ADD LIFE TO YEARS

Class 1:

Assays and reagents for use in health, longevity, and aging research and biochemical analysis; reagent kits comprising reagents for a lab-based library preparation protocol for genetic sequencing workflows for use in biotechnology fields.

Class 3:

Aromatherapy pillows comprising potpourri in fabric containers; cushions filled with perfumed substances; Fragrance sachets; Potpourri sachets for incorporating in aromatherapy pillows; scented linen sprays; scented room sprays; bath salts, not for medical purposes; aromatherapy lotions and creams for relieving stress.

Class 5:

Vitamins; dietary supplements for helping with insomnia and health issues; medicinal preparations for the mouth in the form of tablets, capsules and gummies for dealing with insomnia and similar issues; mineral salts for baths; natural sleep aid preparations; herbal drinks used to aid sleep and relaxation; dietary supplements for aiding sleep; dietary supplement beverage for aiding sleep; diagnostic kits comprised of reagents and assays for testing of bodily fluids, skin and hair for use in health care.

Class 9:

Health monitoring software; downloadable computer application messaging software for mobile phones, portable media players, handheld computers and related mobile devices, namely, software in the field of exercise, fitness and dietary information and instruction; computer application software for smart phones, mobile phones, smart TV and handheld electric communication devices; smartwatches; wearable monitors for storing, relaying, tracking, measuring and displaying biometric data, body movement, sleep, heart rate, and calories burned; wearable computers in the nature of smartwatches; wearable activity trackers; wearable electronic devices, namely, smartwatches, smart-bracelets, and smart-wristbands comprised of recorded software for gaming, fitness activities, activity and fitness tracking, communicating and interacting with others, creating and displaying avatars, and making and processing payments; downloadable and recorded software for tracking, monitoring, processing, displaying, storing, transmitting, and analysing physical-activity, biometric, health, and wellness data.

Class 10:

Kits for use in genetic, epigenetic, transcriptomic, proteomic, blood, microbiome, fertility, hormone, skin, and hair testing for medical purposes; specimen collection kits; wearable wrist, finger, skin patch, sub-dermal monitors used to measure biometric data for wellness use; wearable monitors used to measure biometric data for wellness use; medical devices, namely general health related instruments and apparatus for estimating maximal oxygen consumption; medical wearable wrist, finger, skin patch, sub-dermal monitors used to measure biometric data for wellness use; medical wearable monitors used to measure biometric data for wellness use; aromatherapy pillows for relieving stress.

Class 30:

Drinking chocolate; Drinks containing chocolate and/or cocoa; Beverages based on chocolate and/or cocoa; Preparations for making beverages [chocolate and/or cocoa based]; hot drinks containing chocolate and/or cocoa; drinks and preparations for making drinks, all for helping with insomnia; Cocoa; Cocoa drinks; Cocoa products; Cocoa beverages; Cocoa powder; Beverages made from cocoa; Beverages with a cocoa base; Foods with a cocoa base; Drinks in powder form containing cocoa; Coffee, teas and cocoa and substitutes therefor; Gummy candies; Cereal based energy bars; snack foods.

Class 32:

Non-alcoholic beverages; soft drinks; mineral and aerated waters; fruit beverages and fruit juices; syrups and other preparations for making non-alcoholic beverages; soft drinks; energy drinks, isotonic beverages, protein-enriched beverages; rice-based beverages; soya-based beverages; oat based beverages.

Class 35:

Administration of club membership subscription services; Retail services connected with the sale of medical testing kits, dietary and nutritional supplements, health foods, health beverages, chocolate based drinks, snack foods, energy bars, skincare products, beauty products, hair care products, wearable wellness monitoring devices, health monitoring software, assays and reagents for use in health and biochemical analysis, non-alcoholic beverages, mineral and aerated waters, fruit beverages and fruit juices, syrups and other preparations for making non-alcoholic beverages, coffee, teas, cocoa and substitutes thereof, gummy candies, cocoa capsules, non medicated confectionery, aromatherapy pillows comprising potpourri in fabric containers, scented linen sprays, scented room sprays, bath salts, not for medical purposes, aromatherapy lotions and creams for relieving stress, vitamins, dietary supplements for helping with insomnia and health issues, medicinal preparations for the mouth in the form of tablets, capsules and gummies for dealing with insomnia and similar issues, natural sleep aid preparations, herbal drinks used to aid sleep and relaxation, dietary supplements for aiding sleep, dietary supplement beverage for aiding sleep, diagnostic kits comprised of reagents and assays for testing of bodily fluids, skin and hair for use in health care, health monitoring software, downloadable computer application messaging software for mobile phones, portable media players, handheld computers and related mobile devices, namely, software in the field of exercise, fitness and dietary information and instruction, Computer application software for smart phones, mobile phones, smart TV and handheld electric communication devices, and smart-wristbands comprised of recorded software for fitness activities, activity and fitness tracking, downloadable and recorded software for tracking, monitoring, processing, displaying, storing, transmitting, and analysing physical-activity, biometric, health, and wellness data, data processing services in the field of sleep.

Class 41:

Physical fitness consultation; providing information and recommendations about exercise and fitness via a website; counselling services: in the field of physical fitness; personal coaching services in the field of nutrition; providing of training in the field of health care and nutrition; physical health education; health and wellness training; personal coaching services in the field of stress management; personal coaching services in the

SGI COMPOSITES

Class 17:
Glass reinforced plastics; fibre reinforced plastics; semi-finished plastic materials for use in manufacture; glass reinforced plastics and fibre reinforced plastics for use in manufacturing components for buildings and automobiles; goods and devices for stopping liquid or spills, namely, bunds, berms, safety stores, pallets and drain covers; sealants for buildings; industrial coatings for protecting buildings, structures, pipeworks, metalworks, containers, flooring, platforms, stairways, walkways, ramps, bridges and ships from corrosion, chemical attack, abrasion, and environmental exposure; parts and fittings for all the aforesaid goods.

Class 19:
Anti-slip coatings for floors, paths, roads, decks, ramps, stairs and walkways; anti-slip panels, boards, blocks, gratings, sheets, paving plates, tiles and tile floorings for building construction; anti-slip decking strips; anti-slip composition designed for the use with stair nosing and edging profiles; modular structures of glass reinforced plastic adapted for industrial and commercial use; modular structures of fibre reinforced plastic adapted for industrial and commercial use; glass or fibre reinforced plastic structures and installations; modular structures of glass

List of cases accepted for opposition purposes as shown in Journal 2026/015 published on 10 April 2026 .

or fibre reinforced plastic adapted for industrial, marine and infrastructure use; building linings not of metal; non-metallic storage shelters; non-metal fencing panels; non-metallic modular shelters; non-metallic buildings in the form of cabins; non-metal outdoor storage buildings; platforms, steps and handrails of non-metallic materials; non-metallic trench sheeting panels; parts and fittings for all the aforesaid goods.

Class 20:

Furniture; furniture made of glass reinforced plastic; furniture made of fibre reinforced plastic; non-metal trays; non-metallic ladders; non-metal step ladders; parts and fittings for all the aforesaid goods.

Class 27:

Anti-slip floor coverings for use on staircases; decorative slip-resistant floor coverings; floor coverings; non-slip mats and floor coverings; floor coverings being moulded grating reinforced with fibreglass; parts and fittings for all the aforesaid goods.

Class 37:

Construction, repair, maintenance and installation services; construction of buildings; construction of parts of buildings; preservation of buildings; maintenance of buildings; building sealing; construction, repair and installation of reinforcement systems for floors and ceilings; application of surface coatings; building refurbishment; plant refurbishment; interior refurbishment; building restoration; restoration of architectural works; maintenance and repair of hardware; maintenance and repair of furniture; maintenance and repair of flooring; maintenance and repair of pipelines; maintenance and repair of buildings; cleaning services; information, advice and consultancy provided in relation to all the aforesaid services.

Class 40:

Custom manufacture of moulded components; custom manufacture of moulds for use in industry; custom manufacture of furniture; custom manufacture of parts for buildings and roofs; custom manufacturer of decorative facades and building features; custom manufacturer of parts for vehicles and components for automobiles; custom manufacturer of furniture; custom manufacturer of tanks, storage, and containment systems for use in industry; custom manufacturer of enclosures for use in industry; custom manufacturer of the aforesaid using glass reinforced plastics and fibre reinforced polymers; moulding of plastic materials; refinishing of fibreglass; treatment and coating of metal surfaces; application of protective surface coatings and linings to metal structures, pipes, storage tanks, cooling towers, walls, gutters, flooring and stairs, machines, tools, and metal components; information, advice and consultancy provided in relation to all the aforesaid services.

Class 42:

Engineering design; engineering services; custom engineering and design services; design and development of products; design and development of furniture and planters; product safety testing; material testing services; construction design; industrial design; information, advice and consultancy provided in relation to all the aforesaid services.

downloadable software for application and database integration; downloadable software for use as an application programming interface (API); downloadable computer software and programs for machine learning; downloadable computer software and programs for natural language processing, generation, understanding, reasoning, and analysis; downloadable computer software and programs for detecting, recognizing, processing, analyzing, understanding, creating, generating, enhancing, and/or editing text, voice, speech, audio, images, graphics, and/or video; downloadable computer software and programs for conversion of text and data files into software code, for detecting, recognizing, processing, analyzing, understanding, generating and/or editing software code, and for multilingual text and speech recognition, translation, and transcription; downloadable computer software and programs for sharing datasets for the purpose of machine learning, predictive analytics, and building language and image models, for developing and implementing artificial neural networks, for simulation environments for the purpose of testing artificial intelligence agents, algorithms, or programs, and for using, customizing, fine-tuning, and adapting artificial intelligence models; downloadable computer software and programs for building, using, and deploying autonomous agents, semi-autonomous agents, and intelligent agents; downloadable computer software and programs for task automation and workflow orchestration; downloadable software for drafting, summarizing, designing, generating, creating, editing and publishing documents, written content, spreadsheets, presentations, and emails; downloadable computer search engine software; downloadable software in the nature of cloud- and edge-computing software using artificial intelligence for use in industry-specific software development and machine learning; downloadable augmented reality (AR) and virtual reality (VR) software for AI-assisted interaction, simulation, and training; downloadable computer software and programs for data processing, encryption, anonymization, and privacy-preserving machine learning; downloadable computer software and programs for multi-modal processing and understanding of text, audio, image, and video; downloadable computer software and programs for generating synthetic data and synthetic training environments; downloadable computer software and programs for retrieval-augmented generation, and knowledge graph construction; downloadable computer software for transmitting, streaming, displaying, accessing, and browsing data, information, user-generated content, digital content, computer software, computer games, audio works, visual works, and audiovisual works; downloadable computer software for transmitting, accessing, viewing, searching, uploading, downloading, sharing, integrating, displaying, purchasing, subscribing to, storing, and transferring data, computer programs, software, mobile software applications, software extensions, software plugins, intelligent agents, digital assistants, and digital media; downloadable software for developing and publishing computer programs, software, mobile software applications, software extensions, software plugins, intelligent agents, digital assistants, and digital media; downloadable software for providing access to online virtual environments; downloadable software for browsing the global computer network and secure private networks; downloadable software for collaborating, instant messaging, video communications, audio communications; downloadable computer software for creating indexes of information, indexes of websites and indexes of other information resources; downloadable software for providing access to the internet; downloadable computer software for accessing, browsing and searching online

databases; downloadable software for database, document, and data management, for workflow management, for personal information management, and for project management; downloadable computer software for searching, browsing, accessing, processing, analyzing, monitoring, understanding, and taking action in response to websites, user interfaces, and data; downloadable computer software for browsing the global computer network and secure private networks; downloadable computer software for using artificial intelligence for automating tasks in a user's browser; downloadable computer software for interacting with a browser to research, extract, copy, and store data; downloadable computer software for single sign-on; downloadable computer software for security, user authentication, and password and log in management and protection; downloadable intelligent personal assistant software for shopping; downloadable computer software for recommending, comparing, and selecting the products and services of others; downloadable computer software for providing information and links to retail websites of others, coupons, offers, consumer reviews, comparison shopping, and discount information, and for facilitating e-commerce transactions; computer hardware for high-speed processing and storage of data using multiple CPU's; data processing units for use in the fields of artificial intelligence, high performance computing, and data center operations; data processing units that enable the secure transmission of compute data between servers for artificial intelligence workloads; downloadable computer software for use in assessing, monitoring, administration and management of data centers and datacenter devices, and public and private cloud computing IT and application systems and resources; downloadable computer software for managing cloud computing resources; downloadable computer software for messaging, chat and social networking; downloadable computer software for transmitting, receiving, accessing, viewing, uploading, downloading, broadcasting, sharing, integrating, displaying, formatting, organizing, storing, transferring and streaming of data, text, digital media, images, audio, video, user generated content, and animations; downloadable computer software for creating, displaying and sharing emoticons; downloadable computer software for accessing, browsing, and searching online databases and recommending multimedia content; downloadable computer software for streaming audiovisual and multimedia content to mobile digital electronic devices; downloadable computer software, namely, parental control software; downloadable computer software for developing and publishing applications for interactive streaming; downloadable computer software that enables users to designate specific content for future viewing; downloadable virtual goods, namely, computer programs featuring badges, emoticons, emotes, and images for use in online virtual worlds; downloadable computer software for creating and editing of film, movies, video, digital audio and images; downloadable computer software for recording, editing, mixing, analysing, restoring, converting, compressing, mastering and producing digital audio; downloadable computer software for audio production and audio composition; downloadable computer software for post-production restoration, color correction, and editing of video and images; downloadable computer software for job matching; downloadable computer software for locating and applying for jobs; downloadable computer software for advertising job vacancies; downloadable computer software for recruitment, hiring, video interviewing, and organizing the hiring and applicant tracking process for employers and employees; downloadable computer software for sourcing and screening

List of cases accepted for opposition purposes as shown in Journal 2026/015 published on 10 April 2026 .

candidates, scheduling interviews, allowing access to employers to conduct interviews, and communicate with candidates; downloadable computer software for creating customized web pages featuring user-defined information, personal profiles, audio and images; downloadable computer software for users to access and interact with information and databases in the fields of employment, recruitment of personnel, careers, job resources and listings, and professional networking; downloadable computer software for testing skills in the fields of artificial intelligence, machine learning, information technology (IT), business process automation, prompt engineering, and software development; downloadable computer software for assisting companies in attracting and identifying talent, and making hiring decisions; downloadable computer software for work simulation testing of job applicants; downloadable computer software for use in quantitative skill analysis and ranking of potential employees; downloadable computer software for users to sign up for job alerts online and apply for jobs; downloadable publications; data processing apparatus; computer hardware; computers and computer peripherals; earphones; headphones; sunglasses; laptop cases; mobile phone cases; smart watches; smart bands; smart jewelry; wearable computers; wearable cameras; digital media streaming devices; virtual and augmented reality headsets, goggles, glasses, controllers, and remotes; wireless communication devices for providing access to the internet and sending, receiving, and transmitting data, images, audio, video, and multimedia content; intercommunication apparatus; personal digital assistants [PDAs]; media players; smartphones; sound recording, reproducing, and transmitting apparatus; telecommunication apparatus in the form of jewelry; devices for hands-free use of mobile phones; portable and handheld digital electronic devices for recording, organizing, transmitting, manipulating, and reviewing text, data, image, and audio files; wireless communication devices featuring voice, data and image transmission including voice, text and picture messaging, a video and still image camera, also functional to purchase audio, games, video and software applications over the air for downloading to the device; user-programmable humanoid robots, not configured; humanoid robots having communication and learning functions for assisting and entertaining people; integrated circuits; microprocessors and semi-conductors.

Class 35:

Advertising; business management, organization and administration; office functions; advertising and marketing; dissemination of advertising for others via the internet; providing on-line web directory services featuring hyperlinks to the websites of others; compiling indexes of information; online comparison shopping services; compiling and maintaining online commercial information directories; advertising and directory services, namely, promoting the services of others by providing a web page featuring links to the websites of others; advertising and promoting the goods and services of others; online retail store services connected with the sale of computer programs, software, mobile software applications, software extensions, software plugins, intelligent agents, digital assistants, and digital media; promoting the goods and services of others; online retail store services connected with the sale of a wide variety of consumer goods of others, namely, cleaning preparations, cosmetic and beauty products, soaps, personal care products for skin, hair, body, oral hygiene and feminine hygiene, fragrances, dietary supplements, clothing, footwear, hats, hair products, fashion accessories, clothing accessories, sunglasses, bags, backpacks, pet clothing, jewelry, key chains, watches, umbrellas, pet products, costumes, art supplies,

cards, stickers, books, printed matter, stationery, posters, stickers, magnets, gift cards, cutlery, audio-visual equipment, computer hardware, computer accessories, downloadable music files, computer games, downloadable electronic publications, home automation control devices, information technology equipment, mobile phones, cameras, navigation devices, recorded content, set-top boxes, smartphones, smartwatches, tablet computers, wearable computers, musical instruments, food cooking equipment, automobile accessories, bicycle accessories, household and kitchen utensils and containers, home furnishings, furniture, cookware, tableware, drinkware, fabrics, textiles, floor coverings, wall coverings, festive decorations, games, figurines, sporting articles, sporting equipment, toys, video game apparatus, food, candy, beverages, gardening products, and kitchen appliances; promoting the goods and services of others by providing links to the retail web sites of others, coupons, offers, consumer reviews, comparison shopping, and discount information; providing consumer product information for the purpose of assisting with the selection of general consumer merchandise to meet the consumer's needs; operating online marketplaces for sellers of goods and/or services; business management of data centers for others; providing employment information; providing career information; employment recruiting consultation; employment staffing consultation services; job placement; employment hiring, recruiting, placement, staffing and career networking services; testing, analysis, and evaluation of the knowledge, skills, and abilities of others for career placement purposes; providing an on-line searchable database featuring employment opportunities and content about employment; provision of ratings, reviews and recommendations on employers and employees and places of employment for use by employees, employers, business owners, and consumers via a website; professional staffing and recruiting services; providing networking opportunities for individuals seeking employment; on-line business networking services; providing on-line employment information in the field of recruitment, careers, job resources and listings, and resumes; advertising and marketing services relating to the recruitment of personnel; providing the services of preparing curriculum vitae for others via a website; providing business assistance relating to recruitment and placement of staff; providing employers with targeted candidates or potential employees.

Class 38:

Telecommunications services; providing access to databases; providing online forums; transmission of messages; electronic transmission and streaming of data, digital media, audio, video, movies, images, picture, text, photos, user generated content, and audiovisual material; providing user access to computer programs in data networks; provision of access to a global computer network; communication services, namely, electronic transmission of data and documents among computer users; transmission of digital files; transmission of electronic mail; on-line services, namely, message sending; transmission of news; peer-to-peer network computer services, namely, electronic transmission of audio, video and other data and documents among computers; video on demand transmission services; video broadcasting.

Class 41:

Education; providing of training; entertainment; sporting and cultural activities; providing online electronic publications, not downloadable; educational services, namely, organizing and conducting conferences, seminars, classes, and workshops in the

List of cases accepted for opposition purposes as shown in Journal 2026/015 published on 10 April 2026 .

fields of artificial intelligence, machine learning, information technology (IT), business process automation, prompt engineering, project management, and software development; providing online news, information and commentary in the fields of artificial intelligence, machine learning, information technology (IT), business process automation, prompt engineering, project management, and software development; organizing educational and entertainment conferences in the field of artificial intelligence, machine learning, information technology (IT), business process automation, prompt engineering, project management, and software development; providing online non-downloadable publications in the nature of journals, blogs and articles in the field of artificial intelligence, machine learning, information technology (IT), business process automation, prompt engineering, project management, and software development; training services in the field of artificial intelligence, machine learning, information technology (IT), business process automation, prompt engineering, project management, and software development; entertainment services provided in virtual environments; entertainment information; providing online videos, not downloadable; entertainment services, namely, providing online, non-downloadable virtual badges, emoticons, and emotes for use in virtual environments; arranging, organizing and conducting of competitions, games and quizzes; organization and presentation of shows, competitions, games, concerts and entertainment events; entertainment services in the nature of development, creation, production, distribution, and post-production of film, audio, radio, motion pictures, television shows, and multimedia entertainment content; providing on-line information and news in the field of employment training; providing job training in the field of artificial intelligence, machine learning, information technology (IT), business process automation, prompt engineering, project management, and software development; IT training services; conducting online instruction and courses in the fields of artificial intelligence, machine learning, information technology (IT), business process automation, prompt engineering, project management, and software development; providing non-downloadable videos in the fields of artificial intelligence, machine learning, information technology (IT), business process automation, prompt engineering, project management, and software development via a website; providing training for certification in the fields of artificial intelligence, machine learning, information technology (IT), business process automation, prompt engineering, project management, and software development; providing web-based and in-person classes in the fields of artificial intelligence, machine learning, information technology (IT), business process automation, prompt engineering, project management, and software development; providing online non-downloadable course materials, namely, instructional, educational, and teaching materials in the fields of artificial intelligence, machine learning, information technology (IT), business process automation, prompt engineering, project management, and software development; providing news and commentary in the field of social networking.

Class 42:

Scientific and technological services and research and design relating thereto; industrial analysis, industrial research and industrial design services; quality control and authentication services; design and development of computer hardware and software; providing online non-downloadable computer software; software as a service [SaaS]; platform as a service [PaaS]; research and development services in the field of

artificial intelligence, computer science and machine learning; research, design and development of computer programs and software; providing online non-downloadable computer software for developing and operating artificial intelligence-based applications; providing online non-downloadable software used for training and simulating artificial intelligence models; application service provider featuring application programming interface (API) software; providing online non-downloadable software and computer programs for using language models; providing online non-downloadable software and computer programs for machine learning; providing online non-downloadable software and computer programs for natural language processing, generation, understanding, reasoning, and analysis; providing online non-downloadable software and computer programs for detecting, recognizing, processing, analyzing, understanding, creating, generating, enhancing, and/or editing text, voice, speech, audio, images, graphics, and/or video; providing online non-downloadable software and computer programs for conversion of text and data files into software code, for detecting, recognizing, processing, analyzing, understanding, generating and/or editing software code, and for multilingual text and speech recognition, translation, and transcription; providing online non-downloadable software and computer programs for sharing datasets for the purpose of machine learning, predictive analytics, and building language and image models, for developing and implementing artificial neural networks, for the purpose of testing artificial intelligence agents, algorithms, or programs, and for using, customizing, fine-tuning, and adapting artificial intelligence models; providing online non-downloadable software and computer programs for task automation and workflow orchestration; providing online non-downloadable software and computer programs for building, using, and deploying autonomous agents, semi-autonomous agents, and intelligent agents; providing online non-downloadable software and computer programs for drafting, summarizing, designing, generating, creating, editing and publishing documents, written content, spreadsheets, presentations, and emails; provision of search engines for the internet; providing a website featuring a media aggregator and search engine for internet content; computer services, namely, providing search engines for obtaining data, images, audio and video on a global computer network; providing customized on-line web pages featuring user-defined information, which includes search engines and on-line web links to other web sites; providing online non-downloadable cloud computing software using artificial intelligence for use in industry-specific software development and machine learning; software as a service (SAAS) services featuring software using artificial intelligence for industry-specific end-to-end and cloud-to-edge solutions for software development and machine learning; providing online non-downloadable augmented reality (AR) and virtual reality (VR) software for AI-assisted interaction, simulation, and training; software as a service (SAAS) services featuring software for leveraging quantum computing resources to optimize AI model performance; providing online non-downloadable software and computer programs for data processing, encryption, anonymization, and privacy-preserving machine learning; providing online non-downloadable software and computer programs for multi-modal processing and understanding of text, audio, image, and video; providing online non-downloadable software and computer programs for generating synthetic data and synthetic training environments; providing online non-downloadable software and computer programs for retrieval-augmented generation, and knowledge

List of cases accepted for opposition purposes as shown in Journal 2026/015 published on 10 April 2026 .

graph construction; providing online non-downloadable software and computer programs for transmitting, streaming, displaying, accessing, and browsing data, information, user-generated content, digital content, computer software, computer games, audio works, visual works, and audiovisual works; providing online non-downloadable software and computer programs for transmitting, accessing, viewing, searching, uploading, downloading, sharing, integrating, displaying, purchasing, subscribing to, storing, and transferring data, computer programs, software, mobile software applications, software extensions, software plugins, intelligent agents, digital assistants, and digital media; providing online non-downloadable software and computer programs for developing and publishing computer programs, software, mobile software applications, software extensions, software plugins, intelligent agents, digital assistants, and digital media; providing online non-downloadable software and computer programs for providing access to online virtual environments; providing online non-downloadable software and computer programs for collaborating, instant messaging, video communications, audio communications; software as a service (SAAS) services featuring software using artificial intelligence for cybersecurity; providing online non-downloadable software and computer programs for accessing, browsing and searching online databases; providing online non-downloadable software and computer programs for database, document, and data management, for workflow management, for personal information management, and for project management; software as a service (SAAS) services featuring software for data visualization, data analytics, predictive analytics; providing online non-downloadable software for searching, browsing, accessing, processing, analyzing, monitoring, understanding, and taking action in response to websites, user interfaces, and data; providing online non-downloadable software for browsing the global computer network and secure private networks; providing online non-downloadable software using an artificial intelligence browser; providing online non-downloadable software for interacting with a browser to research, extract, copy, and store data; providing user authentication services using single sign-on technology for online software applications; providing user authentication services using biometric hardware and software technology for e-commerce transactions; providing temporary use of on-line non-downloadable single sign-on software; providing online non-downloadable software for security, user authentication, and password and log in management and protection; providing online non-downloadable software for shopping; providing online non-downloadable software for recommending, comparing, and selecting the products and services of others; providing online non-downloadable software for providing information and links to retail websites, coupons, offers, consumer reviews, comparison shopping, and discount information, and for facilitating e-commerce transactions; rental of data center facilities; rental of space in a computer colocation facility for containerized data centers of others; technical consulting services in the fields of datacenter architecture, public and private cloud computing solutions, and evaluation and implementation of internet technology and services; providing online non-downloadable software for use in assessing, monitoring, administration and management of data centers and datacenter devices, and public and private cloud computing IT and application systems and resources; providing online non-downloadable software for managing cloud computing resources; providing online non-downloadable software for messaging, chat and social networking; providing online non-downloadable software for transmitting, receiving,

accessing, viewing, uploading, downloading, broadcasting, sharing, integrating, displaying, formatting, organizing, storing, transferring and streaming of data, text, digital media, images, audio, video, user generated content, and animations; providing online non-downloadable software for creating, displaying and sharing emoticons; creating a virtual environment in the nature of an online community for users to create, produce, edit, manipulate, transmit, share, and comment on videos or other electronic media; providing online non-downloadable software for accessing, browsing, and searching online databases and recommending multimedia content; providing online non-downloadable software for streaming audiovisual and multimedia content to mobile digital electronic devices; providing online non-downloadable software, namely, parental control software; providing online non-downloadable software for developing and publishing applications for interactive streaming; providing online non-downloadable software that enables users to designate specific content for future viewing; providing online non-downloadable software for creating and editing of film, movies, video, digital audio and images; providing online non-downloadable software for recording, editing, mixing, analysing, restoring, converting, compressing, mastering and producing digital audio; providing online non-downloadable software for audio production and audio composition; providing online non-downloadable software for post-production restoration, color correction, and editing of video and images; providing online non-downloadable software for job matching; providing online non-downloadable software for locating and applying for jobs; providing online non-downloadable software for advertising job vacancies; providing online non-downloadable software for recruitment, hiring, video interviewing, and organizing the hiring and applicant tracking process for employers and employees; providing online non-downloadable software for sourcing and screening candidates, scheduling interviews, allowing access to employers to conduct interviews, and communicate with candidates; providing online non-downloadable software for creating customized web pages featuring user-defined information, personal profiles, audio and images; providing online non-downloadable software for users to access and interact with information and databases in the fields of employment, recruitment of personnel, careers, job resources and listings, and professional networking; providing online non-downloadable software for testing skills in the fields of artificial intelligence, machine learning, information technology (IT), business process automation, prompt engineering, project management, and software development; providing online non-downloadable software for assisting companies in attracting and identifying talent and making hiring decisions; providing online non-downloadable software for work simulation testing of job applicants; providing online non-downloadable software for use in quantitative skill analysis and ranking of potential employees; providing online non-downloadable software for users to sign up for job alerts online and apply for jobs; testing, analysis, and evaluation of the knowledge, skills, and abilities of others in the fields of artificial intelligence, machine learning, information technology (IT), business process automation, prompt engineering, project management, and software development to determine conformity with certification standards of proficiency of professional skills; providing online non-downloadable software for extracting and retrieving information and data for others by means of global computer networks; computer services, namely, monitoring, tracking and reporting on the performance of the website and online content of others; providing online non-downloadable software

List of cases accepted for opposition purposes as shown in Journal 2026/015 published on 10 April 2026 .

for optimizing website navigation; searching and retrieving information, sites, and other resources available on computer networks for others; hosting of digital content on the internet; providing a website featuring technical information relating to computer software; providing computer software consulting services; technical support services, namely, troubleshooting in the nature of diagnosing and repairing computer software problems; providing an internet website portal for engaging in social networking; providing on-line searchable databases in the field of social networking.

Class 45:

Online social networking services; licensing of intellectual property; licensing of computer software; user identity verification services; online social networking services, namely, facilitating social introductions or interactions among individuals; providing information in the field of social networking; social introduction and networking services.

(1, 19, 20, 21, 31, 41, 42, 43, 44)

Little Habitats. Big Discoveries.

Class 1:

Manures for flowerpot plants; Peat pots for horticulture; Pots (Peat -) for horticulture; Potting compost; Potting soil; Leaf mold [fertilizer]; Expanded clay for hydroponic plant growing [substrate]; Fertiliser for soil and potting soil; Clay (Expanded-) for hydroponic plant growing [substrate]; Expanded clay for hydroponic plant growing [substrates]; Potting grits; Peat pots for horticultural use; Fertilisers for soil and potting soil; Potting composts; Organic potting soil; Hydroponic fertilizers; Perlite for use in horticulture; Expanded-clay for hydroponic plant growing [substrates]; Horticultural potting mixtures.

Class 19:

Ponds [non-metallic structures].

Class 20:

Wood planters; Pedestals for plant pots; Flower baskets of wicker; Flower-pot pedestals; Pedestals (Flower-pot -); Stands for flower pots; Garden furniture; Wooden plant markers; Flower stands [furniture]; Flower pot stands; Decorative baskets made of wicker; Furniture for house, office and garden; Wicker baskets; Wicker; Wooden containers [other than for household or kitchen use]; Garden furniture manufactured from wood; Decorative wood boxes.

Class 21:

Fishing nets for aquaria; Raised garden planters ; Plant pots; Flower pots; Pots (Flower -); Pots for plants; Flower pot holders; Plant baskets; Flowerpots; Bases for plant pots; Flower baskets; Plant holders; Pots; Pots for flowers; Holders for plants.

Class 31:

Plants for ponds [live]; Seedlings for planting; Hydroponic plants; Hydroponic seeds; Seeds for planting; Bulbs for planting; Nursery plants; Seeds, bulbs and seedlings for plant breeding; Seedlings; Potted plants; Vine plants; Flower seeds; Hanging basket liners [moss]; Decorative woodchip mulch; House plants; Horticultural mulches.

Class 41:

Education; Vocational education; Health education; Pre-school education; Education and training; Academies [education]; Education and instruction; Services of schools [education]; Education services; University education services; Education, teaching and training; Education academy services; Academy education services; Academy services (Education -); Vocational education and training services; Training and education services; Education and training services; Education and instruction services; Kindergarten services [education or entertainment]; Educational services for providing courses of education; Provision of education courses; Provision of training and education; Provision of education and training; Providing of education; Entertainment, education and instruction services; Education services relating to vocational training; Education information; Information (Education -); Primary education services; Adult education services; Residential education courses; Education and training consultancy; Online education

List of cases accepted for opposition purposes as shown in Journal 2026/015 published on 10 April 2026 .

services; Education services relating to health; Education services related to the arts; Club education services; Education information services; Secondary school educational services; Educational and teaching services; Vocational education for young people; Education, entertainment and sports; Education services relating to conservation; Education services in the nature of courses at the university level; Provision of facilities for education; Education services relating to conservation of the environment.

Class 42:

Research (Scientific -); Scientific research; Biological research, clinical research and medical research; Scientific research and analysis; Scientific research and development; Technical research projects and studies; Technical research; Biological research and analysis; Biological research; Research (Biological -); Scientific and industrial research; Agricultural research; Product research; Research of agriculture; Scientific research conducted using databases; Scientific research relating to ecology; Development (Research and -) of products; Product research and development; Research in the field of ecology.

Class 43:

Temporary accommodation; Rental of temporary accommodation; Accommodation (Rental of temporary -); Rental of accommodation [temporary]; Provision of temporary accommodation; Booking of temporary accommodation; Temporary accommodation services; Providing temporary accommodation; Reservation of temporary accommodation; Arranging of temporary accommodation; Accommodation reservations (Temporary -); Temporary accommodation reservations; Reservations (Temporary accommodation -); Provision of temporary furnished accommodation; Providing temporary accommodation in holiday flats; Temporary accommodation reservation services; Provision of temporary lodgings; Providing temporary accommodation in holiday homes; Providing temporary housing accommodations; Arranging temporary housing accommodations; Arranging and providing temporary accommodation; Reservation of temporary accommodation in the nature of holiday homes; Agency services for the reservation of temporary accommodation; Temporary accommodation services provided by holiday camps; Rental of rooms as temporary living accommodations; Rental of temporary accommodation in holiday homes and flats; Providing temporary accommodation as part of hospitality packages; Providing temporary lodging for guests; Booking of temporary accommodation via the Internet; Tour operator services for the booking of temporary accommodation; Providing temporary lodging at holiday camps; Reception services for temporary accommodation (conferment of keys); Provision of holiday accommodation; Temporary room hire; Reception services for temporary accommodation [management of arrivals and departures]; Temporary accommodation information, advice and reservation services; Rental of holiday accommodation; Holiday accommodation services; Accommodation services; Rental of vacation accommodation; Tourist camp services [accommodation]; Arranging of holiday accommodation; Arranging holiday accommodation; Booking of campground accommodation; Booking services for holiday accommodation; Booking services for accommodation; Reservation of tourist accommodation; Hospitality services [accommodation]; Arranging of accommodation for tourists; Reservation services for accommodation; Accommodation reservation services; Hotels, hostels and boarding houses, holiday and tourist accommodation; Accommodation reservations; Provision of

event facilities and temporary office and meeting facilities; Booking of accommodation for travellers; Letting of holiday accommodation; Providing accommodation for meetings; Holiday planning services [accommodation]; Providing accommodation for functions; Event facilities and temporary office and meeting facilities; Providing information about temporary accommodation via the Internet; Accommodation services for meetings; Arranging of accommodation for holiday makers; Reservation services for the booking of accommodation; Camp services (Holiday -) [lodging]; Holiday camp services [lodging]; Holiday lodgings; Accommodation services for functions.

Class 44:

Planting of flora; Horticulture, gardening and landscaping; Rental of potted plants.
