Class 6:
Building materials, namely, metal suspended ceiling systems comprising metal panels with metal airflow diffuser panels; metal suspended ceiling system containing air filter panels; metal ceiling grids in the nature of metal suspended ceiling supports; ceiling supports of metal.

Class 9:
Microprocessors, electronic computer hardware and downloadable and recorded software for the remote monitoring and data-logging of critical system values for HVAC, direct outdoor air, dehumidification, heat recovery, energy recovery,

air purification, dehydration and desalinization systems used in swimming pool applications and non-pool, critical environment applications; pneumatic controllers in the nature of automatic valves for atmospheric conditioning units; zone control systems for home heating and atmospheric conditioning comprising of a series of thermostats and an electronic control panel for opening and closing a series of connected dampers being control devices used in air ducts to regulate the flow of air; electrical controls to monitor and control the water in the atmospheric environment, namely, electrical controllers for humidifiers and dehumidifiers; thermostats; electrical controllers for atmospheric conditioning units, namely, for air conditioners, heaters, direct outdoor systems and air purifiers; microphones for fan and blower assemblies for heating, ventilating and air conditioning products, audio speakers for fan and blower assemblies for heating, ventilating and air conditioning products; component parts for heating, ventilating, and air conditioning products, namely, control systems consisting primarily of electric control devices for fan and air blower assemblies.

Class 11:
Dehumidifiers; fixed dehumidifiers; portable dehumidifiers; portable refrigerant dehumidifiers; overhead dehumidifiers; dehumidifiers for indoor growing environments; air movers, namely, ventilating fans for commercial and industrial use; axial air movers, namely, electric fans for moving air and promoting evaporative drying and positive or negative pressurization of spaces; component parts specially adapted for use with dehumidifiers, namely, metal and non-mental casters, air filter units, metal brackets, pumps, electric control panels, metal and non-metal ventilating ducts kits, humidistats; air cleaning units; portable air cleaning units that remove hazardous particles from the air; air purifying supply ventilators that provide fresh air ventilation, high efficiency air filtration, and indoor air circulation; drying chambers for moisture damage restoration and mold remediation, namely, drying apparatus for use in HVAC, direct outdoor air, dehumidification, heat recovery, energy recovery, air purification, dehydration and desalinization systems; portable and stationary hot air drying electric space heaters for use in structural drying and restoration from weather and water damage; HVAC units for air cooling, namely, air conditioners, split system HVAC units, condensing units being HVAC units, dedicated outdoor air units, dedicated outdoor air systems, dedicated outdoor atmospheric environment units, and dedicated outdoor atmospheric environment systems; heat pumps, packaged rooftop units, namely, HVAC units, rooftop air handlers; HVAC units; infrared heaters for non-medical use, namely, tube heaters, unitary tube heaters, radiant heaters and stick heaters; unit heaters, namely, electrical heaters for commercial use, electric space heaters; cabinet heaters, namely, electric heaters for commercial use, electric space heaters; air turnover units, namely, air handlers; air handling units; hygienic air handling units; split air systems comprising condensing units being HVAC units; energy recovery units and modules, namely, energy recovery ventilators; air finishing systems and equipment, namely, industrial process and finishing equipment being batch curing ovens, pre-treatment air washers, dry off ovens for use in HVAC, direct outdoor air, dehumidification, heat recovery, energy recovery, air purification, dehydration and desalinization systems, cure ovens; finishing systems comprising direct-fired air handlers, direct-fired make-up air handlers, make up air heaters, air handling units, heater being electric commercial heater, air conditioners, ventilators for heat and energy recovery, humidifier and combinations thereof to create, when desired, at least two interior environments in a defined space; packaged heat recovery and dehumidification systems for swimming pools, namely, dehumidifying apparatus that controls humidity and temperature in commercial, institutional and recreational swimming pool applications; device that removes water from an atmospheric environment in a natatorium, namely, dehumidifiers, natatorium ventilation units; indoor split outdoor air unit that removes water from the atmospheric environment in a room, namely, dehumidifiers, fluid coolers in the nature of water coolers, electric coolers and evaporators in the nature of cooling evaporators, evaporators for air conditioners; fans, namely, electric fans, fans for HVAC units; atmospheric heaters, namely, solar water heaters, electric heaters for commercial use; atmospheric conditioners, namely, air conditioners, radiators; purgers, namely, valves for air conditioners; refrigerant pressure transducers sold as an integral component of dehumidifiers and HVAC units and as replacement parts therefor; gas fired infrared heaters for commercial use and replacement parts therefor; heating equipment in the nature of hot air blowers for use inside paint booths for drying vehicular paint; air conditioners; air conditioning apparatus and installations; air cooling apparatus; air purifying units for commercial and domestic use; self-contained indoor heating, ventilating, and air conditioning units for commercial, institutional, and industrial buildings; industrial and commercial heaters and heating coils; ventilation fans for industrial and commercial use; filters for ceiling air ventilation systems comprising metal panels; heating, cooling, refrigerating, ventilation and energy recovery equipment, namely, air handlers and packages and custom-engineered air conditioners, chillers, namely, process chillers that provide temperature-controlled fluid to heating and cooling devices, gas, electric, hydronic and solar heating installations; ventilation fans for residential, commercial and industrial use; humidifiers and dehumidifiers for commercial and industrial use, and steam generators; heating, ventilating and air conditioning products, namely, ventilating louvers; sound silencers sold as an integral component of fan and air blower assemblies and heating, cooling, refrigerating, ventilating, air quality and energy recovery equipment; inlet cones for the flow of air for use in fan and air blower assemblies; dampers, namely, control devices used in air ducts to regulate the flow of air; fume hoods; laboratory exhaust systems, namely, ventilation exhaust fans, and air blowers; smoke and gas evacuation systems consisting primarily of venting, ventilation exhaust fans, and air blowers; roof-mounted custom heating, ventilating, and air conditioning equipment for use in commercial, institutional, and industrial buildings.

Class 37:
Repair of microprocessors, electronic hardware, pneumatic controllers for atmospheric environment conditioning units, zone control systems for home heating and atmospheric environment conditioning comprising of a series of thermostats connected to a control panel which opens and closes a series of dampers, electrical humidifier controls, thermostats, electrical controllers for air conditioning units, natatorium device that removes water from an atmospheric environment, natatorium ventilation units, indoor split outdoor device that removes water from an atmospheric environment, fluid coolers, evaporators, fans, compressors, atmospheric environment heaters, atmospheric environment conditioners, purgers in the nature of water and air pumps, thermal breaks, outdoor

ventilation units, pool water heaters, remote operator panels, controllers for electronic hardware, refrigerant pressure transducers, control sensors, pipes, electronic display screens, and cambered roofs and packaged heat recover device that removes water from an atmospheric environment systems for swimming pools, namely, devices that remove water from an atmospheric environment that control humidity and temperature in commercial, institutional and recreational medium to large swimming pool applications.

Class 42:
Engineering and industrial design services in the field of industrial process finishing systems comprised of ovens, washers, dryers, conveyors, incinerators, tanks, spray nozzles, pumps, valves, gauges, doors, and catwalks.

apparatus and instruments for controlling and monitoring unmanned vehicles, namely, electronic controllers for controlling vehicle dynamics, electronic controllers for controlling torque vectoring, GPS vehicle tracking apparatus, sensors for determining velocity and acceleration, proximity sensors and switches, electronic vibration, shock, motion, angle, temperature and voltage monitors, electronic control devices for the remote starting and shutoff of motors and engines, wireless transmitters and receivers for installation in vehicles, vehicle tracking devices, and electronic tire pressure monitors; electrical apparatus for the automated control of vehicles and machines, namely, industrial automation controls; computer apparatus for use in the automation of machines, namely computer hardware and recorded computer software for monitoring and controlling communication between computers and automated machine systems; downloadable and recorded application software that applies artificial intelligence programming for use in automation of machines for mining; downloadable and recorded application software that applies artificial intelligence programming for use in automation of industrial machines; downloadable and recorded application software that applies artificial intelligence programming for use in automation of industrial machinery; computer operating programs, recorded; computer programs for connecting to remote computers and computer networks; software technologies, in the nature of downloadable software featuring algorithms and artificial intelligence for the automation of mining machinery, industrial machinery and mining vehicles; downloadable and recorded computer software, computer hardware and downloadable and recorded computer firmware for the autonomous operation of vehicles and equipment, including mining haul trucks, road trains, trains, water carts, mining trucks and carts, excavators, bulldozers, diggers, machine loaders, drones and drilling rigs; downloadable and recorded computer software for the remote control of automatically guided vehicles, unmanned aircraft, drones, unmanned locomotives, and unmanned ships and barges; downloadable and recorded computer software for the remote management, maintenance, fault diagnosis, control and tracking of autonomous or semi-autonomous vehicles, including mining haul vehicles, trucks and carts, road trains, trains and drones; downloadable and recorded computer software for the remote management, maintenance, fault diagnosis, control and tracking of autonomous or semi-autonomous machines, including bulldozers, excavators, diggers, machine loaders and drilling rigs; computers for autonomous operation of vehicles and equipment; autonomous navigation systems for vehicles and machines; automatic and autonomous driving electronic control systems for vehicles; pre-collision detection and collision avoidance systems comprised of electronic proximity sensors and switches, high resolution cameras, integrated circuits for the purpose of image processing, and display monitors; pre-collision detection and collision avoidance systems for automated vehicles and machines comprised of electronic proximity sensors and switches, high resolution cameras and recorded artificial intelligence software for analysing and automatically responding to sensor readings and images; anti-collision and shockproof electric sensors for vehicles and automated machinery; anti-collision and shockproof radars for vehicles and automated machinery; computer hardware, downloadable and recorded software and downloadable and recorded firmware for high precision machine guidance of vehicles and machinery on mining sites; downloadable and recorded computer software for the management and operation of mining sites; downloadable and recorded computer software for the efficient assignment of manned and autonomous assets and resources on a mining site; downloadable and recorded computer software featuring algorithms for the efficient assignment of manned and autonomous assets and resources on a mining site; downloadable and recorded computer software for vehicle fleet management, including for the management of fleets of autonomous or semi-autonomous vehicles; GPS vehicle tracking apparatus, including in relation to fleets of autonomous or semi-autonomous vehicles; computers and computer peripheral devices; computer hardware; electronic control devices for motors, engines, machines; remote apparatus and instruments for drones and driverless vehicles; sensors, namely, sensors for determining position, sensors for determining velocity, sensors for determining acceleration, parking sensors for vehicles, ultrasonic sensors, electronic proximity sensors, optical sensors, and vibration sensors; cameras; global positioning system (GPS) devices, namely, GPS vehicle tracking devices; vehicle fleet management software; parts, fittings and accessories for the aforementioned goods.

Class 39:
Fleet management services in the nature of tracking and monitoring of vehicle fleets; tracking of vehicle fleets in the field of vehicle fleet management; tracking of vehicles by computer or via GPS; tracking of vehicle fleets using electronic navigation and locating devices [transport information]; locating and monitoring of vehicles; transportation services; transportation logistics services in the nature of supply chain logistics and reverse logistics services, namely, storage, transportation and delivery of goods for others by air, rail, ship or truck; transport of materials by land vehicles controlled remotely; logistics services consisting of the storage and transport of goods; tracking of assets being cargo by computer for transportation purposes; vehicle fleet management services in the field of tracking and monitoring of vehicle fleets, including in relation to fleets of autonomous or semi-autonomous vehicles, namely, locating and tracking of vehicle fleets for transportation purposes; consultancy, advisory, and information services provided in relation to the aforesaid.

Class 7:
Parts, fittings, attachments and accessories for machines, construction machines and equipment, earth moving machines and equipment, industrial machines and equipment, agricultural machines and equipment, loaders, hoists and hoisting equipment, lifting equipment, aerial lift platforms, personnel lifts, vertical lifts, boom lifts, scissor lifts, trailer lifts, stock pickers, cranes and telehandlers, namely, axles, bearings, brakes and brake parts, cables and cable parts, couplings for machines, vehicle engine valve covers, machine and machine part covers, engine parts for machines, filters for motors and engines, tractor-towed forks, electricity generators, speed governors, hoses for machines, telehandler cab enclosures, motors not for land vehicles and parts and accessories therefor; elevating work platforms, elevating or lift platforms and parts therefor, vacuum pumps, mechanical seals, seal kits for machines comprised primarily of mechanical seals and O-rings; electric switches, pressure switches as parts of machines, metalworking machine tools and power-operated drilling tools, valves, anti-friction wear pads for sawing machines, cutting machines and welding machines, electrodes for welding machines and electric welding machines, engines for machines, engine parts for machines in the nature of piston rings, air filters for motors and engines, tractor-towed agricultural forks, electricity generators, speed governors for machines, engines and motors, hoses for machines, mechanical wheel hubs being parts of machines.

Class 9:
Parts, fittings, attachments and accessories for machines, construction machines and equipment, earth moving machines and equipment, industrial machines and equipment, agricultural machines and equipment, loaders, hoists and hoisting equipment, lifting equipment, aerial lift platforms, personnel lifts, vertical lifts, boom lifts, scissor lifts, trailer lifts, stock pickers, cranes and telehandlers, trailers, utility trailers, drop deck trailers, enclosed trailers and cargo trailers, vehicles, trucks, forklifts, lift trucks and fork lift trucks, namely, battery chargers, circuit breakers, electric connectors, electric contactors, electric control boxes, electrical

components such as electric contactors, fuses, computer hardware, electric sensors, electric switches, electric toggle switches; parts, fittings, attachments and accessories for machines construction machines and equipment, earth moving machines and equipment, industrial machines and equipment, agricultural machines and equipment, loaders, hoists and hoisting equipment, lifting equipment, aerial lift platforms, personnel lifts, vertical lifts, boom lifts, scissor lifts, trailer lifts, stock pickers, cranes and telehandlers, trailers, utility trailers, drop deck trailers, enclosed trailers and cargo trailers, vehicles, trucks, forklifts, lift trucks and fork lift trucks, namely, burglar alarms, security and antitheft alarms, electronic warning horns, battery chargers, circuit breakers, electrical connectors, electrical contactor, electrical control boxes, components for electrical controllers, electrical controller, electrical components in the nature of protection relays, electrical fuses, computer hardware, printed circuit boards (pcbs), voltage regulators, electric relays, electric sensors, electric switches, fuel gauges, vacuum gauges, pressure gauges; electric warning lights for machines, flashing safety lights for machines.

Class 11:
Parts, fittings, attachments and accessories for machines, construction machines and equipment, earth moving machines and equipment, industrial machines and equipment, agricultural machines and equipment, loaders, hoists and hoisting equipment, lifting equipment, aerial lift platforms, personnel lifts, vertical lifts, boom lifts, scissor lifts, trailer lifts, stock pickers, cranes and telehandlers, trailers, utility trailers, drop deck trailers, enclosed trailers and cargo trailers, vehicles, trucks, forklifts, lift trucks and fork lift trucks, namely, utility lights, machine utility lights, vehicle lights and accessories therefor.

Class 12:
Parts, fittings, attachments and accessories for trailers, utility trailers, drop deck trailers, enclosed trailers and cargo trailers, namely, vehicle alarms, vehicle security and antitheft alarms, vehicle backup alarms, vehicle horns, axles, bearings, brakes and brake parts, brake cables and cable parts, engines for land vehicles, engine parts for land vehicles, forks for fork lift trucks, telehandlers and industrial lift trucks, connecting rods for land vehicles other than parts of motors and engines, power steering hoses, hubs and hub assemblies for vehicle and trailer wheels, vehicle cab enclosures, motors for land vehicles and parts and accessories therefor, power steering hoses and air brake hoses, vehicle wheel hub assemblies and tires, vehicle wheel hubs.

Class 4:
Industrial oils and greases; lubricants; dust absorbing, wetting and binding compositions; fuels (including motor spirit) and illuminants; fossil fuels; biomass fuels; fuel oils; waste-derived fuels; wood-based fuels; recycled derived fuels; solid recovered

fuel fluids; candles and wicks for lighting; fuel briquettes made from waste; additives, non-chemical, to motor-fuel; industrial wax; naphtha; wax [raw material]; wood spills for lighting fires; wood chip for use as fuel; energy (electrical); electrical energy; thermally generated electrical energy; natural gas.

Class 6:
Common metals and their alloys; metal building materials; transportable buildings of metal; materials of metal for railway tracks; non-electric cables and wires of common metal; ironmongery, small items of metal hardware; metal containers for storage or transport; safes; ores.

Class 7:
Machine tools; motors and engines (except for land vehicles); machine coupling and transmission components (except for land vehicles); agricultural implements other than hand-operated; incubators for eggs; blades [parts of machines]; carbon brushes [electricity]; cartridges for filtering machines; catalytic converters; filters [parts of machines or engines]; hammers [parts of machines]; sieves [machines or parts of machines]; turbocompressors; sludge treatment machines.

Class 9:
Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment and computers; computer software for data acquisition and control, for calculation of process parameters relating to energy production or industrial processes as well as for planning and optimization of energy production; electronic alarm systems and equipment; fire-extinguishing apparatus; apparatus for air analysis, apparatus for controlling heat, instruments for controlling hot-water apparatus and canteens, water level gauges, instruments for gas testing, temperature gauges, logs, electric loss gauges, pressure gauges for valves, flow meters, gauges; computer software and recorded computer programs; downloadable computer software for use in the design, modelling and optimization of power plant processes or industrial processes; downloadable computer software for simulating operational scenarios in power plants or industrial processes; downloadable computer software for modelling and analyzing thermal output and operational parameters in power plants; downloadable computer software for condition monitoring; downloadable computer software for use in asset and maintenance management.

Class 11:
Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes; incineration plants, incinerators; electric heaters, heaters for solid, liquid or gaseous fuel; air conditioning apparatus; apparatus for filtering, softening and purifying water; devices for distribution of water; apparatus for air purification.

Class 16:
Paper and cardboard; printed matter; bookbinding material; photographs; stationery; adhesives for stationery or household purposes; artists' materials; paint brushes; typewriters and office requisites (except furniture); instructional and teaching material (except apparatus); plastic materials for packaging (not included in other classes); printers' type; printing blocks; garbage bags [of paper or of plastics]; packaging material made of starches.

Class 17:
Rubber, gutta-percha, gum, asbestos and mica; plastics in extruded form for use in manufacture and products made of plastic for use in manufacture; packing, stopping and insulating materials; semi-worked plastic substances; recycled plastics; granules and aggregate of recycled polyethylene, polypropylene and polyethylene terephthalate.

Class 19:
Building materials (non-metallic); asphalt, pitch and bitumen; non-metallic transportable buildings; monuments, not of metal; building materials of recycled plastics; planks, plank boards, beams and posts of plastic; construction products, namely ash, bottom ash or slag, aggregate materials for structures, concrete, concrete products, recycled concrete aggregate, reinforcing materials, not of metal, for building.

Class 20:
Furniture, mirrors, picture frames; goods (not included in other classes) of wood, cork, reed, cane, wicker, horn, bone, ivory, whalebone, shell, amber, mother-of-pearl, meerschaum and substitutes for all these materials, or of plastics; cushions; mooring buoys, not of metal.

Class 35:
Administration and business consultancy within recycling, waste treatment, environmental services and production and sales of energy; business management; business administration; office functions; development and implementation of marketing strategies for others; economic forecasting; administration of business affairs; business consultancy and advisory services; business management and consultancy services; brand creation and brand strategy services.

Class 36:
Insurance; financial affairs; monetary affairs; real estate affairs; management of real estate, sale of real estate, real estate agencies, rental of offices (real estate), consultancy services and information regarding insurance; financial sponsor services, particularly financial sponsor services for sports events, exhibitions and arrangements for cultural and educational purposes; financial sponsor services for companies engaged in and innovative regarding environmental protection.

Class 37:
Building construction; installation and repair of water supply and treatment systems and watering and sprinkler devices; disinfection; public building cleaning services; supervision of construction services; building and demolition services; building construction supervision; construction information; building insulation services against dampness; installation and repair of heating systems, air conditioning devices, electrical apparatus, furnaces and cooling devices; insulation services; construction and repair of buildings; installation, maintenance and repair of lifts and air conditioning plants; installation,

maintenance and repair of hot-water apparatus, electrical devices, fire alarms and fire protection plants as well as burglar alarms; installation, maintenance and repair of computers and office equipment; vermin extermination, other than for agriculture, aquaculture, horticulture and forestry; cleaning services for buildings; rat extermination services, other than for agriculture, aquaculture, horticulture and forestry; cleaning of buildings (frontage); maintenance of furniture; window-washing; street cleaning; plumbing services; painting services; installation and repair of telephone and telecommunication devices; repair and maintenance of all devices for heat, steam production, electricity, air conditioning and cooling; boiler cleaning and repair; burner maintenance and repair; machinery installation, maintenance and repair; repair information; rustproofing; pipeline construction and maintenance; quarrying services; rental of bulldozers; rental of construction equipment; rental of excavators.

Class 38:
Telecommunication services; electronic, electric and digital transmission of data and signals, the aforesaid services relating solely to transfer of energy production process data.

Class 39:
Transport; packaging and storage of goods; travel arrangement; water supply, water distribution; air, land and ship transport; transport in densely populated areas in land vehicles; transport agencies; transport information; packing of goods; packing of water in bottles and demijohns; delivery of goods; distribution of energy; distribution of electrical, thermal and cooling energy and electricity; transport and storage of waste; collection of waste; removal of waste; collection of waste from households and industrial enterprises; heat supplying, delivery, and distribution; energy supplying, delivery, and distribution; electricity supplying, delivery, and distribution; district heating distribution.

Class 40:
Treatment, processing, sorting, destruction, burning and recycling of waste and trash; industrial toxic waste disposal; treatment of waste materials in the field of environmental pollution control; sorting of waste and recyclable raw materials; water treatment and water purification; consulting services in the field of water treatment and purification and sludge treatment; deodorizing, purification and freshening of air; rental of generators; information regarding treatment of materials; industrial discharge treatment; treatment of toxic sludges; energy production; production of electricity; treatment of compressed air and demineralized water; production of renewable energy from geothermal heat resources or rental of space heating apparatus; production of heat for district heating; combined heat and power production; carbon dioxide capture and processing.

Class 41:
Education; providing of training; entertainment; sporting and cultural activities; organizing competitions, education and training, organizing conferences and seminars; editing books, periodicals and brochures; production of films, videos, TV and radio programs and contents for internet sites; organizing of competitions and symposiums for professional purposes, especially regarding water treatment and purification, treatment of waste, destruction of waste, environmental protection and transport.

Class 42:
Scientific and technological services and research and design relating thereto in the fields of decarbonization, pollution reduction, treatment, processing, recycling and recovery of materials, energy production and efficiency; industrial analysis and research services; design and development of computer software; research and development of new products for others; engineering services regarding research and analysis in the areas of science, technology and chemistry; scientific research for medicinal purposes, biological research; chemical and bacteriological research, chemical analysis; mechanical research; technical project studies; consulting and expert services in the field of design of power plants and industrial processes; consulting and expert services relating to energy efficiency, energy saving and energy consumption; technological consultancy in the fields of energy production and use; support and maintenance services for computer software; technological consultancy relating to remote control and remote use of parameters for energy production and online-reporting; consulting and expert services relating to the design, modelling and optimization of power plant processes; providing non-downloadable computer software for use in the design, modelling and optimization of power plant processes; providing non-downloadable computer software for simulating operational scenarios in power plants; providing non-downloadable computer software for modelling and analyzing thermal output and operational parameters in power plants; providing non-downloadable computer software for condition monitoring; support and maintenance services for computer software used for the design, modelling and optimization of power plant processes.

Class 7:
Condensation installations, namely, air condensers, air-cooled condensers, axial-fan condensers, steam condensers, cooling condensers; steam engines; pumps [parts of machines, engines or motors, machines]; pumps for heating installations; pumps for cooling installations; vacuum pumps; centrifugal pumps; lubricating pumps; refrigerant recovery pumps; controllers [parts of machines]; heat exchangers [parts of machines]; compressors, in particular refrigerant compressors for heating installations; refrigerant compressors for cooling installations; compressors for cooling installations; compressors for cooling gas recovery and reuse; heat sinks for use in machines; radiators for motors and engines.

Class 9:
Apparatus and instruments for directing, switching, converting, storing, regulating and controlling electricity distribution; apparatus and instruments for regulating and controlling pressure, temperature, fan speed, noise or water; Electronic control circuits for electric fans; electronic control circuits for electric valves; computer software; computer programs; computer application software for use in implementing the Internet of Things [IoT]; software for sensors; electric connectors; plasma screens; electric installations for remote control of industrial processes; sensors, namely coolant-temperature sensors, pressure sensors, sensors for engine control and electronic control sensors for engines; measuring apparatus for coolant; measuring instruments for coolant; electric controls; thermal controls; programmable controls; wireless controllers to remotely monitor and control the function and status of other electric, electronic and mechanical apparatus or systems; cooling apparatus for central processing units; electronic process control units, namely control hardware for industrial processes and software for heating and cooling processes; digital thermostats for air conditioning; diagnostic, monitoring, thermal regulation and control apparatus, excluding apparatus for medical use; all the above-mentioned goods intended for refrigerating, cooling, air-conditioning, cleaning, heating and heat-exchanger installations.

Class 11:
Heating apparatus; steam generators; cooling apparatus; drying apparatus; ventilation apparatus; apparatus for water pipes; heat exchangers, other than machine parts, including finned heat exchangers, plate heat exchangers and shell-and-tube heat exchangers; accessories for heat exchangers; cooling installations and machines, in particular oil coolers, air coolers, glycol-return coolers, water-return coolers, cooling towers; refrigerant condensers for cooling installations; freezers; deep freezers; cooling apparatus for cooling fluids; refrigerating machines; refrigerated containers; cold stores; cooling vats for furnaces; cooling units; cooling apparatus; cooling installations; ice machines and apparatus; freezing machines; liquid cooling installations; dryers for refrigerating installations; cooling units being components of water-cooling installations; cooling tubes; finned tubes for heat exchangers; heating apparatus; heat recovery apparatus; air cooling installations; air-conditioning fans; filters for air-conditioning systems; air-conditioning systems and components thereof; ventilation systems; fan frames; cooling components for cold rooms; air heating apparatus; evaporators, particularly high-efficiency industrial evaporators, shell-and-tube evaporators and evaporators for heat pumps; heating installations; gas boilers; gas condensers [except machine parts]; condenser tubes for refrigerating installations; air reheaters; level control valves for tanks; regulating and safety accessories for water apparatus; heat regenerators; heat accumulators; electric radiators; heat pumps; heat sinks for refrigerating apparatus; heat sinks for ventilating apparatus; heat sinks for heating apparatus; air cleaning devices; machines for purifying air; air filtration installations; air filtration apparatus; lamps with germicidal effect for purifying air and water filtering installations; air filters for industrial and domestic use; water distribution installations; parts of all the above-mentioned goods.

Class 35:
Business evaluation; organization of auction sales; providing information on commercial and business matters; operation of an import agency; operation of an export agency; online information services as well as online ordering services (provision of online catalogs) for goods in the field of refrigeration, air-conditioning, cleaning, heating and heat-exchanger technology; retail and wholesale services, mail-order services and online retail and wholesale services in the field of refrigeration, cooling, air-conditioning, cleaning, heating and heat exchanger technology, in particular concerning condensation installations, condensers, pumps, compressors, heat exchangers, heat sinks, radiators, software, controls, sensors, thermal monitoring, control and regulation systems, cooling apparatus, machines and installations, refrigerating apparatus and machines, heating apparatus and installations, air-conditioning apparatus and installations, air purification installations, water distribution installations and cooling towers, as well as concerning parts of these products; consulting with respect to procurement of goods and services in the field of refrigeration, air conditioning, purification, heating and heat exchangers; provision of advice and information on commercial and business matters, and advising consumers in the field of refrigeration, air conditioning, purification, heating and heat exchangers.

Class 37:
Installation, cleaning, repair, general overhaul and maintenance of refrigerating apparatus and installations, cooling apparatus and machines, cooling machines, heat exchangers, heating apparatus, pumps, condensers, condensation installations, air-conditioning apparatus and installations, air purification and filtration installations, water distribution installations and cooling towers, as well as parts of these goods; construction site management services [construction site supervision]; troubleshooting of electrical apparatus and of air-conditioning systems and apparatus; building consulting; rental of refrigerating apparatus, cooling apparatus and installations, refrigerating machines, cooling machines, heat exchangers, heating apparatus, pumps, condensers, condensation installations, air-conditioning apparatus and installations, air purification and filtration installations, water distribution installations and cooling towers; rental of installations and apparatus in the fields of refrigeration, air conditioning, cleaning, heating and heat exchangers; technical consulting in the field of installation, maintenance and repair of refrigerating, air-conditioning, cleaning, heating and heat-exchanger installations; all the above-mentioned services, particularly with respect to refrigeration, cooling, purification, heating and heat-exchanger techniques; all the above-mentioned services, other than in connection with apparatus and machines for food product manufacturing or processing.

Class 40:
Recycling services, particularly for heat exchangers.

Class 42:
Scientific and technological services; industrial analysis and research services; testing of materials; technical testing, particularly technical testing of heat exchangers regarding reusability, corrosion, material fatigue, wear, breakage and sealing; technical measurement and testing services concerning heat exchanger performance and energy consumption; design, development and planning services, as well as civil engineering services; research and development of installations, processes and products; architectural and urban planning services and related consulting services; design and development of computer software; computer services, namely development, programming and implementation of software; cloud computing; hosting of computer sites [websites]; Software as a Service [SaaS]; monitoring of computer systems by remote access; testing, authentication and quality control services; technological advice; technical advice with respect to energy-saving measures; consulting with respect to energy use and energy efficiency; consulting in the field of industrial technology; all the above-mentioned services, in particular concerning refrigeration, cooling, air-conditioning, cleaning, heating and heat exchanger technology; all the above-mentioned services, excluding apparatus and machines for use in food product manufacturing or processing.

Class 1:
Chemicals used in industry, science and photography, as well as in agriculture, horticulture and forestry; unprocessed artificial resins, unprocessed plastics; unprocessed plastics for industrial use; plastics in the form of granules; plastics in the form of granules for use in industry; raw plastics in the form of granules; unprocessed plastic in the form of powder or granules; unprocessed artificial plastics; dispersions of plastics; unprocessed plastics made from carbon dioxide; unprocessed plastic granules made from carbon dioxide; plastic moulding compounds for use in plastic extrusion operations; carbon dioxide for industrial purposes; manures; fire extinguishing compositions; flame retardants; tempering and soldering preparations; chemical substances for preserving foodstuffs; tanning substances; adhesives used in industry; water-softening preparations; water-purifying chemicals; benzene; benzol; xylene; xylol; adhesives for use in the construction industry.

Class 4:
Industrial oils and greases; lubricants; dust absorbing, wetting and binding compositions; fuels (including motor spirit) and illuminants; fossil fuels; biomass fuels; fuel oils; waste-derived fuels; wood-based fuels; recycled derived fuels; solid recovered fuel fluids; candles and wicks for lighting; fuel briquettes made from waste; additives, non-chemical, to motor-fuel; industrial wax; naphtha; wax [raw material]; wood spills for lighting fires; wood chip for use as fuel; energy (electrical); electrical energy; thermally generated electrical energy; natural gas.

Class 6:
Common metals and their alloys; metal building materials; transportable buildings of metal; materials of metal for railway tracks; non-electric cables and wires of common metal; ironmongery, small items of metal hardware; metal containers for storage or transport; safes; ores.

Class 7:
Machine tools; motors and engines (except for land vehicles); machine coupling and transmission components (except for land vehicles); agricultural implements other than hand-operated; incubators for eggs; blades [parts of machines]; carbon brushes [electricity]; cartridges for filtering machines; catalytic converters; filters [parts of machines or engines]; hammers [parts of machines]; sieves [machines or parts of machines]; turbocompressors; sludge treatment machines.

Class 9:
Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking

(supervision), life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment and computers; computer software for data acquisition and control, for calculation of process parameters relating to energy production or industrial processes as well as for planning and optimization of energy production; electronic alarm systems and equipment; fire-extinguishing apparatus; apparatus for air analysis, apparatus for controlling heat, instruments for controlling hot-water apparatus and canteens, water level gauges, instruments for gas testing, temperature gauges, logs, electric loss gauges, pressure gauges for valves, flow meters, gauges; computer software and recorded computer programs; downloadable computer software for use in the design, modelling and optimization of power plant processes or industrial processes; downloadable computer software for simulating operational scenarios in power plants or industrial processes; downloadable computer software for modelling and analyzing thermal output and operational parameters in power plants; downloadable computer software for condition monitoring; downloadable computer software for use in asset and maintenance management.

Class 11:
Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes; incineration plants, incinerators; electric heaters, heaters for solid, liquid or gaseous fuel; air conditioning apparatus; apparatus for filtering, softening and purifying water; devices for distribution of water; apparatus for air purification.

Class 16:
Paper and cardboard; printed matter; bookbinding material; photographs; stationery; adhesives for stationery or household purposes; artists' materials; paint brushes; typewriters and office requisites (except furniture); instructional and teaching material (except apparatus); plastic materials for packaging (not included in other classes); printers' type; printing blocks; garbage bags [of paper or of plastics]; packaging material made of starches.

Class 17:
Rubber, gutta-percha, gum, asbestos and mica; plastics in extruded form for use in manufacture and products made of plastic for use in manufacture; packing, stopping and insulating materials; semi-worked plastic substances; recycled plastics; granules and aggregate of recycled polyethylene, polypropylene and polyethylene terephthalate.

Class 19:
Building materials (non-metallic); asphalt, pitch and bitumen; non-metallic transportable buildings; monuments, not of metal; building materials of recycled plastics; planks, plank boards, beams and posts of plastic; construction products, namely ash, bottom ash or slag, aggregate materials for structures, concrete, concrete products, recycled concrete aggregate, reinforcing materials, not of metal, for building.

Class 20:
Furniture, mirrors, picture frames; goods (not included in other classes) of wood, cork, reed, cane, wicker, horn, bone, ivory, whalebone, shell, amber, mother-of-pearl, meerschaum and substitutes for all these materials, or of plastics; cushions; mooring buoys, not of metal.

Class 35:
Administration and business consultancy within recycling, waste treatment, environmental services and production and sales of energy; business management; business administration; office functions; development and implementation of marketing strategies for others; economic forecasting; administration of business affairs; business consultancy and advisory services; business management and consultancy services; brand creation and brand strategy services.

Class 36:
Insurance; financial affairs; monetary affairs; real estate affairs; management of real estate, sale of real estate, real estate agencies, rental of offices (real estate), consultancy services and information regarding insurance; financial sponsor services, particularly financial sponsor services for sports events, exhibitions and arrangements for cultural and educational purposes; financial sponsor services for companies engaged in and innovative regarding environmental protection.

Class 37:
Building construction; installation and repair of water supply and treatment systems and watering and sprinkler devices; disinfection; public building cleaning services; supervision of construction services; building and demolition services; building construction supervision; construction information; building insulation services against dampness; installation and repair of heating systems, air conditioning devices, electrical apparatus, furnaces and cooling devices; insulation services; construction and repair of buildings; installation, maintenance and repair of lifts and air conditioning plants; installation, maintenance and repair of hot-water apparatus, electrical devices, fire alarms and fire protection plants as well as burglar alarms; installation, maintenance and repair of computers and office equipment; vermin extermination, other than for agriculture, aquaculture, horticulture and forestry; cleaning services for buildings; rat extermination services, other than for agriculture, aquaculture, horticulture and forestry; cleaning of buildings (frontage); maintenance of furniture; window-washing; street cleaning; plumbing services; painting services; installation and repair of telephone and telecommunication devices; repair and maintenance of all devices for heat, steam production, electricity, air conditioning and cooling; boiler cleaning and repair; burner maintenance and repair; machinery installation, maintenance and repair; repair information; rustproofing; pipeline construction and maintenance; quarrying services; rental of bulldozers; rental of construction equipment; rental of excavators.

Class 38:
Telecommunication services; electronic, electric and digital transmission of data and signals, the aforesaid services relating solely to transfer of energy production process data.

Class 39:
Transport; packaging and storage of goods; travel arrangement; water supply, water distribution; air, land and ship transport; transport in densely populated areas in land vehicles; transport

agencies; transport information; packing of goods; packing of water in bottles and demijohns; delivery of goods; distribution of energy; distribution of electrical, thermal and cooling energy and electricity; transport and storage of waste; collection of waste; removal of waste; collection of waste from households and industrial enterprises; heat supplying, delivery, and distribution; energy supplying, delivery, and distribution; electricity supplying, delivery, and distribution; district heating distribution.

Class 40:
Treatment, processing, sorting, destruction, burning and recycling of waste and trash; industrial toxic waste disposal; treatment of waste materials in the field of environmental pollution control; sorting of waste and recyclable raw materials; water treatment and water purification; consulting services in the field of water treatment and purification and sludge treatment; deodorizing, purification and freshening of air; rental of generators; information regarding treatment of materials; industrial discharge treatment; treatment of toxic sludges; energy production; production of electricity; treatment of compressed air and demineralized water; production of renewable energy from geothermal heat resources or rental of space heating apparatus; production of heat for district heating; combined heat and power production; carbon dioxide capture and processing.

Class 41:
Education; providing of training; entertainment; sporting and cultural activities; organizing competitions, education and training, organizing conferences and seminars; editing books, periodicals and brochures; production of films, videos, TV and radio programs and contents for internet sites; organizing of competitions and symposiums for professional purposes, especially regarding water treatment and purification, treatment of waste, destruction of waste, environmental protection and transport.

Class 42:
Scientific and technological services and research and design relating thereto in the fields of decarbonization, pollution reduction, treatment, processing, recycling and recovery of materials, energy production and efficiency; industrial analysis and research services; design and development of computer software; research and development of new products for others; engineering services regarding research and analysis in the areas of science, technology and chemistry; scientific research for medicinal purposes, biological research; chemical and bacteriological research, chemical analysis; mechanical research; technical project studies; consulting and expert services in the field of design of power plants and industrial processes; consulting and expert services relating to energy efficiency, energy saving and energy consumption; technological consultancy in the fields of energy production and use; support and maintenance services for computer software; technological consultancy relating to remote control and remote use of parameters for energy production and online-reporting; consulting and expert services relating to the design, modelling and optimization of power plant processes; providing non-downloadable computer software for use in the design, modelling and optimization of power plant processes; providing non-downloadable computer software for simulating operational scenarios in power plants; providing non-downloadable computer software for modelling and analyzing thermal output and operational parameters in power plants; providing non-downloadable computer software for condition monitoring; support and maintenance services for computer software used for the design, modelling and optimization of power plant processes.

Class 1:
Laboratory chemicals for scientific use; biochemicals for in vitro and in vivo scientific use; biochemical substances, namely antibodies for stabilization of proteins, all the aforementioned substances for scientific use and for use in laboratories; reagents for medical research; diagnostic preparations for scientific or research use; chemical reagents for use in genetic research; receptors and reagents for testing for G protein-coupled receptors (GPCRs); chemical substances for use in the production of drugs; biochemical and chemical substances and chemical reagents for measuring combined or divided natural and non-natural G protein-coupled receptors (GPCRs); proteins for use in science; chimeric proteins to measure, test and develop compounds and ligands binding to G protein-coupled receptors (GPCRs); cell-based assay systems for detecting G protein-coupled receptor activity, suitable for screening small molecule libraries, including fragment-based libraries and high-throughput compound collections; biochemical substances for identifying low-affinity, low molecular weight fragment hits not detectable by traditional screening methods.

Class 5:
Pharmaceutical and veterinary preparations for use in oncology and in the field of immunology, namely, pharmaceutical and veterinary preparations for treating immune-related diseases; pharmaceutical and veterinary preparations for the treatment of inflammatory diseases and infections and for the treatment of gastro-intestinal, cardiovascular, pulmonary, neurological, metabolic, systemic, gynecological, urological, dermatological and musculo-skeletal conditions and for the treatment of orphan diseases; chemical and biochemical substances for pharmaceutical and veterinary use in the nature of stabilized protein arrays, namely, small molecules and antibodies for diagnostic purposes for use in oncology and in the field of immunology and for the treatment of inflammatory diseases and infections; chemical and biochemical substances for pharmaceutical and veterinary use in the nature of stabilized protein arrays, namely, small molecules and antibodies for treatment of gastrointestinal, cardiovascular, pulmonary, neurological, metabolic, systemic, gynecological, urological, dermatological and musculo-skeletal conditions and for the treatment of orphan diseases; veterinary products, namely, antibody reagents used for the detection of antigens in cells and tissue for medical purposes; veterinary products, namely, antibody reagents for therapeutic use in oncology and in the field of immunology and for the treatment of inflammatory diseases and infections and for the treatment of gastrointestinal, cardiovascular, pulmonary, neurological, metabolic, systemic, gynecological, urological, dermatological and musculo-skeletal conditions and for the treatment of orphan diseases; veterinary products, namely, small molecules in the form of low molecular weight organic compounds; veterinary products, namely, biological preparations for use in oncology and in the field of immunology and for the treatment of inflammatory diseases and infections and for the treatment of gastrointestinal, cardiovascular, pulmonary, neurological, metabolic, systemic, gynecological, urological, dermatological and musculo-skeletal conditions and for the treatment of orphan disease; diagnostic and therapeutic preparations based on single-domain antibodies for use in the treatment of orphan and rare diseases; pharmaceutical preparations for neurological disorders involving undruggable G protein-coupled receptor targets; biological preparations comprising stabilized G protein-coupled receptors for use in immunology and oncology; pharmaceutical preparations for use in identifying and validating novel agonists for G protein-coupled receptors; diagnostic agents for use in companion diagnostics involving G protein-coupled receptor-targeted therapies; pharmaceutical preparations for use in precision medicine targeting dynamic membrane proteins.

Class 42:
Medical and pharmacological research services; pharmaceutical drug development services; laboratory research services relating to pharmaceuticals; research and development of vaccines and medicines; scientific research for medical purposes and the development of pharmaceutical preparations in the area of drugs interacting with G protein-coupled receptors (GPCRs); design of computer databases; updating of database software; data warehousing; provision of information and data relating to medical research and development; rendering of computer graphics featuring digital image correction for research and development; computer graphic design services featuring data and image processing services for making three-dimensional models; non-medical graphic design featuring digital imaging services; optical imaging for use in research and development of medicines; imaging via computers for use in research and development of medicines; graphic design services for generating and processing data and images for making three-dimensional models for use in research and development of medicines; scientific services relating to cell-based G protein-coupled receptor assay technologies; screening services for small molecule and fragment-based libraries using advanced detection technologies for identifying low-affinity molecular interactions, for scientific and pharmaceutical research purposes.

The mark contains the colours blue and green.

Class 1:
Chemicals, in particular alternatives to PFAS-substances; chemicals for use in textile industry, in paper production, in photo industry, aviation, galvanic applications; flame retardants; impregnating agents; filtering compositions, in particular for filtering chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per-and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; carbon for filters in particular for filtering chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, polycyclic-aromatic compounds, and transformer oils; filtering materials [mineral substances]; filtering materials [chemical preparations]; filtering media [chemical] for water; filtering materials of chemical substances; carbon for filters for removing organic contaminants from water; filtering materials [chemical, mineral, vegetable and other unprocessed materials]; activated carbon, in particular for absorbing or filtering chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halosubstances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; granular activated carbon, in particular

for absorbing or filtering chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per-and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; ion exchange resins, in particular for absorbing or filtering chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; metall organic frameworks, in particular for filtering chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/polyfluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, polycyclic-aromatic compounds, and transformer oils; absorbing carbons; chemical absorbents; chemical products for absorbing; chemical compositions for absorbing chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils.

Class 7:
Extracting machines for chemical processing; absorbing machines for chemical processing; apparatus for decomposing chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halosubstances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; apparatus for chemically reducing the concentration of chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per-and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; apparatus for electrochemically reducing the concentration of chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/polyfluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, polycyclic-aromatic compounds, and transformer oils; apparatus using sonication for decomposing chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; apparatus using ultrasound for decomposing chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halosubstances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; apparatus using hydrodynamic cavitation for decomposing chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; filtering machines, in particular comprising granular activated carbon, ion exchange resins, and metal organic frameworks, in particular for filtering chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per-and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; filters [parts of machines or engines]; filters being parts of machines; seperators [machines]; filtering machines for chemical processing; water pumps for water filtering units; filtering machines used in sewage handling; absorbing machines for chemical processing, in particular comprising granular activated carbon, ion exchange resins, and metal organic frameworks, in particular for filtering chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; parts and fittings for all the aforesaid goods (not included in other classes).

Class 9:
Chemical reactors; electrochemical reactors; biochemical reactors; chemical reactors for decomposing chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; electrochemical reactors for decomposing chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated

organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; chemical reactors for reducing the concentration of chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; electrochemical reactors for reducing the concentration of chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per-and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; chemical reactors for working with aqueous media; electrochemical reactors for working with aqueous electrolytes; electrodes for electrochemical applications; electrodes for use in electrochemical applications for decomposing chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; electrodes for use in electrochemical applications comprising substoichiometric titanium oxide, silicon carbide, manganese oxide, cobalt oxide, cobalt hydroxide oxide, fe-n4-graphene, tungsten carbide, nickel-containing tungsten carbide, lead oxide, boron-doped diamond material, ferrite-based materials; chemical testing kits, in particular for testing of concentrations of chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/polyfluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, polycyclic-aromatic compounds, and transformer oils; kits for use in laboratory testing and storage as well as field sample collection; testing instrumentations for collecting, storing and analyzation of samples from water, soil, sediments, air or sludge regarding the presence of contaminants; biochemical reactors for decomposing chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; biochemical reactors for reducing the concentration of chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/polyfluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, polycyclic-aromatic compounds, and transformer oils; chemical reactors using plasma; chemical reactors using hot plasma; chemical reactors using cold atmospheric plasma; chemical reactors using sonication, in particular using ultrasonication; chemical reactors using hydrodynamic cavitation; chemical reactors using super critical water oxidation; chemical reactors using hydrothermal alkaline treatment; photochemical chemical reactors; parts and fittings for all the aforesaid goods (not included in other classes); sensors, in particular inline sensors and real time sensors, in particular for sensing chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; electrodes for industrial electrochemical applications; electrodes for use in an electrochemical flow-through reactor; electrodes for use in an electrochemical flow-by reactor; electrodes for use in industrial electrochemical applications for decomposing chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per-and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; electrodes for use in industrial electrochemical applications comprising substoichiometric titanium oxide, silicon carbide, manganese oxide, cobalt oxide, cobalt hydroxide oxide, Fe-N4- graphene, tungsten carbide, nickel-containing tungsten carbide, lead oxide, boron-doped diamond material, ferrite-based materials.

Class 11:
Water filtering apparatus, in particular apparatus using nanofiltration and apparatus using reverse osmosis; foam fractionation apparatus for enriching chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils in a foamed phase; apparatus for electro-assisted sorption/desorption, which uses an electric field to adsorb (sorption) and release (desorption) of molecules onto or from a material; water purifying apparatus; water purifying units; water treatment apparatus; water treatment equipment; purification machines (water-); purification installations (water-); water purification tanks; water treatment tanks; waste water purification units; apparatus for filtering water; electrochemical water treatment apparatus; apparatus for waste water purification; industrial waste water purification plants; water purifiers for industrial use; electrochemical units [water treatment equipment]; biochemical units [water treatment equipment]; water remediation systems, namely water systems comprising water treatment equipment for the

decontamination of water from chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; reactor for decomposing chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; apparatus for decomposing chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per-and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halosubstances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils in aqueous media; apparatus for decomposing chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils in water; water treatment machinery, in particular, equipment that uses technology and chemicals to destroy chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halosubstances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils in water; chemical reactors for industrial treatment of water; parts and fittings for all the aforesaid goods (not included in other classes); water filters; filters for water filtering apparatus; water purification filters; water treatment filters; filters for wastewater; water filtering apparatus for industrial use; water filtering installations; water filtering units; filters for industrial installations, in particular for filtering chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per-and polyfluoro alkyl substances, mixed per-/polyfluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, polycyclic-aromatic compounds, and transformer oils; filters for industrial and household use, in particular for filtering chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halosubstances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; industrial chemical reactors; industrial electrochemical reactors; industrial biochemical reactors; industrial chemical reactors for decomposing chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; industrial electrochemical reactors for decomposing chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per-and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; industrial chemical reactors for reducing the concentration of chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/polyfluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, polycyclic-aromatic compounds, and transformer oils; industrial electrochemical reactors for reducing the concentration of chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halosubstances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; industrial biochemical reactors for decomposing chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; industrial biochemical reactors for reducing the concentration of chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; industrial chemical reactors for working with aqueous media; industrial electrochemical reactors for working with aqueous electrolytes; industrial electrochemical flow-through reactors; industrial electrochemical flow-by reactors; industrial chemical reactors using plasma; industrial chemical reactors using hot plasma; industrial chemical reactors using cold atmospheric plasma; industrial chemical reactors using sonication; reactors using plasma for decomposing chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro

alkyl substances, mixed per-/polyfluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, polycyclic-aromatic compounds, and transformer oils; bioremediation reactors for decomposing chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; bioremediation reactors for reducing the concentration of chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per-and polyfluoro alkyl substances, mixed per-/polyfluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, polycyclic-aromatic compounds, and transformer oils; reactors using super critical water oxidation; reactors using hydrothermal alkaline treatment; industrial photochemical chemical reactors; industrial ozonation reactors; incineration apparatus, in particular apparatus for waste incineration and apparatus for incineration of contaminated matter; pyrolysis reactors; ozonation reactors; incineration reactors.

Class 37:
Installation, repair and maintenance of reactors, apparatus and machines for decomposing chemicals, for decreasing concentration of chemicals and for treatment of water, groundwater, drinking water, wastewater, surface water, soil, sediments, air and sludge; repair or maintenance of chemical reactors, of electrochemical reactors, apparatus and machines, in particular for decomposing chemicals, for decreasing concentration of chemicals and for treatment of water, groundwater, drinking water, wastewater, surface water, soil, sediments, air and sludge; installation, repair and maintenance of filtering units and apparatus; repair or maintenance of water pollution control equipment; pump repair or maintenance; installation of environmental engineering systems; repair and maintenance of water pollution control equipment; repair and maintenance of chemical and electrochemical reactors; repair of industrial waste treatment machines; repair and maintenance of water purifying apparatus; installation, assembly [installation], repair and maintenance of water and waste water purifying apparatus and machines as well as purification installations for sewage, soil, sediments, air and sludge; repair of air filtering apparatus.

Class 40:
Chemical decontamination services; electrochemical decontamination services; land decontamination; decontamination of hazardous materials; decontamination of contaminated soil; decontamination of contaminated water; decontamination of contaminated waste; decontamination of contaminated waste water; decontamination of contaminated sediments; decontamination of contaminated air; decontamination of contaminated sludge; water treatment services; water treatment and purification; environmental remediation services, namely, treatment of soil, waste and water; environmental remediation services, namely, treatment of water, soil, sediments, air and sludge to reduce the concentration of chemicals, toxic substances, contaminants, chemicals, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; all aforesaid services using chemical means, electrochemical means, biochemical means, plasma treatment, sonication treatment, ultrasonic treatment, hydrodynamic cavitation, bio remediation means, super critical water oxidation, hydrothermal alkaline treatment, photochemical means, photocatalytic means, UV irradiation, ozone treatment, incineration, and pyrolysis; consulting in the field of water treatment; rental of chemical and electrochemical reactors for the treatment of waste material; rental of chemical and electrochemical reactors for decomposing chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; rental of chemical and electrochemical reactors for reducing the concentration of chemicals, toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, mixed per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils.

Class 42:
Engineering services; natural science services; chemist's services, in particular development of alternatives to toxic substances, contaminants, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils; chemical research; chemical analysis; chemical technological research; chemical laboratory services; chemical analytical examinations; testing of chemicals; engineering consulting services, in particular related to the remediation of toxic substances, contaminants, chemicals, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils in groundwater, drinking water, wastewater, surface water, soil, sediments, air and sludge; industrial analysis and research services in the fields of groundwater, drinking water, wastewater, surface water, soil, sediments, air and sludge; industrial analysis regarding the content of, toxic substances, contaminants, chemicals, forever chemicals, compounds falling under the stockholm convention, fluorinated organic

compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils in groundwater, drinking water, wastewater, surface water, soil, sediments, air and sludge in groundwater, drinking water, wastewater, surface water, soil, sediments, air, sludge, air, food, beverages, blood samples, and products, in particular in electronics, toys, cosmetics, lubricants, food packaging, textiles; certification, in particular, quality control for others; quality testing of products for certification purposes; testing, analysis and evaluation of the goods of others for the purpose of evaluating levels of contaminants in the goods of others; testing, analysis and evaluation of the services of others for the purpose of evaluating levels of contaminants produced by the services of others; sampling services of groundwater, drinking water, wastewater, surface water, soil, sediments, air and sludge for scientific analysis purposes and decontamination purposes; toxicology services; consulting services in the field of environmental assessment and planning; environmental services, namely, technical consultation in the field of environmental science; hydrologic study of surface and groundwater; scientific research relating to the impact of consumer and industrial products on the environment; laboratory services for analysis of groundwater, drinking water, wastewater, surface water, soil, sediments, air and sludge; research and development of new products, in particular of electrochemical electrodes, electrochemical reactors and apparatus for decontamination; research in chemistry; engineering project studies; rental of science and technology equipment; analysis of the quality of water, groundwater, drinking water, wastewater, surface water, soil, sediments, air and sludge; conducting industrial experiments; preparation of technological reports; preparation of reports relating to technical research; professional consultancy relating to technology; scientific and technological services and research and design relating thereto; industrial analysis and research services; certification [quality control]; testing, analysis and evaluation of the goods and services of others for the purpose of certification; chemical product standard certification services; development of sensors, in particular of inline sensors and real time sensors for the detection of toxic substances, contaminants, chemicals, forever chemicals, compounds falling under the stockholm convention, fluorinated organic compounds, per- and polyfluorinated organic compounds, per- and polyfluoro alkyl substances, per-/poly-fluoro-/halo-substances, pharmaceuticals, antibiotics, pesticides, flame-retardants, poly-chloro-dibenzodioxines, poly-chloro-dibenzodifurans, poly-cyclic-aromatic compounds, and transformer oils.

Software; computer software; biometric software; embedded software; navigation software; network software; computer software applications; computer software applications, downloadable; software applications for mobile phones; software applications for wireless devices; downloadable software applications; computer applications for automotive control; telemetry devices; telemetric devices with remote

control; telemetry devices for motor vehicles; telemetry devices for engine applications; augmented reality software for creating maps; computer software for creating databases for searching information and data; intelligent portals for real-time data analysis; touch controllers; touch switches; multifunction touch buttons; digital sensor devices; data storage programs; data storage devices; data storage apparatuses; data storage media; computer data storage devices; optical data storage devices; data storage devices and media; software for distributed block storage of digital data; network attached storage (NAS) devices; cloud servers; cloud server software; cloud network monitoring software; cloud computing service application software; autonomous control systems with interactive displays for motor vehicles; fluid level measuring devices for motor vehicles; mobile phones adapted for use in motor vehicles; navigation systems with control with interactive displays for motor vehicles; cruise control systems for motor vehicles; driver assistance systems for motor vehicles; battery chargers for motor vehicles; installation software; educational software; interface software; application software; assistive software; simulation software; middleware; adaptive software; industrial software; electromechanical software; production software; touch software; music software; telecommunications software; mobile software; logistics software; interactive software; business software; system software; digital solution provider software [dsp]; software for developing solutions; diagrams with solutions; product development software; software development kit (sdk); application development software; website development software; software testing software; hardware testing software; computer software for testing the vulnerability of computers and computer networks; product engineering software; operating and user instructions, stored in digital form, for computers and computer software, in particular on diskettes or compact discs; downloadable software applications for use with 3D printers; office and business applications; media streaming software; video streaming devices; computer application software for streaming audio-visual media content via the Internet; web hosting servers; mobile applications; mobile data receivers; mobile application software; computer application software for mobile phones; software and applications for mobile devices; mobile applications, downloadable, for data management; mobile applications, for download, for data transmission; mobile applications, for download, for information management; mobile applications, for download, for transmitting information; downloadable applications for use with mobile devices; computer software for mobile applications that enable interaction and serve as an interface between vehicles and mobile devices; mobile applications, downloadable, for use with portable computing devices; computer programs for editing images, sound and video; computer hardware for routing audio, video, and digital signals; routers for routing audio, video and digital signals; switches for routing audio, video and digital signals; navigational instruments; electronic navigation systems; portable navigation devices; electrical navigation devices; electronic navigation devices; navigation equipment, compasses; navigational devices and instruments; interactive computer software providing navigation and tourist information; computer applications for vehicle navigation equipment; computer applications for audio-video car navigation; computer programs for use in autonomous vehicle navigation; vehicle navigation equipment controllers; car audio-video navigation controls; boxes for satellite navigation devices; multimedia navigation systems for vehicles; car navigation devices; navigation apparatus for vehicles [on-board computers]; navigation, orientation, tracking, targeting and map making equipment; software for gps navigation systems; satellite navigation system software; navigation, orientation, tracking, targeting and map making devices; sports training simulators; wearable activity trackers.

Class 35:
Services related to business data analysis; information and compilation and analysis of data related to business management; data processing services; data processing services in the field of transport; management and organization of commercial transactions; business analytics; economic analyses for business purposes; market research and business analysis; statistical analysis and reporting services for business purposes; assistance, provision of advice and consultations in relation to business analyses; outsourcing of business analysis services; business analysis and information services, and market research; organizing new product launches; advertising services in connection with the commercialization of new products; assistance in introducing new products within the framework of a franchise agreement; business consultancy services for digital transformation; computer data processing; data processing; data processing for companies; business administration consultation; services related to business administration for processing sales made over the internet; computerized office management; advertising; marketing; recruiting computer staff; provision of services related to negotiating and concluding commercial transactions for third parties via telecommunications networks; business administration; retail services in relation to navigational equipment; wholesale services in relation to navigation equipment; public relations; business management of sports clubs; marketing services related to e-sports events; promotion of sports competitions and events; promotional services related to electronic sports events; promotional management for sports personalities; advertising, including promotion of third party products and services through sponsorship contracts and licensing agreements in connection with international sporting events; promotion of goods and services through sponsorship of sports events; advertising goods and services through sponsorship of international sporting events; advertising services related to electronic sports events.

Class 38:
Telecommunications; telecommunications via email; data transfer via telecommunications; wireless broadcasting; telecommunications routing and junction services; providing telecommunications connections to a global computer network; transmission of electronic mail; electronic bulletin board services [telecommunications services]; video-on-demand transmission; message sending; cellular phone communications; communications by computer terminals; communications by telegrams; communications by telephone; communications by fibre optic networks; providing access to databases; providing online forums; rental of message sending apparatus; rental of access time to global computer networks; rental of modems; rental of telecommunication equipment; rental of telephones; transmission of podcasts; computer aided transmission of messages and images; facsimile transmission; transmission of digital files; satellite transmission; cable television broadcasting; providing user access to global computer networks; providing internet chatrooms; providing

information in the field of telecommunications; paging services [radio, telephone or other means of electronic communication]; streaming of data; telephone services; videoconferencing services; geolocation services [telecommunications services]; audio streaming; streaming of e-sports events; data transmission via streaming; streaming of audio, video and audiovisual materials via a global computer network; transmission of data, audio, video and multimedia files, including downloadable files and files transmitted by streaming via a global computer network; transmission of sound, video and information; satellite broadcasting services relating to sporting events; broadcasting of electronic sports events.

Class 42:
Application service provider (asp), namely hosting computer software applications for third parties; rental of applications, in particular exploitation of software applications for third parties; providing temporary use, non-downloadable software applications accessible via a website; user authentication services using single sign-on technology for online software applications; computer programming for telecommunications; software development; software creation, maintenance and adaptation; creating data processing software; creating, maintaining and upgrading computer software; computer programming services for data analysis; technical data analysis services; data storage; online data storage; electronic data storage; data compression for electronic storage; electronic data storage and data archiving services; data storage system design; development of data storage systems; development of hardware for storage and retrieval of multimedia data; development of software for storing and retrieving multimedia data; design of software for storing and retrieving multimedia data; hardware design for storage and retrieval of multimedia data; computer services relating to electronic data storage; provision of computer facilities for electronic storage of digital data; design and development of data storage systems; computer programming services for data storage; cloud computing; cloud data protection services; cloud storage services for electronic files; cloud storage services for electronic data; private cloud hosting provider services; public cloud hosting provider services; providing virtual computer systems through cloud computing; providing virtual computing environments through cloud computing; cloud storage services for electronic data lakes; consulting in the field of networks and cloud computing applications; programming operating software to access and use a cloud computing network; providing online operating software, without download, for accessing and using cloud computing networks; design and development of operating software for accessing and using a cloud computing network; rental of operating software for accessing and using cloud computing networks; platform as a service [paas] with software platforms for delivering images, audiovisual content, video content and messaging; interactive application hosting; multimedia application hosting; digital content hosting; hosting virtual environments; hosting of personalized web pages; web portal hosting; mobile application hosting; mobile website hosting; hosting websites on the internet; hosting of internet platforms; hosting of digital content on the internet; hosting of communication platforms on the Internet; hosting of computerized data, files, applications and information; server hosting and access control software as a service [acaas]; hosting of online web facilities for third parties for online content sharing; interactive hosting services that allow users to publish and share their own content and images online; software design and development in the field of mobile applications; mechanical research in the field of motorsports; design and development of route planning software; design and development of navigation systems; design of navigation software with maps for mobile phones; testing, analysis and monitoring of navigation signals; software as a service [SaaS]; consulting related to computer software maintenance; database maintenance; development of computer software application solutions; developing software solutions for internet providers and internet users; design, development, maintenance and improvement of computer software; research related to the development of computer programs and software; research related to computer software development; consulting in the field of software design and development; consulting related to the design and development of computer software programs; website development software rental; provision of online, non-downloadable software development tools for temporary use; providing information on the design and development of computer software, computer systems and networks; providing information in the field of computer software development; providing information on the design and development of computer hardware and software; providing information on the design and development of computer software; providing online software for temporary use, without the possibility of downloading, for the purpose of developing websites; website development software programming; computer software design and development; design and development of computer software and hardware for signal amplification and transmission; design and development of computer software architecture; video game software design and development; design and development of computer software for word processing; design and development of computer software for process control; design and development of software for control, regulation and monitoring of solar energy systems; design and development of computer software for logistics, supply chain management and e-business portals; design and development of computer software for database management; design and development of software for electronic television programs; design and development of computer software for supply chain management; design and development of computer software for logistics; design and development of computer game software and virtual reality software; design and development of computer game software; design and development of operating software for computer networks and servers; design and development of website development software; design and development of software for data import and management; design and development of virtual reality software; design and development of inventory management software; design and development of software for electronic databases; design and development of computer software for use with medical technologies; design and development of computer software for data evaluation and calculation; design and development of computer software for reading, transmitting and organizing data; design and development of energy management software; data mining software design and development; design and development of data processing software; design and development of image processing software; development of computer software for use with programmable controllers; development of computer software for logistics, supply chain management and e-commerce portals; development of interactive multimedia software; development of drivers and operating system software; computer software development for third parties; software development and testing; development and testing

of computer methods, algorithms and software; computer software development and maintenance; development and maintenance of computer database software; developing and updating computer software; research, development, design and upgrading of computer software; development, updating and maintenance of software and database systems; driver software design and development; design and development of computer database software; operating system software design and development; design and development of antivirus software; design and development of instant messaging software; design and development of computer software for vehicle simulation; design and development of computer hardware and software; design and development of software for one-time identification; design and development of operating software for virtual private network [vpn]; software design, development and implementation; design, development and programming of computer software; computer software research and development; development, programming and implementation of computer software; advisory services in the field of product development and software quality improvement; computer software testing; researching new products; testing new products; new product development; new product development; research and development of new products; design and development of new products; design and testing of new products; design and testing related to new product development; research and development of new products for others; research services for the purpose of developing new products; conducting early assessments in the field of new pharmaceutical products; research and development of new products for third parties in the field of plastic materials; engineering; software engineering; computer software engineering; engineering consulting related to design; engineering research and development services; conversion of electronic information; computer database hosting; testing computer programs.
