineering services; design and development of engineering products; engineering consultant services; drawing services for engineering; engineering services in the field of aerospace; electric and mechanical engineering services; computer engineering services; testing of apparatus in the field of electrical engineering; development and testing services in the field of engineering; testing of apparatus in the field of aeronautical engineering for certification purposes; technical planning and consultancy services in the field of light engineering; research with respect to design; advisory services with respect to industrial design; compliance testing services; compliance testing services; Software as a Service [SaaS] providing software for use in project management by means of tracking, management and analysis of estimates of the time dedicated to a task, project compliance, the time dedicated to a project and the workforce allocated to a project; provision of temporary use of non-downloadable software used in the workflow and tracking of aircraft repairs; AI as a Service [AIaaS] comprising software using artificial intelligence for writing customized algorithms and implementing algorithms in data streams; provision of non-downloadable computer software for performing numerical calculations using data-flow graphs in the field of high-performance computing; temporary provision of non-downloadable software online for inventory management.

Class 45:
Auditing services for regulatory compliance purposes in the field of aeronautics; advice with respect to regulatory compliance in the field of transport; regulatory compliance advice in the field of hazard identification and risk assessment.

Date of Designation in the UK: 27 July 2026

International priority date claimed: 13 February 2026 (EM) (019317141)

Class 10:
Medical apparatus and instruments; medical and surgical apparatus and instrument; veterinary apparatus and instruments; electrical apparatus and instruments for medical purposes; inhalers for medical use; medical apparatus for inhaling pharmaceutical preparations; eye droppers for medical use; injectors for medical purposes; medical apparatus and instruments for introducing and administering pharmaceutical preparations to the human body; medical implants made of artificial materials; valves for aerosol dispensers for medical use; closures for containers for medical purposes; rubber stopper for medical containers.

Class 20:
Closures for containers, non-metallic.

Class 40:
Processing and treatment of plastics; providing information and consultancy relating to the processing of plastics; consultancy relating to the manufacture of plastic preparations.

Class 42:
Design and development of medical technology; scientific research for medical purposes; design and development of computer software for use with medical technology; providing information in connection with the design and development of medical technology and scientific research for medical purposes; scientific and technological services and research and design relating thereto; industrial analysis, industrial research and industrial design, in particular tool construction and tool development.

International priority date claimed: 17 October 2025 (CH) (840237)

Class 9:
Downloadable electronic publications, including downloadable digital audio and video files, relating to various fields of instruction and training, with regard to instruction and training services provided by a university-level educational institution located and accredited in Switzerland; pre-recorded magnetic or optical data media, pre-recorded optical discs and digital versatile discs (DVDs), all relating to different fields of instruction and training, with reference to instruction and training services provided by an institution located and accredited in Switzerland; software platforms for distance learning, software platforms for provision of distance training and testing services, with reference to instruction and training services provided by a university-level educational institution located and accredited in Switzerland; software platforms for distance learning, software platforms for providing remote testing and training services, of Swiss origin; teaching apparatus and audiovisual apparatus, of Swiss origin; spectacles and protective helmets, from Switzerland.

Class 25:
Clothing; clothing for women; clothing for men; clothing for children; coats; parkas; raincoats; overcoats; jackets; trousers; skirts; tops; belts; suspenders; T-shirts [clothing]; shirts; tank tops; sweaters; sweatshirts; overalls; blouses; knitwear [clothing]; polo shirts; teddies; cardigans; bustiers; bottoms [clothing]; jeans; shorts; sweatpants; casual clothing and streetwear; sportswear for women; sportswear for men; sportswear for children; wedding dresses; combinations [clothing]; romper suits for babies; bathing suits; swimming shorts; bikinis; beach cover-ups; sundresses; down jackets; wind-resistant jackets; underwear; panties; underpants; brassieres; bralettes; corsets; nightwear; pajamas; nightgowns; dressing gowns; gloves [clothing]; hosiery articles; gaiters; neckties; long scarves; shawls; socks; footwear for women; footwear for men; children's shoes; sports shoes; sneakers; footwear; flip-flops; sandals; slippers; boots; hats; headwear of fur; scarves [clothing]; berets; headbands [clothing]; waterproof clothing; wind-resistant clothing.

Class 28:
Dolls, plush toys; video game apparatus; automatic video-game machines; games for laptops; kites; equipment and apparatus for gambling; electronic game apparatus for children's training, teaching and education; joysticks for video games.

Class 35:
Consulting services and commercial business management on behalf of third parties for the transfer of know-how (franchising) in the field of teaching and training, provided in Switzerland; personnel selection services in the field of instruction, provided in Switzerland; personnel selection services in the field of university-level teaching provided in Switzerland; promotional event planning services related to university-level teaching services provided in Switzerland.

Class 41:
Instruction, teaching, training and entertainment services provided in Switzerland; university-level teaching and educational services provided in Switzerland; personal training services for management and operation of educational institutions provided in Switzerland; teaching services via global computer networks (the Internet) and software applications, provided by a university-level educational institution located in Switzerland and accredited in Switzerland; career guidance services (consulting on instruction or training) with regard to higher education institutions and services located in Switzerland; club services (entertainment and education) provided in Switzerland; publication of books for use in teaching, electronic publication of books and periodicals online, online provision of publications relating to university-level teaching and training, all the aforesaid services provided in Switzerland; organization, presentation and production of shows and concerts, organization of sporting and cultural activities, organization of sports competitions and events, all the aforesaid services provided in Switzerland; organization of events and seminars in the field of university education and guidance towards post-secondary studies, information services relating to post-secondary education available in Switzerland.

Class 1:
Pharmaceutical and biological preparations for scientific purposes.

Class 5:
Pharmaceutical and biological preparations; pharmaceuticals and biological preparations for prophylactic, diagnostic, and therapeutic use in treating, preventing, and managing cancer; therapeutic agents for medical use, namely, proteins and derivatives, antibody-drug conjugates, immunostimulatory antibody-drug conjugates, antibodies with multiple drug or cytokine conjugates, multispecific antibodies, and engineered antibodies; pharmaceutical and biological preparations for the prevention, diagnosis and treatment of diseases for clinical, medicinal, therapeutic and diagnostic purposes; pharmaceutical and biological preparations for use in oncology.

Class 40:
Custom manufacturing of pharmaceuticals and therapeutic agents for medical use.

Class 42:
Research and development in the fields of pharmaceuticals, biologics, chemistry, protein engineering, proteins and derivatives, antibody-drug conjugates, immunostimulatory antibody-drug conjugates, antibodies with multiple drug or cytokine conjugates, multispecific antibodies, and engineered antibodies, oncology; providing medical scientific research information in the fields of pharmaceuticals, biologics, chemistry, protein engineering, proteins and derivatives, antibody-drug conjugates, immunostimulatory anti-drug conjugates, antibodies with multiple drug or cytokine conjugates, multispecific antibodies, and engineered antibodies, oncology, and immunology; drug discovery, custom design, and development services featuring therapeutic agents for the treatment and prevention of diseases; scientific investigations for medical purposes featuring clinical trials.

Class 1:
Chemicals used in industry in the form of coatings of biocompatible materials being components of implants, in particular of surgical, medical, orthopaedic and traumatological implants, dental implants and implants for mechanical stabilisation and fixing; preparations for the finishing of surfaces of biomaterials, in particular implants, wear and corrosion resistant components and structural components, precision tools and decorative utensils.

Class 6:
Common metals and alloys thereof, and forged and cast parts made from these materials; metal products, in particular semi-

finished goods and finished goods; forged implant blanks and casting blanks for implants of metal.

Class 10:
Surface-finished medical instruments and implants; endoprostheses, implants, surgical and medical instruments, articular protheses and artificial implants of the following materials: common metal and their alloys.

Class 39:
Packaging, in particular clean room packaging, of the following goods: medical apparatus and instruments, veterinary apparatus and instruments and surgical apparatus and instruments, surgical implants, medical, orthopaedic, traumatological and dental implants; labelling of the following goods: medical apparatus and instruments, veterinary apparatus and instruments and surgical apparatus and instruments, surgical implants, medical, orthopaedic, traumatological and dental implants.

Class 40:
Metal treating; chemical treatment of surfaces of metal; resistant marking of medical, veterinary, dental and surgical apparatus and instruments, medical, surgical, orthopaedic, traumatological and dental implants, in particular by laser marking; treatment of materials, namely application of coatings of biocompatible materials to implants for use in human and veterinary medicine, in particular to medical, surgical, orthopaedic and traumatological implants, dental implants and implants for mechanical stabilisation and fixing; surface finishing through material treatment of implants for use in human and veterinary medicine; surface finishing of biomaterials, in particular implants, wear and corrosion resistant components and structural components, precision tools and decorative utensils.

Class 42:
Computerised design of orthopaedic protheses, implants and implant blanks, construction of prototypes for research purposes and technical product development.

Downloadable mobile applications for accessing and streaming audiovisual and multimedia content via the internet and global communications networks; downloadable software for streaming audiovisual and multimedia content via the internet and global communications networks; downloadable software for streaming audiovisual and multimedia content to mobile digital electronic devices; digital media, namely, downloadable audio-visual media content in the fields of news, entertainment, sports, comedy, drama, music, and music videos; downloadable multimedia file containing video in the fields of news, entertainment, sports, comedy, drama, music, and music videos; downloadable films and movies in the fields of news, entertainment, sports, comedy, drama, music, and music videos provided via a video-on-demand service; downloadable television programs in the fields of news, entertainment, sports, comedy, drama, music, and music videos provided via a video-on-demand service; downloadable video recordings in the fields of news, entertainment, sports, comedy, drama, music, and music videos; digital media, namely, downloadable podcasts in the fields of news, entertainment and sports.

Class 35:
Advertising services; advertising and marketing; online advertising and marketing services; business-to-business advertising; online retail store services connected with the sale of downloadable audio-visual recordings in the fields of news, entertainment, sports, comedy, drama, music, and music videos.

Class 38:
Audio and video on demand transmission services; streaming of audio and visual content, namely, television shows, movies, live events, news programs, and documentaries on the internet; audio and visual broadcasting services; transmission and delivery of audio and visual content via the internet and wireless communications networks; broadcasting and streaming of audio-visual media content in the fields of news, entertainment, sports, comedy, drama, music, and music videos via a global computer network; electronic transmission of downloadable audio-visual media content in the nature of full-length, partial-length, and clips from motion pictures, television programming, videos, music videos, and music; electronic transmission of video and interactive games; podcasting services, namely, the transmission of podcasts; webcasting services; providing access to online forums for transmission of messages and blogs over the internet in the fields of news, current event reporting, entertainment, sports, comedy, drama, films, television, music, and music videos; providing online electronic bulletin boards for transmission of messages among users in the field of general interest; web messaging services; video-on-demand transmission services; providing online forums for transmission of messages among computer users featuring current event reporting, entertainment, sports, comedy, drama, music, and music videos.

Class 41:
Television programming; providing non-downloadable films and television shows via a video-on-demand transmission service; providing online non-downloadable video clips and other multimedia digital content containing audio, video, artwork, and/or text from or related to an ongoing television series; providing online information via a global computer network on the subjects of motion pictures, television programming, videos, music videos, and music; electronic publishing services, namely, publication of text, graphics, photographs, images, and audio-visual works of others online for streaming or downloading, featuring news, entertainment, sports, comedy, drama, faith, music, and music videos; production and rental of audio-visual works, specifically, motion pictures, television programming, videos, music videos, and music, for streaming or downloading in the fields of news, entertainment, sports, comedy, drama, music, and music videos; production and rental of audio-visual works, specifically, motion pictures, television programming, videos, music videos, and music, on CDs, DVDs, interactive discs featuring music and music videos; podcasting services, namely production of podcasts, in the fields of news, entertainment, sports, comedy, drama, faith, music, and music videos; rental of video games; providing entertainment information via a website; publication of television programming guides on the subjects of motion pictures, television programming, videos, music videos, and music tailored to viewer's programming preferences; providing non-downloadable audio-visual content, specifically, motion pictures, television programming, videos, music videos, and music, and video clips, audio clips, music clips, film clips, and photographs, in the fields of current event reporting, entertainment, sports, comedy, drama, faith, music, and music videos via a website; providing interactive games via a website.

Class 42:
Hosting of digital content on the Internet; hosting and maintaining a platform as a service (PAAS), namely, a streaming video on demand platform for an online community featuring audio-visual content in the fields of news, entertainment, sports, comedy, drama, music, and music videos; providing on-line non-downloadable mobile applications for accessing and streaming audiovisual and multimedia content via the internet and global communications

networks; providing on-line non-downloadable software for streaming audiovisual and multimedia content via the internet and global communications networks; providing on-line non-downloadable software for streaming audiovisual and multimedia content to mobile digital electronic devices; production of video and computer game software.

Class 3:
Cosmetics; cosmetic creams; oils for the skin (cosmetics); cosmetic oils; facial scrubs (cosmetic); serums for cosmetic purposes; anti-aging creams, not medicated; non-medicated balms; exfoliants; beauty masks; masks for the face (cosmetic); eye masks (cosmetic); body oil; soap free washing emulsions for the body; body scrubs; body lotions (other than for medical purposes); beauty care preparations; facial toners (cosmetic); skin toners; toners for cosmetic purposes; moisturising creams (cosmetic); body moisturisers; cosmetic moisturisers; facial moisturisers (cosmetic); moisturisers (cosmetics); moisturising skin lotions (cosmetic); cosmetic preparations for use on the body; cosmetic preparations for use on the face; moisturising preparations (cosmetic); cosmetic preparations; cosmetics in the form of gels; beauty gels; dermatological cosmetic preparations; dermatological creams (other than medicated); non-medicated creams for soothing the skin; non-medicated creams for protection of the skin; non-medicated protective creams; skin care creams (cosmetic); non-medicated skin care lotions (cosmetic); cosmetic skin care products; skin care products (cosmetic); non-medicated skin care products; non-medicated skin care beauty products; non-medicated products for skin care; skin care preparations (cosmetic); non-medicated cosmetics; makeup primers; beauty balm creams; skin, lip and hair balms and salves; body and facial washes and scrubs; shampoo; hair conditioners; haircare preparations and treatments; hair masks; non-medicated scalp treatments; cosmetic preparations for the scalp; conditioners in the form of sprays, balms and masks for the scalp; hair desiccating treatments for cosmetic use; hair preservation treatments for cosmetic use; facial toner; face masks for moisturising the skin and body masks; face and body serums; exfoliating creams; exfoliating body scrubs; clay skin masks; skin cleansers; cosmetic gels; deodorants; collagen preparations for cosmetic purposes; facial peel preparations; cosmetics containing hyaluronic acid; cosmetics containing glycolic acid; cosmetics containing keratin; skincare containing hyaluronic, glycolic or salicylic acid; pores tightening mask packs used as cosmetics; eye compresses for cosmetic purposes; cosmetic preparations for skin renewal; creams for firming the skin; cosmetic preparations for skin firming; moisturizer, toner, cleanser, creams and skincare preparations for firming the skin; anti-aging moisturizer, toner, cleanser, creams and skincare preparations; cosmetic preparations for slimming purposes; impregnated cosmetic wipes, tissues and towelettes; cleaning pads impregnated with cosmetics; cotton wool balls; cotton wool pads; cotton swabs; cotton buds; self-tanning preparations; tanning lotions, creams, gels, milks, oils; cosmetic preparations for eyelashes; teeth whitening kit; teeth whitening strips and preparations; toothpaste; tooth polish; tooth powder; dentifrices and mouthwashes; breath fresheners; hair care creams, lotions, tonics and mousses; cleaner for cosmetic brushes; cosmetic dyes; contour powder, cream and sticks; pomade for cosmetic purposes; beard oils, balm, lotions and tints; hair pomade; pre-shaving preparations; shaving preparations; shaving balm, lotion, foam, soap, creams, gels and oils; aftershave balm; preparations for use after shaving.

Class 5:
Medicated skincare preparations; medicated skin tonics; medicated skin creams; steroid creams; clay for treating skin conditions; elixirs for calming the skin; medicated creams for the protection of the skin; medicated preparations for treating skin disorders; pharmaceutical preparations for preventing skin blemishes; pharmaceutical preparations for hydrating the skin; medicated hair care preparations; medicinal hair growth preparations; medicated scalp treatments; feminine hygiene products; alcohol-based antibacterial skin sanitizer gels; skin care products, medicated; pharmaceutical preparations for treating and preventing skin and nail diseases; dermatological pharmaceutical preparations; pharmaceutical preparations and substances for the treatment of damaged skin and tissue.

Class 25:
Clothing, footwear and head wear used for normal dress purposes (including for sports); clothing; clothing of linen; footwear; headgear; shoes; shirts; T-shirts; hats; underwear; suits; boots; socks; scarves; shorts; dresses; articles of clothing; clothing made of cotton; jackets (clothing); bottoms (clothing); jumpsuits (clothing); waist belts (clothing); headscarves (clothing); skirts; gloves (clothing); leggings; tank tops; hooded tops; sweatshirts; pullovers; outerwear; beachwear; coverups; caps being headwear; shapewear; athletic tops and bottoms for yoga; casual clothing.

Class 35:
Online marketing; online advertising; online retail store services connected with the sale of toiletries; providing consumer product advice relating to cosmetics; providing consumer product information connected with the sale of cosmetics; on-line retail store services connected with the sale of beauty implements for animals; retail and wholesale services for skin, eye and nail care products; online retail services connected with the sale of cosmetics; online retail sale services connected with the sale of cosmetics; retail services connected with the sale of toiletries; on-line retail store services connected with the sale of cosmetic and beauty products; on-line retail store services connected with the sale of cosmetic and beauty products, clothing and accessories; on-line retail store services connected with the sale of cosmetics and beauty products; on-line retail services connected with the sale of cosmetics; online retail store services connected with the sale of cosmetic and beauty products; on-line retail saleservices connected with the sale of cosmetics; online retail store services connected with the sale of cosmetic and beauty products; on-line retail store services connected with the sale of toiletries; retail and

wholesale services connected with the sale of body cleaning and beauty care preparations, including make-up, soaps and gels; retail and wholesale services connected with the sale of perfumery products and essential oils; retail and wholesale services for perfumery and essential oils; retail and wholesale services connected with the sale of skin, eye and nail care products; retail or wholesale services for cosmetics; retail or wholesale services for soaps; wholesale and retail store services connected with the sale of beauty and personal care products; retail services or wholesale services for cosmetics, toiletries, dentifrices, soaps and detergents; retail and wholesale services connected with the sale of cosmetic bath products, deodorants and antiperspirants; retail and wholesale services for cosmetic bath products, deodorants and antiperspirants, skin, eye and nail care products.

Class 44:
Beauty treatments; beauty consultancy; beauty care; beauty therapy treatments; providing information about beauty; human hygiene and beauty care; consultancy provided via the Internet in the field of body, hair and beauty care; hair treatment, hair restoration; hair care services; personal hair removal services; consultation services relating to skin care; consulting services relating to health care; diet planning and supervision; dietary advice; health assessment surveys; health consultancy; providing consultation in the field of beauty, cosmetics, nutrition and health; information on beauty, cosmetics, nutrition and health provided via a website.

# NVIDIA HALOS

International priority date claimed: 20 February 2026 (JM) (96723)

Class 9:
Computer hardware; downloadable software; downloadable software for system safety, cybersecurity, inspections, monitoring, testing, compliance, certification, validation, abstraction, data management, workflows, inter-process communication, scheduling, error detection and correction, foundations, calibrating, controlling, training, system behavior adjustments, system isolations, critical system checks, system communications, hardware integration, artificial intelligence (AI) perception, safety logic, accessing and interpreting camera data, hypervisors, contingency planning, and system guardrails; downloadable software for operating system safety, cybersecurity, inspections, monitoring, testing, compliance, certification, validation, abstraction, data management, workflows, inter-process communication, scheduling, error detection and correction, foundations, calibrating, controlling, training, system behavior adjustments, system isolations, critical system checks, system communications, hardware integration, artificial intelligence (AI) perception, safety logic, accessing and interpreting camera data, hypervisors, contingency planning, and system guardrails; downloadable software for autonomous systems and machines, namely, software providing guardrails, rules, logic, operational functionality, scheduling, monitoring, controls, communications, sensors, testing, and compliance; downloadable software for integration, monitoring, inspection, compliance, control, scheduling, training, and behavior modification of hardware, compute platforms, high performance computers, computer processors, GPUs, machines, robots, autonomous systems and machines, and autonomous vehicles; downloadable software comprising middleware, sensor, and abstraction layers, schedulers, communication libraries, system frameworks for use in autonomous applications; downloadable software using artificial intelligence agents and modules for monitoring, controlling, testing, training, moving, and mobilizing autonomous machines, robots, robotaxis, and autonomous vehicles; downloadable software in the nature of full stack platforms for autonomous operations consisting of comprehensive safety systems, monitoring, and compliance, infrastructure, operating system software, middleware, software applications; downloadable software for unifying real-time artificial intelligence processing, functional safety monitoring, and edge computing into an integrated safety platform; downloadable software for implementing functional safety protocols in autonomous and semi-autonomous systems; downloadable software for real-time artificial intelligence inference at the network edge; downloadable software for managing and orchestrating safety-critical computing workloads; downloadable software for monitoring, diagnosing, and ensuring compliance with functional safety standards in computing systems; downloadable software for integrating safety-certified computing functions with artificial intelligence decision-making in real-time applications; downloadable software for developing, deploying, and managing safety-critical artificial intelligence applications at the network edge; downloadable software for real-time monitoring and enforcement of functional safety standards in artificial intelligence computing systems; downloadable software for training, simulating, and validating autonomous vehicle systems at scale; downloadable software for providing a safety evaluation framework for autonomous driving systems from driver assistance to autonomous operation; downloadable software for building and documenting safety cases for autonomous and semi-autonomous vehicle systems; downloadable software for cloud-based development infrastructure enabling autonomous vehicle training, simulation, and validation; downloadable software for real-time artificial intelligence inference in autonomous vehicles; downloadable software incorporating tools and guidelines for evaluating functional safety of autonomous driving systems; recorded software; preinstalled software; downloadable software development kits (SDKs); downloadable software development tools; downloadable software featuring libraries for software development; downloadable artificial intelligence software; downloadable software for facilitating data transmission, data collection, data analysis, and decision-making; downloadable software for simulation, modeling and data processing for use in data visualization, data analysis, data mining, data interpretation, predictive analytics, accessing and editing large-scale data; downloadable software for use in general purpose computation, manipulation of collections of data, data analysis, image content analysis, information analysis, data transformation, data input/output, communications, speech recognition, graphics display, modeling and testing for use in the fields of artificial intelligence, deep learning, high performance computing, distributed computing, virtualization and machine learning; downloadable software for data management, analytics and pattern and activity recognition; downloadable software for artificial intelligence, machine learning, deep learning, statistical learning, supervised learning, unsupervised learning, data mining, predictive analytics, business intelligence, and computer vision; downloadable software, namely, knowledge-based artificial intelligence platforms, data analytics platforms, and automation platforms; downloadable software for deploying, distributing, configuring, testing, installing, upgrading, updating, customizing, debugging, and managing other software; downloadable software for data and application migration; downloadable electronic data files featuring source code, text, and images; downloadable electronic publications; downloadable computer software using

machine learning for creating data models; downloadable machine learning software for enabling computers to learn to perform tasks autonomously; downloadable computer software using machine learning for developing predictive models; downloadable and recorded computer programs for monitoring the performance of computer systems; downloadable operating system software for robots; downloadable software for machine learning for use in robots; downloadable application programming interfaces (APIs); downloadable computer software libraries; downloadable data sets for generating, processing, understanding and analyzing natural language, speech, text, images, video, audio, software code and structured and unstructured data, namely, data sets for training, testing, validating, evaluating, and monitoring artificial intelligence models for autonomous vehicles, robots, autonomous machines, and safety-critical physical AI systems, including generative artificial intelligence models, multimodal models, computer vision models, speech and audio models, recommendation models, embedding models and other machine learning and foundation models; downloadable data sets for generating and executing autonomous tasks in response to exposure to data using machine learning and artificial intelligence for training, testing, validating, evaluating, and monitoring artificial intelligence models for autonomous vehicles, robots, autonomous machines, and safety-critical physical AI systems; downloadable data set for the collection, transmission, management, analyzing, reviewing and displaying of data, text, images, audio, video and multimedia content for training, testing, validating, evaluating, and monitoring artificial intelligence models for autonomous vehicles, robots, autonomous machines, and safety-critical physical AI systems; downloadable data sets for developing, training, fine-tuning, testing, evaluating, deploying and monitoring artificial intelligence models, large language models (LLMs) and other machine learning and generative artificial intelligence models, including multimodal, computer vision, speech, recommendation and embedding models for autonomous vehicles, robots, autonomous machines, and safety-critical physical AI systems.

Class 42:
Providing online non-downloadable software; providing online non-downloadable software for system safety, cybersecurity, inspections, monitoring, testing, compliance, certification, validation, abstraction, data management, workflows, inter-process communication, scheduling, error detection and correction, foundations, calibrating, controlling, training, system behavior adjustments, system isolations, critical system checks, system communications, hardware integration, artificial intelligence (AI) perception, safety logic, accessing and interpreting camera data, hypervisors, contingency planning, and system guardrails; providing online non-downloadable software for operating system safety, cybersecurity, inspections, monitoring, testing, compliance, certification, validation, abstraction, data management, workflows, inter-process communication, scheduling, error detection and correction, foundations, calibrating, controlling, training, system behavior adjustments, system isolations, critical system checks, system communications, hardware integration, artificial intelligence (AI) perception, safety logic, accessing and interpreting camera data, hypervisors, contingency planning, and system guardrails; providing online non-downloadable software for autonomous systems and machines, namely, software for providing guardrails, rules, logic, operational functionality, scheduling, monitoring, controls, communications, sensors, testing, and compliance; providing online non-downloadable software for integration, monitoring, inspection, compliance, control, scheduling, training, and behavior modification of hardware, compute platforms, high performance computers, computer processors, GPUs, machines, robots, autonomous systems and machines, and autonomous vehicles; providing online non-downloadable software comprising middleware, sensor, and abstraction layers, schedulers, communication libraries, system frameworks for use in autonomous applications; providing online non-downloadable software using artificial intelligence agents and modules for monitoring, controlling, testing, training, moving, and mobilizing autonomous machines, robots, robotaxis, and autonomous vehicles; providing online non-downloadable software for unifying real-time artificial intelligence processing, functional safety monitoring, and edge computing into an integrated safety platform; providing online non-downloadable software for implementing functional safety protocols in autonomous and semi-autonomous systems; providing online non-downloadable software for real-time artificial intelligence inference at the network edge; providing online non-downloadable software for managing and orchestrating safety-critical computing workloads; providing online non-downloadable software for monitoring, diagnosing, and ensuring compliance with functional safety standards in computing systems; providing online non-downloadable software for integrating safety-certified computing functions with artificial intelligence decision-making in real-time applications; providing online non-downloadable software for developing, deploying, and managing safety-critical artificial intelligence applications at the network edge; providing online non-downloadable software for real-time monitoring and enforcement of functional safety standards in artificial intelligence computing systems; providing online non-downloadable software for training, simulating, and validating autonomous vehicle systems at scale; providing online non-downloadable software for providing a safety evaluation framework for autonomous driving systems from driver assistance to autonomous operation; providing online non-downloadable software for building and documenting safety cases for autonomous and semi-autonomous vehicle systems; providing online non-downloadable software for cloud-based development infrastructure enabling autonomous vehicle training, simulation, and validation; providing online non-downloadable software for real-time artificial intelligence inference in autonomous vehicles; providing online non-downloadable software incorporating tools and guidelines for evaluating functional safety of autonomous driving systems; software as a service (SaaS); cloud computing services featuring software for use in artificial intelligence monitoring, compliance, safety, training, control, behavior modification, and assessment; providing online non-downloadable software development kits (SDKs); providing online non-downloadable software development tools; providing online non-downloadable software featuring libraries for software development; providing online non-downloadable artificial intelligence software; providing online non-downloadable software for facilitating data transmission, data collection, data analysis, and decision-making; providing online non-downloadable software for simulation, modeling and data processing for use in data visualization, data analysis, data mining, data interpretation, predictive analytics, accessing and editing large-scale data, interactive visual computing, design of information graphics,

and maximizing graphics processing and performance; providing online non-downloadable software for use in general purpose computation, manipulation of collections of data, data analysis, image content analysis, information analysis, data transformation, data input/output, communications, speech recognition, graphics display, modeling and testing for use in the fields of artificial intelligence, deep learning, high performance computing, distributed computing, virtualization and machine learning; providing online non-downloadable software for data management, analytics and pattern and activity recognition; providing online non-downloadable software for artificial intelligence, machine learning, deep learning, natural language generation, statistical learning, supervised learning, unsupervised learning, data mining, predictive analytics, business intelligence, and computer vision; providing online non-downloadable software, namely, knowledge-based artificial intelligence platforms, data analytics platforms, and automation platforms; providing online non-downloadable software for enhancing computer performance and for operation of integrated circuits, semiconductors, computer chipsets, micro-processors, GPUs, and dpus; providing online non-downloadable software for deploying, distributing, configuring, testing, installing, upgrading, updating, customizing, debugging, and managing other software; providing online non-downloadable software for data and application migration; computer software technical support services, technical information and technical support regarding software patches, upgrades and updates; advanced product research in the field of artificial intelligence; providing information relating to computer technology; providing information relating to computer programming; providing information relating to computer programs; providing computer hardware and software information online; platform as a service (PaaS) services; infrastructure as a service (IaaS); artificial intelligence as a service (AIaaS) services; hosting of computer platforms; artificial intelligence as a service (AIaaS) services featuring software using artificial intelligence for integrating computer models; research in the field of autonomous car technology; technology consultation in the field of artificial intelligence (AI); application service provider (ASP), namely, hosting computer software applications of others; scientific and technological services and research and design relating thereto; quality control and authentication services; providing information in the fields of technology and software development via an on-line website; providing information relating to computer technology and programming via a website.

BJJLINK

International priority date claimed: 12 March 2026 (AU) (2635250)

Class 9:
Computer software; application software; personal computer application software; software for accessing information on a global computer network; downloadable software applications (apps); downloadable or recorded video game software; computer game programs; downloadable software via the Internet and wireless devices; downloadable software in the field of social networking; downloadable software in the nature of a mobile application software to enable uploading, posting, showing, displaying, tagging, blogging, sharing or otherwise providing electronic media or information over the Internet or other communications network; audio recordings, video recordings and audio-visual recordings; digital music (downloadable); digital audio recordings and digital audio visual recordings; downloadable educational course materials; digital recording media; audio and video recordings; computer software for controlling the operation of audio and video devices; computer programs for use in telecommunications; computer programs for project management; video recording apparatus; sound recording apparatus; holograms; data communications apparatus and instruments; games software.

Class 25:
Clothing, footwear and headgear.

Class 35:
Advertising; business management; business organisation; business administration; office functions; retail services

for goods relating to mixed martial arts and combat sports, namely training equipment for use in mixed martial arts and combat sports, sporting equipment for use in mixed martial and combat sports and clothing, footwear and headgear for use in mixed martial arts and combat sports; wholesale services for goods relating to mixed martial arts and combat sports, namely training equipment for use in mixed martial arts and combat sports, sporting equipment for use in mixed martial and combat sports and clothing, footwear and headgear for use in mixed martial arts and combat sports; the bringing together, for the benefit of others of, a variety of goods (excluding the transport thereof), namely training equipment for use in mixed martial arts and combat sports, sporting equipment for use in mixed martial and combat sports and clothing, footwear and headgear for use in mixed martial arts and combat sports, enabling customers to conveniently view and purchase the goods; provision of an online marketplace for buyers and sellers of goods and services, including digital collectibles, goods which are authenticated by non-fungible tokens (NFTs) and other digital or virtual assets; export and import agency services (not being transport services); product merchandising; sports merchandising, including in respect of pickleball and racquet sports; display services for merchandise; public relations; marketing; communications marketing; branding services, namely, consulting, development, strategy, and marketing of brands; providing marketing consulting in the fields of social media, social media marketing analysis, preparation of custom advertisements, preparing and placing advertisements and social media marketing campaigns; preparing advertisements for others in the nature of audiovisual and interactive presentations; preparing promotional and merchandising material; arranging, compiling and publishing merchandising catalogues and other promotional material; sponsorship (promotion and marketing services); promotion of goods and services through sponsorship of sports events; promotion, marketing and advertising services for sporting competitions, tournaments, coaching, development programs and other sports-related products and services, including in respect of pickleball and racquet sports; online auction services; organisation of competitions for advertising purposes; administration of bonus, loyalty and reward programs being the supply of gifts, discounts and other rewards; administration of promotion services enabling consumers to obtain discounts, vouchers, special offers, points and tokens of value for the goods and services of others; business data analysis; business planning; preparation of payrolls; inventory management; consultancy and advisory services relating to the aforesaid services; the provision of information regarding the aforesaid services.

Class 36:
Payment management services; payment administration services; payment processing; financial management; payment transaction card services; payment and funds verification services.

Class 38:
Internet communication; telecommunications; providing access to a website on a global computer network for the purpose of social networking; chatroom services; web casting services; communication by computer and mobile electronic devices; providing access to computer, electronic and online databases; electronic transmission of data, messages and information; providing online forums for communication on topics of general interest; providing online communications links which transfer web site users to other local and global web pages; facilitating access to third party web sites via a universal login; providing online chat rooms and electronic bulletin boards; audio, text and video broadcasting services over computer or other communication networks namely, uploading, posting, displaying, tagging, and electronically transmitting data, information, audio and video images; transmission of podcasts; providing telecommunication facilities that enable the sharing of blogs, photos, videos, podcasts, and other audio-visual materials; providing telecommunication facilities that enable the creation and updating of personal electronic web pages featuring user-provided content.

Class 41:
Providing information about education, training, sporting equipment rental, sporting and cultural activities; organisation and conducting of entertainment, sporting and cultural activities; martial arts instruction; sports and fitness training services; physical fitness assessment services for training purposes; personal fitness training; consultancy related to physical fitness training; martial arts school services; entertainment services; entertainment services in the nature of martial arts contests; television entertainment services; education and training services; provision of entertainment by means of television, radio, cinema, cable television, satellite television and the Internet; conducting entertainment events, cultural events, live sports events, and entertainment and cultural activities; production of films, and audiovisual and television programmes; production and distribution of radio and television programmes; audio, film, video and television recording services; production of educational and instructional materials; radio entertainment; television entertainment; theatre entertainment services; recreation and training services; sporting activities; education services; providing instruction in the field of exercise; advisory services relating to training; sports coaching and instruction; information relating to education and entertainment provided on-line from a computer database or the Internet; life coaching [training services].

Class 42:
Software as a service (SaaS); providing online non-downloadable software; providing web-based non-downloadable software applications; creation, design, hosting and maintenance of websites; website development; computer software development; maintenance of software; design and development of software in the field of mobile applications; design of computer database software; platform as a service [PaaS]; hosting of software as a service [SaaS]; an application service provider (ASP) featuring software for use with mobile devices, tablet, and computers for tracking, storing, and displaying personal performance data for various fitness activities; ASP featuring application programming interface (API) software for connecting and interacting with software applications on mobile devices, tablets, and computers to track, store, and display personal performance data for various fitness activities; including all of the foregoing services featuring artificial intelligence; provision of information, advisory and consultancy services in relation to the foregoing.

Class 45:
Online social introduction and networking services; providing information, including online, about personal and social services meeting the needs of individuals; licensing of

computer software and other technology; provision of information, advisory and consultancy services relating to the aforementioned services; spiritual consultancy.

APTUS SIMPLY THE PETS

International priority date claimed: 11 December 2025 (EM) (019289786)

Class 3:
Dental care preparations for animals; non-medicated hair shampoos; shampoos for pets [non-medicated grooming preparations]; non-medicated cosmetics; non-medicated oils; non-medicated toiletries; non-medicated toilet soaps.

Class 5:
Medicated shampoos for pets; sanitary preparations for veterinary use; probiotic bacterial formulations for veterinary use; diagnostic preparations for medical or veterinary purposes; reagent paper for medical or veterinary purposes; veterinary preparations and substances; anti-infective products for veterinary use; dietary supplements for pets; vitamins for animals; vitamins and vitamin preparations; mineral nutritional supplements; disinfectants for veterinary use; lotions for veterinary purposes; diagnostic preparations for veterinary purposes; bacterial preparations for veterinary purposes; food supplements for veterinary use; feed supplements for veterinary use; nutritional supplements for veterinary use; antiparasitic preparations for pets; antiparasitic collars for animals; pharmaceutical preparations for animal skincare.

Class 31:
Foodstuffs and fodder for animals; beverages for pets.

Class 35:
Marketing services in the field of animal feed, veterinary medicines, and animal hygiene products.

Office of Origin: DE

Date of International Registration: 03 December 2025
Date of Designation in the UK: 03 December 2025

International priority date claimed: 04 June 2025 (DE) (30 2025 005 372)

Class 1:
Chemical substances, chemical materials, chemical preparations and unprocessed synthetic resins; industrial chemicals, chemicals for use in science, agriculture, horticulture and forestry, chemical preparations for use in photography; brake fluid; coolants; refrigerants.

Class 4:
Lubricants and industrial greases, waxes and fluids; industrial oils and greases, wax; industrial greases for vehicles, in particular brake paste.

Class 6:
Metallic mountings; expansion bolts; spring-retracted hose reels of metal; springs; retaining [fixing] devices of metal; small items of metal hardware; metal connectors for pipes and hoses; racking [structures] and frameworks of metal; racks [structures] of metal; nuts; hose fittings and pipe joints of metal; flexible tubes of metal; fittings for hoses including valves therefor; hose clamps of metal; screws of metal; washers of metal for hardware; expansion bolts of metal; curved washers of metal; nuts of metal; screws of metal; washers of metal; wheel clamps [boots].

Class 7:
Pumps, compressors; industrial robots; machines for material processing and the production of vehicles and vehicle parts, machine tools and power-operated tools; engines and motors, other than for land vehicles; machine coupling and transmission components, except for land vehicles; machines, motors, except for the aforementioned goods for land vehicles and aircrafts; components for motors and engines and drives of all kinds (except for aircrafts); electric motors and component parts for electric motors, except for the aforementioned goods for land vehicles and aircraft; control mechanisms for engines or motors (except for aircrafts); electric starters for motors and engines, except for the aforementioned goods for aircrafts; motorized electric generators (except for aircrafts); master cylinders; pumps [machines]; fuel pumps; controlled volume pumps; controllers and regulators as parts of machines or engines for use in connection with pumps and pump installations; engine control elements, namely butterfly valves, idle speed regulators, linear actuators, air control valves, air flap actuators, exhaust gas recirculation valves, except for the aforementioned goods for aircrafts; fuel injectors, fuel injection

systems for engines; injectors for engines (except for aircraft engines); sparking plugs for internal combustion engines, except for the aforementioned goods for aircraft engines; glow plugs for diesel engines, except for the aforementioned goods for aircraft engines; filters for cleaning air; filters for cleaning air for motors and engines; oil filters for motors and engines and oil filters for machines; fuel filters; catalytic converters; gas filtering devices and mechanisms as parts of exhaust apparatus for vehicles; components of exhaust apparatus for vehicles, namely catalytic converters and filters as well as adapted accessories for the aforementioned goods, including the necessary holders and fixings; electrically heated converters for hot gases as parts of vehicle exhaust systems; superchargers; turbo compressors; control mechanisms for machines; controllers for machines and motors for motor vehicle parts for use in relation to butterfly valves, camshafts; machine coupling and transmission components, including gear shifts except for land vehicles; drive belts, transmission belts, fan belts, V-ribbed belts, variator belts, timing belts, nubbed belts, two-sided timing belts, flat belts, elevator belts as component parts of machines; belts for outdoor power apparatus; timing belts; component parts of machines, namely springs [machine components]; machine or engine components, namely shock absorber plungers, connecting rods, crank shafts, camshafts, universal joints [cardan joints], propeller shafts, engine mounts, hydro-mounts, rotary vibration dampers, controllers as actuators; all the foregoing except for aircraft engines, aircraft piston engines and aircraft turbine engines and parts and controls therefor; valves [components for machines]; mechanical jacks for vehicles; lifts for use with vehicles; washing installations for windscreen and headlights cleaning apparatus; components for motors and engines and drives of all kinds; electric motors and component parts for electric motors, except the aforementioned goods for land vehicles and aircrafts; control mechanisms for engines or motors; electric starters for motors and engines, except the aforementioned goods for aircrafts; motorized electrical generators; automatic conveyor installations; steam traps; linings for brakes; petrol injectors; butterfly valves; power-operated lifts for moving, parking and storing land vehicles; electric door openers-closers; electric water pumps; electric butterfly valves; electronic butterfly valves; guide rollers as parts of machines; free wheel generators; hydraulically operated apparatus as driving devices for parking systems and parking devices; hydraulic pumping units; fuel pressure regulators [parts of machines]; fuel conveyor units; fuel regulating apparatus [parts of machines]; generators for land vehicles; linear actuators; ventilation flap servomotors; mechanical parking systems; motors and engines, drives, parts of machines and controls for the operation of machines and motors and engines; control valves [parts of motors and engines]; control elements [parts of motors and engines]; opening and closing mechanisms; parking devices for motor vehicles; parking systems for motor vehicles; valves operated automatically by pneumatic control; pneumatic hoists; pneumatic valve actuators; pneumatic control apparatus for machines; pneumatic transporters; stacker cranes and elevators for loaded or unloaded platforms; belt drive components; robots; automated robotic handling apparatus for loading and unloading of goods; robotic mechanisms for lifting; robotic mechanisms being parts of loading-unloading machines and apparatus; robotic mechanisms for conveying; robotic mechanisms used in agriculture; self-propelled agricultural machines or mechanical machinery and parts thereof; tensioner pulley; control mechanisms for robotic machines; parts of robots; torsional vibration dampers; turbochargers; idler pulleys; vacuum pumps; valves for pressure regulators [parts of machines]; variable valve timing (VVT) solenoid valve [parts of engines]; water pumps; blowing machines and fan modules for vehicles; blowing modules; blowing systems for vehicles; fan motors for vehicles; fuel injection devices for diesel engines, piezo injectors [fuel injectors]; cylinders for motors; bleedings devices [machine tools] for brakes; electric motors for operating vehicle windows; mechanical actuators for valves and flaps in automotive engines and exhaust apparatus.

Class 8:
Fastening and joining tools; brake caliper spanners; bushing removal devices; adjusting spanners; hand-operated hand tools for use in spring installation; hand-operated tools and implements for treatment of materials, and for construction, repair and maintenance; hand-operated tools and hand-operated devices; hand-operated tools for working on brake calipers for vehicles and brake linings for vehicles; hand-operated tools for installing and repairing fuel delivery and injection systems in motor vehicles; hand-operated scrapers for removing ice from vehicle windows; hand tools for repairing motor vehicles; hand tools for installing, testing and checking vehicle braking systems, fuel delivery and injection systems; piston turning tools; piston clamps; piston return devices; repair hand tools for motor vehicles, in particular brake fluid filling tools; spanners; protective cap pullers and pushers; socket spanners; hand-operated hand tools for assembling brake drums; pliers.

Class 9:
Recorded content; information technology and audio-visual, multimedia and photographic equipment; optical devices, enhancers and correctors; safety, security, protection and signalling devices; navigation, guidance, tracking, targeting and map making equipment; measuring, detecting and monitoring instruments, apparatus and regulators; parts and accessories for all the aforementioned goods included in this class; scientific, research, navigational, surveying, photographic, cinematographic, audio-visual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, storing, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, broadcasting, reproducing or processing of sound, images or data; recorded and downloadable media, computer software, blank digital or analogue recording and storage media; software; computers and computer peripheral devices; tyre monitoring apparatus; rotary position sensor for detecting the angular position of the rotor shaft; telephone apparatus including video telephony; 360° cameras; 3D displays; integrated electronic safety systems for vehicle turn assistance; exhaust gas temperature display instruments; exhaust gas temperature gauges; exhaust gas temperature sensors; distance warning and regulating devices and display instruments; axle load control devices; airbag control units (ACU); airbag control unit; active position switch for position detection of ferromagnetic parts; acoustic alarms; alarm and warning equipment; ammeters; approximation detectors; tyre matching apparatus for land vehicles in the nature of measuring, analyzing and optimizing apparatus; aerials; antennas for wireless communication apparatus; antennas for receiving signals from radio keys for vehicles; antennas for the interior of vehicles for radio transmission; antennas for vehicles for radio transmission; antennas for

telecommunications networks; antennas and aerials as components; antennas and aerials as communication apparatus; antennas for receiving signals from tire pressure sensors; antenna cables; antenna amplifiers; application software; application software for cloud computing services; application software for robots; presence sensors; read-out units for vehicles; display devices, television receivers and film and video devices; apparatus and instruments for accumulating and storing electricity; traffic sign recognition systems; light detection and ranging [LIDAR] apparatus for vehicles; traffic control apparatus [luminous]; apparatus, instruments and cables for electricity; apps; apps for remote control of vehicle doors; dashboard cameras; audio/visual and photographic devices; audio devices and radio receivers; augmented reality software; automatic control apparatus; automatic control apparatus for light control; automatic control systems for vehicles; automotive software for electronic control units including operating system, middleware, application for vehicles and mobility solutions; barometers; batteries; power banks; battery damage detection system; electronic control apparatus; observation instruments; motion sensing input devices; touch sensitive electronic screens; touch sensors; acceleration display instruments; accelerometers; recorded media; operating systems; image capturing and developing devices; phototelegraphy apparatus; display screens; apparatus for the transmission of images; on-board computers; brake fluid testers; brake booster displays; office and business applications; chassis sensors; cloud servers; cockpit high-performance computers; computers for autonomous-driving vehicles; computer hardware; computer hardware and software for controlling vehicle acceleration and braking force and components therefor; computer hardware devices enabling firewalls, content filtering, intrusion prevention, virus protection, virtual private networks and other security features; computer networking and data communications equipment; computer programmes for use in the autonomous navigation of vehicles; computer programmes for use in the autonomous control of vehicles; computer software for the operation of unmanned aerial vehicles (UAV); computer software for the transmission and display of digital content; computer software for driver assistance systems; computer software for mobile applications that enable interaction and interface between vehicles and mobile devices; computer software in the field of transportation fleet management; computer software enabling the user to communicate with artificial intelligence and other computer software and databases in relation to fleet management; computer touchscreens; curved displays for land vehicles; roof-mounted antennas for vehicles for radio transmission; data recording devices; data collection apparatus; data loggers; data recorders; data management software; privacy software; data storage devices and media; data storage devices for use in the following areas: analysis, testing, monitoring and measuring of exhaust gas emissions; data carriers of all kinds, in particular data carriers which can be removed from a vehicle and inserted into a vehicle, including machine-readable documents such as CD-ROMs, magnetic cards, magnetic data media and data cartridges; data processing apparatus; data processing apparatus; laptops [computers]; computer software for data processing; detectors; diagnostic apparatus, not for medical purposes; diagnostic systems for technical purposes, in particular for motor vehicles; anti-theft warning apparatus; theft detection apparatus; utility, security and cryptography software; digital electronic controllers; digital sensors; digital temperature sensors; displays; torque indicating instruments; dynamometers; rotational rate indicating instruments; rotational rate measuring apparatus; RPM and speed transmitters; RPM indicating instruments; revolution counters; RPM measuring apparatus; RPM warning apparatus; drone detection systems; pressure indicating instruments; pressure transmitters; pressure measuring apparatus; pressure controllers [gauges]; pressure switches; pressure sensor; DVD players with displays; e-books; electronic control units as accelerators; on-off sensors; anti-intrusion alarms; burglar monitoring systems; parking sensors for vehicles; fatigue warning devices; electric actuators; batteries, electric and parts thereof; electrical devices for recording, processing and outputting information in motor vehicles; instrument panels [electric]; electricity and electronic indicators; electric regulating and control apparatus, including processors and sensors thereof, for the regulation and control of brakes, transmissions, undercarriages and exhaust gases; electric control devices for heating management; robotic electrical control apparatus; electric control and regulating apparatus, including their processors and sensors, for the steering and control of vehicles, for improving road safety, driving stability and suspension and noise comfort; electric control and regulating systems, including their processors and sensors, for the steering and controlling brakes, accelerators, undercarriage, suspension and emissions; electrical and electronic control apparatus for the operation and management of vehicles, including associated electronic and electrotechnical equipment, excluding displays; electrical and electronic components; electrical and electronic measuring, controlling and regulating devices for installation in motor vehicles, excluding consumption recording equipment, in particular for heat, water, gas and electricity for use outside the automotive industry; electric and electronic control devices; electric and electronic monitoring, regulating and control apparatus and equipment for use with catalytic converters; electrical and electronic monitoring, regulating and control apparatus and equipment for use with metering systems; traffic guidance apparatus [electronic]; remote control apparatus for opening and closing vehicle doors; electric, electronic, optoelectronic and mechanical analogue and digital indicators and instruments; electronic apparatus, equipment and instruments for recording the driving time of a vehicle; electronic on-board systems for automatic braking; electronic brake force distributors; electronic devices for motor control; electronic keys for vehicles; electronic sensors; electronic sensors and electronic control units with data processors for improving road safety and stability by detecting the vehicle wheel speed, the inclination and lean angle of the vehicle and the pressure in the brake system and for controlling the braking force in order to prevent the brakes from locking and to maintain the stability and grip of the vehicle on the road; electronic actuators; electronic control and regulation circuits; electronic units [remote control, electric or electronic]; electronic control units (ECU) for vehicle engines; electronic control units consisting of data processors, cameras, recording devices; electronic control instruments for pneumatic seating systems; electronic buzzers; electronic agendas; electronic tire pressure information system; electrotechnical and electronic measuring, regulating, control, monitoring, signalling, display and recording apparatus for operational monitoring, control, regulation and automation of land vehicles; emission testing apparatus; receivers (audio/video); receivers; driver and vehicle information systems (essentially comprising display instruments, multiplex networks, accident data recorders,

combination instruments, tachographs, service interval displays, sensors, cable harnesses), information management devices (essentially comprising instrumentation and display devices, on-board computers, multiplex networks, man-machine interfaces, accident data recorders); driver assistance systems for motor vehicles; tachographs; undercarriage sensors; vehicle on-board electronic network systems; on board electronic systems for providing parking assistance; on board electronic systems for providing driving assistance; vehicle safety monitoring apparatus to avoid blind spots and to detect the area around the vehicle, consisting of cameras and monitors, as well as associated computer hardware and software; vehicle control devices; remote controls; remote control systems for central locking systems; television apparatus; television screens for land vehicles; telephone apparatus; remote control apparatus; remote control apparatus for controlling lighting; firmware and device drivers; connected bracelets (measuring instruments); flight simulators for aircraft; flight simulators for unmanned aerial vehicles; flight controlling apparatus; liquid storage display instruments; liquid storage measuring apparatus; thin film transistor-liquid crystal display (TFT-LCD) panels; liquid crystal display screens; hands-free systems for telephones; frequency meters; frequency metrology devices for determining belt tension; front collision warning sensors for land vehicles; transportation fleet management systems [essentially comprising working time monitoring devices, speed monitoring devices]; level indicator instruments; level sensors; level meters; radio transmitters and receiving tuners; all the aforementioned goods not for use in electric busbar systems; pedestrian protection sensors for land vehicles; gateways for the communication of control devices; equipment for recording driving and resting times, driving time interruptions, kilometres driven and travelled speed by trucks and vehicle fleets; apparatus for data management, data processing apparatus; apparatus for the diagnostics of ECUs (electronic control units); antenna parameter measuring apparatus; apparatus for recording, receiving, transmitting and reproducing analogue and/or digital signals, images and sound; apparatus for the transmission and reproduction of images; apparatus for electrical signal transmission; apparatus for detecting signals and transmitting physically detectable measured data; apparatus for monitoring the presence and use of seats, mats for detecting the use of a seat; speed and distance control systems; speed indicators; speed measuring apparatus; speed measuring equipment and apparatus; speed control devices; computer software platforms, recorded and downloadable; recorded and downloadable computer software for protecting and securing the integrity of data, computer networks, mobile devices, electronic and wireless communications and applications; weight measuring instruments and apparatus; GPS navigation systems for land vehicles; holders for cell phones; camera mounts; haptic communication apparatus; hardware for autonomous vehicle parking; hardware for data processing; hardware for software development, including embedded software, in connection with cloud services for vehicles and mobility solutions; hardware for electronic driving assistance systems; hardware and software for autonomous truck systems; hardware and software for driver assistance for vehicles; hardware and software for high- performance computing solutions in the field of vehicles; head-up displays for land vehicles, namely built-in displays for vehicles transporting people and/or goods; rear collision warning sensors for land vehicles; downloadable computer programs related to vehicle cybersecurity; downloadable computer software and related downloadable data files for updating computer software in the fields of vehicle telematics apparatus and vehicle motor control modules provided via computer and communication networks; downloadable electronic newsletters; downloadable and recorded content; high-performance computers for driving assistance functions and autonomous driving functions; high-performance computers for vehicle control and vehicle diagnostics; high-voltage current sensor module for measuring current and temperature in electric vehicles; altimeters; height gauges and display instruments; altitude sensors; holographic projection apparatus; holographic apparatus; wireless local area network devices for land vehicles; inertial measurement unit; inertial sensors; information management apparatus; information processing apparatus; instruments for monitoring traffic; traffic flow detection instruments; instrumentation system; integrated electronic hazard alert and collision avoidance systems for motor vehicles; integrated electronic driver assistance systems for land vehicles; intelligent gateways for real-time data analysis; intelligent gateways for communication; intelligent gateways for communication of control devices; intelligent sensors; interactive terminals; interactive touch screen terminals; interfaces for computers; internet security software; electric cables and conductors; cable harnesses; collision warning cameras; cameras; cameras for the interior of vehicles for detecting driver status or interior occupancy; cameras for observing, detecting and analysing the vehicle environment as part of driver assistance functions or for automated driving; cameras for parking assistance; cameras for detecting road markings; cameras for traffic sign recognition; card readers; knock sensors; combination display instruments; communications equipment; communication software for the electronic exchange of data, audio, video, image and other files; inspecting apparatus and instruments; fuel regulating apparatus, electric; fuel level display instruments; fuel level measuring instruments; cooling water temperature display instruments; cooling water temperature measuring instruments; artificial intelligence software for analysis purposes; artificial intelligence software for driverless cars; artificial intelligence software for vehicles; artificial intelligence software; machine learning software; crank shaft sensors; course determination apparatus; boost pressure indicators; boost pressure gauges; lambda sensors; lasers, excluding for medical purposes; loudspeakers; LED display panels; idle revolution control apparatus; idle regulating apparatus; power indicators; power meters; readers [data processing equipment]; light detection and ranging [LIDAR] apparatus; LIDAR sensors for precision measuring apparatus for vehicles; LIDAR sensors for detecting objects and movements for autonomous vehicles; air quality indicators; air quality measuring instruments; air mass indicating instruments; air mass measuring instruments; magnetic, electronic and optical recording media; magnetic data media, CDs, DVDs and other blank digital recording media; pressure gauges; media and publishing software; measuring and monitoring units for detecting conditions within a vehicle system; control and display units; measuring apparatus and instruments; microprocessors for use in vehicles; mobile apps; mobile apps for interacting with tachographs; mobile cameras for manoeuvring land vehicles; mobility systems for receiving, retrieving and transmitting data; monitors; electronic control instruments for motors and engines; motor and engine control devices; motor and engine controlling and regulating systems for internal combustion engines of land vehicles; multimedia apparatus and instruments; multimedia navigation systems for vehicles; car multimedia players; multimedia software;

multimedia connectors for vehicles; multiplex nodes for land vehicles; proximity sensors; navigational instruments; navigation, guidance, tracking, targeting and map making equipment; navigation apparatus; navigation apparatus for vehicles [on-board computers]; navigational instruments; navigational systems for receiving, retrieving and transmitting data; camshaft sensors; emergency brake assistance software; ohmmeters; oil pressure indicating instruments; oil pressure gauges; oil level indicating instruments; oil level gauges; optical apparatus and instruments; optical data media; optical and acoustic speed warning devices; optical, acoustic and haptic fatigue warning devices and speed warning devices; organic light-emitting diodes [OLED] display devices; locating apparatus; locating systems for receiving, retrieving and transmitting data; scheduling software; position indicating instruments; position measuring instruments; position sensors; precision pressure apparatus; programmable control apparatus; projection apparatus; testing and quality control equipment; testing equipment; apparatus for testing vehicle brakes; point-to-point communications equipment; radar for collision warning; radar apparatus; wheel speed sensors; radios; flue gas analysers; calculators; tyre balancing units for land vehicles; tyre inflation assistant, namely electronic monitoring instruments for air pressure in vehicle tires; tyre pressure gauges, tyre monitoring apparatus, tyre balancing units for land vehicles; tyre pressure testers; tyre pressure monitoring systems; electronic monitoring instruments for tyres; X-ray apparatus not for medical purposes; routers for vehicles; rear-view cameras; reversing monitoring equipment; rudder position indicators; rudder position indicating instruments; rudder position measuring apparatus; satellite and radio transmitters and receivers, namely processors, mobile telephones and receivers; satellite transmitting and receiving apparatus; satellite sensors for passenger cars; switch panels for vehicles; switch boards for vehicles; windscreen washer fluid level indicators; windscreen washer fluid level measuring apparatus; encoded key cards; human-machine interface (HMI) solutions (software); windscreen antennas for vehicles for radio transmission; transmitters; transmitters of electronic signals for vehicle tyre pressure measuring devices; sensor for pressure measurement of start-stop applications in the context of brake systems; sensor for measuring the vacuum inside a brake booster; sensors; sensors used in plant control; sensors for parking assistance; sensors for electric vehicles; sensors for instrumentation; sensors for measuring instruments; sensors for engines; sensors for engine management; sensors for tyre pressure monitoring systems; sensors for touch screens; sensors for angle measurement, rotation angle measurement, rotational speed measurement, distance measurement, force measurement, speed measurement and their parts; sensors and sensor assemblies; sensors for determining position; sensors for detecting road markings; door opening and closing detecting sensors; sensors for detecting accidents; sensors for determining velocity; sensors for measuring speed; sensors for measuring height and pressure; sensors for measuring NOx concentration and air/fuel ratio in exhaust gas; sensors for measuring acceleration; sensors for measuring transmission speed; sensors for measuring engine speed; sensors for measuring wheel speed; sensors for measuring tyre pressure; sensors for measuring inertia; sensors for measuring external pressure exerted on a surface; sensors for use in the control of engines; sensors for measuring depth; sensors for detecting blind spots; sensors for monitoring physical movements; sensors for supporting the electronic control of autonomous-driving vehicles; sensors, detectors and monitoring instruments and apparatus; sensory for improving road safety, driving stability, vibration, suspension and noise comfort; sensory, regulating and control systems including their processors for improving road safety, driving stability and suspension and noise comfort, undercarriages and components thereof; sensory software; sensor systems for windscreen wiper control systems; service display apparatus; security software; security systems for vehicles, consisting of electronic proximity sensors, video cameras, integrated circuits for image processing and control units; signalling apparatus; signalling lamps; simulation software; scalable multi-sensor systems for assisted and automated driving; probes for measuring the air-fuel ratio; computer software, [recorded]; computer software [downloadable]; software for airbags; software for cloud computing services; software for fleet management of vehicles; software for pedestrian protection; software for analysing data collected via tachographs, in particular driving and resting times, driving time interruptions, kilometres driven and travelled speed by trucks and vehicle fleets; data and file management and database software; robotic process automation [RPA] software; software for air suspension maintenance; software for driving assistance systems; software for vehicle fleet management; software for diagnostics and troubleshooting; software for transportation fleet management; software for remote parking; virtual and augmented reality software; software in relation to vehicle cyber security; software and computer hardware for autonomous and semi-autonomous vehicles, autonomous navigation and assisted driving; software and computer hardware for the collection, compilation, processing, transmission and distribution of position data for the autonomous operation and navigation of vehicles; software for extracting, analysing and archiving data collected via tachographs, in particular driving and resting times, driving time interruptions, kilometres driven and travelled speed by trucks and vehicle fleets; software for the evaluation of accident-relevant data from vehicles; software for the automation of opening and closing mechanisms; software for recording driving and resting times, driving time interruptions, kilometres driven and travelled speed by trucks and vehicle fleets; software for the creation of virtual electronic controllers; software for the creation of virtual vehicles; software for detecting unauthorised access; software for front collision warning for vehicles; software for rear collision warning for vehicles; software for collision warning; software for tread depth monitoring; software for ensuring information security; software for controlling vehicle stability and braking force and components for this; software for controlling the air supply in air suspension systems; software for controlling displays; software for controlling vehicles; software for controlling vehicle sensors, cameras and recording devices; software for blind spot detection; software for monitoring tyre pressure; software for monitoring, analysing, controlling and running physical world operations; vehicle control assistance software; software for use in automated vehicle control; vehicle control software; software for use in the following areas: vehicles, vehicle systems, manufacture of vehicles, manufacture of vehicle systems, articles made of rubber, tyres, hoses, belts for conveyors, drive belts, articles made of plastic, marketing and activities related to the communication activities of a company; software for use in the following areas: transportation fleet management, namely, computer software for collecting, optimising, processing and analysing data regarding vehicles and vehicle fleets and for generating reports

and insights based on collected data and analyses of collected data; software, solely for use in connection with making professional contacts in the trucking industry in the areas of fleet management, transportation and staffing, recruitment and hiring and for communicating a user's location and for locating, determining location and interacting with other users and locations; software tools for exchange of data and software between vehicles and mobility solutions and servers; software tools for the development of cloud services for vehicles and mobility solutions; software tools for the development of software and hardware for vehicles and mobility solutions; software tools for collaboration, analysis and monitoring in connection with the development of embedded and cloud software; sonars; tension meter for fan belts and V-ribbed belts; storage apparatus for computer programs; voice command devices; lane departure warning software; central door locking actuators; controllers and regulators; control devices for land vehicle audio and video navigation; sensor controllers; control devices for use in assisted vehicle control; control devices for use in automated vehicle control; seat controls; control devices for air conditioning apparatus; control software for anti-lock braking systems; control software for electronic braking systems; system and system support software, and firmware; tachographs; tachometers; telephone apparatus; telecommunication devices and apparatus; telecommunications equipment; telematics apparatus; telematics control apparatus; temperature indicating instruments; temperature transmitters; temperature meters; temperature controllers apparatus for use in vehicle heating systems; temperature switches; cruise controls; thermometers; thermostats; blind spot cameras for vehicles; touchscreen monitors; transponders, actuators (included in this class); monitoring and diagnostic apparatus and systems consisting thereof for engine and powertrain in vehicles; monitoring and diagnostic systems for engine and powertrain in vehicles; ultrasonic height and pressure sensors; ultrasonic sensors; reversing monitors; gloves for protection against accidents; accident prevention, comfort driving systems and navigation software; USB card readers; USB flash drivers; consumption measuring apparatus; traffic guidance apparatus; signposts recognition software; wear indicator apparatus; wear indicators; video screens; camcorders; video monitors; downloadable virtual vehicles; downloadable virtual control apparatus; downloadable visual alarms; voltmeters; location, tracking and traffic control apparatus; warning lamps; maintenance indicator apparatus; maintenance indicators; water level indicators; water depth indicators; marine depth finders apparatus; web applications; server software; route indicators; position encoder; distance display instruments; route distance calculator; trip counters; workshop diagnostic and testing equipment; workshop apparatus for testing; wind indicator apparatus; wind measurement apparatus; angle sensors; nautical apparatus and instruments; time recording unit; time measuring instruments [not including clocks and watches]; central on-board controllers for land vehicles; central locking systems; central computers for land vehicles; access control devices; digital linear actuators; lever sensor; submersible level sensor; blowing resistors; electronic control apparatus for brake systems; parts of all the aforesaid goods (included in this class).

Class 11:
Work lights; lighting and lighting reflectors; vehicle lighting and light reflectors; lighting apparatus for vehicles; electric lamps and electric light fittings; lighting apparatus for vehicles; vehicle headlights; heating systems and air conditioning installations for vehicles; heating, ventilating and air conditioning installations; heating, ventilating, and air conditioning and purification equipment; LED lamps and LED luminaires and their parts; ventilating fan modules for use in vehicles; ventilating fans for use in vehicles; taillights for vehicles; ventilating fans; cabin air filter; converters and conversion apparatus for hot gases as parts of waste gas purification installations.

Class 12:
Vehicles and conveyances; parts and fittings of vehicles and wheels, tyres and continuous tracks for vehicles; apparatus for locomotion by land, air or water; axles for air suspension systems in vehicles; airbags and parts relating thereto, to the extent that the aforesaid goods are included in this class; active parking brakes; alarm systems for motor vehicles; antilock brake systems and components for land vehicles; powertrains, including engines and motors, for land vehicles; drive-brake units for land vehicles; moulded-on attachments for brake hoses; suspensions/vibration reducers for vehicle seats and cabs; brake expansion tanks; autonomous vehicles; components for unmanned aerial vehicles [UAVs]; aircraft components; containers for windshields and headlight washing systems for motor vehicles; braking systems for land vehicles; brake segments for vehicles; brake linings for vehicles; brake pressure regulators as parts of land vehicles; brakes; brakes for vehicles and their parts; brake sets for vehicles; brake pads; brake force transmitters; brake boosters; brake power distributors; brake cables for vehicles; brake calipers; brake discs; brake hoses; brake shoes for vehicles; brake systems for vehicles; brake drums; brake wear indicators as parts of land vehicles; brake cylinders; shock absorbers for automobiles; front spacers; nozzles for windshield and headlight washer systems for motor vehicles; nozzle needles for windscreen and headlight cleaners; electric pumps for air supply; electric sunroofs for vehicles; electromechanical brake systems; electronic brakes for land vehicles; on board electronic systems for automatic braking for land vehicles; electronic, hydraulic, electromechanical, electro-hydraulic and mechanical brakes for land vehicles; explosive control devices for triggering gas actuators for security systems such as airbags; parts of land vehicles, namely driver's workplace for buses; driverless transport vehicles; driver's seats; undercarriages; vehicle windows incorporating aerials for radio reception; vehicle cabs; vehicle seats with massage function; gaiters (bellows) [vehicle parts]; springs [parts of vehicles]; filters for windshield and headlight cleaners; pilotless aircraft; apparatus for air supply in air suspension systems; regulated adjusters of vehicle parts such as vehicle seats, windows, mirrors, sun roofs, carburettor valves, camshafts, machine coupling transmission components; controlled brake systems; handbrake cables; master cylinders; brake boosters; adjustable brake pedals; heating devices for windshield and headlight washer systems for motor vehicles; heating hoses as components and accessories for vehicles, to the extent that the aforesaid goods are included in this class; air pumps [vehicle accessories]; helicopters; hydraulic hoses as components and accessories for vehicles, to the extent that the aforesaid goods are included in this class; hydraulic system components as parts of land vehicles; hydraulic brake pressure regulators for vehicles; hydraulic pneumatic amplifiers as parts of land vehicles; hydraulic wheel braking and actuating systems; hydromechanical wheel braking and actuating systems; fuel supply units as parts of land vehicles; fuel hoses as components and accessories for vehicles, to the extent that

the aforementioned goods are included in this class; cooling hoses as components and accessories for vehicles, to the extent that the aforementioned goods are included in this class; charge air hoses as components and accessories for vehicles, to the extent that the aforementioned goods are included in this class; pipes for diesel injection systems; aircraft; air suspension struts; air suspension dampers for vehicles; air springs; air spring systems; air supply units for air spring systems; pneumatic or hydraulic linear actuators for land vehicles; parts of land vehicles, namely modular driver's workplace for buses and parts thereof; motorised tailgates; level switches for windshield and headlight cleaners; oil hoses as components and accessories for vehicles, to the extent that the aforementioned goods are included in this class; parking brakes; pumps for windshields and headlight washer systems for motor vehicles; wheel brakes; wheel brake cylinders; rails for diesel injection systems; regenerative brakes; cleaning nozzles as parts of land vehicles; belt tensioners and parts relating thereto, to the extent that the aforesaid goods are included in this class; rotor blades for helicopters; valve stems for windshield and headlight cleaners; windshield and headlight cleaning systems; disc brakes; windshield cleaning pumps; windshield washing systems for motor vehicles; windshield wipers; windshield wipers for vehicle headlights; windscreen wiper arms; windscreen wiper blades; headlight cleaning pumps; headlight washing systems for vehicles; hoses for windshield and headlight washing systems for motor vehicles; couplings for tubes for windshield and headlight washer systems for motor vehicles; vibration dampers and torsional vibration dampers for vehicles, excluding the foregoing products as components of land vehicle propulsion systems; self-driving transport vehicles; brake pad wear sensors; car seats; tension dampers as parts of land vehicles; stability control systems for land vehicles; shock absorbers and suspension struts for vehicles; shock absorbing springs for vehicles; parts and accessories for the following products: electronic, hydraulic, electro-mechanical, electro-hydraulic and mechanical brakes for vehicles; brake calliper supports; windshield and headlight washer valves; windshield and headlight washer valves for motor vehicles; adjustable brake pedals; metal tool trolleys; central hydraulic distributors; civilian drones; transportation robots; transmission shafts; car alarms; electronic immobilisers for land vehicles; electric motors for land vehicles; tyre inflation devices [vehicle accessories]; brake caliper guide set; electronically controlled brake systems and their parts, in particular electronic parking brakes and brake boosters; steering units for land vehicles.

Class 16:
Printed matter, stationery and educational supplies; rolls of printing material; paper stock; stickers; pencils; specialist books, professional magazines, repair and/or service instructions for motor vehicles; forms, pre-printed forms, rolls of printing material and diagram discs for use in tachographs; printed books, magazines, newspapers and other paper-based media; teaching materials for educational purposes [except apparatus]; highlighter pens; notebooks; notepads; resistant interchangeable stickers.

Class 17:
Plastic foam materials for use in manufacture of motor vehicles, in particular for intercooler systems, brake lines, functional surfaces, and interior rims; fasteners, water-tight rings, membranes, insofar as these goods are not included in other classes; expansion bolts; seals (non-metallic -) for pneumatic suspensions, not of metal; seals, sealants and fillers, springs; flexible connectors (non-metallic -) for hoses; casings of rubber for tubes; hoses linings; air hoses; flexible pipes, not of metal; connectors (non-metallic), for hoses; washers of rubber or vulcanized fiber for use in windshield wipers and headlight wipers.

Class 20:
Stands; expansion bolts; displays, stands and signage, non-metallic; non-metallic storage containers for brake fluids for later disposal; door springs, not of metal, non-electric; flexible containers of rubber or plastic for the storage and transport of solids, liquids, gases and fuels; racks; nuts, not of metal; display boards; screws, not of metal; plastic washers; nuts of rubber or vulcanized fiber.

Class 35:
Retail and wholesale trade services, including via the internet, regarding the following goods: sensors (for quick connectors) for reading connection data and for data transmission; retail and wholesale trade services, including via the internet, regarding the following goods: airbag control units, airbag control units, satellite sensors for passenger cars; retail and wholesale trade services, including via the internet, regarding the following goods: brake components; retail and wholesale trade services, including via the internet, regarding the following goods: driver assistance systems for motor vehicles; retail and wholesale trade services, including via the internet, regarding the following goods: cameras; retail and wholesale trade services, including via the internet, regarding the following goods: sensors; retail and wholesale trade services, including via the internet, regarding the following goods: software; retail and wholesale trade services, including via the internet, regarding the following goods: chemical substances, chemical materials and chemical preparations as well as natural elements, industrial chemicals, chemicals for use in science, agriculture, horticulture and forestry, chemical preparations for use in photography, brake fluid, coolants, refrigerants, lubricants and industrial greases, waxes and fluids, industrial oils and greases, wax, industrial greases for vehicles, in particular brake paste, metallic mountings, expansion bolts, spring-retracted hose reels of metal, springs, retaining [fixing] devices of metal, small items of metal hardware, metal connectors for pipes and hoses, racking [structures] and frameworks of metal, shelving of metal [structures], nuts, hose fittings and pipe joints of metal, flexible tubes of metal, fittings for hoses including valves therefor, hose clamps of metal, screws of metal, washers of metal for hardware, pumps, compressors and ventilating fans, industrial robots, machines for material processing and the production of vehicles and vehicle parts, machine tools and power-operated tools, engines and motors, other than for land vehicles, machine coupling and transmission components, except for land vehicles, machines, motors, except for the aforementioned goods for land vehicles and aircrafts, components for motors and engines and drives of all kinds (except for aircrafts), electric motors and component parts for electric motors, except for the aforementioned goods for land vehicles and aircraft, steering units for motors and engines (except for aircrafts), electric starters for motors and engines, except for the aforementioned goods for aircrafts, motorized electric generators (except for aircrafts), master cylinders, pumps [machines], fuel pumps, controlled volume pumps, controllers and regulators as parts of machines or engines for use in connection with pumps and pump installations,

engine control elements, namely butterfly valves, idle speed regulators, linear actuators, air control valves, air flap actuators, exhaust gas recirculation valves, except for the aforementioned goods for aircrafts, fuel injectors, fuel injection systems for engines, injectors for engines (except for aircraft engines), sparking plugs for internal combustion engines, except for the aforementioned goods for aircraft engines, glow plugs for diesel engines, except for the aforementioned goods for aircraft engines, filters for cleaning air, filters for cleaning air for motors and engines, cabin air filter, oil filters for motors and engines and oil filters for machines, fuel filters, catalytic converters, exhaust gas purification devices and systems comprising such devices for vehicles, individual components of waste gas purification installations for vehicles, namely catalytic converters and filters as well as adapted accessories for the aforementioned goods, including the necessary holders and fixings, converters and conversion apparatus for hot gases as parts of waste gas purification installations for vehicles, electrically heated converters for hot gases as parts of exhaust gas purification installations for vehicles, superchargers, turbo compressors, steering units for machines, controllers for machines and motors for motor vehicle parts, for example, for use in relation to the following goods: seating furniture, windows, mirrors, sun tops, butterfly valves, camshafts, machine coupling and transmission components, including gear shifts except for land vehicles, drive belts, transmission belts, fan belts, V-ribbed belts, variator belts, timing belts, nubbed belts, two-sided timing belts, flat belts, elevator belts as component parts of machines, belts for outdoor power apparatus, timing belts, component parts of machines, namely springs [machine components], machine or engine components, namely shock absorber plungers, connecting rods, crank shafts, camshafts, universal joints [cardan joints], propeller shafts, engine mounts, hydro-mounts, rotary vibration dampers, controllers as actuators, all the foregoing except aircraft engines, aircraft piston engines and aircraft turbine engines and parts and controls therefor, valves [components for machines], mechanical jacks for vehicles, lifts for use with vehicles, washing installations for windscreen and headlights cleaning apparatus, components for motors and engines and drives of all kinds, electric motors and component parts for electric motors, except the aforementioned goods for land vehicles and aircrafts, steering units for motors and engines, electric starters for motors and engines, except the aforementioned goods for aircrafts, motorized electrical generators, automatic conveyor installations, steam traps, linings for brakes, petrol injectors, digital linear actuators, butterfly valves, power-operated lifts for moving, parking and storing land vehicles, electric door openers-closers, electric water pumps, electric butterfly valves, electronic butterfly valves, guide rollers, free wheel generators, lever sensor, hydraulically operated apparatus as driving devices for parking systems and parking devices, hydraulic pumping units, fuel pressure regulators, fuel conveyor units, fuel systems, generators for land vehicles, linear actuators, ventilation flap servomotors, mechanical parking systems, motors and engines, drives, parts of machines and controls for the operation of machines and motors and engines, motor and engine variable valve control, motor and engine control element, opening and closing mechanisms, parking devices for motor vehicles, parking systems for motor vehicles, valves operated automatically by pneumatic control, pneumatic hoists, pneumatic seating systems, system control instruments (pneumatic -), pneumatic transporters, stacker cranes and elevators for loaded or unloaded platforms, belt drive components, robots, automated robotic handling apparatus for loading and unloading of goods, robotic mechanisms for lifting, robotic mechanisms for transportation, robotic mechanisms for conveying, robotic mechanisms used in agriculture, self-propelled agricultural machines or mechanical machinery and parts thereof, tensioner pulley, control mechanisms for robotic machines, submersible level sensor, parts of robots, torsional vibration dampers, transport robots, turbochargers, idler pulleys, vacuum pumps, valves for pressure regulators [parts of machines], VVT solenoid valves, water pumps, fastening and joining tools, brake caliper guide set, brake caliper spanners, bushing removal devices, adjusting spanners, spring installation tools, hand-operated tools and implements for treatment of materials, and for construction, repair and maintenance, hand-operated tools and hand-operated devices, hand-operated tools for working on brake clippers for vehicles and brake linings for vehicles, hand-operated tools for installing and repairing fuel delivery and injection systems in motor vehicles, hand-operated scrapers for removing ice from vehicle windows, hand tools for repairing motor vehicles, hand tools for installing, testing and checking vehicle braking systems, fuel delivery and injection systems, piston turning tools, piston clamps, piston return devices, repair hand tools for motor vehicles, in particular brake fluid filling tools, spanners, protective cap pullers and pushers, socket spanners, brake drum assembly kits, pliers, recorded content, information technology and audio-visual, multimedia and photographic equipment, optical devices, enhancers and correctors, safety, security, protection and signalling devices, navigation, guidance, tracking, targeting and map making equipment, measuring, detecting and monitoring instruments, apparatus and regulators, parts and accessories for all the aforementioned goods included in this class, scientific, research, navigational, surveying, photographic, cinematographic, audio-visual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments, apparatus and instruments for conducting, switching, transforming, storing, regulating or controlling the distribution or use of electricity, apparatus and instruments for recording, broadcasting, reproducing or processing of sound, images or data, recorded and downloadable media, computer software, blank digital or analogue recording and storage media, software, computers and computer peripheral devices, tyre monitoring apparatus, rotary position sensor for detecting the angular position of the rotor shaft, telephone apparatus including video telephony, 360° cameras, 3D displays, turn assist for vehicles, exhaust gas temperature display instruments, exhaust gas temperature gauges, exhaust gas temperature sensors, distance warning and regulating devices and display instruments, axle load control devices, airbag control units (ACU), airbag control unit, active position switch for position detection of ferromagnetic parts, acoustic alarms, alarm and warning equipment, ammeters, approximation detectors, tyre matching apparatus, aerials, antennas for wireless communication apparatus, antennas for receiving signals from radio keys for vehicles, antennas for the interior of vehicles for radio transmission, antennas for vehicles for radio transmission, antennas for telecommunications networks, antennas and aerials as components, antennas and aerials as communication apparatus, antennas for receiving signals from tire pressure sensors, antenna cables, antenna amplifiers, transmission shafts, application software, application software for cloud computing services, application software for robots, presence control apparatus, read-out units for vehicles, display devices,

television receivers and film and video devices, apparatus and instruments for accumulating and storing electricity, traffic sign recognition systems, light detection and ranging [LIDAR] apparatus for vehicles, traffic control apparatus [luminous], apparatus, instruments and cables for electricity, apps, apps for remote control of vehicle doors, dashboard cameras, audio/visual and photographic devices, audio devices and radio receivers, augmented reality software, car alarms, automatic control apparatus, automatic control apparatus for light control, automatic control systems for vehicles, automotive software for electronic control units including operating system, middleware, application for vehicles and mobility solutions, barometers, batteries, power banks, battery damage detection system, controls, observation instruments, motion sensing input devices, touch sensitive electronic screens, touch sensors, acceleration display instruments, accelerometers, recorded media, operating systems, image capturing and developing devices, phototelegraphy apparatus, display screens, apparatus for the transmission of images, on-board computers, brake fluid testers, brake booster displays, office and business applications, chassis sensors, cloud servers, cockpit high-performance computers, computers for autonomous-driving vehicles, computer hardware, computer hardware and software for controlling vehicle acceleration and braking force and components therefor, computer hardware devices enabling firewalls, content filtering, intrusion prevention, virus protection, virtual private networks and other security features, computer networking and data communications equipment, computer programmes for use in the autonomous navigation of vehicles, computer programmes for use in the autonomous control of vehicles, computer software for the operation of unmanned aerial vehicles (UAV), computer software for the transmission and display of digital content, excluding software for the navigation of an MP3 player through an FM frequency, computer software for driver assistance systems, computer software for mobile applications that enable interaction and interface between vehicles and mobile devices, computer software in the field of transportation fleet management, computer software enabling the user to communicate with artificial intelligence and other computer software and databases in relation to fleet management, computer touchscreens, curved displays for land vehicles, roof-mounted antennas for vehicles for radio transmission, data recording devices, data collection apparatus, data loggers, data recorders, data management software, privacy software, data storage devices and media, data storage devices for use in the following areas: analysis, testing, monitoring and measuring of exhaust gas emissions, data carriers of all kinds, in particular data carriers which can be removed from a vehicle and inserted into a vehicle, including machine-readable documents such as CD-ROMs, magnetic cards, magnetic data media and data cartridges, data processing apparatus, laptops [computers], computer software for data processing, detectors, diagnostic apparatus, not for medical purposes, diagnostic systems for technical purposes, in particular for motor vehicles, anti-theft warning apparatus, theft detection apparatus, utility, security and cryptography software, digital electronic controllers, digital sensors, digital temperature sensors, displays, torque indicating instruments, dynamometers, rotational rate indicating instruments, rotational rate measuring apparatus, RPM and speed transmitters, RPM indicating instruments, revolution counters, RPM measuring apparatus, RPM warning apparatus, drone detection systems, pressure indicating instruments, pressure transmitters, pressure measuring apparatus, pressure controllers [gauges], pressure switches, pressure sensor, DVD players with displays, e-books, e-gas apparatus, on-off sensors, anti-intrusion alarms, burglar monitoring systems, parking sensors for vehicles, fatigue warning devices, electric actuators, batteries, electric and parts thereof, electrical devices for recording, processing and outputting information in motor vehicles, instrument panels [electric], electricity and electronic indicators, electric regulating and control apparatus, including processors and sensors thereof, for the regulation and control of brakes, transmissions, undercarriages and exhaust gases, electric control devices for heating management, robotic electrical control apparatus, electric control and regulating apparatus, including their processors and sensors, for the steering and control of vehicles, for improving road safety, driving stability and suspension and noise comfort, electric control and regulating systems, including their processors and sensors, for the steering and controlling brakes, accelerators, undercarriage, suspension and emissions, electrical and electronic apparatus and instruments for the operation and management of vehicles, including associated electronic and electrotechnical equipment, electrical and electronic components, electrical and electronic measuring, controlling and regulating devices for installation in motor vehicles, excluding consumption recording equipment, in particular for heat, water, gas and electricity for use outside the automotive industry, electric and electronic control devices, electric and electronic monitoring, regulating and control apparatus and equipment for use with catalytic converters, electrical and electronic monitoring, regulating and control apparatus and equipment for use with metering systems, traffic guidance apparatus [electronic], electric opening and closing devices for motor vehicles, electric, electronic, optoelectronic and mechanical analogue and digital indicators and instruments, electric motors, electronically controlled brake systems and their parts, in particular electronic parking brakes and brake boosters, electronic controls, electronic apparatus, equipment and instruments for recording the driving time of a vehicle, electronic on-board systems for automatic braking, electronic brake force distributors, electronic devices for motor control, electronic keys for vehicles, electronic sensors, electronic sensors and electronic control units with data processors for improving road safety and stability by detecting the vehicle wheel speed, the inclination and lean angle of the vehicle and the pressure in the brake system and for controlling the braking force in order to prevent the brakes from locking and to maintain the stability and grip of the vehicle on the road, electronic actuators, electronic control and regulation circuits, electronic units [remote control, electric or electronic], electronic control units (ECU) for vehicle engines, electronic control units consisting of data processors, cameras, recording devices, electronic control instruments for pneumatic seating systems, electronic buzzers, electronic agendas, electronic immobilisers for land vehicles, electronic tire pressure information system, electrotechnical and electronic measuring, regulating, control, monitoring, signalling, display and recording apparatus for operational monitoring, control, regulation and automation of land vehicles, emission testing apparatus, receivers (audio/video), receivers; bleeding devices for brakes, driver and vehicle information systems (essentially comprising display instruments, multiplex networks, accident data recorders, combination instruments, tachographs, service interval displays, sensors, cable harnesses), information management devices (essentially comprising instrumentation and display devices,

on-board computers, multiplex networks, man-machine interfaces, accident data recorders), driver assistance systems for motor vehicles, tachographs, undercarriage sensors, vehicle on-board electronic network systems, on board electronic systems for providing parking assistance, on board electronic systems for providing driving assistance, vehicle safety monitoring apparatus to avoid blind spots and to detect the area around the vehicle, consisting of cameras and monitors, as well as associated computer hardware and software, vehicle control devices, window lifting and positioning systems for vehicles, remote controls, remote control systems for central locking systems, television apparatus, television screens for land vehicles, telephone apparatus, remote control apparatus, remote control apparatus for controlling lighting, firmware and device drivers, connected bracelets (measuring instruments), flight simulators for aircraft, flight simulators for unmanned aerial vehicles, flight controlling apparatus, liquid storage display instruments, liquid storage measuring apparatus, thin film transistor-liquid crystal display (TFT-LCD) panels, liquid crystal display screens, hands-free systems for telephones, frequency meters, frequency metrology devices for determining belt tension, front collision warning sensors for land vehicles, transportation fleet management systems [essentially comprising working time monitoring devices, speed monitoring devices], level indicator instruments, level sensors, level meters, radio transmitters and receiving tuners, all the aforementioned goods not for use in electric busbar systems, pedestrian protection sensors for land vehicles, gateways for the communication of control devices, equipment for recording driving and resting times, driving time interruptions, kilometres driven and travelled speed by trucks and vehicle fleets, apparatus for data management, data processing apparatus, apparatus for the diagnostics of ECUs (electronic control units), antenna parameter measuring apparatus, apparatus for recording, receiving, transmitting and reproducing analogue and/or digital signals, images and sound, apparatus for the transmission and reproduction of images, apparatus for electrical signal transmission, apparatus for detecting signals and transmitting physically detectable measured data, apparatus for monitoring the presence and use of seats, mats for detecting the use of a seat, speed and distance control systems, speed indicators, speed measuring apparatus, speed measuring equipment and apparatus, speed control devices, computer software platforms, recorded and downloadable, recorded and downloadable computer software for protecting and securing the integrity of data, computer networks, mobile devices, electronic and wireless communications and applications, weight measuring instruments and apparatus, GPS navigation systems for land vehicles, holders for cell phones, camera mounts, hand-operated scrapers for removing ice from vehicle windows, haptic communication apparatus, hardware for autonomous vehicle parking, hardware for data processing, hardware for software development, including embedded software, in connection with cloud services for vehicles and mobility solutions, hardware for electronic driving assistance systems, hardware and software for autonomous truck systems, hardware and software for driver assistance for vehicles, hardware and software for high- performance computing solutions in the field of vehicles, head-up displays for land vehicles, namely built-in displays for vehicles transporting people and/or goods, rear collision warning sensors for land vehicles, downloadable computer programs related to vehicle cybersecurity, downloadable computer software and related downloadable data files for updating computer software in the fields of vehicle telematics apparatus and vehicle motor control modules provided via computer and communication networks, downloadable electronic newsletters, downloadable and recorded content, high-performance computers for driving assistance functions and autonomous driving functions, high-performance computers for vehicle control and vehicle diagnostics, high-voltage current sensor module for measuring current and temperature in electric vehicles, altimeters, height gauges and display instruments, altitude sensors, holographic projection apparatus, holographic apparatus, hotspots for land vehicles, inertial measurement unit, inertial sensors, information management apparatus, information processing apparatus, instruments for monitoring traffic, traffic flow detection instruments, instrumentation system, integrated electronic hazard alert and collision avoidance systems for motor vehicles, integrated electronic driver assistance systems for land vehicles, intelligent gateways for real-time data analysis, intelligent gateways for communication, intelligent gateways for communication of control devices, intelligent sensors, interactive terminals, interactive touch screen terminals, interfaces for computers, internet security software, electric cables and conductors, cable harnesses, collision warning cameras, cameras, cameras for the interior of vehicles for detecting driver status or interior occupancy, cameras for observing, detecting and analysing the vehicle environment as part of driver assistance functions or for automated driving, cameras for parking assistance, cameras for detecting road markings, cameras for traffic sign recognition, card readers, knock sensors, combination display instruments, communications equipment, communication software for the electronic exchange of data, audio, video, image and other files, inspecting apparatus and instruments, fuel delivery units, fuel optimisation apparatus, fuel level display instruments, fuel level measuring instruments, cooling water temperature display instruments, cooling water temperature measuring instruments, artificial intelligence software for analysis purposes, artificial intelligence software for driverless cars, artificial intelligence software for vehicles, artificial intelligence software, machine learning software, crank shaft sensors, course determination apparatus, boost pressure indicators, boost pressure gauges, lambda sensors, lasers, excluding for medical purposes, loudspeakers, LED display panels, idle revolution control apparatus, idle regulating apparatus, power indicators, power meters, readers [data processing equipment], light detection and ranging [LIDAR] apparatus, LIDAR sensors for precision measuring apparatus for vehicles, LIDAR sensors for detecting objects and movements for autonomous vehicles, air quality indicators, air quality measuring instruments, air mass indicating instruments, air mass measuring instruments, magnetic, electronic and optical recording media, magnetic data media, CDs, DVDs and other blank digital recording media, pressure gauges, mechanical actuators, media and publishing software, measuring and monitoring units for detecting conditions within a vehicle system, control and display units, measuring apparatus and instruments, microprocessors for use in vehicles, mobile apps, mobile apps for interacting with tachographs, mobile cameras for manoeuvring land vehicles, mobility systems for receiving, retrieving and transmitting data, monitors, motor and engine management apparatus, motor and engine control devices, motor and engine controlling and regulating systems for internal combustion engines of land vehicles, multimedia apparatus and instruments, multimedia navigation systems for vehicles, car multimedia players, multimedia software, multimedia connectors for

vehicles, multiplex nodes for land vehicles, proximity sensors, navigational instruments, navigation, guidance, tracking, targeting and map making equipment, navigation apparatus, navigation apparatus for vehicles [on-board computers], navigational instruments, navigational systems for receiving, retrieving and transmitting data, camshaft sensors, emergency brake assistance software, ohmmeters, oil pressure indicating instruments, oil pressure gauges, oil level indicating instruments, oil level gauges, optical apparatus and instruments, optical data media, optical and acoustic speed warning devices, optical, acoustic and haptic fatigue warning devices and speed warning devices, organic light-emitting diodes [OLED] display devices, locating apparatus, locating systems for receiving, retrieving and transmitting data, scheduling software, position indicating instruments, position measuring instruments, position sensors, precision pressure apparatus, programmable control apparatus, projection apparatus, testing and quality control equipment, testing equipment, apparatus for testing vehicle brakes, point-to-point communications equipment, radar for collision warning, radar apparatus, wheel speed sensors, radios, flue gas analysers, calculators, tyre inflation equipment, tyre balancing units for land vehicles, tyre inflation assistant, tyre pressure gauges, tyre inflation equipment, tyre monitoring apparatus, tyre matching apparatus, tyre balancing units for land vehicles, tyre pressure testers, tyre pressure monitoring systems, tyre inflation apparatus, tyre information systems, X-ray apparatus not for medical purposes, routers for vehicles, rear-view cameras, reversing monitoring equipment, rudder position indicators, rudder position indicating instruments, rudder position measuring apparatus, satellite and radio transmitters and receivers, namely processors, mobile telephones and receivers, satellite transmitting and receiving apparatus, satellite sensors for passenger cars, switch panels for vehicles, switch boards for vehicles, windscreen washer fluid level indicators, windscreen washer fluid level measuring apparatus, encoded key cards, human-machine interface (HMI) solutions (software), windscreen antennas for vehicles for radio transmission, transmitters, transmitters of electronic signals for vehicle tyre pressure measuring devices, sensor for pressure measurement of start-stop applications in the context of brake systems, sensor for measuring the vacuum inside a brake booster, sensors, sensors used in plant control, sensors for parking assistance, sensors for electric vehicles, sensors for instrumentation, sensors for measuring instruments, sensors for engines, sensors for engine management, sensors for tyre pressure monitoring systems, sensors for touch screens, sensors for angle measurement, rotation angle measurement, rotational speed measurement, distance measurement, force measurement, speed measurement and their parts, sensors and sensor assemblies, sensors for determining position, sensors for detecting road markings, door opening and closing detecting sensors, sensors for detecting accidents, sensors for determining velocity, sensors for measuring speed, sensors for measuring height and pressure, sensors for measuring NOx concentration and air/fuel ratio in exhaust gas, sensors for measuring acceleration, sensors for measuring transmission speed, sensors for measuring engine speed, sensors for measuring wheel speed, sensors for measuring tyre pressure, sensors for measuring inertia, sensors for measuring external pressure exerted on a surface, sensors for use in the control of engines, sensors for measuring depth, sensors for detecting blind spots, sensors for monitoring physical movements, sensors for supporting the electronic control of autonomous-driving vehicles, sensors, detectors and monitoring instruments and apparatus, sensory for improving road safety, driving stability, vibration, suspension and noise comfort, sensory, regulating and control systems including their processors for improving road safety, driving stability and suspension and noise comfort, undercarriages and components thereof, sensory software, sensor systems for windscreen wiper control systems, service display apparatus, security software, security systems for vehicles, consisting of electronic proximity sensors, video cameras, integrated circuits for image processing and control units, signalling apparatus, signalling lamps, simulation software, scalable multi-sensor systems for assisted and automated driving, probes for measuring the air-fuel ratio, computer software, [recorded], computer software [downloadable], software for airbags, software for cloud computing services, software for fleet management of vehicles, software for pedestrian protection, software for analysing data collected via tachographs, in particular driving and resting times, driving time interruptions, kilometres driven and travelled speed by trucks and vehicle fleets, data and file management and database software, robotic process automation [RPA] software, software for air suspension maintenance, software for driving assistance systems, software for vehicle fleet management, software for diagnostics and troubleshooting, software for transportation fleet management, software for remote parking, virtual and augmented reality software, software in relation to vehicle cyber security, software and computer hardware for autonomous and semi-autonomous vehicles, autonomous navigation and assisted driving, software and computer hardware for the collection, compilation, processing, transmission and distribution of position data for the autonomous operation and navigation of vehicles, software for extracting, analysing and archiving data collected via tachographs, in particular driving and resting times, driving time interruptions, kilometres driven and travelled speed by trucks and vehicle fleets, software for the evaluation of accident-relevant data from vehicles, software for the automation of opening and closing mechanisms, software for recording driving and resting times, driving time interruptions, kilometres driven and travelled speed by trucks and vehicle fleets, software for the creation of virtual electronic controllers, software for the creation of virtual vehicles, software for detecting unauthorised access, software for front collision warning for vehicles, software for rear collision warning for vehicles, software for collision warning, software for tread depth monitoring, software for ensuring information security, software for controlling vehicle stability and braking force and components for this, software for controlling the air supply in air suspension systems, software for controlling displays, software for controlling vehicles, software for controlling vehicle sensors, cameras and recording devices, software for blind spot detection, software for monitoring tyre pressure, software for monitoring, analysing, controlling and running physical world operations, vehicle control assistance software, software for use in automated vehicle control, vehicle control software, software for use in the following areas: vehicles, vehicle systems, manufacture of vehicles, manufacture of vehicle systems, articles made of rubber, tyres, hoses, belts for conveyors, drive belts, articles made of plastic, marketing and activities related to the communication activities of a company, software for use in the following areas: transportation fleet management, namely, computer software for collecting, optimising, processing and analysing data regarding vehicles and vehicle fleets and for generating reports and insights based on collected data and analyses of collected data, software,

solely for use in connection with making professional contacts in the trucking industry in the areas of fleet management, transportation and staffing, recruitment and hiring and for communicating a user's location and for locating, determining location and interacting with other users and locations, software tools for exchange of data and software between vehicles and mobility solutions and servers, software tools for the development of cloud services for vehicles and mobility solutions, software tools for the development of software and hardware for vehicles and mobility solutions, software tools for collaboration, analysis and monitoring in connection with the development of embedded and cloud software, sonars, tension meter for fan belts and V-ribbed belts, storage apparatus for computer programs, voice command devices, lane departure warning software, central door locking actuators, controllers and regulators, steering units, control devices for land vehicle audio and video navigation, sensor controllers, control devices for use in assisted vehicle control, control devices for use in automated vehicle control, seat controls, control devices for air conditioning apparatus, control software for anti-lock braking systems, control software for electronic braking systems, system and system support software, and firmware, tachographs, tachometers, telephone apparatus, telecommunication devices and apparatus, telecommunications equipment, telematics apparatus, telematics control apparatus, temperature indicating instruments, temperature transmitters, temperature meters, temperature controllers apparatus for use in vehicle heating systems, temperature switches, cruise controls, thermometers, thermostats, blind spot cameras for vehicles, touchscreen monitors, transponders, actuators (included in this class), door closing apparatus, door locking apparatus, monitoring and diagnostic apparatus and systems consisting thereof for engine and powertrain in vehicles, monitoring and diagnostic systems for engine and powertrain in vehicles, ultrasonic height and pressure sensors, ultrasonic sensors, reversing monitors, gloves for protection against accidents, accident prevention, comfort driving systems and navigation software, USB card readers, USB flash drivers, consumption measuring apparatus, traffic guidance apparatus, signposts recognition software, wear indicator apparatus, wear indicators, video screens, camcorders, video monitors, virtual vehicles, virtual control apparatus, visual alarms, voltmeters, location, tracking and traffic control apparatus, warning lamps, maintenance indicator apparatus, maintenance indicators, water level indicators, water depth indicators, marine depth finders apparatus, web applications, server software, route indicators, position encoder, distance display instruments, route distance calculator, trip counters, workshop diagnostic and testing equipment, workshop apparatus for testing, wind indicator apparatus, wind measurement apparatus, angle sensors, nautical apparatus and instruments, time recording unit, time measuring instruments [not including clocks and watches], central on-board controllers for land vehicles, central locking systems, central computers for land vehicles, access control devices, parts of all the afore said goods (included in this class), work lights, lighting and lighting reflectors, vehicle lighting and light reflectors, lighting apparatus for vehicles, electric lamps and electric light fittings, lighting apparatus for vehicles, vehicle headlights, blowing machines and fan modules for vehicles, blowing modules, blowing systems for vehicles, blowing resistors, heating systems and air conditioning installations for vehicles, heating, ventilating and air conditioning installations, heating, ventilating, and air conditioning and purification equipment, LED lamps and LED luminaires and their parts, fan modules for vehicles, fan motors for vehicles, fan systems for vehicles, taillights for vehicles, vehicles and conveyances, parts and fittings of vehicles and wheels, tyres and continuous tracks for vehicles, apparatus for locomotion by land, air or water, axles for air suspension systems in vehicles, airbags and parts relating thereto, to the extent that the aforesaid goods are included in this class, active parking brakes, acoustic safety signals [audible] for vehicles, antilock brake systems and components for land vehicles, powertrains, including engines and motors, for land vehicles, drive-brake units for land vehicles, moulded-on attachments for brake hoses, suspensions/vibration reducers for vehicle seats and cabs, brake expansion tanks, autonomous vehicles, components for unmanned aerial vehicles [UAVs], aircraft components, containers for windshields and headlight washing systems for motor vehicles, braking systems for land vehicles, brake segments for vehicles, brake linings for vehicles, brake pressure regulators, brakes, brakes for vehicles and their parts, brake sets for vehicles, brake pads, brake force transmitters, brake boosters, brake power distributors, brake cables for vehicles, brake calipers, brake discs, brake hoses, brake shoes for vehicles, brake systems for vehicles, brake drums, brake wear indicators, brake cylinders, common rail diesel injection systems, dampers, expansion bolts, diamond washers, front spacers, pressure switches, nozzles for windshield and headlight washer systems for motor vehicles, nozzle needles for windscreen and headlight cleaners, electric pumps for air supply, electric sunroofs for vehicles, electromechanical brake systems, electronic brakes for land vehicles, on board electronic systems for automatic braking for land vehicles, electronic, hydraulic, electromechanical, electro-hydraulic and mechanical brakes for land vehicles, explosive control devices for triggering gas actuators for security systems such as airbags, driver's workplace for buses, driverless transport vehicles, driver's seats, undercarriages, vehicle windows incorporating aerials for radio reception, vehicle cabs, vehicle seats with massage function, gaiters, springs, filters for windshield and headlight cleaners, pilotless aircraft, apparatus for air supply in air suspension systems, regulated adjusters of vehicle parts such as vehicle seats, windows, mirrors, sun roofs, carburettor valves, camshafts, machine coupling transmission components, controlled brake systems, handbrake cables, master cylinders, brake boosters, brake pressure regulators, adjustable brake pedals, heating devices for windshield and headlight washer systems for motor vehicles, heating hoses as components and accessories for vehicles, to the extent that the aforesaid goods are included in this class, high pressure pumps, helicopters, hydraulic hoses as components and accessories for vehicles, to the extent that the aforesaid goods are included in this class, hydraulic system components, hydraulic brake pressure regulators for vehicles, hydraulic pneumatic amplifier, hydraulic wheel braking and actuating systems, hydromechanical wheel braking and actuating systems, fuel supply units, fuel hoses as components and accessories for vehicles, to the extent that the aforementioned goods are included in this class, cooling hoses as components and accessories for vehicles, to the extent that the aforementioned goods are included in this class, charge air hoses as components and accessories for vehicles, to the extent that the aforementioned goods are included in this class, pipes for diesel injection systems, aircraft, air suspension struts, air suspension dampers for vehicles, air springs, air spring systems, air supply units for air spring systems, mechanical, hydraulic actuators and transmitters, modular driver's workplace for buses and parts thereof, motorised tailgates, nuts, level switches for

windshield and headlight cleaners, oil hoses as components and accessories for vehicles, to the extent that the aforementioned goods are included in this class, parking brakes, piezo injectors, pumps for windshields and headlight washer systems for motor vehicles, wheel brakes, wheel brake cylinders, rails for diesel injection systems, regenerative brakes, cleaning nozzles, belt tensioners and parts relating thereto, to the extent that the aforesaid goods are included in this class, rotor blades for helicopters, valve stems for windshield and headlight cleaners, windshield and headlight cleaning systems, disc brakes, windshield cleaning pumps, windshield washing systems for motor vehicles, windshield wipers, windshield wipers for vehicle headlights, windscreen wiper arms, windscreen wiper blades, headlight cleaning pumps, headlight washing systems for vehicles, hoses for windshield and headlight washing systems for motor vehicles, couplings for tubes for windshield and headlight washer systems for motor vehicles, screws, vibration dampers and torsional vibration dampers for vehicles, excluding the foregoing products as components of land vehicle propulsion systems, self-driving transport vehicles, brake pad wear sensors, car seats, tension dampers, stability control systems for land vehicles, shock absorbers and suspension struts for vehicles, shock absorbing springs for vehicles, parts and accessories for the following products: electronic, hydraulic, electro-mechanical, electro-hydraulic and mechanical brakes for vehicles, brake calliper supports, washers, windshield and headlight washer valves, windshield and headlight washer valves for motor vehicles, adjustable brake pedals, wheel clamps [boots], metal tool trolleys, resistant interchangeable stickers, central hydraulic distributors, civilian drones, cylinders, printed matter, stationery and educational supplies, rolls of printing material, paper stock, stickers, pencils, specialist books, professional magazines, repair and/or service instructions for motor vehicles, forms, pre-printed forms, rolls of printing material and diagram discs for use in tachographs, printed books, magazines, newspapers and other paper-based media, educational equipment, highlighter pens, notebooks, notepads, plastic attachments, fasteners, water-tight rings, membranes, insofar as these goods are not included in other classes, expansion bolts, seals (non-metallic-) for pneumatic suspensions, not of metal, seals, sealants and fillers, springs, flexible connectors (non-metallic-) for hoses, casings of rubber for tubes, hoses linings, air hoses, nuts, flexible pipes, not of metal, screws, washers, connectors (non-metallic), for hoses, fittings for windshields and headlight cleaners, stands, expansion bolts, displays, stands and signage, non-metallic, brake fluid disposal equipment, springs, flexible containers of rubber or plastic for the storage and transport of solids, liquids, gases and fuels, racks, nuts, belt drive display, screws, not of metal, washers; providing information on results of market surveys and studies.

Class 37:
Installation, maintenance, cleaning and repair services relating to vehicles and their parts, as well as relating to vehicle electronics and computer hardware for vehicles; computer hardware and telecommunication equipment installation, maintenance and repair; vehicle repair, maintenance and refuelling; consultancy and information regarding the aforesaid services, included in this class; provision of information regarding the repair of vehicles; advisory services regarding the repair of vehicle parts, in particular brakes; replacement of brake systems; advice and information regarding repair of brakes; advice and information regarding repair of common rail diesel systems; garage services, namely conversion, repair, maintenance, assembly, disassembly, servicing, maintenance, cleaning and varnishing of vehicles and engines; installation and repair of airbag control units, airbag control units and satellite sensors for passenger cars; antenna installation and repair; installation and repair of braking components; installation and repair of driver assistance systems for motor vehicles; installation and repair of head-up displays for vehicles; installation and repair of high performance computers; installation and repair of cameras; installation and repair of air suspension systems; installation and repair of sensors; installation and repair of tachographs; installation, maintenance and repair of the following goods: data systems; maintenance and servicing of parking devices, parking systems and mechanical parking systems and their components and accessories; repair and installation of computer network systems, computer hardware systems, wireless network systems, navigational and voice recognition systems; repair of brake systems; repair of motor vehicle components; repair of parking devices, parking systems and mechanical parking systems and their components and accessories; maintenance and repair of automated driving functions; maintenance and repair of vehicle motion control devices; maintenance and repair of brake systems, wheel brakes; maintenance and repair of computer hardware; maintenance and repair of digital clusters; maintenance and repair of display solutions, displays; maintenance and repair of drones; maintenance and repair of vehicle access systems; maintenance and repair of automatic emergency braking (AEB) and adaptive cruise control (ACC) devices; maintenance and repair of devices for integrated safety systems; maintenance and repair of hardware for integrated safety systems; maintenance and repair of head-up displays; maintenance and repair of high-performance computers; maintenance and repair of cameras; maintenance and repair of light systems; maintenance and repair of LiDAR devices; maintenance and repair of air suspension systems; maintenance and repair of radar and camera applications; maintenance and repair of radars; maintenance and repair of sensors; maintenance and repair of telematics units; maintenance and repair of ultrasonic sensors; maintenance and repair of central control units and drive control units; maintenance, installation and repair of analysers for diagram discs, tachographs, accident data recorders, electronic logbook, testing and diagnostic apparatus and instruments; maintenance, repair and installation of computer network systems, computer hardware systems, wireless network systems, navigational and voice recognition systems; maintenance and repair of turn assistance hardware; maintenance and repair of hardware for integrated vehicle safety; maintenance and repair of hardware for intelligent vehicle manoeuvring; maintenance and repair of hardware for automatic vehicle control; maintenance and repair of hardware for automatic vehicle parking; maintenance and repair of hardware for lane departure warning; maintenance and repair of hardware in the field of user experience.

Class 38:
Telecommunication services; rental and leasing of goods in connection with the provision of the aforesaid services, to the extent included in this class; consultancy and information regarding the aforesaid services, to the extent included in this class; information about telecommunications; providing access to applications on the internet for vehicles; providing access to computer networks for vehicles; providing access to cloud-based computing resources and storage in connection

with vehicles and mobility solutions; providing access to web portals in relation to the following areas: supervision of vehicle fleets; providing user access to computer programmes in data networks; provision of access to cyber security software; providing access to electronic communication networks and electronic databases; provision of access to content, websites and internet portals; providing access to data in computer networks; providing access to platforms and portals on the internet; provision of information about telecommunications, telematics services and data transmission services over telematic networks; provision of infrastructure for data and software transmission in connection with vehicles and mobility solutions; operation of a platform for the connecting and exchange of control units for land vehicles; computer communication and internet access; data transmission and reception services via telecommunications means; data broadcasting services; telematic data transmission; wireless communication services; data streaming; electronic transmission and retransmission of sounds, images, documents, messages and data; electronic transmission of computer programs via the internet; electronic data interchange services; radio transmission services for vehicles, wireless broadcasting services for vehicles, electronic messaging for vehicles; communication via controller area network (CAN); communication services between data banks; personal communication service; telecommunication services provided via internet platforms and portals for vehicles; telecommunications services for vehicles; telecommunications services; transfer and providing digital data by computer, internet, cable, broadcasting, cellular telephone, GSM, WAP and satellite broadcasting; transfer and providing digital data by computer, Internet, cable, broadcasting, cellular telephone, GSM, WAP and satellite broadcasting; transferring information and data via computer networks and the internet; providing access to telecommunication networks; providing internet chatrooms; providing online forums; providing telecommunications connections to the internet or to databases; news agency services; communications services for accessing a database; rental of telecommunications equipment; providing access to databases; data bank interconnection services.

Class 39:
Providing route selection information based on real-time traffic data; providing traffic information; providing information about road and traffic conditions; fleet management of motor vehicles by means of electronic navigation and positioning devices; information, consultancy and reservation services regarding transport services; navigation services [positioning, routing and course planning]; parking and depositing of vehicles; transport services; monitoring of drivers and motor vehicles, management of vehicle fleets; traffic information services; management of vehicle fleets in the following areas: tracking and monitoring of vehicle fleets.

Class 40:
Custom manufacture and manufacturing services; material treatment and conversion; metalworking; custom manufacture of molded components.

Class 41:
Education; education and training in the field of electronic data processing; provision of educational content via podcasts, (online) tutorials and training videos; education, entertainment and sport services; production of video, audio recordings, music videos, video films and videotapes; video editing, 2D and 3D animation production services; special effects animation services for film and video; courses (training-) regarding research and development; courses (training-) regarding research and development; provision of training services and courses in the field of safety standards training the use of data processing programs; arranging and conducting of online tutorials and provision of online tutorials; arranging of workshops and seminars; organisation of workshops; translation and interpretation; arranging professional workshop and training courses; publishing, reporting, and writing of texts other than magazine publishing; transfer of knowledge and know-how on business and technical subjects regarding the following areas: electromobility; cultural activities; instruction; conducting of conventions and congresses; advisory and information services regarding all of the above; arrangement and conducting of instructional seminars and conferences for educational purposes; arranging and conducting of business seminars, meetings and conferences; arranging and conducting competitions; publishing and reporting.

Class 42:
IT services, in particular software development, programming and implementation, computer hardware development, hosting services, software as a service [SaaS] and rental of computer hardware and computer software, leasing computer facilities, consultancy and information services regarding IT, IT security, protection and restoration, data duplication and conversion services, data coding services, computer analysis and diagnostic services, research and development services regarding and implementation of computers and computer systems, computer project management services, data mining, digital watermarking, computer programming services, technological services regarding computers, computer network services, updating of memory banks of computer systems, data migration services, updating of websites for others, monitoring of computer systems by remotely accessing; science and technological services; testing, authentication and quality control; design services; rental and leasing of goods in connection with providing of aforesaid services, included in this class; consultancy and information services regarding the aforesaid services, included in this class; installation, updating and maintenance of software; science and technology services and research and design services relating thereto; industrial analysis and research services and industrial designer services; quality control and authentication services; design and development of computer hardware and software; access control as a service [ACaaS]; updating of computer software; updating of software for driver assistance systems; analysis of product development; technological consultancy relating to interpretation of operation states, in particular motion states of vehicles; technological consultancy in the field of electromobility; consultancy in relation to the following areas: development of software, hardware and architecture for vehicles and mobility solutions; technological consultancy in relation to safety standards; consultancy and maintenance of computer software, including third party software; consultancy in the field of industrial research; advisory services in the field of product development and quality improvement of software; consultancy in the field of software design; consultancy in the field of software as a service [SaaS]; consultancy regarding research and development; consultancy in the field of security software; consultancy in the field of computer system integration; providing an accurate road map

and topographical data; providing a platform for software development, hardware development and architecture for vehicles and mobility solutions; providing scientific and technical data on current road conditions; providing real-time weather information; providing information in the field of product development; providing weather information; providing non-downloadable software for use vehicle fleet management; providing software for displaying and sharing user locations and for finding, locating of and interacting with other users and locations; providing road maps and topographical data; provision of technical information in relation to computers; providing virtual computer environments through cloud computing; cloud hosting services; cloud computing; cloud storage services for electronic data; computer design services; computer aided testing services; computer programming services for electronic data security; computer system design; consultancy and advice in the design and development of computer software; consultancy and advice in the design and development of computer hardware; data security services; computer software design in the automotive industry; software engineering; installation of computer software; design, development, installation and maintenance of software in the field of cyber security, computer security, network security, application security, data security; design services in the automotive industry; services related to industrial analysis, industrial research and industrial design; conducting industrial tests; technical measuring and testing; conducting vehicle safety tests and inspections; conducting of scientific studies; development of new products; cyber security software development, programming and implementation; development, programming and implementation of artificial intelligence software for vehicles; development, programming and implementation of software for driver assistance systems; design and development of operating software for accessing and using cloud computing network; design and development of cloud computing networks and applications; design and development of software in the field of mobile applications; design and development of systems for data input, output, processing, display and storage; design and testing for new product development; preparation of computer programs for data processing in the automotive industry; provision of information on information technology; provision of information on scientific research; analysis and evaluation of product development; professional consultancy services regarding computer programming; research and development of new products for others; photogrammetry services; design of information services [software] in connection with vehicle fleet management; design of computer hardware; HMI software engineering; host services; hosting of databases, hosting web portals, hosting of weblogs, hosting of digital content on the internet, hosting of platforms on the internet and hosting of computerised data, files, applications and information; hosting of digital data and information in the field of road traffic, road traffic management, motor vehicles and autonomous driving of motor vehicles; hosting of digital data and information in the field of road traffic, road traffic management, motor vehicles and autonomous driving of motor vehicles; hosting of platforms on the internet; hosting of access control as a service [ACaaS] servers and software; implementation of computer programs in networks; industrial analysis and research services; industrial experimentation and research and development; infrastructure as a service [laaS]; engineering services regarding driver assistance systems; engineering services regarding robotics; installation and maintenance of computer programs for data processing; installation of access control as a service [ACaaS] software; computer systems integration services; mapping; cartographic measurement services by drone; design and development of hardware and software for high-performance cockpit computers; design and development of hardware and software for high-performance computers for driving assistance functions and autonomous driving functions; design and development of hardware and software for high-performance computers for vehicle control and automotive diagnostics; design and development of hardware and software for high-performance computer solutions in the field of vehicles; software customisation services; material testing services; natural science services; online data storage; over-the-air update of software components; platform as a service (PaaS) for the development of software, hardware and architecture for vehicles and mobility solutions; platform as a service [PaaS]; product design and development; product development for vehicle construction and for vehicle body construction; product development consultation; product research and development; testing and monitoring of industrial machinery by drones; testing of computer programs; testing of products for third parties; technical monitoring and inspection; safety testing for vehicles; software-as-a-product (SaaP) for vehicles; software design and development; software enabler solutions; software integration and engineering services; technical consultancy regarding product development; technical consultancy and expert activity for analysis device for diagram discs, tachographs, accident data recorders, electronic vehicle logbooks, testing and diagnostic apparatus and instruments; technical advice and/or project planning; technical services for downloading software; technological consultancy relating to vehicles and vehicle repair, in particular diagnostics, high-voltage technology, diesel repair, sensor technology and engine actuators; technological consultancy relating to garage services; technological consultancy relating to electromobility; technical planning and consulting; technical advice regarding safety; topographic surveying services by drones; computer security system monitoring services; maintenance and updating of software; maintenance and repair of turn assistance software; maintenance and repair of augmented reality software; maintenance and repair of driver and interior monitoring software for automotive use; maintenance and repair of software for integrated vehicle safety; maintenance and repair of software for intelligent vehicle manoeuvring; maintenance and repair of software for automatic vehicle control; maintenance and repair of software for automatic vehicle parking; maintenance and repair of software for lane departure warning; maintenance and repair of software solutions in the field of user experience; maintenance and repair of software; maintenance and repair of software for displays in the driver display; maintenance and repair of software for HMI in the area of vehicles; maintenance and repair of software for voice applications, digital assistants and noise suppression; maintenance and repair of motion control software in vehicles; maintenance and repair of software for intuitive visualisation of vehicle environment, traffic situation and infrastructure elements; maintenance and repair of software for image distortion correction; maintenance and repair of software for placement navigation, traffic and driver assistance information; maintenance and repair of software for verification and analysis of the camera algorithm and the test environment in the area of cabin sensing; maintenance and repair of software for visualisation and validation in the area of vehicles; maintenance and repair of software for radio and

radio streaming; maintenance and repair of software solutions for central control units and drive controls; maintenance and repair of controller platforms [software] for server-zone vehicle architectures; maintenance of computer programs for the interpretation of operating states, in particular, motion states of vehicles, electric, electronic and mechanical operating hours and engine revolution counters, fleet management systems (mainly comprising working time monitoring devices, speed monitoring devices); maintenance of computer software; maintenance of software for driver assistance systems; computer services concerning to electronic data storage; development of databases; technical consulting; computer rental; maintenance and repair of software for integrated safety systems.

Class 45:
Legal services.

International priority date claimed: 21 May 2026 (US) (99838246)

Class 9:
Musical sound recordings; downloadable musical sound recordings; musical video recordings; downloadable musical video recordings; downloadable audiovisual recordings featuring music; audio and video recordings featuring music and artistic performances.

Class 25:
T-shirts; shirts; clothing jackets; clothing jerseys; beanies; baseball caps and hats; hats; headwear; pants; sweatpants; shorts; tank tops; sweatshirts; hooded sweatshirts; long-sleeved shirts; bandanas; wristbands as clothing; headbands; socks; shoes.

Class 41:
Live music performances; entertainment in the nature of live performances by a musical artist; entertainment services in the nature of live musical performances; providing entertainment information in the fields of performances, music recordings, appearances, news, and other information about a musical artist via a website; providing online non-downloadable visual and audio recordings featuring music via a website; entertainment services, namely, providing non-downloadable prerecorded music via a website; entertainment services, namely, personal appearances by a musical artist.

ONELVN

International priority date claimed: 22 December 2025 (JP) (2025-146663)

Class 5:
Amino acid preparations; nutritional additives for medical purposes, medicinal tonics and substitutes therefor; vitamin preparations; dietary supplements for human beings; protein dietary supplements.

Class 21:
Tumblers; mugs; water bottles; shaker bottles sold empty; polyethylene terephthalate (PET) bottles for beverages, sold empty.

Class 25:
Clothing; jerseys [clothing]; bottoms [clothing]; T-shirts; panties, shorts and briefs; leggings [trousers]; tops [clothing]; sweatshirts; hooded sweatshirts; socks; athletic tops and bottoms; sports clothing; training shirts; training trousers; headwear; footwear.

Class 27:
Yoga mats; gymnastic mats; personal exercise mats; mats.

Class 28:
Sporting articles; gym balls for yoga; pilates toning balls; yoga swings; yoga straps; yoga blocks; foam roller for exercise training; roller for training; pilates rings [sports articles]; pilates reformer [sports articles]; pilates cadillac [sports articles]; pilates chairs [sports articles]; pilates barrel [sports articles]; pilates tower [sports articles]; manually operated exercise equipment; sports equipment for exercise training; fitness machines and apparatus; strength training apparatus; machines for physical exercises.

Class 35:
Retail services or wholesale services for clothing; retail services or wholesale services for towels of textile; retail services or

wholesale services for blankets; retail services or wholesale services for kitchen equipment; retail services or wholesale services for footwear; retail services or wholesale services for exercise mats; retail services or wholesale services for sports goods; retail services or wholesale services for dietary and nutritional supplements; providing commercial information and advice for consumers in the choice of products and services.

Class 41:
Conducting fitness classes; personal trainer services [fitness training]; pilates instruction; yoga instruction; arranging, conducting and organization of seminars; providing electronic publications; publishing services; providing videos from the internet, not downloadable; production of videotape film in the field of education, culture, entertainment or sports [not for movies or television programs and not for advertising or publicity]; sporting activities; fitness club services; health and fitness club services; rental of sports equipment; rental of yoga equipment; rental of game machines and apparatus.

EVERY FAMILY MAKES A MARK

International priority date claimed: 04 February 2026 (US) (99634330)

Class 9:
Computer application software for mobile phones and handheld computers, namely, downloadable software for uploading, scanning, digitizing, viewing, organizing, sharing and editing photographs and for integrating photographs into genealogical databases and family trees; downloadable software in the nature of a mobile application for uploading, scanning, digitizing, viewing, organizing, sharing and editing photographs and for integrating photographs into genealogical databases and family trees; downloadable computer application software for mobile phones and handheld computers for researching and managing genealogical information collected during family history and genealogical research; electronic databases in the field of genealogical historical data, family history data, census data, birth, marriage and death records, photographs and graphical representations of family trees recorded on computer media; downloadable computer software for creating, managing, recording, searching, indexing, filtering and retrieval of genealogical historical data, family history data, census data, birth, marriage and death records; downloadable computer software for creating, managing, recording, searching, indexing, filtering and retrieval of sound and image files; downloadable computer software for use in creating, displaying, sharing and storing multimedia presentation files that include photographs and sound; downloadable computer software for graphically depicting genealogical historical data and family history data; downloadable computer software to enable searching of data and for connection to databases and the Internet; downloadable computer software that allows interaction between Internet sites; downloadable computer software for production of genealogical tables and charts; downloadable electronic publications in the nature of newsletters in the field of genealogy and family history; downloadable reports featuring genealogical historical data, family history data, census data, birth, marriage and death records; downloadable graphics featuring tables and charts in the field of genealogical historical data, family history data, census data, birth, marriage and death records.

Class 35:
Online retail store and mail order services connected with the sale of audio and video recordings relating to genealogy and family history, genealogy and family history computer software, genealogy charts, genealogy and family history reports, genealogy and family history publications; services comprising the compilation and systematization of written communications and data in the field of genealogical and family history information into computer databases.

Class 41:
Entertainment and educational services relating to genealogy and family history, namely, classes, workshops and educational conferences in the field of genealogy and family history; arranging and conducting seminars and webinars in the field of genealogy and family history; television, webcast and radio entertainment relating to genealogy and family history, namely, on-going television programs, on-going radio programs and on-going series provided through webcasts, all in the field of genealogy and family history; publishing of books, magazines, e-books, audio books, and web magazines all in the field of genealogical historical data, family history data, census data, birth, marriage and death records; video recording of personal genealogical documentaries; providing historical information, historical news articles and historical news clippings from a searchable online computer database.

Class 42:
Application service provider services featuring software for use in creating, displaying, sharing and storing multimedia presentations that include photographs and sound, all in the field of genealogy and family history; providing temporary use of non-downloadable computer software for use in creating, displaying, sharing and storing multimedia presentations that include photographs and sound, all in the field of genealogy and family history; providing temporary use of non-downloadable computer software that enables family groups to create and maintain personalized websites for the purpose of sharing information regarding family members; hosting of digital content on the Internet, namely, hosting on-line journals and blogs in the field of genealogy and family history; computer services, namely, hosting and maintaining an online website for others to access photo albums and calendars; providing temporary use of non-downloadable computer software for use in the creation and publication of on-line journals and blogs in the field of genealogy and family history; providing scientific analysis in the field of genetic and family history and genealogy; providing scientific reports based upon the results of laboratory testing in the field of genetic and family history and genealogy; providing information based on the results of genetic testing for research purposes from online computer databases; application service provider services featuring software for providing access to databases that contain the results of genetic and family history testing; application service provider services featuring software for use in data management, data storage, data analysis, report generation, user identification, and membership identification, all in the field of genetic and family history and genealogy; scientific research in the field of genetic and family history and genealogy; DNA testing services for non-medical use, namely, DNA testing for investigating and learning about genealogical and family history; hosting of digital content on the Internet, namely, hosting historical data and information and on-line journals and blogs in the field of historical data and information, genealogy and family history; computer services, namely, hosting and maintaining an online website for others to access and share information and data in the fields of historical data and information, genealogy and family history; providing temporary use of non-downloadable software for use in creating, displaying, sharing and storing information and data in the field of historical data and information, genealogy and family history; application service provider featuring software for uploading, scanning, digitizing, viewing, organizing, sharing and editing photographs and for integrating photographs into genealogical databases and family trees; providing temporary use of non-downloadable software applications for uploading, scanning, digitizing, viewing, organizing, sharing and editing photographs and for integrating photographs into genealogical databases and family trees; computer services, namely, hosting of digital content on the internet; platform as a service [PaaS] featuring software platforms for peer-to-peer photo sharing by enabling users to upload, view, and download digital photos; photo scanning services; digitization of photographs and documents; computer services in the nature of providing customized web pages featuring user-defined information and personal profiles;

providing online non-downloadable software for keeping track of genealogical information collected during family history and genealogical research and used to create reports, charts, and books containing such information via a website.

Class 45:
Provision of genealogical information, namely, provision of educational, research and historical tables of genealogical information; providing genealogical information, namely, family history information services, namely, retrieving, recording and reviewing ancestral data via the global computer network; consultancy, information and advisory services relating to the aforesaid; and providing genealogy information including family history information via an on-line computer database; providing information in the field of genetic and family history and genealogy via an online resource center; provision of information in the field of personal historical data and information, genealogy and family history; providing genealogical research information regarding personal historical data and information, genealogy and family history; providing genealogical information, namely, family history information services in the nature of retrieving, recording and reviewing ancestral data via the Internet; consultancy, information and advisory services relating to personal historical data and information, genealogy and family history; providing personal historical data and information, genealogy information and family history information via an on-line computer database; genealogical services, namely, genealogy and family history research, provided in person and via the Internet; genealogical services, namely, genealogy research, provided in person and via the Internet.

Class 6:
Containers of metal for transport; prefabricated metal buildings; greenhouses of metal, transportable; nozzles of metal; metal materials for building and construction; transportable metal constructions; metal containers for storage or transport; prefabricated building assembly kits of metal; metal joinery fittings; non-electric cables and wires of common metal; metal construction materials; chests of metal; industrial packaging containers of metal; loading and unloading pallets of metal; ice moulds of metal; weather or wind-vanes of metal; hand-held supermarket shopping baskets of metal; parts and fittings for all the aforesaid goods.

Class 7:
Apparatus for use in processing food; beverage processing apparatus and installations; dish washing machines; apparatus for washing pots and pans; apparatus for washing kitchen utensils; electric blenders; electric food processors; electric juicers; apparatus for making and dispensing whippy ice cream other than vending machines; electric ice crushers; vending machines; food mixing machines; food peeling machines for commercial use; food cutting, chopping and slicing machines; electric washing machines; rinsing machines; kitchen machines, electric; packing machines under vacuum; machines and apparatus for wax-polishing, electric; vacuum cleaners; waste compacting machines; waste crushing machines; agricultural machines and agricultural implements other than hand-operated; pneumatic or hydraulic machines and instruments; compressors [machines]; pumps for machines; blowing machines; motors, other than for land vehicles; agricultural implements, other than hand-operated hand tools; heat exchangers (parts of engines); chemical processing machines and apparatus; motors, electric, other than for land vehicles; current generators; wind-powered installations for generating electricity [wind farms]; AC generators [alternators]; centrifugal blowers; axial flow blowers; earth moving machines; electric pumps; food cutting machines for commercial use; food slicing machines for commercial use; rice polishing machines; air suction machines; wrapping machines; exhaust gas filters for non-electric prime movers; agricultural machines; flower and plant cultivation machines for agricultural use; composting machines; waste disposal units; waste crushing machines; packaging or wrapping machines and apparatus; non-electric prime movers, not for land vehicles; parts of non-electric prime movers; chemical processing machines and apparatus for recycling waste solvents; industrial fishing machines; filtering machines; cartridges for filtering machines; machines for the mineralization of drinking water; beverage preparation machines, electromechanical; food preparation machines, electromechanical; filters being parts of machines or engines; turbines, not for land vehicles, other than water mills and wind mills; starters for motors and engines; DC generators; parts and fittings for all the aforesaid goods.

Class 9:
Fire alarms; gas alarms; anti-theft warning apparatus; point-of-sale [POS] terminals; electronic payment terminals; biometric fingerprint scanners; image recognition software; bar code readers; IC card readers; radio-frequency identification [RFID] readers; downloadable image files; cash registers; electronic card readers; IC card readers and writers; barcode scanners; electronic cash registers; automated teller machines [ATM]; computers; computer programs; computer programs

recorded; computer operating programs, recorded; computer programs, downloadable; computer software applications downloadable; computer software; computer software recorded; computer software platforms, recorded or downloadable; computer programs and software for use in controlling, operating, monitoring, and managing of air conditioning, cooling, ventilating, and heating apparatus; computer program for use in remotely controlling, operating, monitoring, and managing of air conditioning, cooling, ventilating, and heating apparatus in buildings, facilities, and designated separate area; computer software for use in control, operation, monitoring, and management of electric appliances for household purposes; computer hardware and software for client information management; computer hardware and software for point-of-sale [POS] system; application software; downloadable and recorded application software for use in control, operation, monitoring and management of air conditioning, cooling, ventilating, and heating apparatus and installations; downloadable and recorded application software for use in the remote control of air cooling, heating, ventilating, and conditioning apparatus and installations; downloadable and recorded application software for use in control, operation, monitoring, and management of home electric and electronic appliances; downloadable and recorded application software for operation and control of water treatment systems; downloadable and recorded application software for monitoring and controlling plant cultivation facilities; downloadable and recorded application software for remote monitoring of the status and usage of food freezing machines and apparatus; remote controls; remote monitoring apparatus; remote communication apparatus; remote control apparatus; remote controlling and monitoring apparatus for air conditioning, cooling, ventilating, and heating apparatus and installations; remote controlling and monitoring apparatus for industrial operations; remote controlling and monitoring apparatus for home electric and electronic appliances; telecommunication machines and apparatus; telecommunication apparatus and instruments for use with air conditioning, cooling, ventilating, and heating apparatus; downloadable electronic publications provided via the Internet; downloadable or recorded electronic publications; computer network adapters; adapters for telecommunications equipment; photovoltaic installations for generating electricity [photovoltaic power plants]; solar panels for electricity generation; measuring or testing machines and instruments; moisture meters; human detecting sensor; remote control telemetering machines and instruments; power distribution or control machines and apparatus; personal digital assistants; cameras; batteries and cells; fuel cells; solar batteries; electric locks; remote control unit; power controllers; computers; computer peripheral devices; tablet computers; mobile computers; wearable computers; routers; downloadable images, videos and music files for computer programs; downloadable computer programs; computer programs for image processing; machines and instruments for scientific research and laboratory use; laboratory apparatus and instruments; computer hardware and software for image recognition for security and surveillance; communication devices for computer networks; computer servers; temperature indicators; electric or magnetic meters and testers; gasometers; water meter; meter for electric power; distance measurement instrument; sensors; electrical power supplies; touch panels; ionization apparatus not for the treatment of air or water; internal cooling fans for electronic machines and apparatus; internal cooling fans for built-in telecommunications equipment; image processing equipment; incubators for bacteria culture; incubators for laboratory use; biochemical safety cabinet for laboratory use; computer hardware and software for visible light communication used for transmission of electronic data (including video, music, images, text, and sound); downloadable cloud computing software; photovoltaic generation apparatus; power controllers; electronic apparatus and devices for use in facial recognition; parts and fittings for all the aforesaid goods.

Class 11:
Air heating and cooling apparatus; refrigerators; freezers; freezing apparatus and installations; freezing machines and apparatus; electric ice makers; ice-cream making machines; refrigerating showcases; freezing showcases; freezer cabinets; refrigerating display cabinets; heated display cabinets; electric food warmers; refrigerated shipping containers; electric cool boxes for use in cold chain supply systems; refrigerating containers for use in cold chain supply systems; refrigerating containers; freezer containers [refrigerating apparatus]; food defrosting apparatus and installations; heating apparatus and installations for defrosting food; refrigerators with food defrosting functions; water dispensers; heating and cooling apparatus for dispensing hot and cold beverages; ice dispensing apparatus; water coolers; ozone water generators; cooking utensils, electric; microwave ovens [cooking apparatus]; electric ovens; electrical rice cookers; cooking pots, electric; induction cookers; electromagnetic induction cookers; electric sous-vide cookers; cooking apparatus and installations for commercial use; dish disinfectant apparatus for commercial use; kitchen sinks incorporating integrated worktops for commercial use; kitchen sink for commercial use; electric steamers for cooking; ventilating apparatus and instruments; electric fans; dehumidifiers; humidifiers, electric; air cooling apparatus; ceiling fans; ventilating fans; fans [air-conditioning]; electrostatic precipitators for cleaning air; electric air blowers for air conditioning or ventilating; ventilating and air conditioning apparatus for roads and tunnels in the nature of axial-flow fans and blowers; air purifying apparatus and machines; filters for air purifiers; range hoods; extractor hoods for kitchens; air filtering installations; heating apparatus; air conditioners including air cooling apparatus and air heating apparatus; air conditioners for vehicles; air filters for air conditioners; electrically heated carpets; hot air apparatus; electric radiant heaters; hot water heating installations; hot-water space heating apparatus; floor heating apparatus; underfloor heating apparatus and installations; electric water heaters; water heaters; fan heaters; gas fired heaters; heat pumps; solar water heaters; hand dryers; air sterilizers; fog generators for air conditioning, purifying and sterilising purposes; ventilation hoods; air deodorising apparatus; deodorizing apparatus not for personal use; automatic temperature regulators [thermostatic valves] for central heating radiators; electric bathroom fan dryers; dish drying machines; clothes dryers; ionization apparatus for the treatment of air or water; water boilers; hot water boilers; boilers, not for machines or engines; air conditioning apparatus; water purifying apparatus and installations; water filtering apparatus; heat pump water heaters; cooling appliances and installations; filters for air conditioning; fan coil units for air conditioning; heating installations; steam generating apparatus and installations; cooling apparatus and installations; drying apparatus and installations; ventilation installations; water supply apparatus and installations; electric lamps; lighting apparatus and

installations; electric rice warmers; electric ice cream makers; heat exchange air cooling devices; ventilation machines; commercial air curtain devices; electrostatic dust collectors for air cleaning; electric fans for air conditioning or ventilation; filters for air cleaners; hot water heaters; air-conditioning apparatus; filters for air conditioning equipment; heat exchangers for air conditioning (excluding mechanical parts); electric warm air heaters (for heating); heating apparatus, electric; gas water heaters; wastewater treatment apparatus; waste water treatment tanks for industrial purposes; septic tanks for industrial purposes; water supply equipment; water supply installations; automatic water sprinklers systems; disinfectant apparatus for dispensing solutions into water-pipes for sanitary installations; disinfectant apparatus for automatically atomizing hand sanitizers; stand-alone disinfectant apparatus for automatically atomizing hand sanitizers; water ionizers [for household purposes]; water softeners; water purifying apparatus and machines; electric dispensers for air fresheners; ultra pure water generator; waste liquid treatment equipment; air nozzles for air conditioning; air outlets for air conditioning equipment; bath fittings; prefabricated bath installations sold as a unit; stoves [space heaters] for household purposes, non-electric; sauna apparatus; toilet bowls and seats sold as a unit; electrostatic dust precipitator; refrigerating or freezing lockers; parts and fittings for all the aforesaid goods.

Class 20:
Food and beverage delivery lockers being furniture; lockers with wireless communication function; lockers; parcel delivery boxes; containers, not of metal [storage, transport]; furniture; cupboards; storage cabinets (furniture); suspension shelves; shelving units; hampers [baskets] for the transport of items; water tanks for domestic or industrial use (excluding those made of metal or stone); reservoirs, not of metal nor of masonry; rainwater reservoirs, not of metal nor of masonry; hand-held supermarket shopping baskets, not of metal; parts and fittings for all the aforesaid goods.

Class 37:
Installation, repair and maintenance of air conditioners; installation, repair and maintenance of freezing machines and apparatus; installation, repair and maintenance of electric refrigerators; installation, repair and maintenance of electronic machines and apparatus; installation, repair and maintenance of measuring and testing machines and instruments; consulting on installation, repair and maintenance of measuring and testing machines and instruments; information services on installation, repair and maintenance of measuring and testing machines and instruments; installation, repair and maintenance of machines and apparatus for processing foods and beverages; installation, repair and maintenance of cooking equipment; installation, repair and maintenance of industrial dishwashers; rental of dish drying machines; installation, repair and maintenance of electric washing machines for industrial purposes; building of shops; installation, repair and maintenance of vending machines; installation, repair and maintenance of lockers; installation, repair and maintenance of transport and storage containers; rental of dishwashing machines; installation, repair and maintenance of hot water heaters; construction services; construction consultation; advice on installation of heating and cooling systems; maintenance of utilities in buildings; services of electricians; maintenance and repair of utilities in buildings; maintenance of utilities in buildings in the nature of repair of utilities in buildings; services of electricians; installation, repair and maintenance of air conditioning, cooling, ventilating, and heating apparatus and installations; installation, repair and maintenance of telecommunication machines and apparatus [other than telephone apparatus, radio receivers and television receivers]; installation, repair and maintenance of consumer electric appliances; installation, repair and maintenance of pneumatic and hydraulic machines and instruments; installation, repair and maintenance of boilers; maintenance of utilities in buildings via remote monitoring systems; maintenance of air conditioning, cooling, ventilating, and heating apparatus in the nature of maintenance of utilities in buildings via remote monitoring systems; installation, repair and maintenance of water pollution control equipment; installation, repair and maintenance of water purifying apparatus; installation, maintenance and repair of solar installations for generating power; installation, repair and maintenance of refrigerating apparatus; installation, repair and maintenance of water supply and drainage systems; installation, repair and maintenance of water heaters; installation, repair and maintenance of air conditioning apparatus; installation of industrial machinery; maintenance and repair of buildings; building construction supervision services; installation, repair and maintenance of water purification systems; cleaning of water purification systems and provision of information related thereto; services of electricians; providing construction information; construction consultancy; cleaning of air conditioners; cleaning of air heating and cooling apparatus; air duct cleaning services; information, advisory and consultancy services relating to all the aforesaid services.

Class 42:
Advice on energy-saving design of buildings; consulting on the design of store interiors; design of energy-saving equipment or facilities; remote monitoring of communication network systems through registration of computer terminals and their users; rental of storage space on communication network servers; retail design services; architectural design; surveying; geological surveys or research; industrial design of remote controlling and monitoring apparatus telecommunication apparatus and instruments, air-conditioning apparatus, ventilation apparatus, dehumidifiers, humidifiers, air purifiers, deodorising apparatus, drying installations, boilers, refrigerating cabinets, air sterilizers; designing of machines, apparatus, instruments [including their parts] or systems composed of such machines, apparatus and instruments; software as a service [SaaS]; software as a service [SaaS] featuring software for use in controlling operating, monitoring, and managing of air conditioning cooling, ventilating, and heating apparatus; software as a service [SaaS] featuring software for use in remotely controlling operating monitoring and managing of air conditioning, cooling, ventilating, and heating apparatus in buildings, facilities, and designated separate area; design, development and maintenance of computer systems and software for operation and control of water treatment systems; design, development and maintenance of computer systems and software for monitoring air pollutants; design, development and maintenance of computer systems and software for airflow visualization and analysis; software as a service [SaaS] for sales management (SaaS); software as a service [SaaS] for customer management (SaaS); software as a service [SaaS] for the detection and analysis of the location of individuals or objects; software as a service [SaaS] for simulation of interior space design and planning; software as a service [SaaS] for customer information management; software

as a service [SaaS] for POS systems; software as a service [SaaS] for operating and controlling water treatment systems; software as a service [SaaS] for air pollutant monitoring; software as a service [SaaS] for visualization and analysis of airflow; computer software design, computer programming, and maintenance of computer software; design, development and maintenance of computer systems and software for customer information management; design, development and maintenance of computer systems and software for POS systems; rental of computers; providing temporary use of online non-downloadable computer software and computer programs; providing temporary use of online non-downloadable computer software and computer programs featuring software for use in controlling, operating, monitoring, and managing of air conditioning, cooling, ventilating, and heating apparatus; providing temporary use of online non-downloadable computer software and computer programs featuring software for use in remotely controlling, operating, monitoring, and managing of air conditioning, cooling, ventilating, and heating apparatus in buildings, facilities, and designated separate area; cloud computing; cloud computing featuring software for use in control, operation, monitoring and management of air conditioning, cooling, ventilating, and heating apparatus and installations; cloud computing featuring software for use in the remote control of air cooling, heating, ventilating, and conditioning apparatus and installations; cloud computing featuring software for operation and control of water treatment systems; cloud computing featuring software for monitoring and controlling plant cultivation facilities; cloud computing featuring software for remote monitoring of the status and usage of food freezing machines and apparatus; monitoring of computer systems by remote access; remote monitoring services of computer systems in the field of air heating, ventilating, and conditioning apparatus; remote monitoring services of computer systems in the field of water treatment systems; remote monitoring services of computer systems in the field of plant cultivation facilities; remote monitoring services of computer systems in the field of food freezing machines and apparatus; energy auditing; investigation, analysis and evaluation of electric power data for achieving energy-saving; advisory services relating to electric power data for achieving the aim of energy-saving; providing meteorological information; monitoring of computer systems for building equipment by remote access; computer software design; creating of computer programs; maintenance of computer software; computer system design; configuration of computer systems; computer rental; providing temporary use of non-downloadable computer software; hosting computer sites [web sites]; computer software updates; recovery of computer data; website hosting and maintenance; design services; monitoring of computer systems and maintenance of software for computer systems; technological advice relating to computers and industrial machines; technical advice relating to equipment inspection; providing technical advice in the field of scientific and industrial research; provision of technological information on data and information analysis; technical advice on cloud computing; technological advice on business information security and protection; provision of technological information on the operation and control of plant factory systems; technological advice relating to operation and control of water treatment systems; technical advice relating to monitoring of air contaminants and pollutants; technical advice relating to visualization and analysis of air flow; technological advice relating to operation and control of agricultural apparatus and systems; technological advice relating to operation and control of plant factory systems; testing, inspection or research on agriculture, livestock breeding or fisheries; software as a service [SaaS] for computerized production management; cloud computing consulting; product design; product design and development services; rental of computer servers; rental of measuring or testing machines and instruments; rental of measuring apparatus; rental of laboratory apparatus and instruments; architectural research; research on urban planning; testing or research on prevention of pollution; testing or research on civil engineering; conducting surveys on energy consumption and providing information related thereto; provision of advice and information on building design; design of building interiors and exteriors; research and development of new products for others; industrial design; quality control; environmental assessment services; environmental monitoring services; research in the field of environmental conservation and protection; providing technological information about environmentally conscious and green innovations; environmental testing and inspection services; engineering services in the field of environmental technology; technical consultancy in the field of environmental science; design of equipment, facilities and products in the field of environmental technology; rental of web servers; platform as a service [PaaS]; hosting platforms on the Internet; providing consulting and information in the field of energy saving and energy efficiency; information advisory and consultancy services relating to all the aforesaid services.

TI AUTOMOTIVE
SETTING THE STANDARD

The mark consists of a triangle design with curved corners and sides in red, blue and turquoise, and to the right of the triangle design the words "TI AUTOMOTIVE" above the words "SETTING THE STANDARD" in black, the color white appearing in the mark represents background and/or transparent areas and is not part of the mark.
Registration of this mark shall give no right to the exclusive use of 'AUTOMOTIVE'.

International priority date claimed: 03 November 2025 (US) (99476232)
The mark contains the colours black, red, blue, and turquoise which are claimed as a feature of the mark.
The mark consists of a triangle design with curved corners and sides in red, blue and turquoise, and to the right of the triangle design the words "TI AUTOMOTIVE" above the words "SETTING THE STANDARD" in black, the color white appearing in the mark represents background and/or transparent areas and is not part of the mark.

Class 6:
Metal threaded fasteners; pipes and tubes of metal; fittings of metal for pipes, tubes and hoses; metal connectors for pipes, tubes and hoses; couplings and joints of metal for pipes; metal valves not being parts of machines; fluid storage tanks of metal; gas storage tanks of metal.

Class 7:
Pumps for cooling engines; pumps for machines; fuel pumps for land vehicles; fuel pumps for land vehicle engines; water pumps for use in motors and engines; water pumps for land vehicles; valves for pumps; pump control valves; power-operated sprayers; fluid couplings being parts of machines; oil separators; dust separators; centrifugal separators.

Class 9:
Battery boxes; battery cases; control valves for regulating the flow of gases and liquids; electrical controlling devices; electromechanical controls for use in fluid systems for land vehicles; level switches for monitoring and controlling liquids in tanks and vessels; level switches and level indicators for monitoring and controlling liquids in tanks and vessels.

Class 11:
Air cooling apparatus; heat sinks for use in heating, cooling and ventilating apparatus; vehicle climate-control system for heating, ventilation and air-conditioning; cooling installations for gases and fluids.

Class 12:
Gas tanks for land vehicles; fuel tanks for vehicles; fuel lines for vehicles; fuel line hoses for vehicles; vehicle fuel tanks; caps for vehicle fuel tanks; gas caps for land vehicles; brake systems for vehicles; braking systems for vehicles and parts thereof; brakes for land vehicles; brake hardware for vehicles; brake lines for vehicles; cleaning systems specially adapted for land vehicles comprised of liquid and air spray nozzles, a tube, and a control unit for controlling the distribution of fluid and air for cleaning exterior cameras and sensors on land vehicles; sprayers specially adapted for land vehicles and for cleaning exterior cameras and sensors on land vehicles.

Class 17:
Non-metal flexible tubing; non-metal rigid tubing; non-metal connectors for flexible tubing; non-metal couplings for flexible tubing; non-metal pipe couplings and joints; non-metal couplings for hoses; non-metallic couplings for flexible pipes; non-metallic couplings for rigid pipes; flexible plastic hoses for use in ventilation; connecting hoses for vehicle radiators; connecting hoses for vehicle fuel injectors.

Class 40:
Custom manufacture of automotive parts, components, component assemblies and systems; manufacturing services for others in the field of automotive components.

Class 42:
Engineering; engineering services in the field of automotive components; consulting in the field of automotive engineering; product development and engineering services for others.

Date of International Registration: 29 June 2026
Date of Designation in the UK: 29 June 2026

ALPAMAYO

International priority date claimed: 02 January 2026 (JM) (96419)

Class 9:

Computer hardware; computer software; downloadable software development kits (SDKs); downloadable and recorded artificial intelligence models and large language models (LLMs), namely pre-trained neural network models for generating, processing, understanding and analyzing natural language, speech, text, images, video, audio, software code and structured and unstructured data, including generative artificial intelligence models, multimodal models, computer vision models, speech and audio models, recommendation models, embedding models and other machine learning and foundation models; downloadable and recorded computer software featuring artificial intelligence, machine learning and deep learning; downloadable and recorded computer software for the collection, transmission, management, analyzing, reviewing and displaying of data, text, images, audio, video and multimedia content; downloadable and recorded computer software for developing, running and analyzing algorithms that are able to learn to analyze, classify, and take actions in response to exposure to data; downloadable and recorded computer software for developing, training, fine-tuning, testing, evaluating, deploying and monitoring artificial intelligence models, large language models (LLMs) and other machine learning and generative artificial intelligence models, including multimodal, computer vision, speech, recommendation and embedding models; downloadable and recorded computer software for use in generating and executing automated and autonomous processes and tasks; downloadable and recorded computer software for generating and executing autonomous tasks in response to exposure to data using machine learning and artificial intelligence; downloadable and recorded computer software that uses artificial intelligence and machine learning to generate, process, understand and analyze speech, text, images, videos, sounds, software code and tasks; downloadable and recorded software for facilitating interaction, communication, and actions between humans and artificial intelligence chatbots and agents and between artificial intelligence chatbots and agents; downloadable and recorded computer software for developing, customizing, and managing computer systems, databases, mobile and computer software applications, client interfaces, frameworks, and templates; downloadable and recorded computer software for use as an autonomous, on-machine agent that automates and executes tasks using artificial intelligence; downloadable and recorded computer software for facilitating interaction with third-party application programming interfaces (APIs) and platforms; downloadable and recorded computer software, namely, customizable software toolkits that enable extensibility through user-defined functions, and support API requests, deployments, and other tasks; downloadable and recorded computer software for executing commands using a shell and for integration with and deployment of large language models (LLMs) and other artificial intelligence models, including generative artificial intelligence models, multimodal models, computer vision models, speech and audio models, recommendation engines, embedding models and other machine learning and foundation models; downloadable and recorded computer software for using artificial intelligence for configuring, generating, and running interactive simulations; downloadable and recorded computer software for creating simulations using natural language, images, video, and audio data; downloadable electronic publications in the nature of technical documentation, model cards, white papers, instruction manuals, user guides and reference manuals in the field of artificial intelligence, machine learning, large language models (LLMs), generative artificial intelligence models, multimodal models and related software platforms; downloadable chatbot software for simulating conversations, analyzing images, sound and video, summarizing text, creating content, generating code, brainstorming, trip planning, and answering queries; downloadable computer software for facilitating interaction and communication between humans and artificial intelligence (AI) chatbots in the fields of artificial intelligence, machine learning, natural language generation, statistical learning, mathematical learning, supervised learning, and unsupervised learning; downloadable chatbot software for providing information from searchable indexes and databases of information, including text, images, videos, software algorithms, mathematical equations, electronic documents, and databases; computer hardware and recorded software for the autonomous driving of motor vehicles; downloadable software in the nature of vehicle operating system software; downloadable software for autonomous vehicle operation, navigation, steering, calibration, and management; computer hardware and recorded software for use with vehicle cameras; downloadable computer programs and downloadable software for artificial intelligence (AI), machine learning, and deep learning for use in connection with operating autonomous vehicles, systems, devices; recorded software and computer hardware for use in connection with and for operating autonomous vehicles, systems, devices; computer hardware and recorded software for operating vehicle cameras; computer hardware for operating autonomous vehicles.

Class 42:
Providing temporary use of non-downloadable computer software; providing online software platforms; software as a service (SaaS); artificial intelligence as a service (AIAAS); software as a service (SaaS) featuring computer software platforms for building, training, fine-tuning, testing, evaluating, deploying, scaling and monitoring artificial intelligence models and large language models (LLMs) and other machine learning and generative artificial intelligence models, including multimodal models, computer vision models, speech and audio models, recommendation models, embedding models and other foundation models; software as a service (SaaS) and providing temporary use of non-downloadable computer software for developing, training, fine-tuning, testing, evaluating, deploying and monitoring artificial intelligence models, large language models (LLMs) and other machine learning and generative artificial intelligence models, including multimodal, computer vision, speech, recommendation and embedding models; software as a service (SaaS) and providing temporary use of non-downloadable computer software for the collection, transmission, management, analyzing, reviewing and displaying of data, text, images, audio, video and multimedia content; software as a service (SaaS) and providing temporary use of non-downloadable computer software for developing, running and analyzing algorithms that are able to learn to analyze, classify, and take actions in response to exposure to data; software as a service (SaaS) and providing temporary use of non-downloadable computer software for use in generating and executing automated and autonomous processes and tasks; software as a service (SaaS) and providing temporary use of non-downloadable computer software for generating and executing autonomous tasks in response to exposure to data using machine learning and artificial intelligence; software as a service (SaaS) and providing temporary use of non-downloadable computer software that uses artificial intelligence and machine learning to generate, process, understand and

analyze speech, text, images, videos, sounds, software code and tasks; software as a service (SaaS) and providing temporary use of non-downloadable computer software for facilitating interaction, communication, and actions between humans and artificial intelligence chatbots and agents and between artificial intelligence chatbots and agents; software as a service (SaaS) and providing temporary use of non-downloadable computer software for developing, customizing, and managing computer systems, databases, mobile and computer software applications, client interfaces, frameworks, and templates; software as a service (SaaS) and providing temporary use of non-downloadable computer software as an autonomous, on-machine agent that automates and executes tasks using artificial intelligence; software as a service (SaaS) and providing temporary use of non-downloadable computer software for facilitating interaction with third-party APIs and platforms; software as a service (SaaS) and providing temporary use of non-downloadable open-source computer software, namely, customizable software toolkits that enable extensibility through user-defined functions, and supporting API requests, deployments, and other tasks; providing temporary use of non-downloadable artificial intelligence models and large language models (LLMs) via online interfaces and application programming interfaces (APIs) for generating, processing, understanding and analyzing natural language, speech, text, images, video, audio, software code and structured and unstructured data, including via generative artificial intelligence models, multimodal models, computer vision models, speech and audio models, recommendation models, embedding models and other machine learning and foundation models; software as a service (SaaS) and providing temporary use of non-downloadable computer software for executing commands using a shell and for integration with and deployment of large language models (LLMs) and other artificial intelligence models, including generative artificial intelligence models, multimodal models, computer vision models, speech and audio models, recommendation engines, embedding models and other machine learning and foundation models; software as a service (SaaS) and providing temporary use of non-downloadable computer software for using artificial intelligence for configuring, generating, and running interactive simulations; software as a service (SaaS) and providing temporary use of non-downloadable computer software for creating simulations using natural language, images, video, and audio data; providing technical information relating to computer software, namely, artificial intelligence, machine learning, and software development via a website; providing computer software consulting services; technical support services, namely, troubleshooting in the nature of diagnosing and repairing computer software problems; research, development and evaluation of large language models and data sets; research, design and development of computer programs and software; software as a service (SaaS) and providing temporary use of non-downloadable chatbot software for simulating conversations, analyzing images, sound and video, summarizing text, creating content, generating code, brainstorming, trip planning, and answering queries; software as a service (SaaS) and providing temporary use of non-downloadable computer software for facilitating interaction and communication between humans and artificial intelligence (AI) chatbots in the fields of artificial intelligence, machine learning, natural language generation, statistical learning, mathematical learning, supervised learning, and unsupervised learning; software as a service (SaaS) and providing temporary use of non-downloadable chatbot software for providing information from searchable indexes and databases of information, including text, images, videos, software algorithms, mathematical equations, electronic documents, and databases; Artificial intelligence as a service (AIAAS) services featuring software using artificial intelligence for developing data science models; Artificial intelligence as a service (AIAAS) services featuring software using artificial intelligence for creating and integrating computer models; providing online non-downloadable software for the autonomous driving of motor vehicles; providing online non-downloadable software for autonomous vehicle navigation, steering, calibration, and management; providing online non-downloadable software used for data analytics in the field of transportation; providing temporary use of non-downloadable data sets in the field of machine perception and autonomous driving technology; providing information about autonomous-vehicle and machine-perception research via a website; research, design, and development in the field of artificial intelligence; research, design, and development in the field of autonomous technology; research, design, and development of vehicle software; technological, scientific and research services in the field of robotics, self-driving car and autonomous vehicle technology; providing virtual computer systems and environments through cloud computing for the purpose of training self-driving cars, autonomous vehicles and robots.

Class 3:
Cosmetics; toiletry preparations; perfumery.

Class 9:
Protective helmets; protective helmets for sports; auto racing helmets; fireproof automobile racing suits for safety purposes; gloves for protection against accidents; goggles for sports; covers for smartphones; recorded computer game software; downloadable computer game software; downloadable computer software applications; recorded vehicle simulation software; downloadable vehicle simulation software; vehicle drive training simulators; audio and video recordings featuring sports car races; decorative magnets.

Class 12:
Cars; sports cars; motor racing cars; self-driving cars; parts and fittings for cars; go-karts; bicycles; mopeds; motorcycles; motor scooters; electric scooters.

Class 14:
Jewellery; paste jewellery; presentation boxes for jewellery; watches; watch straps; presentation boxes for watches; clocks; prize cups of precious metals; medals; boxes of precious metals; works of art of precious metals; figurines of precious

metals; key rings [split rings with trinket or decorative fob]; key chains [split rings with trinket or decorative fob].

Class 16:
Posters; postcards; greeting cards; calendars; photographs [printed]; bookmarks; stationery; writing instruments; pen cases; penholders; notebooks; agendas; diaries; stickers and decalcomanias; printed books, brochures and magazines in the field of sports car races.

Class 18:
Bags; shoulder bags; handbags; duffle bags; reusable shopping bags; bags for sports; travelling bags; suitcases; suitcases with wheels; garment bags for travel; backpacks; rucksacks; school bags; tool bags, empty; briefcases; pocket wallets; purses; credit card cases [wallets]; umbrellas; key cases; luggage tags.

Class 21:
Containers for household or kitchen use; drinking vessels; mugs; beer mugs; drinking bottles; drinking bottles for sports; lunch boxes; tableware, other than knives, forks and spoons; cooking utensils, non-electric; roasting pans; frying pans, non-electric; pots; figurines of porcelain, ceramic, earthenware, terra-cotta or glass.

Class 25:
Clothing; footwear; headwear; sweat bands for the head; masquerade costumes; decorative head bands.

Class 26:
Ornamental cloth patches; appliqués [haberdashery]; ornamental novelty buttons; hair bands; hair elastics; hair scrunches; decorative charms for cellular phones; cockades; decorative ribbons; pins, other than jewellery; shoe laces.

Class 28:
Games; toys; apparatus for games; scale model vehicles; remote-controlled toy vehicles; toy vehicles; toy helmets; hand-held consoles for playing video games; steering wheels for video games; balls for games; appliances for gymnastics; sporting articles.

Class 35:
Sponsorship search; promotion of goods and services through sponsorship; advertising, including promotion of products and services of third parties through sponsoring arrangements and licence agreements relating to international sports' events; commercial administration of the licensing of the goods and services of others; merchandising; retail and online retail services, mail order services and wholesale services connected with the sale of cosmetics, toiletry preparations and perfumery; retail and online retail services, mail order services and wholesale services connected with the sale of protective helmets, protective helmets for sports, auto racing helmets, fireproof automobile racing suits for safety purposes, gloves for protection against accidents, eyewear, goggles for sports, covers for smartphones, recorded computer game software, downloadable computer game software, downloadable computer software applications, recorded vehicle simulation software, downloadable vehicle simulation software, vehicle drive training simulators, audio and video recordings featuring sports car races, decorative magnets; retail and online retail services, mail order services and wholesale services connected with the sale of cars, sports cars, motor racing cars, self-driving cars, parts and fittings for cars, go-karts, bicycles, mopeds, motorcycles, motor scooters, electric scooters; retail and online retail services, mail order services and wholesale services connected with the sale of jewellery, paste jewellery, presentation boxes for jewellery, watches, watch straps, presentation boxes for watches, clocks, prize cups of precious metals, medals, boxes of precious metals, works of art of precious metals, figurines of precious metals, key rings [split rings with trinket or decorative fob], key chains [split rings with trinket or decorative fob]; retail and online retail services, mail order services and wholesale services connected with the sale of posters, postcards, greeting cards, calendars, photographs [printed], bookmarks, stationery, writing instruments, pen cases, penholders, notebooks, agendas, diaries, stickers and decalcomanias, and of printed books, brochures and magazines in the field of sports car races; retail and online retail services, mail order services and wholesale services connected with the sale of bags, shoulder bags, handbags, duflle bags, reusable shopping bags, bags for sports, travelling bags, suitcases, suitcases with wheels, garment bags for travel, backpacks, rucksacks, school bags, tool bags, empty, briefcases, pocket wallets, purses, credit card cases [wallets], umbrellas, key cases, luggage tags; retail and online retail services, mail order services and wholesale services connected with the sale of containers for household or kitchen use, drinking vessels, mugs, beer mugs, drinking bottles, drinking bottles for sports, lunch boxes, tableware, other than knives, forks and spoons, cooking utensils, non-electric, roasting pans, frying pans, non-electric, pots, figurines of porcelain, ceramic, earthenware, terracotta or glass; retail and online retail services, mail order services and wholesale services connected with the sale of clothing, footwear, headwear, sweat bands for the head, masquerade costumes; retail and online retail services, mail order services and wholesale services connected with the sale of ornamental cloth patches, appliqués [haberdashery], ornamental novelty buttons, hair bands, hair elastics, hair scrunches, decorative head bands, decorative charms for cellular phones, cockades, decorative ribbons, pins, other than jewellery, shoe laces; retail and online retail services, mail order services and wholesale services connected with the sale of games, toys, apparatus for games, scale model vehicles, remote-controlled toy vehicles, toy vehicles, toy helmets, hand-held consoles for playing video games, steering wheels for video games, balls for games, appliances for gymnastics, sporting articles.

Class 41:
Entertainment services in the nature of professional athletes competing in sports car races; entertainment in the nature of automobile races; entertainment in the nature of providing closed-course driving experiences featuring racing cars; arranging competitions and tournaments relating to car racing; training of racing drivers; training for automobile competitions; ticket reservation and booking services for sports car races; providing information in the field of sports car races; providing information in the field of sports car races via a website; provision of radio, television, music, theatre and cinematographic entertainment services in the field of sports car races; providing on-line non-downloadable audio and video content in the field of sports car races; providing publications and online publications in the field of sports car races; fan clubs; organization of lotteries; arranging of contests.

Class 42:

Automotive design; mechanical engineering; design of motor racing cars; design of motors for racing cars; design services for parts of motor racing cars; mechanical research in the field of motor sports; technological consultancy in the fields of automotive design and engineering; design and development of computer software for vehicle simulation.

The mark contains the colours Black, yellow, pink, blue and green.

Class 9:
Computer software; computer software platforms; computer game software, downloadable; computer game software, recorded; computer game programmes; electronic publications, downloadable; computer programmes for computer games; magnetic and optical data carriers; computer programs, recorded; computer software, recorded.

Class 35:
Advertising; marketing; development of advertising concepts; public relations; systemization of information into computer databases; providing an online marketplace for buyers and sellers of goods and services; advertising of games, the bringing together, for the benefit of others, of a variety of goods, namely, computer software, computer software platforms, computer game software downloadable, computer game software recorded, computer game programmes, electronic publications downloadable, computer programmes for computer games, magnetic and optical data carriers, computer programs recorded, computer software recorded enabling customers to conveniently view and purchase those goods, such services may be provided by retail stores, wholesale outlets, by means of electronic media or through mail order catalogues.

Class 41:
Entertainment services; sporting and cultural activities; electronic publishing services; gaming services; online game services; providing online game services; production of multimedia programs; production of radio programs; production of television programs; online computer game services; multimedia publishing of games.

Class 42:
Computer programming; software design; software updating; computer system design; server hosting; graphic arts design.

ENTERPRISE'S FIRST EXAM

International priority date claimed: 22 June 2026 (US) (99899046)

Class 9:
Downloadable software for benchmarking, testing, evaluating, and measuring the performance of artificial intelligence agents; downloadable software for benchmarking, testing, evaluating, and measuring the performance of artificial intelligence models; downloadable software for evaluating artificial intelligence agents through benchmark testing involving performance metrics; downloadable software for evaluating of artificial intelligence models through benchmark testing involving performance metrics; downloadable software for benchmarking and evaluating autonomous artificial intelligence agents across multiple industry domains; downloadable electronic data files featuring multimodal academic benchmark questions; downloadable software for benchmarking and evaluating autonomous artificial intelligence models across multiple industry domains; downloadable data sets in the field of evaluating artificial intelligence agents and benchmarking AI system performance; downloadable data sets in the field of evaluating artificial intelligence models and benchmarking AI system performance; downloadable electronic data files featuring benchmark datasets for evaluating artificial intelligence agents; downloadable electronic data files featuring benchmark datasets for evaluating artificial intelligence models; downloadable data sets in the field of artificial intelligence model evaluation and benchmarking; downloadable electronic

files featuring artificial intelligence model evaluation and benchmarking data; downloadable computer programs using artificial intelligence (AI) for evaluating performance of artificial intelligence agents and generating benchmark metrics in the field of AI model assessment; downloadable computer programs using artificial intelligence (AI) for evaluating performance of artificial intelligence models and generating benchmark metrics in the field of AI model assessment.

Class 35:
Providing consumer product information for the purpose of selecting artificial intelligence (AI) hardware and software to meet the consumer's specifications; providing AI model rankings for commercial purposes.

Class 41:
Providing non-downloadable articles in the field of artificial intelligence research and developments via a website; providing on-line newsletters in the field of artificial intelligence and AI safety; providing online non-downloadable publications in the nature of training materials in the field of artificial intelligence safety; providing online non-downloadable electronic publications in the nature of articles, reports, and white papers in the field of artificial intelligence development, benchmarking and safety.

Class 42:
Providing temporary use of on-line non-downloadable software for benchmarking, testing, evaluating, and measuring the performance of artificial intelligence agents; providing temporary use of on-line non-downloadable software for benchmarking, testing, evaluating, and measuring the performance of artificial intelligence models; providing temporary use of on-line non-downloadable software for evaluating artificial intelligence agents through benchmark testing involving performance metrics; providing temporary use of on-line non-downloadable software for evaluating artificial intelligence models through benchmark testing involving performance metrics; providing on-line non-downloadable software for benchmarking and evaluating autonomous artificial intelligence agents across multiple industry domains; providing online non-downloadable software for developing benchmarking standards of artificial intelligence model performance; providing online non-downloadable software using machine learning for scoring and evaluating performance of machine learning models in the field of artificial intelligence; software as a service (SAAS) services featuring software using machine learning for benchmarking performance of large language models (LLMs); software as a service (SAAS) services featuring software using artificial intelligence (AI) for benchmarking performance of large language models (LLMs); providing non-downloadable software using artificial intelligence (AI) for benchmarking artificial intelligence (AI) model performance via a website; providing on-line non-downloadable software using artificial intelligence (AI) for administering and scoring benchmark question datasets to evaluate artificial intelligence systems; providing temporary use of on-line non-downloadable software and applications using artificial intelligence (AI) for creating, managing, and delivering benchmark question databases for evaluating artificial intelligence systems; providing temporary use of online non-downloadable software using artificial intelligence (AI) for automating benchmark test delivery, scoring, and reporting for AI model evaluation; providing temporary use of online non-downloadable computer software for collecting, analyzing and organizing data in the field of deep learning; research, design and development of software using artificial intelligence; research in the field of artificial intelligence (AI); research in the field of artificial intelligence (AI) software; providing online non-downloadable software using machine learning for evaluating and scoring artificial intelligence agents; providing online non-downloadable software using machine learning for evaluating and scoring artificial intelligence models; providing on-line non-downloadable software using artificial intelligence (AI) for evaluating and scoring artificial intelligence agents; providing on-line non-downloadable software using artificial intelligence (AI) for evaluating and scoring artificial intelligence models; providing online non-downloadable software for developing benchmarking standards of artificial intelligence (AI) model performance; software as a service (SAAS) services featuring software using artificial intelligence (AI) for hosting AI leaderboards and benchmarking competitions, namely evaluating, scoring, and ranking AI models across benchmark tasks in the field of artificial intelligence model evaluation and competitions; providing artificial intelligence evaluation and benchmarking for scientific research purpose from an on-line searchable database.

HumanlyX

Class 9:
Downloadable mobile applications using artificial intelligence (AI) for home automation; downloadable application programming interface (API) software; downloadable software development kits (SDK); downloadable virtual assistant software using artificial intelligence (AI) for personal productivity; downloadable computer application software for mobile phones, namely, software for analyzing data, providing predictive insights, automating daily activities, and functioning as a virtual assistant for managing lifestyle and productivity tasks; downloadable computer application software for mobile phones, portable media players, tablets, handheld computers, desktop computers, laptops, and wearable devices, namely, software for personal information management, task management, scheduling appointments, financial management, health and wellness monitoring, integrating multiple personal productivity functions into a unified platform, analyzing data, providing predictive insights, automating daily activities,

automating routine tasks, generating reminders, streamlining daily activities, and simplifying lifestyle management functions, and enabling cloud-based and cross-platform access to such functions; downloadable computer software for managing digital communications, namely, email decluttering, spam filtering, message screening, chat prioritization, and call filtering; downloadable computer software for personal safety and digital security, namely, identity protection, fraud detection, password management, encryption, and safeguarding sensitive information; downloadable computer software for enhancing digital productivity and security across multiple platforms, namely, tools for communication management, workflow automation, and personal data protection; downloadable software in the nature of a mobile application for personal information management, namely, task management, scheduling appointments, financial management, health and wellness monitoring, and integrating multiple personal productivity functions into a unified platform, namely, simplifying and automating routine lifestyle tasks to eliminate inefficiencies, inconveniences, and annoyances of daily living; downloadable computer software for use as a plug-in, add-on, or integration with web browsers, desktop applications, and mobile applications, namely, for enhancing productivity, filtering digital communications, automating tasks, reducing inefficiencies, and streamlining communications, filtering distractions, and minimizing interruptions; downloadable computer software using machine learning for developing predictive models; downloadable computer software using machine learning for creating data models; downloadable electronic data files featuring machine learning training datasets for use in developing artificial intelligence software; downloadable software for wearable computers and devices; downloadable software for communications, namely, software for chatbots, instant messaging, voice over Internet protocol (VoIP), and electronic transmission of messages and data; personal digital assistants; downloadable intelligent personal assistant software for managing personal information, scheduling appointments, sending reminders, controlling smart devices, providing health and wellness information, and enhancing productivity; intelligent personal assistant devices comprised of voice-activated speakers, computer hardware, and recorded software for managing personal information, scheduling appointments, providing reminders, controlling smart devices, delivering health and wellness information, and enhancing productivity; downloadable computer software development tools.

Class 16:
Printed instructional, educational, and teaching materials in the field of health, wellness, productivity, personal development, and lifestyle management, namely, calendars, organizers, books, magazines, and other printed materials; printed educational publications, namely, educational learning cards, flash cards, activity cards, workbooks, textbooks, activity books, story books, puzzle books, printed puzzles, teacher guides, manuals, posters and educational booklets in the field of health, productivity, and personal development; printed materials, namely, journals featuring materials about health, productivity, and personal development; printed quick reference pocket guides in the field of health, productivity, and personal development; printed reference books in the field of health, productivity, and personal development; printed newsletters in the field of health, productivity, and personal development; printed matter, namely, paper signs, books, manuals, curricula, newsletters, informational cards and brochures in the field of health, productivity, and personal development; printed note books.

Class 35:
Business management consulting services in the field of providing online platforms for connecting users with lifestyle, productivity, and health-related services; organizing business networking events in the field of lifestyle optimization; operating on-line marketplaces featuring digital content and downloadable software applications; provision of an on-line marketplace for buyers and sellers of goods and services in the fields of lifestyle, personal productivity, and health and wellness; business data analysis services in the field of personal productivity, lifestyle management, health, and wellness; advertising, marketing, and promoting the goods and services of others via providing online lifestyle, health, and productivity information; administration of a customer loyalty program which provides discounts, rewards, incentives, and membership benefits in connection with promoting the goods and services of others; business research and data analysis services in the field of business operations, consumer behavior, digital transformation, health and wellness, and productivity, featuring the use of artificial intelligence and machine learning for providing insights, recommendations, and decision support; promoting the goods and services of others by means of referrals, namely, referring customers to vetted providers; business administration of consumer loyalty programs; administration of a customer loyalty program which provides discounts, rewards, incentives, and membership benefits in connection with promoting the goods and services of others; business assistance, advisory and consulting services in the field of digital transformation, namely, implementing artificial intelligence, software, and technology solutions to improve business operations and consumer engagement; market research and market intelligence services; consumer survey services; business assistance, advisory and consulting services in the field of cloud computing, SaaS solutions and digital transformation, namely, advising businesses on adopting software, mobile applications, and artificial intelligence tools for personal productivity, health, and wellness management.

Class 38:
Transmission and delivery of messages, data, and reminders via mobile applications and online networks; chatroom services for social networking; electronic messaging services; providing on-line chat rooms and electronic bulletin boards for transmission of messages among users in the field of wellness, productivity, and personal development; telecommunication services, namely, providing electronic message alerts via the Internet notifying individuals of various alerts, reminders, and personalized messages; voice over Internet protocol (VoIP) services; providing on-line forums for transmission of messages among computer users concerning the fields of health, wellness, and productivity; electronic transmission of mail and messages; providing access to databases; providing telecommunications access to databases and the Internet; streaming of audio, visual and audiovisual material via a global computer network; electronic transmission and streaming of digital media content for others via global and local computer networks.

Class 41:
Providing online non-downloadable videos in the field of artificial intelligence, personal productivity, lifestyle

management, health, and wellness; providing online non-downloadable educational podcasts in the field of artificial intelligence, personal productivity, lifestyle management, health, and wellness; organization of social entertainment events for exchanging knowledge about technology, artificial intelligence, lifestyle management, and personal productivity; providing on-line newsletters in the field of artificial intelligence, lifestyle, personal productivity, and health and wellness; training in the use and operation of software and mobile applications for lifestyle optimization; educational services, namely, providing online instruction in the fieldof artificial intelligence, personal productivity, lifestyle management, health, and wellness; on-line journals, namely, blogs featuring content about technology, artificial intelligence, lifestyle, personal productivity, and health and wellness; educational and entertainment services, namely, a continuing program about technology, artificial intelligence, lifestyle, personal productivity, and health and wellness accessible via audio and video programs; entertainment services, namely, arranging and conducting of competitions in the field of artificial intelligence, productivity, and lifestyle optimization; educational services, namely,conducting classes, seminars, conferences, workshops, retreats, camps, community meetings, congresses, symposiums, and summits in the field of computer software use, artificial intelligence, personal productivity, lifestyle management, health, and wellness, and distribution of training material in connection therewith; training in the use and operation of software and mobile applications for lifestyle optimization, automating routine tasks, generating reminders, streamlining daily activities, and simplifying lifestyle management functions; personal coaching services in the field of business, productivity, artificial intelligence, wellness, and personal development; mentoring services in the field of business, productivity, artificial intelligence, wellness, and personal development, provided in one-on-one and small group settings; educational services, namely, conducting classes, seminars, workshops, and online training in the field of business, productivity, artificial intelligence, wellness, and personal development featuring gamified learning platforms delivered through challenges, points, and competitions and distribution of training material in connection therewith; publishing e-books in the field of business, productivity, artificial intelligence, wellness, and personal development; publishing books in the field of business, productivity, artificial intelligence, wellness, and personal development; development and dissemination of printed educational materials of others in the field of business, productivity, artificial intelligence, wellness, and personal development; publication of printed matter, namely, calendars, organizers, books, and magazines in the fields of health, wellness, lifestyle, and productivity; providing training for certification in the field of health, productivity, and personal development; providing educational assessment services; providing online nondownloadable tutorial e-books in the field of software and mobile applications for personal productivity, task management, scheduling, health and wellness monitoring, financial management, and lifestyle optimization; education services, namely, providing tutorial sessions in the fields of software and mobile applications for personal productivity, task management, scheduling, health and wellness monitoring, financial management, and lifestyle optimization; providing on-line, non-downloadable, tutorial videos in the field of software and mobile applications for personal productivity, task management, scheduling, health and wellness monitoring, financial management, and lifestyle optimization via social media websites; providing on-line, non-downloadable, tutorial videos in the field of software and mobile applications for personal productivity, task management, scheduling, health and wellness monitoring, financial management, and lifestyle optimization via social media mobile applications.

Class 42:
Application service provider featuring application programming interface (API) software; electronic data storage; providing on-line non-downloadable software using artificial intelligence (AI) for analyzing data, providing predictive insights, and automating daily activities; providing temporary use of on-line non-downloadable software and applications using artificial intelligence (AI) for ask management, scheduling appointments, financial management, health and wellness monitoring, and integrating multiple personal productivity functions into a unified platform; platform as a service (PaaS) featuring computer software platforms for use in database management and personal productivity; providing temporary use of on-line non-downloadable cloud computing software for personal productivity, health monitoring, and financial management; providing on-line non-downloadable software for virtual assistants and chatbots using artificial intelligence, electronic messaging, chat, and social networking, creating, managing, and interacting with online communities and social networks; software design and development; artificial intelligence as a service (AIaaS) services featuring software using artificial intelligence (AI) for personal information management, namely, task management, scheduling appointments, financial management, health and wellness monitoring, integrating multiple personal productivity functions into a unified platform, analyzing data, providing predictive insights, and automating daily activities; technical support services, namely, troubleshooting of computer software problems; developing customized software for others; application service provider (asp) featuring software using artificial intelligence (AI) for lifestyle management platform; providing temporary use of on-line non-downloadable software and applications for data encryption and data security, integrating wearable devices, Internet of things (IoT) devices, and mobile applications into a unified personal productivity and lifestyle management platform, and for data visualization and dashboarding in the fields of health, personal productivity, and lifestyle management; cloud computing featuring software for use in artificial intelligence (AI), machine learning, and deep learning in the fields of personal productivity, lifestyle management, health, and wellness; software as a service (SaaS) services featuring software for personal information management, namely, task management, scheduling appointments, financial management, health and wellness monitoring, integrating multiple personal productivity functions into a unified platform, analyzing data, providing predictive insights, and automating daily activities, automating routine tasks, generating reminders, streamlining daily activities, and simplifying lifestyle management functions; providing temporary use of online non-downloadable software using artificial intelligence (AI) for automating routine tasks, generating reminders, streamlining daily activities, and simplifying lifestyle management functions; computer systems integration services; computer services, namely, integration of computer software into multiple systems and networks; IT integration services; technological planning and consulting services in the field of software integration, namely, connecting

multiple third-party platforms; data migration services; technical support services, namely, migration of datacenter, server and database applications; computer programming services for data synchronization of computer systems and software applications; providing user authentication services using multi-factor authentication technology for e-commerce transactions, online account access, and digital identity verification; custom design and engineering of computer software platforms for others; software as a service (SaaS) services featuring software using artificial intelligence (AI) for analyzing data, providing predictive insights, and automating daily activities, featuring tools for decluttering, prioritizing, and reducing decision fatigue; design and development of software in the field of mobile applications; providing on-line non-downloadable software for communication via chatbots and voice assistants; providing temporary use of on-line non-downloadable software development tools.

Class 44:
Telemedicine services; counseling services in the fields of health, nutrition and lifestyle wellness; health care services, namely, wellness programs; consulting in the field of health and wellness to bring about personal happiness; providing on-line information, news and commentary in the field of health and wellness relating to lifestyle management, nutrition, dietary supplements, preventive health, stress management, mental health, sleep improvement, stress reduction, meditation, mindfulness, fitness, longevity, biohacking, and healthy living.

Class 45:
Software licensing; online social networking services in the field of business, technology, lifestyle, health, and wellness; online social networking services provided via a website and mobile applications; personal concierge services for others comprising making requested personal, professional, wellness, and medical and other personal lifestyle assistance related appointments to meet individual needs; personal concierge services comprising running errands for others to meet the needs of individuals; Internetbased dating services; dating services; Internet-based personal introduction services; Internet-based social networking services; providing information in the field of time management to individuals for personal purposes; providing information in the field of personal development, namely, self-improvement, selffulfillment, and interpersonal communication; personal lifestyle consulting services; consulting services in the field of personal development; personal growth and motivation consultancy services; social networking services in the field of artificial intelligence, personal productivity, professional networking, lifestyle management, health, and wellness provided via a website.

International priority date claimed: 22 June 2026 (US) (99899047)

Class 9:
Downloadable software for benchmarking, testing, evaluating, and measuring the performance of artificial intelligence agents; downloadable software for benchmarking, testing, evaluating, and measuring the performance of artificial intelligence models; downloadable software for evaluating artificial intelligence agents through benchmark testing involving performance metrics; downloadable software for evaluating of artificial intelligence models through benchmark testing involving performance metrics; downloadable software for benchmarking and evaluating autonomous artificial intelligence agents across multiple industry domains; downloadable electronic data files featuring multimodal academic benchmark questions; downloadable software for benchmarking and evaluating autonomous artificial intelligence models across multiple industry domains; downloadable data sets in the field of evaluating artificial intelligence agents and benchmarking AI system performance; downloadable data sets in the field of evaluating artificial intelligence models and benchmarking AI system performance; downloadable electronic data files featuring benchmark datasets for evaluating artificial intelligence agents; downloadable electronic data files featuring benchmark datasets for evaluating artificial intelligence models; downloadable data sets in the field of artificial intelligence model evaluation and benchmarking; downloadable electronic files featuring artificial intelligence model evaluation and benchmarking data; downloadable computer programs using artificial intelligence (AI) for evaluating performance of artificial intelligence agents and generating benchmark metrics in the field of AI model assessment; downloadable computer programs using artificial intelligence (AI) for evaluating performance of artificial intelligence models and generating benchmark metrics in the field of AI model assessment.

Class 35:
Providing consumer product information for the purpose of selecting artificial intelligence (AI) hardware and software to meet the consumer's specifications; providing AI model rankings for commercial purposes.

Class 41:
Providing non-downloadable articles in the field of artificial intelligence research and developments via a website; providing on-line newsletters in the field of artificial intelligence and AI safety; providing online non-downloadable publications in the nature of training materials in the field of artificial intelligence safety; providing online non-downloadable electronic publications in the nature of articles, reports, and white papers in the field of artificial intelligence development, benchmarking and safety.

Class 42:
Providing temporary use of on-line non-downloadable software for benchmarking, testing, evaluating, and measuring the performance of artificial intelligence agents; providing temporary use of on-line non-downloadable software for benchmarking, testing, evaluating, and measuring the performance of artificial intelligence models; providing temporary use of on-line non-downloadable software for evaluating artificial intelligence agents through benchmark testing involving performance metrics; providing temporary use of on-line non-downloadable software for evaluating artificial intelligence models through benchmark testing involving performance metrics; providing on-line non-downloadable software for benchmarking and evaluating autonomous artificial intelligence agents across multiple industry domains; providing online non-downloadable software for developing benchmarking standards of artificial intelligence model performance; providing online non-downloadable software using machine learning for scoring and evaluating performance of machine learning models in the field of artificial intelligence; Software as a service (SAAS) services featuring software using machine learning for benchmarking performance of large language models (LLMs); Software as a service (SAAS) services featuring software using artificial intelligence (AI) for benchmarking performance of large language models (LLMs); providing non-downloadable software using artificial intelligence (AI) for benchmarking artificial intelligence (AI) model performance via a website; providing on-line non-downloadable software using artificial intelligence (AI) for administering and scoring benchmark question datasets to evaluate artificial intelligence systems; providing temporary use of on-line non-downloadable software and applications using artificial intelligence (AI) for creating, managing, and delivering benchmark question databases for evaluating artificial intelligence systems; providing temporary use of online non-downloadable software using artificial intelligence (AI) for automating benchmark test delivery, scoring, and reporting for AI model evaluation; providing temporary use of online non-downloadable computer software for collecting, analyzing and organizing data in the field of deep learning; research, design and development of software using artificial intelligence; research in the field of artificial intelligence (AI); research in the field of artificial intelligence (AI) software; providing online non-downloadable software using machine learning for evaluating and scoring artificial intelligence agents; providing online non-downloadable software using machine learning for evaluating and scoring artificial intelligence models; providing on-line non-downloadable software using artificial intelligence (AI) for evaluating and scoring artificial intelligence agents; providing on-line non-downloadable software using artificial intelligence (AI) for evaluating and scoring artificial intelligence models; providing online non-downloadable software for developing benchmarking standards of artificial intelligence (AI) model performance; Software as a service (SAAS) services featuring software using artificial intelligence (AI) for hosting AI leaderboards and benchmarking competitions, namely evaluating, scoring, and ranking AI models across benchmark tasks in the field of artificial intelligence model evaluation and competitions;

providing artificial intelligence evaluation and benchmarking for scientific research purpose from an on-line searchable database.

International priority date claimed: 09 January 2026 (US) (99585836)
International priority date claimed: 09 January 2026 (US) (99585846)
International priority date claimed: 27 January 2026 (US) (99617226)

Class 5:
Pharmaceutical preparations for the treatment of cancer; anti-cancer preparations.

Class 9:
Downloadable computer software for genome analysis, developing personal treatment strategies for patients with diagnosed cancer, analyzing, screening, identifying, quantifying, and interpreting data; next-generation sequencing (NGS) data processor; bioinformatics data processor.

Class 42:
Conducting early evaluations in the field of new pharmaceuticals; pharmaceutical products development; pharmaceutical product evaluation; pharmaceutical research and development; scientific research for medical purposes in the area of cancerous diseases; research and development of vaccines and medicines; technical research in the field of pharmaceutical studies; development of new technology for others in the field of cancer immunotherapy platforms for manufacturing therapeutics; scientific and technological services, namely, scientific research of specific molecular and genomic data for analytical and clinical purposes in the field of treatment of cancer and other diseases and disorders and for individuals' responses to drug treatments; providing medical and scientific research information in the field of pharmaceuticals and clinical trials.

MINGLE

Class 29:
Vegetables in powder form; beef stock; chicken stock; dashi cooking stock; fish stock; liquid stock; meat based stock; stock (prepared); stock cubes; vegetable stock; seafood based stock; olive oil dip; vegetable-based dips; dairy-based dips; dried soup; dry mixes for soups; soup cubes; soup mixes; soup pastes; soup powders; soups; prepared soups; preparations for making soup; preserved vegetables; vegetables, dried; vegetables, chilled; meals made predominately from meat; chilled meals made from poultry; chilled meals made from fish; cooked meals consisting principally of poultry; cooked meals consisting principally of seafood; prepared meals consisting principally of chicken; prepared meals consisting principally of fish; prepared meals consisting principally of game; prepared meals consisting principally of meat; prepared meals consisting principally of mushrooms; prepared meals consisting principally of poultry; prepared meals consisting principally of seafood; prepared meals consisting principally of tofu; blends of edible oils and fats; coconut oil for food; edible oils; cooking oils; extra virgin olive oil for food; olive oil; oils for food; olive oil for food; processed legumes; soya beans, preserved, for food; tofu; tomato puree; vegetable puree; vegetable juices for cooking; pickles; preparations for making bouillon; bouillon; potato crisps; jellies, jams, compotes, fruit and vegetable spreads; eggs; dairy products and dairy substitutes; milk; milk products; milk substitutes; coconut milk; cheese; yoghurt; edible oils and fats; egg-based dips; meat-based dips; seafood-based dips; nuts, prepared; nut-based spreads; seeds, prepared; fruit-based snack food; snack foods based on legumes; snack foods based on nuts; snack foods based on vegetables; prepared dishes consisting principally of meat; prepared dishes consisting principally of poultry; prepared dishes consisting principally of fish; prepared salads; prepared vegetable dishes; coconut, desiccated; dried coconuts; grated coconut; cream dessert toppings; whey powder; yogurt powder; milk powder (other than for babies); dairy based beverages and powders; dairy products in powder form; powdered beef; powdered chicken; powdered eggs; powdered ham; sweet spreads (jams); spreads consisting of hazelnut paste; spreads consisting wholly or principally of dairy products; spreads containing principally hazelnut paste; spreads derived from milk; spreads made from dairy products; spreads made from vegetable oils; vegetable-based spreads; cheese spreads; dairy spreads; food spreads being a blend of edible oils and edible fats; food spreads consisting principally of dairy products; food spreads consisting principally of edible fats; food spreads consisting principally of edible oils; food spreads consisting principally of vegetables for sandwiches; fruit jelly spreads; fruit spread; hazelnut spreads; imitation dairy spreads; coconut powder.

Class 30:
Seasonings; blends of seasonings; dried culinary herbs (seasonings); dried herbs (seasonings); spice blends; dry seasonings; garden herbs, preserved (seasonings); preserved culinary herbs (seasonings); preserved herbs (seasonings); natural seasonings; natural seasoning mixes; seasoning mixes; spice mixes; spice preparations; spices; food pastes (seasonings); meat rub (seasoning); linseed for culinary purposes (seasoning); miso (seasoning); ginger paste [seasoning]; peppers (seasonings); citrus pepper (seasoning); processed hemp seeds (seasonings); seasoned salt for cooking; processed seeds for use as a seasoning; sesame seeds (seasonings); seasoning marinade; alimentary seasonings; chemical seasoning (cooking); curry spices; caraway seeds (spice); cinnamon (spice); cloves (spice); curry (spice); pizza spices; spice extracts; flaxseed for culinary purposes (seasoning); spiced salt; salt; dried chilli (spice); dukkah consisting primarily of spices; meat gravies; chicken gravy; gravies; gravy; gravy mixes; batters; flavoured rices; pre-mixes ready for baking; flavoured topping for desserts; extruded snacks consisting principally of starch; extruded snacks containing maize; barbecue sauce; brown sauce; concentrated sauce; cooking sauces; curry sauces; fish sauce (condiments); food dressings (sauces); fruit coulis (sauces); ketchup (sauce); pasta sauce; pizza sauces; pepper sauces; sauce mixes; sauce (edible); sauces (condiments); sauce powders; savoury sauces; sauces in a pouch; simmer sauces; tomato and vegetable based sauces; vegetable pastes (sauces); vegetable pulps (sauces); vegetable purees (sauces); tomato sauce; satay sauces; spicy sauces; stir fry sauces; tartar sauce; dressings for salad; salad dressings; noodle-based prepared meals; noodle-based prepared meals for toddlers; prepared meals containing (principally) pasta; prepared meals containing (principally) rice; flavourings in the form of concentrated sauces; flavourings in the form of dehydrated sauces; confectionery; nut confectionery; coated nuts (confectionery); grain based snack bars; grain based food bars; rice based snack foods; snacks manufactured from muesli; snack foods made from corn; snack foods made of wheat; cereal based snack food; snack food products made from cereals; snacks manufactured from cereals; snack foods made from cereals; breakfast cereals; oat biscuits; crushed oats; porridge oats; rolled oats; cacao powder; cacao powder; cacao paste (cacao liquor); cacao products; cake powder; cereal powders; chilli powder; cocoa powder; curry powder; custard powder; dried sauce in powder form; ice cream powder; instant powder for making flavoured coffee-based, tea-based or cocoa-based drinks; mustard powder for culinary purposes; powder for edible ices; powder for making cakes; powder for making ice cream; powdered preparations containing cocoa for use in making beverages; powdered shortenings; powders and mixes for making gravies and gravy; puddings in powder form; yeast powder for culinary purposes; sweets; sweet and sour sauce; sweet biscuits for culinary purposes; sweets spreads (honey); chocolate spreads containing nuts; chocolate spreads for use on bread; chocolate-based spreads; chocolate-based spreads also containing nuts; sandwich spread made from chocolate and nuts; yeast extracts as spreads; cake frosting and icing; waffles; wafers (food); cake sprinkles and confectionery toppings; edible cake decorations; bakery products; jellies (confectionery); chocolate mousses; bakery confectionery; bakery confectionery being frozen; edible products being decorations suitable for cakes, snacks and desserts.

Class 35:
Retail services (by any means) in relation to vegetables in powder form, beef stock, chicken stock, dashi cooking stock, fish stock, liquid stock, meat based stock, stock (prepared), stock cubes, vegetable stock, seafood based stock, olive oil dip, vegetable-based dips, dips, dried soup, dry mixes for soups, soup cubes, soup mixes, soup pastes, soup powders, soups, prepared soups, preparations for making soup, preserved vegetables, vegetables, dried, vegetables, chilled, meals made predominately from meat, chilled meals made from poultry, chilled meals made from fish, cooked meals consisting principally of poultry, cooked meals consisting principally of seafood, prepared meals consisting principally of chicken, prepared meals consisting principally of fish, prepared meals consisting principally of game, prepared meals consisting principally of meat, prepared meals consisting principally of mushrooms, prepared meals consisting principally of poultry, prepared meals consisting principally of seafood, prepared meals consisting principally of tofu, blends of edible oils and fats, coconut oil for food, edible oils, cooking oils, extra virgin olive oil for olive oil, oils for food, olive oil for food, processed legumes, soya beans, preserved, for food, tofu, tomato puree, vegetable puree, vegetable juices for cooking, pickles, preparations for making bouillon, bouillon, potato crisps, jellies, jams, compotes, fruit and vegetable spreads, eggs, dairy products and dairy substitutes, milk, milk products, milk substitutes, coconut milk, cheese, yoghurt, edible oils and fats, egg-based dips, meat-based dips, seafood-based dips, nuts, prepared, nut-based spreads, seeds, prepared, fruit-based snack food, snack foods based on legumes, snack foods based on nuts, snack foods based on vegetables, prepared dishes consisting principally of meat, prepared dishes consisting principally of poultry, prepared dishes consisting principally of fish, prepared Salads, prepared vegetable dishes, coconut, desiccated, dried coconuts, grated coconut, cream dessert toppings, whey powder, yogurt powder, milk powder (other than for babies), dairy based beverages and powders, dairy products in powder form, powdered beef, powdered chicken, powdered eggs, powdered ham, sweet spreads (jams), spreads consisting of hazelnut paste, spreads consisting wholly or principally of dairy products, spreads containing principally hazelnut paste, spreads derived from milk, spreads made from dairy products, spreads made from vegetable oils, vegetable-based spreads, cheese spreads, dairy spreads, food spreads being a blend of edible oils and edible fats, food spreads consisting principally of dairy products, food spreads consisting principally of edible fats, food spreads consisting principally of edible oils, food spreads consisting principally of vegetables for sandwiches, fruit jelly spreads, fruit spread, hazelnut spreads, imitation dairy spreads, coconut powder, seasonings, blends of seasonings, dried culinary herbs (seasonings), dried herbs (seasonings), spice blends, dry seasonings, garden herbs, preserved (seasonings), preserved culinary herbs (seasonings), preserved herbs (seasonings), natural seasonings, natural seasoning mixes, seasoning mixes, spice mixes, spice preparations, spices, food pastes (seasonings), meat rub (seasoning), linseed for culinary purposes (seasoning), miso (seasoning), ginger paste [seasoning], peppers (seasonings), citrus pepper (seasoning), processed hemp seeds (seasonings), seasoned salt for al)king, processed seeds for use as a seasoning, sesame seeds (seasonings), seasoning marinade, alimentary seasonings, chemical seasoning (cooking), curry spices, caraway seeds (spice), cinnamon (spice), doves (spice), curry (spice), pizza spices, spice extracts, flaxseed for culinary purposes (seasoning), spiced salt, salt, dried chilli (spice), dukkah

consisting primarily of spices, meat gravies, chicken gravy, gravies, gravy, gravy mixes, batters, flavoured rices, pre-mixes ready for baking, flavoured topping for desserts, extruded snacks consisting principally of starch, extruded snacks containing maize, barbecue sauce, brown sauce, concentrated sauce, cooking Sauces, curry sauces, fish sauce (condiments), food dressings (sauces), fruit coulis (sauces), ketchup (sauce), pasta sauce, pizza sauces, pepper sauces, sauce mixes, sauce (edible), sauces (condiments), sauce powders, savour,' sauces, sauces in a pouch, simmer sauces, tomato and vegetable based sauces, vegetable pastes (sauces), vegetable pulps (sauces), vegetable purees (sauces), tomato sauce, satay sauces, spicy sauces, stir fry sauces, tartar sauce, dressings for salad, salad dressings, noodle-based prepared meals, noodle-based prepared meals for toddlers, prepared meals containing (principally) pasta, prepared meals containing (principally) rice, flavourings in the form of concentrated sauces, flavourings in the form of dehydrated sauces, confectionery, nut confectionery, coated nuts (confectionery), grain based snack bars, grain based food bars, rice based snack foods, snacks manufactured from muesli, snack foods made from corn, snack foods made of wheat, cereal snack food, snack food products made from cereals, snacks manufactured from cereals, snack foods made from cereals, breakfast cereals, oat biscuits, crushed oats, porridge oats, rolled oats, cacao powder, cacao powder, cacao paste (cacao liquor), cacao products, cake powder, cereal powders, chilli powder, cocoa powder, curry powder, custard powder, dried sauce in powder form, ice cream powder, instant powder for making flavoured coffee-based, tea-based or cocoa-based drinks, mustard powder for culinary purposes, powder for edible ices, powder for making cakes, powder for making ice cream, powdered preparations containing cocoa for use in making beverages, powdered shortenings, powders and mixes for making gravies and gravy, puddings in powder form, yeast powder for culinary purposes, sweets, sweet and sour sauce, sweet biscuits for culinary purposes, sweets spreads (honey), chocolate spreads containing nuts, chocolate spreads for use on bread, chocolate-based spreads, chocolate-based spreads also containing nuts, sandwich spread made from chocolate and nuts, yeast extracts as spreads, cake frosting and icing, waffles, wafers (food), cake sprinkles and confectionery toppings, edible cake decorations, bakery products, jellies (confectionery), chocolate mousses, bakery confectionery, bakery confectionery being frozen, edible products being decorations suitable for cakes, snacks and desserts, protein puddings, chilled desserts, yoghurts, flavoured butters, dips, pasta sauces, bone broths, stocks, instant noodles, instant pasta, and macaroni and cheese; Retail services in relation to vegetables in powder form, beef stock, chicken stock, dashi cooking stock, fish stock, liquid stock, meat based stock, stock (prepared), stock cubes, vegetable stock, seafood based stock, olive oil dip, vegetable- based dips, dairy-based dips, dried soup, dry mixes for soups, soup cubes, soup mixes, soup pastes, soup powders, soups, prepared soups, preparations for making soup, preserved vegetables, vegetables, dried, vegetables, chilled, meals made predominately from meat, chilled meals made from poultry, chilled meals made from fish, cooked meals consisting principally of poultry, cooked meals consisting principally of seafood, prepared meals consisting principally of chicken, prepared meals consisting principally of fish, prepared meals consisting principally of game, prepared meals consisting principally of meat, prepared meals consisting principally of mushrooms, prepared meals consisting principally of poultry, prepared meals consisting principally of seafood, prepared meals consisting principally of tofu, blends of edible oils and fats, coconut oil for food, edible oils, cooking oils, extra virgin olive oil for food, olive oil, oils for food, olive oil for food, processed legumes, soya preserved, for tofu, tomato puree, vegetable puree, vegetable juices for cooking, pickles, preparations for making bouillon, bouillon, crisps, jellies, jams, compotes, fruit and vegetable spreads, eggs, dairy products and dairy substitutes, milk, milk products, milk substitutes, coconut milk, cheese, yogurt, edible oils and fats, egg-based dips, meat-based dips, seafood-based dips, nuts, prepared, nut-based spreads, seeds, prepared, fruit-based snack food, snack foods based on legumes, snack foods based on nuts, snack foods based on vegetables, prepared dishes consisting principally of meat, prepared dishes consisting principally of poultry, prepared dishes consisting principally of fish, prepared salads, prepared vegetable dishes, coconut, desiccated, dried coconuts, grated coconut, cream dessert toppings, whey powder, yogurt powder, milk powder (other than for babies), dairy based beverages and powders, dairy products in powder form, powdered beef, powdered chicken, powdered eggs, powdered ham, sweet spreads (jams), spreads consisting of hazelnut paste, spreads consisting wholly or principally of dairy products, spreads containing principally hazelnut paste, spreads derived from milk, spreads made from dairy products, spreads made from vegetable oils, vegetable-based spreads, cheese spreads, dairy spreads, food spreads being a blend of edible oils and edible fats, spreads consisting principally of dairy products, food spreads consisting principally of edible fats, food spreads consisting principally of edible oils, food spreads consisting principally of vegetables for sandwiches, fruit jelly spreads, fruit spread, hazelnut spreads, imitation dairy spreads, coconut powder, seasonings, blends of seasonings, dried culinary herbs (seasonings), dried herbs (seasonings), spice blends, dry seasonings, garden herbs, preserved (seasonings), preserved culinary herbs (seasonings), preserved herbs (seasonings), natural seasonings, natural seasoning mixes, seasoning mixes, spice mixes, spice preparations, spices, food pastes (seasonings), meat rub (seasoning), linseed for culinary purposes (seasoning), miso (seasoning), ginger paste [seasoning), peppers (seasonings), citrus pepper (seasoning), processed hemp seeds (seasonings), seasoned salt for cooking, processed seeds for use as a seasoning, sesame seeds (seasonings), seasoning marinade, alimentary seasonings, chemical seasoning (cooking), curry spices, caraway seeds (spice), cinnamon (spice), cloves (spice), curry' (spice), pizza spices, spice extracts, flaxseed for culinary (seasoning), spiced salt, salt, dried chilli (spice), dukkah consisting primarily of spices, meat gravies, chicken gravy, gravies, gravy, gravy mixes, batters, flavoured rices, pre-mixes ready for baking, flavoured topping for desserts, extruded snacks consisting principally of starch, extruded snacks containing maize, barbecue sauce, brown sauce, concentrated sauce, cooking sauces, curry sauces, fish sauce (condiments), food dressings (sauces), fruit coulis (sauces), ketchup (sauce), pasta sauce, pizza sauces, pepper sauces, sauce mixes, sauce (edible), sauces (condiments), sauce powders, savoury sauces, sauces in a pouch, simmer sauces, tomato and vegetable based sauces, vegetable pastes (sauces), vegetable pulps (sauces), vegetable purees (sauces), tomato sauce, satay sauces, spicy sauces, stir fry sauces, tartar sauce, dressings for salad, salad dressings, noodle-based prepared meals, noodle-based prepared meals for toddlers, prepared meals containing (principally) pasta, prepared meals containing (principally) rice, flavourings in the form of concentrated sauces, flavourings in the form of

dehydrated sauces, confectionery, nut confectionery, coated nuts (confectionery), grain based snack bars, grain based food bars, rice based snack foods, snacks manufactured from muesli, snack foods made from corn, snack foods made of wheat, cereal based snack food, snack food products made from cereals, snacks manufactured from cereals, snack foods made from cereals, breakfast cereals, oat biscuits, crushed oats, porridge oats, rolled oats, cacao powder, cacao powder, cacao paste (cacao liquor), cacao products, cake powder, cereal powders, chilli powder, cocoa powder, curry powder, custard powder, dried sauce in powder form, ice cream powder, instant powder for making flavoured coffee-based, tea-based or cocoa-based drinks, mustard powder for culinary purposes, powder for edible ices, powder for making cakes, powder for making ice cream, powdered preparations containing cocoa for use in making beverages, powdered shortenings, powders and mixes for making gravies and gravy, puddings in powder form, yeast powder for culinary purposes, sweets, sweet and sour sauce, sweet biscuits for culinary purposes, sweet spreads (honey), chocolate spreads containing nuts, chocolate spreads for use on bread, spreads, chocolate-based spreads also containing nuts, sandwich spread made from chocolate and nuts, yeast extra& as spreads, cake frosting and icing, waffles, wafers cake sprinkles and confectionery toppings, edible cake decorations, bakery products, jellies (confectionery), chocolate mousses, bakery confectionery, bakery confectionery being frozen, edible products being decorations suitable for cakes, snacks and desserts, protein puddings, chilled desserts, yoghurts, flavoured butters, dips, pasta sauces, bone broths, stocks, instant noodles, instant pasta, and macaroni and cheese; Online retail services in relation to vegetables in powder form, beef stock, chicken stock, dashi cooking stock, fish stock, liquid stock, meat based stock, stock (prepared), stock cubes, vegetable stock, seafood based stock, olive oil dip, vegetable-based dips, dairy-based dips, dried soup, dry mixes for soups, soup cubes, soup mixes, soup pastes, soup powders, soups, prepared soups, preparations for making soup, preserved vegetables, vegetables, dried, vegetables, chilled, meals made predominately from meat, chilled meals made from poultry, chilled meals made from fish, cooked meals consisting principally of poultry, cooked meals consisting principally of seafood, prepared meals consisting principally of chicken, prepared meals consisting principally of fish, prepared meals consisting principally of game, prepared meals consisting principally of meat, prepared meals consisting principally of mushrooms, prepared meals consisting principally of poultry, prepared meals consisting principally of seafood, prepared meals consisting principally of tofu, blends of edible oils and fats, coconut oil for food, edible oils, cooking oils, extra virgin olive oil for food, olive oil, oils for food, olive oil for food, processed legumes, soya beans, preserved, for food, tofu, tomato puree, vegetable puree, vegetable juices for cooking, pickles, preparations for making bouillon, bouillon, potato crisps, jellies, jams, compotes, fruit and vegetable spreads, eggs, dairy products and dairy substitutes, milk, milk products, milk substitutes, coconut milk, cheese, yoghurt, edible oils and fats, egg-based dips, meat-based dips, seafood-based dips, nuts, prepared, nut-based spreads, seeds, prepared, fruit-based snack food, snack foods based on legumes, snack foods based on nuts, snack foods based on vegetables, prepared dishes consisting principally of meat, prepared dishes consisting principally of poultry, prepared dishes consisting principally of fish, prepared salads, prepared vegetable dishes, coconut, desiccated, dried coconuts, grated coconut, cream dessert toppings, whey powder, yogurt powder, milk powder (other than for babies), dairy based beverages and powders, dairy products in powder form, powdered beef, powdered chicken, powdered eggs, ham, sweet spreads (jams), spreads consisting of hazelnut paste, spreads consisting wholly or principally of dairy products, spreads containing principally hazelnut paste, spreads derived from milk, spreads made from dairy products, spreads made from vegetable oils, vegetable-based spreads, cheese spreads, dairy spreads, food spreads being a blend of edible oils and edible fats, food spreads consisting principally of dairy products, food spreads consisting principally of edible fats, food spreads consisting principally of edible oils, food spreads consisting principally of vegetables for sandwiches, fruit jelly spreads, fruit spread, hazelnut spreads, imitation dairy spreads, coconut powder, seasonings, blends of seasonings, dried culinary herbs (seasonings), dried herbs (seasonings), spice blends, dry seasonings, garden herbs, preserved (seasonings), culinary herbs (seasonings), preserved herbs (seasonings), natural seasonings, natural seasoning mixes, seasoning mixes, spice mixes, spice preparations, spices, food pastes (seasonings), meat rub (seasoning), linseed for culinary purposes (seasoning), miso (seasoning), ginger paste [seasoning], peppers (seasonings), citrus pepper (seasoning), processed hemp seeds (seasonings), seasoned salt for cooking, processed seeds for use as a seasoning, sesame seeds (seasonings), seasoning marinade, alimentary seasonings, chemical seasoning (cooking), curry spices, caraway seeds (spice), cinnamon (spice), cloves (spice), curry (spice), pizza spices, spice extracts, flaxseed for culinary purposes (seasoning), spiced salt, salt, dried chilli (spice), dukkah consisting primarily of spices, meat gravies, chicken gravy, gravies, gravy, gravy mixes, batters, flavoured rices, pre-mixes ready for baking, flavoured topping for desserts, extruded snacks consisting principally of starch, extruded snacks containing maize, barbecue sauce, brown sauce, concentrated sauce, cooking sauces, curry sauces, fish sauce (condiments), food dressings (sauces), fruit coulis (sauces), ketchup (sauce), pasta sauce, pizza sauces, pepper sauces, sauce mixes, sauce (edible), sauces (condiments), sauce powders, savoury sauces, sauces in a pouch, simmer sauces, tomato and vegetable based sauces, vegetable pastes (sauces), vegetable pulps (sauces), vegetable purees (sauces), tomato sauce, satay sauces, spicy sauces, stir fry sauces, tartar sauce, dressings for salad, salad dressings, noodle-based prepared meals, noodle-based prepared meals for toddlers, prepared meals containing (principally) pasta, prepared meals containing (principally) rice, flavourings in the form of concentrated sauces, flavourings in the form of dehydrated sauces, confectionery, nut confectionery, coated nuts (confectionery), grain based snack bars, grain based food bars, rice based snack foods, snacks manufactured from muesli, snack foods made from com, snack foods made of wheat, cereal based snack food, snack food products made from cereals, snacks manufactured from cereals, snack foods made from cereals, breakfast cereal oat biscuits, crushed oat porridge oats, rolled oats, cacao powder, cacao powder, cacao paste (cacao liquor), cacao products, cake powder, cereal powders, chilli powder, cocoa powder, curry powder, custard powder, dried sauce in powder form, ice cream powder, instant powder for making flavoured coffee-based, tea-based or cocoa-based drinks, mustard powder for culinary purposes, powder for edible ices, powder for making cakes, powder for making ice cream, powdered preparations containing cocoa for use in making beverages, powdered shortenings, powders and mixes for making gravies and gravy, puddings in powder form, yeast powder for culinary purposes, sweets, sweet and sour sauce,

Humanly.com

Class 9:
Downloadable mobile applications using artificial intelligence (AI) for home automation; downloadable application programming interface (API) software; downloadable software development kits (SDK); downloadable virtual assistant software using artificial intelligence (AI) for personal productivity; downloadable computer application software for mobile phones, namely, software for analyzing data, providing predictive insights, automating daily activities, and functioning as a virtual assistant for managing lifestyle and productivity tasks; downloadable computer application software for mobile phones, portable media players, tablets, handheld computers, desktop computers, laptops, and wearable devices, namely, software for personal information management, task management, scheduling appointments, financial management, health and wellness monitoring, integrating multiple personal productivity functions into a unified platform, analyzing data, providing predictive insights, automating daily activities, automating routine tasks, generating reminders, streamlining daily activities, and simplifying lifestyle management

functions, and enabling cloud-based and cross-platform access to such functions; downloadable computer software for managing digital communications, namely, email decluttering, spam filtering, message screening, chat prioritization, and call filtering; downloadable computer software for personal safety and digital security, namely, identity protection, fraud detection, password management, encryption, and safeguarding sensitive information; downloadable computer software for enhancing digital productivity and security across multiple platforms, namely, tools for communication management, workflow automation, and personal data protection; downloadable software in the nature of a mobile application for personal information management, namely, task management, scheduling appointments, financial management, health and wellness monitoring, and integrating multiple personal productivity functions into a unified platform, namely, simplifying and automating routine lifestyle tasks to eliminate inefficiencies, inconveniences, and annoyances of daily living; downloadable computer software for use as a plug-in, add-on, or integration with web browsers, desktop applications, and mobile applications, namely, for enhancing productivity, filtering digital communications, automating tasks, reducing inefficiencies, and streamlining communications, filtering distractions, and minimizing interruptions; downloadable computer software using machine learning for developing predictive models; downloadable computer software using machine learning for creating data models; downloadable electronic data files featuring machine learning training datasets for use in developing artificial intelligence software; downloadable software for wearable computers and devices; downloadable software for communications, namely, software for chatbots, instant messaging, voice over Internet Protocol (VoIP), and electronic transmission of messages and data; personal digital assistants; downloadable intelligent personal assistant software for managing personal information, scheduling appointments, sending reminders, controlling smart devices, providing health and wellness information, and enhancing productivity; intelligent personal assistant devices comprised of voice-activated speakers, computer hardware, and recorded software for managing personal information, scheduling appointments, providing reminders, controlling smart devices, delivering health and wellness information, and enhancing productivity; downloadable computer software development tools.

Class 16:
Printed instructional, educational, and teaching materials in the field of health, wellness, productivity, personal development, and lifestyle management, namely, calendars, organizers, books, magazines, and other printed materials; printed educational publications, namely, educational learning cards, flash cards, activity cards, workbooks, textbooks, activity books, story books, puzzle books, printed puzzles, teacher guides, manuals, posters and educational booklets in the field of health, productivity, and personal development; printed materials, namely, journals featuring materials about health, productivity, and personal development; printed quick reference pocket guides in the field of health, productivity, and personal development; printed reference books in the field of health, productivity, and personal development; printed newsletters in the field of health, productivity, and personal development; printed matter, namely, paper signs, books, manuals, curricula, newsletters, informational cards and brochures in the field of health, productivity, and personal development; printed note books; printed publications, namely, calendars, organizers, books, and magazines in the field of health, wellness, lifestyle, and productivity.

Class 35:
Business management consulting services in the field of providing online platforms for connecting users with lifestyle, productivity, and health-related services; organizing business networking events in the field of lifestyle optimization; operating on-line marketplaces featuring digital content and downloadable software applications; provision of an on-line marketplace for buyers and sellers of goods and services in the fields of lifestyle, personal productivity, and health and wellness; business data analysis services in the field of personal productivity, lifestyle management, health, and wellness; advertising, marketing, and promoting the goods and services of others via providing online lifestyle, health, and productivity information; administration of a customer loyalty program which provides discounts, rewards, incentives, and membership benefits in connection with promoting the goods and services of others; business research and data analysis services in the field of business operations, consumer behavior, digital transformation, health and wellness, and productivity, featuring the use of artificial intelligence and machine learning for providing insights, recommendations, and decision support; promoting the sale of goods and services of others by means of referrals, namely, referring customers to vetted providers; business administration of consumer loyalty programs; business assistance, advisory and consulting services in the field of digital transformation, namely, implementing artificial intelligence, software, and technology solutions to improve business operations and consumer engagement; market research and market intelligence services; consumer survey services; business assistance, advisory and consulting services in the field of cloud computing, saas solutions and digital transformation, namely, advising businesses on adopting software, mobile applications, and artificial intelligence tools for personal productivity, health, and wellness management.

Class 38:
Transmission and delivery of messages, data, and reminders via mobile applications and online networks; chatroom services for social networking; electronic messaging services; providing on-line chat rooms and electronic bulletin boards for transmission of messages among users in the field of wellness, productivity, and personal development; telecommunication services, namely, providing electronic message alerts via the internet notifying individuals of various alerts, reminders, and personalized messages; voice over internet protocol (VOIP) services; providing on-line forums for transmission of messages among computer users concerning the fields of health, wellness, and productivity; electronic transmission of mail and messages; providing access to databases; providing telecommunications access to databases and the internet; streaming of audio, visual and audiovisual material via a global computer network; electronic transmission and streaming of digital media content for others via global and local computer networks.

Class 41:
Online publication of blogs and providing non-downloadable publications in the nature of articles, newsletters, and guides in the field (s) of artificial intelligence, personal productivity, lifestyle management, health, and wellness via a website; providing online non-downloadable videos in the field

of artificial intelligence, personal productivity, lifestyle management, health, and wellness; providing online non-downloadable educational podcasts in the field of artificial intelligence, personal productivity, lifestyle management, health, and wellness; organization of social entertainment events for exchanging knowledge about technology, artificial intelligence, lifestyle management, and personal productivity; providing on-line newsletters in the field of artificial intelligence, lifestyle, personal productivity, and health and wellness; training in the use and operation of software and mobile applications for lifestyle optimization; educational services, namely, providing online instruction in the field of artificial intelligence, personal productivity, lifestyle management, health, and wellness; on-line journals, namely, blogs featuring content about technology, artificial intelligence, lifestyle, personal productivity, and health and wellness; educational and entertainment services, namely, a continuing program about technology, artificial intelligence, lifestyle, personal productivity, and health and wellness accessible via audio and video programs; entertainment services, namely, arranging and conducting of competitions in the field of artificial intelligence, productivity, and lifestyle optimization; educational services, namely, conducting classes, seminars, conferences, workshops, retreats, camps, community meetings, congresses, symposiums, and summits in the field of computer software use, artificial intelligence, personal productivity, lifestyle management, health, and wellness, and distribution of training material in connection therewith; training in the use and operation of software and mobile applications for lifestyle optimization, automating routine tasks, generating reminders, streamlining daily activities, and simplifying lifestyle management functions; personal coaching services in the field of business, productivity, artificial intelligence, wellness, and personal development; mentoring services in the field of business, productivity, artificial intelligence, wellness, and personal development, provided in one-on-one and small group settings; educational services, namely, conducting classes, seminars, workshops, and online training in the field of business, productivity, artificial intelligence, wellness, and personal development featuring gamified learning platforms delivered through challenges, points, and competitions and distribution of course material in connection therewith; publishing e-books in the field of business, productivity, artificial intelligence, wellness, and personal development; development and dissemination of printed educational materials of others in the field of business, productivity, artificial intelligence, wellness, and personal development; providing training for certification in the field of health, productivity, and personal development; providing educational assessment services; providing online non-downloadable tutorial e-books in the field of software and mobile applications for personal productivity, task management, scheduling, health and wellness monitoring, financial management, and lifestyle optimization; education services, namely, providing tutorial sessions in the fields of software and mobile applications for personal productivity, task management, scheduling, health and wellness monitoring, financial management, and lifestyle optimization; providing on-line, non-downloadable, tutorial videos in the field of software and mobile applications for personal productivity, task management, scheduling, health and wellness monitoring, financial management, and lifestyle optimization via social media websites; providing on-line, non-downloadable, tutorial videos in the field of software and mobile applications for personal productivity, task management, scheduling, health and wellness monitoring, financial management, and lifestyle optimization via social media mobile applications.

Class 42:
Application service provider featuring application programming interface (API) software; electronic data storage; providing online non-downloadable virtual assistant software using artificial intelligence (AI) for analyzing data, providing predictive insights, and automating daily activities; providing on-line non-downloadable software using artificial intelligence (AI) for analyzing data, providing predictive insights, and automating daily activities; providing temporary use of on-line non-downloadable software and applications using artificial intelligence (AI) for task management, scheduling appointments, financial management, health and wellness monitoring, and integrating multiple personal productivity functions into a unified platform; platform as a service (PAAS) featuring computer software platforms for use in database management and personal productivity; providing temporary use of on-line non-downloadable cloud computing software for personal productivity, health monitoring, and financial management; providing on-line non-downloadable software for virtual assistants and chatbots using artificial intelligence, electronic messaging, chat, and social networking, creating, managing, and interacting with online communities and social networks; software design and development; Artificial intelligence as a service (AIAAS) services featuring software using artificial intelligence (AI) for personal information management, namely, task management, scheduling appointments, financial management, health and wellness monitoring, integrating multiple personal productivity functions into a unified platform, analyzing data, providing predictive insights, and automating daily activities; technical support services, namely, troubleshooting of computer software problems; developing customized software for others; application service provider (ASP) featuring software using artificial intelligence (AI) for lifestyle management platform; providing temporary use of on-line non-downloadable software and applications for data encryption and data security, integrating wearable devices, Internet of Things (IoT) devices, and mobile applications into a unified personal productivity and lifestyle management platform, and for data visualization and dashboarding in the fields of health, personal productivity, and lifestyle management; cloud computing featuring software for use in artificial intelligence (AI), machine learning, and deep learning in the fields of personal productivity, lifestyle management, health, and wellness; software as a service (SAAS) services featuring software for personal information management, namely, task management, scheduling appointments, financial management, health and wellness monitoring, integrating multiple personal productivity functions into a unified platform, analyzing data, providing predictive insights, and automating daily activities, automating routine tasks, generating reminders, streamlining daily activities, and simplifying lifestyle management functions; providing temporary use of online non-downloadable software using artificial intelligence (AI) for automating routine tasks, generating reminders, streamlining daily activities, and simplifying lifestyle management functions; computer systems integration services; computer services, namely, integration of computer software into multiple systems and networks; technological planning and consulting services in the field of software integration, namely, connecting multiple

third-party platforms; data migration services; technical support services, namely, migration of datacenter, server and database applications; computer programming services for data synchronization of computer systems and software applications; providing user authentication services using multi-factor authentication technology for e-commerce transactions, online account access, and digital identity verification; custom design and engineering of computer software platforms for others; software as a service (SAAS) services featuring software using artificial intelligence (AI) for analyzing data, providing predictive insights, and automating daily activities, featuring tools for decluttering, prioritizing, and reducing decision fatigue; design and development of software in the field of mobile applications; providing on-line non-downloadable software using artificial intelligence (AI) for communication via chatbots and voice assistants; providing temporary use of on-line non-downloadable software development tools.

Class 44:
Telemedicine services; counseling services in the fields of health, nutrition and lifestyle wellness; health care services, namely, wellness programs; consulting in the field of health and wellness to bring about personal happiness; providing on-line information, news and commentary in the field of health and wellness relating to lifestyle management, nutrition, dietary supplements, preventive health, stress management, mental health, sleep improvement, stress reduction, meditation, mindfulness, fitness, longevity, biohacking, and healthy living.

Class 45:
Software licensing; online social networking services in the field of business, technology, lifestyle, health, and wellness; online social networking services provided via a website and mobile applications; personal concierge services for others comprising making requested personal, professional, wellness, and medical and other personal lifestyle assistance related appointments to meet individual needs; personal concierge services comprising running errands for others to meet the needs of individuals; internet-based dating services; dating services; internet-based personal introduction services; internet-based social networking services; providing information in the fields of personal relationships, personal growth and motivation, and self-fulfilment via a website; providing information in the field of time management to individuals for personal purposes; providing information in the field of personal development, namely, self-improvement, self-fulfillment, and interpersonal communication; personal lifestyle consulting services; consulting services in the field of personal development; online social networking services in the field of artificial intelligence, personal productivity, professional networking, lifestyle management, health, and wellness provided via a website.

Artistic direction of performing artists; sound recording and video entertainment services; television and radio entertainment services; entertainment services by stage production and cabaret; production of video and/or sound recordings; presentation of live performances; shows and films production; production of radio and television shows and programmes; music publishing services; recording studio services; film showings; production of stage performances; provision of on-line electronic publications (not downloadable); entertainment services for producing live shows; video entertainment services; editing or recording of sounds and images; film production services; film distribution; video production services; video entertainment services; video tape editing; advisory services relating to entertainment; provision of information relating to entertainment; none of the aforesaid being video game services or relating to video games.

**UK00004394637** (2026/032, 07 August 2026)
Specifications have been restricted as follows:

Class 39:
Collection of recyclable goods [transport]; none of the aforesaid in relation to the fields of construction or structural, civil, materials and industrial engineering.

Class 40:
Recycling services, not related to the fields of construction or structural, civil, materials and industrial engineering; recycling of computer hardware, desktop, and parts and fittings for the

same; consultancy, information and advisory services relating to the aforesaid services.

Class 42:
IT service management [ITSM]; software as a service (SaaS); advisory and consulting services in the field of software as a service [SaaS]; platform as a service (PaaS); advisory and consulting services in the field of platform as a service (PaaS); computer services concerning electronic data storage; design, installation, maintenance and updating of computer software; advisory and consultancy services relating to computer hardware and computer networks; design and development of computer hardware; configuration of computer software; information technology consulting services; business technology software consulting services; consulting services in the fields of selection, implementation, and use of information technology; computer hardware and software systems for others; consulting services in the field of cloud computing, digital infrastructure, cybersecurity, and artificial intelligence; provision of on-line support services for computer program users; technical support services relating to computer software and applications; computer network services; none of the aforesaid in relation to the fields of construction or structural, civil, materials and industrial engineering.

**UK00004411700** (2026/029, 17 July 2026)
Specifications have been restricted as follows:

Class 9:
Downloadable software for sports data analysis; Downloadable software applications for sports data analysis; Downloadable mobile applications for sports data analysis; Mobile apps for sports data analysis.

Class 42:
Software as a service for sports data analysis; Software as a service [SaaS] for sports data analysis; Providing online, non-downloadable software for sports data analysis.

**UK00004412745** (2026/029, 17 July 2026)
Specifications have been restricted as follows:

Class 25:
Performance apparel; fitness clothing; gymwear; sports bras; moisture-wicking t-shirts; compression leggings; training shorts; hooded tops; base layers; fitness socks; headbands; headgear for sports.

Class 41:
Organisation of fitness competitions, providing fitness and exercise facilities, physical fitness training services, personal training, hosting athletic events, arranging and conducting sporting events, gym-based training and instruction ; Sports and fitness; Fitness and exercise training services; Competitions (Organization of sports -); Organization of sports competitions; Fitness training services; Organisation of sports competitions; Physical fitness training services; Competitions (Organising of sports -); Organising of sports competitions; Sports competitions (Organising of -); Personal fitness training services; Organisation of sporting competitions and sports events; Arranging of sports competitions; Conducting of sports competitions; Organising of sports competitions and sports events; Organising of sports events and of sports competitions; Organisation of sporting competitions; Organisation of sporting activities and competitions; Training services relating to fitness; Arrangement of sports competitions; Sporting competitions (Organising of -); Organising of sporting activities and competitions; Organising of sporting activities or competitions; Organising of sports competitions and events; Organising of sporting activities and of sporting competitions; Sporting competitions (Arranging of -); Organization of sporting events and competitions; Organising of sporting events, competitions and sporting tournaments; Organisation of games and competitions.

**UK00004411807** (2026/029, 17 July 2026)
Specifications have been restricted as follows:

Class 35:
Information services relating to visa-sponsored jobs and visa-sponsored career opportunities.

**UK00004398605** (2026/030, 24 July 2026)
Specifications have been restricted as follows:

Class 25:
Clothing; Jackets [clothing]; Ready-to-wear clothing; Clothes; Embroidered clothing; Casual clothing; Jackets (Stuff -) [clothing]; Clothing for leisure wear; Ready-made clothing; Infant clothing; Clothing for children; Clothing for babies; Tops [clothing]; Clothing for infants; Men's clothing; Hats; Beanie hats; Baseball hats; Fashion hats; Bucket hats.

**UK00004396243** (2026/028, 10 July 2026)
Specifications have been restricted as follows:

Class 29:
Meat, fish, poultry and game; meat products; meat extracts, vegetable extracts, preparations for making aforesaid extracts. Bouillons, bouillon concentrates, preparations for making bouillon. Broth, broth concentrates, preparations for making broth. stocks, stock concentrates and preparations for making stock, stock cubes, soups and preparations for making soup, prepared meals included in this class; stock powders; stock granules; stock cubes; bouillon cubes; bouillon powders; bouillon granules; bouillon pastes; savoury spreads; meat-based spreads; vegetable-based spreads.

Class 30:
Gravies and preparations for making gravies. Gravy granules, gravy powder; Gravy; gravy mixes; preparations for making gravy; sauces and preparations for making sauces, aromatic preparations for making food, vinegar, spices, condiments, mustard, flavorings, seasonings, rice, pasta, noodles, prepared meals included in this class; gravy granules; gravy powders; gravy pastes; gravy concentrates; instant gravy; sauce mixes; cooking sauces; savoury sauces; marinades; seasoning mixes; spice mixes; herbs and spices; stuffing mixes [foodstuffs].

**UK00004406740** (2026/037, 11 September 2026)
Specifications have been restricted as follows:

Class 9:
Downloadable media; Media content; Digital music downloadable from the Internet; Downloadable educational media; Downloadable digital music; Digital books downloadable from the Internet; Digital music downloadable provided from the internet; Downloadable digital photos; Digital music downloadable provided from MP3 internet websites; Downloadable digital assets; Digital media streaming devices; Digital music downloadable provided from MP3 internet web sites; Downloadable digital music provided from

MP3 Internet web sites; Digital recording media; Digital storage media; Digital data recording media; Digital music downloadable provided from a computer database or the internet; Digital music [downloadable] provided from mp3 web sites on the internet; Covers for digital media players; Computer software for the display of digital media; Blank digital recording media; Publications in electronic format [downloadable]; Blank digital storage media; Digital video servers; Media streaming software; Digital video discs; Downloadable electronic newspapers; Digital video players; Digital audio servers; Electronic downloadable publications in the field of video games; Electronic publications, downloadable; Publications (Electronic -), downloadable; Downloadable electronic publications; Electronic publications (downloadable); Devices for streaming media content over local wireless networks; Cases for digital media players; Downloadable computer software for use as a digital wallet; Software downloadable from the internet; Audio digital discs; Downloadable electronic publications in the nature of magazines in the field of video games; Content access software; Digital audio players; Downloadable electronic games; Media software; Electronic publications, downloadable, relating to games and gaming; Media and publishing software; Downloadable publications in electronic form; Downloadable video files; Digital video discs [DVDs]; Downloadable interactive entertainment software for playing video games; Digital recordings; Downloadable music files.

Class 16:
Printed educational materials; Printed packaging materials of paper; Printed teaching materials; Printed training materials; Printed promotional material; Printed correspondence course materials; Printed teaching material; Packaging materials made of recycled paper; Printed brochures; Printed booklets; Printed pamphlets; Printed instructional material on telecommunications; Printed curricula; Forms, printed; Printed forms; Printed publications; Publications (Printed -); Printed books; Photographs [printed]; Printed photographs; Packaging materials; Printed informational sheets; Printed material in the nature of color samples; Printed periodicals; Printed flyers; Printed leaflets; Printed manuals; Printed stationery; Binding materials for books and papers; Packaging materials made of cardboard; Printed information sheets; Bookbinding materials; Printed informational flyers; Printed patterns; Printed advertisements; Paper crafts materials; Packaging materials made from mineral-based paper substitutes; Printed lectures; Printed paper labels; Wrapping materials made of paper; Printed informational cards; Printed visuals; Paper teaching materials; Printed diagrams; Plastic materials for packaging; Printed cardboard invitations; Printed art reproductions; Printed newsletters; Drawing materials; Printed paper invitations; Printed cards; Printed certificates; Printed guides; Printed paper signs; Printed calendars; Printed informational folders; Padding materials of paper or cardboard; Printed invitations; Printed publications relating to computers; Covering materials for books; Instructional materials; Printed advertising boards of paper; Printed timetables; Timetables (Printed -); Printed diplomas; Printed coupons; Printed questionnaires; Printed reports; Book binding materials; Wrapping materials made of cardboard; Filtering materials of paper; Filtering materials [paper]; Printed lessons.

Class 35:
Online retail services for downloadable digital music; Digital marketing; Advertising via electronic media and specifically the internet; Promotional marketing services using audiovisual media; Online retail services for downloadable and pre-recorded music and movies; Digital advertising services; Retail services relating to downloadable digital image files authenticated by non-fungible tokens [NFTs]; Retail services in relation to downloadable electronic publications; Sales promotion using audiovisual media; Retail services in relation to downloadable music files.

Class 41:
Education and training; Education, teaching and training; Education and training consultancy; Training and education services; Education and training services; Vocational education and training services; Conducting workshops [training]; Career counselling [training and education advice]; Provision of training and education; Provision of education and training; Guidance (Vocational -) [education or training advice]; Vocational guidance [education or training advice]; Career counselling relating to education and training; Vocational training; Organisation of training seminars; Arranging professional workshop and training courses; Training or education services in the field of life coaching; Workshops for training purposes; Organising of education seminars; Education services relating to vocational training; Educational and training services; Vocational training courses (Provision of -); Training; Providing of training, teaching and tuition; Teacher training services; Arrangement of training courses in teaching institutes; Career advisory services (education or training advice); Conducting training seminars; Providing online training seminars; Vocational training services; Training courses; Training of teachers; Computer education training; Vocational skills training; Coaching [training]; Providing courses of training; Computer education training services; Career and vocational training; Consultancy relating to vocational skills training; Training and further training consultancy; Organisation of conferences relating to vocational training; Provision of training courses in personal development; Vocational skills training (Provision of -); Organisation of training courses; Training and instruction; Provision of training courses; Training courses (Provision of -); Instructional and training services; Courses (Training -) relating to research and development; Postgraduate training courses; Organisation of seminars relating to training; Provision of training courses for young people in preparation for careers; Provision of training courses for young people in preparation for employment; Education services relating to business training; Workshops (Arranging and conducting of -) [training]; Arranging and conducting of workshops [training]; Arranging and conducting of training workshops; Consultancy services relating to the development of training courses; Conducting courses, seminars and workshops; Training consultancy; Arranging of training courses; Conducting training seminars for clients; Education and training in the field of business management; Education academy services for teaching acting; Employment training; Conducting of instructional, educational and training courses for young people and adults; Life coaching (training); Educational seminars; Educational services for providing courses of education; Educational and training programs in the field of risk management; Training services; Organisation of seminars relating to education; Provision of training courses for young people in preparation for vocations; Residential training courses; Publication of educational and training guides; Organisation of continuing educational seminars; Education academy services for teaching languages; Conducting educational workshops in the field of business; Postgraduate

training courses relating to management studies; Organising of educational seminars; Arranging and conducting of youth soccer training programs; Education and instruction services; Career counseling [education]; Organisation of educational seminars; Practical training services; Career information and advisory services (educational and training advice); Education and instruction; Courses (Training -) relating to management; Educational certification services, namely, providing training and educational examination; Education and training services in relation to business management; Consultancy services relating to the education and training of management and of personnel; Personal coaching [training]; Arranging and conducting of training seminars; Courses (Training -) relating to finance; Educational services for providing courses of instruction; Vocational education; Conducting workshops and seminars in personal awareness; Training of sports teachers; Arranging of seminars relating to training; Organising of education conferences; Academy services (Education -); Education academy services; Academy education services; Educational and teaching services; Providing of training; Providing training; Training in business skills; Provision of education courses; Education and training in the field of music and entertainment; Teaching academy services; Computerised training in career counselling; Arranging and conducting of training courses; Conducting of educational courses; Providing training courses on business management; Educational and training services relating to sport; Education; Development of educational courses and examinations; Courses for the development of consulting skills; Providing courses of training for young people; Providing of further training courses; Personal development training; Conducting workshops and seminars in self awareness; Written training courses; Organising of business training.

**UK00004410308** (2026/028, 10 July 2026)
Specifications have been restricted as follows:

Class 9:
Downloadable application software; Downloadable mobile applications; Downloadable instant messaging software; Smartphone software applications, downloadable; Downloadable software in the nature of a mobile application; all of the aforementioned for use in relation to dating, matchmaking and social networking services.

**UK00004394416** (2026/033, 14 August 2026)
Specifications have been restricted as follows:

Class 30:
Beverages.

Class 43:
Coffee shop.

**UK00004420536** (2026/031, 31 July 2026)
Specifications have been restricted as follows:

Class 9:
Mouse pads; Mouse mats; Wrist rests for computer mouse users; Wireless computer mice; Computer mouse; Mouse scanners; Computer mouse pads; Computer keyboards.

**UK00004421220** (2026/032, 07 August 2026)
Specifications have been restricted as follows:

Class 9:
Cloud server software; AI software; Business software; all of the aforementioned goods for use in the provision, co-ordination and management of dental implant treatment.

Class 42:
Software as a service [SaaS]; Platforms for artificial intelligence as software as a service [SaaS]; Software as a service [SaaS] featuring computer software platforms for artificial intelligence; all of the aforementioned services being for the provision, co-ordination and management of dental implant treatment.

**UK00004416718** (2026/032, 07 August 2026)
Specifications have been restricted as follows:

Class 9:
Computer-aided design (CAD) software CAD software CAD-CAM software; all the aforesaid excluding software for healthcare and medical purposes.

**UK00004391823** (2026/028, 10 July 2026)
Specifications have been restricted as follows:

**UK00004395235** (2026/032, 07 August 2026)

**UK00004406742** (2026/028, 10 July 2026)
Specifications have been restricted as follows:

Class 9:
Downloadable software as a mobile application; downloadable computer software; downloadable sets of application programs for the development of computer software; downloadable computer software used as an application programming interface (API) for use in creating software applications; downloadable software for processing and ensuring transmission of images, audio, video, audiovisual and other data; downloadable software for search engines; downloadable software for downloading, streaming, archiving, transmitting and sharing images, audiovisual and video content, text and other data; downloadable software for streaming multimedia entertainment content; downloadable software for sending and receiving electronic messages, graphic data, images, audio and audiovisual content via the Internet and communication networks; recorded and downloadable media, computer software, blank digital or analogue recording and storage media; software tools recorded for processing information; computer game programs and software (recorded or downloadable); software, recorded or downloadable, for playing video games, computer games and online games; programs of interactive multimedia software (recorded or downloaded); downloadable software for development, design, modification and debugging by user default; sound recordings, video recordings; software downloaded via global computer networks and wireless subscriber service devices; downloadable computer software applications for mobile phones; audio interfaces; downloadable graphics for mobile phones; computer screen saver software, recorded or downloadable; electronic publications, downloadable; computer software, recorded; software recorded or downloadable, for playing video-, computer games and games online; downloadable software for custom development, design, modification and debugging of video games, computer games and online games; electronic publications (downloadable) provided online from databases for the Internet; computer games recorded or downloadable; audio- and video games programs, recorded or downloadable; computer software

(recorded or downloaded) for playing music and soundtracks for feature films, as well as animated films on various media; recorded or downloadable programs of interactive multimedia computer games; computer game software downloaded via global computer networks and wireless subscriber service devices; entertainment software in the form of computer games for use in mobile or cellular telephones, handheld computers, computers, game consoles, both portable and stand-alone, and other wireless customer service devices; computer game software, downloadable; computer game software, recorded; computer programs, downloadable; computer programs, recorded; computer operating programs, recorded; computer software applications, downloadable; computer software platforms, recorded or downloadable; downloadable ring tones for mobile phones; downloadable image files; downloadable music files ; none of the aforementioned goods in relation to sleep-optimising hardware and software, technology-enabled bedding and mattress products, smart mattresses and bedding products incorporating features for sleep tracking, sleep analysis, sound-assisted sleep aids or temperature regulation, or other sleep-focused, health or wellness-related products.

Class 35:
Business management, organization and administration; outsourced administrative management for companies; negotiation of business contracts for others; market studies; opinion polling; business management assistance; commercial or industrial management assistance; advisory services for business management; business research; compilation of information into computer databases; compilation of statistics; web indexing for commercial or advertising purposes; commercial administration of the licensing of the goods and services of others; business management consultancy; consultancy regarding advertising communication strategies; business organization consultancy; marketing; organization of exhibitions for commercial or advertising purposes; business intermediary services relating to the matching of potential private investors with entrepreneurs needing funding; business efficiency expert services; outsourcing services (business assistance); business consultancy services for digital transformation; systemization of information into computer databases; sales promotion for others; negotiation and conclusion of commercial transactions for third parties; professional business consultancy ; none of the aforementioned services in relation to sleep-optimising hardware and software, technology-enabled bedding and mattress products, smart mattresses and bedding products incorporating features for sleep tracking, sleep analysis, sound-assisted sleep aids or temperature regulation, or other sleep-focused, health or wellness-related services.

Class 36:
Banking; e-wallet payment services; electronic funds transfer; electronic transfer of virtual currencies; exchanging money; financial analysis; financial consultancy; financial exchange of virtual currency; providing financial information; providing financial information via a web site; financing services; online banking; processing of credit card payments; processing of debit card payments; issuance of tokens of value; .

Class 41:
Education; providing of training; entertainment services; academies (education); teaching; providing online videos, not downloadable; providing online electronic publications, not downloadable; providing casino facilities (gambling); correspondence courses; game services provided online from a computer network; training services provided via simulators; transfer of business knowledge and know-how (training); know-how transfer (training); tutoring; organization of electronic sports competitions; organization of lotteries; educational services; providing amusement arcade services; games library services; e-sports services; gambling services; games equipment rental; online publication of electronic books and journals ; none of the aforementioned services in relation to sleep-optimising hardware and software, technology-enabled bedding and mattress products, smart mattresses and bedding products incorporating features for sleep tracking, sleep analysis, sound-assisted sleep aids or temperature regulation, or other sleep-focused, health or wellness-related services.

Class 42:
Scientific and technological services and research and design relating thereto; industrial analysis, industrial research and industrial design services; quality control and authentication services; design and development of computer hardware and software; computer system analysis; recovery of computer data; computer graphic design for video projection mapping; off-site data backup; technological research; electronic data storage; electronic monitoring of personally identifying information to detect identity theft via the internet; electronic monitoring of credit card activity to detect fraud via the internet; providing virtual computer systems through cloud computing; providing information relating to computer technology and programming via a website; providing search engines for the internet; installation of computer software; information technology services provided on an outsourcing basis; computer programming; conversion of computer programs and data, other than physical conversion; computer technology consultancy; telecommunication network security consultancy; telecommunications technology consultancy; internet security consultancy; data security consultancy; information technology (IT) consultancy; computer software consultancy; computer security consultancy; consultancy in the design and development of computer hardware; website design consultancy; artificial intelligence consultancy; quality control; cryptomining; cryptocurrency mining; monitoring of computer systems for detecting unauthorized access or data breach; monitoring of computer systems to detect breakdowns; monitoring of computer systems by remote access; writing of computer code; maintenance of computer software; updating of computer software; platform as a service (PaaS); user authentication services using blockchain technology; user authentication services using technology for e-commerce transactions; user authentication services using single sign-on technology for online software applications; computer programming services for data processing; software engineering services for data processing; hosting computer websites; data encryption services; technological consulting services for digital transformation; computer virus protection services; conducting technical project studies; software as a service (SaaS); design of computer-simulated models; computer system design; computer software design; rental of computer software; development of video and computer games; development of computer platforms; software development in the framework of software publishing; technical writing; creating and maintaining websites for others; creating and designing website-based indexes of information for others (information technology services); technological consultancy; server hosting ; none of the aforementioned services in relation to sleep-optimising hardware and software, technology-enabled

bedding and mattress products, smart mattresses and bedding products incorporating features for sleep tracking, sleep analysis, sound-assisted sleep aids or temperature regulation, or other sleep-focused, health or wellness-related services.

**UK00004398605** (2026/030, 24 July 2026)
Specifications have been restricted as follows:

Class 25:
Clothing; Jackets [clothing]; Ready-to-wear clothing; Clothes; Embroidered clothing; Casual clothing; Jackets (Stuff -) [clothing]; Clothing for leisure wear; Ready-made clothing; Infant clothing; Clothing for children; Clothing for babies; Tops [clothing]; Clothing for infants; Men's clothing; Hats; Beanie hats; Baseball hats; Fashion hats; Bucket hats; Baseball caps and hats; Sun hats; Caps [headwear]; Caps being headwear; Headwear; Sweaters; Shirts; Jumpers [sweaters]; Hoodies; Sweatshirts; Hooded sweatshirts; T-shirts; Hooded sweat shirts; Short sleeved T-shirts; Hooded pullovers; Tee-shirts; Fleece jackets; Sleeved jackets; Jackets; Men's and women's jackets, coats, trousers, vests; Tank-tops; Casual shirts; Pullovers; Printed t-shirts; Jumpers [pullovers]; Casual jackets; none of the aforesaid goods being lingerie, swimwear and beachwear.

**UK00004396200** (2026/034, 21 August 2026)
Specifications have been restricted as follows:

**UK00004411775** (2026/029, 17 July 2026)
Specifications have been restricted as follows:

Class 9:
Downloadable computer software, downloadable mobile applications and downloadable artificial intelligence software for supporting human judgement, structured reasoning, critical thinking, cognitive reflection, decision review, decision logging, reasoning analysis and evaluation of automated outputs; downloadable interactive artificial intelligence software for decision support, reasoning analysis, decision logging and review of artificial intelligence-generated recommendations; downloadable virtual assistant software for guiding users through structured reasoning, decision review and critical evaluation of automated outputs; downloadable educational software in the fields of artificial intelligence literacy, critical thinking, decision-making, cognitive bias, human judgement, structured reasoning and responsible use of artificial intelligence; all of the aforesaid for supporting human judgement, reasoning, critical thinking, decision assurance and responsible use of artificial intelligence; none of the foregoing relating to or for use in connection with medical, surgical, therapeutic or diagnostic goods or services; none of the aforesaid being software specifically for use in oil and gas exploration, exploitation or extraction, the pharmaceutical industry, the automotive industry, mining, utilities, process plant, industrial process control or manufacturing process control.

Class 42:
Software as a service [SaaS] featuring artificial intelligence-enabled software for supporting human judgement, structured reasoning, critical thinking, cognitive reflection, decision review, decision logging, reasoning analysis, decision assurance and evaluation of automated outputs; platform as a service [PaaS] featuring software platforms for decision support, judgement assurance, reasoning analysis and critical review of automated recommendations; artificial intelligence as a service [AIaaS] for supporting structured decision-making, human judgement, cognitive reflection, responsible use of artificial intelligence, human review of automated outputs and judgement assurance; providing temporary use of online non-downloadable software for supporting human judgement, structured reasoning, critical thinking, decision logging, reasoning analysis and evaluation of artificial intelligence-generated outputs; none of the foregoing relating to or for use in connection with medical, surgical, therapeutic or diagnostic goods or services; none of the aforesaid being software services specifically for use in oil and gas exploration, exploitation or extraction, the pharmaceutical industry, the automotive industry, mining, utilities, process plant, industrial process control or manufacturing process control.

**UK00004402405** (2026/028, 10 July 2026)
Specifications have been restricted as follows:

**UK00004420746** (2026/032, 07 August 2026)
Specifications have been restricted as follows:

Class 9:
Computer software; downloadable computer software; downloadable mobile application software; computer software for business administration; computer software for preparing proposals and quotations; computer software for creating and managing contracts; computer software for the electronic signing of documents; computer software for time tracking; computer software for invoicing and billing; computer software for client management; computer software for expense tracking; computer software for accounting, bookkeeping and tax preparation; computer software for calculating and estimating tax; computer software for preparing and exporting tax records and tax returns; all the aforesaid goods for freelancers, self-employed professionals, sole traders and small businesses; downloadable mobile application software for freelancers and self-employed professionals for preparing proposals and quotes, creating and managing contracts, electronic signing of documents, time tracking, invoicing and billing, expense tracking, tax estimation, and client management; none of the aforegoing goods relating to distributed control systems (DCS), industrial automation, process control, process instrumentation in process industries, the utilization for production data for plant and asset monitoring, the utilization for production data for plant and asset optimization, nor the utilization for production data for the development of an open architecture IT structure.

Class 35:
Advertising; marketing; promotion services; business administration; business management; office functions; bookkeeping; tax preparation; administrative processing and management of contracts; administrative processing of quotations and invoices; invoicing; data processing services; compilation and systemisation of information into computer databases; all the aforesaid services for freelancers, self-employed professionals, sole traders and small businesses; business advice and information services for freelancers and self-employed professionals; business administration services for freelancers and self-employed professionals; none of the aforegoing services relating to distributed control systems (DCS), industrial automation, process control, process instrumentation in process industries, the utilization for production data for plant and asset monitoring, the utilization for production data for plant and asset optimization, nor the

utilization for production data for the development of an open architecture IT structure.

Class 42:
Software as a service [SaaS]; platform as a service [PaaS]; providing temporary use of on-line non-downloadable software; software as a service [SaaS] featuring software for preparing proposals and quotes, creating and managing contracts, electronic signing of documents, time tracking, invoicing and billing, and client management; software as a service [SaaS] featuring software for expense tracking, accounting, bookkeeping, tax estimation, and the preparation and export of tax records and tax returns; all the aforesaid services for freelancers, self-employed professionals, sole traders and small businesses; providing temporary use of on-line non-downloadable software for expense tracking, accounting, bookkeeping, tax estimation, and the preparation and export of tax records and tax returns, for freelancers and self-employed professionals; hosting of on-line platforms for freelancers and self-employed professionals; providing temporary use of on-line non-downloadable software for freelancers and self-employed professionals for preparing proposals and quotes, creating and managing contracts, electronic signing of documents, time tracking, invoicing and billing, and client management; none of the aforegoing services relating to distributed control systems (DCS), industrial automation, process control, process instrumentation in process industries, the utilization for production data for plant and asset monitoring, the utilization for production data for plant and asset optimization, nor the utilization for production data for the development of an open architecture IT structure.

**UK00004405440** (2026/028, 10 July 2026)
Specifications have been restricted as follows:

Class 42:
Software as a service; Software as a service [SAAS] services; Software as a service [SaaS]; Consulting services in the field of software as a service [SaaS]; Software as a service [SaaS] featuring software for machine learning; Software as a service [SaaS] featuring computer software platforms for artificial intelligence; none of the aforesaid featuring software for use in the insurance or reinsurance sectors.

**UK00004403302** (2026/028, 10 July 2026)
Specifications have been restricted as follows:

Class 35:
Business management consultancy; business organisation consultancy; advisory services relating to business management; personnel management consultancy; personnel scheduling; operational management consultancy services; workforce management services; provision of business information; all of the aforementioned services relating to the field of aviation.

**UK00004430647** (2026/035, 28 August 2026)

**UK00004374840** (2026/019, 08 May 2026)
Specifications have been restricted as follows:

Class 9:
Downloadable computer software; artificial intelligence software; Downloadable computer software using artificial intelligence and machine learning for use in diagnostic medical testing; downloadable computer software using artificial intelligence and machine learning for clinical diagnostics; downloadable computer software for delivering laboratory results; downloadable computer software that allows patients to access their laboratory results and share their results with medical and healthcare providers; downloadable computer software using artificial intelligence and machine learning for users to manage their health and healthcare; downloadable computer software for use with medical testing apparatus and instruments for use in data analysis; downloadable computer software for remote monitoring, maintenance, and troubleshooting of medical testing apparatus and instruments; downloadable computer software using artificial intelligence and machine learning for reviewing the status of medical testing apparatus and instruments; none of the aforementioned goods relate to document management or the digital transformation of documents.

Class 42:
Design and development of medical technology; Computer diagnostic services; Development of diagnostic apparatus; Research and development in the field of diagnostic preparations; Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; design and development of computer hardware and software, in particular computer programs; scientific research for medical purposes, in particular research and development in the field of human medical and veterinary medical diagnostics and therapy; Medical research; Scientific research for medical purposes; Providing temporary use of non-downloadable computer software; Providing temporary use of non-downloadable computer software using artificial intelligence and machine learning for use in diagnostic medical testing; providing temporary use of non-downloadable computer software using artificial intelligence and machine learning for clinical diagnostics; providing temporary use of non downloadable computer software for delivering laboratory results; providing medical testing services and information in the field of disease detection; providing temporary use of non-downloadable cloud-based secure database software that allows patients to access their laboratory results and share their results with medical and healthcare providers; scientific and medical research in the fields of disease detection, biofluid testing, wellness, fertility, pregnancy, and oncology; providing temporary use of non-downloadable computer software using artificial intelligence and machine learning for users to manage their health and healthcare; providing temporary use of non-downloadable computer software using artificial intelligence and machine learning for use with medical testing apparatus and instruments for use in data analysis; providing temporary use of non downloadable computer software using artificial intelligence and machine learning for remote monitoring, maintenance, and troubleshooting of medical testing apparatus and instruments; providing temporary use of non-downloadable computer software using artificial intelligence and machine learning for reviewing the status of medical testing apparatus and instruments; information, consultancy and advisory services in relation to all of the above; none of the aforementioned services relate to document management or the digital transformation of documents.

**UK00004448177** (2026/039, 25 September 2026)
Specifications have been restricted as follows:

Class 41:

Electronic games services provided by means of the Internet; Gaming services; Game services provided online from a computer network; none of the aforementioned in relation to bingo games or bingo- related gaming entertainment.

**UK00004413351** (2026/031, 31 July 2026)
Specifications have been restricted as follows:

Class 9:
Mobile apps; Software; Entertainment software; Downloadable software; Downloadable applications; Downloadable game software; Downloadable software applications; Downloadable mobile applications; Smartphone software applications, downloadable; Downloadable software in the nature of a mobile application; Downloadable application software for smart phones; all of the aforesaid being sports prediction gaming software or sports prediction gaming applications.

Class 35:
Providing advertising space; Online advertising; Online advertising services; all of the aforesaid being advertising services for sports prediction gaming platforms. Providing advertising space; Online advertising; Online advertising services.

Class 38:
Providing access to the internet; Electronic transmission of data; all of the aforesaid being internet and data services for sports prediction gaming platforms.

Class 41:
Online game services through mobile devices; Sports entertainment services; Entertainment in the nature of games; Gaming services for entertainment purposes; Hosting of fantasy sports leagues; Internet games (non-downloadable); Electronic games services; all of the aforesaid being sports prediction gaming services.

Class 42:
Software as a service [SaaS]; Hosting of websites; Hosting of mobile websites; Platform as a Service [PaaS]; all of the aforesaid being software and hosting services for sports prediction gaming platforms.

**UK00004407216** (2026/028, 10 July 2026)
Specifications have been restricted as follows:

Class 9:
Downloadablecomputersoftwareformonitoringandcontrollingofairpurifiers; Downloadable software for remote monitoring and analysis of air quality used in conjunction with air-purifying apparatus; Downloadable mobile applications for monitoring and controlling air purifying apparatus.

Class 42:
Air quality data collection services used in conjunction with air-purifying apparatus; Remote monitoring of the functioning and use of electrical equipment,namely,air purifiers.

Specifications have been restricted as follows:

Class 9:
Downloadable digital music; digital loyalty vouchers; digital wallets; encoded reward cards; encoded loyalty cards, magnetic identity cards, including all the aforesaid goods being downloadable digital files authenticated by non-fungible tokens (NFTs); software relating to the organisation, operation and supervision of sales and promotional incentive schemes and promotional services; downloadable mobile applications; downloadable mobile applications that enable users to shop for merchandise, products and services online, and pay for purchases using loyalty points, and earn loyalty points from purchases; virtual reality software; augmented reality software; software for use with wearable electronic devices; software for payment transactions; software for management of cryptocurrency and digital assets; authentication software; organisational and productivity software; financial management software; software to facilitate the borrowing of money from financial institutions; routers; tv boxes; mobile telecommunications devices; Internet of Things [IOT] gateways; Internet of Things [IOT] sensors; Internet of Things [IOT] range extenders [antennas]; computer hardware modules for use with the Internet of Things [IOT]; computer application software for use in implementing the Internet of Things [IOT]; computer hardware modules for use in electronic devices using the Internet of Things [IOT]; software; application software; communication, networking and social networking software; software for the management of data, files and databases; media and publishing software; artificial intelligence and machine learning software; content management software; e-commerce and e-payment software; databases (electronic); interactive databases; communications equipment; peripherals adapted for use with computers and smart devices; computers and computer hardware; payment terminals; cameras; electric cables and wires; safety, security, protection and signalling devices; sensors, detectors and monitoring instruments; digital sensors; television apparatus; smart sticks for televisions; smart boxes for televisions; video streaming devices; blockchain technology software; wearable smart devices; smart home hubs; downloadable virtual goods for use in virtual worlds; smart home devices made from recycled materials; robots with artificial intelligence; application software for robots; teaching robots; scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, supervision, life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic, digital and optical data carriers and storage media; recording discs; mechanisms for coin operated apparatus; cash registers; calculating machines; data processing equipment; peripheral equipment for computers; programmed-data-carrying electronic circuits; recorded media; data cards; memory cards; smart cards; SIM cards; integrated circuit cards; telephone cards; magnetic cards, encoded cards; computer hardware and firmware; computer programs; software to enable uploading, posting, showing, displaying, tagging, blogging, sharing or otherwise providing electronic media or information over

the Internet or other communications networks; software to enable the playing of games on telecommunications apparatus; software to enable the playing of games over the Internet or other communications networks; software to be run on the Internet, on computer, on mobile phones or other electronic devices; software downloadable from the Internet; computer software for the redirection of messages; Internet e-mail, and/or other data to one or more electronic handheld devices from a data store on or associated with a personal computer or a server; computer software for the synchronization of data between a remote station or device and a fixed station or device; SD-Cards; compact discs; digital music; digital versatile discs; devices for playing music; tablet computers, PDA's (Personal Digital Assistants), pocket PCs, tablet PCs, laptop computers, electronic organizers, electronic notepads; subscriber identity module cards whether for use in telecommunications apparatus or otherwise; telecommunications apparatus and equipment; mobile telecommunication apparatus and equipment; telecommunications systems and installations; telecommunications network apparatus; wireless and non-wireless routers; femtocells; USB dongle; driver software for telecommunications networks and for telecommunications apparatus; telephones, mobile telephones and telephone handsets; mobile digital electronic devices; global positioning system (GPS) devices; adapters for use with telephones; batteries; battery chargers for use with telephones; mobile phone and smartphone accessories; bags and cases specially adapted for holding or carrying portable telephones and telephone equipment and accessories; image processing apparatus, instruments and equipment; electronic publications (downloadable); mouse mats; magnets; ring lights for smartphones; smartphones; credit cards; parts and fittings for all the aforesaid goods; None of the aforesaid relating to electronic payments or the transfer of funds.

Class 36:
Contactless payment facilities; issuing digital vouchers in relation to loyalty schemes; issuing tokens of value as a reward for customer loyalty; issue and redemption of tokens of value; issuing of payment vouchers in exchange for accrued customer reward and loyalty points; issuing of vouchers including for mobile data, mobile accessories, restaurants and cafes, entertainment events, cinema, television, on-demand television, online media, online content, hotels, accommodation, flights, travel, holidays, theatre, theme parks, activity days, retail outlets, motoring services, health and wellbeing services, learning services, leisure memberships, magazine subscriptions; savings schemes; financial services relating to the provision of vouchers for the purchase of goods and services; electronic wallet services; e-wallet payment services; incentive programmes for the awarding of points, gifts or tokens of value; gift card transaction processing services; arranging investments; electronic transfer of crypto assets and digital currencies; personal financial planning; personal insurance services; personal banking services; credit brokerage; insurance brokerage; arranging credit; arranging loans; arranging insurance; real estate services; issuing tokens of value; insurance; financial affairs; monetary affairs; provision of electronic contactless payment services; provision of electronic funds transfer services and online transaction facilities; financial services; banking services; investment and fund management services; administration of funds and investments; computerised financial services; provision of financial information; stocks and shares information services; stocks and bonds brokerage; information and advisory services relating to insurance, financial affairs, monetary affairs, home and Internet banking, stocks and share information, stocks and bonds brokerage, provided online from a computer database or the Internet; credit card, charge card, cash card, cheque guarantee card and payment card services; prepayment card and debit card services; financial card services; registration services for credit cards, charge cards, cash cards, cheque guarantee cards, debit cards, payment cards, prepayment cards, financial cards, purchase cards and contactless payment facilities; user incentive schemes relating to the use of credit cards, charge cards, cash cards, debit cards, payment cards, prepayment cards, financial cards, purchase cards and contactless payment facilities; processing of data relating to card transactions, contactless payment transactions and other payment transactions; consultancy, information and advisory services relating to all the foregoing; None of the aforesaid relating to electronic payments or the transfer of funds.

Class 42:
Research in the field of artificial intelligence and artificial intelligence software; providing temporary use of non-downloadable software to enable sharing of multimedia content and comments among users; digital asset management; software as a service; provision of non-downloadable software for communication between humans and artificial intelligence platforms and programs; provision of virtual assistant services via a virtual environment; electronic monitoring of personally identifying information to detect theft via the Internet; internet security consultancy; cyber security services; administration of mail servers; IT services; software development, programming and implementation; hosting services; rental of software; automated chat software as a service; blockchain as a service; cloud computing; data back-up services; hosting of platforms on the internet; providing online, non-downloadable software; providing search engines; rental of computer hardware and facilities; telecommunication network security consultancy; monitoring of network systems; scientific and technological services and research and design relating thereto; industrial analysis and research services; design services; design and development of computer hardware and software; computer services; computer services, namely, creating virtual communities for registered users to organize groups and events, participate in discussions, and engage in social, business and community networking; computer services namely, hosting electronic facilities for others for organizing and conducting meetings, events and interactive discussions via communication networks; artificial intelligence consultancy; application service provider (ASP) services namely, hosting computer software applications of others; application service provider (ASP) featuring software to enable or facilitate the uploading, downloading, streaming, posting, displaying, blogging, linking, sharing or otherwise providing electronic media or information over communication networks; providing temporary use of non-downloadable software applications for social networking, creating a virtual community, and transmission of audio, video, photographic images, text, graphics and data; computer services in the nature of customized web pages featuring user-defined or specified information, personal profiles, audio, video, photographic images, text, graphics and data; hosting a web site that enables online users to create personal profiles and social networking information and to transfer and share such information among multiple websites; computer programming services; installation, maintenance, updating, design and repair of computer software and computer programs; recovery of computer data; computer consultancy services; rental of

computer; rental of computer software; rental of computer hardware; design, drawing and commissioned writing for the compilation of web sites; creating, operating and maintaining databases, Intranets and websites; hosting the web sites of others; information, advice and consultancy services relating to all of the aforementioned; consultancy in the field of computer software; conversion of data or documents from physical to electronic media; rental of data processing apparatus and computers; research in the field of telecommunication technology; monitoring of network systems in the field of telecommunications; technical support services; technical support services provided by digital assistant; information and advisory services relating to the aforesaid services provided on-line from a computer database or the Internet; software as a service featuring artificial intelligence; development of artificial intelligence software; platform as a service featuring artificial intelligence; natural language processing software as a service; conversational AI software provided as a service via a website; software as a service, namely artificial intelligence software for simulating conversations; digital assistance software as a service; software as a service enabling control, management, maintenance, connection and operation of electronic devices and machines; information and advisory services in relation to the aforesaid services provided over a telecommunications network; None of the aforesaid relating to electronic payments or the transfer of funds.

**UK00004402693** (2026/028, 10 July 2026)
Specifications have been restricted as follows:

Class 3:
Cleaning sprays; Cleaning preparations; Degreasers for cleaning purposes; Oven cleaning preparations; Floor cleaning preparations.

Class 37:
Polishing (cleaning); Carpet cleaning; Cleaning of upholstery; Emptying [cleaning] services; Cleaning (Dry -); Cleaning services; Cleaning of furniture; Janitorial cleaning services; Clearing and cleaning gutters; Rug cleaning; Polishing [cleaning] of vehicles; Building cleaning; Domestic cleaning; Cleaning of blinds; Cleaning of machines; Waste removal [cleaning]; Cleaning of mats; Cleaning of windows; Cleaning of offices; Upholstery cleaning services; Window cleaning; Cleaning of property; Cleaning of factories; Cleaning of shops; Cleaning of buildings; Cleaning of schools; Cleaning of hospitals; Restroom cleaning services; Loft cleaning; Cleaning of facades; Cleaning of hotels; Facade cleaning; Hygienic cleaning [buildings]; Office cleaning services; Cleaning of monuments; Industrial cleaning services.

**UK00004410825** (2026/029, 17 July 2026)
Specifications have been restricted as follows:

Class 9:
Electric door bells; Electric door chimes; Speakers; Wireless speaker microphones; Wireless speakers; Pairable wireless speakers; Wireless headphones; Microphones; Earbuds; Wireless headsets; Electric charging cables; Cables, electric; Power cables; USB cables; Charging docks; Wireless charging pads for smartphones; Chargers for batteries; Smart watches; Smart glasses; none of the foregoing related to home and building automation and smart home and smart building products and services and in the fields of sustainable energy and health monitoring.

Class 11:
Water coolers; Water coolers and heaters; Portable evaporative air coolers; Walk-in coolers; Room coolers; Coolers, electric; Hot water heaters; Evaporative cooling towers; Hot water bottles; Non-electric hot water bottles; Portable electric warm air dryer; Water cooling towers; Cooling fans; Heaters; Convector heaters; Electric heaters; Bathroom heaters; Halogen heaters; Room heaters; Electric bottle heaters; Fan heaters; Induction heaters; Air fryers; Air heaters; Hot air ovens; Air purifiers; Air conditioners; Air humidifiers; Hot air blowers; Electric air purifiers; Air dehumidifiers; Air conditioning; Deep fryer, electric; Dryers (Air -); Air dryers; Electric air conditioners; Portable air conditioners; Clothes dryers; Electric clothes dryers; Electric clothes dryers [heat drying]; Laundry dryers; Hair driers [dryers]; Hair dryers; Laundry dryers, electric; Electric laundry dryers; Cooking ovens; Cooking stoves; Stoves for cooking; Cooking appliances; Appliances for cooking; Cooking hobs; Cooking grills; Cooking stoves for camping; Microwave ovens for cooking; Domestic cooking ovens; Electric utensils for cooking; Cooking utensils, electric; Electric cooking ovens; Installations for cooking; Steamers (Electric -) for cooking; Electric cooking ovens for household use; Electrical appliances for cooking; Hot plates for cooking; Electric cooking ovens for household purposes; Kettles; Tea kettles, electric; Electric kettles; Collapsible electric kettles; Electric coffee pots; Cordless electric kettles; Foldable kettles, electric; Hot pots, electric; Coffee brewers, electric; Electric coffee makers; Frying pans, electric; Toasters; Electric waffle maker; Steam cookers; Steam baths; Electric bladeless fans; Electric fans; Room fans; Garment steamers; Fabric steamers; Electric food steamer; Rice cookers; Electric rice cookers; Egg cookers; Electric bread cookers; LED light bulbs; LED light strips; Lamps; Projector lamps; Table lamps; Bedside lamps; Desk lamps; Floor lamps; Decorative lighting; Electric blankets; Electric blankets [bed], other than for medical use; Electric night-lights; Electric candles; Electric lamps; Electric food warmers; Electric humidifiers; Electric toasters; Electric grills; Electric hot-water bottles; none of the foregoing related to home and building automation and smart home and smart building products and services and in the fields of sustainable energy and health monitoring.

**UK00004409897** (2026/033, 14 August 2026)
Specifications have been restricted as follows:

Class 9:
Scientific, research, navigation, surveying, photographic, cinematographic, audio-visual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media content, blank digital or analogue recording and storage media; calculating devices; computer software programmes and software applications, including in the nature of mobile apps, web apps, web3 apps, chat bots, desktop apps, embedded apps, enterprise apps, smart contracts, AGI actors, protocol specifications, software library implementations, programming languages, zero knowledge and developer tools, all for use in relation to construction management and monitoring; construction management and monitoring software; software in relation to visual intelligence platforms for remote construction management and monitoring for efficient dispute resolution, collaboration, and communication across construction projects; software in relation to the analysis of technical data based

on visual surveillance of a construction project to identify construction errors; software in relation to technical data based on visual surveillance of a construction project to identify non-compliance with safety standards; software in relation to analysis of technical data based on visual surveillance of a construction project to identify accident-risk sites of project; construction planning software; computer software for image processing; computer software for organising and viewing digital images and photographs; computer software for processing digital images; computer software for processing images, graphics and text; computer software for processing information; computer software and downloadable computer software for use in encrypting, decrypting, accessing, updating, manipulating, modifying, organising, storing, backing up, book marking, synchronising, transmitting, and sharing data, documents, files, information, text, photos, images, graphics, music, audio, video, and multimedia content via computer networks, and other communications networks; image recognition software; image processing software; artificial intelligence software; artificial intelligence software; virtual reality software; augmented reality software; data communication apparatus and instruments; apparatus and instruments for the processing, transmission, storage, logging, reception and retrieval of data, including in the form of encoded data, text, audio, graphic images or video or a combination of these formats; media for storing information, data, images and sound; films, video, audio and graphic images downloadable from the Internet; software, including mobile application software, for use in accessing, updating, manipulating, modifying, organizing, storing, backing up, synchronizing, transmitting and sharing of data, documents, files, information, text, photos, images, graphics, music, audio, video, and multimedia content via global computer networks, mobile telephones, and other communications networks; software, including mobile application software, to enable uploading, downloading, capturing, posting, showing, editing, playing, streaming, viewing, previewing, displaying, tagging, blogging, sharing, manipulating, distributing, publishing, reproducing, of electronic media, multimedia content, videos, movies, pictures, images, text, photos, user-generated content, audio content, and information via the Internet or other computer and communications networks; software, including mobile application software, for the streaming, transmission and encryption and storage, of audio, video, graphics, text and data on and over communication networks; software for planning, design, procurement, construction, control, operation, management, maintenance, monitoring and disposal of objects, assets, plant, buildings, facilities and infrastructure; computer software for use in processing employee and worker time logs; computer software for diagnosing driver and vehicle and fleet vehicle operating data, performance, and compliance; computer software for use in relation to the monitoring, management, operation, and use of vehicles, machines, machinery, equipment and apparatus for the construction and building industries; computer software for equipment readings, real time data transfer and providing monitoring for equipment inspection and maintenance; software programmes and applications for database management and data processing; software that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in user-friendly interface; computer software for use in business intelligence, artificial intelligence and machine learning, data and applied analytics, actuarial services, data modelling, predictive analysis and analysing market information; computer software for business purposes; computer software products for use in business intelligence, artificial intelligence and machine learning, data and applied analytics, actuarial services, data modelling, predictive analysis and analysing market information; computer software development tools; computer utility software; data processing software; computer software for compiling and analysing data; software for creating, modelling, simulating, manipulating, visualising and viewing objects, assets, buildings, facilities, infrastructure, models, plans, systems and processes; asset performance management software; asset optimisation software; asset productivity and performance improvement software; asset management and maintenance software; engineering software; design and planning software; risk management software; project management software; business process management software; business performance and productivity software; software for collecting, systemising, analysing and evaluating data; downloadable software for publishing and sharing digital media and information via global computer and communication networks; downloadable instant messaging software; downloadable communications software for electronically exchanging voice, data, video and graphics accessible via computer, mobile, wireless, and telecommunication networks; downloadable computer software for processing images, graphics, audio, video, and text; downloadable computer software for use in developing computer programmes; printed publications in electronically readable form; electronic and recorded multimedia publications including those sold and distributed online; downloadable on-line electronic publications; downloadable software for storing and managing electronic data, accessing databases, and internet security; downloadable software for the electronic transmission of information, data, documents, voice, and images; downloadable audio, visual, and audio-visual files and recordings, featuring multimedia entertainment programs and content; downloadable webcasts and podcasts; computer hardware; image analysers; data storage devices, computer storage subsystems for storage and backup of electronic data; cameras including still cameras, video cameras, video surveillance cameras, photographic cameras, and closed circuit television cameras; cases and covers for cameras, video cameras, and smartphones and mobile phones, including waterproof cases and covers.

**UK00004414329** (2026/029, 17 July 2026)
Specifications have been restricted as follows:

Class 9:
Software and applications for mobile devices for use in sales, prospecting and business development activity. Software for searching and retrieving information across a computer network for use in sales and business development. Software for the analysis of business data for use in sales and business development. Software for use in sales and business development; none of the aforesaid being for use in relation to advertising, media planning or buying, marketing services or communications agency services.

Class 42:
Software as a service in relation to Sales and Business Development; Software consultancy services in relation to Sales and Business Development; Software development in relation to Sales and Business Development; Software engineering in relation to Sales and Business Development; none of the aforesaid being for use in relation to advertising,

media planning or buying, marketing services or communications agency services.

Class 45:
Software licensing in relation to software for Sales and Business Development; none of the aforesaid being for use in relation to advertising, media planning or buying, marketing services or communications agency services.

**UK00004406904** (2026/028, 10 July 2026)
Specifications have been restricted as follows:

Class 9:
Software and applications for mobile devices for use in sales, prospecting and business development activity. Software for searching and retrieving information across a computer network for use in sales and business development. Software for the analysis of business data for use in sales and business development. Software for use in sales and business development; none of the aforesaid being for use in relation to advertising, media planning or buying, marketing services or communications agency services.

Class 42:
Software as a service in relation to Sales and Business Development; Software consultancy services in relation to Sales and Business Development; Software development in relation to Sales and Business Development; Software engineering in relation to Sales and Business Development; none of the aforesaid being for use in relation to advertising, media planning or buying, marketing services or communications agency services.

Class 45:
Software licensing in relation to software for Sales and Business Development; none of the aforesaid being for use in relation to advertising, media planning or buying, marketing services or communications agency services.

**UK00004419548** (2026/041, 09 October 2026)
Specifications have been restricted as follows:

Class 41:
Arranging, conducting and organisation of seminars, not relating to entertainment, entertainment software, gaming, computer games or video games; Arranging and conducting of lectures not relating to entertainment, entertainment software, gaming, computer games or video games; Conducting of educational seminars relating to medical matters; Health education; Publishing of newsletters not relating to entertainment, entertainment software, gaming, computer games or video games; Medical education services; Organisation of educational events not relating to entertainment, entertainment software, gaming, computer games or video games.

**UK00004404134** (2026/027, 03 July 2026)
Specifications have been restricted as follows:

Class 25:
Coats; Tee-shirts; Skirts; Jackets (clothing) ; Trousers; Shirts; Dresses; Bathing suits; Shoes; Hats; Socks; Mittens; Gloves (clothing) ; Scarfs; None of any of the aforementioned being for sports; Pyjamas; Slippers; Shower Caps.

**UK00004411569** (2026/029, 17 July 2026)
Specifications have been restricted as follows:

Class 35:
Promotion of equestrian competitions and equestrian events; Promotion of special events; Conducting of commercial events; Organization of events, exhibitions, fairs and shows for commercial, promotional and advertising purposes; Promotion of goods and services through sponsorship of sports events; Arranging and conducting of promotional events; Organisation of exhibitions and events for commercial or advertising purposes; All of the aforementioned concerning equestrian activities.

Class 36:
Financial sponsorship of equestrian events and equestrian activities.

Class 38:
Satellite broadcasting services relating to equestrian events and equestrian activities.

Class 41:
Timing of equestrian events; Organising of equestrian events; Organization of equestrian competitions; Production of equestrian events; Provision of equestrian events; Conducting of equestrian events; Hosting of equestrian events; Organization of events and competitions, all involving horses and/or ponies; Organising of equestrian tournaments; Management of equestrian events for equestrian clubs; Organisation of equestrian competitions; Ticket information services for equestrian events; Conducting of live equestrian events; Production of equestrian events for radio; Production of equestrian events for television; Conducting of educational events relating to horse-riding and horses; Production of equestrian events for film; Provision of information relating to equestrian events; Equestrian event organization; Advisory services relating to the organisation of equestrian events; Providing facilities for equestrian events and awards programmes for horse-riding; Horse jumping events (Organising of-).

**UK00004411282** (2026/029, 17 July 2026)
Specifications have been restricted as follows:

Class 32:
Soft drinks, mineral and aerated waters; non-alcoholic drinks; non-alcoholic fruit drinks; fruit juices; non-alcoholic syrups for making beverages.

**UK00004409949** (2026/033, 14 August 2026)
Specifications have been restricted as follows:

Class 9:
Scientific, research, navigation, surveying, photographic, cinematographic, audio-visual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media content, blank digital or analogue recording and storage media; calculating devices; computer software programmes and software applications, including in the nature of mobile apps, web apps, web3 apps, chat bots, desktop apps, embedded apps, enterprise apps, smart contracts, AGI actors, protocol specifications, software library implementations, programming languages, zero knowledge and developer tools, all for use

in relation to construction management and monitoring; construction management and monitoring software; software in relation to visual intelligence platforms for remote construction management and monitoring for efficient dispute resolution, collaboration, and communication across construction projects; software in relation to the analysis of technical data based on visual surveillance of a construction project to identify construction errors; software in relation to technical data based on visual surveillance of a construction project to identify non-compliance with safety standards; software in relation to analysis of technical data based on visual surveillance of a construction project to identify accident-risk sites of project; construction planning software; computer software for image processing; computer software for organising and viewing digital images and photographs; computer software for processing digital images; computer software for processing images, graphics and text; computer software for processing information; computer software and downloadable computer software for use in encrypting, decrypting, accessing, updating, manipulating, modifying, organising, storing, backing up, book marking, synchronising, transmitting, and sharing data, documents, files, information, text, photos, images, graphics, music, audio, video, and multimedia content via computer networks, and other communications networks; image recognition software; image processing software; artificial intelligence software; artificial intelligence software; virtual reality software; augmented reality software; data communication apparatus and instruments; apparatus and instruments for the processing, transmission, storage, logging, reception and retrieval of data, including in the form of encoded data, text, audio, graphic images or video or a combination of these formats; media for storing information, data, images and sound; films, video, audio and graphic images downloadable from the Internet; software, including mobile application software, for use in accessing, updating, manipulating, modifying, organizing, storing, backing up, synchronizing, transmitting and sharing of data, documents, files, information, text, photos, images, graphics, music, audio, video, and multimedia content via global computer networks, mobile telephones, and other communications networks; software, including mobile application software, to enable uploading, downloading, capturing, posting, showing, editing, playing, streaming, viewing, previewing, displaying, tagging, blogging, sharing, manipulating, distributing, publishing, reproducing, of electronic media, multimedia content, videos, movies, pictures, images, text, photos, user-generated content, audio content, and information via the Internet or other computer and communications networks; software, including mobile application software, for the streaming, transmission and encryption and storage, of audio, video, graphics, text and data on and over communication networks; software for planning, design, procurement, construction, control, operation, management, maintenance, monitoring and disposal of objects, assets, plant, buildings, facilities and infrastructure; computer software for use in processing employee and worker time logs; computer software for diagnosing driver and vehicle and fleet vehicle operating data, performance, and compliance; computer software for use in relation to the monitoring, management, operation, and use of vehicles, machines, machinery, equipment and apparatus for the construction and building industries; computer software for equipment readings, real time data transfer and providing monitoring for equipment inspection and maintenance; software programmes and applications for database management and data processing; software that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in user-friendly interface; computer software for use in business intelligence, artificial intelligence and machine learning, data and applied analytics, actuarial services, data modelling, predictive analysis and analysing market information; computer software for business purposes; computer software products for use in business intelligence, artificial intelligence and machine learning, data and applied analytics, actuarial services, data modelling, predictive analysis and analysing market information; computer software development tools; computer utility software; data processing software; computer software for compiling and analysing data; software for creating, modelling, simulating, manipulating, visualising and viewing objects, assets, buildings, facilities, infrastructure, models, plans, systems and processes; asset performance management software; asset optimisation software; asset productivity and performance improvement software; asset management and maintenance software; engineering software; design and planning software; risk management software; project management software; business process management software; business performance and productivity software; software for collecting, systemising, analysing and evaluating data; downloadable software for publishing and sharing digital media and information via global computer and communication networks; downloadable instant messaging software; downloadable communications software for electronically exchanging voice, data, video and graphics accessible via computer, mobile, wireless, and telecommunication networks; downloadable computer software for processing images, graphics, audio, video, and text; downloadable computer software for use in developing computer programmes; printed publications in electronically readable form; electronic and recorded multimedia publications including those sold and distributed online; downloadable on-line electronic publications; downloadable software for storing and managing electronic data, accessing databases, and internet security; downloadable software for the electronic transmission of information, data, documents, voice, and images; downloadable audio, visual, and audio-visual files and recordings, featuring multimedia entertainment programs and content; downloadable webcasts and podcasts; computer hardware; image analysers; data storage devices, computer storage subsystems for storage and backup of electronic data; cameras including still cameras, video cameras, video surveillance cameras, photographic cameras, and closed circuit television cameras; cases and covers for cameras, video cameras, and smartphones and mobile phones, including waterproof cases and covers.

Class 42:
Scientific and technological services and research and design relating thereto; industrial analysis, industrial research and industrial design services; quality control and authentication services; providing temporary use of non-downloadable computer applications and software namely for equipment readings, real time data transfer, and management and monitoring of construction sites and building sites, including with respect to inspection, safety, and maintenance; hosting databases containing proprietary collections of information; creating indexes of information, web-sites and other information sources; engineering and technical consultation; testing, control, diagnosis, calibration, and monitoring of equipment and machinery including via computer networks; software and hardware maintenance and support; rental of

application software; rental of camera hardware, hosting on-line web facilities for others for sharing of data, documents, files, code, text, photos, images, graphics, sound, voice, music, audio, video, multimedia content and other electronic information; consultancy in the field of cloud computing networks and applications; programming of operating software for accessing and using a cloud computing network; design and development of operating software for accessing and using a cloud computing network; leasing of operating software for accessing and using a cloud computing network; cloud computing and cloud computing services, namely hosting websites in the cloud; rental of operating software for accessing and using a cloud computing network; consultancy and information services relating to information technology architecture and infrastructure; technical consulting services in the fields of information technology architecture, public and private cloud computing solutions, and evaluation and implementation of internet technology and services; consulting in the field of cloud infrastructure; software as a service for business management purposes; design and writing of computer software; rental of computer hardware and computer software; design of image and video processing software; consultancy in the field of computer software; development of software application solutions; electronic storage of digital video files; hosting a web site for the electronic storage of digital photographs and videos; development and updating of application software for the electronic storage of digital photographs and videos; design and development of software in the field of mobile applications; electronic storage of images; technical analysis of data acquired from construction project sites; design and development of image processing software for processing real time images of a construction project to monitor and forecast progress of the construction project, analysing monitored progress of construction project to identify bottlenecks to compliance with a project flow plan; analysing of technical data based on visual surveillance of a construction project to identify construction errors; analysing of technical data based on visual surveillance of a construction project to identify non-compliance with safety standards; analysing of technical data based on visual surveillance of a construction project to identify accident-risk sites of project; construction planning; software as a service (SaaS) for use in accessing, updating, manipulating, modifying, organizing, storing, backing up, synchronizing, transmitting and sharing of data, documents, files, information, text, photos, images, graphics, music, audio, video, and multimedia content via global computer networks, mobile telephones, and other communications networks; software as a service (SaaS) to enable uploading, downloading, capturing, posting, showing, editing, playing, streaming, viewing, previewing, displaying, tagging, blogging, sharing, manipulating, distributing, publishing, reproducing, of electronic media, multimedia content, videos, movies, pictures, images, text, photos, user-generated content, audio content, and information via the Internet or other computer and communications networks; software as a service (SaaS) for the streaming, transmission and encryption and storage, of audio, video, graphics, text and data on and over communication network; software as a service (SaaS) in the field of artificial intelligence-based software products for analysis of data, pattern discovery, business process automation, contextual prediction, predictive analysis, predictive modelling, recognition namely, object character recognition, object detection and computer vision, classification of third part data, data segmentation and visualisation of all sectors of business data; information technology (IT) services (computer hardware, software and peripherals design and technical consultancy) related to the aforesaid software; the aforesaid services also provided online and via the internet; information, consultancy and advisory services in relation to the aforesaid services including online and via the internet and digital, electronic and telecommunication networks.

**UK00004429113** (2026/037, 11 September 2026)
Specifications have been restricted as follows:

Class 41:
Provision of skill-based gaming services relating to ball sports; provision of games of skill relating to ball sports, both online and via mobile applications; organisation of prize competitions and tournaments relating to ball sports; provision of online competitions relating to ball sports; provision of trivia, quizzes and knowledge-based games relating to ball sports; provision of fantasy sports leagues and fantasy league competitions relating to ball sports; arranging and conducting of leagues, ladders and referral-based competitive tournaments relating to ball sports; provision of information relating to games, competitions and sporting tournaments involving balls; betting, gaming and gambling services relating to ball sports; provision of online facilities for placing wagers and stakes on outcomes relating to ball sports; none of the foregoing in relation to music, podcasts, streaming, entertainment or events.
