Mark 1

SEALGENIUS

Mark 2

Application for a series of 2 marks.

Class 1:

Chemical products for use in industry and construction; concrete repair admixtures; bonding agents for construction materials; chemical waterproofing additives; water repellent chemical compositions; resin injection chemicals; polymer dispersions; liquid chemical sealants; hydrophobic treatments; crack sealing chemicals; chemical preparations for preventing moisture penetration; chemical consolidants for masonry and concrete; chemical agents for improving adhesion, flexibility, and durability of building materials; chemical grouts; epoxy and polyurethane chemical systems for structural repair; chemical additives for enhancing resistance to structural stress, cracking, and deformation.

Class 17:

Insulating, sealing, and waterproofing materials; bituminous membranes; modified bitumen membranes; vapour barriers; moisture proof barriers; sealants and joint fillers; insulating waterproofing membranes; liquid applied waterproof

List of cases accepted for opposition purposes as shown in Journal 2026/029 published on 17 July 2026.

membranes; elastomeric polymer coatings; flexible sealing compounds; polymer modified cementitious coatings; waterproofing sheets and films; elastomeric membranes; synthetic resin based sealing materials; rubber based sealing and insulating materials; crack bridging membranes; expansion joint sealing materials; protective coatings for preventing moisture ingress; flexible waterproofing tapes and bands; insulating materials for preventing structural movement damage.

Class 19:

Non metallic building materials; concrete repair mortars; pre formed concrete repair products; cementitious coatings; non metallic waterproofing materials; non metallic drainage and draining boards; non metallic water proofing sheets, panels, and membranes; non metallic protective coatings for buildings; non metallic repair compounds for masonry and concrete; non metallic crack bridging materials; fibre reinforced cementitious repair products; non metallic structural reinforcement materials; non metallic moisture control boards; non metallic protective layers for preventing water ingress; non metallic coatings for protecting surfaces against structural movement and cracking.

Class 37:

Building construction services; building repair services; building refurbishment services; building maintenance services; installation, maintenance and repair of buildings; concrete repair services; building structural repair services; repair of building structures; maintenance of building structures; waterproofing installation and repair; installation of insulation materials; building refurbishment; application of protective surface coatings; installation of membranes, sealants, drainage systems, and moisture control systems; crack injection repair services; application of liquid applied waterproofing systems; concrete leak sealing services; structural waterproofing services; damp proofing services; remedial building services; installation of protective barriers and moisture resistant systems; restoration of water damaged structures; installation and maintenance of building envelope protection systems.

Class 40:

Application of protective polymer coatings; application of protective surface coatings for buildings and structures; industrial waterproofing treatments; installation and application of liquid applied and spray applied waterproofing systems; application of corrosion resistant and chemical resistant coatings; surface preparation and coating application services; industrial protective treatment services; remedial waterproofing works; application of elastomeric, epoxy, polyurethane, and polymer modified coatings; protective treatment of concrete, masonry, and steel structures; installation of industrial protective barrier systems.
