of earth by cement injection (Services for the -); underwater dredging; soil dredging; excavation services; marine lifting services; hire of lifting apparatus; construction of dams and cofferdams; installation, maintenance, repair, decommissioning and servicing of metal structures, metal structures (onshore and offshore) for use in the oil industry, metal structures (onshore and offshore) for use in the gas industry, metal structures (onshore and offshore) for use in the renewable energy industry, transportable buildings, mooring systems, cables, wires, chains, metal containers for storage or transport, access chamber covers, access platforms, air hose reels, airlock chambers, anchors and marine anchors, anchor plates and chains, mooring lines and tethers and associated release mechanisms, bridges, buoys, cable couplings, diving platforms, floating metal docks, high-pressure pipelines, inspection chambers, joints for pipes and tubes, lifting and hoisting apparatus, pilings, pipework, valves, valve assemblies, drilling platforms, articles of metal for the use in drilling of oil and gas wells, subsea metal structures, metal conductor guides, subsea riser connectors of metal, seals of metal, wellheads, regulators, metal hubs for wellheads, flanges, christmas trees, rigless recovery towers, junctions of metal, supporting structures for wind turbines, offshore wind turbine platforms and subsea metallic anchoring hardware; installation, maintenance, repair, decommissioning and servicing of machine tools, power operated tools, motors and engines, machine coupling and transmission components, compressors, abrading tools, access platforms, actuators, bearings and bushings [machine parts], cranes, attachments for cranes, boring machines and equipment, drilling machines and equipment, ramming equipment, mining machines and equipment, clamping tools, cutters, cutting machines and apparatus, drilling machines and apparatus, sharpening machines and apparatus, surface treatment machines and apparatus, pumps, dredging machines, drilling rigs, work platforms, crushing machines, generators, earth moving and earth preparation machines and equipment, mechanical rock breaking devices, rock crushers, excavators, scrapers, hammering equipment and hammering machines, guide rings, industrial cleaning machines, welding and laser welding machines and apparatus, marine propulsion units, oil drilling tools, gas drilling tools, piledrivers and piledriving equipment, water-jet cutting equipment, tensioners, recovery towers, grippers of metal, wind turbines, onshore and offshore structures for use in the generation of renewable energy, piledriving rigs, winches, power packs, noise reduction apparatus, noise reduction mufflers and noise reduction skirts for use with hammers and piledrivers; installation, maintenance, repair, decommissioning and servicing of scientific apparatus and instruments, research apparatus and instruments, navigation apparatus and instruments, surveying apparatus and instruments, photographic apparatus and instruments, optical apparatus and instruments, weighing apparatus and instruments, measuring apparatus and instruments, signalling apparatus and instruments, detecting apparatus and instruments, testing apparatus and instruments, inspecting apparatus and instruments, computers and computer peripheral devices, controllers, regulators, data capture apparatus, valve amplifiers, alarm signalling transmitters, noise cancelling and noise suppression apparatus, endoscopic equipment, borescopes, lasers, geophysical research apparatus, geoseismic apparatus, remote control apparatus, underwater lights, sensors for oil pressure, temperature sensors, proximity sensors and apparatus for monitoring structures (onshore, offshore and subsea); installation, maintenance, repair, decommissioning and servicing of flexible pipes, flexible tubes, flexible hoses, acoustic insulation articles and materials, barriers for protection against

heat and sound, casings for pipes and tubes, inflatable articles for sealing enclosed chambers to allow cutting and welding, pipe jackets and pipe insulation, vibration dampers, structures for noise abatement, inflatable articles for sealing pipes and wellbores, inflatable articles for sealing chambers, sealing and insulating materials for pipework; installation, maintenance, repair, decommissioning and servicing of rigid pipes, concrete piles, expansion joints, civil-engineering structures, barricades and scaffolding; rental of metal structures, metal structures (onshore and offshore) for use in the oil industry, metal structures (onshore and offshore) for use in the gas industry, metal structures (onshore and offshore) for use in the renewable energy industry, transportable buildings, cables, wires, chains, metal containers for storage or transport, access chamber covers, access platforms, air hose reels, airlock chambers, anchors, anchor plates and chains, mooring lines and tethers and associated release mechanisms, bridges, buoys, cable couplings, diving platforms, floating metal docks, high-pressure pipelines, inspection chambers, joints for pipes and tubes, lifting and hoisting apparatus, pilings, pipework, valves, valve assemblies, drilling platforms, articles of metal for the use in drilling of oil and gas wells, subsea metal structures, metal conductor guides, subsea riser connectors of metal, seals of metal, wellheads, regulators, metal hubs for wellheads, flanges, christmas trees, rigless recovery towers, junctions of metal, supporting structures for wind turbines and subsea metallic anchoring hardware; rental of machine tools, power operated tools, motors and engines, machine coupling and transmission components, compressors, abrading tools, access platforms, actuators, bearings and bushings [machine parts], cranes, attachments for cranes, boring machines and equipment, drilling machines and equipment, ramming equipment, mining machines and equipment, clamping tools, cutters, cutting machines and apparatus, drilling machines and apparatus, sharpening machines and apparatus, surface treatment machines and apparatus, pumps, dredging machines, drilling rigs, work platforms, crushing machines, generators, earth moving and earth preparation machines and equipment, mechanical rock breaking devices, rock crushers, excavators, scrapers, hammering equipment and hammering machines, guide rings, industrial cleaning machines, welding and laser welding machines and apparatus, marine propulsion units, oil drilling tools, gas drilling tools, piledrivers and piledriving equipment, water-jet cutting equipment, tensioners, recovery towers, grippers of metal, wind turbines, onshore and offshore structures for use in the generation of renewable energy, piledriving rigs, winches, power packs, noise reduction apparatus, noise reduction mufflers and noise reduction skirts for use with hammers and piledrivers; rental of apparatus and instruments for recording sound, apparatus and instruments for transmitting sound, apparatus and instruments for reproducing or processing sound, apparatus and instruments for recording images, apparatus and instruments for transmitting images, apparatus and instruments for reproducing or processing images, apparatus and instruments for recording data, apparatus and instruments for transmitting data, apparatus and instruments for reproducing or processing data, underwater cameras, underwater lights, power supply units for hydraulic or pneumatic machines, cathodic anti-corrosion apparatus and radar apparatus, rental of flexible pipes, flexible tubes, flexible hoses, acoustic insulation articles and materials, barriers for protection against heat and sound, casings for pipes and tubes, inflatable articles for sealing enclosed chambers to allow cutting and welding, pipe jackets and pipe insulation, vibration dampers, structures for noise abatement, inflatable articles for sealing pipes and wellbores, inflatable articles for

sealing chambers, sealing and insulating materials for pipework; rental of rigid pipes, concrete piles, expansion joints, civil-engineering structures, fire resistant collars, ramps, foundry moulds, barricades and scaffolding; information, advisory and consultancy services relating to all the aforesaid.

Class 39:

Transport; Packaging and storage of goods; Travel arrangement; Power supply and distribution; Transport by pipeline; Marine transport; Navigation (positioning, and route and course plotting); Transport and delivery of goods; Provision of shipborne storage services; Storage of energy and fuels; Storage of ships; Provision of moorings; distribution of renewable energy; removal services for onshore and offshore energy generation equipment and apparatus; commercial removal services for onshore and offshore energy generation equipment and apparatus; overseas removal services for onshore and offshore energy generation equipment and apparatus; industrial removal services [transportation] for onshore and offshore energy generation equipment and apparatus; storage services onshore and offshore energy generation equipment and apparatus; underwater recovery services; charter of sea vessels; chartering of marine vessels; storage of spooling; transmission of oil or gas through pipelines; transportation of metal structures used for the installation and removal of oil wells and gas wells; transportation of subsea metal structures; transportation of metal structures used offshore for energy generation; rental of surveillance drones; rental of self-propelled lifting platforms for lifting purposes; storage information, transportation information and packaging; rental of satellite navigational systems, navigation apparatus and instruments, nautical apparatus and instruments; information, advisory and consultancy services relating to all the aforesaid.

Class 40:

Heat treatment of metals; heat treatment of polymers; heat treatment of composite materials; surface treatment of metals to prevent corrosion; anodic surface treatment of metals; Energy production; Cutting services for onshore and offshore oil wells or gas wells or oil fields or gas fields; Cutting services for onshore or offshore renewable energy infrastructures; laser cutting services; rental of cutting equipment; rental of laser cutting machines, subsea laser cutting machines, laser welding machines and laser ablation apparatus; rental of cutting equipment for oil wells or gas wells or oil fields or gas fields, including onshore, marine or offshore oil wells or gas wells; rental of subsea cutting equipment; rental of subsea jetting equipment; custom manufacture and construction of equipment and metal structures for onshore and offshore energy infrastructures; metal cutting; subsea metal cutting; steel cutting; grit blasting services; cutting of metal; cutting of cemented casings for oil wells or gas wells or oil fields or gas fields, including onshore, marine or offshore oil wells or gas wells; welding services; friction welding services; remotely controlled hydraulic powered friction welding services; rental of welding apparatus; rental of hydraulic welding apparatus; rental of remotely controlled hydraulic powered friction welding apparatus; subsea jetting services; high pressure jetting services; rental of high pressure jetting equipment; cleaning treatment and transformation of materials for energy production; rental of equipment for the treatment and transformation of materials for energy production and for custom manufacturing; gas production services; metal treatment services; metal plating and laminating; treatment of metal parts to prevent corrosion; rental of equipment for the treatment of metal, including plating and laminating; rental of generators; assembly for others of mechanical pile-

driving equipment, impact transfer devices for mechanical pile-driving equipment, cranes, mechanical rock-breaking devices, excavators, machinery for soil and hydraulic engineering, steam engines, pumps, compressors, valves as mechanical, electrical, hydraulic or pneumatic control apparatus, and electrotechnical apparatus; custom manufacture and construction of equipment and metal structures for subsea or offshore use in the installation of piles and monopiles; pneumatic abrasion of services; rental of power supply units for hydraulic or pneumatic machines, cathodic anticorrosion apparatus; information, advisory and consultancy services relating to all the aforesaid.

Class 41:

Rental of podcasts, audio and audiovisual recordings, educational media, electronic publications, videocasts, multimedia recordings, photographic apparatus and instruments, audiovisual apparatus and instruments, apparatus and instruments for recording sound, apparatus and instruments for reproducing or processing sound, apparatus and instruments for recording images, apparatus and instruments for reproducing or processing images, apparatus and instruments for recording data, apparatus and instruments for reproducing or processing data and underwater cameras; information, advisory and consultancy services relating to the aforesaid.

Class 42:

Technological services and research and design relating thereto; Industrial analysis, industrial research and industrial design services; Quality control and authentication services; Design and development of computer hardware and software; Technical data analysis; design services; engineering design services; structural engineering design services; industrial engineering design services; civil engineering design services; civil infrastructure design services; engineering project management services; engineering services for the design of machinery; engineering services for the design of structures; custom design services; services for monitoring industrial processes; design and development of industrial products; design and development of engineering products; design and development of computer software for logistics, supply chain management and e-business portals; project engineering services; technical project planning; technical project planning in the field of engineering; civil engineering planning services; assessment of structures in the field of engineering; assessment and planning [in the field of engineering] of building, constructing, and decommissioning instruments and apparatus for oil wells and gas wells; assessment and planning [in the field of engineering] of building, constructing, and decommissioning instruments and apparatus for offshore and onshore renewable energy structures; engineering services for the analysis of structures; engineering services for the analysis of machinery; technological engineering analysis; technical testing; testing of apparatus; safety testing of pressure equipment and installations; pressure testing of apparatus; analysis and testing services relating to engineering apparatus; engineering consultancy relating to design; analysis and testing services for the oil, gas and renewable energy industry; certification [quality control]; quality testing of products for certification purposes; testing of apparatus in the field of engineering for certification purposes; technical services for oil wells or gas wells or oil fields or gas fields, including on-shore, marine or off shore oil wells or gas wells; design of tools for use with oil wells or gas wells; technical services relating to severance activities and cutting services for on-shore, marine and off-shore oil wells or gas wells or oil fields or gas fields or renewable energy structures; technical supervision
