Class 1:

Chemicals used in industry, science; tempering and soldering preparations; adhesives used in industry.

Class 6:

Building and construction materials and elements of metal; common metals, unwrought or semi-wrought; metal goods for use in construction; nozzles of metal; non-electric cables and wires of common metal; metallic pipes and tubes; pipe sections of metal; transportable buildings of metal; parts and accessories for all the afore-mentioned goods, included in this class.

Class 7:

Machines for use in thermal and industrial power plant processes, for generating electricity and for gas extraction; separators; steam engines; compressors; heat exchangers for motors and engines; filtering machines; radiators [cooling] for motors and engines; air condensers; housings [parts of machines]; industrial machines and machine tools for the processing industry in the fields of foodstuffs, beverages, the brewing industry, dairy industry, chemistry, pharmaceuticals, biotechnology, cosmetics, oil extraction and processing, power generation and metalworking, for use in the marine industry, drinking water production, the abovementioned goods included in this class; machines, apparatus, devices and parts for the processing industry in the fields of foodstuffs, beverages, the

brewing industry, dairy industry, chemistry, pharmaceuticals, biotechnology, cosmetics, oil production, oil processing, power generation, metalworking, for use in the marine industry, drinking water production, all the afore-mentioned goods included in this class; heat exchangers being parts of machines; air-cooled condensers; pumps [machines]; axial-flow fans or radial-flow fans for industrial purposes; engines, powertrains and parts thereof; axial fan condensers; centrifugal fan condensers; springs being parts of anti-vibration mountings for machines; metal joints for tubes [parts of machines and engines]; transmissions for machines; roller bearings; bearings for transmission shafts; pressure reducers [parts of machines] and pressure regulators [parts of machines]; taps being parts of machines and engines; valves [parts of machines]; filtering machines, separators and centrifuges; lifting apparatus; drive rods for machines and engines; speed governors for engines and machines; couplings, other than for land vehicles; fans for machines and engines; control mechanisms for machines and engines; control cables for machines and engines; parts and accessories for all the afore-mentioned goods, included in this class.

Class 9:

Safety, security, protection and signalling devices and equipment; measuring, detecting and monitoring instruments, indicators and controllers; scientific research and laboratory apparatus, educational apparatus and simulators; regulating, checking and controlling apparatus and devices and electric or electronic switch gears; apparatus and instruments for conducting, switching, transforming, accumulating, regulating and controlling electricity; data transmission installations and equipment, data processing installations and equipment, data output installations and equipment; process control systems, namely electrotechnical and electronic apparatus and equipment for process monitoring and process control, for the collection, processing and output of data; computers and computer software; transducers; parts and accessories for all the afore-mentioned goods, included in this class.

Class 11:

Flues and installations for conveying exhaust gases; refrigerating and freezing equipment; regulating and safety accessories for water and gas installations; heating, ventilating, air conditioning and air purifying apparatus and installations; heat exchangers and fittings for heat exchangers, included in this class; separators for removing condensation by refrigeration; heat regenerators; heat exchanger pipes, cooler pipes and condenser tubes, finned tubes and filter pipes for heat exchangers; dry cooling systems; dehumidifiers; chillers; machines for drying materials, also by using the spray drying technology; heat generation devices and heat distribution devices and plants composed thereof for industrial purposes; filling parts and inserts for heat exchange [not machine parts], for moisture exchange and/or for mass transfer, namely being parts of installations for cleaning and purification of industrial gases, apparatus or devices for cooling, heating, humidifying gases, for dehumidifying gases, for absorbing and desorbing [purification] of gases from different substances; filling parts and inserts for air filtering installations, apparatus and devices as well as for water filtering installations, apparatus and devices; filling parts and inserts for air and gas humidifying installations, apparatus and devices; filling parts and inserts for gas scrubbers; filling parts and inserts for ventilating apparatus and installations; filling parts and inserts for evaporation

coolers; exchange media and exchange inserts for cooling towers; plastic fixtures with parallel or crosswise arranged ducts being parts of air filters, water filters, gas scrubbers, air humidifiers, ventilating installations, gas-liquid-mass transfer purification installations, rain water or waste water seepage installations or evaporation coolers; apparatus for treating and purifying water by means of filtration and sedimentation; devices for clarifying water by means of gravity sedimentation; heat exchangers, not parts of machines; splash deflectors for cooling towers; gas scrubbers; ventilating apparatus and equipment; humidifiers for conditioning air and gases; plastic fixtures with crosswise arranged ducts for use as components for evaporation coolers; sanitary installations and water supply installations; water conduits installations; tubular rods being parts of refrigerating, distilling and heating installations; lighting apparatus and installations; evaporative coolers; including all the afore-mentioned goods custom-made; parts and accessories for all the afore-mentioned goods, included in this class.

Class 17:

Plastics in extruded form for use in manufacture; flexible pipes, tubes, hoses, and fittings therefor, including valves, non-metallic; seals, sealants and fillers; insulation and barrier articles and materials; plastic film [other than for wrapping]; plates, blocks, rods of plastics [semi-finished products]; filtering materials [semi-processed foams or films of plastic]; synthetic non-woven fabrics being filtering materials; polymeric non-woven fabrics being filtering materials; plastic material for use in the manufacture of air filters and air filter installations, for water filters and water filter installations, for cooling apparatus and installations and cooling towers, for air humidifying apparatus and installations, for gas scrubbing apparatus and installations, for ventilating apparatus and installations, for application in mass transfer processes, and/or for seepage apparatus and installations for rain water or waste water; semi-processed plastics in the form of undulated layers for use in columns as structured packing; semi-processed materials in the form of plastic foils for use in filters, for gas scrubbing installations, for refrigerating installations and cooling towers, for application in mass transfer processes, for air humidifying installations, ventilating installations and/or for storage and seepage installations for rain water or waste water; plastic material for use in the manufacture of waste water clarifying installations and drinking water treatment installations; filling material in the form of plastic foils for filters used in aquaculture, for mass transfer and mass transfer columns, and for air/exhaust gas purification; filtering material made of plastic semiconductor products for cooling towers and for application in mass transfer processes; plastics in extruded form, namely filtering materials, plastic fibers and plastic foils for use in air cooling apparatus, ventilating apparatus, refrigerating installations and cooling towers.

Class 19:

Building and construction materials and elements, not of metal; pipes and pipelines of plastic; asphalt, pitch and bitumen; transportable buildings [not of metal]; parts and accessories for all the afore-mentioned goods, included in this class.

Class 35:

Commercial trading and consumer information services, namely auctioneering services, commercial intermediation services, collective buying services, commercial evaluation

services, organising of competitions for advertising and commercial purposes, import-export agency services, mediation and conclusion of commercial transactions for others, ordering services, price comparison services, procurement services for others; retail and wholesale services, mail order services and online retail and wholesale services, all relating to chemicals used in industry, science and photography, as well as in agriculture, horticulture and forestry, relating to filtering materials, relating to building materials, building elements and process equipment of metal, relating to machines and spare parts therefor for use in power stations, for generating electricity and for use in the gas and processing industries, relating to compressors and spare parts therefor, relating to aerocondensers and spare parts therefor, relating to machines and plants composed thereof for the processing of foodstuffs as well as spare parts therefor, relating to machines and machine tools, apparatus, devices and parts for the processing industry as well as spare parts therefor, relating to pumps and spare parts therefor, relating to blowing machines and turbines as well as spare parts therefor, relating to heat exchangers being parts of machines and spare parts therefor, relating to safety, security, protection and signaling apparatus and equipment as well as spare parts therefor, relating to regulating, checking, controlling, measuring apparatus and devices and electric or electronic switch gears as well as spare parts therefor, relating to industrial treatment installations, namely gas cleaners and purifiers, chemical processing equipment, industrial installations for filtering liquids, installations for collecting gases, installations for collecting liquids as well as spare parts for the aforesaid installations and equipment, relating to nuclear installations, relating to refrigerating and freezing equipment, relating to heating, ventilating, air conditioning and air purifying apparatus and installations as well as spare parts therefor, relating to apparatus and instruments as well as spare parts therefor for conducting, switching, transforming, accumulating, regulating and controlling electricity, relating to plastic parts for air filters and air filter installations, for water filters and water filter installations, for cooling apparatus and installations and cooling towers, for air humidifying apparatus and installations, for gas scrubbing apparatus and installations, for ventilating apparatus and installations, for application in mass transfer processes, and/or for seepage apparatus and installations for rain water or waste water, relating to process control systems, namely electrotechnical and electronic apparatus and equipment for process monitoring and process control, for the collection, processing and output of data as well as spare parts for the aforesaid apparatus and equipment, relating to apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes as well as spare parts therefor, relating to heat exchangers and accessories for heat exchangers as well as spare parts therefor, relating to transportable buildings [not of metal], relating to non-metallic building materials, relating to filtering materials of textile; leasing and rental of objects in connection with the providing of the afore-mentioned services, included in this class; consultancy and information services relating to the afore-mentioned services, included in this class.

Class 37:

Building, construction and demolition; building construction, including the installation of lighting, heating, steam generating, cooking, refrigerating, drying, air conditioning, ventilating, heat recovery, air filtering and water supply apparatus and of sanitary installations; repair of apparatus for lighting,

parts and accessories relating to all the aforementioned goods; Installation of symbol signs; Planning and execution of assembly work on site; Planning and execution of on-site assembly work for Building and construction materials and elements of metal, metal containers for storage or transport, Ladders, Pipes, tubes and hoses, and fittings therefor, including valves, of and scaffolding, of metal, metal, Metal hardware, Metal pressure tanks for fire extinguishing foam, Pumps [machines] Compressors, mechanical climbing devices as mechanical devices for reaching higher positions by means of lifting, mechanically or hydraulically adjustable cherry pickers, ladder lifts, scaffold lifts, facade lifts, mechanically or hydraulically adjustable work platforms, mechanically or hydraulically height-adjustable scissor scaffolds, mechanically or hydraulically extendable ladders, mechanically driven hand-held machines and devices, Emergency, firefighting and rescue machines, Emergency power generators, Proportioners and mixing devices for extinguishing agent supply and foam generation, Hose reel [mechanical], Hand-operated tools and implements for treatment of materials, and for construction, repair and maintenance, Emergency and rescue hand tools, Alarms and warning equipment, Automatic fire extinguishing apparatus, Fire control apparatus, Fire protection apparatus, Computer hardware, Computer software, Electronic apparatus and instruments for use in relation to the following goods: trucks, vans, buses, minibuses, coaches, military vehicles, tracked vehicles, recovery vehicles, fire engines, Electronic robots for firefighting and rescue operations, Electronic robots for handling explosives or hazardous substances, Electronic protective and safety equipment, Firefighting vehicles, Fire extinguishers, Filters for respiratory masks, Equipment for the preparation and dispensing or distribution of fire extinguishing agents, including fire hoses and nozzles, Face-shields for protection against accidents, irradiation and fire, Hand-held firefighting equipment, namely fire beaters, fire extinguisher cloths, Fire blankets, Fire hose nozzles, Clothing for protection against accidents, irradiation and fire, Shoes for protection against accidents, irradiation and fire, protective masks for medical purposes, Hearing protection devices, Ambulance stretchers, Medical furniture and bedding, equipment for moving patients, Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes. Vehicle lighting and lighting reflectors, Pressure water tanks, Fire hydrants, Sterilization, disinfection and decontamination equipment, Vehicle chassis, Cabins, Vehicle trailer for fire extinguishers, Vehicle bodies, vehicle parts for the interior fittings of land vehicles, vehicle parts for the interior fittings of motor vehicles for storage space equipment, also roll-off containers and parts of vehicles, Vehicles for civil protection, environmental protection, rescue, including command vehicles for civil protection, environmental protection and rescue, Vehicles with firefighting, emergency, and rescue equipment, Waterproofing and moisture proofing articles and materials, Expanding pillows for the prevention of fire penetration, Flexible pipes, tubes, hoses and fittings therefor (including valves), and fittings for rigid pipes, all non-metallic, Insulation and barrier articles and materials, Building materials and elements, not of metal, in particular profiles and building materials [not of metal] for fireproof sealing, Refractory construction materials, not of metal, Railings [non-metallic building materials], Scaffolding, non-metallic, Staircases, not of metal, non-mechanically or hydraulically adjustable work platforms, Non-metallic transportable buildings and structures, Construction and painting ladders not made

of metal, Containers, and closures and holders therefor, non-metallic, Fire resistant lockable containers, Fire resistant cabinets, Cabinets having fire protection properties, Steps [ladders], not of metal, Transport containers with and without lids, containers, boxes and crates not made of metal, Clothing, especially workwear and uniforms, Service and operational clothing [excluding fire protection clothing for the fire service, Headgear, Footwear, Weather and winter protective clothing; Maintenance in relation to the following goods: trucks, vans, tracked vehicles, land rescue vehicles, firefighting vehicles, fire engines, fire extinguishing equipment, driver's cabs and crew cabs for vehicles, in particular for fire engines, parts and accessories in relation to all the aforementioned goods; Maintenance and repair of fire doors; Maintenance and repair of fire doors; Maintenance, repair, and servicing of goods, equipment, machines, and vehicles for use in firefighting and rescue services, as well as in climbing technology; Maintenance, repair and servicing of Building and construction materials and elements of metal, metal containers for storage or transport, Ladders and scaffolding, of metal, Pipes, tubes and hoses, and fittings therefor, including valves, of metal, Metal hardware, Metal pressure tanks for fire extinguishing foam, Pumps [machines], Compressors, mechanical climbing devices as mechanical devices for reaching higher positions by means of lifting, mechanically or hydraulically adjustable cherry pickers, ladder lifts, scaffold lifts, facade lifts, mechanically or hydraulically adjustable work platforms, mechanically or hydraulically height-adjustable scissor scaffolds, mechanically or hydraulically extendable ladders, mechanically driven hand-held machines and devices, Emergency, firefighting and rescue machines, Emergency power generators, Proportioners and mixing devices for extinguishing agent supply and foam generation, Hose reel [mechanical] Hand-operated tools and implements for treatment of materials, and for construction, repair and maintenance, Emergency and rescue hand tools, Alarms and warning equipment. Automatic fire extinguishing apparatus, Fire control apparatus, Fire protection apparatus. Computer hardware, Computer software, electronic apparatus and instruments for use in relation to the following goods: trucks, vans, buses, minibuses, coaches, military vehicles, tracked vehicles, recovery vehicles, fire engines, electronic robots for firefighting and rescue operations, electronic robots for handling explosives or hazardous substances, Electronic protective and safety equipment, Firefighting vehicles, Fire extinguishers, Filters for respiratory masks. Equipment for the preparation and dispensing or distribution of fire extinguishing agents, including fire hoses and nozzles, Face-shields for protection against accidents, irradiation and fire, Hand-held firefighting equipment, namely fire beaters, fire extinguisher cloths, Fire blankets, Fire hose nozzles, Clothing for protection against accidents, irradiation and fire, Shoes for protection against accidents, irradiation and fire, protective masks for medical purposes, Hearing protection devices, Ambulance stretchers, Medical furniture and bedding, equipment for moving patients, Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes, Vehicle lighting and lighting reflectors, Pressure water tanks, Fire hydrants, Sterilization, disinfection and decontamination equipment. Vehicle chassis, Cabins, Vehicle trailer for fire extinguishers, Vehicle bodies, vehicle parts for the interior fittings of land vehicles, vehicle parts for the interior fittings of motor vehicles for storage space equipment, also roll-off containers and parts of vehicles, Vehicles for civil protection, environmental protection, rescue,

including command vehicles for civil protection, environmental protection and rescue, Vehicles with firefighting, emergency, and rescue equipment, Waterproofing and moisture proofing articles and materials, Expanding pillows for the prevention of fire penetration, Flexible pipes, tubes, hoses and fittings therefor (including valves), and fittings for rigid pipes, all non-metallic, Insulation and barrier articles and materials, Building materials and elements, not of metal, in particular profiles and building materials [not of metal for fire-proof sealing, Refractory construction materials, not of metal, Railings [non-metallic building materials], Scaffolding, non-metallic, Staircases, not of metal, non-mechanically or hydraulically adjustable work platforms, Non-metallic transportable buildings and structures, Construction and painting ladders not made of metal, Containers, and closures and holders therefor, non-metallic, Fire resistant lockable containers, Fire resistant cabinets, Cabinets having fire protection properties, Steps [ladders], not of metal, Transport containers with and without lids, containers, boxes and crates not made of metal, Clothing, especially workwear and uniforms, Service and operational clothing [excluding fire protection clothing] for the fire service, Headgear, Footwear, Weather and winter protective clothing; Fire extinguisher recharging services; all the aforementioned services, in particular in or for the field of firefighting, disaster control, environmental protection, rescue of persons, animals or property as well as operational management and communication in the context of firefighting, disasters, environmental protection and rescue.

Class 40:

Contract manufacturing of driver and crew cabs for vehicles, especially for fire engines; contract manufacturing of constructions from profile and construction elements, in particular contract manufacturing of container and vehicle fittings and extensions; customer-specific manufacturing and production services for constructions for use in the field of fire and rescue services as well as climbing technology; air and water conditioning and purification; all the aforementioned services, in particular in or for the field of firefighting, disaster control, environmental protection, rescue of persons, animals or property as well as operational management and communication in the context of firefighting, disasters, environmental protection and rescue.

Class 41:

Training; Training of fire protection assistants; Providing online education and training; Provision of online videos and other multimedia content [not downloadable]; Education, entertainment and sports activities; Teaching; Education and training in the following areas: firefighting and rescue operations; Further education and training, training, education, organization of courses, seminars, workshops, teaching events, training seminars, in particular regarding the use of Fire prevention compositions, chemical products for decontaminating humans, animals, equipment, soil, water and air, Fire extinguishing compositions, Fireproofing preparations, Building and construction materials and elements of metal, metal containers for storage or transport, Ladders and scaffolding, of metal, Pipes, tubes and hoses, and fittings therefor, including valves, of metal, Metal hardware, Metal pressure tanks for fire extinguishing foam, Pumps [machines], Compressors, mechanical climbing devices as mechanical devices for reaching higher positions by means of lifting, mechanically or hydraulically adjustable cherry pickers,

ladder lifts, scaffold lifts, facade lifts, mechanically or hydraulically adjustable work platforms, mechanically or hydraulically height-adjustable scissor scaffolds, mechanically or hydraulically extendable ladders, mechanically driven hand-held machines and devices, Emergency, firefighting and rescue machines, Emergency power generators, Proportioners and mixing devices for extinguishing agent supply and foam generation, Hose reel [mechanical]. Hand-operated tools and implements for treatment of materials, and for construction, repair and maintenance, Emergency and rescue hand tools, Alarms and warning equipment, Automatic fire extinguishing apparatus, Fire control apparatus, Fire protection apparatus, Computer hardware, Computer software, Electronic apparatus and instruments for use in relation to the following goods: trucks, vans, buses, minibuses, coaches, military vehicles, tracked vehicles, recovery vehicles, fire engines, Electronic robots for firefighting and rescue operations, Electronic robots for handling explosives or hazardous substances, Electronic protective and safety equipment, Firefighting vehicles, Fire extinguishers, Filters for respiratory masks, Equipment for the preparation and dispensing or distribution of fire extinguishing agents, including fire hoses and nozzles, Face-shields for protection against accidents, irradiation and fire, Hand-held firefighting equipment, namely fire beaters, fire extinguisher cloths, Fire blankets, Fire hose nozzles, Clothing for protection against accidents, irradiation and fire, Shoes for protection against accidents, irradiation and fire, protective masks for medical purposes, Hearing protection devices, Ambulance stretchers, Medical furniture and bedding, equipment for moving patients, Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes, Vehicle lighting and lighting reflectors, Pressure water tanks, Fire hydrants, Sterilization, disinfection and decontamination equipment, Vehicle chassis, Cabins, Vehicle trailer for fire extinguishers, Vehicle bodies, vehicle parts for the interior fittings of land vehicles, vehicle parts for the interior fittings of motor vehicles for storage space equipment, also roll-off containers and parts of vehicles, Vehicles for civil protection, environmental protection, rescue, including command vehicles for civil protection, environmental protection and rescue, Vehicles with firefighting, emergency, and rescue equipment, Printed matter, Teaching materials [except apparatus]. Waterproofing and moisture proofing articles and materials, Expanding pillows for the prevention of fire penetration, Flexible pipes, tubes, hoses and fittings therefor (including valves), and fittings for rigid pipes, all non-metallic, Insulation and barrier articles and materials, Building materials and elements, not of metal, in particular profiles and building materials [not of metal] for fireproof sealing, Refractory construction materials, not of metal, Railings [non-metallic building materials], Scaffolding, non-metallic, Staircases, not of metal, non-mechanically or hydraulically adjustable work platforms, Non-metallic transportable buildings and structures, Construction and painting ladders not made of metal, Containers, and closures and holders therefor, non-metallic, Fire-resistant lockable containers, Fire resistant cabinets, Cabinets having fire protection properties, Steps [ladders], not of metal, Transport containers with and without lids, containers, boxes and crates not made of metal, Clothing, especially workwear and uniforms, Service and operational clothing [excluding fire protection clothing] for the fire service, Headgear, Footwear, Weather and winter protective clothing; Online publication of documents relating to the following goods: books, journals, periodicals, manuals; Training in the

use of fire protection equipment and devices, in particular fire extinguishers, smoke detectors, sprinkler systems, water sprinkler devices, hydrants for water supply, fire detectors and fire alarm systems; Training on how to behave in the event of a fire; Entertainment services; Publication of books, publication of journals, publication of magazines, publication of manuals; all the aforementioned services, in particular in or for the field of firefighting, disaster control, environmental protection, rescue of persons, animals or property as well as operational management and communication in the context of firefighting, disasters, environmental protection and rescue.

Class 42:

Design and development of computer hardware and software; Design and development of computer hardware and software related to the following areas: trucks, vans, tracked vehicles, ambulances, firefighting, emergency and rescue operations; Services in the form of development, consulting and information on safety technologies relating to the following areas trucks, delivery vans, tracked vehicles, ambulances, fire services, emergency and rescue operations; Preparation of fire, escape and rescue plans [technical drawing]; Testing, authentication and quality control of goods, equipment, machinery and vehicles for use in fire and rescue services and access technology; Testing, authentication and quality control of Building and construction materials and elements of metal, metal containers for storage or transport, Ladders and scaffolding, of metal, Pipes, tubes and hoses, and fittings therefor, including valves, of metal, Metal hardware, Metal pressure tanks for fire extinguishing foam, Pumps [machines], Compressors, mechanical climbing devices as mechanical devices for reaching higher positions by means of lifting, mechanically or hydraulically adjustable cherry pickers, ladder lifts, scaffold lifts, facade lifts, mechanically or hydraulically adjustable work platforms, mechanically or hydraulically height-adjustable scissor scaffolds, mechanically or hydraulically extendable ladders, mechanically driven hand-held machines and devices, Emergency, firefighting and rescue machines, Emergency power generators, Proportioners and mixing devices for extinguishing agent supply and foam generation, Hose reel [mechanical]. Hand operated tools and implements for treatment of materials, and for construction, repair and maintenance, Emergency and rescue hand tools, Alarms and warning equipment, Automatic fire extinguishing apparatus, Fire control apparatus, Fire protection apparatus, Computer hardware, Computer software, Electronic apparatus and instruments for use in relation to the following goods: trucks, vans, buses, minibuses, coaches, military vehicles, tracked vehicles, recovery vehicles, fire engines, Electronic robots for firefighting and rescue operations, Electronic robots for handling explosives or hazardous substances, Electronic protective and safety equipment, Firefighting vehicles, Fire extinguishers, Filters for respiratory masks, Equipment for the preparation and dispensing or distribution of fire extinguishing agents, Hand-held firefighting equipment, namely fire beaters, fire extinguisher cloths, Fire blankets, Fire hose nozzles, Clothing for protection against accidents, irradiation and fire, Shoes for protection against accidents, irradiation and fire, protective masks for medical purposes, Hearing protection devices, Ambulance stretchers, Medical furniture and bedding, equipment for moving patients, Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes, Vehicle lighting and lighting reflectors, Pressure

water tanks. Fire hydrants, Sterilization, disinfection and decontamination equipment, Vehicle chassis, Cabins, Vehicle trailer for fire extinguishers, Vehicle bodies, vehicle parts for the interior fittings of land vehicles, vehicle parts for the interior fittings of motor vehicles for storage space equipment, also roll-off containers and parts of vehicles, Vehicles for civil protection, environmental protection, rescue, including command vehicles for civil protection, environmental protection and rescue, Vehicles with firefighting, emergency, and rescue equipment, Printed matter, Teaching materials except apparatus], Waterproofing and moisture proofing articles and materials, Expanding pillows for the prevention of fire penetration, Flexible pipes, tubes, hoses and fittings therefor (including valves), and fittings for rigid pipes, all non-metallic, Insulation and barrier articles and materials, Building materials and elements, not of metal, in particular profiles and building materials [not of metal] for fireproof sealing, Refractory construction materials, not of metal, Railings [non-metallic building materials], Scaffolding, non-metallic, Staircases, not of metal, non-mechanically or hydraulically adjustable work platforms, Non-metallic transportable buildings and structures, Construction and painting ladders not made of metal, Containers, and closures and holders therefor, non-metallic, Fire resistant lockable containers, Fire resistant cabinets, Cabinets having fire protection properties, Steps [ladders], not of metal, Transport containers with and without lids, containers, boxes and crates not made of metal, Clothing, especially workwear and uniforms, Service and operational clothing excluding fire protection clothing] for the fire service, Headgear, Footwear, Weather and winter protective clothing; Testing of electrical equipment, testing of fire protection equipment and fire protection devices, in particular fire extinguishers, smoke detectors, sprinkler systems, water sprinkler devices, hydrants for water supply, fire detectors and fire alarm systems; Technical advice and planning regarding fire protection; Technical advice in the field of accident prevention; technical inspection and functional testing of breathing apparatus, fire extinguishers, extinguishing systems, alarm systems and smoke and heat extraction systems; all the aforementioned services, in particular in or for the field of firefighting, disaster control, environmental protection, rescue of persons, animals or property as well as operational management and communication in the context of firefighting, disasters, environmental protection and rescue.

Class 45:

Advice on occupational health and safety regulations; Fire-fighting; Life-saving services in the event of fires, natural disasters or other accidents; Information regarding safety and fire protection advice; Legal services; Licensing of intellectual property and industrial property rights; Security services for the protection of property and individuals; Safety inspection services in the areas of fire and rescue services as well as in climbing technology; Security testing services relating to Building and construction materials and elements of metal, metal containers for storage or transport, Ladders and scaffolding, of metal. Pipes, tubes and hoses, and fittings therefor, including valves, of metal, Metal hardware, Metal pressure tanks for fire extinguishing foam, Pumps [machines]. Compressors, mechanical climbing devices as mechanical devices for reaching higher positions by means of lifting, mechanically or hydraulically adjustable cherry pickers, ladder lifts, scaffold lifts, facade lifts, mechanically or hydraulically adjustable work platforms, mechanically or

monitoring, analysing, inspection of chemicals; artificial intelligence and machine learning software relating to sorting, monitoring, analysing, inspection of electronics; artificial intelligence and machine learning software relating to sorting, monitoring, analysing, inspection of geology; artificial intelligence and machine learning software relating to sorting, monitoring, analysing, inspection of agriculture products; artificial intelligence and machine learning software relating to sorting, monitoring, analysing, inspection of metals; software for monitoring, analysing, controlling and running physical world operations; software for bulk flow monitoring in food processing, mining, pharmaceutical production and waste management; measuring, detecting, monitoring and controlling devices; apparatus for measuring, monitoring and analyzing electricity consumption; magnetic metal detector monitors; metal detectors for industrial or military purposes; scanners for data processing.

Class 35:

Advertising; advertising relating to sorting, monitoring, analysing, inspection of food quality; advertising relating to sorting, monitoring, analysing, inspection of recycling products; advertising relating to sorting, monitoring, analysing, inspection of pharmaceuticals; advertising relating to sorting, monitoring, analysing, inspection of cosmetics; advertising relating to sorting, monitoring, analysing, inspection of mining products; advertising relating to sorting, monitoring, analysing, inspection of food processing, sorting, monitoring, analysing, inspection of semiconductors; advertising relating to sorting, monitoring, analysing, inspection of chemicals; advertising relating to sorting, monitoring, analysing, inspection of electronics; advertising relating to sorting, monitoring, analysing, inspection of geology; advertising relating to sorting, monitoring, analysing, inspection of agriculture products; advertising relating to sorting, monitoring, analysing, inspection of metals; advertising relating to sorting, monitoring, analysing, or inspection of products; business management; business management relating to sorting, monitoring, analysing, or inspection of products; business management relating to sorting, monitoring, analysing, inspection of food quality; business management relating to sorting, monitoring, analysing, inspection of recycling products; business management relating to sorting, monitoring, analysing, inspection of pharmaceuticals; business management relating to sorting, monitoring, analysing, inspection of cosmetics; business management relating to sorting, monitoring, analysing, inspection of mining products; business management relating to sorting, monitoring, analysing, inspection of food processing; business management relating to sorting, monitoring, analysing, inspection of semiconductors; business management relating to sorting, monitoring, analysing, inspection of chemicals; business management relating to sorting, monitoring, analysing, inspection of electronics; business management relating to sorting, monitoring, analysing, inspection of geology; business management relating to sorting, monitoring, analysing, inspection of agriculture products; business management relating to sorting, monitoring, analysing, inspection of metals; business administration; office functions; marketing in the framework of software publishing; providing consumer product information relating to software; providing consumer product advice relating to software; wholesale services in relation to computer software; wholesale services in relation to scientific apparatus; retail services in relation to computer software; retail services in relation to computer software relating to

sorting, monitoring, analysing, or inspection of products; retail services in relation to computer software relating to sorting, monitoring, analysing, inspection of food quality; retail services in relation to computer software relating to sorting, monitoring, analysing, inspection of recycling products; retail services in relation to computer software relating to sorting, monitoring, analysing, inspection of pharmaceuticals; retail services in relation to computer software relating to sorting, monitoring, analysing, inspection of cosmetics; retail services in relation to computer software relating to sorting, monitoring, analysing, inspection of mining products; retail services in relation to computer software relating to sorting, monitoring, analysing, inspection of food processing; retail services in relation to computer software relating to sorting, monitoring, analysing, inspection of semiconductors; retail services in relation to computer software relating to sorting, monitoring, analysing, inspection of chemicals; retail services in relation to computer software relating to sorting, monitoring, analysing, inspection of electronics; retail services in relation to computer software relating to sorting, monitoring, analysing, inspection of geology; retail services in relation to computer software relating to sorting, monitoring, analysing, inspection of agriculture products; retail services in relation to computer software relating to sorting, monitoring, analysing, inspection of metals; retail services in relation to cameras; retail services in relation to hyperspectral cameras or sensors; retail services in relation to inductive sensors; compilation of statistical data for use in scientific research; advertising services relating to imaging apparatus; advertising services relating to imaging products.

Class 42:

Software development; software development relating to sorting, monitoring, analysing, or inspection of products; software development relating to sorting, monitoring, analysing, inspection of food quality; software development relating to sorting, monitoring, analysing, inspection of recycling products; software development relating to sorting, monitoring, analysing, inspection of pharmaceuticals; software development relating to sorting, monitoring, analysing, inspection of cosmetics; software development relating to sorting, monitoring, analysing, inspection of mining products; software development relating to sorting, monitoring, analysing, inspection of food processing; software development relating to sorting, monitoring, analysing, inspection of semiconductors; software development relating to sorting, monitoring, analysing, inspection of chemicals; software development relating to sorting, monitoring, analysing, inspection of electronics; software development relating to sorting, monitoring, analysing, inspection of geology; software development relating to sorting, monitoring, analysing, inspection of agriculture products; software development relating to sorting, monitoring, analysing, inspection of metals; software engineering services; computer software engineering; software customisation services; software customization services relating to sorting, monitoring, analysing, or inspection of products; software customisation services relating to sorting, monitoring, analysing, inspection of food quality; software customisation services relating to sorting, monitoring, analysing, inspection of recycling products; software customisation services relating to sorting, monitoring, analysing, inspection of pharmaceuticals; software customisation services relating to sorting, monitoring, analysing, inspection of cosmetics; software customisation

Class 1:
Chemicals for industrial, scientific, agricultural, horticultural and forestry purposes; preparations for treating, coating and pelletizing seeds; chemical products for treating seeds; manure and fertilizers; seed coatings; seed coatings (fertilizer); organic products for agricultural use; nutrients and micronutrients for agricultural use; diagnostic products for scientific purposes for industry and agriculture.

Class 7:
Machines and machine tools for treatment of materials and for manufacturing; machines for the processing, treatment and packaging of seeds.

Class 9:
Laboratory apparatus and instruments; counting machines, analytical instruments, weighing apparatus and instruments for use in the processing, treatment, testing and packaging of seeds; seed testing machines.

Class 35:
Advertising; business management; business administration; business consultancy services in the field of chemical, agricultural, horticultural and forestry products; advisory and consultancy services relating to the procurement of goods for others in the field of seed coatings; advisory and consultancy services relating to the procurement of goods for others in the field of chemical, agricultural, horticultural and forestry products; business advisory services in the field of seed coatings; clerical services; retail and wholesale services in the field of manures and fertilizers, seed coatings, seed coatings (fertilizer); retail and wholesale services of chemical products for industrial, scientific, agricultural, horticultural and forestry purposes; retail and wholesale services in the field of preparations for treating, coating and pelletizing seeds; retail and wholesale services of chemical products for seed treatment; retail and wholesale services of organic products for agricultural use, nutrients and micronutrients for agricultural use; retail and wholesale services of diagnostic products for scientific purposes for industry and agriculture, except for medical or veterinary use; retail and wholesale services in the field of machinery and machine tools for the treatment of materials and for manufacturing; retail and wholesale services in the field of machinery for the processing, treatment, testing and packaging of seeds, laboratory equipment and instruments, counting machines, analytical instruments, weighing apparatus and instruments for use in the processing, treatment, testing and packaging of seeds; aforementioned services also via digital media including the Internet; organization of trade fairs.

Class 40:
Treatment of seeds; advisory services regarding the application of seed coating; providing information and offering consultation and advisory services in the field of seed treatment; application of seed coatings; seed treatment, including seed improvement by cleaning, improving, priming, disinfecting, film coating and pelletizing; pelletizing seeds.

Class 41:
Teaching; organizing and providing courses, training, workshops, conferences, training, exams, seminars and webinars; organization of congresses; development of learning paths and learning materials; provision, dissemination and publication of educational teaching materials, online content,

Class 7:

Electrically-powered machines and electrically-powered tools for cutting, bending, deburring, and swaging tube and hose; electric tube bender machine; electric arc welding machines for use with welding cooling plates, weld head bench mounting brackets attached to work benches, weld held fixture tool, welding collets for tubes, pipes and fittings; valves as machine components; pressure transducers as parts of machines; pneumatic valve actuators; regulators being parts of machines; gas and liquid filters being parts of machines; welding electrodes; control valves for regulating the flow of gases and liquids.

Class 8:

Hand-operated tools for cutting, sawing, bending, deburring and swaging tube and hose; wrenches.

Class 9:

Welding apparatus, namely, remote pendant controls, weld head centering gauges, weld arc gap gauges; pressure gauges for gas and fluid; fittings gap inspection apparatus; electrical transducer; electric or electronic sensors for sensing flow of fluid; pressure transducers and transmitters that convert hydraulic or pneumatic pressure into analog electrical signals for monitoring and controlling hydraulic or pneumatic systems; electric valve actuators; pressure relief valves for fluid systems; thermometers; flowmeters; calibration devices for calibrating fluid systems.

Class 11:

Pressure regulators for gas installations.

Class 17:

Pipe joint sealant; sealant compounds for joints; non-metal gaskets for fluid systems; non-metal, plastic and rubber hoses for industrial applications; plastic pipe and flexible pipe not of metal; plastic glands and ferrules for plastic tubes, flexible pipes and non-metal hoses; all the aforesaid goods for research, instrumentation, pharmaceutical, oil and gas, power generation, chemical, petrochemical, sanitary and semiconductor industry purposes; non-metallic flexible pipes and hose fittings; flexible tubes of plastic and plugs therefor; metal gaskets for tubes, pipes and hoses; non-metal pipe couplings and joints; non-metal tubing and tubing couplings for joining and terminating pipes.

Class 20:

Plastic valves being other than machine parts; plastic nuts.

Class 35:

Logistics management, marketing, inventory control, and customer services management for others in the fields of biopharmaceutical, food, beverage, dairy, oil and gas, power generation, chemical, petrochemical, shipbuilding, pulp and paper, and semi-conductor technologies; business management consultancy; business organization consultancy; business management assistance; business information; procurement, namely, purchasing of fluid systems equipment for others used in the process of analytical instrumentation, biopharmaceutical, food, beverage, dairy, oil and gas, power generation, chemical, petrochemical, shipbuilding, pulp and paper, and semi-conductor industries.

Class 37:

Rental of equipment, namely, weld systems, tube benders, and other equipment, namely, tube flaring tools, gap inspection gauges, depth marking tools and tube cutters for the support of fluid systems technologies used in the process and analytical instrumentation, biopharmaceutical, food, beverage, dairy, oil and gas, power generation, chemical, petrochemical, shipbuilding, pulp and paper, and semi-conductor industries.

Class 39:

Shipping and delivery services, namely, pickup and transportation, and delivery of goods used in the process and analytical instrumentation, biopharmaceutical, food, beverage, dairy, oil and gas, power generation, chemical, petrochemical, shipbuilding, pulp and paper, and semi-conductor industries by various modes of transportation.

Class 40:

Treatment of metal goods used in the process and analytical instrumentation, biopharmaceutical, food, beverage, dairy, oil and gas, power generation, chemical, petrochemical, shipbuilding, pulp and paper, and semi-conductor industries; assembly of fluid systems for others.

Class 41:

Educational training services, namely, conducting classes and providing electronic and on-site training in the field of fluid system technologies equipment for goods used in the process and analytical instrumentation, biopharmaceutical, food, beverage, dairy, oil and gas, power generation, chemical, petrochemical, shipbuilding, pulp and paper, and semi-conductor industries, and distributing course materials in connection therewith.

Class 42:

Testing, analysis and evaluation of the goods of others for the purpose of certification, engineering consultancy, chemistry consultancy, in the fields of process and analytical instrumentation, biopharmaceutical, food, beverage, dairy, oil and gas, power generation, chemical, petrochemical, shipbuilding, pulp and paper, and semi-conductor technologies; quality control; technical support services, namely, troubleshooting of computer software problems.
