THE STANDARD FOR OPEN INNOVATION

Class 9:

Computer software for use as an application programme interface to facilitate the sharing of banking, financial, and other customer-permissioned data, including within open banking, open finance, and other smart data ecosystems; open source software, namely authentication protocols for use in relation to application programme interfaces to facilitate the sharing of banking, financial, and other customer-permissioned data, including within open banking, open finance, and other smart data ecosystems; data analytics software for monitoring the use and performance of application programme interfaces to facilitate the sharing of banking, financial, and other customer-permissioned data, including within open banking, open finance, and other smart data ecosystems; electronic publications and documents relating to the development and governance of the sharing of banking, financial, and other customer-permissioned data, including within open banking, open finance, and other smart data ecosystems.

Class 35:

Operation, maintenance and administration of directories, registries and trust frameworks for participants in ecosystems facilitating the sharing of banking, financial, and other customer-permissioned data, including within open finance and other smart data ecosystems; promotion of the adoption, awareness and uptake of schemes for and services relating to the sharing of banking, financial, and other customer-permissioned data, including within open banking, open finance, and other smart data ecosystems; promotion of and supporting customer protection, trust, reliability and service consistency within ecosystems designed to facilitate the sharing of banking, financial, and other customer-permissioned data, including within open banking, open finance, and other smart data ecosystems.

Class 42:

Providing technical infrastructure and technology platforms to support application programming interfaces used to facilitate the sharing of banking, financial, and other customer-permissioned data, including within open banking, open finance, and other smart data ecosystems, including integration and connectivity services.

Class 45:

Operation, maintenance and administration of directories, registries and trust frameworks for participants in ecosystems facilitating the sharing of banking, financial, and other customer-permissioned data, including within open finance and other smart data ecosystems; development and oversight of common standards to enable interoperability between participants in ecosystems designed to facilitate the sharing of banking, financial, and other customer-permissioned data, including within open banking, open finance, and other smart data ecosystems; working with multilateral agreement operators and scheme operators to develop and implement standards, rules and technical requirements governing the sharing of banking, financial, and other customer-permissioned data, including within open banking, open finance, and other smart data ecosystems; providing standard setting services for systems, networks and services facilitating the sharing of banking, financial, and other customer-permissioned data, including within open banking, open finance, and other smart data

List of cases accepted for opposition purposes as shown in Journal 2026/044 published on 30 October 2026 .

ecosystems; monitoring of organisations that adopt and use the open banking standard (or any successor or replacement standard) in relation to their adherence to that standard governing the sharing of banking, financial, and other customer-permissioned data, including within open banking, open finance, and other smart data ecosystems; licensing of computer software for use as an application programme interface, data security software, and data analytics software, all relating to the sharing of banking, financial, and other customer-permissioned data, including within open banking, open finance, and other smart data ecosystems; developing technical specifications, protocols and implementation guidance for the sharing of banking, financial, and other customer-permissioned data, including within open banking, open finance, and other smart data ecosystems; development, maintenance and updating of technical standards for application programme interfaces used to facilitate the sharing of banking, financial, and other customer-permissioned data, including within open banking, open finance, and other smart data ecosystems; monitoring application programme interface performance, functionality, availability and compliance with technical standards governing their use for facilitating the sharing of banking, financial, and other customer-permissioned data, including within open banking, open finance, and other smart data ecosystems; assessing adherence to technical, operational and interoperability standards governing the sharing of banking, financial, and other customer-permissioned data, including within open banking, open finance, and other smart data ecosystems; collecting, analysing and reporting on information relating to the performance of application programme interfaces and their compliance with technical standards governing their use to facilitate the sharing of banking, financial, and other customer-permissioned data, including within open banking, open finance, and other smart data ecosystems; providing certification and validation services relating to the sharing of banking, financial, and other customer-permissioned data, including within open banking, open finance, and other smart data ecosystems; the provision of information and advice to assist participants in coordinating with each other in ecosystems designed to facilitate the sharing of banking and financial data to contribute to the development of shared governance standards; the provision of information and advice to facilitate the interoperability and consistency of user experiences across products and services relating to the sharing of banking, financial, and other customer-permissioned data, including within open banking, open finance, and other smart data ecosystems; the provision of information and advice to assist others in the development and operation of commercial schemes for the sharing of banking and financial data through the creation of technical standards and provision of related services; the provision of information and advice to assist others in the development of infrastructure governing ecosystems facilitating the sharing of banking, financial, and other customer-permissioned data, including within open banking, open finance, and other smart data ecosystems; the provision of information and advice to assist others in the innovation and development of new use cases, services, and technical solutions for the sharing of banking, financial, and other customer-permissioned data, including within open banking, open finance, and other smart data ecosystems; reasonable promotion of the adoption, awareness and uptake of schemes for and services relating to the sharing of banking, financial, and other customer-permissioned data, including within open banking, open finance, and other smart data ecosystems; providing advisory, consultancy, governance, stakeholder engagement and industry

coordination services relating to the sharing of banking, financial, and other customer-permissioned data, including within open banking, open finance, and other smart data ecosystems; reasonable promotion of and supporting customer protection, trust, reliability and service consistency within ecosystems designed to facilitate the sharing of banking, financial, and other customer-permissioned data, including within open banking, open finance, and other smart data ecosystems; extending and applying standards, infrastructure, and governance frameworks for the sharing of banking, financial, and other customer-permissioned data, including within open banking, open finance, and other smart data ecosystems to a wider range of financial sectors, products, and initiatives; information, advice and consultancy services relating to the aforesaid.

SUNA

Class 9:

Wearable computers in the nature of smart personal devices, activity trackers, and smart patches; wearable global positioning system (gps); wearable devices namely wearable computers in the nature of smart data communication personal devices, activity trackers, and smart patches that transmit data to computers and mobile devices; smart patches; smart patches that communicate data to other electronic devices; biometric identification apparatus; protective covers and cases for wearable devices namely wearable computers in the nature of smart data communication personal devices, activity trackers, and smart patches; protective covers and cases for mobile telecommunications devices; devices and instruments to be placed on the human body and other devices and instruments for measuring and analyzing the body's autonomic nervous system, physical parameters and other physiological data, bio-signals and bodily behavior, and digestive health and activity, and for displaying, storing, sending, transmitting and receiving instructions and data relating to any of the above, for purposes other than medical and therapeutic purposes; devices and instruments to be placed on the human body and other devices and instruments for measuring and analyzing recovery from physical and emotional stress, human alertness level and performance, and digestive health and activity, and for displaying, storing, sending, transmitting and receiving instructions and data relating to any of the above, for purposes other than medical and therapeutic purposes; wearable

acoustic sensors for recording and analysing body sounds; parts and fittings for the aforesaid goods; adhesive patches for attaching wearable electronic devices to the skin; wireless chargers; chargers for batteries; chargers for smart patches; battery cases; batteries; downloadable computer programs for measurement and analysis of the body's autonomic nervous system, physical parameters and other physiological data, bio-signals and bodily behavior, digestive health and activity, recovery from physical and emotional stress, and human alertness level and performance, and for displaying, storing, sending, transmitting and receiving of instructions and data relating to any of the above; downloadable computer databases featuring data from the measurement and analysis of the body's autonomic nervous system, physical parameters and other physiological data, bio-signals and bodily behavior, digestive health and activity, recovery from physical and emotional stress, and human alertness level and performance and for displaying, storing, sending, transmitting and receiving of instructions and data relating to any of the above; downloadable computer software that enables users to enter, access, track, monitor and generate health and medical information and reports; downloadable computer software through which users may listen to auditory content in the field of meditation, relaxation, breathing exercises, mindfulness, and wellness; downloadable mobile application software, namely, mobile portal for individuals featuring data analytics based on physiological metrics for purposes of performance measurement, coaching, and health monitoring; Downloadable mobile application software for recording, saving, sharing, and accessing videos, photographs and sound recordings related to tracking a user's physiological metrics, performance and health, and coaching and health monitoring; Downloadable photograph filters for digital images related to tracking a user's physiological metrics, performance and health, and coaching and health monitoring; downloadable mobile application software for social networking and for creating, managing, and accessing groups within virtual communities in the fields of health and health monitoring, athletics, performance measurement, and coaching; Downloadable firmware and software updates for wearable electronic devices; providing downloadable electronic publications and newsletters in the fields of digestive health, nutrition, sleep and wellness.

Class 10:

Wearable monitors used to measure biometric data for medical use; medical health monitors with built-in biometric sensor hardware and software; medical devices for monitoring health consisting of heart rate monitors, respiration rate monitors, blood oxygen monitors, thermometers, stethoscopes, and pedometers; medical devices used for the measuring, acquisition of, and displaying of physiologic data, namely, blood oxygen levels, heart rate, respiratory rate, bio-signals, digestive data, and temperature; medical devices, namely, a device for measuring and analyzing during sleep the body's autonomic nervous system, physical parameters and other physiological data, bio-signals and bodily behavior, and digestive health and activity, and for displaying, storing, sending, transmitting and receiving instructions and data relating to any of the above, for medical and therapeutic purposes; devices and instruments to be placed on the human body and other devices and instruments for measuring and analyzing the body's autonomic nervous system, physical parameters and other physiological data, bio-signals and bodily behavior, and digestive health and activity, and for displaying, storing, sending, transmitting and receiving instructions and data relating to any of the above, for medical and therapeutic purposes; devices and instruments to be placed on the human

List of cases accepted for opposition purposes as shown in Journal 2026/044 published on 30 October 2026 .

body and other devices and instruments for measuring and analyzing recovery from physical and emotional stress, human alertness level and performance, and digestive health and activity, and for displaying, storing, sending, transmitting and receiving instructions and data relating to any of the above, for medical and therapeutic purposes.

Class 25:

Clothing; t-shirts; sweatshirts; headgear.

Class 35:

Wholesale and retail store services connected with the sale of fitness trackers, medical devices, wearable devices, protective cases and covers, batteries, electric chargers, storage cases for fitness trackers or medical devices, adhesive patches, patch refills, consumables, downloadable software, clothing, t-shirts, sweatshirts, hooded sweatshirts, caps, beanies, headgear, subscriptions to software, patch refills and online content; online retail store services connected with the sale of fitness trackers, medical devices, wearable devices, protective cases and covers, batteries, electric chargers, storage cases for fitness trackers or medical devices, adhesive patches, patch refills, consumables, downloadable software, clothing, t-shirts, sweatshirts, hooded sweatshirts, caps, beanies, headgear, subscriptions to software, patch refills and online content; business administration services related to retail store services and processing sales, including sales made on the internet; business administration services related to subscriptions services for the purposes of data collection, management, and analytics; managed care services, namely, electronic processing of health care information.

Class 41:

Consulting services in the fields of physical fitness, exercise, digestive health and nutrition; providing information about fitness, exercise, digestive health and nutrition via a website; entertainment services in the nature of development, creation, production, and post-production of multimedia entertainment content; entertainment services in the nature pre-recorded readings of literary works, music, breathing exercises, and relaxation sounds; coaching in the field of sports; health club services, namely, providing instruction and equipment in the field of physical exercise, digestive health and nutrition; physical fitness instruction; meditation training; personal coaching services in the fields of meditation, health, wellness, fitness, digestive health, nutrition, and physical exercise; providing information in relation to entertainment and educational services in the nature of health, wellness, digestive health, nutrition, sleep, meditation, and mindfulness via a website; weblog [blog] services [online publication of journals or diaries] featuring information, research, stories, and news on topics related to health, wellness, digestive health, nutrition, sleep, meditation, and mindfulness; providing educational information in the nature of current research and studies in the field of health, wellness, digestive health, nutrition, sleep, meditation, and mindfulness; providing non-downloadable online electronic publications and newsletters in the fields of digestive health, nutrition, sleep and wellness; Organising and conducting events, workshops, talks and conferences in the fields of digestive health, nutrition, sleep and wellness.

Class 42:

Providing technology information in the field of wearable technological products; hosting of an interactive website featuring technology that enables users to enter, access, track, monitor and generate health and medical information and reports;

hosting computer software applications featuring technology that enables users to enter, access, track, monitor and generate health and medical information and reports; providing temporary use of online non-downloadable computer software for measurement and analysis of the body's autonomic nervous system, physical parameters and other physiological data, bio-signals and bodily behavior, digestive health and activity, recovery from physical and emotional stress, and human alertness level and performance, and for displaying, storing, sending, transmitting and receiving of instructions and data relating to any of the above; providing temporary use of online non-downloadable computer software featuring data from the measurement and analysis of the body's autonomic nervous system, physical parameters and other physiological data, bio-signals and bodily behavior, digestive health and activity, recovery from physical and emotional stress, and human alertness level and performance and for displaying, storing, sending, transmitting and receiving of instructions and data relating to any of the above; providing temporary use of online non-downloadable computer software that enables users to enter, access, track, monitor and generate health and medical information and reports; provision of online non-downloadable computer software through which users may listen to auditory content in the field of meditation, relaxation, breathing exercises, mindfulness, health, digestive health, nutrition, and wellness; scientific research relating to the measurement and analysis of the body's autonomic nervous system, physical parameters and other physiological data, bio-signals and bodily behavior, digestive health and activity, recovery from physical and emotional stress, and human alertness level and performance; medical research relating to the measurement and analysis of the body's autonomic nervous system, physical parameters and other physiological data, bio-signals and bodily behavior, digestive health and activity, recovery from physical and emotional stress, and human alertness level and performance; Software as a Service (SAAS) services, namely, providing a customized website and mobile portal for individuals featuring data analytics based on physiological metrics for purposes of performance measurement, nutrition, digestive health assessment, and coaching; Providing temporary use of online non-downloadable software for logging meals, food and nutrition; Cloud storage and hosting of data from wearable electronic devices and of user data; Platform as a service (PaaS), API and developer interface services for software applications featuring data analytics based on physiological metrics for purposes of performance measurement, nutrition, digestive health assessment, and coaching; Software as a service (SaaS) provided on a subscription basis for software applications featuring data analytics based on physiological metrics for purposes of performance measurement, nutrition, digestive health assessment, and coaching.

Class 44:

Medical evaluation services for measurement and analysis of the body's autonomic nervous system, physical parameters and other physiological data and bio-signals for diagnostic or treatment purposes; medical assistance services provided via telecommunication and global computer networks for individuals with health problems through the use of wearable medical devices with automated alert and monitoring capacity; remote monitoring of data indicative of the health or condition of an individual or group of individuals for medical diagnosis and treatment purposes; providing medical advice, consultancy, and information relating to the measurement and analysis of bodily behavior, sleep, recovery from physical and emotional stress, digestive health, nutrition, and human alertness levels and performance; providing information in the fields of

List of cases accepted for opposition purposes as shown in Journal 2026/044 published on 30 October 2026 .

health and wellness; healthcare services, namely, wellness programs; providing wellness services in the field of healthcare, namely, personalized assessments, personalized routines, and counseling [psychological therapy]; medical testing for fitness evaluation; health counseling; providing health information; health assessment services; consulting services in the field of women's health; internet-based health care information services; providing physical health information via a website; meditation therapy services; meditation therapy services offered in or from a remote location.

business management assistance and business organisation and management consulting in the field of environmental protection, new energies, preservation of natural wealth and sustainable development; business consulting in the field of environmental protection, new energies, preservation of natural wealth and sustainable developments; business enquiry services relating to electrical and gas equipment and apparatus and to energy services and the generation and distribution of power, gas, water or electricity, and the compilation of data so obtained; provision of advice and information to consumers and businesses relating to efficient energy usage; provision of advice and information to consumers and businesses relating to the installation of renewable heating and energy systems; provision of advice and information in relation to the availability and suitability of energy efficient products and services; provision of advice and information relating to the reduction of carbon footprints; organisation of exhibitions for commercial and advertising purposes on environmental protection, new energies, preservation of natural wealth and sustainable development; compilation, analysis and retrieval of information and data; dissemination of information; dissemination of energy efficiency information; meter reading for billing purposes; billing services in the field of energy; retail services connected with the sale of electricity; retail services connected with the sale of electricity to residential and commercial consumers; administration of customer accounts relating to electricity supply; arranging subscriptions to energy monitoring and energy management services for others, and administrative management of subscriptions to such services; administration of residential electricity tariffs; administrative processing of electricity tariff subscriptions and changes; market research and studies in the field of environmental protection, new energies, preservation of natural wealth and sustainable developments; procurement of contracts concerning energy supply; energy price comparison services; import-export agencies in the fields of energy and power; business administration of arrangements for the import and export of electricity; business management of electricity import and export programmes; consulting and information on consumption of energy and power; organisation, operation and supervision of incentive and loyalty schemes; retail and wholesale services, including online retail and wholesale services, connected with the sale of electrical batteries, battery energy storage systems, machines for the provision of electrical energy, photovoltaic solar panels, photovoltaic modules and cells, electricity inverters, battery charge controllers, energy monitoring and control equipment, mounting brackets, mounting frames, mounting kits, electrical cables, plugs, sockets and related parts and accessories; information, advisory and consultancy services relating to the aforesaid.

Class 36:

Financing services relating to the purchase of energy equipment; hire-purchase financing; instalment financing; financial leasing of energy storage equipment; insurance services relating to extended warranties for energy equipment; financing services relating to energy storage equipment and solar energy equipment; financial leasing of energy storage equipment and solar energy equipment; information, advisory and consultancy services relating to the aforesaid.

Class 37:

Installation, repair, maintenance, servicing and dismantling of energy-saving apparatus, machines and installations; installation, repair, maintenance, servicing and dismantling of energy

consumption monitoring apparatus, machines and installations; installation, repair, maintenance, and servicing of electrical appliances; installation, repair, maintenance, and servicing of batteries; installation, repair, maintenance and servicing of battery energy storage systems, photovoltaic solar panels, photovoltaic installations, electricity inverters and battery charge controllers; installation, repair and maintenance of electrical wiring, electrical sockets and electrical connections for battery energy storage systems and photovoltaic installations; installation, repair, maintenance, and servicing of installations providing electrical energy; installation, repair, maintenance, servicing and dismantling of building automation equipment; installation, maintenance and repair of mounting brackets, mounting frames and mounting systems for batteries, solar panels and electric vehicle chargers; information, advisory and consultancy services relating to the aforesaid.

Class 39:

Distribution, transmission, supply and storage of electricity and energy; supply and distribution of electricity to residential premises; electricity storage services using batteries; storage of energy generated from renewable sources; transport, delivery, packaging and storage of batteries, solar panels, electrical equipment, mounting brackets, mounting frames, mounting kits and related parts and accessories; electricity export services; transmission of electricity; rental of battery energy storage equipment; information and consultancy services relating to the supply, distribution, storage and export of electricity information, advisory and consultancy services relating to the aforesaid.

Class 40:

Generation of electricity; production of solar energy; rental of equipment for the production of energy; recycling of batteries; information, advisory and consultancy services relating to the aforesaid.

Class 41:

Education and training services; online education services; publishing of electronic publications; publication of online publications; providing electronic publications; publication of educational texts; conducting seminars and workshops; organising conferences, exhibitions, seminars and webinars; organising and providing seminars via the internet; information, advisory and consultancy services relating to the aforesaid.

Class 42:

Advisory, information and consultancy services relating to energy management and efficiency; energy monitoring; remote monitoring of the operation and performance of batteries, battery energy storage systems and photovoltaic installations; providing temporary use of non-downloadable software for remotely monitoring and controlling batteries, battery energy storage systems and photovoltaic installations, monitoring electricity consumption, generation, import and export, and optimising electricity storage and usage; energy auditing; programming of energy management software; development of energy and power management systems; research in the field of energy; technical data analysis; provision of energy performance certificates; evaluation of energy saving initiatives; policy analysis relating to energy efficiency; computer services for the analysis of data relating to energy consumption, energy metering, energy prices, energy supply and energy efficiency; providing temporary use of non-downloadable software for analysing technical data relating to energy consumption, energy supply and energy efficiency and generating reports; design and development

List of cases accepted for opposition purposes as shown in Journal 2026/044 published on 30 October 2026 .

of energy management software and software for monitoring and managing energy consumption, energy metering, energy prices and energy supply; design and development of computer database software for storing, analysing and managing data relating to energy consumption, energy metering, energy prices and energy supply; consultancy and advisory services relating to technical data analysis of energy consumption and distribution in the field of energy saving; platform as a service (PaaS) relating to the management of energy metering, monitoring of energy prices for buying and selling energy off the grid, the tracking and monitoring of energy and power usage and consumption, the supply of energy and load balancing of electricity and energy, as to balancing the supply and demand of energy and electricity, including the supply and demand of energy from solar, wind, wave, geothermal, solid waste and other renewable sources; development of computer platforms for energy management, energy metering, energy monitoring and energy supply; hosting of computer platforms on the internet for energy management, energy metering, energy monitoring and energy supply; maintaining and hosting of databases containing data relating to energy consumption, energy metering, energy prices and energy supply; design and updating of software databases for energy management, energy metering, energy monitoring and energy supply; design, installation and development of software databases for energy management, energy metering, energy monitoring and energy supply; design, development and installation of computer hardware, servers and routers; providing online non-downloadable software for database management in the fields of energy management, energy metering, energy monitoring and energy supply; software as a service (SaaS) relating to the management of energy metering, monitoring of energy prices for buying and selling energy off the grid, the tracking and monitoring of energy and power usage and consumption, the supply of energy and load balancing of electricity and energy, as to balancing the supply and demand of energy and electricity, including the supply and demand of energy from solar, wind, wave, geothermal, solid waste and other renewable sources; development of energy and power management systems; research in the field of energy; energy efficiency management and consultancy; auditing energy consumption of buildings; energy conservation management; preparation of reports on energy consumption of buildings; auditing of energy consumption; development and implementation of processes which are intended to reduce levels of greenhouse gases in the atmosphere; industrial design services; preparation of reports relating to energy consumption, energy management and energy efficiency; engineering services; studies in research on environmental conservation, natural wealth and sustainable development; scientific and industrial research; studies and consulting on the environment, ecology and sustainable development; research on energy and renewable energy; expert appraisal services in the fields of the environment, energy, including new energies, natural wealth and sustainable development; technical study and advice concerning the distribution of energy consumption; technical evaluation and estimate services concerning energy consumption; technical services for collecting information from remote energy consumption calculators; environmental assessment, consultancy, monitoring services; providing advice on environment related issues; development of scientific programmes and campaigns to the public regarding environmental and conservation issues; accreditation and consultancy services relating to environmental issues and compliance with environmental requirements; consultancy in

relation to the conservation of energy; providing technical advice relating to energy-saving measures; organisation of energy efficiency projects; auditing of the efficiency of operation of appliances; provision of information, advice and consultancy in relation to carbon offsetting; technology transfer services being the transfer of technical, technological, and professional know-how relating to all the foregoing services; rental of meters for the recording of energy consumption; information, advisory and consultancy services relating to the aforesaid services.

metal; busts of common metal; cabanas of metal; cable joints of metal, non-electric; cables of metal, non-electric; cadmium; casement windows of metal; cashboxes [metal or non-metal]; casings of metal for oilwells; cask stands of metal; casks of metal; cast iron, unwrought or semi-wrought; cast steel; cattle chains; ceilings of metal; celtium [hafnium]; cermets; chains of metal; check rails of metal for railways; bins of metal; chicken-houses of metal; chill-moulds [foundry]; chimney cowl of metal; chimney pots of metal; chimney shafts of metal; chimneys of metal; chrome iron; chrome ores; chromium; cladding of metal for building; clips of metal for cables and pipes; clips of metal for sealing bags; closures of metal for containers; clothes hooks of metal; cobalt, raw; collars of metal for fastening pipes; commemorative statuary cups of common metal; common metals, unwrought or semi-wrought; containers of metal [storage, transport]; containers of metal for compressed gas or liquid air; containers of metal for liquid fuel; containers of metal for storing acids; copper rings; copper wire, not insulated; copper, unwrought or semi-wrought; cornices of metal; cotter pins of metal; couplings of metal for chains; covers specially made for handling and transport of metal bottles for compressed gas; crampons [climbing irons]; cramps of metal [crampons]; crash barriers of metal for roads; crates of metal [storage, transport]; crucifixes of common metal, other than jewellery; dispensers of metal for dog waste bags; diving boards of metal; door bells of metal, non-electric; door bolts of metal; door closers of metal, non-electric; door fasteners of metal; door fittings of metal; door frames of metal; door handles of metal; door knockers of metal; door openers of metal, non-electric; door panels of metal; door scrapers; door stops of metal; doors of metal; pins [pegs] of metal; drain pipes of metal; drain traps [valves] of metal; drawn and polished metal bars; duckboards of metal; ducts of metal for ventilating and air-conditioning installations; pipes of metal, for central heating installations; dustbins of metal, other than for household purposes; elbows of metal for pipes; enclosures of metal for tombs; eye bolts; fences of metal; ferrules of metal; ferrules of metal for handles; ferrules of metal for walking sticks; figurines of common metal; filings of metal; firedogs [andirons]; fireplace grates of metal; fireplace mantles of metal; fish plates [rails]; fittings of metal for beds; fittings of metal for building; fittings of metal for coffins; fittings of metal for compressed air lines; fittings of metal for furniture; fittings of metal for windows; flagpoles [structures] of metal; flanges of metal [collars]; flashing of metal for building; floating containers of metal; floating docks of metal, for mooring boats; floating floor boards of metal; floor tiles of metal; floors of metal; foils of metal for wrapping and packaging; folding doors of metal; foundry moulds of metal; frames of metal for building; framework of metal for building; furnace fireguards of metal; furniture casters of metal; galena [ore]; gates of metal; germanium; gold solder; gratings of metal; grave slabs of metal; grease nipples; greenhouse frames of metal; greenhouses of metal, transportable; gutter pipes of metal; hand-held flagpoles of metal; hand-held supermarket shopping baskets of metal; handcuffs; handling pallets of metal; hinges of metal; hooks [metal hardware]; hooks of metal for clothes rails; hooks of metal for roofing slates; hoppers of metal, non-mechanical; horseshoe nails; horticultural frames of metal; hot-rolled steel bars; house numbers of metal, non-luminous; ice moulds of metal; identification bracelets of metal; indium; ingots of common metal; insect screens of metal; iron ores; iron slabs; iron strip; iron wire; iron, unwrought or semi-wrought; ironmongery; ironwork for doors; ironwork for windows; jalousies of metal; jerrycans of metal; jets of metal; joists of metal; junctions of metal for pipes; keys of metal; knobs

of metal; labels of metal; ladders of metal; latch bars of metal; latches of metal; laths of metal; latticework of metal; lead seals; lead, unwrought or semi-wrought; letter boxes of metal; letters and numerals of common metal, except type; limonite; linings of metal for building; lintels of metal; loading gauge rods of metal for railway wagons; loading pallets of metal; lock bolts; locks of metal for bags; locks of metal for vehicles; locks of metal, other than electric; machine belt fasteners of metal; magnesium; manganese; manhole covers of metal; manifolds of metal for pipelines; masts of metal; materials of metal for funicular railway permanent ways; memorial plaques of metal; metal cages for wild animals; metal ramps for use with vehicles; metals in foil or powder form for 3D printers; metals in powder form; mobile boarding stairs of metal for passengers; molybdenum; molybdenum iron; monuments of metal; monuments of metal for tombs; mooring bollards of metal; mooring buoys of metal; mouldings of metal for building; mouldings of metal for cornices; mounting frames of metal for solar panels; nails of metal; nameplates of metal; nickel; nickel silver; nozzles of metal; nuts of metal; oil drainage containers of metal; ores of metal; outdoor blinds of metal; packaging containers of metal; padlocks of metal, other than electronic; paint spraying booths of metal; palings of metal; pantiles of metal; partitions of metal; paving blocks of metal; paving slabs of metal; peeled metal bars; penstock pipes of metal; pigsties of metal; pillars of metal for building; pins [metal hardware]; pipe muffs of metal; tubes of metal; pipework of metal; pitons of metal; platforms, prefabricated, of metal; plugs of metal; poles of metal; porches [structures] of metal; posts of metal; posts of metal for power lines; pot hooks of metal; prefabricated houses [ready-to-assemble] of metal; tin cans; prize cups of common metal; props of metal; pulleys of metal, other than for machines; pyrophoric metals; queue ticket dispensers of metal; rails of metal; railway material of metal; railway points; railway sleepers of metal; recycling bins of metal; reels of metal, non-mechanical, for flexible hoses; refractory construction materials of metal; registration plates of metal; reinforcing materials of metal for building; reinforcing materials of metal for machine belts; reinforcing materials of metal for pipes; reinforcing materials, of metal, for concrete; rings of metal; rivets of metal; road signs, non-luminous and non-mechanical, of metal; rocket launching platforms of metal; rockfall prevention nets of metal; rods of metal for brazing; rods of metal for brazing and welding; rods of metal for welding; roller blinds of steel; roof coverings of metal; roof flashing of metal; roof gutters of metal; roofing of metal; roofing of metal, incorporating photovoltaic cells; roofing tiles of metal; rope thimbles of metal; ropes of metal; runners of metal for sliding doors; safes [metal or non-metal]; safes, electronic; safety cashboxes; safety chains of metal; sash fasteners of metal for windows; scaffolding of metal; screw tops of metal for bottles; screws of metal; sealing caps of metal; sew-on tags of metal for clothing; sheaf binders of metal; sheet piles of metal; sheets and plates of metal; shims; shoe dowels of metal; shoe pegs of metal; shuttering of metal for concrete; shutters of metal; signalling panels, non-luminous and non-mechanical, of metal; signboards of metal; signs, non-luminous and non-mechanical, of metal; silicon iron; sills of metal; silos of metal; silver solder; silver-plated tin alloys; skating rinks [structures] of metal; slabs of metal for building; sleeves [metal hardware]; slings of metal for handling loads; soap dispensers of metal; soldering wire of metal; soundproof booths, transportable, of metal; split rings of common metal for keys; spring locks; springs [metal hardware]; spurs; stables of metal; stair treads [steps] of metal; staircases of metal; stakes of metal for plants or trees; statues of common metal; steel

List of cases accepted for opposition purposes as shown in Journal 2026/044 published on 30 October 2026 .

alloys; steel buildings; steel masts; steel pipes; steel sheets; steel strip; steel wire; steel, unwrought or semi-wrought; step stools of metal; steps [ladders] of metal; stoppers of metal; stops of metal; strap-hinges of metal; straps of metal for handling loads; street gutters of metal; stretchers for iron bands [tension links]; stretchers for metal bands [tension links]; stringers [parts of staircases] of metal; swimming pools [structures] of metal; swing doors of metal; tacks of metal; tanks of metal; tantalum [metal]; taps of metal for casks; telegraph posts of metal; telephone boxes of metal; telfer cables; tension links; tent pegs of metal; thread of metal for tying-up purposes; tile floorings of metal; tiles of metal for building; tin; tinfoil; tinplate; tinplate packings; titanium; ferrotitanium; toilet paper dispensers of metal; tombac; tombs of metal; tombstone plaques of metal; tombstone stelae of metal; tool boxes of metal, empty; tool chests of metal, empty; towel dispensers of metal; transport pallets of metal; traps for wild animals; trays of metal; tree protectors of metal; troughs of metal for mixing mortar; tubing of metal; tungsten; tungsten iron; turnstiles of metal; turntables [railways]; valves of metal, other than parts of machines; vanadium; vats of metal; vehicle recovery traction boards of metal; vice claws of metal; wainscotting of metal; wall claddings of metal for building; wall linings of metal for building; wall plugs of metal; wall tiles of metal; washers of metal; waste dumpsters of metal, other than for medical use; water-pipe valves of metal; water-pipes of metal; weather- or wind-vanes of metal; wheel clamps [boots]; white metal; wind-driven bird-repelling devices made of metal; window casement bolts; window closers of metal, non-electric; window fasteners of metal; window frames of metal; window openers of metal, non-electric; window pulleys of metal; window stops of metal; window ventlights of metal; windows of metal; wire cloth; wire of common metal; wire of common metal alloys, except fuse wire; wire rope; wire stretchers [tension links]; works of art of common metal; zinc; zip ties of metal; zirconium.

Class 19:

Accordion doors, not of metal; acoustic panels, not of metal; adhesive tapes for road surface marking; advertisement columns, not of metal; agglomerated bagasses of cane [building material]; agglomerated cork for building; alabaster; alabaster glass for building; angle irons, not of metal; aquaria [structures]; aquarium gravel; aquarium sand; arbours [structures], not of metal; armour-plating, not of metal; armoured doors, not of metal; artificial stone; asbestos cement; asbestos mortar; asphalt; asphalt paving; aviaries [structures], not of metal; balustrades, not of metal; beacons, not of metal, non-luminous; beams, not of metal; bicycle parking installations, not of metal; binding agents for making briquettes; binding material for road repair; bird baths [structures], not of metal; bitumen; bitumen paper for building; bituminous coatings for roofing; bituminous products for building; brackets, not of metal, for building; branching pipes, not of metal; bricks; building glass; building materials with soundproofing qualities, not of metal; building materials, not of metal; building panels, not of metal; building paper; building stone; building timber; buildings, not of metal; buildings, transportable, not of metal; burial vaults, not of metal; busts of stone, concrete or marble; cabanas, not of metal; caissons for construction work under water; calcareous marl; casement windows, not of metal; cask wood; ceilings, not of metal; cement for blast furnaces; cement for furnaces; cement posts; cement slabs; cement; chicken-houses, not of metal; chimney cowl, not of metal; chimney pots, not of metal; chimney shafts, not of metal; chimneys, not of metal; cladding, not of metal, for building; clay; clinker ballast; coal tar; coatings [building materials]; commemorative statuary cups of stone, concrete or

marble; concrete; concrete building elements; cornices, not of metal; crash barriers, not of metal, for roads; diving boards, not of metal; door frames, not of metal; door panels, not of metal; doors, not of metal; drain pipes, not of metal; duckboards, not of metal; ducts, not of metal, for ventilating and air-conditioning installations; earth for bricks; enamelled glass, for building; fair huts; felt for building; fences, not of metal; figurines of stone, concrete or marble; firebricks; fireclay; fireplace mantles, not of metal; fireproof cement coatings; firestone for building; flagpoles [structures], not of metal; flashing, not of metal, for building; floating docks, not of metal, for mooring boats; floating floor boards, not of metal; floor tiles, not of metal; floors, not of metal; folding doors, not of metal; foundry moulds, not of metal; framework, not of metal, for building; furrings of wood; gates, not of metal; geotextiles; glass granules for road marking; granite; grave slabs, not of metal; gravel; gravestones; greenhouse frames, not of metal; greenhouses, transportable, not of metal; gutter pipes, not of metal; gypsum [building material]; hips for roofing; horticultural frames, not of metal; huts; insect screens, not of metal; insulating glass for building; jalousies, not of metal; joists, not of metal; laths, not of metal; latticework, not of metal; lengthening pieces, not of metal, for chimneys; letter boxes of masonry; lime; limestone / calcareous stone; linings, not of metal, for building; lintels, not of metal; luminous paving blocks; macadam; magnesia cement; manhole covers, not of metal; manufactured timber; marble; masts [poles], not of metal; materials for making and coating roads; memorial plaques, not of metal; monuments, not of metal; mooring bollards, not of metal; mortar for building; mosaics for building; mouldable wood; mouldings, not of metal, for building; mouldings, not of metal, for cornices; mounting frames, not of metal, for solar panels; non-luminous and non-mechanical signs, not of metal; olivine for building; outdoor blinds, not of metal and not of textile; paint spraying booths, not of metal; palings, not of metal; pantiles, not of metal; paperboard for building; parquet floor boards; parquet flooring; partitions, not of metal; paving blocks, not of metal; paving slabs, not of metal; penstock pipes, not of metal; perches; pigsties, not of metal; pilings, not of metal; pillars, not of metal, for building; pitch; planks of wood for building; plaster; plastic landscape edgings; plastic profiles for building; plate glass [windows] for building; platforms, prefabricated, not of metal; play sand; plywood; porches [structures], not of metal; porphyry [stone]; posts, not of metal; posts, not of metal, for power lines; potters' clay; prefabricated houses [ready-to-assemble], not of metal; prize cups of stone, concrete or marble; props, not of metal; quartz for building; railway sleepers, not of metal; raw chalk; reeds for building; refractory construction materials, not of metal; reinforcing materials, not of metal, for building; rigid pipes, not of metal, for building; road coating materials; road marking sheets and strips of synthetic material; road signs, non-luminous and non-mechanical, not of metal; rock crystal; rocket launching platforms, not of metal; roof coverings, not of metal; roof flashing, not of metal; roof gutters, not of metal; roofing shingles; roofing slates; roofing tiles, not of metal; roofing, not of metal; roofing, not of metal, incorporating photovoltaic cells; rubber bearings for seismic isolation of buildings; rubble; safety glass; sand, except foundry sand; sandstone for building; sandstone pipes; sawn timber; scaffolding, not of metal; scantlings [carpentry]; schists; shuttering, not of metal, for concrete; shutters, not of metal; signalling panels, non-luminous and non-mechanical, not of metal; silica [quartz]; sills, not of metal; silos, not of metal; silver sand; skating rinks [structures], not of metal; slabs, not of metal, for building; slag [building material]; slag

List of cases accepted for opposition purposes as shown in Journal 2026/044 published on 30 October 2026 .

stone; slate powder; slate; smart glass for building; soundproof booths, transportable, not of metal; stables, not of metal; stained-glass windows; stair-treads [steps], not of metal; staircases, not of metal; statues of stone, concrete or marble; stone; street gutters, not of metal; stringers [parts of staircases], not of metal; swimming pools [structures], not of metal; swing doors, not of metal; tanks of masonry; tar; tarred strips for building; telegraph posts, not of metal; telephone booths, not of metal; terra-cotta [building material]; tile floorings, not of metal; tiles, not of metal, for building; tomb or grave enclosures, not of metal; tombs [monuments], not of metal; tombs, not of metal; tombstone plaques, not of metal; tombstone stelae, not of metal; tufa; turnstiles, not of metal; veneer wood; vinyl siding; wainscoting, not of metal; wall claddings, not of metal, for building; wall linings, not of metal, for building; wall tiles, not of metal; water-pipes, not of metal; window frames, not of metal; window glass for building; window glass, other than vehicle window glass; window ventlights, not of metal; windows, not of metal; wood for making household utensils; wood panelling; wood paving; wood pulp board for building; wood veneers; wood, semi-worked; wooden floor boards; works of art of stone, concrete or marble; works of stonemasonry; xylolith.

Class 35:

Administration of consumer loyalty programs; administration of frequent flyer programs; administrative assistance in responding to calls for tenders; administrative processing of purchase orders; administrative services for medical referrals; administrative services for the relocation of businesses; advertising; advertising agency services; advertising by mail order; advertising services to create brand identity for others; advisory services for business management; appointment reminder services; appointment scheduling services [office functions]; arranging and conducting of commercial events; arranging newspaper subscriptions for others; arranging subscriptions to electronic toll collection [ETC] services for others; arranging subscriptions to multimedia content for others; arranging subscriptions to telecommunication services for others; auctioneering; bill-posting; book-keeping; business appraisals; business auditing; business consultancy services for digital transformation; business efficiency expert services; business inquiries; business intermediary services relating to the matching of potential private investors with entrepreneurs needing funding; business intermediary services relating to the matching of various professionals with clients; business investigations; business management assistance; business management consultancy; business management for freelance service providers; business management of hotels; business management of performing artists; business management of reimbursement programmes for others; business management of sports people; business organization consultancy; business partnership search; business project management services for construction projects; business research; commercial administration of the licensing of the goods and services of others; commercial information agency services; commercial intermediation services; commercial lobbying services; commercial or industrial management assistance; competitive intelligence services; compilation of information into computer databases; compilation of statistics; compiling indexes of information for commercial or advertising purposes; computerized file management; computerized management of medical records and files; consultancy regarding advertising communication strategies; consultancy regarding public relations communication strategies; consumer profiling for commercial or marketing purposes; corporate communications services; cost management of construction projects; cost price analysis;

data processing services; data search in computer files for others; demonstration of goods; development of advertising concepts; development of business organization strategies relating to corporate social responsibility; development of market surveys; development of marketing concepts; direct mail advertising; dissemination of advertising matter; distribution of samples; drawing up of statements of accounts; economic forecasting; employment agency services; financial auditing; gift registry services; import-export agency services; influencer marketing; interim business management; invoicing; layout services for advertising purposes; lead generation services; market intelligence services; market studies; marketing; marketing in the framework of software publishing; marketing research; marketing through product placement for others in virtual environments; media relations services; modelling for advertising or sales promotion; negotiation and conclusion of commercial transactions for third parties; negotiation of business contracts for others; news clipping services; online advertising on a computer network; online ordering services in the field of restaurant take-out and delivery; online retail services for downloadable and pre-recorded music and movies; online retail services for downloadable digital music; online retail services for downloadable ring tones; online retail services for downloadable virtual clothing; opinion polling; organization of exhibitions for commercial or advertising purposes; organization of fashion shows for promotional purposes; organization of trade fairs; outdoor advertising; outsourced administrative management for companies; outsourcing services [business assistance]; pay per click advertising; payroll preparation; personnel management consultancy; personnel recruitment; photocopying services; preparation of business profitability studies; presentation of goods on communication media for retail purposes; price comparison services; procurement services for others [purchasing goods and services for other businesses]; production of advertising films; production of teleshopping programmes; professional business consultancy; promotion of goods and services through sponsorship of sports events; promotion of goods through influencers; providing business information; providing business information via a website; providing commercial and business contact information; providing commercial information and advice for consumers in the choice of products and services; providing telephone directory information; providing user rankings for commercial or advertising purposes; providing user ratings for commercial or advertising purposes; providing user reviews for commercial or advertising purposes; provision of an online marketplace for buyers and sellers of downloadable digital image files authenticated by non fungible tokens [NFTs]; provision of an online marketplace for buyers and sellers of goods and services; psychological testing for the selection of personnel; public relations; publication of publicity texts; publicity material rental; radio advertising; reception services for visitors [office functions]; recording the transfer of stocks [office functions]; registration of written communications and data; rental of advertising space; rental of advertising time on communication media; rental of billboards; rental of cash registers; rental of photocopying machines; rental of sales stands; rental of vending machines; retail services for pharmaceutical, veterinary and sanitary preparations and medical supplies; retail services for works of art provided by art galleries; retail services relating to bakery products; retail services relating to downloadable digital image files authenticated by non-fungible tokens [NFTs]; sales promotion for others; sales prospecting for others; scriptwriting for advertising purposes; search engine optimization for

List of cases accepted for opposition purposes as shown in Journal 2026/044 published on 30 October 2026 .

sales promotion; secretarial services; shop window dressing; shorthand; sponsorship search; systemization of information into computer databases; targeted marketing; tax filing services; tax preparation; telemarketing services; telephone answering for unavailable subscribers; telephone switchboard services; television advertising; transcription of communications; typing; updating and maintenance of data in computer databases; updating and maintenance of information in registries; updating of advertising material; web indexing for commercial or advertising purposes; website traffic optimization; wholesale services for pharmaceutical, veterinary and sanitary preparations and medical supplies; word processing; writing of curriculum vitae for others; writing of publicity texts.

Class 36:

Accident insurance underwriting; accommodation bureau services [apartments]; actuarial services; administration of financial affairs; administration of insurance plans; antique appraisal; apartment house management; arranging finance for construction projects; art appraisal; bail-bonding; banking; brokerage of carbon credits; brokerage; business brokerage; business liquidation services, financial; capital investment; car broker services; charitable fund raising; cheque verification; credit bureau services; crowdfunding; debt advisory services; debt collection agency services; deposits of valuables; e-wallet payment services; electronic funds transfer; electronic funds transfer provided via blockchain technology; electronic transfer of cryptocurrency; exchanging money; factoring; financial advice; financial advice relating to tax; financial analysis; financial appraisals in responding to calls for tenders; financial clearing; financial consultancy; financial customs brokerage services; financial engineering; financial evaluation [insurance, banking, real estate]; financial evaluation of development costs relating to the oil, gas and mining industries; financial evaluation of standing timber; financial evaluation of wool; financial exchange of cryptocurrency; financial management; financial management of reimbursement payments for others; financial patronage; financial research; financial sponsorship; financial trading of cryptocurrency; financial valuation of intellectual property assets; financing services; fire insurance underwriting; fiscal valuation; health insurance underwriting; hire-purchase financing; instalment loans; insurance brokerage; insurance consultancy; insurance underwriting; investment of funds; issuance of credit cards; issuance of gift certificates; issuance of prepaid gift cards; issuance of prepaid vouchers; issuance of travellers' cheques; jewellery appraisal; lending against security; life insurance underwriting; loans [financing]; marine insurance underwriting; mobile banking services; mortgage banking; mutual funds; numismatic appraisal; online banking; online banking services rendered in virtual environments; organization of monetary collections; pawnbrokerage; preparation of quotes for cost estimation purposes; processing of credit card payments; processing of debit card payments; provident fund services; providing financial information; providing financial information via a website; providing insurance information; providing rebates at participating establishments of others through use of a membership card; real estate agency services; real estate appraisal; real estate brokerage; real estate management; real estate services; rent collection; rental of apartments; rental of farms; rental of offices [real estate]; rental of offices for co-working; rental of pastures; rental of payment terminals; rental of real estate; repair costs evaluation [financial appraisal]; retirement payment services; safe deposit services; savings bank services; securities brokerage; stamp appraisal; stock brokerage services; stock exchange quotations; stocks and bonds brokerage;

surety services; trusteeship; warranty claims administration services.

Class 37:

Airplane maintenance and repair; anti-rust treatment for vehicles; artificial snow-making services; asphaltting; assembly of prefabricated houses; assembly services relating to the installation of furniture; boiler cleaning and repair; bricklaying; building construction supervision; building insulating; building of fair stalls and shops; building sealing; damp-proofing (building); burglar alarm installation and repair; burner maintenance and repair; carpentry services; charging of electric vehicles; chimney sweeping; cleaning of buildings (exterior surface); cleaning of buildings (interior); cleaning of clothing; cleaning of surfaces for mould remediation; cleaning of surfaces for mold remediation; clock and watch repair; clothing repair; construction; construction consultancy; custom installation of exterior, interior and mechanical parts of vehicles (tuning); demolition of buildings; deodorizing of upholstery; deodorising of upholstery; diaper cleaning; disinfecting; disinfecting of surgical instruments; drilling of deep oil or gas wells; drilling of wells; dry cleaning; electric appliance installation and repair; electric vehicle battery swapping services; excavation of ruins (other than for archaeology); factory construction; film projector repair and maintenance; fire alarm installation and repair; freezing equipment installation and repair; fumigation for pest control (non#agricultural); fur care, cleaning and repair; furnace installation and repair; furniture maintenance; furniture restoration; harbour construction; hardscaping services; heating equipment installation and repair; housekeeping services (cleaning services); hydraulic fracturing services; fracking services; IT consultancy relating to installation, maintenance and repair of computer hardware; installation and repair of air-conditioning apparatus; installation and repair of flood protection equipment; installation of doors and windows; installation of utilities in construction sites; installation, maintenance and repair of computer hardware; interference suppression in electrical apparatus; irradiation of medical instruments; irrigation devices installation and repair; jewellery cleaning; jewelry cleaning; jewellery repair services; jewelry repair services; joinery services (repair of woodwork); kitchen equipment installation; knife sharpening; laundering; laying of artificial turf; laying of cable; leather care, cleaning and repair; linen ironing; machinery installation, maintenance and repair; maintenance of passenger lifts via remote monitoring systems; maintenance of passenger elevators via remote monitoring systems; masonry; mining extraction; mobile telephone battery charging services; cell phone battery charging services; motor vehicle maintenance and repair; natural gas refuelling services for motor vehicles; office machines and equipment installation, maintenance and repair; painting or repair of signs; painting (interior and exterior); paper hanging; wallpapering; passenger lift installation and repair; passenger elevator installation and repair; pest control services (non#agricultural); photographic apparatus repair; pier breakwater building; pipeline construction and maintenance; plastering; plumbing; pressing of clothing; providing construction information; providing information relating to repairs; pumicing; pump repair; quarrying services; re-tinning; rebuilding engines that have been worn or partially destroyed; rebuilding machines that have been worn or partially destroyed; refilling of gas cylinders used for making carbonated beverages; refilling of ink cartridges; refilling of toner cartridges; renovation of clothing; rental of battery chargers; rental of bulldozers; rental of cleaning machines; rental of construction equipment; rental of cranes (construction equipment); rental

List of cases accepted for opposition purposes as shown in Journal 2026/044 published on 30 October 2026 .

of dish drying machines; rental of dishwashing machines; rental of dishwashers; rental of drainage pumps; rental of excavators; rental of fuel dispensing machines; rental of laundry washing machines; rental of portable power chargers; rental of road sweeping machines; rental of sterilizers for medical instruments; rental of sterilisers for medical instruments; repair of hand-held parasols; repair of orthodontic appliances; repair of patio umbrellas; repair of power lines; repair of security locks; reservation of charging stations for electric vehicles; restoration of musical instruments; restoration of printed photographs; restoration of works of art; retreading of tyres; retreading of tires; riveting; road paving; roofing services; rustproofing; safe maintenance and repair; sanding; sanitizing of upholstery; sanitising of upholstery; scaffolding; services of electricians; shipbuilding; shoe maintenance and repair; snow removal; spectacle repair and maintenance; eyeglass repair and maintenance; sterilization of medical instruments; sterilisation of medical instruments; street cleaning; strong-room maintenance and repair; swimming-pool maintenance; telephone installation and repair; tuning of bodies for automobiles; tuning of musical instruments; tyre balancing; tire balancing; umbrella repair; underwater construction; underwater repair; upholstering; upholstery repair; varnishing; vehicle battery charging; vehicle breakdown repair services; vehicle cleaning; vehicle greasing; vehicle lubrication; vehicle maintenance; vehicle polishing; vehicle service stations (refuelling and maintenance); vehicle washing; vermin exterminating (non#agricultural); vulcanization of tyres (repair); vulcanization of tires (repair); warehouse construction and repair; washing; washing of linen; window cleaning.

Class 42:

Acoustic measuring services; analysis for oil-field exploitation; archaeological excavation; architectural consultancy; architectural services; Artificial intelligence as a service [AIaaS]; artificial intelligence consultancy; authenticating works of art; bacteriological research; biological research; Blockchain as a service [BaaS]; business card design; Calibration [measuring]; cartographic or thermographic measurement services by drone; cartography services; chemical analysis; chemical research; chemistry services; clinical trials; cloud seeding; computer graphic design for video projection mapping; computer programming; computer programming of smart contracts on a blockchain; computer programming services for data processing; computer rental; computer security consultancy; computer software consultancy; computer software design; computer system analysis; computer system design; computer technology consultancy; computer virus protection services; conducting technical project studies; consultancy in the design and development of computer hardware; consultancy in the field of energy-saving; conversion of computer programs and data, other than physical conversion; conversion of data or documents from physical to electronic media; cosmetic research; Creating and designing website-based indexes of information for others [information technology services]; creating and maintaining websites for others; culturing of cells for scientific research purposes; data encryption services; data security consultancy; Design of chips [integrated circuits]; design of computer-simulated models; design of costumes; design of interior decor; design of prototypes; design of show scenery; development of computer platforms; development of video and computer games; digital forensic investigations in the field of computer crimes; digitization of documents; Digitization of photographs [scanning]; drafting construction plans; dress designing; drug screening for forensic purposes; duplication

of computer programs; electronic data storage; electronic monitoring of credit card activity to detect fraud via the internet; electronic monitoring of personally identifying information to detect identity theft via the internet; electronic storage of cryptocurrency; energy auditing; energy performance testing of buildings; engineering; exploration services in the field of the oil, gas and mining industries; forensic pathological examination services; geological prospecting; geological research; geological surveys; geological test drilling; geotechnical investigations; golf course design; graphic arts design; graphic design of promotional materials; Handwriting analysis being graphology; hosting computer websites; hosting software platforms for virtual reality-based work collaboration; hosting virtual environments; industrial design; information technology support services; inspection services for new and used vehicles before sale; installation of computer software; interior design; internet security consultancy; laboratory services for biomanufacturing; land surveying; logo design services; maintenance of computer software; material testing; mechanical research; medical research; mining of cryptocurrency; monitoring of computer system operation by remote access; monitoring of computer systems for detecting unauthorized access or data breach; monitoring of computer systems to detect breakdowns; neuromorphic engineering; off-site data backup; oil prospecting; oil-field surveys; oil-well testing; packaging design; paternity testing; pathological testing for forensic purposes; Platform as a service [PaaS]; providing geographic information; providing information relating to computer technology and programming via a website; providing meteorological information; Providing online geographic maps, not downloadable; providing online non-downloadable computer software; Providing online non-downloadable computer software for minting non-fungible tokens [NFTs]; providing scientific information, advice and consultancy relating to carbon offsetting; providing scientific information, advice and consultancy relating to net zero emissions; providing search engines for the internet; providing virtual computer systems through cloud computing; quality control; quality evaluation of standing timber; quality evaluation of wool; quantum computing; recovery of computer data; rental of computer software; rental of data centre facilities; rental of meters for the recording of energy consumption; rental of scientific microscopes; rental of smartglasses; rental of telescopes; Rental of user-programmable humanoid robots, not configured; rental of web servers; research and development of new products for others; research in the field of artificial intelligence technology; research in the field of building construction; research in the field of excavation; research in the field of physics; research in the field of telecommunications technology; research in the field of welding; scientific and technological research in the field of natural disasters; scientific and technological research relating to patent mapping; scientific laboratory services; scientific research; scientific research in the field of environmental protection; scientific research in the field of genetics; server hosting; software as a service; software development in the framework of software publishing; software engineering services for data processing; styling; Surveying [engineering]; technical writing; technological consultancy; technological consultancy services for digital transformation; technological research; telecommunication network security consultancy; telecommunications technology consultancy; testing and analysis of goods being imported or exported for quarantine clearance purposes; textile testing; underwater exploration; unlocking of mobile telephones; updating of computer software; urban planning; user authentication services

List of cases accepted for opposition purposes as shown in Journal 2026/044 published on 30 October 2026 .

using blockchain technology; User authentication services using single sign-on technology for online software applications; user authentication services using technology for e-commerce transactions; vehicle roadworthiness testing; veterinary research; water analysis; weather forecasting; website design consultancy; writing of computer code.

Class 43:

Accommodation bureau services; animal pound services; bar services; boarding for animals; boarding house bookings; boarding house services; booking and arranging of access to airport lounges; café services; cafeteria services; cake decorating; canteen services; day-nursery services; decorating of food; food and drink catering; food reviewing services [provision of information about food and drinks]; food sculpting; ghost kitchen services; hookah lounge services; hotel accommodation services; hotel reservations; motel services; personal chef services; providing airport lounges; providing campground facilities; providing information and advice in relation to the preparation of meals; reception services for temporary accommodation [conferment of keys]; rental of chairs, tables, table linen, glassware; rental of cooking apparatus; rental of drinking water dispensers; rental of furniture; rental of holiday accommodation; rental of hot pots; rental of kitchen sinks; rental of lighting apparatus; rental of meeting rooms; rental of office furniture; rental of portable dressing rooms; rental of robots for preparing beverages; rental of temporary accommodation; rental of tents; rental of transportable buildings; restaurant services; retirement home services; self-service restaurant services; snack-bar services; take-away restaurant services; temporary accommodation provided by halfway houses; temporary accommodation reservations; tourist home services; udon and soba restaurant services; washoku restaurant services.
