Design services; design and creation of websites; design consultancy; graphic design services; web design services; interior design services; product design and development services; industrial design services; design of packaging for others; computer software design; design of brand names for others; design of corporate identity for others; creating and designing trade marks for others; creation of virtual and interactive images; providing design services in the field of digital media; architectural services; research and development of products for others; editing services; design and development of information and communications technology; computer programming; development of computer systems in the field of graphic arts; design and development of market research software; design and development of computer software; website management and hosting services; hosting of digital content on the internet for others; hosting of podcasts for others; electronic storage of data; electronic storage of digital images, photographs, video and audio files; database design and development; technical research; analysis of technical data; technical project studies; information, consultancy and advisory services relating to the aforesaid services.

UK00004290817 (2025/049, 05 December 2025)

Specifications have been restricted as follows:

Class 7:

Machine tools; motor-driven tools; engines and motors, except for land vehicles; couplings and transmission components for machines, except for land vehicles; agricultural implements, other than hand-operated hand tools; incubators for eggs; vending machines; equipment for oil and gas production and for mining; pumps; compressors and fans; electric generators; engines and power transmissions, except for land vehicles, and control units for operation of machines, engines and motors; fans for engines and motors; compression fans; motorized fans for machines; fans for engines and motors, fans for cooling of vehicle engines; fans as parts of machines; blowers; blowing machines for compression, extraction and transport of gases; turbines, except for land vehicles; fans for cooling of engines, motors and machines and parts and

accessories thereof; centrifugal blowers; extraction devices for mining; machines for mining; machines and equipment for geological exploration and mineral separation; earth-moving machines; lifting machines; metal-working machines; boilers for power plants and ancillary machines; wind-powered electric generators; wind-powered electricity generation plants; apparatus for gas separation; apparatus for liquefying gases; blowing machines for compression, extraction and transport of grain; suction machines for industrial purposes; blowing machines for compression, extraction and transport of dust; mining equipment; centrifugal fans; none of the aforesaid goods including valves.

Class 9:

Electrical circuits and printed circuit boards; fixed alarm and warning equipment; sensors, detectors, and monitoring instruments and apparatus; electronic sensors; fume cupboards with laminar flow for laboratory use and parts thereof; flow meters; electrical flow meters; measuring instruments for air quantities, damper boxes; smoke detectors for automatic closing of fire dampers; electronic locks, sensors, electrical safety devices, such as electrical locking systems for laboratory fume cupboards; electronic gas cylinder cabinet monitors; software for controlling and monitoring heating, ventilation, and air conditioning systems; laboratory fume cupboard monitoring units; air volume measuring devices; none of the aforesaid goods including valves.

Class 11:

Laboratory fume cupboards and parts thereof; air volume controllers for ventilation systems; devices for air pressure regulation in ventilation, heating and air conditioning systems; ventilation hoods for laboratories and parts thereof; dampers for ventilation systems; heaters; electric heating apparatus; heating systems; ventilation and air conditioning apparatus; parts of ventilation and air conditioning apparatus, namely ventilation devices and fans; air cooling devices; air filter systems, including vacuum-operated; air filters; surgical lights and examination lights; ventilation and exhaust hoods for operating rooms; air deflectors made of plexiglass and laminated safety glass, also with integrated lighting; surgical ceiling lighting for sterile and non-sterile areas; ceiling-mounted installations for the supply of medical gases, lighting, and ventilation in healthcare environments; media supply bridges for technical and medical purposes; air and climate control systems; air conditioners and their accessories and parts, namely supply and exhaust grilles, ceiling, wall and floor outlets, slot outlets, swirl outlets, jet outlets, long throw nozzles with or without actuators or air control louvers or jet guides with or without air volume control; window air curtain installation for thermal regulation or draft control; fire dampers; smoke extraction dampers; smoke detectors for automatic closing of fire dampers; discharge heads; slides (control and safety accessories for water, ventilation and gas systems); shut-off or closing dampers (control and safety accessories for water, ventilation and gas systems); overpressure dampers; throttle dampers for ventilation and air conditioning systems; grease filters; air control louvers; ventilation grilles with filters; louver dampers; boiler room ventilation grilles; displacement outlets; wall jet outlets; jet nozzle outlets; stepped outlets, all made of metal and/or plastic and intended for ventilation systems; HEPA filter boxes; packaged air conditioners; sound attenuators with and without mineral wool for ventilation and air conditioning systems; telephony sound attenuators (component of ventilation systems); civil engineering dampers for use in railway tunnels

and underground railway tunnels; exhaust dampers for road tunnels; shut-off dampers; duct shut-off dampers; single-leaf dampers; fresh air impulse dampers; cross ventilation; double-leaf dampers; shaft dampers; fan control dampers; swirl controllers; fans; heat exchangers, such as finned tube heat exchangers, smooth tube heat exchangers, plate heat exchangers; heat recovery units with partially integrated heat exchangers, sound attenuator elements, air distribution elements or ventilation grilles; components of laboratory fume cupboards; parts of ventilation systems such as electrical locking systems for laboratory fume cupboards; electronic monitoring systems for gas cylinder cabinets for safety control and supervision; ventilation components; axial fans, smoke extraction fans, radial fans, parking garage fans, tunnel fans, air heaters, fan accessories; lighting devices; heating appliances; steam generating apparatus; cooking apparatus; refrigeration, drying, ventilation, water supply and sanitary apparatus, including HVAC systems (heating, ventilation, and air conditioning); ventilation devices; ventilation systems; exhaust units (ventilation); air inductors (ventilation); turbine fans; fans for heat exchangers; electrically powered blowers for ventilation; industrial ventilation devices; ventilation fans for industrial purposes; motorized fans for air conditioning; electrically powered fans for ventilation purposes; fans for exhaust systems; fans for gas extraction systems; chimney fans; fans for air conditioning systems; air conditioning systems; axial fans for air conditioning systems; air conditioning systems for ships; air conditioning systems for industrial purposes; air conditioning systems for agriculture; air heaters; exhaust systems (for ventilation or air conditioning); air exhaust systems; air cooling devices and systems; humidifiers and humidification systems; sprinkler systems (not included in other classes), including for air cooling; irrigation devices and systems; fans (for air conditioning), including axial fans; parts and accessories (not included in other classes) for all aforementioned goods; boilers; heating surfaces for integration in fans or for installation in air ducts, ventilation devices and air conditioning systems; dampers for ventilation systems; evaporators; filters for air conditioning systems; gas burners; heat pumps; ventilation devices for heated product display cases; heating elements; combustion plants; drying devices and systems, including for clothing and food; control devices for ventilation equipment; freezing devices for food and liquids; steam generators and associated equipment; water heaters and associated equipment; fans for cooling or air circulation in tunnels, wind turbines, greenhouses, parking garages, agricultural buildings and other buildings; fans for cooling, drying and ventilation; stairwell ventilation systems; ventilation systems for pressure regulation; stainless steel, aluminium, copper or steel sheet extractor hoods; none of the aforesaid goods including valves.

Class 19:

Air supply and exhaust grilles (not of metal); ventilation grilles (not of metal) with and without filters; boiler room ventilation grilles (not of metal); cold air grilles (not of metal); grease filters (not of metal); air control louvers (not of metal); outside air intake grilles (not of metal); weather protection grilles (not of metal); Non-metallic sliding components for building construction ; shut-off or closing dampers (not of metal); overpressure dampers (not of metal); throttle dampers (not of metal); louver dampers (not of metal); fire dampers (not of metal); smoke extraction dampers (not of metal).

UK00004293467 (2025/049, 05 December 2025)

Specifications have been restricted as follows:

Class 9:

Mobile apps; none of the foregoing relating to home or building automation or smart home or smart building products or services or in the fields of sustainable energy for homes or buildings or health monitoring.

UK00004274841 (2025/051, 19 December 2025)

Specifications have been restricted as follows:

Class 36:

Real estate services, namely, leasing and management of office space; rental of office space; rental of shared office space; Rental and leasing of offices and office space; business services, namely the provision of rental office workspaces; business management services, namely the provision of rental office workspaces; business administration services, namely the provision of rental office workspaces; information, advisory and consultancy services relating to all the aforesaid.

UK00004297897 (2025/049, 05 December 2025)

Specifications have been restricted as follows:

Class 9:

Digital music files (MP3, WAV, downloads); Recorded audio; CDs, vinyl, digital releases; none of the aforesaid being media for use in music production.

Class 41:

Entertainment services; Distribution of sound recordings.

UK00004286599 (2025/045, 07 November 2025)

Specifications have been restricted as follows:

Class 25:

Jerseys [clothing]; T-shirts.

Class 41:

Conducting workshops and seminars in personal awareness; Teaching of meditation practices.

UK00004264245 (2025/047, 21 November 2025)

Specifications have been restricted as follows:

Class 9:

Computer software, computer programs, application software, and/or artificial intelligence software to display and relay architectural, engineering and environmental data; computer software, computer programs, application software, and/or artificial intelligence software to display and relay environmental assessment, inspection and testing data; computer software, computer programs, application software, and/or artificial intelligence software to display and relay environmental performance analysis, technical project studies, building and infrastructure data; computer software, computer programs, application software, and/or artificial intelligence software to display and relay testing data relating to buildings and construction projects, specifically the testing of services, plant and machinery installed in and within the proximity of buildings and construction sites; computer software, computer programs, application software, and/or artificial intelligence software to display and relay surveying data; computer software, computer programs, application software, and/or artificial intelligence software to display and relay data relating to the fabric, condition and progress of buildings and construction projects; computer software, computer programs,

application software, and/or artificial intelligence software to display and relay data relating to the systems and reporting methodologies in respect of construction related data captured during or in parallel with the commissioning programmes; downloadable electronic publications; downloadable computer software publications in the nature of manuals and user guides; downloadable media; electronic storage media recorded with computer programs and software; downloadable audio, visual, audio-visual and video files; electronic notice boards; software for sending and receiving electronic messages, graphics, images, audio and audio-visual content via global communication networks; electronic databases recorded on computer media; all of the foregoing for use in the building and construction industry.

Class 42:

Architectural, engineering and environmental consultancy services; environmental assessment, inspection and testing services; environmental performance analysis services; technical project studies; building and infrastructure design services; design services in the building and construction industry; building design services; drafting services (construction); engineering drawing services; engineering services; interior decorating services; testing services for buildings and construction projects, testing services for goods and services installed in and within the proximity of buildings and construction sites; scientific and non-scientific testing services relating to engineering projects; surveying services; surveying of buildings and of land; services rendered by surveyors; research and development services relating to surveying techniques, practice and apparatus; surveying and monitoring the fabric, condition and progress of buildings and construction projects; surveying and monitoring alterations, designs, improvements and maintenance of buildings and construction projects; real estate planning and architectural services relating to land development; preparation of reports relating to all the aforesaid services; commissioning (testing) of heating, ventilation, and air conditioning systems; water treatment and purification assessment, inspection and testing services; air treatment and purification assessment, inspection and testing services; advice, consultancy and information services relating to all the aforesaid services.

UK00004313532 (2026/005, 30 January 2026)

Specifications have been restricted as follows:

Class 9:

Software; Downloadable software; Software in relation to medical data management; Software in relation to data management of care facilities; Mobile application software; Website development software; Web application software; Software relating to medical services; Software related to medical administration; Software related to medical records; Software relating to care facility services; Software relating to patient records; Data management software; Document management software; Data processing software; none of the aforesaid goods relating to maritime insurance and maritime risk management.

Class 35:

Advertising, marketing and promotional services; Marketing services in the field of medical data management software; Marketing services in the fields of medical and care facility

services; Medical administration services; Management of patient records; Collecting business information; Administration services relating to business transactions and financial records, Compilation of business information; Compilation of statistical information; Data collection services; electronic collection, processing and distribution services for data; Data processing, systematisation and management; Management of computer databases; Data management services; Data processing services; Data collection services; Data retrieval services; Computerised management of medical records and files; Maintaining personal medical history records and files; Maintaining files and records concerning the medical condition of individuals; Automated processing of medical data; Compilation of statistical data relating to medical research; Data processing services in the field of healthcare; none of the aforesaid goods relating to maritime insurance and maritime risk management.

Class 42:

Design of software for medical data management; Medical laboratory services; Software as a service [SAAS]; Platform as a service [PAAS]; Electronic data storage; Electronic storage of medical records; Online data storage; Provision of a website; Software design; Software design relating to software for management of patient records; Website design services; Medical research services; Software development services; Software maintenance services; Software design services; Computer software programming services; Computer software advisory services; Maintenance of computer records; none of the aforesaid goods relating to maritime insurance and maritime risk management.

UK00004313576 (2026/005, 30 January 2026)

Specifications have been restricted as follows:

Class 9:

Software; Downloadable software; Software in relation to medical data management; Software in relation to data management of care facilities; Mobile application software; Website development software; Web application software; Software relating to medical services; Software related to medical administration; Software related to medical records; Software relating to care facility services; Software relating to patient records; Data management software; Document management software; Data processing software; none of the aforesaid goods relating to maritime insurance and maritime risk management.

Class 35:

Advertising, marketing and promotional services; Marketing services in the field of medical data management software; Marketing services in the fields of medical and care facility services; Medical administration services; Management of patient records; Collecting business information; Administration services relating to business transactions and financial records, Compilation of business information; Compilation of statistical information; Data collection services; electronic collection, processing and distribution services for data; Data processing, systematisation and management; Management of computer databases; Data management services; Data processing services; Data collection services; Data retrieval services; Computerised management of medical records and files; Maintaining personal medical history records and files; Maintaining files and records concerning the medical condition of individuals; Automated processing of

medical data; Compilation of statistical data relating to medical research; Data processing services in the field of healthcare; none of the aforesaid goods relating to maritime insurance and maritime risk management.

Class 42:

Design of software for medical data management; Medical laboratory services; Software as a service [SAAS]; Platform as a service [PAAS]; Electronic data storage; Electronic storage of medical records; Online data storage; Provision of a website; Software design; Software design relating to software for management of patient records; Website design services; Medical research services; Software development services; Software maintenance services; Software design services; Computer software programming services; Computer software advisory services; Maintenance of computer records; none of the aforesaid goods relating to maritime insurance and maritime risk management.

UK00004254591 (2025/047, 21 November 2025)

Specifications have been restricted as follows:

Class 28:

Games, toys and playthings; video game apparatus; gymnastic and sporting articles; sporting equipment; gymnasiums, sport and training equipment; balls; sport and game balls; Pilates toning balls; athletic exercise cones; sporting protective items being protective padding for wear during sport; athletic protective sportswear; weight lifting belts; athletic knee, elbow and wrist supports; boxing gloves; weight lifting gloves; padded weight lifting straps; punchbags and balls; lifting weights; exercise weights; leg, ankle and wrist weights; elbow guards; knee guards; shin pads; face masks for sports; benches for sporting use; grips for sporting articles; fist protectors; pad for use in sports; chest protectors for sports use; body protectors for sports use; face guards for sports use; shoulder pads for sports use; hand wraps for sports use; hand pads for use in sports; foam rollers for use in sports; cases and bags adapted for sporting articles; leg guards adapted for playing sport; exercise balls; treadmills; exercise machines; cardio#vascular exercise machines; exercise bicycles; cross#trainer exercise machines; stepping exercise machines; exercise benches; exercise pulleys; exercise, yoga and Pilates blocks and straps; yoga swings; skipping ropes; exercise resistance stripes and bands; swimming floats and rings, beach balls and inflatable beach balls; gym chalk for improving hand grip in sports activities; indoor fitness apparatus; apparatus for achieving physical fitness; shock absorption pads for protection against injury [sporting articles]; dumb#bells and barbells for weight lifting; back supports for weightlifters; machines incorporating weights for use in physical exercise; aerobic steps; abdomen protectors for athletic use; body#building apparatus; body training apparatus; body toner apparatus; head covers and gloves for use in sports; home gym for exercise; kettlebells; kick pads for martial arts; nets for sports; portable home gymnastic apparatus; body rehabilitation apparatus; relay batons; surfboards and boogie boards; pads for barbells; skateboards; squat racks; stomach exercisers; stress relief balls; swimming equipment; punching bags for boxing; Gymnastic and sporting apparatus, especially exercise equipment, exercise cycles, rowing machines, weight machines, treadmills and step machines; none of the aforesaid in relation to bowling.
