the integration of artificial intelligence and machine learning in the field of Big Data; Downloadable application programming interface (API) software for machine learning, voice recognition, speech analytics, text recognition and processing, image recognition and processing, graphics recognition and processing, video recognition and processing, generating images and videos from text, speech to text conversion, text to speech conversion, software development and coding, code generation, searching, licensing, purchasing and downloading digital content, accessing, browsing and searching online databases, the integration of artificial intelligence and machine learning in the field of Big Data; Downloadable computer software using artificial intelligence (AI) for use in software development and coding, code generation, translation, and summarization, searching online code libraries, and debugging and improving software code; Downloadable software using large language models (LLMs) for computer software code generation; Downloadable computer software using artificial intelligence (AI) for development, operation, debugging and monitoring of AI agents, writing, debugging, and optimizing prompts, testing and evaluation of prompts and AI agent outputs; Downloadable chatbot software using large language models (LLMs) for development, operation, debugging and monitoring of AI agents, writing, debugging, and optimizing prompts, testing and evaluation of prompts and AI agent outputs; Downloadable application programming interface (API) software for development, operation, debugging and monitoring of AI agents, writing, debugging, and optimizing prompts, testing and evaluation of prompts and AI agent outputs; Downloadable software using large language models (LLMs) for computer software code generation; Downloadable chatbot software for natural language processing, generation, understanding and analysis; Downloadable computer software for collecting, analyzing and organizing data in the field of deep learning; downloadable software for the design and development of artificial intelligence bots; integrated software packages for developing bots; downloadable application programming interface (API) software for use with artificial intelligence chatbots; downloadable applications for use with mobile devices; Computer terminals; computer peripheral devices; data processing apparatus; smartphones; tablet computers; smart headphones; smart speakers; smart watches smart bracelets smart glasses; smart ring; integrated circuit cards [smart cards]; wearable activity trackers; virtual reality headsets.

#### Class 38:

Message sending; computer aided transmission of messages and images; streaming of data; transmission of digital files; videoconferencing services; video-on-demand transmission; teleconferencing services; telecommunications services; electronic bulletin board services [telecommunications services]; news agency services; providing access to databases; providing user access to global computer networks; providing information in the field of telecommunications .

#### Class 42:

Providing temporary use of online non-downloadable software using large language models (LLMs) for computer software code generation; Providing on-line non-downloadable software using artificial intelligence (AI) for machine learning, voice recognition, speech analytics, text recognition and processing, image recognition and processing, graphics recognition and processing, video recognition and processing, generating images and videos from text, speech to text conversion, text to speech conversion, software development and coding, code

generation, searching, licensing, purchasing and downloading digital content, accessing, browsing and searching online databases, the integration of artificial intelligence and machine learning in the field of Big Data; Providing temporary use of online non-downloadable chatbot software using large language models (LLMs) for machine learning, voice recognition, speech analytics, text recognition and processing, image recognition and processing, graphics recognition and processing, video recognition and processing, generating images and videos from text, speech to text conversion, text to speech conversion, software development and coding, code generation, searching, licensing, purchasing and downloading digital content, accessing, browsing and searching online databases, the integration of artificial intelligence and machine learning in the field of Big Data; Software as a service (SAAS) services featuring software using artificial intelligence (AI) for machine learning, voice recognition, speech analytics, text recognition and processing, image recognition and processing, graphics recognition and processing, video recognition and processing, generating images and videos from text, speech to text conversion, text to speech conversion, software development and coding, code generation, searching, licensing, purchasing and downloading digital content, accessing, browsing and searching online databases, the integration of artificial intelligence and machine learning in the field of Big Data; Application service provider (ASP) featuring software using artificial intelligence (AI) for machine learning, voice recognition, speech analytics, text recognition and processing, image recognition and processing, graphics recognition and processing, video recognition and processing, generating images and videos from text, speech to text conversion, text to speech conversion, software development and coding, code generation, searching, licensing, purchasing and downloading digital content, accessing, browsing and searching online databases, the integration of artificial intelligence and machine learning in the field of Big Data; Providing a website featuring non-downloadable software using artificial intelligence (AI) for machine learning, voice recognition, speech analytics, text recognition and processing, image recognition and processing, graphics recognition and processing, video recognition and processing, generating images and videos from text, speech to text conversion, text to speech conversion, software development and coding, code generation, searching, licensing, purchasing and downloading digital content, accessing, browsing and searching online databases, the integration of artificial intelligence and machine learning in the field of Big Data; Providing on-line non-downloadable software using artificial intelligence (AI) for development, operation, debugging and monitoring of AI agents, writing, debugging, and optimizing prompts, testing and evaluation of prompts and AI agent outputs; Providing temporary use of online non-downloadable chatbot software using large language models (LLMs) for development, operation, debugging and monitoring of AI agents, writing, debugging, and optimizing prompts, testing and evaluation of prompts and AI agent outputs; Software as a service (SAAS) services featuring software using artificial intelligence (AI) for development, operation, debugging and monitoring of AI agents, writing, debugging, and optimizing prompts, testing and evaluation of prompts and AI agent outputs; Application service provider (ASP) featuring software using artificial intelligence (AI) for development, operation, debugging and monitoring of AI agents, writing, debugging, and optimizing prompts, testing and evaluation of prompts and AI agent outputs; Providing a website featuring non-downloadable software using artificial intelligence

***List of cases accepted for opposition purposes as shown in Journal 2025/044 published on 31 October 2025 .***

(AI) for development, operation, debugging and monitoring of AI agents, writing, debugging, and optimizing prompts, testing and evaluation of prompts and AI agent outputs; Providing temporary use of online non-downloadable software using large language models (LLMs) for computer software code generation; Artificial intelligence as a service (AIAAS) featuring software using artificial intelligence for analyzing data and interacting with humans; Technology consultation in the field of artificial intelligence; design and development of application software for mobile phones; updating of mobile phones software; updating and maintenance of computer software; development of drive and operating system software; providing search engines for the internet; development of computer codes, computer platforms and computer programs for others; research and development services in the field of artificial intelligence.

Class 4:

Nuclear fuels; fuels; electrical energy.

Class 7:

Apparatus, equipment and machines for handling and generating nuclear energy; apparatus, equipment and machines for generating electrical energy; machines for handling nuclear fuels; parts, fittings and accessories for the aforesaid.

Class 9:

Scientific, research, surveying and measuring apparatus and instruments for regulating or controlling the distribution of electricity; apparatus and instruments for use in radioactivity, fission products, health physics, alpha particle, beta particle and gamma emission applications; apparatus and instruments for use in monitoring, surface monitoring and contamination determination applications; apparatus and instruments for imaging, assaying and monitoring nuclear materials, plutonium, uranium, waste containing plutonium and/or uranium and/or nuclear materials; apparatus and instruments for isotopic identification, spatial determination and radioactive materials identification; apparatus and instruments for conducting

***List of cases accepted for opposition purposes as shown in Journal 2025/044 published on 31 October 2025 .***

tomographic investigations, segmented gamma detection, radiometric detection, density determination and differential peak absorption; nuclear resonance spectrometers; cameras for monitoring nuclear power stations; testing instruments and apparatus; data processing apparatus; detectors; software; application software; laboratory apparatus and instruments, other than for medical use; protective clothing, footwear, headwear, helmets, masks; radiological screens for industrial purposes; radiation detectors; radiation measuring apparatus and instruments; electronic publications; downloadable publications; parts, fittings and accessories for the aforesaid.

**Class 11:**

Installations for processing nuclear fuel, nuclear moderating material, nuclear waste; nuclear reactors; nuclear installations; nuclear power plant installations; nuclear generators; nuclear cogeneration plants; apparatus for lighting, heating, steam generation, drying and ventilation; air filtering installations; atomic piles; boilers; roasting apparatus; sintering apparatus; cooling appliances and installations; drying apparatus and installations; heat exchangers; torches; parts, fittings and accessories for the aforesaid.

**Class 16:**

Printed matter; printed publications; instructional and teaching materials; stationery; booklets; calendars; charts; newsletters; parts, fittings and accessories for the aforesaid.

**Class 35:**

Management services; business administration in the energy sector; administrative and management services in the energy sector; assessment of businesses; economic forecasting and analysis; business consultation; business consulting and information services; feasibility studies; provision, preparation and compilation of business reports, surveys, project studies and statistical information; operational business services; computerised business information facilities; provision and compilation of national and international trade information; evaluations and reports, all relating to business management in industrial enterprises; business management advice and assistance; consultancy, advisory and information services relating to the energy sector; business marketing consulting services; business research consultation; management and business consulting services in the field of nuclear energy; advertising, marketing, promotional services and other office functions in the field of nuclear energy; management of transport; provision of business management advice and assistance to ensure compliance with public sector procurement laws and regulations in relation to energy; information, advisory and consultancy services in relation to the aforesaid.

**Class 36:**

Real estate and financial advice concerning energy projects; consultancy and management services concerning energy projects; financial consultancy in the energy sector; consultancy concerning financing of energy projects; preparation of financial reports relating to energy projects; consultancy services relating to the financing of civil works and infrastructure projects; industrial property management; information, advisory and consultancy services in relation to the aforesaid.

**Class 37:**

Construction, repair, installation, maintenance of energy plants and facilities; construction, repair, installation, maintenance of nuclear energy plants and facilities; construction of nuclear

reactors; repair, installation and maintenance of nuclear reactors; servicing of nuclear plant; renovation of nuclear plant; cleaning of nuclear plant; construction of nuclear boilers; repair, installation and maintenance of nuclear boilers; construction of nuclear power plants; repair and maintenance of nuclear power plants; decommissioning of nuclear plant; construction, maintenance, decommissioning and repair of nuclear fuel producing facilities, nuclear fuel re-processing facilities, nuclear material storage facilities, waste storage facilities; alarm installation and repair; pipeline construction and maintenance; assembly of energy plants; assembly of energy supply chains; information, advisory and consultancy services in relation to the aforesaid.

**Class 39:**

Transportation, packaging and storage of materials, including nuclear fuels and waste; distribution of pipeline and cables; distribution of energy; information, advisory and consultancy services in relation to the aforesaid.

**Class 40:**

Energy production; operation of energy projects and facilities; generation of electricity; treatment and transformation of nuclear materials; nuclear waste management; rental of equipment for the treatment and transformation of materials for energy production; treatment of nuclear fuel, spent nuclear fuel, fission products, neutron poisons, neutron moderating materials and waste; purification of air and other gases; decontamination of buildings, plant and land; processing and re-processing of nuclear fuels and materials used in the manufacture of nuclear fuels; production of energy and electricity; vitrification of materials; galvanisation, plating, lamination, casting, tempering and refining of materials for use in nuclear power generation; galvanisation, plating, lamination, casting, tempering and refining of materials for use in nuclear reactors; galvanisation, plating, lamination, casting, tempering and refining of materials for use in producing, assembling, storing, transporting, disassembling, reprocessing, encapsulation or treating nuclear fuel, spent nuclear fuel, neutron poisons, neutron moderating materials, nuclear waste or fission products; waste management; nuclear waste treatment; decontamination of nuclear waste; rental of equipment for the treatment and transformation of materials for energy production; information, advisory and consultancy services in relation to the aforesaid.

**Class 41:**

Publishing, reporting and writing of texts; education; training; industrial training; education and training relating to energy, nuclear fuel, nuclear management, distribution of energy, nuclear waste, the nuclear fuel cycle; information, advisory and consultancy services in relation to the aforesaid.

**Class 42:**

Scientific and industrial research services; scientific and industrial advisory and consultancy services; technological services; research and development services; quality assurance and monitoring services; material testing; analysis, investigation and testing of nuclear material; preparation of reports relating to commissioning and decommissioning of nuclear units, construction of energy pipelines and facilities; environmental testing; environmental monitoring of waste treatment and waste storage areas; nuclear engineering services; testing of nuclear material; advisory, consultancy, research and management services relating to design engineering, energy efficiency, energy industry, industrial engineering, electrical engineering,

***List of cases accepted for opposition purposes as shown in Journal 2025/044 published on 31 October 2025 .***

nuclear engineering, building design, planning of premises, use of energy, environmental pollution, environmental protection, environmental planning; testing, authentication and quality control relating to nuclear material; architectural project management services; information, advisory and consultancy services in relation to the aforesaid.

Class 45:

Legal policy consultancy in the energy sector; providing legal policy information; legal research in the field of public policy in relation to energy; legal services relating to the energy sector; health and safety information, consultancy and advice in the field of electrical, power, and nuclear safety; legal and consultancy services relating to public policy and law in the energy sector; legal and consultancy services relating to public policy and law in the field of nuclear power; regulatory support and advisory services; information, advisory and consultancy services in relation to the aforesaid.

**µBlocks - µBLOCKS - µblocks**

Application for a series of 3 marks.

Class 9:

Downloadable computer software for blockchain-based micro-ledger technology enabling per-asset sovereignty for tokenising assets like gold, collectibles, real estate, and land; downloadable digital files for tokenised asset records, telemetry data, and digital twin representations; computer software for managing high-throughput micro-transactions, asset tokenisation, ownership updates, and AI micro-models for telemetry-driven risk analysis; software for digital wallets supporting tokenised asset data, valuation certification seals, and quantum-resistant security protocols; non-fungible tokens (NFTs) for representing asset ownership, authenticity, and telemetry validation; software for verifying asset integrity, regulatory compliance, and IoT-driven telemetry updates using RFID, GPS, environmental sensors; blockchain-based software for high-throughput micro-ledger processing, risk analysis, immutable transaction records, and decentralised valuation oracles; digital interfaces for tokenised assets, smart contract-driven micro-transaction automation, and cross-ecosystem interoperability; software for secure integration with financial platforms, audit systems, data encryption for asset privacy, and federated AI for telemetry analytics; computer software for generic asset tokenisation services, event-driven smart logic for telemetry thresholds like temperature or motion, and inter-twin communication for autonomous asset transactions; software for enterprise asset management (EAM) platforms tracking asset lifecycles with telemetry; software for fixed asset management (FAM) platforms automating lifecycle data; software for Enterprise Resource Planning system integration synchronising financial and operational reporting; IoT-driven software for telemetry-infused digital twins, geo-spatial anchoring for location fidelity, and self-healing ledgers for data gap recovery; smart valuation tools for industrial IoT telemetry analytics, smart infrastructure monitoring, carbon/ESG auditing analytics, scalable micro-transaction processing, blockchain-based payment rails, and blockchain-based data collection systems.

Class 36:

***List of cases accepted for opposition purposes as shown in Journal 2025/044 published on 31 October 2025 .***

Financial services for blockchain-based micro-ledger technology tokenising assets like gold, collectibles, real estate, and land, enabling high-throughput micro-transactions for ownership and valuation; financial advisory services for asset tokenisation, investment decision-making, portfolio management, and parametric insurance validation via telemetry data; providing financial information on tokenised asset valuation, risk profiles, market trends, compliance requirements, and digital twin data; financial consultancy for high-throughput micro-transaction processing, cross-border asset transfers, regulatory compliance, and decentralised valuation oracles; asset risk assessment for tokenised financial instruments, lending, trading, and insurance; financial management of tokenised asset data for liquidity, counterparty risk, and telemetry-driven valuation; financial valuation services for assets linked to blockchain-based micro-ledgers and digital twins; electronic financial data processing for micro-transactions, compliance verification, anti-money laundering, sanctions screening, and regulatory reporting; financial integration for decentralised finance, tokenised asset markets, and parametric insurance triggers via IoT telemetry; financial analysis for asset-based risk mitigation, cross-border valuation, and telemetry-driven analytics; financial services for generic asset tokenisation and cross-ecosystem interoperability; financial consultancy for event-driven smart logic, inter-twin communication for autonomous asset transactions, and quantum-resistant security protocols; financial services for geo-spatial anchoring and regulator-view dashboards for telemetry compliance; financial management of tokenised assets with digital twins, integrating micro-ledger technology for secure ownership validation and transaction settlement; financial services for IoT-driven telemetry updates using RFID, GPS, environmental sensors for asset state tracking; financial consultancy for industrial IoT telemetry analytics, smart infrastructure monitoring, carbon/ESG auditing analytics, scalable micro-transaction processing, blockchain-based payment rails, and blockchain-based banking services for micro-transactions.

#### Class 38:

Telecommunications services for blockchain-based micro-ledger technology enabling secure telemetry data streaming for tokenised assets like gold, collectibles, real estate, and land; data transmission services for IoT-driven telemetry streams from RFID, GPS, and environmental sensors to blockchain nodes; secure data communication for asset state tracking, ownership updates, and digital twin synchronisation; telecommunications services for transmitting high-throughput micro-transaction data, compliance records, and valuation metrics across decentralised networks; network communication for blockchain-based asset tokenisation, ensuring secure telemetry data exchange for regulatory compliance; data streaming for telemetry-infused digital twins, supporting asset monitoring and transaction validation; telecommunications services for event-driven smart logic, triggering responses based on telemetry thresholds like temperature or motion; secure data transfer for inter-twin communication, enabling autonomous asset transactions across blockchain ecosystems; telecommunications services for geo-spatial anchoring, ensuring location fidelity via GPS telemetry; data transmission for self-healing ledgers, facilitating data gap recovery and telemetry updates; telecommunications for regulator-view dashboards, providing telemetry and compliance data access; network services for cross-ecosystem interoperability, integrating tokenised asset data with financial platforms; data communication for IoT-driven telemetry analytics using

RFID, GPS, environmental sensors for asset state monitoring; telecommunications for industrial telemetry transmission, smart infrastructure monitoring, and carbon/ESG auditing analytics; secure data streaming for blockchain-based micro-transaction processing, digital twin updates, and blockchain-based payment rails; telecommunications consultancy for Enterprise Resource Planning system integration synchronising telemetry with financial reporting; telecommunications for blockchain-based data collection systems.

#### Class 42:

Software as a service (SaaS) for blockchain-based micro-ledger technology tokenising assets and managing telemetry data for asset state tracking; platform as a service (PaaS) for asset tokenisation, digital twin management, regulatory compliance, and decentralised valuation oracles; blockchain-as-a-service (BaaS) for high-throughput micro-transaction processing, risk analysis, transaction validation, and digital asset profile integration; data storage via blockchain for tokenised asset records, audit trails, compliance data, transaction logs, and parametric insurance documentation; data authentication services using blockchain for asset integrity, regulatory compliance, and federated AI for telemetry analytics; technological consultancy for blockchain-based micro-transaction processing, audit automation, cross-ecosystem interoperability, and smart contract-driven automation; computer programming of smart contracts for asset tokenisation, micro-transaction automation, risk analysis, and compliance analytics; technological services for secure asset data analysis, market research intelligence processing, and generic asset tokenisation; computer services for data mining in telemetry analytics and business intelligence reporting; data warehousing for tokenised asset data aggregation; technological consultancy for event-driven smart logic, inter-twin communication for autonomous asset transactions, and geo-spatial anchoring for location fidelity; SaaS for telemetry-infused digital twins and regulator-view dashboards for compliance; PaaS for micro-ledger platforms integrating IoT-driven telemetry using RFID, GPS, environmental sensors; BaaS for digital twin management on blockchain, enabling authentication and lifecycle analytics; technological services for industrial IoT telemetry analytics, smart infrastructure monitoring, carbon/ESG auditing analytics, scalable micro-transaction processing, blockchain-based payment rails, and blockchain-based data collection systems.

Class 7:

Apparatus, equipment and instruments for generating energy, namely electric generators and wind-powered electricity generators; turbines; turbines for energy production; wind turbines for energy production; wind turbines in connection with wind farms; engines and motors for power generation; solar-powered electricity generators.

Class 9:

Solar cells; photovoltaic solar modules; photovoltaic installations for generating electricity [photovoltaic power plants]; photovoltaic apparatus for converting solar radiation to electrical energy; photovoltaic apparatus and installations for generating solar electricity; photovoltaic modules; solar modules; solar energy collectors for electricity generation; solar panels for the production of electricity; solar cells for electricity generation; solar panels; photovoltaic apparatus for generating electricity; photovoltaic apparatus and installations for generating solar electricity; thermal energy accumulating blocks; thermal accumulating apparatus for accumulating energy in connection with, but not limited to, photovoltaics, wind, concentrated solar thermal energy, bioenergy, fossil fuels, geothermal energy, tidal energy, wave power, hydropower, biomass, renewable and nuclear energy sources; apparatus for accumulating thermal energy or electricity; modular thermal blocks for accumulating energy and electricity; control and monitoring apparatus for wind-powered machines, in particular windmills and wind power plants; apparatus and equipment for collecting, accumulating and transforming solar energy; connection devices [electric] and energy chargers; charging infrastructure and charging stations for electric vehicles; batteries for stationary energy storage; smart grids; accumulators, electric, electric controls for power-generating equipment, including electric accumulators and electric controllers for solar and wind power plants, electric energy supply systems, especially transformers [electricity], electric inverters, electrical battery accumulators; power distribution equipment; computer programs and software; application software; web application and server software; data processing systems; data processing programs; computer programmes for data processing; memories for data processing equipment; data processing equipment; logistics software; apparatus for improving power efficiency; development environment software; ESG software; software for collecting, hosting, managing, analysing and reporting of ESG data (environmental, social and governance); software for assessing and managing ESG risks (environmental, social and governance); software for searching for, organising, visualising and managing of ESG data (environmental, social and governance); sustainability monitoring software.

Class 35:

Business management, organisation and administration services; business administration; office functions; advertising; marketing; public relations services; building promoter services, namely organizational arranging of building projects; real estate market analysis and real estate usage concepts, namely, development of advertising and marketing initiatives and advertising and marketing for real estate; commercial project planning; business project management; collating, updating and maintenance of data in computer databases; providing business information via a web site; business appraisal consultancy; assistance and consultancy services in the field of business management of companies in the energy sector; wholesale services in relation to

photovoltaic apparatus for generating electricity; retail services in relation to photovoltaic apparatus for generating electricity; procurement of contracts concerning energy supply; professional business development of charging infrastructures; development of advertising and marketing concepts and advertising and marketing for real estate; preparation of accounts; administrative support and data processing services; computerised data verification; arranging and conducting business fairs; organization of trade fairs for commercial or advertising purposes; conducting of commercial events; ESG reporting (environmental, social and governance); ESG analysis and reporting services (environmental, social and governance) in connection with the aforesaid services; negotiation and conclusion of commercial transactions for third parties; business auditing; business appraisals; business consulting; business consultancy and advisory services; business strategy services; business strategy and planning services; strategic business planning; consultancy services regarding business strategies; strategic business analysis; operational business assistance to enterprises; providing commercial information relating to companies.

Class 36:

Financial preparation of building projects; planning (estate -) [financial]; real estate affairs; real estate affairs; real estate services; broking, letting services, lease-purchase financing and administration in relation to the following goods: real estate affairs, especially office, residential and industrial real estate, logistics real estate, light industrial real estate, retail real estate, research and development real estate, business real estate, data centres and mixed-use real estate; real estate management; real estate consultancy; real estate appraisal; investment services; management of investments; fund management; funds management; financial management; asset and portfolio management; financial portfolio management; investment consultancy; consultancy relating to funding works; capital management; financial investment advisory services; financial investment advisory services; arranging the provision of finance and obtaining of funds; investment analysis; administration of capital investment services; financial advice relating to investment; computerised information services relating to investments; investment research; financial investment advisory services; financial transaction services; valuation of capital stock; investment fund transfer and transaction services; financial analysis services relating to investments; arranging of financial investments; real estate investment; financial consultancy relating to real estate investment; providing information concerning real estate; providing of information relating to the property market; financial analysis and real estate consultancy; investment advisory services relating to real estate; consultancy in the purchasing of real estate; financial services relating to the provision and structuring of capital; arranging business fundraising activities; business brokerage relating to the matching of potential investors with businesses.

Class 37:

Construction; construction; construction supervision for preparing, conducting and assessing projects, for others; construction consultancy; building supervision; building monitoring; building construction management; construction project management services; building, namely the implementation of building projects; construction of structures, in particular office, residential and industrial real estate, logistics real estate, light industrial real estate,

***List of cases accepted for opposition purposes as shown in Journal 2025/044 published on 31 October 2025 .***

retail real estate, research and development real estate, business real estate, data centres and mixed-use real estate; construction of property; repair in the household sector (caretaking); installation of kitchen appliances; installation of lighting apparatus; installation of locks; installation of door openers and closers; installation of fixtures and fittings for domestic premises; assembling [installation] of machine plant; assembling [installation] of storage systems; assembling [installation] of shelving; assembling [installation] of building framework; installation of photovoltaic cells and modules; installation, servicing and maintenance of photovoltaic installations; infrastructure construction; civil infrastructure construction; building work for the construction of installations for generating energy and gas, in particular installations for generating electrical and thermal energy from renewable energy sources, including wind energy, solar energy, geothermal heat and biomass, and installations for generating biogas from biomass and recyclable materials; maintenance and repair in relation to the following goods: real estate, buildings, photovoltaic installations, solar modules, wind turbines, heat accumulators, thermal storage devices, chargers, charging points, charging stations, power distributing boxes, electrical accumulators, electric controllers for electricity generating installations and smart network communications apparatus; installation of electric vehicle charging infrastructure; construction of office, residential and industrial real estate, logistics real estate, light industrial real estate, retail real estate, research and development real estate, business real estate, data centres and mixed-use real estate; on site project management relating to the construction of buildings; building maintenance and repair, construction and repair of real estate; construction and repair for modernising real estate; renovation of real estate; scaffolding; demolition services.

**Class 38:**

Telecommunication services; providing access to information on computer networks, in relation to the following fields: trading and processing of assets; provision of on-line communications services; communications by computer and providing access to the internet; file transfer, via the Internet; transmission of digital information and transfer of digital files; transmission of information online and on the Internet.

**Class 39:**

Rental of warehouses and storage containers; hiring of storage sites; rental of warehouses; distribution of renewable energy; storage of electricity; distribution of wind energy; solar energy distribution; distribution of hydroelectric energy.

**Class 40:**

Energy production; generation of power; generation of electricity from solar energy; production of electrical power from renewable sources.

**Class 41:**

Publication and issuing of printed matter also in electronic form, not for advertising purposes; publication of company ESG analyses (environmental, social and governance).

**Class 42:**

Building design services; technical project planning; architectural services; engineering project management services; building, namely the technical preparation of building projects; computer programming for building system analysis

and planning; construction drafting; scientific and technological services and research; regulating and monitoring of energy systems; monitoring of energy systems by remote access; technological consultancy in the fields of energy production and use; environmental consultancy services; consultation in environment protection; technological consultancy in the field of energy supply; consultancy in the field of energy-saving, energy use and energy efficiency; energy auditing; design, development and programming of software and apps for controlling energy systems; design, development and programming of energy management software and energy management apps, design, development and programming of energy management systems; design, development and programming of software and apps in the energy sector; design and development of photovoltaic systems; engineering services in the field of energy technology; consultancy relating to laboratory testing; environmental testing and inspection services; civil infrastructure engineering services; civil infrastructure design services; engineering and technical consultancy in the energy and environmental sector; software creation; software engineering; software design and software development, software implementation, maintenance of computer software, repair of software; updating Internet pages; platform as a service [PaaS] featuring software platforms for transmission of images, audio-visual content, video content and messages; design of information systems; design, development and programming of energy management software and energy management apps; design, development and programming of energy management systems; design and development of regenerative energy generation systems; certification services for the energy efficiency of buildings; engineering services, relating to the following sectors: infrastructure; quality control, especially checking of ESG criteria (environmental, social and governance); technical supervision of construction, relating to the following sectors: structures; system analysis and planning for the construction sector; structural and civil engineering.

Class 35:

Advertising, marketing and public relations; organization of exhibitions and trade fairs for commercial or advertising purposes; development of advertising concepts; provision of an online marketplace for buyers and sellers of goods and services; office functions; secretarial services; arranging newspaper subscriptions for others; compilation of statistics; rental of office machines; systemization of information into computer databases; telephone answering for unavailable subscribers, business management, business administration and business consultancy; accounting; commercial consultancy services; personnel recruitment, personnel placement, employment agencies, import-export agencies; temporary personnel placement services; auctioneering; the bringing together, for the benefit of others, of a variety of goods, namely (chemicals used in industry, science, photography, agriculture, horticulture and forestry, manures and soils, unprocessed artificial resins and unprocessed plastics, fire extinguishing compositions, adhesives not for medical, household and stationery purposes, paints, varnishes, lacquers, preservatives against rust, preservatives against deterioration of wood, thinners and binders for paints, pigments, preservatives for metals, shoe dyes, printing dyes and ink, toners, colorants for food, pharmaceuticals and beverages, raw natural resins, metals in foil and powder form for painters, decorators, printers and artists, bleaching and cleaning preparations, detergents other than for use in manufacturing operations and for medical purposes, laundry bleach, fabric softeners for laundry use, stain removers, dishwasher detergents, perfumery, non-medicated cosmetics, fragrances, deodorants for personal use and animals, soaps, dental care preparations, dentifrices, denture polishes, tooth whitening preparations, mouth washes, not for medical purposes, abrasive preparations, emery cloth, sandpaper, pumice stone, abrasive pastes, polishing preparations for leather, vinyl, metal and wood, polishes and creams for leather, vinyl, metal and wood, wax for polishing, industrial oils and greases, cutting fluids, dust absorbing, wetting and binding compositions, solid fuels: coal, firewood, liquid and gas fuels, petrol, diesel oil, liquified petroleum gas, natural gas, fuel oil and their non-chemical additives, candles, wicks, semi-finished wax, wax and paraffin for lighting purposes, electrical energy, pharmaceutical and veterinary preparations for medical purposes, chemical preparations for medical and veterinary purposes, chemical reagents for pharmaceutical and veterinary purposes, medicated cosmetics, dietary supplements for pharmaceutical and veterinary purposes, dietary supplements,

nutritional supplements, medical preparations for slimming purposes, food for babies, herbs and herbal beverages adapted for medicinal purposes, dental preparations and articles: teeth filling material, dental impression material, dental adhesives and material for repairing teeth, sanitary preparations for medical use: hygienic pads, hygienic tampons, plasters, materials for dressings, diapers made of paper and textiles for babies, adults and pets, preparations for destroying vermin, herbicides, fungicides, preparations for destroying rodents, deodorants, other than for human beings or for animals, air purifying preparations, air deodorising preparations, disinfectants, antiseptics, detergents for medical purposes, medicated soaps, disinfectant soaps, antibacterial hand lotions, ores of non-precious metal, common metals and their alloys and semi-finished products made of these materials, irons for construction, mats and stirrups of common metals for buildings, common metals in the form of plate, billet, stick, profile, sheet and sheeting, goods and materials of common metal used for storage, wrapping, packaging and sheltering purposes, containers of metal (storage, transport), buildings of metal, frames of metal for building, poles of metal for building, metal boxes, packaging containers of metal, aluminium foil, fences made of metal, guard barriers of metal, metal tubes, storage containers of metal, metal containers for the transportation of goods, ladders of metal, goods of common metal for filtering and sifting purposes, doors, windows, shutters, jalousies and their cases and fittings of metal, non-electric cables and wires of metal, ironmongery, small hardware of metal, screws of metal, nails, bolts of metal, nuts of metal, pegs of metal, flakes of metal, pitons of metal, metal chains, furniture casters of metal, fittings of metal for furniture, industrial metal wheels, door handles of metal, window handles of metal, hinges of metal, metal latches, metal locks, metal keys for locks, metal rings for carrying keys, metal pulleys, ventilation ducts, vents, vent covers, pipes, chimney caps, manhole covers, grilles of metal for ventilation, heating, sewage, telephone, underground electricity and air conditioning installations, metal panels or boards (non-luminous and non-mechanical) used for signalling, route showing, publicity purposes, signboards of metal, advertisement columns of metal, signaling panels of metal, non-luminous and non-mechanical traffic signs of metal, pipes of metal for transportation of liquids and gas, drilling pipes of metal and their metal fittings, valves of metal, couplings of metal for pipes, elbows of metal for pipes, clips of metal for pipes, connectors of metal for pipes, safes (strong boxes) of metal, metal railway materials, metal rails, metal railway ties, railway switches, bollards of metal, floating docks of metal, mooring buoys of metal, anchors, metal moulds for casting, other than machine parts, works of art made of common metals or their alloys, trophies of common metal, metal closures, bottle caps of metal, metal poles, metal pillars, scaffolding of metal, metal stakes, metal towers, metal pallets and metal ropes for lifting, loading and transportation purposes, metal hangers, ties, straps, tapes and bands used for load-lifting and load-carrying, wheel chocks made primarily of metal, metal profile laths for vehicles for the purposes of decoration, machines, machine tools and industrial robots for processing and shaping wood, metals, glass, plastics and minerals, 3D printers, construction machines and robotic mechanisms (machines) for use in construction: bulldozers, diggers (machines), excavators, road construction and road paving machines, drilling machines, rock drilling machines, road sweeping machines, lifting, loading and transmission machines and robotic mechanisms (machines) for lifting, loading and transmission purposes: elevators, escalators

***List of cases accepted for opposition purposes as shown in Journal 2025/044 published on 31 October 2025 .***

and cranes, machines and robotic mechanisms (machines) for use in agriculture and animal breeding, machines and robotic mechanisms (machines) for processing cereals, fruits, vegetables and food, machines for preparing and processing beverages, engines and motors, other than for land vehicles, parts and fittings therefor: hydraulic and pneumatic controls for engines and motors, brakes other than for vehicles, brake linings for engines, crankshafts, gearboxes, other than for land vehicles, cylinders for engines, pistons for engines, turbines, not for land vehicles, filters for engines and motors, oil, air and fuel filters for land vehicle engines, exhausts for land vehicle engines, exhaust manifolds for land vehicle engines, engine cylinders for land vehicles, engine cylinder heads for land vehicles, pistons for land vehicle engines, carburetors for land vehicles, fuel conversion apparatus for land vehicle engines, injectors for land vehicle engines, fuel economisers for land vehicle engines, pumps for land vehicle engines, valves for land vehicle engines, starter motors for land vehicles, dynamos for land vehicle engines, sparking plugs for land vehicle engines, bearings (parts of machines), roller or ball bearings, machines for mounting and detaching tires, alternators, current generators, electric generators, current generators operated with solar energy, painting machines, automatic spray guns for paint, electric, hydraulic and pneumatic punching machines and guns, electric adhesive tape dispensers [machines], electric guns for compressed gas or liquid spraying machines, electric hand drills, electric hand saws, electric jigsaw machines, spiral machines, compressed air machines, compressors (machines), vehicle washing installations, industrial robots with the abovementioned functions, electric and gas-operated welding apparatus, electric arc welding apparatus, electric soldering apparatus, electric arc cutting apparatus, electrodes for welding machines, industrial robots (machines) with the abovementioned functions, printing machines, packaging machines, filling, plugging and sealing machines, labellers (machines), sorting machines, industrial robots (machines) with the abovementioned functions, electric packing machines for plugging and sealing of plastics, machines for textile processing, sewing machines, industrial robots (machines) with the abovementioned functions, pumps other than parts of machines or engines, fuel dispensing pumps for service stations, self-regulating fuel pumps, electric kitchen machines for chopping, grinding, crushing, mixing and mincing foodstuff, washing machines, laundry washing machines, dishwashers, spin driers (not heated), electric cleaning machines for cleaning floors, carpets or floorings, vacuum cleaners and parts thereof, automatic vending machines, galvanizing and electroplating machines, electric door openers and closers, gaskets for engines and motors, forks, spoons, knives and non-electric cutters, slicers, peelers for kitchen use, made of precious metals, side arms and blades (weapons), tools and apparatus for personal beauty care use: tools and apparatus for shaving, depilation, manicure and pedicure, electric hand implements for straightening and curling hair, scissors, hand-operated [non-electric] hand tools for the repair of machines, apparatus and vehicles and for use in construction, agriculture, horticulture and forestry, none of them being power tools, electric or non-electric irons, steam irons, handles for hand-operated hand tools, measurement apparatus and equipment for scientific, nautical, topographic, meteorologic, industrial and laboratory purposes, thermometers, not for medical purposes, barometers, ammeters, voltmeters, hygrometers, testing apparatus not for medical purposes, telescopes, periscopes, directional compasses, speed indicators, laboratory apparatus,

microscopes, magnifying glasses, stills, binoculars, ovens and furnaces for laboratory experiments, apparatus for recording, transmission or reproduction of sound or images, cameras, photographic cameras, television apparatus, video recorders, CD and DVD players and recorders, MP3 players, computers, desktop computers, tablet computers, wearable technological devices (smart watches, wristbands, head-mounted devices) microphones, loudspeakers, earphones, telecommunications apparatus, apparatus for the reproduction of sound or images, computer peripheral devices, cell phones, covers for cell phones, telephone apparatus, computer printers, scanners [data processing equipment], photocopiers, magnetic and optical data carriers and computer software and programmes recorded thereto, downloadable and recordable electronic publications, encoded magnetic and optical cards, Movies, tv series and video music clips recorded on magnetic, optical and electronic media, antennas, satellite antennas, amplifiers for antennas, parts of the aforementioned goods, electronic ticket dispensing terminals, automatic teller machines (ATM), electronic components used in the electronic parts of machines and apparatus: semi-conductors, electronic circuits, integrated circuits, chips [integrated circuits], diodes, transistors [electronic], magnetic heads for electronic apparatus, electronic locks, photocells, remote control apparatus for opening and closing doors, optical sensors, counters and quantity indicators for measuring the quantity of consumption, automatic time switches, clothing for protection against accidents, irradiation and fire, safety vests and life-saving apparatus and equipment, eyeglasses, sunglasses, optical lenses and cases, containers, parts and components thereof, apparatus and instruments for conducting, transforming, accumulating or controlling electricity, electric plugs, junction boxes [electricity], electric switches, circuit breakers, fuses, lighting ballasts, battery starter cables, electrical circuit boards, electric resistances, electric sockets, transformers [electricity], electrical adapters, battery chargers, electric door bells, electric and electronic cables, batteries, electric accumulators, solar panels for production of electricity, alarms and anti-theft alarms, other than for vehicles, electric bells, signalling apparatus and instruments, luminous or mechanical signs for traffic use, fire extinguishing apparatus, fire engines, fire hose and fire hose nozzles, radar apparatus, sonars, night vision apparatus and instruments, decorative magnets, metronomes, surgical, medical, dental and veterinary apparatus and instruments, furniture especially made for medical purposes, artificial limbs and prostheses, medical orthopaedic articles: corsets for medical purposes, orthopaedic shoes, elastic bandages and supportive bandages, surgical gowns and surgical sterile sheets, adult sexual aids, condoms, babies' bottles, babies' pacifiers, teats, gum massagers for babies, bracelets and rings for medical purposes, anti-rheumatism bracelets, anti-rheumatism rings, lighting installations, lights for vehicles and interior-exterior spaces, heating installations using solid, liquid or gas fuels or electricity: central heating boilers, boilers for heating installations, radiators [heating], heat exchangers, not parts of machines, stoves, kitchen stoves, solar thermal collectors [heating], steam, gas and fog generators: steam boilers, other than parts of machines, acetylene generators, oxygen generators, nitrogen generators, installations for air-conditioning and ventilating, cooling installations and freezers, electric and gas-powered devices, installations and apparatus for cooking, drying and boiling: cookers, electric cooking pots, electric water heaters, barbecues, electric laundry driers, hair driers, hand drying apparatus, sanitary installations: taps

***List of cases accepted for opposition purposes as shown in Journal 2025/044 published on 31 October 2025 .***

[faucets], shower installations, toilets [water-closets], shower and bathing cubicles, bath tubs, toilet seats, sinks, wash-hand basins [parts of sanitary installations], washers for water taps, stuffings (tap valves), water softening apparatus, water purification apparatus, water purification installations, waste water purification installations, electric bed warmers and electric blankets, not for medical use, electric pillow warmers, electric or non-electric footwarmers, hot water bottles, electrically heated socks, filters for aquariums and aquarium filtration apparatus, industrial type installations for cooking, drying and cooling purposes, pasteurizers and sterilizers, motor land vehicles, motorcycles, mopeds, engines and motors for land vehicles, clutches for land vehicles, transmissions, transmission belts and transmission chains for land vehicles, gearing for land vehicles, brakes, brake discs and brake linings for land vehicles, vehicle chassis, automobile bonnets, vehicle suspension springs, shock absorbers for automobiles, gearboxes for land vehicles, steering wheels for vehicles, rims for vehicle wheels, bicycles and their bodies, handlebars and mudguards for bicycles, vehicle bodies, tipping bodies for trucks, trailers for tractors, frigorific bodies for land vehicles, trailer hitches for vehicles, vehicle seats, head-rests for vehicle seats, safety seats for children, for vehicles, seat covers for vehicles, vehicle covers (shaped), sun-blinds adapted for vehicles, direction signals and arms for direction signals for vehicles, windscreen wipers and wiper arms for vehicles, inner tubes and tires for vehicle wheels, tubeless tires, tire-fixing sets comprised of tire patches and tire valves for vehicles, windows for vehicles, safety windows for vehicles, rearview mirrors and wing mirrors for vehicles, anti-skid chains for vehicles, luggage carriers for vehicles, bicycle and ski carriers for cars, saddles for bicycles or motorcycles, air pumps for vehicles, for inflating tires, anti-theft alarms for vehicles, horns for vehicles, safety belts for vehicle seats, air bags (safety devices for automobiles), baby carriages, wheelchairs, pushchairs, wheelbarrows, shopping carts, single or multi-wheeled wheelbarrows, shopping trolleys, grocery carts, handling carts, rail vehicles, locomotives, trains, trams, waggons, cable cars, chairlifts, vehicles for locomotion by water and their parts, other than their motors and engines, vehicles for locomotion by air and their parts, other than their motors and engines, firearms, air pistols (weapons), spring-loaded firearms, adapted cases and shoulder straps therefor, heavy weapons, mortars and rockets, fireworks, sprays for personal defence purposes, jewellery, imitation jewellery, gold, precious stones and jewellery made thereof, cufflinks, tie pins, statuettes and figurines of precious metal, clocks, watches and chronometrical instruments, chronometers and their parts, watch straps, trophies made of precious metal, rosaries, musical instruments and cases for musical instruments, paper and cardboard, paper and cardboard for packaging and wrapping purposes, cardboard boxes, paper towels, toilet paper, paper napkins, plastic materials for packaging and wrapping purposes, printing blocks and types, bookbinding material, printed publications, printed matter, books, magazines, newspapers, bill books, printed dispatch notes, printed vouchers, calendars, posters, photographs [printed], paintings, stickers [stationery], postage stamps, stationery, office stationery, instructional and teaching material [except furniture and apparatus], writing and drawing implements, artists' materials, paper products for stationery purposes, adhesives for stationery purposes, pens, pencils, erasers, adhesive tapes for stationery purposes, cardboard cartons [artists' materials], writing paper, copying paper, paper rolls for cash registers, drawing materials, chalkboards, painting pencils, watercolors [paintings], office

requisites, paint rollers and paintbrushes for painting, rubber, gutta-percha, gum, asbestos, mica and semi-finished synthetic goods made from these materials in the form of powder, bars, panels and foils, insulation, stopping and sealing materials: insulating paints, insulating fabrics, insulating tape and band, insulation covers for industrial machinery, joint sealant compounds for joints, gaskets, O-rings for sealing purposes (other than gaskets for motors, cylinders and washer for water taps), flexible pipes made from rubber and plastic, hoses made of plastic and rubber for vehicles, junctions for pipes of plastic and rubber, pipe jackets of plastic and rubber, hoses of textile material, junctions for pipes, not of metal, pipe jackets, not of metal, connecting hose for vehicle radiators, profile laths made of synthetic materials for vehicles for the purposes of decoration, unworked or semi-worked leather and animal skins, imitations of leather, stout leather, leather used for linings, goods made of leather, imitations of leather or other materials, designed for carrying items, bags, wallets, boxes and trunks made of leather or stout leather, keycases, trunks [luggage], suitcases, umbrellas, parasols, sun umbrellas, walking sticks, whips, harness, saddlery, stirrups, straps of leather (saddlery), sand, gravel, crushed stone, asphalt, bitumen, cement, gypsum, plaster, concrete, marble blocks for construction, building materials (as finished products) made of concrete, gypsum, clay, potters' clay, stone, marble, wood, plastics and synthetic materials for building, construction, road construction purposes, non-metallic buildings, non-metallic building materials, poles, not of metal for power lines, barriers not of metal, natural and synthetic coverings in the form of panels and sheets, being building materials, bitumen cardboard for roofing, bitumen covering for roofing, doors and windows of wood and synthetic materials, traffic signs not of metal, non-luminous and non-mechanical, for roads, monuments and statuettes of stone, concrete and marble, building glass, prefabricated swimming pools not of metal (structures), aquarium sand, furniture, made of any kind of material, mattresses, pillows, air mattresses and cushions, not for medical purposes, water beds, mirrors, beehives, artificial honeycombs and sections of wood for honeycombs, bouncing chairs for babies, playpens for babies, cradles, infant walkers, display boards, frames for pictures and paintings, identity plates, identification bracelets, name plates, identification tags, made of wood or synthetic materials, packaging containers of wood or plastics, casks for use in transportation or storage, barrels, storage drums, tanks, boxes, storage containers, transportation containers, chests, loading pallets and closures for the aforementioned goods, of wood or plastics, small hardware goods of wood or synthetic materials, furniture fittings, of wood or synthetic materials, opening and closing mechanisms of wood or synthetic materials, ornaments and decorative goods of wood, cork, reed, cane, wicker, horn, bone, ivory, whalebone, shell, amber, mother-of-pearl, meerschaum, beeswax, plastic or plaster namely figurines, holiday ornaments for walls, sculptures, trophies, baskets, not of metal, fishing baskets, kennels, nesting boxes and beds for household pets, portable ladders and mobile boarding stairs of wood or synthetic materials, bamboo curtains, roller indoor blinds [for interiors], slatted indoor blinds, vertical indoor blinds, bead curtains for decoration, curtain hooks, curtain rings, curtain tie-backs, curtain rods, non-metal wheel chocks, hand-operated non-electric cleaning instruments and appliances: brushes, except paintbrushes, steel chips for cleaning, sponges for cleaning, steel wool for cleaning, cloths of textile for cleaning, gloves for dishwashing, non-electric polishing machines for household purposes, brooms for carpets,

***List of cases accepted for opposition purposes as shown in Journal 2025/044 published on 31 October 2025 .***

mops, toothbrushes, electric toothbrushes, dental floss, shaving brushes, hair brushes, combs, non-electric household or kitchen utensils, [other than forks, knives, spoons], services [dishes], pots and pans, bottle openers, flower pots, drinking straws, non-electric cooking utensils, ironing boards and shaped covers therefor, drying racks for washing, clothes drying hangers, cages for household pets, indoor aquariums, vivariums and indoor terrariums for animals and plant cultivation, ornaments and decorative goods of glass, porcelain, earthenware or clay namely statues, figurines, vases and trophies, mouse traps, insect traps, electric devices for attracting and killing flies and insects, fly catchers, fly swatters, perfume burners, perfume sprayers, perfume vaporizers, electric or non-electric make-up removing appliances, powder puffs, toilet cases, nozzles for sprinkler hose, nozzles for watering cans, watering devices, garden watering cans, unworked or semi-worked glass, except building glass, mosaics of glass and powdered glass for decoration, except for building, glass wool other than for insulation or textile use, ropes, strings, rope ladders, hammocks, fishing nets, tents, awnings, tarpaulins, sails, vehicle covers, not fitted, bags of textile, for packaging, padding and stuffing materials, except of rubber and plastics, wool and cotton, synthetic fibers for textile use, raw spun fiber, glass fibers for textile use, yarns and threads for textile use, threads and yarns for sewing, embroidery and knitting, thread, elastic yarns and threads for textile use, woven or non-woven textile fabrics, textile goods for household use, curtains, bed covers, sheets (textile), pillowcases, blankets, quilts, towels, flags, pennants, labels of textile, swaddling blankets, sleeping bags for camping, clothing, underwear and outer clothing, other than special purpose protective clothing, socks, mufflers [clothing], shawls, bandanas, scarves, belts [clothing], footwear, shoes, slippers, sandals, headgear, hats, caps with visors, berets, caps [headwear], skull caps, laces and embroidery, guipure lace, festoons, ribbons (haberdashery), ribbons and braid, reinforcing tapes for clothing, cords for clothing, letters and numerals for marking linen, embroidered emblems, badges for wear, not of precious metal, shoulder pads for clothing, buttons for clothing, fastenings for clothing, eyelets for clothing, zippers, buckles for shoes and belts, rivet buttons, adhesive tapes [haberdashery], fasteners, pins, other than jewellery, needles, sewing needles, needles for sewing machines, lacing needles, needles for knitting and embroidery, boxes for needles, needle cushions, artificial flowers, artificial fruits, hair pins, hair buckles, hair bands, decorative articles for the hair, not made of precious metal, wigs, hair extensions, electric or non-electric hair curlers, other than hand implements, carpets, rugs, mats, prayer rugs, linoleum, artificial turf, linoleum for covering floors, gymnasium mats, wallpaper, wall hangings not of textile, games and toys, arcade video game machines, game apparatus and machines for use with an external display screen and monitor, coin-operated, toys for animals, toys for outdoor playgrounds, parks and game parks, gymnastic and sporting articles, fishing tackle, artificial fishing bait, decoys for hunting and fishing, artificial Christmas trees, ornaments for Christmas trees, artificial snow for Christmas trees, rattles (playthings), novelties for parties, novelty toys for playing jokes and for parties, paper party hats, meat, fish, poultry and game, processed meat products, dried pulses, soups, bouillon, processed olives, olive paste, milks of animal origin, milks of herbal origin, milk products, butter, edible oils, dried, preserved, frozen, cooked, smoked or salted fruits and vegetables, tomato paste, prepared nuts and dried fruits as snacks, hazelnut spreads and peanut butter, tahini (sesame seed

paste), eggs and powdered eggs, potato chips, coffee, cocoa, coffee or cocoa based beverages, chocolate based beverages, pasta, stuffed dumplings, noodles, pastries and bakery products based on flour, desserts based on flour and chocolate, bread, simit [Turkish ring-shaped bagel covered with sesame seeds], poğaç [Turkish bagel], pita, sandwiches, katmer [Turkish pastry], pies, cakes, baklava [Turkish dessert based on dough coated with syrup], kadayıf [Turkish dessert based on dough], desserts based on dough coated with syrup, puddings, custard, kazandibi [Turkish pudding], rice pudding, keşkül [Turkish pudding], honey, bee glue for human consumption, propolis for food purposes, condiments for foodstuff, vanilla (flavoring), spices, sauces (condiments), tomato sauce, yeast, baking powder, flour, semolina, starch for food, sugar, cube sugar, powdered sugar, tea, iced tea, confectionery, chocolate, biscuits, crackers, wafers, chewing gums, ice-cream, edible ices, salt, cereal-based snack food, popcorn, crushed oats, corn chips, breakfast cereals, processed wheat for human consumption, crushed barley for human consumption, processed oats for human consumption, processed rye for human consumption, rice, molasses for food, agricultural and horticultural products, seeds, forestry products, live animals, fertilized eggs for hatching, plants, dried plants for decoration, fresh garden herbs, dried garden herbs for decoration, animal foodstuffs, malt not for human consumption, underlays for pets, cat litters, beers, preparations for making beer, mineral water, spring water, table water, soda water, fruit juices and vegetable juices [beverages], fruit and vegetable concentrates for making beverages and non-alcoholic fruit extracts for making beverages, soft drinks, energy drinks, protein-enriched sports beverages, alcoholic beverages (except beers), wines, raki [traditional Turkish alcoholic drink], whisky, liqueurs, alcoholic cocktails, tobacco, chewing tobacco, cigarettes, cigars, smokers' articles, made of precious metals: pipes, mouthpieces for cigars and cigarettes, ashtrays, tobacco boxes, pocket apparatus for rolling cigarettes, cigarette paper, tobacco pipes, firestones, lighters for smokers, electronic cigarettes and their cartridges, matches) enabling customers to conveniently view and purchase those goods, such services may be provided by retail stores, wholesale outlets, by means of electronic media or through mail order catalogues.

#### Class 38:

Radio and television broadcasting services; telecommunication services; providing access to the Internet; news agencies.

#### Class 41:

Education and training; arranging and conducting of conferences, congresses and seminars; sporting and cultural activities; entertainment; ticket reservation and booking services for entertainment, sporting and cultural events, including ticket reservation and booking services for theatres, cinemas, museums and concerts; publication and editing of printed matter, including magazines, books, newspapers, other than publicity texts; electronic publication services; production of movie films, radio and television programmes; news reporters services; photographic reporting services; photography; translation.

#### Class 42:

Scientific and industrial analysis and research services; engineering; engineering and architectural design services; testing services for the certification of quality and standards; computer services, namely, computer programming, computer virus protection services, computer system design, creating,

***List of cases accepted for opposition purposes as shown in Journal 2025/044 published on 31 October 2025 .***

maintaining and updating websites for others, computer software design, updating and rental of computer software, providing search engines for the internet, hosting websites, consultancy in the design and development of computer hardware, rental of computer hardware; industrial design services, other than engineering, computer and architectural design; graphic arts designing; authenticating works of art.

Class 45:

Legal services, legal consultancy in the fields of intellectual and industrial property rights; security services for the physical protection of property and individuals; marriage agencies; funeral services; clothing rental; fire-fighting services; escorting in society (chaperoning); consultancy relating to workplace safety; social networking services.

**Class 9:**

Payment software; software for electronic payments; electronic identity authentication software and devices; cards, badges and other electromagnetic identification devices; electronic identification cards; electronic identification badges; magnetic cards; encoded barcode labels, optical recognition code label, encoded flash code labels; charging stations for electric vehicles; computer communications terminals for controlling and managing electric charging stations and networks; encoded magnetic subscription cards; magnetic badges; encoded member cards; encoded key cards; magnetic encoded cards containing data; downloadable e-cards; smart cards [integrated circuit cards]; prepaid encoded magnetic cards; code cards, magnetic cards and chip cards; encoded smart cards; electronic chip cards; encoded loyalty cards; encoded payment cards;

magnetic payment cards; magnetically encoded payment cards; encoded prepaid payment cards; magnetically encoded debit cards; magnetic encoded payment cards; luminous and electronic display boards for charging stations for electric and hybrid vehicles.

**Class 35:**

Subscription services for third parties to electronic or non-electronic publications, newspapers, newsletters and magazines; promotion of third-party goods and services via global computer networks; organizing exhibitions, trade fairs and other similar commercial events for commercial and/or promotional purposes; promotion of third-party goods and services via computer and communication networks; administrative and commercial management of professional expense reimbursement programs for recharging electric vehicles for third parties; services for administrative and commercial management of a subscriber program for third parties; administrative and commercial management of a fleet of vehicles for third parties; vehicle mileage reading services for invoicing purposes; invoicing services; invoicing consultant services; administration, invoicing and reconciliation of accounting for third parties.

**Class 36:**

Management of payments; electronic payment processing; automated, electronic, remote and contactless payment services; pre-payment and payment card services and other credit, debit, magnetic, encoded, chip, electronic cards for financial use and computerized financial services relating thereto; financial management of professional expense reimbursement payments for recharging electric vehicles for third parties; financial management of a subscriber program for third parties.

**Class 37:**

Installation, maintenance and repair of charging stations for electric and hybrid vehicles; charging station installation services.

**Class 38:**

Telecommunications; information with respect to telecommunications; communications by computer terminals or by fiber-optic networks; communications by radio or telephone; mobile radiotelephony services; providing access to a global computer network; electronic bulletin board services (telecommunications); connection by telecommunications to a global computer network; news or information agencies; rental of telecommunication apparatus; providing electronic communication links enabling access to electronic authentication devices providing access to service stations for users of electric vehicles; transmission of digital information; transmission of information via satellite; transmission of information by computer; transmitting data and information by computer for the purpose of guiding vehicles; database information transmission and reception by means of telecommunication networks; broadcasting of radio or television programs; teleconferencing services; electronic messaging services; rental of access time to global computer networks; services for private access to a database or multimedia, computer and telephone server center.

**Class 39:**

Locating and tracking of individuals in the context of transport; locating and tracking of cargo in the context of transport;

***List of cases accepted for opposition purposes as shown in Journal 2025/044 published on 31 October 2025 .***

locating and tracking vehicles in the context of transport; organizing passenger transport services via an online software application for third parties; computer location and tracking of transport vehicles.

Class 42:

Evaluations, assessments and research in the fields of science and technology provided by engineers; design and development of computers and software; technical project studies; development (design), installation, maintenance of software; computer programming; consultation with respect to computers; programming computer software for scanning and reading a barcode, optical recognition code label, flash code via mobile reading devices.

Class 45:

Software licensing; intellectual property licensing.

# CRYOPORT

Class 1:

Industrial gases, namely, dry ice and cryogenic liquid gases for use in freezing and cooling down in the context of temperature controlled logistics.

Class 6:

Metal tanks and pressure vessels for storing and dispensing liquids and liquified gases; metal intermodal containers having integral tanks or pressure vessels for transporting cryogenic liquids; storage and dispensing systems comprised of metal storage tanks and metal valves, other than parts of machines, for dispensing liquids including syrups, oils and liquified gases.

Class 7:

Electric generators, electric motors not for land vehicles, compressors for refrigerators, namely, for cryogenic shipping containers, ventilation valves being parts of machines.

Class 9:

Electric energy convertors; computer hardware in the nature of a real-time data logger used in shipping, downloadable software for monitoring temperature of shipping containers and for pressure-vessel monitoring.

Class 11:

Freezers, cryogenic storage containers in the nature of temperature-controlled portable insulated shipping containers and stationary storage containers; air conditioning apparatus, cooling equipment incorporating a helium power pressure wave generator.

Class 20:

Non-metal and non-paper container for transport for use inside of a shipping container; non-paper and primarily non-metal cryogenic shipping containers; non-paper and primarily non-metal dewar shipping containers.

Class 21:

Isothermal bags, namely, thermal insulated bags for food or beverages; insulated jars; insulated bottles, namely, vacuum bottles; insulated containers, namely, thermally insulated containers for food; insulated boxes, namely, heat-insulated containers for household use.

Class 39:

Transport and delivery of merchandise and products; logistics services in connection with the transport of merchandise and products, particularly preparation, packaging, storage, collection, delivery, tracking, distribution, location and information services relating thereto, namely, supply chain logistics in the nature of storage, transportation, and delivery of goods for others by air, rail, ship or truck; rental of cryogenic containers and insulated boxes for transportation purposes; advisory and information services in the field of transport, namely, transportation information and transportation consulting services; supply chain logistics services, namely, storage, transportation and delivery of freight in a temperature-controlled environment for others; transportation of temperature

***List of cases accepted for opposition purposes as shown in Journal 2025/044 published on

Class 7:  
Machines for processing metal, wood and plastic, and machine tools.

Class 8:  
Hand tools and implements (hand-operated) used in agriculture, horticulture and forestry, and hand implements (hand-operated) for the construction of machines, apparatus and vehicles, and for structural engineering.

Class 9:  
electric and electronic apparatus and systems composed thereof, namely television sets (CRT, plasma, LCD), rear-projection television sets, combination television sets, video devices, cable modems, Satellite receivers or receiving apparatus, hi-fi music systems, radios, electric tuners, electrical amplifiers, home theatre systems, mixer amps, reverberators, audio mixing consoles, equalizers, record players, disk exchangers and record player decks, satellite-receiving apparatus and auxiliary apparatus, namely SAT receivers, television decoders, satellite systems, satellite aerials, satellite distribution systems, active DVB-T antennas, satellite amplifiers, satellite signal converters, in-house satellite amplifiers; apparatus for recording, transmission or reproduction of sound and/or images, cassette tape recorders, tape recorders, compact disc players, CD-recorders, DVD players, DVD recorders, hard disk recorders, audio and/or video players, combined DVD and VCR players, video hard disk players, camcorders, microphones, wireless microphones, headphones, cabinets for loudspeakers, loudspeaker chassis, loudspeakers, headphones, headsets, audio-crossovers, remote controls, video devices, video recorders, videotext apparatus, television sound converters and adapters, telephone baby monitors; portable apparatus for recording, transmission and reproduction of sound and/or images, in particular portable compact disc players, pocket stereos, MP3-player, electric and electronic signalling and portable electronic sound players, combination radio and audio cassette players, cassette recorders, radios incorporating clocks; cameras, including for moving images and single images, video cameras, electronic cameras, cinematographic cameras or cameras [photography], including digital cameras and accessories for the aforesaid goods; electronic control devices and controllers for apparatus and light sources, including light scanners for lighting effects; lasers and laser devices, including for lighting effects, not for medical purposes; radiotelephone sets or phototelegraphy sets (hand-held, mobile and fixed apparatus), amateur radio

transmission and receiver sets, service radio transmission and receiver sets, radio amplifiers; adjustable and non-adjustable electric power units, namely low-voltage power units and chargers for batteries; electric and electronic alarm apparatus and alarm installations and parts therefor, namely optical and acoustic signal transmitters, acoustic sensors (ultrasound-movement indicators), optical sensors and light barriers, electromechanical sensors (door and window contacts, vibration contacts for windows and doors), micro computers, structural components and kits for all aforesaid apparatus (included in this class); aerials, including television aerials and satellite receiver aerials, set top aerials, car aerials, amateur radio and CB radio aerials, including being mobile aerials and station aerials; electric installation material (wires, cables), dimmer switches for electric room lighting, mains pin and socket connectors, in particular plugs and sockets, electric conduits, wires and flex, including those for the supply of electricity, for communications and data transmission for video and audio applications; batteries, rechargeable batteries, rechargeable cells, automatic time switches, not for clock or watch movements, intercom installations, consisting of external and internal speaker stations and, if required, including changeover switches, power supply units, amplifiers and video apparatus; electronic desk and pocket calculators; electronic presentation technology apparatus, in particular LCD projectors; electronic cash registers; electronic notebooks and electronic reference works; telecommunications apparatus and telecommunications installations consisting thereof, in particular telephones, cordless telephones, telephone answering machines, fax machines, telex machines, modems, mobile telephones, telephone accessories, namely telephone extension installations, hands-free devices or installations, telephone subscriber call meters, telephone connection boxes, manual and electronic changeover switches for telephones, telephone connectors and sockets, telephone flex; computers, PCs (desktops, towers, servers, notebooks), printers, copiers, scanners [data processing equipment], display screens; internal and external disk drives, in particular hard disks, CD drives, DVD drives, CD printers, floppy disk drives; memory modules, memory cards, plug-in cards, power supply units for computers, computer chargers, docking stations, loudspeakers for PCs, keyboards, mice, computer cards, in particular graphics cards and interfaces, modems and computer installations composed thereof, computer pin and socket connectors; computer software, in particular computer programs stored on data carriers, including those for controlling lasers and light sources, software tools, data communications software for electronic data exchange, in particular between computers, computer systems and interfaces, including on the internet and/or an intranet, and for carrying out other computer-based functions.

Class 11:  
Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating and water supply, included in this class; light sources (lighting apparatus), namely spotlights, including effect beams, light projectors being light effect apparatus, spotlights, lighting devices for light sources (lighting apparatus), lighting lamps, lighting effect equipment, namely flash lamps and effects lamps, low voltage neon-glow lamps, incandescent lamps, electric discharge lamps, sockets for the aforesaid lamps, fog machines, fans [air-conditioning], electric fans for personal use, electric heating and air conditioning apparatus; lighting articles (lamps), in particular torches, interior and exterior lamps for buildings; lighting devices

***List of cases accepted for opposition purposes as shown in Journal 2025/044 published on 31 October 2025 .***

for lighting articles (lamps), namely incandescent lamps and halogen lamps, including the aforesaid goods with reflectors; low-voltage neon-glow lamps and gas discharge lamps; oil-filled radiators; lighting apparatus and electric lamps, including for lighting effects; LED lighting installations.

Class 15:  
Electronic musical instruments.

Class 16:  
Printed matter, in particular periodicals and books; electric typewriters.

Class 28:  
Games and playthings; gymnastic and sporting articles, not included in other classes; apparatus for games (including video games), other than adapted for use with external screens or monitors only; video game apparatus.

Class 35:  
Retail and wholesale services, also via the internet, in relation to the following goods: printed matter, in particular books and magazines, games and playthings, gymnastic and sporting articles, machines, namely, drilling machines, milling machines, mowing machines, chainsaws, compressed air devices, and small appliances for home use, and machine tools, oil radiators, hand tools and instruments (hand operated), electric and electronic apparatus and systems composed thereof, namely television sets (CRT, plasma, LCD), rear-projection television sets, combination television sets, video apparatus, cable modems, satellite receiving apparatus or receivers, hi-fi music systems, radio receivers, electric tuners, electric amplifiers, home cinema systems, mixer amplifiers, reverberation units, sound mixers, equalisers, record players, jukeboxes and record-player decks, electric typewriters, electronic musical instruments, satellite-receiving apparatus and auxiliary apparatus, namely SAT receivers, set-top boxes, satellite systems, satellite aerials, SAT distribution systems, active DVB-T antennas, SAT amplifiers, SAT signal converters, SAT in-house amplifiers, apparatus for recording, transmission and/or reproduction of sound and/or images, cassette tape recorders, tape recorders, disc players, CD-recorders, DVD player devices, DVD recorders, hard disk recorders, audio and/or video players, DVD-VCR combination apparatus, video hard-disc apparatus, camcorders, microphones, wireless microphones, headphones, cabinets for loudspeakers, loudspeaker chassis, loudspeakers, headphones, headsets, frequency crossover networks, remote control, video apparatus, video recorders, videotext apparatus, television sound converters and adapters, telephone baby monitors, portable apparatus for recording, transmitting and reproducing sound and/or images, in particular portable compact disc players, pocket stereos, MP3-players, electric and electronic portable sets, radio recorders, cassette recorders, radio clocks, cameras, including for moving images and single images, DVD cameras, electronic cameras, cinematographic cameras or cameras [photography], including digital cameras and accessories for the aforesaid goods, lasers and laser installations including those for lighting effects, apparatus and light sources, including light scanners for lighting effects, electronic control devices and controllers for controlling apparatus and light sources, including light scanners for lighting effects, radiotelephony sets or phototelegraphy apparatus (hand, mobile apparatus and stations); retail and wholesale services, also

via the internet in relation to the following goods: amateur radio transmitting and receiving apparatus, private radio transmitting and receiving apparatus, radio repeaters, video games adapted for use with external screens or monitors only, apparatus for games (including video games), other than adapted for use with external screens or monitors only, adjustable and non-adjustable electric power units, namely low-voltage power units and chargers for batteries, electric and electronic alarms and alarm systems and accessories therefor, namely optical and acoustic signal transmitters, acoustic sensors (ultrasound motion sensors), optical sensors and light barrier, electromechanical sensors [door and window contacts, vibration contacts for windows and doors], microcomputers, assemblies and kits for all of the aforesaid goods, aerials, including television aerials and satellite broadcast receiving aerials, room aerials, car aerials, amateur radio and CB radio aerials, including mobile and fixed aerials, electric installation materials (wires, cables), brightness regulators and dimmers (regulators) for electric room lighting, mains plug connections, in particular sockets and connectors, electrical cords, wires and strands, including the aforesaid for electricity supply, for communications and data transmission for video and audio applications, batteries, rechargeable batteries, storage batteries, time switches, automatic; retail and wholesale services, also via the internet in relation to the following goods: intercom installations consisting of exterior and interior speaker stations, and, if required, switching apparatus, power supplies, amplifiers and video apparatus, desk and pocket electronic calculators, electronic presentation technology apparatus, in particular LCD projectors, electronic cash registers, electronic note books and electronic reference books [downloadable, recorded], telecommunications apparatus and telecommunications installations consisting thereof, in particular telephones, cordless telephones, answering machine, facsimiles machines, telex, modems, portable telephones, telephone accessories, namely telephone private branch exchanges, hands-free kits or installations, telephone tariff time switches, telephone sockets, manual and electronic change-over switches for telephones, telephone plugs and sockets, telephone cords, computers, personal computers [desktops, towers, servers, notebooks], printers, copiers, scanners (data processing equipment), film screens, internal and external disk drives, in particular hard disks, CD drives, digital video disc drivers, compact disc printers, floppy disc driving apparatus, memory storage modules, memory cards, plug-in cards, power supply units for computers, computer chargers, docking stations, loudspeakers for PCs, keyboards, mice, computer cards, in particular graphics cards and interfaces, modems and computer installations composed thereof, computer plug connections, computer software, in particular computer programs stored on data media, also being for controlling lasers and light sources, software tools, data communications software for electronic data exchange, in particular between computers, computer systems and interfaces, including on the internet and/or intranets, and for executing other computer-based functions, apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating and water supply, light sources (apparatus for lighting), namely projectors, including effect spotlights, light projectors being lighting effect apparatus, spotlights, lighting devices for light sources (apparatus for lighting), lamps, lighting effect equipment, namely flashguns and effect lamps, LEDs, glow lamps, light bulbs, electric discharge lamps, sockets for the aforesaid lamps, smoke generating machines, fans, ventilators, electric heating

The capital letters "C" and "M" are in yellow and the remaining letters in lowercase are in blue.

Class 1:  
Chemical sealant for use in manufacture of electronic components; chemical sealant for use in manufacture of electronic circuits; chemical sealants; aluminum nitride;

***List of cases accepted for opposition purposes as shown in Journal 2025/044 published on 31 October 2025 .***

spherical silica particles; spherical alumina particles; metallic oxides for filler; metallic oxides; agglutinants for concrete; solvents for varnishes; industrial chemicals for use in the manufacture; glue for industrial purposes; adhesives for industrial purposes; higher fatty acids; chemical compositions for developing and printing photographs; polymer resins, unprocessed; raw plastics in the form of liquid; raw plastics in the form of granules; raw plastics in the form of paste; raw plastics in the form of powder; plastics, unprocessed; plastics, raw; chemicals made from pitch coke being raw material for use in manufacture; chemicals made from pitch coke for use in manufacture of graphite electrode; chemicals made from pitch coke being raw material for use in the manufacture of carbon products; chemicals made from coal tar being raw material for use in manufacture; organic compounds for organic electro luminescent device; photocurable resin; photosensitive resin; thermosetting resin; carbon black for industrial purposes; benzene; toluene; xylene; conductive adhesives.

Class 2:

Dyestuffs; carbon black as pigment; synthetic resin paints; thickeners for paints; printing ink; anti-rust greases.

Class 4:

Solid lubricants; gaseous fuels; lubricating oils [industrial lubricants]; mineral oils and greases for industrial purposes [not for fuel]; lubricating grease; non-mineral oils and greases for industrial purposes [not for fuel].

Class 5:

Reagent paper for medical purposes; pharmaceutical preparations.

Class 6:

Stainless steel; stainless steel foils; iron and steel; copper and its alloys; nonferrous metals and their alloys; sheets and plates of metal; titanium; titanium alloy; wire ropes; ropes of metal; copper wire, not insulated; copper, unwrought or semi-wrought; steel sheets; steel, unwrought or semi-wrought.

Class 7:

Rolling mill rolls; fuel production machines; non-electric prime movers, not for land vehicles; parts for non-electric prime movers for land vehicles; anti-pollution devices for motors and engines; exhausts for motors and engines; catalytic converters; catalytic converter units for vehicle exhausts; catalytic converters for motors and engines; parts of non-electric prime movers; machine elements, not for land vehicles.

Class 9:

Safety helmets; solar batteries; accumulators [batteries]; accumulators, electric, for vehicles; batteries and cells; electric wires and cables; camera lenses for mobile phones; camera lenses for personal digital assistants; camera lenses for telecommunication machines and apparatus; 3D spectacles; covers for smartphones; covers for tablet computers; camera lenses for portable computers; camera lenses for electronic machines and apparatus; flexible printed circuit boards and components thereof; color filters for liquid crystal displays; electronic circuits; electrodes, other than welding electrodes or medical electrodes; collectors, electric; protective helmets for sports; lithium-ion secondary batteries; bonding wire for semiconductor; electromagnets.

Class 11:

Drying apparatus for chemical processing; recuperators for chemical processing; steamers for chemical processing; evaporators for chemical processing; distillers for chemical processing; heat exchangers for chemical processing; waste water treatment apparatus for pollution control; waste water treatment apparatus; equipment to recover carbon dioxide from exhaust gas emitted from combustors of boilers; equipment to recover carbon dioxide from exhaust gas emitted from combustors of industrial furnaces; equipment to recover carbon dioxide from combustors of commercial refuse incinerators and commercial incinerators; equipment for recovering carbon dioxide from exhaust gas emitted from gas turbines and combustion engines of internal combustion engines.

Class 12:

Automobile bodies; automobile hoods; frames for bicycles; mudguards for bicycles; rims for bicycles; spokes for bicycle wheels; bodies for vehicles; brake segments for vehicles; bumpers for automobiles; motorcycle frames; rims for vehicle wheels; mechanical elements for land vehicles; vessels and their parts and fittings; aircraft and their parts and fittings; parts and fittings of railway rolling stock; automobiles and their parts and fittings; two-wheeled motor vehicles, bicycles and their parts and fittings.

Class 17:

Raw mica; partly processed mica; chemical fiber, not for textile use; rock wool; carbon fibers, other than for textile use; chemical fiber yarn and thread, not for textile use; plastic sheeting for agricultural purposes; transparent conductive films; gas barrier films; retardation films; light-reflecting plastic films for use on windows; light-reflecting plastic films for use on display; anti-reflective film for use on windows; anti-reflective film for use on display; tinted anti-glare films for windows; tinted anti-glare films for display; laminated plastic films for use on windows; laminated plastic films for use on display; plastic laminated sheets; prepreg with epoxy resin of carbon fibers; plastic substances, semi-processed; fiber reinforced plastic sheets; plastic sheets with bonded metal foil; plastic sheets reinforced with fibers; adhesive-coated plastic sheets; plastic sheets; semi-processed plastics; plastic semi-worked products; rubber [raw or semi-worked]; soundproofing materials of rock wool, not for building purposes; caulking materials; metal foil for insulation; reinforcing materials, not of metal, for pipes.

Class 19:

Tar; pitch; plastic building materials; synthetic building materials; asphalt, and asphalt building or construction materials; rubber building or construction materials; plaster for building purposes; lime building or construction materials; building or construction materials of plaster; buildings, not of metal; cement and its products; building stone; artificial fish reefs, not of metal; moulds for forming cement products, not of metal; beacons [not of metal, non-luminous]; road signs, not of metal, non-luminous and non-mechanical; glass fiber reinforced laminated sheets for buildings; fiber sheet for building.

Class 22:

Glass fibers for textile use; carbon fibers; textile fibers; cordage; knitted cords; carbon fibers for textile use; plastic fibers for textile use; raw fibrous textile; ropes, not of metal; rockfall prevention nets of textile; fiber reinforced plastic net.

***List of cases accepted for opposition purposes as shown in Journal 2025/044 published on 31 October 2025 .***

**Class 24:**

Organic fiber fabrics; chemical fiber fabrics; woven fabrics, other than edging ribbons for tatami mats; knitted fabrics; knitted fabrics of chemical-fiber yarn; felt and non-woven textile fabrics; oilcloth; gummed waterproof cloth; vinyl coated cloth; rubberized cloth; filtering materials of textile.

**Class 37:**

Construction work to prevent tunnels from falling by fixing fiber-reinforced plastic reinforcing materials and other reinforcing materials; repair and reinforcement of buildings and structures by fixing fiber-reinforced plastic reinforcing materials and other reinforcing materials; repair and reinforcement of buildings and structures by covering with fiber-reinforced sheets; provision of information on repair and reinforcement of buildings and structures; providing construction information; building construction consultancy; building construction supervision; general building construction works; construction and maintenance services relating to civil engineering; road paving; masonry; glass installation services; steel structure construction works; plastering; carpentry; tile laying, bricklaying or block laying; joinery installation; building reinforcing; painting; scaffolding, construction services in the nature of earthworks or construction services using concrete; upholstering; building damp-proofing; roofing services; plumbing; construction of water supply facilities; construction of cleaning facilities; repair or maintenance of vessels; shipbuilding; repair of bicycles; repair or maintenance of automobiles; repair or maintenance of railway rolling stocks; repair or maintenance of two-wheeled motor vehicles; repair of sports equipment; building repair; repair of concrete structures; repair or maintenance of nuclear power plants; repair or maintenance of chemical plants; installation and maintenance of utility facilities in buildings; repair or maintenance of textile machines and apparatus; installation of foundation piles; pile driving services; construction for seismic isolation and vibration control for buildings; construction services in the nature of earthworks; construction; construction consultancy; construction consultancy in the field of earthworks; repair and maintenance of chemical plant.

**Class 40:**

Metal treating; coating of synthetic resins; water treating; water purification and wastewater treatment; providing material treatment information; sorting and disposal of waste and trash; recycling of waste and trash; purification of contaminated soil; treatment of waste and harmful substances; separation, recovery, and treatment of carbon dioxide; desulfurization of natural gas and removal and processing of carbon dioxide; gas refining; pressing of metal materials; molding of metals; metal casting.

**Class 42:**

Research on building construction or city planning; testing or research on civil engineering; construction drafting; designing of civil engineering structures; consultancy in the fields of architectural design and civil engineering structure design; testing, inspection or research of fiber-reinforced materials and other composite materials; provision of information on research related to architecture or urban planning; provision of information on testing or research related to civil engineering; provision of information on design of buildings and civil engineering structures; provision of information on testing,

inspection, or research on fiber-reinforced materials and other composite materials; engineering related to chemical plant; engineering related to steel plant; engineering related to sludge treatment plant; engineering related to waste treatment plant; engineering related to recycling plant; engineering related to energy plant; engineering related to storage facility system; designing of machines for seismic isolation and vibration control for buildings; testing, inspection or research of pharmaceuticals, cosmetics or foodstuffs; testing or research on prevention of pollution; testing, inspection, evaluation or research on metals and alloys; testing, inspection, evaluation or research on steel plates; designing of plant and consultancy relating to thereof; designing of piling works and other construction works; consultancy in the fields of designing of piling works and other construction works; research and development for others; quality control; survey of water quality; chemical analysis; bacteriological research; material testing; engineering in the fields of energy, building, communication and environmental technology; architectural design; consultancy in the field of architectural design; designing of machines, apparatus, instruments [including their parts] or systems composed of such machines, apparatus and instruments; consultancy in the field of designing of machines, apparatus, instruments including their parts or systems composed of such machines, apparatus and instruments; research, testing and technical study of metallic materials, and provision of advice and information relating thereto; research, testing and technical study of architecture or urban planning, and provision of advice and information thereon; testing or research on pollution control, and provision of advice and information thereon; testing or research on civil engineering, and provision of advice and information related thereto; providing computer programs on data networks.

Class 3:  
Non-medicated cosmetics and toiletry preparations; non-  
medicated dentifrices; perfumery, essential oils; bleaching  
preparations and other substances for laundry use; cleaning,  
polishing, scouring and abrasive preparations.

Class 5:  
Pharmaceuticals, medical and veterinary preparations; sanitary  
preparations for medical purposes; dietetic food and substances  
adapted for medical or veterinary use, food for babies; dietary  
supplements for humans and animals; plasters, materials for  
dressings; material for stopping teeth, dental wax; disinfectants;  
preparations for destroying vermin; fungicides, herbicides;

contact lens cleaning preparations; solutions for contact lenses;  
solutions for rinsing contact lenses; disinfectants for contact  
lenses; contact lens wetting solutions; solutions for neutralizing  
contact lenses; medicated creams; pharmaceutical creams;  
ophthalmological preparations; compresses.

Class 9:  
Scientific, research, navigation, surveying, photographic,  
cinematographic, audiovisual, optical, weighing, measuring,  
signalling, detecting, testing, inspecting, life-saving and  
teaching apparatus and instruments; apparatus and instruments  
for conducting, switching, transforming, accumulating,  
regulating or controlling the distribution or use of electricity;  
apparatus and instruments for recording, transmitting,  
reproducing or processing sound, images or data; recorded  
and downloadable media, computer software, blank digital  
or analogue recording and storage media; mechanisms for  
coin-operated apparatus; cash registers, calculating machines;  
computers and computer peripherals; diving suits, diving  
masks, earplugs for divers, nose clips for divers and swimmers,  
gloves for divers, breathing apparatus for underwater  
swimming; fire-extinguishing apparatus; data processing  
apparatus for recording information about the frequency of  
administration and dosage of medicines; computer software  
for controlling and managing patient medical information;  
downloadable mobile applications for controlling and managing  
patient medical information; contact lenses; blanks for contact  
lenses; containers for contact lenses; containers for contact  
lenses; circle lens; containers for contact lenses; containers  
for contact lenses; contact lens washing apparatus; containers  
for contact lenses; corrective eyewear; spectacles [optics];  
sunglasses.

Class 10:  
Surgical, medical, dental and veterinary apparatus and  
instruments; artificial limbs, eyes and teeth; orthopedic articles;  
suture materials; therapeutic and assistive devices adapted  
for the disabled; massage apparatus; apparatus, devices and  
articles for nursing infants; sexual activity apparatus, devices  
and articles; containers with dosing devices for dispensing  
pharmaceutical products; medicinal products; chemically  
activated hot compresses for medical use.

### Corrections to published marks

UK00004233616 (2025/030, 25 July 2025)

The specification for this application has been amended to read as follows:

Class 9:

Telecommunications cable; Signal cables for IT, AV and telecommunication; Telecommunications cables; Telecommunication cables; Audio cable; Network cables; Telecommunications networks; Ethernet cables; Network cabling; none of the aforesaid being or related to fibre optic cables, fibre optic connecting cables, copper power cable, and coaxial cable.

UK00004261044 (2025/043, 24 October 2025)

UK00004239043 (2025/040, 03 October 2025)

The mark should have advertised in the following form:  
BLUEBAY BUILDING PRODUCTS

The specification for this application has been amended to read as follows:

Class 9:

Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; compact discs, DVDs and other digital recording media; mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment, computers; computer software; fire-extinguishing apparatus; electrical flexes, wires and cables; electrical wiring accessories; plugs, plug sockets, switches, switch boxes, protection devices for electric circuits, fuse boxes, safety fuses, connections; switchgear, transformers, earthing accessories, fuses; solar cell plates; fibre optics, fibre optic cables, couplings, panels, receptors, junctions, sheaths and sleeves; telecommunication equipment and apparatus; control units for electrical appliances, cable and extension reels for use therewith; circuit breakers; socket outlets for coaxial cable plugs; conduit and housings for electric cables; junction boxes, earth sleeves for cable; control apparatus and instruments for use with or being parts of heating or water supply installations; light switches, light pulls; protective and safety equipment; head protection and eye protection; protective clothing, footwear and headgear; safety clothing, footwear and headgear; safety gloves; ducting for electrical cables; measuring, detecting and monitoring instruments, indicators and controllers; sensors and detectors; meters and meter boxes, meter modules, street cabinets; testing and quality control devices; cable and pipe location devices; ; measuring, counting, alignment and calibrating instruments; controllers (regulators); thermostats; timers; educational and training computer software programs; computerised database; downloadable electronic publications; downloadable electronic training and educational publications; parts and fittings for the aforesaid goods.

UK00004210795 (2025/039, 26 September 2025)

The mark should have advertised in the following form:

The specification for this application has been amended to read as follows:

Class 36:

Financial advisory services; financial advice relating to taxation, pensions, share option schemes, wills, trusts, settlements, investment and fund investment; executor and trustee services; all included in Class 36; all the aforesaid relating to the legal field.

Class 42:

Development of computer programs, writing of computer programs, modification and maintenance of computer programs, none in relation to publishing services; all the aforesaid relating to the legal field.

Class 45:

Legal services; provision of consultancy services and advice relating to legal services; none of the aforesaid relating to the design, manufacture, rental or sale of motorcycles or any other motorised vehicles.

**UK0000427273** (2025/042, 17 October 2025)

The mark should have advertised in the following form:

**UK00004245077** (2025/035, 29 August 2025)

The specification for this application has been amended to read as follows:

Class 9:

Computer software; AI software; interactive computer software; downloadable computer software; downloadable applications and software for mobile devices; software and applications for enabling documentation management; computer software for running reports; data processing equipment; computer software platforms; mobile application software; web application software; reporting software; downloadable electronic reports; computer software and AI software supplied via the Internet and other interactive electronic platforms; software downloadable from the Internet; instant messaging software; software for analytics; software for conducting data analytics; virtual assistant software; scheduling software; electronic signature software; software for onboarding of employees; software for recording absences; software for handling compliance issues; computer software for managing compliance risks; all of the aforesaid relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; computer software and AI software relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; computer software and AI software supplied via the Internet and other interactive electronic platforms relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; computer programmes relating

to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; computer hardware and firmware for use in relation to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; computer software and AI software for administration and management of HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; software downloadable from the Internet relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; teaching and training materials provided in electronic form relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; parts and fittings for the aforesaid goods; none of the aforesaid goods for or relating to open networks for secure, decentralized communication.

Class 35:

Business project management services; business services relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; business consultancy services relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; business management services relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; outsourcing services [business assistance] relating to HR; personnel services; personnel and human resources consultancy and information services; human resources management; conducting employee incentive award programs; payroll processing services; administration of business payroll for others; computerised payroll preparation; administration of employee pension plans; administration of employee welfare benefit plans; computerised database management services relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; data processing relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; provision and compilation of business information relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee

benefits and health and safety; advisory, information and consultancy services all relating to the aforesaid services; none of the aforesaid services for or relating to open networks for secure, decentralized communication.

**Class 41:**

Education and training services: none of the aforesaid services for or relating to open networks for secure, decentralized communication; education services relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; providing of training relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; training services relating to health and safety; advisory, information and consultancy services all relating to the aforesaid services.

**Class 42:**

Software as a service [SaaS]; platform as a service [PaaS]; provision of non-downloadable computer software for use as an application programming interface (API); design and development of application programming interfaces (API); providing information relating to software for use as an application programming interface (API) and to software development tools from searchable indexes and databases of information, including text, electronic documents, databases, graphic and audio visual information, by means of global computer information networks; application service provider featuring application programming interface (API) software; providing temporary use of on-line non-downloadable software for use as an application programming interface (API); application service provider featuring application programming interface (API) software for use in connection with access, retrieval, upload, and management of voice, messages, data, documents, signals, images, video, digital media content, and audio, visual, and audio-visual materials; providing temporary use of web-based software; development of computer platforms; hosting of platforms on the internet; computer programming services for commercial analysis and reporting; data analytics, namely, technical data analysis services, quantitative analysis of technical data, qualitative analysis of technical data, data mining; advisory, consultancy and information services all relating to all the aforesaid services; all the aforesaid services including those provided online from a computer database or the Internet; all of the aforesaid relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; design, development, maintenance and updating of computer hardware and software relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; computer programming services relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; computer consultancy services relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; rental of computer hardware and computer software relating to HR services, workforce

management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; electronic data storage provided from a computer database or the Internet relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; none of the aforesaid services for or relating to open networks for secure, decentralized communication.

**UK00004237518** (2025/031, 01 August 2025)

The specification for this application has been amended to read as follows:

Class 18 has been deleted in its entirety from the specification for this application.

Class 25 has been deleted in its entirety from the specification for this application.

**UK00004222199** (2025/028, 11 July 2025)

The mark should have advertised in the following form:  
RABBIT HOLE

The specification for this application has been amended to read as follows:

**Class 41:**

Music composition services; music entertainment services; music festival services; music performance services; music production; music production services; music publishing; music publishing services; music recording studio services; musical concerts by radio; musical concerts by television; musical entertainment; musical events (Arranging of -); musical performance services; disc jockey services; discotheque services; dubbing; arranging and conducting of festivals; production of audio/visual recordings; remixing of audio and video recordings; disc jockey (DJ) services for parties, nightclubs, concerts and special events; production of electronic music using computer software; production of music using electronic music apparatus and instruments; provision of on-line music; entertainer services provided by musicians; entertainment in the form of live musical performances; entertainment services provided by vocalists; arranging, organizing, conducting, and presenting concerts, live performances, entertainment special events and festivals.

**UK00004197680** (2025/043, 24 October 2025)

The specification for this application has been amended to read as follows:

**Class 35:**

Advertising; negotiation of business contracts for others; arranging of collective buying; cost price analysis; retail services in relation to audio, audiovisual, sound or video apparatus and instruments; retail services in relation to audio, audio-visual, sound or video playing, recording, transmission or reproduction apparatus and instruments, namely, sound recording, storage, reproducing and transmitting apparatus, apparatus for recording, storage, transmitting or reproduction of sound, music, images, data and videos, apparatus for wireless recording, streaming, storage, transmitting or reproduction of sound, music, images, data and videos, video recording

apparatus, video playing apparatus, DVD players, DVD recording apparatus, amplifiers, loud speakers, speakers, wireless speakers, home cinema systems, soundbars, digital set top boxes, audio-visual receivers, portable audio devices, portable video devices, digital audio cassette (DAC) players and recorders, MP3 players and recorders, MP4 players and recorders, wireless music systems, headphones, televisions, television receivers, satellite and cable television receivers, projectors, cabinets, stands, wall brackets and racks for loud speakers and/or sound recording, storage, reproducing and transmitting apparatus, televisions and television receivers, video players and DVD players, microphones, needles for record players, radios, radio receivers, DAB radios and receivers, remote control apparatus, cables, leads and other ancillary accessories, tuners, turntables, tone arms, cartridges, gramophone pickups, digital analogue high fidelity audio recording and reproducing equipment, hi-fi sound systems, hi-fi stereo systems, CD players, audio and video mixing, routing, processing, playing and storage equipment, record players, compact disc players, radio cassette players, digital to analogue converters, magnetic and optical media for or bearing sound recordings, electronic and electrical cables, electronic and electrical connectors, television and video recorders, computers, computer peripheral devices, WI-FI receivers, WI-FI plugs, WI-FI range extenders, WI-FI hubs, wireless receivers, wireless transmitters, battery packs, network audio controllers, signal boosters, wireless signal boosters; retail services in relation to video recordings, sound recording, televisions, radios, cabinets, stands, racks and wall mountings for audio, audio-visual, sound or video apparatus and instruments, cables, leads and other ancillary accessories for audio, audio-visual, sound or video apparatus and instruments, and parts, fittings and accessories for all the aforesaid goods; retail services in relation to apparatus and installations for heating, steam generating and water supply, none of the aforesaid goods being in relation to building-integrated equipment connected to the main water supply for the purpose of space or whole-premises water heating; retail services in relation to domestic appliances, none of the aforesaid goods being in relation to building-integrated domestic equipment connected to the main water supply for the purpose of space or whole-premises water heating; retail services in relation to heaters, none of the aforesaid goods being in relation to building-integrated equipment connected to the main water supply for the purpose of space or whole-premises water heating; retail services in relation to apparatus and installations for cooling, cooking, drying, ventilating, and sanitary purposes, cookware and tableware, hand tools and implements (hand-operated), and household or kitchen utensils and containers; retail services in relation to air conditioners, air fryers, air purifiers, automatic installations for making coffee, baking ovens, barbecues, blast chillers, blenders for food [non-electric], bottle coolers, catering urns, ceramic hobs, choppers [knives], Clothes airers [clothes horse] clothes dryers, coffee filters (electric), coffee filters (non-electric), coffee grinders, coffee makers, convection ovens, cooker hoods, cookers, cooking hobs, crepe cookers, deep fryers, dehumidifiers, dishwashers, dual fuel cookers, dual fuel cookers, electric blenders, electric coffee grinders, electric cookers, electric deep fryers, electric griddles, electric hobs, electric juicers, electric milk frothers, electric ovens, electric ranges, electric slow cookers, electrical appliances for cooking, espresso coffee machines, extractor hoods for kitchens, fans [air-conditioning], food processors, freezers, fridge-freezers, garment steamers, gas cookers, gas hobs, gas ovens, gas ranges,

grills, hand-operated slicers, heating and cooling apparatus for dispensing hot and cold beverages, ice cream makers, ice machines, induction cookers, induction ovens, induction ranges, iron machines for clothing, juicers, kettles, kitchen ranges, machines for processing vegetables, meat mincers [machines], microwave ovens, microwaves, milk cooling installations, modular hobs, mops, non-electric kitchen mixers, non-electric milk frothers, non-electric mixers, oven ventilator hoods, ovens, pizza ovens, pressure washers, radiators, range hoods, refrigerated beverage dispensers, refrigerated containers [electric], refrigerating counters, refrigerators, sinks, slicers [machines, electric], splashbacks, steam cleaners, tables, taps, toasters, tumble dryers, vacuum cleaners, warming drawers for kitchens, washer dryers, washing machines, water softeners [apparatus], wine coolers, and parts, fittings and accessories for all the aforesaid goods.

**UK00004197560** (2025/043, 24 October 2025)

The specification for this application has been amended to read as follows:

Class 35:

Advertising; negotiation of business contracts for others; arranging of collective buying; cost price analysis; retail services in relation to audio, audiovisual, sound or video apparatus and instruments; retail services in relation to audio, audio-visual, sound or video playing, recording, transmission or reproduction apparatus and instruments, namely, sound recording, storage, reproducing and transmitting apparatus, apparatus for recording, storage, transmitting or reproduction of sound, music, images, data and videos, apparatus for wireless recording, streaming, storage, transmitting or reproduction of sound, music, images, data and videos, video recording apparatus, video playing apparatus, DVD players, DVD recording apparatus, amplifiers, loud speakers, speakers, wireless speakers, home cinema systems, soundbars, digital set top boxes, audio-visual receivers, portable audio devices, portable video devices, digital audio cassette (DAC) players and recorders, MP3 players and recorders, MP4 players and recorders, wireless music systems, headphones, televisions, television receivers, satellite and cable television receivers, projectors, cabinets, stands, wall brackets and racks for loud speakers and/or sound recording, storage, reproducing and transmitting apparatus, televisions and television receivers, video players and DVD players, microphones, needles for record players, radios, radio receivers, DAB radios and receivers, remote control apparatus, cables, leads and other ancillary accessories, tuners, turntables, tone arms, cartridges, gramophone pickups, digital analogue high fidelity audio recording and reproducing equipment, hi-fi sound systems, hi-fi stereo systems, CD players, audio and video mixing, routing, processing, playing and storage equipment, record players, compact disc players, radio cassette players, digital to analogue converters, magnetic and optical media for or bearing sound recordings, electronic and electrical cables, electronic and electrical connectors, television and video recorders, computers, computer peripheral devices, WI-FI receivers, WI-FI plugs, WI-FI range extenders, WI-FI hubs, wireless receivers, wireless transmitters, battery packs, network audio controllers, signal boosters, wireless signal boosters; retail services in relation to video recordings, sound recording, televisions, radios, cabinets, stands, racks and wall mountings for audio, audio-visual, sound or video apparatus and instruments, cables, leads and other ancillary accessories for audio, audio-visual,

sound or video apparatus and instruments, and parts, fittings and accessories for all the aforesaid goods; retail services in relation to apparatus and installations for heating, steam generating and water supply, none of the aforesaid goods being in relation to building-integrated equipment connected to the main water supply for the purpose of space or whole-premises water heating; retail services in relation to domestic appliances, none of the aforesaid goods being in relation to building- integrated domestic equipment connected to the main water supply for the purpose of space or whole- premises water heating; retail services in relation to heaters, none of the aforesaid goods being in relation to building-integrated equipment connected to the main water supply for the purpose of space or whole-premises water heating; retail services in relation to apparatus and installations for cooling, cooking, drying, ventilating , and sanitary purposes, cookware and tableware, hand tools and implements (hand- operated), and household or kitchen utensils and containers; retail services in relation to air conditioners, air fryers, air purifiers, automatic installations for making coffee, baking ovens, barbecues, blast chillers, blenders for food [non-electric], bottle coolers, catering urns, ceramic hobs, choppers [knives], Clothes airers [clothes horse]clothes dryers, coffee filters (electric), coffee filters (non-electric),coffee grinders, coffee makers, convection ovens, cooker hoods, cookers, cooking hobs, crepe cookers, deep fryers, dehumidifiers, dishwashers, dual fuel cookers, dual fuel cookers, electric blenders, electric coffee grinders, electric cookers, electric deep fryers, electric griddles, electric hobs, electric juicers, electric milk frothers, electric ovens, electric ranges, electric slow cookers, electrical appliances for cooking, espresso coffee machines, extractor hoods for kitchens, fans [air-conditioning], food processors, freezers, fridge-freezers, garment steamers, gas cookers, gas hobs, gas ovens, gas ranges, grills, hand- operated slicers, heating and cooling apparatus for dispensing hot and cold beverages, ice cream makers, ice machines, induction cookers, induction ovens, induction ranges, iron machines for clothing, juicers, kettles, kitchen ranges, machines for processing vegetables, meat mincers [machines],microwave ovens, microwaves, milk cooling installations, modular hobs, mops, non-electric kitchen mixers, non-electric milk frothers, non-electric mixers, oven ventilator hoods, ovens, pizza ovens, pressure washers, radiators, range hoods, refrigerated beverage dispensers, refrigerated containers [electric], refrigerating counters, refrigerators, sinks, slicers [machines, electric], splashbacks, steam cleaners, tables, taps, toasters, tumble dryers, vacuum cleaners, warming drawers for kitchens, washer dryers, washing machines, water softeners [apparatus], wine coolers, and parts, fittings and accessories for all the aforesaid goods.

**UK00004262250** (2025/043, 24 October 2025)

The specification for this application has been amended to read as follows:

Class 24:  
Gaming table felts.

**UK00004223084** (2025/038, 19 September 2025)

The mark should have advertised in the following form:  
PLENFUL

The specification for this application has been amended to read as follows:

Class 42:

Software as a service [SAAS]; platform as a service [PAAS]; development of data programs; Design and development of computer software for reading, transmitting, analysing and organising data; Platforms for artificial intelligence as software as a service [SaaS]; artificial intelligence and machine learning software as a service [SAAS]; providing online, non-downloadable software; Providing artificial intelligence computer programs on data networks; Providing temporary use of non- downloadable computer software for optimizing administrative tasks via an automation platform featuring artificial intelligence (AI) technology; providing temporary use of non- downloadable computer software for use by pharmacy and healthcare organizations for automating administrative tasks; providing temporary use of non-downloadable computer software for reducing administrative time and cost and increasing revenue; providing temporary use of non-downloadable computer software for use in the healthcare field for auditing administrative tasks, collecting data, normalizing data, identifying cost savings, processing documents, automating data entry, planning inventory, optimizing contracted rates, tracking and analysing pharmacy claims, CMS reporting, eligibility, 340B auditing and missed opportunity identification, prior authorization, provider directory, referrals and orders, opportunity identification, and reimbursement reconciliation; providing temporary use of non-downloadable computer software for use by healthcare organizations and facilities to automate tasks via an artificial intelligence (AI) powered platform for the purpose of optimizing efficiency, ensuring compliance, and driving growth; information, consultancy and advisory services in relation to all of the above.

#### Restrictions

**UK00004221080** (2025/036, 05 September 2025)

Specifications have been restricted as follows:

**UK00004228572** (2025/030, 25 July 2025)

Specifications have been restricted as follows:

Class 9:

Computer hardware; Hardware (Computer -); Computers and computer hardware; Computer hardware for telecommunications; Computer networking hardware; Computer network hardware; Monitors [computer hardware]; Computer memory hardware; Microchips [computer hardware]; Wearable computer hardware; Computer software; Computer hardware for use in computer-assisted software engineering; Communications servers [computer hardware]; Computer graphics software; Computer hardware for games and gaming; Computer gaming software; Computer peripherals; Firmware for computer peripherals; Computer software for accessing computer networks; Computer application software for use with wearable computer devices; Computer software for the monitoring of computer systems; Operating computer software for main frame computers; Computer software for computer aided software engineering; Computer software for testing vulnerability in computers and computer networks; Computer firmware; Computer hardware for the control of lighting; Mounting racks for computer hardware; Computer telephony software; Computer programming software; Computer software for encryption; Computer firewall software; Computer operating software; Computer interface software; Computer chipsets; Computer games software; Computer

software applications; Software for computers; Computer antivirus software; Computer hardware modules for use in Internet of Things electronic devices; Computer game software; Computer software for use in computer access control; Computer motherboards; Computer whiteboard software; Computer software platforms; Computer software for education; Computer e-commerce software; Wireless computer peripherals; Computer software adapted for use in the operation of computers; Computer software downloadable from global computer networks; Controlling software for computer printers; Computer software programs; Computer software for use in programming facsimile machines; Software for tablet computers; Computer software for entertainment; Computer systems; Computer hardware modules for use with the Internet of Things [IoT]; Computer network-attached storage [NAS] hardware; Computer network-attached storage (NAS) hardware; Computer hardware for the processing of positioning data; Computer software for use in computer network access control; Computer game software downloadable from a global computer network; Educational computer software; Wearable computer peripherals; Computer application software; Computer mainframes; Computer modems; Computer software for the detection of threats to computer networks; None of the aforesaid goods/services relating to biometric identification including, but not limited to, face recognition solutions.

Class 37:

Installation of computer hardware; Repair of computer hardware; Maintenance of computer hardware; Upgrading of computer hardware; Installation of hardware for computer systems; Installation and repair of computer hardware; Updating of computer networking and telecommunications hardware; Repair and maintenance of computer and telecommunications hardware; Maintenance and repair of computer hardware.

Class 42:

Rental of computer hardware and computer software; Rental of computer hardware and computer peripherals; Design of computer hardware; Computer hardware (Design of -); Computer hardware design; Design of computer hardware and software; Computer hardware and software design; Designing of computer hardware; Development of computer hardware for computer games; Computer hardware development; Development of computer hardware; Rental of computer hardware and software; Testing of computer hardware; Leasing of computer hardware; Computer hardware leasing; Rental of computer hardware; Computer hardware rental; Development of computer hardware and software; Troubleshooting of computer hardware and software problems; Design services for computer hardware; Computer hardware design services; Computer and computer software rental; Configuring computer hardware using software; Design and development of computer hardware and software; Configuration of computer software; Rental of computers and computer software; Repair of computer software; Computer software engineering; Design and development of computer hardware; Customized design of computer hardware; Computer software design; Computer rental and updating of computer software; Software design (Computer -); Computer software (Design of -); Design of computer software; Installation of computer software; Computer software installation; Computer software (Installation of -); Design of computer peripherals; Design services relating to computer hardware and to computer programmes;

Diagnosing computer hardware problems using software; Upgrading of computer software; Computer programming of computer games; Consultancy in the field of computer hardware; Computer hardware (Consultancy in the field of -); Rental of computer hardware and facilities; Rental of computer software, data processing equipment and computer peripheral devices; Computer software maintenance; Computer software (Maintenance of -); Maintenance of computer software; Research in the field of computer hardware; Consultations in the field of computer hardware; Copying of computer software; Computer programming and software design; Updating of computer software; Computer software (Updating of -); Software (Updating of computer -); Programming of computer game software; Consultancy and advice on computer software and hardware; Testing of computer software; Computer software integration; Renting computer software; Software (Rental of computer -); Computer software rental; Computer software (Rental of -); Rental of computer software; Leasing of computer software; None of the aforesaid goods/services relating to biometric identification including, but not limited to, face recognition solutions.

Class 45:

Licensing of computer software; Computer software licensing.

**UK00004221090** (2025/036, 05 September 2025)

Specifications have been restricted as follows:

**UK00004221779** (2025/036, 05 September 2025)

Specifications have been restricted as follows:

**UK00004239872** (2025/033, 15 August 2025)

Specifications have been restricted as follows:

Class 35:

Retail services connected with the sale of furniture; Retail services in relation to furniture; Retail services in relation to lighting; Retail services relating to furniture; Retail services in relation to horticulture products; Retail services in relation to gardening products; Retail services relating to horticultural products; Retail services in relation to horticulture equipment; Retail services relating to horticultural equipment; Retail services relating to flowers; Retail services in relation to building materials.

Class 37:

Construction; Building and construction services; Construction of walls.

Class 41:

Cooking instruction; Correspondence courses relating to cookery; Training related to cooking; Correspondence courses relating to gardening.

Class 42:

Kitchen design; Design of ornamental layouts; Design of furniture; Furniture design; Landscape lighting design; Design of sculptures; Architectural design for exterior decoration; Design of ornamental structures; Design of kitchens; Construction design; Kitchen design services; Landscape lighting design services; Planning [design] of kitchens; Planning and design of kitchens; Design services for furniture; Design planning.

Class 44:

Garden design services; Planning [design] of gardens; Design of gardens and landscapes; Landscape design; Design (Landscape -); Landscape gardening design for others; Garden maintenance; Landscape design services; Landscaping [gardening]; Horticulture, gardening and landscaping; Consultancy relating to landscape design; Advisory services relating to the design of gardens; Garden tree planting; Garden or flower bed care; Landscape gardening; Gardening (Landscape -); Landscape gardening services.

**UK00004223334** (2025/037, 12 September 2025)  
Specifications have been restricted as follows:

Class 9:

Downloadable computer software for managing cryptocurrency transactions using blockchain technology; Software for Smart Contracts; Downloadable computer software for blockchain technology; Downloadable computer software for use as a digital wallet; Downloadable digital assets; Financial management software; Downloadable computer software applications for minting non-fungible tokens [NFTs]; Downloadable software, namely virtual currency; Downloadable application software for virtual environments; Downloadable mobile applications; Computer software to enable the provision of electronic media via communications networks; Downloadable mobile applications for the transmission of information; Downloadable mobile applications for the management of data; Downloadable software in the nature of a mobile application; Downloadable computer software for the transmission of information; Computer software for processing digital music files; Downloadable computer software for the management of information; Downloadable computer software for the management of data; AI software; Artificial intelligence software; Artificial intelligence software for analysis; Artificial intelligence software for healthcare; Interactive software based on artificial intelligence; Software for the integration of artificial intelligence and machine learning in the field of Big Data; Artificial intelligence software for surveillance; Artificial intelligence software for vehicles; Downloadable computer security software; Computer software for the dissemination of positioning data; Computer software for the collection of positioning data; Computer software for the compilation of positioning data; Downloadable computer software for remote monitoring and analysis; Business intelligence software; Computer software to automate data warehousing; Computer software for creating searchable databases of information and data; Computer software for authorising access to data bases; Utility, security and cryptography software; Data mining software; Computer software for application and database integration; Computer software to enable searching and retrieval of data; Biometric software; Computer software for analysing market information; Software to control building environmental, access and security systems; Encryption software; Downloadable computer utility software; Augmented reality software for use in mobile devices for integrating electronic data with real world environments; Computer software for the detection of threats to computer networks; Computer software programs for database management; Computer software for the creation of firewalls; Computer software platforms, recorded or downloadable; Computer software for biometric systems for the identification and authentication of persons; Banking software; Computer software relating to the handling of financial transactions; Software for the processing of business transactions; Computer

e-commerce software to allow users to perform electronic business transactions via a global computer network; Computer software for assisting in the design of sports equipment; Sports betting applications; Casino management software; Computer games programmes for simulating financial securities trading [software].

Class 42:

Software as a service [SaaS]; User authentication services using blockchain technology; Design and development of energy management software; Design and development of software for website development; Design, development and implementation of software; Design and development of software for inventory management; Consultancy relating to software design and development; Computer programming of smart contracts on a blockchain; Design and development of networks; Design and development of software in the field of mobile applications; Drafting and development of photovoltaic systems; Design and development of route planning software; Development and design of mobile applications; Design and development of medical technology; Software development, programming and implementation; Design and development of single sign-on software; Product design and development; Design and development of telecommunications systems; Design and development of driver software; Design and development of computer software for supply chain management; Design and development of antivirus software; Intranet design, development and maintenance; Design and development of computer software for logistics; Design and development of telecommunications networks; Design and development of new technology for others; Development of software for secure network operations; Design and testing for new product development; Design and development of Internet security programs; Research, development, design and upgrading of computer software; Design and development of firmware systems; Development and testing of software; Consultancy relating to the design and development of computer programs; Design and development of computer software; Software design and development; Consultancy relating to the design and development of computer software programs; Software development; Development of software; Design and development of software for database management; Software development in the framework of software publishing; Computer software design and development; Research and development of computer software; Software development services; Design and development of electronic data security systems; Design and development of computer game software; Design and development of databases; Design and development of new products; Design and development of software for importing and managing data; Development of computer software application solutions; Development of application software for delivery of multimedia content; Design and development of data retrieval software; Design and development of video game software; Design and development of software for instant messaging; Design and development of computer firmware; Design and development of wireless computer networks; Design and development of multimedia products; Computer hardware (Consultancy in the design and development of -); Design and development of computer hardware for the manufacturing industries; Database design and development; Design and development of data processing software; Design of software for processing and distribution of multimedia contents; Technological design services; New products (Design of -); Research and development of new products; Design and development of computer hardware

and software; Design and development of word processing software; Design of hardware for processing and distribution of multimedia contents; Development of hardware for processing and distribution of multimedia contents; Design and graphic arts design for the creation of web sites; Evaluation of product design; Consultancy in the design and development of computer hardware; Design and development of computer peripherals; Product development; Design and development of endoprotheses; Development of new products; Advisory and information services relating to the design and development of computer hardware; Design and development of computer software for vehicle simulation; Development of industrial products; Design and development of software for electronic television program guides; Design services for packaging; Development of consumer products; Design and development of data processing programs; Design and development of electronic dictionaries; Engineering design services; Software design; Commercial design services; Product research and development; Advisory services in the field of product development and quality improvement of software; Industrial engineering design services; Design of graphic software systems.

**UK00004234744** (2025/030, 25 July 2025)

Specifications have been restricted as follows:

Class 6:

Metal decorative boxes; Tins of metal.

Class 16:

Greetings cards; Gift wrap; Gift tags; Sketchbooks; Cardboard gift boxes; Boxes of cardboard; Stationery; Paper gift tags; Gift boxes; Fine art prints; Art prints; Gift boxes made of cardboard; Envelopes [stationery]; Paper stationery; Printed stationery.

Class 27:

Wallpaper; Wall paper.

**UK00004233616** (2025/030, 25 July 2025)

Specifications have been restricted as follows:

Class 9:

Telecommunications cable; Signal cables for IT, AV and telecommunication; Telecommunications cables; Telecommunication cables; Audio cable; Network cables; Telecommunications networks; Ethernet cables; Fiber optic cable; Network cabling; none of the aforesaid being or related to fibre optic cables, fibre optic connecting cables, copper power cable, and coaxial cable.

**UK00004248896** (2025/037, 12 September 2025)

Specifications have been restricted as follows:

Class 25:

Clothing designed for wear whilst breastfeeding; maternity clothing.

**UK00004229869** (2025/031, 01 August 2025)

Specifications have been restricted as follows:

Class 31:

Agricultural and aquacultural crops, horticulture and forestry products; Seeds; Natural plants and flowers.

**UK00004231513** (2025/029, 18 July 2025)

Specifications have been restricted as follows:

Class 35:

Advertising, marketing and promotional services; promotion of sports competitions and events; promotion of goods and services through sponsorship of sports events; advertising services relating to motor cars; advertising for sports events; television advertising; radio advertising; rental of advertising space on motor racing cars; business administration; business management; office functions; retail and wholesale services in relation to computer software applications, virtual reality software, virtual reality headsets, computer games, computer game software, video game programmes, electronic publications, magnets, downloadable electronic publications, protective clothing, headgear and footwear, drivers helmets, protective helmets, protective gloves, protective suits (against accident or injury), automobile racing suits for safety purposes, sunglasses and spectacles, fashion sunglasses, cases for sunglasses, eyeglass cases, cases for spectacles, smartwatches, wearable activity trackers, headphones, earphones, cases for headphones, cases for earphones, music headphones, wireless headphones, audio equipment, audio apparatus, audio speakers, wireless audio speakers, wearable audio equipment, audiovisual apparatus and instruments, vehicles, automobiles, apparatus for locomotion by land, air or water, electric vehicles, cars, electric cars, racing cars, touring cars, sports cars, off-road vehicles, automobile engines, engines for racing cars, electric motors for motor cars, go-karts, kart frames, jewellery, watches, wrist watches, sports watches, pocket watches, watch straps, watch bands, cuff links, tie pins, tie clips, precious metals and their alloys, precious stones, clocks, key chains, jewellery charms, charms for key chains, key rings and fobs, lanyards for keys, figurines (statuettes) of precious metal, medals, coins, paper and cardboard, printed matter, stickers, wrapping paper, flags and banners made of paper, photographs, signed photographs, stationery, bumper stickers, post cards, comic books, cartoons, sticker albums, instructional and teaching materials, headed letter paper, note pads, autograph books, magazines, periodicals, newsletters, trading cards other than for games, sports trading cards, collectable trading cards, carrying cases specifically adapted to hold collectable trading cards, money clips, passport holders, scrapbooks, works of art of paper or cardboard, lithographs, paintings, watercolour paintings, leather and imitations of leather, bags, leather bags and accessories, wallets, pocket wallets, handbags, rucksacks, luggage and carrying bags, suitcases, luggage tags, business card cases, trunks and travelling bags, umbrellas, parasols, textiles and textile goods, flags made of textiles and plastic, banners, towels, wall coverings, fabrics, linen, handkerchiefs of textile, sleeping bags, clothing, footwear, headgear, t-shirts, shirts, sweaters, trousers, shorts, bathing suits, coats, jackets, waterproof clothing, clothing for skiing, ski gloves, ski boots, sportswear, underwear, overalls, motorists clothing, hats, caps, headbands, scarves, pocket squares, socks, sports shoes, fancy dress, gloves, ties (clothing), bow ties, belts, braces, games, toys and playthings, video game apparatus, computer game apparatus, electronic games, sports games, motor racing games, racing car games, handheld electronic games, board games, jigsaw puzzles, toy racing sets, miniature car models [toys or playthings], scale model vehicles or figures, remote controlled scale model vehicles, scale model helmets, scale model drivers helmets, action figures, toy action figures, sporting articles and equipment, Christmas ornaments, surf boards, snowboards, skis, chess boards, beach balls, padel rackets, bags specially designed for gymnastic and sporting articles, trading cards

Class 21:

Honey stirrers; Honey servers.

Class 30:

RAW HONEY; edible bee products; honey; edible products consisting of honey; Propolis; Propolis [bee glue] for human consumption; Honey glazes for ham; Honey; Honey [for food]; Natural honey; Edible honeycombs; Edible beeswax; Sugars, natural sweeteners, sweet coatings and fillings, bee products; Breakfast cereals containing honey; Cereal preparations coated with sugar and honey; Truffle honey; Breakfast cereals flavoured with honey; Propolis for food purposes.

Class 31:

Bee pollen (Raw -); Feeding preparations for bees; Pollen [raw material]; Bee pollen (Unprocessed -); Bee pollen being raw material for industrial use.

Class 32:

Non-alcoholic honey-based beverages; Honey-based beverages (Non-alcoholic -).

Class 33:

Honey-based liqueurs, aperitifs, and botanical spirits.

**UK00004245111** (2025/037, 12 September 2025)

Specifications have been restricted as follows:

Class 9:

Computer software relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; AI software relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; interactive computer software relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; downloadable computer software relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; downloadable applications and software for mobile devices relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; software and applications for enabling documentation management relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; computer software and AI software relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; computer software and AI software supplied via the Internet and other interactive electronic platforms relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; computer programmes relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; computer

hardware and firmware for use in relation to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; computer software and AI software for administration and management of HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; software downloadable from the Internet relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; downloadable electronic publications relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; teaching and training materials provided in electronic form relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; computer software for running reports relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; data processing equipment relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; computer software platforms relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; mobile application software relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; web application software; reporting software relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; downloadable electronic reports relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; computer software and AI software supplied via the Internet and other interactive electronic platforms relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; software downloadable from the Internet relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; instant messaging software relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; software for analytics relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; software for conducting data analytics relating to HR services, workforce management services,

payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; virtual assistant software relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; scheduling software relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; electronic signature software relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; software for onboarding of employees relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; software for recording absences relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; software for handling compliance issues relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; computer software for managing compliance risks relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; parts and fittings for the aforesaid goods.

**Class 35:**

Business project management services relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; business services relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; business consultancy services relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; business management services relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; business information services relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; outsourcing services [business assistance] relating to HR; personnel services relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; personnel and human resources consultancy and information services relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; human resources management relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources

consultancy, pensions, employee benefits and health and safety; conducting employee incentive award programs; payroll processing services; administration of business payroll for others; computerised payroll preparation; administration of employee pension plans; administration of employee welfare benefit plans; computerised database management services relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; data processing relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; provision and compilation of business information relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; advisory, information and consultancy services all relating to the aforesaid services.

**Class 42:**

Design, development, maintenance and updating of computer hardware and software relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; design, development, maintenance and updating of computer hardware and software relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; computer programming services relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; computer consultancy services relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; rental of computer hardware and computer software relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; electronic data storage provided from a computer database or the Internet relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; software as a service [SaaS] relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; platform as a service [PaaS] relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; provision of non-downloadable computer software for use as an application programming interface (API) relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; design and development of application programming interfaces (API) relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee

benefits and health and safety; providing information relating to software for use as an application programming interface (API) and to software development tools from searchable indexes and databases of information, including text, electronic documents, databases, graphic and audio visual information, by means of global computer information networks relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; application service provider featuring application programming interface (API) software relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; providing temporary use of on-line non-downloadable software for use as an application programming interface (API) relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; application service provider featuring application programming interface (API) software for use in connection with access, retrieval, upload, and management of voice, messages, data, documents, signals, images, video, digital media content, and audio, visual, and audio-visual materials relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; providing temporary use of webbased software relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; development of computer platforms relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; hosting of platforms on the internet relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; computer programming services for commercial analysis and reporting relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; data analytics, namely, technical data analysis services, quantitative analysis of technical data, qualitative analysis of technical data, data mining relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; advisory, consultancy and information services all relating to all the aforesaid services; all the aforesaid services including those provided online from a computer database or the Internet.

**UK00004237513** (2025/031, 01 August 2025)  
Specifications have been restricted as follows:

Class 9:  
Computer software for fraud prevention and detection; artificial intelligence software for fraud prevention and detection; software applications for fraud prevention and detection; software platforms for fraud prevention and detection; downloadable software relating to fraud prevention and detection; document management software relating to fraud

prevention and detection; software relating to image capture and image processing for fraud prevention and detection; all aforementioned goods only for the insurance, financial services and legal services industries.

Class 42:

Software as a service for fraud prevention and detection; software development for fraud prevention and detection; software design for fraud prevention and detection software; software installation services for fraud prevention and detection software; software creation services for fraud prevention and detection software; update of computer software relating to fraud prevention and detection; cloud hosting provider services for fraud prevention and detection software; cloud computing for fraud prevention and detection; software authoring for fraud prevention and detection software; software research relating to fraud prevention and detection; maintenance of computer software for fraud prevention and detection; research in the field of artificial intelligence for fraud prevention and detection; computer forensic services for fraud prevention and detection; data analysis services relating to fraud prevention and detection; all aforementioned services only for the insurance, financial services and legal services industries.

Class 45:

Fraud detection and fraud prevention services; identity theft prevention and identity theft detection services; information security services relating to fraud prevention and detection; licensing of computer software for fraud prevention and detection; all aforementioned services only for the insurance, financial services and legal services industries.

**UK00004256679** (2025/037, 12 September 2025)  
Specifications have been restricted as follows:

Class 5:

Preparations for destroying vermin; insecticides, fungicides, herbicides, pesticides; none of the aforementioned goods for use in aquaristics, terraristics and garden ponds.

**UK00004245077** (2025/035, 29 August 2025)  
Specifications have been restricted as follows:

Class 9:

Computer software; AI software; interactive computer software; downloadable computer software; downloadable applications and software for mobile devices; software and applications for enabling documentation management; computer software for running reports; data processing equipment; computer software platforms; mobile application software; web application software; reporting software; downloadable electronic reports; computer software and AI software supplied via the Internet and other interactive electronic platforms; software downloadable from the Internet; instant messaging software; software for analytics; software for conducting data analytics; virtual assistant software; scheduling software; electronic signature software; software for onboarding of employees; software for recording absences; software for handling compliance issues; computer software for managing compliance risks; all of the aforesaid relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; computer software and AI software relating to HR services, workforce management services, payroll services, talent management services, personnel services,

human resources consultancy, pensions, employee benefits and health and safety; computer software and AI software supplied via the Internet and other interactive electronic platforms relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; computer programmes relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; computer hardware and firmware for use in relation to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; computer software and AI software for administration and management of HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; software downloadable from the Internet relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; downloadable electronic publications relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; teaching and training materials provided in electronic form relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; parts and fittings for the aforesaid goods; none of the aforesaid goods for or relating to open networks for secure, decentralized communication.

**Class 35:**

Business project management services; business services relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; business consultancy services relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; business management services relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; business information services relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; outsourcing services [business assistance] relating to HR; personnel services; personnel and human resources consultancy and information services; human resources management; conducting employee incentive award programs; payroll processing services; administration of business payroll for others; computerised payroll preparation; administration of employee pension plans; administration of employee welfare benefit plans; computerised database management services relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health

and safety; data processing relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; provision and compilation of business information relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; advisory, information and consultancy services all relating to the aforesaid services; none of the aforesaid services for or relating to open networks for secure, decentralized communication.

**Class 41:**

Education and training services: none of the aforesaid services for or relating to open networks for secure, decentralized communication; education services relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; providing of training relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; training services relating to health and safety; advisory, information and consultancy services all relating to the aforesaid services.

**Class 42:**

Software as a service [SaaS]; platform as a service [PaaS]; provision of non-downloadable computer software for use as an application programming interface (API); design and development of application programming interfaces (API); providing information relating to software for use as an application programming interface (API) and to software development tools from searchable indexes and databases of information, including text, electronic documents, databases, graphic and audio visual information, by means of global computer information networks; application service provider featuring application programming interface (API) software; providing temporary use of on-line non-downloadable software for use as an application programming interface (API); application service provider featuring application programming interface (API) software for use in connection with access, retrieval, upload, and management of voice, messages, data, documents, signals, images, video, digital media content, and audio, visual, and audio-visual materials; providing temporary use of web-based software; development of computer platforms; hosting of platforms on the internet; computer programming services for commercial analysis and reporting; data analytics, namely, technical data analysis services, quantitative analysis of technical data, qualitative analysis of technical data, data mining; advisory, consultancy and information services all relating to all the aforesaid services; all the aforesaid services including those provided online from a computer database or the Internet; all of the aforesaid relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; design, development, maintenance and updating of computer hardware and software relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; computer programming services relating to HR services, workforce management services,

payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; computer consultancy services relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; rental of computer hardware and computer software relating to HR services, workforce management services, payroll services, talent management services, personnel services, human resources consultancy, pensions, employee benefits and health and safety; none of the aforesaid services for or relating to open networks for secure, decentralized communication.

**UK00004215104** (2025/028, 11 July 2025)  
Specifications have been restricted as follows:

**Class 25:**

Knickers; pants; underwear; briefs [underwear]; bras; articles of underclothing; lingerie; tops; vest tops; baselayer tops; sweatshirts; tee-shirts; vests; loungewear; lounge pants; nightwear; pyjamas; shorts; embroidered clothing namely loungewear, sleepwear, underwear, dresses, shorts, pyjamas, tops, vests, bodysuits, socks and other embroidered clothing items not including footwear; clothing namely loungewear, sleepwear, underwear, dresses, shorts, pyjamas, tops, vests, bodysuits, socks and other clothing items not including footwear; casual clothing namely loungewear, sleepwear, underwear, dresses, shorts, pyjamas, tops, vests, bodysuits, socks and other clothing items not including footwear; bottoms [clothing]; sleepwear; nightshirts; nighties.

**Class 35:**

Retail services relating to clothing namely loungewear, sleepwear, underwear, dresses, shorts, pyjamas, tops, vests, bodysuits, socks and other clothing items not including footwear; online retail services relating to clothing namely loungewear, sleepwear, underwear, dresses, shorts, pyjamas, tops, vests, bodysuits, socks and other clothing items not including footwear; mail order retail services for clothing namely loungewear, sleepwear, underwear, dresses, shorts, pyjamas, tops, vests, bodysuits, socks and other clothing items not including footwear; retail services connected with the sale of clothing namely loungewear, sleepwear, underwear, dresses, shorts, pyjamas, tops, vests, bodysuits, socks and other clothing items not including footwear and clothing accessories for the aforesaid goods not including footwear.

**UK00004240707** (2025/032, 08 August 2025)

**UK00004251621** (2025/037, 12 September 2025)  
Specifications have been restricted as follows:

**Class 9:**

Computer software relating to artificial intelligence in the procurement, travel and expense sectors; computer software relating to machine learning and blockchain in the procurement, travel and expense sectors; computer application software for blockchain-based platforms, namely, software platforms for distributed applications and software using a consensus engine incorporating blockchain technology for securing data

with cryptographic information in the procurement, travel and expense sectors; computer software platforms for developing and building of distributed software applications and distributed computing platforms in the procurement, travel and expense sectors; computer software platforms for blockchains in the procurement, travel and expense sectors; computer hardware and computer software for use in connection with banking, financial, investment and insurance services; computer software applications in the procurement, travel and expense sectors; downloadable electronic publications in the procurement, travel and expense sectors; biometric software, biometric passports, biometric scanners, biometric identification systems, cryptocurrency hardware wallets, computer hardware for cryptocurrency mining, computer software for use as a cryptocurrency wallet; downloadable computer software for managing cryptocurrency wallets and banking transactions using blockchain technology; cryptocurrency hardware wallets; electronic ledgers storing digital currency and cryptocurrency; computer hardware for storing digital currency and cryptocurrency; software for use with digital currency; software for use with cryptocurrency, software for use in managing portfolios of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; encoded bank cards; credit cards; encoded cheque cards; cash cards; cards bearing magnetic data media; debit cards; smart cards; none of the aforesaid relating to postal savings and the modification of print datastreams and electronic documents.

**Class 42:**

Design, development, consultancy, maintenance and programming services all relating to computer software in the fields of artificial intelligence, machine learning, and blockchain in the procurement, travel and expense sectors; software development services in the procurement, travel and expense sectors; design, development, and implementation of software for distributed computing platforms in the procurement, travel and expense sectors; design, development, and implementation of software in the field of blockchains in the procurement, travel and expense sectors; research and development of computer software in the procurement, travel and expense sectors; software development and product development consulting in the field of distributed computing platforms in the procurement, travel and expense sectors; software development and product development consulting in the field of blockchains, as cloud software/software-as-a-service in the procurement, travel and expense sectors; computer security services for protecting data and information from unauthorized access, in the nature of electronic monitoring of credit reports, the internet traffic, and public records to facilitate the detection and prevention of identity theft and fraud; computer security services in the nature of providing authentication and validation of personal identity information and enabling consumers to confirm their identity and prevent identity theft and fraudulent activity on their credit reports; user authentication services using technology for e-commerce transactions; computer security assurance services relating to the development of security systems and contingency planning for information systems; hosting a website featuring information on bitcoins, cryptocurrency, collateral for derivatives, derivative contracts, virtual currency, and digital currency; none of the aforesaid relating to postal savings and the modification of print datastreams and electronic documents.

**UK00004225767** (2025/029, 18 July 2025)

Specifications have been restricted as follows:

**Class 9:**

Media content relating to environmental matters; electronic publications, downloadable concerning environmental matters; downloadable computer and mobile applications for downloading and reading electronic publications on electronic devices concerning environmental matters; computer application software for distributing electronic media content concerning environmental matters via the internet; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media concerning environmental matters; computer software concerning environmental matters; covers and cases for mobile phones; parts and fittings for all the aforesaid goods.

**Class 38:**

On-line transmission of electronic publications concerning environmental matters; communication by online blogs concerning environmental matters; transmission of videos, movies, pictures, images, text, photos, games, user-generated content, audio content, and information concerning environmental matters via the Internet; provision of online forums for users for the sharing and transmission of information and electronic media concerning environmental matters; providing an online interactive bulletin board concerning environmental matters; providing access to multimedia content online concerning environmental matters; providing online facilities concerning environmental matters for real-time interaction with other computer users; providing user access to a website containing information concerning environmental matters; information, advisory and consultancy services relating to the aforesaid.

**Class 41:**

Providing on-line electronic publications [not downloadable] concerning environmental matters; publication of multimedia material online concerning environmental matters; provision of audio and visual media concerning environmental matters via communications networks; provision of entertainment services concerning environmental matters; provision of educational information concerning environmental matters and social affairs; publishing, reporting, and writing of texts and articles concerning environmental matters; online publications concerning environmental matters, namely blogs; providing information, commentary, articles training and advice on environmental matters via computer networks; publishing of newsletters concerning environmental matters; information, advisory and consultancy services relating to the aforesaid.

**UK00004239241** (2025/032, 08 August 2025)

Specifications have been restricted as follows:

**Class 12:**

Pushchairs; Camera drones; Boats.

**UK00004246765** (2025/034, 22 August 2025)

Specifications have been restricted as follows:

**Class 9:**

Software; Computer software; Collaboration software platforms [software]; Computer software packages; Enterprise software; Software for computers; Plugin software; Workflow software; Programming software; Software applications; Computer software applications; System software; Debugging software; Downloadable computer software; Computer

application software; Application software; Computer e-commerce software; Computer software programs; E-commerce software; Downloadable software; Downloadable computer software applications; Server software; Computer programming software; Business software; Accounting software; Smartphone software; Software suites; Intranet software; Embedded software; Software development tools; Software for smartphones; Testing software; Downloadable software applications; Computer software for database management; Business technology software; Interactive business software; Software for the processing of business transactions; Web development software; Web site development software; Business application software; Software for operating an online shop; Software for evaluating customer behaviour in online shops; Business intelligence software; Accounting machines; Computer software relating to the handling of financial transactions; all of the aforesaid being for use exclusively in relation to bookkeeping and accounting for the ecommerce industry.

**Class 42:**

Development of computer hardware and software; Computer software integration; Computer software development; Development of computer software; Computer software consultancy; Consultancy (Computer software -); Software engineering; Computer software consulting; Computer hardware and software design; Computer software design; Software development; Installation of computer software; Update of computer software; Testing of computer software; Design of software; Software design; Installation of software; Software installation; Developing computer software; Software as a service [SaaS] featuring software for machine learning; Upgrading of computer software; Computer software programming services; Computer software research; Hosting of e-commerce platforms on the Internet; Programming of software for e-commerce platforms; Consultancy relating to the creation and design of websites for e-commerce; Maintenance of software used in the field of e-commerce; Consultancy services relating to software used in the field of e-commerce; Hosting an online website for creating and hosting micro websites for businesses; Hosting of mobile websites; Design and development of computer software for logistics, supply chain management and e-business portals; Web site design consultancy; Development of computer software for logistics, supply chain management and e-business portals; Hosting web portals; Hosting of web portals; Web portal design; Internet web site design services; Programming of software for online advertising; Hosting of digital content online; Website design consultancy; Programming of software for evaluating customer behaviour in online shops; Constructing an internet platform for electronic commerce; all of the aforesaid being for use exclusively in relation to bookkeeping and accounting for the ecommerce industry.

**UK00004209692** (2025/030, 25 July 2025)

Specifications have been restricted as follows:

**Class 9:**

Cloud computing software; Education software; Software testing software; AI software; Computer e-commerce software; Enterprise software; none of the aforesaid being software for document management.

**Class 35:**

Business consultancy; Business consultancy to firms; Business management and consultancy; Business consultancy services; Business organisation and management consulting; Management consultancy services; Employment recruitment; Recruitment of personnel; Recruitment services; Staff recruitment; Permanent staff recruitment; Outsourcing services [business assistance]; Outsourcing services in the field of business operations; Outsourcing services in the field of business analytics; Business process management consultancy; Recruitment consultancy services; Procurement services; Literary agency services consisting of the negotiation of contracts; Temporary employment agencies; none of the aforesaid relating to management or consultancy services connected with the provision of document management software.

Class 42:

Computer software integration; Testing of computer software; Software design (Computer -); Development of computer hardware and software; Installation of computer software; IT services; Computer software development; Writing of computer software; Developing computer software; Software installation; none of the aforesaid relating to document management software.

Class 45:

Computer software licensing, not connected with document management software.

**UK00004235552** (2025/031, 01 August 2025)

Specifications have been restricted as follows:

Class 16:

Books; posters; banners; all related to miniature military and/or law enforcement personnel and/or equipment.

Class 28:

Toy models; scale models; toy vehicles; scale model kits; games, apparatus for games; scale model vehicles; toy pistols; toy figures; all related to miniature military and/or law enforcement personnel and/or equipment.

**UK00004236234** (2025/031, 01 August 2025)

Specifications have been restricted as follows:

Class 14:

Goods made of leather and or imitation leather, namely, table clocks; key fobs; guitar straps and watch straps.

**UK00004205912** (2025/034, 22 August 2025)

Specifications have been restricted as follows:

**UK00004249503** (2025/034, 22 August 2025)

Specifications have been restricted as follows:

Class 16:

Cards; Books None relating to computer software, computer hardware, or I.T. services.

**UK00004249518** (2025/034, 22 August 2025)

Specifications have been restricted as follows:

Class 41:

Conducting courses, seminars and workshops. None of the aforesaid services relating to computer software, computer hardware, or I.T. services.

**UK00004228663** (2025/038, 19 September 2025)

Specifications have been restricted as follows:

Class 5:

Vitamin supplements; Dietary supplements; Nutritional supplements; Herbal supplements; Probiotic supplements.

Class 30:

Tea; Oolong tea [Chinese tea]; Oolong tea; Rooibos tea; Chai tea; Iced tea; Tea (Iced -); Chamomile tea; Tieguanyin tea; Darjeeling tea; Herbal tea; Peppermint tea; Black tea [English tea]; Ginseng tea; Ginger tea; Jasmine tea; Tea cakes; Tea beverages; Green tea; Tea for infusions; Tea bags for making non-medicated tea; Instant Oolong tea; Tea bags; Rosemary tea; Barley tea; Buckwheat tea; Fermented tea; Tea leaves; Tea extracts; Citron tea; Flavourings of tea; Kelp tea; Tea beverages with milk; Sage tea; Tea pods; Lime tea; Lapsang souchong tea; Black tea; White tea; Teas; Iced tea (Non-medicated -); Tea essences; Linden tea; Iced teas; Herb tea [infusions]; Yellow tea; Mate [tea]; Beverages with tea base; Beverages with a tea base; Barley-leaf tea; Red ginseng tea; Instant tea; Tea substitutes; Tea mixtures; Tea (Non-medicated -); Ginseng tea [insamcha]; Artificial tea; Herbal tea [other than for medicinal use]; Beverages made of tea; Instant green tea; Japanese green tea; Non-medicinal herbal tea; Theine-free tea; Herbal teas; Tisanes made of tea (Non-medicated -); Iced tea mix powders; Tea beverages (Non-medicated -); Packaged tea [other than for medicinal use]; Chrysanthemum tea (Gukhwacha); Roasted barley tea [mugicha]; Apple flavoured tea [other than for medicinal use]; Iced coffee; Fruit flavoured tea [other than medicinal]; Tea bags (Non-medicated -); Jasmine tea bags, other than for medicinal purposes; Roasted barley tea; Lime blossom tea; Instant white tea; Orange flavoured tea [other than for medicinal use]; Instant black tea; Fruit teas; Coffee; Artificial tea [other than for medicinal use]; Jasmine tea, other than for medicinal purposes; Tea extracts (Non-medicated -); Rose hip tea; Decaffeinated coffee; Mugi-cha [roasted barley tea]; Yuja-cha (Korean honey citron tea); Flavourings of tea for food or beverages; Coffee, teas and cocoa and substitutes therefor; Herbal teas [infusions]; Caffeine-free coffee; Tea essences (Non-medicated -); Earl grey tea; Earl Grey tea; Roasted brown rice tea; Theine-free tea sweetened with sweeteners.

Class 32:

Soft drinks flavored with tea; Non-alcoholic beverages flavoured with tea; Non-alcoholic beverages with tea flavor; Non-alcoholic beverages flavored with tea; Non-alcoholic soda beverages flavoured with tea.

**UK00004240990** (2025/033, 15 August 2025)

**UK00004174956** (2025/042, 17 October 2025)

Specifications have been restricted as follows:

Class 29:

Canned seafood; canned meat; canned vegetables; canned cooked meat; meat-based snack foods; vegetable-based snack foods; canned soups; canned fruits; all the foregoing in relation to Caribbean food .

Class 30:

Sauces; canned sauces; dried herbs; rubs [as a seasoning for food]; spices; marinades; seasoning mixes; none of the aforesaid being coffee flavoured sauces, coffee based sauces; all the foregoing in relation to Caribbean food.

Class 35:

Retail and wholesale services relating to food; operating and providing on-line marketplace for buyers of goods and services; the bringing together, for the benefit of others, of a variety of food products, enabling customers to conveniently view and purchase these goods in a general store, through a television shopping channel, through a general merchandise catalogue, by mail order or by means of telecommunications, or from a general merchandise Internet web site; online retail services connected with the sale of a variety of food products; none of the aforesaid being retail and wholesale services relating to coffee or coffee flavoured products; all the foregoing in relation to Caribbean food.

Class 43:

Providing of food and drink; cafeteria services; canteen services; catering services; snack food services; restaurant and self-service restaurant services; ordering and take away services relating to food and drink through an on-line computer network; providing information about the provision of food and drink; all the foregoing in relation to Caribbean food.

**UK00004246629** (2025/034, 22 August 2025)

Specifications have been restricted as follows:

**UK00004246637** (2025/036, 05 September 2025)

Specifications have been restricted as follows:

**UK00004256061** (2025/038, 19 September 2025)

Specifications have been restricted as follows:

Class 28:

Action figures; Building blocks (toys); Dolls; Educational toys; Board games; Puzzles; Stuffed animals (toys); Outdoor play equipment; Arts and crafts kits; Musical toys; Role-play toys; STEM toys; Electronic toys; Dress-up costumes; Infant toys; Sports toys; Water toys; Magic kits (toys); Model kits (toys); Fidget toys; Sand toys; Collectible toys; none of the aforesaid goods being or relating to toy vehicles, scale models or model kits relating to vehicles.

**UK00004246650** (2025/034, 22 August 2025)

Specifications have been restricted as follows:

Class 9:

Mobile apps, booking software, sports club software; All of the aforesaid goods being for or in connection with table-tennis.

Class 41:

Sports facilities, competitions, coaching; All of the aforesaid services being for or in connection with table-tennis.

**UK00004258593** (2025/038, 19 September 2025)

Specifications have been restricted as follows:

Class 36:

Insurance; financial affairs; monetary affairs; financial services; monetary services; credit insurance; credit financing; all of the aforesaid services relating to the field of agriculture.

**UK00004227949** (2025/031, 01 August 2025)

Specifications have been restricted as follows:

Class 9:

Scientific, research, navigation, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; apparatus and instruments

for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media, computer software, blank digital or analogue recording and storage media; data processing equipment and software; computers and computer peripheral devices; databases; data processors; downloadable applications; downloadable application software including software for automation; industrial automation controls; downloadable automation software for manufacturing, mining, agriculture, healthcare and logistics industries; devices and software for use to connect and control internet of things (IoT) devices; devices and software for use to connect and control industrial internet of things (IIoT) devices; software development kits (SDKs) consisting of computer software for the development, use, and interoperability of APIs; downloadable applications for the transmission and management of data; detecting, tracking and monitoring apparatus and instruments, indicators and controllers, and related software; apparatus for scanning, tagging, labelling, recording, storing, receiving, broadcasting, transmission or reproduction of sound, images or data including electronic, digital, satellite and analogue data, and related software; Downloadable and recorded software platforms for data collection, transmission, analysis, and visualization; downloadable software for monitoring, managing, and reporting environmental, geotechnical, and infrastructure data; sensors and data loggers for industrial and environmental monitoring; computer hardware for use in edge-to-cloud data integration; downloadable cloud computing software for use in critical infrastructure risk management; none of the aforesaid being for use in relation to can manufacturing, can making or can end making.

Class 42:

Scientific and technological services and research and design relating thereto; industrial analysis, research and design services; design, development, installation and maintenance of computer hardware and software including research and development of software and technology for automation and control; graphic design services; computer processing of digital images; materials testing; development and maintenance of electronic or digital databases; software as a service (SaaS) featuring software incorporating machine learning and/or artificial intelligence; software as a service (SaaS) services featuring machine learning and/or artificial intelligence for data visualisation and analysis; platform as a service (PaaS) featuring computer software platforms for use in operating and controlling internet of things (IoT) and industrial internet of things (IIoT) integration to facilitate real-time data processing and intelligent analytics; application service provider featuring application programming interface (API) software for industrial monitoring, control, and automation; computer services for the management and transmission of data; industrial automation services featuring the integration of machine learning and/or artificial intelligence; software as a service (SaaS) featuring software for real-time monitoring, analysis, and visualization of industrial and environmental data; platform as a service (PaaS) for integrating edge-based data with cloud-based analytics; data science and technology consultancy services in the field of geohazard and infrastructure monitoring; development and customization of software platforms for critical infrastructure protection; cloud computing services for data fusion, validation, and decision support; information, advisory and consultancy services relating to the aforementioned; none of the aforesaid

services relating to the can manufacturing, can making and can end making industry.

**UK00004270704** (2025/041, 10 October 2025)

Specifications have been restricted as follows:

**UK00004232645** (2025/031, 01 August 2025)

Specifications have been restricted as follows:

Class 9:

Virtual reality games; optical discs; Downloadable applications; downloadable interactive comic books; Pre-recorded data carriers; Memory cartridges for, or bearing computer programmes; Computer games; Mobile applications; Downloadable software for gaming purposes; e-books; Augmented reality games; computer programmes; Downloadable animation files; Interactive computer games; Magnetic tapes bearing sound or video recordings; Pre-recorded CDs and DVDs; Downloadable software; Audio visual games on computer hardware platforms; Mobile applications featuring on-line marketplace; Video games enhancers; Tapes, discs, cards and wires, all being magnetic and for, or bearing computer programmes; Pre-recorded video games; Games software; Communication software; spools and cartridges, all adapted for use with the aforesaid discs, tapes, cards and wires; downloadable electronic comic books; Training software; Electronic publications (downloadable); Downloadable multimedia files; Electronic publications featuring games; punched (encoded) tapes; Training manuals in electronic format; Video games; Parts and fittings for all of the aforementioned; all of the above relating to games.

Class 28:

Miniatures for use in games; Games; Models being toys; Parts for toy models; Dolls; Games and playthings; Role playing games; Toy models [kits]; Toy figures capable of transforming into various shapes; Toy miniatures and models; Electronic games; Card games; Game equipment; Plastic character toys; Parlour games; Action toys; Toy action figurines; Modelled plastic toy figurines; Action figures [toys or playthings]; Toy figurines; Collectable toy figures; Battery-powered portable computer games; Board games; Scale model figures; cases adapted for carrying toy miniatures and models; Parts and fittings for all of the aforementioned.

Class 41:

Providing multi-player matching services; Entertainment; Providing games by or for use on cellular telephone; Providing online information in the field of computer gaming entertainment; Online gaming services; Publishing of animation; Providing electronic publications; Providing games by cellular telephone communication; Entertainment services; Providing online games; Publishing of interactive comic books; Providing online entertainment in the nature of tournaments, fantasy sports leagues, game shows; Online computer game services; Entertainment provided via the Internet; Providing on-line computer games; Online game services through mobile devices; Publishing of comic books; Providing online electronic publications (not downloadable); Information and advisory relating to all of the aforementioned; all of the above relating to games.

**UK00004196787** (2025/032, 08 August 2025)

Specifications have been restricted as follows:

Class 9:

Digital dashboard software; Collaboration tools [software]; Digital solutions provider [DSP] software; all of the foregoing being software for the purposes of coordinating and integrating educational, health care, social care and safeguarding services for children.

**UK00004225194** (2025/031, 01 August 2025)

Specifications have been restricted as follows:

Class 9:

Software; Software reliability software; Computer software; Collaboration software platforms [software]; Computer software packages; Software for computers; Enterprise software; Computer software development tools; Plugin software; Multimedia software; Software applications; System software; Computer software applications; Workflow software; Programming software; Debugging software; Downloadable computer software; Computer software for computer aided software engineering; Computer application software; Computer software platforms; Compiler software; Software compiler; Encryption software; Application software; Server-side software; Computer e-commerce software; Networking software; Computer software programs; Interface software; Telecommunications software; E-commerce software; Computer software applications, downloadable; Downloadable computer software applications; Downloadable software; Server software; Computer interface software; Computer programming software; Editing software; Computer hardware for use in computer-assisted software engineering; Platform software; Business software; Operating software; Computer operating software; Programs (Computer -) [downloadable software]; Computer programs [downloadable software]; Downloadable computer security software; Smartphone software; Software suites; Intranet software; Embedded software; Downloadable computer utility software; Optimisation software; Software development tools; Computer software [programmes]; Manufacturing software; Utility software; Diagramming software; Software for smartphones; Communications software; Computer software for database management; Business technology software; Downloadable software applications; Downloadable computer software for the management of data; None of the aforementioned goods in the field of 3D printing solutions, including but not limited to 3D printing hardware, 3D printing software, 3D printing materials, or the production, advisory, engineering or installation of 3D printing solutions, and automation through 3D printing solutions.

Class 35:

Retail services for computer software; None of the aforementioned goods in the field of 3D printing solutions, including but not limited to 3D printing hardware, 3D printing software, 3D printing materials, or the production, advisory, engineering or installation of 3D printing solutions, and automation through 3D printing solutions.

Class 42:

Development of computer hardware and software; Computer software integration; Computer software development; Development of computer software; Consultancy (Computer software -); Computer software consultancy; Software engineering; Computer software consulting; Design of computer hardware and software; Computer hardware and software design; Software authoring; Software development in the framework of software publishing; Software design

(Computer -); Computer software (Design of -); Design of computer software; Computer software design; Computer software engineering; Software development; Development of software; Installation of computer software; Computer software installation; Computer software (Installation of -); Update of computer software; Design of software; Software design; Rental of computer hardware and software; Development of computer database software; Design and development of computer hardware and software; Configuration of computer software; Computer software maintenance; Computer software (Maintenance of -); Maintenance of computer software; Computer software design services; Services for the design of computer software; Design of computer database software; Developing computer software; Upgrading of computer software; Software as a service [SaaS] featuring software for machine learning; Updating of computer software; Computer software (Updating of -); Software (Updating of computer -); Development of computer software application solutions; Computer software programming services; Hiring of computer software; Computer software research; None of the aforementioned goods in the field of 3D printing solutions, including but not limited to 3D printing hardware, 3D printing software, 3D printing materials, or the production, advisory, engineering or installation of 3D printing solutions, and automation through 3D printing solutions.

Class 45:

Licensing of computer software; Computer software licensing; Licensing of software; Software licensing; None of the aforementioned goods in the field of 3D printing solutions, including but not limited to 3D printing hardware, 3D printing software, 3D printing materials, or the production, advisory, engineering or installation of 3D printing solutions, and automation through 3D printing solutions.
