Computer software for modifying audio, video, and audio-visual content; Computer software for modifying and enabling transmission of video, audio, audio-visual and video content and data; Computer software for the collection, managing, editing, organizing, modifying, transmission, sharing, and storage of data and information; Computer software for social networking and interacting with online communities; Computer software for processing images, graphics, audio, video, and text; Downloadable computer software for finding content and content publishers, and for subscribing to content; Downloadable computer software, downloadable mobile application software, and downloadable computer application software for mobile devices and computers, all for social networking; Downloadable computer software, downloadable mobile application software, and downloadable computer application software for mobile devices and computers, all for creating, managing, accessing, and interacting with groups within virtual communities; Downloadable computer software, downloadable mobile application software, and downloadable computer application software for mobile devices and computers, all for creating and managing social media profiles and user accounts; Downloadable computer software, downloadable mobile application software, and downloadable computer application software for mobile devices and computers, all for organizing events, searching for events, calendaring and managing events; Downloadable mobile application software for enabling users to modify their photos and videos and for adding special effects to their photos and videos using generative artificial intelligence; Downloadable mobile application software for enabling users to modify their photos and videos and for adding special effects to their photos and videos using artificial intelligence; Downloadable mobile application software using generative artificial intelligence to create, organize, and modify photos, videos, audio, text, and data; Downloadable mobile application software using artificial intelligence to create, organize, and modify photos, videos, audio, text, and data; Downloadable mobile application software for social networking, creating a virtual community, and transmission of audio, video, images, text and data; Downloadable mobile application software for engaging in social networking; Downloadable mobile application software for uploading, downloading, sharing, or otherwise providing electronic media, videos, images, text, photos and user-generated content via the internet and other communication networks; Downloadable mobile application software for multimedia content creation and social media content creation; Downloadable mobile application software for creating, modifying, sharing and enabling transmission of images, audio, audio visual and video content with special effects; Downloadable mobile application software for modifying photographs, images and audio, video, and audio-visual content with photographic filters and virtual reality, mixed reality and augmented reality effects, namely, graphics, animations, text,

and drawings; Downloadable mobile application software for the collection, organizing, modifying, transmission, storage and sharing of data and information; Downloadable computer software, downloadable mobile application software, and downloadable computer application software for mobile devices and computers, all for accessing, collecting, displaying, editing, linking, modifying, organizing, tagging, streaming, sharing, storing, transmitting text, images, audio, audio visual and video content and data; Downloadable computer software, downloadable mobile application software, and downloadable computer application software for mobile devices and computers, all for creating, editing, uploading, downloading, accessing, viewing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, interacting with, embedding, and sharing or otherwise providing electronic media, images, video, audio, audio-visual content, data, and information via the internet and communication networks; Downloadable computer software, downloadable mobile application software, and downloadable computer application software for mobile devices and computers, all for enabling transmission of images, audio, audio visual and video content and data; Downloadable computer software, downloadable mobile application software, and downloadable computer application software for mobile devices and computers, all for sending and receiving electronic messages, alerts, notifications and reminders; Downloadable computer software, downloadable mobile application software, and downloadable computer application software for mobile devices and computers, all for creating, accessing, browsing, and searching audio, video, and multimedia content, games, and software applications, and software application marketplaces; Downloadable application programming interface (API) software for use in developing AI (artificial intelligence) platforms, namely, bots, virtual agents and virtual assistants; Downloadable computer software, downloadable mobile application software, and downloadable computer application software for facilitating interaction and communication between humans and AI (artificial intelligence) platforms, namely, bots, virtual agents and virtual personal assistants; Downloadable software for facilitating interaction and communication between humans and AI (artificial intelligence) platforms; Downloadable computer software, downloadable mobile application software, and downloadable computer application software for mobile devices and computers, all for the artificial production of human-like speech and text; Downloadable computer chatbot software for simulating conversations; Downloadable computer software, downloadable mobile application software, and downloadable computer application software for mobile devices and computers, all for using artificial intelligence for use as a digital companion; Downloadable personal assistant software; Downloadable artificial intelligence personal assistant software for performing tasks or services on behalf of a user that is activated by user input, location awareness, and online information; Downloadable computer software, downloadable mobile application software, and downloadable computer application software for mobile devices and computers, all for machine-learning based language and speech processing software; Downloadable software for using artificial intelligence for machine learning; Downloadable computer software, downloadable mobile application software, and downloadable computer application software for mobile devices and computers, all for use in connection with language models; Downloadable software for using artificial intelligence for conversational query; Downloadable software for using artificial intelligence for speech or language recognition and translation; Downloadable software for using artificial intelligence for processing, generation, understanding and analysis of natural language into machine-executable commands; Downloadable computer virtual assistant software, downloadable mobile application virtual assistant software, and downloadable computer application virtual assistant software that can perform tasks or services on behalf of a user that is activated by user input, location awareness, and online information; Downloadable computer software, downloadable mobile application software, and downloadable computer application software for mobile devices and computers, all for natural language processing, generation, understanding and analysis; Downloadable computer software, downloadable mobile application software, and downloadable computer application software for mobile devices and computers, all for creating, generating and modifying images and videos from text commands; Downloadable computer software, downloadable mobile application software, and downloadable computer application software, all for creating and generating videos from text commands; Downloadable computer software, downloadable mobile application software, and downloadable computer application software for mobile devices and computers, all for creating and generating images from text commands; Downloadable computer software, downloadable mobile application software, and downloadable computer application software for mobile devices and computers, all for use in connection with large data models for the creation, generation and modification of images and videos from text commands; Downloadable computer software, downloadable mobile application software, and downloadable computer application software for mobile devices and computers, all for use in connection with large data models for the creation and generation of images from text commands; Downloadable computer software, downloadable mobile application software, and downloadable computer application software for mobile devices and computers, all for machine learning based image creation, generation, and modification from text commands; Downloadable artificial intelligence software for machine learning; Downloadable artificial intelligence software for visual perception; Downloadable artificial intelligence software for speech or language recognition and translation; Downloadable artificial intelligence software for decision-making; Downloadable artificial intelligence software for conversational query; Downloadable artificial intelligence software for converting natural language into machine-executable commands; Downloadable intelligent personal assistant software for performing tasks or services on behalf of a user that is activated by user input, location awareness, and online information; Downloadable computer software, downloadable mobile application software, and downloadable computer application software, all for creating and generating text; Downloadable computer programs and downloadable computer software for using language models; Downloadable computer software, downloadable mobile application software, and downloadable computer application software, all for sharing datasets for the purpose of machine learning; Downloadable computer software, downloadable mobile application software, and downloadable computer application software, all for predictive analytics; Downloadable artificial intelligence software, namely, machine learning software, visual perception software, speech or language recognition software, decision-making software, translation software, conversational query software, software for converting natural language into machine-executable commands, and digital assistant software;

Downloadable software for converting natural language into machine-executable commands; Downloadable software, namely, an interpretive software interface for facilitating interaction between humans and machines; Downloadable virtual assistant software that can perform tasks or services on behalf of a user that is activated by user input, location awareness, and online information; Downloadable software for facilitating machine learning; Downloadable computer software, namely, an interpretive interface for facilitating interaction between humans and machines; Downloadable computer software, downloadable mobile application software, and downloadable computer application software for mobile devices and computers, all for accessing, browsing and searching online databases; Downloadable computer software, downloadable mobile application software, and downloadable computer application software for mobile devices and computers, all for use in creating, managing, measuring, and disseminating advertising of others; Downloadable computer software for integrating electronic data with real world environments for the purposes of entertainment, education, gaming, communicating, and social networking; Downloadable computer software, downloadable mobile application software, and downloadable computer application software for mobile devices and computers, all for navigating virtual reality, augmented reality, and mixed reality environments; Downloadable computer software, downloadable mobile application software, and downloadable computer application software for mobile devices and computers, all for enabling users to experience virtual reality, augmented reality and mixed reality visualization, manipulation, and immersion; Downloadable computer software, downloadable mobile application software, and downloadable computer application software for mobile devices and computers, all for enabling electronic devices to share data and communicate with each other; Downloadable computer software, downloadable mobile application software, and downloadable computer application software for mobile devices and computers, all for streaming multimedia entertainment content, audio-visual content, video content, and associated text and data; Downloadable computer software, downloadable mobile application software, and downloadable computer application software for mobile devices and computers, all for modifying photographs, images and audio, video, and audio-visual content with photographic filters and virtual reality, mixed reality and augmented reality (AR) effects, namely, graphics, animations, text, drawings, geotags, metadata tags, hyperlinks; Downloadable voice command and recognition software; Downloadable computer software, downloadable mobile application software, and downloadable computer application software, all for building language models; Downloadable location-aware software for searching, determining and sharing locations; Virtual reality software; Downloadable virtual reality software; Augmented reality software; Downloadable augmented reality software; Mixed reality software; Downloadable mixed reality software; Computer software that gives users the ability to upload, edit, and share videos and audio-visual content; .

Class 35:
Providing online facilities for live streaming video of promotional events via a social networking platform; Providing online facilities for connecting sellers with buyers via a social networking platform; Promoting the goods and services of others via the internet and communication networks via a social networking platform; Promoting the goods and services of others by means of distributing advertising via the internet and communication networks via a social networking platform; Marketing, advertising and promotion services via a social networking platform; Business and advertising services, namely, managing, tracking, analyzing, reporting, measuring and optimizing electronic payment transaction data for others via a social networking platform; Business and advertising services, namely, advertising services for tracking advertising performance, for managing, distributing and serving advertising, for analyzing advertising data, for reporting advertising data, and for optimizing advertising performance via a social networking platform; Online advertising services; Design of advertising materials for others through generative artificial intelligence; Design of advertising materials for others through artificial intelligence; Promoting the goods and services of others by means of distributing advertising via the internet and communication networks; Preparing advertisements for others, namely, preparing video advertising and promotional videos with generative artificial intelligence for commercial use via the internet; Preparing advertisements for others, namely, preparing video advertising and promotional videos with artificial intelligence for commercial use via the internet.

Class 38:
Video sharing services, namely, electronic transmission of videos and audio visual content among internet users; Peer-to-peer video and data sharing services, namely, electronic transmission of digital video files, graphics and audio content among internet users; Providing access to interactive electronic and online databases of user-defined content, third-party content, photos, videos, audio, visual, and audio-visual material in the field of general interest; Providing an online forum for the dissemination of content, data, and information for entertainment and social and business networking purposes; Peer-to-peer photo and video sharing services, namely, electronic transmission of digital photos and videos among internet users; Providing online forums, namely, online forums in the field of organizing, creating, modifying, transmitting, storing, and sharing images, sounds and videos; Digital transmission services, namely, electronic transmission of data, messages, graphics, photographs, images, audio, video and audio-visual content; Providing an online forum, chat rooms and electronic bulletin boards for transmission of messages among users in the field of general interest.

Class 41:
Entertainment services, namely, providing access to interactive electronic and online databases of user-defined content, third-party content, video, audio, visual, and audiovisual material in the field of general interest; Video sharing services; Entertainment services, namely, providing interactive electronic and online databases featuring user-defined digital content, videos, and images for entertainment purposes; Entertainment services in the nature of development, creation, and publishing services for user-defined digital content, videos, and images for entertainment purposes; Electronic publishing services, namely, publishing text, user-defined digital content, videos, and images for others; Digital video, audio, and multimedia publishing services.

Class 42:
Computer software for use in taking, recording and editing videos; Providing online facilities that give users the ability to upload, modify and share videos; Computer software for viewing and interacting with a feed of videos, audio, audio-visual and video content and associated text and data; Providing on-line non-downloadable software and software as a service (SAAS) services featuring software for enabling users to modify their photos and videos and for adding special effects to

their photos and videos using generative artificial intelligence; Providing on-line non-downloadable software and software as a service (SAAS) services featuring software for enabling users to modify their photos and videos and for adding special effects to their photos and videos using artificial intelligence; Providing on-line non-downloadable software and software as a service (SAAS) services featuring software for using generative artificial intelligence to create, organize, and modify photos, videos, audio, text, and data; Providing on-line non-downloadable software and software as a service (SAAS) services featuring software for using artificial intelligence to create, organize, and modify photos, videos, audio, text, and data; Providing on-line non-downloadable software and software as a service (SAAS) services featuring software for using generative artificial intelligence for developing and creating advertising materials for others; Providing on-line non-downloadable software and software as a service (SAAS) services featuring software for using artificial intelligence for developing and creating advertising materials for others; Providing online non-downloadable software and software as a service (SAAS) services featuring software for social networking, creating a virtual community, and transmission of audio, video, images, text and data; Providing online facilities in the nature of online network environments featuring technology that enables online users to engage in social networking; Providing on-line non-downloadable software and software as a service (SAAS) services featuring software for uploading, downloading, sharing, or otherwise providing electronic media, videos, images, text, photos and user-generated content via the internet and other communication networks; Providing on-line non-downloadable software and software as a service (SAAS) services featuring software for multimedia content creation and social media content creation; Providing temporary use of online non-downloadable computer software and software as a service (SAAS) services featuring software for creating, modifying, sharing and enabling transmission of images, audio, audio visual and video content with special effects; Providing on-line non-downloadable software and software as a service (SAAS) services featuring software for modifying photographs, images and audio, video, and audio-visual content with photographic filters and virtual reality, mixed reality and augmented reality effects, namely, graphics, animations, text, and drawings; Providing temporary use of online non-downloadable computer software and software as a service (SAAS) services featuring software for the collection, organizing, modifying, transmission, storage and sharing of data and information; Providing online non-downloadable software, software as a service (SAAS) services, and platform as a service (PAAS) services featuring software for controlling, integrating, operating, connecting, and managing internet of things (IoT) enabled devices and voice controlled information devices, namely, cloud-connected and voice-controlled smart consumer electronic devices and electronic personal assistant devices; Providing online non-downloadable personal assistant software, software as a service (SAAS) services and platform as a service (PAAS) services featuring personal assistant software; Providing online non-downloadable software, software as a service (SAAS) services, and platform as a service (PAAS) services featuring software for mobile devices and computers, all for the artificial production of human-like speech and text; Providing online non-downloadable software, software as a service (SAAS) services, and platform as a service (PAAS) services featuring software, all for natural language processing, generation, understanding and analysis; Providing online non-downloadable software, software as a service (SAAS) services, and platform as a service (PAAS) services featuring computer chatbot software for simulating conversations; Providing online non-downloadable software, software as a service (SAAS) services, and platform as a service (PAAS) services featuring software for using artificial intelligence for processing, generation, understanding and analysis of natural language into machine executable commands; Providing online non-downloadable software, software as a service (SAAS) services, and platform as a service (PAAS) services featuring software for mobile devices and computers, all for using artificial intelligence for use as a digital companion; Providing online non-downloadable software and software as a service (SAAS) services featuring software for use in connection with language models; Providing online non-downloadable software and software as a service (SAAS) services featuring software for using artificial intelligence for image recognition; Research and development services in the field of artificial intelligence; Providing online non-downloadable software and software as a service (SAAS) services featuring software for use in connection with accessing, browsing and searching online databases; Providing a website featuring information in the fields of technology and software development via the internet and communication networks; Providing temporary use of online non-downloadable software tools for software development; Computer services, namely, creating virtual communities for registered users to organize groups and events, participate in discussions, and engage in social, business and community networking; Computer services, namely, hosting electronic facilities for others for organizing and conducting meetings, events and interactive discussions via communication networks; Providing a website featuring information in the field of artificial intelligence; Providing temporary use of non-downloadable software applications in the field of artificial intelligence; Providing online non-downloadable software, software as a service (SAAS) services, and platform as a service (PAAS) services featuring software for use in developing AI (artificial intelligence) platforms, namely, bots, virtual agents and virtual assistants; Providing online non-downloadable software, software as a service (SAAS) services featuring software, and platform as a service (PAAS) services featuring computer software platforms, all for creating, generating, and modifying images and videos from text commands; Providing online non-downloadable software, software as a service (SAAS) services featuring software, and platform as a service (PAAS) services featuring computer software platforms, all for use in connection with language data models for the creation, generation, and modification of images and videos from text commands; Providing online non-downloadable software, software as a service (SAAS) services featuring software, and platform as a service (PAAS) services featuring computer software platforms, all in the field of artificial intelligence, namely, software for building conversational query systems and digital assistants using artificial intelligence; Providing online non-downloadable software, software as a service (SAAS) services featuring software, and platform as a service (PAAS) services featuring computer software platforms, all for establishing an interpretive interface for facilitating interaction between humans and machines; Providing online non-downloadable software tools for software development; Providing online non-downloadable software, software as a service (SAAS) services featuring software, and platform as a service (PAAS) services featuring computer software platforms, all in the nature of a query engine; Providing online non-downloadable software, software as a service (SAAS) services featuring software,

and platform as a service (PAAS) services featuring computer software platforms, all using artificial intelligence for machine learning; Providing online non-downloadable software, software as a service (SAAS) services featuring software, and platform as a service (PAAS) services featuring computer software platforms, all using artificial intelligence for visual perception; Providing online non-downloadable software, software as a service (SAAS) services featuring software, and platform as a service (PAAS) services featuring computer software platforms, all using artificial intelligence for decision-making; Providing online non-downloadable software, software as a service (SAAS) services featuring software, and platform as a service (PAAS) services featuring computer software platforms, all using artificial intelligence for converting natural language into machine-executable commands; Providing online non-downloadable software, software as a service (SAAS) services featuring software, and platform as a service (PAAS) services featuring computer software platforms, all for the artificial production of human speech and text; Providing online non-downloadable software, software as a service (SAAS) services featuring software, and platform as a service (PAAS) services featuring computer software platforms, all for machine-learning based language and speech processing software; Providing online non-downloadable software, software as a service (SAAS) services featuring software, and platform as a service (PAAS) services featuring computer software platforms, all for creating and generating text; Providing online non-downloadable software, software as a service (SAAS) services featuring software, and platform as a service (PAAS) services featuring computer software platforms, all for computer system and application development, deployment, and management; Providing online non-downloadable software, software as a service (SAAS) services featuring software, and platform as a service (PAAS) services featuring computer software platforms, all for sharing datasets for the purpose of machine learning; Providing online non-downloadable software, software as a service (SAAS) services featuring software, and platform as a service (PAAS) services featuring computer software platforms, all for predictive analytics; Providing online non-downloadable software and software as a service (SAAS) services featuring software, all for building user interfaces; Providing online non-downloadable software and software as a service (SAAS) services featuring software, all for customizing personal and group profiles or webpages featuring user-defined or specified information, including, audio, video, images, text, content, and data; Providing online non-downloadable software, software as a service (SAAS) services featuring software, and platform as a service (PAAS) services featuring computer software platforms, all for social networking, managing social networking content, and creating a virtual community; Providing online non-downloadable software and software as a service (SAAS) services, all for creating and managing social media profiles and user accounts; Providing online non-downloadable computer software and software as a service (SAAS) services featuring software, and platform as a service (PAAS) services featuring computer software platforms, all for accessing, collecting, displaying, editing, linking, modifying, organizing, tagging, streaming, sharing, storing, transmitting text, images, audio, audio visual and video content and data; Providing online non-downloadable software and software as a service (SAAS) services, all for creating, editing, uploading, downloading, accessing, viewing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, interacting with, embedding, transmitting, and sharing or otherwise providing electronic media, images, video, audio, audio-visual content, data, and information via the internet and communication networks; Providing online non-downloadable software and software as a service (SAAS) services featuring software, all for use in facilitating voice over internet protocol (VOIP) calls, phone calls, video calls, text messages, electronic message, instant message, and online social networking services; Providing online non-downloadable software and software as a service (SAAS) services, all for searching, determining, and sharing locations; Providing online non-downloadable location-aware computer software for searching, determining and sharing the location of goods, services and events of interest; Providing online non-downloadable software for organizing events, searching for events, calendaring and managing events; Providing online non-downloadable software and software as a service (SAAS) services featuring software, all for accessing, browsing, and searching online databases, audio, video and multimedia content, games, and software applications, software application marketplaces; Providing online non-downloadable software and software as a service (SAAS) services, all for finding content and content publishers, and for subscribing to content; Providing online non-downloadable software, software as a service (SAAS) services featuring software, and platform as a service (PAAS) services featuring computer software platforms, all for use in designing, managing, measuring, analyzing, purchasing, disseminating, and serving advertising; Providing online non-downloadable computer software and software as a service (SAAS) services featuring software, all for ordering and/or purchasing goods and services; Providing online non-downloadable computer software for use in providing retail and ordering services for a wide variety of consumer goods; Providing online non-downloadable software, software as a service (SAAS) services featuring software, and platform as a service (PAAS) services featuring computer software platforms, all for allowing users to perform e-commerce transactions via the internet and communications networks; Providing user authentication services using single sign-on technology for e-commerce transactions; Providing online non-downloadable software and software as a service (SAAS) services featuring software, all for processing electronic payments; Providing online non-downloadable software and software as a service (SAAS) featuring software that enables online users to make payments and transfer funds; Providing online non-downloadable software and platform as a service (PAAS) services featuring computer software platforms, all for home automation and home device integration software; Providing online non-downloadable mobile communications device software for enhancing mobile access to the internet via computers, mobile computers, and mobile communications devices; Providing online non-downloadable software and software as a service (SAAS) services featuring software, all for providing, hosting, managing, developing, and maintaining applications, software, websites, and databases in the fields of wireless communication, mobile information access, and remote data management for wireless delivery of content to handheld computers, laptops and mobile electronic devices; Providing online non-downloadable software and software as a service (SAAS) services featuring software, all for setting up, configuring, operating and controlling mobile devices, wearable devices, mobile phones, computers, and computer peripherals; Providing online non-downloadable computer software and software as a service (SAAS) services featuring software, all for sharing and displaying a user's location, planning activities with other users and making recommendations; Providing online

non-downloadable software for encrypting and enabling secure transmission of digital information over the internet, as well as over other modes of communication between computing devices; Providing online non-downloadable software, software as a service (SAAS) services featuring software, and platform as a service (PAAS) services featuring computer software platforms, all using artificial intelligence for speech or language recognition and translation; Providing online non-downloadable software, software as a service (SAAS) services featuring software, and platform as a service (PAAS) services featuring computer software platforms, all using artificial intelligence for conversational query; Providing online non-downloadable chatbot software for simulating conversations; Providing online non-downloadable intelligent personal assistant software for performing tasks or services on behalf of a user that is activated by user input, location awareness, and online information; Computer programming; Mapping services; Electronic data storage; Data encryption services; Research services and consulting in the field of information and telecommunications technology; Artificial intelligence as a service (AIAAS) featuring software using artificial intelligence for analyzing data and interacting with humans; Artificial intelligence as a service (AIAAS) services featuring software using artificial intelligence (AI) facial and speech recognition; Artificial intelligence as a service (AIAAS) services featuring software using artificial intelligence for designing custom algorithms for use in digital advertising; Artificial intelligence as a service (AIAAS) services featuring software using artificial intelligence for business analytics; Artificial intelligence as a service (AIAAS) services featuring software using artificial intelligence for data analytics; Artificial intelligence as a service (AIAAS) services featuring software using artificial intelligence for developing data science models; Artificial intelligence as a service (AIAAS) services featuring software using artificial intelligence for creating and integrating computer models; Artificial intelligence as a service (AIAAS) featuring software using artificial intelligence for database management; Artificial intelligence as a service (AIAAS) services featuring software using artificial intelligence for creating complex data science analyses; Artificial intelligence as a service (AIAAS) services featuring software using artificial intelligence for data exploration; Artificial intelligence as a service (AIAAS) services featuring software using artificial intelligence for data assessment; Artificial intelligence as a service (AIAAS) featuring software using artificial intelligence for writing custom algorithms and implementing algorithms into dataflows.

Class 45:

Brass Castle

Class 32:
Beer; ale; lager; stout; porter; pale ale; bitter; craft beer; low-alcohol beer; non-alcoholic beer; alcohol-free beer; de-alcoholised beer; flavoured beer; beer-based beverages.

Class 43:
Bar services; beer bar services, pub services, restaurant services, provision of food and drink; catering services.

Brass Castle Brewery

UK00004426367 05 August 2026
(1, 2, 3, 4, 6, 7, 8, 9, 11, 16, 17, 19, 20, 21, 22, 24, 35, 37, 39, 41, 45)

Class 1:
Chemicals for use in plumbing and sanitary apparatus and installations; sealants; fluxes; fillers; de-icers; adhesives; freezing sprays; chemical sprays to detect gas leaks; putties; waterproofing preparations; water softening preparations; spirits; heating system protection chemicals; de-scaling preparations; parts, accessories and fittings for all the aforesaid goods.

Class 2:
Paint; primers; thermal primers for heating installations; primer thinners; anti-corrosive preparations; parts, accessories and fittings for all the aforesaid goods.

Class 3:
Abrasives; sandpaper; glasspaper; cleaning preparations; bleach; detergents; polishes; hand cleaners.

Class 4:

Cutting compounds; Industrial oils and greases; fuels; solid fuels; non-soluble cutting oils; soluble cutting oils; lubricants; parts, accessories and fittings for all the aforesaid goods.

Class 6:
Building materials and/or building elements made wholly or principally of common metal; pipes; tubes; ducts; hoses made of metal; couplings made of metal; coils; joints; joint rings made of metal; brackets and/or hinges; fixings; screws; nails; compression fittings, bolts; staples for use in construction and/or DIY projects; flanges; flues made of metal for use in buildings; grommets; fasteners; connectors; ironmongery and small items of metal hardware; valves of metal; valve slides and valve flaps of metal; radiator valve fittings (made of metal); manually operated valves; taps; cocks; drain taps; solder wire; pressure gauge cocks; trunking; drainage apparatus; drainage channels and/or pipes; knobs; hooks; handles; parts, accessories and fittings for all the aforesaid goods.

Class 7:
Valves; valve slides and valve flaps; valves being parts of machine tools; hydraulic valves; pneumatic valves; valve closure mechanisms; valves to control flow, pressure, temperature and liquid level; pressure regulators, controllers and reducers; pumps; filters; strainers; control units, apparatus and mechanisms (hydraulic, manually and/or mechanically controlled); condensate sets; sealed system pressurisation units; steam and air traps; injectors; ejectors; waste disposal units; power tools; cordless and mains powered tools; hand held tools; machine tools; machines for cutting, shaping; machines used for sawing, sanding, grinding, sharpening, mixing, planing, milling or turning; generators; compressors; drills; drill presses; hammers; saws; knives as parts of machines; blowing and vacuum suction machines; dust extracting machines for industrial use; painting machines; saws; circulating pumps; washer dryers; parts, accessories and fittings for all the aforesaid goods.

Class 8:
Hand tools and/or implements; drain rods; wrenches; tap wrenches; prop bars; mallets; hammers; saws; hacksaws; drills; drill bits; pliers; blades for hand tools; knives; screwdrivers; wire brushes; chisels; pipe and/or tube cutters; pipe and/or tube benders; routers; scrapers decorator's knives and/or scrapers; trowels; plastering tools; hand operated jacks; bolt cutters; picks; shredders; garden tools and/or implements; parts, accessories and fittings for all the aforesaid goods.

Class 9:
Apparatus and instruments for controlling, detection, measuring, charging, indicating, timing, switching, transforming, inspection, sensing, checking (supervision), signalling, monitoring, accumulating, adjusting or regulating; controls for central heating systems; thermostats; meters and gauges; thermometers; pressure indicator plugs; test plugs; digital pressurisation units; water meters; electric control valves; metering pumps; electric timers and sensors; cables, wires and switches for heating apparatus and installations; metering pumps; fire reels, fire hoses, and measuring hoses; air quality sensors; smoke detectors; humidity meters; temperature control apparatus; CO2 sensors; ventilation control apparatus; electrical and electronic components; electrical cables and wires; consumer units; distribution boards; circuit breakers; switches; time switches; contactors being a relay for switching an electrical circuit on and off; relays; transformers; disconnectors being a disconnecting device that isolates either a part of the circuit or whole of an electrical circuit; isolators; electrical supply sockets; communication and data sockets; water and dust protected sockets; electrical plugs and connectors; cable and cord outlets; electrical switches; key and card operated electrical switches; water and dust protected switches; fuse holders and fuses; junction boxes; mounting boxes; enclosures for electrical installations; mounting plates; blanking plates being safety covers used for covering electrical sockets or switches; conduit for electrical installations; heat resistant sleeving; indicator lights; movement sensors; distribution transformers, amplifiers, boards, boxes, consoles, blocks and panels; fire alarms; fire detectors and sensors; smoke alarms; smoke detectors and sensors; security alarms, security cameras; security warning apparatus; security control apparatus; access security apparatus; electrical wiring installations; cable management apparatus including cable covers, boxes, couplings, connectors and conduits; dimmer switches; controlled devices and software for HVAC; smart devices for controlling temperature; computer software relating to the supply of information in relation to plumbing and heating apparatus and products and their spare parts, including information on retail information (price and retail location) relating to said spare parts; application software; downloadable software applications [apps]; downloadable electronic publications, audio and visual files all in the field of plumbing and heating; thermostatically controlled valves; electric car chargers; parts, accessories and fittings for all the aforesaid goods.

Class 11:
Apparatus, installations and instruments for lighting, plumbing, heating, steam generating, cooking, ventilating, refrigerating, drying, water supply, flow and distribution, steam lines, air-conditioning, cooling and sanitary purposes; bathroom installations; bathroom fittings; bathroom plumbing fixtures; sanitary ware; sanitary installations; fittings for sanitary purposes; kitchen fittings; kitchen plumbing fixtures; heating installations; boilers; pipes for heating boilers; heating, ventilation and air conditioning systems; central heating apparatus; air vents; plumbing fixtures; plumbing fittings; overflow systems; taps; tap conversion kits comprising heads for taps and washers for taps; torches; boilers and/or flues; water and/or immersion heaters; radiators; fan convectors; heated towel rails; water conditioning apparatus and/or installations; valves being parts of heating, plumbing or sanitary installations; heating controls; heat exchangers; heat pumps; fireplaces; hearths; plumbing fixtures and/or fittings; sanitary ware; baths; bidets; showers; shower enclosures and/or trays; toilets; toilet seats; cisterns; tanks; compression fittings; cookers; cooker hoods; hobs; microwave ovens; ranges; fridges; water purification units; water softeners; lighting; light bulbs/tubes; barbecues; wallpaper steamers; dehumidifiers; shower enclosures; showers; stainless steel sink tops; valves being thermostatic radiator valves, water control valves for faucets and taps, shower mixing valves, level controlling valves in tanks; temperature monitoring valves for central heating radiators; safety valves, stop valves, pressure relief valves, automatic valves, water inlet valves, water outlet valves, wet and dry riser valves; mixing valves; stop cocks; Solar thermal collectors; thermal storage apparatus for heating; thermal storage instruments for heating; solar-energy-powered heating installations; under-floor heating; floor heating apparatus; heat guns; parts, accessories and fittings for all the aforesaid goods.

Class 16:

Paint brushes/rollers and/or trays; Printed matter; stationery; printed publications; printed marketing and printed instruction manuals.

Class 17:
Packing, stopping and/or insulating materials; insulating materials for use in walls or floors; insulating paint; draft excluders; weatherstrips; rolls, batts, slabs and/or pipe insulation; sound, heat or fire insulation products; chemicals, compounds and sealants for heating systems; pressure hoses; adhesive tape; flexible pipes, tubes and hoses, not of metal; valves of India rubber or vulcanised fibre; pipe joint sealants; pipe thread tapes for sealing; pipe sealing compositions; pipe jointing compounds; liquid pipe seals; jointing compounds; anti-corrosion tape; antivibration or corrosion tape; gaskets; gasket sealers; gasket materials and sealing gaskets; non-metallic pipe connections; non-metallic mountings; noise suppression strips (rubber); parts, accessories and fittings for all the aforesaid goods.

Class 19:
Building materials not of metal; tiles; wall tiles; floor tiles; ceramic, earthenware, wood effect, glass, mosaic, stone, marble and/or porcelain tiles; grout; grouting materials and preparations; screed for flooring; flooring materials (non-metallic); gutters, guttering; brackets and connectors for guttering; gutter outlets; fillers for preparing walls; plastic pipes and fittings for plumbing purposes; water pipe valves; PVC pipes and fittings; non-metallic pipe connections; non-metallic mountings; wood blocks for use with hangers (pipe support systems); parts, accessories and fittings for all the aforesaid goods.

Class 20:
Wood screws; grommets; trunking; bathroom furniture; kitchen furniture; mirrors; shelving; pipe support systems of plastic; valves not of metal for water pipes and valves, not of metal; other than parts of machines; screws, not of metal; water (storage) tanks (non-metallic) [containers]; liquid containers (non-metallic) [other than for household or kitchen use]; parts, accessories and fittings for all the aforesaid goods.

Class 21:
Sponges; brushes; stockinette being a roll of highly absorbent material used for polishing or wiping; scrim being glass fibre mesh material; steel wool; bathroom utensils and/or containers; household utensils and/or containers; towel rails; towel holders; soap holders; lavatory paper holders and dispensers; tumbler holders; lavatory brush holders; lavatory brushes; basins; parts, accessories and fittings for all the aforesaid goods.

Class 22:
Tarpaulin; protection sheeting; Dust sheets; drop cloths; dressed hemp.

Class 24:
Shower curtains of textile or plastic; cloths.

Class 35:
Retail, online retail, wholesale and mail order services connected with the sale of chemicals for use in plumbing and sanitary apparatus and installations, sealants, fluxes, adhesives, adhesives for affixing tiles, cements for affixing floor and wall tiles, preservatives for tiles, sealants for tiles, fillers, putties, waterproofing preparations, water softening preparations, spirits, heating system protection chemicals, de-scaling preparations; Retail, online retail, wholesale and mail order services connected with the sale of paint, primers, thermal primers for heating installations, primer thinners, anti-corrosive preparations; Retail, online retail, wholesale and mail order services connected with the sale of abrasives, sandpaper, glasspaper namely abrasive paper coated in granules of glass, cleaning preparations, bleach, detergents, polishes, hand cleaners; Retail, online retail, wholesale and mail order services connected with the sale of cutting compounds, industrial oils and greases, fuels, solid fuels, non-soluble cutting oils, soluble cutting oils, lubricants; Retail, online retail, wholesale and mail order services connected with the sale of building materials and/or building elements made wholly or principally of common metal, pipes, tubes, ducts, hoses couplings, coils, joints, joint rings, brackets and/or hinges, fixings, screws, nails, compression fittings, bolts, staples for use in construction and/or DIY projects; Retail, online retail, wholesale and mail order services connected with the sale of flanges, flues, grommets, fasteners, connectors, ironmongery and small items of metal hardware, valve slides and valve flaps, radiator valve fittings, manually operated valves, drain taps, solder wire, pressure gauge cocks, trunking, tool boxes, drainage apparatus, drainage channels and/or pipes, knobs, hooks, handles; Retail, online retail, wholesale and mail order services connected with the sale of valves, valves being parts of machine tools, hydraulic valves, pneumatic valves, valve closure mechanisms, valves to control flow, pressure, temperature and liquid level, pressure regulators, controllers and reducers, pumps, filters, strainers, control units, apparatus and mechanisms (hydraulic, manually and/or mechanically controlled); Retail, online retail, wholesale and mail order services connected with the sale of condensate sets, sealed system pressurisation units, steam and air traps, injectors, ejectors, waste disposal units, power tools, cordless and mains powered tools, hand held tools, machine tools, machines for cutting, shaping, machines used for sawing, sanding, grinding, sharpening, mixing, planing, milling and/or turning, generators, compressors, power drills, drill presses, hammers, saws, knives as parts of machines, blowing and vacuum suction machines, dust extracting machines for industrial use, painting machines, circulating pumps, washer dryers; Retail, online retail, wholesale and mail order services connected with the sale of hand tools and/or implements, drain rods, wrenches, tap wrenches, prop bars, mallets, hammers, hacksaws, drills, drill bits, pliers, blades for hand tools, knives, screwdrivers, wire brushes, chisels, pipe and/or tube cutters, pipe and/or tube benders, routers, scrapers decorator's knives and/or scrapers, trowels, plastering tools, hand operated jacks, bolt cutters, picks, shredders, garden tools and/or implements, garden trolleys; Retail, online retail, wholesale and mail order services connected with the sale of apparatus and instruments for controlling, detection, measuring, charging, indicating, timing, switching, transforming, inspection, sensing, checking (supervision), signalling, monitoring, accumulating, adjusting or regulating, controls for central heating systems, thermostats, meters and gauges, thermometers, pressure indicator plugs, test plugs, digital pressurisation units, water meters, electric control valves, metering pumps, electric timers and sensors, cables, wires and switches for heating apparatus and installations, metering pumps, fire reels, fire hoses, and measuring hoses; Retail, online retail, wholesale and mail order services connected with the sale of air quality sensors, smoke detectors, humidity meters, temperature control apparatus, CO2 sensors, ventilation control apparatus, electrical and electronic components, electrical cables and wires, consumer units, distribution boards, circuit breakers, switches, time switches, contactors being a relay for switching an electrical circuit on and off, relays, transformers, disconnectors being a disconnecting device that isolates either a part of the

circuit or whole of an electrical circuit, isolators, electrical supply sockets, communication and data sockets, water and dust protected sockets; Retail, online retail, wholesale and mail order services connected with the sale of electrical plugs and connectors, cable and cord outlets, electrical switches, key and card operated electrical switches, water and dust protected switches, fuse holders and fuses, junction boxes, mounting boxes, enclosures for electrical installations, mounting plates, blanking plates being safety covers used for covering electrical sockets or switches, conduit for electrical installations, heat resistant sleeving, indicator lights, movement sensors, distribution transformers, amplifiers, boards, boxes, consoles, blocks and panels, fire alarms, fire detectors and sensors, smoke alarms, smoke detectors and sensors; Retail, online retail, wholesale and mail order services connected with the sale of security alarms, security cameras, security warning apparatus, security control apparatus, access security apparatus, electrical wiring installations, cable management apparatus, cable covers, boxes, couplings, connectors and conduits, dimmer switches, controlled devices and software for HVAC, smart devices for controlling temperature, computer software relating to the supply of information in relation to plumbing and heating apparatus and products and their spare parts, including information on retail information (price and retail location) relating to said spare parts, application software, downloadable software applications [apps], downloadable electronic publications, audio and visual files all in the field of plumbing and heating, thermostatically controlled valves, electric car chargers; Retail, online retail, wholesale and mail order services connected with apparatus, installations and instruments for lighting, plumbing, heating, steam generating, cooking, ventilating, refrigerating, drying, water supply, flow and distribution, steam lines, air-conditioning, cooling and sanitary purposes, bathroom installations, bathroom fittings, bathroom plumbing fixtures, sanitary ware, sanitary installations, fittings for sanitary purposes, kitchen fittings, kitchen plumbing fixtures; Retail, online retail, wholesale and mail order services connected with boilers, pipes for heating boilers, air conditioning systems, central heating apparatus, air vents, plumbing fixtures, plumbing fittings, overflow systems, taps, tap conversion kits comprising heads for taps and washers for taps, torches, boilers and/or flues, water and/or immersion heaters, radiators, fan convectors, heated towel rails, water conditioning apparatus and/or installations, valves being parts of heating, plumbing or sanitary installations, heating controls, heat exchangers, heat pumps; Retail, online retail, wholesale and mail order services connected with fireplaces, hearths, baths, bidets, showers, shower enclosures and/or trays, toilets, toilet seats, cisterns, tanks, cookers, cooker hoods, hobs, microwave ovens, ranges, fridges, water purification units, water softeners, lighting, light bulbs/tubes, barbecues, wallpaper steamers, dehumidifiers, stainless steel sink tops; Retail, online retail, wholesale and mail order services connected with thermostatic radiator valves, water control valves for faucets and taps, shower mixing valves, level controlling valves in tanks, temperature monitoring valves for central heating radiators, safety valves, stop valves, pressure relief valves, automatic valves, water inlet valves, water outlet valves, wet and dry riser valves, mixing valves, stop cocks, Solar thermal collectors, thermal storage apparatus for heating, thermal storage instruments for heating, solar-energy-powered heating installations, under-floor heating, floor heating apparatus, heat guns; Retail, online retail, wholesale and mail order services connected with paint brushes, paint rollers and paint trays, Printed matter, stationery, printed publications, printed marketing and PR material, printed instruction manuals; Retail, online retail, wholesale and mail order services connected with packing, stopping and/or insulating materials, insulating materials for use in walls or floors, draft excluders, weatherstrips, rolls, batts, slabs and/or pipe insulation, sound, heat or fire insulation products, chemicals, compounds and sealants for heating systems, pressure hoses, adhesive tape, flexible pipes, tubes and hoses, not of metal, valves of India rubber or vulcanised fibre, pipe joint sealants, pipe thread tapes for sealing, pipe sealing compositions, pipe jointing compounds, liquid pipe seals, jointing compounds, anti-corrosion tape, anti-vibration or corrosion tape, gaskets, gasket sealers, gasket materials and sealing gaskets, pipe connections, mountings, noise suppression strips (rubber), insulating paint, gaskets; Retail, online retail, wholesale and mail order services connected with building materials not of metal, tiles, wall tiles, floor tiles, ceramic, earthenware, wood effect, glass, mosaic, stone, marble and/or porcelain tiles, grout, grouting materials and preparations, screed for flooring, flooring, gutters, guttering, brackets and connectors for guttering, gutter outlets, fillers for preparing walls, pipes and fittings for plumbing purposes, water pipe valves, wood blocks for use with hangers (pipe support systems); Retail, online retail, wholesale and mail order services connected with wood screws, grommets, trunking, bathroom furniture, kitchen furniture, mirrors, shelving, pipe support systems, valves for water pipes and valves, water (storage) tanks, liquid containers; Retail, online retail, wholesale and mail order services connected with sponges, brushes, stockinette being a roll of highly absorbent material used for polishing or wiping, scrim being glass fibre mesh material, steel wool, bathroom utensils and/or containers, household utensils and/or containers, towel rails, towel holders, soap holders, lavatory paper holders and dispensers, tumbler holders, lavatory brush holders, lavatory brushes, basins; Retail, online retail, wholesale and mail order services connected with tarpaulin, protection sheeting, dust sheets, drop cloths, dressed hemp; Retail, online retail, wholesale and mail order services connected with shower curtains, cloths; Retail, online retail, wholesale and mail order services connected with the sale of parts, accessories and fittings for all of the aforesaid goods. .

Class 37:
Installation, maintenance and repair and after sales services relating to plumbing, lighting, heating, steam generating, cooking, ventilating, refrigerating, drying, water supply, flow and distribution, steam lines, air-conditioning, energy, renewable energy, cooling and sanitary apparatus, installations or systems; building and construction project management services.

Class 39:
Provision of storage; packaging services; transportation services; delivery services; distribution of energy systems; distribution services relating to renewable energy systems; storage of energy and fuels; information and advisory services in relation to the distribution of energy.

Class 41:
Provision of training and education services on the topics of lighting, plumbing, heating, steam generating, cooking, ventilating, refrigerating, drying, water supply, flow and distribution energy and renewal energy, steam lines, air-conditioning, cooling and sanitary installations; publication of electronic texts, blogs, books, reports, textbooks, brochures, magazines, journals and newspapers, all being downloadable from an on-line database or from a global computer network.

Class 45:

Provision of information and advice in relation to building regulations.

Rings [trinket]; Platinum rings; Body-piercing rings; Friendship rings; Key rings; Key rings [split rings with trinket or decorative fob]; Gold plated rings; Charms for key rings; Ring bands [jewellery]; Rings of precious metal; Non-metal key rings; Key rings of leather; Leather key rings; Decorative key rings; Split rings of precious metal for keys; Retractable key rings; Key rings, not of metal; Key rings [trinkets or fobs]; Rings [jewellery] made of precious metal; LED finger ring watches; Key rings of precious metal; Retractable key rings [trinkets or fobs]; Rings [jewellery] made of non-precious metal; Rings coated with precious metals; Bracelet charms; Bangle bracelets; Bracelets; Bead bracelets; Silver-plated bracelets; Necklace charms; Ankle bracelets; Bracelets for watches; Watch bracelets; Silver bracelets; Identification bracelets [jewelry]; Gold bracelets; Choker necklaces; Wooden bead bracelets; Jewellery rope chain for bracelets; Friendship bracelets; Flexible wire bands for wear as a bracelet; Necklaces; Plastic bracelets in the nature of jewelry; Identification bracelets of precious metal [jewelry]; Bracelets and watches combined; Pendant watches; Gold plated bracelets; Silver-plated necklaces; Charity bracelets; Bracelets [charity]; Earrings; Bib necklaces; Bracelets made of embroidered textile [jewelry]; Gold-plated necklaces; Silver necklaces; Silver-plated earrings; Bracelets of precious metal; Gold necklaces; Bracelets made of embroidered textile [jewellery]; Jewellery rope chain for anklets; Bracelets made of rubber or silicone with pattern or message; Metal expanding watch bracelets; Scarf clips being jewelry; Silver earrings; Wrist straps for watches; Straps for wrist watches; Gold earrings; Jewelry clips for adapting pierced earrings to clip-on earrings; Bangles; Gold-plated earrings; Jewel pendants; Clip earrings; Wrist watches; Pendants; Pendants for watch chains; Silver thread [jewelry]; Wristlet watches; Beads for making jewelry; Gold plated earrings; Pins being jewelry; Pins [jewelry]; Shoe jewelry; Hat jewelry; Gold thread jewelry; Gold thread [jewelry]; Jewelry hat pins; Hoop earrings; Platinum jewelry; Necklaces of precious metal; Closures for necklaces; Rhinestones for making jewelry; Earrings of precious metal; Watch clasps; Straps for wristwatches; Watchbands; Costume jewelry; Jewelry chains; Chains [jewelry]; Drop earrings; Cabochons for making jewelry; Crucifixes as jewelry; Jewelry hatpins; Ivory jewelry; Jewellery hat pins.

Class 25:
Clothing; Knitwear [clothing]; Jackets [clothing]; Ready-to-wear clothing; Woolen clothing; Furs [clothing]; Garments for

protecting clothing; Layettes [clothing]; Clothing layettes; Linen clothing; Headbands [clothing]; Headbands for clothing; Gloves [clothing]; Gloves as clothing; Clothes; Aprons [clothing]; Maternity clothing; Kerchiefs [clothing]; Jerseys [clothing]; Denims [clothing]; Shorts [clothing]; Cashmere clothing; Capes (clothing); Oilskins [clothing]; Gabardines [clothing]; Leather clothing; Clothing of leather; Leather (Clothing of -); Silk clothing; Parts of clothing, footwear and headgear; Collars [clothing]; Knitted clothing; Veils [clothing]; Hoods [clothing]; Windproof clothing; Corsets [clothing, foundation garments]; Embroidered clothing; Wristbands [clothing]; Belts [clothing]; Belts for clothing; Bandeaux [clothing]; Rainproof clothing; Waterproof clothing; Visors [clothing]; Casual clothing; Jackets being sports clothing; Jackets (Stuff -) [clothing]; Stuff jackets [clothing]; Playsuits [clothing]; Bottoms [clothing]; Clothing for leisure wear; Ready-made clothing; Latex clothing; Trunks being clothing; Woven clothing; Drawers [clothing]; Drawers as clothing; Infant clothing; Leisure clothing; Clothing for sports; Sports clothing; Ties [clothing]; Athletic clothing; Clothing for children; Muffs [clothing]; Bodies [clothing]; Clothing for babies; Clothing for infants; Tops [clothing]; Weatherproof clothing; Clothing for cycling; Triathlon clothing; Fabric belts [clothing]; Pockets for clothing; Water-resistant clothing; Handwarmers [clothing]; Clothing for skiing; Beach clothing; Chaps (clothing); Thermal clothing; Cowls [clothing]; Men's clothing; Fishing clothing; Braces for clothing; Mitts [clothing]; Dance clothing; Hoodies; Hooded sweatshirts; Turtleneck shirts; Sweatshirts; Sweatpants; Hooded sweat shirts; Short-sleeved T-shirts; Fleece shorts; Hooded pullovers; Turtleneck pullovers; Turtleneck sweaters; Long-sleeved shirts; Mock turtleneck shirts; V-neck sweaters; Short-sleeved shirts; Beanie hats; Knit shirts; Short-sleeve shirts; Fleece pullovers; Fleece jackets; Corduroy shirts; Camouflage shirts; Fleece vests; T-shirts; Sleeveless pullovers; Sleeveless jackets; Leggings [trousers]; Mock turtleneck sweaters; Knit jackets; Camouflage pants; Beanies; Bib shorts; Sleeveless jerseys; Sleeved jackets; Sweatshorts; Dress shirts; Corduroy pants; Denim pants; Bib tights; Shirts; Collared shirts; Men's dress socks; Nappy pants [clothing]; Button-front aloha shirts; Polar fleece jackets; Open-necked shirts; Quilted jackets [clothing]; Dress pants; Moisture-wicking sports pants; Denim jackets; Hooded bathrobes; Boy shorts [underwear]; Moisture-wicking sports shirts; Weatherproof pants; Shirt fronts; Camouflage jackets; Men's and women's jackets, coats, trousers, vests; Casual shirts; Sweat shirts; Pants; Trousers shorts; Turtleneck tops; Jeans; Snowboard trousers; Vest tops; Blue jeans; Hooded tops; Fingerless gloves as clothing; Bib overalls for hunting; Jogging pants; Romper suits; Woven shirts; Fleece tops; Denim jeans; Corduroy trousers; Shirt yokes; Yokes (Shirt -); Chino pants; Printed t-shirts; Camouflage vests; Sweaters; Gloves for apparel; Tracksuit tops; Knitted underwear; Camouflage gloves; Shirts for suits; Snowboard jackets; Polo sweaters; Sweat pants; Pajamas; Long sleeve pullovers; Blouson jackets; Gym shorts; Yoga shirts; Jacket liners; Capri pants; Plush clothing; Crew neck sweaters; Polo shirts; Sport shirts; Sleep shirts; Men's underwear; Leather pants; Babies' pants [clothing]; Sports shirts with short sleeves; Windproof jackets; Padded shirts for athletic use; Waterproof pants; Fur jackets; Shorts; Snow pants; Sweat shorts; Overshirts; Night shirts; Tee-shirts; Pique shirts; Maternity leggings; Padded jackets; Sheepskin jackets; Suede jackets; Baby pants; Pullovers; Shirts and slips; Maternity shirts; Rugby shirts; Football shirts; Aloha shirts; Soccer shirts; Golf shirts; Ramie shirts; Tennis shirts; Fishing shirts; Under shirts; Button down shirts; Hunting shirts; Sports shirts; Trousers; Babies' pants [underwear]; American football shirts; Maternity pants; Golf trousers; Casual trousers; Trouser socks; Trousers for sweating; Maternity shorts; Slacks; Pirate pants; Warm-up pants; Undershirts; Dress shoes; Skirt suits; Khakis; Rugby shorts; Polo knit tops; Overalls; Tracksuit bottoms; Cycling pants; Underwear; Nurse pants; Golf shorts; Short overcoat for kimono (haori); Trousers of leather; Jackets; Leather jackets; Rainproof jackets; Bomber jackets; Waterproof jackets; Motorcycle jackets; Wind-resistant jackets; Weatherproof jackets; Shell jackets; Reversible jackets; Ski jackets; Rain jackets; Casual jackets; Riding jackets; Sweat jackets; Warm-up jackets; Fur coats and jackets; Waterproof trousers; Dinner jackets; Wind jackets; Heavy jackets; Hunting jackets; Bed jackets; Light-reflecting jackets; Safari jackets; Smoking jackets; Down jackets; Track jackets; Donkey jackets; Fishing jackets; Sports jackets; Korean outer jackets worn over basic garment [Magoja]; Stuff jackets; Ski trousers; Rain trousers; Long jackets; Quilted vests; Wind resistant jackets; Riding trousers; Fishermen's jackets; Ski pants; Outerwear; Coats of denim; Denim coats; Waistcoats [vests]; Wind-resistant vests; Duffle coats; Golf clothing, other than gloves; Leather suits; Suits of leather; Frock coats; Leather waistcoats; Duffel coats; Leather coats; Leather dresses; Leather belts [clothing]; Motorcycle gloves; Waterproof boots; Coats; Fur coats; Trench coats; Tail coats; Sheepskin coats; Pea coats; Suit coats; Winter coats; Car coats; Light-reflecting coats; Coats (Top -); Top coats; Dust coats; Cotton coats; House coats; Rain coats; Heavy coats; Sport coats; Down coats; Laboratory coats; Wind coats; Morning coats; Evening coats; Coats for men; Coats made of cotton; Coats for women; Topcoats; Fur cloaks; Fur hats; Fur stoles; Stoles (Fur -); Overcoats; Clothing made of fur; Synthetic fur stoles; Cashmere scarves; Woollen tights; Knitted gloves; Cardigans; Turtlenecks; Sweatsuits; Jumpers [sweaters]; Pyjamas [from tricot only]; Sports pants; Jumpers; Jumper dresses; Jumper suits; Jumpers [pullovers]; Polo neck jumpers; Long sleeved vests; Pinafore dresses; Woollen socks; Bootees (woollen baby shoes); Ski boots; Boots (Ski -); Polo boots; Men's socks; Knitted tops; Dungarees; Jump Suits; Knitwear; Ski hats; Athletic tights; Blazers; Knitted baby shoes; Knitted caps; Knit tops; Ski wear; Legwarmers; Ankle socks; Gilets; After ski boots; Shawls [from tricot only]; Tennis shorts; Volleyball jerseys; Sports jerseys and breeches for sports; Rugby jerseys; Tennis pullovers; Sports clothing [other than golf gloves]; Soccer boots; Soccer shoes; Tennis dresses; Rugby shoes; Soccer bibs; Golf shoes; Tennis shoes; Golf caps; Volleyball shoes; Tennis sweatbands; Tennis wear; Tennis socks; Football jerseys; Tennis skirts; Handball shoes; Boots for sport; Rugby boots; Sport shoes; Clothes for sport; Basketball shoes; Basketball sneakers; Golf skirts; Boots for sports; Sports shoes; Football boots; Footwear for sport; Footwear for use in sport; Clothing for horse-riding [other than riding hats]; Swim shorts; Horse-riding pants; Clothes for sports; American football shorts; Footwear for sports; Sports footwear; Sports vests; Sports garments; Tank-tops; American football pants; Bermuda shorts; Yoga pants; Long johns; Long underwear; Short trousers; Short petticoats; Bibs, sleeved, not of paper; Stretch pants; Short sets [clothing]; Neck tube scarves; Track pants; Shoulder wraps [clothing]; Shoulder wraps; Down garments; Neck scarves; Neck tubes; Neck warmers; Neck gaiters; Neck scarfs [mufflers]; Neck scarves [mufflers]; Mufflers [neck scarves]; Mufflers as neck scarves; Roll necks [clothing]; Shoulder scarves; Shoulder straps for clothing; Head wear; Shoulder wraps for clothing; Wrist warmers; Leather garments; Linen (Body -) [garments]; Body linen [garments]; Sleeping garments; Basic upper garment of Korean traditional clothes [Jeogori]; Religious garments; Foundation garments; Gussets for underwear [parts

of clothing]; Under garments; Underarm gussets [parts of clothing]; Trouser straps; Lounge pants; Infants' trousers; Culotte skirts; Cargo pants; Culottes; Tap pants; Trews; Pantaloons; Knickers; Trousers for children; Underpants; Hunting pants; Pants (Am.); Pleated skirts; Jodhpurs; Pleated skirts for formal kimonos (hakama); Dress suits; Pocket squares [clothing]; Suits made of leather; Boot cuffs; Tuxedo belts; Jogging bottoms [clothing]; Shoes for casual wear; Sleep pants; Pajama bottoms; Blouses; Sneakers; Breeches for wear; Leather shoes; Shoes for leisurewear; Jogging bottoms; Jogging tops; Jogging shoes; Jogging outfits; Clothing for cyclists; Jogging suits; Gloves for cyclists; Jogging sets [clothing]; Walking shorts; Sports bibs; Trainers [footwear]; Tracksuits; Skorts; Cycling shoes; Socks for men; Waterproof suits for motorcyclists; Cycling shorts; Sneakers [footwear]; Running vests; Cycling tops; Walking shoes; Socks for infants and toddlers; Casual footwear; Footwear for men; Windcheaters; Snap crotch shirts for infants and toddlers; Trainers; Footwear for men and women; Anoraks [parkas]; Yoga bottoms; Motorcyclist boots; Sportswear; Slip-on shoes; Boaters; Pyjamas; Sweat-absorbent underwear; Sweat-absorbent underclothing [underwear]; Gymwear; Leisurewear; Gym suits; Gym boots; Boxer shorts; Leotards; Boxing shorts; Sweat-absorbent socks; Jockstraps [underwear]; Rugby tops; Anti-sweat underwear; Underwear (Anti-sweat -); Baselayer bottoms; Plimsolls; Sliding shorts; Board shorts; Padded shorts for athletic use; Briefs [underwear]; Tights; Boardshorts; Thong sandals; Trunks [underwear]; Sundresses; Swim briefs; Boxer briefs; Wind pants; Sandals and beach shoes; Padded pants for athletic use; Skirts; Chemise tops; Dresses; Underskirts; Dress shields; Shields (Dress -); Halter tops; Collars for dresses; Bodices [lingerie]; Strapless bras; Bra straps; Gussets for tights [parts of clothing]; Maternity dresses; Strapless brassieres; Bridesmaid dresses; Panties; Dresses for evening wear; Sash bands for kimono (obi); Miniskirts; Leggings [leg warmers]; Petticoats; Cocktail dresses; Fancy dress costumes; One-piece playsuits; Bra straps [parts of clothing]; Stockings (Heel pieces for -); Heel pieces for stockings; Knee-high stockings; Gussets for stockings [parts of clothing]; Imitation leather dresses; Waist cinchers; Footless tights; Footless socks; Ankle boots; Baselayer tops; Yoga socks; Bodysuits; Sock suspenders; Yoga tops; Booties; Uppers of woven rattan for Japanese style sandals; Hosiery; Men's sandals; Toe straps for Japanese style sandals [zori]; Toe socks; Anklets [socks]; Pantyhose; Underpants for babies; Sweat bottoms; Socks; Socks and stockings; Slipper socks; Non-slip socks; Anti-perspirant socks; Sports socks; Water socks; Pop socks; Inner socks for footwear; American football socks; Japanese style socks (tabi); Insoles [for shoes and boots]; Insoles for shoes and boots; Japanese style socks (tabi covers); Slippers; Shoes; Valenki [felted boots]; Esparto shoes or sandles; Stockings (Sweat-absorbent -); Sweat-absorbent stockings; Stockings [sweat-absorbent]; Mittens; Pullstraps for shoes and boots; Stockings; Socks, electrically heated; Electrically heated socks; Pedicure slippers; Esparto shoes or sandals; Lace boots; Waterproof shoes; Hiking shoes; Foam pedicure slippers; Rubber shoes; Insoles for footwear; Shoe soles; Heel protectors for shoes; Slipper soles; Footwear soles; Soles for footwear; Yoga shoes; Shoes for foot volleyball; Foot volleyball shoes; Wooden shoes [footwear]; Heel pieces for shoes; Russian felted boots (Valenki); High-heeled shoes; Leather slippers; Sandals; Mountaineering shoes; Flip-flops for use as footwear; Boots; Hidden heel shoes; Knee warmers [clothing]; Tongues for shoes and boots; Ballet shoes; Shoes soles for repair; Athletic shoes; Running shoes; Dance shoes; Snowboard shoes; Canvas shoes; Wooden shoes; Platform shoes; Athletics shoes; Baby shoes; Hockey shoes; Roller shoes; Football shoes; Riding shoes; Baseball shoes; Gymnastic shoes; Bowling shoes; Rain shoes; Training shoes; Aqua shoes; Boxing shoes; Fittings of metal for boots and shoes; Skiing shoes; Beach shoes; Flat shoes; Nursing shoes; Leisure shoes; Stiffeners for shoes; Shoes for infants; Women's shoes; Footwear; Work shoes; Tap shoes; Apres-ski shoes; Deck shoes; Driving shoes; Pumps [footwear]; Shoe soles for repair; Infants' shoes; Studs for football shoes; Spiked running shoes; Anglers' shoes; Cleats for attachment to sports shoes; Shoe straps; Protective metal members for shoes and boots; Rubbers [footwear]; Wedge sneakers; Shoe uppers; Training suits; Uppers (Footwear -); Uppers for Japanese style sandals; Footwear for snowboarding; Soles for japanese style sandals; Japanese style clogs and sandals; Golf footwear; Athletics footwear; Footwear [excluding orthopedic footwear]; Fishing footwear; Beach footwear; Footwear made of vinyl; Japanese style sandals of leather; Welts for footwear; Footwear (Welts for -); Leisure footwear; Pedicure sandals; Bath sandals; Baby sandals; Espadrilles; Toe straps for zori [Japanese style sandals]; Ladies' sandals; Japanese style sandals (zori); Flip-flops; Japanese style sandals of felt; Heels; Footwear uppers; Japanese footwear of rice straw (waraji); Japanese toe-strap sandals (asaura-zori); Moccasins; Thongs; Desert boots; Hiking boots; Studs for football boots; Football boots (Studs for -); Après-ski boots; Fishing boots; Wellington boots; Galoshes; Snowboard boots; Snow boots; Climbing boots [mountaineering boots]; Trekking boots; Mountaineering boots; Winter boots; Rain boots; Walking boots; Riding boots; Hunting boots; Horse-riding boots; Climbing boots; Army boots; Work boots; Military boots; Stiffeners for boots; Boots for motorcycling; Baby boots; Rubber fishing boots; Waterproof boots for fishing; Ladies' boots; Infants' boots; Non-slipping devices for boots; Sports [Boots for -]; Boot uppers; Wellingtons; Ski boot bags; Hunting boot bags; Hats; Fascinator hats; Bobble hats; Cloche hats; Bucket hats; Toques [hats]; Woolly hats; Top hats; Baseball hats; Baseball caps and hats; Fake fur hats; Ushankas [fur hats]; Rain hats; Fashion hats; Sun hats; Mitres [hats]; Frames (Hat -) [skeletons]; Hat frames [skeletons]; Miters [hats]; Hats (Paper -) [clothing]; Paper hats [clothing]; Party hats [clothing]; Beach hats; Sports caps and hats; Small hats; Sedge hats (sugegasa); Paper hats for wear by chefs; Paper hats for wear by nurses; Chefs' hats; Caps [headwear]; Caps being headwear; Paper hats for use as clothing items; Headgear for wear; Bonnets [headwear]; Fedoras; Cap visors; Headgear; Head scarves; Headwear; Leather headwear; Beard aprons; Bucket caps; Visors [hatmaking]; Visors [headwear]; Visors being headwear; Head sweatbands; Sun visors [headwear]; Face masks [fashion wear] ; Skull caps; Gloves; Fishing headwear; Cap peaks; Peaks (Cap -); Caps; Caps with visors; Baseball caps; Peaked caps; Knot caps; Shower caps; Caps (Shower -); Garrison caps; Flat caps; Swimming caps [bathing caps]; Swim caps; Bathing caps; Sports caps; Cycling caps; Swimming caps; Waterpolo caps; Thermal headgear; Peaked headwear; Earmuffs; Baby doll pyjamas; Scarfs; Snoods [scarves]; Baby bodysuits; Fur muffs; Plastic baby bibs; Ear warmers being clothes; Headbands; Baby layettes for clothing; Visors; Sun visors.

Class 35:
Retail services connected with the sale of clothing and clothing accessories; Wholesale services relating to cups and glasses.

Class 9:
Downloadable computer software for collecting, analyzing and organizing data in the field of deep learning; computer software for authorising access to data bases; computer programs for use in remotely searching the contents of computer and computer networks; computer chatbot software for simulating conversations; downloadable computer software for generating images from text using artificial intelligence; downloadable application software for virtual environments; computer software for operating and managing virtualized computer environments; computer software [recorded] for virtual reality systems; software for processing images, graphics and text; Computer software for controlling and managing access server applications; computer software for maintaining and

operating computer systems; user-programmable humanoid robots, not configured; humanoid robots having communication and learning functions for assisting and entertaining people; anthropoid robots with artificial intelligence for use in scientific research; humanoid robots with artificial intelligence for use in household cleaning and laundry; Artificial intelligence apparatus; artificial intelligence and machine learning software; interactive software based on artificial intelligence; software for the integration of artificial intelligence and machine learning in the field of Big Data; Software for converting natural language into machine executable commands; Artificial intelligence software for surveillance; Artificial intelligence software for analysis; Artificial intelligence software for vehicles; Artificial intelligence software for healthcare; Computer software for use as an application programming interface (API); Downloadable computer software for use as an application programming interface (API); recorded and downloadable computer software development tools; downloadable computer software and programs for using language models; downloadable computer software for developing and operating artificial intelligence-based applications; downloadable software used for training and simulating artificial intelligence models; downloadable software for application and database integration; downloadable computer software and programs for natural language processing, generation, understanding, reasoning, and analysis; downloadable computer software and programs for detecting, recognizing, processing, analyzing, understanding, creating, generating, enhancing, and/or editing text, voice, speech, audio, images, graphics, and/or video; downloadable computer software and programs for conversion of text and data files into software code, for detecting, recognizing, processing, analyzing, understanding, generating and/or editing software code, and for multilingual text and speech recognition, translation, and transcription; downloadable computer software and programs for sharing datasets for the purpose of machine learning, predictive analytics, and building language and image models, for developing and implementing artificial neural networks, for simulation environments for the purpose of testing artificial intelligence agents, algorithms, or programs, and for using, customizing, fine-tuning, and adapting artificial intelligence models; downloadable computer software and programs for building, using, and deploying autonomous agents, semi-autonomous agents, and intelligent agents; downloadable computer software and programs for task automation and workflow orchestration; downloadable software for drafting, summarizing, designing, generating, creating, editing and publishing documents, written content, spreadsheets, presentations, and emails; downloadable computer search engine software; downloadable software in the nature of cloud- and edge-computing software using artificial intelligence for use in industry-specific software development and machine learning; downloadable augmented reality (ar) and virtual reality (vr) software for ai-assisted interaction, simulation, and training; downloadable computer software and programs for data processing, encryption, anonymization, and privacy-preserving machine learning; downloadable computer software and programs for multi-modal processing and understanding of text, audio, image, and video; downloadable computer software and programs for generating synthetic data and synthetic training environments; downloadable computer software and programs for retrieval-augmented generation, and knowledge graph construction; downloadable computer software for transmitting, streaming, displaying, accessing, and browsing data, information, user-generated content, digital content, computer software, computer games, audio works, visual works, and audiovisual works; downloadable computer software for transmitting, accessing, viewing, searching, uploading, downloading, sharing, integrating, displaying, purchasing, subscribing to, storing, and transferring data, computer programs, software, mobile software applications, software extensions, software plugins, intelligent agents, digital assistants, and digital media; downloadable software for developing and publishing computer programs, software, mobile software applications, software extensions, software plugins, intelligent agents, digital assistants, and digital media; downloadable software for collaborating, instant messaging, video communications, audio communications; downloadable computer software for creating indexes of information, indexes of websites and indexes of other information resources; downloadable software for providing access to the internet; downloadable computer software for accessing, browsing and searching online databases; downloadable software for database, document, and data management, for workflow management, for personal information management, and for project management; downloadable computer software for searching, browsing, accessing, processing, analyzing, monitoring, understanding, and taking action in response to websites, user interfaces, and data; downloadable computer software for using artificial intelligence for automating tasks in a user's browser; downloadable computer software for interacting with a browser to research, extract, copy, and store data; downloadable computer software for single sign-on; downloadable computer software for security, user authentication, and password and log in management and protection; downloadable intelligent personal assistant software for shopping; downloadable computer software for recommending, comparing, and selecting the products and services of others; downloadable computer software for providing information and links to retail websites of others, coupons, offers, consumer reviews, comparison shopping, and discount information, and for facilitating e-commerce transactions; computer hardware for high-speed processing and storage of data using multiple cpu's; data processing units for use in the fields of artificial intelligence, high performance computing, and data center operations; data processing units that enable the secure transmission of compute data between servers for artificial intelligence workloads; downloadable computer software for use in assessing, monitoring, administration and management of data centers and datacenter devices, and public and private cloud computing it and application systems and resources; downloadable computer software for managing cloud computing resources; downloadable computer software for messaging, chat and social networking; downloadable computer software for transmitting, receiving, accessing, viewing, uploading, downloading, broadcasting, sharing, integrating, displaying, formatting, organizing, storing, transferring and streaming of data, text, digital media, images, audio, video, user generated content, and animations; downloadable computer software for accessing, browsing, and searching online databases and recommending multimedia content; downloadable computer software for streaming audiovisual and multimedia content to mobile digital electronic devices; downloadable computer software for developing and publishing applications for interactive streaming; downloadable virtual goods, namely, computer programs featuring badges, emoticons, emotes, and images for use in online virtual worlds; downloadable computer software for creating and editing of film, movies, video, digital audio and images; downloadable computer software for recording, editing, mixing, analysing, restoring,

converting, compressing, mastering and producing digital audio; downloadable computer software for audio production and audio composition; downloadable computer software for post-production restoration, color correction, and editing of video and images; downloadable computer software for testing skills in the fields of artificial intelligence, machine learning, information technology (it), business process automation, prompt engineering, and software development; downloadable publications; computer hardware; computers and computer peripherals; earphones; headphones; smart watches; smart bands; smart jewelry; wearable computers; wearable cameras; digital media streaming devices; virtual and augmented reality headsets, goggles, glasses, controllers, and remotes; wireless communication devices for providing access to the internet and sending, receiving, and transmitting data, images, audio, video, and multimedia content; intercommunication apparatus; media players; smartphones; sound recording, reproducing, and transmitting apparatus; portable and handheld digital electronic devices for recording, organizing, transmitting, manipulating, and reviewing text, data, image, and audio files; wireless communication devices featuring voice, data and image transmission including voice, text and picture messaging, a video and still image camera, also functional to purchase audio, games, video and software applications over the air for downloading to the device; downloadable computer programs and downloadable computer software for the artificial production of software code; downloadable computer programs and downloadable computer software for the translation of text or speech from natural language to software code; Downloadable computer programs and downloadable computer software for machine-learning based language processing software; Downloadable computer programs and downloadable computer software for creating and generating software code; Downloadable computer programs and downloadable computer software for conversion of text and data files into software code; Downloadable computer programs and downloadable computer software for developing, running and analyzing algorithms that are able to learn to analyze, classify, and take actions in response to exposure to data; Downloadable computer programs and downloadable computer software featuring autonomous AI software agents for generating, modifying, and managing computer code in an integrated developer environment (IDE).

Class 42:
Research in the field of artificial intelligence technology; research in the field of deep learning; research in the field of artificial intelligence; conversion of computer programs and data, other than physical conversion; providing search engines for the internet; software as a service [SaaS]; platform as a service [PaaS]; blockchain as a service [BaaS]; artificial intelligence as a service [AIaaS]; online data storage services; monitoring of computer system operation by remote access; computer programming services for data processing; rental of computer software for collecting, analyzing and organizing data in the field of deep learning; providing temporary use of online non-downloadable computer software for collecting, analyzing and organizing data in the field of deep learning; rental of computer software for financial management; technical research in the field of data mining; database development services; data conversion of electronic information; computer programming; data security consultancy; updating and maintenance of computer software; development of computer platforms; quantum computing; data encryption and decoding services; off-site data backup; electronic data storage; data encryption services; providing temporary use of on-line non-downloadable single sign-on software; providing online non-downloadable computer software; computer software design; computer aided industrial design services; animation design for others; conversion of data or documents from physical to electronic media; research in the field of computer natural language processing; Artificial intelligence consultancy; software as a service [SaaS] featuring software for machine learning; software as a service [SaaS] featuring computer software platforms for artificial intelligence; software as a service [SaaS] services featuring software for machine learning, deep learning and deep neural networks; providing artificial intelligence computer programs on data networks; platforms for artificial intelligence as software as a service [SaaS]; providing online non-downloadable software using artificial intelligence (AI) for machine learning; providing temporary use of online non-downloadable chatbot software using large language models (LLMs) for computer software code generation; providing temporary use of online non-downloadable software using large language models (LLMs) for computer software code generation; providing a website featuring on-line non-downloadable software; providing temporary use of on-line non-downloadable software and applications; providing online non-downloadable software using machine learning; application service provider featuring application programming interface (API) software; software as a service (SAAS) services featuring software using artificial intelligence (AI); providing temporary use of online non-downloadable chatbot software using artificial intelligence (AI) ; providing temporary use of online non-downloadable chatbot software using large language models (LLMs); providing on-line non-downloadable software using artificial intelligence (AI); providing temporary use of on-line non-downloadable software and applications using artificial intelligence (AI); providing a website featuring non-downloadable software using artificial intelligence (AI); scientific and technological services and research and design relating thereto; industrial analysis, industrial research and industrial design services; design and development of computer hardware and software; research and development services in the field of artificial intelligence, computer science and machine learning; providing online non-downloadable computer software for developing and operating artificial intelligence-based applications; providing online non-downloadable software used for training and simulating artificial intelligence models; providing online non-downloadable software and computer programs for natural language processing, generation, understanding, reasoning, and analysis; providing online non-downloadable software and computer programs for detecting, recognizing, processing, analyzing, understanding, creating, generating, enhancing, and/or editing text, voice, speech, audio, images, graphics, and/or video; providing online non-downloadable software and computer programs for conversion of text and data files into software code, for detecting, recognizing, processing, analyzing, understanding, generating and/or editing software code, and for multilingual text and speech recognition, translation, and transcription; providing online non-downloadable software and computer programs for sharing datasets for the purpose of machine learning, predictive analytics, and building language and image models, for developing and implementing artificial neural networks, for the purpose of testing artificial intelligence agents, algorithms, or programs, and for using, customizing, fine-tuning, and adapting artificial intelligence models; providing online non-downloadable software and computer programs for task automation and workflow orchestration; providing online non-downloadable software and computer programs for building, using, and deploying autonomous agents,

semi-autonomous agents, and intelligent agents; providing online non-downloadable software and computer programs for drafting, summarizing, designing, generating, creating, editing and publishing documents, written content, spreadsheets, presentations, and emails; providing a website featuring a media aggregator and search engine for internet content; computer services, namely, providing search engines for obtaining data, images, audio and video on a global computer network; providing customized on-line web pages featuring user-defined information, which includes search engines and on-line web links to other web sites; providing online non-downloadable cloud computing software using artificial intelligence for use in industry-specific software development and machine learning; software as a service (saas) services featuring software using artificial intelligence for industry-specific end-to-end and cloud-to-edge solutions for software development and machine learning; providing online non-downloadable augmented reality (ar) and virtual reality (vr) software for ai-assisted interaction, simulation, and training; software as a service (saas) services featuring software for leveraging quantum computing resources to optimize ai model performance; providing online non-downloadable software and computer programs for data processing, encryption, anonymization, and privacy-preserving machine learning; providing online non-downloadable software and computer programs for multi-modal processing and understanding of text, audio, image, and video; providing online non-downloadable software and computer programs for generating synthetic data and synthetic training environments; providing online non-downloadable software and computer programs for retrieval-augmented generation, and knowledge graph construction; providing online non-downloadable software and computer programs for transmitting, streaming, displaying, accessing, and browsing data, information, user-generated content, digital content, computer software, computer games, audio works, visual works, and audiovisual works; providing online non-downloadable software and computer programs for transmitting, accessing, viewing, searching, uploading, downloading, sharing, integrating, displaying, purchasing, subscribing to, storing, and transferring data, computer programs, software, mobile software applications, software extensions, software plugins, intelligent agents, digital assistants, and digital media; providing online non-downloadable software and computer programs for developing and publishing computer programs, software, mobile software applications, software extensions, software plugins, intelligent agents, digital assistants, and digital media; providing online non-downloadable software and computer programs for providing access to online virtual environments; providing online non-downloadable software and computer programs for collaborating, instant messaging, video communications, audio communications; software as a service (saas) services featuring software using artificial intelligence for cybersecurity; providing online non-downloadable software and computer programs for accessing, browsing and searching online databases; providing online non-downloadable software and computer programs for database, document, and data management, for workflow management, for personal information management, and for project management; software as a service (saas) services featuring software for data visualization, data analytics, predictive analytics; providing online non-downloadable software for searching, browsing, accessing, processing, analyzing, monitoring, understanding, and taking action in response to websites, user interfaces, and data; providing online non-downloadable software for browsing the global computer network and secure private networks; providing online non-downloadable software using an artificial intelligence browser; providing online non-downloadable software for interacting with a browser to research, extract, copy, and store data; providing user authentication services using single sign-on technology for online software applications; providing user authentication services using biometric hardware and software technology for e-commerce transactions; providing online non-downloadable software for security, user authentication, and password and log in management and protection; providing online non-downloadable software for shopping; providing online non-downloadable software for recommending, comparing, and selecting the products and services of others; providing online non-downloadable software for providing information and links to retail websites, coupons, offers, consumer reviews, comparison shopping, and discount information, and for facilitating e-commerce transactions; rental of data center facilities; rental of space in a computer co-location facility for containerized data centers of others; technical consulting services in the fields of datacenter architecture, public and private cloud computing solutions, and evaluation and implementation of internet technology and services; providing online non-downloadable software for use in assessing, monitoring, administration and management of data centers and datacenter devices, and public and private cloud computing it and application systems and resources; providing online non-downloadable software for managing cloud computing resources; providing online non-downloadable software for messaging, chat and social networking; providing online non-downloadable software for transmitting, receiving, accessing, viewing, uploading, downloading, broadcasting, sharing, integrating, displaying, formatting, organizing, storing, transferring and streaming of data, text, digital media, images, audio, video, user generated content, and animations; creating a virtual environment in the nature of an online community for users to create, produce, edit, manipulate, transmit, share, and comment on videos or other electronic media; providing online non-downloadable software for accessing, browsing, and searching online databases and recommending multimedia content; providing online non-downloadable software for streaming audiovisual and multimedia content to mobile digital electronic devices; providing online non-downloadable software for developing and publishing applications for interactive streaming; providing online non-downloadable software for creating and editing of film, movies, video, digital audio and images; providing online non-downloadable software for recording, editing, mixing, analysing, restoring, converting, compressing, mastering and producing digital audio; providing online non-downloadable software for audio production and audio composition; providing online non-downloadable software for post-production restoration, color correction, and editing of video and images; providing online non-downloadable software for testing skills in the fields of artificial intelligence, machine learning, information technology (it), business process automation, prompt engineering, project management, and software development; testing, analysis, and evaluation of the knowledge, skills, and abilities of others in the fields of artificial intelligence, machine learning, information technology (it), business process automation, prompt engineering, project management, and software development to determine conformity with certification standards of proficiency of professional skills; providing online non-downloadable software for extracting and retrieving information and data for others by means of global computer networks; computer services, namely, monitoring, tracking and reporting on the performance of

the website and online content of others; searching and retrieving information, sites, and other resources available on computer networks for others; hosting of digital content on the internet; providing a website featuring technical information relating to computer software; providing computer software consulting services; technical support services, namely, troubleshooting in the nature of diagnosing and repairing computer software problems; downloadable computer software for transmitting, streaming, displaying, accessing, and browsing data, information, digital content, audio works, visual works, and audiovisual works; providing online non-downloadable software for creating indexes of information, indexes of websites, and indexes of other information resources; providing online non-downloadable software for accessing, browsing and searching online databases; providing online non-downloadable search engine software; providing online non-downloadable software for transmitting, streaming, displaying, accessing, and browsing data, information, digital content, audio works, visual works, and audiovisual works; providing online non-downloadable software for using artificial intelligence for automating tasks in a user's browser; providing online non-downloadable software for the artificial production of software code; providing online non-downloadable software for the translation of text or speech from natural language to software code; providing online non-downloadable software for creating and generating software code; providing temporary use of non-downloadable autonomous AI software agents for generating, modifying, and managing computer code in an integrated developer environment (IDE); Platform as a Service (PaaS) featuring non-downloadable agentic software for software development, managing, programming, testing and debugging in an integrated developer environment (IDE); computer software design, development, and maintenance of an AI-native software development platform that supports autonomous task execution; providing online non-downloadable agentic software for creating, developing, deploying, integrating, monitoring, and running applications powered by language and generative models, data sets, and artificial intelligence.

CRESCE

Class 9:
Computer programs and software for use in development of artificial intelligence; computer programs and software for supporting development of artificial intelligence; computer programs and software for project management; computer programs and software with artificial intelligence functions; Computer software; Computer software platforms for use in development of artificial intelligence; Computer software platforms for supporting development of artificial intelligence; Computer software platforms used for project management; Computer software platforms with artificial intelligence functions; Recorded or downloadable computer software platforms; computer programs and software used in CT scanners and medical diagnostic imaging apparatus; computer programs and software to support implementation and analysis of medical imaging diagnosis; computer programs and software for use in medical examinations and medical imaging diagnosis; computer programs and software used for medical image analysis and report creation, report management, and report search relating thereto; computer programs and software for medical image collection, image assessment, image storage, image transmission, and medical care management; computer programs and software used for medical examinations and medical imaging diagnosis using artificial intelligence; computer program with artificial intelligence function; computer programs; computer programs and software for the generation and management of patient specific images and related information for use by healthcare providers for reviewing and communicating medical history and medical images for the primary diagnosis, treatment and care of patients; computer hardware and software for gathering and transmitting patient image data for the primary diagnosis,

treatment and care of patients; computer programs and software for use by healthcare providers for reviewing and communicating of medical history and medical images for the primary diagnosis, treatment and care of patients; computer programs and software for collecting and distributing data within computer networks and enabling data communication among application programs, consumer devices and industrial devices; computer programs and software for information management, data collection and data analysis for medical purposes; computer programs and software for use in controlling the operation and execution of computer systems, programs, and networks; computer programs and software for use in connecting disparate computer networks and systems, servers and storage devices; computer programs and software for assisting medical examination, diagnosis and treatment; computer programs and software to provide on-line market place that allows users to sell or share artificial intelligence models; computer programs and software to provide on-line matching services for connecting institutions that have data and medical practitioners or researchers who develop artificial intelligence; computer software platforms to provide on-line market place that allows users to sell or share artificial intelligence models; computer software platforms to provide on-line matching services for connecting institutions that have data and medical practitioners or researchers who develop artificial intelligence; computer software platforms for medical purposes; computer software platforms; platform software; computer operating system software; industrial X-ray apparatus; electronic image analyzing apparatus, not for medical purposes; data communications hardware; computer hardware for telecommunications; electronic communications apparatus; electronic components used in apparatus; electronic components used in machines; electronic data processing equipment; computer peripheral devices; computers and computer hardware; computing visual display units; monitors [computer hardware]; data storage devices and media; electronic storage media; memory storage devices; telecommunication apparatus and instruments; telecommunication machines and implements; telecommunication devices and apparatus; photographic apparatus and instruments; photographic equipment; cinematographic machines and apparatus; optical apparatus and instruments; measuring or testing machines and instruments; personal digital assistants; portable information terminal devices; computer terminals; laboratory apparatus and instruments; humanoid robots with artificial intelligence; electronic publications; downloadable image files; recorded video discs and video tapes.

Class 10:
Medical endoscopes and parts and fittings therefor; Endoscopic equipment for medical purposes; Endoscopic apparatus; Endoscopy cameras for medical purposes; Image-processing apparatus for medical purposes; medical X-ray apparatus; medical X-ray CT apparatus; apparatus and installations for the production of X-rays, for medical purposes; X-ray tubes for medical purposes; protection devices against X-rays, for medical purposes; Medical x-ray diagnostic imaging equipment; diagnostic apparatus and instruments; medical image processing apparatus; apparatus for use in medical analysis; medical diagnostic imaging and analysis apparatus; diagnostic imaging apparatus for medical purposes; Diagnostic imaging apparatus for medical and surgical endoscopes; Medical diagnostic apparatus for processing medical and surgical endoscopic images containing computer displays, computer hardware and computer software; Medical examination apparatus for managing examination data of patients; medical apparatus and instruments and parts and fittings therefor; Medical ultrasound apparatus; diagnostic ultrasound apparatus for medical use; diagnostic ultrasound instruments for medical use; Endoscopes for medical use; endoscopes for diagnostic use; endoscopes for surgical use; Ultrasonic diagnostic instruments for medical use; ultrasonic medical diagnostic apparatus; Apparatus for analysing and displaying images [for medical use].

Class 35:
Collection, systematization, compilation and analysis of business data and information stored in computer databases; business data analysis; operation management related to operation of computer systems and computer-controllable equipment and provision of information relating thereto; business management analysis or business consultancy; marketing research or analysis; providing information concerning commercial sales; compilation of information into computer databases; systematization of data in computer databases; computer data retrieval services using artificial intelligence programs; computerised database management; filing, organizing and managing document data and image data using computers; retail services relating to computer software; wholesale services relating to computer software; matching services for connecting institutions that have data and specialists such as medical practitioners and researchers; on-line matching services for connecting institutions that have data and specialists such as medical practitioners and researchers; collection of electronic data; electronic management of electronic data.

Class 37:
Repair or maintenance of medical apparatus and instruments and providing information relating thereto; repair or maintenance of electronic machines and apparatus and providing information relating thereto; repair or maintenance of telecommunication machines and apparatus and providing information relating thereto; repair or maintenance of measuring and testing machines and instruments and providing information relating thereto; sterilization of medical apparatus and instruments.

Class 42:
Platform as a service [PaaS]; Platform as a service (PAAS) featuring software platforms for medical purposes; Platform as a service (PAAS) featuring software platforms for use in development of artificial intelligence; Platform as a service (PAAS) featuring software platforms for supporting development of artificial intelligence; Platform as a service (PAAS) featuring software platforms for project management; Platform as a service (PAAS) featuring software platforms with artificial intelligence functions; Platform as a service (PAAS) featuring software platforms to provide on-line market place that allows users to sell or share artificial intelligence models; Platform as a service (PAAS) featuring software platforms to provide on-line matching services for connecting institutions that have data and medical practitioners or researchers who develop artificial intelligence; Software as a service [SaaS]; Software as a service (SAAS) services featuring software platforms for medical purposes; Software as a service [SaaS] featuring software platforms for supporting development of artificial intelligence; Software as a service [SaaS] featuring software platforms for project management; Software as a service [SaaS] featuring software platforms with artificial intelligence functions; Software as a service [SaaS] featuring software platforms to provide on-line market place that allows users to sell or share artificial intelligence models; Software as a service [SaaS] featuring software platforms to provide on-line matching

services for connecting institutions that have data and medical practitioners or researchers who develop artificial intelligence; Providing temporary use of on-line non-downloadable computer programs and software to support the development of artificial intelligence; Cloud computing for storing, analyzing and sharing computer software used to support development of artificial intelligence; Design, creation or maintenance of computer programs for supporting development of artificial intelligence; Software as a service [SaaS] featuring software platforms for use in development of artificial intelligence; Designing, creating or maintaining computer programs for developing artificial intelligence; Providing temporary use of on-line non-downloadable computer programs and software for developing artificial intelligence; Cloud computing for storing, analyzing and sharing computer software used for development of artificial intelligence; Providing temporary use of on-line non-downloadable computer programs and software utilizing artificial intelligence; Design, creation or maintenance of computer programs utilizing artificial intelligence; Cloud computing for storing, analyzing and sharing computer software with artificial intelligence functions; Information processing using artificial intelligence; Providing temporary use of on-line non-downloadable computer programs and software used for scientific and technical analysis of data using artificial intelligence; Scientific and technical analysis of data using artificial intelligence; Scientific and technical analysis using artificial intelligence; Research in the field of artificial intelligence; Design, creation or maintenance of computer programs for project management; Providing temporary use of on-line non-downloadable computer programs and software for project management; Providing temporary use of on-line non-downloadable computer programs and software used as an application program interface (API); Design, creation or maintenance of software for Internet platforms; Hosting platforms on the internet; Cloud computing; Rental of operating software for accessing and using a cloud computing network; Providing online temporary use of non-downloadable operating software for access and use of cloud computing networks; Scientific and technical analysis of data using computers; Electronic storage of text data, image data, audio data, video data and other electronic data using computers; Electronic data storage; Rental of server storage area via computer communication networks; server hosting; Testing, inspection or research of pharmaceuticals, cosmetics or foods; Medical analysis, survey and consulting relating thereto; Scientific research for medical treatment and provision of information relating thereto; Medical research or testing on medical imaging; Design and development of computer hardware and software for medical imaging; Cloud computing for storing, analyzing and sharing information in the field of medical diagnosis; Design, creation or maintenance of computer programs for medical image analysis; Providing temporary use of on-line non-downloadable computer programs and software for medical image analysis; Research and development of medical images and medical imaging devices; Analysis by engineers of performance and usage for optimal use of medical imaging equipment; Testing, inspection or research on medical machines and apparatus, provision of information and advice relating thereto; Electronic storage of music, voice, photos, drawings, documents, digital photos, image data, audio data, text data, video data, electronic data; Design and development of computer software for image processing; testing or research on machines, apparatus and instruments; Information technology [IT] consulting services; consultancy and information services relating to information technology architecture and infrastructure; analysis or storage of electronic data; technological advice relating to computers, automobiles and industrial machines; Data processing using computers; Providing temporary use of on-line non-downloadable computer programs and software; Providing temporary use of on-line non-downloadable computer programs and software with artificial intelligence functions; Providing temporary use of on-line non-downloadable computer programs and software to support implementation and analysis of medical imaging diagnosis; Providing temporary use of on-line non-downloadable computer programs and software for use in medical examinations and medical imaging diagnosis; Providing temporary use of on-line non-downloadable computer programs and software used for medical image analysis and report creation, report management, and report search relating thereto; Providing temporary use of on-line non-downloadable computer programs and software for medical image collection, image assessment, image storage, image transmission, and medical care management; Providing temporary use of on-line non-downloadable computer programs and software used for medical examinations and medical imaging diagnosis using artificial intelligence; Providing temporary use of on-line non-downloadable computer programs and software with artificial intelligence function; Providing temporary use of on-line non-downloadable computer programs and software for the generation and management of patient specific images and related information for use by healthcare providers for reviewing and communicating medical history and medical images for the primary diagnosis, treatment and care of patients; Providing temporary use of on-line non-downloadable computer programs and software for gathering and transmitting patient image data for the primary diagnosis, treatment and care of patients; Providing temporary use of on-line non-downloadable computer programs and software for use by healthcare providers for reviewing and communicating of medical history and medical images for the primary diagnosis, treatment and care of patients; Providing temporary use of on-line non-downloadable computer programs and software for collecting and distributing data within computer networks and enabling data communication among application programs, consumer devices and industrial devices; Providing temporary use of on-line non-downloadable computer programs and software for information management, data collection and data analysis for medical purposes; Providing temporary use of on-line non-downloadable computer programs and software for use in controlling the operation and execution of computer systems, programs, and networks; Providing temporary use of on-line non-downloadable computer programs and software for use in connecting disparate computer networks and systems, servers and storage devices; Providing temporary use of on-line non-downloadable computer programs and software for assisting medical examination, diagnosis and treatment; Providing temporary use of on-line non-downloadable computer programs and software to provide on-line market place that allows users to sell or share artificial intelligence models; Providing temporary use of on-line non-downloadable computer programs and software to provide on-line matching services for connecting institutions that have data and medical practitioners or researchers who develop artificial intelligence; Design, creation or maintenance of computer programs; Rental of measuring instruments; rental of laboratory apparatus and instruments; rental of computers; Providing information on quality control of medical instruments and apparatus or test reagents.

Class 44:

Providing medical information via computer communication networks; Providing medical information using homepages and electronic bulletin boards accessible by computer terminals or mobile phones; Providing medical information using e-mail communication; Collection, analysis and provision of medical information; Medical mediation of medical diagnosis using images taken by medical diagnostic imaging equipment and provision of information relating thereto; Medical mediation of medical diagnosis using image data and provision of information relating thereto; Providing medical information with data and advice relating to medical images; Providing medical images; Medical advice and consulting; Guidance and advice on health management and provision of information relating thereto; Guidance and advice on animal health management and provision of information relating thereto; Rental of medical image management apparatus; Rental of medical inspection apparatus; Rental of medical apparatus and instruments; Nutritional guidance; Providing medical information on animals; Analysis of medical images using artificial intelligence.

Class 9:
Computer hardware; Downloadable computer software; Downloadable computer software development tools; Downloadable application programming interface (API) software; Downloadable computer operating system software; Downloadable computer software for mobile devices and computers, all for social networking, creating, managing, and interacting with online communities, and creating and managing social media profiles and user accounts; Downloadable computer software for mobile devices and computers, all for organizing events, searching for events, calendaring and managing events; Downloadable computer software for mobile devices and computers, all for enhancing mobile access to the internet via computers, mobile computers, and mobile communications devices; Downloadable computer software for mobile devices and computers, all for accessing, browsing, searching, collecting, editing, organizing, modifying, bookmarking, transmitting, storing, and sharing data and information; Downloadable computer software for mobile devices and computers, all for sending and receiving electronic messages, alerts, notifications and reminders; Downloadable computer software for mobile devices and computers, all for accessing, browsing, and searching audio, video, and multimedia content, games, and software applications, and software application marketplaces; Downloadable computer software for mobile devices and computers, all for use in creating, managing, measuring, and disseminating advertising of others; Downloadable computer software for mobile devices and computers, all for use in customer relationship management (CRM); Downloadable computer software for mobile devices and computers, all for use in facilitating voice over internet protocol (VOIP) calls, phone calls, video calls, text messages, instant message and online social networking services; Downloadable computer software for mobile devices and computers, all for building user interfaces; Downloadable electronic game software in the nature of video games, computer games, interactive multimedia games, and virtual, augmented, and mixed reality games; Downloadable computer software for mobile devices and computers, all for gesture recognition, object tracking, motion control, and content visualization; Downloadable computer software for mobile devices and computers, all for setting up, configuring, operating and controlling mobile devices, wearable devices, mobile phones, computers, and computer peripherals; Downloadable computer software for mobile devices and computers, all for navigating, experiencing, interacting with, and designing virtual reality, augmented reality, and mixed reality software and interactive environments; Downloadable computer software for mobile devices and computers, all for enabling electronic devices to exchange information with each other; Downloadable computer software for mobile devices and computers, all for voice recognition for use in connection with the transmission of information; Downloadable computer software for mobile devices and computers, all for managing, connecting and integrating internet of things (IoT) enabled devices, voice-controlled smart consumer electronic devices, and electronic personal assistant devices; Downloadable computer software for mobile devices and computers, all for facilitating and arranging for the financing and distribution of charitable fundraising and donations; Downloadable computer software for mobile devices and computers, all for payment processing, transferring funds, and performing e-commerce transactions; Downloadable computer software for mobile devices and computers, all for use as a digital wallet; Downloadable computer software for encrypting and enabling secure transmission of digital information over the Internet, network identification verification and authentication services for security purposes, and use as a security token; Downloadable computer software for mobile devices and computers, all for managing payment transactions; Downloadable computer software for mobile devices and computers, all for use in electronically storing, sending and receiving virtual currency; Downloadable computer software for mobile devices and computers, all for use in managing virtual currency payment transactions; Downloadable computer software for mobile devices and computers, all for providing, monitoring and tracking health and fitness data; Downloadable artificial intelligence software for machine learning, visual perception, decision-making, touch recognition, conversational query, speech or language recognition and translation, and converting natural language into machine-executable commands; Downloadable computer software for mobile devices and computers, all for the artificial production of human speech and text; Downloadable computer software for mobile devices and computers, all for natural language processing, generation, understanding and analysis; Downloadable computer software for mobile devices and computers, all for machine-learning based language and speech processing software; Downloadable computer chatbot software for simulating conversations; Downloadable intelligent personal assistant software for performing tasks or services on behalf of a user that is activated by user input, location awareness, and online information; Downloadable location-aware software for searching, determining and sharing locations; Downloadable parental control software; Downloadable electronic publications; Downloadable virtual reality software; Downloadable augmented reality software; Downloadable mixed reality software; Head-mounted video display; Virtual reality headsets; Augmented reality headsets; Mixed reality headsets; Virtual reality glasses; Augmented reality glasses; Mixed reality glasses; Virtual reality computer hardware; Augmented reality computer hardware; Mixed reality game computer hardware; Virtual reality controllers; Augmented reality controllers; Mixed reality controllers; Computer peripheral devices; Wearable computer hardware; Wearable activity trackers; Headphones; Batteries; Battery chargers; Cables, namely, electronic cables, power cables and connection cables; Power adapters; Bags and cases specially adapted for mobile devices; Protective covers and cases for mobile devices; Stands for mobile devices; Audio speakers; Personal digital assistants; Telecommunications equipment; Smart glasses; Smartwatch bands; Smartwatches; Magnetically encoded credit cards and payment cards; Downloadable mobile application software using artificial intelligence to create, organize, and modify photos, videos, audio, text, and data; Downloadable application programming interface (API) software for use in developing ai (artificial intelligence) platforms, namely, bots, virtual agents and virtual assistants; Downloadable computer software for mobile devices and computers all for facilitating interaction and communication between humans and al (artificial intelligence) platforms, namely, bots, virtual agents and virtual personal assistants; Downloadable computer software for mobile devices and

computers, all for using artificial intelligence for use as a digital companion; Downloadable computer software for mobile devices and computers, all for use in connection with language models; Downloadable computer software for mobile devices and computers for facilitating interaction and communication between humans and ai (artificial intelligence) platforms, namely, bots, virtual agents and virtual personal assistants; Downloadable computer software for mobile devices and computers all for creating and generating text and images.

Class 10:
Eyewear; General wellness instruments sold as a wrist wearable device for assistive human-computer interactions for measuring, tracking, monitoring and transmitting electrodermal activity and electromyography (EMG) activity.

Class 42:
Scientific and technological services and research and design relating thereto; Industrial analysis and research services; Software development; Application service provider (ASP); Computer services; Providing online non-downloadable software tools for software development; Providing online non-downloadable software all for building user interfaces; Providing online non-downloadable software all for engaging with an online community, social networking, and maintaining social media accounts.; Providing online non-downloadable computer software all for interacting with images, video content, visual content, audio, audio-visual content, and posts; Providing online non-downloadable software all for use in facilitating voice over internet protocol (VOIP) calls, phone calls, video calls, text messages, electronic messages, and instant message; Hosting of digital content on the internet; Providing online non-downloadable software all for searching and sharing locations and events; Providing online non-downloadable software all for finding content and content publishers, and for subscribing to content; Providing online non-downloadable software all for use in designing, managing, measuring, analyzing, purchasing, disseminating, and serving advertising; Providing online non-downloadable software for customer relationship management (CRM); Providing online non-downloadable computer software for use in providing retail and ordering services for a wide variety of consumer goods; Providing online non-downloadable software all for facilitating and arranging fundraising and the distribution of fundraising donations; Providing online non-downloadable software all for facilitating and arranging charitable fundraising and the distribution of charitable fundraising donations; Providing online non-downloadable software all for payment processing, transferring funds, and performing e-commerce transactions; Providing online non-downloadable software all for use in electronically sending, receiving, and managing virtual currency payments; Providing online non-downloadable software all for providing a virtual marketplace and facilitating the exchange of virtual items; Providing online non-downloadable software all for home automation and home device integration software; Providing online non-downloadable computer software that enables users to access and download computer software; Providing online non-downloadable software all for hosting computer software applications of others; Providing online non-downloadable software all for providing, hosting, managing, developing, and maintaining applications, software, websites, and databases in the fields of wireless communication, mobile information access, and remote data management for wireless delivery of content to handheld computers, laptops and mobile electronic devices; Providing online non-downloadable software and software as a service (SaaS) services featuring software that provides, monitors, and tracks health and fitness data; Providing online non-downloadable software all for managing and controlling mobile devices, wearable devices and computer peripherals; Software as a service (SaaS) services featuring software used for managing, connecting and integrating internet of things (IoT) enabled devices, voice-controlled smart consumer electronic devices, and electronic personal assistant devices; Providing online non-downloadable software for encrypting and enabling secure transmission of digital information over the Internet; Providing online non-downloadable software, software as a service (SaaS) services featuring software, and platform as a service (PaaS) services featuring computer software platforms, all using artificial intelligence for machine learning, visual perception, decision-making, touch recognition, conversational query, speech or language recognition and translation, and converting natural language into machine-executable commands; Providing online non-downloadable software all for natural language processing, generation, understanding and analysis; Providing online non-downloadable software all for machine-learning based language and speech processing software; Providing online non-downloadable software all for creating and generating text and images; Providing online non-downloadable intelligent personal assistant software for performing tasks or services on behalf of a user that is activated by user input, location awareness, and online information; Providing online non-downloadable intelligent personal assistant software for performing tasks or services on behalf of a user that is activated by user input; Providing online non-downloadable software all for computer application development and deployment; Providing online non-downloadable authentication software for network identification verification, authentication and management services for security purposes; Technical support services, namely, troubleshooting of computer software problems; Computer services, namely, cloud hosting provider services; Electronic data storage; Data encryption services; Research services and consulting in the field of information and telecommunications technology; Research and development services in the field of artificial intelligence; Developing quality control standards for third party social media content; Providing on-line non-downloadable software and software as a service (SAAS) services featuring software for using artificial intelligence to create, organize, and modify photos, videos, audio, text, and data; Providing on-line non-downloadable software and software as a service (SAAS) services featuring software for using artificial intelligence for developing and creating advertising materials for others; Providing a website featuring information in the field of artificial intelligence; Providing online non-downloadable software, software as a service (SAAS) services, and platform as a service (PAAS) services featuring software for use in developing ai (artificial intelligence) platforms, namely, bots, virtual agents and virtual assistants; Providing online non-downloadable software, software as a service (SAAS) services featuring software, and platform as a service (PAAS) services featuring computer software platforms, all in the nature of a query engine; Providing online non-downloadable software, software as a service (SAAS) services featuring software, and platform as a service (PAAS) services featuring computer software platforms, all for the artificial production of human speech and text; Providing online non-downloadable software, software as a service (SAAS) services featuring software, and platform as a service (PAAS) services featuring computer software platforms, all for machine-learning based language and speech processing software; Providing

online non-downloadable software, software as a service (SAAS) services featuring software, and platform as a service (PAAS) services featuring computer software platforms, all for creating and generating text; Providing online non-downloadable software, software as a service (SAAS) services featuring software, and platform as a service (PAAS) services featuring computer software platforms, all for sharing datasets for the purpose of machine learning; Providing user authentication services using single sign-on technology for online software applications; Artificial intelligence as a service (AIAAS); Artificial intelligence as a service (AIAAS) services featuring software using artificial intelligence for designing custom algorithms for use in digital advertising; Artificial intelligence as a service (AIAAS) services featuring software using artificial intelligence for business analytics; Artificial intelligence as a service (AIAAS) featuring software using artificial intelligence for analyzing data and interacting with humans; Artificial intelligence as a service (AIAAS) services featuring software using artificial intelligence for creating and integrating computer models.

Class 45:
Online social networking services; Dating services; Providing information in the fields of social networking and social introduction; Legal services; Consulting services in the field of online social networking and social media services; Personal concierge services for others comprising making requested personal arrangements and reservations and providing customer-specific information to meet individual needs; Content moderation for social networking websites; Artificial intelligence (AI) personal concierge service for others comprising making requested personal arrangements and reservations and providing customer-specific information to meet individual needs.

Class 9:
Computer programs and software for use in development of artificial intelligence; computer programs and software for supporting development of artificial intelligence; computer programs and software for project management; computer programs and software with artificial intelligence functions; Computer software; Computer software platforms for use in development of artificial intelligence; Computer software platforms for supporting development of artificial intelligence; Computer software platforms used for project management; Computer software platforms with artificial intelligence functions; Recorded or downloadable computer software platforms; computer programs and software used in CT scanners and medical diagnostic imaging apparatus; computer programs and software to support implementation and analysis of medical imaging diagnosis; computer programs and software for use in medical examinations and medical imaging diagnosis; computer programs and software used for medical image analysis and report creation, report management, and report search relating thereto; computer programs and software for medical image collection, image assessment, image storage, image transmission, and medical care management; computer programs and software used for medical examinations and medical imaging diagnosis using artificial intelligence; computer program with artificial intelligence function; computer programs; computer programs and software for the generation and management of patient specific images and related information for use by healthcare providers for reviewing and communicating medical history and medical images for the primary diagnosis, treatment and care of patients; computer hardware and software for gathering and transmitting patient image data for the primary diagnosis, treatment and care of patients; computer programs and software for use by healthcare providers for reviewing and communicating of medical history and medical images for the primary diagnosis, treatment and care of patients; computer programs and software for collecting and distributing data within computer networks and enabling data communication among application programs, consumer devices and industrial devices; computer programs and software for information management, data collection and data analysis for medical purposes; computer programs and software for use in controlling the operation and execution of computer systems, programs, and networks; computer programs and software for use in connecting disparate computer networks and systems, servers and storage devices; computer programs and software for assisting medical examination, diagnosis and treatment; computer programs and software to provide on-line market place that allows users to sell or share artificial intelligence models; computer programs and software to provide on-line matching services for connecting institutions that have data and medical practitioners or researchers who develop artificial intelligence; computer software platforms to provide on-line market place that allows users to sell or share artificial intelligence models; computer software platforms to provide on-line matching services for connecting institutions that have data and medical practitioners or researchers who develop artificial intelligence; computer software platforms for medical purposes; computer software platforms; platform software; computer operating system software; industrial X-ray apparatus; electronic image analyzing apparatus, not for medical purposes; data communications hardware; computer hardware for telecommunications; electronic communications apparatus; electronic components used in apparatus; electronic components used in machines; electronic data processing equipment; computer peripheral devices; computers and computer hardware; computing visual display units; monitors [computer hardware]; data storage devices and media; electronic storage media; memory storage devices; telecommunication apparatus and instruments; telecommunication machines and implements; telecommunication devices and apparatus; photographic apparatus and instruments; photographic equipment; cinematographic machines and apparatus; optical apparatus and instruments; measuring or testing machines and instruments; personal digital assistants; portable information terminal devices; computer terminals; laboratory apparatus and instruments; humanoid robots with artificial intelligence; electronic publications; downloadable image files; recorded video discs and video tapes.

Class 10:
Medical endoscopes and parts and fittings therefor; Endoscopic equipment for medical purposes; Endoscopic apparatus; Endoscopy cameras for medical purposes; Image-processing apparatus for medical purposes; medical X-ray apparatus; medical X-ray CT apparatus; apparatus and installations for the production of X-rays, for medical purposes; X-ray tubes for medical purposes; protection devices against X-rays, for medical purposes; Medical x-ray diagnostic imaging equipment; diagnostic apparatus and instruments; medical image processing apparatus; apparatus for use in medical analysis; medical diagnostic imaging and analysis apparatus; diagnostic imaging apparatus for medical purposes; Diagnostic imaging apparatus for medical and surgical endoscopes; Medical diagnostic apparatus for processing medical and surgical endoscopic images containing computer displays, computer hardware and computer software; Medical examination apparatus for managing examination data of patients; medical apparatus and instruments and parts and fittings therefor; Medical ultrasound apparatus; diagnostic ultrasound apparatus for medical use; diagnostic ultrasound instruments for medical use; Endoscopes for medical use; endoscopes for diagnostic use; endoscopes for surgical use; Ultrasonic diagnostic instruments for medical use; ultrasonic medical diagnostic apparatus; Apparatus for analysing and displaying images [for medical use].

Class 35:
Collection, systematization, compilation and analysis of business data and information stored in computer databases; business data analysis; operation management related to operation of computer systems and computer-controllable equipment and provision of information relating thereto; business management

analysis or business consultancy; marketing research or analysis; providing information concerning commercial sales; compilation of information into computer databases; systematization of data in computer databases; computer data retrieval services using artificial intelligence programs; computerised database management; filing, organizing and managing document data and image data using computers; retail services relating to computer software; wholesale services relating to computer software; matching services for connecting institutions that have data and specialists such as medical practitioners and researchers; on-line matching services for connecting institutions that have data and specialists such as medical practitioners and researchers; collection of electronic data; electronic management of electronic data.

Class 37:
Repair or maintenance of medical apparatus and instruments and providing information relating thereto; repair or maintenance of electronic machines and apparatus and providing information relating thereto; repair or maintenance of telecommunication machines and apparatus and providing information relating thereto; repair or maintenance of measuring and testing machines and instruments and providing information relating thereto; sterilization of medical apparatus and instruments.

Class 42:
Platform as a service [PaaS]; Platform as a service (PAAS) featuring software platforms for medical purposes; Platform as a service (PAAS) featuring software platforms for use in development of artificial intelligence; Platform as a service (PAAS) featuring software platforms for supporting development of artificial intelligence; Platform as a service (PAAS) featuring software platforms for project management; Platform as a service (PAAS) featuring software platforms with artificial intelligence functions; Platform as a service (PAAS) featuring software platforms to provide on-line market place that allows users to sell or share artificial intelligence models; Platform as a service (PAAS) featuring software platforms to provide on-line matching services for connecting institutions that have data and medical practitioners or researchers who develop artificial intelligence; Software as a service [SaaS]; Software as a service (SAAS) services featuring software platforms for medical purposes; Software as a service [SaaS] featuring software platforms for supporting development of artificial intelligence; Software as a service [SaaS] featuring software platforms for project management; Software as a service [SaaS] featuring software platforms with artificial intelligence functions; Software as a service [SaaS] featuring software platforms to provide on-line market place that allows users to sell or share artificial intelligence models; Software as a service [SaaS] featuring software platforms to provide on-line matching services for connecting institutions that have data and medical practitioners or researchers who develop artificial intelligence; Providing temporary use of on-line non-downloadable computer programs and software to support the development of artificial intelligence; Cloud computing for storing, analyzing and sharing computer software used to support development of artificial intelligence; Design, creation or maintenance of computer programs for supporting development of artificial intelligence; Software as a service [SaaS] featuring software platforms for use in development of artificial intelligence; Designing, creating or maintaining computer programs for developing artificial intelligence; Providing temporary use of on-line non-downloadable computer programs and software for developing artificial intelligence; Cloud computing for storing, analyzing and sharing computer software used for development of artificial intelligence; Providing temporary use of on-line non-downloadable computer programs and software utilizing artificial intelligence; Design, creation or maintenance of computer programs utilizing artificial intelligence; Cloud computing for storing, analyzing and sharing computer software with artificial intelligence functions; Information processing using artificial intelligence; Providing temporary use of on-line non-downloadable computer programs and software used for scientific and technical analysis of data using artificial intelligence; Scientific and technical analysis of data using artificial intelligence; Scientific and technical analysis using artificial intelligence; Research in the field of artificial intelligence; Design, creation or maintenance of computer programs for project management; Providing temporary use of on-line non-downloadable computer programs and software for project management; Providing temporary use of on-line non-downloadable computer programs and software used as an application program interface (API); Design, creation or maintenance of software for Internet platforms; Hosting platforms on the internet; Cloud computing; Rental of operating software for accessing and using a cloud computing network; Providing online temporary use of non-downloadable operating software for access and use of cloud computing networks; Scientific and technical analysis of data using computers; Electronic storage of text data, image data, audio data, video data and other electronic data using computers; Electronic data storage; Rental of server storage area via computer communication networks; server hosting; Testing, inspection or research of pharmaceuticals, cosmetics or foods; Medical analysis, survey and consulting relating thereto; Scientific research for medical treatment and provision of information relating thereto; Medical research or testing on medical imaging; Design and development of computer hardware and software for medical imaging; Cloud computing for storing, analyzing and sharing information in the field of medical diagnosis; Design, creation or maintenance of computer programs for medical image analysis; Providing temporary use of on-line non-downloadable computer programs and software for medical image analysis; Research and development of medical images and medical imaging devices; Analysis by engineers of performance and usage for optimal use of medical imaging equipment; Testing, inspection or research on medical machines and apparatus, provision of information and advice relating thereto; Electronic storage of music, voice, photos, drawings, documents, digital photos, image data, audio data, text data, video data, electronic data; Design and development of computer software for image processing; testing or research on machines, apparatus and instruments; Information technology [IT] consulting services; consultancy and information services relating to information technology architecture and infrastructure; analysis or storage of electronic data; technological advice relating to computers, automobiles and industrial machines; Data processing using computers; Providing temporary use of on-line non-downloadable computer programs and software; Providing temporary use of on-line non-downloadable computer programs and software with artificial intelligence functions; Providing temporary use of on-line non-downloadable computer programs and software to support implementation and analysis of medical imaging diagnosis; Providing temporary use of on-line non-downloadable computer programs and software for use in medical examinations and medical imaging diagnosis; Providing temporary use of on-line non-downloadable computer programs and software used for

medical image analysis and report creation, report management, and report search relating thereto; Providing temporary use of on-line non-downloadable computer programs and software for medical image collection, image assessment, image storage, image transmission, and medical care management; Providing temporary use of on-line non-downloadable computer programs and software used for medical examinations and medical imaging diagnosis using artificial intelligence; Providing temporary use of on-line non-downloadable computer programs and software with artificial intelligence function; Providing temporary use of on-line non-downloadable computer programs and software for the generation and management of patient specific images and related information for use by healthcare providers for reviewing and communicating medical history and medical images for the primary diagnosis, treatment and care of patients; Providing temporary use of on-line non-downloadable computer programs and software for gathering and transmitting patient image data for the primary diagnosis, treatment and care of patients; Providing temporary use of on-line non-downloadable computer programs and software for use by healthcare providers for reviewing and communicating of medical history and medical images for the primary diagnosis, treatment and care of patients; Providing temporary use of on-line non-downloadable computer programs and software for collecting and distributing data within computer networks and enabling data communication among application programs, consumer devices and industrial devices; Providing temporary use of on-line non-downloadable computer programs and software for information management, data collection and data analysis for medical purposes; Providing temporary use of on-line non-downloadable computer programs and software for use in controlling the operation and execution of computer systems, programs, and networks; Providing temporary use of on-line non-downloadable computer programs and software for use in connecting disparate computer networks and systems, servers and storage devices; Providing temporary use of on-line non-downloadable computer programs and software for assisting medical examination, diagnosis and treatment; Providing temporary use of on-line non-downloadable computer programs and software to provide on-line market place that allows users to sell or share artificial intelligence models; Providing temporary use of on-line non-downloadable computer programs and software to provide on-line matching services for connecting institutions that have data and medical practitioners or researchers who develop artificial intelligence; Design, creation or maintenance of computer programs; Rental of measuring instruments; rental of laboratory apparatus and instruments; rental of computers; Providing information on quality control of medical instruments and apparatus or test reagents.

Class 44:
Providing medical information via computer communication networks; Providing medical information using homepages and electronic bulletin boards accessible by computer terminals or mobile phones; Providing medical information using e-mail communication; Collection, analysis and provision of medical information; Medical mediation of medical diagnosis using images taken by medical diagnostic imaging equipment and provision of information relating thereto; Medical mediation of medical diagnosis using image data and provision of information relating thereto; Providing medical information with data and advice relating to medical images; Providing medical images; Medical advice and consulting; Guidance and advice on health management and provision of information relating thereto; Guidance and advice on animal health management and provision of information relating thereto; Rental of medical image management apparatus; Rental of medical inspection apparatus; Rental of medical apparatus and instruments; Nutritional guidance; Providing medical information on animals; Analysis of medical images using artificial intelligence.
