use in the drilling of oil wells or gas wells; pressure operated actuators; tools for severance activities for on-shore, marine and off-shore oil wells or gas wells; cutting tools and saws for use in oil wells or gas wells or oil fields or gas fields, including on-shore, marine or off-shore oil wells or gas wells; cutting tools and saws for severance activities for on-shore, marine and off-shore oil wells or gas wells; rigless recovery towers (hydraulic) for use in the severance, decommissioning and recovery of oil and gas wells; recovery towers (hydraulic) for use in the severance, decommissioning and recovery of oil and gas wells; grippers of metal for use in connecting drilling rigs to pipes in subsea well installation, maintenance and decommissioning; laser cutting machines; subsea laser cutting machines; laser welding machines; laser ablation apparatus; laser cutting machines, welding machines and ablation apparatus for cutting subsea infrastructure and subsea wells; mandrels [parts of machines]; parts, fittings and accessories for the aforesaid goods.

Class 9:

Scientific research, audiovisual, optical, weighing, measuring, signalling, detecting, testing and inspecting apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; Recorded and downloadable media, computer software; blank digital or analogue recording and storage media; Computers and computer peripheral devices; measuring, detecting, monitoring and controlling equipment and devices; controllers and regulators; sensors, detectors and monitoring equipment; apparatus for testing, measuring, monitoring and control purposes; apparatus for recording, transmission or reproduction of sound or images; apparatus for recording data; apparatus for recording data on the performance of oil wells and gas wells; photographic and cinematographic apparatus and instruments; computer hardware and computer software; data carriers; data processing equipment; audio and video receivers and transmitters; remote control apparatus; remote control apparatus for the operation of subsea and offshore drilling, cutting and mining apparatus; digital cameras for industrial use; endoscopy cameras for industrial purposes; cameras for use in the oil and gas industry; underwater cameras and underwater camera systems; underwater lights; control systems and instrumentation for use with underwater cameras, underwater camera systems and underwater lights; disposable underwater cameras and underwater lights complete with portable control system; template cameras and lights; tree cameras and lights; power supply units for hydraulic or pneumatic machines; mechanical, electric, hydraulic and pneumatic control apparatus; electro-technical apparatus for monitoring and regulating hydraulic or pneumatic machines; apparatus for controlling pressure; apparatus for measuring pressure; pressure regulators; cathodic tubes; cathodic protection apparatus; cathodic anti-corrosion apparatus; parts, fittings and accessories for the aforesaid goods.

Class 17:

Inflatable articles for sealing pipes to allow cutting and welding; inflatable articles for sealing enclosed chambers to allow cutting and welding; inflatable articles for sealing pipes, wellbores and chambers to prevent air escaping; non-metallic fittings for rigid or flexible pipes; joint packings for pipes; watertight rings for pipes; seals (non-metallic) for gas pipes; inflatable articles for sealing pipes to allow cutting; pipe jackets and insulation (not of metal); non metallic couplings for pipes; non-metallic pressure hoses; pipe gaskets; sealing and insulating materials; sealing

and insulating materials for pipework in offshore, onshore and subsea oil and gas wells; parts, fittings and accessories for all the aforesaid goods.

Class 19:

Materials, not of metal, for building and construction; filling cement; cement plugs for use in filling; materials, not of metal, for the construction of offshore and subsea engineering infrastructures; materials, not of metal, for the construction of oil wells and gas wells; concrete pipes; rigid pipes, not of metal; non-metallic gulleys; non-metallic access covers; access chamber covers of non-metallic materials; balusters (not of metal); floating docks, not of metal, for mooring boats; non-metallic transportable structures; parts, fitting and accessories for all the aforesaid goods.

Class 35:

Business management; business project management; operation of a business for others, namely, oil and gas fields; personnel placement; personnel placement being the provision of specialist technical and engineering staff for specific projects in relation to the oil and gas exploitation, extraction, production, exploration and recovery industries, and the energy and renewable energy industries; placement of permanent and temporary personnel; placement of permanent and temporary personnel in relation to the oil and gas exploitation, extraction, production, exploration and recovery industries, and the energy and renewable energy industries; provision and secondment of specialist and engineering personnel on a contract or temporary basis; provision and secondment of specialist and engineering personnel on a contract or temporary basis in relation to the oil and gas exploitation, extraction, production, exploration and recovery industries, and the energy and renewable energy industries; management, negotiation and procurement of contracts; management, negotiation and procurement of contracts in relation to the oil and gas exploitation, extraction, production, exploration and recovery industries, and the energy and renewable energy industries; information, advisory and consultancy services relating to all of the aforesaid services.

Class 37:

Building, construction and demolition services; oil and gas drilling; installation, cleaning, repair and maintenance services; rental of tools, plant and equipment for installation, construction, removal, inspection, repair, maintenance, cleaning, decommissioning, recovery and demolition; drilling; oil well and gas well drilling and piling services; oil well and gas well piling and conductor installation services; wellbore cleaning services; industrial cleaning of offshore, onshore and subsea structures for the oil and gas industry; cleaning of metal structures; cleaning of oil and gas pipework; dismantling and removal services; marine growth cleaning services; hot tapping services of metal valves on wellheads; pressure tapping services of metal valves on wellheads; installation of equipment for oil wells and gas wells; underwater construction, installation and repair; offshore construction; machinery repair and maintenance; installation and repair of pipelines; pipe installation services; pile driving services; driving of piles; servicing of pipelines; servicing of manufacturing machines and apparatus; servicing of equipment; servicing of machine tools; servicing of Christmas trees for use in the oil and gas industry; pile installation services; underwater pile installation services; underwater piling services; underwater pile driving services; installation of offshore pipelines, oil pipelines and pipework systems; constructing decks; construction supervision of civil engineering projects;
