Glass fibres, glass fibre strands, glass fibre chopped strands, and glass fibre rovings all for non-textile purposes, namely, for use in reinforcing plastics, rubber, paper, metal, bitumen, plaster, cement, composite materials other than for insulation or for textile use; Glass fibre mat for non-textile purposes; unworked or semi-worked glass, namely, glass fibre roving for use as a reinforcement; fiberglass for the reinforcement rubber; glass fibres for the reinforcement of mixed mortars, micro-concrete and concrete; glass fibres, glass particles and glass filaments, all for use in manufacture; Semi-finished products in the form of roving, fabric, sheets, panels, plates, and tape based on reinforcement fibres and also including polymer matrix, other than for insulation or textile purposes.

Class 19:

Non-metallic building materials, namely non-metal rebars, rods, bars and mesh; non-metal roofing shingles; non-metal attic rafter vents; Roofing boards (Non-metallic -) having insulating properties; Damp course materials (Non-metallic -); Fibreboard for building; Boards made of wood particles; Intumescent construction materials; Particleboard; Non-metallic air vents for buildings; Non-metallic building materials for draught proofing; Non-metallic building materials having acoustic properties; Wall boards, not of metal; Wall panelling made of non-metallic materials; Sheathing boards, not of metal; Building sections (Non-metallic -); non-metallic rigid pipes for building; Internal partitioning made of non-metallic materials; Ceiling boards not of metal; Manufactured building elements (Non-metallic); barrier materials (non-metallic); flexible sheet of polypropylene and non-woven scrim fabric for use in building construction; building materials (non-metallic); asphalt, pitch and bitumen; non-metallic transportable buildings; glass fibre reinforced pipe; glass fibre reinforced manholes; couplings and joints for pipe.

Class 22:

Glass fibres for textile use; plastic sheeting for use as covers, tarps, ground covers, liners, and floor underlays; Protective liners of woven plastic material for use as a pond liner; protective liners of woven materials in the nature of tarp for the cargo areas of trucks and rail cars; plastic fabric for use as protective coverings and liners, namely, tarpaulins.

Class 24:

Glass fibre fabrics; reinforcement fabric made of glass fibres; carbon reinforcement fabrics; fiberglass reinforcement fabric for use in reinforcing composite materials in wind energy applications; fiberglass reinforcement fabric for use in the manufacturing of composite materials in wind energy applications; woven reinforcing structure fabric made of glass and other synthetic material used in producing composite materials; Felts, fabrics and mats made with glass fibres for textile use; glass fibre fabric used as a reinforcement in renewable energy apparatus and installations; glass fibre fabric for the manufacture of reinforced, composite materials for use in renewable energy apparatus and installations; glass fibre fabric used as a reinforcement for use in land, sea and aerospace applications; glass fibre fabric for the manufacture of reinforced, composite materials for use in land, sea and aerospace applications.

NUTRIFIT

Class 9:

Software applications with respect to exercise and gym class bookings, memberships and gym and exercise services and products.

Class 35:

Retail and wholesale services (including online) with respect to the sale of gym, exercise and fitness products and fitness and exercise apparel.

Class 41:

Education and training; gym and exercise services; fitness club services; sports and fitness; exercise and fitness classes; tuition in physical fitness; gymnasiums.

CATERPILLAR

Class 7:

Machines for use in agriculture, compaction, construction, cleaning, defence, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, lifting, marine propulsion, material handling, material scrapping, mining, mulching, oil and gas distribution, oil and gas exploration, oil and gas production, quarrying, paving, pipelaying, power generation, road building and repair, site preparation and remediation, transportation, vegetation management, waste management, air and space exploration; machine tools; power-operated tools; motors and engines, except for land vehicles; machine coupling and transmission components, except for land vehicles; agricultural implements, other than hand-operated hand tools; generators; electricity generators; alternators; electric construction machines; electric mining machines; excavators; loaders [machines], industrial robots; pumps; compressors; parts, fittings, components and accessories for all the aforesaid goods.

Class 9:

Navigation, surveying, measuring, signalling, detecting, testing and inspecting apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; electrical and electronic parts, fittings, components

and accessories for industrial machines, vehicles and power generation equipment; wires, electric; electric wiring harnesses; gauges; switches, electric; electronic displays; circuit breakers; fuses; fuse holders; levelling instruments; power inverters; wireless communication apparatus; amplifiers; antennas; electric relays; radios; electric cables; converters; speakers; electrical adaptors; electrical connectors; electrical couplings; electricity conduits; conduit and wire protectors; jump leads; booster cables; circuit testers, voltage testers; transformers [electricity]; locks [electric], electrical terminals; electric control panels; electronic control apparatus; electronic display panels; electronic control units; electronic control modules; communication equipment; communications apparatus for industrial machinery and vehicles; communication adapters; equipment for remote operation, control, and monitoring of earth moving, earth conditioning, material handling, construction, mining, paving, agricultural, and forestry vehicles, equipment, and machinery, engines, power generation equipment, and off-highway trucks; telematic apparatus; Global Positioning System [GPS] apparatus; thermostats; thermometers; pressure and temperature indicators; fuel, water, and oil level indicators; tachometers; engine diagnostic apparatus; speed checking apparatus for vehicles; alarms; horns; signalling apparatus; optical reflectors; mirrors [optics]; aerials; cameras for vehicles; sensors for vehicles and machinery; digital sensors; simulation apparatus; simulators for the steering and control of vehicles; remote monitoring apparatus; monitoring apparatus, electric; diagnostic apparatus for industrial machinery and vehicles; navigational instruments; navigation apparatus for vehicles [on-board computers]; satellite-aided navigation systems; safety, security, protection and signalling devices; vibration, temperature, infrared, and pressure sensors for industrial machines and vehicles; batteries, electric; battery starters; battery cables; connectors for sale in kit form; battery testers; accumulators [batteries]; power units [batteries]; power distributors [electrical]; rechargeable batteries; battery packs; battery testing apparatus; electrical cells and batteries; fuel cells; solar panels for the production of electricity; cells [electric]; photovoltaic cells; photovoltaic apparatus for generating electricity; battery charging equipment; batteries for electric vehicles; charging stations for electric vehicles; battery swapping stations; battery ground strap connectors; battery tie down connectors; emergency jump start apparatus; voltage converters; electricity storage apparatus; supercapacitors for energy storage; electric power supply units; electric control devices for energy management; energy regulators; power regulating apparatus; computer software for industrial machinery, vehicles and power generation equipment; downloadable mobile applications related to industrial machinery, vehicles and power generation equipment; computer hardware for the collection, transmission, and processing of data of industrial machines, vehicles and power generation equipment; data processing apparatus and equipment related to industrial machinery, vehicles and power generation equipment; onboard computers for industrial machines and vehicles; computer hardware and software for control, testing, configuration, operation, monitoring, servicing, maintenance and reservation of industrial machinery, vehicles, machine tools, power generation equipment and for providing information related thereto; computer software in the field of statistical analysis, data analysis, predictive analysis, and job site management and planning; computer software for use as an application programming interface (API); virtual reality software; augmented reality software; artificial intelligence software for industrial machines, vehicles and power generation

***List of cases accepted for opposition purposes as shown in Journal 2026/018 published on
01 May 2026 .***

equipment; computers for autonomous-driving industrial machines and vehicles; autonomous driving control systems for industrial machines and vehicles; computer programs for use in autonomous driving, control and navigation of industrial machines and vehicles; energy management software; optimization software; games software; access control equipment and devices; downloadable digital image files authenticated by non-fungible tokens [NFTs]; downloadable virtual industrial machinery; downloadable virtual vehicles; downloadable virtual power generation equipment; downloadable virtual clothing; downloadable virtual footwear; downloadable virtual toys and toy scale models; mobile phones, smartphones, and accessories therefor; tablet computers; smartwatches; wearable activity trackers; virtual reality headsets; virtual reality glasses; smartglasses; USB sticks; protective and safety equipment; protective helmets; protective industrial shoes; gloves for protection against accidents; clothing for protection against accidents, irradiation and fire; security surveillance apparatus; security surveillance robots; parts, fittings, components and accessories for all the aforesaid goods.

Class 12:

Vehicles; apparatus for locomotion by land, air or water; land vehicles for use in agriculture, compaction, construction, cleaning, defence, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, lifting, marine propulsion, material handling, material scrapping, mining, mulching, oil and gas distribution, oil and gas exploration, oil and gas production, quarrying, paving, pipelaying, power generation, road building and repair, site preparation and remediation, transportation, vegetation management, waste management, air and space exploration; electric vehicles; engines for land vehicles; trucks; loaders [fork-lift trucks]; dumper trucks; tractors; parts, fittings, components and accessories for all the aforesaid goods.

Class 25:

Clothing, footwear, headwear; parts of clothing, footwear and headgear; soles for footwear; work clothes; work shoes; boots; socks; belts; gloves.

Class 35:

Retail services in relation to vehicles, equipment, machinery and machine tools for use in agriculture, compaction, construction, cleaning, defence, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, lifting, marine propulsion, material handling, material scrapping, mining, mulching, oil and gas distribution, oil and gas exploration, oil and gas production, quarrying, paving, pipelaying, power generation, road building and repair, site preparation and remediation, transportation, vegetation management, waste management, air and space exploration, and parts therefor; retail services in relation to vehicles, and parts therefor; retail services in relation to construction equipment, and parts therefor; retail services in relation to engines and power generation equipment, and parts therefor; online retail services in relation to parts for vehicles, equipment, and machinery for use in agriculture, compaction, construction, cleaning, defence, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, lifting, marine propulsion, material handling, material scrapping, mining, mulching, oil and gas distribution, oil and gas exploration, oil and gas production, quarrying, paving, pipelaying, power generation, road building and repair, site preparation and remediation, transportation, vegetation management, waste management, air and space

exploration; online retail services in relation to parts for engines and power generation equipment; retail services in the field of construction equipment, mining equipment and generators; retail services in relation to machine tools and power tools; retail services in relation to industrial oils, greases and lubricants; retail services in relation to clothing, footwear, headwear, toys, bags, watches, eyewear and printed matter; arranging and conducting auctions; on-line auction services; providing a commercial searchable database, via the internet, of used construction, compaction, mining, material handling, agricultural, paving, and forestry machinery for sale or rent; advertising of business web sites; banner advertising; preparation of audio and/or visual displays for businesses; providing marketing consulting in the field of social media; advertising and marketing services provided by means of social media; subscription services related to batteries; vehicle fleet (business management of a-) [for others]; recruitment services for construction.

Class 37:

Construction services; demolition services; excavation services; mining extraction, oil and gas drilling; repair of industrial machinery; installation of industrial machinery; maintenance of industrial machinery; reconditioning of industrial machinery; repair, installation, servicing, and maintenance of vehicles, equipment and machines for use in agriculture, compaction, construction, cleaning, defence, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, lifting, marine propulsion, material handling, material scrapping, mining, mulching, oil and gas distribution, oil and gas exploration, oil and gas production, quarrying, paving, pipelaying, power generation, road building and repair, site preparation and remediation, transportation, vegetation management, waste management, air and space exploration; machinery installation; rental of equipment, namely machines and machine tools for use in compaction, construction, cleaning, defence, demolition, earth conditioning, earth contouring, earth moving, landscaping, lifting, marine propulsion, material handling, material scrapping, mining, mulching, quarrying, paving, pipelaying, road building and repair, site preparation and remediation, transportation, waste management, air and space exploration; remanufacturing of vehicles; vehicle battery charging; charging of electric vehicles; charging and swapping of batteries and power storage devices, and rental of equipment therefore; maintenance and repair of engines; rebuilding engines that have been worn or partially destroyed; installation of electricity generators; repair or maintenance of power generators; rental of battery chargers; installation, repair and maintenance of battery energy storage systems; installation, repair and maintenance of charging stations for electric vehicles; replacement of batteries; recharging of batteries; refuelling of land vehicles; vehicle refuelling with hydrogen; repair of energy supply installations; electric vehicle battery swapping services; subscription-based industrial machinery rental services.

Class 42:

Scientific and technological services and research and design relating thereto; industrial analysis, industrial research and industrial design services; quality control and authentication services; design and development of computer hardware and software for industrial machinery, vehicles and power generation equipment; engineering and technical consultation; surveying; testing, diagnosis, calibration, and monitoring of earth moving, earth conditioning, material handling, construction, mining, paving, agricultural, and forestry vehicles, equipment, and machinery; testing, diagnosis, calibration, and monitoring of

List of cases accepted for opposition purposes as shown in Journal 2026/018 published on 01 May 2026 .

engines, generators, power generation equipment, machinery fleets, trucks, and trucking fleets; remote control, monitoring and operation of earth moving, earth conditioning, material handling, construction, mining, paving, agricultural, and forestry vehicles, equipment, and machinery, engines, generators, and power generation equipment via computer networks and the internet; data acquisition and analysis via computer networks and the internet; technical data analysis; creation of GPS maps; inspection of plant and machinery; design and development of industrial machinery and land vehicles; research relating to industrial machinery; quality control testing services for industrial machinery; machine condition monitoring; calibration of machines; testing of machinery; machine vision technology research; engineering services for the design and analysis of machinery; providing temporary use of a non-downloadable web application related to industrial machinery, vehicles and power generation equipment; software as a service (SaaS) featuring software for control, testing, configuration, operation, monitoring, servicing, maintenance and reservation of industrial machinery, vehicles, machine tools and power generation equipment and for providing information related thereto; providing online non-downloadable computer software for control, testing, configuration, operation, monitoring, servicing, maintenance and reservation of industrial machinery, vehicles, machine tools and power generation equipment and for providing information related thereto; platform as a service (PaaS); blockchain as a service [BaaS]; artificial intelligence as a service [AIaaS]; rental of computer software; design and development of computer software for vehicle simulation; design of 3D models for 3D printing; design and development of mobile applications; development of energy and power management systems; design and development of energy management software; advisory services relating to the use of energy; advisory services relating to energy efficiency; rental of meters for the recording of energy consumption; chemical analysis; analysis of used machine oils; condition monitoring relating to fluids; exploration services in the field of the oil, gas and mining industries; airborne remote sensing relating to environmental explorations; assessment in the field of technology provided by engineers; provision of data centre facilities; rental of data centre facilities.

(1, 4, 40, 42)

Mark 1

C3 BIOTECH

Mark 2

Application for a series of 2 marks.

Class 1:

Chemicals for use in industry; bio-based chemicals; biochemicals; chemical intermediates; acrylic precursor molecules for use in the manufacture of plastics, paints, adhesives and textiles; unprocessed artificial resins; unprocessed plastics; adhesives for industrial purposes; industrial gases; solvents for industrial use; bio-derived acrylic; osmoprotectants; citramalic acid.

Class 4:

Fuels; biofuels; bio-fuels; biomass fuel; ethanol [fuel]; bio-ethanol; bio-LPG; bio-propane; sustainable kerosene; alternative fuels; industrial oils and greases; lubricants; hypersonic fuels and energetic materials.

Class 40:

Treatment of materials; chemical processing; fuel processing; biomanufacturing services; custom manufacture of bio-based chemicals and fuels; processing of waste materials for the production of fuels and chemicals; recycling of waste for fuel and chemical production; treatment of materials by fermentation.

Class 42:

Scientific and technological services and research and design relating thereto; research and development in the field of biotechnology; biomanufacturing research; engineering services in the field of biotechnology; industrial analysis, industrial research and industrial design services; quality control and authentication services; design and development of bioprocesses and fermentation technologies; consultancy services relating to sustainable chemistry, biomanufacturing and biotechnology.

C3 Biotechnologies Limited

(6, 14, 37, 40, 42)

SOLIBON METALS

Class 6:

Alloys of common metals; aluminium alloys; aluminium and alumina; cobalt; common metals and their alloys; common metals, unwrought and semi-worked, for further manufacture; copper concentrates; copper, unwrought or semi-wrought; copper; ferrous and non-ferrous matters and ores; ferrous metals; iron ores; iron; lead alloys; lead; magnesium alloys; magnesium; metal materials for building and construction; metal products and by-products; nickel; non-ferrous metals; ores of metal; ores; refined and unrefined copper; steel; tin; unprocessed and semi-processed materials of metal, not specified for use; zinc.

Class 14:

Gold.

Class 37:

Advisory services in the fields of mining extraction, repair and maintenance of mining machinery and equipment, and construction; advisory services relating to excavating; advisory, information and consultancy services relating to mining; blasting services (mining); construction and maintenance services; construction engineering; construction services, namely, site clearing and excavation; construction, namely, construction management, road construction, building construction, earthworks construction, construction supervision, construction planning, construction of mines; construction; demolition and site clearance; demolition of buildings; drilling; earth moving services; excavating; excavation services, and extraction of natural resources; extraction of natural resources; furnace and smelter installation and repair; gold mining extraction and mining extraction of silver, copper and base metals; installation, maintenance, repair and servicing of mining equipment and machinery; machinery installation, maintenance and repair; maintenance and cleaning of mining equipment; mining extraction services; mining extraction; mining of metal, precious metals and associated raw materials; mining services including mining extraction services, building and construction of prospecting equipment; mining services; mining; providing information relating to the repair or maintenance of mining machines and apparatus; mining extraction; quarrying services; rental of drilling and mining apparatus; rock drilling.

Class 40:

Advisory, information and consultancy services relating to mining and processing precious stones and semi-precious stones; chemical treatment of ores, ore concentrates, metals and metal-containing alloys; chemicals and metals extraction and processing; heat treatment of ores, ore concentrates, metals and metal-containing alloys; melting, shaping, separating, pressing, concentrating, drying of ores, ore concentrates, metals and metal-containing alloys; mineral processing and refining; processing of precious and semi-precious stones; purification of minerals by chemical methods; recovery, processing and treatment of gold, silver, copper, zinc and by-products of mining and refining of gold, silver, copper, zinc or other minerals and resources; recycling of metals and their alloys; recycling, recovery, purification, treatment and reprocessing services; refining and processing of gold, silver, precious and base metals; refining services; sorting of metals and their alloys within the framework of recycling; sorting of ores, ore concentrates, metals and metal-containing alloys; stone crushing; treatment and blending of minerals, ores, concentrates and mineral substances; treatment of materials, namely treatment and processing of ores, ore concentrates, metals and metal-containing alloys; treatment of ores concentrates and mineral substances.

List of cases accepted for opposition purposes as shown in Journal 2026/018 published on 01 May 2026 .

Class 42:

Advisory services in the field of geological and mineral prospecting; analysis of geological samples; assaying minerals; conducting feasibility studies relative to mineral exploration; conducting geological surveys; custom design and engineering of mines in the field of mine exploration of precious and base metals; custom mine design and engineering in the field of mine exploration of precious and base metals; specialist consultancy, advisory and research services in the field of geophysical exploration and mining; engineering consultancy; engineering in the field of mining related construction; geological and mineralogical prospecting and exploration services; geological probing of building plots; geological prospecting; geological research; geological surveys; geological testing of building plots; geophysical exploration for the mineral industry; geophysical surveys; mine prospecting; mining and exploration services; mining and mineral exploration services; research and exploration of mineral resources until the development of mining projects; research development and technical services for the mining and metallurgical industries; scientific and technological services and research, and industrial analysis and research services, in particular relating to ores, common metals and their alloys, common scrap metals and goods made therefrom, goods of metal; specialist consultancy, advisory and research services in the field of geophysical exploration for the mining industry; surveying services; surveying; technological research in the fields of mining, mining machinery and equipment and geological prospecting, specialist mining and prospecting services in this class.

Class 21:
Devices for pest and vermin control; Ultrasonic pest repellers.

Class 37:
Pest control; Proofing of structures against pest and vermin access; Control of pests; Extermination, disinfection and pest control; Pest control relating to birds; Pest control relating to buildings; Infestations (Control of -), fleas; Pest control for residential homes; Fumigation for pest control, other than for agriculture, horticulture and forestry; Pest control services, other than for agriculture, horticulture and forestry; Proofing of premises against pest and vermin access; Pest control services, other than for agriculture, aquaculture, horticulture and forestry; Proofing of buildings against pest and vermin access; Extermination of pests.

Class 44:

Pest control in agriculture; Pest control for agriculture; Pest control services for horticulture; Infestations (control of -), fleas [in agriculture]; Control of infestations of fleas in agriculture; Nuisance wildlife control services; Fumigation for pest control for agriculture, horticulture and forestry; Pest control services for agriculture, horticulture and forestry; Advisory and consultancy services relating to weed, pest and vermin control in agriculture, horticulture and forestry; Pest control services for agriculture, aquaculture, horticulture and forestry.

RIDTEK Ltd

UK00004372129 09 April 2026
(9, 41, 42, 44)

Class 9:
Downloadable software; mobile applications; downloadable software for pet health triage, pet health guidance, and pet health information.

Class 41:
Educational services; provision of educational information relating to pet health, animal care, and responsible pet ownership.

Class 42:
Software as a service (SaaS); platform as a service (PaaS); temporary use of online non-downloadable software for pet health triage, pet health guidance, and pet health information; data analysis.

Class 44:
Provision of online information and advisory services relating to pet health, animal care, and risk escalation; veterinary information services; all non-diagnostic.

NUCLEOPRECISION

International priority date claimed:
31 October 2025 (UNITED STATES OF AMERICA)

Class 1:
Chemical preparations, reagents, and assays for scientific, research laboratory use; Reagents used to collect, stabilize, transport and prepare analytes, namely, nucleic acids, proteins, and metabolites, from biological samples, sourced from blood, saliva, tissue, skin, faeces, sputum, urine, and other bodily fluids for research purposes; chemical compositions and reagents for urine and urine-related analysis and chemical preservatives for urine; for research purposes; Kits comprising a preserving solution, specially designed collection tube, swab and collection implement used to optimally collect, stabilize, preserve, transport and extract analytes, namely, nucleic acids, proteins, and metabolites, from biological samples, sourced from blood, saliva, tissue, skin, faeces, sputum, urine and other bodily fluids extracted or collected from humans and animals, all of the foregoing for scientific and research purposes.

Class 5:
Chemical preparations, and reagents, for medical use and medical diagnostic purposes; Reagents used to collect, stabilize, transport and prepare analytes, namely, nucleic acids, proteins, and metabolites, from biological samples, sourced from blood, saliva, tissue, skin, faeces, sputum, urine and other bodily fluids for medical diagnostic use; Reagents for the analysis of urine analytes for medical diagnostic purposes, chemical and biological preparations for use as calibrators in diagnostic assays for medical use for detecting the amount of analyte in a biological sample; Kits comprising a preserving solution, specially designed

collection tube, swab and collection implement used to optimally collect, stabilize, preserve, transport and extract analytes, namely, nucleic acids, proteins, and metabolites, from biological samples sourced from blood, saliva, tissue, skin, faeces, sputum, urine and other bodily fluids; all of the foregoing for clinical, medical and medical diagnostic use.

media, graphics, drawings, text, images, and audio visual content with and into other software programs and applications; software [recorded computer programmes] and downloadable software for electronic games, namely video games, gaming software, interactive multimedia games, and virtual, augmented and mixed reality games; computer operating software for use in playing video games, computer games, interactive multimedia games, and virtual, augmented, and mixed reality games; computer software, recorded, downloadable software, downloadable mobile application software and computer software applications, downloadable for use in relation to the following goods: mobile devices and computers, all of the aforesaid goods being for use in relation to the following fields: gesture recognition, object tracking, motion control and content visualization; computer software, recorded, downloadable software, downloadable mobile application software and computer software applications, downloadable for use in relation to the following goods: mobile devices and computers, all of the aforesaid goods being for use in relation to the following fields: setting up, configuring, operating and controlling mobile devices, wearable devices, mobile phones, computers, and computer peripherals; computer software, recorded, downloadable mobile application software and computer software applications, downloadable for use in relation to the following goods: mobile devices and computers, all of the aforesaid goods being for use in relation to the following fields: setting up, configuring, operating and controlling computer networks, programs, internet browsing software; computer software, recorded, downloadable software, downloadable mobile application software and computer software applications, downloadable for use in relation to the following goods: mobile devices and computers, all of the aforesaid goods being for use in relation to the following fields: navigating virtual reality, augmented reality, and mixed reality environments; computer software, recorded, downloadable software, downloadable mobile application software and computer software applications, downloadable for use in relation to the following goods: mobile devices and computers, all of the aforesaid goods being for use in relation to the following fields: enabling users to experience virtual reality, augmented reality and mixed reality visualization, manipulation, and immersion; computer software, recorded, downloadable software, downloadable mobile application software and computer software applications, downloadable for use in relation to the following goods: mobile devices and computers, all of the aforesaid goods being for use in relation to the following fields: enabling electronic devices to share data and communicate with each other; computer software, recorded, downloadable software, downloadable mobile application software and computer software applications, downloadable for use in relation to the following goods: mobile devices and computers, all of the aforesaid goods being for use in relation to the following fields: streaming multimedia entertainment content, audio-visual content, video content, and associated text and data; computer software, recorded, downloadable software, downloadable mobile application software and computer software applications, downloadable for use in relation to the following goods: mobile devices and computers, all of the aforesaid goods being for use in relation

to the following fields: modification of photographs, images and audio, video and audiovisual content using photographic filters and virtual reality, mixed reality and augmented reality effects, including graphics, animations, text, drawings, geographical markers, metadata tags, hyperlinks; computer software, recorded, downloadable software, downloadable mobile application software and computer software applications, downloadable for use in relation to the following goods: mobile devices and computers, all of the aforesaid goods being for use in relation to the following fields: enabling computers, video game consoles, handheld video game consoles, tablet computers, mobile devices, and mobile telephones to provide virtual, augmented, and mixed reality experiences; computer software, recorded, downloadable software, downloadable mobile application software and computer software applications, downloadable for use in relation to the following goods: mobile devices and computers, all the aforesaid goods for using artificial intelligence for home automation; computer software, recorded, downloadable software, downloadable mobile application software and computer software applications, downloadable for use in relation to the following goods: mobile devices and computers, all of the aforesaid goods being for use in relation to the following fields: voice recognition for use in connection with the transmission of voice and data; computer software, recorded, downloadable software, downloadable mobile application software and computer software applications, downloadable for use in relation to the following goods: mobile devices and computers, all of the aforesaid goods being for use in relation to the following fields: control, integration, operation, connection and management of electronic devices connected to the internet of things [iot] and voice controlled information devices, namely consumer electronics and intelligent electronic personal assistants connected to the cloud and controlled by voice; computer software, recorded, downloadable software, downloadable mobile application software and computer software applications, downloadable for use in relation to the following goods: mobile devices and computers, all of the aforesaid goods being for use in relation to the following fields: encrypting and enabling secure transmission of digital information over the internet; computer software, recorded, downloadable software, downloadable mobile application software and computer software applications, downloadable for use in relation to the following goods: mobile devices and computers, all of the aforesaid goods being for use in relation to the following fields: network identification verification, authentication and management services for security purposes; downloadable artificial intelligence software for use in the following fields: machine learning, the aforesaid goods recorded; downloadable artificial intelligence software for use in the following fields: visual perception, the aforesaid goods recorded; downloadable artificial intelligence software for use in the following fields: speech or language recognition and translation, the aforesaid goods recorded; downloadable artificial intelligence software for use in the following fields: decision, the aforesaid goods recorded; downloadable artificial intelligence software for use in the following fields: touch recognition, the aforesaid goods recorded; downloadable artificial intelligence software for use in the following fields: conversational query, the aforesaid goods recorded; recorded and downloadable artificial intelligence software for converting natural language into machine-executable commands; computer software, recorded, downloadable software, downloadable mobile application software and computer software applications, downloadable for use in relation to the following goods: mobile devices and

List of cases accepted for opposition purposes as shown in Journal 2026/018 published on 01 May 2026 .

computers, all of the aforesaid goods being for use in relation to the following fields: artificial production of human speech and text; computer software, recorded, downloadable software, downloadable mobile application software and computer software applications, downloadable for use in relation to the following goods: mobile devices and computers, all of the aforesaid goods being for use in relation to the following fields: natural language processing, generation, understanding and analysis; computer software, recorded, downloadable software, downloadable mobile application software and computer software applications, downloadable for use in relation to the following goods: mobile devices and computers, all of the aforesaid goods being for use in relation to the following fields: machine-learning based language and speech processing software; downloadable computer chatbot software for simulating conversations, the aforesaid goods recorded; downloadable and recorded personal assistant software; recorded and downloadable intelligent personal assistant software for performing tasks or services on behalf of a user that is activated by user input, location awareness, and online information; downloadable parental control software, the aforesaid goods recorded; virtual reality software; downloadable virtual reality software; augmented reality software; downloadable augmented reality software; mixed reality software; downloadable mixed reality software; head-mounted displays; earbuds; virtual reality headsets; augmented reality headsets; mixed reality headsets; virtual reality glasses; augmented-reality glasses; mixed reality glasses; virtual reality computer hardware; augmented reality computer hardware; mixed reality game computer hardware; handheld virtual reality controllers; handheld augmented reality controllers; handheld mixed reality controllers; computer peripheral devices; wearable peripherals for computers, tablet computers, mobile devices and mobile telephones; wearable computers; wearable computing devices comprised primarily of software and display screens for connection to computers, tablet computers, mobile devices and mobile phones in order to enable virtual reality, augmented reality and mixed reality experiences; wearable activity trackers; bags and cases specially adapted for mobile devices and smartglasses; spectacle cases and protective shells for use in relation to the following goods: mobile devices and smartglasses; remote controls for use in relation to the following goods: mobile devices; personal digital assistants [pdas]; smartglasses; smartwatches; computer software for inventorying and monitoring computer hardware and software and use within an organization; computerized monitoring systems relating to robberies.

Class 35:

Market research and business consulting services; business services, namely facilitating the transaction of business via local and global computer networks by locating and providing referrals for the delivery of a wide variety of business and consumer products and services; promotion of goods and services of others via local and global computer networks; providing business information via a web site; providing of commercial and business contact information; commercial intermediation services; demonstration of goods; presentation of goods on communication media, for retail purposes; providing computerized online ordering services; administrative processing of purchase orders; advertising of goods and services of others via local and global computer networks; rental of advertising space on communication media; advertising services for others; pay per click advertising; direct mail advertising; commercial information and advice for consumers [consumer advice shop]; online retail services relating to food and drink;

operating an electronic marketplace for the buyers and sellers of goods and/or services on a global computer network; advertising; business management; business administration; business inquiries; auctioneering services; business consulting; providing commercial information at the specific request of endusers by means of telephone or global computer network; compilation of information into computer databases; compilation of statistics; cost price analysis; price comparison services; business assistance, management and administrative services; business services related to science, technology and innovation; commercial information services; commercial consultancy; business strategy; business management and consultancy services relating to the drafting of research contracts; corporate research; business management; business planning; organization of business introduction services and commercial opportunities; business networking services; facilitation and brokerage services relating to the exchange and promotion of knowledge between businesses, universities and organizations; business information and assistance; business services relating to the organization of joint ventures and venture capital schemes; business services to facilitate and support technology transfer; business consultancy services to support the development and promotion of projects and spin-off companies; business management and consultancy services to support the creation and development of technology-based companies; tax planning [accountancy]; consultancy and advisory services relating to the corporate structure of companies; commercial management of employee share schemes; consultancy relating to business administration; management and operational support for commercial businesses; evaluation of business opportunities; commercial business development service; marketing research and analysis services; data processing; data compilation and retrieval; advisory, consultancy and information related to all the aforesaid services.

Class 38:

Computer communication and internet access; communication by electronic means; communication of information by electronic means; telephone and mobile telephone services; communications services for the exchange of data in electronic form; communications by telephone; communications services; data communication by electronic means; data transmission; digital transmission of data via the internet; interactive communication services; interactive transmission of video over digital networks; interactive telecommunications services; message sending and receiving services; transmission of information and images relating to pharmaceuticals, medicine and hygiene; transmission of messages, data and content via the internet and other communications networks; transmission of short messages [sms], images, speech, sound, music and text communications between mobile telecommunications devices; video transmission via digital networks; video uploading services; video communication services; video transmission services; provision of multiple user access to global computer information networks for the transfer and dissemination of a wide range of information; providing access to a web site on a global computer network by which third parties can offer goods and services, place and fulfill orders, enter into contracts and transact business; providing computer links to third party websites to facilitate e-commerce and real world business transactions; communication services, namely, text and numeric digital messaging services; electronic transmission of data and documents among users of computers; transmission of information by data communications for assisting decision making; transmission of information by electronic communications networks; transmission of information through

List of cases accepted for opposition purposes as shown in Journal 2026/018 published on 01 May 2026 .

video communication systems; web conferencing services; virtual chatrooms established via text messaging; providing of electronic bulletin boards for the posting and transmission of messages two or more computer users relating to services, information and business opportunities; providing an online, interactive bulletin board for the posting, promotion, sale and resale of items via a global computer network; providing electronic mail services, e-mail forwarding; information, advice and consultancy services relating to all of the aforementioned; providing online forums; providing internet chatrooms; providing access to online directories, databases, websites, blogs and on-line reference materials; message sending; electronic messaging; providing on-line chat rooms for social networking; providing internet chatrooms; providing an on-line forum for transmission of messages among computer users and the transmission of photos, videos, text, data, images and sound; electronic bulletin board services; providing access to internet platforms; providing access to platforms and portals on the internet; providing access to online platforms to enable users to access a set of integrated, highly customizable and interoperable platforms, featuring advanced services, devices and tools for various sectors including healthcare, education, engineering, architecture, beauty, wellbeing, data privacy, security and interoperability; consultation services in the field of telecommunications.

Class 41:

Physical fitness consultation; physical fitness centres (operation of -); physical fitness centre services; exercise [fitness] training services; conducting fitness classes; physical fitness instruction; fitness club services; sports and fitness services; health and fitness training; consultancy relating to physical fitness training; providing fitness and exercise facilities; exercise [fitness] advisory services; training services relating to fitness; personal trainer services [fitness training]; health club services [health and fitness training]; provision of educational services relating to fitness; provision of information on fitness training via an online portal; keep-fit instruction; conducting training sessions on physical fitness online; provision of educational health and fitness information; gym activity classes; services for the provision of exercise equipment; personal trainer services; rental of sports or exercise equipment; gymnasium services relating to weight training; training; practical training [demonstration]; coaching [training]; advanced training; continuous training; provision of training courses; workshops for training purposes; coaching [training]; consultancy services relating to training; providing of training (professional application); training; provision of online training; conducting instructional courses; provision of training facilities; publication of training manuals; production of training videos; academies [education]; arranging, conducting and organization of seminars; arrangement of conferences for educational purposes; consultancy services relating to academic subjects; educational services provided by universities; providing instruction and training at the undergraduate, graduate, post-graduate and professional level; teaching, namely providing distance learning at undergraduate, postgraduate and professional levels; providing of training, entertainment, sporting and cultural activities; university services; curriculum development, namely the selection and preparation of course content and materials; offering of seminars and lectures; information and consultancy services relating to the aforesaid; providing electronic publications (non-downloadable); higher education services; education services in the nature of courses at the university level; design of educational courses, examinations

and qualifications; education and instruction services; arranging and conducting educational courses for students; educational seminars; educational certification services, namely provision of training and educational examinations; educational consultancy services; educational research; business education services; business training consultancy; mentoring (education and training); providing online classes through online forums; providing online courses of instruction; event management services, namely organization of educational events; arranging and conducting of sports events; organization and conducting of educational exchange programmes for students; publication of instructional literature; providing on-line videos (not downloadable); publication of printed matter in electronic form; electronic publication of information on a wide range of topics online; publication of online electronic books, magazines and journals; production of audio and video recordings; vocational guidance [education or training advice]; career advice; education information; providing online information in relation to the followings fields: education, providing of training, entertainment, sporting and cultural activities; providing professional and consultancy services via digital platforms, education.

Class 42:

Software development; application service provider services; providing online, non-downloadable software tools for software development; providing online non-downloadable software and software as a service (saas) services featuring software, all the foregoing for use in the following fields: building user interfaces; providing online non-downloadable software and software as a service (saas) services featuring software and platform as a service (paas) services featuring software platforms, all the foregoing for use in the following fields: social networking, managing social networking content and creating a virtual community; hosting of digital content on the internet; hosting of virtual reality, mixed reality and augmented reality content on the internet; hosting of operating systems for others; providing online non-downloadable software and software as a service (saas) services featuring software for operating system programs and utilities, software for accessing virtual desktop platform and server applications, computer maintenance programs, programs for document and database management, data transmission, computer network security and malware protection; user authentication services using single sign-on technology, in relation to the following fields: e-commerce transactions; providing online, non-downloadable mobile communications device software for enhancing mobile access to the internet via computers, mobile computers, and mobile communications devices; providing online, non-downloadable computer software that enables users to access and download computer software; providing online non-downloadable software and software as a service (saas) services featuring software, all the foregoing for use in the following fields: hosting of computer software applications for others; providing online non-downloadable software and software as a service (saas) services featuring software, all for providing, hosting, managing, developing, and maintaining applications, software, websites, and databases in the fields of wireless communication, mobile information access, and remote data management for wireless delivery of content to handheld computers, laptops and mobile electronic devices; providing online non-downloadable software for connecting computers to local databases and global computer networks; providing online non-downloadable software and software as a service (saas) services featuring software, all the foregoing for use in the following fields: setting up, configuring,

List of cases accepted for opposition purposes as shown in Journal 2026/018 published on 01 May 2026 .

operating and controlling mobile devices, wearable devices, mobile phones, computers, network computers, and computer peripherals; software as a service (saas) services featuring software used for controlling, integrating, operating, connecting, and managing internet of things (iot) enabled devices and voice controlled information devices, namely, cloud-connected and voice-controlled smart consumer electronic devices and electronic personal assistant devices; providing online, non-downloadable software for encrypting and enabling secure transmission of digital information over the internet, as well as over other modes of communication between computing devices; providing online non-downloadable software and software as a service (saas) services featuring software and platform as a service (paas) services featuring software platforms, all the aforesaid services using artificial intelligence for machine learning; providing online non-downloadable software and software as a service (saas) services featuring software and platform as a service (paas) services featuring software platforms, all the aforesaid services using artificial intelligence for visual perception; providing online non-downloadable software and software as a service (saas) services featuring software and platform as a service (paas) services featuring software platforms, all the aforesaid services using artificial intelligence for speech or language recognition and translation; providing online non-downloadable software and software as a service (saas) services featuring software and platform as a service (paas) services featuring software platforms, all the aforesaid services using artificial intelligence for decision-making; providing online non-downloadable software and software as a service (saas) services featuring software and platform as a service (paas) services featuring software platforms, all the aforesaid services using artificial intelligence for touch recognition; providing online non-downloadable software and software as a service (saas) services featuring software and platform as a service (paas) services featuring software platforms, all the aforesaid services using artificial intelligence for conversational query; providing online non-downloadable software and software as a service (saas) services featuring software and platform as a service (paas) services featuring software platforms, all the aforesaid services using artificial intelligence for converting natural language into machine-executable commands; providing online non-downloadable software and software as a service (saas) services featuring software, all the foregoing for use in the following fields: artificial production of human-like speech and text; providing online non-downloadable software and software as a service (saas) services featuring software, all the foregoing for use in the following fields: natural language processing, generation, understanding and analysis; providing online non-downloadable software and software as a service (saas) services featuring software, all the foregoing for use in the following fields: machine-learning based language and speech processing software; providing online non-downloadable software and software as a service (saas) services featuring software, all the foregoing for use in the following fields: creating and generating text; providing online non-downloadable chatbot software for simulating conversations; providing online non-downloadable intelligent personal assistant software for performing tasks or services on behalf of a user that is activated by user input, location awareness, and online information; providing online non-downloadable software and software as a service (saas) services featuring software and platform as a service (paas) services featuring software platforms, all the foregoing for use in the following fields: computer system and application development, deployment and

management; providing online non-downloadable software and software as a service (saas) services featuring software, all the foregoing for use in the following fields: providing, hosting, managing, developing and maintaining applications, software, websites and databases on the following subjects: personal productivity, wireless communication, and mobile applications; providing online, non-downloadable software that enables users to transfer personal identity data to and share personal identity data with and among multiple websites; providing online non-downloadable authentication software for network identification verification, authentication and management services for security purposes; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; computer programming; computer services, namely, cloud hosting provider services; computer network configuration services; mapping services; electronic data storage; data encryption services; consultancy, design, development, installation, repairs, maintenance and updating relating to the following products: computer software; consultancy in the design and development of computer hardware; research and consulting services in the field of information technology; research and development services in the field of artificial intelligence; data mining; providing online information on the following subjects: computer operating system programs; design, maintenance and updating of the following goods: computer software for security systems; design of computer hardware and security systems; technical consultancy concerning security systems; engineering, chemistry and physics services; drafting expert reports by engineers; research and development in the field of the above services; consultancy and information in the field of the above services; technical support and remote monitoring services, provided by telephone, relating to security, facility surveillance, protection and communication systems, excluding consultancy services in the field of cryptography, including advice on the encryption and decryption of data for e-commerce and other purposes, software-as-a-service (saas) which include software that uses artificial intelligence for machine learning and deep learning to build systems that provide answers to questions/phrases entered by the user and digital assistants; providing online non-downloadable software for the artificial production of software code; providing online non-downloadable software for developing, running and analyzing algorithms that are able to learn to analyze, classify, and take actions in response to exposure to data; providing online, non-downloadable software, for use in the following fields: creation, deployment, and utilization of artificially intelligent software applications, namely, chatbots, digital assistants, natural language processors, and expert systems; software as a service (saas) services featuring software using artificial intelligence for writing code, and developing, building, testing, and deploying software; application service provider (asp) services featuring application programming interface (api) software for artificial intelligence for writing code, and developing, building, testing, and deploying software; providing online non downloadable software using data science, namely, artificial intelligence (ai), machine learning, deep learning, statistical learning and data mining, for writing code, developing, building, testing, and deploying software; providing online non downloadable software using artificial intelligence for machine learning and deep learning for facilitating interaction, communication and actions between humans and artificial intelligence chatbots; software as a service (saas) services featuring software applications for a generative ai powered application using natural language processing to generate answers within the scope of connected

List of cases accepted for opposition purposes as shown in Journal 2026/018 published on 01 May 2026 .

data repositories; software as a service (saas) services featuring software using artificial intelligence for indexing, integrating, and retrieving data for both internal applications and external communication; application service provider (asp) services featuring application programming interface (api) software for applying generative artificial intelligence capabilities to data from a foundational model (fm) to enable users to analyze documents, perform comparative analysis, summarize content, generate text, math and reasoning, and execute actions; providing online non downloadable software using data science, namely, artificial intelligence (ai), machine learning, deep learning, statistical learning and data mining, for indexing, integrating, and retrieving data for both internal applications and external communication; providing online non downloadable software using artificial intelligence for machine learning and deep learning for code translation and code transformation; architecture and engineering; interior design; urban planning; consultancy and design in these fields: architectural design, industrial design and engineering services; providing professional and consultancy services via digital platforms, including architectural and engineering services; hosting a web site on a global computer network by which third parties can offer and source goods and services, place, determine the status of and fulfill trade leads and orders, enter into contracts and transact business.

Class 44:

Providing nutritional information about food for medical weight loss purposes; nutritional advice; dietary and nutritional advice; nutrition and dietetic consultancy; providing nutritional information about food; dietetic advisory services; nutrition counseling; providing information relating to dietary and nutritional guidance; health care relating to remedial exercise; medical assistance consultancy provided by doctors and other specialized medical personnel; sports medicine services; alternative medicine services; physiotherapy; rehabilitation services; human hygiene and beauty care; massage; beauty salon services; hygiene and beauty care provided in thalassotherapy or balneotherapy institutes; hair salon services; balneotherapy centres and physical fitness centres (healthcare services); medical information and medical consultancy in the fields of health, beauty, slimming, nutrition, and dietetics, it being possible to provide these services via the internet; technical information and consultancy in the fields of beauty, slimming, nutrition, and dietetics, it being possible to provide these services via the internet; health counselling; medical services; mental health services; health assessment surveys; health clinic services; health counselling; home health care services; managed health care services; health risk assessment surveys; medical clinic services; medical clinic services; dental clinic services; medical treatment provided by clinics; telehealth services, online medical consultations and online dental appointments; medical services and provision of medical advice via digital platforms; providing professional and consultancy services via digital platforms, including medical services; providing professional and consultancy services via digital platforms, in the field of aesthetic services.

Class 45:

Business identification verification services namely, providing an authentication of personal identification information; identification verification services; online social networking services; social networking, social introduction and dating services provided online over computer databases; providing social networking services on the internet and other

communication networks for entertainment purposes; social introduction, networking and dating services; user identity verification services; licensing of computer programs and software; legal services; licensing of intellectual property rights; consultancy on licensing and infringements of intellectual property rights; licensing of patents, copyright and intellectual property; company registration services; licensing of research and development; provision of information relating to legal services; security consultancy; monitoring burglar and security alarms; computerized security services for business setup; computerized security services for private organizations; computerized security services for corporate organizations; computerized security services for household setup; aircraft security services; identification services namely identifying people; security consultancy; advisory services related to fire safety; monitoring of industrial plants; monitoring of alarms at alarm centres; security services for the protection of property and individuals; social networks; dating services provided through social networking; online social networking services accessible by means of downloadable mobile applications; providing professional and consultancy services via digital platforms, including legal services.

SettleSync

Class 9:

Downloadable computer software for computing multilateral netting positions across multi-party exchange transactions; downloadable software for determining minimum-cardinality monetary transfer sets to settle value imbalances between participants in barter and value exchange networks; downloadable software for generating payment instructions across multiple payment layers including card-on-file processing, connected account transfers, and closed-network credit systems.

Class 42:

Software as a service (SaaS) featuring software for computing multilateral netting settlements in multi-party exchange networks; providing temporary use of non-downloadable software for calculating net positions, generating minimum-transfer settlement plans, and producing payment instructions across multiple payment processing layers; design and development of computer software for automated value gap settlement in barter and exchange platforms.

Ahmad Khalid Durrani

UK00004372877 14 April 2026
(9, 42)

ExchangeSync

Class 9:

Downloadable computer software for coordinating and synchronising interdependent subsystems in multi-party exchange networks, namely matching engines, valuation engines, trust scoring engines, settlement engines, and compliance engines; downloadable software for iteratively resolving coupled optimisation problems across multiple exchange platform components to produce globally consistent exchange states.

Class 42:

Software as a service (SaaS) featuring software for orchestrating and synchronising multiple interdependent components of multi-party exchange platforms; providing temporary use of non-downloadable software for iterative convergence of matching, valuation, trust, settlement, and compliance subsystems to achieve globally consistent exchange outcomes; design and development of computer software for coupled feedback systems in barter and value exchange networks.

***List of cases accepted for opposition purposes as shown in Journal 2026/018 published on
01 May 2026 .***

and measuring two- dimensional distribution of force and pressure; scientific measuring instruments, namely, conductivity meters; measuring instruments, namely, gasometers; air quality measurement apparatus, namely, particle counters; apparatus and instruments for weighing; apparatus for analysing gases; computer- controlled apparatus for testing and measuring speed, acceleration, pressure, temperature, heat, entropy, distance, fuel levels, volume, time, electricity, radio frequency signals, concentrations of gas and liquids, audio signals, temperature [not for medical purpose]; testing apparatus not for medical purposes, namely, electronic apparatus for testing automobile engine oil; apparatus for testing vehicle transmissions; apparatus for testing vehicle brakes; apparatus for testing gas, liquids and solids; telescopes, periscopes, directional compasses, speed indicators; laboratory apparatus, namely, microscopes, magnifying glasses, stills for scientific purposes; ovens for laboratory use and furnaces for laboratory experiments; apparatus for recording, transmission or reproduction of sound; apparatus for recording, transmission and reproduction of images; cameras, photographic cameras; televisions; television apparatus for projection purposes; car televisions; video recorders; CD players; DVD players; CD recorders; DVD recorders; MP3 players; computers; desktop computers; tablet computers; microphones; loudspeakers; earphones; telecommunications apparatus in the nature of wireless transmitters and receivers; telecommunications transmitters; electronic transmitters and receivers for automobile diagnostics; apparatus for the reproduction of sound or images; computer peripheral devices; cell phones; covers for cell phones; telephone apparatus; computer printers for printing documents; data processing equipment in the nature of scanners, photocopiers; prerecorded magnetic data carriers and prerecorded optic data carriers featuring recorded computer software and recorded computer programmes recorded for operating automobiles; downloadable and recordable electronic publications in the nature of books, magazines, newsletters, blogs, and manuals in the field of automobiles; encoded magnetic cards in the nature of credit cards for in-car payment systems; encoded magnetic charge cards for charging payment via a charging station; encoded magnetic key cards for keyless access and start system; encoded optic cards in the nature of credit cards for in-car payment systems; encoded optic charge cards for charging payment via a charging station; encoded optic key cards for keyless access and start system; antennas, satellite antennas, amplifiers for antennas; antennas and their replacement parts and structural parts thereof; satellite antennas and replacement parts and structural parts thereof; amplifiers for antennas and replacement parts and structural parts thereof; electronic components used in the electronic parts of machines and apparatus, namely, semi-conductors; electronic circuits; integrated circuits; integrated circuit chips for encoding and decoding digital video; integrated circuit chips for digital video compression and decompression; silicon chips as integrated circuit chips; computer hardware microchips as integrated circuit chips; diodes; electronic transistors; magnetic heads for electronic apparatus; electronic locks; photocells; remote control apparatus for opening and closing doors; optical sensors; speedometers for calculating consumption to determine fuel efficiency; odometers for calculating consumption to determine fuel efficiency; powermeters for calculating consumption to determine energy and fuel efficiency; volumeters in the nature of calculating machines for calculating consumption of fluids and energy; quantity indicators for measuring the quantity of consumption, namely, fuel gauges; automatic time switches; clothing for protection against accidents, irradiation

and fire; reflective safety vests; apparatus and instruments for conducting, transforming, accumulating or controlling electricity, namely, electrical conductors, electrical transformers, electrical controlling devices; electric plugs; electric junction boxes; electric switches; circuit breakers; fuses; lighting ballasts; battery starter cables; electrical circuit boards; electric resistances; electric sockets; electric transformers; electrical adapters; battery chargers; electric door bells; electric cables and electronic cables; batteries; electric accumulators; alarms, namely, sound alarms; security and fire alarms; anti-theft alarms, other than for vehicles, in the nature of electric alarm bells; signalling apparatus and instruments, namely, vehicle traffic signals, luminous or mechanical road signs for traffic use; fire extinguishing apparatus, fire engines, fire hose and fire hose nozzles; radar apparatus; sonars; night vision apparatus and instruments, namely, night vision systems primarily comprised of night sensors, night cameras, and monitors.

Class 12:

Motor land vehicles; motorcycles; mopeds; engines and motors for land vehicles; clutches for land vehicles; transmissions, transmission belts and transmission chains for land vehicles; gearing for land vehicles; brakes, brake discs and brake linings for land vehicles; vehicle chassis; automobile bonnets; vehicle suspension springs; shock absorbers for automobiles; gearboxes for land vehicles; steering wheels for vehicles; rims for vehicle wheels; bicycles and their bodies; handlebars and mudguards for bicycles; vehicle bodies; tipping bodies for trucks; trailers for tractors; refrigerated bodies for land vehicles; trailer hitches for vehicles; vehicle seats; head-rests for vehicle seats; safety seats for children, for vehicles; seat covers for vehicles; vehicle covers (shaped); sun-blinds adapted for vehicles; direction signals and arms for direction signals for vehicles; windscreen wipers and wiper arms for vehicles; inner and outer tires for vehicle wheels; tubeless tires; tire-fixing sets comprised of tire patches and tire valves for vehicles; windows for vehicles; safety windows for vehicles; rearview mirrors and wing mirrors for vehicles; anti-skid chains for vehicles; luggage carriers for vehicles; bicycle and ski carriers for cars; saddles for bicycles or motorcycles; air pumps for vehicles, for inflating tires; anti-theft alarms for vehicles, horns for vehicles; safety belts for vehicle seats, air bags (safety devices for automobiles); baby carriages, wheelchairs, pushchairs; wheelbarrows; shopping carts; single or multi-wheeled wheelbarrows; shopping trolleys; grocery carts; handling carts; rail vehicles, locomotives; trains; trams; waggons; cable cars; chairlifts; vehicles for locomotion by water, vehicles for locomotion by air.

Class 35:

Advertising, marketing and public relations; organization of exhibitions and trade fairs for commercial or advertising purposes; providing office functions; secretarial services; arranging newspaper subscriptions for others; compilation of statistics; rental of office machines; systemization of information into computer databases; telephone answering for unavailable subscribers; business management; business administration and business consultancy; accounting; commercial consultancy services; personnel recruitment; personnel placement; employment agencies; import-export agencies; temporary personnel placement services; auctioneering; retail and wholesale services in relation to machines, machine tools and industrial robots for processing and shaping wood, metals, glass, plastics and minerals, 3D printers, construction machines and robotic mechanisms (machines) for use in construction, bulldozers, diggers (machines), excavators, road construction

List of cases accepted for opposition purposes as shown in Journal 2026/018 published on 01 May 2026 .

and road paving machines; retail and wholesale services in relation to drilling machines, rock drilling machines, road sweeping machines, lifting, loading and transmission machines and robotic mechanisms (machines) for lifting, loading and transmission purposes, elevators, escalators and cranes, machines and robotic mechanisms (machines) for use in agriculture and animal breeding; retail and wholesale services in relation to machines and robotic mechanisms (machines) for processing cereals, fruits, vegetables and food, machines for preparing and processing beverages, engines and motors [other than for land vehicles], parts and fittings therefor, hydraulic and pneumatic controls for engines and motors, brakes other than for vehicles, brake linings for engines, crankshafts, gearboxes [other than for land vehicles]; retail and wholesale services in relation to cylinders for engines, pistons for engines, turbines [not for land vehicles], filters for engines and motors, oil, air and fuel filters for land vehicle engines; retail and wholesale services in relation to exhausts for land vehicle engines, exhaust manifolds for land vehicle engines, engine cylinders for land vehicles, engine cylinder heads for land vehicles, pistons for land vehicle engines, carburetors for land vehicles, fuel conversion apparatus for land vehicle engines, injectors for land vehicle engines; retail and wholesale services in relation to fuel economisers for land vehicle engines, pumps for land vehicle engines, valves for land vehicle engines, starter motors for land vehicles, dynamos for land vehicle engines, sparking plugs for land vehicle engines, bearings (parts of machines), roller or ball bearings; retail and wholesale services in relation to machines for mounting and detaching tires, alternators, current generators, electric generators, current generators operated with solar energy, painting machines, automatic spray guns for paint, electric, hydraulic and pneumatic punching machines and guns; retail and wholesale services in relation to electric adhesive tape dispensers (machines), electric guns for compressed gas or liquid spraying machines, electric hand drills, electric hand saws, electric jigsaw machines, spiral machines, compressed air machines, compressors (machines), vehicle washing installations, robotic mechanisms (machines) with the abovementioned functions, electric and gas-operated welding apparatus, electric arc welding apparatus, electric soldering apparatus; retail and wholesale services in relation to electric arc cutting apparatus, electrodes for welding machines, industrial robots (machines) with the abovementioned functions, printing machines, packaging machines, filling, plugging and sealing machines, labellers (machines), sorting machines, industrial robots (machines) with the abovementioned functions, electric packing machines for plugging and sealing of plastics; retail and wholesale services in relation to machines for textile processing, sewing machines, industrial robots (machines) with the abovementioned functions, water, air, electric, hydraulic and pneumatic pumps [other than parts of machines or engines], fuel dispensing pumps for service stations, self-regulating fuel pumps, automatic vending machines, galvanizing and electroplating machines, electric door openers and closers, gaskets for engines and motors; retail and wholesale services in relation to measurement apparatus and equipment including those for scientific, nautical, topographic, meteorologic, industrial and laboratory purposes, thermometers [not for medical purposes], barometers, ammeters, voltmeters [not for medical purposes]; retail and wholesale services in relation to hygrometers, testing apparatus [not for medical purposes], telescopes, periscopes, directional compasses, speed indicators, laboratory apparatus, microscopes, magnifying glasses, stills, ovens and furnaces for laboratory experiments; retail and wholesale services in relation to apparatus

for recording, transmission or reproduction of sound or images, cameras, photographic cameras, television apparatus, video recorders, CD and DVD players and recorders, MP3 players, computers, desktop computers, tablet computers, microphones, loudspeakers, earphones; retail and wholesale services in relation to telecommunications apparatus, apparatus for the reproduction of sound or images, computer peripheral devices, cell phones, covers for cell phones, telephone apparatus, computer printers, scanners in the nature of data processing equipment, photocopiers, magnetic and optic data carriers and computer software and programmes recorded thereto, downloadable and recordable electronic publications, encoded magnetic and optic cards, antennas, satellite antennas; retail and wholesale services in relation to amplifiers for antennas, parts of the aforementioned goods, electronic components used in the electronic parts of machines and apparatus, semi-conductors, electronic circuits, integrated circuits, integrated circuits chips, diodes, electronic transistors, magnetic heads for electronic apparatus, electronic locks, photocells; retail and wholesale services in relation to remote control apparatus for opening and closing doors, optical sensors, counters and quantity indicators for measuring the quantity of consumption, automatic time switches, clothing for protection against accidents, irradiation and fire; retail and wholesale services in relation to safety vests and life-saving apparatus and equipment, apparatus and instruments for conducting, transforming, accumulating or controlling electricity, electric plugs, electric junction boxes, electric switches, circuit breakers, fuses, lighting ballasts, battery starter cables, electrical circuit boards, electric resistances; retail and wholesale services in relation to electric sockets, electric transformers, electrical adapters, battery chargers, electric door bells, electric and electronic cables, batteries; retail and wholesale services in relation to electric accumulators, alarms and anti-theft alarms [other than for vehicles], electric bells, signalling apparatus and instruments, luminous or mechanical signs for traffic use, fire extinguishing apparatus, fire engines, fire hose and fire hose nozzles, radar apparatus; retail and wholesale services in relation to sonars, night vision apparatus and instruments, motor land vehicles, motorcycles, mopeds, engines and motors for land vehicles, clutches for land vehicles, transmissions, transmission belts and transmission chains for land vehicles, gearing for land vehicles, brakes, brake discs and brake linings for land vehicles, vehicle chassis, automobile bonnets, vehicle suspension springs; retail and wholesale services in relation to shock absorbers for automobiles, gearboxes for land vehicles, steering wheels for vehicles, rims for vehicle wheels, vehicle bodies, tipping bodies for trucks, trailers for tractors, frigorific bodies for land vehicles, trailer hitches for vehicles, vehicle seats, head-rests for vehicle seats, safety seats for children, for vehicles, seat covers for vehicles; retail and wholesale services in relation to shaped vehicle covers, sun-blinds adapted for vehicles, direction signals and arms for direction signals for vehicles, windscreen wipers and wiper arms for vehicles, inner and outer tires for vehicle wheels, tubeless tires, tire-fixing sets comprised of tire patches and tire valves for vehicles, windows for vehicles; retail and wholesale services in relation to safety windows for vehicles, rearview mirrors and wing mirrors for vehicles, anti-skid chains for vehicles, luggage carriers for vehicles, bicycle and ski carriers for cars, saddles for bicycles or motorcycles, air pumps for vehicles, for inflating tires, anti-theft alarms for vehicles, horns for vehicles, safety belts for vehicle seats, air bags; retail and wholesale services in relation to motor land vehicles, motorcycles, mopeds, engines and motors for land vehicles, clutches for land vehicles, transmissions,

transmission belts and transmission chains for land vehicles, gearing for land vehicles, brakes, brake discs and brake linings for land vehicles, vehicle chassis, automobile bonnets, vehicle suspension springs, shock absorbers for automobiles; retail and wholesale services in relation to gearboxes for land vehicles, steering wheels for vehicles, rims for vehicle wheels, bicycles and their bodies, handlebars and mudguards for bicycles, vehicle bodies, tipping bodies for trucks, trailers for tractors, refrigerated bodies for land vehicles, trailer hitches for vehicles, vehicle seats, head-rests for vehicle seats, safety seats for children, for vehicles; retail and wholesale services in relation to seat covers for vehicles, vehicle covers (shaped), sun-blinds adapted for vehicles, direction signals and arms for direction signals for vehicles, windscreen wipers and wiper arms for vehicles, inner and outer tires for vehicle wheels, tubeless tires, tire-fixing sets comprised of tire patches and tire valves for vehicles, windows for vehicles, safety windows for vehicles, rearview mirrors and wing mirrors for vehicles, anti-skid chains for vehicles; retail and wholesale services in relation to luggage carriers for vehicles, bicycle and ski carriers for cars, saddles for bicycles or motorcycles, air pumps for vehicles, for inflating tires, anti-theft alarms for vehicles, horns for vehicles, safety belts for vehicle seats, air bags (safety devices for automobiles), baby carriages, wheelchairs, pushchairs, wheelbarrows, shopping carts, single or multi-wheeled wheelbarrows; retail and wholesale services in relation to shopping trolleys, grocery carts, handling carts, rail vehicles, locomotives, safety devices for automobiles.

Class 37:

Construction services; rental of construction machines and equipment; cleaning services for buildings (interior and exterior), public areas, industrial premises; disinfecting, vermin control services, other than for agriculture, aquaculture, horticulture and forestry; rental of cleaning machines and equipment; vehicles service stations for land vehicles; maintenance, repair and refueling of land vehicles; vehicles service stations for marine vehicles; maintenance, repair and refueling of marine vehicles; repair and maintenance of air vehicles; upholstery, repair and restoration of furniture; installation, maintenance and repair of heating, cooling and sanitary installations; cleaning, care and repair of clothing; installation, maintenance and repair of industrial machines and equipment; repair and maintenance of lifts; clock and watch repair; mining extraction services and mining extraction; repair of shoes, bags and belts.

Class 42:

Scientific and industrial analysis and research services; engineering; engineering and architectural design services; testing services for the certification of quality and standards; computer services, namely, computer programming; computer virus protection services, computer system design; creating, maintaining and updating websites for others; computer software design; updating and rental of computer software; development of software for digital asset and cryptocurrency transactions service; providing search engines for the Internet; hosting websites; consultancy in the design and development of computer hardware; rental of computer hardware; industrial design services, other than engineering; computer and architectural design; graphic arts designing; authenticating works of art.

ASKO HOLDING ANONIM SIRKETI

Representative: INKA PATENT DANIŞMANLIK LIMITED COMPANY
Flat 7.1 295 Vauxhall Bridge Road, LONDON, SW1V 1EJ, GB

UK00004369045 04 April 2026

(9, 25, 35, 41, 42, 44)

FLXE AI

Class 9:

Downloadable mobile applications; Mobile application software; Mobile apps; Health monitoring software; Application software for cloud computing services; Software applications for use with mobile devices; Application software for mobile devices; Downloadable software in the nature of a mobile application; Downloadable smart phone application software; AI software; Downloadable applications for use with mobile devices; Computer application software for mobile phones; Application software for mobile phones; Computer software platforms; Downloadable computer software applications; Software applications.

Class 25:

Clothing; Sports clothing; Gymwear; Footwear; Headwear.

Class 35:
