tracking, monitoring, automation and assessment of staffing, recruitment, hiring and employee retention processes, logistics management and planning in relation to staff numbers and decision support; computer-readable databases containing information relating to personnel, careers, recruitment, hiring, employee retention and job placement; apparatus, instruments and media for recording, reproducing, storing, processing, editing, transmitting, broadcasting, retrieving music, sound, images, text, signals, software, information, data and codes; sound, video and data recordings; cloud servers; cloud server software.

Class 35:

Advertising; business management; business administration; office functions; market research; opinion polling; public relations; organisation and conducting of promotional events; presentation of companies on the Internet and in other media; publication of printed matter (including in electronic form) for advertising purposes; personnel and employment agency services; advertising for personnel recruitment; rental of advertising space on the Internet for personnel recruitment; personnel management and personnel recruitment; advising management on personnel deployment issues; personnel recruitment and placement; personnel administration; personnel placement; personnel management; personnel selection for third parties; management of personnel files; information on personnel recruitment; job and personnel placement; temporary assignment of personnel; advice on personnel recruitment; management consulting in relation to personnel recruitment; preparation of application documents; organisation and implementation of job fairs for personnel recruitment; selection of personnel with the aid of psychological testing; interactive procurement of information in the fields of recruitment, employment, career planning, career opportunities and re-entry opportunities; forwarding of CVs and information between future employees and future employers (office work); job placement; information relating to jobs and career opportunities; business investigations, reviews of information in business matters provided online via a global computer network, a computer database or the Internet; expert assessments and reports in relation to business matters; advice on organisational issues and business management, with and without the aid of electronic databases; organisation and implementation of assessment centres for personnel selection; personnel recruitment; personnel selection and personnel consulting through aptitude tests; creation of CVs; distribution of advertising for third parties via an electronic online communication network; organisation of events, exhibitions, trade fairs and shows for commercial, promotional and advertising purposes; computer-assisted database management; drafting of CVs for third parties and application letters for third parties; online compilation of samples of CVs, application letters, job vacancies and other information relating to the labour market; provision of an online database of job vacancies, CVs, application letters and other information relating to the labour market; conducting tests to determine professional skills; career counselling; career counselling services [except education, training and teaching counselling].

Class 38:

Telecommunications; providing access to information on the Internet about companies, job vacancies and markets; providing access to a global computer network; news and image transmission via computer; transmission of digital

***List of cases accepted for opposition purposes as shown in Journal 2026/015 published on
10 April 2026 .***

files; providing access to databases; telecommunications services provided via platforms and portals on the Internet and in other media; provision of chat lines, chat rooms and forums; telephone services for a hotline or call centre; provision of press services in connection with online services, namely the collection, delivery and transmission of news and information of all kinds as a service of an online press agency, including via on-demand and other electronic media services; telecommunications services, including the transmission of data in the field of employment, recruitment of employees, placement of advertisements, creation of CVs and forwarding of responses to such advertisements using a computer network; provision of access to interactive databases relating to various types of advertisements, including advertisements in the field of personnel recruitment, advertisements classified by category and advertisements relating to employment; forwarding of responses to advertisements via a computer network; electronic communication services; transmission of messages and data by electronic transmission; provision of access to the Internet (service provider); provision of access to electronic publications and data via computer networks and/or telecommunications for downloading and/or processing and/or viewing; provision of multi-user access to computer networks for the transmission and distribution of a variety of information.

Class 41:

Teaching and training, in particular in the field of personnel recruitment, employment, career planning and CV writing; career counselling; training and related assessment in the fields of job placement, recruitment and retention of employees, employment, employee retention, workforce and talent management, professional development and CV preparation for employers and job seekers; provision of online information and news in the field of vocational training; vocational training; information relating to education and training, entertainment, leisure, sports and publishing; consulting in relation to education and training in the field of management and human resources; teaching and training in relation to business, industry and information technology; organisation of educational courses, lectures and seminars; provision of computer-delivered educational testing, training and related assessment; career and vocational counselling; training of personnel in the fields of recruitment and retention of employees, human resources and business management; organisation and running of business conferences and seminars.

Class 42:

Provision of non-downloadable software for temporary use; application service provider (ASP) services including website hosting, design, development, customisation, implementation, operation, management and maintenance of websites; creation of programmes for data processing and analysis of computer systems; provision of customised database software for third parties in the fields of personnel management, management administration, tracking, monitoring, automation and assessment of staffing, pre-selection, recruitment, post-recruitment, recruitment and employee retention processes, logistics management and planning in relation to staffing level and decision support; computer software consulting; design of websites for advertising purposes; creation, updating, networking and installation of computer software; development services relating to databases; provision of web-based software solutions for reporting and evaluation capabilities with detailed configuration options, integrated workflow support

and customisation to the customer's situation; performance evaluation of data processing in comparison with benchmark reference values; rental of data processing programmes; provision of computer programmes and facilities for data processing; cloud computing; cloud hosting services.

Jobware GmbH

Representative: BEITEN BURKHARDT
Ganghoferstr. 33 80339 München GERMANY

WO0000001909666(17, 22, 24)

Office of Origin: IT

Date of International Registration: 30 September 2025

Date of Designation in the UK: 30 September 2025

The trademark is made up of namely word and figurative elements. In particular, the word "THERMORE" can be read on the same plane within a rectangular impression whose corners are curvilinear and the upper left corner is partially composed of the upper part of the letter "T" of "THERMORE". The first letter "T" of the above-mentioned wording is larger than the remaining letters. Furthermore, a small dot is visible on the upper part of the second letter "H" of the wording in question.

International priority date claimed: 29 September 2025 (IT)
(302025000149191)

Class 17:

Non-metallic padding rings; bamboo fibers for insulation; natural fiber fabrics for insulation; organic fiber fabrics for insulation; glass fibers for insulation; thermal insulation articles and materials; silicone foam thermal insulation devices; closed-cell foam rubber for thermal insulation; thermal insulating materials; thermal insulating materials, not for construction; insulating coatings; polyurethane foam insulation; thermal insulation materials; cold-resistant insulating compounds; reworked plastic insulation materials; polyethylene foam insulation materials; polyurethane foam insulation materials; refractory insulating materials, not for construction; fiberboard for high-temperature insulation; fabrics made of wool for use as insulation; fabrics made of inorganic fibers for use as insulation; fabrics made of flax for use as insulation; insulating fabrics, for use in textile products; insulating fabrics for use in bedding, household goods, outerwear, clothing, footwear and headgear, but not for use in building insulation; synthetic insulating fibres and insulating felts for use in thermal insulation, but not for use in building insulation.

Class 22:

Stuffing materials; feathers for stuffing; polyester stuffing; fibres for stuffing; padding materials; down for stuffing; padding materials [not of rubber or plastic]; padding, cushioning and filling materials, except paper, paperboard, rubber or plastic; polyester fibres for stuffing; non-woven stuffing; stuffing materials of fibre materials; protectors in the

Corrections to published marks

UK00004315564 (2026/012, 20 March 2026)

The mark should have advertised in the following form:
GENETIX BIOTHERAPEUTICS

The specification for this application has been amended to read as follows:

Class 35:

Providing a service for connecting medical patients and physicians with qualified treatment centres for gene therapy via a website; Promoting public awareness of gene therapy.

Class 41:

Providing educational information relating to insurance and financing for gene therapy; Providing educational information via the internet relating to insurance and financing for gene therapy; Providing educational information relating to genetic diseases and treatment for genetic diseases; Providing educational information via the internet relating to genetic diseases and treatment for genetic diseases; Arranging and conducting of conferences, seminars, symposiums, classes, workshops, presentations, seminars, and in-person educational forums in the field of gene therapy; Providing prerecorded audio, visual, and audio-visual educational programs, not downloadable, via video-on-demand services, that relate to gene therapy.

Class 42:

Providing a web site featuring educational information relating to insurance and financing for gene therapy; Providing a website that features educational information relating to genetic diseases and treatment for genetic diseases; Pharmaceutical research and development; Research and development in the field of genetic diseases and gene therapies; Providing online non-downloadable software for documenting data on the source, manufacturer, packaging, storage, transport, and delivery of materials for use in therapies and therapeutics.

Class 44:

Providing medical information in the field of genetic diseases and gene therapies; Providing medical information in the field

of genetic diseases and gene therapies via a website; Medical information services provided via the internet.

UK00004316984 (2026/012, 20 March 2026)

The mark should have advertised in the following form:

Mark 1

Mark 2

Application for a series of 2 marks.

The specification for this application has been amended to read as follows:

Class 41:

Providing educational information relating to insurance and financing for gene therapy; Providing educational information via the internet relating to insurance and financing for gene therapy; Providing educational information relating to genetic diseases and treatment for genetic diseases; Providing educational information via the internet relating to genetic diseases and treatment for genetic diseases; Arranging and conducting of conferences, seminars, symposiums, classes, workshops, presentations, seminars, and in-person educational forums in the field of gene therapy; Providing prerecorded audio, visual, and audio-visual educational programs, not downloadable, via video-on-demand services, that relate to gene therapy.

UK00004347586 (2026/013, 27 March 2026)

The specification for this application has been amended to read as follows:

Class 28:

Dumbbell racks; Storage racks for exercise weights.

Restrictions

UK00004327859 (2026/008, 20 February 2026)

Specifications have been restricted as follows:

Class 9:

Software; software in the field of healthcare; software applications; software applications in the field of healthcare; communication software; communication software in the field of healthcare; business software; business software in the field of healthcare; smartphone software; smartphone software in the field of healthcare; assistive software; assistive software in the field of healthcare; workflow software; workflow software in the field of healthcare; social software; social software in the field of healthcare; intranet software; intranet software in the field of healthcare; downloadable application software; downloadable application software in the field of healthcare; data processing software; data processing software in the field of healthcare; mobile application software; mobile application software in the field of healthcare; content access software; content access software in the field of healthcare; smartphone software applications, downloadable; smartphone software applications, downloadable, in the field of healthcare; downloadable applications for mobile devices; downloadable applications for mobile devices in the field of healthcare; downloadable application software for smart phones; downloadable application software for smart phones in the field of healthcare; databases; databases in the field of healthcare; computer databases; computer databases in the field of healthcare; interactive databases; interactive databases in the field of healthcare; data and file management and database software; data and file management and database software in the field of healthcare; database management software; database management software in the field of healthcare; computer software for accessing databases; computer software for accessing databases in the field of healthcare; interactive database software; interactive database software in the field of healthcare; downloadable computer software for the management of data; downloadable computer software for the management of data in the field of healthcare; computer software to enable searching and retrieval of data; computer software to enable searching and retrieval of data in the field of healthcare; data sets, recorded or downloadable; artificial intelligence software; artificial intelligence software in the field of healthcare; artificial intelligence software for analysis; artificial intelligence software for analysis in the field of healthcare; artificial intelligence software for healthcare; interactive software based on artificial intelligence; interactive software based on artificial intelligence in the field of healthcare; risk detection and management software; risk detection and management software in the field of healthcare; decision-making software; decision-making software in the field of healthcare; computer software for use in medical decision support systems; downloadable mobile application software for logging, monitoring, measuring, tracking, predicting, diagnosing, analysing and flagging data; downloadable mobile application software for logging, monitoring, measuring, tracking, predicting, diagnosing, analysing and flagging data in the field of healthcare; software for sharing information in the fields of the prevention, treatment and management of illness, and healthcare delivery; software as a Medical Device (SaMD), downloadable, for tracking changes in patient health; chatbot software; recruitment software; recruitment databases; software for the recruitment of care workers; databases containing information on care workers seeking employment; all aforementioned goods only in the field of healthcare.

UK00004328627 (2026/007, 13 February 2026)

Specifications have been restricted as follows:

Journal 2026/015 published on 10 April 2026 .

Class 20:

Reclining chairs; swivel chairs; office chairs; recliners [chairs]; chairs being office furniture; office armchairs; all being for indoor gaming or indoor computer use; none being outdoor or street furniture.

UK00004326550 (2026/006, 06 February 2026)

Specifications have been restricted as follows:

Class 9:

CDs; CD players; CD cases; Portable CD players; Audio discs; Vinyl records; LP records; Handheld CD players; Sound recordings; Music cassettes; Downloadable digital music; Digital recording media; Music recordings; Audio digital discs; USB sticks; Digital music downloadable from the Internet; Downloadable music files; Downloadable software.

UK00004291435 (2026/006, 06 February 2026)

Specifications have been restricted as follows:

Class 9:

Software; Computer software; Enterprise software; Software for computers; Software applications; Workflow software; Computer software applications; Downloadable computer software; Application software; Computer e-commerce software; Computer software programs; Telecommunications software; Downloadable software; Computer software applications, downloadable; Business software; Computer software for advertising; Mobile software; Software for smartphones; Downloadable software applications; all of the aforesaid not including software for use in coding, programming or developing software applications.

UK00004324838 (2026/005, 30 January 2026)

Specifications have been restricted as follows:

Class 36:

Financial management services; financial analysis; information, advisory and consultancy services in relation to all of the aforesaid. none of the aforesaid services relating to investment management, asset management, portfolio management or fund management.

UK00004307079 (2026/002, 09 January 2026)

Specifications have been restricted as follows:

Class 16:

Books; magazines; brochures; notepads; printed matter; diaries; calendars; notebook covers; stationery; cards; gift cards; postcards; posters; photographs; art prints; all the aforementioned in relation to museums and/or silk mills.

Class 25:

Clothing; footwear; headwear; excluding school uniforms.

Class 41:

Museum services; provision of museum facilities and services; exhibition services for educational purposes; education; entertainment and cultural activities; arrangement, organisation, provision and presentation of events, competitions, exhibitions, seminars, performances, workshops, courses and lectures for education, entertainment and cultural purposes; electronic publishing and provision of online electronic publications in relation to education, entertainment and cultural purposes; all the aforementioned in relation to museums and/or silk mills.

UK00004321202 (2026/006, 06 February 2026)

Specifications have been restricted as follows:

Class 43:

Food and drink catering for cocktail parties; Takeaway food services; Take-away food services; Serving food and drink for guests; Serving food and drinks; Catering services for providing Japanese cuisine; Cocktail lounges; Cocktail lounge services; Lounge services(Cocktail -), all aforementioned services not in hotels, club hotels and hotel resorts.

UK00004308259 (2026/008, 20 February 2026)

Specifications have been restricted as follows:

Class 9:

Data processing equipment and computers; computer software; computer programs; downloadable software development kits (SDK); downloadable application programming interface (API) software that enables developers to build software applications; software applications for use with mobile devices and computers; software for processing electronic payments to and from others; computer software and software applications used in relation to financial services, financial transactions, electronic commerce, electronic payments, foreign currency exchange, trading and brokerage services, remittance transactions, cross-border money transfers, investment advisory and loan services, data, payment and computer security; authentication software; computer software and computer software applications (downloadable); instant messaging software; file sharing software; communications software for electronically exchanging and transmitting data, audio, video, images and graphics via computer, mobile, wireless and telecommunication networks; computer software for processing images, graphics, audio, video, and text; downloadable computer software which allows users to participate in web-based meetings and classes, with access to data, documents, images and software applications through a web browser; downloadable computer software for accessing, viewing, and controlling remote computers and computer networks; downloadable cloud-computing software; downloadable cloud-based software; computer software for tracking and evaluating customer and personal behaviour in relation to purchasing decisions; computer software applications for use in relation to environmental conservation, climate change and carbon offsetting; downloadable text files; downloadable electronic data files; downloadable data sets; downloadable open source software; downloadable software for software development and collaboration in the software development process, namely, working with the source code and its browsing, editing, development, enhancement and testing; computer software, downloadable computer software, computer programs, software applications, and software development tools for code development, code editing, code testing, Application Programming Interface (API) selection and integration, code language selection and integration, plugins selection and integration, code deployment and integration; computer software, downloadable computer software, computer programs, software applications, and software development tools for source code repository management, data storage and backup, database management, and facilitating the exchange of information via the Internet featuring collaboration tools; downloadable text files of written source code for software; downloadable text files in the nature of computer code; downloadable electronic data files featuring written source code for software; downloadable data sets in the field of computer code; downloadable electronic data files containing

computer code; software for facilitating online payments through a payment gateway; software for use in connection with contactless payments; software and software applications for the purpose of allowing merchants to accept contactless mobile commerce transactions, contactless presentation of loyalty credentials, and contactless redemption of coupons, rebates, discounts, vouchers and special offers; software and software applications that allow merchants to deliver coupons, rebates, discounts, vouchers and special offers directly to the mobile telecommunications devices of consumers; computer software for generating, scanning and recognising matrix barcodes; matrix barcode readers; software for mobile phone credit and e-wallet top-up services; computer software, downloadable computer software, computer programs, software applications and software development tools for use in relation to blockchain technology, blockchain infrastructure, blockchain cybersecurity, tokenisation of real-world assets, digital assets, digital asset exchange transactions, decentralized finance (DeFi) and integrating traditional financial systems with blockchain technology; computer software, downloadable computer software, computer programs, software applications, and software development tools for electronically creating, accessing, exchanging, trading, transmitting, managing and storing digital assets, digital currencies, cryptocurrencies, stable coins, virtual currencies, digital securities, digital tokens, and digital collectibles, and for facilitating users' ability to view, analyse, record, store, monitor, manage, trade, and exchange the aforesaid assets, as well as manage related payment and exchange transactions; cryptography software; cryptography software for ensuring security and compliance in blockchain transactions; downloadable digital collectibles in the nature of multimedia files, namely, art, animation cels, images, photographs, trading cards, videos and other digital media content; downloadable digital files authenticated by non-fungible tokens [NFTs]; downloadable software to enable the building of applications on the blockchain, interaction with blockchain smart contracts, and asset and information exchange; downloadable software for creating, agreeing, executing, managing and performing smart contracts; downloadable computer software for use as an electronic wallet, a digital wallet and a cryptocurrency wallet; artificial intelligence software; artificial and virtual reality immersion software; artificial intelligence software in the field of humanoid robots and robots working alongside humans; humanoid and collaborative robots with artificial intelligence; robots with artificial intelligence for use in human-machine integration solutions; operating systems for robots; software for facilitating interaction and communication between humans and artificial intelligence platforms, namely, bots, virtual agents and virtual assistants; Robotic Process Automation [RPA] software; Intelligent Process automation [IPA] software; downloadable software for controlling and managing embodied artificial intelligence systems, namely humanoid robots and autonomous machines; artificial intelligence apparatus; humanoid robots with artificial intelligence for use in the provision of financial services; artificial intelligence software for use in relation to marketing, cloud computing, data analytics, predicting trends and customer support; artificial intelligence software for use in relation to cybersecurity and Information Technology (IT) infrastructure protection; computer software, downloadable computer software, computer programs, software applications and software development tools for use in relation to artificial intelligence, artificial intelligence driven humanoid robots and robots working alongside humans, machine learning, deep

learning, natural language generation, statistical learning, supervised learning, un-supervised learning, predictive and prescriptive analytics, process and task automation, computer vision, internet of things (IoT) and smart data discovery; computer software, downloadable computer software, computer programs, software applications and software development tools for use in relation to automation of processes and tasks; computer software, downloadable computer software, computer programs, software applications and software development tools for use in relation to business analytics, business intelligence, data integration, data warehousing, data mining, data processing, data sharing, data collection, data interpretation, data queries, data visualization and data analytics; computer software and application software for the provision, communication and administration of loyalty, incentive, reward and redemption scheme, membership scheme, electronic vouchers, electronic wallets, electronic coupons, electronic direct marketing, customer relationship management, marketing campaign, customer database, transaction management, reminders or other messages; downloadable software for omnichannel marketing solutions; software as a medical device (SaMD), downloadable; online electronic publications (downloadable from the Internet or a computer network or a computer database); downloadable electronic publications in the nature of magazines, articles, brochures, leaflets, datasheets, information and instructional materials in the field of business, e-commerce, information technology, cloud computing, telecommunications, the Internet, business and e-commerce training, business, sales, marketing and financial management; computer peripherals; sim cards; embedded SIM (eSIM) cards; pocket wifi devices, notebook computers; laptop computers; portable computers; handheld computers; personal digital assistants; personal media players; mobile telephones; smart phones; batteries, battery chargers; computer workstations (not furniture); computer servers; computer and telecommunications networking hardware; computer network adaptors, switches, routers and hubs; wireless and wired modems and communication cards and devices; laptop holders, computer bags; computer hardware and firmware; digital music (downloadable from the Internet); telecommunications apparatus; mouse mats; mobile phone accessories; downloadable games, pictures, motion pictures, movies and music; alarm systems; security cameras; headphones; speakers; computer, electronic and video games programmes and software (including software downloadable from the Internet); liquid crystal displays for telecommunications and electronic equipment; data storage programs; spectacles and sunglasses; electronic signboards; encoded or magnetic payment, bank, credit, debit, cash, charge, telephone and identification cards; electronic book readers; encoded key cards; 3D spectacles; memory cards for video game machines; wearable computers, smart phones, monitors, displays, activity trackers, audio equipment, communications apparatus, telecommunication apparatus, and digital electronic communication devices; downloadable mobile applications and application software for use with wearable computers, smart phones, monitors, displays, activity trackers, audio equipment, communications apparatus, telecommunication apparatus, and digital electronic communication devices; electronic cards and stored value cards; terminals, devices or apparatus for electronic payments and transactions and other contactless interactions with mobile devices; contactless payment terminals; secure online and offline payment transaction

systems; not including software or hardware enabling wireless communication between electronic devices.

Class 35:

Advertising; business management; business administration; office functions; organization, operation and supervision of loyalty and incentive schemes; accountancy; arranging and conducting of trade fairs; data processing; provision of business information; database management; compilation of information into computer databases; business consulting services; business intelligence services; business strategic management services; business strategic management consulting services; arranging and conducting of commercial events; business project management services; market research and business consulting services; business consultancy services relating to facilitating the transaction of business via local and global computer networks by locating and providing referrals for the delivery of a wide variety of business and consumer products and services; dissemination of business information of goods and services of others via local and global computer networks; business consultancy services relating to providing a web site on a global computer network by which third parties can offer and source goods and services, place, determine the status of and fulfil trade leads and orders, enter into contracts and transact business; business consulting services in the field of online payments; business information management, namely, electronic reporting of business analytics relating to payment processing, authentication, tracking, and invoicing; business management, namely, optimization of payments for businesses; business consulting services and project management services in the field of artificial intelligence, artificial intelligence software development and artificial intelligence driven robots; providing computerized online ordering services; advertising of goods and services of others via local and global computer networks; international import and export agency services; rental of advertising space on communication media; online trading services relating to electronic auctioneering and providing online business evaluation relating thereto; providing a directory of third party web sites to facilitate business transactions; business consultancy services relating to operating an electronic marketplace for the buyers and sellers of goods and/or services on a global computer network; business assistance relating to facilitating business transactions via local and global computer networks; corporate management consultancy services; marketing and promotion services; publication of publicity materials; dissemination of advertising materials, updating of advertising materials, compilation of advertisements for use as web pages on the Internet; rental of advertising space; computer data processing; sales, business and promotional information services; auctioneering provided on the Internet; personnel management; provision of sales, business, advertising and promotional information through a global computer network and via the Internet; presentation of goods on communication media for retail purposes; retail, online retail and wholesale services of telephones, smartphones, mobile phone accessories, telecommunications goods, computer hardware, firmware and computer software, payment terminals, devices or apparatus for electronic payments and transactions, artificial intelligence apparatus, humanoid and collaborative robots with artificial intelligence, humanoid robots with artificial intelligence for use in the provision of financial services, computers, data processing equipment, sim cards, embedded SIM (eSIM) cards, computer peripherals, computers, Global Positioning System (GPS) apparatus and equipment, computer workstations,

servers, computer and telecommunications networking hardware, computer network adaptors, switches, routers and hubs, wireless and wired modems and communication cards and devices, computer bags, online electronic publications, digital music (downloadable from the Internet), pocket wifi devices, mouse mats, downloadable games, pictures, motion pictures, movies and music, electronic and video games programmes and software (including software downloadable from the Internet), electronic amusement and game apparatus, games and electronic toys, liquid crystal displays for telecommunications and electronic equipment, data storage programs, signboards, and user manuals; buying and selling agency services; selection of goods and procurement of goods for individuals and businesses; ordering services (for others); provision of business statistical information; organization of exhibitions for commercial or advertising purposes; business investigation; business administration services for the processing of sales made on the Internet; business referral services and personnel placement; document reproduction; transcription services; customer relationship management; business management services relating to electronic commerce; business management and administration services relating to sponsorship programmes; charitable services, namely organizing and conducting volunteer programmes and community service projects; provision of commercial and business contact information; search engine optimization; web site traffic optimization; pay per click advertising; commercial intermediation services; business management for freelance service providers; negotiation and conclusion of commercial transactions for third parties; updating and maintenance of data in computer databases; promotion of goods and services through sponsorship; sponsorship search; purchasing services; procurement services for others; commercial trading and consumer information services; computerised point-of-sale data collection services; promoting the sale of goods and services by others by awarding points for credit card use or mobile financial software application use; promotional information and advisory services provided to members, subscribers and users of incentive loyalty schemes and reward programs; promoting the sale of goods and services of others by means of contests and incentive award programs; promotional services in the nature of bonus programmes for purchases of selected goods and services, including the supply of benefits in connection with environmentally-conscious purchase and lifestyle choices; provision of advertising, business management and data processing services by the use of artificial intelligence; the bringing together, for the benefit of others, enabling customers to conveniently view and purchase a variety of goods, namely, virtual and digital currencies and collectibles, blockchain-based non-fungible assets and downloadable files authenticated by non-fungible tokens; provision of an online marketplace for buyers and sellers of non-fungible assets, digital assets, and digital collectibles; operating an online marketplace for buyers and sellers of non-fungible assets, digital assets and digital collectibles; online auction services featuring non-fungible assets, digital assets, and digital collectibles; information, consultancy and advisory services all relating to the aforesaid services; not including retail or wholesale services relating to software or hardware enabling wireless communication between electronic devices.

Class 42:

Scientific and technological services and research and design relating thereto, industrial analysis and research services; design and development of computer hardware, software and

artificial intelligence software; software as a service (SaaS); blockchain as a service (BaaS); platform as a service (PaaS); infrastructure as a service [IaaS]; encryption, decryption and authentication of information, messages and data; providing user authentication services using biometric, facial recognition, finger print authentication, voice recognition and other types of hardware and software authentication technology for provision of financial services, e-commerce transactions, donations, licensed product tracking and fan engagement; data security services; IT security, protection and restoration; computer security threat analysis for protecting data; provision of security services for computer networks, computer access and computerised transactions; certification (quality control) of data via blockchain; data authentication via blockchain; including all of the aforementioned services for use in connection with payment systems; computer design and development services in connection with transmitting information, data, documents, and images over the Internet; application service provider (ASP) services, namely, hosting computer software applications of others; application service provider (ASP) services providing software in the fields of web-based conferencing, audio conferencing, electronic messaging, document collaboration, video conferencing, and voice and call processing; providing online non-downloadable software for facilitating the interoperability of multiple software applications; technical support services relating to computer software and applications provided online, by email and by telephone; computer services, namely, creating an online community for registered users to participate in discussions, get feedback from their peers, form virtual communities, engage in social networking, and exchange documents; computer service relating to creating indexes of information, sites and resources on computer networks; providing search engines; design of mobile telephones and smart phones; design of digital cameras; research, design and product development services in connection with payment terminals and electronic payment systems; technical support services relating to payment terminals and electronic payment systems; computer services, namely computer system administration for others; computer programming; computer integration services; computer analysis services; computer programming in relation to the defence against virus; computer system software services; computer system design; design and development of webpages; hosting webpages for others; hosting computer application software for searching and retrieving information from databases and computer networks; providing technical information at the specific request of end-users by means of telephone or global computer network; consultancy services in relation to computer software; computer services relating to customized searching of computer databases and websites; computer and electronic signal coding and decoding; conversion of physical data and documents into electronic media format; product testing and evaluation services; computer information services; network information services, namely, providing technical information relating to computers and networks in the field of business and e-commerce; provision of computer security risk management programs; computer security information and testing services; quality assurance services; computer services relating to certification of business transactions and preparation of reports therefor; access control to (security services for-) computers, electronic networks and databases; security of data transmission services and of transactions via computer networks services; consultancy in the field of data security; technological consultancy concerning securing

telecommunications; computerized communication network security services; authentication services for computer security; online authentication of electronic signatures; off-site data backup; electronic data storage; providing information on computer technology and programming via a web site; cartography services; cloud computing; cloud hosting provider services; providing temporary use of non-downloadable cloud-based software and cloud computing software; providing virtual computer systems and virtual computer environments through cloud computing; rental of entertainment software; technical research in the field of carbon offsetting; provision of scientific information, advice and consultancy in relation to carbon offsetting and environmental protection; providing technological information about environmentally-conscious and green innovations; environmental testing, assessment and monitoring services; scientific research in the fields of environmental protection and conservation; research and provision of scientific information in the field of climate change; scientific and industrial consultation services relating to fuels, fuel and carbon dioxide emissions and environmental issues; scientific and technological services relating to recommendation of courses of action to reduce carbon dioxide emission in a cost effective manner; scientific and technological services relating to management of carbon offset programmes; providing non-downloadable open source software; providing temporary use of non-downloadable cloud-based software for software development and collaboration in the software development process, namely, working with the source code and its browsing, editing, development, enhancement and testing; writing, design and development of computer code; computer software testing, namely, source code review; consulting services in the field of source code and application software development, implementation, maintenance, repair, analysis, security, and optimization; providing non-downloadable software for use in relation to code development, code editing, code testing, Application Programming Interface (API) selection and integration, code language selection and integration, plugins selection and integration, code deployment and integration; Software as a Service (SaaS) and Platform as a Service (PaaS) featuring software for use in relation to code development, code editing, code testing, Application Programming Interface (API) selection and integration, code language selection and integration, plugins selection and integration, code deployment and integration; providing non-downloadable software for use in relation to source code repository management, data storage and backup, database management, and facilitating the exchange of information via the Internet featuring collaboration tools; Software as a Service (SaaS) and Platform as a Service (PaaS) featuring software for use in relation to source code repository management, data storage and backup, database management, and facilitating the exchange of information via the Internet featuring collaboration tools; designing, creating and hosting of bill payment websites; network information services, namely, providing technical information relating to computers and networks in the field of payments including contactless payments; providing temporary use of online non-downloadable computer software for tracking and analyzing payment activity; providing temporary use of online non-downloadable software to evaluate and detect fraud and illegality in payment transactions, and manage compliance validation; providing non-downloadable software for use in relation to electronic payments and contactless transactions; Software as a Service (SaaS) and Platform as a Service (PaaS) featuring software for use in relation to

electronic payments and contactless transactions; providing non-downloadable software for mobile commerce, loyalty and rewards programs, and digital voucher redemption; Software as a Service (SaaS) and Platform as a Service (PaaS) featuring software for mobile commerce, loyalty and rewards programs, and digital voucher redemption; providing non-downloadable software for generating, scanning, and recognizing matrix barcodes; Software as a Service (SaaS) and Platform as a Service (PaaS) featuring software for generating, scanning, and recognizing matrix barcodes; providing non-downloadable software for use as an electronic wallet, digital wallet, and cryptocurrency wallet, and for facilitating top-up services and value storage for such wallets; Software as a Service (SaaS) and Platform as a Service (PaaS) featuring software for use as an electronic wallet, digital wallet, and cryptocurrency wallet, and for facilitating top-up services and value storage for such wallets; providing non-downloadable software for use in relation to blockchain technology, blockchain infrastructure, blockchain cybersecurity, tokenisation of real-world assets, digital assets, digital asset exchange transactions, decentralized finance (DeFi) and integrating traditional financial systems with blockchain technology; Software as a Service (SaaS), Platform as a Service (PaaS) and Infrastructure as a Service (IaaS) featuring software for use in relation to blockchain technology, blockchain cybersecurity, tokenisation of real-world assets, digital assets, digital asset exchange transactions, decentralized finance (DeFi) and integrating traditional financial systems with blockchain technology; providing non-downloadable software for electronically creating, accessing, exchanging, trading, transmitting, managing, storing, sending, receiving, and accepting digital assets, digital currencies, cryptocurrencies, stable coins, virtual currencies, digital securities, digital tokens, and digital collectibles, and for facilitating users' ability to view, analyse, record, store, monitor, manage, trade, and exchange these assets, as well as manage related payment and exchange transactions; Software as a Service (SaaS) and Platform as a Service (PaaS) featuring software for electronically creating, accessing, exchanging, trading, transmitting, managing, storing, sending, receiving, and accepting digital assets, digital currencies, cryptocurrencies, stable coins, virtual currencies, digital securities, digital tokens, and digital collectibles, and for facilitating users' ability to view, analyse, record, store, monitor, manage, trade, and exchange these assets, as well as manage related payment and exchange transactions; providing non-downloadable cryptography software for ensuring security and compliance in blockchain transactions; Software as a Service (SaaS) and Platform as a Service (PaaS) featuring cryptography software for ensuring security and compliance in blockchain transactions; providing non-downloadable software to enable the building of applications on the blockchain, interaction with blockchain smart contracts, and asset and information exchange; Software as a Service (SaaS), Platform as a Service (PaaS) and Infrastructure as a Service (IaaS) featuring software for the building of applications on the blockchain, interaction with blockchain smart contracts, and asset and information exchange; providing non-downloadable artificial intelligence software, artificial and virtual reality immersion software, and artificial intelligence software in the field of humanoid robots and robots working alongside humans; Software as a Service (SaaS) and Platform as a Service (PaaS) featuring artificial intelligence software, artificial and virtual reality immersion software and artificial intelligence software in the field of humanoid robots and robots working alongside humans; providing non-downloadable software for

facilitating interaction and communication between humans and artificial intelligence platforms, namely, bots, virtual agents and virtual assistants; Software as a Service (SaaS) and Platform as a Service (PaaS) featuring software for facilitating interaction and communication between humans and artificial intelligence platforms, namely, bots, virtual agents and virtual assistants; providing non-downloadable Robotic Process Automation [RPA] and Intelligent Process automation [IPA] software; Software as a Service (SaaS) and Platform as a Service (PaaS) featuring Robotic Process Automation [RPA] and Intelligent Process automation [IPA] software; providing non-downloadable software for controlling and managing embodied artificial intelligence systems, namely artificial intelligence apparatus, humanoid robots and autonomous machines; Software as a Service (SaaS) and Platform as a Service (PaaS) featuring software for controlling and managing embodied artificial intelligence systems, namely artificial intelligence apparatus, humanoid robots and autonomous machines; providing non-downloadable artificial intelligence software for use in relation to marketing, cloud computing, data analytics, predicting trends, customer support, cybersecurity and Information Technology (IT) infrastructure protection; Software as a Service (SaaS) and Platform as a Service (PaaS) featuring artificial intelligence software for use in relation to marketing, cloud computing, data analytics, predicting trends, customer support, cybersecurity and Information Technology (IT) infrastructure protection; providing non-downloadable software for use in relation to artificial intelligence, artificial intelligence driven humanoid robots and robots working alongside humans, machine learning, deep learning, natural language generation, statistical learning, supervised learning, un-supervised learning, predictive and prescriptive analytics, process and task automation, computer vision, internet of things (IoT) and smart data discovery; Software as a Service (SaaS) and Platform as a Service (PaaS) featuring software for use in relation to artificial intelligence, artificial intelligence driven humanoid robots and robots working alongside humans, machine learning, deep learning, natural language generation, statistical learning, supervised learning, un-supervised learning, predictive and prescriptive analytics, process and task automation, computer vision, internet of things (IoT) and smart data discovery; providing non-downloadable software for use in relation to process and task automation, business analytics, business intelligence, data integration, data warehousing, data mining, data processing, data sharing, data collection, data interpretation, data queries, data visualization and data analytics; Software as a Service (SaaS) and Platform as a Service (PaaS) featuring software for use in relation to process and task automation, business analytics, business intelligence, data integration, data warehousing, data mining, data processing, data sharing, data collection, data interpretation, data queries, data visualization and data analytics; providing non-downloadable software for the provision, communication and administration of loyalty, incentive, reward and redemption scheme, membership scheme, electronic vouchers, electronic wallets, electronic coupons, electronic direct marketing, customer relationship management, marketing campaign, customer database, transaction management, reminders or other messages; Software as a Service (SaaS) and Platform as a Service (PaaS) featuring software for the provision, communication and administration of loyalty, incentive, reward and redemption scheme, membership scheme, electronic vouchers, electronic wallets, electronic coupons, electronic direct marketing, customer relationship management, marketing

campaign, customer database, transaction management, reminders or other messages; providing non-downloadable software for the provision of omnichannel marketing solutions; Software as a Service (SaaS) and Platform as a Service (PaaS) featuring software for the provision of omnichannel marketing solutions; design and development of medical technology and related computer software; design and development of artificial intelligence apparatus and humanoid robots; technical development services in the field of artificial intelligence and software engineering; research in the field of artificial intelligence and humanoid robots and robots working with humans; advanced product research in the field of artificial intelligence; providing artificial intelligence computer programs on data networks; Infrastructure as a Service [IaaS] for the provision of artificial intelligence; hosting of websites for the provision of artificial intelligence; consultancy, information and advisory services relating to the aforesaid services; not including services relating to software or hardware enabling wireless communication between electronic devices.

UK00004304839 (2026/006, 06 February 2026)
Specifications have been restricted as follows:

Class 9:

Apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; Recorded and downloadable media, computer software, blank digital or analogue recording and storage media; Computers and computer peripheral devices; Software for smartphones; Downloadable application software for smartphones; Application software for smartphones; Programs for smartphones; Mobile apps; Mobile application software; Application development software; Betting software; Sports betting applications; Application software for mobile devices; Software applications for mobile devices; Computer application software for mobile phones; Computer application software featuring games and gambling; Software applications for use with mobile devices; Downloadable mobile applications for the transmission of data; Downloadable mobile applications for the transmission of information; Computer software platforms for social networking; Application software for social networking services via internet; Entertainment software; Interactive entertainment software; Computer software for entertainment; Downloadable information relating to games and gaming; Interactive computer software enabling exchange of information; Computer software for use in providing multiple user access to a global computer information network; Computer chatbot software for simulating conversations; Interactive entertainment software; Software for processing images, graphics and text; Software for processing digital images; Online payment software; Software for arranging online transactions; Payment software; E-payment software; Communication, networking and social networking software; Computer software platforms for social networking; Parts and fittings for all the aforesaid goods; none of the aforesaid related to or for the production, generation, calculation or dissemination of hydrological calculations.

Class 35:

Advertising; Business management, organization and administration; Office functions; Online advertising; Promotion of sports competitions and events; Advertising services; Provision of advertising information; Dissemination of advertising material; Distribution of advertising material; Advertising via the Internet; Development of advertising

concepts; Advertising and promotional services; Advertising, including on-line advertising on a computer network; Online advertising on computer networks; Dissemination of advertising for others; Advertising, marketing and promotional services; Dissemination of advertising material online; Advertising services relating to esports events; Publication of advertising material on-line; Arranging and conducting of advertising events; Advertising on the Internet for others; Publication of printed matter for advertising purposes; Production of sound recordings for advertising purposes; Production of video recordings for advertising purposes; Online advertising via a computer communications network; Updating of advertising information on a computer database; Advertising via electronic media and specifically the internet; Advertising and marketing services provided by means of social media; Organization of events, exhibitions, fairs and shows for commercial, promotional and advertising purposes; Advertising by transmission of on-line publicity for third parties through electronic communications networks; Dissemination of advertising for others via an on-line communications network on the internet; Arranging of competitions for advertising purposes; Administration of competitions for advertising purposes; Compilation and systemization of information, not including hydrological calculations, used in electronic transmissions; Business management of entertainment venues; Information, advisory and consultancy services relating to the aforesaid services.

Class 38:

Telecommunications services; Radio broadcasting; Television broadcasting; Audio broadcasting; Video broadcasting; Internet broadcasting services; Broadcasting of esports events; Internet radio broadcasting services; Cable and satellite broadcasting services; Data transmission and data broadcasting; Interactive broadcasting and communications services; Video broadcasting via the Internet; Broadcasting of programmes via the internet; Satellite broadcasting services relating to entertainment; Broadcasting programs via a global computer network; Broadcasting of audiovisual and multimedia content via the Internet; Satellite broadcasting services relating to sporting events; Providing access to gambling and gaming websites on the internet; Transmission of interactive entertainment software; Mobile media services in the nature of electronic transmission of entertainment media content; Providing on-line chat rooms for social networking; Chatroom services for social networking; Communications services; Information, advisory and consultancy services relating to the aforesaid services; none of the aforesaid related to hydrological calculations or for the production, generation, calculation or dissemination of hydrological calculations.

Class 41:

Education; Entertainment; Sporting and cultural activities; Online game services through mobile devices; Sports betting services; Online sports betting services; Providing information about sporting activities; Providing sports entertainment via a website; Educational and instruction services relating to sport; Provision of information relating to sporting events; Providing user rankings for entertainment or cultural purposes; Sporting results services; Education, entertainment and sports; Providing information about sporting activities; Provision of information relating to sports; Provision of information relating to sporting events; Provision of information relating to entertainment online from a computer database of the Internet; Organisation and conducting competitions; Gambling or gaming services,

betting, pool betting, tote betting, book-making services; Providing information in the field of betting via a website; Provision of betting and gambling; Betting exchange services; television entertainment and sports; Information, advisory and consultancy services relating to the aforesaid services; none of the aforesaid related to hydrological calculations or for the production, generation, calculation or dissemination of hydrological calculations.

Class 42:

Scientific and technological services and research and design relating thereto; Industrial analysis, industrial research and industrial design services; Design and development of computer hardware and software; Hosting of mobile applications; Development and design of mobile applications; Design and development of software in the field of mobile applications; Software as a service [SaaS] featuring software platforms for electronic gaming; Design and development of data display systems; Hosting multimedia entertainment content; Electronic storage of entertainment media content; Providing temporary use of non-downloadable interactive entertainment software; Providing temporary use of non-downloadable software for analyzing financial data and generating reports; Programming of software for Internet portals, chatrooms, chat lines and Internet forums; Computer system design; Programming of betting and gaming software; Computer services, namely programming of computer software relating to betting and gaming; Information, advisory and consultancy services relating to the aforesaid services; none of the aforesaid related to hydrological calculations or for the production, generation, calculation or dissemination of hydrological calculations.

UK00004294420 (2026/005, 30 January 2026)

Specifications have been restricted as follows:

Class 9:

Quantum-enhanced optimisation software; computer software applications for quantum enhanced optimisation; computer software platforms for programming and running software on quantum computers; quantum computing software; software in the field of quantum computing; software for constructing, analyzing and running quantum qubit-based programs and quantum qubit-based algorithms; application software; application software for use in quantum qubit-based programming, developing and testing; software for developing and testing quantum qubit-based algorithms; software for developing quantum algorithmic pipelines for materials simulation and optimisation; software for generating cryptographic keys; computer hardware and software systems for quantum qubit-based programming and quantum qubit-based computing; quantum computers; interfaces for quantum qubit-based computers; software for solving quantum qubit-based algorithms, simulation of quantum qubit-based processes, quantum qubit-based machine learning, quantum qubit-based analytics, quantum qubit-based search analysis and solving quantum qubit-based mathematical problems; software for sensing, acquiring, analyzing, processing, storing, or providing quantum qubit-level information; excluding software related to the fine arts sector.

Class 42:

Quantum computing services; consultancy in the field of quantum computing, quantum engineering and quantum algorithms; research and development in the field of quantum computing, quantum engineering and quantum algorithms;

development of quantum algorithmic pipelines for materials simulation and optimisation; platform-as-a-service (PaaS); platform-as-a-service (PaaS) featuring computer software platforms for programming and running software on quantum computers; cloud computing services; software as a service (SaaS); application service provider featuring application programming interface (API) software for use in quantum based programming and developing and in testing quantum qubit-based algorithms, API software for developing and testing quantum qubit-based algorithms and API software for generating cryptographic keys; excluding IT services related to the fine arts sector.

UK00004327779 (2026/006, 06 February 2026)

Specifications have been restricted as follows:

Class 44:

Medical, psychological and therapeutic services; diagnostic and assessment services; mental health services; neurodevelopmental assessment services; therapy and wellbeing services; healthcare services; None of the aforementioned relating to employee, personal, team, leadership, or organisational learning and development in the fields of communication skills, teamwork, team effectiveness, sales effectiveness, behavioural competencies, personality types, employee engagement and self-awareness.

UK00004327779 (2026/006, 06 February 2026)

Specifications have been restricted as follows:

Class 41:

Educational and training services; workshops, courses and professional training relating to health, psychology and neurodevelopment; None of the aforementioned relating to employee, personal, team, leadership, or organisational learning and development in the fields of communication skills, teamwork, team effectiveness, sales effectiveness, behavioural competencies, personality types, employee engagement and self-awareness.

Class 44:

Medical, psychological and therapeutic services; diagnostic and assessment services; mental health services; neurodevelopmental assessment services; therapy and wellbeing services; healthcare services; None of the aforementioned relating to employee, personal, team, leadership, or organisational learning and development in the fields of communication skills, teamwork, team effectiveness, sales effectiveness, behavioural competencies, personality types, employee engagement and self-awareness.

UK00004322644 (2026/005, 30 January 2026)

Specifications have been restricted as follows:

Class 9:

Software (Computer -), recorded; Software; Software for processing images, graphics and text; Software for tablet computers; Software development kit [SDK]; Software and applications for mobile devices; Software for mobile phones; Software for mobile device management; Software related to handheld digital electronic devices; Computer chatbot software for simulating conversations; Software for online messaging; Downloadable instant messaging software; Electronic mail and messaging software; artificial intelligence software; platform software; Collaboration management software platforms; property management software; all of the aforesaid goods

relating to a platform for enabling communication, payments and information sharing between property agents, tenants and landlord.

Class 42:

Software as a service [SaaS]; Software design; Software development; Software installation; Software design and development; Design and development of software for instant messaging; Programming of software for Internet portals, chatrooms, chat lines and Internet forums; Hosting the web sites of others on a computer server for a global computer network; Software as a service [SaaS] featuring software for machine learning; Platforms as a Services [PaaS]; Platforms for gaming as software as a service [SaaS]; Software as a service [SaaS] in relation to computer software platforms for artificial intelligence; Hosting online web facilities for others for conducting interactive discussions; Hosting of communication platforms on the internet; Artificial intelligence as a service (AIAAS); Electronic storage of files and documents; information, advisory and consultancy services relating to the aforesaid; all of the aforesaid services relating to a platform for enabling communication, payments and information sharing between property agents, tenants and landlord.

UK00004281424 (2026/004, 23 January 2026)

Specifications have been restricted as follows:

UK00004313281 (2026/002, 09 January 2026)

Specifications have been restricted as follows:

Class 36:

Financial, monetary and banking services; real estate services; distribution of financial information; electronic transfer of funds; financial advice; financial affairs; financial analyses; financial appraisal services; financial consultancy; financial exchange; financial forecasting; financial information, data, advice and consultancy services; financial information; banking information; financial management; financial planning; financial rating and credit reports; financial research; monetary affairs; provision of information (including the online provision of such information) relating to monetary affairs, financial services, and real estate affairs; research and analysis relating to monetary affairs, financial services and real estate affairs; financial market information services; financial economic advisory services; financial investment research services; advisory services relating to financial matters; consultation services relating to financial matters; provision of data, information, market insights and trends for the financial services, finance and banking industries; provision of data, information, market insights and trends to professionals in the financial services industry, finance and banking, investment banking, wealth management, fintech, risk management and digital banking industries; fundraising and sponsorship; financial sponsorship services; fund sponsorship; information, consultancy and advisory services relating to all the aforesaid services including such services provided on-line or via the Internet.

UK00004329058 (2026/006, 06 February 2026)

Specifications have been restricted as follows:

Class 35:

Presentation of goods on communication media, for retail purposes; Demonstration of goods; Distribution of samples; Import-export agencies; Retail and wholesale services via

electronic means in relation to connectors [electricity], Plugs, sockets and other contacts [electric connections]; Retail and wholesale services via electronic means in relation to electric sockets, electric Switches, Switchboards, Voltage regulators, Voltage regulators for vehicles, Terminals [electricity]; Retail and wholesale services via electronic means in relation to electric power supply units, Control boxes (Electric -), Battery chargers, Electric alarm bells, Branch boxes [electricity], electric cables, electric collectors; Retail and wholesale services via electronic means in relation to telegraph wires, Intercommunication apparatus, Wire connectors [electricity], Electric wire, Winding wires [electricity], Covers for electric outlets; Retail and wholesale services via electronic means in relation to optical fibres [fibres][Light conducting filaments], Electrical switch boxes, Coaxial cable connectors, Distribution boards [electricity], microphones, video mixers, sound mixers, headphones, stage lighting regulators.

UK00004329137 (2026/007, 13 February 2026)

Specifications have been restricted as follows:

Class 42:

Software as a service [SaaS] featuring software platforms for use in lotteries, betting and gaming; platform as a service [PaaS] featuring software platforms for use in lotteries, betting and gaming; the supply of cloud based solutions for use within gaming, betting and lottery operations ; design development of hardware and software for use in lotteries, betting and gaming; information, advice and consultancy relating to all these services.

UK00004330625 (2026/007, 13 February 2026)

Specifications have been restricted as follows:

Class 25:

Clothing; excluding the following, ski gloves, ski balaclavas, ski suits, ski boots, ski pants, ski trousers, ski jackets, ski wear, skiing shoes, ski and snowboard shoes and parts thereof, snowsuits, snow pants, snow boots, snowboard mittens, snowboard gloves, snowboard trousers, snowboard jackets, snowboard boots, snowboard shoes, snow boarding suits, footwear for snowboarding, swim wear, sports jerseys, long johns, sweat-absorbent underwear, stockings for skiing, caps with visors, ski hats, sports headgear, neckerchiefs, neck tube scarves.

UK00004313603 (2026/006, 06 February 2026)

Specifications have been restricted as follows:

Class 13:

Explosive substances and devices; detonating fuses for explosives; explosives to use as load for drones; self propelled weapons; Launchers for missiles [weapons]; catapults for firing missiles; Pneumatic catapults for firing missiles; Weapons for launching missiles and projectiles; Catapults; Missiles; Guided missiles; Cruise missiles; Pyrotechnic missiles; Ballistic missiles; Underwater guided missiles; Precision guided missiles; Multiple warhead missiles; Anti-ballistic missiles; Ship-to-air missiles; Projecting apparatus for missiles; Air-to-air missiles; Smoke missiles for tanks; Rocket-propelled ballistic missiles; Air-to-surface missiles; Smoke missiles for armored vehicles; Smoke missiles for armored vehicles and tanks.

UK00004339866 (2026/009, 27 February 2026)

Specifications have been restricted as follows:

Class 41:

Entertainment services in relation to contemporary art galleries, shows or events; cultural activities in relation to contemporary art galleries, shows or events; organisation of entertainment events in relation to contemporary art galleries, shows or events; organisation of ceremonial events in relation to contemporary art galleries, shows or events; organisation of cultural events in relation to contemporary art galleries, shows or events; arranging of award ceremonies in relation to contemporary art galleries, shows or events; the presentation of awards for achievement in relation to contemporary art galleries, shows or events; television and cinematographic entertainment services, all relating to the granting of achievement awards in relation to contemporary art galleries, shows or events; Organisation of exhibitions for cultural or educational purposes connected with works of art, paintings, sculptures and prints; television, radio and film production in the field of art, paintings, sculptures and prints; publication of texts and images in the field of art, paintings, sculptures and prints; electronic publishing in the field of art, paintings, sculptures and prints.

UK00004318435 (2026/006, 06 February 2026)

Specifications have been restricted as follows:

Class 36:

Financial services; investment services; valuation services; financial services in relation to protection against financial risk; financial risk assessment; financial development and management services; financial research; development of financial security strategies and policies; asset acquisition and management; fund investment; investment analysis; financial risk management; automated financial trading; payment services; credit services; credit brokerage; financial inventory management; regulatory and economic capital modelling and management; financial regulatory services; financial support for corporate and regulatory compliance requirements; providing compliance and regulatory financial reviews; consultancy, advisory and information services relating to the aforesaid services; none of the aforesaid relating to insurance and insurance services.

UK00004345686 (2026/011, 13 March 2026)

Specifications have been restricted as follows:

Class 16:

Cardboard packaging; Packaging materials; Cartons of cardboard for packaging; Packaging cartons of cardboard; Paper pouches for packaging; Plastic bags for packaging; Envelopes; Envelopes [stationery]; Envelopes for stationery use.

Class 30:

Food flavourings; Vanilla flavourings for food or beverages; Flavourings of tea for food or beverages; Flavourings of lemons for food or beverages; Fruit flavourings for food or beverages, except essences; Food seasonings; Flavourings for foods; Food flavoring, being essential oils; Flavourings of lemons, other than essential oils, for food or beverages; Syrup for food; Flavourings for beverages; Cake flavourings; Flavourings for cakes; Flavorings for cakes; Vanilla [flavoring] [flavouring]; Vanilla [flavoring] flavouring; Chocolate flavourings; Cocoa products; Chocolate confectionery products.

Class 31:

Pet food; Pet food for dogs; Pet food for birds; Pet foods.

Class 34:

Liquid for electronic cigarettes; Electronic cigarette liquid [e-liquid] comprised of vegetable glycerin; Electronic cigarette liquid [e-liquid] comprised of flavourings in liquid form used to refill electronic cigarette cartridges; Electronic cigarette liquid [e-liquid] comprised of flavorings in liquid form used to refill electronic cigarette cartridges; Electronic cigarette liquid [e-liquid] comprised of propylene glycol.

UK00004313664 (2026/003, 16 January 2026)

Specifications have been restricted as follows:

Class 41:
