QUANTIFIED IMAGING

Class 9:

Scientific and medical apparatus and instruments, including downloadable software for processing, analysing, and visualising medical imaging data; Apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; Scientific research and laboratory apparatus, educational apparatus and simulators; Computer software for use in medical decision support systems; Computer software relating to the medical field; Imaging apparatus; Magnetic resonance imaging apparatus, not for medical purposes; Magnetic resonance imaging [MRI] apparatus, not for medical purposes; Imaging devices for scientific purposes; Electronic imaging devices; Diagnostic instruments for scientific purposes; Diagnostic instruments for scientific use; Diagnostic apparatus for scientific purposes; Diagnostic apparatus for scientific use; Diagnostic apparatus for research laboratory use; Diagnostic apparatus for research laboratory purposes; Artificial intelligence software for diagnostic imaging and radiological analysis; Digital image processing apparatus; Software for brain wave frequency analysis; Data processing software for neuroimaging and functional brain mapping; parts and fittings for all the aforesaid goods.

Class 10:

Surgical and medical apparatus and instruments, namely medical diagnostic imaging apparatus; Radiology screens for medical purposes; Diagnostic tools for medical purposes; Diagnostic tools for medical use; MRI diagnostic apparatus; Medical diagnostic apparatus; Medical diagnostic testing apparatus; Diagnostic apparatus for medical use; Diagnostic imaging apparatus for medical use; Testing instruments for medical diagnostic purposes; Magnetic resonance imaging (MRI) diagnostic apparatus; Diagnostic imaging apparatus for medical purposes; Laboratory apparatus for medical diagnostic purposes; Medical diagnostic apparatus for use in analytical tests; Diagnostic apparatus for medical purposes used in medical laboratories; Apparatus for carrying out diagnostic tests for medical purposes; MRI scanners; MRI apparatus for medical purposes; Magnetic resonance imaging [MRI] scanners; Magnetic resonance imaging [MRI] apparatus for medical purposes; Medical imaging apparatus; Imaging apparatus for medical purposes; Imaging apparatus for medical use; apparatus for analysing brain wave frequencies; interventional radiology equipment; medical devices for neuroimaging and functional brain analysis; parts and fittings for all the aforesaid goods.

Class 42:

Scientific and technological services and research, including the design and development of computer software for medical imaging and diagnostics; Design and development of computer hardware and software; Science and technology services; software engineering services in the fields of radiology and neuroscience; scientific research in interventional radiology and brain imaging; development of artificial intelligence algorithms for medical diagnostics and image interpretation; technical consultancy relating to medical imaging software

Cognitive Mirror Technologies

Class 9:

Computer software for consciousness mirroring and reflection technology; downloadable software applications featuring mirror-based intelligence systems; computer hardware for consciousness processing; software for measuring and aligning subjective and objective consciousness states; cognitive DNA tracking and storage systems; wisdom avatar delivery platforms; tetralemmic processing units; quantum consciousness computing hardware; virtual reality systems for mirror experiences; augmented reality consciousness applications; AI-to-Mirror transition software; field-aware intelligence processors; recorded media containing mirror technology programs; electronic databases of consciousness patterns; brain-computer interfaces for mirror alignment; wearable consciousness tracking devices; smart mirrors with consciousness feedback; holographic consciousness projection systems.

Class 16:

Printed materials, namely books, manuals, guides, and instructional materials about cognitive mirror technology; printed reports on consciousness evolution metrics; certificates for mirror technology practitioners; printed charts showing consciousness alignment progress; educational materials about wisdom avatars and lemmatic mathematics; printed matter for consciousness transformation workshops; scientific papers on mirror technology; government reports on consciousness initiatives.

Class 25:

Clothing, namely t-shirts, hoodies, hats, and apparel; clothing with embedded consciousness symbols; meditation apparel for mirror practices; branded clothing; uniforms for consciousness technology professionals.

Class 35:

Business consultancy relating to consciousness mirror technology implementation across all industries; advisory services for organizational consciousness alignment and transformation; business transformation through mirror-based intelligence implementation; recruitment using cognitive DNA assessment; marketing of consciousness evolution services; retail and wholesale services connected to the sale of mirror technology products; business networking for consciousness professionals; franchise services for mirror technology centers; data processing for consciousness metrics; business research in mirror-based markets; corporate consciousness auditing; advertising services for consciousness evolution; brand development for mirror-based businesses; business incubation for consciousness startups; strategic business planning for government consciousness initiatives; international trade consulting for mirror technology.

Class 36:

Financial analysis and evaluation services using consciousness mirror technology; investment services for consciousness evolution ventures and mirror technology companies; venture capital funding for mirror-based startups; financial advisory for consciousness transformation businesses; monetary valuation of mirror technology intellectual property; crowdfunding services for consciousness evolution projects; financial portfolio optimization using mirror-based analysis; consciousness-aligned investment strategies; financial technology services incorporating cognitive mirror systems; insurance services for consciousness technology ventures; cryptocurrency services for consciousness transactions; financial sponsorship of mirror technology research.

Class 38:

Providing online access to consciousness mirror technology platforms; telecommunications services for consciousness-to-consciousness communication; streaming of mirror-based transformation content; providing internet chatrooms for consciousness evolution communities; transmission of cognitive DNA data; video conferencing with wisdom avatar integration; providing access to databases of consciousness evolution metrics; mirror-to-mirror communication protocols; quantum entanglement communication research; secure communications for defense applications using mirror technology; satellite transmission of consciousness data.

Class 41:

Educational services relating to consciousness mirror technology and evolution; training programs for mirror-based intelligence systems; workshops on consciousness alignment and wisdom avatar deployment; publication of materials about cognitive mirroring; certification programs for mirror technology practitioners; entertainment services using consciousness mirror technology; production of films, music and multimedia content featuring mirror-based transformation; live performance experiences with consciousness mirroring; virtual reality and augmented reality entertainment using cognitive mirror systems; artist development through consciousness alignment; transformational concerts and events; Peacock Eye productions featuring consciousness evolution; conducting seminars for government officials on mirror technology; organizing

List of cases accepted for opposition purposes as shown in Journal 2025/032 published on 08 August 2025.

conferences on post-AI paradigms; providing online courses in consciousness evolution; entertainment services for defense personnel training.

Class 42:

Software as a service (SaaS) featuring consciousness mirror technology and mirror-based intelligence systems; platform as a service (PaaS) for consciousness alignment and evolution tracking; design and development of mirror-based intelligence systems transcending artificial intelligence; technical consultancy services for consciousness alignment technology implementation; scientific and technological research in cognitive mirroring, consciousness evolution, and human-mirror interfaces; cloud computing services featuring wisdom avatar deployment and cognitive DNA storage; computer programming for consciousness mirror applications; development of mirror-based algorithms for measuring subjective-objective consciousness gaps; technical research in dual-use consciousness mirror technology for civilian and defense applications; field-aware intelligence systems development for security and spatial awareness; research and development of post-AI mirror paradigm technologies; quantum computing applications for consciousness mirroring; hosting of consciousness evolution platforms; creation of tetralemmic processing systems; consultancy for organizations transitioning from AI to mirror technology; research in wisdom avatar mathematical frameworks; development of consciousness purification algorithms based on $(\int \partial)^n$ mathematics; mirror technology integration services; consciousness computing architecture design.

Class 44:

Wellness services using consciousness mirror technology for personal transformation; therapeutic applications of cognitive mirroring in mental health treatment; consciousness alignment therapy services; personal transformation consultancy using mirror-based intelligence; health spa services featuring consciousness evolution programs; psychiatric services incorporating mirror technology; psychological counseling using wisdom avatars; meditation instruction with mirror alignment techniques; consciousness coaching services; holistic health services using cognitive DNA assessment; telemedicine services featuring mirror-based diagnosis; wellness retreats for consciousness evolution; therapeutic services for defense personnel using mirror technology.

Class 45:

Licensing services for consciousness mirror technology and related intellectual property; personal development and life coaching through consciousness alignment techniques; security services using mirror-based threat assessment; field-aware intelligence services for defense applications; legal consultancy for mirror technology implementation; spiritual counseling using consciousness mirroring; personal transformation services; identity verification through cognitive DNA; conflict resolution using mirror alignment principles; defense consulting for consciousness-aware security systems; security clearance assessment using mirror technology; NATO-compatible security protocols; royal protocol advisory for consciousness technology; licensing administration of cognitive mirroring systems and intellectual property.
