Class 35:

Business management and consulting services; business consulting services, namely, assisting organizations in the field of cloud computing infrastructure; business management consulting and business consulting services in the field of hybrid IT architectures and migrations; business management

and consulting services relating to mining, engineering, energy, and construction industries; business consulting services relating to procurement in the fields of mining, engineering, energy, construction, building; supply chain management and consulting services for mining, engineering, energy, and construction industries; business process outsourcing in the field of information technology to optimize hybrid IT architectures and migrations; business analysis and business strategic planning services in the technology industry; business analysis and strategic planning services relating to mining, engineering, energy, and construction industries; management assistance services; management consulting services; outsourcing services (business assistance); outsource service provider in the field of business management; procurement services; procurement of goods on behalf of other businesses; procurement services for others [purchasing goods and services for other businesses]; outsourcing services in nature of arranging procurement of goods for others; procurement services relating to mining equipment and apparatus; procurement services relating to construction equipment and machinery; procurement services relating to engineering equipment and apparatus; procurement services relating to energy generation equipment; supply chain management services; logistics management services; vendor management services; supplier management services; procurement, namely, purchasing protective and safety equipment, clothing, footwear, headgear, safety headgear, safety footwear, safety clothing, gloves, safety glasses, earplugs or muffs, hard hats, respirators, vests, safety monitoring apparatus, safety devices, protection devices, security devices, computers, laptops, mobile phones, computer peripherals, computer systems, machines, engines, parts for engines, vehicles, haulage trucks, diggers and excavators, industrial vehicles, industrial trucks, parts and fittings for land vehicles, anti-theft devices for vehicles, locks and padlocks, valves, spark plugs, machine tools, agricultural apparatus and equipment, agricultural instruments, forestry machines, hand tools and implements (hand-operated), electrical apparatus, electrical instruments, lighting apparatus, lighting equipment, heating apparatus and instruments, diagnostic apparatus and instruments, articles for cleaning, articles for scouring, articles for polishing for others; import and export services; international trade consulting services; customs clearance services; freight forwarding services for business purposes; warehousing and storage services for business purposes; inventory management services; business services relating to the arrangement of joint ventures, partnerships and consortiums in mining, engineering, energy, and construction industries; advertising and promotional services relating to computer services; advertising and promotional services relating to mining, engineering, energy, and construction industries; online retail store services connected with the sale of computers, computer hardware, computer peripherals, computer software, telecommunication apparatus and equipment; online retail store services connected with the sale of mining, construction, engineering and energy equipment and apparatus; business administration, management, information and consultancy services relating to the administration of information technology including information relating to this provided on-line from a computer database or the Internet; the bringing together, for the benefit of others, of a variety of goods, enabling customers to conveniently view and purchase those goods from an internet web site specialising in information technology, namely, computers, computer hardware and computer software, computer peripherals for both hardware and software, telecommunications apparatus and telecommunication equipment; the bringing

***List of cases accepted for opposition purposes as shown in Journal 2025/039 published on
26 September 2025 .***

together, for the benefit of others, of a variety of goods, enabling customers to conveniently view and purchase those goods from an internet web site specialising in mining, construction, engineering and energy equipment and apparatus; providing computerized tracking and tracing of packages in transit; distribution of samples; data processing services; providing automated registration for customer identifying shipping account information over the global computer network; information, advisory, and consultancy services relating to the aforesaid.

Class 37:

Maintenance and repair of hardware; computer installation and repair; computer installation and maintenance services; installation, repair and maintenance of computer hardware; installation, repair and maintenance of computer peripherals; installation, repair and maintenance of computers; installation, repair and maintenance of computer apparatus and equipment; installation, repair and maintenance of telecommunications apparatus and equipment; installation, repair and maintenance of mining equipment and apparatus; installation, repair and maintenance of construction equipment and machinery; installation, repair and maintenance of engineering equipment and apparatus; installation, repair and maintenance of energy generation equipment; installation, maintenance and repair of pipeline systems; installation, maintenance and repair of electronic equipment; underwater construction, installation, maintenance and repair; installation, repair maintenance, and commissioning of industrial equipment and machinery; technical installation services; installation, repair and maintenance in the fields of mining, engineering, energy, construction, building; information, advisory, and consultancy services relating to the aforesaid.

Class 39:

Storage of goods; storage of goods in the fields of mining, engineering, energy, construction, building; moving and storage of goods; collection of goods; collection of documents; collection of merchandise; collection of packages; moving and collection of goods, documents, merchandise, and packages in the fields of mining, engineering, energy, construction, building; transport; travel arrangement; arranging for the transportation of goods; logistics management; supply chain logistics services; freight forwarding; cargo handling; international freight transportation; customs clearance for transportation purposes; cross-border transportation services; multimodal transportation services; arranging the collection of packages; arranging the collection of goods; transportation network management solution services; transportation and logistics services for mining, engineering, energy, and construction industries; transportation of mining equipment and apparatus; transportation of construction equipment and machinery; transportation of engineering equipment and apparatus; transportation of energy generation equipment; transportation of industrial equipment and machinery; specialized transportation services for heavy machinery and equipment; transportation of hazardous materials and dangerous goods; transportation and delivery services for corporate clients; transportation and delivery services for public sector organizations; warehouse storage services; warehousing services, namely, storage, distribution, pick-up, and packing for shipment of documents, packages, raw materials, and other freight for others; warehousing and storage services for mining, engineering, energy, and construction equipment; secure storage services for IT infrastructure equipment; climate-controlled storage services for sensitive equipment; inventory management and warehousing for corporate and public sector clients;

distribution center services; fulfillment services; cross-docking services; pick up, delivery and storage of personal property; moving and storage of protective and safety equipment, clothing, footwear, headgear, safety headgear, safety footwear, safety clothing, gloves, safety glasses, earplugs or muffs, hard hats, respirators, vests, safety monitoring apparatus, safety devices, protection devices, security devices, computers, laptops, mobile phones, computer peripherals, computer systems, machines, engines, parts for engines, vehicles, haulage trucks, diggers and excavators, industrial vehicles, industrial trucks, parts and fittings for land vehicles, anti-theft devices for vehicles, locks and padlocks, valves, spark plugs, machine tools, agricultural apparatus and equipment, agricultural instruments, mining apparatus and equipment, engineering apparatus and equipment, energy apparatus and equipment, construction apparatus and equipment, building apparatus and equipment, forestry machines, hand tools and implements (hand-operated), electrical apparatus, electrical instruments, lighting apparatus, lighting equipment, heating apparatus and instruments, diagnostic apparatus and instruments, articles for cleaning, articles for scouring, articles for polishing; transport, delivery, packaging and storage of protective and safety equipment, clothing, footwear, headgear, safety headgear, safety footwear, safety clothing, gloves, safety glasses, earplugs or muffs, hard hats, respirators, vests, safety monitoring apparatus, safety devices, protection devices, security devices, computers, laptops, mobile phones, computer peripherals, computer systems, machines, engines, parts for engines, vehicles, haulage trucks, diggers and excavators, industrial vehicles, industrial trucks, parts and fittings for land vehicles, anti-theft devices for vehicles, locks and padlocks, valves, spark plugs, machine tools, agricultural apparatus and equipment, agricultural instruments, mining apparatus and equipment, engineering apparatus and equipment, energy apparatus and equipment, construction apparatus and equipment, building apparatus and equipment, forestry machines, hand tools and implements (hand-operated), electrical apparatus, electrical instruments, lighting apparatus, lighting equipment, heating apparatus and instruments, diagnostic apparatus and instruments, articles for cleaning, articles for scouring, articles for polishing; packaging services for industrial equipment and machinery; specialized packaging for IT infrastructure equipment; installation delivery services; emergency delivery services; emergency delivery services in the fields of mining, engineering, energy, construction, building; tracking and tracing services for shipments; logistics consulting services; supply chain optimization services; transportation planning and coordination services; fleet management services; route planning and optimization services; information, advisory, and consultancy services relating to the aforesaid.

Class 40:

Recycling services relating to computers; recycling services relating to computer peripherals; recycling services relating to computer hardware; recycling services relating to telecommunications apparatus and equipment; recycling services relating to mining equipment and apparatus; recycling services relating to construction equipment and machinery; recycling services relating to engineering equipment and apparatus; recycling services relating to energy generation equipment; recycling services relating to industrial equipment and machinery; waste treatment and disposal services in the fields of mining, construction, engineering, energy and energy industries; material recovery services; scrap metal processing and recycling; electronic waste recycling and disposal; hazardous waste treatment and disposal relating

List of cases accepted for opposition purposes as shown in Journal 2025/039 published on 26 September 2025 .

to industrial equipment; refurbishment and reconditioning of industrial equipment and machinery; recycling services in the fields of mining, engineering, energy, construction, building; information, advisory, and consultancy services relating to the aforesaid.

Class 42:

Computer services; computer services in the fields of mining, engineering, energy, construction, building; industrial analysis, industrial research and industrial design services; quality control and authentication services; design and development of computer software; consultancy including technical consultancy services relating to information technology (including but not limited to computer hardware, computer peripherals, computers, computer software, telecommunications apparatus and equipment); technical consultancy services relating to procurement systems and processes; technical consultancy services relating to supply chain management; technical consultancy services relating to logistics management; technical consultancy services relating to mining, engineering, energy and construction industries; rental of information technology equipment, apparatus and instruments (including but not limited to computer hardware and computer software but excluding communications and telecommunications); installation, repair, servicing and maintenance of computer software; computer aided design relating to build projects; computer aided design relating to mining projects; computer aided design relating to engineering projects; computer aided design relating to energy projects; computer aided design relating to construction projects; technical design services relating to procurement and supply chain operations; industrial design services relating to mining, engineering, energy and construction equipment; hosting the web sites of others; website development; website design; creating websites; website design services; website development services; hosting computer sites [websites]; building and maintaining websites; creating and maintaining websites; creation and maintenance of websites; hosting the websites of others; design and programming of websites; design of homepages and websites; hosting websites on the internet; design and construction of homepages and websites; creating and maintaining websites for mobile phones; hosting and rental of memory space for websites; creating, maintaining and hosting the websites of others; design, creation, hosting, maintenance of websites for others; industrial and graphic art design; computer-aided design of video graphics; design and graphic arts designing for the creation of web sites; design and graphic arts designing for the creation of web pages on the Internet; graphic design for the compilation of web pages on the internet; consultancy relating to the creation and design of websites; consultancy relating to the creation and design of websites for e-commerce; software as a service for cloud hosting; application service for email, calendaring and task management (hosted exchange); online backup application service related to computers and software (online backup); application service used to manage virtual machine instances (cloud servers); application service for browser-based collaboration and document management (sharepoint cloud services); application service for virtual server environment (virtual private server); hosted Security services/cloud security services; managed security services; email anti-spam/anti-virus services; managed cloud services; hosted customer relationship management software services; software as a service (SaaS) in the fields of mining, engineering, energy, construction, building; software as a service (SaaS) featuring software for procurement management; software as a service (SaaS)

featuring software for supply chain management; software as a service (SaaS) featuring software for logistics management; software as a service (SaaS) featuring software for inventory management; software as a service (SaaS) featuring software for vendor and supplier management; platform as a service (PaaS) featuring computer software platforms for procurement and supply chain management; platforms as a service for the provisioning of cloud and applications; hosting, development, and design of mobile applications; consulting services in the field of design, selection, implementation and use of computer hardware and software systems for others; consulting services in the field of design, selection, implementation and use of procurement management systems; consulting services in the field of design, selection, implementation and use of supply chain management systems; consulting services in the fields of mining, engineering, energy, construction, building; technical support services, namely, troubleshooting of computers, servers and computer software problems (computing services); computer systems design services for others; cloud computing design services, namely, networking services integrating computer hardware and software for dynamic provisioning, virtualization, and consumption metering of computer resources; consulting services in the field of cloud computing, namely, cloud readiness assessment services, enterprise application rationalization services, migration services of legacy applications to the cloud, cloud architecture and automation design services; data migration services; Information technology infrastructure management services for remote and onsite monitoring and management of IT resources, IT operations, and IT processes, namely, servers, storage, applications, networks, desktops, server and network virtualization, security, public clouds, private clouds, hybrid clouds and virtual machines; design and development of electronic data and network security systems, and cloud computing management hardware and software; computer services, namely, integration of private and public cloud computing environments; computer services, namely, computer system administration for others; technical consulting services in the field of cloud computing network services; technical support services, namely, monitoring technological functions of cloud computer network systems; providing virtual computer systems and virtual computer environments through cloud computing; consulting in the field of virtualization technologies for enterprises and businesses; providing information technology services over the cloud, namely, infrastructure as a service (IaaS) services featuring computer hardware and software platforms for creating, managing and deploying cloud computing infrastructure services, platform as a service (PaaS) services featuring computer software platforms for managing hybrid cloud, public cloud, private cloud and community cloud-based services, and software as a service (SaaS) services featuring software for managing hybrid cloud, public cloud, private cloud and community cloud-based services; infrastructure as a service (IaaS) services in the nature of providing web-based use of virtualized computer hardware, networking, and storage equipment, namely, providing virtual computer systems and virtual computer environments through cloud computing; providing a web-based system and online portal featuring technology for third parties to remotely manage, administer, modify, and operate data and software applications implemented via distributed computing environments, and for the remote administration and management of the virtualized computing resources, data and software applications; providing online, non-downloadable computer software for cloud management,

List of cases accepted for opposition purposes as shown in Journal 2025/039 published on 26 September 2025 .

namely, software for management and monitoring of cloud computing resources, for software application and software platform deployment to clouds, for software application and computing resource provisioning, for cloud security and cloud firewall configuration, for creating and managing policies and access controls for cloud governance, for software release automation, and for enabling software development in the cloud; providing on-line, non-downloadable software for administering and managing virtual infrastructure resources and for managing computer applications for operating distributed applications and networks of computers; providing online, non-downloadable computer software for procurement management; providing online, non-downloadable computer software for supply chain management; providing online, non-downloadable computer software for logistics management; providing online, non-downloadable computer software for inventory and warehouse management; providing online, non-downloadable computer software for vendor and supplier management; data encryption services; cloud services, namely, providing a website featuring temporary use of non-downloadable software which is used by others to design, develop, provide, and manage cloud computing services, namely, infrastructure as a service (IaaS), software as a service (SaaS), platform as a service (PaaS), desktop as a service (DaaS); email as a service (EaaS) in the nature of cloud-hosted e-mail services, and continuous monitoring as a service (CMaaS) in the nature of cloud-based network and information security monitoring services; providing technical support services regarding the usage of communications equipment; providing technical support services regarding procurement systems and supply chain management systems; technical analysis and evaluation services relating to procurement processes and supply chain operations; quality control and authentication services relating to procurement and supply chain management; research and development services relating to procurement technologies and supply chain optimization; information, advisory, and consultancy services relating to the aforesaid.

HALALICIOUS

Class 9:
Mobile and web application software for ordering, tracking,
and delivering halal home-cooked meals and halal restaurant
meals, integrating AI-driven personalised recommendations and
geo-location services; software for processing halal home-
cooked meal and halal restaurant meal orders, including
secure payment processing, order management, and customer
feedback; downloadable software for halal home cooks and
halal restaurants to manage menus, pricing, bookings, and
delivery logistics; augmented reality (AR) and virtual reality
(VR) applications offering immersive halal dining experiences
and virtual restaurant tours; AI-powered software for automating
order suggestions, customer preference analysis, and dietary
compliance management in the halal food context; IoT-enabled
software solutions for halal food providers to optimize inventory,
kitchen operations, and smart device integrations; blockchain-
based software for secure transaction tracking and halal
certification verification.

Class 35:

Providing a global online marketplace for the promotion, sale,
and delivery of halal home-cooked meals and halal restaurant
meals; advertising and promotional services for halal home
cooks, halal restaurants, and meal delivery providers; business
management services for halal home-cooked meal providers
and halal restaurants, including menu management, pricing, and
customer relations; online food ordering services specialising in
halal home-cooked meals and halal restaurant meals, including
options for delivery, pick-up, and subscription plans; retail
services connected with the sale of halal home-cooked meals,
prepared halal meals, meal kits, and ingredients from halal
restaurants and home cooks; facilitating online reservations
and booking systems for consumers to secure tables at halal
restaurants or arrange private home dining experiences with halal
home cooks; providing food pick-up services allowing customers
to collect orders directly from halal restaurants, home cooks, or
smart lockers; subscription services for halal home-cooked meal
plans and halal restaurant offerings; advertising and marketing
services using AI-driven personalised targeting and virtual or
immersive dining experience promotions.

Class 39:
Transportation, delivery, and last-mile logistics services for halal
home-cooked meals and halal restaurant meals, using advanced
route optimisation, drone delivery, autonomous vehicles, and
robotic fulfillment centers; packaging, handling, and secure
delivery services ensuring food quality and safety for halal home-
cooked meals and halal restaurant meals; real-time order tracking
and customer notification services for halal food deliveries;
food pick-up services providing consumers with flexible options
to collect halal home-cooked meals and halal restaurant meals
directly from providers, smart lockers, or designated collection
points; sustainable and eco-friendly delivery methods for halal
meals; providing information and support services related to halal
food transportation and delivery.

Class 42:
Design, development, and maintenance of an advanced online
platform for ordering, payment, and delivery of halal home-
cooked meals and halal restaurant meals; providing software
as a service (SaaS) enabling halal home cooks and halal
restaurants to manage menus, customer interactions, dynamic
pricing, order processing, and reservations; platform hosting
services for a digital marketplace connecting halal home
cooks, halal restaurants, and consumers; integration of AI
and machine learning for personalized meal recommendations,
demand forecasting, and dynamic availability management;
development of mobile applications and web-based software
with features for table bookings, immersive dining experiences
using AR/VR, home dining arrangements, and pick-up services;
provision of data analytics services to optimize halal food
providers' operations and customer engagement; API services
for seamless integration with payment gateways, delivery
logistics, reservation systems, loyalty programs, and emerging
technologies such as autonomous deliveries or blockchain
transaction verification.

Class 9:

Application software; Cloud computing software; Communication apparatus and software; Communication, networking and social networking software; Computer software; Computer software applications; Computer software for accessing, browsing and searching online databases;

Computer software for use as an application programming interface (API); Computer-aided design (CAD) software; Content access software; Data and file management and database software; Databases; Downloadable application software; Downloadable educational media; Downloadable electronic newsletters; Downloadable graphic design templates; Downloadable mobile applications for the management of information; Downloadable or pre-recorded educational videos; Downloadable podcasts; Downloadable publications in electronic form; Downloadable smartphone software applications; Downloadable software; Downloadable software in the nature of a mobile application; E-commerce and marketplace software; Electronic notepads; Electronic organisers; Interactive business software; Inventory software; Media content; Office software; On-premise management software; Personal digital assistants; Project management software; Publications in electronic format; Real-time data processing apparatus; Software; Software applications; Software for the analysis, collection, management, compilation, transcription, retrieval, systemisation, verification, recording, administration, research, monitoring, coding, decoding, encryption, storage, conversion, recovery, duplication, migration and compression of data; Teaching and instructional apparatus; Training guides and manuals in electronic format; Virtual assistant software; Web application software.

Class 35:

Advertising, marketing and promotional services; Analysis of business trends, data and statistics; Arranging of contracts for the purchase and sale of goods and services, for others; Business administration, advisory, consultancy, organisation and management; Business consultancy relating to the administration and management of information technology and data; Business data analysis; Business intelligence services; Business intermediary and advisory services in the field of selling products and rendering services; Business intermediary and networking services; Business intermediary services relating to the matching of buyers and sellers; Business management of logistics for others; Business project management services; Commercial information services; Commercial intermediation for business purposes; Compilation and systemisation of written communications and data; Competitive intelligence services; Customer relationship management; Data collection; Data compilation; Data entry; Data file administration; Data inputting services; Data management; Data processing; Data recording; Data retrieval; Data systemisation; Data transcription; Data verification; Database management; Electronic data processing; Goods or services price quotations; Inventory control and management; Market intelligence services; Market research services; Office functions; Organisation and management of customer loyalty programs; Organisation of events, exhibitions, fairs, trade fairs and shows for commercial, promotional and advertising purposes; Price analysis and comparison services; Procurement and procurement management services; Providing a searchable online advertising guide featuring the goods and services of online vendors; Providing commercial information and advice for consumers in the choice of products and services; Providing consumer product information; Provision of an online marketplace for buyers and sellers of goods and services; Sales administration, management and promotion services; Secretarial and clerical services; Statistical analysis and reporting services for business purposes; Stock management services; Systemisation of information and data into computer databases; Transcription of communications, data, messages and
