Mark 1

Mark 2

Application for a series of 2 marks.

Class 9:
Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; Apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; Recorded and downloadable media, computer software, blank digital or analogue recording and storage media; Mechanisms for coin-operated apparatus; Cash registers, calculating devices; Computers and computer peripheral devices; Downloadable software; Artificial intelligence and machine learning downloadable software; Computer hardware and peripherals integrating artificial intelligence and machine learning; Internet of Things computer hardware, downloadable software, control devices, network devices and apparatus, peripherals, and sensors; Computer hardware modules for use in Internet of Things electronic devices; Computer hardware modules for use with the Internet of Things [IoT]; Internet of Things [IoT] gateways; Internet of Things [IoT] sensors; Internet of Things [IoT] range extenders [antennas]; Computer application software for use in implementing the Internet of Things [IoT]; Computer hardware modules for use in electronic devices using the Internet of Things [IoT]; Computers and computer peripheral devices facilitated by AI; AI facilitated Internet of Things computer hardware, downloadable software, control devices, network devices and apparatus, peripherals, and sensors; Downloadable computer software integrating and facilitated by AI; Downloadable software to assist in IT management, maintenance, monitoring, and deployment; Downloadable software for the coordination of Internet of Things computer hardware, computer software, networks, control devices, network devices and apparatus, peripherals, and sensors; Downloadable software for communication, messaging, and telecommunication; Downloadable software to enable interconnection and communication between computers and peripheral devices; Downloadable software for data collection, generation, monitoring, processing, transformation, transference, migration, analysis, visualisation; Downloadable software for coordination, monitoring, control, and maintenance of data centres; Downloadable cyber, computer, network, and data centre security software; Downloadable software to aid in customer service and engagement; Safety and security cameras, computer hardware, and downloadable computer software; Internet of Things sensors, monitoring equipment, data collection apparatus and devices; Sensors for asset tracking, air quality, location tracking, crowd flow tracking, safety, security, energy usage and efficiency, temperature, air quality, particular matter, ozone

monitoring, humidity, depth and flow monitoring, occupancy and people counting, waste management, and parking space occupancy; Computer hardware and downloadable software for control of, data collection from, automation of, deployment of, and support for Internet of Things networks, sensors, devices, and peripherals; Data processing systems; Data processing, analysis and visualisation systems for Internet of Things devices, networks, and sensors; Downloadable software to facilitate accessing the Cloud; Computer hardware and downloadable software for automation and increased productivity in the workplace; Downloadable software for business analysis and development of business models.

Class 35:
Business management, organization and administration; Procurement services; Procurement services for computer hardware, software, peripherals; Procurement services for Internet of Things sensors, network devices, control devices, data collection devices, hardware modules, and gateways; Business analysis; Business advice; Business Enquiries; Business networking; Business organisation; Business information; Business planning; Business administration; Business management; Business supervision; Business auditing; Business consultation; Business appraisal; Business investigation; Business research; Business data analysis; Business statistical studies; Business management analysis; Data management; Data transcription; Data processing; Data collection, processing, analysis and visualisation; Data entry and data processing; Business data analysis; Computerised data verification; Data collection services; Data retrieval services; Compilation of data; Automated data processing; Data processing, systematisation and management; Administrative support and data processing services; Business efficiency advice; Business efficiency studies; Providing business efficiency advice; Consultancy relating to business efficiency.

Class 37:
Installation, configuration, deployment and repair services for computer devices, IOT devices, communication devices; Computer maintenance services; Computer repair services; Installation of computer networks; Upgrading of computer hardware; Maintenance and repair of computer networks; Computer hardware and telecommunication apparatus installation, maintenance and repair; Support and maintenance services for IT hardware and electronic devices.

Class 38:
Telecommunications services; messaging services; Communication services; Communications consultancy; Telephone communications; Digital communication services; Communication network consultancy; Communication between computers; Data communication services; Audiovisual communication services; Data transmission and broadcasting; Electronic data exchange; communication services for communication between people; communication services for communication between computers and Internet of Things hardware.

Class 41:
Education and training relating to business services, business management, IT, Computer hardware and software, data centres, software as a service, AI, and security.

Class 42:
Scientific and technological services and research and design relating thereto; Industrial analysis, industrial research and industrial design services; Quality control and authentication services; Design and development of computer hardware and software; Hosting services, software as a service, and rental of software; Software as a service; Software as a service [SaaS] featuring software for machine learning; Software as a service [SaaS] featuring software for deep learning; Consulting services in the field of software as a service [SaaS]; Software as a service [SaaS] featuring computer software platforms for artificial intelligence; Software as a service [SaaS] services featuring software for machine learning, deep learning and deep neural networks; Platform as a service [PaaS] featuring software platforms for transmission of images, audio-visual content, video content and messages; Platform as a Service [PaaS]; Infrastructure as a Service [IaaS]; Software as a Service facilitated by and integrating AI; Software as a service for use with the Internet of Things; Software as a service for coordination, monitoring, and control of Internet of Things sensors, network devices, peripherals, networks, control devices, hardware, and software; Software as a service for use in implanting the Internet of Things; Software as a service to assist in IT equipment and network management, maintenance, monitoring, and deployment; Software as a service for communication, messaging, and telecommunication; Software as a service to enable interconnection and communication between computers and peripheral devices; Software as a service for data collection, generation, monitoring, processing, transformation, transference, migration, analysis, visualisation; Software as a service for coordination, monitoring, control, and maintenance of data centres; Software as a service for cyber, computer, network, and data centre security; Software as a service to aid in customer service and engagement; Software as a service for control of, data collection from, automation of, deployment of, and support for Internet of Things networks, sensors, devices, and peripherals; Software as a service for data processing, analysis and visualisation from Internet of Things devices, networks, and sensors; Software as a service for data gathering, analysis, visualisation, processing, monitoring and transformation from computer hardware; Software as a service for accessing and storing data and files in the Cloud; Cloud computing services; Software as a service for automation and increased productivity in the workplace; Software as a service for control, monitoring, and maintenance of data centres; Software as a service for business analysis and development of business models; Software installation services; Consultancy, advisory, and information services relating to IT, computer hardware and software, software as a service, cloud computing, AI; Customisation and development of Internet of Things and AI-powered software; Customisation and development of software as a service; Support and maintenance services for IT software, computer software, software as a service, and Artificial Intelligence software; Data security, processing, migration, storage services; internet security consultancy; Research and Design services relating to the Internet of Things, downloadable software, software as a service, AI, and data centres; Hosting services; cloud computing services for apps; app monitoring, hosting, migration, and transformation services; Cloud computing platform services; Software as a service to facilitate the production of apps and cloud computing platforms; IT services; IT consultancy, advisory and information services.

Class 45:
Security services for the physical protection of tangible property and individuals; Security services, consultancy, monitoring;

Rental of equipment for security; Security services; Security consultancy; Security monitoring services; Security services for buildings; Monitoring of security systems; Security assessment of risks; Security guarding for facilities; Security guard services; Rental of security apparatus; Rental of security surveillance equipment; Safety, rescue, security and enforcement services; Security services for the protection of property; Rental of equipment for safety, rescue, security and enforcement.

Mark 1
PATHS
Mark 2

Application for a series of 2 marks.

Class 9:
Downloadable mobile application software to allow users to record details of exercise and sporting activities and other physical movements, including walks, runs, cycles, swims, tennis, padel, football, rugby, hockey, yoga, pilates; downloadable mobile application software to allow users to record details of exercise and sporting activities and other physical movements, including walks, runs, cycles, swims, tennis, padel, football, rugby, hockey, and to create visual digital keepsakes of these movements; downloadable mobile application software to allow users to record details of exercise and sporting activities and other physical movements, including walks, runs, cycles, swims, tennis, padel, football, rugby, hockey, and to create, store and share visual digital keepsakes of these movements; downloadable mobile application software to allow users to record details of physical movements they have undertaken and routes they have taken; downloadable mobile application software to allow users to record details of physical movements they have undertaken and physical routes they have taken to create visual digital keepsakes of these movements and routes; downloadable mobile application software to allow users to record details of physical movements they have undertaken and physical routes they have taken to create, store and share visual digital keepsakes of these movements and routes; downloadable mobile application software for the collection, storage, display and sharing of data and information including maps, visual representations of physical movements, visual representations of physical routes (including map-based representations) and photographs relating to fitness, exercise, sport, wellness activities, physical movements, activities, routes and other events; downloadable mobile application software for the collection, storage, display and sharing of data and information including maps, visual representations of physical movements, visual representations of physical routes (including map-based representations) and photographs relating to fitness, exercise, sport, wellness activities, physical movements, activities, routes and other events, with functionality for user data to be augmented with data provided via artificial intelligence; downloadable electronic maps; computer digital maps; augmented reality software for creating maps; downloadable mobile application software for recording, importing, organising, naming, editing and sharing data and information including maps, visual representations

of physical movements, visual representations of physical routes (including map-based representations) and photographs relating to fitness, exercise, sport, wellness activities, physical movements, activities, routes and other events; downloadable mobile application software for recording, importing, organising, naming, editing and sharing data and information including maps, visual representations of physical movements, visual representations of physical routes (including map-based representations) and photographs relating to fitness, exercise, sport, wellness activities, physical movements, activities, routes and other events, with functionality for user data to be augmented with data provided via artificial intelligence; downloadable mobile application software for drawing and editing the route of a physical journey on a map; downloadable mobile application software for generating and rendering shareable still-image and video visualisations of a user's fitness, exercise, sport, wellness activities, physical movements, activities, routes and other events including visualisations of events that do not involve moving between geographic locations; downloadable software featuring an interactive chatbot for user support.

Class 38:
Provision of electronic data links to enable users to share visual digital keepsakes of fitness, exercise, sport, wellness activities, physical movements, activities, routes and other events; provision of electronic data links to enable users to share data and information including maps, visual representations of physical movements, visual representations of physical routes (including map-based representations) and photographs relating to fitness, exercise, sport, wellness activities, physical movements, activities, routes and other events; electronic transmission and delivery of digital media content, namely visualisations of a user's physical activity, exercise, events, images and personalised messages, to chosen recipients via shareable links; providing online access to hosted digital media content comprising personalised activity and event visualisations for retrieval by chosen recipients via a web page not requiring recipient registration; electronic delivery of personalised event and activity visualisations to chosen recipients; information, advisory and consultancy services in relation to the aforesaid.

Class 42:
Hosting of digital content comprising data and information including maps, visual representations of physical movements, visual representations of physical routes (including map-based representations) and photographs relating to fitness, exercise, sport, wellness activities, physical movements, activities, routes and other events; electronic storage of data namely data and information including maps, visual representations of physical movements, visual representations of physical routes (including map-based representations) and photographs relating to fitness, exercise, sport, wellness activities, physical movements, activities, routes and other events; design and development of computer software to allow users to record details of exercise and sporting activities and other physical movements, including walks, runs, cycles, swims, tennis, padel, football, rugby, hockey, and to create, store and share visual digital keepsakes of these movements; design and development of computer software to allow users to record details of physical movements they have undertaken and physical routes they have taken to create, store and share visual digital keepsakes of these movements and routes; design and development of computer software for the collection, storage, display and sharing of data and information including maps, visual representations of physical movements, visual representations of physical routes (including map-based representations) and photographs relating to fitness, exercise, sport, wellness activities, physical movements, activities, routes and other events; creation of GPS maps; software as a service (SaaS) featuring software to allow users to record details of exercise and sporting activities and other physical movements, including walks, runs, cycles, swims, tennis, padel, football, rugby, hockey, yoga, pilates; software as a service (SaaS) featuring software to allow users to record details of exercise and sporting activities and other physical movements, including walks, runs, cycles, swims, tennis, padel, football, rugby, hockey, and to create visual digital keepsakes of these movements; software as a service (SaaS) featuring software to allow users to record details of exercise and sporting activities and other physical movements, including walks, runs, cycles, swims, tennis, padel, football, rugby, hockey, and to create, store and share visual digital keepsakes of these movements; software as a service (SaaS) featuring software to allow users to record details of physical movements they have undertaken and physical routes they have taken; software as a service (SaaS) featuring software to allow users to record details of physical movements they have undertaken and physical routes they have taken to create visual digital keepsakes of these movements and routes; software as a service (SaaS) featuring software to allow users to record details of physical movements they have undertaken and physical routes they have taken to create, store and share visual digital keepsakes of these movements and routes; software as a service (SaaS) featuring software with voice recognition and speech to text transcription capabilities to allow users to record details of physical movements they have undertaken and physical routes they have taken to create, store and share visual digital keepsakes of these movements and routes; software as a service (SaaS) featuring software for the collection, storage, display and sharing of data and information including maps, visual representations of physical movements, visual representations of physical routes (including map-based representations) and photographs relating to fitness, exercise, sport, wellness activities, physical movements, activities, routes and other events; software as a service (SaaS) featuring software for the collection, storage, display and sharing of data and information including maps, visual representations of physical movements, visual representations of physical routes (including map-based representations) and photographs relating to fitness, exercise, sport, wellness activities, physical movements, activities, routes and other events, with functionality for user data to be augmented with data provided via artificial intelligence; software as a service (SaaS) featuring software for recording, importing, organising, naming, editing and sharing data and information including maps, visual representations of physical movements, visual representations of physical routes (including map-based representations) and photographs relating to fitness, exercise, sport, wellness activities, physical movements, activities, routes and other events; software as a service (SaaS) featuring software for recording, importing, organising, naming, editing and sharing data and information including maps, visual representations of physical movements, visual representations of physical routes (including map-based representations) and photographs relating to fitness, exercise, sport, wellness activities, physical movements, activities, routes and other events, with functionality for user data to be augmented with data provided via artificial intelligence; software as a service (SaaS) featuring software that utilises artificial intelligence to generate suggested titles and descriptions for data and information including maps, visual representations of physical movements, visual representations of physical

routes (including map-based representations) and photographs relating to fitness, exercise, sport, wellness activities, physical movements, activities, routes and other events; software as a service (SaaS) featuring software for drawing and editing the route of a physical journey on a map; software as a service (SaaS) featuring software for generating and rendering shareable still-image and video visualisations of a user's fitness, exercise, sport, wellness activities, physical movements, activities, routes and other events including visualisations of events that do not involve moving between geographic locations; software as a service (SaaS) for importing and converting a user's movement, activity and route information from third-party fitness and activity applications, files and shared links; platform as a service (PaaS) featuring software platforms for recording, importing, organising, naming, editing and sharing data and information including maps, visual representations of physical movements, visual representations of physical routes (including map-based representations) and photographs relating to fitness, exercise, sport, wellness activities, physical movements, activities, routes and other events; platform as a service (PaaS) featuring software platforms for the collection, storage, display and sharing of data and information including maps, visual representations of physical movements, visual representations of physical routes (including map-based representations) and photographs relating to fitness, exercise, sport, wellness activities, physical movements, activities, routes and other events; providing an interactive online chatbot for customer support; information, advisory and consultancy services in relation to the aforesaid.

Chemicals for use in industry; chemicals for use in the gas industry; chemicals for use in the petrochemicals industry; chemicals for use in propellants; chemical products derived from petroleum; chemical additives for fuels; chemical additives for diesel fuels; additives for raising the cetane number of diesel fuel; chemical preparations for use as additive to fuels for improving combustion; chemical additives for use with internal combustion engine fuels; chemical additives for oils; chemical additives for automotive lubricants; detergent additives to fuels; decontaminants for fuels; chemical reagents for decontaminating gases; gas purifying preparations; fuel-saving preparations; aerosol propellants; propellant gases for aerosols; industrial gases; laboratory gases; hydrogen; methane; biomethane; ammonia; nitrous oxide; oxygen for industrial use; catalysts for use in control of hydrogen emissions; chemical fracturing fluids for use in the oil and gas industry; engine coolants; glycol; antifreeze; engine-decarbonising chemicals; transmission fluid; transmission oil; oils for brakes; oils for hydraulic circuits; hydraulic fluids; chemicals in the form of water soluble lubricants; chemical grease removing agents for use in industrial manufacturing processes; ethers; dimethyl ether (DME); renewable dimethyl ether (rDME).

Class 4:
Fuels; liquid fuels; gaseous fuels; hydrocarbon fuels; fossil fuels; motor fuel; fuels for vehicles; fuels for heating; fuels for industrial processes; aviation fuel; marine fuel; kerosene; oils for automotive, agricultural and industrial use; gas oil; diesel oil; diesel fuel; petrol; fuel oils; heating oils; natural gas; petroleum gases; liquefied petroleum gas; liquefied natural gas; compressed natural gas; compressed fuel gas; gas fuels in liquefied, compressed or gaseous form; gases for heating, cooking and fuel purposes; propane; liquid propane gas; bottled propane gas; butane; biofuels; biomass fuels; biomethane fuel; hydrotreated vegetable oil; electricity; electrical energy from renewable sources; electrical energy from solar power; electrical energy from wind power; lubricants; automotive lubricants; industrial greases; non-chemical additives for fuels; dust absorbing, wetting and binding compositions; candles and wicks for lighting; lighter fluids.

Class 6:
Metal containers for storage or transport; bottles, tanks and containers of metal for gas in liquid, compressed or gaseous form; containers made of metal for use in the storage and transportation of gaseous fuels, gases and liquefied gases; containers and tanks of metal resistant to pressurised gases; containers of metal for fuels; cylinders of metal for gas; metallic pressurised gas cylinders; steel cylinders for compressed gas; liquefied gas tanks with pressure locks for the liquid withdrawal of liquefied gases; valves and fittings of metal for safety, filling, checking and sampling relating to gases; fuel cans of metal; parts and fittings for all the aforesaid goods.

Class 7:
Electrical generators; power and energy generation equipment, apparatus and installations; machines and apparatus for energy generation, storage and distribution; electrical generators using solar cells; wind turbines; generators for wind turbines; pumps; fluid pumps; fuel nozzles; fuel pumps for land vehicles; fuel dispensing pumps for service stations; fuel economisers for motors and engines; parts and fittings for all the aforesaid goods.

Class 9:
Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for measuring, monitoring, managing, analysing and controlling energy, power, heat, gas, electricity, water, fuel, oil and liquid consumption, usage, supply, storage, transmission and discharge; energy meters for tracking, monitoring and recording energy and fuel usage and consumption; liquid level, fuel level and oil level monitoring, measuring, sensing, detecting, transmitting, signalling and display apparatus, instruments and equipment; monitoring apparatus and systems for fuel tanks; control and monitoring devices, apparatus and equipment for fuel delivery and dispensing, fuel delivery management, fuel or liquid dispensing or delivery systems, fuel conditioning systems, fuel deliveries, fuel stocks and levels, fuel quality, fuel conditions and fuel tanks; fuel condition control and monitoring apparatus and equipment; remote monitoring and control apparatus and equipment for fuel delivery management, fuel or liquid dispensing or delivery systems, fuel stocks and levels and alarms; apparatus and instruments for weighing, measuring, signalling and control for machines for filling bottles of gas; electric and electronic apparatus and instruments for machines for filling bottles of gas; computer hardware and software for machines for filling bottles of gas; apparatus and instruments for measuring, surveying and controlling gases; gas bottle weighing apparatus and instruments; gas bottle pressure control apparatus and instruments; gas bottle valve airtightness testing apparatus and instruments; boiler control apparatus and instruments; electric control devices for energy management; apparatus for energy management systems; hardware and software for energy management systems; home energy management systems for monitoring and controlling domestic energy usage and/or supply; electrical power control systems and apparatus for the management and control of electricity use and the selection and access to sources of electrical power; apparatus and instruments for accumulating and storing electricity; battery energy storage systems [BESS]; solar energy storage systems; electric batteries for powering electric vehicles; solar-powered rechargeable batteries; solar batteries; electric battery systems and apparatus for storing and supplying electricity to homes, buildings and fixtures; electric battery systems and apparatus for the storage, supply, transmission and stabilisation of electricity supplied by or to an electric power grid or other source of electric power generation; electric vehicle charging apparatus; vehicle charging stations for electric vehicles, electric bicycles and electric motorcycles; electric vehicle charging monitoring apparatus; solar panels for the production and generation of electricity; solar modules; solar cells; photovoltaic apparatus

for generating and production of electricity; apparatus and instruments for conserving energy, power, electricity and heat; apparatus and software for monitoring energy consumption and analytics; computer software for monitoring and controlling fuel or liquid dispensing or delivery systems, fuel stocks and levels, liquids and liquid levels, tank stock levels, fuel quality and fuel conditions, the supply of fuel, fuel delivery, alarm systems, the flow of fuel, power supplies, the dispensing of fuel, fuel tanks, commercial fuel tanks, fuel tank conditions and fuel tank levels; computer software for charging electric vehicles; application software for use with electric vehicle chargers; computer software for the storage, discharge, supply, transmission and stabilisation of electricity; computer software for remote control of electronic products, electronic appliances and heaters; computer software for monitoring, optimising and regulating the storage, transmission and discharge of energy to and from electric battery systems; software and application software in the field of energy consumption; software, software platforms and software applications for use with heating and heating systems, heat pumps for heating systems and energy processing, solar heating panels, batteries, battery chargers and battery charging, chargers for electric vehicles, charging stations for electric vehicles and electric vehicle charging points, electric vehicle charging monitoring apparatus and electrical charge controllers, electricity storage apparatus, electrical storage batteries, solar batteries, solar battery chargers, photovoltaic apparatus for generating electricity, photovoltaic cells, solar energy collectors for generating electricity, solar panels and solar cells; software, software platforms and software applications for energy efficiency monitoring and in relation to the provision of fuels and energy; software and software applications relating to the supply and purchase of fuels and energy; software and software applications relating to the financial management of fuels and energy; parts and fittings for all the aforesaid goods.

Class 11:
Apparatus and installations for lighting, heating, cooking, refrigerating, drying, ventilating, water supply, sanitary purposes and for supplying energy; apparatus and installations operated by gas, gaseous fuels or liquefied gas for lighting, heating, cooking, refrigerating, drying and ventilating purposes; appliances powered by liquefied petroleum gas for domestic, leisure, camping, industrial and building industry use; gas apparatus; gas burners; boilers; domestic boilers; heating boilers; oil-fired boilers; heating oil apparatus, installations and systems; gas oil burning, heating or cooking apparatus, installations and systems; gas heaters; space heaters; heating installations; heating systems; energy-efficient heating apparatus; hybrid heating systems; heating installations powered by renewable energy; heat pumps; air-source heat pumps; ground-source heat pumps; hybrid heat pumps; thermal storage apparatus for heating; solar thermal apparatus; solar thermal collectors; solar heating panels; apparatus and appliances for the production of hot water; water heaters; gas water heaters; hot water tanks; central heating apparatus and installations; radiators; heating, ventilating and air-conditioning (HVAC) apparatus; parts and fittings for all the aforesaid goods.

Class 35:
Business management; business administration; business management of petrol stations, service stations and fuel depots for others; operation and management of service station retail outlets; business management and business administration services in the energy, fuel, service station, fleet, logistics, haulage, transportation and mobility sectors; distribution of advertising, marketing and promotional material; procurement services for others relating to energy supply contracts; procurement of energy, fuels, gas, electricity and water for others; tracking and monitoring energy consumption for others for account auditing purposes; tracking and monitoring fuel use, fuel stocks, vehicle mileage and vehicle usage for business management purposes; business consultancy, advisory and information services relating to energy use, energy procurement, energy efficiency, energy transition, carbon reduction, decarbonisation, renewable energy, solar energy, solar photovoltaic systems, fuels, fuel management, lubricants and lubrication; retail, wholesale, online retail and online wholesale services connected with the sale and purchase of fuels, fuel oils, heating oils, gas oil, petrol, diesel, kerosene, petroleum products, petroleum gases, natural gas, liquefied petroleum gas, propane, butane, biofuels, renewable fuels, synthetic fuels, hydrogen fuels, biomethane fuel, electrical energy, electricity and renewable energy; retail, wholesale, online retail and online wholesale services connected with the sale and purchase of lubricants, automotive lubricants, industrial lubricants, lubricating oils and greases; retail, wholesale, online retail and online wholesale services connected with the sale and purchase of pumps, fuel pumps, fuel dispensing pumps, fuel nozzles, fuel delivery and dispensing apparatus, fuel system control and monitoring apparatus, energy generating apparatus and equipment, generators, electricity generating sets, solar power generators, wind turbines; retail, wholesale, online retail and online wholesale services connected with the sale and purchase of electric vehicle charging apparatus, electric vehicle chargers, charging stations and charging points, battery chargers, charging cables, battery charging equipment, batteries, vehicle batteries, batteries for electric vehicles, solar batteries, electrical storage batteries, battery monitors, electricity storage apparatus, ultracapacitors, supercapacitors, charge controllers, energy control devices, energy management systems, photovoltaic apparatus, photovoltaic cells, solar panels, solar modules, solar cells, solar panel arrays, solar energy collectors, automatic solar tracking sensors, inverters, solar energy-based power plant equipment; retail, wholesale, online retail and online wholesale services connected with the sale and purchase of heat pumps, air-source heat pumps, ground-source heat pumps, hybrid heat pumps, gas, oil-fired and domestic boilers, heating systems, radiators, hot water tanks, solar heating panels, solar heat collection panels, thermal storage apparatus for heating, gas apparatus, gas heaters, gas stoves, gas cookers, gas cartridge cookers, portable cassette stoves, portable gas torches, lanterns, gas lights, gas regulators, gas water heaters, domestic gas fires, burners, furnaces, ovens, hobs, grills, barbecue apparatus, camping stoves, HVAC systems, building insulation; retail, wholesale, online retail and online wholesale services connected with the sale and purchase of software, payment software, fuel and energy payment software, account management software, fleet management software, telematics software, parking software, energy monitoring and energy efficiency software, software for electric vehicle charging, software for electronic payments and software for monitoring and controlling fuels, liquids, tanks, fuel quality, power supplies and dispensing systems; retail, wholesale, online retail and online wholesale services connected with the sale and purchase of convenience store goods, namely, food, beverages, confectionery, newspapers, magazines, tobacco products, household consumables, toiletries and personal care products, mobile phone accessories, travel accessories, vehicle accessories and car care products, vehicle screen wash,

antifreeze, cleaning preparations; information, advisory and consultancy services in relation to all of the aforesaid.

Class 36:
Insurance services; financial services; payment services; administration of payment services; payment transaction card services; electronic, online and mobile payment services; payment processing services; collection and processing of payments relating to travel, transport, tolls, congestion charging, vehicle cleaning and management, storage, fuel, energy, electric vehicle charging, food, drink, shower facilities, accommodation and parking; financial transaction processing services relating to fuel, energy, fleet, parking, tolling, vehicle charging and mobility services; electronic payment processing services in relation to the supply and purchase of fuels, energy and electric vehicle charging; payment card services in relation to the purchase of fuel, energy and electric vehicle charging; provision of credit for fuel, energy and electric vehicle charging expenses; financial services relating to the provision of fuels and energy; financial services in relation to electric vehicle charging; financial management of fuels, energy and electric vehicle charging; provision of financial information relating to fuel, energy, fuel expenditure, energy expenditure and electric vehicle charging; financing services for solar energy systems, hybrid energy systems, battery storage systems and energy efficiency installations; solar-as-a-service financing; financial consultancy and information in the field of solar energy and solar photovoltaic systems; financial advice and consultation in the field of energy transition; electronic toll collection services; information, advisory and consultancy services in relation to all the aforesaid.

Class 37:
Installation, construction, inspection, cleaning, maintenance, servicing, repair, refurbishment and restoration services; construction, installation, maintenance, renovation and repair of service stations, vehicle fuelling stations, gas filling stations, energy infrastructure, electricity infrastructure, electricity installations, energy installations and renewable energy installations; construction, installation, maintenance and repair of buildings, plants and structures for petrol, diesel, lubricants, chemicals, fuels, gases, electricity generation, electricity storage and energy distribution; installation, maintenance and repair of electric vehicle charging apparatus, electric vehicle chargers, electric vehicle charging stations, electric vehicle charge points, and related fittings and accessories; charging of electric vehicles; vehicle service stations, petrol stations and vehicle fuelling station services; maintenance, servicing, repair, refurbishment and restoration of vehicles; vehicle washing, cleaning, polishing and valeting services; information, advisory and consultancy services in relation to all the aforesaid.

Class 39:
Transport, packaging and storage of goods; delivery, distribution, forwarding, freight, haulage, handling, warehousing and storage services; distribution of goods by road, rail, air, sea and inland waterways; collection, transportation, storage and delivery of goods; provision of warehousing facilities; energy distribution and supply; supply, transmission, distribution and storage of electricity; distribution and supply of renewable energy; supply, distribution, transportation, storage and delivery of fuels, fuel products, gas, natural gas, gaseous fuels, liquefied petroleum gas, liquid propane gas, liquefied butane, petroleum, petroleum gas, oil products, oils, lubricants, biofuels, renewable fuels, diesel fuels, paraffinic diesel fuels and hydrotreated vegetable oil (HVO) fuels; logistics services relating to the transportation and delivery of fuels, gas and energy products; transportation relating to mobility; traffic information; cargo tracking services; tracking, locating and monitoring of vehicles; information, advisory and consultancy services in relation to all the aforesaid.

Class 40:
Generation and production of energy and electricity; generation and production of energy and electricity from renewable sources; energy-producing incineration of waste; refining, manufacturing, processing, mixing and converting fuels, oils, gases, petroleum and petroleum gas; fuel, oil, gas, petroleum and petroleum gas treatment; fuel processing; treatment of gas residues; waste treatment, processing, recycling, transformation and disposal services; water treatment and purification; air deodorising, purifying and freshening; energy production and related professional consultations; information, advisory and consultancy services in relation to all of the aforesaid.

Class 42:
Scientific, technological and industrial research and development services; studies and research in the field of energy production, in particular the distribution of renewable electricity from renewable energy producers; scientific and technical research in the field of energy, energy saving, energy-related issues, power generation, renewable energy, domestic energy, heating, insulation and renewable energy; providing scientific information, advice and consultancy relating to carbon offsetting and net zero emissions; design and development services relating to energy and power generation; engineering services relating to energy supply systems, electricity supply and transmission systems, electricity production, electrical power production and energy technology; technical and engineering advice relating to energy consumption; technological consulting services in the field of alternative energy generation; energy auditing; energy performance testing of buildings; testing, inspection and certification of the energy efficiency of buildings; technical consulting, technical guidance, technical inspection, technical control, preparation of technical documentation and technical studies relating to gas, fuels, liquid gas, liquefied petroleum gas, liquid gas installations, liquid gas tank systems, liquid gas cylinder systems, liquid gas tank trucks, gas-operated vehicles, liquid-gas-operated heating installations, gas pressure regulators, installations for supplying liquid gas, distribution networks for delivery of liquid gas and liquid gas for gas-operated vehicles; technical consulting and advisory services in the field of lubricants and lubrication; condition monitoring services relating to oils and lubricants; testing and analysis of oils and lubricants; engineering services in the field of lubricants and lubrication; design and development of software and software applications for control, regulation and monitoring of energy and heating systems; software as a service for control, regulation and monitoring of energy and heating systems; providing temporary use of non-downloadable computer programs, software, software platforms and software applications for control, regulation and monitoring of energy and heating systems; providing temporary use of non-downloadable computer software for tracking freight over computer networks; providing online non-downloadable software for fleet management; providing temporary use of online non-downloadable software for processing electronic payments; providing software as a service and platform as a service for the maintenance, repair, fault reporting, management and administration of vehicles and vehicle fleets; recording, monitoring, analysis and technological management of data relating to energy, fuel, vehicles, power consumption, air

quality and building performance; information, advisory and consultancy services in relation to all of the aforesaid.

Class 43:
Services for providing food and drink; restaurant, bar and catering services; cafe services; take-away food services; fast food and non-stop restaurant services; hotel services; temporary accommodation; information, advisory and consultancy services in relation to all of the aforesaid.

DCC Energy plc

Representative: Wilson Gunn
Centurion House 129 Deansgate, Manchester, M3 3WR, GB

(1, 37, 42)

Rencrete-Hydro

Class 1:
Additives for concrete; chemical additives for concrete; chemical admixtures for concrete; waterproofing chemical compositions for concrete; chemical additives for waterproofing concrete; chemical preparations for use in the manufacture of waterproof concrete.

Class 37:
Building construction; building repair; building maintenance; property maintenance; waterproofing of buildings; structural waterproofing services; basement waterproofing services; damp proofing services; condensation treatment services; mould remediation services; timber preservation services; timber infestation treatment services; wood preservation services; building preservation services; installation of waterproofing systems; installation of waterproof membranes; installation of damp proofing systems; roofing services; roof repair; roof maintenance; installation of insulation; concrete repair; masonry repair; sealing of buildings; remedial building works; advisory, consultancy and information services relating to the aforesaid services.

Class 42:
Building surveying; structural surveys; building inspection services; property inspection services; thermal imaging inspections; heat loss surveys; building diagnostics; consultancy relating to structural waterproofing; consultancy relating to damp proofing; consultancy relating to building preservation; design of waterproofing systems; design of structural reinforcement systems; engineering design services relating to waterproofing and structural reinforcement; testing of buildings; preparation of technical reports relating to buildings; construction project consultancy; advisory, consultancy and information services relating to the aforesaid services.

LONDON WATERPROOFING GROUP LIMITED

Representative: Hybrid Legal Limited

ECCO WALK YOUR WALK

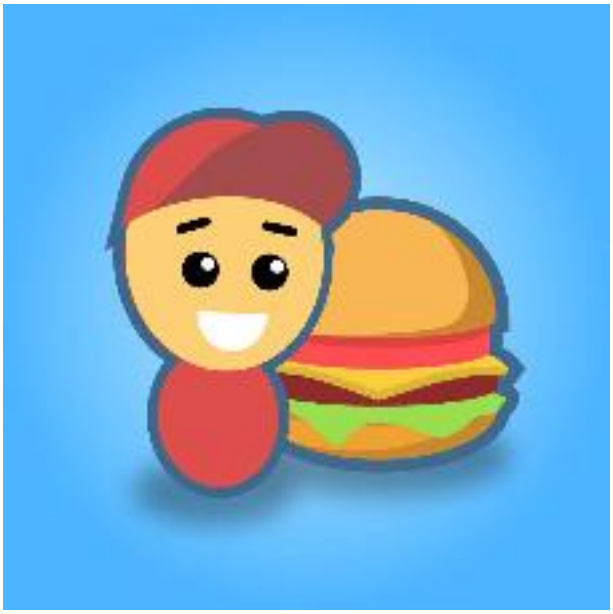
International priority date claimed:
23 March 2026 (CHINA)

Class 25:
Clothing; footwear; headwear; coats; layettes [clothing]; swimsuits; waterproof clothing; dancing dresses; hosiery; gloves [clothing]; neckties; belts [clothing]; religious dresses; shower caps; sleep masks; hairdressing capes; wedding dresses.

ECCO Sko A/S

Representative: Barker Brettell LLP
100 Hagley Road Edgbaston, Birmingham, B16 8QQ, GB

UK00004436740 27 August 2026
(9, 41)



International priority date claimed:
13 March 2026 (EUROPEAN UNION INTELLECTUAL PROPERTY OFFICE (EUIPO))

Class 9:
Computer games; computer game software; computer game software for use on mobile phones, tablets and other electronic mobile devices; downloadable computer game programs.

Class 41:
Providing on-line computer games; providing on-line video games; providing online computer games accessed and played via electronic, wireless and computer networks; providing online video games accessed and played via electronic, wireless and computer networks.

Lessmore GmbH

Representative: Sipara Limited
Old Pump House 19 Hooper Street, London, E1 8BU, GB

(9, 18, 20)

GRIDPOINT

International priority date claimed:
12 March 2026 (UNITED STATES OF AMERICA)

Class 9:

Modular organization system consisting primarily of removable and interchangeable panels for use with plastic cases specially adapted for photographic and electronic equipment and devices and other sensitive equipment, namely, cameras, photographic equipment, computers, computer peripheral equipment, and mounting hardware therefore.

Class 18:
Modular organization system consisting primarily of removable and interchangeable panels specially adapted for use with luggage with rolling wheels, luggage without rolling wheels, and mounting hardware therefore.

Class 20:
Modular organization system consisting primarily of removable and interchangeable panels for use with plastic cases; Modular organization system consisting primarily of removable and interchangeable panels for use with plastic cases for military, industrial, commercial and personal use, namely, for packaging, shipping, transportation, protection of contents and storage.

Class 9:
Platform software; Speech analytics software; Collaboration management software platforms; Collaboration software platforms [software]; Real-Time Collaborative Editing [RTCE] platforms [software]; Computer software platforms for social networking; Digital telephone platforms and software; Computer software platforms; Digital dashboard software; Software for the integration of artificial intelligence and machine learning in the field of Big Data; Dashboard software; Revision control platforms [software]; Application software for cloud computing services; Big data management software; Downloadable mobile applications for the management of data; Software platforms to allow users to collect money; Cloud network monitoring software; E-commerce software; Software for the analysis of business data; Software for the planning, integration and optimisation of smart city applications; Digital solutions provider [DSP] software; Software for the planning, integration and optimization of Smart City applications; Enterprise content management [ECM] software; Data management software; Interactive casino games provided through a computer or mobile platform; Web content management [WCM] software; Intelligent gateways for real-time data analysis; Tools [software] for search engine optimisation; Application software for social networking services via internet; CMS software [Content management system]; Software for online messaging; Computer software to automate data warehousing; Software for embedding online advertising on websites; Business technology software; E-commerce and e-payment software; Third party search marketing software; Mobile device management software; Middleware for management of software functions on electronic devices; Interactive business software; Computer software for the dissemination of positioning data; Collaboration tools [software]; Software for mobile device management; Data communications software; Enterprise software; Search marketing software; Media streaming software; Data mining software; Media development software; Machine learning software for advertising; Social software; Software development tools; Software for use in advertising; Business management software; Education software; AI software; Computer-aided engineering [CAE] software; Advertising signboards [mechanical]; Advertising signboards [luminous]; Electronic advertising displays; Software for designing online advertising on websites; Software for renting advertising space on websites; Artificial intelligence software for analysis; Artificial intelligence software; Business intelligence software; Artificial intelligence and machine learning software; Software for commerce over a global communications network; Business software; Data banks; Data processing programs recorded on machine-readable data carriers; Data networks; Data processors; Data cards; Data loggers; Data engines; Data processing software; Data suits; Data storage media; Data carriers; Data compression software; Data processing programs; Cloud computing software; Downloadable cloud computing software; Cloud servers; Cloud server software; Computer application software for use with wearable computer devices; Computer telephony software; Computer networking hardware; Computer software for encryption; Electronic data storage media; Computing visual display units; Computer software to enable retrieval of data; Interactive software based on artificial intelligence.

Class 35:
Outsourcing services in the field of business analytics; Marketing in the framework of software publishing; Marketing services in the field of web site traffic optimization; Business data analysis services; Marketing analysis services; Business management consulting services in the field of information technology; Data management services; Online data processing services; Providing marketing consulting in the field of social media; Marketing; Advertising and marketing consultancy; Marketing analysis; Marketing forecasting; Advertising and marketing; Digital marketing; Marketing services; Marketing research services; Advertising, marketing and promotion services; Marketing, advertising and promotion services; Business marketing services; Analysis of marketing trends; Marketing information; Database marketing; Referral marketing; Business marketing consulting services; Financial marketing; Advertising, marketing and promotional services; Advertising, promotional and marketing services; Marketing, advertising, and promotional services; Marketing research and analysis; Marketing research or analysis; Online marketing; On-line advertising and marketing services; Affiliate marketing; Marketing agency services; Consultancy services in the field of affiliate marketing; Internet marketing; Promotional marketing; Marketing studies; Advice in the field of business management and marketing; Design of marketing surveys; Marketing management advice; Consultancy services relating to advertising, publicity and marketing; Consulting services in the field of Internet marketing; Consultancy relating to marketing; Direct marketing consulting; Targeted marketing; Promotion, advertising and marketing of on-line websites; Statistical evaluations of marketing data; Marketing advisory services; Consultancy regarding advertising

communications strategy; Advertising services for the promotion of e-commerce; Advertising copywriting; Development of marketing concepts; Planning services for marketing studies; Modeling services for advertising or sales promotion; Business marketing consultation services; Recruitment services for sales and marketing personnel; Marketing advice; Search engine marketing services; Analysis relating to marketing; Consulting services relating to marketing; Providing business marketing information; Creative marketing plan development services; Advertising analysis; Promotional marketing services using audiovisual media; Advertising and marketing services provided by means of social media; Consultancy relating to demographics for marketing purposes; Development of marketing strategies and concepts; Consumer profiling for commercial or marketing purposes; Promotion [advertising] of business; Modeling for advertising or sales promotion; Direct marketing services; Marketing assistance; Market research and marketing studies; Event marketing; Business advice relating to strategic marketing; Marketing plan development ; Advertising research services; Business consultancy services relating to the marketing of fund raising campaigns; Dissemination of advertising, marketing and publicity materials; Consultancy regarding advertising communication strategies; Marketing services in the field of travel; Advertising research; Information or enquiries on business and marketing; Marketing consultation services; Marketing services in the field of restaurants; Digital advertising services; Marketing (Business advice relating to -); Advertising and marketing services provided by means of blogging; Direct marketing; Business management analysis; Marketing services in the field of dentistry; Business management consultancy via the Internet; Advice relating to marketing management; Sales management services; Market research for advertising; Consulting in sales techniques and sales programmes; Business management and consultancy; Provision of marketing information; Advertising and promotion services and related consulting; Business strategy services; Estimations for marketing purposes; Business consultancy services for digital transformation; Provision of marketing reports; Business management and consultancy services; Business management consultancy services; Business management and consulting; Advertising and promotion services; Business strategy development services; Business management and consulting services; Business management consulting services; Marketing research; Advertising and marketing services; Advertising; Advertising and advertisement services; Advertising and publicity; Publicity and advertising; Advertising agencies; Banner advertising; Magazine advertising; Television advertising; Advertising services of a radio and television advertising agency; Newspaper advertising; Hire of advertising billboards; Online advertising; Radio advertising; Recruitment advertising; Advertising services; Advertising services provided by a radio and television advertising agency; Outdoor advertising; Advertising and promotional services; Promotional and advertising services; Promotional advertising services; Radio advertising and commercials; Design of advertising flyers; Copywriting for advertising and promotional purposes; Mediation of advertising; Hire of advertising hoardings; Advertising flyer distribution; Advertising of cinemas; On-line advertising; Promotion [advertising] of travel; Mail-order advertising; Elevator advertising; Services of advertising agencies; Arrangement of advertising; Design of advertising brochures; Press advertising consultancy; Distribution of advertising brochures; Distribution of advertising leaflets; Design of advertising logos; Advertising, promotional and public relations services; Advertising consultation; Distribution of advertising announcements; Advertising services relating to perfumery; Consultancy relating to advertising; Advertising services relating to newspapers; Dissemination of advertising and promotional materials; Hiring of advertising materials; Advertising services for architects; Research services relating to advertising and marketing; Advertisement and publicity services by television, radio, mail; Distribution of advertising materials; Advertising automobiles for sale by means of the Internet; Advertising services for the literary industry; Publication of advertising texts; Production of advertising materials; Advertising via the Internet; Advertising for others; Online advertising on computer networks; Online advertising services; Online advertisements; Advertising, including on-line advertising on a computer network; Providing a searchable online advertising guide featuring the goods and services of other on-line vendors on the internet; Rental of advertising space on the Internet for employment advertising; Lead generation services; Market intelligence services; Competitive intelligence services; Business intelligence services; Providing market intelligence services; Providing business intelligence services; Advice on the analysis of consumer buying habits and needs provided with the help of sensory, quality and quantity-related data; Business management consultancy in the field of executive and leadership development; Serving as a human resources department for others; Tracking and monitoring energy consumption for others for account auditing purposes; Consultancy regarding public relations communications strategy; Development of business organization strategies relating to corporate social responsibility; Human resources consultancy; Import-export agencies in the field of energy; Consultancy regarding public relations communication strategies; Business administration services for the processing of sales made on a global computer network; Advertising, marketing and promotional consultancy, advisory and assistance services; Consultancy relating to business advertising; Organisation of customer loyalty programs for commercial, promotional or advertising purposes; Distribution of advertising, marketing and promotional material; Personnel recruitment advertising; Modelling for advertising or sales promotion; Planning services for advertising; Consultancy relating to advertising and promotion services; Advertising matter (Dissemination of -); Cinema advertising; Research services relating to advertising; Advertising material (Dissemination of -); Preparation of business profitability studies; Business profit analysis; Business research for new businesses; Economic forecasting for business purposes; Business consulting for enterprises; Development and implementation of marketing strategies for others; Data entry and data processing; Data processing for the collection of data for business purposes; Collection of data; Data processing; Compilation of business data; Preparation of business statistical data; Business data analysis; Analysis of business data; Data processing for businesses; Collating of data in computer databases; Data collection [for others]; Compilation of data; Compilation of data in computer databases; Computer data processing; Compilation of statistical data relating to business; Data management; Provision of business data; Systematization of data in computer databases; Electronic data processing; Data processing management; Updating of business information on a computer data base; Automated data processing; Provision of computerised business information data; Data compilation for others; Dissemination of data relating to business; Data processing verification; Analysis of market research data and statistics; Retail services in relation to computer software.

Class 38:
Providing access to e-commerce platforms on the Internet; Telecommunication services provided via platforms and portals on the Internet and other media; Providing access to platforms and portals on the Internet; Telecommunication services provided via Internet platforms and portals; Providing user access to platforms on the Internet; Data streaming services; Providing access to platforms on the Internet.

Class 41:
Training courses in strategic planning relating to advertising, promotion, marketing and business; Education; Management education services; Management of education services; Education services; Education and training consultancy; Training and education services; Online education services; Entertainment, education and instruction services; Education and training; Computer education training services; Education academy services; Academy education services; Vocational education and training services; Consultancy services relating to engineering education; Technological education services; Education, entertainment and sport services; Education services relating to industry; Educational services relating to sales training; Vocational education; Teaching of diet education; Business educational services; Career counseling [education]; Education academy services for teaching construction drafting; Education services relating to commerce; Primary education services; Physical education services; Professional consultancy relating to education; Education services relating to design; Scriptwriting, other than for advertising purposes; Online digital publishing services; Publication of multimedia material online; Providing online electronic publications; Publication of online reviews in the field of entertainment.

Class 42:
Platform as a Service [PaaS]; Platform as a service [PaaS]; Programming of software for e-commerce platforms; Platforms for gaming as software as a service [SaaS]; Platforms for artificial intelligence as software as a service [SaaS]; Platforms for graphic design as software as a service [SaaS]; Software as a service [SaaS] featuring software platforms for electronic gaming; Software as a service [SaaS] featuring computer software platforms for artificial intelligence; Platform as a service [PaaS] featuring software platforms for transmission of images, audio-visual content, video content and messages; Software as a service [SaaS] featuring software platforms for graphic design; Programming of software for Internet platforms; Hosting of e-commerce platforms on the Internet; Programming of software for information platforms on the Internet; Software as a service [SaaS] services featuring software for machine learning, deep learning and deep neural networks; Development of computer platforms; User authentication services using single sign-on technology for online software applications; Software as a service [SaaS] featuring software for deep learning; Software as a service [SaaS] featuring software for deep neural networks; Providing user authentication services using single sign-on technology for online software applications; Providing user authentication services using biometric hardware and software technology for e-commerce transactions; Hosting of transaction platforms on the internet; Software as a service [SaaS] featuring software for machine learning; Design and development of operating software for cloud computing networks; User authentication services using technology for e-commerce transactions; Consulting in the field of cloud computing networks and applications; User authentication services using blockchain technology; Creation of computing platforms for third parties; Hosting of communication platforms on the internet; Cloud-based data protection services ; Constructing an internet platform for electronic commerce; Consultancy services relating to software used in the field of e-commerce; Hosting platforms on the Internet; Hosting of platforms on the Internet; Design and development of software in the field of mobile applications; Software development in the framework of software publishing; Consulting services in the field of software as a service [SaaS]; Software engineering services for data processing; Services for the design of electronic data processing software; Design and development of data processing software; Consulting services in the field of cloud computing; Design and development of data retrieval software; Design services relating to data processing tools; Design services for data processing systems; Development of software for data and multimedia content conversion from and to different protocols; Enterprise content management; Information technology [IT] support services [troubleshooting of software]; Consultancy and information services in the field of information technology architecture and infrastructure; Software engineering services for data processing programs; Design and development of software for instant messaging; Design of software for data and multimedia content conversion from and to different protocols; Programming of software for online advertising; Designing websites for advertising purposes; Artificial intelligence consultancy; Research in the field of artificial intelligence; Research in the field of artificial intelligence technology; Technology consultation in the field of artificial intelligence; Artificial intelligence as a service (AIAAS); Technological analysis relating to energy and power needs of others; Providing artificial intelligence computer programs on data networks; Consultancy relating to technological services in the field of power and energy supply; Computer security threat analysis for protecting data; Development of energy and power management systems; Monitoring of events which influence the environment within civil engineering structures; Engineering services in the field of motive power; Development of data bases; Consultancy in the field of data security; Research and development for others; Conducting research and technical project studies relating to the use of natural energy; Provision of information concerning research and technical project studies relating to the use of natural energy; Providing information in the field of plant genetics research resources; Design and development of electronic data security systems; Assessment in the field of technology provided by engineers; Data security consultancy; Assessment in the field of science provided by engineers; Quantum computing services; Quantum computing; Cloud hosting provider services; Infrastructure as a Service [IaaS]; Computer programming services for electronic data security; Computer software integration; Computerised data storage services; Computer integration services; Electronic storage of data; Design and development of operating software for computer networks and servers.

Webosaurus Limited

UK00004436650 27 August 2026

Agxio Cognition

Class 9:
Artificial intelligence software; artificial intelligence and machine learning software; downloadable computer software using large language models; generative artificial intelligence

software; natural language processing software; knowledge management software; enterprise software; decisionsupport software; computer software for searching, retrieving, analysing and interpreting structured and unstructured data; computer software for natural language understanding, generation, reasoning and analysis; computer software for accessing and interrogating enterprise knowledge; computer software for information retrieval and question answering; computer software for data analysis; computer software for providing evidence-based and explainable artificial intelligence outputs.

Agxio Limited

UK00004406019 23 June 2026
(1, 3, 6, 8, 16, 17, 20, 21, 22, 24)

International priority date claimed:
20 April 2026 (EUROPEAN UNION INTELLECTUAL PROPERTY OFFICE (EUIPO))

Class 1:
Artificial resins; Unprocessed plastics; Additives (chemical and organic) for use in plastic; Tamper evident plastic films [sensitised] for packaging purposes; Unprocessed synthetic resins for use in the manufacture of plastic molding compounds.

Class 3:
Cosmetics; Soap; Laundry preparations; perfumary; Essential oils for fragrancing; Cosmetics; Hair lotions; Pre-moistened cosmetic wipes; Non-medicated dentifrices.

Class 6:
Common metals and their alloys; Aluminium; Aluminium foil; Aluminium strip; Aluminium or aluminium alloy foil for food packaging or cooking; Sheets of aluminium; Aluminium wire; Receptacles of metal for packaging; Tubs of aluminum or aluminum alloys; Aluminium in rolls; Metal dispensers of paper and aluminium foil; Metal dispensers of paper or plastic bags for household or kitchen use; Metal dispensers of cling film, other than fixed.

Class 8:
Hand tools and implements [hand-operated]; Cutlery; Spoons (tableware); Table forks.

Class 16:
Paper packing materials; Wrapping paper; Packing cardboard; Sheets for wrapping made of paper; Blister cards; paper rolls for packaging; Plastic materials for packaging; Parchment paper and baking paper; Food-wrapping paper; Plastic film for wrapping; Adhesive plastic film for packaging; bags of paper or plastic materials; Paper or plastic bags for packaging; Plastic and paper bags for household purposes; Trash can liners; Bin liners of plastic Rubbish bags; Ice cube bags; Freezer bags; Bags of paper or plastics, for packaging; Films for wrapping foodstuffs; Boxes of paper or cardboard; Airtight packaging of paper; Packaging material made of starches; Air bubble plastics for packaging; Printed matter; Paper; Cardboard; Boxes of paper or cardboard; Posters; Albums; Cards; Books; Newspapers; Prospectuses; Pamphlets; Calendars; Photographs [printed]; Stationery; Adhesives for stationery or household purposes; Teaching and instructing material (excluding apparatus); Face towels of paper; Table linen of paper; Toilet paper.

Class 17:
Latex [rubber]; Gum, raw or semi-worked; Asbestos; Weatherstripping compositions; Insulating materials; Rubber stoppers; Packing [cushioning, stuffing] materials of rubber or plastics; Foils of metal for insulating; Insulating tapes; Insulating fabrics; Insulating varnish; Bags [envelopes, pouches] of rubber, for packaging; Fibreglass for insulation; Glass wool for insulation; Flexible plastic films, other than for packaging; Semi-worked plastic substances.

Class 20:
Packaging containers of plastic; Packaging containers not of metal; Boxes made of plastic; Boxes (packaging-) in made-up form [plastic]; Flexible containers for liquid or food storage Being of plastic; Non-metallic dispensers of paper and aluminium foil; Dispensers of paper or plastic bags for household or kitchen use; Non-metallic dispensers of cling film, other than fixed.

Class 21:
Dishes; Table plates; Punnets; Moulds; Aluminium moulds [kitchen utensils]; Ramekins; Containers for household or kitchen use of plastic; Ice cube trays; Food storage containers; heat insulation gloves for kitchen; Bags for microwave cooking.

Class 22:
Padding materials, not of rubber, plastics, paper or cardboard; Raw fibrous textile; Cables, not of metal; Packing [cushioning, stuffing] materials, not of rubber, plastics, paper or cardboard; Textile fibres; Sacks for the transport and storage of materials in bulk; Bags [envelopes, pouches] of textile, for packaging; Rubble bags.

Class 24:
Textiles for food wrapping; Textile material; Linens; Paper bed linen; Textiles; Fabrics for textile use.

Class 9:
Computer software applications, downloadable; Computer software applications, downloadable for use in the operation of vehicles, semi-autonomous vehicles, autonomous vehicles, drones, semi-autonomous drones, autonomous drones, robots, and semi-autonomous and autonomous robots; Computer software, recorded; Computer software, recorded for use in the operation of vehicles, semi-autonomous vehicles, autonomous vehicles, drones, semi-autonomous drones, autonomous drones, robots, and semi-autonomous and autonomous robots; Downloadable software for operating and driving vehicles and autonomous vehicles, for navigation and routing of autonomous vehicles, for control of vehicle brake, acceleration, and throttle, for control of vehicle components and systems, for managing, monitoring, maintaining, and operating vehicle fleets, for providing and managing vehicles and autonomous vehicles for transportation rideshare and ride hailing services, for providing and managing vehicles and autonomous vehicles for freight transportation, for coordinating, scheduling, booking, and dispatching vehicles and autonomous vehicles for passengers and freight transportation, for monitoring components and vehicle systems within vehicles and autonomous vehicles, for simulating control and operation of autonomous vehicles, for using artificial intelligence (AI), machine learning, and deep learning for operating vehicles and autonomous vehicles or managing vehicle fleets, for calibration of vehicle sensors, for data

management, for vehicle theft protection, for remote assistance with operation of autonomous vehicles, for communication with passengers in autonomous vehicles, for communication between vehicles and third party road users, for map creation, for automating interactions between autonomous vehicles and vehicle passengers, for automating interactions between autonomous vehicles and objects, and for annotating images, objects or events; Downloadable simulation software for autonomous vehicles; Downloadable simulation software for use in the operation of autonomous vehicles; mobile applications for coordinating, scheduling, booking, deploying, and dispatching vehicles for passenger and freight transport and delivery services, for scheduling and coordinating transportation services, for managing operations and processes for vehicle fleets and for maintaining and troubleshooting autonomous vehicles; Computer hardware and recorded software for controlling steering, braking and acceleration of vehicles, for operation of vehicle controls and systems, for operating, monitoring, and managing autonomous vehicle sensors and systems and for facilitating wireless communications; Hardware; Computer hardware; Computer hardware for autonomous vehicles; Electric batteries; Electric power converters; Navigation apparatus for vehicles; Radar apparatus; Lidar apparatus; Cameras; Cameras for use with vehicles; Wireless transmitters and receivers; Transmitters and receivers of electronic signals for communication between autonomous vehicles and cloud infrastructure, other vehicles, and road infrastructure; Occupancy sensors for detecting passengers and objects in a vehicle; Human machine interface systems for use in autonomous vehicles comprising interfaces for computers, computer hardware, downloadable computer software for operating autonomous vehicles; Touchscreens; Display monitors; Computer, dashboard, and infotainment display monitors; Downloadable software development kits (SDK); Downloadable datasets featuring topographical, geographical, infrastructural, spatial, and other geolocation information; Downloadable datasets derived from a multitude of driving scenarios; Downloadable software for use in downloading and accessing datasets; Downloadable software for use in downloading, accessing, searching, reviewing, analyzing, and using datasets; Downloadable software for use in downloading and accessing datasets and featuring standardized evaluation protocols for a variety of tasks relating to the use of datasets; Downloadable software for downloading, accessing, searching, reviewing, analyzing, and using datasets for developing machine learning models, for product research and development, for technical and scientific research and development, for research and development in the fields of computer vision, robotics, simulation, autonomous driving, for motion, path and trajectory planning in the field of transportation, autonomous vehicles, and for urban and regional planning; Downloadable application programming interface (API) software; Downloadable software for accessing information regarding transportation services or arranging for transportation services; Downloadable mobile application software for accessing information regarding transportation services or arranging for transportation services.

Class 12:
Land vehicles and structural parts therefor; Autonomous and semi-autonomous land vehicles; Self-driving transport vehicles for passengers, cargo, and freight.

Class 35:
Collection and compilation of information into computer databases; Data searching in computer files for others; Systemization of information into computer databases; Business data analysis; Business management assistance; Business management and business operational management services relating to vehicle fleets; Tracking, locating, and monitoring of vehicles for commercial purposes; Freight delivery logistics management, including arranging the delivery of goods for others; Business data analysis, business operational data analysis, and business intelligence services for vehicle fleets; Operational data analysis and intelligence services for vehicle fleets; Compiling and analyzing statistics, data, and other sources of information for business purposes; Compiling and analyzing statistics, data, and other sources of information from vehicle fleets for business purposes; Fleet management services in the nature of tracking and diagnostic evaluation of fleet vehicles for commercial purposes; Business advisory services in the field of optimization of upstream logistics and supply chains; Business advisory and consulting services in the field of operation and management of autonomous vehicles; Collection and compilation of information into datasets derived from a multitude of driving scenarios; Collection and compilation of information into datasets for use in product and service research and development, in research and development in the field of computer vision, transportation, and autonomous driving, in technical and scientific research and development, in motion, path and trajectory planning in the field of transportation, and autonomous vehicles, and in urban planning and development; Collecting, compiling, augmenting, and labeling information derived from a multitude of driving scenarios, namely, collection and compilation of driving scenario information into computer databases and datasets; Providing business information regarding all of the foregoing.

Class 37:
Installation, maintenance, and repair of computer hardware; Installation, maintenance, and repair of autonomous vehicle-related hardware; Vehicle maintenance and repair; Providing vehicle maintenance and repair information regarding all of the foregoing; Providing vehicle maintenance and repair information in the fields of vehicles, autonomous vehicles, vehicle systems and components; Fleet management in the nature of maintenance of vehicles; Providing information regarding the installation, maintenance, and repair of autonomous vehicle-related hardware.

Class 39:
Transportation of passengers; Transportation of goods and cargo; Transportation of passengers and goods by autonomous vehicles; Robo taxi services; Ride-sharing services in the nature of carpooling services, namely, matching of passengers needing rides with vehicles; Taxi transport services via vehicles; Freighting services; Supply chain logistics and reverse logistic services, namely, storage, transportation, and delivery of goods for others; Transport and delivery of goods for others; Providing transportation information in the fields of vehicle navigation, ride sharing, supply chain logistics, and reverse logistics; Providing information in the fields of transportation and transport and travel routes; Providing information in the fields of topographical, geographical, infrastructural, and spatial data and the use thereof; Providing transportation information regarding all of the foregoing.

Class 41:
Education, namely, tutorials, videos, seminars, instruction manuals, and other educational training and support in the field of autonomous vehicles; Providing training; Providing of training

in the field of autonomous vehicles and autonomous vehicle technology; Training in the use, operation, and management of self-driving vehicles and consultation about education relating thereto; Educational services, namely, providing seminars, conferences, workshops, and online instruction in the field of interaction with autonomous vehicles; Education, namely, tutorials, videos, seminars, instruction manuals, and other educational training and support in the field of autonomous vehicles; Training in the use, operation, and management of self-driving vehicles and consultation about education relating thereto; Educational services, namely, providing seminars, conferences, workshops and online instruction in the field of interaction with autonomous vehicles; Educational services, namely, providing instructions and training in the use and analysis of topographical, geographical, infrastructural, spatial, and other information derived from a multitude of driving scenarios; Providing information derived from a multitude of driving scenarios for educational purposes.

Class 42:
Software as a services [SaaS]; Software as a service (SAAS) services featuring software for use in the operation of vehicles, semi-autonomous vehicles, autonomous vehicles, drones, semi-autonomous drones, autonomous drones, robots, and semi-autonomous and autonomous robots; Platform as a Service [PaaS]; Platform as a service (PAAS) featuring computer software for use in the operation of vehicles, semi-autonomous vehicles, autonomous vehicles, drones, semi-autonomous drones, autonomous drones, robots, and semi-autonomous and autonomous robots; Design and development of computer hardware and software; Maintenance of computer software; Engineering; Scientific and technological services and research and design relating thereto; Scientific and technological services, namely, research and design in the field of vehicles; Product research and development; Vehicle roadworthiness testing; Industrial design; Installation, updating, and maintenance of computer software for use with vehicle on-board computers for monitoring and controlling vehicle operation; Installation, maintenance, and repair of software for autonomous vehicles; Testing, validation, and evaluation of vehicle software and computer hardware; Software as a service (SaaS) services, namely, providing temporary use of non-downloadable software for remote monitoring, coordination, management, and optimization of vehicles, for coordinating and managing services for transporting cargo, goods, and delivery services, for scheduling, booking, and dispatching vehicles to transport passengers, cargo, and the delivery of goods, for management of transportation, rideshare, and ride hailing services, for vehicle fleet management and operations, for autonomous vehicle support including calibration, mapping, simulation, maintenance, repair, and software updates, for data analytics in the fields of transportation, utilities, insurance, mapping, infrastructure, and vehicle fleet management, for use as an application programming interface (API), for use as a software development kit (SDK), for use for software development, and for use in dataset use and management; Providing temporary use of software, datasets, and application programing interface (API) software; Providing temporary use of software for downloading, accessing, searching, and analyzing geographical, typographical, infrastructural, and location information; Research and development in the field of autonomous vehicles; Research and development of computer hardware and software for use with vehicle on-board computers for monitoring and controlling vehicle operations; Research and development of computer hardware and software for vehicle coordination, vehicle fleet optimization, navigation, calibration, and mapping; Research and development in the fields of artificial intelligence (AI), machine learning, and deep learning; Providing technology information regarding all of the foregoing; Providing technology information in the fields of computer software for vehicles, computer hardware for vehicles, electronics for vehicles, artificial intelligence, vehicle diagnostic and roadworthiness testing, autonomous vehicle design, autonomous vehicle development and deployment; Data searching in computer files for others, namely, searching information available on computer networks for others; Providing an online computer database of information derived from a multitude of driving scenarios; Providing an online computer database of information derived from a multitude of driving scenarios for use in the field of computer vision and autonomous driving; Providing an online computer database of information for use in product and service research and development, in research and development in the field of computer vision and autonomous driving, in technical and scientific research and development, in motion, path, and trajectory planning in the field of autonomous vehicles, and in urban and regional planning.

Class 45:
Licensing proprietary rights in databases of information derived from a multitude of driving scenarios; Licensing proprietary rights in databases of information for use in product and service research and development, in research and development in the field of computer vision and autonomous driving, in technical and scientific research and development, in motion, path, and trajectory planning in the field of autonomous vehicles, and in urban and regional planning; Licensing proprietary rights in databases of topographical, geographical, infrastructural, spatial, and other information; Licensing proprietary rights in databases of topographical, geographical, infrastructural, spatial, and other information regarding interaction between stationary and moving three-dimensional objects and derived from a multitude of driving scenarios including diverse sets of locations, times, weather, and other conditions and unexpected events.
